THREE RANGER MEN VISIT BIG CHICKEN RANCH

Returning Monday from a trip to the M. Johnson poultry ranch, near Bowie, Texas, in company with Dr. H. A. Logsdon and Joe Sanders of Ranger, C. C. Patterson, secretary of the Chamber of Commerce, was enthusiastic regarding the possibilities of the poultry industry in the vicinity of Ranger and throughout Eastland county.

OBTAIN PROMISE FROM M. JOHNSON OF BOWIE TO ADDRESS RANGER POULTRY MEN.

Mr. Patterson made the trip upon receipt of an invitation from President Stone of the Universal Mills in Fort Worth to inspect the poultry ranch of M. Johnson. Poultry men interested in the development of the Johnson single comb White Leghorn ranch may obtain information from Mr. Patterson at the Chamber of Commerce offices.

STARTING TWENTY-ONE YEARS AGO WITH FIVE WHITE LEGHORNS AND ONE ROOSTER, MR. JOHNSON HAS BUILT UP HIS RANCH UNTIL IT IS THE LARGEST POULTRY RANCH IN THE WORLD WITH AN AVERAGE OF 50,000 SINGLE COMB WHITE LEGHORN CHICKENS ON IT. HIS INCUBATOR CAPACITY IS 140,000 BABY CHICKS EVERY THREE WEEKS AND HIS RANCH FROM END TO END IS A MILE AND A HALF LONG. HE HAS AN UP-TO-DATE PLANT AND SELLS TO CUSTOMERS THROUGHOUT THE UNITED STATES. LAST YEAR MR. PATTERSON SAID MR. JOHNSON'S ORDERS WERE SO LARGE HE COULD NOT FILL ALL OF THEM.

An invitation on behalf of the Ranger Chamber of Commerce to address the poultry men of Ranger was extended to Mr. Johnson and accepted. No definite date was announced but it will occur in the near future, Mr. Patterson said.

GHENT SANDERFORD TO BE SECRETARY TO GOVERNOR

AUSTIN, Jan. 21.—"The governor is busy now, won't you sit down," and other usual inquiries at the executive office will be put to visitors by a man secretary. Governor Ferguson has designated Ghent Sanderford of Comanche county, his personal secretary, as the guardian of her outer office.

SANDERFORD IS A GRADUATE OF BAYLOR UNIVERSITY AND OF THE LAW SCHOOL OF THE UNIVERSITY OF TEXAS.

Sanderford, who is a native of Bell county, and has lived most of his life at Belton formerly was county attorney of Comanche county. He resigned this office last fall, and in December, joined the Fergusons at Temple as acting private secretary to the governor and her husband.

IT WAS SANDERFORD'S LOT TO HANDLE THE APPLICATIONS FOR FERGUSON APPOINTMENTS, AND HE TOILED STRENUOUSLY AND FAITHFULLY AT THIS HERCULEAN TASK DURING THE WEEKS WHEN THE FERGUSON FORUM OFFICE AT TEMPLE WAS WELL NIGH SWAMPED WITH APPLICANTS. HIS COURTESY AND CONSIDERATION, UNSHAKEN BY THE TRIALS OF SUCH A POSITION AT SUCH A TIME, NO DOUBT SAVED MUCH DISREPUTATION AMONG THOSE WHO FAILED OF RECEIVING THE COVETED FAVORS.

SANDERFORD IS MARRIED AND HAS AN INFANT CHILD. HE WAS AN OFFICER IN THE AMERICAN EXPEDITIONARY FORCES.

PASSING OF RANGERS WOULD DISARM OPEN PORT LAW

AUSTIN, Jan. 21.—Destruction of the state ranger force will result in disarming the "open port law," leaving the national guard as the only law enforcing agency in times of emergency, it was pointed out here following the court action at San Antonio.

GOVERNOR NEFF MADE CONSIDERABLE USE OF THE "OPEN PORT LAW" DURING THE RAILROAD STRIKE OF 1922, WHEN SCORES OF SPECIAL RANGERS WERE SWORN IN DRAWING THEIR SALARIES FROM THE RAILROADS.

