RIVAL FACTIONS GATHERING IN OKLAHOMA

Two Army Balloonists and Three Other Aeronauts Killed in Storm

DEATH DEALING LIGHTNING IS RACE ENTRANT

Storm Strikes Just as International Contest Starts, Bringing Many Fliers Down.

BRUSSELS, Sept. 24.—The United States army balloon S-6, competing in the James Gordon Bennett international balloon race which started with 16 others Sunday, was struck by lightning and its occupants, Lieutenants Olmstead and Choptaw killed. This was the first balloon to be destroyed in the race, which was interrupted by a severe storm just as the balloons were starting. Five aeronauts were killed, two of the others being Swiss and one Spanish, and one Spaniard was severely injured.

The S-6 was destroyed near Nistelrode, Holland, the Aero Club of Brussels reported. The United States navy balloon A-6699 is reported to have been forced down near Potten, Holland, her crew being safe. The Swiss balloon, Geneva, was struck by lightning near Beverloo and burned in midair, at an altitude of about 1,000. The bodies of Lieutenants Von Gruening and Wehren were found. The balloon Polar, a Spanish entry, caught fire from a bolt of lightning near Heystoor and the pilot, Pamaranda Barca was killed. His assistant, whose fall was interrupted when the wind blew the car against a tree top, had both legs fractured. An American civilian entrant, Capt. R. E. Honeywell, was unable to start, the wind striking and bursting his balloon. Only 13 balloons succeeded in getting into the air, these being two American, three Swiss, two British, two Belgian, two Spanish and two French.

NEW WELL FOUR MILES EAST OF RANGER READY TO BE BROUGHT IN

Andy Urban's well on the Spire-Dooley tract, four miles east of Ranger, is shut down because of a lack of water. The well is reported to be ready to be drilled in.

DEPUTY OIL SUPERVISOR TRANSFERRED TO CORSICANA

AUSTIN, Sept. 24.—Transfer of John Locke, deputy oil supervisor of the state oil and gas division, from Graham to Corsicana, was announced today by the railroad commission. Locke will succeed R. L. Hoover, who tendered his resignation recently.

Within a short time, the railroad commission will name at least two new deputies, it was stated. Due to increased activity in the Luling and Lockhart fields, near here, it has been decided to station a deputy in that field. A successor to Deputy Locke at Graham also will be named. Recently deputy supervisor's districts were practically reorganized because of output conditions.

HARPER HERRING, FATHER OF MRS. H. U. POND, DIES

Harper Herring, 76, died here yesterday afternoon about 4:30 o'clock. He was favorably known in West Texas. A son, Lonnie Herring, and a daughter, Mrs. H. U. Pond, both of Ranger, survive him. The body will be taken to Johnsonville, Erath county, tomorrow morning for burial.

JONES-COX UNDERTAKING COMPANY IS IN CHARGE OF LOCAL FUNERAL ARRANGEMENTS

PINK PUP ATTRACTS NOTICE IN CLARENDON

CLARENDON, Texas, Sept. 24.—Scores of persons passed on the street here recently when a pink pup strolled unconcernedly down the thoroughfare.

Fearing for their reputations for voracity, little was said of the pup until later in the week when it developed that others had seen the oddity too.

The idea? "Dogs as well as other accessories to match milady's costume," was the reply.

Hard Common Sense Tempers Idealism Says Coolidge

WASHINGTON, Sept. 24.—Idealism tempered by hard common sense and adapted to the needs of the world is the kind of idealism represented in the history of America, President Coolidge said in an address to the American Red Cross at its convention here today. He added that the people were not likely to adopt any other course.

The idealism of which he spoke, explained the president, was illustrated by the men who went to the rescue of liberty when their own liberty and the liberty of the world was in peril and, "after victory, retired from the field unencumbered by spoils, independent, unattached and unbought."

This was the first public address of Mr. Coolidge since he became president and was devoted largely to praise of the qualities which had made the Red Cross successful.

FIVE ALLEGED INDICTMENTS TO BE HEARD FROM

District Clerk Refuses to Confirm Reported Bills Against Sheriff and Four Others

Eastland and Cisco newspapers published news stories yesterday, telling of the reported indictments of W. D. Barton, sheriff of Eastland county, for alleged embezzlement and four floggers, said to have whipped an Eastland man by the name of Jones. The Ranger Times was unable to confirm these reports Saturday and also again today at the Eastland county district clerk's office.

"We have not received the capias," Roy Nunnally, clerk, told a Times representative Saturday and again today. "And until we do, we have nothing to give out."

The members of the clerk's office are sworn to secrecy on indictments returned and cannot give out any information until the capias, a writ instructing the sheriff or members of his force to arrest the man named in the indictment, and hold for disposition of his case is returned.

The Eastland story is credited to rumors and no one is quoted in the entire account. Barton, the report says, is charged with embezzling funds belonging to his ward, a man by the name of Edmundson, who is alleged to be of unsound mind. The rumors go further and declare the sheriff to have made bond Saturday afternoon.

A Times reporter talked to Sheriff Barton Saturday, but he did not appear perturbed about anything in general. He was around the courthouse as usual Saturday morning, and talked genially to his acquaintances. If he was indicted, apparently he isn't worrying about it.

