No. 10

WET WEATHER HELD CAUSE OF ROAD DELAYS

Northern Paved Road to Be Completed Before Bankhead, Commissioner Says.

The county road work in the vicinity of Ranger is being pushed as rapidly as possible, the board of directors of the new Chamber of Commerce were informed last night by its special committee which interviewed the county commissioners Thursday on the apparent lagging of the work on the roads running out of this city.

Failure to complete the Caddo road beyond Bull hollow at this time is the result of the wet weather the committee was told by the commissioners. Rock has been laid but because of seepage that has developed it has been impossible at this time to roll the road and the contractors must wait until the ground underneath has had time to dry out, it is reported. The necessary time was placed at about three weeks by the commissioners providing it does not rain in the meantime.

Right of Way Blocked.
The delay in the construction of the stretch of the Bankhead highway between Ranger and Olden was reported by the commissioners to be caused by the delay of the Tee Pee company in moving material from the right of way through their material yard. The Prairie company has already cleared its material from the right of way. A committee was appointed from the board to see the Tee Pee officials in an effort to have the work expedited.

Rock has already been laid along the greater part of the highway between Olden and Ranger, the commissioners reported, and the work of laying the brick will commence shortly. Because of lack of funds, plans for the Desdemona road have been abandoned at this time, the committee learned. In explanation as to why the roads were being completed faster in other sections than in the Ranger vicinity, the commissioners said that Eastland and Ranger were in the same precinct and that there was more work to be done in this precinct than in the others.

Paved Road Soon.
Commissioner Henry Stubblefield in discussing the road plans with a representative of the Times yesterday afternoon declared that while the contractors had a whole year to complete the Bankhead highway between Ranger and Cisco that a hard surface road, connecting Ranger, Eastland and Cisco would be in service long before that time. He referred to the completion of the Pleasant Grove road connecting Ranger with the Eastland-Breckenridge highway.

No action was taken by the Chamber of Commerce directors last night on the selection of a secretary of the organization, the board feeling that sufficient time should be taken to assure the organization of obtaining the services of the best qualified applicant. Each member of the board was appointed a committee of one to scout in the bush and major C. C. Leagues for the best possible man for the place.

ARMED BANDS MARCH ON TWO INDIANA MINES

TERRE HAUTE, June 10.—Serious disorders occurred at the Reilly coal mine and the Kern coal mine, near here, early today, according to reports received here.

Three hundred men, some armed, were reported forming for a march on the Reilly mine, while a party of 100 men are reported to have attacked the Kern mine, overturning cars of coal and attacking and seriously injuring one of the men employed there.

EXPECT SETTLEMENT OF IRISH QUESTIONS

LONDON, June 10.—After today's meeting of the thirty signatories of the Anglo-Irish treaty, it was stated that Arthur Griffith, president of the daily eireann, would meet Premier Lloyd George this afternoon and it was likely that a settlement of the questions at issue would be reached.

NEW RAIN RECORD

ANGLETON, Texas, June 10.—Thirteen inches of rain have fallen here in the last forty-eight hours. This is the heaviest rainfall in the history of this part of the state. Hundreds of acres of cotton and corn are a total loss.

BANANA PEEL SLIP IS FATAL

DALLAS, June 10.—Robert H. Russell, 30, insurance agent, was almost instantly killed today when he slipped on a banana peeling in the lobby of the sixth floor of an office building, lost his footing, fell over the balustrade of a stairway and landed on his head on the second floor.

NEWBERRY CASE IS CAUSE OF NEW SENATE RUMPUS

Ouster Effort Renewed on Basis of Evidence Not Used in Court.

WASHINGTON, June 10.—A movement to reopen the Newberry case is now under way in the senate.

An insurgent group has been formed and a search is being made for new evidence to connect Truman H. Newberry with the large campaign expenditures in the Michigan senatorial primary of 1918.

From the new evidence, not presented in the Michigan court fight or in the senate investigation, valuable information is disclosed, say members backing the move.

GUNMAN SLAIN IN FIGHT WITH K. C. POLICEMEN

KANSAS CITY, June 10.—Fred Roberts, known to police and the underworld as "Big Fred," was shot and killed in a gunfight with three policemen early today.

Roberts was charged with the murder of Miss Florence Barton, society girl, who was shot to death two years ago on a lonely road with her fiancée. He was never brought to trial and the charges against him were dismissed following the acquittal of another suspect charged with the crime.

The killing today followed an attempt to rob a coffee house, according to police.

FINGER PRINTS ON AX ONLY CLEW TO MURDER OF GIRL IN MICHIGAN

JACKSON, Mich., June 10.—Finger prints on the blood-stained handle of the ax with which Miss Alice Mallett was slain here Thursday today were looked on as the sole clew to the slaying. Bloodhounds early today lost a trail after following it into a bog north of the city.

BIG COMPANY CHIEFS ORDERED TO GAS PROBE

WASHINGTON, June 10.—Prompt action by the subcommittee of the manufacturers' committee, investigating gas prices, was promised today by Senator LaFollette of Wisconsin, the chairman.

That the subcommittee of five will conduct an exhaustive inquiry, continuing several weeks, was evidenced when it became known that a large list of witnesses, involving every phase of the gas and oil industry, has tentatively been selected to appear. Though it is impossible to obtain verification, it is said that officials of the leading gasoline concerns of America are first on the list.

