APPEALS COURT THROWS OUT 97 WICHITA BILLS

Two Convicted Forgers Ordered Released Because Grand Jury Was Illegal.

By United Press.

AUSTIN, June 7.—The case of Hunter Russell of Wichita county, sentenced to two years on conviction of having forged instruments, was reversed and dismissed by the court of criminal appeals today. The court upheld Russell's contention that the indictment was by an illegal grand jury.

Prosecution also was ordered dismissed against M. S. Sautler, from Wichita Falls, sentenced to five years for a like offense under an indictment returned by the same grand jury. Ninety-seven other persons indicted by the same grand jury will have their cases dismissed when appeals are made to the high court.

The court today held that the judge did not order the sheriff to summon any number of citizens between twelve and fifteen, one day after court convened, after the previous grand jury had failed to select a jury commission to draw a jury for the September term, and for that reason the grand jury was illegal.

DOUBLE PROBE ON GAS PRICES NOW UNDER WAY

By United Press.

WASHINGTON, June 7.—Congress and the department of justice joined hands today to protest the 17,000,000 automobile owners of the United States against higher gasoline prices. While the department of justice launched its probe of the recent increases in the price of gasoline, the senate manufacturing committee was organizing for an investigation of its own.

Representatives of the big gas and oil companies will be called before the committee to explain why prices are going up.

The department of justice is investigating the legal aspect of the situation in an effort to determine what steps the government is empowered to take.

The report of the federal trade commission on the gasoline industry, which shows a record-breaking reserve, is being made the basis for both probes.

"I am not able to say when the first hearing of the manufacturing committee will begin, but it will be as soon as possible," Senator LaFollette, chairman, told the United Press today.

WASHINGTON, June 7.—Decision to concentrate all field artillery schools at Fort Sill, Okla., and the principal flying schools at Brooks and Kelly fields, near San Antonio, was announced today by Secretary Weeks.

BRUTAL CONDITIONS ON PRISON FARMS DESCRIBED BY EX-CONVICT

Brutality on the state prison farms, where approximately 3,000 convicts labor under the supervision of sergeants and guards, was described and an appeal to the public to give ex-convicts a chance to make good, were the subjects of an appealing street lecture last night by J. S. Kelly, who arrived in Ranger yesterday to give a number of lectures on the streets and possibly in one of the churches.

The sergeants and guards directly over the prisoners, and not the prison system or the prison commissioners, are to blame for the brutal conditions existing on the state convict farms, Mr. Kelly said. The speaker explains that he was serving a ten-year term in the penitentiary when pardoned a number of years ago by Governor Colquitt. Three and a half years of his term was spent on one of the farms. There is no complaint to make on the conditions in the "walls" at Huntsville, Kelly said, but the treatment received at the farms drives men to desperation. Convicts would rather serve twenty years at Huntsville than two years on the farms. With the right kind of guards and sergeants in charge at the farms such condition would be remedied, he said.

Ministers Indorse Work. Kelly is carrying on his work all over Texas and carries letters of commendation from numerous ministers, public officials and others. In explaining his mission before Commissioners Hodges and Teal yesterday

WHY LAWYERS AREN'T LOVED!

By United Press.

GREENVILLE, June 7.—John Lindley, 55, negro, may become owner of part of the famous Golden Lane oil pool of the Mexia field, B. M. McMahan, city attorney, declared today.

If Lindley, who for thirty-seven years has been chef at the Beckham cafe, proves his claim, he will be one of the wealthiest negroes in the United States. He declared today that he would stick to his job despite the promised riches.

McMahan, who has just returned from Groesbeck in Lindley's interest, declared he has many depositions to show that Lindley is heir to one-eighth of forty-two acres of land in the heart of Golden Lane. "I feel confident that we can recover anywhere from \$25,000 to \$500,000 for him," McMahan said.

Lindley left the farm near Mexia thirty-seven years ago to come to Greenville.

ONLY 'POSSESSION' INDICTMENTS AGAINST BARNES AND ATWOOD

Lack of Help Given as Cause of Delay in Announcement.

Special to the Times.

