CAVE PRISONER BEYOND HOPE OF RESCUE

HIGHER PRICES FOR PETROLEUM ARE INDICATED

Advance Announced in Ohio May Forecast Further Climb of Oil in Texas.

DALLAS, Feb. 13.—Effective today, an increase of from 10 to 40 cents per barrel at wells in Kansas, Oklahoma and Texas were announced by the Magnolia Petroleum company.

FINDLAY, Ohio, Feb. 13.—The Ohio Oil company today announced an advance of 25 cents a barrel for crude oil in the following grades: Lima, \$2.33; Indiana, \$2.12; Illinois, \$2.12; Princeton, \$2.12; Plymouth, \$1.65; Wooster, \$2.25.

While the highest grade quoted, Lima at \$2.33 a barrel, is two cents lower than the price offered for crude oil of 42 degrees and above Baime gravity produced in the North Texas, Oklahoma and Kansas fields, the significance is that advance in the eastern and central states usually precedes advances in the mid-continent district, and it may be the higher prices posted in Ohio today are the forerunner of new prices for crude petroleum which will carry the schedule within the next few days above the figures posted only yesterday morning.

LAWMAKERS INVITED TO SEE EL PASO, BUT COST MAY BALK ACCEPTANCE

AUSTIN, Feb. 13.—Although the question of junketing trips has not been considered very seriously at the present session, several legislators scratched their heads reflectively at the invitation given the body Wednesday by Ewing Thomason of El Paso.

Thomason invited the legislature to get acquainted with "West Texas" and top off their visit to El Paso with a barbecue to be held at Juarez, April 1.

EPISCOPAL COUNCIL HAS ANNUAL SESSION IN DALLAS

DALLAS, Feb. 13.—St. Matthew's cathedral at Dallas was selected yesterday for the next council of the Episcopal diocese of Dallas, to be held Feb. 2, 1926.

The 1925 budget of \$19,210.11 was adopted and assessments of the various parishes in Northeast Texas were announced. Rt. Rev. Harry T. Moore was reappointed bishop and members of the council were announced. Eight delegates and alternates to the general convention at New Orleans were named.

A resolution was passed authorizing a memorial to the late Bishop Alexander C. Garrett. An altar will be erected in St. Matthew's cathedral and the debt of St. Mary's college is to be paid in his honor.

SLAYER OF DAUGHTER'S BETRAYER FOUND "GUILTY"

PORT WORTH, Feb. 13.—C. M. Livingston of Grapevine, slayer of Alfred Davis, was given two years in the penitentiary for manslaughter by a jury Thursday afternoon and attorneys for the defense immediately filed a motion for a new trial.

The jury returned the verdict of manslaughter with the minimum sentence of two years after being out about 15 hours. The question of a suspended sentence was argued at length before the two-year penalty was imposed.

RICE FARMERS DECLARE WAR ON THE BLACKBIRDS

BEAUMONT, Feb. 13.—Rice farmers in Jefferson county have declared war on blackbirds, which have appeared in full force in this vicinity early in the season.

Heavy increases in the price of seed rice has made it necessary that the flocks be subjected to strenuous measures, according to planters.

COLD WEATHER STOPS SNOW MELTING, LESSENING FLOODS

NEW YORK, Feb. 13.—Flood waters in general throughout the east yesterday as a result of melting snow were receding today with the advent of a cold snap. Many thousands of dollars damage was done and thousands of persons made homeless by the flood waters. The cold weather came just in time as several of the largest rivers were at flood stage.

Baird Man Killed In Auto Crash At Curve of Highway

Fred Frazier of Baird, Texas, was almost instantly killed Thursday afternoon at 4 o'clock, when the Ford touring car in which he was riding failed to take a curve and turned over on the Breckenridge-Cisco highway about five miles north of Cisco. F. W. Estes, also of Baird, who was driving the car, was not injured.

Frazier, according to County Traffic Officer Frank Robason, was about 32 years old and unmarried. He was a cook by profession. Estes is engaged in the restaurant business at Baird. The two had been to Breckenridge and were returning home by way of Cisco.

The left side of Frazier's head and neck was injured and he was pulled from under the overturned car, which was completely wrecked. He was rushed to a hospital in Cisco in a car that was passing, but physicians who examined him stated that he was already dead.

The body was taken Thursday night to Baird for interment.

AIRPLANES MAY BECOME MENACE IF WAR COMES

American Ace Says Bombs Dropped Into City Would Do Untold Damage.