TEXAS OIL MILLIONAIRE ASKS \$50,000 FROM GIRL WHO JILTS HIM

CHICAGO, June 10.—Reversing the code of love litigation, John Roberts, Texas rancher and oil man whose wealth is reputed to be \$3,000,000, has filed a \$50,000 breach of promise suit against Gladys Wells, an actress, now living in Chicago.

Miss Wells said she finally accepted Roberts' attentions after he had followed her over the country. "Because he presented me with furs and jewels worth \$50,000 he said I was his property," Miss Wells said. "He was a friend of Jake Hamon and this case is another Jake Hamon case in every respect."

COX JURY SAYS IT CAN'T AGREE ABOUT FRAUDS

Ordered to Remain at Work on Case of Houston Oil Promoter.

HOUSTON, June 10.—The jury which holds the fate of S. E. J. Cox, internationally known oil operator, charged with using the mails to defraud in connection with the sale of oil stock, cannot agree, it reported to the court at 10:15 o'clock this morning.

Federal Judge Hutchinson sent the jury back to try and agree. He then adjourned court until Monday morning.

The case went to the jury Friday afternoon.

SOUTH AND WEST DEMAND EARLY BONUS ACTION

WASHINGTON, June 10.—Southern and western senators rallied to support of the McCumber bonus bill today with a demand that it be brought up for early consideration in the senate.

Practically unanimous support of the senators from seventeen western and mountain states was pledged to the bill following inclusion as an amendment of the McNary \$350,000,000 reclamation project, which also is added as another compensation feature for veterans.

SAYS OPERATORS USE HOOVER'S DECREE TO BOOST COAL PRICES

WASHINGTON, June 10.—Senator Walsh, democrat of Massachusetts, in a statement today called for a congressional investigation to be made and indictments returned against the bituminous coal operators who had used Secretary Hoover's price fixing agreement to increase the price of coal, unless the operators made a reduction.

EAST TEXAS NEGRO SHOTS WHITE COUPLE

CARTHAGE, Texas, June 10.—Posses of citizens and officers are today searching for Zack King, negro, charged with shooting to death Park Rayburn, son of B. V. Rayburn, which took place near here this morning.

Young Rayburn's wife was slightly wounded by the negro, who fired two shots following a disagreement over financial matters. Rayburn served in the navy during the war.

BAPTIST PARSON WINS WEDDING SPEED PALM

KNOXVILLE, Tenn., June 10.—Two Baptist ministers and three Methodist ministers competed here today in a contest to determine who could tie the speediest marriage knot, and the Baptist won.

The Rev. R. Pedigo pronounced Ernest Messer and Ruby Ferguson man and wife in fifteen seconds. The Rev. N. E. Miller, who was second, required sixteen seconds for his pair. The time of the Methodists was not taken as they were too far outdistanced. One, however, said he was entitled to a handicap as his pair were deaf mutes.

County Clerk Afton W. Edington was timekeeper. As the clock struck 12, he shouted "Go!" and all five ceremonies began.

Bogus Telegrams Lure Mex Leaders to Death

Kidnaping Plot Revealed After Handcuffed Bodies Are Found In Rio Grande; Auto Breakdown Saves Murguia

SAN ANTONIO, June 10.—United States border agents have revealed a wholesale plot to kidnap all exiles from Mexico in this country who are acting in a revolutionary way, as a result of the kidnaping and murder of General Lucio Blanco and Colonel Aurelio Martinez at Laredo Wednesday night, according to announcement here today.

The plot to put these active exiles out of the way has been in progress for many months, according to the agents. Every movement of the exiles has been watched and an opportune time awaited to lure them to death.

Lured By Telegrams.
Blanco was lured to death by means of a bogus telegram purported to be from a friend in Laredo. A similar message was used in persuading Colonel Martinez to go to the border. General Francisco Murguia also was in receipt of a similar telegram but he hastened to the border by automobile and was fortunate enough to have a breakdown, which delayed his arrival. On reaching Laredo he heard of the fate of Blanco and Martinez and hurried back to this city.

Warrants have been issued for the arrest of four persons by Laredo authorities in connection with the two

murders and arrests are expected today.

Handcuffed Together.
The bodies of Martinez and Blanco, handcuffed together, were discovered by boys fishing on the American side. The body of Garcia was removed from the river a mile below this point. Blanco, once prominent in Mexican military circles, but recently a refugee in the United States, had been shot through the head, while Garcia's body showed a wound in the neck.

Blanco had been captured Wednesday night by federals while heading a party of nearly 200 men crossing into Mexico from Texas. Martinez was taken at the same time, and while handcuffed together they made a dash for liberty during a twenty-minute engagement between federal troops and followers of Blanco. Both were shot after reaching the river and their bodies disappeared in the stream.

One report has it that Garcia was not a member of the invading party, but was a federal officer and that he was shot accidentally by his own men during the confusion incident to the capture of General Blanco. The keys to the handcuffs which linked together Martinez and Blanco were found in Garcia's clothing.

METHODISTS PLAN COMPLETION OF LARGE CHURCH AUDITORIUM

Ways and means for completing the interior of the large auditorium of the Methodist church will be laid before members of the church and others interested at the morning services tomorrow. In urging members of the church to be present and extending an invitation to the Ranger public, the Rev. L. A. Webb points out that the plans of the church to complete the auditorium should be of interest to every denomination in the city, as the need of auditoriums for community affairs has been sorely

felt. The auditorium occupies the entire first floor of the church and is the largest in the city.

