

GERMAN GOVERNMENT COLLAPSES; RETURN OF EX-KAISER PREDICTED

SIMS SUBMITS PROOF OF NAVY WAR BLUNDERS

Senate Committee Gets Evidence of Delay and Confusion.

WASHINGTON, March 13.—Documentary evidence supporting the charge that the navy department failed to keep him informed regarding its policies and plans was presented to the senate committee by Admiral Sims today.

"Delay and confusion resulted from the department's failure to notify him of its important decisions and movements of naval forces within the area of his command as well as elsewhere," he said, adding that the result also created in the minds of the allied officials the impression that he was not supported by and was not in the confidence of his government. The allied sea work was impaired and American interests suffered as a result, he said.

WIFE GRANTED DIVORCE, CHILD IN MIXED CASE

EASTLAND, March 13.—In the case of W. L. Phoebus and wife versus C. U. Gonnelle, wherein the plaintiffs assert their ownership of a three-year lease on one of the best hotels—the Eastwood—in Eastland, the district court denied the plaintiffs' application for a restraining order to stop the defendant from disposing of the case. But the plaintiffs appealed their case to the court of civil appeals and yesterday filed the transcript in the court of civil appeals and got that court to grant a temporary writ of injunction restraining the defendant from interfering with the plaintiffs until the case is tried on its merits.

The case of Georgia C. Emery versus James Clifford Emery, for divorce and custody of two-year-old child and division of property, has attracted considerable interest because of its peculiar nature. The parties married in Oklahoma and came to Ranger over a year ago. The husband went back to Oklahoma and sued for divorce, and at that time had the baby in his possession. The wife's father brought the child away and back to Ranger to his mother.

The suit here was instituted later and whether or not this court has jurisdiction of a case here while a former suit is still pending in Oklahoma, is the serious question, aside from the question of the custody of the child. At first the judge was inclined to have this case here continued until the Oklahoma case was disposed of, but later he decided to hear the case on its merits, and after hearing the testimony decreed a divorce, custody of the child and certain property to the wife.

WHITE OIL CORP. TO BUILD, CISCO

CISCO, March 13.—The White Oil Corporation Company of Fort Worth has arranged for acreage in East Cisco for the Missouri, Kansas & Texas Railway company upon which that company will soon erect a system of warehouses in this city.

LETTER, \$300, CLUES LEFT BY VANISHED MAN

Frank Mays, a teaming contractor employed by the Sun company, disappeared from the streets of Ranger last Thursday. Saturday morning a letter postmarked Fort Worth and supposedly from him was received. The letter contained a check for \$300, payable to Mrs. Mays, a team ticket and nothing else.

Mays is supposed to have collected \$1100 Thursday and to have this money on his person. This fact led to the theory that the missing man had met foul play until the letter was received Saturday.

Mrs. Mays does not believe her husband's absence is voluntary. In defense of this she points out the fact that her husband has something like \$15,000 worth of livestock and other merchandise in Ranger. His business is in good shape and has been earning good dividends. Mrs. Mays and others say that "the Mays' family life was very pleasant. On the morning that he left home to attend to work, the now missing man was in very good spirits.

FAMINE STALKS IN FIUME; ITALY SETS BLOCKADE

FIUME, March 13.—Famine is threatening the city of Fiume. No food has been brought in in the past three weeks and there is much suffering among the poor.

Italian naval units are conveying all merchant vessels from Ancona and Venice so that further seizures by the D'Annunzio forces would be impossible. Food prices are enormous. There is no coal in the city and horses have been driven to graze on the hills nearby as there is no food for them here.

There are rumors that D'Annunzio forces will attack Croatia in an effort to attain supplies soon. Fears are expressed that a Bolshevik outbreak is imminent, the soldiers having participated in the disorders which resulted in the death of one man.

Deportation of persons who have lived less than ten years in Fiume continues.

PIPE IN TRANSIT FOR WATER LINES

Mayor Hagaman makes the statement, for the benefit of those in the outline districts who have no water connection with the city's supply, that the water company has three cars of pipe in transit and as soon as it is received water mains will connect with other parts of the city.

LARGEST DIRIGIBLE 6 TO ATTEMPT PACIFIC

PHILADELPHIA, March 13.—The world's largest dirigible will be built at the Philadelphia navy yard. In it a company of navy men will attempt flight across the Pacific.

Fifty-two draftsmen gave their services to the work of designing the great airship. Work will soon be begun on the plans.

It will be developed along lines similar to the R-34 which made the successful trans-Atlantic flight.

The dirigible will weigh about 33 tons and will have a carrying capacity of 30 tons.

ACQUISITION OF BRITISH WEST INDIES BY U. S. WOULD MAKE PANAMA CANAL DEFENSES IMPREGNABLE FROM ATLANTIC SIDE

Map showing how islands of the West Indies form a natural chain of defense for the Panama canal.

payment of England's great debt to this country, the British government cede to the U. S. government some or all of the former's possessions in the West Indies. The islands mentioned include the Bermuda and Bahama groups, Jamaica and the Barbados.

Some of the British islands would be particularly valuable to the United States in that they would strengthen the chain of defenses being thrown about the Panama Canal. "We have now become the leading economic power in the world and have developed the Panama Canal and a navy and merchant marine which make these islands more than ever important to us," says William G. McAdoo, President Wilson's son-in-law.

JAZZ MELODY WILL PUT PEP IN DUST FIGHT

The movement to clean Main street Saturday afternoon has gained impetus and from the large number of business men, working men and men of every station in life who have promised to lend their assistance, it is believed that it will be a great success.

The plan was proposed and developed by the Business and Working Men's club, and it has met with enthusiastic support. In order to have plenty of tools with which to do the work, it is asked that as many persons as have spades, brooms, rakes or wagons and teams bring them along. A number of teaming contractors and others have promised to furnish wagons and teams, but more are needed.

A unique feature of this unique plan is a band, which will furnish music while the men work. It is believed that two hours work by a large number of volunteers will clean the street from the Texas & Pacific depot, where the task will be started, to the end of the block at the intersection of Main and Marston streets. Only Main street dirt will be attacked this afternoon.