WASHINGTON, Feb. 13.—"Several thousand aircraft guns couldn't stop a single airplane from dropping bombs upon an American city," Capt. Eddie Rickenbacker, greatest of American aces, today informed the house committee.

"They might destroy the plane but the damage would be done first," he said ridiculing the statement of Brig. Gen. Hugh Drum that Washington could be defended from an air attack by 12 guns.

The secretary of navy, war and army general staff are responsible for the lack of development of an adequate air force in this country, the famous ace declared, supporting the plea of Brig. Gen. Billie Mitchell, assistant army aircraft chief, for unification of the army, navy and air mail flying service.

DAUGHERTY MAY GIVE AID TO DEFENSE IN TRIAL OF APPOINTEES

ATLANTA, Ga., Feb. 13.—Former Attorney General H. M. Daugherty may be used in defense of A. E. Sartain, deposed warden of the Atlanta Federal penitentiary, now standing trial with L. J. Fletcher and Lawrence Riehl on charges of bribery.

Sartain was an appointee of Daugherty and, according to a report today, the former attorney general, who was ousted from that office, may come himself to testify in behalf of the defense.

PRESIDING OFFICERS MAY BE BLUFF TO HIDE NERVOUSNESS

AUSTIN, Feb. 13.—Many persons have the idea that the speaker of the house and president of the senate have a "snap," but there are others who know that both individuals sometimes have a shaky grip upon their respective "goats."

Speaker Lee Satterwhite has very little use for the spacious chair on the platform, as he is kept on his feet and busy with the gavel most of the time keeping order in the house. Satterwhite apparently talks better on his feet than he does sitting down, anyway, one legislator sitting near the press table remarked.

Senators who wait until the question is presented for a vote and then clamor excitedly to their feet to know what the voting is about, drew censure and uncomplimentary comment from President Barry Miller. Senators who appeal to the chair for information may receive the reply from Miller: "It is the bill whose caption was just read. All in favor of the motion—"

WALKER SAYLES SAYS HIS LIFE IS THREATENED

Prison Commissioner Makes Charges Against Associate, Warning Committee.

HUNTSVILLE, Feb. 13.—Threats against Walker Sayles, prison commissioner, charges of malicious lying by Chairman J. A. Herring and additional charges of cruelty climaxed the joint legislature commission hearing here Thursday, which will be resumed tonight.

"If anything happens to me I just want you people to know what has been said," Sayles informed the legislative committee last night. "A few days ago Manager Bens of the Joe Reed prison farm came to me and told me former Warden Coleman had told him they were going to beat me up like they did M. E. Bogle, prison auditor at Huntsville recently."

"Tonight another man told me that Tom Hill was looking for me and I am afraid to get off by myself. I am getting tired of it. They have been hanging around and following me all day and I want to understand I am not going to run away from any of this gang up here or anywhere," the prison commissioner said.

Sayles controlled himself only by visible effort when he made the statement. The committee immediately sent a messenger to locate Hill, but he could not be found. He was described as the son of the prison storekeeper.

Bogle, of whom Sayles spoke as auditor of the prison system in November, he was attacked and beaten by several men as he left the Walker county jury room where he had given testimony regarding alleged irregularities in the prison.

Witness Names Men He Claims Attacked Prison Auditor

HUNTSVILLE, Feb. 13.—George D. Key, a member of the grand jury, testified before the night session.

"Bogle was assaulted by Ennis Herring, son of Commissioner Herring; Travis Conner, manager of the Houston farm; R. E. McAdams, manager of the Ferguson farm, and two other men who were not identified," Key said.

"Did McAdams tell you that he was going to beat me up?" Commissioner Sayles asked Kay.

"He sure did and that wasn't all in the grand jury room," Kay answered. "That was 16 miles from the grand jury room and I suppose I can tell it."

Kay testified that no indictments were returned against Herring because of the Bogle assault.

NURSES ENTERTAIN MISS CHARLIE MASON, HONORING GRADUATION

PORT WORTH, Feb. 13.—Entertainment to the senior class in honor of Miss Charlie Mason, former Ranger girl, first graduate of the 1925 class of the Baptist hospital, Port Worth, was given a Valentine party at 1326 Pennsylvania avenue, Tuesday night by the junior class.

Miss Gladys Goldsmith, president of junior class, gave a toast to the honoree.

In games and contests prizes were won by Misses Hutchinson, Brown, Couch and Mason.

A Valentine color scheme of red and white was used in the house decorations.

A salad course was served to the senior and junior classes and their escorts.

LUDENDORFF QUILTS LEAD IN MONARCHY PARTY

BERLIN, Feb. 13.—General Von Ludendorff, quartermaster general for the imperial German army and since the war a leader of the agitation for the return of the monarchy, resigned today for leadership of the "Greater Germany's Fascist Liberty Movement."

