ANOTHER REPUBLICAN DRAWN INTO TOLLS

TEXAS FOX AND WOLF HUNT TO BE BIG AFFAIR

Leeray Will Be Scene of State Meet, April 1; One Thousand Dogs Expected.

Early estimates on the number of dogs that will be assembled at Leeray, an abandoned oil town on the C. & N. E. railroad, for the annual hunt of the Texas Fox and Wolf Hunters' association are as high as 1,000.

The Oil Belt Hunters' association, host to the state association, is making elaborate preparations for the hunt, which will begin on Tuesday, April 1 and continue throughout the week. There will be cups for the winners, and ample lodging and restaurant accommodations on the fields.

Two buildings at Leeray have been offered the association, one to be used for the association and the other for sleeping quarters for hunters who wish to stay in the field instead of going in to Breckenridge, Cisco, Eastland or Ranger overnight. The buildings are the property of R. Q. Lee, president of the C. & N. E. railroad.

At a meeting of the directors of the Oil Belt association in Cisco last night, representatives of the Ranger, Eastland, Cisco and Breckenridge chambers of commerce were present to assure the association of moral and financial support. The directors were told the chambers of commerce would help to finance the hunt in a way to be worked out later. B. F. Bennett, secretary of the Ranger chamber, was detained in Ranger, but John F. Thurman, a director of the association, was commissioned to tell the directors the Ranger Chamber of Commerce would lend support.

One of the Largest Hunts.
"This is going to be one of the largest hunts ever held in America," Thurman said today. "We expect to have present at the meeting all the big men connected with the Wolf and Fox Hunters' association of the United States."

"It will be well worth the money to one who has never attended a hunt to see the dogs in action. It is exciting to see a howling pack of dogs bounding over the prairie."

The four towns, Eastland, Breckenridge, Ranger and Cisco, should feel complimented in securing the state meet, Thurman said. Several cities sought the hunt. Anson in seeking the meet was able to offer 500 horses and the entire ranch facilities of the Swenson brothers as an inducement. Anson is in Jones county, adjacent to Shackelford county on the west. The Oil Belt association offered 50 horses to be used by prominent members of the state association.

Prominent Men Coming.
Lovers of dogs will be here from various sections of the country, many of whom are well known. Hon. Cone Johnson of Tyler, prominent attorney; Judge N. W. Terrell of San Antonio; Rev. B. B. Crim, evangelist of notes; A. M. Young of Kansas City, Mo., of the Mechanics & Metal National bank of New York city; and W. Walker of Kentucky, breeder of registered dogs, have advised the association they will come. Walker will be one of the judges.

Walker and other experts will serve as judges and this will insure impartial decisions, the association has announced. The dogs will all be unloaded at Leeray, where a camp will be pitched.

A restaurant will be established on the grounds, where meals will be served at standard prices. A Ranger man, H. G. Adams of Adams & Co., will serve on the committee to establish this restaurant.

An entertainment committee has been appointed to look after the pleasure of the visiting hunters. Walter Murray of Ranger, president of the Times Publishing company, is the Ranger member of the committee.

Fastest Wolf Dogs Ever.
The members of the Oil Belt association are hopeful of carrying away some of the honors. Eastland and Stephens county wolf hunters feel that some of the fastest wolf dogs that ever went into a pack are owned by them. "The boys are all showing up now for the big race," Thurman said.

Thurman deals in fine dogs and on a farm south of Ranger he has a pack of 20 dogs ready to enter the big meet. In addition to the trained dogs, he has about 20 young dogs coming on. Thurman and his associates have sold dogs that have made enviable records in Texas, Missouri and Kentucky meets.

He insists that the people of this city show that "fine old Ranger spirit," when the hunters and their packs of dogs come out to the oil fields.

Among Ranger hunters who will bring all the dogs, horses and other equipment at their command to the hunt is George Riddell. Thurman said he would see to it that others will do likewise.

French Franc Goes To Lowest Level It Has Yet Attained

PARIS, March 7.—Apparently obeying instructions from the government, the French newspapers refrained today from commenting on the latest record slump of the franc to unprecedented low levels. Opening at 24.04 to the dollar, the franc gave no early evidence of recovery from its weak position. At 2:30 o'clock today it had reached the low record of 25.098 to the dollar.

Premier Poincaré attributes the financial crisis to the hesitancy of the senate in approving the program for fiscal reforms.

RADIO TO AID IN SPREAD OF CHRISTIANITY

Revival of Christianity in This Country Deemed of Utmost Importance.

WASHINGTON, March 7.—Two definite, national religious movements growing out of the recent modernist-fundamentalist controversy are under way here, with the avowed purpose of leading to a religious revival.

One of these is a "preaching mission," under the auspices of a college of preachers, connected with the national cathedral here of the Episcopal church.

The other is a "Christ campaign," being conducted by the Universalist church in the principal cities of the country.

The announced purpose of the Episcopal preaching mission is a revival of Christianity.

"Christianity is caught in one of the decisive crises of its centuries of struggles," said an announcement of the campaign made public here today by Rt. Rev. James E. Freeman, bishop of Washington, who with other leaders of the church is engaged in mapping out the program.

"Christianity must summon all its statesmanship to maintain itself as the world religion," the announcement continued. "It must mobilize all Christian forces, not only to protect Christ's religion but also to protect organized society."

Asks Radio Aid.
Calling to their aid the radio, the sponsors of this preaching movement to strengthen Christianity will bring to Washington on Sunday afternoon famous preachers who will preach, either outdoors or in the Bethlehem chapel of the cathedral, where Woodrow Wilson is buried. These sermons will be broadcast.

Then the college of preachers will begin holding sessions this summer, made up of young men selected for their abilities and scholarship. They will be imbued with the need for carrying the Christian message, and from this college it is expected a large number of earnest new ministers will go out.

In addition, noted divines will be sent out to various industrial and educational centers of the nation to "carry to masses of Americans outside, rather than inside, the church the fundamental principles of Christianity."

It is emphasized that this work is to be non-sectarian, and non-denominational.

Mass meetings, conferences will be held in theaters and halls—anywhere and everywhere that men and women can be assembled to listen to strong appeals for Christ and his religion.

Universalist Campaign.
The Universalist Christ campaign got under way here some weeks ago, under direction of the general conference of that church. It, too, is eliminating as much as possible the denominational and sectarian idea, and is designed primarily to furnish an answer to questions raised by the fundamentalist-modernist controversy.

Pat Moran, Noted Baseball Manager, Dying In Florida

ORLANDO, Fla., March 7.—Pat Moran, manager of the Cincinnati Reds and a veteran in the major leagues, is slowly dying of Bright's disease, his physician announced today.

Moran is being kept alive with stimulants and his lungs are rapidly congesting although there are no pneumonia symptoms, it was stated.

Moran is unconscious. In his delirium he fought his doctors, protesting that his wife and children were in an adjoining room waiting to see him. His wife and children are due here today.

BUSY PERIOD NOW IN OFFICE OF RETAIL MERCHANTS ASSOCIATION

It is a busy time just now in the office of the Ranger Retail Merchants' association. The organization has upwards of 20,000 active cards of persons in this city and adjacent territory and all are being checked over.

"At one time there was comparatively little attention given to ratings but now the association has 25 to 30 calls daily for credit information," said Karl Jones, secretary of the organization.

