## WALTON WANTS VOLUNTEERS IN READINESS

### WATER PROBLEM OF THE FUTURE BEING STUDIED

#### Chamber of Commerce Seeking to Obtain Larger Supply at Lower Rates.

Ranger's water problem was seized by the forelock at the breakfast of the chamber of commerce this morning. Two separate committees were appointed to confer with M. H. Hagaman, owner of the Ranger Waterworks and Mayor Williamson of Cisco, which city will soon be getting water from Lake Cisco.

After wrestling with the proposition of an adequate and pure drinking water supply for the people of Ranger for more than a month at the weekly breakfasts, the organization with 30 members present, decided to send two committees to the individuals directly concerned with the managements of the waterworks systems for a detailed proposition on supplying Ranger with better water and at a lower rate than the present one.

The committees had made arrangements shortly after the breakfast to meet Mr. Hagaman and Mayor Williamson at 10 o'clock, Tuesday morning. F. A. Brown, Edw. R. Maher and W. C. Palmer were to call on Hagaman and M. R. Newnam, C. E. May and O. D. Dillingham on Mayor Williamson in Cisco.

M. R. Newnam, vice president of the chamber of commerce, went over the matter of the proposed glass factory, whose owners wish to move to Ranger from Ohio in their plan of seeking better market conditions in Texas, and told of the progress made in the negotiations between the owners and the industrial committee. Definite announcement of the results in assuring the factory for Ranger is not far off, Newnam said.

### Football Players Want No Visitors On Training Field

The Ranger High School football team expects to achieve a top record this year, under direction of Coaches Sandlin and Marshall, they are working hard. They will be opposed by splendid teams and will have to be thoroughly trained, both in individual play and team work, to win.

When the team plays an opposing team, visitors will be welcome—the more than turn out to see them, the happier they will be. But when practicing and receiving directions from the coaches they want no visitors or spectators. Occasionally they are instructed in new formations and plays and wish none to see them until they are executed in some contest, and at all times they must work hard and, at the same time, listen to the instructions and the scoldings of the coaches. Visitors distract them, for they must give their undivided attention to their instructors.

Therefore, the coaches request all who would see the team in action to wait until they trot onto the field to meet an opponent. Visitors are not needed and are not wanted when the players are doing practice work and receiving instructions; visitors are both wanted and needed when the team goes against another team and the hearty cheering of their friends will help them win.

This is intended both for their fellow students, some of whom have been frequenting the practice work, and all others. They are urged to avoid the football grounds while the players are learning how best to play so that in the real games the team will be able to do credit to the name of Ranger.

### ZANKOFF GOVERNMENT IN BULGARIA APPEARS TO BE IN SOME DANGER

ATHENS, Sept. 25.—The Bulgarian government is recruiting 10,000 militiamen to aid in quelling the Agrarian-Communist rebellion, advised from Sofia announced today.

A strict censorship is being maintained on all reports that are sent out from Sofia, but advices received indicated the Zankoff government was in danger.

### Women's West Texas Chamber of Commerce Formed

AUSTIN, Sept. 25.—The secretary of state today granted a charter to the Women's West Texas Chamber of Commerce, with headquarters at Abilene. The organization has no capital stock and its purpose is to carry on welfare work. This is said to be the first organization of its kind to obtain a charter.

### SALE OF MUSCLE SHOALS POWER PLANT HURRIED

#### Representative Oliver of Alabama Sees in It Hand of Fertilizer Trust.

WASHINGTON, Sept. 25.—The war department was without further information today concerning Henry Ford's future intentions regarding the Muscle Shoals project. Secretary Weeks denied that he had received from Ford any suggestions that the Gorgas power plant be eliminated from Ford's offer to lease the Muscle Shoals enterprise from the government. He said that he had received a message from Ford's chief engineer expressing surprise at the sale of the power plant to the Alabama Power company.

Representative Oliver of Alabama today declared the war department had hurried into a sale in spite of having a contract with the power plant requiring it to furnish the government with power until June, 1924. He said that notwithstanding the sale of the power plant to the Alabama Power company, Henry Ford and his friends would see that company nor any other interest should destroy the hopes of the farmer to get relief from the fertilizer trust.

### First Game of Dixie Series to Be Played Today

Baseball fans left Ranger last night and this morning by automobile and train with Panther park, Fort Worth, as their destination. The Dixie series between the Fort Worth Cats and the New Orleans Pelicans was the big attraction. The game starts at 3:30 o'clock.

How to get tickets to the park was the all-absorbing topic among those who had decided to take in the games today and tomorrow. Several league players who have been spending a few days in Ranger had the close of their playing season had it doped up to get in the park by the assistance of players who will take part in the championship games.

### WORLD SERIES GAMES IN NEW YORK CITY TO OPEN OCTOBER TENTH

NEW YORK, Sept. 25.—The first game of the world series between the New York Yankees, leaders of the American league, and the Giants, leaders of the National league, will be played in New York city at the Polo Grounds, Wednesday, Oct. 10, according to announcement today.

### IRION COUNTY BOY KILLED WHEN HORSE FALLS ON HIM

SAN ANGELO, Sept. 25.—John Hauer, 19, son of Mr. and Mrs. A. A. Hauer of Mertzon, is dead today from injuries received when his horse fell on him yesterday at a ranch in Irion county.

### COURT DENIES MOTION TO DISMISS MURDER CHARGE

WHITE PLAINS, N. Y., Sept. 25.—A motion for dismissal of the first degree murder charge against Walter S. Ward, alleged to have killed Clarence Peters, today was denied by Justice Wagner.

## Great Annual Style Show of Ranger Will Open Tomorrow Night

### Merchants Will Display Latest Fashions In Dress for Ladies, for the Children and Also for the Men. Vaudeville Entertainment and Special Dance Features to Vary the Program.

Everything is about set for the great annual style show and vaudeville which the Retail Merchants association of Ranger is to stage at the Liberty theatre on Wednesday and Thursday nights of this week.

Some of the most beautiful gowns ever seen in Texas will be displayed both nights, and wonderful costumes for children are to be modeled at the same time.

