UNIVERSITY PRESIDENCY TWICE DECLINED

BURKETT IN HILL COUNTRY OF WEST TEXAS

Good Audiences in Sanderson, Alpine and Marfa Hear Issues Discussed.

SANDERSON, Tex., May 17.—In discussing here today the industrial development of Texas, Senator Joe Burckett, candidate for governor, said in part: "Our natural resources are unbounded—almost beyond comprehension, yet we have not awakened to the wonderful possibilities that are wrapped therein. There are woods for lumber, furniture, etc., more coal than in any other state in the union and at comparatively shallow depth and electricity, the coming commodity for heat, light and motive power, could be manufactured cheaply from this coal. Our water power should be developed and utilized and factories built for consumption of raw materials, and of cotton, wool, etc.

"We have the best road materials of cement, gravel, sand, brick material, and iron ore in the world, from which to manufacture steel for structural purposes, all easily accessible. We must have capital to develop these resources. I believe in a liberal policy towards capital, and if elected governor will approve laws favorable to the industrial development of Texas. We must have skilled labor to convert these raw and natural commodities into the finished product. Let us set earnestly about the rebuilding of our state in substantial, business-like and industrious manner. Of course, we must have capital, but we must also have labor, and in order to secure labor we must be fair and reasonable with labor to such an extent that we pass wholesome laws to govern the working conditions of our great laboring commonwealth, and see that labor is fairly treated by capital.

He declared himself in favor of organized labor.

Speak At Alpine.
Burckett addressed a good audience in Alpine at 8:30 this evening. He gave a brief sketch of his life and said he had no campaign headquarters or manager and that if he was elected he would owe allegiance only to the citizens of Texas as a whole.

He declared himself in favor of soldiers' compensation, a central state bank, long time rural credits and reduction of interest rates. Touching upon the plan question, law enforcement, and penitentiary and highway systems, Senator Burckett devoted considerable time to discussing the educational problems of the state.

"Upon the adequate education," Senator Burckett said, "of all our people depends the welfare of our state and nation. Good citizenship is the aim and end of all statecraft. The state of Texas owes every child in it a common school education, but it owes no man or woman a university education. It is not right to spend \$300 to \$2,000 per capita, as we are doing, at the University of Texas, on a favored few men and women to make lawyers, musicians or artists of them when there are country schools with terms as short as three or four months depriving hundreds of children of even the rudiments of learning. I am in favor of these institutions being maintained and built up, but I believe that a reasonable tuition fee should be charged students in these schools thereby making available more funds for our free public schools without increasing our taxes."

Address In Marfa.
Burckett spoke also in Marfa today, discussing the penitentiary system. "For many years our penitentiary system has been a problem," he said. "Under present system we are confronted with the fact that able-bodied men cannot make a living for themselves although furnished free lands and equipment. The penitentiary system has cost the taxpayers of Texas during the past three years, nearly three million dollars. Something is wrong with the system or else it is not run in a business-like way. I do not deem it advisable for the system to be maintained upon farms in the low, wet country that it now is. One convict cannot work enough land; floods are too frequent; malaria is too prevalent. I believe that many men who go to the penitentiary could be trusted to work on the roads without guards. It seems to me that the system should produce enough to supply the system, with food and clothes, as well as all our asylums and state institutions. Then a great portion of them should be worked on the highways in maintenance as is done in other states. They could maintain a great per cent of our state roads. I believe it would be profitable to run a cement factory with a portion of them, selling the cement to the cities and counties of Texas at actual cost. Others should be used in the making of vitrified brick for road construction, still others should be employed in factories making such articles as are needed for the system and other state supported institutions such as the deaf and dumb and blind and juvenile training schools."

Teachers are Named For Ranger Schools

THREE AIRMEN FROM AMERICA CROSS PACIFIC

Round the World Flyers Hop From Aleutian to Kurile Group on Westward Way.

PARAMASHIRU, Kurile Islands, Japan, May 17.—The United States army round-the-world flight has reached Japan. Three of the big planes which left the Cloverfield, Santa Monica, flying field in March have arrived here from Chicago, island of Attu, in the Aleutian group. This flight of 878 miles is considered the most difficult ever attempted, being an uncharted course over icy waters and bleak and uninhabited coasts. It is the longest and most difficult flight, probably, of the entire round-the-world journey.

Lieutenant Lowell H. Smith is in command of the squadron, following the mishap which forced the flagship Seattle, with Major Frederick L. Martin, the commander, to abandon the expedition, his plane having been smashed beyond repair when it collided with a mountain peak in a fog. The two other planes are piloted by Lieut. Erik Nelson and Lieut. Leigh Wade. This is the first time air-planes have ever flown from North America continent to Asia.

HOUSE PASSES BONUS BILL OVER PRESIDENT'S VETO, SENATE ACTS NEXT

WASHINGTON, May 17.—With little debate, the house today passed the soldier's insurance bonus bill over the president's veto. A number of members who had voted for the bill originally, switched their vote against over-riding the president's veto, but this did not affect the result, which was a foregone conclusion. The vote was 313 to 78, or 53 votes more than the necessary two-thirds of those present and voting. These members voted "present."

GAME OF NINEPINS IS SEVEN HUNDRED YEARS OLD

BERLIN, May 17.—The game of ninepins, in its present form, can be traced back for more than 700 years. So Dr. Erich Ebstein assures ninepin fans after having made an exhaustive investigation. The first trace of the game Ebstein discovered in an old chronicle of the Westphalian city of Paderborn.

VICTIMS OF AUTOMOBILE ACCIDENT WILL RECOVER

HOUSTON, May 17.—Clifford Rhineland, wealthy drug store proprietor of Dallas, who was thought to have been fatally injured this morning when the roadster in which he was riding in company with three other young people of Dallas, overturned, is reported to be resting easily at a hospital here today, and will recover, according to physicians.

Miss Anna Mimms and Miss Ethel Lake, both entered in the bathing girls' revue at Galveston, to where they were en route when the accident occurred, although suffering painful injuries are well out of danger.

Ranger Elks Will Move To New Home Before June First

Work on the new quarters for the Ranger Elks is progressing rapidly and it is promised the club will be installed in its new home by June 1. The new clubrooms will occupy the main floor of the brick building on Second street, midway between Austin and Marston, that once was the Commercial hotel. It was burned out more than a year ago and difficulties in getting the title untangled prevented work of rebuilding for a long time.

The Elks have a lease on the building for several years with an option of purchase or renewal of lease at the expiration of the first period. The lower floor of the building will be occupied by the Gullhorn Motor company. The new assembly hall of the Elks will be one of the largest in Ranger and, with a good floor, promises to be one of the social centers and most popular ballrooms in the city.

BACCALAUREATE SERMON WILL BE PREACHED TODAY

Union Service in Methodist Church for Ranger High School Graduates.

Members of the Ranger high school faculty and of the graduating class will meet at the high school at 10:45 o'clock this morning and go in a body to the Methodist church, where the baccalaureate sermon will be preached by the Rev. A. W. Tall, pastor of the church.

Members of the Presbyterian, First Baptist, Christian, Central Baptist and Church of Christ will join in the union service this morning at the Methodist church and no services will be held in those churches. Each of the pastors is to have a part on the program, and the choirs of the several churches will be massed in one big choir.

"Come Thou Almighty King," and "Lead On, Oh King Eternal," will be sung at the service. The Rev. G. D. Robison will give the invocation, the Rev. H. B. Johnson and the Rev. W. H. Johnson are to give Scripture readings and the Rev. A. W. Leake is to give the closing prayer.

With many of the churches joining in this special service for the high school graduates, and the congregations attending in a body, together with a large number of the high school students who are looking forward to being graduates themselves some day, the Methodist church auditorium, large as it is, probably will be filled to overflowing for this morning's service, due to start promptly at 11 o'clock.

KLAN STREET SENTRIES IN SOUTH BEND, IND., ATTACKED

By United Press.
SOUTH BEND, Ind., May 17.—Eight Ku Klux Klansmen doing sentry duty on street corners here today were attacked by a mob of men who tore their robes and masks off, according to Klan officials. The mob, according to the klansmen, was composed of students at Notre Dame university. The sentries were stationed on downtown streets to direct delegations of klansmen arriving for a konklave to be held here tonight.

ORIENT EXPRESS WRECKED NEAR ITALIAN FRONT

LONDON, May 17.—The Orient express train was wrecked at Adelsburg, near Labranch on the Italian frontier, when it crashed into a freight train, according to a Central News dispatch received here today. Four persons were killed and many injured, many so seriously that they may die. Four coaches of the train were smashed. A switchman committed suicide with a pistol when accused of responsibility for the wreck.

M'ADOO AND COOLIDGE WIN OREGON DELEGATIONS

PORTLAND, Ore., May 17.—Oregon gave Calvin Coolidge more than a 3 to 1 edge over Senator Hiram Johnson of California in the primaries in yesterday's election, on the basis of the returns early today.

William G. McAdoo received the democratic support, being the only candidate on that ticket.

HIGH SCHOOL PRINCIPAL NOT YET SELECTED

Board of Trustees Selects Staff for Next Year; Only a Few Vacancies Remain.

Election of a principal for the Ranger high school was deferred by the Ranger school board, meeting Saturday afternoon, until a week from next Tuesday, but a large number of teachers were elected. A few vacancies are yet to be filled, it was stated by the trustees after the meeting. The following teachers were named:
High school: C. M. Harvey, J. N. Messer, Blair Cherry, O. G. Lanier, Miss Mangum, Mrs. Flossie Kilpatrick, Miss Stafford, Miss Buchanan, Miss Lavey, Leo Langford, Miss Ina Joy Nowlin, Miss Ruby A. Green.
Young school: W. R. Pettit principal; Miss Jimmie Wagner, Miss Addie Welch, Miss Maud Latham, Miss Mittie Pettit, Miss Lewis, Miss Vestel, Miss Messic, Mrs. E. O. McNew.
Central school: F. O. Lewis, principal; Miss Sidnor Branch, Mrs. Mae Healer, Miss Mary Johnson, Irene Blair, Miss Hardsell, Mrs. Lora Oldham, Miss Hortense Ross, Mrs. Dalphine Casey, Miss Jewell White, Miss Lucille Davenport, Mrs. W. W. Hall, Miss Lula May, Mrs. William Jones.

Cooper school: H. L. Baskin, principal; Mrs. Alexander Neill, Ike Irvin, Miss Katherine Long, Miss Dora Baskin, Miss Myrtle McFarland.
Merriman school: Mrs. J. N. Poe, principal; Mr. J. N. Poe.
Tiffin school: A. E. Pettit, principal; Mrs. Olive McFarland.
Colored school: Mrs. M. C. Watkins.
Superintendent of schools: E. O. McNew.

LEASING BECOMES VERY ACTIVE IN AREA OF SHALLOW DRILLING

With the bringing in of the Williamson Bros. No. 1, located on the Fox tract, about seven miles south of Ranger, leasing has become quite active in that region. The Humble Oil and Refining company has moved its outfit to the W. M. Sneed tract, about 500 feet south of the Williamson well, and will commence rigging up immediately. Daly Bros. have also moved their outfit to the S. W. Wheeler tract and will start on their rig immediately.

SENATOR HARRISON TO SOUND KEYNOTE FOR THE DEMOCRATIC CONVENTION

NEW YORK, May 17.—Senator Harrison of Mississippi, spokesman plenipotentiary and orator extraordinary of the democratic party in the upper branch of congress, will be the temporary chairman and deliver the keynote address of the democratic national convention here. He was unanimously selected by the convention committee on arrangements at a meeting this afternoon.

The selection of Harrison met with approval in all quarters. "I am delighted with the designation of Senator Harrison," said William C. McAdoo at his headquarters in the Hotel Vanderbilt. "My friends supported him strongly. He is just the man for the job."

DOHENY MONEY MAY HAVE FINANCED MEXICAN REVOLT

WASHINGTON, May 17.—An effort was made in the hearing of the Daugherty investigating committee today to show that the \$100,000 loaned Albert B. Fall by E. L. Doheny, lessee of the naval oil reserve No. 1, was used to finance a revolution in Mexico.