All but accounts are being checked over and a record of "bad" checks made up. The collection of "bad" accounts is another important feature of the work that is not overlooked. About \$12,000 of the so-called bad accounts were collected last year, not only in Ranger but from all parts of the United States, persons who had left here owing money being followed to their new homes. When it comes to moving old accounts, the association bears down hard.

WATER FILTER MAN IN RANGER TO FIGURE ON MUNICIPAL PLANT

For the purpose of figuring on the designing and installation of a filtration plant for the Ranger Municipal Waterworks system, L. D. Matter, representative of the International Filter company, with works and general office in Chicago, is in Ranger today.

Matter was taken to Hagaman lake by F. A. Brown, newly appointed water commissioner.

DISORDER FOLLOWS CLOSING OF FACTORY NEAR MAYENCE

MAYENCE, Germany, March 7.—Three workers were killed and 38 wounded in fighting with police at the Badische aniline works at Ludwigshafen today. Five police were wounded and serious trouble is feared.

One worker was killed yesterday and 20 wounded when the factory doors closed, throwing out 20,000 workers.

DEMOCRATS DO NOT WANT TAX BILL VETOED

Would Have Retroactive Legislation Tied Fast to General Measure.

WASHINGTON, March 7.—Democratic leaders in congress today turned against a special resolution cutting the 1923 personal income tax 25 per cent. The democrats are not opposed to the proposed reduction, but they fear if the legislation goes through separately President Coolidge may veto the tax reduction bill if it does not conform to the Mellon plan.

All democrats in the house and senate stand for a reduction in taxes, said Representative Hall of Tennessee, member of the ways and means committee, and chairman of the national democratic congressional committee.

"But we want to see the retroactive reduction legislation incorporated in the general bill as it passed the house," Hall said.

THREE AMERICAN WOMEN ASK ACTION FOR INSULT BY GERMAN OFFICIAL

BERLIN, March 7.—Ambassador Houghton of the United States today visited Foreign Minister Stresemann and lodged a strong complaint against the action of Deputy Keortheus in insulting three American women in a compartment on the Cologne-Berlin express train. The ambassador demanded that suitable action be taken and Stresemann promised that an investigation would be made immediately.

Mrs. Coffin, with Miss Goldsmith, assistant American trade commissioner to Germany, and Mrs. Conger, wife of a newspaper correspondent, said Deputy Keortheus cursed them. They declared the deputy began a quarrel when they refused to remove their bags from a rack as he demanded.

DAUGHERTY RETURNS TO WASHINGTON TO FACE HIS INVESTIGATION

WASHINGTON, March 7.—Unshaken in his determination not to be office under fire, Attorney General Daugherty came back to Washington today to face new demands for his resignation and to plan his defense before the senate committee which next week will begin investigating him. Daugherty arrived at 10 o'clock this morning and went directly to the cabinet meeting. He said he had no statement to make.

"I have not talked since I left Washington and I am not ready to begin yet," he said. He was expected to seek a conference with President Coolidge after the cabinet session. He had been advised of the new reports that the president again was considering asking him to resign and may learn his fate today.

ASHES OF DEAD MAN ARE SCATTERED IN THE WIND

HOUSTON, March 7.—On the wings of the four winds the ashes of E. Weil, known in Houston as "a friend of every man," were scattered to their final resting place in conformity with his last wish.

BUILDERS OF RANGER TO GET INTO HARNESS

Chamber of Commerce Banquet and Election of Directors Next Thursday.

Making Ranger a better city to work, play and live in this year was the slogan voiced by several town builders last night when the directors of the Ranger Chamber of Commerce and several business men got together and decided upon the date of the annual Chamber of Commerce banquet and election of directors.

Thursday, March 13, at 7:30 o'clock at the Gholson hotel, is the time and place of the banquet and election of directors. The banquet will precede the election of seven directors.

Tickets at \$1 a plate can be reserved any time from now on from A. G. Jury, manager of the Gholson. Reservations can be mailed in by using the coupon on this page.

Chamber of Commerce leaders have confidence in the people that at least 200 or more will come to the banquet and show her sister cities that Ranger is of an "unconquerable spirit," and will go on this year to far greater and steadily increasing development.

SEVERAL PARTIES SEEK BUILDING TIED UP BY CIVIL PROCEEDINGS

Several parties are seeking the property of the Ranger Merchants' company, one of the owners said today. This property, which faces Main and also Rusk streets, was destroyed partially by fire early last year.

Because of a suit brought against one of the owners by a claimant, in which this and other properties of the defendant were tied up, the property can not exchange hands with a clear title.

The owner, who was made defendant in the attachment, said he "had hopes of the court settling the matter soon."

LANGLEY WANTS PROBE OF RUMORS ABOUT HIM BY HOUSE COMMITTEE

WASHINGTON, March 7.—Arriving at a point of personal privilege, Representative John Langley, Kentucky, whose name has been connected with rumors of wrongdoing in connection with the action of the Chicago grand jury, said today he had committed no crime or wrongdoing.

"I cannot enter specific denial to the rumors circulated at the capital because I am not aware of the charges," he said. "I confidently rely on speedy vindication at the hands of my colleagues. I insist on an investigation of the charges."

Langley demanded that a committee be appointed to delve into the charges and "bring the truth to light."

"I am making this speech against the advice of my most intimate friends, but because of the rumors linking my name with the charges, I can't remain silent."

Price of Gasoline In Ranger Is Lower Than In Fort Worth

Gasoline was selling at 20 cents a gallon today at Ranger filling stations although all of the Magnolia stations in Fort Worth have advanced gasoline to 21 cents, the price which has prevailed for some time at independent oil stations. A higher price is predicted, however, by Ranger filling station men.

A downtown filling station, which advertises Magnolia gasoline, was quoting gasoline on its signs at noon today. The Magnolia is said to be the second of the larger major companies operating in Fort Worth to come to the independent station price.

Te independents in Fort Worth have been selling gasoline one cent higher than the major companies. In Ranger the price is uniform all over the city for standard gasoline.

RUMORS WORRY TWO MEMBERS OF CONGRESS

Representatives Zihlman and Langley Enter Denial and Demand Specific Charges.

WASHINGTON, March 7.—Harassed by the knowledge that their names were being bandied about the halls of congress in a sensational manner, Representatives Frederick Zihlman of Maryland and John W. Langley of Kentucky today came forward with a statement denying they are the "two congressmen" involved in evidence of bribery laid before the Chicago grand jury. Both demanded specific charges, saying they are prepared to answer in detail when charges are made.

Their voluntary statement followed adoption of a resolution calling on the department of justice to give the names of the two congressmen involved in the Chicago disclosures, and the charges against them. They said they were being mentioned as those involved, but deny being involved. Zihlman, republican from the Sixth Maryland district, said:

"When specific charges are made, if they are, I will make a statement in reply to them. Until such charges are made, I ask the public to withhold judgment."

Langley, republican from the Tenth Kentucky, said: "I am told my name has been mentioned in connection with charges growing out of the Chicago grand jury investigation. I know I have not accepted any money or done anything improper. I shall have no further statement to make unless specific charges are made against me, and then will answer them in a way both comprehensive and unmistakable."