Tentative plans for a boxing bout and a banquet to be given by the Business and Working Men's club next Tuesday night, have been arranged. According to plans now being made, everybody who works, which is made of broom or helps in other ways to clean the street, will receive a complimentary ticket to the bout. The committee in charge has not made final arrangements to this effect, but arrangements may be concluded Saturday.

SCHOLARSHIPS GIVEN TO U. S. ENLISTED MEN

AUSTIN, March 13.—R. E. Vinson, president of the University of Texas, recently attended a conference of the general staff of the war department at Washington, with representatives of every class of educational institutions in the United States. The purpose was consideration of the possibility of recognizing for college entrance the educational work which is now being done in the United States army at various army posts.

"Some institutions," Dr. Vinson said upon his return, "notably the University of Cincinnati, have established scholarships for enlisted men in the United States who may be certified to it by the secretary of war. The period of training in the army is approximately three years and is intended to take the place of high school training."

NORTHEAST SIBERIA "WET."

NENONA, Alaska, March 13.—Liquor of all kinds is so openly at Aroard and other towns located along the Siberian coast as the Bering sea from northern Alaska, according to Victor Johnson, trader, who arrived here from Siberia recently.

DETECTIVE CUT MAKING ARREST OF CECIL DAVIS

M. J. Johnson, detective on the Ranger police force, attacked by Cecil Davis, on whom he was serving a warrant charging wife desertion, suffered a knife wound in the left side, near the heart, Friday afternoon. The knife struck a rib and did not penetrate deeply. Detective Johnson's condition is not serious.

Armed with the warrant, Johnson went to the Austin street shop where Davis was employed. After being arrested Davis asked permission to get his coat. This being granted he walked into the alley between Pine and Main, off Austin, Johnson following. In some manner unknown to the detective the arrested man opened his pocket knife and as soon as they were away from the street jumped Johnson, the officer states, inflicting the wound. Johnson broke from the clench, which followed, drew his revolver and under its protection handcuffed his assailant.

The police are authority for the statement that a complaint has been filed against Davis charging him with assault with intent to commit murder.

THREE INCH WATER LINE TO NECESSITY

L. C. Wilson, well known oil broker of this city, is laying a three-inch water line from a number of wells three miles south of Necessity into town. The water is fit for drinking purposes and assures the town a supply for domestic use, besides furnishing a number of drilling wells.

Many large companies have secured acreage in or near the town, and there are more than twenty rigs on the old townsite.

WAR MOTOR CARS NOW USED ON HIGHWAYS

WASHINGTON, March 13.—Approximately 24,000 motor vehicles intended for war purposes have been turned over to the department of agriculture by the war department for distribution among the state highway commissioners for use in road building, allotments being based on the amount of federal aid for roads which the states receive. Already 12,000 have been delivered to states and the remainder will be distributed as fast as highway cars can be secured for their transportation, which will be probably two or three months. This equipment promises to be of great aid in carrying out the large road building program for 1920.

TITLE CONTEST SWINGING INTO HOME STRETCH

One entry in the title contest, who submitted nine names, of which three will be considered, explains in a letter to the sporting editor that she did not understand that entries were limited to three selections.

"You said I was a girl of strong imagination," she writes. "I can imagine one of my names being chosen as winner and stand ready to donate the prize to the baseball club."

Though her entries stand as good a chance as any of taking the \$25 offered for the best name for the Ranger baseball club, it will not be expected that the winner make any such liberal use of the prize money. The best handle for the club will be worth it, is the opinion of Jim Galway and the Times.

Just two days remain in which to get in your selection of the winning handle for the club. Entries continue to pour in and a set of neat bundles of those submitted is waiting for the judicial action.

Eastland is playing its part, showing that another city in the oil circuit lists Ranger fans. Zouaves, Cooties, Colts, Zips, Oh Boys, Titans, Gladiators, Argonauts, Mudhogs, Ramblers, Finders, Futures, Swampers, Skimmers, Scouts—these are recent suggestions.

The winner yet may be in the offing.

Entries submitted, or postmarked not later than March 15, will be considered.

CISCO MOVES AGAINST CARELESSNESS IN WATER

CISCO, March 13.—The city health officer has been instructed to file complaints against all business firms in the city who have not complied with the city ordinance requiring each business and residence house to provide a suitable 25-gallon closed garbage can in which certain kinds of waste is to be deposited. No open cans will pass inspection of the health officer.

FLU HITS S. E. ALASKA.

KETCHIKAN, Alaska, March 13.—Southeastern Alaskan native villages were almost depopulated by an exodus of inhabitants during the recent influenza epidemic, according to reports brought to Ketchikan by hunters and fishermen.

According to reports, the natives told hunters they had taken to their boats on account of the prevalence of the disease.

The Times is with Ranger and West Texas in the greatest growth that the state has witnessed. You can't keep up with the times unless you keep up with the "Times."

SOLDIERS DRIVE EBERT OUT IN COUNTER REVOLT TO RESTORE MONARCHY

LONDON, March 13.—Germany is without government and in the throes of another revolution, which promises to be more disastrous than the struggle which marked the abdication of the House of Hohenzollern.

According to a proclamation issued in Berlin at 10 a. m. today, the German government has ceased to exist. Reuter's news agency is authority for the dispatch.

PAIR STARTS \$10,000 SUIT AGAINST T. P.

EASTLAND, March 13.—The first suit filed in the district court of Eastland county against the Texas & Pacific railroad company since the railroads went back into the hands of their owners was filed here by C. F. Ross and L. B. Bates for damages in the sum of \$10,000.00, alleging damages as a result of personal injuries sustained by plaintiffs while they were crossing the tracks of the company at Eastland on November 13, 1919, when a train of cars was negligently backed into their automobile. They allege that they used due caution and kept a lookout while the defendant's agents backed the train of cars down the track and over the crossing without giving any signal or warning. It is alleged that the defendants sustained cuts and bruises. The outcome of the case will be watched.

John W. Owens filed suit against the T. & P. railroad company for damages alleged to have been caused to a car of cattle shipped from Fort Worth to Ranger by delay in the shipment and delivery. The actual damages alleged is \$845.

Other suits filed today follow:

Wagner Supply Co. vs. Beaver Valley Oil & Refinery company for debt and attachment. Jimmie Williams vs. Ida Williams, for divorce. Mrs. M. F. Jacobs vs. D. M. Jacobs, Jr., for divorce. Will Fleuster vs. Ida Fleuster, for divorce.

