

VINES MURDER MYSTERY UNSOLVED

FIFTY DERRICKS BLOWN DOWN, WOMAN KILLED IN BIG STORM, REPORTED FROM BRECKENRIDGE

BULLETIN.

BRECKENRIDGE, May 6.—Secretary Hancock of the Chamber of Commerce estimates that the damage done here was about \$100,000.

"But," he said, "the rain has filled all the water tanks and Breckenridge now has plenty of water. The good done by the storm is greater than the damage."

"The story that a woman was killed is incorrect. She was in a tent that was burned, but was not badly injured."

"A man in camp at the creek was injured."

BRECKENRIDGE, May 6.—Breckenridge was badly damaged by the storm yesterday evening.

Complete reports of the losses have not been gathered, but it is reported that about fifty oil derricks were blown down and that a number of houses were damaged.

There is an unconfirmed report that a woman was killed during the storm. Details of this tragedy are lacking.

The loss in property was great. Some estimates put it at hundreds of thousands of dollars.

Other places in Stephens county report damage during the storm.

Losses in Johnson County.

CLEBURNE, May 6.—Heavy damage throughout Johnson county was caused by last night's storm.

Four Inches of Rain.

STAMFORD, May 6.—The four months' drouth in West Texas was broken by four inches of rain in the past two days.

COAL OPERATORS AND MINERS ON TRIAL TODAY FOR ALLEGED CONSPIRACY TO BOOST PRICES

BY HILLARD D. GARRITSON,
International News Service Staff
Correspondent.

INDIANAPOLIS, Ind., May 6.—Some of the most prominent figures in the bituminous coal industry in the United States were to be arraigned in the United States district court here today under an indictment charging 125 soft coal operators and miners with conspiracy to restrict the production and distribution of coal and conspiracy to "exact excessive prices." Approximately two-thirds of the defendants are operators and the rest mine workers and union officials.

The indictment under which the operators and miners were to enter pleas before Judge A. B. Anderson was the result of a three-months' investigation into every phase of the coal industry by a special federal grand jury and today's court action is the culmination of the coal controversy which had its inception early last fall, prior to the nationwide strike of half a million coal miners. The defendants, with one exception, are all from the central competitive coal field, comprising Illinois, Indiana, Ohio and western Pennsylvania. One of the indicted men has been dead a year.

An imposing array of legal talent has been engaged to defend both the miners and operators. Charles Evans Hughes heads the counsel for the miners and their officials, and some twenty-five prominent attorneys have been engaged to carry on the legal fight for the operators. Judge Anderson, who also presided at the injunction proceedings against the miners' leaders here last autumn, will hear the conspiracy proceedings.

Vigorous measures were taken by some operators outside Indiana to fight extradition to the jurisdiction of Judge Anderson's court and it was stated today that the defendants in the operators' camp are prepared to "fight the case against them on every legal technicality." The operators, too, were prepared for battle on technicalities, it was stated, and they voiced the utmost confidence in the ability of their counsel.

Although there was no indication in advance of the arraignment today as to just what course the proceedings may take, the government, through its representatives here, has let it be known that it intends to "go through with the case," pressing its charges to the limit. L. Eri Slack, special United States district attorney, and Dan W. Simms, special assistant district attorney, who conducted the grand jury's investigation of the coal industry, will figure prominently in any action the govern-

ment takes, it is indicated. The indictment is in eighteen counts. The first four counts charge a general conspiracy of all the defendants to "limit the facilities for transporting, producing, supplying storage and dealing in bituminous coal."

The next five counts charge to mine, sell or deliver coal, by refusing to mine, sell or deliver coal for storage purposes, by increasing and maintaining excessive prices for coal, by calling and causing strikes among mine workers, by closing down coal mines, in violation of subdivisions a, b, c and d of section 9 of the Lever act, Aug. 10, 1917, to Oct. 21, 1919.

The next five counts charge a similar conspiracy to "violate the first five subdivisions of section 2 of the amendment to the Lever act of Oct. 22, 1919, which are the same as the corresponding subdivisions of the Lever act upon which the first four counts are based, and cover the period of time from the enactment of the amendment until the date of the presentment of the indictment, March 11, 1920.

Through alleged conspiracy to exact excessive prices for soft coal, violation of subdivisions of section 9 of the Lever act is charged in the tenth count. Conspiracy to commit an offense against the United States by exacting excessive prices for bituminous coal is charged in the eleventh count, which sets out ten alleged overt acts "committed to effect the object of the conspiracy." The alleged overt acts include activities of John L. Lewis, then acting president, and William Green, secretary-treasurer of the United Mine Workers of America, in calling the strike and the alleged abandonment of mining operations and boosting of coal prices by certain operators.

"Discriminatory, unfair and deceptive practices and devices" in handling coal by "falsely reporting to mine workers that coal could not be sold; by falsely claiming there was a shortage of coal cars; by reporting to each other prices charged for coal; and by increasing and maintaining a price for coal higher than the market price," contrary to the provisions of the Lever act, are charged in the twelfth count. The thirteenth count is the same as the twelfth, but is drawn under the amendment.

Conspiracy to commit an offense by holding bituminous coal for the purpose of limiting the supply to the public and affect, by increasing the market price thereof, is charged in the fourteenth count. Overt acts are set out in this count also.

Disposing of President Wilson's Note—

By Morris

JUDGE ORDERS JURY INQUIRY AT DESDEMONA

Calls for Investigation into Retirement of Town's Chief of Police.

EASTLAND, May 6.—When Judge E. A. Hill convened the May term of the district court on Monday morning, a large array of attorneys from the different portions of the state were present to see about their cases. After empaneling the grand jury for the term, the judge gave an unusually strong charge to it, but it was late in the afternoon of Monday when he called the grand jury for another charge, when he scored the recent Desdemona troubles and directed a searching investigation of the troubles down there.

The fact that lawlessness has been allowed to go on in that community demanded action by the court, he said, and the further fact that both private citizens and Texas Rangers had arrested without court process certain citizens and had bodily removed them from Desdemona in the nighttime demanded that indictments be returned against the law-breakers. C. L. Garrett of Eastland was appointed foreman of the grand jury.

Nearly all of Monday in court was taken up with the calling and setting of the long jury and non-jury dockets, and during Tuesday morning the appearance docket was called. All cases on the dockets, except those on the appearance docket, have been set for special days during seven weeks of May and June court. On Tuesday morning attention of the court and a large number of lawyers who were present was called to conditions in the court which demanded speedy action by the legislature to establish an additional district court at Eastland. A meeting of the bar was held, and upon motion Judge Hill appointed three members to select a committee of fifteen attorneys to present the importance of a new court in Eastland to the governor and to the special session of the legislature to be convened the last of May and do what is necessary to secure the establishment of such a court.

The following were chosen for the committee of fifteen: Senator H. P. Brelsford, Judge Joe Bickett, John Saxley, John D. McRea, J. A. Harton, John W. Turner, Ed W. Smith, J. R. Stubblefield, F. A. Jenkins, L. M. Levy, L. R. Pearson, D. K. Scott, Jake Alford, Sam R. Scott and W. L. Curtis.

MRS. SAMUEL GOMPERS IN SERIOUS CONDITION

WASHINGTON, May 6.—Mrs. Samuel Gompers, aged 69, wife of the president of the American Federation of Labor, is seriously ill here. She has suffered two strokes of paralysis.

RAIN CHANGES JOURNALISTS' OIL SCHEDULE

Sam Kugell of New Haven in Clash With "Law."

Revised schedules of the Fighting Journalists called for a trip to Caldo from Ranger Wednesday night, but the weather wrote another chapter. They started, all 32 of them, in cars from Ranger at about 6 p. m. Then came the cloudburst. And over the shell-ton highway they made their way back reaching Ranger at 9:30 p. m.

"Give us a couple of pictures of Caldo. That's all we want," they offered, after a sample of the roads over which they would have to go to make the oil fields north. So Ranger will be their center of operations until the trip is resumed. Pecos is the far western limit of the tour.

Today they are visiting the tool companies of Ranger and wondering what's going to happen tonight. The entertainment this evening is in capable hands and no detail will be lacking. It will start about 9 p. m. and continue indefinitely.

Mrs. George Morrison, Mrs. Eugene O'Brien and Miss Mattie L. Durke, the girls of the party, will seek other diversion.

