TWO BOYS BURNED AT THE STAKE

Rainfall Makes People Happy

SUN IS HIDDEN FOR DAY WHILE EARTH REVIVES

Showers in Early Morning Develon Into Downpours as the Hours Pass By.

People of Ranger and vicinity were awakened early this morning by the soft patter of rain on the roofs. The air was cool and delicious and it was hard to get up when conditions were so ideal for sleeping, but the joy brought by the rain banished sleep from the minds of many, who got up just to get more pleasure from the showers.

Beginning with a slow drizzle, the precipitation became heavier and heavier as the day wore on. At times the water came in heavy downpours and then would slacken for a period, but all the morning it continued at intervals and at noon appeared promising for continued rainfall through the afternoon and perhaps through the night.

The rain was just the kind that does good. Falling slowly, it sank deep into the ground instead of beating down the earth and flowing away. It will stop cotton picking for a short time, but it will give new life and vigor to the cotton plants and assure a larger cotton crop in the Ranger territory than was anticipated. It will fill the water holes, start up again the creek that had dried and give inspiration to the people.

While the rain interferes a little with trade, it is viewed by the merchants with pleasure because they realize it means the bringing of more money into the county and city and will improve trade a little later.

Travel along the brick and gravel highways went on uninterrupted, but was suspended along the dirt roads except as absolutely necessary. The clouds hid the sun for the day, but it is due to shine brightly again on a happier world.

RAINFALL GENERAL OVER WEST TEXAS TERRITORY

ABILENE, Aug. 27.—A slow, steady rain which began at midnight continued to fall this morning. It will greatly benefit crops, especially cotton and cover crops. It was the first rain of consequence that has fallen in this part of the state since early in June.

The rain was general over the country in every direction from here, extending as far west as Pecos, north as Haskell, east to Ranger and south to Ballinger.

MORRIS SHEPPARD TO VISIT EASTLAND COUNTY LATTER PART OF WEEK

CISCO, Aug. 27.—Senator Morris Sheppard of Texarkana will come to Cisco next Friday for a speech in this city Saturday afternoon and a brief trip through the county, visiting Ranger and Eastland.

Announcement that he would visit Eastland county was made today by Dr. H. J. Gregory of this city, who received a wire from the senior senator from Texas, accepting his invitation to visit him. Senator Sheppard and Dr. Gregory are old friends. A committee is arranging a reception for the distinguished visitor. He will speak in the city hall here Saturday afternoon at 3 o'clock. The committee plans to take the senator through the oil fields and will make stops at Ranger and Eastland.

While in the county, men who have the welfare of the agricultural interests at heart, will discuss informally the subject of irrigation for Texas.

MARRIED LIFE PREFERRED ABOVE SINGLE EXISTENCE

WICHITA FALLS, Aug. 27.—Divorced barely a month, a middle-aged local couple applied for a marriage license after having decided to "try again."

The divorce was granted on the grounds that the husband was a member of the House of David cult.

When he applied for a license his flowing whiskers had been closely cropped. From all appearances the groom had changed his religion to please his better half.

WEATHERFORD FINDS TOURISTS AVOIDING PLACE

Parker County Traffic Officers Have Turned Auto Drivers Elsewhere.

Resentment of the excessive zeal and discourtesy alleged by motorists of Ranger as well as of other parts of Texas to be practiced by speed officers of Weatherford, Millsap and Aledo precincts has caused the Chamber of Commerce of Weatherford to act in the matter and has resulted in the "resignation" of Traffic Officer Flory of Weatherford.

The frequency with which Ranger motorists have been arrested while passing through Parker county en route usually to or from Fort Worth and Dallas has caused bitter feeling. One Ranger business man related to a times reporter that four of his acquaintances had been arrested for alleged violations of traffic laws in Parker county. He himself had been arrested for driving, the officer asserted, faster than 38 miles an hour. This, he denied, as he knew of the zealousness of the Parker county traffic officers and was using care, he said, but paid the fine rather than carry it to court.

A number of Ranger business men have resented the wholesale arrests made on the Parker county highways and had shown their retaliation by acquainting tourists and others of the conditions and advising them to take a northern route.

W. A. White, president of the Weatherford Chamber of Commerce, according to a Weatherford press story, has been assured by J. E. Smith, constable of the Weatherford district that "courtesy and sound judgment" will be used in the future in arresting speeders and in the collection of fines. He told White that he would appoint a man to take Flory's place who "could be absolutely depended upon to make arrests only when the law is being flagrantly violated" and when a motorist is driving at a reckless speed or reckless manner. The new traffic officer will be instructed to bring the violators to the office of the justice of the peace when fines are to be paid.

The state law requires that an offender sign a written agreement to appear before the justice of peace within five days of his arrest and that no bond is required, regardless of the address of the motorist.

PARKER COUNTY GETS BIG REVENUE FROM AUTO DRIVERS

WEATHERFORD, Aug. 27.—Three hundred and forty-seven fines were paid for speeding in three months in the Weatherford, Millsap and Aledo precincts of Parker county, according to the records of the county clerk's office. At the rate of \$16 a fine, a total of \$5,552 was collected in the 90 days.

'BUDDIES' OF AMERICAN LEGION GATHERING FOR GALVESTON CONVENTION

GALVESTON, Aug. 27.—Several hundred "buddies," the advance guard of 3,000 expected to attend the state meeting of the American Legion, which opens here tomorrow, were arriving today. The convention will continue three days. Governor Neff, Judge Landis and United States Senator Morris Sheppard are scheduled to speak.

UNPROVOKED ATTACK ON SAVANNAH NEGRO COLONY

SAVANNAH, Ga., Aug. 27.—One negro was killed and one wounded early today when a band of white men drove through East Savannah, a suburb, and fired into the homes of the negro colony. About 75 shots were fired by the white men.