HEAVY MACHINERY FOR ROCK CRUSHER UNLOADED, PLACED

The Thurber Eastern Products company has received its rock crusher, steam shovel, Brown hoist and other heavy machinery and soon will be in operation. The Thurber Eastern Products company is located at Tiffin and will furnish crushed stones to the county for its highway building.

MORE RAW COTTON, NEED OF LANCASTERSHIRE, URGED

MANCHESTER, Eng., March 13.—Lancashire's entire cotton trade, at a recent conference here to urge upon the government the importance of increasing the supply of raw cotton within the British Empire, heard Lord Derby, president of the British Cotton Growing association, declare that failure of the government to preserve the industry would "turn Lancashire into a howling wilderness."

Sir Herbert Dixon, formerly president of the Cotton Control Board during the war, said the United States could not seriously increase its growth of cotton, and that the demands of the United States for cotton for its own use were becoming greater. It would be a mortal blow to Lancashire, to Great Britain and to the United States as well, he said, if prices continued to soar.

Edwin Stockton, president of the Manchester Chamber of Commerce, presented a resolution, which was unanimously adopted, expressing appreciation of the cotton employers' decision to contribute a levy of six pence per bale toward the cost of expanding the cotton fields and asking the government to make financial provision which would in combination with the money subscribed in the industry, give effect to the proposals of the Empire Cotton Committee to promote cotton growing within the Empire.

BERLIN, March 13.—The public security guard has occupied the offices of Vorwaerts and the semi-official news agency. Service to the provinces and abroad has been officially suspended.

BERLIN, March 13.—It is reported that a manifesto has been prepared by Former President Ebert and Minister of Defence Noske and others, summoning the workers to a general strike.

VON HINDENBURG PRESIDENT?

NO MONARCHY INTENDED.

COLOGNE, March 13.—The new Berlin government is not intended to promote the aims of monarchy or the reactionaries, a Cologne Gazette dispatch declares. It says the Kapp government will honorably fulfill the treaty of Versailles.

EBERT AT DRESDEN.

PARIS, March 13.—It is declared that the Ebert government left Berlin without resigning its post and has established its seat in Dresden.

At the Leading Amusement Houses TODAY

LIBERTY—Wallace Reid in "YOU'RE FIRED."

LONE STAR—Lionel Barrymore in "THE COPPERHEAD."

LAMB—"THE MOTHER AND THE LAW," a Griffith special.

HIPPODROME—THE ALAMO BEAUTIES.

OPERA HOUSE—Vaudeville; also Norma Talmadge in "THE ISLE OF CONQUEST."

QUEEN—William Russell in "THIS HERO STUFF."

LIBERTY.

New Reid Picture.

In his new Paramount production, "You're Fired!" Wallace Reid changes from heavy dramatic roles to light comedy. Some of his late productions have been straight dramas, but his latest starring vehicle, "You're Fired!" which is on view at the Liberty theater today, is one of the funniest and most entertaining comedy-dramas ever produced. Mr. Reid is quite versatile and makes good in the lightest comedy as he does in the heaviest drama. The support is most praiseworthy, the leading feminine role being in the hands of Wanda Hawley. Theodore Roberts and Raymond Hatton are in the cast.

LONE STAR.

"The Copperhead" Film—Lionel Barrymore in Photoplay Version of Great Play.

Persons well versed in history who expect to see in "The Copperhead" the picture at the Lone Star theater today, a bloody drama against a background of Civil war battles will be disillusioned. Director Charles Maigne, who made the screen version of the great play by Augustus Thomas, reduced the war scenes to the slight skirmish at Tyler's Ford. There are other indications of the great struggle that was gripping the coun-

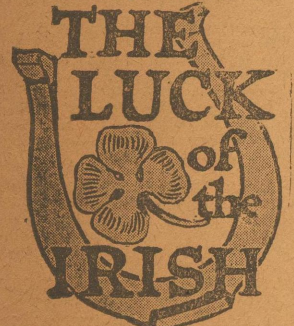

SAILS TO ENGAGE IN RELIEF WORK AMONG ARMENIANS

Mrs. A. L. Fisher.

To engage in relief work among the natives of Arabia, Mrs. A. L. Fisher, of Santa Barbara, Cal., has sailed for the Mediterranean by way of France. Mrs. Fisher has the distinction of being the only woman captain in the Arabian army, an honor that was conferred on her by the Prince Emir Feisal in recognition of her relief work in Arabia where she served with the American Red Cross. Her future position will be with the Arabian government.

Liberty Theater.

Offers "The Naughty Widows" with RAY ADAIR TEXAS THEATER

try, but only enough to get the proper atmosphere over. The recruiting scenes for the Mexican war are interesting to compare with the modern methods used in the late war. The celebration at Millville, Ill., of the fall of Vicksburg is convincingly shown. Mr. Maigne has built his story around the tremendous sacrifice made for his country by Milt Shanks, the role played strikingly by Lionel Barrymore.

OPERA HOUSE.

Natalie Talmadge Supports "Sister Norma" New Play.

Natalie Talmadge, youngest sister of the Talmadge trio, is a member of the cast supporting Norma Talmadge in her new Select special, "The Isle of Conquest," which comes to the Opera House for two days beginning today.

In her role of "Janie," Natalie appears as a sister to Norma in her screen character and it is said that her delineation of the parts is so clever that critics already are hailing her as a future luminary of the screen.

"The Isle of Conquest" is from the famous novel, "By Right of Conquest," by Arthur Hornblow, and was adapted to the screen by Anita Loos and John Emerson. Edward José directed the picture and Wyndham Standing is the leading man.

LAMB.

Douglas Fairbanks Now Believes Opal Rings Are Lucky.

If even the thought of an opal ring caused cold shivers to dance from one end of your spine to the other and the sight of one of the rainbow colored gems developed an immediate desire in your mind to run a mile, and you suddenly discovered that the girl you hoped to marry just adored opals and insisted on that character as a stone as an engagement present, what would you do?

