

RAILWAY COUNCIL TO WEIGH LABOR BOARD'S AWARDS

League of Nations Big Campaign Issue

HARDING VIEW OF WILSON-COX CONFERENCE ABSOLUTELY AT ONE WITH COX SAYS WILSON

MARION, Ohio, July 19.—Assurance that the League of Nations will lead all campaign issues is seen by Senator Harding and his advisers in the over-Sunday developments.

WASHINGTON, July 19.—Unity of opinion on the League of Nations in particular and the democratic platform in general were proclaimed by President Wilson and Governor Cox in a joint statement issued today.

MERKEL DRILLER KILLED; CAUGHT IN BULL WHEEL

Special Leased Wire. MERKEL, July 19.—J. L. Tye, driller at the C. & H. well, six miles north of here, was instantly killed Sunday night about 10 o'clock when he became caught in a rope on the bull wheel.

LEERAY SCHOOL DISTRICT STRADDLES COUNTY LINE

LEERAY, July 19.—The Stephens county school board, at a meeting last Saturday, voted four and a half miles for that county's share in the formation of the new Leeray school district.

HEARING ON BANK OF RANGER BY FEDERAL TRUSTEE, ABLENE; TESTIMONY PRIOR TO CHARGES

Four complaints have been filed in the office of the county attorney against C. H. Butler and E. E. Roland, president and cashier of the defunct Bank of Ranger, which failed about May 18, charging them with accepting deposits to the bank after they knew it was in a failing condition.

Roland testified that before coming to Ranger he had an interest in a bank at Healdton, Okla., which he later sold, guaranteeing that bank's outstanding paper to the amount of \$11,000.

This action followed a hearing which was held in Abilene before D. M. Oldham, federal trustee in bankruptcy, and Charles Roland and Butler testified to the policy of the bank in conducting its affairs and its condition at the time it closed its doors.

The attorney stated to Roland that the books of the defunct bank showed after his doors were closed that \$8,600 should have been on deposit, and asked what had become of this money.

When questioned as to the original capital of the bank, Roland said that \$10,000 was all the cash with which it opened its doors. Leases and royalties which he and Butler held were a part of the assets of the bank when it opened for business.

Both Roland and Butler admitted that several loans had been made without the proper collateral.

The Storm Center

BY MORRIS

Shippers Held Responsible for Car Shortage

SWEETWATER, July 19.—Stock cars ordered by stockmen, placed by railroads and then not in use because of sudden declines in cattle prices, is causing considerable inconvenience and loss to railroads and is generally depriving other shippers of cars.

STATE OF TABASCO CLEARED OF REBELS AFTER TWO YEARS

MEXICO CITY, July 19.—Rebels have been driven out of the rich agricultural state of Tabasco, according to a report to the minister of war by Colonel E. Brabater, in charge of the government forces.

WEST TEXAS RAILWAYS SHORT ON GRAIN CARS

DECATUR, July 19.—The grain car equipment of the Denver and associated lines through the wheat belt is pictured as very grievous at the present by the West Texas Chamber of Commerce in a communication to the Lillard Milling company of this city.

FIND STOLEN CHILD ASLEEP IN WOODS

LAUREL, Mo.—An electrical storm was responsible for the discovery of two-year-old Melba Bailey, whose abduction four hours earlier, had aroused the entire countryside.

LATE BULLETINS

SANDYHOOK, July 19.—Captain W. M. Burton will be given another chance at the wheel of the Shamrock. Sir Thomas Lipton, the owner of the Challenger threatened to supplant Burton because of alleged bad sailing.

GRAND RAPIDS, Mich., July 19.—Mrs. Aletha Wheeler of Grand Rapids, a lady operator in government printing office at Washington, was announced today as a candidate for the Republican congressional nomination from the Fifth Michigan district.

WASHINGTON, July 19.—Advice to the state department from the embassy at Mexico City says General Pablo Gonzales, arrested last week, will be placed on trial today for rebellion.

LONDON, July 19.—The British government today received a note from the Russian Soviet government stating that Russia is prepared to agree to an armistice and make peace with Poland.

WASHINGTON, July 19.—Forces of the An Fu party in China, were defeated by regular troops and driven back, the American legation at Peking reports.

LAUREL, Mo.—An electrical storm was responsible for the discovery of two-year-old Melba Bailey, whose abduction four hours earlier, had aroused the entire countryside.

LAUREL, Mo.—An electrical storm was responsible for the discovery of two-year-old Melba Bailey, whose abduction four hours earlier, had aroused the entire countryside.

German Ocean Routes Taken Over by Americans

HAMBURG, July 19.—It is the belief here that the agreement between the American-Hamburg Steamship company and the American Ship Commerce corporation, by which former German trade routes are opened to American ships, is one of the most momentous events for Germany since the war.

WARSAW, July 19.—The Poles are withdrawing to the south-southwest from the railway junction of Lida, which has been occupied by the Bolsheviks.

Gas and Sand Make Santa Anna Place for Glass Works

SANTA ANNA, July 19.—Efforts will be made to have a glass manufacturing plant here. Millions of tons of very high test glass sand are found in the Santa Anna mountains near town, some of which is now being shipped to glass making plants in Wichita Falls and Texarkana.

WASHINGTON, July 19.—Forces of the An Fu party in China, were defeated by regular troops and driven back, the American legation at Peking reports.

LAUREL, Mo.—An electrical storm was responsible for the discovery of two-year-old Melba Bailey, whose abduction four hours earlier, had aroused the entire countryside.

LAUREL, Mo.—An electrical storm was responsible for the discovery of two-year-old Melba Bailey, whose abduction four hours earlier, had aroused the entire countryside.

WAR ON FILTH TO HAVE HELP OF RANGER C-C

Determined war on insanitary conditions throughout the city with particular reference to the smaller restaurants and hamburger stands will be carried on by the sanitary committee of the Chamber of Commerce through the health authorities of the city.

MILWAUKEE PREPARED AS OCEAN PORT

MILWAUKEE, July 19.—Passage of the measure to open the Great Lakes Waterways to ocean navigation will find Milwaukee prepared to become an ocean port, according to Phil A. Grant, business manager of the Milwaukee Association of Commerce.

