COMMITTEE IS BADLY SPLIT ON FORD PROPOSAL

Can't Agree in Four Months, But Wants Full House to Act at Once.

WASHINGTON, June 9.—Three separate reports setting forth recommendations for action by congress with respect to the privilege of development of the government's \$106,000,000 power and nitrate project at Muscle Shoals, Ala., were made to the house today by members of the military committee. The task of picking the final proposal is admitted by each report to be the duty of the full house at an early date, but the recommendation to that end, submitted after four months' continuous hearings by the committee, differ in important respects, as indicated by the documents.

Contention Over Steam Plant.
Acting Chairman McKenzie of Illinois, who drafted the majority report, declared that the Ford proposal was the only one found worthy of serious consideration and asked its acceptance, provided, however, that the Gorgas steam plant be eliminated from the Muscle Shoals property disposed of.

One of the minority reports, submitted by Representative Wright of Georgia, and supported by the Democratic members of the committee, recommends the disposal of the entire project, including the Gorgas steam plant, to Ford, and declares that the elimination of the steam plant from the acceptance would ruin the whole offer.

Another minority report provides that in the event Ford is unwilling to consider the deal with the elimination of the Gorgas plant, that the government dispose of the dam in such a way as to insure its completion.

Action Uncertain.
House leaders declined today to give the members any intimation as to how soon the reports on Henry Ford's offer dealing with the Muscle Shoals proposals may be taken up for consideration.

Representative Mondell, Republican leader, in replying to inquiries stated that no decision could be reached until the reports had been taken up and studied.

ALL U. S. ROADS MAY BE JOINED IN FOUR GROUPS

CHICAGO, June 9.—Merger of the railroad systems of the United States into three or four groups is under consideration, William G. Bierd, president of the Chicago & Alton railroad, told the United Press today.

IMPORTANT SUBJECTS TO BE DISCUSSED AT MERCHANTS' MEETING

DALLAS, June 9.—"Compensation, Salary or Commission for Employees," an important question to every retail merchant will be brought before the third annual meeting of the Texas Retail Dry Goods association in Dallas on June 13, in an address by Arthur L. An extensive entertainment program has been arranged which will include a luncheon given by the Dallas Advertising League on the opening day followed by a banquet in the evening, given by the Dallas Wholesale Merchants' association. The Dallas Retail Merchants' association will give a luncheon on the second day and the convention will close with a theatre party, a watermelon party and a dance.

SAN ANGELO MAN, 67, MUST SERVE REST OF LIFE IN PENITENTIARY

SAN ANGELO, June 9.—T. F. Hickox, 67, was today sentenced to spend the rest of his life in the penitentiary by a jury which found him guilty of the murder of Lem Schrier.

Schrier was shot to death at a dance in Rankin on July 20, 1921. The jury got the case late yesterday and reached a verdict

in fifteen minutes but did not report until this morning. Defense attorneys announced that they would file a motion for a new trial. Hickox claims that he fired in defense of his life and his sons' life and that Schrier made a motion to draw a gun. He refused to make a statement following his sentence.

NEW YORK, June 9.—E. R. Kemp of Tulsa, Okla., chairman of the board of directors of the Sinclair Oil & Gas company and director of the Sinclair Consolidated Oil company, died in Roosevelt hospital today after an operation for appendicitis. He was widely known in the Mid-West oil fields.

FINAL VOTE SHOWS RANGERITES OVERWHELMINGLY FAVOR SHOWS

Ranger demands the recreation offered by Sunday picture shows.

Ranger will not tolerate a return to the open saloon and professional gambling establishments of the recent past under any subterfuge or pretext.

This has been made evident by the expressions obtained from Ranger residents in the Times straw vote in which more than 88 per cent of 532 persons voting favor Sunday shows and but 5 per cent of the total voting favor open saloons or gambling. Of this 5 per cent a number explained that they favored only saloons and not professional gambling.

A total of 169 votes were cast today before the straw vote closed at 1 p. m. Of these, 150 were in favor of Sunday shows and 19 against them; 11 were in favor of saloons or gambling; 47 failed to express an opinion on this subject.