The flogging indictments, according to published rumors, name Bob Voucher of Gorman, S. O. Shepard, Wallace Minton and Jim Watban of Eastland. Jones, an express driver of Eastland, was charged with having whipped his 13-year-old daughter and for which he was arrested and paid a fine on a plea of guilty. He was later seized and flogged by unidentified parties.

The grand jury may have returned indictments against the sheriff, alleging embezzlement, and against four men, charging them with flogging another, but until the district clerk states that he has issued capias based on such indictments and the sheriff has made his return to the district clerk on the capias, stating that arrests have been made, The Times does not feel justified in publishing a report based on rumor.

VISCOUNT MORLEY DIES

LONDON, Sept. 24.—Viscount Morley of Blackburn, eminent writer and liberal statesman, died last evening at his residence in Wimberland of heart disease.

LLOYD GEORGE TO PAY FIRST VISIT TO U. S.

Dame Lloyd George, Miss Megan Lloyd George, Major G. Lloyd George and David Lloyd George.

Ex-Premier David Lloyd George of Great Britain, the little Welshman who piloted the British Ship of State through the World war, will sail on Sept. 29 for his first visit to the United States and Canada. He has turned down an offer of more than \$100,000 to lecture, but will make several speeches while in this country. Mr. Lloyd George will be accompanied by his wife, Dame Lloyd George; his daughter and inseparable companion, Megan Lloyd George, and his son, together with his secretarial staff.

FACTORY MAY LOCATE HERE

Manufacturing Plant Having \$100,000 Initial Investment to Be Proposed to Chamber of Commerce Members at Breakfast Tomorrow.

Details that must be worked out to get a factory, whose backers will erect a \$100,000 plant, will be put up before the members of the Chamber of Commerce at the weekly breakfast tomorrow morning at the McCleskey hotel. If the approval of the members is obtained, the next move to bring the factory here will be up to the chamber, B. F. Bennett, secretary of the organization, said today.

The Chamber of Commerce will not give out for publication today the proposition to be placed before the organization for acceptance or rejection but will reveal it at the breakfast.

The Chamber of Commerce officials feel that the new plant is virtually assured for Ranger, but no announcement will be made until the Chamber of Commerce members pass upon the proposition.

An enticing breakfast is promised the members by the management of the hotel dining room.

E. A. HERMAN KILLED WHEN HIS CAR OVERTURNS

Accident Happens While He Is Driving Alone Near Breckenridge

A. E. (Blondie) Herman, drilling contractor, formerly of Ranger but lately of Breckenridge, was killed instantly yesterday near Breckenridge when a Ford coupe in which he was riding overturned. He was alone at the time of the accident.

Herman had a wide reputation in the oil industry and only recently drilled in a 300-barrel well in the Eastland field, where he kept a string of tools. He had been doing most of his drilling lately in the Stephens county fields. He formerly had a string of tools in the Ranger area.

Herman spent several years in India, drilling, and is said to have returned to this county in 1910. He came to Ranger during the great oil production period.

NEGRO IS ARRESTED ON WAXAHACHIE COMPLAINT

Sam Hampton, negro, is probably asking himself why he ever returned to Ranger when he got a hunch the officers here wanted him. Sam was wanted by the Waxahachie county authorities on a liquor law violation. He came to Ranger some time ago but a few days ago he appeared at the city hall to get a license to run a transfer business.

A. B. Pitecock, day sergeant, happened to be in the city secretary's office when Sam came shuffling in to get his license. When he heard the negro give his name, it struck him as being familiar. He confirmed his suspicion later after looking over the records. Waxahachie officials had written to Ranger, asking that a man of his description be held.

Thursday Sam got wind of impending disaster and he went west on the evening Sunshine Special. He didn't go far, however, for the next day he was back. It turned out that he had been assured by a friend that there was no warrant here against him. He had been in the city only a few hours when he was nabbed.

Sam was taken back to Waxahachie Saturday.

Spots Continue to Bring Best Market Prices in Ranger

Spot cotton in Ranger today was reported to be selling at 28.5 and 28.6. This is a break from 29 cents on Saturday. New York and New Orleans October cotton closed slightly weaker today than on Saturday.

Quotations posted today on the bulletin board at the W. E. Davis Jewelry & Music store follows:

New Orleans—Open, Oct. 28.50 to 28.43; Dec., 28.40; high, Oct. 28.50; Dec., 28.45; low, Oct. 28. Dec. 27.99; close, Oct. 28.28; Dec. 27.93; close, yesterday, Dec. 28.39; Dec., 28.30.

New York—Open, Oct. 29.35 and 30; Dec., 28.85 and 80; high, Oct. 29.35; Dec. 28.90; low, Oct. 29.05 and Dec., 28.48; close, Oct. 28.88 and 28.93; Dec., 28.48 and 28.52; close, yesterday, Oct. 29.30; Dec., 28.85 and 28.90.

A SCHOOL OF ELECTRIC COOKING, attended by over 700 women, was recently conducted in a vacant store at Pueblo, Colo., by Miss Eugenia Galvin, a specialist in this type of cookery. Among the prizes awarded in the contest that closed the sessions of the school was an electric range, the first prize for baking.

Military Court Hears Report of 'Military' Wedding

TULSA, Sept. 24.—The burning of three homes on one night by a party of masked men was the testimony heard by Governor Walton's military court of inquiry as the investigation was resumed this morning, a high officer said.