WARSAW, July 19.—The Poles are withdrawing to the south-southwest from the railway junction of Lida, which has been occupied by the Bolsheviks.

BOLSHEVIKI SEIZE HARVEST IN LITHUANIA

WARSAW, July 19.—The Poles are withdrawing to the south-southwest from the railway junction of Lida, which has been occupied by the Bolsheviks.

RICE PROFITEERS HAVE ROUGH SAILING WHEN PRICES DROP

HONGKONG, July 19.—Hongkong has been stocked with rice bought for export and held for a rise in prices even during the rice shortage, which has become serious in some cities of southern China and other parts of the Orient.

STREET FIGHTING IN CORK CAUSES REIGN OF TERROR

CORK, Ireland, July 19.—Two military parties loaded with soldiers on the streets of Cork were blown up by civilians, who threw twenty-nine bombs into them. About sixty-five soldiers were injured.

BROTHERHOODS STRIKE IF AWARD UNACCEPTABLE

Grand Council Meets at Chicago to Consider Wage Decision

CHICAGO, July 19.—Samuel E. Heberling, president of the Switchmen's union, declared today that if the grand council of Brotherhood chiefs decides to award the labor board is unsatisfactory, concerted action will be taken by the sixteen Brotherhoods.

CHICAGO, July 19.—The first grand council for more than a year of the executives, general chairmen and general committeemen of the sixteen recognized brotherhoods opened here today.

CHICAGO, July 19.—The first grand council for more than a year of the executives, general chairmen and general committeemen of the sixteen recognized brotherhoods opened here today.

CHICAGO, July 19.—The first grand council for more than a year of the executives, general chairmen and general committeemen of the sixteen recognized brotherhoods opened here today.

CHICAGO, July 19.—The first grand council for more than a year of the executives, general chairmen and general committeemen of the sixteen recognized brotherhoods opened here today.

COMMUNISTS PLAN TO FORM SOVIET PARTY

LONDON, July 19.—An attempt will be made to form a Communist party in England Aug. 1, the national conference of "left wing" socialist and industrial organizations.

LONDON, July 19.—An attempt will be made to form a Communist party in England Aug. 1, the national conference of "left wing" socialist and industrial organizations.

Interesting Shot Makes Good Producer at Leeray, Texas Co.'s Tomlinson Increases Flow

Special to The Times.
LEERAY, July 19.—The Church Oil Interests' Baggett No. 3, located a mile north of Leeray, came in at 3,357 feet, furnishing a spectacle seldom witnessed at the shooting of a well. The fuse was lighted and the squib dropped at 4:50 p. m., and eleven anxious minutes elapsed before the debris from the shot came up. During this interval, a sullen escape of vapor and smoke were all that gave witness that the shot had taken effect. Then, with little "groaning," came a mass of mud and black lime, which shot well over the derrick, followed by nine separate spurts of increasing volume, until the much-desired yellow fluid came up in a beautiful geyser, enveloping the derrick and lasting for ten minutes. Oil soon began to gush into the flow tank, and the first twenty-four hours' gauge showed over 600 barrels production. The well took sixty days, counting ten days fishing. A thirty-hart shot was sent off in the C. A. Baggett No. 2, the adjoining location, to attempt to dislodge a tool

for which the drillers have been fishing for some days. This well will be ready for the final shot in two or three days. Texas company's Tomlinson No. 2, which came in Monday for 500 barrels, has taken a step forward in the gauging records each day since, recording 1,200 barrels Thursday. This well, located half mile from Leeray, northeast, is on the location next to G. M. Church's C. A. Baggett No. 1, the pioneer well of the Leeray field, which came in last December with 2,400 barrels. The latter, while the Tomlinson was increasing its flow, gave out; but the pump being immediately installed, it gauged seventy-five barrels more than the previous flow of 200 barrels.
Harris-Stevens' Turner No. 1, a mile and a half northeast from Leeray, was reported late Friday to have come in for 200 barrels, at a depth of 1,920 feet.
Virginia Oil company Thorne No. 1, adjoining Leeray townsite, came into shallow oil sand at 1,920 feet Sunday, or top of the sand. Production is not yet determined.

Good Play Is On the Boards to Northeast

Following the bringing in of a number of big wells in the Breckenridge and North Stephens county pools last week and several good small completions in the Ranger field a temporary quiet has marked West Texas oilmen. Nothing of importance has transpired in this section for the last three days and a lull in developments is noticeable in the Breckenridge area.
Quite a number of wells are near the sand in the Breckenridge pool and some good completions are expected there this week. A couple of semi-wildcat tests to the northwest and northeast of the Desdemona district should strike oil, water or dust in the next ten days.
The region around the Jennings and Ghoslon tracts, north and a little east of this city, will have a good play in the next few days as a number of tests are being drilled in the sand or will reach it soon.
The district embraced in the far southwest corner of the Breckenridge is temporarily in the limelight, following the completion of Hillburn No. 2, of Foster et al., which came in last week for 2,600 barrels following a shot. A bunch of tests in the vicinity of this well are nearing the depth at which the Hillburn was jarred.

STEPHENS PRODUCTION SHOWS STRONG GAIN IN FIFTEEN DAYS

The daily production of Stephens county is approximately 68,000 barrels, an increase of 3,230 barrels in the last fifteen days. The daily average for Stephens county in June was 59,317 barrels.
The Ranger district has dropped off very slightly in production the last two weeks. The average for last month was 29,567 barrels. The daily average for Stephens county in June was 59,317 barrels.
Desdemona figures show a further decline from last month's daily run of 11,200 barrels.

PERSONALS

W. L. Curtis returned last night from a short trip to Dallas.
Miss Minnie McBride, state health nurse, is in the city today conferring with the welfare nurse of the Red Cross concerning the health situation of Ranger.