Sam H. Kugell, representing the New Haven Journal-Courier and New Haven Union, clashed mildly with Col. R. W. Mitchell, whom he imagined represented the peace forces of Ranger. Mr. Kugell, in company with several of the boys was demonstrating his ability with the galling bonhomie on the sidewalk in front of the Hotel Theodore.

"Come with me, young man," suggested the colonel, in a fatherly tone. He halted Kugell inside and looked at him severely. "I trust I may call upon my attorney in Hartford," said Sam. "What references can you give?" queried the officer.

"I refer you to Bradstreet's," replied Mr. Kugell, seeming to infer that his standing as a banker for a dice game was the information wanted.

Revenge was had upon the colonel by the writers when they demanded verses and speeches from him and secured him until he was exhausted.

ROTARY CLUB WANTS BETTER TELEPHONES

Service Given to Ranger Considered at Meeting of Organization.

The Ranger Rotary club at its meeting at the Theodore hotel Wednesday discussed the telephone situation in Ranger in detail.

Mr. E. H. McClerkin, local manager, advised that the telephone company was doing all it could do to obtain material and supplies for the installation of a new exchange. He stated that the general office had advised him that they could not buy cable and guarantee delivery under fifteen months. The betterment of the service in Ranger could not be promised until the new exchange was installed, and that date was not close enough to even be estimated, said Mr. McClerkin. He explained the trouble the company has been having in the location of a new building and stated that a lot had been purchased but at the present time the erection of a new building would be too expensive; rents were also too high for consideration, he said.

Ray Newham, city commissioner, stated that the telephone company had been offered reasonable rent, in fact, at a much cheaper figure than the interest on a new building would be if erected by the telephone company. He stated that it was time for the citizens of Ranger to take the reins in their hands and endeavor to obtain from the telephone company a satisfactory explanation for the delay. He intimated that the unsatisfactory conditions here could be remedied if the proper pressure was brought to bear on the officials of the telephone company.

R. D. Lincoln, who was formerly employed by the Southwestern Telephone company as electrical engineer for a good many years, followed Mr. Newham and explained that on several visits to this city the officials from the general offices had visited him seeking information.

SUES FOR POSSESSION OF HUSBAND'S BODY

NOELVILLE, Ind., May 6.—Mrs. Leona Barnes of Indianapolis has filed suit in Hamilton county circuit court here for the possession of her husband's body. Russell Barnes and Mrs. Eva Davah of this city, step-children of the complainant are defendants in the suit.

Mrs. Barnes alleges that the body of her husband which was buried in Indianapolis, was exhumed in Noblesville without her consent or knowledge. She asserts she has the legal right to the possession of the body.

CHIEF GAMBELL DOUBTS ESCAPED PRISONERS KILLED MERCHANT

Theories in Vines Murder Mystery

1. That two boys shot and killed Mr. Vines after they had escaped from the Ranger jail and were trying to hold up two men near the Texas & Pacific railroad depot.
2. That the two men who said that they were being held up when Mr. Vines approached were really the hold-up men and murderers and told their story to avoid being detained. These two men have vanished.
3. That there was no hold-up and that Mr. Vines was killed by an enemy.

The murder of J. E. Vines, manager of the Texas Implement company and the Metropolitan hotel, which occurred about 9 o'clock Wednesday night, four blocks north of Main street, is still a complete mystery.

There was a report that the crime was committed by robbers when Vines walked upon them while they were holding up two men and refused to hold up his hands when ordered to do so.

The two men who claimed they were being held up at the time of the killing have disappeared.

They are reported as saying that the robbers said that they were the burglars who were held in connection with the leader store burglary some time ago and had broken jail that afternoon.

The police scout the theory that the jail breakers did the killing. They also doubt the story which the two men who were robbed are said to have told.

Chief Gambell's Views.

Chief of Detectives Gambell of the police department expressed the opinion that the prisoners who escaped from the jail were all boys, the youngest being 17 years old and the oldest only 19. This fact led him to believe that as soon as they got away, they would try to leave town at once rather than stay until after night. He also pointed out the fact that to do such a job the boys would be bound to steal guns, since they had no money, and his department has not received any report of guns being stolen.

Mr. Gambell thought that the fact that the two men who were held up could not be found was strange. It also seemed strange to him that those who were said to have done the killing should have made the statement that they had broken jail.

He thought this was a method being used by the real perpetrators of the deed to throw the officers off the trail.

The only real fact that has been discovered is that Mr. Vines was in the habit of going at times to Lackland addition to visit friends. This establishes his being in the neighborhood at that hour.

Search for Fugitives.

Thus far the police have discovered no reason why anyone would want to kill Mr. Vines. Detective Black, who is on the case, concurred in the opinion expressed by Gambell. Mrs. Vines was on the way here yesterday when notified that her husband was dead. She tends herself to the theory that for some unknown reason the death of her husband was deliberate.

The police department has sent wires to all surrounding officers to keep watch for the jail breakers. Mr. Gambell is confident that they will be apprehended before the day is gone.

Gambell in his account of how the alleged burglars escaped, said that the janitor at the jail told him that the cells must be cleaned out on the men's side. He told the janitor, he said, to put the prisoners in the women's side while he did the work, and that the janitor, instead of locking them in the cells, left them in the runaround.

After cleaning the cells, Gambell said, the janitor told him that he was finished. Chief Gambell then told him to leave them where they were, thinking that they were securely locked in the cells.

From the runaround it was an easy matter for the prisoners to prize their way out.

TEXAS OPERATORS GIVE COAL MINERS EIGHT-HOUR DAY

FORT WORTH, May 6.—Coal mine operators, at their meeting here today, agreed to give the miners of Texas the eight-hour work day and also agree to guarantee the miners at least four days work a week.

3,000 CARPENTERS GRANTED \$60 A WEEK

PHILADELPHIA, May 6.—Three thousand of the 7,000 carpenters who struck on Saturday returned to work today, according to a statement by union officials.

They assert that the \$60 a week wage scale has been granted by 119 contractors.

NOOZIE

THE SUNSHINE KID.

The wind was strong enough during the rainstorm yesterday to blow a boxcar off the track. If your roof was strong enough to stay on and keep you dry you have something to be thankful for.

12,500-BARREL OIL WELL BROUGHT IN AT BRECKENRIDGE

BRECKENRIDGE, May 6.—Breckenridge, despite the storm damage, is exciting today, for a 12,500-barrel oil well has just been brought in one mile south of town in the K. Stoker tract of the Gulf Production company.

On this tract the Stoker well No. 1 was abandoned about a year ago. Drilling was recently renewed at another place and the present gusher was found. The oil is flowing so fast that it can not all be saved and is spreading over the ground.

At the Leading Amusement Houses
TODAY

LIBERTY—Lina Cavalieri in "A WOMAN OF IMPULSE."
LONE STAR—Marguerite Clark in "EASY TO GET."
LAMB—"TOBY'S BOW," featuring Tom Moore.
OPERA HOUSE—Francella Billington in "THE DAY SHE PAID"; also Amy Butler with her beautiful girls.
HIPPODROME—"Baby Vampires" Musical Comedy Co. presents "McFADDEN'S MISFORTUNE," and feature picture, "The Stolen Play."
QUEEN—William Desmond in "SAGEBRUSH HAMLET."

LONE STAR.
Marguerite Clark, the Missing One, in "Easy To Get."
Losing his bride during the first hour of their honeymoon is the unhappy fate of the young husband in "Easy to Get," the new comedy photoplay starring Marguerite Clark at the Lone Star theater. It's all the result of a rash remark that the recent groom made about all women being "easy to get." The bride, played by Miss Clark, overhears and resolved to teach hubby a lesson, slips off the "honeymoon express" into a nest of adventures.
"Easy to Get" is one of the most entertaining pictures Miss Clark has had in a long while. She is ably supported by a cast headed by Harrison Ford and including Rodney La Roque, Kid Broad and Helen Greene. Izola Forrester and Mann Page wrote the original story, which was scenarized by Julia Crawford Ivers. It is a Paramount Arterraft picture. Walter Edwards was the director.