The police were unable to find any cause for the act or any clue to the perpetrators. It was learned that 12 men in three automobiles had driven through the settlement just before dawn, shouting and firing as they drove. The police believe the men were drunk and do not look for a repetition of the disturbances.

Milliken Wins City Championship In Golf Tourney

Defeats T. J. Holmsley in Finals and Will Enter Tournament at Abilene.

Charles B. Milliken, owner of the Paramount hotel, is the city's golf champion. He defeated T. J. Holmsley yesterday morning at the Ranger Country club course, six up and four to go in the finals.

Milliken was two up at the end of the ninth hole and he took the tenth, eleventh and twelfth holes. It is only in the last few months that Milliken has improved his game, he said today. "I never felt sure of my shots until a few months ago," he said. "I never knew where they were going."

He has played golf four years but not consistently. At the time of the Eastland invitation meet in July, he found his game fair, but his physical condition not up to par, so he withdrew. He intends to enter the Abilene invitation tournament Sept. 3, 4 and 5.

The finals in the second and third flights have yet to be played.

Rich Man's Son Faces Charge of Attacking Girl

CHICAGO, Aug. 27.—Cyrus M. Adler, 24, son of Max Adler, millionaire vice president of the Sears-Roebuck & Co., faces arraignment in court on charges of attacking Miss Silvia Wagner, 16, and of carrying concealed weapons. Young Adler is said to have been in hiding all night after being chased from the home of the girl's aunt by angry friends of the girl, following her complaint that he had attacked her.

IRISH ELECTION DAY USHERED IN NOISILY, THEN QUIET DESCENDS

DUBLIN, Ireland, Aug. 27.—Election day was ushered in at 3 o'clock this morning by the heavy firing of machine guns and rifles and the explosion of a bomb. The cause of the disturbance, which ceased at 4 o'clock, was not disclosed.

Following the outbreak a Sabbath calm descended over the city and when the polls were opened Dublin was quiet as on a public holiday. Most of the shops were closed and many persons went to the seashore after they had voted. Military patrols were stationed at important polling places and armed motor transports paraded through the streets. No further disturbance was looked for at noon.

SONS OF VETERANS TO MOVE HEADQUARTERS TO THE WEST

NORFOLK, Va., Aug. 27.—Kansas City today was selected by the Sons of Veterans of Foreign Wars as their national headquarters. This was the first act of the convention which opened here today. An offer of 12,000 feet of floor space in the new Soldiers and Sailors structure at Kansas City was received. The present headquarters of the organization is in New York.

BEAUMONT TO HAVE FOURTH LARGEST CLOCK IN WORLD

BEAUMONT, Aug. 27.—Work of installing the fourth largest clock in the world in the tower of the San Jacinto building here was progressing rapidly today.

The immense timepiece weighs from six to eight tons and it will take three months to complete installation. The dial is 17 feet in diameter and the minute hand is 10 feet long and weighs 75 pounds. The minute hand will jump one foot every minute in moving around the dial.

The three other larger clocks are located in the Wrigley building in Chicago; Union Pacific building in San Francisco, and the Colgate building in New York city.

KU KLUX KLAN OFFERS REWARD FOR RIOTERS

At Same Time Emperor Simmons Finds Auto With Imperial Wizard Evans.

PITTSBURGH, Pa., Aug. 27.—Rewards aggregating \$12,500 today were offered by the Ku Klux Klan for information leading to the arrest of those responsible for the rioting in Carnegie on Saturday, when one klansman was killed and others wounded, one seriously. The coroner's inquest into the death of the klansman, Thomas R. Abbott of Atlasburg, Pa., who was shot through the head and died in a few minutes, will not be held for some time, it was said. The coroner, W. J. Gregory, said that no information pertaining to the shooting of Abbott had been turned over to him. "I intend to go into this case as fully as possible," he said, "and when all facts are in my possession will set a date for the hearing."

ATLANTA, Ga., Aug. 27.—Harry Wesley Evans, imperial wizard of the Ku Klux Klan, and other members of the imperial council who were at Carnegie when rioting occurred there Saturday are in danger of losing their citizenship in the invisible empire, declared William J. Simmons, emperor, today. He said that the imperial wizard had offended in that he had participated in a gathering where pistols and daggers had been displayed, which was an offense against the peace and dignity of peace-loving citizens.

SIMMONS FINDS FAULT WITH IMPERIAL WIZARD

ATLANTA, Ga., Aug. 27.—Harry Wesley Evans, imperial wizard of the Ku Klux Klan, and other members of the imperial council who were at Carnegie when rioting occurred there Saturday are in danger of losing their citizenship in the invisible empire, declared William J. Simmons, emperor, today. He said that the imperial wizard had offended in that he had participated in a gathering where pistols and daggers had been displayed, which was an offense against the peace and dignity of peace-loving citizens.

BOY SCOUT LEADERS CONFERENCE TO PLAN HIKE FIRST ON PROGRAM

The meeting of Ranger Boy Scouts leaders called for 2 o'clock Tuesday afternoon in the office of Sam K. Wasaff, Guaranty bank building, is not to start on a hike at once, but to plan for a hike the latter part of this week.

It is proposed to start next Friday, if plans can be carried out as proposed, and spend two days at a point near Palo Pinto, where conditions are especially pleasing for Boy Scouts. The meeting in the office of Mr. Wasaff tomorrow afternoon will take up the matter of transportation and other details.

WILL PHOTO ECLIPSE FOUR MILES IN AIR

The Rangers swooped down on this city unceremoniously Saturday morning, and immediately started to work.

ALLEGED DRY FREEDOM GIVERS GIVEN FREEDOM ON BAIL

WACO, Aug. 27.—E. L. Roark and Walter Davis, county attorney and sheriff respectively of Somervell county, who with 30 others were taken on prohibition violations, today were released on bonds of \$2,500 each by the United States commissioner.