EASTLAND, June 7.—Cleve Barnes and Harry Atwood, two of the men arrested in Ranger following the capture of a huge liquor stock at the Barnes residence by Ranger citizens, have been indicted by the grand jury on charges of possession of liquor for the purpose of sale. The indictment of the two men and the fact that they were arrested on the indictments and made bond for \$2,500 each last week was made known officially for the first time today.

The delay in this information being released to the public was caused by the lack of help in the sheriff's office, which resulted in the papers in the case not being returned to the clerk until today, it was explained.

The indictment of Barnes and Atwood was announced here last night by County Attorney Ove E. Overton.

SIXTH MAN ARRESTED FOR DALLAS P. O. ROBBERY

AUSTIN, June 7.—What is regarded by Postoffice Inspector Sutton as one of the most important arrests in the history of the department was learned here today when a message was received from San Francisco telling of the capture of Paul Dolphus, one of the men wanted in connection with the Dallas postoffice robbery on Jan. 14, 1921. Dolphus is well known in the postal service and is said to have operated over the country under nine different aliases. He is the sixth man to be arrested in connection with the Dallas robbery.

A certified copy of the indictment against Dolphus will be sent to San Francisco and the prisoner brought back here for trial in federal court.

COURT PROBES BEATING GIVEN LAWTON PASTOR

By Associated Press.

LAWTON, Okla., June 7.—A court of inquiry to investigate the numerous outrages which the Rev. Thomas J. Irwin, former pastor of the First Presbyterian church, is said to have suffered at the hands of his enemies was convened here today by order of the county attorney. Several witnesses have been examined but their names and the nature of the questions asked them is being withheld by the authorities. The public has been excluded from the hearing.

The court of inquiry was ordered by the county attorney following the report that the minister had been seized and beaten on a country road near here Monday night by a number of men who attempted to bring a confession from him to starting fires, which at various times damaged the church.

GOVERNMENT AID IN COAL STRIKE REBUFFED

WASHINGTON, June 7.—Secretary Hoover in a report to the senate today, disclosed that he and Secretary Davis had made a number of suggestions and attempts to terminate the coal strike, but that they had been unavailing.

In reply to Senator Walsh's resolution, inquiring what governmental agencies had done to terminate or intervene in the coal strike, Hoover declared that governmental agencies were without legal authority to either terminate or intervene, but that through the department of labor a number of suggestions had been made to both sides.

OSAGE WOMEN ON WARPATH FOR EQUAL SUFFRAGE

By Associated Press.

PAWHUSKA, Okla., June 7.—Women of the Osage nation, the richest tribe of Indians in the world, have gone on the war path for equal suffrage.

More than a hundred copper-skin maidens and squaws came to the tribal voting place here yesterday to cast their ballots in the annual tribal election, but the old braves refused to allow them to vote.

The women then caucused and announced they would urge the tribal council to amend the tribal laws so that woman may vote at the 1923 election.

STRIKE BALLOTS SENT OUT TO 1,200,000 RAILROAD WORKERS

Three Separate Causes for Walkout to Be Voted on By Unions.

CINCINNATI, June 7.—Danger of a railroad strike was intensified today by decision of leaders representing 1,200,000 workers affected by the latest orders of the United States labor board to submit three separate proposals to a vote of the union members. The printing and mailing of the ballots was ordered expedited.

The questions on which the men will vote on whether to quit work or not are:

Seven rules, including five eliminating time and a half for overtime. The farming out of shop work, illegal installation of piece work and the alleged illegal and unauthorized reduction in wages by various roads.

The wage reduction by the railway labor board yesterday, effective July 1.

By Associated Press.

CHICAGO, June 7.—Strike ballots returnable June 30 went out today to railway employees affected by the recent wage slashes made by the labor board.

Paralysis of the nation's railroads on July 1 was a possibility as a result of the reductions, which have already slashed \$110,000,000 from the wages of more than a million workers. The wage cut is effective July 1.

By United Press.

BARTLESVILLE, Okla., June 7.—William Lockett, night marshal of Ochelata, was shot and killed early today by bandits, according to a report received here. Jones said plenty of labor would be available for farmers in the wheat belt.

By Associated Press.

Dr. Piner said that there had been but five smallpox cases in Denton and that all had recovered but one and that this case is about well. There has been no spread of smallpox here, he said, and there are no other contagious diseases in this vicinity.

SENATOR'S REMARKS PEEVE AMBASSADOR

By Associated Press.