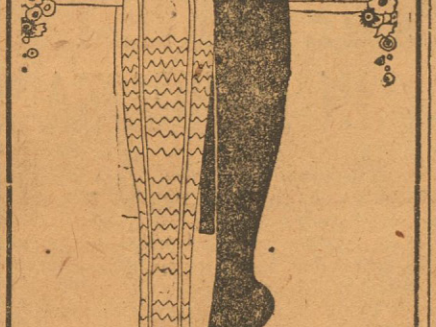

MORTUARY

Helen Ladona Huber
Funeral services for Helen Ladona Huber, infant daughter of Mr. and Mrs. B. F. Huber, were held at Evergreen park cemetery Sunday afternoon, the Rev. W. P. Johnson, pastor of the First Baptist church officiating. Many relatives and friends of the family attended the services.

T-P JENNINGS HELPS GHOLSON GAIN IN FLOW

T. P. Coal & Oil company's Jennings B-3, seven miles north of this city, was shot Saturday afternoon in with sixty quarts. The hole bridged and will have to be cleaned out.
The well came in last week for 500 barrels production from a total depth of 3,182 feet. It was drilled a little deeper before the shot.
Gholson No. 8 of the Texas company, a short distance from the T. P. operation, has increased its flow 100 barrels since the T. P. well was drilled in. It was making 900 barrels but has jumped to 1,000. It came in about three months ago for above 2,000 barrels, from a new sand a little above the usual Ranger pay.

J. M. ROGERS FOUR OF T-P C. & O. CO BURNS LAST NIGHT

During a severe electrical storm last night the rig of the J. M. Rogers No. 4, a T. P. Coal & Oil company well located north of Caddo, was struck by lightning and burned to the ground.
The Rogers No. 4 was an old completion and was cleaning out. No reports of storm damage had reached here this morning.
Illinois is considered the banner state of the American Legion numerically, so far as paid memberships go.

KOURI WELL IN HASKELL FIELD HITS OIL-BEARING LIME

Special to The Times.
HASKELL, July 19.—Drilling operations in the Haskell-Stamford field as reported today by the West Texas Chamber of Commerce follow:
Kouri No. 1, twelve miles east of town, drilling in the grey lime at 3,375, after passing salt water up to 3,317 feet. Analysis of lime now being penetrated shows much oil. Prospects are bright for this well. Underreaming of 6 5/8 inch casing to shut off salt water is progressing. The well will be drilled deeper until a good well is found.
Kouri No. 2, on the Couch ranch, ten miles northeast of town, is drilling at 1,475 feet. More than 500,000 feet of gas was struck at 1,225 feet.
The Texas Venture Colbert No. 1, between Haskell and Stamford, is drilling around 1,750 feet. At 1,800 feet an old well drilled several years ago found a fine sand that made a producer, but the well was ruined.

HUECO BASIN WELL, IN CULBERSON, TESTS UNIVERSITY LAND

Special to The Times.
AUSTIN, July 19.—Dr. R. E. Vinson, president of the University of Texas, has returned from El Paso where he went on business connected with the State School of Mines and Metallurgy, which is a part of the university.
Dr. Vinson said that the oil well which is being drilled upon university land at Hueco Basin in Culberson county by the Hueco Oil company is now down about 2,000 feet. At a depth of 1,700 feet a good flow of pure water was encountered, which was much welcomed by the company as solving its water problem for drilling purposes. It is planned to drill the well to a depth of about 3,000 feet if necessary to thoroughly test the oil possibilities there. The log of the well so far is in keeping with the geological forecast.

DRILLING RESUMED ON SEBRING WELL, ROTAN

Special to The Times.
ROTAN, July 19.—Drilling will be resumed probably tomorrow on the Sebring well, which was stopped at 1,700 feet when the derrick was burned. This will be a thorough test.
The Barron ranch well has been abandoned at 3,500 feet. The well was plugged. A strong flow of salt water was encountered.
Interest in the oil situation here is still high despite the failure to bring in a well on the Barron tract and activity is increasing in this section.

NEVER.

"This grafting of goat glands is cruel and must be stopped," declared the anti vivisection crank.
"Well," observed Senator Hardhead, "did you ever see any grafting done that didn't have a goat connected with it somewhere?"

MAN COLABORER WITH GOD OR HIRELING OF DEVIL, PASTOR SAYS

MON COLABORER—18
"Collaborer or hireling, which?" was the subject of Rev. John H. Quilan at the First Christian church Sunday morning. The speaker said in part:
The world today is filled with a restless, seething mass of humanity, actively pursuing each one, each one his favorite phantom of pleasure or profit. In all of this welter of conflict and strife two—and only two—principles in the broad general plan of service to others or engaging in selfishly seeking our own ends at the expense of others, for an immediate gain. Or, after that expression of the text, collaborators with God for the perfecting of His plans, or hireling to the devil in our own interests.
"This is God's world and He will conduct it according to His will, but the devil has deluded man into the belief that he may set God's plan aside and substitute his own, which means that the devil has hired man to work his own plan and promised him reward for so doing.
Therefore, every man, in whatsoever he does, is co-laborer with God or hireling to the devil. Here, appears a startling thing, this statement will not arrest the attention on thought of any one to the extent that he will attempt to test or verify its truth. It will appear only as the preaching of a palpitator, a commonplace, from one of a professional class. Yet there is in it a vital and fundamental truth affecting human life than this.
"All of the contention and strife, all of class hatred and distinction, all vice and crime, in brief, all the ills that flesh is heir to, flows from failure to understand and apply this most fundamental of all truths. The devastation and desolation of war, the oppression of all tyranny, the burdens of suffering heaped by the irresponsible authority of authority of kings and emperors, all have followed from the failure to accept and apply the principle of partnership with God.
"The present discontent and restlessness in our own country today rises because men close their eyes against the plain instruction of truth: corruption and bribery in high position and office; profiteering and extortion in big business, and little; fewer hours with more pay among labor unions, all betoken a centered purpose in the world of commerce and trade, as opposed to the general interests of society.
"There is only one known remedy for all of these ills, the application of the justice and righteousness of God as revealed in His word.
It is not surprising that men sin, but it is surprising that they continue to pay the penalty—suffering."
TRY, TRY AGAIN.
"Lottarox was telling me that he has been trying for six months without success to get a passage to see the battle fields of France."
"Evidently the wind has changed. He spent two years trying not to see them with success."
—American Legion Weekly

ICELESS DAYS IN MANY WEST TEXAS TOWNS

Special to The Times.
HAMLIN, July 19.—The long sweltering days of July are iceless in many West Texas towns due to the inability of ice factories to secure refrigerator cars for shipments to towns without plants. Rotan, a considerable town, is frequently without ice. A number of towns in the oil fields are feeling the effects of car shortage, including Burkburnett, it is reported.
According to information from the West Texas Chamber of Commerce, the refrigerator shortage is due to a draft made upon this equipment by fruit growers of California. The organization is trying to get the railroads to retain sufficient of this equipment to care for all Texas ice needs.