The total vote on the two questions from last Saturday afternoon until the straw vote closed this afternoon was:

For Sunday picture shows.....	453
Against Sunday picture shows..	83
Total.....	536
For open saloons and gambling	30
Against open saloons and gambling.....	443
Not voting on question.....	63

PALESTINE CITIZENS ORGANIZE TO FIGHT I. & G. N. SHOP REMOVAL

PALESTINE, Texas, June 9.—A move to prevent the removal of the I. & G. N. shops and offices from Palestine to Houston will be started immediately, following a meeting of prominent Palestine citizens today. The citizens appointed a committee to conduct the case and employ counsel to prevent the change.

The meeting followed filing of a suit in federal court at Houston by the Union Trust company of St. Louis, holder of the railroad's securities, against the city authorities and a number of prominent citizens, to restrain them from interfering with the proposed change. The trust company claims that the operation from Houston instead of Palestine will save the railroad large sums annually.

TRIS SPEAKER'S BOSS VICTIM OF ILLNESS

CHICAGO, June 9.—James C. Dunn, chief owner of the Cleveland American league baseball club, died here at 6:10 o'clock this morning. Dunn's death came after a long illness, which first became acute last February. He is survived only by his widow. Burial probably will be in Marshalltown, Iowa, his birthplace. Besides being owner of the Cleveland club, Dunn was a railroad contractor and was widely known in this line of work.

ROADS IMPASSABLE.

HOUSTON, June 9.—Rains which have been falling steadily for the last three days have practically cut off Houston from the outside world so far as highway traffic is concerned. A total of 3.88 inches has fallen in the last forty-eight hours. Freight traffic has been hampered and the roads out of the city are practically impassable.

BLOODHOUNDS BALK AT CHASING CONVICTS

HOUSTON, June 9.—Thirteen of twenty-two convicts who escaped from Clemens prison farm near Brazoria early Wednesday morning have been recaptured and the others are believed to be in hiding in the dense lowlands. Bloodhounds used to track the men led to the woods and would go no further. Members of a posse are closing in on the men today. The convicts made their break for liberty after cutting a hole through the wall of the guardhouse.

FOES OF BONUS ADMIT SENATE WILL PASS BILL

WASHINGTON, June 9.—The soldier bonus bill was on the senate calendar today but with no definite date fixed for its consideration. Chairman McCumber reported the measure last night with unanimous consent.

That there is sufficient strength in the senate to pass a bonus bill is conceded by the opposition, but whether it will be passed in its present form is uncertain. The Democrats plan to introduce an amendment and one of the Republican senators has an amendment providing for a cash bonus. Various other amendments are expected to be introduced when the bill is brought up and opponents of a bonus in any form are preparing to put up a vigorous fight.

PHILLIPS MAY LOSE PATRONAGE POWER

WASHINGTON, June 9.—John Lewis Phillips, who for a year has been federal patronage referee for Georgia and chairman of the Georgia Republican state committee, will not be consulted on the next Georgia appointment, it became known Thursday.

This is accepted as an indication that Phillips' political power in Georgia is nearly at an end, following his arrest here this week on a warrant charging conspiracy to defraud the government in the sale of surplus war lumber stocks.

MASKERS FELL MISSOU WAMPUS CAT WITH CLUB

He Beat Up Salesman, Mayor, Chief of Police; Wouldn't Pay Fine.

FORT SCOTT, Kan., June 9.—Clyde Scott, storekeeper at Stotesburg, Mo., was probably fatally injured last night when his skull was fractured by a club in resisting the attempts of fourteen masked men to place him in an automobile. He was taken to Nevada, Mo., for treatment.

Smith was fined \$7.50 two weeks ago for an attack on a candy salesman but declined to pay the fine. On Wednesday, Mayor Matson and Police Judge Miller called at his store to collect the fine and Smith is reputed to have worsted the two officials in a physical encounter. He was standing in front of his store when seized by the masked men. He accounted for several in the fight that followed before he was felled by a blow from a club.

COUPLE SAY KIDNAPERS WORE KU KLUX KLOTHES

ANDERSON, S. C., June 9.—An investigation has been started here into the kidnaping of Paul W. Sullivan and Miss Ruby Floyd, who reported to the police that they had been seized by masked men in regalia resembling that of the Ku Klux Klan as they were seated in an automobile in front of Miss Floyd's home.