A wedding ceremony performed in the center of a field in Creek county, in which the bridegroom was chained to a gas engine while a pistol was leveled at his head was described. Chester Kagel, 20, of Tulsa and a local woman were married. Rev. H. G. Cook of Tulsa reached the scene to unite the couple, he testified, after he had been rushed to Creek county by men in automobiles he had never seen before.

He defended the action as necessary "to give the expected child of the woman a name." Kagel denied the charges made against him.

Sheriff Sanford of Tulsa county and Police Commissioner Kadon both are members of the Ku Klux Klan, the military commission announced today. "We have positive evidence that they have never investigated a single outrage brought to our attention," a statement issued today says.

Three Lives Given In Feud Row Over Unruly Loose Pig

HOLDEN, Mo., Sept. 24.—A feud between farmers over an unruly pig claimed its third life today when Lowell McCormick, 17, shot and killed E. Sheehan, a wealthy farmer and wounded Guy Knight. Mr. McCormick said the two men had driven by his home in an automobile several times and the last time they had slowed down and he saw Guy reach down into his pocket, Lowell shot.

Thurber Man Shot Accidentally; Not Expected to Live

While attempting to take a shot at a rabbit, a man by the name of Oiler, 76 years old, a night watchman at Thurber, accidentally shot himself early this morning. He is not expected to live, according to Dr. J. A. Shackelford, who attended him with Dr. W. A. Palmer.

The two physicians performed a plastic operation on the man. His lower and upper jaws and nose were blown off by the discharge of the gun.

Anti-Left-Hand Turn Rule To Be Obeyed, Says Chief

"If an officer is around," said Police Chief O. V. Davenport today, "anyone violating the anti-left-hand turn traffic regulation will be taken to the station." The chief gave out this statement today, because he said his patience has been exhausted by drivers ignoring the signs prohibiting left-hand turns on Main street at Austin and Rusk streets.

"We have been kind and considerate for 10 days but now we will have to use other means. I have been instructed by the city commissioners to arrest anyone making a left-hand turn. It's no pleasure to me to do it but those are my orders."

GERMANY READY TO CAPITULATE IN RUHR VALLEY

BERLIN, Sept. 24.—Chancellor Stresemann today informed the Ruhr and Rhineland provinces of the government's decision to capitulate to France and Belgium.

"Resistance must be given up without any attached conditions," he said. "The fate of German citizens who were expelled or imprisoned cannot be taken into consideration." He added, however, there was reason to believe that most of the Germans would be restored to their homes when the decision of the German government to quit its resistance was made known, which was to be done to the Belgians later today.

Premiers of the German confederate states will be informed of the government's decision when they meet here tomorrow and the reichstag will hear it officially on Wednesday.

Woman Slayer Kills Himself To Avoid Capture By Posse

SWEETWATER, Sept. 24.—I. H. Martin, rooming house keeper in Colorado City, sought by a posse since late Saturday in connection with the killing of Mrs. Lela Beall, wife of Ned Beall, was found dead Sunday in a clump of high weeds a few miles west of Clyde, in Callahan county. He is thought to have killed himself to escape capture, but a number of the wounds on his body indicated that shots fired by members of the posse also had taken effect.

The body of Mrs. Beall was found late Saturday in the road nine miles east of Abilene, a few hours after she had been seen to drive away from Abilene in an automobile accompanied by Martin. Her skull had been crushed here with a hammer. The man hunt was taken up at once, officers of Nolan, Callahan, Taylor and Scurry counties joining the search. Late Sunday, Martin was found hiding in the weeds. He refused to surrender, shots were fired into the clump of weeds and the brush was fired. A little later he was found dead, powder burns on his vest indicating he had shot himself.

CHASTAIN RECALLS SPURS IN TEXAS COURTROOM

When G. D. Chastain, Ranger oil man, sees a man with spurs on his boots, he is reminded of an incident that happened in a court at Waco.

"A big, typical Texan entered the courtroom with his spurs on," Chastain said. "The courtroom has a fine, soft Brussels carpet. The judge saw him at once.

"Turning to his bailiff, he said: 'Have him take those spurs off. He isn't going to ride any horse in this courtroom.'"

BY USING 20,000,000 CANDLE POWER AND 129 PROJECTORS FOR ELECTRIC FLOOD-LIGHTING THE NEW WRIGLEY BUILDING IN CHICAGO IS SO ILLUMINATED THAT THIS 34-STORY STRUCTURE IS VISIBLE FOR 15 MILES. IN PLACING THESE FLOOD-LIGHTERS THEY HAVE BEEN SO ARRANGED THAT THE INTENSITY OF THE LIGHT INCREASES WITH THE HEIGHT OF THE BUILDING, REACHING THE MAXIMUM BRILLIANCE WITH THE TOWER.

Continuance in the case of Cleve Barnes, scheduled to be tried today for illegal possession of liquors, wines and beers, was granted by Judge G. L. Davenport in the Ninety-first district court. Barnes attorney, Joe Burkett, is confined to his home with a bad cold. He will be tried on

EIGHTY STRONG LAWMAKERS TO ENTER CAPITOL

Walton Warns Against Groups of More Than Two, but March Threatened

OKLAHOMA CITY, Sept. 24.—Warning against more than two persons gathering in a group, in view of the defiant attitude of members of the Oklahoma house in the legislature who threaten to meet in spite of the governor's order to the contrary, was issued from the executive office today.