Waco Sends Two to New Orleans "Miracle Man"

WACO, July 19.—Faith, which had already wrought material results, was perhaps the greatest possession of Henry McCain, a paralytic, and Oscar Kelly, his blind companion, who left here recently for treatment at the hands of "Brother Isaiah," the faith healer on the banks of the Mississippi river at New Orleans.
These two men managed to save \$51 between them from their meager earnings gained by selling newspapers on the Waco streets; but when they left they carried round trip tickets and \$72.25 each for expenses.
Their good fortune came when a local business man overheard them discussing "Brother Isaiah's" work. "When McCain said to his blind companion," the business man explained, "Oscar, you have \$50 and I have \$1. I will give you my dollar and will work for both of us while you are away and will pray for you and

Purified by Electricity

The Following Is the Method of Treating Water by the Electrified Method

SEE NUMBERS ON MACHINE

No. 1—A bank of aluminum plates which when charged with electricity throw off aluminum hydroxide gas, which kills all germs, and causes all animal life and vegetable matter to go out of solution into suspension. It requires about 30 minutes for this to take place, during which time the water is taken to a large tank No. 2, which holds about one hour's supply of water. This makes it easy to filter and a surety of getting it all out. From this tank it goes through tanks numbered 1 to 3, which are filled with ground quartz in different grades of fineness which filters out all foreign dead matter, leaving the water clear as a crystal, and pure, but somewhat flat to the taste. Hence, it is taken to the ozone machine (Illustration No. 4). No. 4 on this machine is the air filter, and air after going through the Ultra Violet Ray in No. 5 which generates a cubic foot of ozonated air to each cubic foot of water, is mixed with the water in No. 6. (The Ultra Violet Ray is the same as used in the X-ray machine, and, in this machine, is generated by 1300 volts of electricity with LOW amperage. No germ can live in its presence. Ask your doctor.)

No. 7 is the test tubes we use every 30 minutes during the purification of water for our own assurance that the machine is properly working. No. 8 is the motor-generator that furnishes us with direct current for the plates. To make sureness doubly sure we have contracted with a chemical laboratory of Ranger, Fort Worth and Dallas to come to our plant without our previous knowledge and examine this water, and to do so often. In these tests our water has never shown higher bacterial count than 9, while the U. S. standard is 100 bacteria to the cubic centimeter. Our water as required by U. S. standards has always shown negative in presumptive tests for B. coli.

THE FOLLOWING IS TAKEN FROM THE RANGER DAILY TIMES, SUNDAY, JULY 18:

STRICT RULES ARE TO GUARD WATER SUPPLY

All Authorized Tank Wagons Will Be so Labeled

Most of the water hauled from shallow wells in the vicinity of this city and sold for drinking purposes is unfit for human consumption until after it is treated, in the opinion of Dr. C. E. Terrell, city health officer. Examination and analysis of water from a number of sources has revealed the fact that typhoid germs and other deadly germs are present in great numbers, Dr. Terrell said. He also stated that practically all underground cistern water is contaminated.

Dr. Terrell has conferred with other members of the board of health and with W. H. Stowe, city sanitary inspector, with reference to the best way to handle the water situation, which all agree has become a menace to health. Several cases of typhoid have developed lately, and while the health rate here compares favorably with the average for Texas, still it can be made even better and all danger of an epidemic removed by using proper precautions, they say.

The following measures have been decided on. First, every person who sells water for drinking purposes must bring a sample of the water to the city health officer for analysis. If the analysis shows that the water is unfit for drinking purposes, the well will be condemned and nailed up until the owner puts in a chlorination plant or makes other arrangement to purify it.

Second, all wagons must bear a tag showing in large letters the source of his supply, as for instance, "Jones well No. 1." The tag must also bear the words, "approved by city health officer." Failure to have water analyzed or to comply with the other regulations governing its sale will result in a heavy fine. Failure of owners of wells to see that the water from these wells is analyzed will render them liable to a fine and to condemnation.

Members of the board of health have issued a warning to the public not to drink water from wells which have not been inspected and passed on favorably by the board.

Food for Thought

The average family uses two bottles weekly for drinking purposes. Our water costs 10 cents per bottle more than untreated water. Would you knowingly risk your life and the lives of your family and dear ones constantly for \$.20 per week? Many people are doing it, not purposely, but through lack of information. Has any other water company invited you to inspect their plant to show you how your drinking water is handled? We always have. We are glad to have you any time, and will show you the whole thing any time. Come and see for yourself how our bottles are cleansed and filled. One case of typhoid fever in the home will cost more money than half a dozen years of pure water, besides the risk of death and infirmity. Good health for one hour is worth the difference for many days.

WHAT DO YOU DRINK AT TOWN—PURE WATER OR SLOP?

Efficient Housekeeping

BY Laura A. Kirkman. "Just How" to Make Bread. Every now and then a bride will write to ask me "just how" to make bread, requesting me to assume that they "don't know the very first thing about baking anything" so that I will be minutely specific.

GARMENTS FOR EUROPE'S NEEDY CHILDREN.

Women members of the Red Cross chapters throughout Missouri, Kansas, Texas, Arkansas and Oklahoma have been asked to resume production of clothing to supply needy children in the war devastated areas of Europe, according to an announcement received from Southern division headquarters of the Red Cross at St. Louis.

Rippling Rhymes by Walt Mason

BLESSINGS. I have so many blessings I cannot count them all, and Fortune's soft caressings upon me daily fall; the sun is busy shining; all clouds have silver lining; yet I find time for whining and putting up a bawl.

CATTLE CAR DEARTH IN COAST COUNTRY PARTLY RELIEVED

FORT WORTH, July 19.—The stock shortage in South Texas which began with the opening of the shipping season last March has greatly improved, and at some shipping pens in the coast country more than enough cars are available, according to H. S. White, cattleman and salesman, who has recently returned from that section.