WASHINGTON, June 7.—Taking exceptions to the remarks of Senator Watson of Indiana, made in the senate in his speech on the tariff bill, Ambassador Ricci of Italy today in a statement in defense of his actions in speaking on the tariff bill, declared that tariff regulation was a question of international concern and therefore a proper one for discussion by diplomats.

OKLAHOMA GETS LOWER RATES TO TEXAS POINTS

By Associated Press.

WASHINGTON, June 7.—New basic rates on grain products, hay and straw, moving from Oklahoma points to Texas were ordered today by the interstate commerce commission in the case brought by the corporation commission of Oklahoma, contending that the present schedules are unreasonable and prejudicial.

The commission in general found the rates from Oklahoma points on the commodities named were slightly higher than for a similar distance between points entirely within the state of Texas. The commission also found that the group plan in constraining rates in effect on the commodities was resulting in rates slightly too high for short distances and slightly too low for long distances, in the traffic involved. A detailed plan was laid down for the railroads to follow in altering the rates so as to prevent prejudice to Oklahoma shippers and preference to Texas shippers.

The general effect in the order is a small reduction in the Oklahoma rates to Texas points.

The committee remarked that this proceedings was not sufficiently broad in its scope to accord exact justice and possibly there should be a general investigation of rates in the Southwest.

SUSPENDED SENTENCE IN CAR THEFT CASE

Special to the Times.

EASTLAND, June 7.—Reuben Short was convicted of receiving a stolen car in Ninety-first district court today, following his plea of guilty, and given a four-year suspended sentence on recommendation of the jury.

The county attorney told the jury in the course of the case that he had decided to make no more recommendations on punishments to be meted out.

OLYMPIC GAMES CINCHED FOR PARIS

By Associated Press.

PARIS, June 7.—Premier Poincare informed the international Olympic committee today that the French parliament would vote immediately an additional 6,000,000 francs for financing the Olympic games. This assures holding the 1924 games in Paris. The announcement comes after some weeks of uncertainty, with a change to Los Angeles imminent at times.

HUSBAND SERVES ON JURY GIVING DIVORCE TO WIFE

ATLANTA, Ga., June 7.—The novel experience of a husband serving on a jury that granted his wife a divorce has just been brought to light here in the case of Mrs. Sarah Myrtice Almand, who was granted a decree from Albert Irwin Almand, several months ago. Mrs. Almand did not attend the hearing, the divorce being granted on depositions taken in Newark, N. J., where she now resides. The decree is valid, according to lawyers in the case.

H. W. McLarty, counsel who represented Mrs. Almand, declared that he did not know that her husband was on the jury until a week after the verdict had been granted.

Must Be Paid When Taken From Deposit, Supreme Court Says.

By United Press.

AUSTIN, June 7.—A cashier's check drawn by a depositor against an account which was unsecured and non-interest bearing and payable to himself is protected by the state guaranty bank fund, the supreme court held today in issuing a mandamus in the case of J. L. Middlekauff vs. the state banking board et al. The court, however, did not express an opinion with respect to the guarantee fund paying a cashier's check issued to one who had not previously been protected by a general deposit.

Under today's decision Middlekauff will be paid \$3,000 out of the guarantee fund in protecting a cashier's check he drew against his account in the Legray State bank on Dec. 21, 1920. The bank, according to the records, was closed on account of insolvency on Dec. 31, 1920, and before Middlekauff had cashed the check. His claim for protection under the guarantee fund was refused by the state banking board.

George of the Salvation Army states in an appeal to the public for donations of furniture and clothing for needy and destitute people here. PROGRESSIVES WIN IN IOWA ELECTION

By Associated Press.

DES MOINES, Iowa, June 7.—Non-committal acceptance at Washington by Senators Cummins and Rawson of Iowa of the news of Smith W. Brookhart's landslide for the United States senate, is arousing speculation in "old guard" circles here today as to how Brookhart will fit in with the Republican party machinery.

The Republican senatorial nomination was an emphatic progressive victory, giving Brookhart 41.1 per cent of the total vote and Clifford Thorne, another progressive, second place over Charles Pickett, the old guard Republican candidate.

KATY MAY BE MERGED WITH ALTON LINE

Merger Would Give Santa Fe Powerful Competition in Southwest.