Examining Warren H. Grimes, department of justice attorney, Senator Wheeler demanded to know if the department files did not show that the "alleged oil bribe of a cabinet officer" went to buy arms for a revolution in Mexico.

FERGUSON MAY NOT GET NAME ON THE TICKET

District Court Grants Petition for Injunction; Two Appeals Are Taken.

By United Press.
HOUSTON, May 17.—James E. Ferguson's name will not go on the ballot as a candidate for governor of Texas in the democratic primaries, July 26, if the higher courts uphold a decision of Judge Ewing Boyd made in the Fifty-fifth district court here today.

Opponents of Ferguson, who was impeached shortly after starting on his second term as governor, insisted that he could not again hold office in Texas because of his removal from office. Judge Boyd, after repeating the arguments of counsel for the former and answering them, said he would issue an injunction to prevent the state executive committee from certifying Ferguson's name for a place on the ballot, just as if this was to be the final decision in the case. Notice of appeal was given at once by Ferguson's counsel.

Attorneys for the state executive committee, which is to be served with the injunction sued for by John F. Maddox of Houston, seeking to bar Ferguson, also excepted to the ruling of the court and gave notice of appeal. This was taken to mean that the committee had intended to put Ferguson on the ballot.

President Has Cold Of Which Dr. Sawyer Speaks Mysteriously

WASHINGTON, May 17.—President Coolidge tonight was reported by white house officials to be recovering from the cold that kept him from his office all day today, and it was believed he would be back at his desk Monday.

Some alarm was felt for a while early today because of the mysterious behavior of Brigadier General Sawyer at the White house after his visit to Mr. Coolidge this morning, when Sawyer absolutely refused to discuss his condition in any way.

"All I can say is that the president is indisposed with a cold and it is deemed advisable that he remain in his room and keep quiet until he can return to his duties without liability," said Sawyer.

C. Bascom Slemo, the president's secretary, allayed fears when he announced after seeing the president that Mr. Coolidge had absolutely no fever and was suffering from a bronchial cold that required rest and confinement indoors, out of the damp air, for cure.

Secretary of War Weeks, who was a caller, also said Mr. Coolidge was feeling better and even hoped to be out tomorrow.

Mr. Coolidge is believed to have caught cold Thursday at the white house garden party, when he stood in the chilly air on the lawn without a hat receiving guests.

VICTORIOUS PARTY IN FRANCE SEEMS UNCERTAIN HOW TO USE VICTORY

PARIS, May 17.—Many leaders of the left feared that the fruits of victory at the polls in the national elections are being passed away by international dissension, jockeying and wire pulling as the time draws near when someone must form a government to succeed that of Premier Poincare.

There is a growing conviction that the forthcoming socialist congress will be defied to refuse to permit its members to accept portfolios in a coalition government. This would greatly complicate the task of forming a cabinet. Edouard Herriot, likeliest choice for the premiership, is deliberately remaining away from Paris until the situation becomes clarified.

Black Gold Wins Golden Jubilee \$50,000 Race

CHURCHILL DOWNS, Louisville, Ky., May 17.—Black Gold, Mrs. R. M. Hoot's black colt, won the golden anniversary trophy here today in a sensational stretch finish. The colt, ably ridden by jockey J. B. Mooney, laid off the early pace for the first mile and then came up with a sensational burst of speed to win the \$50,000 race by half a length in two minutes and five and one-fifth seconds.

Chilhowee finished half a length in front of Beau Butler. The best thoroughbred of the East were totally vanquished in the Golden Jubilee race. The prices: Black Gold, \$5.50, \$5.40 and \$4.40. Chilhowee, \$12.30 and \$7.50. Beau Butler, \$4.70.

Mosliah Temple To Escort Big Caravan Across Hot Sands

FORT WORTH, May 17.—In order to take care of the overflow of novices from the big spring ceremonial, Moslah Temple will stage an abbreviated ceremonial, which will be held at the mosque on Lake Worth, Saturday evening, May 24, according to an announcement by Potentate Frank Taylor.

Reports are very gratifying and it is confidently expected the class of novices will number about 60, many of whom were unable to attend the larger ceremonial last April.

Director of Work William Southwell and his staff of co-workers report that the camels have had sufficient rest and will be ready to take the caravan across the desert again by May 24, and also that the hot sands will be even hotter than ever in order that the nobility may have plenty of enjoyment.

Novices will register during the day at 804 1-2 Houston street and autos will leave that address for the mosque at 7 p. m. when the ritualistic first and third sections will be staged, after which will follow the Moslah famous second section.

Reservations on Moslah Temple's special train to Kansas City to attend the Golden anniversary session of the imperial council, which will be held June 3 to 5, are coming in very fast. The special train will leave Fort Worth via the Rock Island, Sunday afternoon, June 1 at 2:15 p. m., arriving in Kansas City early Monday morning, June 2. Headquarters will be established at the Sherman and Tanner hotels there upon arrival.

Over 150 members of the uniformed bodies, which include Moslah temple band, patrol and drum corps, will be on the train leaving Fort Worth, in addition to which there will be several special Pullman cars from other cities west of Fort Worth who will join the special from here.

Shriners who wish to make the trip are urged to make their reservations with General H. Jones, recorder, at once that they may not be disappointed at the last minute in getting desirable space on the Pullman cars.

DESTRUCTIVE FIRE IN CHICAGO STOCKYARDS AREA

By United Press.
CHICAGO, May 17.—Fire was raging in the heart of the stockyards district here tonight and damage estimated at \$600,000 had already been done. Thousands of head of cattle and sheep were incinerated. The fire broke out in the yards of the Union Stock Yards & Transient company and ravished the frame buildings, cattle bins, sheep pens and frame shops. The area of the fire is a block square and scores of pieces of fire apparatus were fighting to prevent the flames from spreading to the stores of surrounding lines.

After an hour's hard fighting, fire officials announced that they had control of the blaze.

CROWDED INTERURBAN CAR ACCIDENTALLY DERAILED

By United Press.
HOUSTON, May 17.—Two hundred interurban passengers en route to the bathing girls' revue at Galveston narrowly escaped being injured late this afternoon when the second car of a three-car special train split a switch while inside the city limits and was derailed. Passengers experienced only a severe shaking up.

Officials of the Galveston Beach association reported this afternoon that 100,000 visitors were expected for the revue.

DR. FORD OF MINNESOTA IS VERY POSITIVE

Declines Offer of Texas Regents as Did Governor Neff Just Previously.

MINNEAPOLIS, May 17.—Dr. Guy Stanton Ford, dean of the graduate department of the University of Minnesota, told the United Press today that he would not accept the presidency of the University of Texas, which was offered to him. He refused to make a formal statement. Dr. Ford has sent the board of regents of the Texas university a telegram declining the offer.

AUSTIN, May 17.—When it became known in Austin that Dr. Guy Stanton Ford of the University of Minnesota, had declined to accept the presidency of the University of Texas, announcement was made that the board of regents, which is to hold an adjourned session here May 27, will again consider the election of a president.

Dr. Herbert E. Bolton of the University of California, Dr. W. B. Bizzell, president of Texas A. & M. college and Dr. J. B. Eskridge of Oklahoma have been mentioned for the place.

The board of regents, late Friday, offered the presidency of the University of Texas to Governor Pat M. Neff and wired him the offer, the governor being at the time in Eastland, where he was to address the high school graduates Friday night. The governor promptly wired his refusal of the offer, stating that while it was an inviting offer, he did not see his way clear to accepting it.

Sam P. Cochran of Dallas and Frank C. Jones of Houston, who opposed the selection of Governor Neff, promptly resigned from the board when a majority of the regents had voted to offer the place to the governor. They issued a statement in which they expressed high personal regard for Governor Neff, but that they believed it "contrary to the best interests of the university and of the state, and wrong in principle, to select as the president of that institution the governor of the state, who holds the appointive power with respect to the board of regents."

It is understood the resignations of Cochran and Jones have not yet been accepted by the governor and they may be asked to reconsider.

Single Shot From Ambush Kills Young Man and Young Girl

MARYVILLE, Pa., May 17.—A single shot from a rifle was responsible for the murder of Miss Leah Ellenberger, 19, of Harmonsburg, and Harry Damsger, 20, president of the graduating class of the Marysville high school, authorities investigating the death of the two senior students, who were found dead in an automobile at Lamb's Gap, near here, early today, declared. The police believe the two students were killed from ambush.

The gun was seated at the steering wheel of the car and the boy was standing as if just about to step into the car. His dead body was found hanging over the side. A single steel jacketed bullet penetrated the young man's head and then passed through the body of Miss Ellenberger. Apparently both died instantly.

DELEWARE BATTERY CALLED OUT TO PROTECT NEGRESS

WILMINGTON, Del., May 17.—Governor William D. Denney has ordered out a battery of state militia to protect Anna Lewis, negress, who killed Mary T. Davis, police matron. The Lewis woman is being held at the workhouse here, and is being guarded against attack by mobs bent on lynching.

CONVICTED MAN WITH DEATH AHEAD ASKS NEW TRIAL

By United Press.
BEAUMONT, May 17.—Motion for a new trial was filed late this afternoon in the case of George W. McNeal, of Port Neches, convicted Thursday on a charge of criminal assault and then given the death penalty. Judge O'Brien stated that he may not pass on the case until motion day, which will be at the next term of court.

BROTHERS-IN-LAW FIGHT WITH KNIFE AND PISTOL

DALLAS, May 17.—Lovard Roberts, patrolman, and Robert Barker, a barber, and brother-in-law, were seriously wounded in a knife and gun battle on a downtown street here this morning. Roberts was taken to the hospital with three severe knife wounds. Barker was shot in the abdomen.

MRS. FINNEY TO ENTERTAIN THURSDAY BRIDGE CLUB
The Thursday Bridge club will meet next Thursday with Mrs. E. D. Finney, Peck and Terrell streets, at 2:30 o'clock.

Mr. and Mrs. S. P. Boon returned yesterday from Brownwood, where they participated in the festivities of the annual convention of the West Texas Chamber of Commerce.
Mr. and Mrs. D. L. Wilson and their daughter, Miss Violet, of Vernon, Texas, who have been the guests of Mr. and Mrs. S. P. Boon, expect to return to their home today.
NEW ERA CLUB PLAY PROMISES LOTS OF FUN
With every indication of success and a full evening of fun and merriment at the final presentation, the rehearsals for the play to be presented Tuesday night by the New Era club go merrily on.

The cast of characters includes many well known and popular society folks of Ranger, some of them more than ordinarily gifted for a play of the type of "Mrs. and Mr. Polly Tikk."
A steady stream of laughter provoking dialogues interspersed with plenty of snappy music promises to keep the audience in a roar of laughter from beginning to end of the evening.
When the curtain rises on the opening scene, the audience beholds Father Time and Dame Fashion discussing the approaching fashions for men and women. Father Time reads in his record book of girls in hoop skirts and polk bonnets as in the days of long ago. Dame Fashion sees in her crystal ball men in ruffled trousers and frills—all of which will be portrayed in an ensemble of music composed of the entire cast.
The time is 1975. The women, since getting the ballot, have taken the reins of government and gradually exchanged places with the men. The women now dress in mannish clothes and attend to practically all the business, leaving the men at home to do the housework, sewing, darning, nursing, etc. The married men dress in frills and furbelows, and seem at the beginning of the play to have lost all their masculine habits and to have surrendered all of their male attire except their pants, to which they hold with bull-dog tenacity.
In the first act, the women go off to the lodge, leaving the men behind. The neglected husbands get together for a knitting party. Billy Lawson, who still retains his masculine dress, drops in to chide his friends about the shacks they are wearing and is told that after he is married he will surrender his freedom just as they have done. This brings on an argument during which Sullivan O'Brien rushes in with the startling news that the women are planning to send Daisy Ann Gray to congress so as to pass the anti-trouser bill. After the meeting of the "Emancipated Women" march in armed with brooms and in military style, present them to the men.
The second act opens with an ensemble of music showing a house-cleaning scene in which Tikk is assisted by his married friends. While they are in the midst of the scrubbing in comes Billy, announcing that he is about to start a movement which will overthrow this patriarchal government, in which plan the men join heartily. Just as the house-cleaning begins again, Sullivan O'Brien breaks in, announcing that Senator Zella Highbrow, the author of the anti-trouser bill, will speak to the women that evening, whereupon the men devise a scheme to keep Senator Highbrow from the meeting and at the same time stage their revolution.
The development of this scheme comes in act three. The voting precinct where the women have planned to bring about the climax of their triumph is stormed by the men. They follow an exciting controversy. The

BARNEY GOOGLE AND SPARK PLUG—

DELPHIAN SOCIETY WILL MEET ON THURSDAY
The closing meeting for the year of the Delphian society will be held Thursday morning at 9:45 o'clock at the Ghoslon hotel. All members are asked to make a special effort to be present. A presentation of the pageant "Epochs of the Nations," will be given without costume, by members of the club. The new year books for next season have arrived and will be distributed to members who have not already received them.