Sullivan is secretary of the South Carolina Cotton Manufacturers' association. He said that he was not beaten. Mrs. Floyd, mother of the girl, said that she saw two cars draw up in front of her home and masked men get out. In reply to her daughter's question as to where they were going to take her, the mother said that the men announced that they were going to teach her a lesson. Mrs. Floyd informed the officers that her daughter and Sullivan had been taken several miles from town, where they were given a lecture and the couple ordered not to be seen together again. It is said that they refused to make such a promise.

WACO ASSAULT SUSPECT HELD IN DALLAS JAIL

DALLAS, June 9.—A negro believed to have been the one who murdered Harold Bolton and assaulted Bolton's woman companion near Waco on May 25, is being held in custody by the police here for Waco officers.

While one negro believed to have been guilty of the double crime was shot by the young woman's father and his body later burned by a Waco mob, officers here state that there is considerable doubt over his being the guilty man.

Will Fine and Jail All Who Disagree With Instructed Verdict. He Tells Them; Klan Membership Held Misconduct In Office

BEAUMONT, June 9.—Tom Garner was ordered removed from office as sheriff of Jefferson county this morning when Judge Street, presiding in the Sixteenth district court, announced after S. P. Ethredge, a newspaper man and a complainant witness, had been on the stand, that the evidence submitted up to that time was conclusive that Sheriff Garner was guilty of misconduct in office and instructed the jury to return a verdict of removal.

The verdict was handed to the jury and the court named a foreman and instructed him to sign it. The foreman signed the verdict and the court instructed the clerk to read it. Before this was done, the defense counsel objected that the defense had been given no opportunity to introduce rebuttal testimony and that the sheriff had been denied his rights as a citizen. The court gave counsel leave to file a bill to this effect. The counsel then asked for a poll of the jury. The court turned to the jury and instructed them that if any member disagreed with the instructed verdict of the court he would be fined and sentenced to jail. The court in instructing for re-

moval of the sheriff for official misconduct said the fact that he had become a member of the Ku Klux Klan was in contravention of the oath he took as sheriff. Counsel for the sheriff then stated that there was nothing in the Klan oath that conflicted with his duties as sheriff and the court retorted that the oath in effect deceived the ignorant and unwise. The case will be appealed.

JUDGE TESTIFIES HE SAW SHERIFF IN HALL OF KLAN

BEAUMONT, June 9.—In the impeachment proceedings Thursday for the removal of Sheriff Tom H. Garner for alleged Ku Klux Klan activities, Judge W. H. Davidson of the Fifty-eighth district court testified that he was escorted to the Klan hall by Deputy Sheriff George Wallace and upon learning he was wanted as a member of the Klan, refused to sign a pledge card. During the few minutes he spent at the hall the judge said he saw Sheriff Garner there and declared the sheriff told him that "everybody wanted him in" and that at the next meeting night he would be made a member."

GALVESTON BUSINESS MAN LOSES MEMORY IN MYSTERIOUS ASSAULT

Condemned Boy's Mother Beats Fists Raw on Prison Door

NEW YORK, June 9.—Her fists raw and bleeding as a result of having beaten on the doors of Sing Sing, and her voice scarcely audible because of her prolonged calls that the state spare the life of New York's youngest murderer, the mother of Angelo Bumberello, 18 years old, today worked frantically to make a temporary stay of sentence permanent.

Reaching the prison gates shortly before her son and three others were to be sent to their death in the electric chair at 11 o'clock last night, Mrs. Bumberello pounded, kicked and yelled until prison officials in desperation sent the chaplain to quiet her. Shortly afterwards and a few minutes before the young slayer was to begin the death march, a reprieve of two weeks was received from Governor Miller.

GOOD PRODUCER OFFSETS SMALL PIONEER WELL

PIONEER, June 9.—Pioneer is considerably pepped up today over the Brown well, in the east edge of town, which is making 700 to 800 barrels. STRIKE THREAT WILL NOT STOP THIRD WAGE CUT

Telegraphers and Clerks Not Likely to Be Reduced Under Next Order.

CHICAGO, June 9.—Another wage cut effecting 350,000 men is being prepared by the United States railroad labor board, it became known today.

The reduction is expected to be announced in the next week, comes in the face of the strike threat of disgruntled workers from whose pay \$110,000,000 yearly has been lopped.