There are two or three representatives in congress whose names have been mentioned in gossip since the Chicago grand jury indicted Forbes, former head of the veterans' bureau, and Thompson, a contractor of St. Louis, and reported that two members of congress had been guilty of offenses in connection with the issuance of liquor permits and the granting of paroles for alleged violators of the prohibition law.

THREE MEN CHARGED WITH ATTEMPTING TO BRIBE DAUGHERTY

NEW YORK, March 7.—A federal grand jury today returned indictments charging in conspiracy to bribe Gaston B. Means, Elmer W. Jarnecke, his secretary, and Thomas Felder, a New York attorney, alleging an attempt to bribe Attorney General Daugherty and William Hayward, United States district attorney for Southern New York in connection with the so-called glass casket company fraud.

Means' name has been mentioned several times in connection with the senate investigation into oil leases. He formerly was an agent of the department of justice. Prisoners convicted in connection with the bribe case were informed officials that they raised \$65,000 when they first learned that action against them was intended and delivered the money to Means, Jarnecke and Felder on their assurance that action could be prevented. Later, however, they were indicted and convicted of fraudulent stock selling and started action to get their \$65,000 back.

DALLAS ALARMED BY LARGE NUMBER OF RUNAWAY GIRLS

DALLAS, March 7.—High school girls are leaving home at an alarming rate, according to Mrs. Albert Walker, local director of public welfare. Twelve cases of runaway girls were reported here the past month, three in one day.

SENATOR CURTIS IS IDENTIFIED AS "PRINCIPAL"

Republican Senate Whip Sends Message Heflin Charged to President Coolidge.

WASHINGTON, March 7.—Senator Charles Curtis of Kansas, Republican whip of the senate, today was identified as the "principal" mentioned in messages sent E. B. McLean, Washington publisher, while at Palm Beach, Fla., by Ira E. Bennett, editor of McLean's newspaper, the Washington Post.

At the same time, Bennett, testifying before the senate oil committee, revealed that he had conferred with Attorney General Daugherty on Feb. 14 about the oil investigation.

Identification of the "principal" has been the cause of speculation for some days. Senator Heflin, Alabama, said in the senate Tuesday that he believed the "principal" was President Coolidge. The first message in which Bennett mentioned the "principal" was dated Jan. 29 and read:

"Saw principal; delivered message. He says greatly appreciates and sends regards to you and Mrs. McLean. There will be no rocking of boat and no resignations. He expects reaction from unwarranted political attacks." (Signed) Bennett.

From Bennett the committee also learned that a person referred to in the telegrams as "apples" was Albert B. Fall, former secretary of the interior, and with McLean a central figure in the oil scandal. Bennett said he did not know who "peaches" and "apricots," other persons referred to in the telegrams, were. Referring to a new code message read today and signed "Count," Bennett said he was sometimes referred to by his associates as the "count" because he had been decorated by the king of Italy.

The name of Attorney General Daugherty was designed in code in one of the McLean messages, it was also revealed to the committee by Bennett, who declared the "H. B." referred to in a message he sent to McLean was the attorney general. The message stated that Bennett had an appointment to see the attorney general at 4 o'clock, Feb. 14, the date the message was sent. Bennett said he did not know what he wanted to see Daugherty about, but assumed it was in connection with the case.

CURTIS APPARENTLY BOTH UNASHAMED AND UNAFRAID

WASHINGTON, March 7.—Senator Charles Curtis, republican whip, who was named as the "principal" in the McLean messages, declared today that he had done nothing unethical in behalf of Edward B. McLean, Washington newspaper publisher.

Probing Committee Asking Who Tipped Off the President

WASHINGTON, March 7.—Sensational disclosures that President Coolidge sent personal friendly telegrams to Edward B. McLean, publisher of the Washington Post, left the White House the center of interest as the senate committee continued its perusal of telegrams and examination of witnesses. Echoes of the committee's findings were thrashing through the committee itself and the senate and up and down the rank and file of the old parties as charges of partisanship were flung back and forth.

The Teapot Dome committee is in dissolution over indications that President Coolidge had been tipped off in advance of the messages concerning him. The investigation threatened to carry the matter to the floor of the senate or the summoning of witnesses to ascertain if a reported "leak" in the committee proved true.

Two new code telegrams to McLean from a mysterious sender in Washington who either left his name unsigned or signed it "count," were deciphered for the committee by W. S. Friedman, army code expert. Others were signed "I. E. B." or "Ira." Ira E. Bennett is editor of the Washington Post, McLean's newspaper.

MAN AND WIFE ARE BOTH ADJUDGED INSANE

BONHAM, Texas, March 7.—For what was believed to be the first time in the history of this county, a man and wife were both adjudged insane by a jury. The cases were those of Mr. and Mrs. Bert Adkins. Both are middle aged persons.

BIBLE THOUGHT
FREE FROM WANT—The Lord is by shepherd; I shall not want.—Psalm 23:1.

TO RECLAIM SOUTHERN LANDS.
Representative Hudspeth of Texas is an enthusiastic supporter of the Smith-McNary irrigation and reclamation bill that is now before the committee. He produced records to show that every reclamation project has been more than profitable to the people, and is paying back to the government the money advanced despite the depressed financial condition of farmers.

Mr. Hudspeth shows, according to the 1920 census, that in six southern states there are millions of acres of cut-over land not restocked, that should and could, under the Smith-McNary bill, be made productive. In Alabama there are 6,550,000 acres, Mississippi 3,300,000, Georgia 5,050,000, Louisiana 3,855,000, Florida 5,300,000, and in North Carolina 1,300,000 acres.

From 1900 to 1920 under former irrigation projects farm land increased in value in Montana, Washington, Oregon, Nevada, Idaho, Wyoming and Utah from \$3 to \$10 per acre to \$20 and up to \$60 per acre—an average increase of nearly 200 per cent. Mr. Hudspeth insists that this same result is possible in the southern states and hopes the law will pass at the present session of congress.

RESTAURANT COOKS HAVE HANDY CODE TO GUIDE THEM

FORT WORTH, March 7.—The puzzling French names the ordinary mortal studies over in cafes while trying to "parlez-vous" ham and eggs, aren't even spoken by the fellows that place them on the menu. So says "Charley," cook in a Fort Worth cafe.

According to Charlie, the names are gleaned from "Chauchois' Pocket Companion for Cooks"—a little handy volume found in many restaurant kitchens. The names "filet mignon"—caucisson de boulogne" and others of that ilk are explained in the booklet so the restaurant owner can call his shots, as it were, intelligently. As for substituting familiar English names for some dishes, Charley explained that he had been cooking since 1908 and didn't know anything else to call the offerings except by the French words.