By United Press.

KANSAS CITY, June 7.—Powerful rail troops are mobilizing their forces today for a war for the transportation control of the West.

A merger of the Chicago & Alton and Katy systems and the purchase of the Central Pacific by the Union Pacific are reliably reported in Kansas City. Each merger if completed would form separate efforts to get control of future industrial empires, now only partly developed. The Alton and Katy combinations would give the Santa Fe group great competition for the transportation of the Southwest, which it now controls.

S. P. Must Sell.

Plans for the purchase of the Central Pacific from the Southern Pacific are being launched in the legal offices in Omaha. Divorcing of the Central Pacific from the Southern Pacific by the supreme court was declared to have been responsible for the opening of negotiations by the Union Pacific and the present investigation of the legalities in contemplation of purchase.

Reorganization of the Missouri, Kansas & Texas from a receivership and merging with the financially strong Alton would have the effect of establishing through passenger and freight traffic from Chicago to the Gulf and cut seven hours from the present passenger schedules between Chicago and South Texas points, Alton officials said today.

The proposed merger was both hinted at and denied in official circles of the Alton and Katy here.

TEXAS VALUES \$42,000,000.

By United Press.

By Associated Press.

MUSKOGEE, Okla., June 7.—A warrant was received here late Tuesday by Sheriff J. D. Robbins for the arrest of Opal Rexroat Kinney, Ardmore, Okla., heiress and a principal in a sensational runaway marriage, charging her with assisting and abetting a fugitive from justice.

The charge is said to be the outgrowth of Mrs. Kinney's association with her husband while he was alleged to have been committing the act of child desertion.

The heiress was reported in dispatches last night to have gone to Sulphur, Okla., near Ardmore.

THE CHICKEN CLUB.

Poultry raisers of Brown, Comanche, Mills, McCulloch, Coleman, Tom Green and Runnels county are forming an organization to market their eggs and poultry co-operatively, the Texas Farm Bureau announces. Their purpose is to compete with the California poultry centers for the markets of the East.

There is an ever-increasing number of poultry enthusiasts in Ranger. One who is now budding out as a poultryman informed the Times this week that there are at least fifty persons here now engaged in chicken farming for profit.

That number means that the industry is rapidly coming to the point where it should be organized, if proper results are to be obtained. With fifty already engaged and more to follow, distant markets must be established, and it has been proven that better results are obtained through organization than without it. With such an organization and the backing it would have from the Chamber of Commerce, Ranger could not only develop itself as a poultry center, but it could form the nucleus for a much larger body of emulators in the surrounding territory. Naturally, since Ranger lead in the movement and would have the industry more highly developed, together with the fact that Ranger boasts the most modern and extensive storage facilities in the west, the operating headquarters of the organization would be located here when a local poultry club would be enlarged. That would be an additional benefit to the town, in addition to the employment furnished scores or hundreds of persons by the local yards. But unless organization is effected, Ranger growers may eventually be the tail wagged by someone else's dog.

One thing, of course, that will be disagreeable about covering our hills and vales with chicken farms, is that it will mean the removal of the best distilleries. Chickens will eat lots of things, including mash, and inebriated fowls have caused arrests for stilling in more than one community. It would be too bad if that happened here. Perhaps it would be better to forget about the chickens, even if there are potential millions in the industry.

And then, very soon, the limelight will grow dim, the name of Debs will drop out of publicity, and this person who so long has lived by his wits and the folly of his adherents will be forced to his proper place in oblivion.—Albany Journal.

DOG HILL PARAGRAPHS

While Poke Eazley, Atlas Peck, Columbus Allsop and Sim Flinders are generally supposed to be the pillars of the Dog Hill church, yet the four big wooden blocks at the corners of the building should be given some credit for the part they play.