Additional troops are to be placed on the grounds and the situation will be handled by Adjutant General Markham, according to the governor, who added that in view of the military preparations it might not be safe for more than two persons to assemble in a group.

As the time narrows to less than two days before the scheduled meeting of the legislature the tension becomes more and more tense. Fifty members of the house were here early and others were expected later today. It was claimed they would march to the capitol 80 strong.

"There will be no trouble, so far as we are concerned," Dr. G. S. Long of Tulsa declared today. "I would suggest that the house members go to the capitol in their shirtsleeves to show the governor we are not afraid. If we cannot get into the legislative hall, which is ours by right of law, we shall assemble in the lobby. We are going to the capitol."

An ouster suit against the police commissioner of Tulsa is to be filed in the district court, according to information from the attorney general's office in which it is claimed that the action will be based on findings made in the attorney general's office and not in connection with any evidence given before the military court.

Civil action against somebody for a large sum is threatened by N. C. Jewett, Oklahoma grand dragon, who is charged with rioting. Jewett indicated today, "When the time comes I shall look for some way in which to bring suit for damages for statements being made and for vindication of my character," said Jewett.

"We Will" and "They Shan't" Is What Echoes Tell

OKLAHOMA CITY, Sept. 24.—A statement declaring that 90 per cent of the Oklahoma national guard are members of the Ku Klux Klan and all that was needed to stop martial law in Oklahoma was for N. C. Jewett, grand dragon of the Oklahoma realm, to call out the Klan members, was issued by Dr. G. S. Long, representative from Tulsa in the legislature.

Dr. Long, who admitted his membership in the Klan, made it plain that such action would not be taken.

With only 48 hours remaining before the test between Governor Walton and the legislature, which is scheduled to meet Wednesday noon with the avowed purpose of unseating Governor Walton, the contest simmered down to statements from opposing sides. Speaking for the legislature, W. D. McBee, representative from Stephens county, reiterated his statement, "we will meet." Governor Walton again asserted "they will not."

Governor Walton said that many additional troops will be on hand to prevent the legislature from meeting. He indicated that not only the legislature but onlookers will be dispersed.

TEXAS 1923 COTTON CROP ABOUT 3,500,000 BALES

AUSTIN, Sept. 24.—Texas' cotton crop will approximate 3,500,000 bales this year, according to George B. Terrell, commissioner of agriculture.

"The crop is 53 per cent normal and indicates a crop of 3,500,000 bales, based on one-fourth of a bale an acre, which is 222,000 bales below the government estimate of 3,722,000 bales, Terrell said.

"Reports from 1,500 correspondents representing about 200 counties, show serious damage to cotton during the month of August, caused by drouth," he said.

 THE ONLY HELP—For I the Lord thy God will hold thy right hand, saying unto the, Fear not; I will help thee.—Isaiah 41:13.

SAVE AT THE SHOP
 Workers in the industrial plants throughout the Cleveland district are learning to save money through the "Save at the Shop Plan," inaugurated in that city, Allard Smith, vice president of the Union Trust company, Cleveland, told the members of the savings bank division of the American Bankers association at the annual convention of the organization.

"The 'Save at the Shop Plan,'" said Mr. Smith, "is one form of deduction from the payroll. While this is not a new idea, several of the essential details of this particular plan—the manner in which it is sold to the employees and the consistent follow up and stimulation—are new in practice and are what make the plan successful.

"Through advertising and solicitation we interest employers and employees in the plan. Letters containing cards authorizing the employer to deduct a certain sum each week to be deposited in the savings bank are mailed to employees. After the cards are signed they are brought to the bank and the passbooks issued. These cards then are returned to the paymaster and on the next payday he delivers them to the men, deducting from their salaries the amounts authorized. Thereafter, on each succeeding payday he makes out deposit slips with carbon and receipts, which are deposited in the pay envelopes in lieu of the cash deducted for deposit.

"Analysis shows that on the first solicitation about 31 per cent of the employees sign cards. The second solicitation increases this to 56 per cent. A representative of the bank keeps in touch with the key men in the plants to see that everything possible is done to further the bank's service.

"The Union Trust company secured 3,031 accounts when the plan was first installed in industrial plants of our district. Subsequent solicitation brought us 3,152 additional accounts. Six hundred and sixty-seven workers were buying homes and were unable to save, while 1,454 promised to open accounts later.

"A study of the savings habits of this group shows an average deposit of \$6.03 per man per month. The same study shows that on the average these workmen made 19 deposits in the period of a year.

EL PASO HOPES TO BE BIG AIR MAIL DEPOT
 EL PASO, Sept. 24.—The air mail metropolis of the Southwest—El Paso.

Following receipt of orders to start immediately on mapping the route from El Paso eastward, officials of the 12th observation squadron here believe that El Paso is destined to become one of the largest air mail depots in the United States.

Lieut. Col. C. C. Culver, air service officers of the Eighth corps area, says that he will be able to demonstrate that the El Paso route is more feasible for air mail delivery than the present circuit by way of Denver.

PRESIDENT COOLIDGE MAY HAVE NEW COBBLER

Twenty years ago in Northampton, Mass., a little boy of eight was struggling to get an education. Born deaf, he could utter only a few words. For three years Miss Grace Goodhue, his teacher, worked hard with this boy. She is now Mrs. Calvin Coolidge, wife of the president of the United States, and the boy is Chandler Thompson, a Los Angeles cobbler, who has offered to make all the shoes of the Coolidge family if they will accept.