Materials of the most beautiful quality in the latest shades and styles are ready now for this extensive exhibition, and it is safe to say that those who attend will have a feast for their eyes that will not soon be forgotten. The most famous markets of this country have furnished the larger part of the models, and the few imported ones to be exhibited are of that distinctive type and style which sets them apart from the rest.

### Season's Changes.

While many regulation models are being shown, there are a great many changes this season, even more than last year, in the cut of gowns, suits, coats and wraps, and these will be shown in the best form possible.

Coats of great elegance, both as to material, trimmings and design, will be a special feature of the exhibit. When seen on these two nights of the style show it will be evident that one need not go out of Ranger to buy handsome clothes of the best materials, latest styles and most gorgeous trimmings. Hats and evening clothes will play a prominent part in the display, and will rival anything to be found in other cities.

Latest Things in Ranger.  
A buyer for one of the largest Ranger dry goods stores returned this week from a trip to a large Texas market where she sought something more for the style show, and came back with the surety that her home store had as handsome and exclusive models as any she saw in the larger city. Just a casual visit to the various ready-to-wear stores of Ranger will convince one that this is the case, and that in quality of goods, and style of make-up, Ranger has quite as good as any other city, and far better than most cities of the same size. This is evident from the fact that many out-of-town customers come to Ranger for their selections.

The very latest and most attractive styles for children, will also be shown at these two evening shows. Dresses, coats, hats and shoes will all have a place, and will be modeled.

(CONTINUED ON PAGE TWO.)

### SWISS BALLOON APPEARS TO BE LEADER IN RACE

BRUSSELS, Sept. 25.—The Swiss balloon Helvetia in the James Gordon Bennett international balloon race, has landed near Schleswig, near the Danish frontier, according to word received here. The Helvetia is leading in distance covered by 330 miles.

### FIVE MEN DROWNED WHEN TANKER TURNS TURTLE

VANCOUVER, B. C., Sept. 25.—Five men are missing and believed to have been drowned in the wreck of the tanker, Peggy McNeil, in Portler Pass, off the east coast of Vancouver Island. The tank is said to have turned over in the water. W. Ingram, the mate, escaped by swimming to a fishing boat, but was too exhausted to tell how the tragedy occurred.

### AUSTIN KLAN ENJOINED FROM USING KAMELIA HALL

AUSTIN, Sept. 25.—Notice of a temporary injunction, said to have been granted by District Judge W. B. Terrell was served on the Capital City Ku Klux Klan by the sheriff's department, it was reported today.

The injunction petition, it is reported, restrains the local Klan from carrying on degree work in the local Kamelia hall, and was granted on the petition of H. W. Evans, of Atlanta, Ga.

### Russian Peasants Reported In Revolt Against Soviet

LONDON, Sept. 25.—A Reuter dispatch from Riga says it is rumored that masses of insurrectionary peasants are surrounding Moscow and Petrograd. There is no confirmation of the rumor.

### TEXAS BLUE SKY LAW ATTRACTING ATTENTION

AUSTIN, Sept. 25.—Probably no act of the thirty-eighth legislature has attracted more attention than that one commonly known as the "blue sky" law. Hundreds of inquiries have come to the attorney general, the governor, secretary of state and other officials regarding the act and its provisions. Each day numerous inquiries continue to come, according to Secretary of State S. L. Staples. The Texas blue sky law is declared to be one of the most stringent on the statute books of any state.

### GERMAN PREMIERS AGREE TO SAFEGUARD COUNTRY'S UNITY

BERLIN, Sept. 25.—It was officially stated today that the premiers of the German federated states at the conference with Chancellor Stresemann unanimously agreed to abandon the passive resistance program but expressed firm determination to further safeguard the unity of the country.

### Walton's Soldiers Ask In Sapulpa the Way To the Cross

SAPULPA, Okla., Sept. 25.—Governor Walton's soldiers invaded Sapulpa last night and took down the Ku Klux Klan cross from the hill overlooking the city. Despite the governor's order that all Klan emblems be removed, the cross has blazed on the hill every night since the order went into effect. An attempt was made last week to dynamite it, but only a portion of the base was hurt. After the appearance of a military captain here yesterday it was reported the cross would be taken down. Last night an auto truck containing 15 soldiers drove into town and, after driving about for a little while, stopped at a hotel and asked the way to the cross. They were told and at once set out for the hill. After they had gone about 15 minutes the light on the cross was seen to go out.

### Walton Publishes Newspaper Designed 'To Tell the Truth'

OKLAHOMA CITY, Sept. 25.—"The Record," Governor Walton's newspaper, "to tell the people the truth," appeared on the street today. The first edition consists of four pages of regulation size and contains a statement of the executive to the press and liberal accounts of testimony taken by the military courts at Oklahoma City and Tulsa. The entire four pages of Governor Walton's paper is devoted exclusively to news. There is no advertising. The paper contains mostly news that has been previously published, which the governor charges has been distorted or altered. Aldrich Blake, executive councillor, is named editor.

### VOICE OF THE "LOUD SPEAKER" WILL FOLLOW YOU AT STATE FAIR

DALLAS, Sept. 25.—Addresses, announcements or calls for persons, desired to be seen by their friends, will be heard all over the grounds at the State Fair of Texas, Dallas, Oct. 13-23 this year, through a wider scope of usage given the telephone "loud speaker."

A contract has been signed by the fair association and the Dallas Telephone company, by which connections or receiving stations connected with the transmitting station, will be set up in various portions of the grounds, and all announcements made from the main station of the loud speaker on the main campus, will be heard elsewhere. It is planned to have receiving stations at the race track grandstand, the livestock department, probably at the athletic stadium and at other points.

By this wider range of the loud speaker, addresses delivered by prominent visitors on the Main Plaza, may thus be heard by those in more remote portions of Fair Park.

Senator Royal S. Copeland of New York, is to deliver an address on Saturday, Oct. 20, and Gov. Frank O. Lowden of Illinois, is to be heard on Holstein Breeders' day, Tuesday, Oct. 23. Governor Lowden is a prominent breeder himself. Senator Copeland is being prominently mentioned as the Democratic "dark horse" for the presidential nomination.