Douglas Fairbanks has found the solution in his latest United Artists production, "When the Clouds Roll By," which will be shown at the Lamb theater tomorrow, because it is one of the big obstacles in his path to happiness, just the same as a score of other superstitions which follow him from one end of the picture to the other.

Obstacles as a rule do not bother Doug very much for he has the happy habit of either jumping over them or smashing them down with a straight blow clean from the shoulder. But this is a very ticklish situation involving a sweetheart, a subject which must be handled with velvet gloves. Just who started the superstition regarding opals is not on record, but a large majority of the population of civilization will cast this gem aside like a rundown pair of heels. But the folly of it all and the ridiculousness of a lot of unjustified worry is clearly revealed by Doug, to such an extent that he will probably be made honorary president of the U. A. R. J.—United Order of Retail Jewelers.

400-POUND MAN GOES TO GRAVE ON WAGON

NEW YORK.—Phillip Ruppel, of Gerwood, N. J., weighing 400 pounds, was buried in an especially built casket. The coffin was carried on an open wagon.

Mr. Ruppel, who was born in Newark thirty-six years ago, died following an attack of influenza. He was a banker, but recently had been in motion pictures.

GAY SPANIARD DUPES WEALTHY

International News Service.

PARIS.—With less than a dollar in his jeans, Santiago Lopez, a handsome Spaniard, swindled scores of hotel keepers and banks throughout France, won the hearts of many fair Parisiennes and made the best dancers of the capital green with envy before the police rudely routed him out of bed in a smart hotel here one morning.

Masquerading as "Comte Justine de Lopez," Lopez, a Buñay de Faria-Roby, a "mercenary" chief of the Portuguese military aviation in Africa, "Santiago" seduced in Bordeaux, with several slick looking valises. He engaged half a floor in Bordeaux's leading hotel and cashed a few checks.

COMPOSER'S SON SHOWS ABILITY AS ORCHESTRA LEADER

Eduardo Granados.

Eduardo Granados, son of the noted Spanish composer who lost his life when the Sussex was sunk in the English channel, recently was given an opportunity to conduct the orchestra of the Metropolitan opera company. He showed real ability. He is an excellent pianist, also.

The third day the young Spaniard was missing and so were the bags belonging to other travelers, containing articles of great value.

When Santiago reached Paris he spread the news about that he was in town to buy airplanes for the Portuguese government. Then he set out for the swiftest dancing places in town and began his conquest of hearts. One foreign princess was his particular victim, but there were others. Wealthy women cashed his checks. Women of the demi-monde temporarily in hard luck sold him their jewels for bogus paper, and the "Comte" was on the point of retiring with several hundred thousand francs when he was caught.

RUSS EXILES ARE STRANDED.

International News Service.

GENEVA.—Princesses, countesses, baronesses, and other refugee Russians are living in a terrible state of poverty and misery here, despite every effort to help them.

The majority of the refugees live in the best hotels at the resorts surrounding Lake Geneva, paying their jewels to defray their expenses, hoping against hope for funds from Moscow and Petrograd, until the last of their valuables are gone.

Numerous cases of suicide have occurred. Three members of the Russian nobility have been found drowned in Lake Geneva between Montreux and Vevey.

One was a baroness whose dead hand still wore a valuable diamond ring. Another a countess had a few jewels but only a dollar in her purse.

STARTS LIFE AS FARMHAND, LEAVES \$375,000 ESTATE

International News Service.

JUNCTION CITY, Kans.—With the filing of a summary of the estate of Charles Wahle for probate here the other day it became known that Wahle, starting life as a farm hand, accumulated a fortune of approximately \$375,000 and did it all by farming.

Twenty years ago Wahle went into debt \$50,000 to purchase a big farm near here. At the time of his death he not only owned this farm, but had bought enough additional land to make his holdings more than 2,000 acres, all free from incumbrance.

Then he cackles when she lays an egg. The duck says nothing. How often do you eat a duck egg? Dray your own moral. Does it pay to advertise?

DAINTY FROCK FOR INFORMAL AFFAIRS

This pretty spring frock can well be worn for the informal dance or afternoon tea. It is designed in blue satin with overlapping of gray georgette. Crystal beads simulating dozens of dainty little tassels form the trimming and a bit of filet lace adds a dainty touch at the neck. The blue satin forms a becoming wide girle and the dress is complete.

"THE APOSTLE OF VENGEANCE" And Keystone Comedy "AN OILY SCOUNDREL"

SPAIN SENDS MANY LABORERS TO AMERICA

By Associated Press.

MADRID, March 13.—The applications for passports for America received at the American consulate in Madrid has, since the beginning of the year, exceeded all recent records. Most of the applicants come from the province of Salamanca, some of the smaller villages of which have been practically depopulated owing to the departure of these emigrants. They are chiefly farm laborers, with a fair sprinkling, however, of skilled artisans, bricklayers especially being attracted by the wages in America.

Some of the emigrants take their families with them. The majority, however, either wait until they have prepared a home for them, or gather a little fortune together and return to Spain to live on an income, increased a little by working a plot of land. Often, however, even these return to the consulate for a second visa to go across and when asked how long they want it, invariably reply "forever."

A Times want ad in time saves idleness.

NEW BATTLESHIPS DUE AT SYDNEY ANZAC DAY

By Associated Press.

LONDON, March 13.—The flotilla of six destroyers presented by the admiralty as a free gift to the Australian navy has just been taken over formally by the Australian high commissioner, Andrew Fisher, and is timed to arrive in Sydney on Anzac day, April 25. They are the Tattoo, Success, Tasmania, Stalwart, Anzac, and Swordeman.

Mr. Fisher states that these new vessels all of which have left the slips since the armistice, differ so greatly in design, armament, maneuvering speed, and range from the destroyers already belonging to the Australian navy that if pitted against them no one of the earlier vessels could live for more than a minute or two.

EDUCATIONAL NEEDS.

Educational needs in West Texas, not necessarily unique to this section, are alarming enough to command attention and demand action of parents of school children and everyone who who knows the vital importance of the maintenance of schools on a sound and safe footing.

Matriculation is three times greater than the "normal" on which present teaching staffs were based. That normal will never return. Teaching staffs, even on these figures, have dwindled because of the need of teachers for living salaries. School exchequers are depleted.