BUYING FOOD IN GERMANY ATTENDED WITH DIFFICULTY

BERLIN.—In the old days of Germany when one could buy as much as one wished, whenever one wished, mother or maid did the shopping.

Today mother, the maid, dad, sister, brother, everybody who can be drafted are sent to the corner store, one at a time, to buy the single can of food, the single loaf of bread or pound of butter.

An American lady living in Germany desired to lay in a supply of canned goods as a reserve. The store would sell her only one can. She bought the one can, went home and at intervals of 15 minutes sent the landlady, her maid, the porter's wife, his three children, the landlady's country cousin, and her husband. Employing this method and using different stores she was able to buy enough to guarantee future possibilities.

Governor Pinchot Talks to Coal Men Kindly But Firmly

HARRISBURG, Pa., Aug. 27. Governor Pinchot of Pennsylvania today served notice on anthracite miners and operators that their differences must be settled and a coal strike averted. Unless this is done, the state of Pennsylvania will use every means to protect the public interests.

Governor Pinchot did not advance any plan for breaking the existing deadlock between the two parties. He only asked that they agree to confer further with him, the miners this afternoon, and the operators tomorrow morning. This they consented to do.

SHERIFF AND TWELVE OTHERS HELD IN JAIL

Rangers Take Prisoners to Waco Following Raid at Glen Rose.

WACO, Aug. 27.—Ranger M. Burton went before United States Commissioner McCormick this morning for the purpose, he stated, of filing complaints against 13 men arrested and brought here in connection with liquor raids by rangers in Somervell county, Saturday and Sunday. The 13 men, including Sheriff T. W. Davis of Somervell county and the county attorney, were placed in jail here.

Burton said that others caught in the raid at Glen Rose would be brought here and charges filed against them.

Fifteen stills had been captured up to noon Sunday and 40 men placed in jail. Several other raids were made during the afternoon and other arrests followed. Most of the stills were destroyed together with between 200 and 300 barrels of mash. About 250 gallons of whiskey also was seized and most of it destroyed. The confiscated liquors included corn whisky, synthetic gin, wine and choc beer.

Situated in the hill country back of the Brazos, and accessible only by automobile, Glen Rose has become a mecca for "thirsty" tourists. With a population of only 1,200 people, Glen Rose annually entertains thousands of visitors who go there for the famous sulphur water. It is 14 miles to the nearest railroad.

Due to its inaccessibility the moonshine industry had sprung up as one of the leading industries of the town. It is said that there are approximately 280 stills in the county around Glen Rose.

The rangers swooped down on this city unceremoniously Saturday morning, and immediately started to work.

EAKE OIL STOCK INQUIRY IS BEGUN AT HOUSTON

HOUSTON, Aug. 27.—Federal investigation into the activities of alleged fake oil stock promoters in Houston got under way today when the federal grand jury met to hear charges. Federal Judge Hutchinson gave instructions that the grand jury must take cognizance of every case of fake stock promotion and violations of the United States postal law. Several witnesses were on hand today to appear before the grand jury.

GOVERNOR SAYS PEACE OFFICERS ARE TOO LAX

AUSTIN, Aug. 27.—Laxity on the part of peace officers in enforcing the law is the cause of the lawless wave that is sweeping over the state, Governor Neff said today in speaking of recent activities of law violators.

The governor said Texas should have a law giving authorities the right to transfer to other counties for trial all cases in which peace officers were defendants.

PLAY TURNED INTO TRAGIC PAINFUL DEATH

Game of "Indians" Brings Agony to Victims and Sorrow to Comrades.

SPRING LAKE, N. J., Aug. 27.—Play was turned into tragedy when Charles Spindler, 11, and William Hubbard, 16, died after being virtually roasted alive.

Dick Foreman, 15, and Taylor Hubbard, 18, the latter a brother of William, are being held in jail pending an investigation. During their play, which included the game of "Indians," the two boys were tied by the others to a tree, excelsior piled about them, and a match applied. But the ground about the tree had been soaked with oil and after the excelsior had quickly burned without doing any harm, the oil-soaked ground burst into flames. The older boys were unable to reach their comrades to untie or cut the ropes and ran away to summon help, while the two boys tied up screamed in agony as the flames wrapped about them. The ropes that held them up were burned through and they fell unconscious to the ground, just as help arrived.

Taken to a hospital, they regained consciousness for a few minutes. "They set fire to us," was all either would say, refusing to give any names or any other information that would get their companions into trouble. One died just seven minutes before the other.

Starkey Asking Court to Grant Change of Venue

EASTLAND, Aug. 27.—Carl Springer, one of the defense attorneys for L. J. Starkey, on trial for the killing of Elmer D. Brown in the Ninety-first district court, began reading his paper asking for a change of venue in the case at 1 o'clock this afternoon. Springer declared that his client cannot obtain a fair trial in Eastland county because of prejudice.

About 175 witnesses are under summons as witnesses for the trial, including a number who have been called by the defense to substantiate his assertion that the defendant cannot obtain a fair trial in this county. Included in the large list of witnesses called by the defense are newspaper publishers of Ranger, Cisco and Eastland.

All of the morning session was consumed in examining veniremen. All were excused or disqualified, including several negroes. The court recessed at 12:15 o'clock, notifying the veniremen to present themselves in the court room at 2 o'clock.

The staff of prosecutors includes the same lawyers who prosecuted Starkey in the first trial that ended in a jury disagreement. State Senator Joe Burkett, N. N. Rosenquist and Dan Moody, assisting County Attorney Barnes. The defense has a new attorney in J. D. Barker. B. W. Patterson and Carl Springer are on the defense staff.

The crowds overflowed the courtroom into the halls. The courthouse lawns were occupied by several hundred people.

KLANSMEN PARADE IN STREETS OF CLEBURNE

CLEBURNE, Aug. 25.—Approximately 5,000 klansmen participated in a parade at 9 o'clock tonight. Hundreds of autos and 10 special interurbans and trains brought klansmen and women from Fort Worth and Dallas. Two thousand pounds of beef were barbecued for the visitors.