Adolf Hitler, notorious agitator and fascist leader who recently was released from jail, will reorganize the movement.

BOWIE BANKER DIES.

BOWIE, Texas, Feb. 13.—William A. Ayres, president of the City National bank of Bowie, died Thursday afternoon at his residence on East Tarrant street. Funeral services are to be held by the Knight Templars, of which he was a member, at 4 o'clock this afternoon.

Automobiles Must Have Number Plates At Front and Rear

Automobile owners who have put on their new license plates as of the 1925 license plates are requested to put the other plate on before Monday or all failing to do so will be arrested and fined, according to Justice of the Peace Ike Irwin of Ranger.

Over 200 automobiles were noticed running without two license plates during the last week and the number of such was taken. Sunday is the last day of grace and on Monday the county officers will arrest all they locate running without two plates. The state highway laws require a license plate in the front and rear of an automobile and this is being wilfully neglected by many automobile owners in Eastland county, it is claimed.

BASEBALL FANS RESPOND TO CALL SLOWLY

Fund Needed to Buy Equipment for Team, One of Best in State.

Funds for the purchase of necessary equipment of the Ranger Magnolia baseball club are coming in very slowly despite the activity of the finance committee, E. E. Crawford, secretary-treasurer, said today. Small donations are all being asked of baseball fans of Ranger, as the sum of \$100 is the goal for which the committee is striving.

One hundred dollars to secure a crack independent baseball team equal to any in this state is a trivial amount, as the merchants will not be called upon for contributions during the season. Heretofore it has been necessary for merchants to subscribe amounts ranging from \$10 to \$50 each per month throughout the season, as jobs were scarce for the ball players and they were compelled to live on what they earned playing.

Every player on the Magnolia team has a job with the Magnolia Petroleum company at Olden and no additional donations will be necessary. Neighboring towns tried unsuccessfully to arrange for the Magnolia team to play under their town name and several propositions entailing financial consideration were made, but Ranger was picked by the Olden club due to the number of baseball fans and the loyal support accorded all teams playing under the Ranger name. A winning team playing teams throughout the state, either help advertise the town which is one of the goals that business men are striving for.

All who desire to contribute any amount, from a penny on up, are requested to call E. E. Crawford of Crawford's pharmacy or OH City pharmacy. Additional contributors reported this morning are: Langston Barber shop, \$1; Hicks Drug store, \$1; Texas Drug store, \$1; Bob Norman, \$1. Amount heretofore contributed, \$21. Total, \$25.

JAMES HORTON OFFERS SILVER CUP AS PRIZE IN SHOOTING CONTEST

James Horton, president of the Eastland Gun club, which held its second shoot of the season Wednesday afternoon, is offering a beautiful silver cup as a prize to be awarded at the close of the season.

The shooter winning high average each week wins a point on the cup and the shooter having the most points at the end of the season, which runs from Feb. 1 to Sept. 1, wins the trophy. The contest is open to any shooter in Eastland county, the only restriction being that the contestant must shoot over the Eastland traps.

MORE MEN NEEDED FOR CRUISE IN TROPIC SEAS

HOUSTON.—"Wanted—Ten young men to take a 6,000-mile cruise in the tropic seas during the latter part of February and March to dance and while away the time with an equal number of pretty girls."

Such was the announcement recently made by H. H. Haines, vice president and general manager of the Houston Chamber of Commerce, in reviewing the serious situation brought about by the enrollment of too many girls for the chamber's East Indies cruise for the number of men signed for the trip.

"It's just one round of moonlight decks, sparkling water, balmy atmosphere, shady walks and de luxe luxury," Haines says.

But the young man must be well dressed, handsome, refined, have plenty of spending money—and be able to explain historical spots so that a woman may understand. The cruise starts Feb. 23.

MONEY COMING IN TO REWARD BEST HUNTERS

Citizens Giving to Purse for Arrest and Conviction of Murderer.

Citizens of Ranger are responding loyally to the call for subscribers to the reward fund of \$500 to be raised by the Ranger Daily Times in conjunction with the \$500 reward offered by the city of Ranger for the arrest and conviction of the person or persons who shot and killed Patrolman Daniels last Sunday morning.

Feeling is strong in Ranger in regards to the slaying. During the seven years of faithful and loyal service given to the city of Ranger by Jim Daniels he made a host of friends who are anxious to see the murderer behind the bars and paying the penalty for the deed.