AUTOMOBILE HOSTAGES PROPOSED IN MEASURE

AUSTIN, Jan. 21.—An incentive for careful driving is set forth in a bill introduced in the house by Representative W. P. Lane of Harrison. Lane's measure would "impound" automobiles which inflicted the damage upon another machine as a lien for payment of damage incurred.

LANE'S ARGUMENT WAS THAT QUICK SETTLEMENTS WOULD RESULT FOLLOWING ACCIDENTS IN CASE THE OFFENDING DRIVER WAS IN PROSPECT OF LOSING HIS MOUNT.

REPRESENTATIVE APPEARS TO REMEMBER HIS SORROWS

AUSTIN, Jan. 21.—Weary sleepers who have often spent the night shifting from one lump in a mattress to another more vicious will probably rally to the support of a measure thrown into the house by Representative C. A. Barker of Sherman. Barker would attempt to prevent fraud in sale and repair of mattresses, quilts and sleeping pads.

BANKING DEPARTMENT.—The present condition of the department was condemned as being "in a deplorable state of confusion." Special consideration of the legislature invited to remedy existing conditions "with more than 60 banks under special consideration of the department."

BIBLE THOUGHT. Thou shall love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind; and thy neighbour as thyself.

WHERE ARE WE DRIFTING? For several years we have witnessed a never-ending procession of notorious murder trials—notorious in that they involved people of prominence, as wealth and position goes, and because each presented the always dread but enticing story of some heart-tragedy wherein men and women bartered and sold their all, and lived in defiant illicit relation until sudden death closed the door.

Never one of these but knew its inevitable wage. All could count the cost and feel sure the price must be paid. No one can plead ignorance in behalf of the living or the dead.

As a nation we have a very keen sense of justice, but nothing can justify indiscriminate murder in vengeance for private wrongs.

The honor of women, the sanctity of the home, are sacred, but always within certain limits, are we not developing an exaggerated standard of so-called chivalry whereby lust-drunk men and women are actually encouraged to kill in provoked retaliation and know that the extreme penalty will be nothing more serious than a sea of sympathetic sighs and tears?

Criminal procedure was once a wholesome fact to be feared, but today it is a pretense of inconsistencies and absurd anomalies. Many's the poor fool who has shed his pound of flesh when an overcoat is involved, but it really doesn't matter much if you have only taken human life in guise of illicit love.

There is such a thing as love—the highest, noblest, sweetest and most precious gift a good God gave. But nowhere in holy writ, or legal or moral warrant does love stand for license, neither in the sense of lascivious desire, nor as a justification for that indifference to the taking of human life which seems to make killing a popular pastime.

THE COST OF LIVING. According to statistics compiled by the Chamber of Commerce of the United States the total volume of retail business last year was close to \$22,000,000,000 or about \$60,000,000 per day. This represents a per capita expenditure of \$207.62 for food, clothing, furniture, fuel and light and miscellaneous commodities of which 97.58 was for food.

In other words it costs an average family of four \$830.48 not including rent, doctor's and dentists and barber bills, medicines, insurance, amusements, church donations, traveling expenses and undertakers bills.

In arriving at this average, however, statisticians always include the 10,000,000 of population who are inmates of prisons, poor houses, insane asylums, homes, and on the books of charitable institutions as paupers. When these other items are taken into account it will be found that the lowest survey made by four different organizations that the cost of living for a family of four was about \$1,900 per year, is not far from correct.

Despite of all disarmament education and demand for reduction of expenses and taxes the war department says it must have more money than ever during the next twenty years. What we seem to need is a peace department with a cabinet representative.

HAVE KIDNEYS EXAMINED BY YOUR DOCTOR

Take Salts to Wash Kidneys if Back Pains You or Bladder Bothers.

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize the irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system as they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year. —Adv.