Klan speeches and band concerts entertained the general public at the Johnson county fair grounds. Small electric crosses of red light featured the parade four miles in length. Delegations came from as far as Waco and San Antonio to parade. It was the first Klan parade ever held in Cleburne. The parade was led by horsemen, all wearing white gowns.

AVIATORS GO ALOFT TO TRY FOR THREE RECORDS

SAN DIEGO, Calif., Aug. 27.—Capt. Lowell Smith and Lieut. A. Richenberg took off at 5:30 o'clock this morning at Rockwell field in an attempt to establish a new aviation record for speed, endurance and distance. They planned to take fuel aboard their special equipped plane and stay aloft for 45 to 50 hours.

Rum Runner Halts When Shooting Begins

One Killed and One Wounded When Customs Officers at Galveston Open Fire. Quantity of Scotch Whisky Seized.

GALVESTON, Aug. 27.—One man is dead and another in a hospital here as the result of a running gun battle between customs officers and rum-runners on a launch outside Galveston bay during the night.

Frank B. Shurben of Galveston is dead, and H. J. Hocker, also of Galveston, is wounded, being shot through the shoulder, but his wound is not considered serious.

The launch was seized by the customs officers and found to contain more than 2,800 bottles of Scotch whisky. Customs Officer Brunkenhof reported the launch had been sighted just beyond the three-mile limit running without lights. It was ordered to stop, but speeded up and sought to escape. The customs officers fired on it and when they came up with the launch found one man had been killed and another wounded. All on the launch were taken into custody.

UNIVERSITY DOES NOT STOP TO QUESTION LAW FAVORING WAR VETERANS

AUSTIN, Aug. 27.—World war veterans attending the University of Texas will receive full benefit of the law passed by the thirty-eighth legislature exempting veterans from payment of students' fees. Registrar E. J. Matthews announced recently that the law would be fully complied with, both in letter and in spirit.

Under the law veterans attending the university will be required to pay only for room and board, which they are at will to obtain anywhere in Austin. However, veterans will not be exempt under the law from payment of any penalties or fines imposed for failure to obey university rules and regulations. The law also requires them to make the few miscellaneous deposits such as library and laboratory deposits to cover possible loss of books or laboratory equipment.

World war veterans will also receive priority in admission to the university, according to the law. Both men and women who served in the war receive benefits of the law.

The university proposes to put the new law into effect at the opening of the ensuing year, Matthews said. While another state educational institution, which also comes under the law, is securing an opinion from the attorney general as to the extent of the law in various branches, the University of Texas will give its own construction to the law and give veterans all possible benefits under it, Matthews said.

"We honor the men and women who served in the World war and are glad of the opportunity to do anything we can for them," Matthews said.

GOVERNOR SAYS PEACE OFFICERS ARE TOO LAX

AUSTIN, Aug. 27.—Laxity on the part of peace officers in enforcing the law is the cause of the lawless wave that is sweeping over the state, Governor Neff said today in speaking of recent activities of law violators.

The governor said Texas should have a law giving authorities the right to transfer to other counties for trial all cases in which peace officers were defendants.

BIBLE THOUGHT THE BEST PREACHING—Let your light so shine before men, that they may see your good works and glorify your Father which is in heaven.—Matthew 5:16.

FIGHTING INSECT PESTS Experienced housewives throughout the North are familiar with the stout, oval reddish-brown hairy grubs or larvae of the common carpet beetle, found beneath carpets or in clothing. In the South the longer, slender, golden-brown larvae of the black carpet beetle, with its tuft of golden bristles, is more common.

All carpet beetle larvae feed upon fabrics or upon various articles consisting of wool, silk, hair, fur, bristles, or feathers, including upholstered furniture. They are, therefore, usually associated in their destructive work with clothes moths.

To give housekeepers some idea how to secure protection against carpet beetles, Farmers' Bulletin 1346, "carpet beetles and their control," by E. A. Black, entomologist, has been issued by the United States department of agriculture, and may be obtained as long as the supply lasts, on application to the department.

Crystals of flake naphthalene, paradichloro benzene or camphor will give good results if used in tight chests or trunks. If the trouble is in closets in daily use, beneath carpets or rugs, or in piano felts or upholstered furniture, these substances are of practically no value.

TEXAS KNITTERS WIN AWARDS FOR STATE IN KNITTING CONTEST

NEW YORK, Aug. 25.—Mrs. O. C. Behse, 1212 Arlington street, Houston Heights, Texas, wins the \$100 state prize offered in the recent national knitting contest, held by the Fleisher Yarn company of Philadelphia, for the most beautiful hand-knit garments.

Of the thousands of garments entered by Texas women, Mrs. Behse's kimono was adjudged the most beautiful from the state. The second prize of \$50 was won by Mrs. J. W. Evans, 615 North Fourth street, Waco, who sent in an infant's sweater, and the third prize of \$25 was won by William H. Holder, a disabled veteran, of Raymondville. His prize winning entry was a shawl.

HOME GARDENS THAT PAY Staked Tomatoes Yield the Best Fruit, Easily Repaying Extra Labor Involved.

By SETH W. SHOEMAKER, Director, School of Agriculture, International Correspondence School, Scranton, Pa. Tomatoes producing the best and cleanest fruit are staked up with some kind of a support. They will, of course, grow just as well flat on the ground, but the fruits become stained in this position and will frequently rot.

By far the greater part of the commercial tomato crop that is grown for the fancy market, is trained on single stakes, as shown in the accompanying illustration. This method of support requires the minimum quantity of lumber and the least work in placing the support and leaves passage way in all directions.

The tomato stem should be tied to the stakes by means of raffia, or soft strings, but care should be taken not to cut them when this is done. Three or four ties of this kind are sufficient during the season.

Society AND ACTIVITIES OF WOMEN Mrs. Chas. G. Norton, Editor Telephone 224.