W. Hamilton Wright, former member of the Times editorial staff, now publicity director of the West Texas Chamber of Commerce, calls attention to these conditions, as made clear to him by concrete examples.

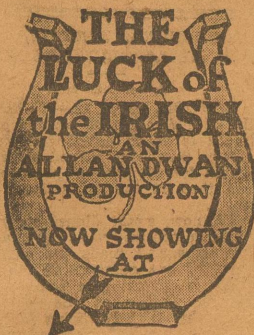

The writer has had occasion recently to confer with a number of well-known West Texas educators who have returned from the national education association convention which was held last month in Cleveland, Ohio. Like a number of other persons busy with other matters, some trivial and some important, he has not weighed the situation as the teachers have weighed it. So much agitation for this and for that has circulated over this state in the last several months that one is seldom sure what is right or what is developing for his good or evil. But when there was presented to me a large sheet of paper 21x21 inches square, printed all over in agate type, I was wondering why the government had been so dilatory in publishing the last "casualty list." It was not the "dead and wounded" on the German-French battle front. It was the "outs and downs" of the teaching profession that made up this casualty list. Where German bullets had mown down our own boys, our own badly fired bullets had slain our proficient teaching corps. Would you be startled to know that this list contained, not teachers, but principals and professors of schools who had been compelled by the low wages paid the craft to step out into other professions where their services were well rewarded and their presence appreciated?

In West Texas, we are talking another A. & M. college. We feel that we are entitled to such an institution. Our sons have long pleaded for an institution which would represent West Texas agricultural interests, not Brazos bottom and South Texas territory. Such an institution was promised us a few years ago. It was apparently awarded. Through a complexity of errors, we lost it. The bill creating such an institution was repealed. We have never forgotten. We still think of it. And we expect to get it sooner or later, or know the reason why! Yet we cannot expect to get it without working for it. We realize very well that the funds for the creation of such an institution are not

now procurable, and cannot be under the present order of revenue. We realize that before we make our higher institutions greater or any more numerous we must take of our lower grade schools in order that all the youth of the land may obtain at least a rudimentary education to fit them to grapple with the constantly multiplying economic problems of a rapidly developing world. And it is the policy of West Texas to do these things. The west has never begrudged a dollar when it knew that it would increase wealth and happiness for all. The west has always shouldered more than its part of the school burdens of Texas. It is glad that it has been instrumental in educating thousands elsewhere; but it does not like to be restricted at home when the crisis comes.

West Texas will be ready to vote for a constitutional amendment which will permit a greater school tax than the present constitutional limits will permit. Of course, there are communities which must be allowed to look through the intricacies of the situation before they will do so. Proper publicity will accomplish this. Every factor for right and development will gladly volunteer to aid the school system, making it famous the world over. But at present we must not forget to take care of our competent teachers before they are taken away by the superior salaries which await their intellectual service in other lines. Texas must overcome its present nightmare. It must come to the rescue of its schools, or go down like ancient Rome.

Liberty Theater.

March 15, 16, 17.

BIG BASEBALL YEAR FORECAST BY SECRETARY

NEW YORK, March 13.—In forecasting a successful season for the minor league clubs throughout the United States and Canada, Secretary John H. Fair of the National Association said a few days ago: "I believe the general prospects for 1920 in the various sections of this country and Canada were never better. The people are turning to amusements and outdoor sports for recreation in greater numbers than ever before. Last year the minor league clubs enjoyed their most prosperous season in five years past. This era of prosperity extended to all leagues in every section of the country and to the far-off Western Canada league in the province of Saskatchewan and Alberta. The minor leagues have flourished under the National league government, as never before in the history of baseball."

According to the annual report read at the convention of minor league club owners held at Springfield, Mass. last November, fifteen leagues, employing nearly 2,500 players, began the 1919 season and thirteen of these finished their official playing schedules. The International Northwestern league closed down on June 7, but the New England league paid its players in full for the full term of the schedule which ended September 1, although the league closed its season on August 2.

This year the pennant winning leagues of 1919, Pacific Coast, American association, International, Western, Southern, Eastern association, Texas Michigan Ontario Three One, South Atlantic, Western Canada, Virginia and Florida State are all ready for the coming season. So are the New England and the reconstructed Northwestern organizations and in addition there is great activity in re-organizing or reorganizing others with every promise of many of them being ready to begin playing early in May. Among these are the Blue Ridge, Corn Belt, Cotton States, Illinois-Missouri, Central association, Oklahoma-Kansas, New Florida, Georgia, Alabama and Nebraska State leagues.

The National Association of Minor Baseball leagues which has been so productive of good results and the welfare of the national game, was organized just twenty years ago. At the outset it was composed of nine leagues but three years later it had twenty-three members and in 1912 it reached the top notch of fifty league members. In that year, those fifty leagues embraced 336 cities and towns in the United States and Canada. The

launching of the Federal league made inroads on the minors as well as on the major leagues and in 1915, owing to this cause, and the outbreak of the European war, the membership dropped to forty. The three following years, during which every corner of the world was interested in the great struggle being fought on European battlefields, there was only meagre interest taken in baseball, but a revival set in last year with wonderful assuring results and it is hoped by the beginning of the playing season one year hence there will be thirty leagues in operation and that two years more will find the National association operating with a membership equal to its banner year.

PHILADELPHIA, March 13.—Two hundred University of Pennsylvania oarsmen spend two hours each afternoon gazing at themselves in large mirrors in order that they may correct errors in their rowing form. It is the opinion of Coach Wright that mirrors are invaluable to crew candidates.

MAY BE PREMIER OF NEW CHINESE CABINET. REPORT

Gen. Chin Yung-Peng.

Gen. Chin Yung-Peng, former acting premier and minister of war in China, may be named premier and asked to form a new cabinet, according to reports from Tokio. The same report states that Quen Wan Pang, present premier, has resigned. The general is a firm advocate of President Wilson's principles, especially regarding secret treaties.

TODAY

Joseph M. Schenck Presents **NORMA TALMADGE** —in— **"THE ISLE OF CONQUEST"**

Adapted to the screen by John Emerson and Anita Loos from the novel "By Light of Conquest," by Arthur Hornblow. Directed by Ed Jose.