LITTLE BENNY'S NOTE BOOK by Lee Pope

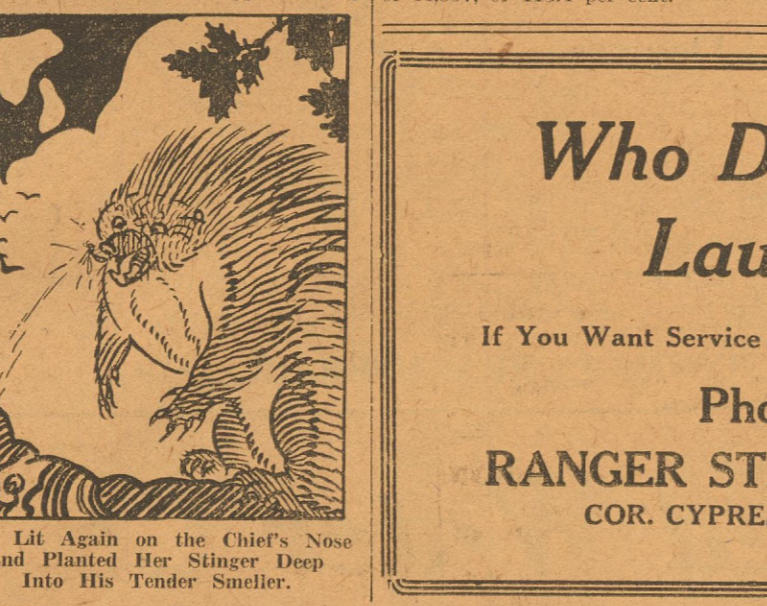

Me and pop was up in the setting room pop smoking and thinking, and me just thinking, and pop sed, Well, Benny you seem to be lost in thairt, do you think you can find your way back? Who, me, I sed.

"Tinker Bob" Stories by Carlisle H. Holcomb

OLD MOTHER HORNET. Tinker Bob hehoped Red Fox out of his rouble and sent him to the palace with the garments that he had taken. The King felt sure that it would be punishment enough for Red Fox to have to wear these clothes on the day of the frolic without putting any more on him.

SINCLAIR NEWS

Wm. W. TRAVIS Correspondent. The boys of the Sinclair club gave a 50¢ party and dance Saturday evening at the club house, nearly everyone in the camp being present. An enjoyable time was had by everybody.

She Lit Again on the Chief's Nose and Planted Her Stinger Deep Into His Tender Smeller.

TALKING IT OUT.

The governor's race, with plenty of candidates and plenty of issues, should be proving interesting to dwellers in the agricultural belt; with crops laid by and little to do but listen to the spellbinders and ruminate upon their utterances.

21—LEGAL NOTICES

AN ORDINANCE

GRANTING UNTO THE SAMMIES OIL CORPORATION OF TEXAS, ITS SUCCESSORS, ASSIGNS AND REPRESENTATIVES CERTAIN FRANCHISES, RIGHTS AND PRIVILEGES IN, TO, UNDER, ACROSS AND ALONG THE STREETS, ALLEYS, LANES AND PUBLIC PARKS OR GROUNDS OF THE CITY OF RANGER, TEXAS, FOR THE PURPOSE OF CONSTRUCTING, SUPPLYING AND DISTRIBUTION OF NATURAL AND ARTIFICIAL GAS TO THE RESIDENTS OF THE CITY OF RANGER, TEXAS; OR SUCH OTHER AND ADDITIONAL PURPOSES AS MAY BE INCIDENT TO THE GENERAL GRANT OF FRANCHISE, AND PRESCRIBING THE TERMS OF SUCH GRANT AND FRANCHISE AND THE CONSIDERATION THEREFOR.

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF RANGER, TEXAS,

Section 1. That for and in consideration of the sum of \$4,000, payable in installments of \$100 each annually in advance during the life of the franchise herein granted and in further consideration of the fulfillment of the Sammies Oil Corporation of Texas, of the terms of this franchise and ordinance and of the ordinances now or hereafter to be passed by the Board of Commissioners or other governing bodies of the said city, in furtherance of and in conformity with the provisions of this ordinance and franchise of the city of Ranger, does hereby grant and convey unto the Sammies Oil Corporation of Texas, and its successors, assigns and representatives, a franchise granting and conveying the right, privilege and authority to construct, own, operate, maintain, repair and operate a system of, for the distribution and supply of natural and artificial gas, either or both, unto the residents of the city of Ranger, Texas, and other persons; such system shall include all necessary and appropriate appurtenances and appliances necessary to adequately furnish, supply and distribute such natural or artificial gas, which system may be laid

BEADS BEFORE BREAD, LEVANTINE SCHEME OF LIFE

By Associated Press
CONSTANTINOPLE, July 1.—(By Mail)—Beads are more necessary than bread to the Levantine. Men, women and children wear and carry beads to ward off ill luck. Even the horses and donkeys "to brand the beads about their necks 'to stave the evil eye' and the long lines of blue and white beads to keep them from falling prey to diseases.

In Athens, Constantinople, Tiflis, Smyrna and other cities of the Levant beads are worn and carried by all, and beads which they play with while waiting in the street, riding in street cars and trains, just as nervous men in the West finger their watch chains. Beads are worn and carried by the smaller cities and general stores and market stalls sell them in the smaller places. Peddlers hawk them in the street everywhere.

The first annual reunion of the Rainwater (49th) division was recently held at Birmingham, Ala.

deem best for public benefit, such purchase being either by contract or by such statutory method as may be at the time by law provided; and the basis of value for use in estimating the nature of the reduction or increasing rates and charges in accordance with Section 11 hereof, and for the purchase of said system and property shall be the cost of such equipment and all service lines, pipes, conduits, valves, etc., less reasonable amount for wear and tear and plus additions thereto at not less than cost price and plus ten per cent of such ascertained value, and the franchise holder hereunder considered tangible or intangible, shall be considered in establishing the value of such plant or equipment.