OPERA HOUSE.
New Picture Gives Unusual Version of Debated Sex Situation.
If a man errs and is forgiven, why should a woman's one false step follow her to eternity? This is the question the famous novelist, Fannie Hurst, asked in her Cosmopolitan Magazine story "Oats for the Woman," some months ago, and this story has been made into a Universal film production, "The Day She Paid," which is showing at the Opera House.
In this picture Francella Billington appears as the beautiful head-model in a fashionable New York establishment manufacturing women's garments. Three years previous to the opening of the store she had an affair with her employer, played by Harry Can Meter, who subsequently left her with a promise of marriage. Now there comes into her life a wealthy and respected merchant from another city, a customer of the New York concern, played by Charles Clary. This man is a widower, the father of a girl of sixteen and a child of four. The model is really fond of the man, and rather than risk her future happiness, she marries him without revealing her past.
In addition to this picture the man-

agement has secured Amy Butler's musical comedy company for the last three days of this week. It is said to be a very good company, having just recently finished playing out a contract on the Orpheum circuit.
LIBERTY.
Lina Cavalieri, in a "Woman of Impulse," at the Liberty, does some real acting, and the climax of the play stages a real thrill.
The action of the play begins in Milan, Italy, and the action is swift. It shows Lina Cavalieri as a peasant girl endowed with a wonderful singing voice. Later she becomes the rage of Paris, finally landing in America.
In France the singer has met an American who is a cousin to the man she has married, and who fell in love with her.
Near New Orleans, in her American tour, she meets this American again and in a dramatic moment she—but that is the thrill, and it is better enjoyed when seen than when read about.

CLOSE EARLY IDEA GAINS IN IMPETUS AMONG MERCHANTS
The action of J. M. White of the White Dry Goods company, in starting a movement to get all merchant establishments that can reasonably do so, to close earlier, is fast gaining a following. Many merchants are favoring the idea, and the clerks are strong in their indorsement of the plan.
Mr. White said this morning he was sure all merchants would see the wisdom of the move and join it when asked.
Mr. White also said that within a few days the Chamber of Commerce or the merchants themselves would circulate a petition asking that the places of business be closed at 6:30 p. m. or an hour that could be agreed upon.

B. AND W. M. CLUB PETITION IN HANDS OF STATE OFFICIALS
The Business and Working Men's club, which holds regular meetings Wednesday nights, failed to meet last night because of the weather. The secretary of the club said this morning that the petition endorsed by the club and the ministers of the city, asking that the governor's department investigate the records of officers in Eastland county had been sent by registered mail to Austin and that he had a return receipt in his possession showing that both the attorney general and the governor had received the petition.
No official word has been received here as to what action would be taken by the state officials.

MINING EXPERT COMES TO STUDY LIGNITES
D. M. Travers, a mining expert from Colorado, was in Ranger yesterday, on his way to Stephens county, where he will examine lignite deposits.
Mr. Travers said that indications are favorable for several minerals to be developed in Eastland county in commercial quantities. He expects to return here soon and make a detailed examination into certain formations near Ranger and Strawn.

Clean-Up Success; School Districts Rivalry Is Keen

The "clean-up" staged yesterday by the citizens of the town, while not entirely cleaning the city, was a real success.
School was turned out in the afternoon and the children and women with the help of the men put the school districts in first class shape. The children had before them the incentive of prizes offered and they went for the work with a will. The prize awards will be made within the next day or two.
The business district was not so well organized as the school districts. Neither did it have the co-operation of the women and children, but in spite of these handicaps real results were obtained.
John H. Moore, chairman of the clean-up movement, stated that more than seventy-five loads of trash had been hauled from the alleys of the business section of the city. He said that all the work needed had not been done.
W. H. Stowe, sanitary inspector, was a large factor in the work yesterday. He notified all owners of buildings that they must keep their alleys clean, else they would be subject to a fine.
Mr. Moore said with the start that had been made yesterday if everyone would continue the work around their own premises it would not be long until the city would be as clean as it would be possible to make it.

Rain Gives City Water Supply for Ensuing 3 Months

The rain last night raised the water line in Hagaman lake, Ranger's source of water supply, about two feet. The officers of the water company were pleased with the additional supply but said they had not reached anything like a water famine.
According to R. R. Nelms, manager of the company, Ranger could have gone sixty days, at the most conservative estimate, without additional rain, without suffering uneasiness concerning water.
According to the engineer in charge of the pump at the lake, during the past month consumption had lowered the water line eight inches. On this basis the increase gained last night will afford water for the city for a period of three months.

HIGH SCHOOL GIRLS STUDY PATCHING
AUSTIN, May 6.—Texas high school girls who take home economics are taught embroidery and crochet work secondary to patching and darning, renovating of old clothes and stockings and cutting down adults' clothing for use by children, according to Miss Lillian Peck, assistant state director of home economics. The girls are required to bring old clothes and stockings from home to be made over in a practical way.
"Another feature we are pushing," Miss Peck said, "is the proper feeding of families. From fifteen to twenty-five per cent of our school children are under nourished, because their food is not of the proper kind. Several instances have come to notice, where the girls have carried their lessons home, and persuaded their parents to change the diet of young children, so that they might have proper food."

STEALS LUMBER TO BUILD A HOME
DALLAS, May 6.—Julius Jones, a negro employe of a lumber yard, got tired of paying high rents. He decided to build a home. Each day when he left work at the yard, he took with him a piece or two of lumber. Presently, however, the lumber company began to miss some of their stock and investigation disclosed a nearly completed cottage the negro had built. It is estimated the negro carried away \$1,000 worth of lumber, piece by piece.

STORM NO DAMPER TO JACK GARDNER DANCE WEDNESDAY

Cloud bursts, lightning bolts and mud could not keep dance enthusiasts away from the Jack Gardner party at the Summer Garden Wednesday evening. Despite the weather, a good crowd enjoyed the return of the novelty four.
The dance had been scheduled for Shamrock pavilion but was transferred to the Summer Garden on account of the storm.
As usual, Jack's offerings were received hilariously. The party was a credit to the hosts, John L. Fulk and L. S. Kinard.
For good dentistry, see Dr. Jeff Halford.—Adv.

SCHOOL GIRLS MAKING GRADUATION FROCKS
By Associated Press.
TOPEKA, Kan., May 6.—Senior girls of the Topeka high school are engaged in making their graduation frocks in the domestic arts class, under the direction of their instructor, Miss Ora McMillan.
The cost will be from \$8 to \$10—the price of the material, Miss McMillan said. Some of the girls are making spring bonnets in the class room. They also have agreed not to carry flowers at commencement day exercises, thus eliminating another customary item of expense.

"SO SICK AND MISERABLE"
Mrs. A. E. Hager, 900 London Road, Duluth, Minn., writes: "I have been taking your Cadomene Tablets for the past month. They certainly did wonders for me, as I was so nervous I wasn't able to do my own housework; so sick and miserable. Now I can do all my own work and feel good all the time. My daughter and her husband have also been taking them, and they helped wonderfully."
Thousands of sick, nervous, impoverished, weak men and women have found Cadomene Tablets a true tonic and builder. Try them—if not perfectly satisfied with results the proprietors will refund purchase price. Sold by all druggists everywhere.—Adv.

JOHN-A-DREAMS

XI. WHEN YOUR DREAMS LEAD INTO SOLITUDE.

Dreams of solitude depress the mind. But not always does the feeling of loneliness, that creeps upon us as we slumber, bore ill, or unless horror or fright accompany it, it is an omen of good things more than not: for

Solitude sometimes is best society. And short retirement urges sweet return.

Nor is the sensation of being alone the factor that determines the dream. The place counts, and the hour. For this reason I must beg you to be indulgent, for I can mention but a few examples and when a dream of this sort becomes your lot, be sure to write me and I shall endeavor to interpret it.

Most dreams of this sort take the sleeper into vacant houses or to vast plains, rarely into forest, still less frequently into abandoned streets. When you find yourself alone in a house, roaming its rooms, climbing its stairs, marveling at the stillness of it all, be of good cheer, for this is a certain sign of contentment, of a good conscience, of the right road justly traveled. As you awake you may well say to yourself that you have earned peace of mind and have been given it, as though you had come to

*** some lodge in some vast wilderness. Some boundless continuity of shade. Where rumor of oppression and deceit, Of unsuccessful or successful war, Might never reach me more.

There is, however, one exception. If it is so dark in the house that you fear to advance, that you seem to be in danger of stumbling, as though your halting steps were about to invade the unknown, if solitude,

*** seeming a sanctuary, proves a grave— A sepulchre, in which the living lie.

you are being warned that you are on the way to danger to your soul. In your innermost heart there is ripening a plan known only to yourself, carefully concealed from all others—there the darkness in your dreams! Stop where you are, fear the false image from your mind and seek the light!