When the rest of the church was completed over a year ago the interior of the auditorium had to be left unfinished for the time being, church services being held in the Sunday school room in the basement.

Furniture and pews have already been placed in the auditorium awaiting its completion. The cost of the work will be \$12,000, Rev. Mr. Webb states.

MAN HELD FOR SHOOTING WIFE, MOTHER-IN-LAW

DAINGERFIELD, Texas, June 10.—Mrs. Kate Thigpen, 65, and her daughter, Mrs. M. W. McDonald, are expected to die as the result of a shooting this morning at the home of M. W. McDonald, prominent resident of Daingerfield. McDonald, who has been in ill health for some time, returned home at 2 a. m. today. He is in jail charged with the shooting.

AIRPLANES OUTWIT MEXICAN BANDITS

DALLAS, Texas, June 10.—How modern methods of transportation have outwitted bandits in the Mexican oil fields is interestingly told in the "Texaco Star," official publication of the Texas company.

Air transportation service was put into effect between Tampico and the Southern Mexican oil fields and has already passed the experimental stage. It was first used to carry important papers and money to various offices, but is now making "hurry-up" trips all over the fields.

Before the advent of the air service a trip to the oil fields entailed a great deal of discomfort and hardship. The route lay through a dense tropical country, the trails bordered in many places with steep banks affording ideal places for ambush. For a time payroll robberies became so numerous that for a payroll train to get through was the exception rather than the rule.

Since inauguration of the air service not a single robbery has occurred.

GRAIN GROWERS ORGANIZE NEW SELLING AGENCY

WASHINGTON, June 10.—Formation of the United States Grain Growers' Sales corporation, a subsidiary of the United States Grain Growers' association, for the purpose of assisting farmers in marketing wheat, was announced today.

GERMANY MAY GET SMALL LOAN FROM BANKERS

Commercial Credits From the "Wealthier Nations" Recommended as Alternative.

PARIS, June 10.—The report of the international bankers' committee, which is expected to be completed and handed to the reparations committee today, will express the opinion that under present circumstances a big loan to Germany to liquidate the reparations problem as a whole is impractical at this time, according to the French press.

Importance of the improvement of the immediate financial condition of Germany to facilitate the next reparations payment is stressed and the bankers will advise, if not a small loan, at least the development of commercial credit by the wealthier countries in favor of Germany.

SENATE BILL RAISES NAVY'S APPROPRIATION

WASHINGTON, June 10.—An appropriation of \$294,235,000 for the annual naval appropriation bill was reported out by the senate appropriation committee today. The report is a net increase of \$42,955,000 over the house bill but \$131,261,000 less than the amount requested by the navy department.

The bill will be called up Monday by agreement to lay aside temporarily the pending tariff bill. Senator Poin-dexter of Washington is in charge of the naval appropriation.

Much less opposition than usual is anticipated in the senate because of the joint agreement reached on an enlisted personnel of 86,000 men and 19,500 marines.

Senator King of Utah is expected to seek the reduction of the marine force to 10,000 men and the termination of operations in Haiti and San Domingo.

X-RAY REVEALS TWINS WEEKS BEFORE BIRTH

OAKLAND, Cal., June 10.—Modern science has found unusual application in the provision of accommodations for two infant sons of Dr. and Mrs. Stephens Wyeth of this city, who arrived through the medium of a Caesarian operation.

An X-ray picture taken six weeks ago disclosed that the family was to be enlarged by two rather than by the more usual one and as a result plans were changed and a dual assortment of nursery fittings and wearing apparel was in readiness when the twins made their appearance this week.

GREENVILLE MAN HEADS LIONS CLUBS

BEAUMONT, June 10.—Clyde A. Sweeton of Greenville was elected governor of the Texas district of the International Lions club at the convention which adjourned last night. Waco was chosen as the next annual convention city.

CUSTOMER'S CIGARETTE BURNS SHINE BOY'S HEAD

DALLAS, June 10.—A careless customer in a shine parlor caused a near riot and the serious injury of a negro shine boy here Friday. Ed Montgomery, African, was batting out the "Devil's Tatos" on the uppers of a visitor when said visitor dropped a lighted cigarette into the woolly head of the shine boy.

A blaze flared up immediately and the negro ran to the street yelling "fire." The blaze was extinguished but not until the wool was burned and the negro's head badly scorched.

LEE'S GRANDSON VERY ILL

HOT SPRINGS, Va., June 10.—The condition of Col. Robert E. Lee, grandson of the Confederate chief, grew suddenly worse today, attending physicians reported.

SUCCESSOR TO OUSTED SHERIFF DECLINES JOB

District Judge's Appointee Does Not Know to Whom He Should Refuse Offer.

BEAUMONT, June 10.—Claude Roberts, named yesterday as sheriff of Jefferson county to succeed Tom Garner, ordered ousted from office by an instructed verdict in the sixtieth district court, in a statement today says he will decline to accept the appointment. He has not officially declined, however, as it is undetermined as to whom he should report.

Judge Street, who made the appointment, has returned to Galveston and Judge McDowell of the sixtieth district has not yet returned.

PINCHOT MEN LOSE IN SCRAP WITH OLD GUARD

PHILADELPHIA, June 10.—The regular organization machinery of the republican party in Pennsylvania today won a victory over the supporters of Gifford Pinchot, republican candidate for governor in the election of W. Harry Baker of Harrisburg as chairman of the state committee. His opponent was General Minor of Wilkesbarre, a veteran of the world war.