TUESDAY EVENTS Belle Bennett Society meets at 4 o'clock at Methodist church. Reception honoring Mrs. Stubblebine, 3 to 5 o'clock, at home of Mrs. Lytton R. Taylor.

PERSONALS Mrs. J. B. Shannon, who has been visiting Mrs. Walter Murray, went to Cisco Sunday to visit Mrs. Daniels at the Daniels hotel.

NEW PLAYERS SOUGHT FOR THE SNAPPERS

Breckenridge Wants Another Series Scheduled; Local Management Will Wait.

The appearance of Don Flynn, Robert Belcher and Duddy, former captain of the Parks Camp team, in the Breckenridge line-up yesterday and Saturday, took the management of the Snappers by surprise.

In the first two games, the locals put up a fighting game and held the Dynamos down. The game at Breckenridge Saturday was said by the Breckenridge American sports writer to have been one of the best games of the season in that city.

The management is seeking to get several new players for the DeLeon game Thursday, and the Thurber games Saturday and Sunday. Peaches Ridings and Third Baseman Lory will not play here Thursday, so this leaves two vacancies to be filled.

Manager Al McKay took the morning train to Dallas to get a pitcher for the Thurber games. The Breckenridge management wants another series of four games, but Breckenridge will not be scheduled until the Snapper management sees the strength of the team in the DeLeon and Thurber games. Cisco will play here on Labor Day.

PEACE OFFICERS TRY TO BALK RANGERS, SAYS NEFF

AUSTIN, Aug. 27.—More progress is being made in the state ranger's drive against lawlessness in San Antonio, Ranger Captain Shumate, in charge of the drive, reported to ranger headquarters this morning.

Governor Neff charged that officials of Somervell county had not only refrained from helping the rangers, but had thwarted their every move. The governor made this charge in a talk to newspaper men before he left today to attend the Technological college celebration at Lubbock.

He charged that the rangers have met with opposition in other counties and that they were being opposed by officials. The governor took the opportunity at this juncture to say that the "quo warranta" bill which the legislature had consistently refused to pass, is needed.

United Action of Attorney Generals Asked. OKLAHOMA CITY, Aug. 27.—All of the attorney generals of the United States were asked today by Charles Griffith and George Short, attorney generals of Oklahoma and Kansas respectively to start a nationwide investigation of the oil industry to see if the Standard Oil company is seeking to manipulate the gasoline market to put 4,000 mid-continent producers out of business.

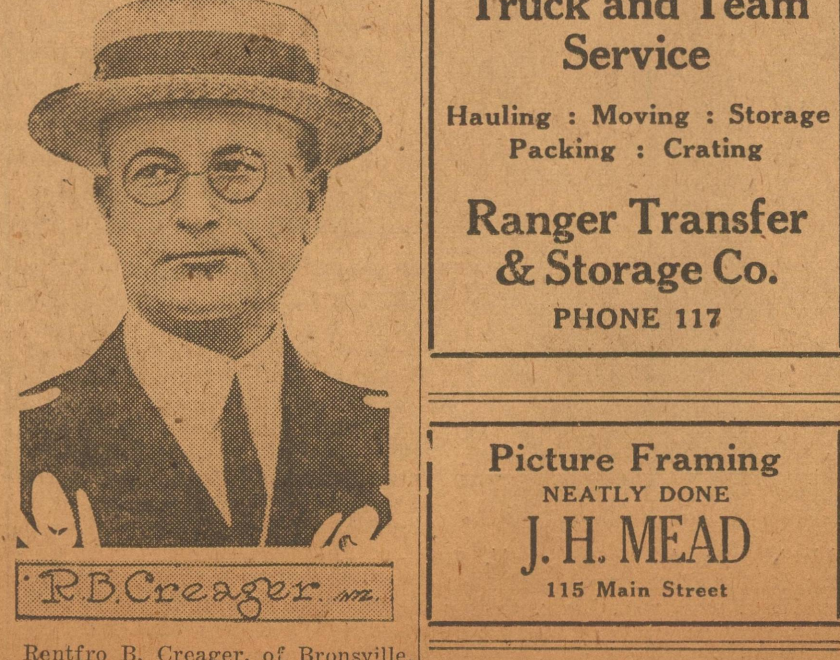

MUST JUAREZ GAMBLERS SWING DUMB-BELLS OR READ BOOKS?

EL PASO, Aug. 25.—Gambling hall proprietors in Juarez are faced with a new problem. The law says gambling is permissible if it is run in club style. Admission cards can be issued without charge, but there's another thing the enemies of the gambling houses have found.

The law specifies that if gambling is permitted it must be in a club, and it also defines a club as a place in which a library and gymnasium are maintained, according to officials.

Anyway, with the Turks in Constantinople, it will still continue to be picturesque.—St. Louis Globe-Democrat.

HE'LL BE AMBASSADOR TO MEXICO

Rentfro B. Creager, of Bronsville, Texas, a recent caller at the White House, is likely to be appointed United States ambassador to Mexico when President Coolidge formally recognizes the Obregon government. Mr. Creager is said to have been promised the appointment by President Harding, and Mr. Coolidge will bestow it.

OH, SEE WHAT MR. VOLSTEAD HAS DONE!

Who'd ever have thought it? When the huge Cunarder Aquitania sailed out of the more-or-less dry port of New York on her homeward journey, her "bar" was open; but it might as well have been a sandbar, for it was only an American-made soda water fountain, where the drug store cowboys could order all kinds of sundaes and things—but nothing with more than 1-2 of 1 per cent alcoholic content.

Scientists Forecast Early Fall As Arctic Ice Floes Defy the Sun

WASHINGTON, Aug. 25.—Weather experts have displayed keen interest in the theory presented in the New York World that unusual ice floes in the North Atlantic influence this year's weather conditions and are responsible for some of its freak features.