Assistant Chief of Police Davenport returned late yesterday from Breckenridge where he was working on the case. Davenport and Daniels worked together for years on the Ranger police force and the assistant chief is on the hunt for the guilty party or parties who cold-bloodedly killed his co-worker and friend, and then returned later to see that they made a complete job of the shooting. Clews are being slowly sifted and the good ones run down as rapidly as possible.

"It takes time to run down the number of various clews but I believe we will get our man before long," said Assistant Chief of Police Davenport.

Citizens who have signified their willingness to contribute to the reward fund, if the murderer is captured and convicted, reported today in addition to those named yesterday are:

J. H. Mendenhall, A. L. Bergere, A. A. Dicht, Harold Durham, Cull Moorman, Gifford Clegg, Kinberg studio, Hicks Drug store, Jimmie Massa, Vernon Deffebach, R. M. Robinson, A. D. Parsons, Mr. and Mrs. R. H. Hansford.

Visitor In Ranger To Make Address On Where West Begins

Mrs. Dixie W. Owen, founder and president of the Clara Barton Memorial association, who is spending a few days in Ranger, will speak Sunday night at the First Christian tabernacle on Main street after the prayer service. Her subject will be "Out Where the West Begins."

A solo by Mrs. Pierre Grigg will add to the interest of the occasion, Mrs. Grigg having been soloist of leading churches in several of the larger cities of the country. Members of other churches will be asked to attend this meeting after their own prayer service is over. Mrs. Owen will begin her talk about 8:15 o'clock.

Mrs. Owen has been asked to give a talk on "Love, Courtship and Marriage," which she expects to do soon at some local auditorium, the place to be announced later. At this time she will sing some of the old plantation songs, an unusual accomplishment for a woman who acknowledges 75 years of age and over.

For the last few days she has visited the several public schools of the city and where ever she goes delights her listeners and leaves them thinking there is much good in the world and much to be done to make it better.

COURSES OF STUDY FOR STATE JUNIOR COLLEGES

AUSTIN, Feb. 13.—The state board of examiners in the state department of education will be empowered to lay out courses of study for junior colleges in a bill presented to the house today. Rating of the schools will be made by the state superintendent of education. Rank of the institutions will be partly based on the grade of work turned out.

The house also voted to adopt the "hot check" committee reports on the "hot check" bill, making the issuance of worthless checks a felony.

"DUTCH" BOONE BRINGS HIS BRIDE TO SEE RANGER

Mr. and Mrs. Thomas (Dutch) Boone are in Ranger today and guests of Mr. and Mrs. R. H. Hansford. "Dutch" Boone was in Hansford's company during the war, Hansford being his top sergeant, and they delight in getting together to swap army stories.

Mr. Boone is a son of "Pop" Boone, well known sports writer of the Fort Worth Record. He is a member of the Chestfield all-star white minstrels company, being an accomplished yodler. He was married two weeks ago in Wichita Falls and is taking his bride with him on the company's trip through West Texas.

Mr. Coolidge Now Making Plans To See Texas In May

WASHINGTON, Feb. 13.—President Coolidge, who has stuck closely to the white house during his year at the capital plans many trips covering the United States soon after the inauguration, March 4. He has definitely agreed to visit New England and has intimated that he will swing southward and visit Texas, where he has been invited to attend business conventions.

SPEAKERSHIP RACE TAKING DRAMATIC TURN

Madden of Illinois, Longworth of Ohio, Opposing Candidates for Place.

WASHINGTON, Feb. 13.—The race for speakership in the next congress took a dramatic turn today when representative Britten of Illinois, manager of the candidacy of Representative Martin B. Madden, Illinois, issued a statement in which he urged Representative Longworth, Ohio, to withdraw to permit the Illinois member to achieve the "captaincy" of his long political career.

Britten said if Longworth would gracefully retire from the contest and make certain that Madden is elected, Madden would retire from congress at the expiration of one term as presiding officer.

Merger of Cotton Oil Mills Planned, Millions Involved

NEW ORLEANS, Feb. 13.—Plans are under way to consolidate about 80 southern cotton oil mills to be headed by Heatch, a banker, and A. D. Geophan, president of the Southport mills of this city. The backers of the proposition which is contingent upon the removal of federal receivers for many of the mills, plans to buy the entire holdings of the Southern Cotton Oil company at a figure reported to be \$7,875,000. The mills are scattered throughout the south.