United States Senator Pepper was elected Pennsylvania's representative on the national committee to fill the vacancy created by the death of the late Senator Penrose. His choice was unanimous.

RESERVE FLYER OUSTED FOR DOING AIR STUNTS WHILE HARDING SPOKE

WASHINGTON, June 10.—Herbert Fahey, an aviator who flew low down over the heads of the audience attending the ceremonies at the dedication of the Lincoln Memorial has been dismissed from the officers' reserve corps by John W. Weeks, secretary of war, and publicly castigated at the White House. Fahey was a lieutenant in the reserve corps. The offending aviator was dismissed without court-martial under authority which gives to the president power to take disciplinary measures and dismiss members of the corps at will.

Fahey is charged with disrespect to the president of the United States, with disrespect to a great public occasion and with having endangered the safety of the audience assembled. His defense was that he thought he could fly over the crowd between 2 and 3:30 o'clock. The war department says he was warned not to fly at all.

President Harding was loath to speak of the matter from the viewpoint of a speaker who was interrupted. The president is familiar with the annoyances that come to a speaker in various places, but believes the seriousness of the offense of Fahey was that he endangered the lives of the audience.

According to the White House view, 99 exhibitions of this sort might be made with safety, while the one hundredth might end fatally for many persons.

WHO'LL GIVE HOME TO HEAD-HUNTING CLAN?

AKRON, O., June 10.—An ignominious village of man-devouring head-hunters is without a place of habitation, the result of an attachment in a lawsuit.

Sheriff Pat Hutchinson, placing the attachment on property of a carnival company playing here this week, also took over a steam piano, a cage of monkeys and a box of snakes to the value of \$2,000.

BIG RHODE ISLAND FIRE.
WOONSOCKET, R. I., June 10.—Fire destroyed three blocks of business buildings here today. The Woonsocket Call was wiped out. The damage is estimated at \$200,000.

THE DAILY SHIVER

SALINAS, Cal., June 10.—A sharp earthquake shock was felt in Salinas at 6:57 today. No damage was done.

THE WEATHER

West Texas—Tonight and Sunday, partly cloudy.

WHY HAVE JURIES?

Why are juries, anyway? Yesterday at Beaumont, a judge decided the verdict in a case and told the jury that any member of it who disagreed with him would be fined and jailed.

Presumably the judge was not exceeding his power, but to the layman, not versed in all the technicalities of the courts, it appears all wrong.

The average man thinks a jury is empaneled to decide whether a man on trial is guilty or innocent, and regards official obstruction of the jury's decision as an infringement on the intent of the law. If the judge is to render the verdict, why empanel a jury?

The law and the courts are in dispute in Texas, because they are regarded merely as battlegrounds in which the combatants hurl technicalities back and forth, and the jury wanders in a maze of do this and don't do that, proposed by attorneys and approved by the judge.

Technicalities that interfere with justice should have no standing. Only this week, Wichita Falls convictions for the detestable form of theft known as forgery were dismissed because the grand jury which indicted the men was illegally drawn.

If the men were proven guilty, why should this interfere with their just punishment?

One of the first duties of the legislature or some other state body should be to clarify the law, so that the guilty may be punished and tricks of the lawyer's trade may not be permitted to prevent the punishment of felons.

Under present rules, justice is indeed blind. For at least, it seldom catches the guilty.

New York ought to elect a sheriff who shoots from the hip and go in for the law and order thing. It will be surprised how many more settlers it will get that way and how business will pick up.—Kansas City Times.

It costs a bunch of money nowadays to sustain a reputation as a booze fighter.—Columbia Record.

If the next war is to be fought in the air it will have the merit at least of being where everything else is.—Columbia Record.

The degree of insanity at a murder trial often depends upon the defendant's pocketbook.—Indianapolis Star.

Distance lends enchantment to the view, unless you're gazing at the taxicab indicator.—Boston Transcript.

BIG GAINS MADE IN EMPLOYMENT REPORT SHOWS

WASHINGTON, June 10.—Reports to the United States employment service of the department of labor show a more marked improvement in employment conditions in May than in any recent month. There was a net increase of 3.2 per cent in the number of workers employed by 1,428 firms located in the sixty-five principal industrial centers of the United States. These companies reported 1,668,988 workers employed on May 31 as against 1,616,834 on April 30.

There were increases in the number employed in eleven groups of industries and decreases in only three groups.

Out of the sixty-five cities, forty-nine reported employment increases during May over April.

"The country as a whole is rapidly getting back to a normal employment basis, with the exception of the coal and cotton textile industries," said Francis L. Jones, director general of the employment service. "The broadening out of industry in most all lines of activity for May clearly emphasizes the fact that business depression is behind us. Confidence is restored. June will accentuate the upward movement. Industry is steadily expanding."

"Building construction widened in May over April. A genuine building boom is on throughout the country. A shortage of carpenters, bricklayers and plasterers exists in many of the 231 principal industrial centers. Wheat cutting has started in Texas, and large numbers of men will be absorbed in the harvest fields."

FARMER SUES TO RECOVER RED CROSS DONATION

PLATTSMOUTH, Neb., June 10.—C. Lawrence Stull, well known Cass county farmer, and reputed wealthy, is sorry that he contributed \$1,000 to the Red Cross during the war. He wants his money back and to this end, has brought suit in county district court here against five individuals and the Plattsmouth State bank.