CENTRAL BAPTIST CIRCLES TO MEET SEPARATELY
Individual circle meetings of the Central Baptist W. M. U. will be held this week on Monday afternoon at 3 o'clock. Circle one will meet with Mrs. J. M. White, 1121 Pershing street. Circle two will meet with Mrs. J. Ramey, 410 Pine street. Circle three will meet with Mrs. Burch in the Tee-Pee camp. Circle four will meet at Lindsay mission. All four circles will begin a study of the life of Christ and members are asked to do their best to be there at this first study meeting.

CHILD WELFARE CLUB TO MEET TUESDAY
The regular meeting of the Child Welfare club will be held Tuesday at 1:30 o'clock at the Ghoslon hotel. All members are asked to be present as important business is to be discussed.

JUVENILE MUSIC CLUB TO MEET MONDAY
The Juvenile Music club will meet on Monday afternoon at 4 o'clock in the basement of the Methodist church. In addition to the usual program Mrs. Luke will start the choral work of the club. The meeting will begin promptly at four as school is out and all members can get there earlier.

TEXAS TO ENTERTAIN NATIONAL CONGRESS MEETING
Texas will be the state to entertain the next convention of the National Congress of Mothers and Parent-Teachers. The decision was made at an executive board meeting which immediately followed the National convention held this month in St. Paul.

Austin will be the scene of the convention and about 500 delegates will attend. This will be quite an honor for Texas, but one which was easily obtained as delegates at the recent convention were apparently anxious to come to this great state.
The name of the National Congress of Mothers and Parent-Teachers association has been changed to the National Congress of Parents and Teachers in order to permit men to join. Mrs. Ida Cadell Marrs, Texas president reports that a number of men were delegates to the St. Paul convention.

BENEFIT CONCERT FOR MRS. LUKE FRIDAY NIGHT
The concert for benefit of Mrs. Bess Luke, soprano, which was to have been given last Friday night, will be given next Friday at 8 o'clock in the evening in the Methodist church. Mrs. Luke will be assisted by Mrs. Sandford D. Terrell, Miss Lucille Keith and other musicians.

MR. AND MRS. HEISTER ARE HOME FROM PYTHIAN MEET
Mr. and Mrs. J. B. Heister of Ranger, returned yesterday from San Antonio, where they attended the meeting of the Texas grand lodge of the Knights of Pythias and of the Pythian Sisters.

There were upwards of 5,000 knights and ladies of the grand lodge. It was the biggest Pythian convention ever held in Texas and indicates how the order is growing. Much good work was done at the meeting, including measures to enlarge the girls' dormitory in the Pythian home at Weatherford.
C. E. Baughman of Brownwood was elected grand chancellor and Max Krauskopf of Pecos was chosen vice chancellor, so that West Texas was strictly in line.

ALPHA DELPHIAN PROGRAM FOR NEXT THURSDAY
The Alpha Delphian chapter will meet in the library club room in the basement of the First State bank next Thursday at 4 p. m. The program centers about the theme, "Drama as a religious and moral force: Conversation." Topics assigned:
Tertullian's "De Spectaculis," Mrs. W. H. Madden.
"The Mystery Play in Church," Mrs. W. A. Hart.
"The Secularization of Mystery," Mrs. Karl Page.
"The Corpus Christi," Mrs. N. N. Rosenquest.
"The Three Maries," Mrs. L. D. Hillyer.
"The Drama as a Teacher," Mrs. I. L. Parker.

Mr. and Mrs. R. R. Stafford Jr. and their little daughter, Veronee, of Port Arthur, are visiting Mr. Stafford's parents, Mr. and Mrs. R. R. Stafford.

RANGER HIGH COMMENCEMENT ARRANGEMENTS

Dr. F. M. Bralley of C. I. A. to Address Ranger Graduates Tomorrow Night.
Commencement exercises of the Ranger High school graduating class will be held at the high school auditorium Monday night at 8 o'clock. Rev. G. D. Robison will deliver the invocation, after which the entire class will sing "America."

The salutatorian of the class, Miss Edna Brashear, will talk on "The Value of an Ideal," a very appropriate subject for the graduates and one they are expected to appreciate very much.

Dr. F. M. Bralley, president of the College of Industrial Arts of Denton, will give the class address.
"Music as a Civilizing Influence," will be discussed by the valedictorian of the class, Miss Virginia Brooks, following which the graduates will be presented with their diplomas and scholarships. The benediction will be given by Rev. A. W. Hall, Miss Maurine Bowman, accompanied by Mrs. Bess Luke, will render the splendid old melody, "Good-bye, Sweet Day," and Miss Helen Hall will sing "Idillio" in A flat, by Lack.

The graduates:
Cecile Black, Maurine Bowman, Edna Brashear, Virginia Brooks, Kenneth Campbell, Annie Dempsey, Claude Durham, Thurman Chelston, Hilda Gray, Clara Haden, Helen Hall, Harriett Heasley, Harriett Hodges, Onetta Lee, Cottie Lemley, Mavrine Lemley, Laurence Lonsdale, Irvin Masters, Naomi Matthews, Willie Matthews, Norine Maxey, Ruby McCullum, Roy Dave Meyers, Murtle Mills, Verner Mitchell, Waurine Rensger, Ted Rumage, Christina Schmeck, Rex Thomas, Octavia Trantham, Evelyn West, Murray White, Phyllis Williams, Veda Winston.

MOTHER LOVE WILL TRY TO DETERMINE WHICH IS HER BABY
By United Press.
ST. LOUIS, Mo., May 17.—Fannie Lockwood, 17, unwed mother, next Friday will gaze into the eyes of three five-months-old babies and attempt to identify one of the infants as her own. It is her only chance to recover the babe taken from her last winter by Thomas J. Poeppel, municipal opera singer, who admitted his paternity after Miss Lockwood caused his arrest. The baby was found in a basket on the steps of the St. Joseph orphanage. The orphan children's guardian was not satisfied the baby was Fannie's and refused to take the child away from the family which had tentatively adopted it. Miss Lockwood brought mandamus proceedings.

"Be here Friday. Will have three baby boys. One of them will be yours. If you can pick it out, it's yours," the court told Fannie. Fannie is confident that she will pick her own child.

TEXAS WOMEN VOTERS FAVOR WORLD COURT
AUSTIN, May 17.—The executive board of the Texas League of Women Voters, in session in Austin adopted resolutions asking that the Texas delegation to the national democratic convention favor the entrance of the United States in the world court.
Renew organization work throughout the state was one of the features of the report of the president, Mrs. Helen Moore of Texas City. Mrs. Moore declared that there is a rapidly growing interest in the league's policy to "regard citizenship as a public trust."

AGED MAN DROWNS.
HILLSBORO, May 17.—J. B. Embree, 74, of St. Louis, was drowned in Katy lake here when he fell out of his fishing boat. The aged man was vacationing here with friends.
It was estimated by the New York board of health that up to a few years ago 40 per cent of the deaths in this city were due directly or indirectly to the breathing of impure air. It is stated by the federal government that in one case of which careful records were kept, sickness among the clerical force was reduced 45 per cent by transfer of the department from ill ventilated to well ventilated quarters. Now, many offices and factories are installing ventilating fans throughout their plants.
Mr. and Mrs. L. R. Pearson are receiving congratulations over the arrival of a fine boy who arrived in their home Friday afternoon.

Death Of Young Couple Charged To Bootlegger Spite

By United Press.
MARYSVILLE, Pa., May 17.—After an all-day search, state police are tonight without tangible clues as to the slayer of Miss Leah Ellenberger, 19, Hollidaysburg school teacher, and her companion, Harry Dangster, aged 20.
Police believe the double slaying was the aftermath of a mountain feud which Dangster started several months ago when, delving into the fastness of the Blue Ridge mountains, he unearthed a number of stills. The youth who was president of this year's graduating class of the Marysville high school, had taken pictures of illicit stills and state police, after getting his photographs, conducted raids in the mountains which resulted in convictions. Dangster was attacked about four months ago while he was in his mountain cabin by a gang who accused him of being a bootlegger. In the melee that followed, Dangster shot a man in the legs. Later this man was arrested and convicted.
Dangster finished his senior term on Friday and after leaving school went to George Albright's home, where his school teacher companion

11-APARTMENTS FOR RENT

FURNISHED—Five-room modern improved apartment, close in on paved street; private yard. Phone 105 or call 423 Pine st., Ranger.

21-LEGAL NOTICES
No. 1767.
In Re: Estate of M. L. Davenport, Deceased. In the County Court-at-Law for Eastland County, Texas.
Notice is hereby given that I, M. Newman, temporary administrator of the estate of M. L. Davenport, deceased, have this day filed my application in the above entitled and numbered cause for an order of the judge of the county court-at-law for Eastland county, Texas, authorizing me, as the temporary administrator of the said estate to make a mineral lease and sell mineral interests upon such terms as the court may direct, in and to the following described real estate belonging to said estate, to-wit:

Being parts of the Elizabeth Finley survey on the waters of Colony creek, a tributary of the Leon river, about 8 miles east of the town of Eastland, and more particularly described as follows, to-wit: First tract: Beginning at S. W. corner of N. P. King tract; thence west with the J. C. Wilkerson field and pasture fence 750 yds. stone for corner; thence north 750 yds.; thence east 750 yds.; thence south 750 yds. to place of beginning 100 acres more or less. Second tract: Beginning 500 yds. east Vinceller corner; thence east 648 yds.; thence north 627 yds.; thence west 642 yds.; thence south 627 yds. to place of beginning 80 acres, more or less. Third tract: Beginning at the N. E. corner of a subdivision heretofore made for W. G. Vinceller; thence south 500 yds.; thence east 500 yds. to J. N. Westbrook's S. W. corner; thence north 627 yds. to Westbrook's N. E. corner; thence east with Westbrook's N. B. line 631 yds.; thence north 873 yds.; thence east 1131 yds. to place of beginning, containing 230 acres, more or less. (Said tracts being known as H. Brashear land in E. Finley survey.)
Said application will be heard by the judge of the county court-at-law for Eastland county, Texas, at the courthouse in the city of Eastland, Texas, on the 24th day of May, A. D., 1924.

M. NEWMAN, Temporary Administrator of the Estate of M. L. Davenport, Deceased.
May 18.

TODAY—

Find out what comfort, power, beauty \$1045 will buy in a Studebaker

STUDEBAKER offers a world-famous Six, a car embodying the best men know, at a price that makes it folly to deny yourself a fine car.

Here is the thrill of a powerful six-cylinder L-head motor; the comfort and luxury of a big, roomy body—deep cushioned and restful; beauty that characterizes the most costly cars.

Now in justice to yourself, look at this car. Compare it with competitive cars at its price—then with cars selling for several hundred dollars more.

Compare it for beauty, comfort, roominess, upholstery, for obvious refinements.

Compare it, too, for ease of handling, flexibility, power, quietness, lack of vibration. See for yourself what you can buy with little money in a fine car today.

Ride in this car, ride in competitive cars. Comparison is the surest way to judge an automobile. Studebaker will place a Light-Six at your disposal for this purpose any time you name.

Buy no car at \$500 or more without making this test. Don't buy blindfolded.

