Minority Members Charged With Making Incendiary Reports Written by Unions.

By Associated Press.

CHICAGO, June 17 .- Majority members of the United States railroad board who yesterday ordered another slash in the wages of railroad workers, today retaliated the criticism of the minority members with charges that the latter presented incendiary arguments in strained and exaggerated efforts to bring about a railroad strike.

Yesterday's decision, which cuts nearly \$27,000,000 yearly from the wages of 352,000 clerks, signalmen and stationary firemen, runs the total reduction effective July 1 up to \$135,000,000.

In their prompt rejoiner today, the majority members said:

Pans Dissenters "There is one feature of the dissenting argument which is so unusual that it should not be passed without notice, and that is the portion where the two dissenting members advise the employes to strike against the decision of the board. WASHINGTON, June 17.-Word that a punch bowl filled with liquor refreshments had been placed in the corridor of the senate chamber caused a hurried exit of senators this afternoon to obtain relief, either from the heat of the tariff debate or from the hot weather.

Senator Porter J. McCumber, of Iowa, chairman of the finance committee, was left alone on the Republican side to defend his pet measure, save for the experts who flanked him on either side. Senator Andrieus A. Jones, of New Mexico, was the only Democrat left to keep tab on the bill for the minority.

The senators rallied around the punch bowi with much of the exuberance and exultion of the old days and their jovial spirits aroused suspicion. One explanation of the hilarity was that a generous wet senator had surreptiously added to the liquor refreshment in the punch bowl from his "hip

BEER RAIDERS AT DESDEMONA ARE FIRED ON

DESDEMONA, June 17 .- Officers raided a choc beer joint here Thursday night and destroyed a large quantity of hops, malt, concentrated lye and more than 300 bottles of choc and two barrels of mash. The officers were fired upon from the dark and several shots were exchanged but no one hurt. Justice of the Peace Whitworth directed the raid.

MARS CLOSER TO EARTH THAN IN THIRTEEN YEARS

ST. LOUIS, Mo., June 17.-This month is the best time to communicate with Mars, as the planet is nearer to earth than it has been since 1909, being 42,300,000 miles away, according to Rev. Father Martin S. Brennan, astronomer, who observed