NEGRO "VAGS" TO BE PUT TO WORK PICKING COTTON
 DALLAS, Sept. 24.—Negro "vags" and loafers found in Dallas by police will be shipped to the cotton fields or put to some other useful occupation. In case they refuse to work, they will be deported or jailed. "This cotton has to be picked and I'm going to see that there are no idlers in Dallas as long as farmers need help," said Sheriff Dan Hars-ton.

CHICAGO POLICE CLOSE SALOONS AND MAKE ARRESTS
 CHICAGO, Sept. 24.—Four saloons were closed and 231 arrests were made today in response to Mayor William Deever's orders to clamp the lid on the beer traffic and to stop killings and violence in connection with bootlegging.

The war between the beer selling syndicates resulted in the killing of six gangsters recently.

LIONS WILL HAVE PICNIC TONIGHT
 The Lions of Ranger and their families will have a picnic tonight at 6 o'clock at the County club grounds. This has been planned for some time and awaited only the full of the moon which will come tonight and lighten the party. A large crowd is expected to attend.

Women to attract must Radiate Health!

BEAUTY is the magnet which draws all eyes—and back of beauty—Health—working silently—Red blood tingling through the veins—the glow of youth in the cheeks—the spring of eagerness, of vim, of vitality in the walk—the ever graceful air, unrestrained by care or worry—All the charms of beauty. All the works of health.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps—wondering—hoping—praying for that attractiveness that is not theirs.

But why the wondering—the hoping—the praying for that craved-for attractiveness—that beauty. Good looks is the barometer of one's condition. Good health radiates beauty. S. S. S. purifies the blood—creates new red blood cells—rids the system of impurities which make beauty and attractiveness impossible. As women to attract must radiate health so must they keep their systems free from impurities and their red blood cells ever increasing. S. S. S. does both.

S. S. S. since 1875, has been ridding the system of impurities—pimples, blackheads, boils, eczema and rheumatism—building red blood cells—adding women to be attractive by radiating health. S. S. S. is made of carefully selected herbs and barks, scientifically prepared and proportioned. All good drug stores carry S. S. S. It is more economical to purchase the large size bottle.

SPORTS
GOVERNMENT SHARES BIG FIGHT PURSES

By HENRY L. FARRELL, (United Press Sports Editor)
NEW YORK, Sept. 24.—Many opportunities may be present for Jack Dempsey to resume work this fall and during the winter, but there is little chance that he will accept any offers again until next year.

Dempsey, no doubt, is willing to fight semi-monthly if business should become that good, but there is a little question of economics that would make it highly unprofitable for him to work too much.

Some time ago several promoters went after Jack Kearns to sign Dempsey for a match with Harry Greb, the middleweight champion, for a late outdoor or an early indoor show, and Kearns refused to consider any purse.

Kearns said that Dempsey had earned all he was allowed to this year, and he pointed out that the firm had reached the limit allowed by the law in his class and if they exceeded it, they would have to pay about 60 per cent of the purse money to the government in taxes.

Under the present conditions, Dempsey gets an awful socking by the revenue department every time he puts on the gloves. It sounds like a pipe to hear of Dempsey getting \$200,000, \$350,000 and \$500,000 for a fight, but if the fans could see what it left for him when he is through splitting up with Kearns and the government, they would not be howling for congressional action to cut down the money that he is earning.

Out of a \$300,000 purse, Dempsey has just about \$100,000 for himself when he gets through whacking out the other ends of the money. Of course, \$100,000 is not to be sneezed at, but it is not \$300,000. The money that a heavyweight champion gets for the actual defense of his title is rather trivial, however, compared to the receipts from other sources of revenue that are opened by possession of the title.

HOW THEY STAND

AMERICAN LEAGUE

Table showing American League standings with columns for team, wins, losses, and percentage.

Yesterday's Results. Washington 12-0, Cleveland 10-6. St. Louis-New York, rain. Only two played.

Today's Schedule. St. Louis at Boston. Chicago at Washington. Detroit at New York. Cleveland at Philadelphia (two games).

NATIONAL LEAGUE

Table showing National League standings with columns for team, wins, losses, and percentage.

Yesterday's Results. Boston 2-3, St. Louis 1-0. Cincinnati 5, Brooklyn 1. Chicago 4, Philadelphia 1. Only three played.

Today's Schedule. Brooklyn at St. Louis. Philadelphia at Pittsburgh. New York at Cincinnati. Boston at Chicago.

TWO FORMER RANGER PLAYERS HELP OLDEN TO BEAT BRECKENRIDGE

Two former Ranger players were responsible for the Breckenridge Dynamoes going down to defeat at the hands of the Olden Oilers Sunday at Breckenridge, 5 to 1. Charlie Koch the tall gaunt pitcher, who has no fear of the heavy Breckenridge slugger, pitched a wonderful game yesterday, according to reports from Breckenridge. Neely parked a ball in the ninth inning with two men on bases. Koch allowed five hits. Freeman hurled for the Dynamoes. The Oilers got nine hits.

CABARET DANCER DECLARED TO HAVE BEEN MURDERED

LOS ANGELES, Sept. 24.—Ethel Williams, cabaret dancer, found dead in her room last Wednesday, was killed, according to a verdict reached by a corner's jury. The statement declared that death was caused by a blow on her head.