The latest decision of the board will trim the pay of the following crafts: signal men, marine department employes, and stationary firemen. The amount of decrease was not divulged.

Railway telegraphers may not be included in the third wage cut by the board, it was intimated here today, and no cut is expected for the clerical forces, the latter on the ground that the increases in wages received by the clerical forces have not been in proportion to those received by the shop crafts.

With the telegraphers remaining at their keys, the strike possibility is lessened, it is felt here.

UNION LEADERS ASK LAWYERS WHERE THEY'RE "AT"

CINCINNATI, June 9.—Railroad employes' union leaders here today sought legal opinion defining the unions' status under the Corondo coal decision of the United States supreme court. Labor chiefs said they wanted to know exactly what they could and could not do legally in the event the 1,200,000 railroad workers they represent and who are now voting on a strike should declare in favor of striking.

INDICTMENT OF VALENTINO NOW SOUGHT

LOS ANGELES, June 9.—Dissatisfied with the verdict of the justice who freed Rudolph Valentino, movie actor, of a charge of bigamy for marrying Winifred Hudnut, perfume manufacturer's daughter, District Attorney Woolwine plans to reopen the case, according to indications here today.

Woolwine's plans were revealed when several witnesses in the original case against Valentino were subpoenaed to appear before the grand jury. "Dismissal of the complaint in justice court against Valentino by no means signifies final adjudication," Woolwine said.

Kiss Certificates Health Measure In Co-Ed Colleges

By United Press.
FORT WORTH, June 9.—Certificates, showing the holder is "physically fit" to kiss and be kissed, will be required of students in co-educational colleges of this part of the country next term, before being permitted to indulge in osculatory pleasures, according to plans of Dr. J. M. Frazier, Belton college, and others connected with the various seats of learning.

State laws, regulating kissing, or a board to censor kissing, is advocated, it is said.

All the rumpus started when it was discovered "trench mouth," common among students of co-educational schools, was caused by kissing. A doctor at one of the state schools found seventy cases of "trench mouth" in the first two weeks of school last term.

This disease of "trench mouth" is far more serious than generally conceded, according to Dr. Frazier. There is entirely too much kissing, he said. Young people are of a very affectionate nature, and kiss is a common way of greeting, he said.

"Treatment of this disease is very painful," Dr. Frazier said. "So if young people must kiss, they should have some means of protection from disease."

A certificate plan, requiring each student to submit to regular medical examination, which certificates will allow osculatory privileges while the holder is "fit," was outlined.

An imaginary incident under the certificate plan:
Robust young man starts to kiss pretty girl.

"Hold on, have you a certificate?"
"No. Have you?"
"No."
Together: "Aw, shucks."

Three Hosts Pay for 'Tom Moore's' Illicit Visit Here

The sight of three celebrants and four empty bottles, bearing the label "Tom Moore," greeted the police last night when they paid an official visit to a barn on South Hodges street in answer to complaints. As the officers entered, one of the trio seized a bottle and drained the few remaining drops.

All three were arrested on charges of drunkenness and later released on pleading guilty and paying fines of \$15.70 each.

BASEBALL RETURNS RECEIVED NIGHTLY BY WIRELESS PHONE

Baseball finals of the Texas, National and American leagues are being received nightly at the Oil City Pharmacy on Main street over the newly installed radiophone. The scores are broadcasted from Dallas and received here about 6:30. They are later bulletined by E. E. Crawford, proprietor, both at the Oil City Pharmacy and at Crawford's Pharmacy.

Nightly concerts from Denver, Kansas City, Dallas and Fort Worth are received over the radiophone with more or less regularity. The baseball finals are received regularly. Interference caused by electric light and telephone wires has been overcome in the case of the Crawford radiophone by erecting aerials from masts on top of the building to the building across the street, occupied by J. M. White & Co., half of the aerials being used for the Oil City Pharmacy phone and the other half for the phone in the White store. The White radiophone is not in service at the present time. Another radiophone has been installed at the jewelry store of W. E. Davis.