His petition alleges that the defendants, excepting the bank, accompanied a crowd of 100 persons that in June, 1918, visited his farm and "demanded" that he contribute \$4,000 to the government war work. When he told them, the petition says, that he did not have that much money, he was told that he had \$2,800 on deposit at the Plattsmouth bank. He further alleges that members of the crowd stood "with ropes and revolvers," and that he was forced to sign two checks, one for \$1,000, made out to the American Red Cross, and the second for \$1,800 for war securities.

Stull asks judgment of \$1,000 and costs, in his present suit. This is the first known legal action, it is said, to recover sums contributed under protest to war welfare organizations in this state.

FREIGHT DERAILMENT DELAYS NIGHT TRAIN

The Texas & Pacific westbound No. 11, due here this morning at 3:30, was expected to reach here by noon today, after having been tied up for almost nine hours behind a freight wreck between Dallas and Fort Worth. According to advices received here by officials of the road, several box cars were derailed but no one was injured.

The westbound train, due here at 1 o'clock this afternoon, was reported on time.

DOG HILL PARAGRAPHS

By GEORGE BINGHAM

The Assistant Coroner, who has been barely making a living since the Hog Ford moonshine still house went out of business, has decided to become a fruit tree agent.

Slim Pickens came out last Sunday in a new pair of store bought pants. He said if he just had a new hat, and coat and pair of shoes he would have been dressed up sure enough, but he has never been able to have them all new at once.

The Lord loves a cheerful preacher.

THE "DIVINE SARAH" TO ACT IN U. S.

Sarah Bernhardt from her latest photograph, showing her in her most recent stage offering, "Dans la Gloire." Despite her advanced age and the loss of a leg, she is preparing for a tour of the United States and declares she will act up to the last day of her life.

Baked Snake Lures Aged Englishwoman Back to Mexico

EL PASO, Texas, June 10.—Although 73 years old, Mrs. Nance R. Jones has gone back to a desolate part of Mexico to live her remaining years. She has lived there 34 years. Mrs. Jones is an English woman, widow of Dr. John Jones, a prospector, who died 16 years ago. She has just completed a visit here with her sister and is going back to live with her adopted daughter, a little Indian girl.

For a quarter of a century Mrs. Jones has been a "medicine man" doctor, teacher, conseller and community comfort, baptizing babies and helping bury the dead. In Bocoyna, Chihuahua, where she is returning, natives have hewn a large block of native granite in honor of Mrs. Jones and her husband.

Her lot has been hard, as has been most everybody's in Chihuahua during the past ten or twelve years of revolution. Five bandits entered her home one night. She hid over night in a drygoods box, and escaped by pumping a handcar a distance of 60 miles the next day. She has been in the saddle thirty consecutive days, on a "forced" march, during revolutionary times.

Casting her lot, at times, with Indians, she has eaten snake pie and baked snake, enduring all discomforts the same as natives. And yet she has enjoyed it so, loves the people and the land of Manana so well that she is going back, even at the age of 73.

One of her works is a school in the village of Bocoyna.

She is going back and expects to be called out of bed many more times, she said, to administer castor oil, to give pills to the natives, and to continue baptizing children as she has done for the past generation, and to preside at Tocamari feasts.

WOMAN PLEADS TO GO WITH SPOUSE OF TRIP TO PENITENTIARY

DENVER, June 10.—Deputy Sheriff Thomas Clarke is in a quandary. For the first time in the history of his service in the criminal division of the district court, Clarke is confronted with the request of a wife to accompany her husband on his five-year trip to the penitentiary.

The woman is Mrs. Elizabeth Callhoun Randolph, reputed University of Chicago graduate, and supposed heiress to an Illinois family fortune. Her husband, John Randolph, was sentenced last week to a five-to-nine-year term for burglary, and is scheduled to make the trip to Canon City this week.

Mrs. Randolph, recently freed from jail on an indictment charging complicity with her husband, appeared before Judge Charles C. Butler and requested an order of accompaniment, permitting her to assist the sheriff in landing Mr. Randolph safely behind the cold gray walls.

Judge Butler declared he would not interfere with the sheriff's prerogative in the matter and referred the woman to Clarke.

Now Clarke wonders what's the "differential." He hadn't decided the issue at noon. Meantime Mrs. Randolph says she's going anyway and camp outside the pen until hubby is released.

NEGRO WOMAN PROTECTS SKIN IN COMMITTING SUICIDE

By United Press.

DALLAS, June 10.—With a handkerchief around her neck to protect the skin from the rough rope, Winnie Lester, a negro woman, was found hanging from a rafter in her room here early today.

RANGER VOTING ON INCREASE IN SCHOOL TAXES

A fair size vote is expected to be polled today in the special election called by the school board for the purpose of increasing the school tax of the Ranger independent school district from 50c to \$1. The polls were opened this morning in the First National bank building with C. A. Bobo as manager. Only property tax payers who are qualified voters in the school district are eligible to vote. Considerable interest was being manifested this morning and so far as is known there was practically no opposition to an increase in the tax rate.

The election was called by V. V. Cooper, president of the school board, on the petition of seventy-one citizens of the district. As explained by the school board in a formal statement to the public several days ago, the increase in the school tax rate is necessary if the district is to have nine months of public school.

FURNITURE ARRIVES FOR T. & P. DEPOT

Permanent seats for the new Texas & Pacific station arrived here yesterday afternoon and will be placed in the white and negro waiting rooms today. On Monday the seats will be set in cement in the floor. The seats or benches for both the white and negro waiting rooms are of fumed oak and present a decidedly handsome appearance. The furnishings include large oak rockers and a library table for the women's dressing room.