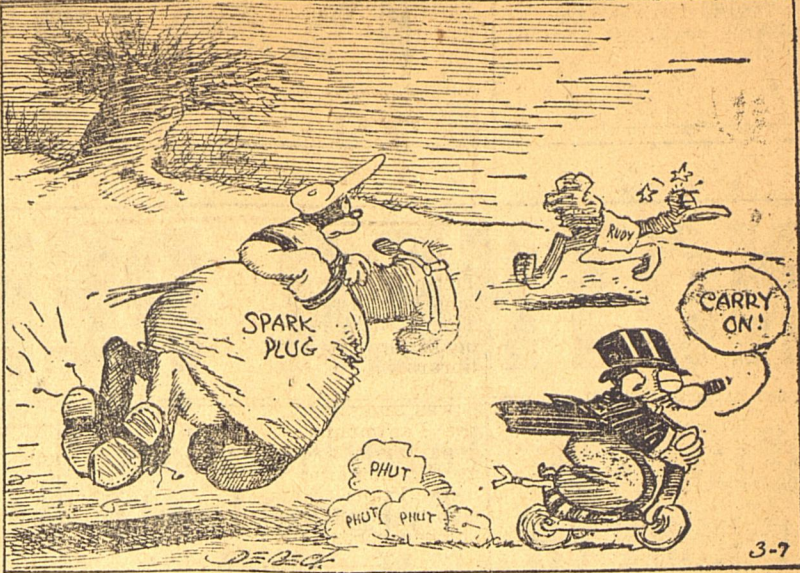

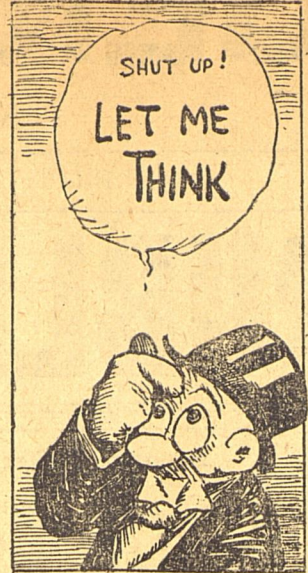

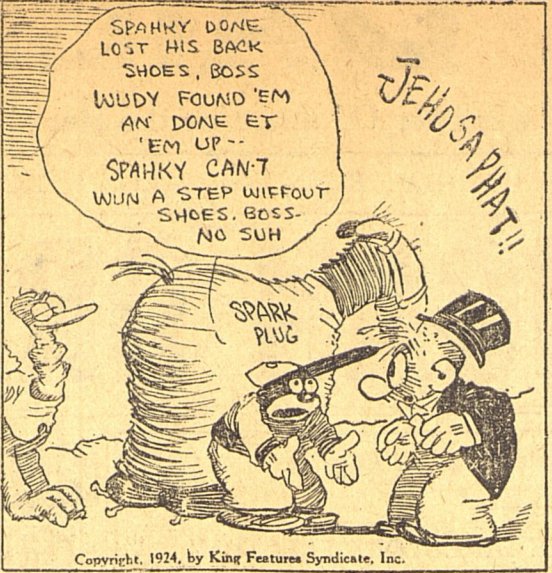

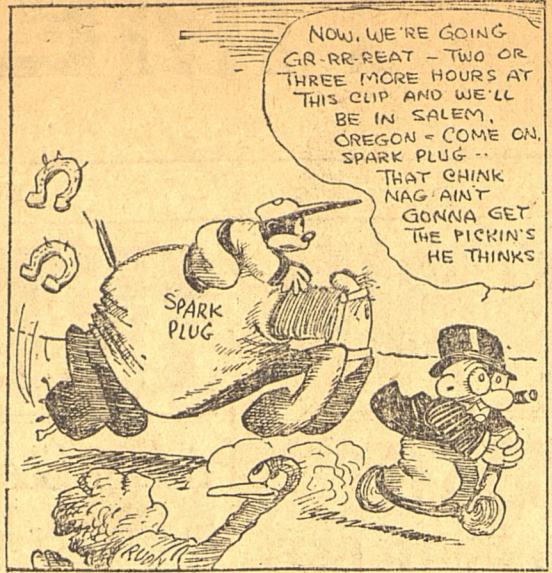

JACK RABBIT RUNS FASTER THAN 30 MILES AN HOUR

"I had an interesting race with a jack rabbit not long ago," says A. G. Zeller, president of the Michigan State Automobile School, Detroit. "We were driving at night along the highway out west of Jackson. Suddenly a big buck rabbit jumped out of the bushes and streaked it down the road ahead of us keeping full in the glare of the headlights. "Being curious to know just how fast he could run I increased the speed to well over thirty miles an hour without being able to gain an inch on him. "Sharp turns in the highway prevented increasing the pace any more and before we got on the straight road again he had disappeared into the bushes. However we had Mr. Rabbit doing better than thirty and seeming to like it."

NEW ORLEANS, March 7.—Discouraged over her inability to beat the record, Mrs. Cora Russell, 38, took her life by swallowing poison, according to police. Mrs. Russell was found dead in her rooms from the effects of poison. A handbag full of pawn tickets and race form sheets was found nearby.

An aggregate reduction of \$18,000 in the salaries of four vice presidents of the emergency fleet corporation is announced. Seven thousand dollars has been cut from the pay of each of the two receiving \$25,000, and \$2,000 each from two receiving \$20,000. Many people believe that the country could get along quite as well, and the fleet corporation, too, with about three less vice presidents.

BARNEY GOOGLE AND SPARK PLUG—

O'BRIEN'S MINSTRELS TO APPEAR IN THE CONNELLEE

The biggest and best minstrel show in the world—Neil O'Brien's super minstrel show—will be presented next Tuesday night in Eastland at the Connellee theatre. This is the last big road attraction that Manager Stalcup has booked for the season and is claimed as the best. A great minstrel show is the one variety of attraction that appeals to all classes and ages and the tidings that Neil O'Brien, Bert Swor and "Sugarfoot" Gaffney, three of the greatest blackface comedians in the world, are coming has caused a wave of enthusiasm to sweep over the theatre-goers of this section. The box office will open tomorrow morning at 9 o'clock. In the meantime, mail orders are pouring in as never before, it is said, and all indications point to the biggest audience that ever packed the Connellee. No time should be lost in getting ticket orders in.

VISITOR TO PREACH SUNDAY AT CHURCH OF CHRIST

W. L. Swinney, superintendent of the Canadian Orphans' home, Canadian, Texas, will preach at Church of Christ Sunday, March 9. Mr. Swinney is well known as an able gospel preacher and for his great love for children without a home and his successful management of the orphan's home at Canadian.

EUGENE DENNIS CHARGED WITH FALSE PRETENSES

NEW YORK, March 7.—Eugene Dennis, Kansas, "psychic marvel" and her mother have been ordered to appear in court and answer charges of accepting money under false pretenses. Mrs. Mary A. Foley, who made the accusations, claims she paid Miss Dennis \$25 for information concerning her missing boy. Miss Dennis said the boy was in Los Angeles—two days later he turned up saying he had been in Pittsburg, the complaint said.

Beauty for Girls Youth for women—Let me show you how By Edna Wallace Hopper

For 40 years I have been a famous beauty. Now, at the age of 62, I am the most talked-about woman in America as an example of perennial youth.

The reason is this: My mother and I, many years ago, searched the world to find the best beauty helps in existence. They multiplied my beauty, and I became the rage. They have kept my beauty to a grand old age.

I am convinced that these helps can bring like results to millions. And I have decided to enable all to get them.

Easy, Simple Ways. I do about what you do. But the difference is that I employ the best help science knows.

You use clay, perhaps. Any woman who omits it does herself injustice. But you use crude and muddy clays which I quit years ago. I use a modern clay, white, refined and dainty. A clay perfected by 20 years of scientific study.

Mine I call my White Youth Clay. It is fully ten times as efficient as ordinary clays. The new complexion that it brings amazes and delights. Many women in 30 minutes seem to drop ten years.