BILIOUS ATTACKS

From Which Kentucky Man Suffered Two or Three Times a Month, Relieved by Black-Draught.

Lawrenceburg, Ky.—Mr. J. P. Nevins, a local coal dealer and farmer, about two years ago learned of the value of Theodor's Black-Draught liver medicine, and now he says: "Until then I suffered with severe bilious attacks that came on two or three times each month. I would get nauseated, I would have dizziness and couldn't work."

"I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple or three times, then I would be very constipated."

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. "It seemed to cleanse my whole system and make me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep and could do twice the work."

Ranger High School Basket Ball Girls Beat Breckenridge

Ranger High school girls basket ball team won from Breckenridge Tuesday night at the Ranger High school gymnasium by the score of 21 to 17. The Ranger girls' team, although unheralded, has been practicing steadily and is now in shape to give any team in this county a real hard battle for honors.

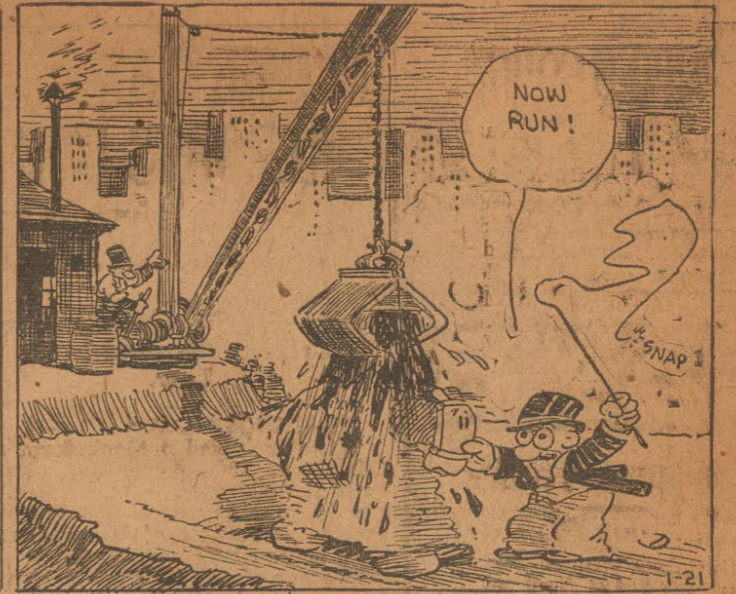

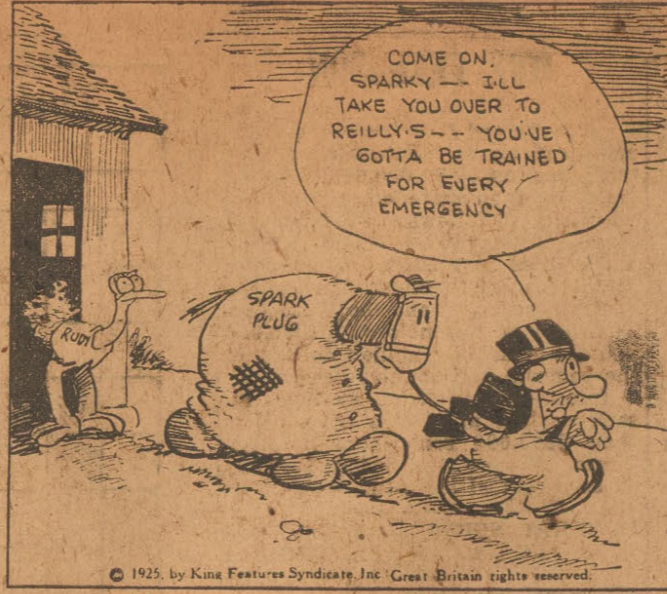

Last night's game was hard fought and fast, the close score being indicative of the tight game put up. First one team would forge ahead and then the other. Playing desperately, Ranger chalked up a lead in the final few minutes of play and clung to it until the final whistle blew.