PROPERTIES OF CALIFORNIA CRUDE OILS

By A. J. KRAMER AND H. M. SMITH

The bureau of mines has completed a survey of the physical and chemical properties of crude oils of California. This work is part of a general investigation of typical crude oils in the United States. Typical samples or crudes from various fields in California were collected over a rather wide interval of time, from 1919 to 1923. The samples are fairly representative, both of the production from the older wells and the flush production of new wells in the southern parts of the state.

It was found that the crudes of California, as was expected, differ decidedly in some properties. Gravities ranged from 0.80 A.P.I. for a sample from the Casimira field in Santa Barbara county to 51.60 for a sample from the West Elk hills field in Kern county. Most of the crudes, however, are rather heavy, 85 per cent of those tested had a gravity below 30 degrees A.P.I. (0.876 sp. gr.) Sulphur varied from 0.10 to as much as 4.12 per cent, the mean content for all the samples was 1.07 per cent. Carbon residues, by the Conrad termination, of residues from the vacuum distillations also vary between wide limits, 8.3 per cent for a sample from Lost Hills to 35.9 per cent for one from Casimira. Most of the samples tested 10.6 to 15.6 per cent, averaging 13.1 per cent carbon. About half of the crudes poured below 5 degrees, but some ranged anywhere from 10 degrees up to an extreme of 75 degrees.

Likewise, the gasoline content varied widely, 16 samples had no gasoline, 13 showed up to 10 per cent, 36 ranged between 10 and 25 per cent, 19 between 25 and 50 per cent, and 1 had more than 50 per cent gasoline. The gasoline fractions were heavier than for corresponding cuts from eastern or mid-continent fields. Very little kerosene was found in crudes from southern California, and none in the crudes from San Joaquin valley and North Coast fields. Refiners, however, produce small amounts of kerosene from these crudes, by cutting into the "gasoline and naphtha" fraction.

In general, the crudes from the San Joaquin valley and the northern coast fields are mostly naphthenic in character, while most of the samples from the southern coast fields are "intermediate" between naphthenic and paraffin base and less viscous than the former.

A complete copy of Serial 2595, containing detailed tables of the results of the distillation tests of California crudes will be sent on application to the director, bureau of mines, Washington, D. C.

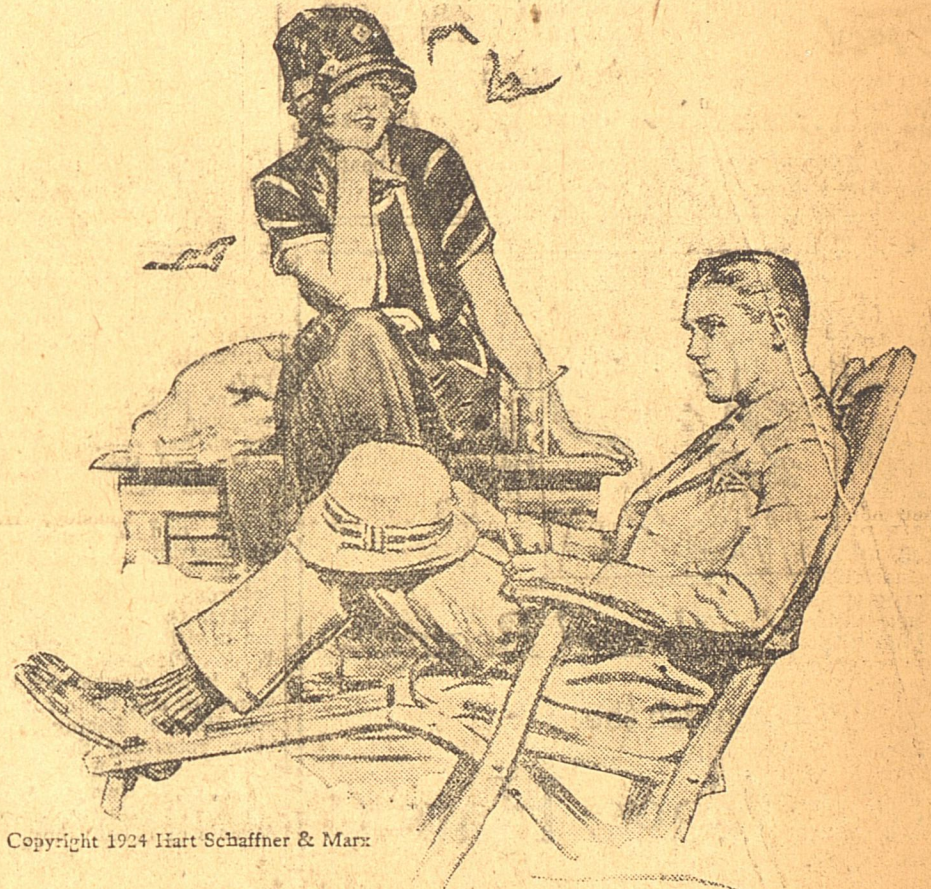

TIFFIN

The director of the "Tom Thumb" wedding has assigned the parts to the tiny tots. The costumes are beautiful and each child does his part well. The bride is Norma Rodgers; bridegroom, Loyd Flahe; maid of honor, Margurite Norris; best man, Jack Sanders; ring bearer, Lewis Hughes; Tom Thumb's father, Martin W. Lyle; Tom Thumb's mother, Annie Byrd MacFarland; father of the bride, Robert Bettinger; mother of the bride, Wanda Bell Henry; grandmother Thumb, James Wallace; grandmother Thumb, Lucile Brock; grandfather Midget, Louise Britton; grandmother Midget, Georgie Bell Lee; cousins, Lillian Bennett and Virginia Lee Norris; rejected suitor, Paris James; ushers, Jack Gilliland and Fred Hughes; guests who sing, Sidney Plummer and Libbie Eleanor Cleveland; solo dancer, Ruth Praynor; minister, Glenn Lee Jarvis; minister's wife, Lois Herridge; old maids, Mary Francis Mills, Mildred Miller and Laura Lowe.

This wedding as given will be an imitation (with slight variations) to a real society wedding. Everybody is invited to come and enjoy an evening of laughter and real entertainment.

PROTECTING THE ROBINS TO SAVE COTTON CROP

FALLING CREEK, N. C.—Farmers in this section, anticipating their aid in fighting the boll weevil this summer are making plans to protect robins, which are coming here in greater numbers this spring than ever before. Growers will keep game wardens informed of violations of the laws forbidding shooting of the red-breasts by hunters. Already under the report plan, 25 convictions have been obtained in Wayne county alone.

PUT ALL CO-OPERATIVES UNDER ONE CONTROL IS WISCONSIN'S PLAN

MADISON, Wis., May 17.—Co-ordination of all farmers' co-operative organizations in Wisconsin into one parent association, controlling and advising the smaller societies for their mutual benefit, is being perfected here under the state department of markets.

Milk, cheese, potato, tobacco, fruit, livestock and canners' cooperative societies and pools, including practically every phase of farming in the state producing any considerable portion of the state's agricultural revenue are involved.

The organization will be known as the State Cooperative Council. Under the plan of organization, the district and local cooperative societies would elect delegates to an association having jurisdiction over individual farm industries in the state. These associations would then form the co-operative council through representatives elected by their membership.

While the cooperative council would have no actual power on its own account and would supposedly act in an advisory capacity only, the council is provided with state statutory backing through the departments of agriculture and markets of the state. The commissioner of agriculture and the commissioner of markets and officials of the Wisconsin college of agriculture, who are sponsoring the new "pool of pools," are made ex-officio members of the council.

"FATHER OF FIFTY-SEVEN" ADOPTED CHILDREN ARRESTED

PITTSBURG.—Helen Bertram Allen, "father of fifty-seven" adopted children, who is in jail here on charges of violating the Mann act, will be placed on trial in the United States district court within a month, it was learned from the United States attorney's office.

Allen has been in jail here since last February, when an episode in a down-town hotel landed him into the hands of the authorities.

The "father of 57" became widely known in 1919 when he was subjected to a suit in Washington, D. C., courts by James Cruze, whose wife and daughters were said to be in Allen's company.

It was learned then that Allen had plantations in Virginia and North Carolina where he conducted schools. He is alleged to have brought poor white boys and girls from remote mountain regions to his plantation, where he educated them and then adopted them in the courts of Virginia.

Through the activities of the children's service bureau of Pittsburg and the United States department of justice, Allen was arrested in Los Angeles last fall and after ten weeks' litigation he was returned to Pittsburg to face criminal charges.

Allen is alleged to have brought one of his "daughters," Gladish "Gypsy" Allen, 17, also known as Myrtle Cruze, to Pittsburg from Cabot, Va.

The girl is now being cared for by the Children's Service Bureau.

TRY A DAILY WANT AD—IT WILL PAY YOU

FILIPINOS DECLARED NOT READY FOR SELF GOVERNMENT

PORTLAND, Ore., May 17.—Independence for the Philippine Islands is a long way off "if the right thing is done" according to United States Judge Charles A. Johns.

Judge Johns, whose court is in the Philippines, is spending some weeks in his native state, Oregon, before going to Cleveland as a Philippine delegate to the national convention.

He indicated he would oppose any move to incorporate a Philippine independence plank in the republican platform.

"The Filipinos are not ready for self government," he said. "They are not interested in it and domestic strife is sure to follow independence if granted at an early date."

Less than two per cent of the 12,000,000 inhabitants take a newspaper and, outside of Manila, less than five-fifths per cent read the papers, he said.

Every island, he pointed out, has its own dialect, and belongs to a people somewhat different from the others.

The American public schools are making headway, however, and with the growth of education the coming generations will gain the knowledge and poise necessary to handle their own affairs, in his opinion.

Judge Johns contends that it has been a most unfortunate thing that a definite policy has not been shaped by the American government in dealing with the Philippines.

The unsettled conditions growing out of the uncertainty now existing is keeping capital out of the country, causing those who do invest to do so in such a way that they can withdraw at a moment's notice and is in every way hampering the progress of the islands.

ALEX GRIFFIN OF DESDEMONA DIES SUDDENLY

Plays for Dance in Ranger Friday Night and Succumbs to Heart Trouble Later.

Alex Griffin of Desdemona, aged about 18 years, was found dead in bed in his room at the Paramount hotel about 11:30 o'clock yesterday morning, death having occurred while he slept. Dr. C. O. Terrill was called in and pronounced death due to heart trouble, and Justice of the Peace McFatter returned a verdict of "death from natural causes."

Griffin played the banjo with the Southern Trumpeters and played at the Summer Garden Friday night for the "R" association dance. He and Roy Gallagher, a fellow member of the orchestra, occupied the same room and bed and retired about a o'clock Saturday morning. The physician thought from the appearance of the body that death may have occurred about 4 o'clock in the morning, but his death must have been swift and quiet, for his companion was not disturbed and slept until awakened, about 11:30 Saturday morning.

Two other members of the orchestra, Miss Zelma Montgomery and Miss Audrey Jones of Desdemona also were guests in the hotel. When the two young men did not appear Saturday morning, they got the hotel management to send to the room and have them awakened. Gallagher was sleeping soundly, but awakened; Griffin did not awaken. Blip spots showed on his neck and on his legs, caused, it was said, by blood pressure which had stopped his heart.

Griffin was the son of J. W. Griffin of Desdemona, postmaster there. He is survived by his parents and by a sister, Mrs. C. O. Lee, of Ranger. The body will be taken to Desdemona this morning and burial services are to be held there this afternoon.

MILLION AND ONE-HALF FOR UNIVERSITY MAINTENANCE

AUSTIN, May 17.—The maintenance budget for the University of Texas will be \$1,450,000 for 1924-25, the same as allowed for the current year, it was decided by the board of regents in session here.

OLDEN

OLDEN, May 17.—The commencement exercises of the Olden High school were held at the Baptist church Friday night. The house was well filled with attentive listeners. All the senior class here graduated this year. There were four in the class. Miss Stella Weatherall, Julia Hunt, Jennings Ray and Walker Rice. The program consisted of following: Invocation, W. H. Thompson; song, "America," by class; salutatory, Walker W. Rice; prophecy, Stella Weatherall; class history, Jennings B. Ray; song, "Love's Old Sweet Song," by class; class poet, Julia May Hunt; valedictory, Stella Weatherall; address, by Hon. J. R. Stubblefield of Eastland; presentation of diplomas, by Prof. H. E. Baskin; song, "Star-Spangled Banner," by class; benediction, by W. W. Crofton.