Section 12. That the City of Ranger shall have the right to require the franchise holder to extend its system six hundred feet at any one time for the supply of natural and artificial gas to a sufficient number of customers in the opinion of the City Manager, will probably be permanently profitable to the franchise holder; such extension shall not be required more frequently than once in thirty days.

Section 14. It is hereby provided as a part of the contract and agreement embodied in this ordinance that the City of said Ranger, Texas, shall have the right, through its gas inspector, and said city agrees, through such gas inspector, to inspect and test all house piping and all service lines, pipes, conduits, valves, etc., on curb and running to meter loop; all service lines and ditches shall be left open by the plumber or party installing gas for inspection. No service pipe shall be installed less than one inch in size. Such gas inspector shall deliver to the franchise holder, inspection slips or reports showing the result of such inspection made by him.

Section 15. Should any other or additional franchise be at any time hereafter granted to any other person, firm, association or corporation than the franchise holder hereunder, such franchise shall be upon no less onerous terms than are contained and recited herein, it not being intended hereby to give or grant to the franchise holder hereunder a monopoly of gas service and supply in the city of Ranger.

Section 16. That the Sammies Oil Corporation of Texas shall have the right, privilege and authority to assign and convey all rights, privileges, franchises, grants and benefits accruing or arising from, under or by virtue of this ordinance to any other sole person, firm, association or corporation, and such assignment and such assignment or conveyance shall entitle the assignees to full enjoyment thereof; provided, however, that such assignee shall be bound to assume and perform all the duties, responsibilities, obligations and burdens herein and hereby created or by law or by ordinance charged thereon.

Section 17. That all reasonable precautions shall be taken to supply continuously and uninterrupted a full and adequate quantity of natural and artificial gas at sufficient pressure and of adequate quality to supply the demands of the consumers; and in case of failure therein, the City of Ranger reserves the right, to revoke or suspend the franchise and to take a full, fair and impartial hearing of all the facts; but only where the facts show that such failure arose from the deliberate act, refusal or negligence of the franchise holder, the City of Ranger provides that such failure did not arise from the act of God or unavoidable accident.

Section 17. That this ordinance shall take effect thirty days after its publication in the official newspaper of this city, or by charter required; and that such other or additional ordinances shall be passed by the governing body of the City of Ranger, confirmatory hereof or in addition thereto, and such ordinances shall be subject to the Board of Commissioners of the City of Ranger seen just, fit, meet and proper.

AN ORDINANCE

GRANTING UNTO THE SAMMIES OIL CORPORATION OF TEXAS, ITS SUCCESSORS, ASSIGNS AND REPRESENTATIVES CERTAIN FRANCHISES, RIGHTS AND PRIVILEGES IN, TO, UNDER, ACROSS AND ALONG THE STREETS, ALLEYS, LANES AND PUBLIC PARKS OR GROUNDS OF THE CITY OF RANGER, TEXAS, FOR THE PURPOSE OF CONSTRUCTING, SUPPLYING AND DISTRIBUTION OF NATURAL AND ARTIFICIAL GAS TO THE RESIDENTS OF THE CITY OF RANGER, TEXAS; OR SUCH OTHER AND ADDITIONAL PURPOSES AS MAY BE INCIDENT TO THE GENERAL GRANT OF FRANCHISE, AND PRESCRIBING THE TERMS OF SUCH GRANT AND FRANCHISE AND THE CONSIDERATION THEREFOR.

Section 1. That for and in consideration of the sum of \$4,000, payable in installments of \$100 each annually in advance during the life of the franchise herein granted and in further consideration of the fulfillment of the Sammies Oil Corporation of Texas, of the terms of this franchise and ordinance and of the ordinances now or hereafter to be passed by the Board of Commissioners or other governing bodies of the said city, in furtherance of and in conformity with the provisions of this ordinance and franchise of the city of Ranger, does hereby grant and convey unto the Sammies Oil Corporation of Texas, and its successors, assigns and representatives, a franchise granting and conveying the right, privilege and authority to construct, own, operate, maintain, repair and operate a system of, for the distribution and supply of natural and artificial gas, either or both, unto the residents of the city of Ranger, Texas, and other persons; such system shall include all necessary and appropriate appurtenances and appliances necessary to adequately furnish, supply and distribute such natural or artificial gas, which system may be laid

Section 11. The schedule of rates set in sec. 9, hereof, shall be subject to change after two years from date hereof, if, upon a hearing and investigation conducted by the governing body of the city, such changes should be made, in order to reach a just, true, and equitable decision concerning such rates and for the assessment of taxes and other legitimate purposes, the franchise holder shall be bound to a full examination by an expert public accountant, to be selected by the governing body of the city, all the books, papers, vouchers, records and property tangible and intangible, of the franchise holder together with its profits and losses, and such other matters as the city may demand. No change of rates shall be made by the city, reducing the earning capacity of the plant or system of the franchise holder in supplying natural or artificial gas within the territorial limits of the city of Ranger, below 8 per cent per annum, nor increasing it beyond 10 per cent per annum; nor shall such rates affect any charges made for services beyond the city limits as they may then exist.

Section 12. The city of Ranger hereby retains intact its legal right to purchase the entire plant and equipment of the franchise holder employed in supplying and distributing natural or artificial gas to its inhabitants at any time it may

LOUD SPEAKING PHONES INSTALLED IN N. Y. SUBWAY

By Associated Press
NEW YORK, July 19.—"Loud speaking" telephones are soon to give New York subway riders relief from the inarticulate sounds emanating from the inarticulate riders emanating from the inarticulate subway stations.

The telephone instrument, which is to be installed on the Brooklyn lines, will not only be employed to announce stations, but will be used for such warnings as "Watch your step," "Step lively, please," etc.

The phone is operated by the conductor or guard at the center of the car, who speaks in an ordinary voice through a transmitter, his words coming forth in increased volume at each end. The phone is also audible on the car platforms.

Loud speaking receivers are installed in the ceilings of the cars near the doors and are hardly visible. The openings are about eight inches in diameter, but screened and painted the same color as the ceiling.

France maintains a standing army of 800,000 men.