Better than I could ever do it, has Byron, the poet, given the beatific meaning of a dream that takes you into the solitude of nature's charms:

To sit on rocks, to muse o'er flood and fell,
To slowly trace the forest's shady scene,
Where things that own not man's dominion dwell,
And mortal foot has ne'er or rarely been;

To climb the wild flock that never needs a fold;
Alone o'er steeps and foaming falls to lean?

This is not solitude; 'tis but to hold converse with nature's charms, and view her stores unroll'd.

Thus does peace, thus does happiness and thus does contentment send a dream messenger to your couch.

If your dream-steps lead you through vacant streets, aimlessly, hesitatingly, you have invaded the innermost recesses of another's mind. You will, in a little

RUBE GOLDBERG'S BOOBS—But It Doesn't Mean Anything

while, learn that some man or woman has had vicious thoughts concerning you and you must look sharp lest you fall into a trap. It may be some schemer setting a net for your unwary feet; some hidden enemy whose plan of revenge and harm is ripening; some false friend who is making use of your guileless trust; a lover whose object is sordid while your faith in him is pure and unshaken. It is, as I said before, a rare dream but when it comes it is one that must be heeded if deep sorrow or misfortune is to be avoided. The kind fate that watched over sleepers has permitted you to see the peril and to lift the veil. Be sure that the lesson is not lost on you.

I can not, in this chapter, deal with loneliness and solitude that are accompanied by fear. I would rather write me so that I may be able to judge particular cases. But this I will mention before I close: If it is fear of a physical danger as you find yourself alone, that danger, in your waking life, is to your morals, to your virtue, to the well-being of your soul. If the danger seems undefined, incomprehensible, full of eerie forebodings, your body is in peril; sickness threatens you. For these dreams have a physiological basis; some disturbed organ is making your sleep restless and you will do well to see your physician.

Have you ever dreamed of ice? In the next chapter I shall tell you the meaning of this vision.

John-A-Dreams will be glad to interpret experiences sent to the Editor of the Ranger Times by the readers. No replies will, however, be given privately and no fee will at any time be asked or accepted. It is distinctly understood that there can be no guarantee when such questions will be answered, though every effort will be made to satisfy inquirers within three or four weeks.

We extract teeth absolutely without pain. Dr. Jeff Halford.—Adv.

Mary Watkins was setting on her front steps looking gente in a new white hat and white shoes and stockings, and I was setting there tawling to her, and I sed my teeteher was better than her teeteher and she looked mad and wouldnt hardly tawk eny more, me thinking, G, I better say something to make her feel all rite agen.

And I sed, Hay Mary, do you know wat you look like today?

Wat? sed Mary Watkins, and I sed, You look jest like an angel.

Benny Potts, I dont think thats a very refined thing to say to a lady, I dont, sed Mary Watkins.

G wizz, wy not? I sed, and she sed, Havent you ever saw eny pictures of angels? and I sed, ges, and she sed, Well then you awt to know wy not.

Aw osh, G, I sed, I didnt mean that kind of an angel, I ment an angel with clothes on.

Nobody ever saw one with clothes on and I think youre perfectly awfill, sed Mary Watkins. And she got up looking proud and went in the house, me thinking, Heck, G wizz. And I started to wawk home and who did I meet down at the corner but Loretter Mincer in a new red coat with brass buttins up and down it, me saying, Hay Loretter, would you think it was a unrefined thing to say to a lady if somebody told you you looked like an angel?

Certainly not, Id think it was a perfectly bewfill thing, sed Loretter Mincer, and I sed, Well, you look like one.

O Benny, how nice of you, sed Loretter Mincer, and I sed, Do you want to take a little wawk.

Wich she sed she did, and I wawked past Mary Watkins house 3 times with her jest to show Mary Watkins she was ent the ony gel in the world.

EXPECTANT MOTHER RUSHED FROM JAIL TO HOSPITAL

CHICAGO, May 6.—While Mrs. Bessie Kirsch was in the county jail awaiting trial on a charge of raising the amount on a postal money order, word reached the jailer that she was about to become a mother. In order to prevent the baby's arrival with the stigma of being a "jail baby," the jailer, obtaining the necessary permission from the federal authorities, rushed Mrs. Kirsch to a hospital, where the infant was born.

Marriage Licenses

Following are the marriage licenses issued in the office of Earl Bender, county clerk, for the week ending May 1, 1920: Sr. Jose V. Contreras and Eastacin Rodriguez, Ranger. W. S. Sneed, DeLeon, and Mrs. L. Sims, Carbon. Wyatt E. Perry, Hico, and Nan Bowles, Eastland. Willis Lewis, Affallan, Mo., and Ethel Soutter, Bridgeport, Ill.

Since it has become so expensive to wear ready-made dresses, numerous women of title in Great Britain have enrolled as members of sewing schools in order to fit themselves for making their own clothes.

J. A. Stramp and Hueda Williams, DeLeon. G. L. Womble, Wayland, and Eva Shaw, Desdemona. Henry C. La Baer and Lillie M. Smith, Raiford. One certificate not for publication, Fort Worth. G. H. Stovall, Fort Worth, and Mayme Robertson, Eastland. J. H. Whittington and Odessa Shaw, Ranger. Edward Telfinore and Onolpha Swift, Ranger. Bert Duncan, Eastland, and Elizabeth McMillan, Oklahoma City. R. P. Harvey, Moran, and Goldia Roberts, Ranger. R. E. Smith and Violete Johnson, Eastland. Clifton B. Eppler and Majoria Ned Echols, Goeman. G. C. Roberts and Ester Seeley, Ranger. One certificate not for publication, Ranger. Willis J. Banks, Odessa, Mo., and Margaret Munsey, Guthrie, Oklahoma.

The Commercial Hotel

The High Cost of Living meets its Waterloo. The H. C. L. at our Hotel is knocked out by a new schedule of rates.

Field Marshal Foch, the eagle of France and the military genius of the world war, said in a recent interview: "The man who can cut down the High Cost of Living is a Hero."

We have started. Actions speak.

Look at this Schedule

DAY RATES	WEEKLY RATES
Room formerly \$4.00, now \$3.00	Room formerly \$25.00 a week, now \$21.00
Room formerly \$3.00, now \$1.50	Room formerly \$21.00 a week, now \$18.00
	Room formerly \$18.00 a week, now \$10.00

Better Bread for You!

On May 8th, a crying need of the people of Ranger is to be realized with the opening of our new BREADERY.

We extend a hearty welcome to all to visit us and view our complete line of delicious baked goods, bread, rolls and all manner of sweet stuffs—goods that will satisfy the most fastidious taste.

Come in and see what an attractive, ammaculate and sanitary home we have in which to create our unsurpassed delicacies.

Our shop is like everything else successful—open and aboveboard—you can see everything in the process of making.

We solicit your thorough inspection for we know it will mean your future patronage.

Be sure not to miss our opening on May 8th, for we want to meet you all and give each a souvenir knife to commemorate this happy day.

GETTING RID OF PESTS.

All appropriations are not wise, just as all new laws are not necessary. It is therefore interesting to hear of real results obtained through the expenditure of public funds. In Utah, through the expenditure of between \$60,000 and \$65,000, residents of the state have been shielded from an annual loss of \$1,000,000 or more.

The story of this very good stroke of public business is told by the department of agriculture in this way:

"Something of the extent of the control measures taken by federal and state authorities in Utah to rid that state of noxious animals is indicated by a report recently received by the Biological survey of the United States Department of Agriculture, which is working in co-operation with the Utah Live Stock board in this enterprise. During the latter half of the year, hunters employed by these two agencies killed 1,859 predatory animals with firearms and traps. These included one wolf, six lynxes, 16n bears, 228 bobcats and 1,604 coyotes.

These figures by no means indicate the full extent of the work of the hunters, since during the period indicated they devoted a great part of their time to poisoning operations. No figures are available to show the extent of this phase of the work in the last six months of 1919, but for the fiscal year ending July 1, 1919 the number of animals poisoned was estimated at between 11,000 and 15,000, as against 5,298 killed by hunting and trapping.

"One hunter, whose work is typical of many, distributed 4,000 baits during the year, poisoned 15 large baits, and established fifty poison stations. Small baits are bits of poisoned food which are so placed to attract the attention of the noxious animals. At the end of a campaign the remains of the bait can be gathered up, or, if left until warm weather, it will disintegrate and so do no harm. Large baits are the carcasses of sheep, old horses, or other animals into which small poison are injected. A poison sta-

tion is established by placing an unpoisoned carcass at some point where it will attract the wild animals sought. After they locate it and begin feeding on this harmless meat, small bits of bait are scattered in the vicinity, which are usually eaten readily and with deadly effect.