### COTTON SPINDLES OPERATED IN THE UNITED STATES

WASHINGTON, Sept. 25.—A total of 37,430,195 cotton spindles were reported in the United States on Aug. 31, of which 33,708,667 were operated at some time during the month of August, and 34,237,887 were operated in July, the census bureau reported today.

MOUNT VERNON.—More than 1,000 took part in the annual convention of the Northeast Texas Singers association here. Attendance was largest in history of the organization. Song sessions were held for two days.

GREENVILLE.—Proposal to issue \$325,000 of municipal bonds for improvements to the city water system has been defeated by the voters. The improvements proposed included additions to water mains and to the main reservoir.

## GOVERNOR CALLS ABLE-BODIED UP TO 45-YEAR AGE

### Special Session May Be Held in Federal Building; Dart Launched at McBee.

OKLAHOMA CITY, Sept. 25.—Members of the Oklahoma legislature continue to arrive in Oklahoma City in contemplation of meeting at noon tomorrow. "We are not children to be intimidated by the governor," W. I. Cunningham of Sapulpa said.

Governor Walton has issued a call for all able-bodied men up to 45 years of age to hold themselves in readiness to be summoned to the defense of the capital. The troops stationed in the statehouse continued vigilant today, but there was no visible strengthening of the troops as the legislative session loomed, less than 24 hours ahead.

It was reported that a movement was started today for the extra session of the legislature to be held in the federal building. A story to that effect was published in an afternoon newspaper. Leaders in the legislature were in conference today with federal officials.

### Executive Stops Work on Contract To Build Roads

OKLAHOMA CITY, Sept. 25.—Striking back at W. D. McBee, leader of the movement seeking his impeachment, Governor Walton stopped all work on a million-dollar road improvement in Stephens county, which county is represented by McBee in the lower house.

In a letter to the highway commissioner, the governor charged McBee with being affiliated with the cement trust and ordered the commissioner to cease all work, pending an investigation. The governor declared that if McBee had received a large fee from the cement firm, criminal action would be instituted against him.

The governor declined to say whether he would prevent a caucus of the lower house tonight as a preliminary to the session the members expect to convene tomorrow noon. He asserted there would not be more than 40 members in the house who would assemble. This is not a majority.

House members sponsoring the session have said there would be close between 60 and 75 members present for impeachment purposes.

N. C. Jewett, grand dragon of the Ku Klux Klan realm in Oklahoma, charged with rioting, was granted a continuance in justice court today on the request of former State Attorney General S. P. Freeling, Jewett's counsel. He said it would be impossible for him to be present in justice court. It is now set for Oct. 9.

The trial of L. B. Clark, alleged to have assaulted Campbell Russell, attorney, on the first day of Oklahoma City's military rule, was continued until Oct. 9 on the request of Clark's attorney.

Despite the order issued yesterday by the governor to the adjutant general to use all forces available to prevent the scheduled meeting of members of the lower house, it is believed that the meeting will be a mere formality, upon which legal action later will be based.

### YOUNG GIRL KILLED WHEN WORKHOUSE GUARD FIRES AT AUTO PARTY

CLEVELAND, O., Sept. 22.—Miss Margaret Dunn, 18, was shot and killed by a guard at the Warrensville workhouse today when he opened fire on an auto party, of which Miss Dunn was a member and which he expected would stage a jail delivery.

At the police station, where he is held, the guard told officers that he fired five times in the dark at the automobile. He said he fired when the car came close to the cell blocks. He declared he did it as a matter of duty.

BIBLE THOUGHT.  
HOW TO GAIN ALL.—Seek ye first the kingdom of God and his righteousness; and all these things shall be added unto you.—Matt. 6: 33.

HIGHWAY MAINTENANCE

Maintenance of all designated state highways will be taken over by the State Highway commission on the first of next year, in accordance with a statute enacted by the legislature in its last regular session.

Hereafter it will be the duty of the State Highway commission to maintain these roads and it is expected there will be sufficient revenue to do this, but the revenue will not be expansive enough to permit of material improvements. Such additional work must be financed by bond issues, augmented by state and federal aid.

J. D. Fauntleroy, state highway engineer, has written to all county judges, county commissioners and county engineers urging them to get the designated state highways in their respective counties in the best possible condition before the end of this year, after which it will devolve on the State Highway commission to maintain them as good as when they receive them. Mr. Fauntleroy writes:

"For your information we wish to advise that the State Highway commission considers maintenance to mean keeping a road in as good condition as it may be at the time that it is taken over. No extensive improvements, either in quality or type, will be made upon any road by the maintenance organization, for the reason that the funds provided are insufficient to make such improvements a part of maintenance, and still have funds to continue assisting those progressive counties that have voted bond issues in building their roads.

"There is reason to believe that in a number of counties the commissioners' courts are not expending their respective portions of the motor vehicle fees in maintaining the designated state highways, but are neglecting the maintenance of such highways in anticipation that the State Highway commission will, on Jan. 1, do the necessary maintenance work which the commissioners' courts have failed so far to do.

"If, in these counties, roads are allowed to get in bad condition for lack of maintenance, the highway commission, as stated before, will only maintain these roads in as good condition as they may be in when taken over Jan. 1, 1924, and the citizens of these counties will have only their respective commissioners' courts to blame for this condition. If funds were available, the highway commission would gladly improve and maintain all the roads on the system for the benefit of the state as a whole, but as a matter of fairness and justice to the counties who have bonded themselves for the purpose of building good roads, the commission must keep in a position to assist them. The law directs the counties to use their registration fees until Jan. 1, 1924, in maintaining the designated state highways. Many of the counties of the state are doing this and it would be an injustice to these counties to improve the roads of other counties that have failed to do their duty under the law.

"It is therefore hoped that the commissioners' courts of the different counties will make every effort to keep the designated highways not only in the best condition possible, but to improve them as far as their funds will permit in order that they can be turned over to the highway department in good condition and be kept this way by our maintenance organization. We know that many counties are loyally trying to do this and we hope that all of them will realize the importance of such action."