Presence of unusual amounts of ice in northern waters is regarded as having a close relationship with the abnormalities of the last year, and even the most conservative scientists, who insist that all weather is abnormal, admit it may have some bearing on the discovery made by Dr. C. G. Abbot of the Smithsonian institution, that the sun is giving off less heat than usual.

Icebergs Move Southward. Existence of abnormal ice fields in the North Atlantic and in Hudson's Bay has been verified by the hydrographic and geodetic survey offices. In the early season icebergs were sighted farther south than ever before and ships were warned to alter their courses.

the result that the unusual accumulations of snow and ice have not been melted. This accumulated cold of the Arctic has a good start on its yearly journey southward, a fact that presages an early fall, according to some weather experts.

During the spring and early summer, it is pointed out, gales lasting weeks swept against the eastern coasts of Greenland, causing disturbances which displaced large quantities of ice from the Arctic region.

This, it is believed, caused the displacement of the permanent "Azores low," which this summer has permitted the winds from the Sahara to furnish the same section of Europe with a continuous Turkish bath.

The marked presence of ice in the north Atlantic has been duplicated in the Pacific Arctic regions, and leading meteorologists of Japan already have predicted a rice famine in that country because of the damaging effect of the air currents blowing over Japan from their origin in the ice fields of the Siberian and Alaskan coasts.

Whether or not the tendency of the ice boundaries of the north to project southward has affected drought conditions in the United States is a question upon which government scientists are divided.

Some venerable woods for furniture are one-thirty-second of an inch thick. Sugar is supposed to have been known to the ancient Jews.

Thurber Wallops "Farmer" Ray

Special to the Times

THURBER, Aug. 27.—Thurber won Sunday's game with the Cisco Humblers, 13 to 3. The game was very snappy the first few innings but in the eighth frame "Farmer" Ray, who was on the mound for the Humblers, began to weaken when he allowed three walks and four hits which netted the locals seven scores. Scott, the versatile right-hander of Thurber, retired 13 Humblers on strikes; while Ray was unable to secure a single strikeout for the visitors. White of Thurber clouted the circuit twice in this game which makes a total of 10 home runs for him this season. Box score and by innings follows:

Box score for Thurber vs Cisco Humblers. Columns: AB, R, H, PO, A, E. Rows: Anderson, Hart, xxStewart, Stewart, E., Cole, Campbell, Griggs, Larkin, Taylor, Henson, Ray, xStamey. Totals: 30 3 5 24 12 7.

Box score for Thurber vs Cisco Humblers (continued). Columns: AB, R, H, PO, A, E. Rows: Josepson, Shell, Knight, White, King, Adkins, McKinnon, *Paulowsky, Dalmasso, Scott.

Totals34 13 11 27 8 2
xxBatted for Hart in ninth.
xBatted for Ray in ninth.
*Batted for McKinnon in eighth.

Score by innings:
Cisco000 001 020—3
Thurber041 001 07x—13
Summary—Sacrifice hits, Campbell, Ray, King, Adkins, Dalmasso; two-base hits, Hart, Stewart, Henson, Josepson, Knight; three-base hits, Shell, Adkins; home runs, White 2; struck out, by Scott 13; bases on balls, off Ray 5, off Scott 5; wild pitch, Ray 1; hit by pitcher, by Ray (Josepson), by Scott (Griggs); left on bases, Cisco 9, Thurber 5; first on errors, Cisco 2, Thurber 5; double plays, Hart to Stewart to Cole. Umpires, Naugle and Lee. Time of game, 2 hours and 8 minutes.

BRECKENRIDGE BATTERS POUND RANGER PITCHERS MERCILESSLY

By HOWARD BARMAN
Murdering the ball was the favorite pastime of the Breckenridge Dynamos at the city ball park yesterday afternoon. It was a ball murder and all four pitchers that Manager Al McKay sent in, in an attempt to stop the slaughter, were simply so much meat. Breckenridge made 20 hits against the Snappers eight, and the score was 17 to 5.

Flynn is a Babe Ruth
The box score:
Breck AB. R. H. PO. A. E.
Robinson rf6 3 2 2 0 0
Williams lb5 2 1 8 1 1
Flynn, cf5 1 4 3 0 0
Belcher lf5 2 3 2 0 0
King ss6 1 3 1 2 1
Duddy 3b5 2 2 1 1 3
McElwee 2b4 2 2 3 3 0
Edwards c4 1 1 3 1 0
Steadman p0 0 0 2 0 0
Freeman p5 3 2 0 0 0
TOTALS46 17 20 27 8 5

Ranger Pitchers Helpless
Ranger didn't have a pitcher yesterday that could stop the batting rampage of the visitors. Ridings threw up the distress signal in the fifth after a total of 10 hits had been garnered. His curve ball wouldn't break after a lay-off of three weeks from this style of pitching.

Nugent got Duddy on a fly to Lory but in the sixth a triple, two doubles, a single and a walk resulted in four runs. In the next inning, a triple by McElwee and a wide throw resulted in another run. Nugent retired in favor of O'Keefe in the eighth after a three-bagger by Robinson. O'Keefe got by with one hit in the ninth by walking two men and allowing one hit to the first three men to bat. He struck out Freeman but Robinson and Williams were safe at first on errors on each play.

O'Keefe Gets Three Hits
O'Keefe was the only Snapper who could hit the ball yesterday. He got a triple, a double and a single. His fielding was off color and the misjudging of a ball at a critical period resulted in two runs. He fielded a difficult catch at another time, but in falling to the ground about one foot from the fence, the ball rolled out of his hands and a runner on third scored.

Ranger got the first score in the first inning. Dinsmore got a bingle. O'Keefe scored him with a triple. Duddy couldn't see Scoggins' hard roller and O'Keefe came home. McElwee flew out to Robinson and Lory popped out to Steadman.