The baccalaureate sermon will be preached Sunday at 11 o'clock at the Church of Christ tabernacle by Bro. McNeil, pastor of Church of God at Olden.

The pupils passing from grammar school to high are as follows: Walton Branson, John Ford, Carl Hartman, Naomi Norton, Fannie Bell Russell, Lucy Ellen Gertz, Burren Bradshaw, Charlie Slay, Lena Phillips, Ethel Fox, Eunice Horner, Arthur Vaughn, Garrett Cayce, Ha Rayford, Everett House, Everett, Opal Baker, Myrtle Sharp, Willie Crofton, Burford and Raymond Armstrong.

P. G. Wright, Bonnie Branson, Naomi Norton and Walton Branson received diplomas and present for perfect attendance. They were in the sixth and seventh grades.

Ma Rayford, Helen Hodgson, Bonnie Branson of the sixth and seventh grades received presents for not missing a word in spelling the last month of school.

Charles Bruce received a diploma for perfect attendance in the primary room.

Carl Gilliat of Mrs. Stephen's room received a diploma for perfect attendance.

Nina McMinn of Mrs. Caldwell's room received a diploma for perfect attendance.

Mr. and Mrs. M. V. Simmons and children of Gorman are here visiting Mrs. Simmons' parents, Mr. and Mrs. B. F. Cayce.

Alice and Ada Mae Munn and Velma Snyder visited in Comanche, Texas, Friday and Saturday.

Miss Mamie Allison has returned home from New Colony where she taught school the past season.

Joe Aylward of Central Drug company and Mr. Coop of Magnolia Petroleum company represented Olden at the Chamber of Commerce convention at Brownwood Wednesday.

Mrs. B. J. Loftis and daughter and son, and R. L. of Comanche, Texas, are visiting relatives in Olden.

Mr. and Mrs. Wottem Seales of Eastland visited in Olden Friday night.

Mr. and Mrs. B. F. Kemp of Breckenridge who have been visiting in Olden, returned to their home Saturday.

Mrs. George Humphrey of Houston is visiting her father and family, W. W. Pledger.

A large number of the Magnolia employees and their families went to the Jimmed, fishing, Saturday evening, returning Sunday.

Prof. H. L. Baskin made a business trip to Gorman Saturday.

Mr. and Mrs. Soto are the proud parents of a baby boy.

A number of the Mexican people at Olden will leave this week for Michigan to pull sugar beets.

Miss Faye Aylward of Olden attended the Chamber of Commerce convention at Brownwood, being in the Eastland girls' band.

A petition was circulated in Olden last week asking the school trustees to call an Election of the taxpayers to ascertain whether or not the school taxes should be raised.

Mr. and Mrs. J. H. Sucke have moved into their new residence.

Several Olden people went to Eastland Friday night to hear the address given to the graduating class by Governor Pat M. Neff.

J. H. Henderson has accepted a position with a gasoline company of Gorman.

W. M. Pledger's sister, of South Texas, is here visiting him this week.

J. L. Bockman has returned home from Sylvester, Texas.

"THOU SHALT NOT KILL" PURPOSE OF ORGANIZATION

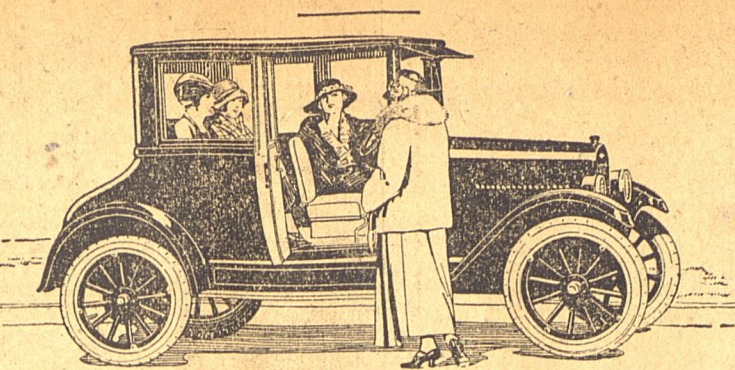

AUSTIN, May 17.—The Texas State Civic association having as its object the suppression of capital punishment, legally or by mob action, was granted articles of incorporation here. "Thou shalt not kill" is still the law of God, it was declared in the purpose clause of the charter, "and no officers have a right to take a life except in self-defense, or in defense of female relatives and home."

TRAVELING WOMAN BUTCHER SARANAC LAKE, N. Y., May 17. In times past the Adriondacks have horned into the Hall of Fame on the basis of having women blacksmith, lumber jacks, coal heavers at the ore furnaces, and other strenuous jobs. Now central Essex county presents for attention, Mrs. Flossie Patton, the Adriondack only woman butcher, who is said to travel about in a cart from hamlet to hamlet, cutting the meat before the eyes of her customers.

EDNA WALLACE HOPPER PLANS TO TAKE ANOTHER HUSBAND HOLLYWOOD, May 17.—Edna Wallace Hopper, the 64-year-old stage flapper, has picked herself a prospective husband and will be married next month. "I'm not telling who it is until we are married," she said. "I've lost a couple of good men that way. But I'm to meet him next month in China and we are to be married there."

ENCAMPMENT AT GALVESTON. AUSTIN, May 17.—The Texas National guard encampment was held at Fort Crockett, Galveston, instead of Camp Mabry, Austin, in July and August, it was announced here by the adjutant general.

Superior Automobile Which Meets Individual Requirements Of Women

New Chevrolet 4-Door Passenger Coupé

To meet the requirements of women for a car for their own individual use, the Chevrolet Motor company has specially designed and added to its standard line a four-door passenger coupe. The new car is being shown by Oilfield Motor company, in their showrooms.

With more than 14,000 motor cars now being operated throughout the

United States, statistics recently compiled by the National Automobile Chamber of Commerce show that more than five per cent of this sum total of cars are owned and operated by women.

The demand for a distinctively woman's car is constantly growing, according to automobile dealers.

PRESBYTERIANS HAVE EXTENSIVE PROGRAM FOR GENERAL ASSEMBLY AT GRAND RAPIDS SESSION

GRAND RAPIDS, Mich., May 17.—Nearly 1,000 commissioners from every state in the union, officially representing the 299 Presbyteries of the denomination, will attend the

general assembly of the Presbyterian church in the U. S. A., to be held here beginning May 22 and extending through May 28 or 29. This will be the 136th annual national congress of the denomination.

Outstanding features of the business of the Presbyterian general assembly will be:

The opening sermon by the retiring moderator, Dr. Charles Frederick Wisheart of Wooster, Ohio, which is expected to sound the keynote for the 10,000 churches of the denomination against divisive forces which have been active in some quarters the past year and in favor of harmony and peace.

The election of a new moderator, who must be chosen from among the commissioners actually sitting. Names already mentioned are, Dr. Clarence E. Macartney, Philadelphia, Pa., leader of the ultra-fundamentalists; Dr. Asa J. Perry, Chicago, Ill., representing the middle west; Dr. W. H. Oxto-by, San Anselmo, Cal.; William Jennings Bryan, Villa Serena, Miami, Fla., who last year came within a few votes of being elected moderator; Dr. Hugh Jack and Dr. Alexander Cairns, both of Newark, N. J.; Dr. Charles R. Erdman, Princeton, N. J.; Dr. Charles W. Kerr, Tulsa, Okla., who has a powerful following in the middle west; Dr. Herbert Booth Smith, Los Angeles, Cal.; Dr. Lapsley A. McAfee, Berkeley, Cal.; Rev. J. Mont Travis, Denver, Col.; Dr. John J. Lawrence, Binghamton, N. Y.; Dr. Ethelbert D. Warfield, Chambersburg, Pa.; Dr. H. L. Bowman, Portland, Ore.; Rev. H. M. Hilderbrand, Springfield, Ill.; Dr. Robert Dick Wilson, Princeton, N. J.; Rev. Herbert Hoziel, Cincinnati, Ohio; Dr. W. F. Dickens-Lewis, Cleveland, Ohio; Dr. W. C. Templeton, Winfield, Kans.; Dr. Henry Marcotte, Kansas City, Mo.; Dr. Murray S. Howland, Buffalo, N. Y.; Dr. Joseph A. Vance, Detroit, Mich., one of the leaders of the church and popular among Presbyterians throughout the United States, and Dr. Matthew Lutherford, Washington, Pa.

WEDDING CEREMONY TO BE BROADCASTED, SO ALL THE WORLD MAY KNOW

CHICAGO, May 17.—When Miss Marian M. Martin, Chicago newspaper woman, and Wendell Hall, radio artist known all over the country as the Eveready Entertainer, stand before a pastor and a microphone on the evening of June 4 for their radio wedding, they will be attended respectively by the daughter of a famous writer and a famous track athlete.

Miss Martin has chosen Miss Dorothy Fullerton, daughter of Hugh Fullerton, special correspondent and feature writer, as her bridesmaid. Miss Martin is a newspaper woman by inheritance. Her father, William Martin, for many years was city editor of the Chicago Herald before it became the Herald-Examiner; and an uncle holds a similar position with a large California paper. Through association with the journalistic world, Miss Martin and Miss Fullerton have long been close friends.

Back in the days when Wendell Hall was an undergraduate in the prep school for the University of Chicago, he had as a team mate on the school's track team a Thomas Campbell. Campbell later ran his way to fame as captain of the Yale track team and later by his spectacular sprints over 600 yards under the banner from entertainer, the school friendship has been maintained, and Campbell has promised Hall that he will do no running when the time comes for them to face potentially four million people on occasion of the forthcoming radio wedding.

Mr. Hall has returned to his home in Chicago to rest from the exertions of a four months' radio tour recently completed under direction of the National Carbon company. He will sing and strum his uke from a Chicago station in the interim intervening before the wedding on June 4. It is expected that four broadcasting stations, at least, will be linked for simultaneous transmission of the wedding ceremony.

OIL MAKES FOUR WIDOWS OF RAINBOW BEND WEALTHY

WINFIELD, Kan., May 17.—The four widows of Rainbow Bend have discarded the hoe and calico.

"Widow's oil fields" has gushed; the widows have been made wealthy overnight, and now they're going to rest—and wear silks.

In the early 70s, four families, the Johnsons, the Glasgows, the Heskets, and the Wertmans braved dangers of a frontier and in covered wagons came to Kansas to homestead.

Hardships followed. Indians were troublesome and occasionally the Arkansas river went on a rampage and took the combined efforts of the four families to save their belongings.

Despite repeated reverses the clans expanded their estates and acquired more land, hogs, horses and cows. Children were born and the parents grew to be influential.

Then fate decreed the four women should be widowed. Undaunted, they assumed supervision of the estates—now comprising a block of more than 1,600 acres—and worked on. They hoed in the fields, repaired hog pens and reared their offspring.

Not long ago a couple of "wildcat" oil men dropped in. Evidences of oil in the Arkansas river bottoms had been found. The widows drove bargains and drilling commenced.

The Mesdames Johnson, Glasgow, and Wertman combined their land in one block. Soon two streams of "black gold" were gushing. Then Mrs. Heskett obtained \$80,000 for a lease on her land.

Now they're all drawing royalties—Rainbow Bend is being put on the map.

OSTEOPATH TELLS HOW TO ATTAIN LONG LIFE

DALLAS, May 17.—Man can live long without the aid of monkey glands, Dr. H. B. Mason, Temple, told Texas osteopaths in annual convention here. "Keep your joints supple, your blood vessel soft, and you will stay young," he said. "Let wisdom be your guide and you will live to be 100 with your own glands."

Springtime, Youth and Beauty—distinguish the Latest Gage Hats

Here are the three prime requisites in the selection of a hat: It must be fashionable; it must be in thorough accord with milady's entire ensemble; it must be reasonably priced.

In the compelling new display at the Juliana Shop will be found a wealth of original Paris models, counter-parts and artistic American creations, which surely typify these three Hat essentials.

A Garden of Beautiful Styles

The complete array of charming summer styles is now in full bloom at the Juliana Shop. Truly it is an exhibit to be proud of; for no other shop of its kind can boast of apparel radiating such elegance and distinction and youthful loveliness!

make a good shipment of fresh eggs each week?