Coolidge Tells Senate Leaders His Nominations Stand

WASHINGTON, Feb. 13.—President Coolidge has sent word to his senate leaders that he will not withdraw the three important nominations he recently sent to the capitol, which are now involved in difficulties threatening their confirmation. These are the appointment of Charles B. Warren, to be attorney general, Thomas F. Woodlock to be a member of the interstate commerce commission and William E. Humphrey to be a member of the federal trade commission.

The president takes the position that the nominations are satisfactory to him, that he made them after careful study and that if the senate does not like the mix can do what he pleases, anyway.

THREE-YEAR-OLD CHILD IS BURNED TO DEATH

SAN ANTONIO, Feb. 13.—Forced to rush out of their home from the flames caused by an exploding oil stove, the parents of Andrea Lopez, 3, overlooked her in rescuing two other children and the little tot was burned to death.

When the mother realized that Andrea had not been brought out of the burning home, she attempted to rush back in but was restrained by firemen.

BANKERS IN CONVENTION.

DALLAS, Feb. 13.—The annual group meetings of the seven districts of Texas Bankers' association opened here Thursday and will be concluded at Fort Worth, Feb. 23.

Financial and industrial conditions and problems were on the program for discussion. A. B. Garland, district chairman, was in charge of the convention.

CHECK FRAUD PUNISHED.

DALLAS, Feb. 13.—J. C. Farley, Dallas, was sentenced to five years in prison today for passing a \$200 fraudulent check.

SHAFT AIMED AT HIS CELL MISSES MARK

Rescue Work Continues, But Progress Can't Be Hastened.

AT THE MOUTH OF SAND CAVE, Feb. 13.—A 16-inch crevice struck by the shaft being sunk by the rescue crew to their prisoned Floyd Collins ended in a blank wall, according to H. T. Carmichael, in charge of operations. It had aroused new hopes.

Rescue of Floyd Collins from his living tomb swung into tense moments when word was sent to Red Cross workers to be ready for anything. The air was full of expectant rumors but nothing definite.

General Denhardt was called from his lunch at home and hurried into a waiting automobile to rush to the cave.

SAND CAVE, Ky., Feb. 13.—All hope of the immediate rescue of Floyd Collins from his living tomb was abandoned early today when drill tests failed to connect with the cavern in which the cave explorer was trapped 15 days ago when his foot was caught under a falling boulder and later was sealed within the cell where he had been caught by the closing in of the only channel through which he might expect help to come.

Officials said it would be necessary to sink the shaft for the full 70 feet and then run a tunnel horizontal at that level for 10 feet or more, with only a hope that the tunnel might extend in the right direction. A drill sent through the bottom of the shaft in which the diggers are working to reach the cell where Collins lies failed to strike limestone, even at the 75-foot level, and the roof of Collins' cell is said to be limestone at the 70-foot level. Another drill 10 feet from the shaft struck a crevice at 95 feet. The rescue workers have lost hope of striking a crevice that might lead to Collins, enabling them to reach him quickly.

"It will be necessary to drift horizontally towards the spot where we estimate Collins lies," said H. T. Carmichael, inspector in charge of operations. "If we miss his cell with the first drift we must dig others until we find where he is."

Grapevine Woman Killed, Her Husband Is Taken To Jail

PORT WORTH, Feb. 13.—Mrs. Estella Baker, 62 years old, who was shot and instantly killed shortly after 11 o'clock Wednesday night at the Central hotel at Grapevine, of which she and her husband, Armstrong Baker, 64 years old, were the proprietors, "came to her death by gunshot wounds from the hands of A. Baker," according to the verdict of Justice D. M. O'Neal of Grapevine, who held an inquest. Baker was arrested.

The Bakers had been married 40 years and had eight grown children. One of the sons, Dudley Baker, lives in Dallas. The couple moved to Texas 18 years ago from Hickman county, Tennessee. They took charge of the Central hotel at Grapevine 18 months ago.

Woman Promoted to Responsible Place In Premier Bank

NEW YORK, Feb. 13.—Following the drive in the fields of finance during which she traced the footsteps of her late husband, Mrs. L. B. Laimber, a society woman who had never worked until twelve years ago, was promoted to a responsible position in the City National Bank, America's billion dollar commercial house.

Mrs. Laimber was promoted from an unimportant clerkship to a department head in the nation's biggest bank. Her's is considered one of the most brilliant records of any woman who worked herself up from the bottom.

AMENDMENT TO TEXAS INSURANCE LAW ADVANCED

AUSTIN, Feb. 13.—The senate bill by A. J. Wirtz of Seguin calling for repeal of the compulsory investment clause of the Robertson insurance law came out of the house committee with a favorable report.

The bill received the approving vote following a public hearing.