Clay brings rosy, clear complexions. It takes out the causes of blackheads and blemishes. It firms the skin's combats all lines and wrinkles. The women who employ it stand out in every crowd.

But my White Youth Clay is a super-clay—the last word in facial clays. It brings multiplied results. The cost is 50 cents and \$1.

The Supreme Creams. You use creams, no doubt. I spent a fortune to secure the best creams in existence.

Are You Thrifty?

1920 CLUB HAS SPECIAL TEXAS DAY PROGRAM

Under the leadership of Mrs. M. H. Hagaman, the 1920 club enjoyed a special program in honor of Texas independence. Roll call was answered with sketches of Texas statesmen. The Texas constitution was discussed by Mrs. Hagaman, followed by the Texas flag song, sung by Mrs. J. M. Dodson, A. W. Hall, R. A. Jameson, C. E. Maddock and J. M. White, with Mrs. Norton at the piano.

An interesting talk on Texas women of note was given by Mrs. C. E. May, who mentioned Mrs. Maude Townsend, Virginia K. Johnson, Helen Mar Kirby, Rebecca Fisher, Clara Driscoll Sevier, Edith Williams, Annie Webb Blanton, Ann Prather, Phoebe K. Warner, Eleanor Brackner and Mrs. Pennybacker.

Rules governing the display of the American flag were given by Mrs. C. O. Terrell and an entertaining paper on traditions of the United States was read by Mrs. M. L. Holland.

The next lesson will be on Customs, Imitations, Fashions and Conventionality with Mrs. C. E. Maddocks as leader, and program divisions by Mrs. S. D. Terrell, L. H. Flewelling, S. P. Boon and A. L. Duffer. Chapter 3 and 4 of the new book by Swift will be discussed under the leadership of Mrs. Hagaman in place of the usual roll call.

GIRLS GLEE CLUB WILL GIVE FINE PROGRAM

A program of unusual interest will be given this evening at the high school auditorium by the girls glee club under direction of Miss Ina Joy Nowlin. The girls have been doing some splendid work lately and this concert is being looked forward to with considerable anticipation, music being one of the new activities of the Ranger high school. Miss Nell Tibbels will add several piano solos to the program. Mrs. Paul Whitley,

who had been announced for solos this evening, is ill and will not be able to sing. A large audience is expected to patronize the glee club concert.

TIFFIN

The Parent-Teacher association of Tiffin held a regular meeting in the school house Thursday afternoon. The book committee reported six books purchased for the Tiffin school library.

The bake sale for Saturday, March 8 was arranged. It will be given in the Paramount hotel building. All donations not sent there may be left at the home of Mrs. E. L. Norris in the Prairie camp at Tiffin. Every club member is asked to furnish chicken, cake or pie for the sale.

ALL-STAR BASKETBALL TEAM IS PICKED FROM EASTLAND CITY LEAGUE

By JIM BOYER
Athletic Director, American Legion Athletic Club, Eastland.

Now that the city basketball league season is drawing to a close with tonight's contests, it has been suggested by fans who have been interested in the team and individual play, that an all-star team be picked from among the eight fives comprising the league.

Therefore, I asked one of the most ardent sports enthusiasts of the city, Boyce House, who has witnessed almost all the league games, to select the mythical all-stars.

"I want it made clear that I am not a basketball expert and the selections I make will simply be the opinion of a fan," said Mr. House. "So if the score fans don't agree with me, then they can select a team themselves."

"It is no easy task to pick out the best players out of eight teams with a total playing strength of nearly 50. Sometimes the differences in skill between the players is so slight that the choice will be determined by a very scant margin. Some basketball players—like the players in baseball and other sports—are in

and outers. That is, some days they are world-beaters and the next time out, they are only fair to middling. I have attempted to base my selections, not on the showing made by the players in one or two contests but through the entire season.

"Another point that should be taken into consideration that to the on-looker a good player on an ordinary team does not show up as well as a player equally good on a team that is made up of exceptionally good players. On the slower team, the brilliant player is forced to resort more to individual play than where he is supported ably by four dashing teammates.

"Well, let's go. I don't think that any one will disagree when we place Alfred Laffoon of the Outlaws on the all-star team as one of the forwards. He was the leading goal-shooter of the league, always in the game, and one might almost say, the main-spring of the Outlaw's offense.

"For the other forward, there are a goodly number to choose from, but I think that Dick, the husky goal-tosser of the Barbers, gets the call. "At center, there is no hesitation in picking Sone, the rangy Outlaw. "As a guard, Ed T. Cox, of the Mavericks undoubtedly deserves a place. Incidentally, it might be remarked that Cox is the best all-round player in the league. Besides being the outstanding guard, he could play center acceptably and proved in one game toward the close of the year that he can play forward.

"For the other guard, out of a world of ability, Barnard, the scrappy little Arab, is my pick.

"As the utility man, Cheatham of the Arabs, the fastest man in the league, wins the place.

"On the second team, I would place Leslie Downtain of the Mavericks as forwards; Punch of the Outlaws at center; Forney of the Outlaws and Bert Williams of the Mavericks as guards, and Finis Laffoon of the Outlaws as utility.

"It is with regret that such stellar players as Collie of the Politicians, Bobby Garrett of the Mavericks, Neal Elks and Turner of the Mavericks cannot be included."

Counsel for German shipping companies, including the Hamburg-American and North German Lloyd lines, have begun action before the United States court of claims in an endeavor to collect some \$300,000 for their clients as recompense for the war-time seizure of German passenger and freight vessels by the United States.

OUTLAWS WIN BASKET BALL LEAGUE PENNANT

Other Places Will Be Decided When Final Games Are Played Tonight.

The American Legion athletic club basketball league closes with two games tonight. The Mavericks meet the Legion and the Arabs meet the Pedagogues. This league has been most successful from every point of view holding the interest until the last.

The Outlaws have clinched the pennant but all other places remain undecided until the final games. Present standing of the team is as follows:

Team	Won	Lost
Outlaws	13	1
Mavericks	11	2
Barbers	7	7
Arabs	7	6
Legion	7	6
Pedagogues	4	9
Elks	4	10

King Boris Is Not Driven from Throne.

King Boris

Southern cables deny stories published in London papers which said the government of Bulgaria had been seized by the Reds and that King Boris had been banished.

WAR ON ORCHARD MICE

One of the most extensive campaigns against mice in orchards that has yet been organized by the biological survey of the United States de-

partment of agriculture was carried on during November in five counties in the state of Washington. More than 42,000 pounds of poisoned grain were distributed by workers co-operatively directed by the state and federal rodent control forces. Good results were assured by careful supervision of the mixing of the grain and by great emphasis on poisoning only at the best time as indicated by those experienced in mouse extermination.

There are, according to the most recent figures available, more than 5,000 electric trucks in daily use in New York City. Of these 25 have seen 22 years' service and 2,448 have been in use for eight years or more.

BOXING FANS "YAP" LOUDLY AT MANAGERS

By HENRY L. FARRELL, (United Press Sports Editor) NEW YORK, March 7.—Dan Hickey, the veteran fighter, who is now teaching boxing at the New York Athletic club, must be coming to the conclusion that in the handling and development of a young fighter it is impossible to be right with the public.