The heavy producers will lay a substantial number of their eggs from November to February, when eggs are high, so November is the best time to pick the very best from these heavy layers and put in breeding pens, mated by cockerels from a noted producing strain.

The chicks from these eggs will increase the egg production over the old flock and will have fewer culls. If this process of selection for breeding purposes is continued the average pen production will increase.

The average farm flock of chickens need badly to be standardized. Many states are forging to the front along these lines. Some states do not supply their own needs.

Chickens Must Pay Profit It is necessary that you make your chickens pay, for it is an important part of the income. You want to make a success of farming, all branches must pay.

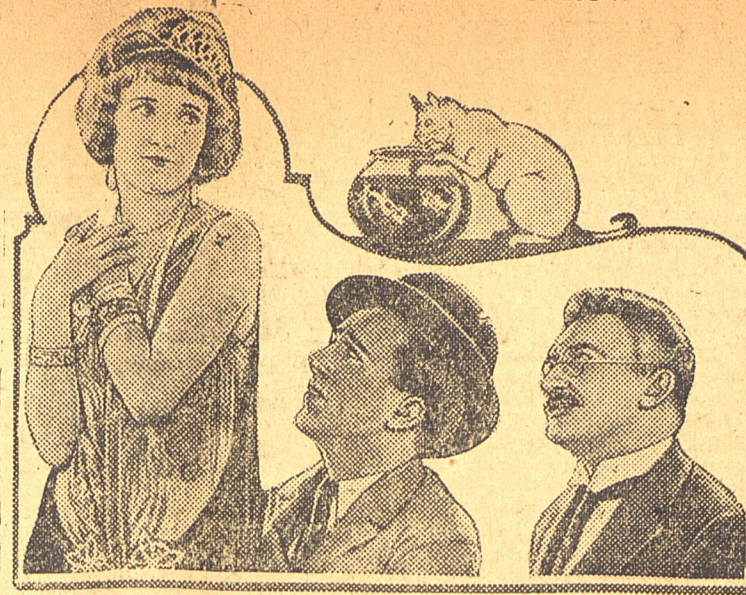

Much Lacking in Industry

The poultry products exhibit at the National Poultry show this year in Denver, under the supervision of Mr. Jamieson of the Colorado Agricultural college, showed pretty nearly everything the matter with the farmer as an egg producer.

According to careful calculations, the farmers lose \$4,500,000 each year through this one failure in eggs and the consumers' loss is equally as great.

So much depends on the successful marketing of poultry products that I made a visit to the poultry dealers, asking them what improvement they would recommend to make a better profit for the farmer.

MAKING OF HOME GARDENS

Suggestions How to Make the Best, Most Attractive and Most Serviceable Use of Small Plots of Ground.

It takes more than house to make a home. Likewise it takes more than a beautiful building to make an attractive place.

It is positively pitiful to see the many homes that are without plantings of any kind. Such places may often be seen not only in the country, but in the cities and towns as well.

Everyone Likes Beautiful Grounds. It is true that one may live just as long in a home that is not properly beautified with trees, shrubbery, etc., but in such a place, one can never get the most out of life.

Many people imagine that it is very expensive to properly plant the home grounds. We believe this is one of the outstanding reasons why so many homes are not planted.

When looking at this matter from the dollar and cents standpoint only, it pays to plant the home grounds. The very minute one properly plants \$25 to \$100 worth of shrubbery, trees, flowers and grass on the home grounds, the value of the property is increased anywhere from \$500 to \$1,000.

Another reason why many people probably do not plant their grounds is because they think it is a difficult job and they do not know how to arrange the trees, shrubs, flowers, etc., so as to secure the desired result.

It is not a real difficulty, because expert advice along this line can always be secured free of charge from the horticultural department of the various state agricultural colleges, experiment stations, and nurserymen growing and handling shade trees and shrubbery.

We would especially urge therefore, that every home owner whose grounds are not planted, make a beginning right now by getting in touch with the horticultural department of the state agricultural college and experiment station or nurserymen growing shrubbery and shade trees.

BUSINESS INCREASES.

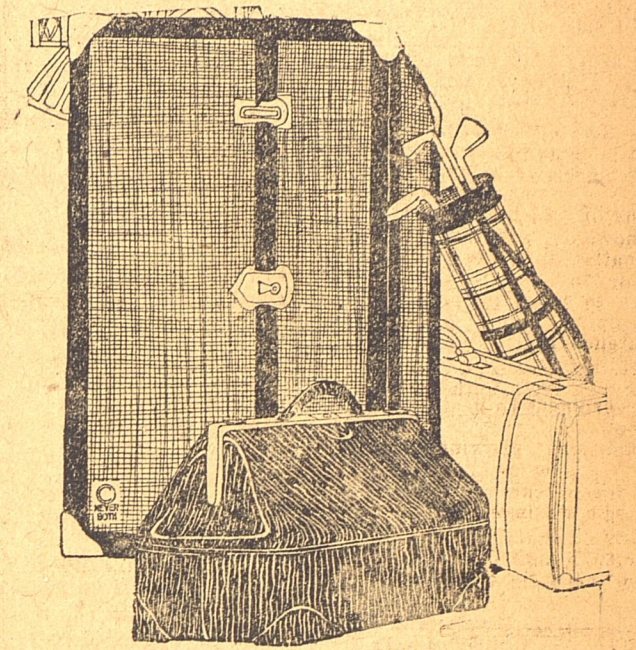

"A great increase in the volume of business has taken place. This was due partly to the spending of savings accumulated during the war—the cashing in of liberty bonds, etc. In part it was due to the fact that foreign competition was demoralized. A tremendous volume of goods was exported and domestic producers had the home field very much to themselves.

"Aside from these two factors the only reason why people might be expected to be able to buy more goods than they did formerly was

the saving brought about through the prohibition law."—Babson Reports, April 15, 1924.

loyalty than Dr. Bizzell, and it would be difficult to fill his place there.
 It is a fact, however, that two presidents pro tempore of the University of Texas have won the esteem and support of the student body more fully than any president of that institution, with one or two exceptions. Dr. W. J. Battle, formerly dean and later president pro tempore, proved himself a warrior "fit and bold" when he clashed with Governor Ferguson, but he preferred to teach Greek rather than to fight, and soon afterwards he left the university and went to teach in a northern university. After the "war" was all over, he returned to Texas.

Dr. William H. Sutton, one of the most beloved teachers in the University of Texas, has been president pro tempore since President R. E. Vinson resigned to go to the Western Reserve at Cleveland, Ohio. Like Dr. Battle, he is an effective fighter when the occasion requires, but he does not seek battle. He prefers to teach the art of teaching.

Neither Dr. Sutton nor Dr. Battle is a politician, but when it comes to a battle with politicians, either of them could give cards and spades and win. Perhaps it is because of this, fearing the efficiency they can put into battles when it is necessary that the politicians fear to make either the permanent president of the university or at least to offer it to one or the other instead of going to another state and another institution to bring in a lamb to the slaughter. But in the case of Dr. Ford, the regents found a wide-awake hombre, who calmly said, "No, thanks," just as Governor Neff had remarked a few hours before.

WHAT ONE MAYOR HAS DONE
 Samuel A. Carlson, now serving his eighth term as mayor of Jamestown, N. Y., has smashed another precedent. He is going to establish a municipal dairy and milk distributing plant. "Service" is the word Mayor Carlson designates as the remedy for the lugubrious claim of economists and others that "municipal government in America is a failure."

Since 1908, when he was first elected mayor, he has fought for and, with the aid of loyal followers, established first, municipal ownership of the Jamestown water and electric light plant; second, a public market; third, a city paving and sewerage building plant; fourth, a public sanitarium; fifth, authorization by the taxpayers of a municipal milk plant and sanitary distribution system.

All of the foregoing have proved "paying investments" for the city and provided without the aid of extra taxation. The per capita cost of the city government in annual tax levy, exclusive of schools, is \$12.50.

Third party leaders are asserting that their candidate for vice president this year is going to be as big a national figure as their presidential nominee. A ticket now quietly being mentioned is La Follette and Stone, the latter being Warren S. Stone, the able grand chief of the International Brotherhood of Locomotive Engineers. Mr. Stone is a native of Iowa and was 64 years old last February.

Five hundred children in Rochester, N. Y., orphan asylums have been inoculated with a new test for scarlet fever prevention. The report concludes with the comment that the test is "expected" to prove satisfactory. Even so, it means that in this land of the free, hundreds of innocent children have no redress against being experimented upon. If such a thing occurred in Russia—well, that's another story.

The state of Oregon contains one-fifth of the timber of the United States, and the Pacific coast half of all saw lumber in the country. The cut in Oregon in 1922 was nearly four billions board feet, valued at \$100,000,000. The state has 740 saw mills, employing 43,000 men, and the lumber is shipped to 21 foreign countries, Japan being the largest buyer, China second and the United Kingdom third. South America is also a large buyer.

Twelve million children and young people of rural America have not even a country Sunday school to help them understand the problems of life. As many more receive no religious teaching worthy of the name. The task of reaching these spiritually neglected children and young people ought to be regarded as the most important work of every American. It can't be done by compelling them to work in the mines, mills and factories.

Paper, block printing and movable type all had their origin in China and were later carried into the Western countries, according to the Rev. Dr. Thomas F. Carter of Columbia university, who has just completed a two years' study of the subject in China, and among the European collections. Dr. Carter asserts that paper existed in China in 107, A. D. and 751 a group of paper manufacturers were taken as prisoners. He found printing from movable type in the Orient dating back to the second century.

MANY LIVES ARE SAVED BY KNOWING HOW

Author of First Aid Bulletin Tells How to Start Suspended Animation.

CHICAGO, May 17.—Proper application of resuscitation will save thousands of apparently dead from death, says Captain C. R. G. Fisher, author of a first-aid bulletin for the Illinois Manufacturers' Mutual Casualty association, Inc.

Fisher's instructions apply to cases of drowning, electric shock, asphyxiation from fumes and gas, particularly monoxide gas generated by gasoline engines; also, victims of severe body shock, as from a heavy fall or some hard object striking a workman on the chest.

"Such a man frequently is in condition of suspended animation," Fisher declared. "He needs first-aid in the form of artificial respiration, but if he does not get it he will have to be buried."

Fisher advises the use of the "Schaefer" or "prone" method of resuscitation, which is simply that of compelling the diaphragm to "carry on" until the respiratory nerve centers are restored and the heart and lungs "come back." The first four steps to be taken are given as follows:

First, loosen all tight clothing at the neck, and especially around the waist. This permits the diaphragm to have free play. Therefore, a belt, trouser band, skirt bands and corsets, positively must be loosened.

Second, turn the body face down, grip with interlocked fingers under the waist line, and perk the body up. If a drowning case, repeat two or three times; likewise for gas, fumes or smoke; this action causes the water to belch out and frees the air passages, but do it in every case.

Third, bring the tongue forward, clear the mouth of loose false teeth, food, gum or tobacco; if none of these is present there is usually froth or mucus.

Fourth, stretch the arms above the head, flex one arm with hand toward opposite shoulder, lay head on this arm with face outward.

For Artificial Respiration. The movements to be performed in producing artificial respiration are as follows:

The movements to be performed in producing artificial respiration are as follows:

First, straddle the body with your knees just above the victim, at the same time make your arms rigid, keeping the thumbs close to the fingers.

Second, place the hands on the victim's body above, but close to the hipbones, finger-tips out of sight; the fingers are thus over the floating ribs.

Third, throw weight of your body on your right arm, and as you bend down, press in with the fingers. This pressure should only last during two slow counts, and effects expiration, or breathing out.

Fourth, as you count two, snap the hands of the victim to the ground; continue to count three, four, five and resume as above until resuscitation is achieved.

A Few Don't's. In conclusion, Captain Fisher suggests the following don'ts: Don't wait, under any circumstances, in starting artificial respiration; time is a tremendous factor. Don't surrender the body to an ambulance unless the movement can be carried on en route. Don't rub the limbs until the victim shows signs of reviving, unless he is an illuminating gas victim. Don't be too eager to give liquid stimulants until reviving. Give the patient time to get his breath. Don't fail to watch him for hours after resuscitation; he may stop breathing again. If so, repeat the movement.