The United States paid France \$15,000,000 for the Louisiana territory.

EXIDE BATTERIES

The World's Best Battery We Carry Stock for Any Car Special Prices Distilled Water and Inspection Free See Us Before You Buy

Battery Service Co. 216 Pine Street

NOTICE, AUTOMOBILE OWNERS

Cards are being sent out from the Tax Assessor's office advising car owners of automobiles shown of record in the Tax Collector's office that are not properly accounted for in tax renditions for 1922, and in reply to such notices there are so many replies that show the notice is misunderstood that it is not practical to answer each separately, hence this notice in the press.

An automobile is subject to County and State tax the same as other property, in addition to license paid Tax Collector which is only a permit to operate the auto on the highways.

Should a person buy a car and fail to have his bill of sale properly transferred in the Tax Collector's office the car will appear in the name of two or more persons, the original being the record owner until transfer is filed. The law requires such filings.

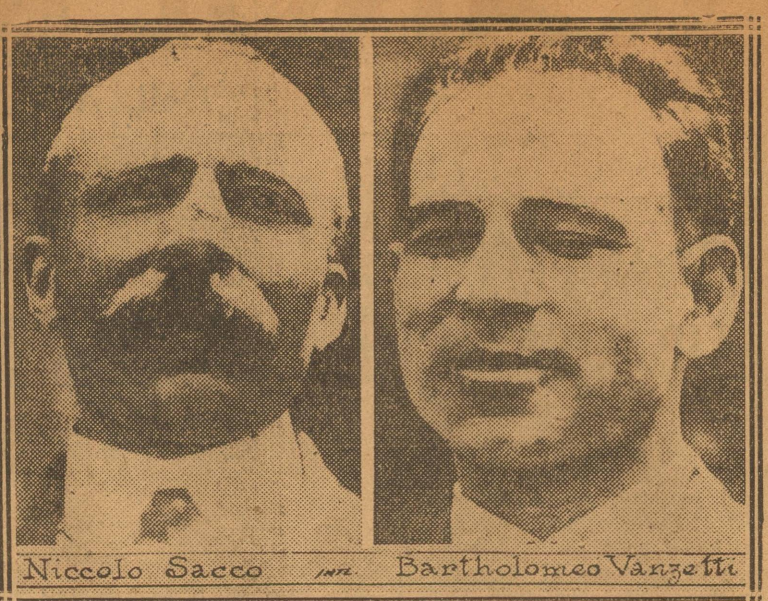

We find that as high as four different persons appear on the record with the SAME HIGHWAY NUMBER and sometimes is shown on different automobiles and engine numbers. Sometimes a number belonging on a FORD in 1921 is shown in 1922 on a BUICK, etc.

These cards are sent out to get such things straight and to protect the honest taxpayer from having to bear all the burden of taxes by himself, it will get those who failed to make a rendition to account for their property while it is getting the conservative taxpayer's record on his car correct. There are about 6,000 cars as shown by the Auto Register in the county that are unaccounted for in the 1922 rendition for tax. This office does not know what has become of them without finding out from the record owner, so the co-operation of the people is solicited in the move for JUST AND EQUAL TAXATION. Your officers cannot properly perform their sworn duty without the assistance of the people. Your co-operation solicited.

Yours for service, H. A. COLLINS Tax Assessor. (Advertisement)

CONVICT'S STORY MAY FREE RADICALS

The names of five gunmen said to be in New York are given in a confession which may save Niccolo Sacco and Bartholomeo Vanzetti, sentenced to die in the electric chair as slayers of a paymaster and a guard at South Braintree, Mass. The two were killed by a gang of gunmen, according to the confession, which was made by another man serving a long term in a southern prison and who declares he had a hand in the killing. The conviction of Sacco and Vanzetti, who were confessed radicals, but who strenuously denied their guilt, was followed by bomb outrages against American diplomatic representatives in Europe.

The production of copper in the United States has increased more than twenty-five fold since 1880.

The United States lost far more soldiers in the Civil war than in the World war.

DON'T WORRY ABOUT EMPLOYMENT IN FUTURE

The Publishers' Typesetting School at Macon, Ga., can solve the problem for you. Write for information.

To be sure of a chance to earn a living should be your chief consideration. Without it, your wife will be a failure. To have a trade or profession is absolutely essential unless you are to live from hand-to-mouth—unless you are to be uncertain at times whether you can get the necessities for existence.

The course of study in the typesetting school at Macon, Ga., is getting remarkable results. The diploma is accepted in the trades as the equivalent of an apprenticeship. The publishers of this paper will gladly advise with you if you want to go into the work. Write TYPESETTING DEPARTMENT, GEORGIA-ALABAMA BUSINESS COLLEGE, MACON, GA.—Advertisement.

Pin Money and Our Wives

The term "Pin Money" dates back to the 14th century when pins were first invented.

They, for some unknown reason, were only allowed to be sold on two days each year and being hand made, were high in price. So it became a custom for money to be given to women at their marriage to be used for the purchase of pins.

Today pins are cheap but the custom of giving women small sums for personal expense still exists.

That was the 14th century; this is the 20th century. Today the women are political and social equals of men and should be financial equals as well.

As the head of your household she should own a checking account and not be given just "Pin Money."

Start her account with this bank.