"When the work was started in 1915 it is estimated that there was an annual loss of 500,000 sheep from predatory animals in Utah, whereas the loss for the fiscal year 1919 was less than 75,000 head. The total saving of livestock and poultry was estimated at over \$1,000,000 in addition to thousands of ducks and other game birds, and many deer, saved from destruction. Deducting the amount received from fur sales, the expense of accomplishing this work was between \$50,000 and \$65,000.

FINANCIAL STRENGTH.

Figures from the Federal Reserve board at Washington, and reports from clearing houses in the various cities, give an idea of the growing strength of Texas cities.

These figures are so full of meaning that they could be printed without comment, as they tell the story of the swift, certain and permanent advance being made by Texas—not one part of Texas, but all parts, from the eastern border to the western, from the northern border to the southern.

Dallas, with brilliant achievements in the northwestern part of the state, tells the story of one side of Texas. Houston, with splendid progress in the southeastern part of the state, tells the story of another. And, in a smaller way, hundreds of other Texas cities and towns are telling the same story—progress, prosperity.

The bank figures, as reported by E. C. Palmer & Co., place the cities of the south in the following order:

Total "debits to individual accounts" for the year 1919:

New Orleans.....	\$3,646,271,000
Dallas.....	1,930,526,000
Louisville.....	1,877,188,000
Memphis.....	1,634,000,000
Houston.....	1,633,079,000
Atlanta.....	1,481,414,000
Richmond.....	1,395,932,000
Nashville.....	1,109,929,000
Fort Worth.....	1,101,280,000
Savannah.....	869,121,000
Birmingham.....	765,903,000
Jacksonville.....	579,249,000
Chattanooga.....	555,283,000
Galveston.....	441,230,000
San Antonio.....	435,455,000
Sau Antonio.....	325,799,000

Total deposits, Dec. 31, 1919, and capital, surplus, etc., Dec. 31, 1919:

New Orleans.....	\$24,829,900	\$23,731,527
Dallas.....	142,000,000	12,144,532
Louisville.....	86,426,900	15,125,000
Memphis.....	105,437,210	9,593,694
Houston.....	95,252,568	6,625,000
Atlanta.....	123,211,395	12,535,139
Richmond.....	132,790,000	22,044,000
Nashville.....	50,751,132	7,219,443
Fort Worth.....	81,100,570	9,255,414
Savannah.....	77,329,456	9,493,006
Birmingham.....	62,472,673	6,285,165
Jacksonville.....	50,617,632	4,190,111
Chattanooga.....	41,603,000	5,725,000
Little Rock.....	41,615,881	4,402,286
San Antonio.....	45,539,499	4,950,000

In this list of famous and flourishing cities, Dallas is second. Houston is fifth.

BETTER PHONE SERVICE.

The Rotary club has taken up the matter of getting better telephone service for Ranger.

It is a public spirited and timely movement and indicates that the new organization intends to take an active, constructive part in the work which must be done to make Ranger the market place of West Texas.

No corporation could with reason ask for more in the way of encouragement than the telephone company has received. Ranger has been liberal to the company and has every reason to expect zealous and efficient service. The city has the right to expect quick action in making the telephone service better—not soothing promises.

What Ranger wants, what Ranger needs and what Ranger must have is good telephone service.

This is important in carrying on the work of the city.

GIRLS ASK ONE-YEAR JAIL SENTENCE BE MADE FIVE

DETROIT, Mich., May 6.—Love sneered at a one-year sentence in federal court here and asked for five.

Helen Shaw, pretty 19-year-old girl, appealed to Federal Judge Arthur J. Tuttle for the longer term so she might come out of jail at the same time as her sweetheart, Frederick Palm. Both were convicted of raising \$10 bills to \$50.

The girl took all the responsibility for the counterfeiting.

FAMILY FOOD'S COST DOUBLED SINCE 1913

WASHINGTON, May 6.—The family budget in February, 1920, was exactly twice the sum expended for the same articles of food in February, 1913, according to the department of labor statistics.

TIMES WANT ADS PAY BIG

Efficient Housekeeping

BY Laura A Kirkman

A SIMPLE HOME SUPPER

Salmon Puffs—Olive Oil Biscuit
Economic Lemon Pie
Salmon Puffs—Remove skin and bones from 1 can of salmon or 1 pound of the fresh salmon; pick into fine pieces; add 1 tablespoon of melted butter, 1/2 cup bread crumbs, salt and pepper to suit taste, 2 tablespoons of lemon juice and 3 well beaten eggs; mix and put into buttered cups, placing the cups at once in a pan of hot water (the water should come to within an inch of the top of the cups). Set this pan in the oven and bake one-half hour; then turn into molded contents of the cups out onto a small meat platter and cover with drawn butter sauce.

Olive Oil Biscuit—Sift 2 teaspoons of baking powder with 2 heaping cups of flour and 1/2 teaspoon of salt. Mix with 1 cup of milk into which has been stirred 4 tablespoons of olive oil, then turn onto bread board and pat out to the required thickness (do not roll). Cut with a biscuit cutter, place in pans, and bake for 10 minutes in a quick oven.

Economic Lemon Pie—One cup sugar, 1 cup water, 1 heaping tablespoonful of sifted flour, juice of 1 lemon, 1 egg, butter size of walnut. Mix together the sugar, flour, egg yolk and juice of lemon and add water and butter and cook until thick in a double boiler, then turn into a baked pie crust. Now beat the egg white, beating into it 1 teaspoon of sugar when it is stiff, and spread this over the pie; return pie to oven to brown.

"Suburbanite" Answer—The trouble with your vegetables last summer might easily have been the result of your "pushing" their growth by putting the sweepings from your henhouse about the young plants. It is true that the secret of tender vegetables is rapid growth, and that the knowing gardener applies about a spoonful of commercial fertilizer or wood ashes around each young plant, to "push" it. But hen-fertilizer is too powerful an agent to supply in abundance and unmixed with earth, as you did. You should pulverize the dry sweepings from your henhouse and then mix them with earth, using several times as much earth as sweepings. Apply a spoonful of this mixture around each vegetable plant or sprinkle it sparingly along rows, making it well into the soil. Tomorrow's article

BIRTHS IN APRIL.

List of birth certificates filed for record in the office of Earl Bender, county clerk, for the month of April, 1920:

BOTH PARTIES ACTIVE AFTER CONVENTIONS

Democratic and Republican County Leaders Jump into Campaign.

EASTLAND, May 6.—Following the holding of the county conventions here of both the Democratic and Republican parties, livelier interest is being shown in the campaign, both for county offices and the larger fields of state and national affairs.

Democratic leaders are "steaming up" in their work for the party and the Republican chieftains are showing more ginger.

The conventions are being discussed with interest.

Much was accomplished at the Democratic convention. Strong resolutions in support of the administration of President Wilson and of the administration of Governor Hobby were passed.

The convention was unanimous and harmonious.

Mr. Nickels Censured.
Sharp resolutions were passed censuring the statements made by Chairman Nickels of the anti-administration faction in which he charged that fraud had been practiced in the conduct of the precinct conventions throughout the state.

The following were among the delegates or alternates to the state convention to east Eastland county's eight votes:

W. J. Poe, Fred Roberts, Lanham Brown, W. T. Stubblefield, Mr. and Mrs. J. H. McCullough, B. Y. Cox, W. B. Sussell, P. S. Ross, J. B. Underwood, Mr. and Mrs. C. C. Raby, John McFay, Clyde Garrett, G. Fisk, W. J. Barnes, G. A. Bills, Joe Garrett, Lee Stubblefield.

The Republicans, at their convention, declared for a complete county ticket in Eastland county this fall and adopted a set of resolutions condemning as "extraneous" the national Democratic administration. The resolutions also hit at the income tax, claiming it is stagnating the development of the country's natural resources.

Marck Sounds Keynote.
The keynote address was delivered by L. A. Marck of Ranger, who called upon all Republicans of Eastland county to arms to make an effort for political supremacy at the November election. Others who spoke were R. W. Mitchell of Ranger, A. H. Johnson of Eastland, F. A. Blankenbecker, Walter A. Downing and N. P. Payne of Cisco, Dr. H. B. Tanner and D. G. Hunt of Eastland, N. A. Baker of Gorman and J. Jenkins and W. O. McNary of Ranger.