EXPECT TREMENDOUS SPEED IN AIR RACES

A. Williams, F. Guest, L. H. Sanderson, W. N. Hensley, Jr. Navy Wright Races

Lieut. A. Williams, crack navy flier; Capt. Frederick Guest, former British air minister; Lieut. Lawson H. Sanderson, marine corps flier; and Col. W. N. Hensley, Jr., commander of Mitchell Field, L. I., are shown examining some of the airplanes that will be entered in the international air races for the Pulitzer trophy, to be flown in St. Louis, Mo., on Oct. 1, 2 and 3. All world's speed records are expected to fall. Flying in the Navy-Wright fighter, equipped with a 650 horsepower engine, Lieutenant Sanderson has flown 244.3 miles an hour over a measured course. At times his speed went as high as 259 miles an hour, the fastest man has ever moved.

STYLE SHOW

(Continued from page one)

by some of the most attractive children of the city. Boys' clothes will be shown also and distinctive types of new suits, coats, hats and shoes for the little men will be seen on the stage.

Outfit For Men.  
The men's furnishings stores of the city will have some unusually handsome outfits for men. Suits of regulation type, and also those with the new plaited trousers, such as the prince of Wales favors, and the latest stab vests, will be worn. With them will be exhibited just the right shoes and hats for each occasion. Handsome evening clothes will also figure in the dress parade, and every man who knows good clothes, or wants to know them should be on hand.

So much for the styles, which will form only a part of the rich entertainment provided for these two evenings, Wednesday and Thursday. A fetching song and dance review of all the latest song hits will open the program, and special dancing features have been added, such as have never been seen here before.

Hawaiian Dancers.  
The Hawaiian musicians and dancers will give a complete act which will offer a delightful entertainment in itself. These and the famous Scotch comedian, Jack Condel, who will give his act in Scotch costume, are headliners from the big vaudeville circuits who were fortunately obtained at a late hour as they were waiting for the regular circuit to begin and could spend a few days in Ranger. In addition there will be a whistler, brought from another city for these two evenings, who will give, bird imitations as well as favorite melodies and songs.

The black-face comedy act, and Tin-Pan Alley review, will add to this program and make it about as complete as any ever seen in Ranger. Tickets for both performances are now on reservation and it seems that the first night is about sold out, though there are a number of choice seats left. Those who would see the style show at its best can get their reservations by calling at the Crawford pharmacy or by phoning 422.

BOY AND DOG KILL SNAKES  
BELTON, Texas, Sept. 19.—Coming upon a large den of rattlesnakes 12-year-old Harold Tanner killed 19 of them with the aid of his dog. Not a rattler in the den escaped.

CAUSE OF PIMPLES EXPLAINED  
It is easy to understand why so many people never have been able to get rid of their pimples, blotches, bumps and other skin troubles, which keep them from being attractive, when you consider that few of them know what is causing them, and naturally don't know when they are not doing the right thing to get rid of them.

So-called skin diseases are caused by poisons from the perspiration becoming congested in the tiny pores and glands of the skin because they can't get out. Unhealthy skin holds them back and you know what must happen when you continue to let this condition exist. For this reason "skin lotions," etc., can't possibly help you any. You need what is known as Black and White Ointment which heals the sores, builds up the tissue of the skin, makes it active, so it naturally expels all the acid poisons which the system must throw off through the pores. Then pimples, blotches, "breaking out," eczema, etc., quickly disappear. Black and White Ointment is economically priced in generous packages. The 50c size contains three times as much as the 25c size. All dealers have it.—Advertisement.

Ranger Cotton  
Bringing Best  
Prices of All

Ranger cotton prices surprised a buyer who dropped in from Stamford, Texas, the other day, it is reported. He came in here with the expectation of getting cotton three and four cents lower than the current price. He went away empty handed. Buyers from several other West Texas towns have been in town looking for 25 and 26-cent cotton. So far they have not been accommodated.

Fort Worth spot cotton was quoted at 27.80 Monday. In Ranger the quotation was 28.5. Houston was slightly better than Fort Worth, cotton closing at 28.60. One year ago in Houston it was 20.50 and in Fort Worth 21.15. Houston reported 34 bales sold Monday. Ranger spot brought from 27.75 to 28 cents today as compared with 28.6 yesterday.

SWEETWATER HI COMING  
ON OCTOBER FIVE

Sweetwater High school football team will probably be seen on the Ranger gridiron on Oct. 5. A letter from the Sweetwater athletic authorities received today by J. W. Overall, principal of the Ranger High school, contained the terms on which the visitors will play here. The visitors asked for \$200 for expenses. Overall said that he would probably accept the terms.

ARCHAEOLOGISTS SEEKING  
RELICS OF U. S. ABORIGINES

LOS ANGELES, Sept. 24.—Excavations of interest and importance to the world are being made at the Hawikuh prehistoric village site, about 50 miles from Gallup, N. M., by members of the Heye Foundation museum of the American Indian, of New York, according to Capt. Thomas A. Joyce, archaeologist and vice president of the Royal Anthropological institute of Great Britain and Ireland, who made Los Angeles his headquarters preparatory to visiting excavation work at Santa Barbara and Santa Catalina Island, Cal. Captain Joyce passed considerable time at the New Mexico excavations. "The chief present interest of the founder and director of the museum, George Heye," said Captain Joyce, "is the Hendricks-Hodge expedition which has made a number of important discoveries at Hawikuh. Other archaeologists are conducting excavations at Kechipauan, a few miles from Hawikuh. "It is one of the richest archaeological fields on the American continent," said Captain Joyce. "The work now going on there, the results of which never before have been published, will undoubtedly throw a new light on our information relative to the people who inhabited America prior to its discovery by Columbus."

HARRY WILLS IS CALLED A BAD SPORT UP EAST

Negro Boxer Has No One to Blame but Himself, Says Henry Farrell.

By HENRY L. FARRELL, United Press Sports Editor.

NEW YORK, Sept. 25.—When the court decided that Harry Wills had no legal rights to force his way into a contest for the world's heavy-weight championship with Jack Dempsey he lost what little chance he had remaining for the title.