Harmonizing Capital and Labor Lenin's New Job

TOKIO.—Nikolai Lenin, soviet premier of Russia, asserts that the most important problem confronting the soviet government today is how to harmonize capitalism and socialism. He made that statement in an interview in Moscow with the correspondent of the Nichi-Nichi. The correspondent quotes him as saying: "For that purpose, the soviet drew up a special understanding which was made public in America some time ago. Some of the powers mistook the concessions made as a sign of weakness and dispatched expeditionary forces to Russia. The result was a complete failure on their part, financially, militarily and morally."

He admitted that there were very many difficulties to be overcome before the soviet government was established on a solid basis, but he believed that the hardest portion of the work had been already accomplished.

"It took Russia," he said, "no fewer than 30 years to pass from feudalism to capitalism. There is nothing extraordinary in that. Old systems may be overthrown in a day but it takes a long period to erect a new one. In fact, the longer the period involved, the surer will be the basis of reconstruction."

"The development of a state," Lenin declared, "depends very much upon the education of the rising generation and it is the policy of the Russian soviet to pay every possible attention to the training of the youthful mind."

"In regard to the economic prospects of new Russia that is being constructed, we believe that efforts should be directed first of all to the destruction of the position of landowners in Poland. This is an essential preliminary to the establishment of a permanent peace and therefore, to the improvement of economic conditions."

Nitros Lose Tough Session but Stay Out in the Lead

STILL ON TOP. Despite the Nitros' tough luck at Mineral Wells yesterday, when a late burst of speed and bad breaks took a game from them that looked as if it was already won, the club stays out in front, still with a margin of one game. Abilene lost at Eastland.

Three clubs are now bunched in second place, just one game behind the Nitros, and to hold their grip on first, the club must win today for one or two or three of those clubs may win today. If Mineral Wells wins from Ranger, the Resorters will go into a tie for first place. Abilene and Cisco first may take beatings today, but they will not hold Ranger in first place, alone, unless the Galloways take their game from the Resorters.

MINERAL WELLS, July 18.—In a rally which overcame a five-run lead which the Nitros had amassed and in which hits, bones and errors were commingled, the Mineral Wells Resorters won their second straight game from the visitors, 4 to 5. The winning rallies were put on in the fifth and seventh innings. Manager Galloway protested the game after Tate had been called out at second on a steal in the eighth. The bag was pinned down with one leg and after having slid under the baseman on a night throw, Tate lost the bag when it flopped, and was called out. It made the third out. Two singles in the ninth followed the play.

NITROS LOSE

MINERAL WELLS. The score: AB R H PO A F. Stidell, rf. 4 2 1 1 0 0. Schilz, 2b. 2 0 2 2 2 1. Rose, cf. 3 0 1 5 1 0. Nokes, ss. 4 1 2 2 2 4. Weishever, lb. 4 1 1 12 0 0. Whistow, lf. 4 0 1 1 0 0. Aers, c. 4 0 0 3 3 0. Knight, 3b. 4 0 0 1 4 0. Toner, p. 2 0 1 0 2 0. McQueen, p. 2 0 0 1 1 0.

JUDGES PELT HILL AND BLANK EAGLES IN BRIEF CONTEST

EASTLAND, July 18.—Dorough pitched a fine game and Eastland knocked G. Hill's shoofs all over the lot and won from Abilene, 6 to 0, here Sunday. By agreement the teams were to play a double-header but rain interfered, the first game being called in the last half of the sixth inning. The feature of the game was the hitting of Payne. The score: ABILENE. B. R. H. PO. A. E. Bogans, cf. 3 0 1 0 0 0. Young, lb. lf. 3 0 1 5 0 2. Kizzlar, 1b. 3 0 1 5 0 0. Segrist, 3b. 3 0 0 0 0 0. Milans, lf. 3 0 1 2 0 0. White, 2b. 3 0 0 2 0 0. EASTLAND. The score: AB R H PO A F. Gross, 3b. 3 0 0 0 0 0. Markley, ss. 3 0 0 0 0 0. Bratcher, rf. 4 0 1 0 0 0. Lewis, c. 2 0 1 3 0 0. Berkeley, lb. 3 2 1 9 0 0. Payne, cf. 2 2 0 0 0 0. Hartwick, lf. 2 1 1 2 0 0. Bowles, 2b. 2 1 1 3 4 0. Dorough, p. 2 0 0 0 0 0. Totals. 24 6 8 18 11 1.

Pitchers' statistics: 7 hits and 6 runs off Hill in 4 1-3 innings, 1 hit and 0 runs off Kizzlar in 1 2-3 innings; stolen bases, Lewis, Payne; two-base hits, Bogans, Berkeley, Kizzlar; home run, Payne; error, Berkeley; hit by pitcher, by Dorough 3, by Hill 5, by Kizzlar 1; bases on balls, off Dorough 2, off Hill 3, off Kizzlar 1; double play, Markley to Bowles to Berkeley; hit by pitcher, by Dorough 1, by Payne, Bowles; wild pitch, Hill. Umpire, Weber.

RECOMPENSE. Just before the performance of the big melodrama, the management of the opera house proclaimed from the stage: "Ladies and gentlemen: Because the county electric light plant is busted down we have decided to omit the lightning from the big storm scene. In order, however, that nobody will go away disappointed, we have decided to double up on the thunder."—American Legion Weekly.

Great Britain is restoring the full-dress uniforms and walking-out-dress for her army, territorial and the Reserve. The city of London, England, presented a gold sword to General Pershing.

Games This Week. Tuesday, Tee Pee vs. Sinclair. Wednesday, Times vs. Tobacco. Thursday, Shops vs. Prairie.

Several hundred persons witnessed the City league doubleheader at Municipal park Sunday afternoon. Tee Pee and Prairie contested the first game, Tee Pee winning easily, 4 to 1.

In the second game, Sinclair won from the Times, 4 to 3. The Sincoes scored in the last inning, breaking a 3-3 tie. McCormick for the Times pitched excellent ball, allowing but two hits, and struck out ten. McGowan was touched for seven hits and struck out five.

Score by innings: Tee Pee. 001 002 0-3. Sinclair. 011 000 2-4. Batteries: McCormick and Phillips; McGowan and McDonald; Birdsall, Umpires Wagner and Dunnigan.