The following delegates were elected to represent Eastland county at the district convention at Brownwood and instructed to vote for D. G. Hunt of Eastland and R. W. Mitchell of Ranger for delegates of the national convention at Chicago and W. O. McNary of Ranger and F. A. Blankenbecker of Cisco as alternates. Delegates: F. A. Blankenbecker, L. A. Marck, R. W. Mitchell, J. W. Triplett, N. A. Baker, J. Jenkins Jr. and N. P. Payne.

The following delegates and alternates were elected to go to the state convention at San Antonio May 24, instructed to vote for H. F. McGregor for national committeeman for Texas, to oppose the negro vote in the convention and vote against any negro for delegate at large to the national convention. Delegates: F. A. Blankenbecker, L. A. Marck, E. W. Mitchell, H. B. Tanner, N. A. Baker, J. Jenkins, S. B. Smith, R. L. Hunt, D. G. Hunt and W. O. McNary. Alternates: J. W. Triplett, N. P. Payne, G. S. Murphy, K. B. Tanner, P. A. Van Doren, A. H. Johnson, Joe Cullinan, Virgil Hall, D. G. Hunt, Walter A. Downing and J. F. Drienhofer.

For the purpose of recommending suitable material for candidates for the county ticket the following steering committee with Walter A. Downing as chairman was elected, Walter A. Downing, J. A. Marck, D. G. Hunt, N. A. Baker, Dr. S. E. Snodgrass, W. B. White and Jack White.

The committee on resolutions was composed of R. W. Mitchell, Walter A. Downing and A. H. Johnson.

20—APARTMENTS

FOR RENT—Nicest housekeeping rooms in town, furnished complete; lights, water and gas; two and a half blocks south of McLeskey hotel. See Parrish, chief of police.

CHEMISTS OF TEXAS IN ANNUAL MEETING TOMORROW IN AUSTIN

AUSTIN, Texas, May 6.—The regular annual meeting of the American Chemical society, Central Texas section, will be held tomorrow at the chemistry building, University of Texas, beginning at 9 a. m. The local chemists extend an invitation to visiting chemists to a picnic luncheon at Barton Springs. Following is a list of papers to be read:

Report on St. Louis meeting of American and Chemical society—F. B. Porter, president, Fort Worth laboratories, Fort Worth; W. T. Gooch, Baylor University.

"The Estimation of Salts in Feeding Stuffs"—G. S. Fraps and S. Lomanitz, A. & M. college, College Station.

Oxidation During the Volatilization Test in Asphaltic Concrements—W. T. Gooch, H. P. Newton and H. C. Tidwell, Baylor University.

Production of Carbon Monoxide by Domestic Heaters—E. P. Schoch, University of Texas.

Water Supply of St. Naxair and the Adjacent Camps—C. G. Eldridge, Fort Worth.

Pressure of Poisonous Proteids in Food Products—E. H. Golaz, state food and drug departments.

Note on the Insidious Action of some Chemical Fumes—H. W. Harper, University of Texas.

A short method in the Determination of Sulphur by the Bomb Calorimeter Method—W. T. Gooch and J. H. Gooch, Baylor University.

The Relation of the Phosphoric Acid of the Soil to the Results of Pot Experiments—G. S. Fraps, A. & M. college, College Station.

Preliminary Work on Ceramic Testing—R. A. McNees, University of Texas.

The Oil in the Prickly Pear Seed—S. Lomanitz, A. & M. college, College station.

Quick Determination of the Purity of Sulphur Chloride—W. A. Felsing, University of Texas.

Preservation of Railway Timbers, illustrated—F. W. Kromer, Jr., Somerville, Texas.

Officers of the society are: F. B. Porter, president; H. C. Hamner, vice-president; W. W. Battie, secretary, and E. P. Schoch, councillor.

Miss Eliza Bass of Lumberton, N. C. has had her coffin and burial robe for several years, having had it made to order in Lumberton. Miss Bass, who keeps the coffin under her bed, has made her own burial clothes and even purchased her tombstone. Despite these preparations she is active and healthy at the age of eighty-five.

LEGION WARNS MEMBERS ABOUT WORTHLESS LAND

By Associated Press.
INDIANAPOLIS, May 6.—A warning to legion members concerning the revested railroad lands now being opened for settlement has been sounded in a statement issued from national headquarters of the American Legion.

While 300,000 acres of land in Oregon are open to entry, the statement said, the number of desirable homesteads are very limited. Advice from legion representatives in Oregon, who have examined the land and are familiar with the situation state that scores of ex-service men who have come to Oregon for settlement of quarter sections of the 300,000 acres thrown open with preferential rights to ex-service men are returning to their homes in the east sadly disappointed, far from being rich agricultural or valuable timber lands, the statement adds, the major portions of the tracts are practically worthless.

EQUIPMENT ARRIVES FOR PLAYGROUND

The playground equipment ordered by the Parent-Teachers club for the various school has arrived and will be installed at the direction of F. B. Branes, community organizer.

The equipment consists of giant slides, swings, horizontal bars, ladders, etc.

The Parent-Teachers club has been working to gain funds for this work for several months. On one occasion the club held a tag day in the city which netted them several hundred dollars.

WEAKNESS RELIEVED BY "BALMWORT"

Many men and women gain no strength. The least exertion tires them. Dull aches, pains like rheumatism, depression, or "blues" come easily. Ambition and energy are always at low ebb. What is the cause? The cause may vary—but if the Kidneys and Bladder are not doing their work perfectly—you can make a bet—that's where the trouble lies. This lady suffered 12 years: Mrs. E. Klipp, 644 W. 12th St., Oak Park, Ill., writes:

"Your Balmwort Kidney Tablets certainly have done wonders for me. I have been ailing for 12 years with Kidney and Bladder weakness, but feel like a NEW WOMAN NOW." All druggists sell them.

For further information call and see C. H. JOHNSON, Auctioneer, 209 Pine Street.

MYSTIC SHRINERS HONOR DAVENPORT FOR MASONIC ZEAL

OIL NEWS

Oil Refinery in Caddo Now Being Planned

CADDO, May 6.—The Chamber of Commerce at a meeting with the officers of the Victor Pipe Line & Refining company discussed details as to the erection of a refinery here. The Victor Pipe Line & Refining company is erecting a chain of refineries in the Northwest Texas oil fields, keeping close to production. For the last ninety days the officials of this company have made making a close investigation of the Caddo field.

The company will be represented here by J. K. Whitley and Hal H. Clarke. Officers and directors of the Victor company include O. H. Foster, Wichita Falls; R. J. Johnson, Newcastle; Homer Beach, Wichita Falls; L. T. Randall, Mineral Wells; J. S. Rice, Breckenridge; J. A. Dixon, Vernon; Jesse R. Smith, Breckenridge; A. L. Howard, Mineral Wells; Claude Hightower, Mineral Wells; A. C. Davis, Threeforkton; Jim Robinson, Wichita Falls; Luther Webb, Vernon; C. B. Lewis, Dallas; J. W. Hudson, Dallas; B. W. Franklin, Wichita Falls.

Big Gas Flow on Roper No. 12 of Prairie Co.

The Prairie company's Roper No. 12, in the Pleasant Grove district, is making 15,000,000 feet of gas at a depth of 3,330 feet. The well touched the sand several days ago and immediately developed a heavy gas pressure and sprayed some oil. It is making a few barrels of oil now. It may be regarded as a temporary completion. When the gas pressure subsides it will probably be drilled to a deeper sand. Several wells are producing on the Roper tract.

(By Leased Wire)
FORT WORTH, May 6.—The Oil Workers' Union will conclude today its three-day session here. The convention was attended by about 200 delegates from the oil fields.

OIL WORKERS' UNION WILL CONCLUDE TODAY THREE-DAY SESSION

TELLS OF UNLUCKY GIRL WHO MARRIED BAD CHECK PASSER

P. J. Underwood of Calhoun, Mo., sends to the Ranger Daily Times the enclosed story of a reckless romance, clipped from the Calhoun Star:

"Last fall the Fairbanks-Morse people sent a young man to set up a new engine at the electric light plant. To all appearances he was an exceptionally fine young man. He conducted himself in a most worthy manner, and became acquainted with one of our worthy young ladies. In February they were married and left immediately for Stuttgart, Arkansas, where he deserted her. The day he was married he induced J. M. Underwood to endorse a \$50 check for him on a St. Louis bank in which he had no money. In the course of time the check was returned to the bank here. Mr. Underwood then began to search for him. He was finally located in Ranger, Texas. Sheriff Runner handed him in the jail at Clinton on Wednesday of last week.