A wreck at sea—Isolation on a tropical island with a lone man—Then LOVE! A play of romance and adventure.

Also High Class Vaudeville **OPERA HOUSE**

"Every man out for my eight must watch the mirrors," he says. "The value of mirrors is inestimable in showing the mistakes and weaknesses of the oarsmen. For instance, my stroke can see the mistakes each man is making as soon as the slip occurs. He can immediately correct them."

LONDON, March 13.—By special permission of King George, the National Cross Country championship will be run over a course laid through Royal Windsor's great park on Saturday, March 13. The king has also promised to present the medals to the winner and the runners up in the ten-mile contest.

It is hoped that some formidable candidate for Olympic marathon honors may be discovered among the men who will compete this year in this test of speed and endurance.

ELECTRIC FLASHLIGHT REPLACES "BOBBYS" LAMP

LONDON, March 13.—One of the most picturesque features of the varied outfit of the London policeman, the old-fashioned oil dark lantern, is to give place to the electric flashlight.

The London "bobby" has been accustomed when darkness fell to light his lamp and attach it to his belt at the back slightly on the right side. It generated too much heat, was cumbersome and when a policeman engaged in a scuffle with a criminal his clothing was generously sprinkled with kerosene.

JERSEY COW HELPS HIT WELL-KNOWN H. C. D. BY TURNING OUT RECORD AMOUNT OF MILK

"Mary," the record-breaking cow. "Mary," Jersey cow owned by F. W. Aker of Bangor, Me., is now the world's champion Jersey cow by virtue of the fact that she set a new world's record in milk and butter-fat production, producing 15,255 pounds of milk and 1,044 pounds of butter-fat in one year.

\$600.00

Was saved by using REDWOOD SIDING on Adams Hotel, Breckenridge. The owners chose

Redwood

Because it resists fire and rot. Furnishes extreme artistic effect. Requires no paint. Saves 50 per cent. We carry a large stock of this siding, also Texaco Roofing and Schumacher Plaster Board.

LICENSE NEGLECT CAUSE OF ARRESTS

On authority of Chief of Police Parrish, five teamsters in the employ of Nick Snow were placed under bond Friday for operating drays without license. Snow made bond for the men. It is understood that a defense will be made.

The police department arrested S. A. Grigsby, charged with stealing a tent, on complaint of V. W. Haskell. According to the police department, a tent supposed to be the one stolen was found in the possession of Grigsby. The prisoner has been turned over to the county officials.

What you want to buy, when you want to buy it. What you want to rent, when you want to rent it. The Times want ads.

The bargain counter, clearing house, market place of Ranger, is the Times want columns.

WANTED TO BUY—Good spring wagon. Must be reasonable. Apply C. N. Shafer at 7 a. m. or 12 m., rear fire station.

Ranger's Negroes Now are Assured a Baptist Church

A Baptist tabernacle for negroes of the city is now an assured fact. Plans to build a structure for the use of the negroes were first outlined about two months ago, and a meeting was held several weeks ago at which the proposed tabernacle was given the stamp of approval.

Over \$800 has been raised by negro workers, to be used in construction of the building, and this will be supplemented by \$2,000 furnished by white persons, members of the Baptist church here.

The structure will be located on North Austin street, several blocks north of Main. Work on the tabernacle will start next Monday, according to present plans, and the building should be completed in two weeks from the date of beginning.

Ed Smith Returns from Honeymoon

After several days honeymoon trip, Chief Ed. S. Smith and Mrs. Smith, who were married in Shreveport, La., on March 10, returned home yesterday and are receiving their friends in their apartments in the fire hall.

YANKEE WIT MAKES OILER, COAL BURNER PHILADELPHIA, March 13.—Yankee ingenuity has triumphed in far off Belgian Congo. The American steamer Ogontz, built at Hog Island last May, as an oil burner, ran short of fuel at Matadi. Captain H. Kerr managed in twenty-one hours to convert her into a coal burner. After discharging its cargo, the Ogontz steamed nearly 1,000 miles to Las Palmas Island and obtained a supply of fuel oil. She was reconverted into an oil burner there and returned to New York.

WOOL GROWERS ADVISED TO CLAIM 1918 LOSSES THROUGH VALUATION

SAN ANGELO, March 13.—Acting upon advice from Congressman Hinds, the wool growers of West Texas will file claims with the government for alleged losses aggregating several hundred thousand dollars sustained in 1918 through under-valuation, the growers say, of long spring wool.

WILL DIRECT THE SETTLEMENT OF FRENCH CLAIMS

Col. Arthur W. Yates, who has been chief quartermaster of the American forces in France, has returned to Washington to take charge of the section of the quartermaster's office charged with the settlement of French claims and other matters relative to the activities of the quartermaster's office charged with the settlement of French claims and other matters relative to the activities of the quartermaster's corps in France.

Col. Arthur W. Yates, who has been chief quartermaster of the American forces in France, has returned to Washington to take charge of the section of the quartermaster's office charged with the settlement of French claims and other matters relative to the activities of the quartermaster's corps in France.

Naval Hero Hobson Booked for Lecture Ranger, March 31

An advance agent of Lieutenant Richard Hobson, famous naval hero and later renowned as a lecturer, has completed tentative arrangements whereby Hobson will lecture here March 31, under the auspices of the Baptist church. Details of the lecture will be announced at a later date.

THIRTY MEMBERSHIPS SOUGHT BY FIGHTING WRITERS COMING HERE

T. E. Gustine, advance agent of the Fighting Journalists, an organization composed of newspaper men who saw active service in combat divisions in France, was in Ranger Friday completing arrangements for thirty memberships in the organization, to be taken out by business men of the town. Memberships cost \$50.00 each.

The convention will come here on May 7, and make Ranger headquarters for five days. Prominent newspaper men from all over the country have promised to attend and \$3,000 in prizes will be awarded for the best stories of the Texas oil fields.

News is the world's story of what the world is doing. Advertising is the world's carefully considered salesmanship through good print, of its goods. For both—read the Times.

PALMER'S PROBABLE CAMPAIGN MANAGER

Vance McCormick, newspaper publisher of Harrisburg, Pa., is regarded as the likely selection of A. Mitchell Palmer to pilot the latter's campaign for the Democratic presidential nomination. McCormick was chairman of the national Democratic campaign committee in 1916, and the following year was a member of the war mission to Great Britain and France.