MILITARY HONORS PAID AT FUNERAL OF LILLIAN RUSSELL

PITTSBURGH, June 9.—Historic Old Trinity church, in the heart of downtown Pittsburgh, was packed with the foremost people of the stage, art, statecraft and society yesterday afternoon as Rev. Edward E. Travers, the rector, recited the stately ritual of the Episcopalian faith for Lillian Russell, known in private life as Mrs. Alexander P. Moore. The funeral assemblage included Governor William C. Sproul, Secretary of Labor James J. Davis, Senator Hiram W. Johnson and other notables.

Private services were held at 1:30 o'clock at the Moore home and then the cortege moved toward Trinity church, two miles or more away, with a detachment of United States marines as escort. A large delegation of world war veterans followed.

After the service at the church the remains were taken to Allegheny cemetery, where members of the One Hundred and Seventh field artillery escorted the body the rest of the way. Then came the final prayer for the dead. A bugler from the marines blew "taps." A firing squad from downtown Post No. 231, American Legion, of which Mrs. Moore was vice commander, fired the three regulation volleys at the grave.

By Associated Press.
SHREVEPORT, La., June 9.—Two men were lured from their homes Tuesday night, one of them flogged, and the other last night had not returned. R. W. Waldron, 60, was flogged. Louis Abrahams is missing. According to local authorities, he is now under charges of perjury in Texarkana, where his case is set for June 12.

NOTICE, AUTOMOBILE OWNERS

Cards are being sent out from the Tax Assessor's office advising car owners of automobiles shown of record in the Tax Collector's office that are not properly accounted for in tax renditions for 1922, and in reply to such notices there are so many replies that show the notice is misunderstood that it is not practical to answer each separately, hence this notice in the press.

An automobile is subject to County and State tax the same as other property, in addition to license paid Tax Collector which is only a permit to operate the auto on the highways.

Should a person buy a car and fail to have his bill of sale properly transferred in the Tax Collector's office the car will appear in the name of two or more persons, the original being the record owner until transfer is filed. The law requires such filings.

We find that as high as four different persons appear on the record with the SAME HIGHWAY NUMBER and sometimes is shown on different automobiles and engine numbers. Sometimes a number belonging on a FORD in 1921 is shown in 1922 on a BUICK, etc.

These cards are sent out to get such things straight and to protect the honest taxpayer from having to bear all the burden of taxes by himself, it will get those who failed to make a rendition to account for their property while it is getting the conservative taxpayer's record on his car correct. There are about 6,000 cars as shown by the Auto Register in the county that are unaccounted for in the 1922 rendition for tax. This office does not know what has become of them without finding out from the record owner, so the co-operation of the people is solicited in the move for JUST AND EQUAL TAXATION. Your officers cannot properly perform their sworn duty without the assistance of the people. Your co-operation solicited.

Yours for service,
H. A. COLLINS
Tax Assessor.

The Pullen home was very sweetly decorated in cut flowers and potted plants, most of them being from their own flower garden, while corsage bouquets of sweet peas were given the ladies as favors, and boutonnières of the same flower given the gentlemen.

Ladies' favors in bridge went to Mrs. J. B. Haden, who made the club high score and won a set of lingerie pins; Mrs. E. E. Crawford club low score, a Japanese pin cushion; Mrs. C. C. Craig, the guest high score, a growing begonia in a basket, and Mrs. J. T. Gullahorn, guest low score, a Japanese pin cushion.

The Young Matrons' class of the Methodist Sunday school enjoyed a social meeting yesterday afternoon with Mrs. Harry Reed as hostess. AMBASSADORS TOLD WHERE TO HEAD IN ON TARIFF DISCUSSION

WASHINGTON, June 9.—A nation's tariff schedules, while an international question and of vital concern to all countries, nevertheless might be regarded as primarily a domestic political issue in the United States, according to high officials.

Hence, for the guidance of those diplomats who feel the urge to discuss the tariff, a general policy has been suggested in high quarters and probably by this time has been informally and courteously passed on to such diplomats who may have inquired in regard to the point since Senator Watson of Indiana loosed his recent complaint against alleged ambassadorial propaganda. The policy is this:

Pass Case to Congress. Since the tariff is of concern to foreign countries if the diplomats of those countries have complaint to make in regard to any schedules, let them present their complaint to the state department and it will then be passed on to such committee of congress as have charge of the legislation in question.

By so acting, it is explained, a diplomat gets his case directly before those in a position to act upon it and does not lay himself open, as he might in public discussion of the question, to charges of meddling in the nation's "internal affairs."