JOHN H. THRANERT,
AGED RANGER MAN, DIES
John Henry Thranert, for a number of years a resident of Ranger, died at his home on Poch street, Ranger, Thursday afternoon. He was about seventy years of age and had been an invalid for several years. He is survived by his wife, one son who is married and lives in Detroit, Mich., two married daughters, one in Ranger and one living in Fort Worth, and four younger daughters.
Funeral services were held this afternoon at 3:30 o'clock from the Central Baptist church, Rev. A. L. Leake, pastor, in charge. Interment at Evergreen cemetery was in charge of the Odd Fellows, of which deceased was a member.

Watch Your Daughter!
Dallas, Texas—"After I had the measles I had severe backaches and was very thin, I was all rundown and in a miserable condition. We had two doctors who did me no good. My mother, who had used Dr. Pierce's in edibles in her family for years, gave me the Golden Medical Discovery and after taking two bottles my backache stopped and now I am fat and well. I shall always praise Dr. Pierce's Medicine.—Miss Trisie Morrow, 1715 So. Lamar St.
Dr. Pierce's Discovery is a well known tonic and builder that can be procured in tablets or liquid at your neighborhood store.

PEOPLE AVOID YOU IF YOU ARE PIMPLY
A boy or girl may have ever so perfect a face, neck and pose, but, if even one little pimple, blotch, bump or red spot shows, it ruins their whole appearance. You know how true this is, because you just naturally avoid people whose appearance is not pleasing.
These things are no longer to be endured, however, because thousands of people are getting rid of the worst and most stubborn cases of such skin diseases easily and quickly by using Black and White Ointment, and Soap. It seems like magic to eczema, ring-worm, itch, "breaking out," etc.
Dealers everywhere are recommending Black and White Ointment, and Soap, now. They are economically priced in liberal size packages. The 50c size Ointment contains three times as much as the liberal 25c size. Adv.

Power in the Blood!

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S.S.S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S.S.S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S.S.S. contains only vegetable medicinal ingredients. Because S.S.S. does build red-blood-cells, it routs rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S.S.S. today and get back that power in your blood!

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

COLLEGE SCHOLARSHIP OFFERED STUDENT FOR BEST ESSAY ON ROADS

WASHINGTON.—An offer of four years at college with all expenses paid is contained in the announcement made here today by the highway education board of the sixth annual good roads essay contest, in which all high school students are eligible to participate.

In line with administration policies tending toward economy, students are being requested to write essays on the subject "Economies Resulting from Highway Improvement," having in the two preceding years written papers on subjects dealing with highways and religion and highways and home life.

The contest in the various states usually is sponsored by one of the leading universities or the state department of education. In Texas the co-operating agency is the office of the state superintendent of public instruction, department of education, at Austin, which will aid in the an-

"CONFESSION" OF MURDER REGARDED WITH SKEPTICISM

COLUMBUS, Ohio, Feb. 13.—Columbus police were skeptical today of the alleged confession of the Sheathley furnace mystery at Birmingham, Ala. Police Chief French and County Prosecutor John King said they believed the unidentified man who told Birmingham authorities last night that he had thrust Mrs. Sheathley's body into the furnace at the Lutheran parsonage was crazy. His story, however, will be investigated.

CISCO LOBOES DEFEAT EASTLAND MAVERICKS IN VERY CLOSE GAME

The Eastland Mavericks lost to Cisco by a score of 17 to 16 in a basket ball game played on the Cisco court last night. The game was said by those who saw it to have been one of the fastest and hardest fought games played anywhere in this section this season. The first half of the game saw Cisco with 10 scores and Eastland 7, but in the first few minutes of the second half Cisco scored 6 points to Eastland's nothing. The Mavericks then tightened up a little on their defense and Cisco was able to make only one more point during the remainder of the game. Huestes was high point man for Cisco, making 7 points, while Gilbert made 6 points for Eastland, the highest number of points made by anyone on the Maverick team. Cisco is coming to Eastland tonight and will meet the Mavericks at the American Legion Athletic club. This game, if Cisco wins, will decide the championship but if Eastland wins at least one other game will have to be played. One of the largest crowds ever attending a basket ball game at the Eastland gym is expected to night as there is considerable interest in the teams both in Eastland and Cisco.