Wills may be held up as a martyr, in that circumstances seemed to militate against his chances to win the championship and a fortune, but when the facts are considered dispassionately, the big colored fighter has no one to blame but himself.

He had many supporters up to the time he sought to prevent the Dempsey-Firpo fight at a time when all the arrangements had been completed and when Tex Rickard had spent more than \$50,000 in preliminary arrangements. It placed him in the position of a bad sport and it cost him a lot of public sympathy.

Had Wills been that aggressive in forcing the issue a year or two ago he would have had a crack at Dempsey before Firpo and he would have had a better chance to win the championship two years ago, because it is known that he has slipped considerably in the last year. It is only natural that he could not retain whatever form he possessed without fighting.

Firpo worked himself into a bout for the title by building himself up on a lot of fights. He wanted a crack at the championship and he submitted to the process of being built up to the position of the logical contender by fighting everyone he was asked to meet.

Wills would have had the bout a long time ago if he had agreed or been willing to do the same thing. When he started out to build himself up, he made himself look bad, especially in the bout with Clem Johnson, and he apparently decided then that he had only one shot in him and that was good for a losing end with Dempsey.

He was offered \$10,000 to meet George Godfrey in one of the bouts in the milk fund show, where Firpo and Jess Willard appeared, but he turned down the offer, saying that he was too good to appear in anything that looked like a preliminary.

Firpo might have considered himself as being better than a preliminary fighter, but he had business sense enough to see the opportunity of making such a good showing that the fans would consider him the best of the lot on the card.

Wills could have gone on in a preliminary and he might have made such a fine showing that the crowd would have given the verdict that Willard and Firpo were both hams and that Wills was the real contender for the title.

The colored fighter would have been asked to meet Firpo, but it is almost sure that he would have refused.

Floyd Johnson, the young Iowa heavyweight, was willing to fight Wills, and several promoters were willing to offer a fancy purse, but Wills would not consider the fight.

While other contenders were fighting around and trying to force themselves into a title bout, Wills sat back and wept that he was being given a raw deal, but he made no move to help himself and in the boxing game there are few helping hands extended for anyone.

P. P. PALMER PREPARING TO MOVE TO KNOX COUNTY

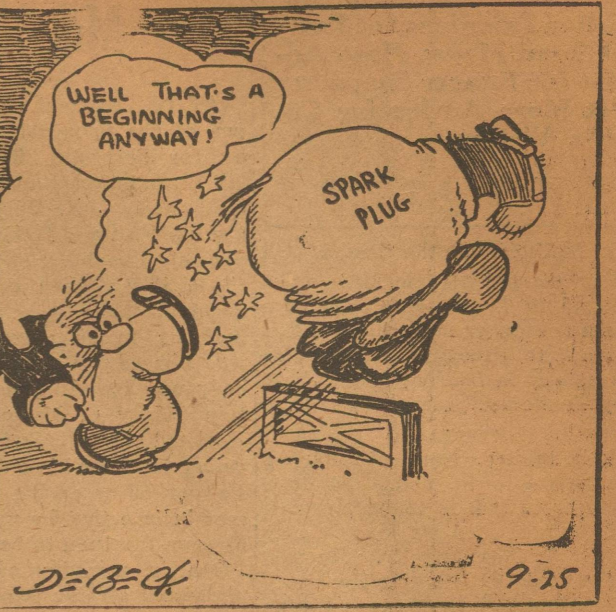

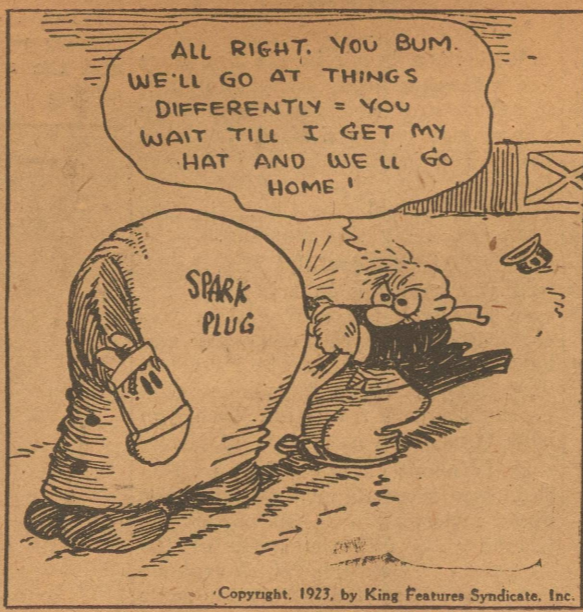

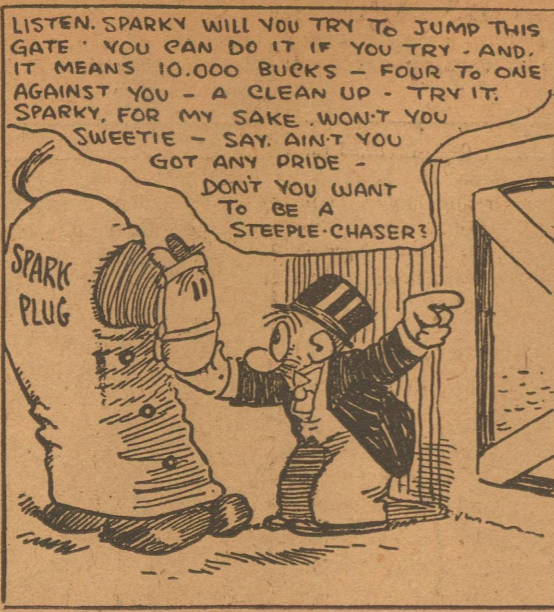

P. P. Palmer, formerly constable at Ranger and a resident of Ranger for several years, is preparing to move to Knox county to engage in farming. He has been at Munday for several days and was in Ranger yesterday and today arranging to move. He resigned the office of constable about 10 days ago.

Mr. Palmer said that farming is an occupation with which he is familiar and he is confident of success. He said he had leased a desirable farm tract near Munday and would break ground there and plant at once. Mrs. Palmer and their son have been there several weeks and were delighted with their new home, he said.