James W. Cass rancher of El Centro, Calif., former husband of the dead woman, testified that she had been associating with "drug fiends."

BARNEY GOOGLE AND SPARK PLUG— Barney Has Lofty Aspirations for Sparky.

NUGENT FANS 15 MEN IN CISCO GAME; RANGERS WINS 7 TO 4

G. M. Nugent showed his early season form as a strikeout artist when he fanned 15 men in the Cisco game at the city ball park yesterday afternoon. Only in two innings did the visitors bunch hits, but runs resulted only in the second. Three hits, a bunt and error caused three men to score. The game ended 7 to 4 in favor of Ranger.

Minor Difficulties Stop Game. Difficulties between several of the players that started when Carl Henson, pitcher for the Cisco team, took exception to a decision on John O'Keefe, Snapper outfielder, by Umpire "Red" Brewster threatened to interfere with the conclusion of the game in the seventh inning. Managers Adams and Campbell ordered their teams to the field after all of the players and 75 or 100 of the crowd swarmed around the home plate to see Manager Adams and Pitcher Henson "scrap it out."

Cisco held the lead until the fifth inning. Ranger got two tallies in the fourth, making it 3 to 2. In the fourth McElreath got a walk. O'Keefe advanced McElreath with a perfect bunt. Scoggins grounded to Stewart and was out at first. Adams got a base on balls. McElreath and Adams worked the double steal successfully when Cole threw wild to Stewart at third to get McElreath, the latter scoring and Adams going to second. Anderson in left field made a pretty shoe-string catch when Ridings made what first seemed to be a safe Texas leaguer. Gibson got one of the longest hits to left field seen this year on the local ball lot, scoring Adams.

Nugent Hits Ball. Ranger's big inning came in the fifth frame. Nugent surprised his well wishers by cracking the ball to left center field. It was good for two bases but he cut first and was called back after he got a good start for second. Dinsmore struck out. Lory got a Texas leaguer. O'Keefe scored Nugent. Scoggins singled scored Lory and O'Keefe. Adams made a dash for second with Scoggins on third. Henson whipped the ball to Second Baseman Hart. Adams wheeled back and Scoggins raced for home, beating Hart's throw. Gibson fanned.

The snappers made another tally in the sixth. Ridings flew out to Campbell. Nugent struck out. Dinsmore got a two-bagger. He scored on Lory's single. McElreath out, Larkin to Cole.

Anderson tallied in the seventh for Cisco. He got a base on balls, advanced to third on Campbell's error.

GIANT DIRIGIBLE FLIES TO WASHINGTON TO CALL

LAKEHURST, N. Y., Sept. 24.—The ZR-1 giant dirigible arrived at the naval station here at 6:50 o'clock tonight, after a successful trip to Washington and return. Flying low, a wreath was dropped over the tomb of the unknown soldier at Arlington.

The leviathan of the skies glided gracefully from the clouds just as dusk was falling, was hauled to earth and placed in its quarters for the night. The trip to the capital was the longest since the vessel was launched and was declared a complete success.

Nugent (Hart). Time of game, 2 hours and 30 minutes. Umpires, Brewster, Polsky and Neil.

NOTES OF THE GAME.

Nugent fanned every man on the Cisco team at least once, except Campbell and Griggs. He struck Cole out four out of five times up and Henson and Chapman each three out of four times up.

Regarding the regrettable dispute in the seventh, "Sparkplug" O'Keefe who was at the bat said after the game that he intended to "drag" the ball, but that he changed his mind and drew it back. Henson came tearing to the home plate when Brewster called it a ball. McElreath went to the plate to talk to Henson as they knew each other in other baseball days. This didn't help matters and Manager Adams raised his bat between the two men to stop any pugilistic show. Henson pushed Adams back and the latter swung his right to Henson's face. This was the signal for a rush to the home plate. Ralph Leslie of Cisco started in to separate the men, so he said, and got into difficulty with "Peaches" Ridings. Leslie struck the first blow, according to Ridings' friends. There were no officers present and the men had it out. The game was resumed after it was agreed to put in "Red" Neil as umpire.

Score by innings table for Cisco vs Ranger. Columns: Inning, Cisco, Ranger. Rows: 1-9, Totals.

Summary table for Ranger players. Columns: Player, AB, R, H, PO, A, E. Rows: Dinsmore, Lory, McElreath, O'Keefe, Scoggins, Adams, Gibson, Ridings, Nugent, Totals.

THE NEW SUPER-DREADNAUGHT COLORADO, just placed in commission at a Camden, N. J., shipyard, is electrically driven as are a number of the newer battleships of the United States navy. The four propellers, each driven by a 7,000 horsepower motor, are independently controlled so that should one become crippled the others will not be affected.

LEADERS OF THE K. K. K. WHO DEFY GOVERNOR

Dr. W. W. Evans, of Dallas, imperial wizard of the Ku Klux Klan, refuses to order the Oklahoma Klan to unmask and disband, as ordered by Gov. J. C. (Jack) Walton. N. C. Jewett, grand dragon of the Klan in Oklahoma, is leading the activities of the Klan in opposing Governor Walton, who has placed the state under martial law.