The Ranger girls will meet Olden tonight at the Ranger High school gymnasium in Ranger's second interscholastic game of the season. Olden defeated them the first game. Line-up: Ranger—Long and Blackwell, forwards; Ivy, captain, and Mullinix, centers; Walton and Bearden, guards. Breckenridge—Fitzgerald and Downing, forwards; Spencer and White, centers; Mansfield and Thurman, guards.

INCOME TAX REPORTS DUE TO BE FILED

Period for Filing Ends March 15; Some Changes in the Law.

WASHINGTON, Jan. 20.—If you have not received a blank form for filing your 1924 income tax return, go to the internal revenue branch office in your locality and obtain one as soon as possible, the internal revenue bureau here advised today.

The period for filing 1924 income tax returns began Jan. 15 and will

close at midnight March 15. Thousands of blank forms have been mailed to persons who were required to file returns for 1923, the bureau announced, but failure to receive a form, however, does not relieve the taxpayer of his obligation to file a proper return on time.

Forms for filing individual, corporation, partnership, fiduciary, information, and other returns required by the 1924 revenue act are now available at all offices of collectors of internal revenue and branch offices. A form designated as 1040A is used for reporting net incomes of individuals of \$5,000 or less derived chiefly from salary and wages, while a larger form, designated as 1040, is used for reporting net incomes of individuals in excess of \$5,000, or net incomes, regardless of amount, if derived from a business, trade, profession, or from farming.

Those Who Must Report.
Returns under the new revenue act are required of every single person whose net income for 1924 was \$1,000 or more, or whose gross income was \$5,000 or more, and of every married person whose net income was \$2,500 or more, or whose gross income was \$5,000 or more. Under the 1921 act returns were required of every married person whose net income was \$2,000 or more. The 1924 act provides that if a husband and wife living together have an aggregate net income of \$2,500 or over or an aggregate gross income of \$5,000 or over, each shall be included in a single joint return, in which case the tax shall be computed on the aggregate net income. Married persons not living with husband or wife, such as divorcees or persons separated by mutual consent, are classed as single persons.

There is no change in the personal exemption for a single person, which is \$1,000. Married persons, living with husband or wife, and heads of families are allowed an exemption of \$2,500, regardless of the amount of net income, provided they were married or the heads of families during the entire year. Under the 1921 act the exemption for married persons and heads of families was \$2,500 if the net income was \$5,000 or less and \$2,000 if the net income exceeded \$5,000. No change is made in the provision allowing a taxpayer, in addition to his personal exemption, a credit of \$400 for each person dependent upon him for chief support, if such person is under 18 years of age or incapable of self support, because mentally or physically defective. This \$400 credit is not allowed for the husband or wife of a taxpayer though one may be totally dependent upon the other.

Rates of Taxation.
The normal tax rate in the case of a citizen or resident are two per cent on the first \$4,000 of net income in excess of the personal exemption and other credits provided by law, four per cent on the next \$4,000 and six per cent on the balance. Under the 1921 act the normal tax rates were four per cent on the first \$4,000 of net income above the exemption and credits and eight per cent on the remainder. The surtax rates under the 1921 act apply to net incomes in excess of \$10,000, while under the new act they are applied to net incomes in excess of \$6,000.

The revenue act of 1924 contains a special provision for reduced taxes on "earned income" which did not appear in previous acts. All net income up to \$5,000 is deemed to be earned income. On this amount the taxpayer, if an individual, is entitled to a credit of 25 per cent of the amount of the tax. In no case will the earned net income be considered to be more than \$10,000.