Thursday was "diplomatic day" at the state department. Among those who called on Secretary Hughes, was Ambassador Ricci of Italy, one of those charged by Senator Watson with exceeding the bounds of propriety in discussing the tariff. The exchanges between the secretary and the ambassador were said afterward to have been friendly, as usual.

Ricci Leaves Soon. Ricci leaves Washington next Monday or Tuesday morning to sail June

14 for Italy. It was explained at the Italian embassy that the trip merely constitutes his summer vacation, that he will return to Washington in September and that so far as the Watson matter was concerned "the whole thing is a closed incident—closed before the ambassador's visit to Hughes Thursday."

Eastland County Again in Limelight As Oil Producer

WICHITA FALLS, June 9.—Pipe line reports compiled here show the Ranger-Eastland district continued the succession of small gains in daily runs, which has been a marked feature of the reports for several months. The gain this week over last was 150 barrels daily.

Eastland county as a whole is in the limelight, with the Pioneer field being the most sensational. This field, linked with Desdemona, shows more than 1,000 barrels gain in daily

runs and the prediction is freely made that Pioneer will produce 25,000 barrels when ample pipe line facilities are provided. The Texas company's line from Ranger to this field, work on which is being rushed, is expected to materially relieve the situation.

Burk Burnett registered a 1,000-barrel loss for the week and Stephens production dropped 210 barrels daily. Following is the production by pools for this week compared with the production of a week ago:

	This wk.	Last wk.
Electra	16,100	15,700
Burk Burnett	31,600	32,600
Iowa Park	2,500	2,550

LUFKIN MAN SUICIDES.

ROTARIANS MAY GIVE BIG CITIES MORE CLUBS

LOS ANGELES, June 9.—Whether or not there shall be more than one Rotary club in each city is one of the vital questions to be decided by International Rotary at its thirteenth annual convention now in session.

The adoption of a provision in a new constitution which will permit the establishment of more than one Rotary club in larger centers is one of the radical departures in Rotary organization that is bringing a very sharp division of opinion among the delegates at the convention. It marks a change in the traditional policy of

Rotary and is regarded by many of the older members as inimical to the interests of the organization.

Under present authority more than one club is permitted in cities of more than one million inhabitants where there are distinct boroughs or business centers.

Nome, Alaska, is 2,705 miles from San Francisco.

SUPPORT THE SCHOOLS

Don't forget the school tax election tomorrow.

The issue is simple and clean cut: Shall Ranger have a four-months' school or a nine-months' school, as all other towns have?

Of course, taxes will be up a little—a few cents a day—but when figured up; they will amount to far less than is spent for foolishness by nine-tenths of the voters.

It is really a small matter compared with the blasting effect a four-months school would have. The splendid work of years in making Ranger a better town would be nullified. Its prestige would be gone. Business conditions would be affected, for no town which does not adequately support its schools is considered anything but bankrupt.

If there are any who consider voting against the increased tax—which is no more than the majority of cities are now paying—they should think long and seriously before taking such a step.

MAKING MORE LIGHT

The voluntary reduction in electric light rates is a matter upon which Ranger may well congratulate the Oil Cities Electric company and itself at the same time.

That the light company has the laudable purpose of stimulating business as the basis of the reduction is nothing to its discredit. Rather, it is to its credit as a far-seeing business institution. Public utility rates are a vital factor in inducing the establishment of industries and homes. There is a standard which must be approached in all towns. Otherwise, prospective investors look askance at it. The reduction is a step in the right direction. It should be followed up.

The widely scattered development here, and other conditions, make it hard to have low utility rates. But the closer they approach the normal the better the chance for development.

SLOGAN IS SOUGHT FOR ALL WEST TEXAS

STAMFORD, June 9.—A slogan for West Texas—something distinguishing, catchy, descriptive, "all-fitting"—is suggested by a prominent West Texan writing to the West Texas Chamber of Commerce. Some Texas towns, it is pointed out, have adopted appropriate slogans that have attained nation-wide attention.