As an aid in performing the movement successfully, follow these hints: Have an assistant kneeling at the victim's head, holding a cloth on

which aromatic spirits of ammonia has been sprinkled, and as the operator's hands are snapped off the body, place the cloth for a moment near the mouth and nostrils so that the inhaling air may be mingled with the stimulant.

To Provide Heat. If cold, a blanket may be placed over the body; also hot water bottles may be placed at the feet and close to arm-pits; but take care not to burn the victim.
 In case of a severe electric shock, in which the victim did not fall over six feet: Have helpers kneel close by with a stout stick, and at intervals, of say one minute apart, lift each foot alternately (clear off the ground) and hit twice between heel and sole. This is what is known as "counter shock" and has the remarkable effect of quickening the reaction of the paralyzed nerve centers because there is an intimate relationship between the soles of the foot and the nervous system. The nervous agitation caused by the tickling of the feet is a proof of this fact; how much more, then, by this method of nerve excitement.

White Slavery Is Rampant In Berlin Night-Life Joints

By CARL D. GROAT
 (United Press Staff Correspondent)

BERLIN, May 17.—"White slavery" flourishes in the night life joints of Berlin.

Hundreds of women are held in strict bondage in these haunts, where high priced chagnagne of doubtful quality bubbles as plentiful as spring water.

These women are sold body and soul to the night life establishments. They are under strict direction, dare not leave the dance hall or bar or cabaret, whichever the establishment may be, under penalty of dismissal and black-listing in other similar establishments.

Their principal occupation is to induce wealthy customers to buy of the foul liquors and champagne, and then buy mors, until the pocketbook has been well drained.
 In some establishments, they pursue pocket picking as a sideline. The "high grade" night places frown upon such occupation, but as a part of the girl's weekly stipend, she has the privilege, after closing hours, of accompanying the guest "home."

"Home" for the intoxicated patron proves generally to be one of a chain of questionable rooming houses, which dot the "Friedrichstadt," and there the guest of the night joint is relieved of the balance of his pocketbook.

The owners of these fly-by-night hotels generally are in "caboots" with the slaves of the night life palaces, so that a guest who sobers up sufficiently to realize what has happened to him, gets scant satisfaction. Women employed as white slaves by the night establishments do not

register, as a rule, with the police like their sisters of the Friedrichstrasse. But the more "select" night life resorts boast that they maintain an inspection and control system better than the rigid regime of the Prussian police.

MOUNT VESUVIUS AGAIN BECOMES LIGHTED TORCH

NAPLES, May 17.—Mount Vesuvius is again active, shooting out flames which light up the skies for miles. The famous volcano is expected to continue in eruption for several days, though on danger is anticipated.

BIBLE THOUGHT.
GOD CARES FOR HIS OWN:
 —And they shall be thine saith the Lord of hosts, in that day when I make up my jewels; and I will spare them, as a man spareth his own son that serveth him.— Malachi 3:17.
 PRAYER:—We rejoice, dear Lord, to know that thou dost keep us precious in thy sight.

STIR UP SOMETHING
 Complaint has reached the editor that an occasional reader said: "Why buy your old paper? There is never anything in it that one wants to read. Why don't you stir up something?"

If he doesn't buy the "old paper" he will not know whether there is something in it he wants to read or not. Presumably he wants a little muck-raking and if the paper engaged in muck-raking he will be the first to cry "hold, enough."

Just for diversion, the editor might write a few stories about the exclusive poker parties that meet at very frequent intervals, telling where they meet and what sums of money change hands at the meeting. It might be information the chief of police or sheriff would like to obtain. For their information, the editor will say that he has no information yet for them, but it might be possible to obtain it.

There is no family without a skeleton, it is said, and few families like to have their skeletons revealed. Most of them, however, like to read of the other fellow's skeleton. But the fellow who complains there is never anything in the "old paper he wants to read" must not be offended if his particular skeleton is held up for the gaze of the public. The editor does not know who it is who complained, so cannot spare his feelings.

Take them all in all, there is a fine average of real "gentlefolk" in this community and their sins, both of omission and commission, are not so very heinous, but slight errors may frequently be made to appear very hateful and that is what the gossips want. This newspaper is not a gossip monger, but for the enlightenment of those readers who look in its columns for something they want to read, it may be possible to give them what they want without engaging in gossip and, at the same time, doing a real service to officers of the law.

Any persons having specially "luscious" stories they think should be published are invited to confide in the editor. He must insist, however, that they be based on the "best evidence," preferably documentary proof, and if the evidence be sufficient and the individual of sufficient importance to justify publication of his "skeleton," there may be justification for going further.

UNIVERSITY IN POLITICS

It is not surprising that Dr. Guy Stanton Ford of the University of Minnesota should refuse the presidency of the University of Texas. It would have been very surprising had he accepted it. And just so long as politics is permitted to dominate in the University of Texas and the Texas Agricultural and Mechanical college, just that long it will be difficult to get real educators who also possess executive ability to take the presidency of these two institutions.

The University of Texas has been very fortunate in the past in the choice of its heads; a few of them have been well-versed in politics, but not so much that it affected their value as educators. A. & M. college has not been so fortunate in the past, although indeed very fortunate in its present head. But Dr. Bizzell has been so greatly embarrassed by the intrusion of politics into the affairs of A. & M. college, that it has been rumored at times he was contemplating resigning. A. & M. college has never had a head for whom the student body had greater

GIBBONS MAY HAVE BOUT IN GREAT BRITAIN

By HENRY L. FARREL
(United Press Sports Editor.)

NEW YORK, May 17.—English boxing fans, according to Harry Lavene, London newspaper man, are quite worked up with the hope of seeing one of the leading American heavyweights in action this summer. Lavene, in this country as the representative of Major Wilson, the Rickard of British ring, is pouring words into the ears of American managers that they are missing the opportunity of the year if they do not take their boys to England.

Lavene is now acting as the host to thousands of visitors to the Empire exhibition and the promoters of the big carnival are so keen for American attraction features that Tex Austin and his famous troupe of bronk riders, bull-doggers and calf-ropers are to be imported in June, to show the British a real rodeo.

Jack Dempsey, of course, is first in demand, according to Lavene. In addition to the novelty of seeing a world's heavyweight champion do his stuff, on the screen, the British have a great personal interest in the champion, he said. Dempsey made a tremendous hit when he was in England two years ago and the admiration which was once bestowed on Carpenter was transferred to the champion.

Realizing the many reasons that Dempsey might have for not wanting to risk his title in England, the British promoters have abandoned any hope of being able to offer a purse of sufficient size to tempt Dempsey to take a chance on his \$5,000,000 chin.

Major Wilson is prepared to make an offer to Tom Gibbons to meet Jack Bloomfield, generally recognized among his countrymen as the British champion. The major believes that a Gibbons-Bloomfield match would be almost as attractive a match as one in which Dempsey might appear, as there would be more of a contest factor in the match.

Because he went fifteen rounds with Dempsey without being knock-

ed off his feet or seriously hurt, the British promoters feel that Gibbons is the best attraction in the world next to Dempsey. He figures also that as Bloomfield and Gibbons are the same weight, it would be a real contest.

Bloomfield is the national pugilistic idol in England now and we are told that he has improved as a fighter tremendously since he was in this country four years ago trying to get matches in the middleweight class.

JAMES HORTON OF EASTLAND WINS CUP AT BROWNWOOD SHOOT

James Horton of Eastland won the cup in the trapshooting contest held in connection with the West Texas Chamber of Commerce convention at Brownwood.

Horton, an amateur, made a score of 97 out of a possible 100. C. F. McCubbin, a professional of Dallas, scored 98 hits out of a possible 100, but Horton, being an amateur, was entitled to the cup.

CENTRAL RIVER RATS WIN GAME FROM TIFFIN TIGERS

The Central River Rats of Ranger beat the Tiffin baseball team Saturday the score being 21 to 1. The game was played on the Tiffin school grounds. Tiffin tried several pitchers without avail.

Four home runs were hit, the first by Earle Jackson, who knocked the ball right over first base. Next one was by Clare Seay, who drove it in nearly the same place as Earle. Ray Trammell swatted the ball over the center fielder and came home on a fumble, and Harry Heath got home after hitting a second base hit, on a fumble.

Last week the River Rats played and defeated the Cooper Bear Cats.

EASTLAND BOYS WIN FRESHMEN LETTERS AT U

Earl Conner Jr. and Maurice Stallor of Eastland were among the freshmen to be given letters on the State university freshman track team. These boys have made a very enviable record in athletics and their careers are being watched by admiring friends all over the state.

ROTARIANS WIN GAME FROM THE LIONS, 8 TO 7

Flatwood Woodsmen Also Defeat Eastland Firemen, Score 15 to 12.

The Rotarians were victors over the Lions in the baseball game at Connellee park Friday afternoon, the score being 8 to 7. Only seven innings were played. Batteries for the Lions were Roy Nunnally and Donald Kinnaid; for the Rotarians, Si Perkins and Blair Lewis.

It was understood by many that Governor Neff, who was in the city to deliver an address at the commencement exercises of the Eastland High school, would umpire the game and all of the business houses closed for the game, but owing to the fact that he was tired out and had to answer some telegrams from Austin, Governor Neff could not attend the game.

Following the Lion-Rotary game the Flatwood Woodmen and the local Firemen, of the Sunset league, played a game, which resulted in a victory for the Woodmen by a score of 15 to 12.

PUTNAM AND EASTLAND MATCHED FOR SUNDAY GAME

Eastland and Putnam baseball teams will play in Eastland this afternoon at 3 o'clock at Connellee park. Manager Harder of the Eastland club says the Putnam team is undefeated, but that he believes that Eastland will be able to give them a "drubbing" this afternoon. Eastland players are in the best condition for a good game that they have been in this season and are anxious to go against the Putnam club.

TEXAS CONTRACTORS HOPE PROFIT FROM BUILDING BOOM

DALLAS, May 17.—Texas contractors in session here have laid plans to eliminate cut-throat competition in the building trades and profit more from the admitted statewide building boom.

PRESBYTERIAN CHURCH GIVES TO BENEVOLENCES

SAN ANTONIO, May 17.—The Presbyterian church contributed \$3,088.634 for benevolent causes the past year, according to a committee's report to the general assembly of the Southern Presbyterian church here. This is an increase of more than \$230,000 over the previous year.

Approximately 350 commissioners from 15 states are attending the church convocation.

MORE MONEY NEEDED FOR GIRLS TRAINING SCHOOL

AUSTIN, May 17.—Texas spends more money to protect property rights than to protect souls, Dr. Carrie Weaver Smith, superintendent of the State Girls' Training School at Gainesville, told the state board of control. She said that 600 boys were provided for in the state juvenile training school, while but 60 girls were being cared for at the state training school for girls. She demanded a legislative appropriation of \$210,000 for additional care of delinquent girls.

AMERICAN LEGION COMMANDER WANTS VETO OVERRIDDEN

INDIANAPOLIS, May 17.—John R. Quinn, national commander of the American Legion, believes that congress will pass the soldier bonus bill over the president's veto. "I regret that the president has seen fit to veto the adjusted compensation measure," Quinn said. "However, the executive men and women and their dependents look with confidence to both houses of congress to enact this just measure into law."

WORLD GOOD WILL DAY CELEBRATION IS URGED

AUSTIN, May 17.—Texas is being urged to celebrate May 18 as World Good Will day, it being the anniversary of the first meeting of the Hague peace conference. S. M. N. Marrs, state superintendent of public instruction, has suggested that all public schools in the state hold exercises on Monday, May 19.

REPRESENTATIVE LANGLEY ILL BECOMES SERIOUSLY ILL

WASHINGTON, May 17.—Representative John W. Langley, under sentence of two years in Atlanta penitentiary for conspiracy to violate the liquor laws, is seriously ill here, threatened with a paralytic stroke.

FARM RELIEF BILL TO COME UP UNDER SPECIAL RULE

By United Press.
WASHINGTON, May 17.—The McNary-Haugen farm relief bill will be taken up by the house on May 20, under special rule reported by the house rules committee today. Fifteen hours of a general debate will be allowed and the session held until the measure is disposed of.