Hickey recently went to work with a young wrestler, Paul Berlenbach, who had come to the conclusion that there was no money in the grappling game and that the dough was in punches instead of holds.

Taking him slowly and teaching him carefully and thoroughly, Hickey brought out Berlenbach and produced a middleweight sensation. He ran up a list of 24 consecutive knock-out victories. The victims, of course, were not prominent in the record books.

Advised on one side not to rush the youngster by throwing him in with experienced fighters, Hickey followed the natural impulse to build slowly on a solid foundation and he matched his with setups. All he got was the razzberry.

Violent protests were made that Berlenbach should not be exploited as a mauler as long as he was mauling only punching bags and an open demand was made that the fans should have to pay only to see him against a fighter who could give him something.

Hickey closed his ears and went on giving his fighter the kind of work he thought would benefit. He knew if he dropped him in with an old head who would make him look bad, he would destroy the confidence that the youngster was getting in himself and that he might permanently spoil him.

In the fight business it seems that the gallery is not willing that a youngster should get a chance to learn. There are no demands made upon a baseball manager to send his prize rookie in to bat against the best pitcher in the league, until he has been able to learn something about major league baseball.

Fippo was condemned a year ago when he was beating a lot of hot dogs and when he answered the demand for a fight by signing with Jack Dempsey, he was criticized for taking a championship fight before he was ready.

The managers and advisers of Floyd Johnson were called fools when they took that promising young heavyweight and tossed him in against the best men in his class with-

out putting him through a building up process. After Johnson had been knocked out two or three times he took a long rest and then announced that he was going to try a comeback. He naturally should have been conceded the right to start as he should have started in the first place, with some experience fights, but he was put on the pan for being stacked up against a couple of push-overs.

Stephens County Gasoline Output Nearly 5,000,000

AUSTIN, March 7.—Casinghead gasoline production in Stephens county during the month of January this year reached 4,930,571 gallons, of which 4,341,421 gallons were disposed of, leaving 1,354,334 gallons in stock on Feb. 1, according to a report just received by the oil and gas division of the railroad commission from casinghead gasoline plants in that county.

While this is considered an excellent showing for this time of the year, it was not as good as the production of last December, according to reports received. Last December, there were produced 5,488,489 gallons of casinghead gasoline, of which 4,993,135 gallons were disposed of, leaving in stock on Jan. 1, 1,174,998 gallons.

These reports were from 29 casinghead gasoline plants operating at Breckenridge and other fields in Stephens county. The largest producer of casinghead gasoline in Stephens county is the Brooks-Hanlon company, that concern producing in January 905,553 gallons.

GENUINE AND FALSE AFFECTION ONLY SEEM LIKE TO EACH OTHER

NEW YORK, March 7.—Flappers go wrong in their romantic ventures because they do not understand the motive behind men's love-making, according to Georgette Le Blanc Maeterlick, wife of the famous novelist. "A young woman cannot distinguish between genuine and false affection," she told a palpitating audience at her first "love clinic."

"By the time a woman is 25, however, she ought to know instinctively what are the motives that prompt her lover's passionate protestations."

CRUDE OUTPUT 200,000 BARRELS BELOW NEEDS

Domestic crude oil production decreased to 1,883,900 barrels, according to the weekly report of the American Petroleum institute, issued at New York Thursday. Roughly, this is 200,000 barrels below the consumption for January.

The decrease recorded was only 3,500 barrels, compared with the preceding week. The production east of the Rockies was placed at 1,238,800 barrels.

California's production was placed at 646,100 barrels, which is said to be insufficient to meet coast demands. The Wyoming-Montana fields show a decrease of 1,000 barrels, which is much smaller than the losses of the preceding week due principally to the stopping of work by the Sinclair Oil Consolidated on Teapot Dome.

Oklahoma had a daily average production of 402,150 barrels, decrease of 5,950 barrels; North Texas, 67,500 barrels, increase of 2,400; Central Texas, 201,300 barrels, increase of 5,800.

There were no changes reported in crude oil prices for the major districts, mid-continent being quoted from \$1 to \$2 a barrel, according to the gravity of oil.

A Pennsylvania power company has devised a new means of keeping the overhead electric power wires clear of snow and ice. The idea is to maintain a small heating current flow to melt the ice and keep the wires clear.

SHATTERED NERVES Lady Says She Was In a Desperate Condition, But "Now In Splendid Health" After Taking Cardui.

Dale, Ind.—"About three years ago," says Mrs. Flora Roberts, of this place, "I had the 'flu,' which left me in a desperate condition. I had a bad cough. I went down in weight to little over one hundred pounds. I took different medicines—big everythings, but nothing seemed to do me any good. I hurt so badly in the chest at times I would have to go to the door to get my breath.

"I would have the headache and... was so weak I felt like I would just have to sink down and stay there. "My nerves were shattered. I looked for something awful to happen—I would tremble and shake at a noise. "My mother said, 'Do try Cardui,' and my husband insisted till I began its use. I used two bottles of Cardui... and noted a big improvement in my condition. I kept up the Cardui and weigh 180 pounds. I am now in splendid health—sure am a firm believer in Cardui, for I'm satisfied it did the work."

After a weakening illness a tonic is needed to help regain lost strength. Many thousands of women have found Cardui exactly what they needed for this purpose. It may be just what you need. Try it. All druggists'. NC-155

MAKES COLD CHILLS COME

Folks simply can't help showing that pimply, blotchy or rough faces are unpleasant for them to look at, much less associate and become intimate with people who are so careless about their appearance as to let these skin blemishes rule their destiny. No wonder it seems like "cold chills" run down their backs as they pass by you.

Not long ago Black and White Gintment was introduced in this country to remove such skin disfigurements, and the way it quickly gets rid of them is responsible for its instant popularity and tremendous sale of nearly two million packages

GGLERS USE S. MAILS TO ROB CUSTOMS

Postal Authorities Determine on More Rigid Inspection of Packages and Papers.

WASHINGTON, March 4.—A more rigid inspection of mail articles, including books and foreign newspapers and periodicals, on the part of customs officials in an effort to stop the entry into this country of articles which are prohibited and to stop evasion of payment of duty is likely to be put into effect soon, it has been indicated by treasury officials.

The revised mail regulations provide that customs officials may examine newspapers received in the mail from foreign countries and declare that all postal employees shall aid the customs men in this work.

Some interesting cases of attempted smuggling of articles into this country from abroad have recently come to light here through the work of the customs officials attached to the Washington, D. C., postoffice. They have furnished the treasury department with full details.

Among the articles turned over to the treasury was an ordinary mail package from France consisting of a book in the English language. The compact pages had been mortised and in the cavity created had been inserted two small bottles of alcoholic liquor in the hope that they would arrive here without detection on the part of the American customs men.

Another mail package from

France contained another book in which had been concealed a woman's kid glove in which was found a pearl stickpin of considerable value. One single wrapped newspaper from Kobe, Japan, contained a hand-made lace boudoir cap and a hand-made lace centerpiece. They are declared by customs men to be of considerable value.

One box of innocent appearing candy was held up by the officials here and upon opening several pieces of the candy they were found to be filled with a highly potent wine from Bermuda. The package had come from Hamilton, Bermuda.

All of these articles have been held up as evidence of the attempted fraud which is going on between persons out of the United States and individuals here. A closer inspection of articles coming in through the mail is believed to be the solution of the problem and it is likely that it will be put into effect soon.