Vance McCormick, newspaper publisher of Harrisburg, Pa., is regarded as the likely selection of A. Mitchell Palmer to pilot the latter's campaign for the Democratic presidential nomination. McCormick was chairman of the national Democratic campaign committee in 1916, and the following year was a member of the war mission to Great Britain and France.

PROFESSIONAL JOKESTER SELLS SMART ANECDOTES

LONDON, March 12.—To the long list of odd means of earning a livelihood to which out-of-work former service men have turned after vain search for employment has been added that of the professional jokester.

"A new, smart dinner story sent nine consecutive weeks for one shilling sixpence," reads the advertisement of one enterprising tale-teller which is appearing in London newspapers. Critics of the enterprise agree that the advertising joker cannot be accused of profiteering.

WORLD'S HUGEST TELESCOPE.

VANCOUVER, B. C., March 13.—A telescope which, it is claimed, will be the largest in the world, is to be erected here soon. The lens will be ten feet in diameter, half a foot larger than a famous telescope at Leipsic.

SHAVE WITH CUTICURA SOAP
The Healthy Up-to-Date Cuticura Way

One Soap for All Uses Shaving Bathing Shampooing

No mug, no slimy soap, no germs, no free alkali, no waste, no irritation even when shaved twice daily. Doubles safety razor efficiency, not to speak of its value in promoting skin purity, skin comfort and skin health due to its delicate fragrant Cuticura medication. After shaving touch spots of dandruff or irritation, if any, with Cuticura Ointment. Then bathe and shampoo with same cake of soap. One soap for all uses. Rinse with tepid or cold water, dry gently and dust on a few grains of Cuticura Talcum and note how soft and velvety your skin.

Absolutely nothing like the Cuticura Trio for every-day toilet uses. Soap to cleanse and purify, Ointment to soothe and heal, Talcum to powder and perfume. 25c each. Sample each free by mail. Address: "Cuticura Laboratories, Dept. Y, Malden, Mass."

UNEMPLOYED WOMEN AIDED IN GREAT BRITAIN

LONDON, March 13.—Women who are out of work or whose earning capacities have suffered as a result of the war, now have the benefit of the direct help and advice of the Central Committee on Women's Training and Employment, which has just been appointed by the minister of labor as a standing committee. The new committee has been empowered to take over the balance of the queen's "Work for Women" fund and a further sum of 500,000 pounds has been allocated to it by the national relief fund.

The new committee, which consists of fourteen members, all well known social workers under the chairmanship of Marcellioness of Crewe, will begin at once to train eligible women to qualify as teachers of domestic science, higher grade cookery, physical science and welfare work, and a selected few will be introduced to the medical and legal professions.

BETTER CREDIT MEXICAN HOPE IN U. S. TRADE

By Associated Press
MEXICO CITY, March 13.—Local newspapers refer to the United States and Mexican Trade conference which recently closed its sessions here as of "transcendent importance" and add that as a result there will be "closer relations between the two republics, better understanding and mutual amity." They express the hope that this conference will be made an annual affair.

That Mexico is a fertile field for American trade expansion was admitted by all speakers and all agreed that if the United States is to get its share of business there must be a revision of its trade methods. A point insisted upon by persons acquainted with the country was that the "cash in advance" policy must be abandoned or at least modified. Germany and Great Britain, considered to be the principal commercial competitors, are liberal with their credits, it was declared. Lating temperament does not take kindly to a policy that even hints at personal dishonesty.

American banks were severely censured during the discussion for an alleged lack of co-operation with American exporters in the matter of credits and other accommodations that might facilitate business. Representatives of these banks declared in defense that there was no disposition to discriminate and that a suitable credit standing is all that is necessary. F. W. Dunkerly, local banker and representative of the American Bankers' association, said that Mexican banks are opening commercial credits in the United States, Europe, China and Japan and that a system of trade acceptances is being worked out. He urged larger American investments. "The opportunity is here," he declared, "the time is propitious and someone is going to furnish the necessary capital. We hope it will be largely American."

Prospective advertisers in the republic were given many helpful hints by merchants here, all of them complimenting the newspapers upon their general reliability and worth. "Send representatives to Mexico who speak the language, Spanish," was another injunction imparted by speakers. "The reason Germany is strong here," declared one, "is because every business man who comes here speaks Spanish as fluently as his native tongue. He has been educated to understand the people; he lives as they do and he, more than any other foreigner, marries into the Mexican families. Moreover, he has one business policy that few American firms follow. He fills an order exactly as it is given. One of the principal objections Mexicans find with the American firms is their consistent substitution with 'something just as good.' That, coupled with a harsh credit system, makes entry difficult."

The conference did little formal business. An address by John J. Arnold of San Francisco, representing the American Bankers' association, in which he advocated the calling of an international banking conference and the establishment of an international clearing house, resulted in the appointment of a committee to draft a resolution endorsing this sentiment. The committee, however, failed to report. Another resolution which lacked formal sanction provided for a system of exchange of students between American and Mexican universities.

AMERICAS LINKED THRU CO-OPERATION OF NEWSPAPERMEN

BUENOS AIRES, March 13.—Interchange of news between North and South America through connection of the South American newspapers with the news agencies and newspapers of the United States has brought about "a better and more thorough feeling of commercial and social brotherhood in every nation than would have been possible in anything less than decades under other conditions," Don Jorge Mitre, director of La Nacion, told members of the American club of Buenos Aires at a luncheon recently. Speaking as a publisher, Mr. Mitre

said: "I consider this to be one of the great missions of journalism." "After all," he asserted, "the greatest service a newspaper or news agency can render to the country in which it is located, in particular, and to the world in general, is to spread information items that will assist prospective investors, merchants, and bankers or any other persons interested in obtaining a definite and true knowledge of conditions in a country where their future may lie." Mr. Mitre said the ideals and duties of the newspapers in the upper and lower halves of the western hemisphere were the same. "The methods of newspaper making are different, but they are becoming even smaller."

If you read it in the Times, it's news and its reliable.