Amarillo Jurist Retracts Booze Charge Against Federal Judge Wilson

AMARILLO, June 10.—Judge R. Walker Hall of the court of civil appeals here has retracted his quoted charges against Judge James C. Wilson of the Federal District of Northwest Texas that Judge Wilson had drunk bootleg booze in a Fort Worth cafe.

Judge Hall quoted to his Sunday school class charges quoted by Home and State, the official organ of the state Anti-Saloon league, and made by Frank Norris, a Fort Worth preacher.

Judge Wilson pronounced these charges as an infamous slander in his address to the federal grand jury.

The apology of Judge Hall, for he himself so termed it, declared he relied on the statement of Dr. Frank Norris, who he asked to send proof, but who failed to do so. Judge Hall said:

"At the time I quoted this statement I had great faith in Dr. Norris, but his failure to furnish the proof that Judge Wilson drank bootleg booze with bootleggers has shaken my confidence."

Judge Hall also calls on Home and State to make a public apology for publishing the Norris statement. Judge Hall's lengthy statement declares, in one place:

"I am convinced beyond all doubt that the charge reflecting on Judge Wilson is unjust."

The charges aroused unusual interest because of the prominence of the two men and because one jurist quoted accusations against another.

Judge Wilson, in reply to Judge Hall's apology, said in part:

"He has acted the part of a man with me, and I am satisfied as far as he is concerned."

SKIRTS TO BE LONGER—FOR DRESS MODELS

CLEVELAND, Ohio, June 10.—A wide variety of style in fall and winter garments is offered by the National Cloak, Suit and Skirt Manufacturers' association in its annual style report, issued here.

The slim-line tailored suit, with mannish tailored collar, is supplemented by tweed suits for sports wear and the more elaborate novelty models for dress occasions. The latter includes the three-piece suit and box models, embellished with fur.

The skirt length is determined by the particular type of suit. The tendency is toward a somewhat longer skirt for the dress models only.

The mannish top coats in both belted and unbelted models are developed in reversible fabrics, tweeds and mixtures that offer a real improvement for smartness and individuality.

Graceful and enveloping are the new wrap coats and capes, with their convertible standing collars of fur.

There are many individual cuts and unusual trimmings applied to these garments.

Strikingly new sleeve effects make their appearance on straight-line cuts, which partake of the qualities both of the conservative straight-line style and wrap effect. Bishop or cardinal sleeve variations stand out as the dominating style feature of these new garments.

Flouse backs, panel effects and novelty girdles are features. Fine embroidery, stitching and cordings beautify these garments.

TURKS SLAUGHTER AND DEPORT AMERICANS

ADANA, Cilicia, June 10.—Mustapha Kemal Pasha, head of the Turkish Nationalist government, has given orders for the conscription of all Christian residents in Cilicia. They are to be formed into labor brigades and sent to the front line trenches to assist the Turkish army in its war against the Greeks.

The Turkish newspapers are coming out boldly in advocacy of a policy of clearing out all Christians from Cilicia, so that the country may become purely Moslem. Many Christians are being imprisoned on political charges, and their estates confiscated and sold on the allegation that they belonged to the Turks before the war.

It is estimated here that fully 80 per cent of the Armenians in Cilicia have either been conscripted, deported, killed or have died of starvation. A large number of those remaining have embraced the Moslem faith to escape persecution.

DOCTOR BY THE HOUR ---BEAT UNDERTAKER!

ATLANTIC CITY, June 10.—Dr. Henry V. Walls of Pittsburgh, at the convention of Allied Medical Associations of America, advised colleagues: "Base your charge to the patient on an hourly fee, the modern trend in business, and also collect soon after services are rendered, while the matter is still fresh in the mind of the patient."

He added that physicians generally do well if they collect more than 25 per cent of bills due. "First come the butcher, the baker, then the landlord, amusements and clothes, and finally the undertaker, if the operation is not successful."

OFF AGAIN, ON AGAIN!

DECATUR, Ill., June 10.—Hair dressers, wearied by snipping off long tresses, are resting now for the reflex—trying to make them look long again. According to Mrs. Theodora Bender, manager of the National Convention of Hair Dressers, most girls are tired of bobbed locks.

The convention will be conducted in St. Louis in July, and a series of medals will be offered here for ingenuity in methods of getting long graceful roll effects, she said, especially for wear with evening gowns.

DIME NOVEL HERO EDGES BACK TO POPULAR FAVOR

NEW YORK, June 10.—The motion pictures put the dime novel in its present precarious state of existence, writes Arthur Chapman in the New York Tribune. But wait. The victory is not yet to the interloper who appeared so unexpectedly on the scene.

The hero was thrust back to the edge of the precipice, and for a time it looked as if he was going to be thrown over, with no miraculous escape possible. But right at the same old psychological moment that has saved so many desperate situations there came a sudden change in public sentiment. The "movies" themselves went into a bad slump. It was no longer possible to pack the crowds into any kind of a showroom that had a string of electric lights in front. "Thriller" screen stories in general were the heaviest sufferers.

Far From Dead. At the same time there came stirrings which indicated that the dime novel was not dead. Our hero shook off the hands of the movie villain and, staggering to his feet, exclaimed huskily: "Stand back, villain! I refuse to be thrown over this cliff."

Such is the situation today. The dime novel, almost at the point of death, shows signs of a come-back. Nobody pretends to know just why. Perhaps it is because of the steady increase in prices of movie shows, or perhaps it is because no drama of the bloodstirring type can provide the thrill that the printed word gives. Incident on the screen has its limitations; but incident on the printed page, never.