Women Democrats have been holding 24 schools during the past year at which it is said 1,000 women speakers have been trained in Democracy. In addition to this the national headquarters carries on an intensive correspondence course.

For the first time, railroad tax accruals passed the \$1,000,000 mark daily, the total for the month of November exceeding \$30,000,000. Since 1919, taxes paid by the railroads have exceeded the amount paid in dividends to stockholders.

SAFE FAT REDUCTION

Reduce, reduce, reduce, is the slogan of all fat people. Get thin, be slim, is the cry of fashion and society. And the overfat wring their hands in mortification and helplessness; revolting at nauseating drugs, afraid of violent exercise, dreading the unwelcome and unsatisfying diet, until they hit upon the harmless Marmola Prescription and learn through it that they may safely reduce steadily and easily without one change in their mode of life, but harmlessly, secretly, and quickly reaching their ideal of figure, with a smoother skin, better appetite and health than they have ever known. And now comes Marmola Prescription Tablets from the same famously harmless formula as the Marmola Prescription. It behooves you to learn the satisfactory, beneficial effects of this great, safe, fat reducer by giving to your druggist one dollar for a box, or sending a like amount to Marmola Company, 4612 Woodward avenue, Detroit, Mich., with a request that they mail to you a box of Marmola Prescription Tablets.—Advertisement.

IF RHEUMATIC BEGIN ON SALTS

Says We Must Keep Feet Dry, Avoid Exposure, Eat No Sweets.

Stay off the damp ground, avoid exposure, keep feet dry, eat no sweets of any kind for a while, drink lots of water and above all take a spoonful of Jad Salts occasionally to help keep down uric and toxic acids.

Rheumatism is caused by poison toxins, called acids, which are generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this poison, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a table-spoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acidity, remove body waste also to stimulate the kidneys, thus helping to rid the blood of these rheumatic poisons.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism.—Advertisement.

Fresh Country Eggs, doz. 25c

Plenty of garden seed, red and yellow onion sets and seed potatoes. Plenty of nice fresh vegetables from the gardens of South Texas.

We have the same good quality of Baby Beef, Veal and Mutton again this week.

POULTRY—Plenty of large fat Hens and Fryers, live or dressed. Have them dressed while you wait.

We can supply you with Golden State Butter at 65c per pound.

Adams & Co.

We buy anything in the line of country produce. Try us and see.

Imported Novelties Forecast the Mode for Spring

Crepes, Linens, Voiles, Ratines—they are all so lovely that it is hard to anticipate just which one will dominate. They have arrived in endless variety the past week—the new patterns, the new colors—and you may see them tomorrow.

New Lingerie Fabrics

Lovely materials that answer the vogue for color in dainty intimate garments: pink, blue, helio, yellow, also white. All weights from the sheerest to the heavier weaves. 36 inches wide. —50c to \$1.25 Yard

With the First Violets—Foulard Silks

It wouldn't seem like Spring without Foulard Silks. So soft and lustrous, yet so practical! So interesting this spring are the new patterns. Modest little allover patterns, formed of small dots, rings etc., on grounds of navy blue, copen, tan, as well as white —36 inches wide. —Special, yard \$2.00 and \$2.95

Crepes de Chine in small conservative designs, both light and dark grounds. Navy and tan, tan and blue, green and white, and so on. An elaborate line, 40 inches wide,\$3.50
Flowered Georgette Crepe—full blown roses, shading into backgrounds of harmonizing purples and pinks, bronze and browns, lavenders and fuchsia, are the season's "hit," 40 inches wide.....\$3.50
37-in. Toile du Nord Gingham40c
31-in. Gilbrea Gingham45c and 50c
32-in. Imperial Chambrays.....
27-in. Red Appel Zephyrs25c
28-in. Cowboy Chevots25c

More Fascinating Than Ever

Spring Cottons

Each year the patterns are lovelier and each year we show a wider and more attractive choice for you to select from. There is inspiration here for every sort of informal frock, for house dresses and for children's wear. You will be delighted with the wonderful collection.

Ginghams Galore

Each day adds more attractive patterns to our already enormous assortment. New colors and new color combinations. Designs that are entirely different from those shown any previous season. Every yard is high quality and dependable.

We Show the New Things First

J. M. White & Co.

You Will Like Them Better and Better

Only intimate acquaintance discloses all their delights and gives you full benefit of the cheer and strength they supply—you must know them to appreciate and enjoy

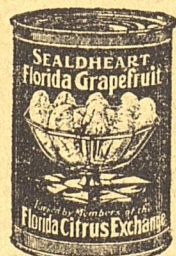

Sealdsweet Florida Grapefruit

You will never grow tired of these premier food-fruits, once you have learned how good they are. Now plentiful and reasonable in price, they may be eaten at every meal and between meals.

Ask your fruit dealer for Sealdsweet oranges and grapefruit, and insist on having them in the sanitary tissue-paper wrappers in which they are shipped.

For gift copy of book "Home Uses for Juices of Sealdsweet Orange and Grapefruit" write Florida Citrus Exchange, 815 Citrus Exchange Building, Tampa, Florida.

Sealdsweet Florida oranges are juicy, finely-flavored and sweet.

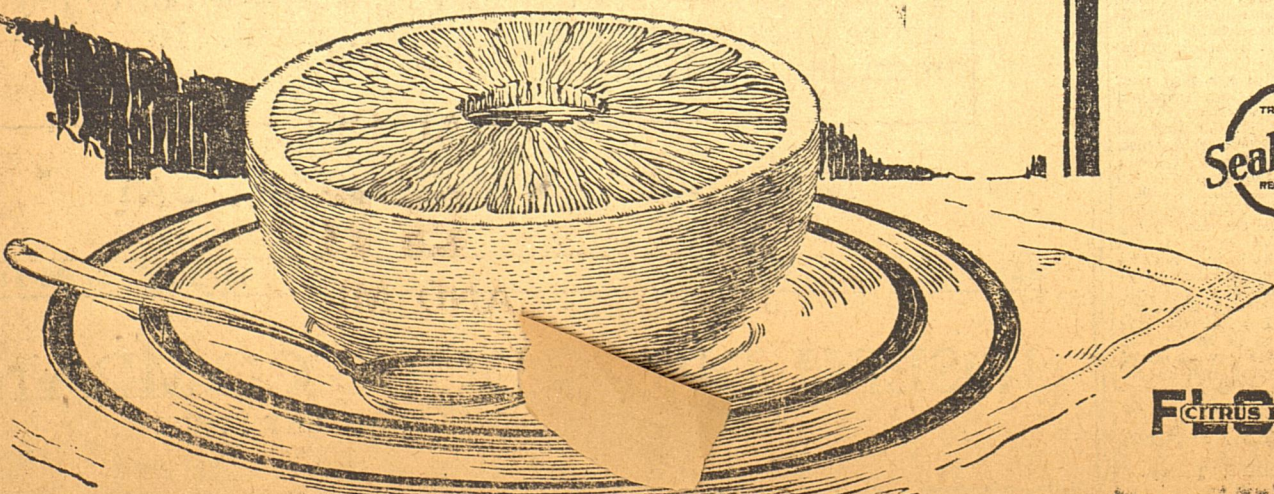

Sealdheart Grapefruit (IN CANS)

The inner meat of Sealdsweet grapefruit, separated from the outer membranes and rind before canning. Ready to serve—chill before using. Eat as you would fresh grapefruit. Add a bit of sugar or salt if you like. Ask your grocer for Sealdheart whenever you are unable to secure fresh Sealdsweet grapefruit or prefer the goods in cans.