The word "Sunkist" and kindred de-hyphenated words have meant much to large concerns operating in states which have been much touted. A contributor to the "slogan fund" of the organization comes forward with the suggestion that the seal of Texas—a five-pointed star within a double-bordered circle—be the basis for the slogan effect. Every West Texas firm would have its name in the double-lined circle at the top, and the words "It's West Texas" in the circle beneath the star. Similar designs have been sent to the organization.

Suggestions as to such a design will be received by the organization. Some West Texan, it was pointed out, might become famous overnight simply by thinking of some acceptable slogan that might be used by all in the publicity campaign that will be inaugurated.

SAN ANGELO, June 9.—Toddlers about among larger children at the ranch home of her parents, Mr. and Mrs. Sam Harkey, near Tankersley, Ruth Roland Harkey, 16 months old, drowned when she fell, unnoticed, into a tank containing two feet of water. The mother found the lifeless body fifteen minutes later.

BRECKENRIDGE, June 9.—The organization of a home building and loan association in Breckenridge is being considered by the directors of the chamber of commerce. FLAPPER DIRECTS OFFICER TO GEM OF OIL OPERATOR

DALLAS, June 9.—After a week of life in the county jail during which she constantly denied she had gnawed a \$3,000 diamond stud from the shirt front of a West Texas oil man, a pretty blonde flapper, thought she could see a ray of light and another dance this afternoon, and gave up the sparkler.

She told the officers where to go and get it. They did. The oil man has it. He says he takes no more joy rides with Dallas flappers unless his diamonds are left at home.

WEST TEXAS GAMES

FLEHARTY STOPS EAGLES.

SWEETWATER, June 9.—Fleharty toyed with the Eagles yesterday, winning his eighth game of the year, 9 to 3. He has lost but one in this season. The Eagles got to him in the first round for two runs, but the Swatters tied it up in the second round and took a big lead in the third and fourth. Jimmy Thrash and Gressett led the attack, Thrash driving out a double and triple and Gressett kicking in with a three-bagger.

'WESTERN HOSPITALITY' IS FINE GAME, IF 'SUCKER' WILL FALL FOR IT

LOS ANGELES, Cal., June 9.—How to become a "bunco-steerer," was explained in the superior court at the trial of W. S. Kirby, alleged swindler, charged with bribery.

A. W. Stafford, deputy district attorney, read to the jury the rules and regulations of the game known as "western hospitality," an age-old scheme, according to Stafford, in which the chief points are "find the sucker, get the dough and get away."

According to Stafford a document called "Western Hospitality and How to Play It," was found in Kirby's possession, after he had been arrested for swindling and had offered two detectives \$500 to let him go.

The rules of the "game" were neatly typewritten, explaining that "A" and "B" represented the "bunco men" and "C" the sucker.

Here's How.

This is how it is played: "B" finds the sucker. Then "B" and "C" also find a pocketbook with "A's" card in it. They return it. "A" wants to reward them, but they spurn payment for honesty.

"I would have lost my position with the brokerage firm if I hadn't gotten this back," says "A." "I'm engaged to the boss' daughter. You boys have saved me from ruin."

Then "B" has an "idea." "If you want to reward us," he sug-

gests, "give us some tips on the stock market."

A tip is given. "B" and "C" play it. They double their money. "B" then induces "C" to plunge. "C" mortgages the farm. Together they call on "A." He gives them another tip. "C's" money is given to "B" with instructions to play a certain stock "long." "B" departs.

An hour later "B" returns.

"Did you tell me to play that stock long?" "B" asks "A."

"Certainly," replies "A."

"C" begins to get warm under the collar.

"Gosh!" exclaims "B." "I thought you said 'short.' We're broke."

The state's attorney made it plain that playing "western hospitality" was forbidden without written permission from the chief of police.

Last Spoonful Same as the First

Calumet is made under such exacting conditions — packed in such a scientific manner, that its leavening strength and purity never vary. It retains its original strength for months after leaving the factories.

When you tip the can to get the last spoonful, you know your baking will turn out all right—the last spoonful is the same as the first. This uniform quality of

CALUMET BAKING POWDER

is cause for its big demand. Housewives know they can depend upon the results obtained—that climatic conditions or temperature cannot deteriorate its positive leavening power.

When you buy baking powder remember these facts—that a uniform leavener means bakings that do not vary in quality—that Calumet is uniform.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 ounce instead of 16 ounce cans. Be sure you get a lb. when you want it.