NITROS DEFEAT BRECKENRIDGE DYNAMOS, 9 TO 6

Ranger Plays Steady and Consistent Game; Teams Meet Again This Afternoon.

Score 9 to 6 is the sad story Breckenridge carries back to her home town today after Saturday's mixup with the Nitros at Ranger. Even with the errors, which accounted for two of the Breckenridge hits, they were outthrew, outfielded and outscrapped. The Dynamos threatened to get uproarious twice, but two double plays, Maupin to Dinsmore to Brady and Dinsmore to Maupin to Brady, put the quietus on that.

Breckenridge started a ninth-inning rally by Ruth poling a homer over the wall with two men on bases and no outs. King then hit safely and Shaw, pinch hitting for McCasland, hit into a double play which saved the day.

McElreath went on the war path and redeemed himself by smashing out four clean singles in as many times to bat.

Ranger started the game off with a smashing offensive that swept the Dynamos off their feet. Six runs were scored before the Nitros were headed off and they threatened to repeat the performance in the seventh, when three more were added to the count before they were stopped.

Ranger played a hard scrappy game throughout and the players feel confident that they can repeat the victory this afternoon when the same teams tangle horns at Nitro park. Game will be called at 3 o'clock.

Box score:

| Ranger | AB. | R. | H. | P.O. | A. | E. |

CHURCHES

FIRST METHODIST

Elm, near Marston—Rev. A. W. Hall, pastor. Today is commencement day for the Ranger public schools. This is an event that concerns all alike. The citizenship of Ranger will meet to do honor to her sons and daughters who have finished the course of study in her public schools. All people are most cordially invited to come and enjoy the occasion together. This service is an no sense denominational. All pastors of the city are invited to be present and as far as possible will be given place on the program. All the choirs of the city are invited to join in furnishing music for the occasion. Program: Professional. Hymn No. 32, "Come Thou Almighty King." Invocation, Rev. G. D. Robison. Scripture, Proverbs 3:13-20, Rev. H. B. Johnson. Gloria Patri. Scripture, Philippians 5:2-11, Rev. W. H. Johnson. Announcements. Offertory. Anthem. Commencement sermon, Rev. A. W. Hall. Hymn No. 195, "Lead On O King Eternal." Prayer, Rev. A. L. Leake. Doxology. Benediction. Sunday school will convene as usual at 9:45. A full attendance is greatly desired. At 7 o'clock the senior epworth league will hold its devotional service. At 8 o'clock there will be the regular preaching service. Monday afternoon at 3 o'clock the W. M. society will meet and Wednesday evening the prayer service will be held. All are welcome to each of these services.

FIRST PRESBYTERIAN. Marston, corner of Walnut.—Rev. G. D. Robison, pastor. The regular Sunday school service will be held at 9:45 a. m., and the congregation will go to the Methodist Episcopal church where the Rev. A. W. Hall will preach the commencement sermon for the high school. The Y. P. C. E. S. will hold its regular meeting at 7:30 o'clock. At 8 p. m. the pastor will use as his subject, "The Two Sons." Visitors and strangers are cordially invited to attend all the services of this church. The pastor and an elder will attend the adjourned meeting of the Presbytery to be held in the First church of Albany at 8 p. m., on Tuesday. In this meeting of the Presbytery the unanimous request for the installation of Rev. G. D. Robison as pastor of the First Presbyterian church of Ranger, unanimously voted upon by the congregation May 11, will be acted upon and if the Presbytery approves the call, the date, probably the first Sunday in June, will be set and committee appointed for the installation services.

FIRST CHRISTIAN. Main, near Marston.—Rev. H. E. Johnson, pastor. Let every member of Sunday school be on time this morning as there will be no preaching at the church at the morning hour on account of the special sermon at Methodist church. Mr. B. F. Bennett will fill the pulpit at the evening hour. Last Sunday was the greatest day in the history of our church in Ranger with ten additions and eight of them by profession. Come and help us grow. CENTRAL BAPTIST. Pine, corner Commerce.—Rev. A. L. Leake, pastor. There were 424 at Bible school last Sunday. You are invited to help us increase the attendance to 500 today. We will close in time to attend the baccalaureate service at the Methodist Episcopal church. The evening service will be conducted in open air at 8 p. m. Special music and gospel message, comfortable seats and a large chorus of 50 voices. Come and bring your friends, visitors and neighbors.

CHURCH OF CHRIST. South Rusk, corner of Mesquite.—Bible study 10 a. m.; communion 10:30 a. m. There will be no preaching in the morning on account of the services at the Methodist Episcopal church. Preaching at 8 o'clock in the evening. EPISCOPAL. Opposite Young school.—Sunday school at 10 a. m. The Atwater book on ritual of the Episcopal church, especially that portion relating to the Book of Common Prayer will be continued at the 11 o'clock service. A vested choir will sing at this service. NAZARENE CHURCH. 315 Hunt street.—Thomas Ahern, pastor. Special invitation extended

to all. Morning service, 11 o'clock. Services every evening, 7:30 o'clock until further notice. SALVATION ARMY. South Austin street, near Elm.—Sunday school, 2:30 p. m.; street meeting at 7:30 p. m. Meeting at hall at 8 p. m. Weekly meeting at the same hours. Ladies' Home Service league meets at hall Friday at 2:30 o'clock to sew for the needy. ROMAN CATHOLIC. Blackwell road.—Rev. R. A. Gerken, pastor. Mass at 8 and 10. CHRISTIAN SCIENCE. 421 West Pine.—Services Sunday 11 a. m., Wednesday 8 p. m. Reading room open Tuesday, Thursday and Saturday, hours 2 to 4 p. m.

Banner Ice Cream Co. Installs Labor Saving Machinery

The Banner Ice Cream company of Ranger has installed one of the latest machines invented to save labor. It is a pie cutting machine for the purpose of eliminating practically all handling of Zero bars. The machine sets on a table about six feet long and three feet wide. The motor is underneath. The long bricks of cream are placed on a continuous roller and a blade for cutting the cream into pie length is at one end of it. On the opposite side of the knife there is a large circular wheel with prongs hanging down and set at regular intervals. Whenever the knife cuts off a pie, a set of prongs automatically fasten into it and when the knife lifts up to cut again the wheel moves around about six inches and, as the knife cuts the cream, the first brick is dipped in hot chocolate. When the knife lifts, the wheel moves around and lets the first brick drain, while the second pie is dipped into the chocolate. The machine not only saves the labor of at least two men, but it is much more sanitary in every way. The Banner Ice Cream company has one of the most up-to-date establishments in this part of the country. While they have not as large a plant as in the bigger cities, the machinery used is the same, except that there are a smaller number of units used.

VALUE OF FORDSON TRACTOR AND DISC PLOWS DEMONSTRATED ON DAVENPORT FARM NEAR RANGER

The all-Fordson method of crop preparation and building is being demonstrated on a 97-acre tract of Lon Davenport, where he now also makes his home, about one mile from Ranger just south of the Bankhead highway. The whole of this tract is not in cultivation, for a portion of it is used by Mr. Davenport for pasturage, he having some fine cattle to fatten for market, but several parts of it are being cultivated and the different character of soil to be found there shows how adaptable the Fordson is to farm lands in Eastland and adjoining counties. Mr. Davenport has a 12-acre field devoted solely to cotton. When first plowed, the weeds were waist high and when the ground was first broken, it came out in great, hard boulders. The Fordson tractor, drawing a three-disc Oliver plow, did not mind the weeds, and was not disheartened by the hard ground. The field was plowed twice with the Fordson, and discs, three times harrowed and bedded once. Now the soil is in splendid condition for the seed. Two teams of three mules in each team could not have plowed and harrowed the field one-half so well in twice the time. Another section of the farm is a sandy loam, in which the Fordson tractor and disc plows reveal. The cotton field was plowed to a depth of about eight inches, the sandy loam to a depth of about 12 inches. More than five acres may be plowed in one day, one man handling both tractor and disc. Twenty gallons of gasoline and one-half gallon of good grade engine oil is needed for each 12 hours of plowing. This is much less than the cost of feeding two teams of mules and the mules require feeding every day and several times daily, whether they work or not. When the tractor is not working it needs no gasoline or oil. For planting Mr. Davenport uses a two-row planter, which is followed by a harrow. For cultivation, he uses a two-row cultivator. He can plant or cultivate about 16 acres in one day, doing the work that heretofore has been considered a hard day's work for two men and eight mules.

TRIAL OF THE CHRIST UNFAIR SAYS AUTHOR

J. E. Ingram, Writes and Publishes Arraignment of Pilate's Court. "The Criminal, Illegal Trial of the Nazarene Peasant," a 325-page book in which is given a merciless analysis of the character of the courts before which Jesus Christ was accused, has recently been published. It is written by Judge J. E. Ingram, of Ranger and Fort Worth, and was designed as an answer to a book written several years ago by S. Srinivasa, a judge in Mylapore, India, in which it is contended that the trial of Christ was legal and just. Judge Ingram has proved conclusively that the trial of the Nazarene Peasant, Jesus, is unequalled and unparalleled for farcical legal procedure in the history of the world. Forty members of the high court of Sanhedrin are depicted individually, their moral characters being fully exposed. The laws, Mosaic and Roman, governing the trial, are given and proof offered of their flagrant violation. Full narratives from several sources as well as the Gospels

bear out the argument of the book, among the most interesting being Pilate's detailed report to Emperor Tiberious Caesar. The justice of Pilate are reviewed and Herod's record is given. Every one of these shows gross injustice and refutes the claims put forth that Jesus of Nazareth was given a fair trial. COALITION FAILS ON APPEAL FROM RULING OF THE CHAIR. By United Press. WASHINGTON, May 17.—The progressive-democratic coalition in the senate lost its fight for restrictive rail legislation when the long and short haul bill was thrown out of the army appropriation bill by a vote of 49 to 25. President Protem Cummins upheld a point of order raised by Senator Wadsworth of New York, but Senator Pittman appealed from the ruling and a vote was taken. Many democrats deserted the coalition and voted to uphold the chair. METHODISTS POSTPONE VOTE ON ANTI-WAR RESOLUTION. By United Press. SPRINGFIELD, Mass., May 17.—Action on the anti-war resolution to be placed before the general conference of the Methodist Episcopal church was put off again today as the discussion of the election of new bishops went into the afternoon session. The vote on the anti-war resolution cannot now come up before Monday.

FINANCES ARRANGED FOR NEW DALLAS HOTEL TO BE LARGEST IN SOUTHWEST

DALLAS, May 17.—Negotiations were completed tonight for financing Dallas' new \$5,500,000 hotel. S. W. Straus & Co., Chicago investment brokers, have agreed to underwrite a first mortgage bond issue of \$3,250,000, insuring immediate erection of the largest hotel in the southwest, it was announced by T. B. Baker, the builder. The Oriental hotel, recently purchased by Baker, will be razed within the next few weeks to make way for an 18-story structure with 700 guest rooms, according to Baker. Construction will be started at once and completed by Sept. 1, 1925. The new hotel will be built of reinforced concrete, faced with matt brick. It will be known as the Baker hotel. A large rustic roof garden with a capacity of 2,000 persons will be a special feature. Baker at present operates hotels at Austin, San Antonio and Fort Worth. BUY IT AT HOME.

HUDSON has always been famous for the beauty of its closed bodies. But even among past creations, was none to rival the exquisite grace, luxury and charm of the new SEDAN. The entire product of America's foremost custom-body builder is devoted exclusively to this one model. That not only assures the finest workmanship, but makes possible a price not equaled among luxurious cars. Gullahorn Motor Co. RANGER, TEXAS

PREACHERS DECLARED TO BE LONG LIVED CLASS. DALLAS, May 17.—Be a preacher if you would live long, is the teaching of Dr. J. U. Yarborough, psychologist at Southern Methodist university. In lectures to his classes in psychology, Dr. Yarborough referred to the 600 clergymen who died last year in England as proof of longevity of preachers. "The average age of these men was 69," he says. "The average age of the same number of needle grinders who died was 43. Be a preacher."