FLORIDA CITRUS EXCHANGE

CISCO BAPTIST ASS'N REGIONAL MEETING IS HELD IN EASTLAND

The Cisco Baptist association, in session in the Baptist church of Eastland yesterday, opened their program at 10 a. m. The speakers were Rev. Mr. Davis of Abilene, who gave the opening address, followed by Rev.

Mr. Godbold of Brownwood, president of Payne college. The session for the day was presided over by Rev. W. J. Nelson, of the local Baptist church. Hymns were given both forenoon and afternoon, with Mrs. A. L. Leake of Ranger at the piano. At noon a delicious luncheon was served at the B. Y. P. U. cottage by a committee from the Women's Missionary union, Misses S. C. Richardson, Clyde L. Garrett, J. F. McWilliams, D. B. Roark, L. G. Summers,

Miss Gretchen Overton and Mrs. Carl Springer, chairman. Seventy-five guests were entertained. The menu of chicken sandwiches, ham sandwiches, pickles, fruit salad, pie and coffee, was daintily served. The program for the afternoon included addresses by Dr. Wallace Bassett of Cliff Temple Baptist church of Dallas; Rev. A. L. Leake, of Ranger; Rev. Mr. Leary of Gorman; Rev. Mr. Thompson; Rev. Mr. Lawrence of Cisco; Rev. W. R. Puett

of Carbon; Rev. Mr. Davis of Abilene and Mrs. Mook of Eastland. The group will next visit Carbon, and carry out the same program in the interest of the \$75,000,000 campaign. The work is divided into sections of a northern group and a southern group, with a captain for each. Over 200 attended the all-day session in the church. No money is asked for on this trip, but the purpose of the meetings is to arouse enthusiasm and pave the way for the financial campaign.

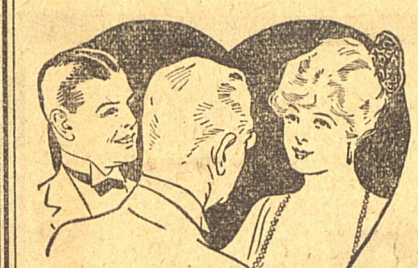

to receive the red hat, probably at the next consistory; Archbishop George W. Mundelein of Chicago is said to be the next in line for elevation; third on the list is Archbishop E. J. Hanna of San Francisco.

Although Mrs. Russell Sage's gross estate is placed at \$40,000,000 she will compute her federal income tax on \$14,000,000. The supreme court has decided to allow a \$35,000,000 deduction for bequests—charitable, educational, religious and others.

THREE ARCHBISHOPS IN UNITED STATES MAY BE ELEVATED TO CARDINALS

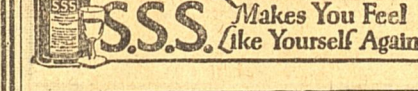

ROME, Italy, March 7.—If the present plans of the Vatican materialize, the United States may have three new cardinals within the next few years. Archbishop Patrick J. Hayes of New York will be the first

Women to attract must Radiate Health!

BEAUTY is the magnet which draws all eyes—and back of beauty—Health—working silently.—Red blood tingling through the veins;—the glow of youth in the cheeks;—the spring of exuberance, of vim, of vitality in the walk;—the ever graceful air, unrestrained by care or worry.—All the charms of beauty.—All the works of health. Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps—wondering—hoping—praying for that attractiveness that is not theirs. But why the wondering—the hoping—the praying for that craved-for attractiveness—that beauty. Good looks is the barometer of one's condition. Good health radiates beauty. S. S. S. purifies the blood—creates new red blood cells—rids the system of impurities which make beauty and attractiveness impossible. As women to attract must radiate health so must they keep their systems free from impurities and their red blood cells ever increasing. S. S. S. since 1876, has been ridding the system of impurities—pimples, blackheads, boils, eczema and rheumatism—building red blood cells—aiding women to be attractive by radiating health. S. S. S. is made of carefully selected herbs and barks, scientifically prepared and concentrated. All good drug stores carry S. S. S. It is more economical to purchase the large size bottle.

NOTICE OF TRUSTEE'S SALE. THE STATE OF TEXAS, County of Eastland.

Whereas, by virtue of authority vested in me, as Trustee, named and appointed on a certain deed of trust, recorded in Volume 10 on page 102 of the records and estate mortgages of Eastland County, Texas, executed and delivered to me on the 21st day of March, A. D. 1921, by J. F. Dreinhofer and wife, Grace T. Dreinhofer, for better securing the payment of three certain promissory notes, one for \$5,000.00, one for \$500.00, and one for \$800.00, respectively, more fully described in said deed of trust, executed by the said J. F. Dreinhofer and wife, Grace T. Dreinhofer, payable to the order of G. H. Bohning and Mrs. William Bohning, due Jan. 15, 1923, Jan. 11, 1919, and December 30, 1920, respectively, each bearing eight per cent interest per annum from date until paid, and payable in advance annually as it accrues, providing failure to pay either of said notes or any installment of interest thereon when due, shall at the option of the holder of said notes, or either of them, mature each thereof, and in such event the holder thereof may proceed to collect the same in the same manner as if the full time provided in said notes had expired, and also provide for the payment of ten per cent additional on the amount of principal and interest then due as attorney's fees, if placed in the following described lots situated in the City of Ranger, in Eastland County, Texas, viz: Lot One (1) and forty feet off of the west side of lot two (2) all in block 28 of said City of Ranger in Eastland County, Texas, together with all of the rents and revenues accruing or to accrue from said interest in said property, which rents and revenues are to be collected by said Trustee and applied on the indebtedness described above and which is secured by said deed of trust, and

Whereas, each of said notes are now past due and unpaid, now aggregating principal and interest \$8,010.00; and whereas, I have been requested by the said G. H. Bohning and Mrs. William Bohning to enforce said trust, I will offer for sale, between the legal hours thereof, to-wit: between the hours of 10 o'clock a. m. and 4 o'clock p. m., at public auction, to the highest bidder, on the first Tuesday in April, A. D., 1924, the same being the first day of said month at the courthouse door in the town of Eastland, in Eastland County, Texas, the following described property, to-wit: being an undivided one-fifth interest in and to Lot No. One (1) and forty feet off of the west side of Lot No. two (2), in Block No. 28, in the town of Ranger, in Eastland County, Texas, together with all of the rents and revenues accruing and to accrue from said interest, with all rights, members and appurtenances thereto in anywise belonging. Witness my hand this 6th day of March, A. D., 1924. GARRETT W. BOHNING, Trustee. Mar. 7-14-24.

What is More Helpless Than a Baby Chick?

With Average Care 50 out of Every 100 Chicks Die

This frightful loss can and should be stopped not only because of the financial loss, but to let these tender, innocent balls of fluff live and grow.

Experience proves that 95 out of every 100 chicks live and grow when Purina Chick Startena is fed as directed.

Save your baby chicks. Don't let them die. Use Startena. We have a fresh shipment.