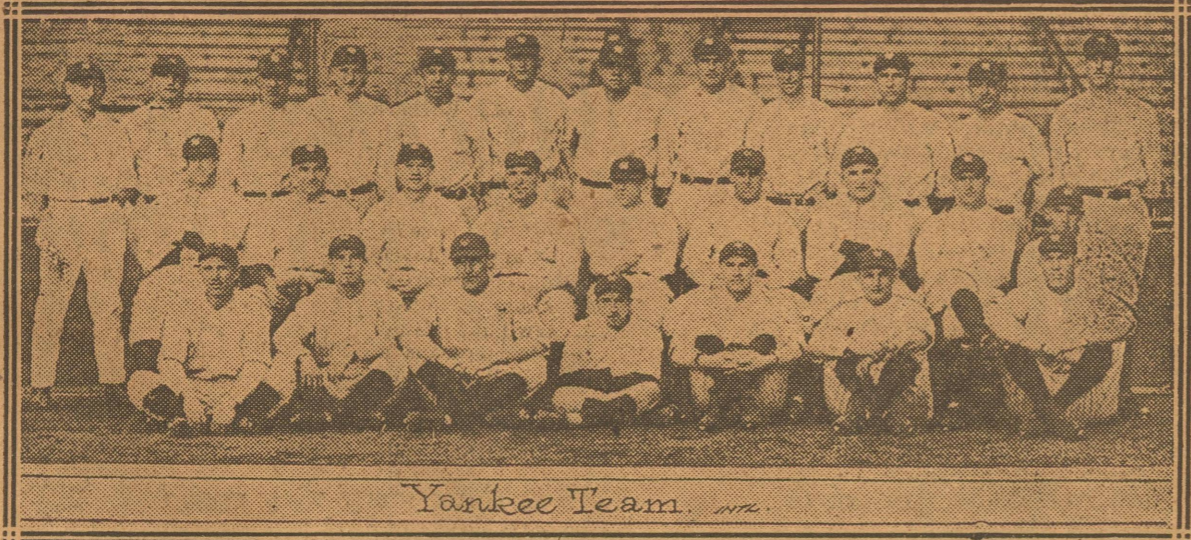

CANTON.—District Judge Joel R. Bond has entered up a \$25 fine against himself for being late in opening up district court here. Judge Bond resides at Terrell and because of heavy rains, he was delayed in reaching his post. He telephoned the sheriff instructions for opening the court. The judge has a reputation of often fining late witnesses or jurors.

DENTON.—A co-operative organization designed to encourage production and assist in marketing Honeyball cantaloupes has been perfected in Denton county. More than 200 acres have been pledged to the product for next season. W. E. Smoot, local banker, is president.

COUSIN OF PRESIDENT IS FARMING IN TEXAS

HOUSTON, Sept. 25.—In a little weather-beaten farmhouse in the midst of a huge strawberry patch, a cousin of the president of the United States, spends his time raising strawberries.

His name is Woodson Philip Coolidge, aged 64, and he came to Pasadena, a few miles from Houston down the ship channel, 27 years ago. The same broad, high forehead, the same Yankee nose, and the same odd twist to the mouth—the resemblance to the president is marked.

"I don't lay much claim to, being kin to the president," Coolidge said, "but I reckon I must be. Folks say we look so much alike and some of my boys look like him right smart." W. P. Coolidge is a Democrat. "My father was a Republican, but there's no use wasting your vote down here," he explained.

AIRPLANE GOLF IS LATEST.

EL PASO, Sept. 25.—Airplane golf, the newest innovation in the ancient Scottish pastime was introduced to local golfers when airplanes flew over the city links and players dropped balls from the cockpit of their machines.

The person dropping the ball nearest the hole won the game. No "holes in one" were reported.

J. W. SIX IMPROVES HIS DWELLING HOUSE IN HODGES OAK PARK

J. W. Six, who moved to Ranger recently from Moran and bought from O. D. Dillingham one of his houses in Hodges Oak park that formerly belonged to the Prairie Oil & Gas company, has been making material improvements to both house and grounds. He said he expected to have one of the most attractive dwelling houses in Ranger.

LOSES THREE QUARTER OF MILLION DOLLARS SO HE IS POPULAR

DEAUVILLE.—Nobody in this Normandy coast resort knows his name or his origin, but he's the most popular man who ever sat in the casino at the gambling hours. He speaks English, Spanish, French, Russian and half a dozen lesser known tongues with equal fluency. He is believed to be a South American. He was playing at one of the baccarat tables when suddenly he got up and remarked to the croupier: "Well, it looks as if I had no luck today." He had finished two hours and twenty minutes play, with a loss of exactly 11,000,000 francs, which, even in these days of the mounting dollar, comes to three quarters of a million dollars.

Yes, he's very popular in the casino.

EDUCATIONAL SURVEY COMMISSION MEETS TODAY

AUSTIN, Sept. 25.—Members of the educational survey commission of Texas were scheduled to meet here today to receive a list of persons considered desirable to act as directors of the survey.

The list was to be submitted by a sub-committee of the commission consisting of Dr. P. W. Horn, president of Southwestern university; Dr. S. P. Brooks, of Baylor university, and Gus Taylor, of Tyler.

The object of the survey is to increase the efficiency of state schools. Every educational institution from the smallest rural school to the highest institutions of learning are to be included.

Governor Pat M. Neff is president of the commission and Tom Finty Jr., of Dallas, is secretary.

Spring, Breckenridge, Cisco, Comanche, DeLeon, Dublin, Gorman, Hamilton, Hamlin, Haskell, Knox City, Merkel, Ranger, Roscoe, Stamford, Stephenville.

W. H. DYER ENTERTAINS RANGER SNAPPERS AND THEIR WIVES TONIGHT

W. H. Dyer will throw his home on the Spring road open to the members of the Ranger Snappers ball club and their wives, sweethearts and friends tonight for jolly, good time. There will be games, music and refreshments.