In the second frame, Amos was safe on an error. Ridings was out on a roller picked up by Williams and thrown to Steadman. McKay went out via McElwee and Williams. Dinsmore doubled, scoring Amos. Steadman at this juncture gave away to "Buck" Freeman. O'Keefe flew out to Robinson.

Breckenridge Cuts Loose.
It was in the fourth that Breckenridge unlimbered her heavy guns. Singles by Flynn, Edwards, King and Duddy and a double by Belcher resulted in four runs. In the next frame Belcher cut loose with a triple and he was scored by a two-bagger from King's bat.

In the sixth inning a single by McElwee, a triple by Flynn and doubles by Freeman and Robinson resulted in three more runs.

In the same inning Adams got a three-bagger and he tallied on a sacrifice hit by Amos.

McElwee tripled along the third base line in the seventh inning and came home when McElwee's throw went wild of Lory and rolled on through the diamond to the Breckenridge bench. Not a Ranger player was backing Lory up.

In the eighth two triples and an error gave the visitors two more runs. But it was for the ninth inning to furnish the debacle. Three hits, all singles, were made but the score board showed six runs. In addition, O'Keefe issued two passes, and, oh, yes, there were two errors. Team play was utterly lacking, and the farce caused hundreds of fans to leave the stands before the last man was out.

For Ranger in her half, Gibson struck out, McKay was out, McElwee to Williams, and Dinsmore popped out to Williams.

ENGLISH DERBY CHAMPION TO RACE IN AMERICA

Papyrus, owned by Ben Irish, British gentleman farmer, winner of the last English Derby, has been matched to meet the fastest three-year-old in America, in a special race of one and a half miles. The race will be run at Belmont Park, L. I., on Saturday, Oct. 20, for a purse of \$100,000, of which the winner will get \$80,000. The American entry will be selected in a new race, the National Trial Sweepstakes, to be run at Belmont Park on Sept. 15. Zev, Harry P. Sinclair's wonder horse, is picked by most experts as the probable American entry.

Genius of McGraw Winning Way For New York Giants

By HENRY L. FARRELL, United Press Sports Editor.
NEW YORK, Aug. 27.—After the genius of leadership he has shown in the last three seasons, it might be true, even if it sounds a little unfair to his boys, to say that John McGraw can win a pennant with any kind of a good ball club.

The New York Giants of 1922 were, in comparison to the other clubs in the National league, a fine ball club, but it is almost certain that they would not have won the pennant behind any manager other than McGraw.

AMERICAN DAVIS CUP TEAM SELECTED

The four players who are to defend the Davis Cup, emblematic of the world's tennis supremacy, against the challenging Australians, will be William T. Tilden, II, of Philadelphia, national champion; William M. Johnston, of San Francisco, world's champion, in virtue of his victory at Wimbledon, England; Vincent Richards, Yonkers, N. Y., boy wonder, and Richard Norris Williams, II, of Philadelphia, former national doubles and world's singles champion. Williams will be captain of the team, which is composed of the same four players who successfully defended the cup last year.

FAST AND FURIOUS "FIGHTS" ENLIVEN CLOSING NIGHT OF ELKS' JUBILEE; DANCE GOES ON

By P. G. T.
The Elks' jubilee is over. "Bucks" are worth less than German marks and the first to last nighters breathe a sigh of relief to think that they have a whole year to rest up for the next jubilee.

LAMB THEATRE LAST TIME TODAY Rin-Tin-Tin The Famous Police Dog Hero in "WHERE THE NORTH BEGINS" Played last week in the world's biggest theatre, the "Capitol," in New York. Truly a Wonderful Picture —also— Our Gang Comedy —and— Fox News TOMORROW JACK HOLT —in— "A GENTLEMAN OF LEISURE"

Main Drag Stuff

'Tis a Sad Tale, Mates, and, After Reading, Smile With The Sweet Young Thing at the Elks Jubilee; Seeing Snowstorm in August.

By P. G. T.

The first two innings of the Breck-Ranger game Sunday were the most breath-taking things on record. Fans proved that there were no weak hearts in the crowd, no one had to call for a doctor. The other seven innings—if you don't know about them already, read them some place else in this paper. This news is too sad for the Main Drag to print.

Ridings and Breckenridge batters must have framed up on Umpire Seale. He was hit three times in the second inning. Plays: Ridings to Duddy's bat to Seale's mask; Ridings to McElwell's bat to Seale's chest protector; Ridings to Edwards' bat to Seale's mask.

Perhaps the gang figured that if they could put Seale out he wouldn't be able to call them out. Maybe they saw Seale and Purdie Rainey battle Saturday night and got hot at Seale for hitting Purdie on his sore ear so much.

"Sparky" O'Keefe is a clever bird. He Charlie Chaplins a pitcher into believing he is going to make a fast steal for the next base and then after the pitcher has thrown the ball away puts on the brakes and speeds back to where he came from or takes a chance on a steal.

Flynn of Breck, who used to be with Pittsburgh, swings so fast you can't see the bat when he connects the ball goes so fast you can't see it. He's good as a baseball player, but we think he'd do better as a magician with this disappearing act—better for Ranger anyway.

During the four-round bout between Purdie Rainey and Tom Seale at the Elks' jubilee the other night some sweet young thing said: "I'd hate to see Purdie lose to that other fighter."

"You want to see the best man win, don't you?" a logical man asked. "Maybe that's all right," she answered, "but Purdie is so much better looking."

Haven't women wonderful ways of picking winners?

The bill at the Lamb theatre is "Where the North Begins." It is all about snow and Eskimos and things and is very comforting to those who don't enjoy this torrid weather. Bill Palmer says it closed at the Capital theatre in New York Saturday night. We have heard of transporting films by airplane but this is the longest trip one has taken to the best of our knowledge.

Incidentally this picture won't be shown at the Palace in Dallas until about the middle of September. Those who have been kicking about seeing old pictures in Ranger read this paragraph over twice.