MEXICAN OFFICERS TO BE GUESTS OF U. S. CAVALRY

MARFA, Texas, Sept. 24.—Among the guests of honor at the maneuvers near Marfa by the First cavalry division of the United States army, during the latter part of this month, will be officers of the Mexican army. The maneuvers are to start from the concentration point, Sept. 23, after troops at Fort Bliss and other stations along the Texas border have proceeded overland to this place.

It is said that the activities of the two weeks to follow will be the largest assembling of troops for such a purpose since the signing of the armistice in the World war, and will be the most spectacular and strenuous any branch of the army has gone through since the armistice.

Motion picture theatre at Merida, Yucatan, cost \$1,000,000 and seats 3,500.

AUTO WRECKS DUE LARGELY TO DISREGARD OF LAW

FORT WORTH, Sept. 24.—Most automobile accidents occur between 6 p. m. and midnight according to automobile repairmen and garage employes. The average is about three wrecks daily, according to the manager of a garage here.

Rainy nights are worst, when wrecks are caused by skidding on slippery pavements. Most of the wrecks are caused by carelessness and disregard of traffic laws. Booze, speeding and cutting corners all add to the daily toll. And the number of persons injured in the accidents is comparatively small, "trouble men" say.

SABINAL.—Construction of a complete system of waterworks for this city is to begin at once. The plant will include a steel tank of 100,000 gallons with tower. Contract was awarded last week.

Poet of Autumn Arrives and Will Find Improved Park Benches to Welcome Him; Password Suggested When Hunting on Posted Land.

By P. G. T.

The melancholy days have come
The saddest of the year,
And many a cold and hungry hum
Will want free lunch and beer.

While those who can't buy coal or coke
Will wear a worried frown,
Unless they're using natural gas
In some producing oil town.

Nice sneezy, noozy mornings
Hain't they been. Specially sneezy
For the guy who forgot to get the
blankets out of the attic and specially
sneezy for them that did.

The Assininated Park commission,
consisting of Messrs. Loafin N. Parks,
Restin N. Plaza and Whiteth E. Benches
make the following report:

The park bench in front of Wade's
has been renewed and is in excellent
condition. Automatic disappearing
advertising has been placed on the
back which disappears and appears
depending on whether the bench is
in use or not. The decorations are
done quite well, which makes this
particular bench attractive to whittlers.

The park in front of the city street
comish's juice nicotine and sweets
emporium has been furnished with a
new bench. This bench is more
artificially built than the one formerly
used and is more comfortable. Sturdiness
has been sacrificed, however, for grace
and comfort and if hardware stores do
not wish to have this bit of municipal
property destroyed they should not
give any sample whetstones away as
advertisements.

The commission was requested to
report on other parks in the city but
found these two benches so comfortable
that it was impossible to make a
tour of more during the day.

Stevie Gilbert, who manages the office
of the Prairie Pipe Line company, gives
dove hunting advice to the uninitiated.

"The only difficulty dove hunters may
have this season," says Mr. Gilbert,
"is in hunting over posted land. There
is a password that will endear them to
the hearts of all farmers and allow them
to shoot into posted land and retrieve
game."

"If the hunter shoots from unposted
land into posted land and is hailed with
the familiar, 'Hay, there, this here land
is posted,' he should answer with the
password: 'Whatja say?'"

"Every time the land owner chal-

lenges with 'hay, there, this here land
is posted,' the answer should be repeated
until the hunter has retrieved the game."
Gilbert says he tried this out several
times Sunday morning and that this
password is all that is necessary to be
a successful dove hunter.

DENVER WOMAN HELD UP BY HIGHWAYMAN AND ROBBED

DENVER, Sept. 24.—Mrs. Foster Symes,
wife of Federal Judge Symes and one of the
leaders of Denver society, was held up by
highwaymen last night and robbed of money
and the automobile which she was driving.
The holdup occurred several miles out of
Denver.

Mrs. Symes was forced by the highwaymen
to drive the car along an unrequented road.
When nearing a farmhouse she managed to
escape and ran for help. She collapsed as
she stepped into the house. Her husband was
notified and she was brought home in an
ambulance. The police found her automobile
abandoned this morning.

I. W. W. ANNOUNCES STRIKE WHICH HAS NOT BEEN SEEN

CHICAGO, Sept. 22.—A strike of marine
workers said to have gone into effect
Saturday at midnight today was announced
by the marine workers division of the I. W. W.,
but local steamship officials said that no
strike was in effect so far as they knew.

The marine workers' announcement said
a similar strike would be ordered at all
gulf and other seaboard ports. The I. W. W.
is said to be seeking the release of all war
prisoners and acceptance of other demands.

INCREASED TARIFF ON WHEAT IS PROPOSED

WASHINGTON, Sept. 24.—After a conference
today with President Coolidge, Representative
Sidney Anderson of Minnesota, Republican,
said he would take up with the tariff commission
the question of an increased tariff on wheat.

GIANT FIRECRACKER TO MARK OPENING OF EXPOSITION AT AUSTIN

AUSTIN, Sept. 24.—The Texas State exposition firecracker, the largest ever imported into the United States
and probably the largest ever used in this
county, has arrived in Austin and is now
waiting the opening of the exposition in the
capital city. This firecracker, which contains
more than 100,000 firecrackers of varying
sizes, was ordered from Hong Kong, China,
by Key Park, restaurant owner of Austin.