"His wife returned here to her parents several weeks ago, and most sensibly began to search for him. He was finally located in Ranger, Texas. Sheriff Runner handed him in the jail at Clinton on Wednesday of last week.

"Mr. Underwood having been paid in full, he was released and is back in Ranger, Texas."

With the clipping, Mr. Underwood enclosed this note:

"Dear Mr. Editor—If it hasn't been done, will you please reprint the enclosed clipping? It may be the means of saving some other nice young lady. This was printed in Calhoun Star, Calhoun, Mo. Yours truly,
P. J. UNDERWOOD,
Calhoun, Mo.

Frisco and Oilbelt Railroad Officials Making Inspection

A special train bearing officials of the Frisco railroad and the Wichita Falls, Ranger & Fort Worth railroad arrived in this city last night from Dublin and left this morning for Frankel.

J. M. Karn, president of the Frisco, T. A. Hamilton, vice president and Jake L. Hamon, president of the Wichita Falls, Ranger & Fort Worth railroad, were in the party. The Frisco officials are making an inspection of their line and were desirous of inspecting the Hamon & Kell property on account of the fact that the two roads will connect at Dublin and handle joint traffic.

M'PHERSON RESIGNS VICTORY STATION POST

H. McPherson, manager of the Victory filling station, has resigned his place with the company. E. H. Catina has been selected to fill the vacated position. Mr. Catina comes from Dallas and has had eleven years' experience in oils, having been connected with the Texas company for several years.

The Victory station expressed regret at losing Mr. McPherson but feel that they are fortunate in getting such an able man as Mr. Catina to take his place.

HEADACHE GOES IN TWO MINUTES

Don't Suffer Half an Hour. While Slow Acting Tablets Are Waiting to be Digested. Aspirinal Elixir Relieves in Two Minutes. Absolutely Safe.

Every druggist in the U. S. cordially invites you to come in and try the new Aspirinal Elixir, the two-minute guaranteed relief for headaches and cold. He knows that Aspirinal not only relieves the pain much quicker and without the slightest danger to the heart, but also removes the cause of bilious and sick headaches by gently acting on the liver, correcting biliousness and constipation and thereby preventing the return of your headache next day.

The next time you have a headache go to your nearest drug store, hand the clerk a half dollar for a bottle of Aspirinal and tell him to serve you two teaspoonsful in a little water. Hold your watch in your hand and count off two minutes, then call for your money back, as per manufacturer's guarantee. If you cannot feel your headache fading away within the time limit, everybody is doing it so don't be bashful. Your druggist is waiting to serve you. Same guarantee applies to colds, coughs and neuralgia.
Adv.

For Itching Eczema, Old Sores and Piles

"I guarantee my ointment," says Peterson of Buffalo, "to cure eczema; to stop the itching at once and any reliable druggist will cheerfully refund your money if PETERSON'S OINTMENT doesn't do everything I say it will do."

William A. Carley of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little boy suffering terribly with eczema. It did the work."

Then there is Alex. Louttel, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors failed. PETERSON'S OINTMENT entirely healed the sore quickly." And from over in Canada comes a letter from A. Bledsky, stating: "The best thing I ever hit for itching piles is PETERSON'S OINTMENT." A big box for 60 cents. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

Phillips, Texas, or Ranger Drug Stores will supply you.

AFTER CLOUDS COMES SUNSHINE.
AFTER DESPONDENCY COMES JOY.
AFTER SICKNESS COMES HEALTH.
AFTER WEAKNESS COMES STRENGTH.

In the spring when you're "all in"—fagged out—blood thin, if you will turn to Nature's remedy, a tonic made from wild roots and barks, which has stood fifty years as the best spring tonic—you will find strength regained. No need to tell you it's Dr. Pierce's Golden Medical Discovery, put up in tablet or liquid form, and sold by every druggist in the land. After a hard winter—shut up indoors, your blood needs a temperance tonic, a tissue-builder and blood-maker such as this "Medical Discovery" of Dr. Pierce's.

TALCO, TEXAS—"Dr. Pierce's medicines have done for me a great deal of good and I certainly appreciated it. I have taken three bottles of 'Golden Medical Discovery' and one of 'Favorite Prescription' and am much improved. They have done me so much good I can't praise them enough. I was in bed with a sore leg for a week and the 'Discovery' cured it."—Miss L. I. DANIELS, R. B. Box 30.

J. R. Miller offers to sacrifice fine Marston street property to invest in Culberson county leases. If taken at once will take \$7,000 net cash to me for 65x100 feet facing postoffice and just north three-story Marston building.
Unexcelled location for drug store, barber shop, cafe, hardware and the like. Property all clear and will furnish perfect abstract.

WATER SUPPLY HOLDS CENTER C-C INTEREST

Program of Work Has the Support of Membership.

Rivaling in interest even some of the high spots of the campaign to build in Ranger the largest per capita membership of any chamber of commerce in the world, the thought survey and suggestion meetings that are now being held to determine what special lines of activity the Chamber of Commerce will follow for the upbuilding of Ranger are developing, in a quiet and permanent way, a program of work that will unquestionably have back of it the united support of the best citizenship of the city.

The thought that seems to be uppermost in the minds of most of the citizens who have so far attended the program of work meetings, is directed at the solution of the water problem. The suggestions that have been made and tabulated to date, however, extend over a wide range of subjects vital to the welfare of Ranger. The survey, even in its present preliminary stage, shows that the members of the newly built Chamber of Commerce are thinking strenuously along civic lines and with a desire to serve the whole city. A remarkable amount of energy and resourcefulness is indicated by the manner in which the suggestions are phrased on the program of work sheets, most of them being marked by constructive and encouraging hints as to how the work is to be accomplished.

Nine meetings were held on Monday and two again on Wednesday. Owing to the difficulty of bringing out a large attendance at the morning and afternoon meetings a number of evening meetings are to be called. Two meetings will be held on Friday evening, one at the Presbyterian church on North Marston street near the postoffice and the other at the Methodist church on South Marston street.

Two civic forum meetings are to be staged next week. The program of work will by that time be sufficiently advanced to provide for discussions of some of the more important questions which have been brought forward by the suggestion meetings. A forum committee consisting of Dr. W. C. Palmer, G. L. Davenport, E. J. Barnes, John S. Hansen and C. E. May, has been appointed by the acting board of directors, and this committee met today to arrange the details of the two meetings. In all probability, one large luncheon meeting will be called at noon, and probably the latter part of the week an evening meeting, both meetings being for the entire membership. In addition to having a discussion of Ranger problems at these meetings, there will be a further effort made to secure suggestions from the membership. The more suggestions on any given subject that are received the more emphasis is laid on that particular subject and the recommendations that are most frequently made are the ones that will have first place on the program of work.

Primary election ballots for the nomination of a ticket for board of directors of the new chamber were mailed to the membership today. The membership has five days to vote and return the ballots by mail or in person to the Chamber of Commerce office. As soon as the primary ballots can be counted the thirty-two candidates receiving the largest number of votes will be declared nominated and placed on the official final election ballot which will at once be mailed to the membership. Another five days will elapse while the members are voting and returning the ballots. The final count will be made Tuesday, May 18. On the following day the new board will be called together to organize and elect officers. As soon as this is done committees can be appointed and the Ranger Chamber of Commerce will be ready to function and do its big work for Ranger.

Dr. Jeff Halford, painless dentist, Main at Marston streets.—Adv.

LEGION TO ACT TONIGHT ON BONUS PLANS

Question Is to Be Discussed at Meeting in Baptist Tabernacle.

The American Legion will meet at the Baptist tabernacle tonight and the largest attendance registered since the organization of the Carl Barnes post is expected. The legion will take official action on the bonus question which is causing discussion all over the United States and has brought on one of the hottest fights of the year in congress.

Every veteran will be given an opportunity to state his position on the bonus tonight and some sort of action in favor of the measure or against it will be taken.

The bill which has been completed by the Republicans provides five plans of soldier relief and a similar number of schemes for raising the revenue. The five optional plans for payment are as follows:

Adjusted service pay at \$1.25 for each day's service in excess of 90 days between April 6, 1917, and January 1, 1919.