RAILROAD CROSSING MIDKANSAS OFFICERS NEARING SETTLEMENT

Final arrangements to open a crossing over the Texas & Pacific railroad, at the Mid-Kansas offices a half mile above the depot, are being put through by Mayor Haganman and members of the city commission. Settlement with several landholders in the vicinity has already been made and the crossing may be opened some time next week.

PERSONALS

ADD PERSONAL
Walsh Burney, a building contractor of San Antonio, who has many operations in the course of construction in Ranger and vicinity, is in town and reports the work going forward smoothly.

M. T. Clements, Ranger manager of the David S. Castle architectural firm, is spending the day in Abilene on business.

Mrs. Ethel Lahey and daughter, Kathryn, of 1722 Corinth street, Dallas, are in the city visiting Mrs. Lahey's son, Joe Lahey of 407 Mesquite street.

Dr. and Mrs. Harry A. Longson have returned from a visit to Fort Worth, where they attended the stock show.

TRAIN SERVICE NEAR NORMAL SATURDAY

Train service here is once more normal. All trains were running near schedule time Saturday, even the Sunshine Special pulling in from the west on time.

Lightening of traffic due to let-up in the movement of last year's crops from West Texas and a greatly improved roadbed, resulting from the dry weather, were assigned by local officials as causes for better service.

WATER BILLS PAST DUE; COMPANY TAKES CUT-OFF

Water rent is past due. Secretary Moore of the Ranger Waterworks company, stated Saturday. The company has been very lenient in its treatment of delinquent customers, but in some cases it may have to cut off water rights to some of them.

ALL WRONG WAS HER LIVER

Before Taking Black-Draught, Missouri Lady Was Troubled With Constipation, Headache and Bad Taste in Mouth.

Grandin, Mo.—Mrs. Susa Brooks, of this place, writes: "Some time ago I was in a bad fix, with stomach and liver trouble. I did not feel good at any time. I was very constipated and had headaches from this condition, and had a continual hurting in my stomach, and bad taste in my mouth. Could tell my liver was all wrong. I had known of Black-Draught, so decided to try it myself. I began with a large dose or doses, gradually getting to smaller doses. It regulated my bowels, relieved me of the hurting in my stomach, cleaned off my liver and made me feel like a new person."

If you get up in the morning feeling as tired as you did when you went to bed—achy, coated tongue, bad taste in mouth, sallow complexion—then your liver has not done its full duty, and your system has absorbed the poisons which your liver should have taken away.

An occasional dose of Theford's Black-Draught will help this important organ to function properly. Get a package of Theford's Black-Draught liver medicine today. Druggists sell it, or can get it for you.—Adv.

50,000 FARMERS OWN THEIR MOTOR VEHICLES

WASHINGTON, March 13.—The extent to which motor vehicles are supplanting the horse on farms is problematical, department of agriculture experts declare, after a recent survey which disclosed that at least 50,000 farmers in the country own motor trucks which they use on their farms. Passenger cars and trailers were excluded. In many cases the introduction of a truck on a farm indicates provision for increased hauling rather than an actual reduction in the number of horses used. Horses on farms reached their maximum in 1913, and since then have been gradually decreasing. Their number on Jan. 1 this year was 21,109,000, a decrease of 374,000 head from Jan. 1 last year. The horse market is regarded as unsettled and the future equally uncertain. The best demand during the last year has been in the south.

PENNSYLVANIA BOYS SAVE STARVING GAME

HARRISBURG, Pa., March 13.—Eighty-six boys in the schools of Lykens borough saved the game in the state game preserve in the upper end of Dauphin county by helping to get food to them during the recent heavy snow. They volunteered to shovel snow from the road into the woodland where herds of deer and numbers of grouse, pheasants and quail, recently placed there by the Pennsylvania game commission, were in danger of starving. Though snow drifts three or four feet high were piled in the path the boys in one afternoon cut a path through them and enabled the keeper to save valuable game.

SHORT CIRCUIT BURNS OUT WITHOUT DAMAGE

The fire department made a run last night to the corner of Pine and Commerce streets. An electric wire had become short-circuited. It burned itself out without doing any damage.

LEADS LAST TROOPS OF U. S. IN SIBERIA

Col. Charles Morrow.

The only American regiment now on duty in Siberia, according to reports, is that of Col. Charles Morrow, twin brother of Edwin P. Morrow, governor of Kentucky. The governor has had no word of his brother since the latter's troops were engaged in pacifying the Balkan district of Siberia. Colonel Morrow has seen service in the Philippines and a large part of the world. He was in the Boxer campaign and later was military governor of a Chinese province for the American government for a time. Whether Colonel Morrow and his men have ever left Siberia there is no word at his home. He is a native of Somerset, Ky.

WELL TO DO FARMER GAINED 20 POUNDS

H. W. Boring Says He Is In Better General Health Than He Has Been In Years Since Taking Tanlac.

H. W. Boring, Of Overland Park, Kansas.

"Since Tanlac has overcome my troubles I have gained twenty pounds in weight and am in better general health than for years past," was the straight-forward statement made a few days ago by H. W. Boring, a prominent and well-to-do farmer living at Overland Park, Kansas.

"During the two years I suffered I tried everything I knew to get relief, but nothing seemed to reach my case until I tried Tanlac. My appetite was poor and my digestion was so bad I could hardly retain my food. Nothing agreed with me; in fact, I was almost a confirmed dyspeptic. My whole system seemed to be out of shape. I would have pains across the small of my back so bad at times I could hardly move around.

"My nerves were all unstrung and I would become up-set at the least little thing. I seldom slept well at night and, finally, became so weak and run-down that I lost weight rapidly. I was also troubled a great deal with catarrh and of mornings had to spend a half hour or more cleaning up my head.

"This is just the condition I was in when I began taking Tanlac, and it certainly has been a blessing to me. It just seemed to be made especially for my case. I improved from the very first. My digestion now is perfect and regardless of what I eat I never suffer any bad after effects.

"The pains across my back have entirely disappeared. The catarrh has left me, too, and my head is perfectly clear. I am no longer nervous, and rest well every night. I have regained my lost weight and am feeling better and stronger than I have in years. I am going to keep Tanlac in my house so it will be handy at all times."

Tanlac is sold in Ranger by Phillips Bros., and in Eastland by Butler Drug Co.—Adv.