The giant firecracker is in reality a string
of smaller firecrackers, strung together with
a large twine. It is about 70 Chinese feet,
which makes it about 100 feet by the scale
used in America, as the Chinese foot contains
16 American inches. The small firecrackers
are twisted into the twine, with larger
firecrackers at intervals.

The firecracker was ordered from a factory
in Canton, China, by Mr. Park three months
ago, at a cost of approximately \$200, including
duty. It was made specially for the Texas
State exposition and was shipped some time
ago to San Francisco and from there to Austin.

It is the present plan to tie the huge
fire cracker to one of Austin's tower lights
near the fair grounds, and to fire it on the
closing night of the exposition. It will
require more than an hour for the firecracker
to burn out, and as it burns to the top it
will finish with an explosion of several
large firecrackers spelling out the "Texas
State Exposition."

GOVERNMENT ORDERS DISTILLERIES SEIZED

WASHINGTON, Sept. 24.—Orders were sent
to the internal revenue officers at St. Louis
today to seize the Jack Davis distillery and
the Parker Distilling company plant, pending
investigation of the theft of nearly \$2,000,000
worth of whisky from both places.

St. Louis officers expressed the belief that
the whisky was stolen by common bootleggers
and peddled in St. Louis.

ARMY OFFICERS PLAN TO IMPROVE IMMENSE TRACT

ALPINE, Sept. 24.—A group of American
army officers have purchased approximately a
million and a half acres of land in the Big
Bend territory and proposed to improve it.
Over 1,000 acres will be put under irrigation,
it is planned. The officers are headed by
Major Carlos Aced, in charge of military
affairs along the Mexican side of the Big
Bend country. The land purchased adjoins
Brewster county.

Four Years Ago In Ranger

Taken from the files of the Ranger Daily Times, Sept. 24, 1919:
CADDO, Sept. 24.—Caddo is to have a daily paper. John T. Risen of the Breckenridge Democrat was here Saturday and purchased a building and lot in Wright's addition, where he intends to establish a daily paper. Announcement of the opening of the Security bank, unincorporated, is expected to be made this week. The institution is made up of men from New York and Minneapolis.

The fame of Caddo as a coming town is spreading to the west. A delegation of business men from Arizona, headed by Mr. Valjean of Bisbee was in town last week purchasing business and residence sites.

ADVERTISING CIRCUS IN SURROUNDING CITIES

Bob Morton's circus, which will show here Oct. 2-5, inclusive, is being advertised in all the surrounding cities and towns and the representatives of the show expect to see hundreds of out-of-town people here each night.

Besides 20 circus acts, the giving away of five automobiles, one each night, will swell the crowds. All of the actors and actresses are professional performers.

The advance sale of tickets is reported to be heavy. Dr. H. A. Logsdon, exalted ruler of the Elks, is optimistic over the financial success of the circus. The Elks share of the receipts will go to their charity fund.

Somebody put one over

Eggs are round and so are door-knobs, but it'll be a long time before these door-knobs hatch—and just as long before you get Darcova service out of any valve cup that isn't a genuine Darcova.

The valve cups that save you re-cupping and put more oil in your lines, are labeled Darcova. Accept no other.

Look for the Name

NO FLEAS IN PARLIAMENT SO BRITISH LAW SNUBS THEM

By Associated Press
LONDON, Sept. 24.—Performing fleas on the English stage—in fact all fleas whose lives are consecrated to the drama—must go through their acts without the possibility of protection in the case of maltreatment. This slight to the fleas is contained in an anti-flea clause of the governments new performing animals bill which has passed the committee stage in the house of commons.

When the question was debated, it was decided that reptiles and fish should be included but fleas must fight their battles alone. An amendment

If you want to buy a Ford, see

DEE SANDERS

Phone 217

ment was carried to this effect. The real reason for the discrimination was that the difficulty of using the flea as evidence.

FORT WORTH.—Representatives of approximately 9,000 Methodist students in Texas met here and discussed problems of the students' life. Fourteen colleges in the state were represented at the five-day conference.

A PORTABLE ELECTRIC TABLE LAMP, the light of which can be regulated from minimum to full brilliancy, is now to be had in electric shops. It is so constructed that a push of the button will produce the desired degree of illumination.

Tickets for the Ranger Style Show and vaudeville now on reservation at Crawford's Pharmacy.—Advertisement.

NOTICE

Suits for Collection on Delinquent Taxes

On October 10th, the City of Ranger will begin filing suits for the collection of delinquent taxes. Any adjustment due taxpayers must be made before that date.

Better Than Riches

Under the dome of the Board of Trade in Manchester, England, is this inscription: "A good name is rather to be chosen than great riches." The thought is considerably more than mere sentiment. It is good business.

A good name is recognized as the biggest individual asset a business man can have. It is the very keystone of modern industry. Business today is done on such a broad scale—every merchant and every manufacturer has such a long list of customers—that it would not do to have a reputation for "slipping something over."

Advertising has standardized almost every article you can buy. You don't have to bargain and dicker and haggle to know that you are getting as good as you give.

That's why it pays to read the advertisements and to buy advertised goods. A product's advertising is the best guarantee of its faithful performance and lasting usefulness or of its definite value. The advertiser would not dare to risk his good name by advertising an unworthy product.

If you value constant satisfaction—if you want to get your full money's worth every time—read the advertisements and buy advertised merchandise.

Take advantage of the advertisements and get real value