3. All answers must be mailed before midnight, Monday, June 26, and addressed to C. Quilliam, Puzzle Manager, The Fort Worth Record.
4. Only words which are found in the English dictionary will be counted. Do not use compound, hyphenated or obsolete words. Either the singular or plural can be used, but not both.
5. Words of the same spelling can be used only once, even though used to designate different objects. The same object can be named only once, although any part of the object may also be named. Where there is more than one word equally applicable to an object, any one of them will count.
6. The person sending in the largest and nearest correct list of words beginning with the letter "S" will win First Prize; second nearest, Second Prize, etc. One point will be given for each correct word sent in and one point will be taken off for each incorrect word or omission. Neatness, style or handwriting will have no bearing upon deciding the winners.
7. All answers will receive the same attention regardless of whether or not a subscription is sent in.
8. Candidates may work together in answering the puzzle, but only one prize will be given to any one household. Nor will more than one prize be awarded to any group outside of the family where two or more have been working together.
9. In the event of a tie for any prize offered the full amount of the prize will be paid to each person so tied.
10. The following well-known persons of Fort Worth will act as judges: M. H. Moore, principal Fort Worth schools; Mayor E. R. Cockrell, R. E. Spear, postmaster. A BIRTHDAY PARTY.

Monday afternoon Nellie Frances Barrett was the honoree of a very charming birthday party, given by her mother, Mrs. Sam Barrett, at the family home, 510 Mesquite street, in honor of her eighth birthday. Games of different kinds were played during the afternoon and refreshments of ice cream and cake added much to the pleasure of her guests. The birthday cake was very lovely, dressed in its eight pink candles, and crepe paper baskets, filled with candy sounded another note in the color scheme, and were given as favors. The little honoree was remembered with many beautiful gifts.

Those present were: Alma Henshaw, Billie Bernice Barrett, Elverda Henshaw, Omega Vernice Brasford, Nellie Hubbard, Roy Jones, Norma Sam Roberts.

ALL-DAY QUILTING.

The members of the W. M. U. of the East Ranger Baptist church will meet at the church tomorrow and hold an all-day quilting. Members are requested to bring their lunch with them. There will be a business session at 3 o'clock and those members who cannot spend the entire day, but are interested in the business of the society, are requested to be present.

RECREATION CLUB HAS PICNIC.

The members of the Recreation club and their families had a most delightful picnic last evening. On account of the inclemency of the weather, making the woods impractical, the crowd went to the home of Mr. and Mrs. J. M. Dodson and held the picnic on the spacious porch. A picnic lunch, perfect in every detail was the main feature of the evening. However, after the lunch was cleared away, tables were arranged for "42" and this game was played for some time. Mrs. Dodson favored the picnickers with several victories. The next meeting will be with Mrs. C. C. Chenoweth, Tuesday.

AUTO PARTY AND CLUBROOM HOUSEWARMING.

The ladies of the Presbyterian auxiliary entertained with an automobile party and housewarming at their new club rooms on Marston street yesterday afternoon. This party moved with the speed suggested in the name and was unique and clever in every detail.

Mrs. D. M. Steele presided over the punch bowl. Mrs. M. H. Pouke had charge of the entertainment and to her untiring efforts is due a great part of the success of the evening. Misses Ben Owens and A. A. Adney served ice cream and cake to the callers. The silver offering was very gratifying and practically every church in the city was represented. This was the formal opening of the Presbyterian church club rooms and fills a long-felt need in the life of the church. It is tastefully furnished and reflects much credit on those who have made its existence possible. Yesterday afternoon with flowers were used in profusion in its decoration.

ICE CREAM SUPPER.

An ice cream supper will be given Friday night at the Methodist community tabernacle, Garrett and Boling avenues.

'September Morn' Would Blush to See Rival, 'June Morning'

LONDON, June 7.—"September Morn" was all dressed up with no place to go compared with some of the paintings on view in the 1922 exhibition of the Royal academy. Americans who were shocked by "September Morn" would be speechless in horror at some of the canvasses being shown here.

For instance there is "June Morning," a study by Ann Airy, which outdoes "September Morn" by several degrees of undress. The scene of "June Morning" is the interior of a lady's dressing tent at an English seaside resort. There are half a dozen well developed English women lolling about upon the sand in various stages of undress, but up in the very forefront is a young lady who has thrown aside all restraint and all clothing.

Another picture is called "Pur-suit." This one also depicts a swimming scene, the chief figures being two sprightly young ladies who had left their bathing suits upon the beach.

BURNED ALIVE IN MID-AIR.
MOBILE, Ala., June 7.—Caught in a high tension, electric wire while on top of an automobile truck hauling a knocked down house, H. S. Simmons, 31, a contractor, was practically burned alive in mid-air before help could reach him.