Joe Fry is the proud possessor of a pair of good looking lady's shoes that he got at the Elks' jubilee. He has discovered that they are both for the left foot and is looking for two sisters who have had their right feet amputated to give them to.

BUY IT IN RANGER

COOLIDGES IN WHITE HOUSE NOW

President and Mrs. Coolidge at White House.

President and Mrs. Calvin Coolidge were photographed at the main entrance of the White House, which they now occupy, Mrs. Harding having gone to the country estate of friends near Washington. President Coolidge, by continuing in his apartments in the New Willard hotel, remained out of the White House longer than any president after taking the oath of office.

Fast and Furious Fighting at Jubilee

(Continued from page three)

the head with both gloves, one on each side, then bring his 16-ounce gloves together, like an oversize nut cracker cracking a coconut. These tactics were a joy to the crowd but the four boys in the ring with "Buffalo" got no comedy kick out of them.

"Buffalo" succeeded in knocking the four other battle royalists under the ropes in about seven minutes. They didn't quit groggy but weren't taking any chance on getting that way.

The next bout was four rounds between the already over-exercised "Buffalo" and "Black Cat." This battle was almost a repetition of the battle royal. Buffalo, having only one man to handle this time, made "Black Cat" take the count in three rounds. The main exhibition bout between Rainey and Seale was held up for several minutes while the fight officials worked with the "Cat" trying to bring him to and get him off the floor.

The four-round exhibition bout between Purdie Rainey and Tom Seale, his trainer, lacked the comedy of the preceding spats. It was peppy and well mixed up and Purdie, despite his opponent's experience as a fighter, held this battle to a draw.

Purdie showed good form and is well conditioned. He and Houghton, who fight on Labor day at the Liberty theatre, are expected to mix up things considerably in their 10-round set to. Tickets are being sold now for the Labor day battle and much interest is being evidenced by Ranger fight fans.

After the fights the orchestra tuned up again, dancing was resumed and the concessions were crowded until midnight. There was a rush

to spend "Bucks" which would be valueless at midnight. The ham and bacon concession did a land office business. The man who sells toy balloons and other novelties was experiencing the rush of his life after the other attractions had closed. Penny whistles were going at a buck apiece (10 cents gold) as fast as he could hand them out. This was the end of a perfect Elks' jubilee.

SCIENTIST DOUBTS IF FLEXIBLE GLASS CAN BE MADE AS CLAIMED

By CARL D. GROAT, United Press Staff Correspondent. BERLIN (By mail to United Press).—Glass virtually unbreakable has been invented by the Cavalier Glass Smelting works in Bohemia. This new glass, called "Silex-Glass," resembles largely the product of the Corning, New York, glass factories, according to Professor Kurd Endell, noted technician and member of the faculty of the Berlin school of technology.

This glass can be used for pie-plates and other cooking utensils and is specially favorable for laboratory vessels which must resist heat and chemical action.

Endell's investigation tends to cast serious doubt on reports that German, Austrian or Czechoslovakian scientists have invented a "flexible glass." "There are a number of very tough glasses which resist heat and chemicals and are practically unbreakable, but I doubt very much that a flexible glass has been discovered," said Professor Endell. "I have inquired carefully throughout the 'glass branches' and must say that such reports should at this time be taken with a grain of salt."

Four Years Ago In Ranger

Taken from the files of the Ranger Daily Times, Aug. 27, 1923: Desdemona territory in production is reaching up towards the Ranger field and made a gain of two miles yesterday, with the addition of the Duke Dome's Snodgrass to the wells making oil. The top of the pay sand is 2,847 and the total depth is 2,860 feet. It is flowing by heads and is making 150 barrels daily.

REAL COMMUNISM FOUND IN JAPAN

By CLARENCE DUBOSE, United Press Staff Correspondent. TOKYO (By mail to United Press).—Full fledged communism in successful practical operation, can be found in Japan—although usually even the mention of the word is anathema to the police, who are always looking out for what they call "dangerous thoughts."

There is a little island a few miles off the Japanese coast, in the Bay of Atami, where communism has been in practical vogue since long before Russia ever heard of it. Between 40 and 50 families, comprising some 300 persons, live on the island. They farm and fish. All work and all returns therefrom are shared evenly. No one is rich. No one is poor. Everyone who is well works every day. There are no police. The people have no contact with the outside world, although the mainland of Japan is not many miles away, except that a few boatmen go across the bay now and then to sell fish, vegetables and a few simple home-manufactured articles.

OLDEN SHUTS BAIRD OUT, 8 TO 0, AT BAIRD SUNDAY

Olden defeated Baird yesterday afternoon, 8 to 0. The game was played at Baird. Olden plays Strawn at Olden next Sunday.

WAR DECLARED ON 'SPOONING PESTS' BY COUNTY SHERIFF

By United Press. WAXAHACHIE, Aug. 27.—War has been declared on "petters" and petting parties along Ellis county roads by Sheriff Henry Forbes. Offenders will be charged with indecent conduct, Forbes said. "Things have gone too far and these spooning pests are getting too numerous," he said.

Were the 'Good Old Days' Really Good?

When you hear an old-timer sigh for the days of his forefathers, smile quietly to yourself and think of this:

The ancients got along without automobiles, soap, stoves, tooth-brushes, window-glass, breakfast foods, telephones—without practically all of the things we consider the bare essentials of life.

There never has been a time when life bettered itself so rapidly and so consistently as now. New conveniences and new comforts are continually being thought out and brought out for your benefit.

In order to reap the advantages that are yours today, you must read the advertisements. They bring you news of all that the world of invention and discovery is doing to make your work easier, your home life more pleasant, your clothing and food problems less difficult. They keep you informed of all that is new in the markets and stores. They tell you not only about the goods, the styles, the varieties and prices, but also where and when these things are to be had.

The advertisements are messages from the business world to you. Heed them.

Don't overlook the advantages that are yours