The Snappers will disband after the game with Breckenridge next Sunday for this season and Mr. Dyer is taking this opportunity to show that they were appreciated by Ranger fans this summer in providing them with the only ball club the city had following the failure of the West Texas league to organize again last spring.

COACH AND SEVERAL HI FOOTBALL PLAYERS SEE ABILENE CLASH

Coach Dillard Marshall of the Ranger High school motored to Abilene today to see the Abilene-Stamford football game. Marshall said that he was going over as an observer and pick up any points that might be used with profit here.

High school teachers probably saw a number of empty desks in their class rooms today, for most of the boys expressed the wish to see the clash. The playing points of both contesting teams will be of interest to the Ranger players for both Stamford and Abilene are in section three of the Texas university state championship interscholastic league. Ranger is in the same section.

SEVENTY MINERS DROWNED WHEN COLLIERY IS FLOODED

By Associated Press

GLASGOW, Sept. 25.—Seventy lives are believed to have been lost when a mine colliery near Falkirk was flooded early today. The water broke through the walls of an adjoining pit that had not been used for years and the pit was flooded so quickly there was no opportunity to warn the miners. Only one man escaped after the flooding of the mine began.

Little hope was entertained today of saving any of the victims.

MAY BE ABLE TO TELL SEX OF BABY IN ADVANCE SOON

BERLIN.—(By mail to United States).—The age old problem of determining beyond peradventure in advance the sex of a baby is near solution.

While the "stethoscope method," recently reported, is almost infallible, it sometimes reports a girl instead of a boy and vice versa. Hence, German medical experts are now occupying themselves with achieving a system biologically perfect.

Dr. Ernst Graefenburg, Berlin's foremost gynecologist, revealed to the United Press details of a new serum, akin in its application to the famous Tuberculin test, which he believes will make it possible to tell months in advance of births when the offspring will be male or female.

Graefenburg's serum is developed from certain glandular secretions of the male and female. If the male serum is applied and fails to react, the chances are that the forthcoming baby is female; but when the female serum is applied and gives a definite reaction, it proves the sex of the baby. This process is reversed to determine a boy baby.

COURT ORDERS BANK BUILDING IN EASTLAND SOLD

EASTLAND, Sept. 25.—An order to sell the Security State bank building with the banking furniture has been issued by Judge G. L. Davenport.

G. A. Davison of Eastland has offered to pay \$95,000 for the building and furniture. His offer will have to be confirmed by the court. Application to sell the building was made by the trustees of the old Security bank.

The building will be occupied by the new Exchange National bank.

Free Advice Based on So-Called Experience of Tourist Road Maps; More Advice for Ranger Snappers; Yet More Advice for Cuid's Victims.

By P. G. T.

Jack McGloin of the Prairie Oil and Gas company is leaving on a motor trip to Tennessee. Jack says the main reason he is fording in this direction is to discover if all the nice things he's been hearing about these "sunny Tennessee" songs are true.

Jack is taking along a flock of tourist maps so he can't get lost. Our advice to him is to be leery of tourist maps. Once we knew a guy who went to Los Angeles. He was so self-reliant that he didn't ask any questions and got all his travel dope from a tourist map. He followed the map very carefully, but on driving into Los discovered that he had driven to Chicago instead. Time tables are hard enough to read, but only a topographical engineer should undertake to read a tourist road map.

In the opinion of many luke-warm baseball fans who are full-fledged fight fans, the Snappers make a grave mistake in not advertising their fight combats in advance. Any number of fans have expressed their desire to see these fights and if the Snappers will advertise in the future, they will be assured of a packed stand.

Mendenhall and Swift are making a "swift haul" from different stores in town for gifts to be donated to the bride and groom who are to be married publicly at the Elks' circus. Already the collectors have pulled together quite an assortment, consisting of a curling iron, a start for a savings account in the Ranger State bank, a box of candy and other things too numerous to mention. If this bride and groom get cold feet and back out, it will cost them plenty.

A Rangerite says: "I notice by all these here café score cards that spaghetti is listed under the head of vegetables. Been wonderin' for a long time how the carnsarin things was made and am goin' to get seeds and plant a few spaghetti bushes round the house."

### ARTICLE TEN FAILS TO OBTAIN INTERPRETATION

By Associated Press.

GENEVA, Sept. 25.—The proposed resolution for the interpretation of Article 10 of the League of Nations covenant was rejected by the league assembly today. Poincaré alone voted against the resolution, but a unanimous vote is necessary for approval.

The resolution provided that the constituted authorities of each state should alone have the right to determine what military assistance should be accorded other nations if their integrity was threatened.

### ACID STOMACH CAUSES ULCERS

"I believe I had as bad a case of acid stomach as anyone ever had. I was in such condition that my food would no longer assimilate or digest and sores developed in my mouth even. My stomach was so sore from ulcers that the pressure of my clothes hurt me. I used FERRASAL and it completely cured me. I will recommend it to anyone as the greatest remedy for acid stomach, constipation and indigestion."

HENRY G. DANNELLY,

5663 Goodwin St., Dallas, Texas. Acid stomach is a seemingly harmless condition in itself. If not corrected it may result in ulcers of the stomach and then cancer. Don't neglect it. Buy a 50c box of FERRASAL from your druggist. Take regularly night and morning for a month. We guarantee relief or your money refunded.

Sold by Oil City Pharmacy.—Ad.

### Jealousy Believed Motive For Killing Mrs. Lela Beall

ABILENE, Sept. 25.—Jealousy is one of the principal theories advanced for the brutal killing of Mrs. Lela Beall, married and mother of four children, by I. H. Martin of Colorado, also married and father of a thirteen-year-old daughter, on a road west of Clyde in Callahan county, Saturday evening, while speeding along the highway in an automobile. Martin was chased by a posse. When his body was found in the draw by Captain Sidney C. Mason of the Texas National Guard, Sweetwater, a revolver lay near his outstretched hand. Powder burns on his vest made officers believe that he preferred to take his own life than to be taken prisoner. Martin was hunted all Saturday night and all day Sunday by officers and civilians.

Mrs. Beall was probably struck in the head with the butt of a gun, according to Milburn S. Long, district attorney, who examined the car from which the woman was hurled. Blood was spattered over the inside of the car.