The hero of a dime novel never turns to the author and whines: "Say, old man, you've got to have someone substitute for me in the big fight scene and in that scene where I jump out of the burning building with the heroine in my arms. I can't run the risk of having my profile mused up. The movie fans would quit writing for my picture."

The dime novel hero just runs right along doing his duty as soon as he sees it. He is always dependable and he never has to hire his work done—and all this may be the reason why he is staging this come-back.

'HELL' MOVIE FILM SETS JERSEY THEATRE AFIRE

HACKENSACK, N. J., June 10.—Dante's "Inferno" is blamed by fire marshals for a fire which damaged the Royal theatre here. A film version of the hell scene became overheated while being run thru the projector machine and exploded, the movie operator told the marshals.

GEN. J. V. GOMEZ WILL RULE VENEZUELA

General Juan V. Gomez.

General Juan Vicente Gomez has been elected president of Venezuela, and the election has been ratified by the Venezuelan congress.

MAY BE FIRST WOMAN GOVERNOR IN U. S.

Miss Alice Loraine Daly, attractive school teacher, has been nominated by the Non-Partisan league for governor of South Dakota. She declares she is going to be the first woman governor in the United States and is, therefore, too busy to think of getting married.

College Girls Talk More About Men Than Anything Else, Says Professor

LOS ANGELES, June 10.—Co-eds at the University of Southern California here talk more about men during the school days than about any other subject, according to Prof. Ralph L. Power of that institution, who has just announced figures he has compiled.

His data follows: Talk about men—57 per cent. Talk about dress and fashions—27 per cent. Talk about amusements—3 per cent. Choice gossip—7 per cent. Jokes old enough to be retired—1 per cent. Miscellaneous—5 per cent.

Blondes give up more than 57 per cent of their conversation to men and brunettes less, Professor Power states. What the latter subtract from men they give to dress and fashions, he added.

Flappers, sub-flappers, ex-flappers and would-be-flappers often give up 100 per cent of their conversation to men, he declares.

DRYS RESCUED FROM MOB

BALTIMORE, Md., June 10. John M. Barton, prohibition agent, and his negro chauffeur, "Eggie" Carr, were rescued from the hands of a mob which surrounded their machine by a squad of policemen, who wielding their clubs, forced the mob to withdraw.

HUNGARIAN LOGIC.

BUDAPEST, June 10.—American Minister Bretano has warned the Hungarian public against tolerating the practice of money changers who are refusing to accept, or are discounting, American banknotes of the "buffalo" or "Indian-head" issues. The brokers' prejudice against these notes appears to be based on nothing more substantial than the belief that since the Indians and buffaloes are virtually extinct, the banknotes must be worthless.

SLAYER MAY GO TO CHAIR RATHER THAN GIVE UP WIFE

NEW YORK, June 10.—Mike Benditto had rather take a chance with the electric chair rather than lose his wife. That is why he refused to plead guilty Friday to second degree murder and take a prison term.

Two of his pals had pleaded guilty to the crime and were sentenced to long terms. Mike was getting ready to do the same when his wife told him if he went to jail she would get a divorce.

So Mike will stand trial. If found guilty he may be executed in the chair, but if acquitted he will still have his wife.

IMMIGRATION GREATLY REDUCED BY NEW LAW

NEW YORK, June 10.—Figures which show the net results of the operation of the Dillingham act, known as the 3 per cent law, have been received by the Ellis Island authorities from the bureau at Washington.

Including the month of June, 1921, and up to the first of last April, these figures show that 287,737 immigrants have been admitted, and 183,855 emigrants have gone out of the United States.

This leaves a net balance of immigration of only 103,884. Prior to the enactment of the 3 per cent law, the annual net balance of immigrants ran above the half million mark.

The figures show that, from July 1, 1921, to April 1, 1922, there were 9,630 aliens debarred from entering the United States and 3,345, who had already entered, expelled and deported.

ONE KILLED, TWO HURT IN BEXAR AUTO ACCIDENT

SAN ANTONIO, June 10.—One man is dead and two others injured as the result of an automobile accident Friday at Fratt, on the Austin road.

The car overturned in rounding a curve.

Charles Opperman, 28, driver of the car, was instantly killed, his head being crushed to a pulp.

Friedo Broecker, county motorcycle officer, suffered head cuts and body bruises. His condition is reported as not serious.

Berkley Duer, the other occupant of the car, was only slightly injured.

Detroit Freckle Champion's Spots Visible 4 Blocks

DETROIT, June 9.—Freckle champions of New York, San Francisco, Washington, Enid, Okla., and sundry other cities aren't in it with Harold Lee, found in this city by the Detroit News as an active competitor for the world's championship.

Harold, who is in the fifth grade, has let the paper publish his picture and also will let his school principal send it on to New York because his friends insist he should not remain silent in such a competition.

The freckledest girl does not equal Harold by some ten thousand freckle shots. His hair is red, his eyes blue and his freckles are discernible four blocks away.

Asked the best way to get freckles and lots of 'em, Harold said "baseball."

DODGE LOST \$12,000 WITH GOLD DICE

In a game with gold dice played in a Hamstrack saloon, John Duval Dodge, son of the late automobile manufacturer, lost \$12,000, according to papers in a suit in Detroit against Dodge and Al Day by Nick Frank. Dodge lost the money to Day, who in turn gave Dodge's check to Frank for stock purchased. Dodge stopped payment on the check, and the suit followed.