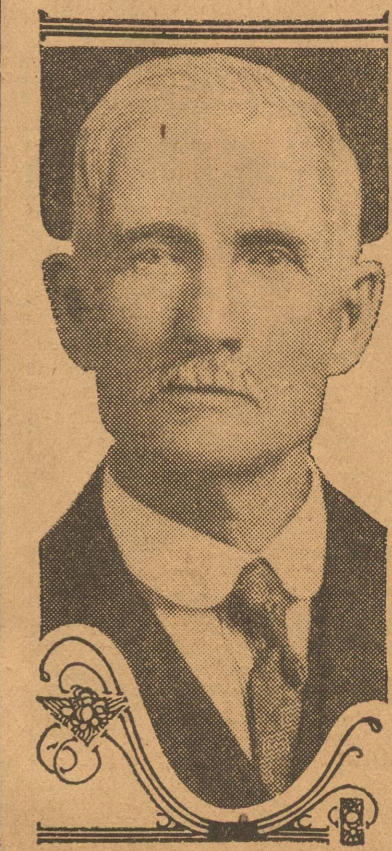

ONE KILLED AS OFFICER FIRES ON AUTOMOBILE

ELK CITY, Okla., June 7.—While attempting to stop an automobile containing four men thought to be in possession of liquor, Marshal Downs shot through the windshield, hitting Henry Durham, who later died from the wound in his chest.
Durham's parents lived in Endi, Okla., where his body was shipped for burial. He leaves a wife and two children. Downs was arrested, charged with manslaughter, and is out on bond, awaiting trial.

PEANUT DRAWN INTO LUNGS KILLS CHILD

WEATHERFORD, June 7.—The year-old baby of Mr. and Mrs. E. L. Woods died after an operation in an effort to remove particles of peanuts from the lungs. The child was chewing a nut when it stumbled and fell, caught its breath and sucked the particles through the windpipe into the lungs.

HENRY SPENCER, well known and respected citizen of Watertown, N. Y., who reports he has gained 15 pounds since he began taking Tanlac and always tells his friends how this medicine restored his health.

"My friends often say: 'Never saw you looking better; what are you doing for yourself?' and I always tell them: 'Well, I am taking Tanlac now,' recently declared Henry Spencer, 415 East St., Watertown, a well known and highly respected citizen. "For more than a year," he said, "I seemed to be run down all over. From 160 pounds I fell off to 135, lost my appetite and my stomach gave me no end of trouble. The little I ate caused me to bloat with gas and I was subject to dull, heavy headaches. I had no energy and it was all I could do to get around the house. I had dizzy spells when everything would blur before my eyes and I had to catch myself to keep from falling. "Well, now I have gained 15 pounds, feel better in every way and can work as well as ever, since taking Tanlac. I relish what I eat, with a fine appetite, and gas, indigestion, headache and dizziness are completely gone. Yes, sir, I just can't say too much for Tanlac." Tanlac is sold by all good druggists.—Advertisement.

BRECKENRIDGE, June 7.—A dog believed to have been mad bit the 4-year-old daughter of Mr. and Mrs. J. C. Butler here. The parents and the child were on the main business street of the city when the dog attacked the child, biting it on the left side and then making for the throat. Sheriff L. D. Head shot the dog. HIRAM GREEN GETS REVENGE, BLANKS NITROS

Lubbock's Sluggers Lay Down Barrage and Win Opener in First Round.

LUBBOCK, June 7.—Hiram Green, pounded from the box in the Hubbers' recent visit to Nitroville, got revenge yesterday. He held the Nitros to four hits and shut them out, while the Hubbers were pounding Zapalac for eleven hits and six runs.

Green was master of the situation at all times—Craig with the beating out of bunts, being the only one to dent him successfully. He also was the only man to linger at second base while his teammates were expiring on the paths.

The heavy end of the Lubbock batting order had a field day, compiling all the Hubber hits. They started the pounding in the first round, when four straight wallops and Downs' error allowed three runs. Brown's triple led to another in the third and the final markers were scored in the eighth.

The game was faster and closer contested than the score would indicate. It was played in one hour and twenty-six minutes. Langford and Craig featured in fielding with sensational catches.