NOTICE OF PUBLICATION TO NON-RESIDENT AND UNKNOWN OWNERS OF THE STATE OF TEXAS, County of Eastland.
Whereas, the State of Texas, through its county clerk, having on the 31st day of January, A. D. 1925, filed in the 91st district court of Eastland county, in the State of Texas, its petition in suit No. 7295-M on the civil docket of said court, being suit brought by the said State of Texas, as plaintiff, against J. W. Ray, A. J. Olson, O. T. Rutherford, R. L. Ray, S. Sprawl, Ed Little, and Wm. H. Mayhew, as defendants, and the nature of the plaintiff's demand as stated in the said petition, being an action to recover of the defendant as the owner of the lands returned delinquent (or reported sold to the state) for the taxes due thereon for the years 1921 and 1922; and whereas, the said owners' residence is unknown to plaintiff's attorney, having been made, setting forth that said owners' residence is unknown to plaintiff's attorney (or the owner unknown by the affiant, as the attorney for the State of Texas, and after inquiry, cannot be ascertained).
The following notices is, therefore, cite all interested parties and to make parties defendant by notice in the name of Tax State of Texas, and the county of Eastland, directed to all persons owning or being in any way interested in the lands therein described delinquent to the state and county for taxes, and to be published in a newspaper in said county, one time a week for three consecutive weeks, in the manner and style following:
THE STATE OF TEXAS and the County of Eastland.
To O. T. Rutherford, R. L. Ray, and Wm. H. Mayhew, and to all persons owning or having or claiming any interest in the following described land delinquent to the state of Texas and county of Eastland, for taxes, to-wit:
A part of the Frederick Scanton survey, described as follows: beginning 1976 vrs. W. of the S. E. C. of said survey; thence N. 1800 vrs.; thence W. 292 1/2 vrs.; thence S. 1600 vrs.; thence 292 1/2 vrs.; to the place of beginning, containing 80 acres of land, which said land is delinquent for taxes for the following amounts: \$56.98 for state taxes and for county taxes, and you are hereby notified that suit has been brought by the state for the collection of said taxes and you are commanded to appear and defend such suit at the April, 1925, term of the district court of the county and state of Texas, being the next regular term thereof to be held at the courthouse thereof, at Eastland, on the 6th day of April, A. D. 1925, same being the 1st Monday in April, A. D. 1925, and show cause why judgment shall not be rendered compelling said land (or lots), and ordering sale and foreclosure thereof for said taxes and costs of suit.
Witness my hand and official seal at my office in Eastland, Texas, this 2nd day of February, A. D. 1925.
(seal) WILBOURNE B. COLLIE, District Clerk, Eastland County, Texas.
By W. H. McDONALD, Deputy, Feb. 6-13-25.

NEW LAMP BURNS 94% AIR Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).
The inventor J. T. Johnson, 609 W. Lake st., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.—Advertisement.

PERFECT TAX LAW HOPE OF AGED ACTUARY

"Standard Time" Clock Remains, But Author Forgotten; Arctic Radio.

(Copyright, 1925, by United Press.)
WASHINGTON, Feb. 13.—Joseph S. McCoy, white-haired treasury department actuary, aspires to write the perfect tax law. For years, McCoy has figured, estimated and puzzled over other men's tax bills and predicted how they would work, but back in his mind all the time has lain the perfect law. Congress, perhaps, some day may ask him for it, just for a flyer. McCoy says its highest rate will be 10 or 15 per cent, normal and surtax combined.

A dusty old office in the treasury department building boasts the clock from which sprang "standard time." Two-score years ago, Washington, Baltimore and New York observed local times, varying by several minutes. A government worker whose name is lost to history conceived the idea of zoning the country into regions, observing the same time. He worked the idea out on an old walnut wall-clock in his office, providing it with one minute hand and six hour hands, each a different color. One stands for Greenwich (London) time, and the others for Atlantic, eastern, central, mountain and Pacific time, which have been adopted. Though the author's name is lost to memory, the old clock still ticks away on the wall, pushing its seven hands around the dial.

station in the icy wastes of North Alaska to communicate directly with Europe via the north pole. The frigid polar air has been found to be a superlative medium for carrying radio waves and by linking up with western United States with such a radio station through cables, overland wires, or radios, fast transmission of messages to Europe could be effected.

Arctic phenomena, including the aurora borealis, do not appear to interfere in the slightest with radio communication. Though much blame for static has been placed on the aurora, it is believed to exercise no evil effect on wireless transmission.

Signal corps men stationed at tiny Alaskan posts to afford them radio communication with the outside world frequently enjoy concerts from European broadcasting stations, notably Berlin, when completely out of touch with American stations.

This fact is what first gave the officers the idea of trans-polar commercial communication, which some day may be a fact.