Humble Gasoline is Always Good
Many motorists buy their gasoline haphazardly—here and there—from any station they happen to pass. Sometimes the gasoline that goes into the tank is good, sometimes, poor—depending of course on who made it and how it was made.
When you buy from a "blind pump", you are getting a product that you know nothing at all about—one that has "No pride of ancestry." You don't know who made it or how it was made, and how it will function in your motor.
You rely on gasoline to get you where you want to go, quickly and cheaply. It is the efficient operation of your car and the cost per mile that really count. Only a uniformly-good gasoline can be depended on to give you these things.
Humble Gasoline is always good, no matter where or when you buy it. From the wells to your car, its quality and purity are safeguarded by the big Humble Oil & Refining Company organization—employing over 3,500 people in the state of Texas alone. Our immense production facilities enable us to select and refine so as to secure a uniform and dependable product—one that you can always rely on to give efficient operation and the maximum of mileage.
Look For The Humble Signs
Name if you can, another manufactured article that is maintained at such a high standard, that is so widely and regularly distributed, that is dispensed at so narrow a margin of profit to the producer, as Gasoline.

There are now more than 45,000,000 miles of telephone wire in service in the United States. This is 15 times the total mileage of the nation's rural roads.

The largest electric incandescent lamp ever built produces from 100,000 to 120,000 candlepower of illumination. This is over 3,000 times that of the electric lamp in ordinary domestic use.

There are 20 million telephone directories published and circulated annually in the United States. Next to the Bible, the telephone directory is the most widely circulated book in America.

Painted floors may be kept in the best condition by the use of flax-soap, dissolving a little in lukewarm water and using as ordinary soap water. The surface should then be wiped off with a clean damp cloth or sponge and polished briskly with a dry cloth. This method not only cleans but brings back the color and gloss.

The electric truck fleets of the New York city department stores now total all told over 500 electric trucks. Some of these trucks are kept in ordinary garages while others, when the day's work of delivering purchases has been done, go to the sub-basements of the stores to spend the night.

BRUNK'S COMEDIANS GIVE CLEAN AND HUMOROUS PLAYS

Playing to crowded houses every night, Brunk's comedians, in the big tent across from the Ranger city hall, are arousing much interest in Ranger this week. Presenting a clean and humorous bill that is full of life, with a change in program every night, the public, always prompt to respond to a worthwhile project is flocking to the tent show in increasing numbers with every performance. The tent is made very comfortable with an underground heating system, water-proof tent and the double side-walls to keep out the night breeze.

Brunk's comedians were brought to Ranger under the auspices of the fire department and were selected because of the stellar productions they offer to the public. A per cent of the gross proceeds of the show for the week will be turned over to Fire Chief G. A. Murphy for the benefit of the fire department. Proceeds derived from the show will be used as part payment on a roof siren for the fire department, the chief said. A roof siren is expected to enable the fire department to obtain the right of way in going to a fire as it has a radius of three to 10 miles in sound. Then a city with a roof siren may obtain a reduction on its total insurance key rate. Volunteers also may be called out, as the siren will notify them of a blaze.

Over 99 per cent of the urban population of Iowa has electric service available for its use and the same applies to about 10 per cent of the state's rural population.

In Iowa there are 956 towns and cities where electric service is available and only 63 communities where it is not. Of this latter class 35 of the communities have a population of 200 inhabitants or under.

PEOPLE DON'T ADMIRE ROUGH, PIMPLY SKIN

Before you can impress some one of the opposite sex enough to get them to share the happy state of love with you, you certainly must keep your appearance pleasing and attractive. Pimples, blotchy, eccentric skin seems ten times worse to strangers and new acquaintances. And even husbands, wives, parents and kin feel sorry for loved ones who suffer from such skin diseases. The way to get rid of all these drawbacks to affection and devotion from dear ones is to use Black and White Ointment, and Soap, like thousands of people are doing. They are economically priced, in lozenge packages. The 50c size Black and White Ointment contains three times as much as the 25c size. All dealers have both the Ointment and the Soap.—Advertisement.

STUDENTS AT C. I. A. NOW NOW SWIM TO MUSIC

DALLAS.—"Do it with music." That's the slogan of the College of Industrial Arts here. They used to exercise, dance and do other things and now—they're swimming to music. Swimming to music is easier, officials said. The teacher—to some jazz tune—teaches the strokes, and the pupils emulate her. "Music chases away stage fright, inspires confidence and the pupils relax and learn more readily," instructors said.