Extension of vocational training at \$1.75 for each day's attendance on a course of instruction declared suitable by the federal board for vocational education.

Purchase or improvements of city or suburban homes with compensation at the rate of \$1.75 for each day's service.

Issuance of paid-up insurance at the rate of \$1.75 for service. Such insurance would be payable 20 years after issued or in case of death. Loans could be obtained any time after two years from the date of issuance.

Establishment of a "national veterans' settlement board," composed of the secretary of the interior and four members to be appointed by the president, at least three of whom shall be former service men, which would be authorized to make loans to service men not exceeding \$1,000 for reclamation and development of farm lands.

Revenue to pay the compensation for which it is estimated \$1,800,000,000 will be required, would be raised by several plans, as follows:

Increased surtaxes of one per cent on net incomes between \$5,000 and \$10,000, two per cent on incomes between \$10,000 and \$26,000, and three per cent on incomes exceeding \$26,000.

One per cent on retail sales, to be paid by those making the sales, and to apply in the case of all sales, contracts and leases, whenever made.

Tax on stocks and bonds, sales or transfers, at one-fifth of one per cent on the market value. Tax on produce exchange transactions at the same rate. A tax of 25 cents for each \$50 of the total amount of sales or contracts to sell lands, tenements or taxes on various brands of cigars, tobacco and manufactured products ranking from 15 to 66 per cent, depending on the grade, and a tax of \$1 per thousand on cigarettes.

Taxes imposed under the bill would become effective December 1, or after the presidential election.

Commissioned officers in the army or marine corps above the rank of captain, and lieutenants in the coast guard and navy would not receive compensation. Civilian employes in the army, navy and marine corps would not be entitled to the bonus.

The Democrats bitterly oppose sale taxes as a method of raising money and more than 60 Republicans in the house are said to be lined up with the Democrats. The plan favored by Democrats and insurgent Republicans is a tax on big incomes. Action on the bill offered by the Republicans is expected next week.

Mrs. W. E. Burk of this city left today for Fort Worth on a business trip. She expects to return Saturday.

ZIONISTS PLAN GREAT EXODUS OF 4,000,000

Great Conference of Jews on Projected Return to Palestine.

NEW YORK, May 6.—Arrangements for the gradual immigration of 4,000,000 Jews to Palestine, following the San Remo sessions of the peace conference which gave Great Britain the mandate over that country for the establishment of a Jewish national home land, will be discussed at an extraordinary conference of the Zionist Organization of America here next Sunday and Monday.

The conference, which will be attended by 1,700 delegates from the United States and Canada, will be, it is said, "the most important and historic gathering of Jews ever held in America." Under the leadership of Justice Brandeis of the United States supreme court and United States Judge Julian W. Mack, the organization is expected to take immediate action toward the re-establishment of the Jewish people in the Near East after 2,000 years of exile, thus bringing to pass the realization of the movement begun 25 years ago by Dr. Theodor Herzl, father of political Zionism.

In calling this extraordinary convention, which necessitated the postponement of the regular annual meeting, which had been scheduled for Atlantic City beginning May 30, the national executive said: "The historic action taken at San Remo on April 24, which gave recognition to the age-long aspirations of the Jewish people opens up the immediate opportunity to them to conquer through work and organization that place for themselves in the world of civilization which has been their hope for 20 centuries, a place where Jewish ideals shall be free and where Jewish spirit shall be free to express itself in accordance with its traditions of social justice and righteousness."

These principles, it is said, will govern the new Jewish home land: "Political and civil equality, irrespective of race, sex or faith of all inhabitants; equality of opportunity which, with due regard to existing rights, shall tend to establish the ownership and control of the land, of all natural resources and of all public utilities in the whole people; application of the co-operative principle so far as feasible in the organization of all agricultural, industrial, commercial and financial undertakings and the establishment of a fiscal policy which shall protect the people from the evils of land speculation and from every other form of financial oppression."

Although millions of Jews, particularly from eastern Europe, are said to be prepared to leave at a moment's notice, the Zionists say that "no mad rush of immigrants will be permitted to flood Palestine," but that a well regulated, carefully scientific immigration of perhaps 50,000 annually will be undertaken, in order to insure the proper economic

and cultural development of the country. In addition to formulating the policy of American Zionists at the world Zionist conference, to be held in Carlsbad, Czechoslovakia, beginning July 4, the convention here will take up this Palestine reconstruction program. This will include the reclamation of swamp and waste land, irrigation, modernizing of Palestine cities, sanitation, the building of a harbor at Haifa and the establishment of clothing and shoe factories, oil and soap plants and other industrial and commercial enterprises.

TIMES WANT ADS PAY BIG

CRESCENT METAL CO. TO DOUBLE PLANT ON MARSTON STREET

The Crescent Sheet Metal works, located on Marston street, with offices on Walnut street, will be enlarged to almost double its present capacity. A building 50 by 140 feet now houses the factory and shops of the concern.

The company does a general wholesale and retail manufacturing business, making sheet metal tanks, culverts, and many smaller articles. The capitalization was recently increased from \$10,000 to \$25,000. Eight men are now employed, and more will be added soon.

ALL ORGANIZATIONS TO JOIN IN RANGER'S CIVIC CONFERENCE

Two or more delegates from every civic, fraternal and religious organization in the city will meet with F. B. Barnes, community service organizer, and a committee from the Chamber of Commerce on Friday night to discuss methods for upbuilding community service.

Many things that are essential to city building will be discussed and methods planned by which they may be obtained. Plans for recreation and a community service are the principal things which will be discussed.

Mr. Barnes, who has been loaned to the city by the Community Service, Inc., has been notified by his organization that two other workers will be sent to assist him without cost to the city.

Miss Dwine, an expert recreation director, is expected here today. Miss Roberta Winans, a playground directress, will be here in a few days. The community service organization is working in Ranger at the invitation of the American Legion.

Miss Bossie C. Mann, starting four years ago with two rooming houses in Milwaukee, has built up her business until now she sub-leases 150 flats at an average income of from \$8,000 to \$15,000 a year.

The City of the Hour . . .

In the middle of sixty square miles of proven and rapidly developing oil territory that is the best in Stephens County. In a territory that is served by no other railroad than the Wichita Falls, Ranger & Fort Worth, the oil fields line that is building by Hamon & Kell with an eye single to placing transportation facilities where they are most needed.

Breckwalker will be Opened May tenth

This new town is eight miles north of Frankell. It is the same distance south of Breckenridge. It is on the Wichita Falls, Ranger & Fort Worth Railroad that is now operating trains for sixty miles through the oil fields with its southern terminus at Dublin, where connections are made with two great systems, thus forever avoiding congestions of freight for the oil fields. The thousands of new oil wells to be drilled in this section and the refineries, tanks, gasoline plants and other necessary equipment of an oil field will be handled through and distributed from Breckwalker. For years to come this new town will be the distributing point and the market place for a great oil fields development. It is a superb point for business. Its lots will increase in value as the development proceeds and the town grows. This new oil fields center will be opened

MONDAY, MAY 10th

The sale of lots will continue from day to day thereafter on the townsite. But the first day's sale will probably see many of the choice lots sold, for the interest in the oil fields of Stephens county is deep backed by the merits of the fields as shown by past and present performance.

Plats of Breckwalker with the prices of all lots printed on them will be available on the opening day of the sale on the townsite. There will be no auction, and no lots will be sold in advance of the opening date. Persons who first make selections will be the purchasers of the lots they select. The prices are right. And the initial payment is only 10 per cent of the list price of the lots. The balance may be paid in ten equal monthly installments. It is an unusual opportunity to acquire real estate that is increasing rapidly in value on a margin that is insignificant and which promises profits alike to the investor and to the business man.

The site of Breckwalker was selected by Jake L. Hamon, Frank Kell, and Breckenridge Stephens Walker, for whom the town was named. All agreed that there is no better location in the entire Texas oil fields for a town that should become the metropolis of the fields.

Persons who would meet opportunity half way should be on the townsite early on the morning of May 10 and thus have all the advantages that can come to the investor in a new oil fields town on a new oil fields railroad.

HAMON & KELL, Ranger, Texas

Breckwalker was named for Breckenridge Stephens Walker of Breckenridge, one of the men who have amassed millions in the oil fields immediately adjacent to this new town and who owns large acreage in the vicinity. Mr. Walker selected the new townsite and says that it is the best place in Stephens county for a great new oil fields town.