Here is one for the doubting Thomases who question the claim of the United States army and navy to the champion marksmanship of the world. When Washington was snowed-in by the big blizzard the news photographers who "cover" the white house tried to have a little fun with cabinet officers. As Secretary of War Weeks and Secretary of the Navy Wilbur were coming out of a cabinet meeting, the photographers asked them to pose in school-boy fashion, throwing snow-balls at each other.

Wilbur and Weeks solemnly agreed. The secretaries picked up the right amount of snow, and started out hard icy balls. The photographers got behind their cameras and prepared the focus. "Fire," shouted the photographers. Weeks and Wilbur fired—and hit two cameras in the lenses.

The Chesterfield All-Star White minstrel, with Jim Swor as premier comedian, is in Ranger today at the Liberty theatre.

be a high-class attraction and a real treat for the theatre-goers who appreciate good, clean, wholesome comedy.

Jim Swor, as featured comedian, is well known as a burnt cork artist, having been starred with many of the largest minstrel shows and in big time vaudeville. Swor has assem-

bled a corps of first assistants that are also well known in the theatrical world.

Jack Williams, as interlocutor, is a past master in his line and a singer of rare ability. Williams for many years toured the Orpheum circuit. A score of others are also carried with this troupe, some of whom are: Ernest White, nationally known negro mimic, jester and coon shouter; "Snowball" Beard, king of buck dancers; Riley Holley, harmonica wizard; Bob Bassett, "Ukulele's papa"; Master George Bernard, juvenile songbird, and Tom "Dutch" Boone, son of the well known "Pop" Boone, in song and yodel. Young Boone has entertained radio fans a number of times from Station WBAF, Fort Worth Star-Telegram.

ASTONISHING THINGS TOLD ABOUT MEDICINE WOMEN ARE USING

Facts About It Are Openly and Freely Discussed Wherever Girls and Women Come Together.

When so much talk about the remarkable and almost miraculous things which the medicine known as St. Joseph's G. F. P. is doing began to sweep all over this part of the country, many leading women took it on themselves to find out if this medicine is really doing the things which have been reported about it.

The result of these tests and a thorough sifting out of the facts regarding the theories of the discoverers of St. Joseph's G. F. P. seems to be overwhelmingly in favor of this wonderful medicine, judging by the many public statements which are being made by these women every day in the press.

The quick and easy way in which G. F. P. relieves their suffering and pain, restores their energy and vitality, and builds up their weight and strength, raises their enthusiasm to the point where they cannot any longer keep back the words of praise for this remarkable medicine.

"I suffered for years from nervousness, and pains in the back and sides," says a mother of five, "until I began using St. Joseph's G. F. P. From the very first I began picking up and now I never feel a single ache or pain in my body and my friends tell me that I look like a different woman." Another lady says, "I was weak and thin and suffered such pains in my periods that I was desperate. I tried everything with-out any luck until I began using G. F. P. I am now on my third bottle, have gained eight pounds and feel and look ten years younger." These examples, from among thousands of public endorsements concerning this great medicine, serve to show the things which can be expected by women who are using G. F. P.

Women Now Depend on St. Joseph's G.F.P. To Restore Their Vitality

DID YOU EVER STOP TO THINK

By E. R. Waite, Secretary Shawnee, Okla., Board of Commerce.

That investigation discloses opportunity and opportunity properly followed, creates progress.

That the grasping of opportunity is directly responsible for the development of business and building of communities.

That opportunity is knocking at the door of every city. Not all of them answer her call.

That many cities have unseeing eyes, and when opportunity knocks and hears no welcome, it goes on unnoticed.

That the quick grasping of opportunity makes many a town into a city and many a good city into a better city.

That cities who watch opportunities and never let them pass unnoticed, are the places where success can be achieved; where there is profit, glory, health and happiness to be found.

Cities who make use of the opportunities which are theirs, will find that they will develop out of them in proportion to the way they use them.

Today is the day of competition. Cities compete against each other. The ones who make the best use of their opportunities are the ones who lead in progress and prosperity. (Copyright 1925 by E. R. Waite.)

Georgia Lady, Who Had Lost Too Much Weight, Was Advised to Take Cardui and Is Now Well.

Columbus, Ga.—Mrs. George S. Hunter, of this city, writes:

"After I married, thirteen months ago, I suffered with dreadful pains in my sides during... My side hurt so bad it nearly killed me. I had to go to bed and stay sometimes two weeks at a time. I could not work and I just dragged around the house.

"I got very thin—I went from 126 pounds down to less than 100. My mother had long been a user of Cardui and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle I began to improve.

"My side hurt less and I began to improve in health... The Cardui acted as a fine tonic and I do not feel like the same person. I am so much better. I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all.