### MRS. H. C. HAMILTON, LONG-TIME RESIDENT OF RANGER, IS DEAD

Mrs. H. C. (Grandma) Hamilton died this morning at 5 o'clock at the home of her son, C. C. Hamilton, in Ranger, after a long illness. Funeral services will be conducted in the family home on the Strawn road at 1 o'clock Wednesday afternoon by the Rev. W. H. Johnson, pastor of the First Baptist church, and interment will be in the Mt. Zion cemetery, Lacasa, at 3 o'clock.

Mrs. Hamilton was born in Fulton county, near Fulton, Ky., Feb. 26, 1843. The family has resided in Ranger since 1878. She was a devout Christian woman and had many friends. She is survived by one son, C. C. Hamilton, and a number of grandchildren.

### PRESENCE OF MIND IN WATER IS DESIRABLE

DENTON, Sept. 25.—Presence of mind on the part of W. E. Mann saved himself from drowning while swimming here recently.

Mann, with a number of others, was swimming when he suddenly exhausted himself in the middle of the lake. He called for help and M. W. Deavenport swam to his assistance. Deavenport was nearly exhausted when he grabbed Mann's clothing and held him above water.

Mann, with remarkable coolness, lay quiet and made no attempt to struggle while Deavenport struggled to keep afloat. Others in the party formed a human chain and succeeded in pulling both to safety.

WACO.—A meeting of the protective section of the American Railway association, southern division, will be held in Waco Oct. 25, according to announcement from officers received here. Approximately 100 special agents of railroads in Texas and Louisiana are expected to attend.

DALLAS.—A. F. Henning of Dallas, has been named head of the department of journalism at Southern Methodist university here, effective Oct. 1. He has been connected with Texas newspapers in various capacities for 35 years.

LUFKIN.—The annual convention of the Dallas district, Church of Nazarene, has been called here for Oct. 17 to 21. Delegates will be present from 50 churches. The visitors are expected to number 200.

### NO FEAR OF EVIL resulting from change of diet, water or climate, concerns those who take on the short trip, summer vacation or long journey.

#### WEDNESDAY BRIDGE CLUB CHANGES MEETING DAY.

The regular meeting of the Wednesday Bridge club has been postponed from this week until Wednesday, Oct. 3, when it will meet with Mrs. C. A. Conley.

#### METHODIST MISSIONARY CONTINUES BIBLE STUDY.

An interesting study of the Bible, and of the constitution and by-laws of the General Missionary society, occupied the ladies of the Methodist church at their regular meeting on Monday. There were about 20 members present. The meeting of next week will be a business meeting devoted to ways and means and plans for work.

#### PERSONALS.

Mrs. George L. Davenport returned Monday from Ohio where she has been with her daughter for the last two months.

CORSICANA.—R. L. Hoover, deputy of the state oil and gas division of the railroad commission, has tendered his resignation to Chief Supervisor R. B. Walthall at Austin. The resignation has been accepted effective Oct. 1. Hoover has been located here for some time.

BROWNWOOD.—West Texas optometrists are scheduled to meet here Oct. 8, the opening day of the Brown county fair. The West Texas Optometrists' association was organized here with M. W. Armstrong of Brownwood as president.

PALESTINE.—Plans are going forward for the Texas Fruit palace which will be held here Oct. 16 to 19. The palace is to be staged to encourage improvement and promotion of vegetable raising, gardening, home economics, education and other agricultural interests, according to officers. Reduced railroad rates have been granted for the occasion.

DENTON.—Joe McGee, 14-year-old Denton county farm boy, has established what is said to be one of the best records of any boy in Texas for pig growing. Young McGee entered the state ton-litter pig contest with ten pigs and produced 2,903 pounds of pork in six months. He reports he made a profit of nearly \$100 on the litter.

### MRS. LASCH PHONES GOOD-BYE TO DAUGHTER SAILING AT FRISCO

Without a break in the line once and without a need of repeating during the entire time the conversation was carried on, Mrs. M. B. Lasch of 1009 Young street, talked to her daughter, Mrs. Waneta Clark, wife of Lieut. Harold L. Clark in San Francisco early this morning.

"Radio is wonderful," Mrs. Lasch said this morning in telling of the ease in which the conversation was carried on and the clearness and naturalness of her daughter's voice, "but long distance telephone connections are a revelation once you have tried them out."

It is about 1,815 miles to San Francisco from Ranger via the most direct railroad line to the city at the Golden Gate and the wires of the American Telegraph & Telephone company are approximately the same distance if the San Francisco office of the Bell Telephone company made the connections along the Southern Pacific railroad route. It is likely the San Francisco operator made a shorter circuit, however.

Lieutenant and Mrs. Clark sailed at noon today aboard a United States army transport with a group of 48 army officers and their wives for Hawaii. The Clarks visited Mr. and Mrs. Lasch before departing for San Francisco and it was agreed a final farewell would be said over the telephone wires before the former sailed for a three-year stay in the Hawaiian islands. Lieutenant Clark has been in the air service for seven years and he and his wife expected to find many agreeable acquaintances, who have preceded them to the islands of Uncle Sam. He will be commissioned a captain on his arrival at Luke, where he will be stationed, it was said.

Following the Ranger conversation, connections were made with Minneapolis, so that Lieutenant Clark could bid his father good-bye.

Mrs. Lasch complimented the Ranger long distance operator for her efforts at this end of the connection.

Ranger Shoe Co. 206 MAIN "Where Quality Counts, We Win"

FORT DAVIS.—The apple movement from the Fort Davis section is under way. First carload shipments of the season were made this week and other cars will be moving to market immediately. Demand for the crop is strong, growers report, and the crop is turning out favorably.

HOUSTON.—Houston's municipal grocery store may pass into history within a short time, it is said by officials. The store was established during the World war to serve as a check on high prices, it is said. Records of the establishment in recent months show it is losing money, according to reports.

About 65 per cent of the world's tale is produced in the United States. Tickets for the Ranger Style Show and vaudeville now on reservation at Crawford's Pharmacy.—Advertisement.