'TEX' RICKARD INSURES MADISON GARDEN FUTURE. The future of Madison Square Garden, long in doubt, is now at least temporarily assured by the ten years' lease of the premises taken by Tex Rickard. Under the control of a sports-promoter who has demonstrated his capacity by successfully managing the great pugilistic contests of recent years, and with the continued patronage of the circus and the Horse Show, the historic property may regain its old prosperity.

The garden henceforth will have an altered status, and primarily a home of athletic sports such as boxing, wrestling, bicycle races and perhaps lawn tennis. Its development on this line appears to be full of possibilities. Under New York's more liberal legislation regulating boxing, and with gymnastic and athletic club adjuncts, it may enter on a new career of public usefulness.

The main thing, of course, is that New York's unique exhibition hall and amphitheater is saved from the extinction that would have followed its conversion into business premises. It will survive as a congenial place for shows and spectacles as well as for sports, and the promise of its new proprietor that "every tradition and sentiment which has been associated with Madison Square Garden will be preserved" is reassuring.

To have the garden what it was and ever has been and something more besides will be a gratifying reversal of adverse conditions that have "breathed its destruction. All New York will be glad to know that its prized place of resort is still to be.

Adkins Leading Flinger With Four Won, Two Lost

Lefty Adkins, the strawberry blonde off-sider of the Nitro staff, is the winning pitcher in the first nineteen games of the second half, according to the dope. Lefty has four wins to his credit and two losses checked up against him thus far, since July 1, including games of Sunday.

His effectiveness against Gorman has been a large factor in this record. He is one Nitro who consistently is able to make that hard hitting gang look funny. He had his first game won, 3-0 to 0, with two out in the ninth when they beat him at Gorman, 4 to 3, and since that time he has not lost a start against them. He has won from Gorman 10-4, 18-3 and 3-1, and besides that first loss has dropped one to Cisco, 3-2.

He is helped in his record by Eastland's forfeiture, 9 to 0, which goes on his record as a game won without a hit chalked against him.

Smoke Boyer is really on a par with him, with three won, two lost. Smoke has won from Gorman 3-4, Cisco 2-1 and Eastland 5-3 and taken beatings from Abilene 5-1 and Mineral Wells 4-3.

Hudspeth has two wins and one loss, with a 7-6 victory from Abilene, a 8-6 victory over Cisco and a hard luck defeat, 2-1, at Abilene. Carter has defeated Cisco 5-3, Abilene 3-2 and taken a loss from Gorman, 5-3. It is his only loss. Red Hill has been champion hard luck-

Opponents. Pitcher—G AB B R TB SO BB W P IB V L Pct. Adkins. 6 189 15 39 51 10 9 1 1 3 4 2 .607. Hudspeth. 4 105 19 25 33 7 8 2 0 1 2 1 .667. Carter. 3 92 10 19 22 10 4 3 0 1 2 1 .607. Boyer. 7 152 17 37 44 22 14 0 0 0 3 2 .600. Hill. 2 64 8 14 15 9 6 1 0 0 0 2 .000.

JAZZING IT UP IN ILLINOIS

Earl B. Searcy, Adjutant of Department of Illinois, Relates Organization Incidents of That State in American Legion Weekly.

Out Illinois way, where the legion is booming, amusing methods—effective methods, too—are operating in the work of organizing posts.

On the night of flag day, June 14, a representative of state headquarters went out from Springfield in response to a call from several interested service men at Middletown, a village between Springfield and Peoria. Newspaper facilities in this village are limited, but that meant nothing to the interested service men.

"Got a place to meet?" queried the headquarters man. "Yes, the Odd Fellows have given us their hall."

"Did you get word out to the men?" "To as many as we could."

"Any assurance of a turnout?" "Pursued the organizer."

"All who know about it will be here."

Then a conference was held. Suggestions were in order for means of augmenting to little crowd.

"Is there a bugler here?" asked someone. "There was. He was communicated with and requested to report at once, with his erstwhile early morning instrument of torture."

"Give 'em reveille, then assembly," the bugler was advised. He let go with vehemence, vim and vigor. Villagers stopped to see what the fuss was about.

Service men, scratching their heads in wonderment, left their homes and "turned out" to see what was about to turn up. Thus was the meeting called. A post was formed. Its application for charter will be filed before this gets into print.

This reminds us of another. Last fall, when the state pre-convention "push" was on, legionnaires of Sangamon county, in which the state capital is situated, were combing the country. They had organized them-

who had become belligerent through many cognacs. The Tommy took exception to Bill's lumps. "Wot's that, Yank? Bunker Hill?" he inquired. "Mebbe 'tis, mebbe 'tain't," replied Bill, "but if you think it is let's see whether you can climb the darn thing now."—American Legion Weekly.

SHALL SAMUEL GOMPERS RULE?

The Washington Times on its front page, July 12, stated: "Organized Labor's opposition will be concentrated against Congressman Blanton of Texas, Senator Thomas of Colorado and Senator Myers of Montana. The American Federation of Labor is not yet ready to disclose its complete plan of attack against these men. An immense amount of literature goes into their districts, and speakers also are employed in an extensive campaign against them. The fight against Congressman Blanton of Texas will be unusually bitter."

It is true that my district has been flooded with vicious literature attacking me. The Eastland Daily Oil Belt News on its front page, July 13, under the heading, "SPEAKERS FOR GRISHAM," advertised numerous speaking appointments over my district for the following speakers: Judge L. I. Rust, Judge J. D. Barker, D. J. Neill, Judge Claud P. Chastain, Judge W. F. Kelly, Tom Cunningham and F. A. Judkins.

The American Federation of Labor has reason to concentrate its fight against Senators Thomas, Myers and myself. We have all fought anarchy. We have refused to obey Mr. Gompers. We all believe that the United States should be run by the Government in behalf of all the 110,000,000 people, and not by Mr. Gompers in behalf of only 5,000,000 union men. Senator Thomas was the author of the "Work or Fight" slogan which Mr. Gompers defeated and would not let it apply to Organized Labor, and thus forced 670,000 eighteen year old boys to be drafted into the service. Senator Myers and myself have introduced bills to stop anarchy and sedition. Gompers is certainly after the right men. What are you honest American voters who love good Government going to do about it?
