## 200 Attend Banquet --

# Don Williams Named Chamber President

Don Williams was named to head the Farwell Chamber of Commerce and Agriculture for the next year at the annual banquet held last Thursday evening. Serving with Williams as vice-president will be Glenn Marsh. Other officers are I. W. "Dutch" Quickel, secretary, and R. W. Anderson, treasurer. The new slate of officers were introduced with their wives by Jim Wiman, outgoing president.

Members of the board of directors for the Chamber in 1970-71 are Jim Berry, John Getz, Henry Haseloff, Gilbert Kaltwasser, J. T. Ford, Fred Chandler and Gil Patschke. The board of directors and their wives were also introduced by Wiman.

Approximately 200 persons were on hand to hear Dr.

Charles Jarvis speak at the annual banquet. This was Dr. Jarvis' second appearance as banquet speaker in Farwell. He brought the principal address at the Chamber banquet in 1967.

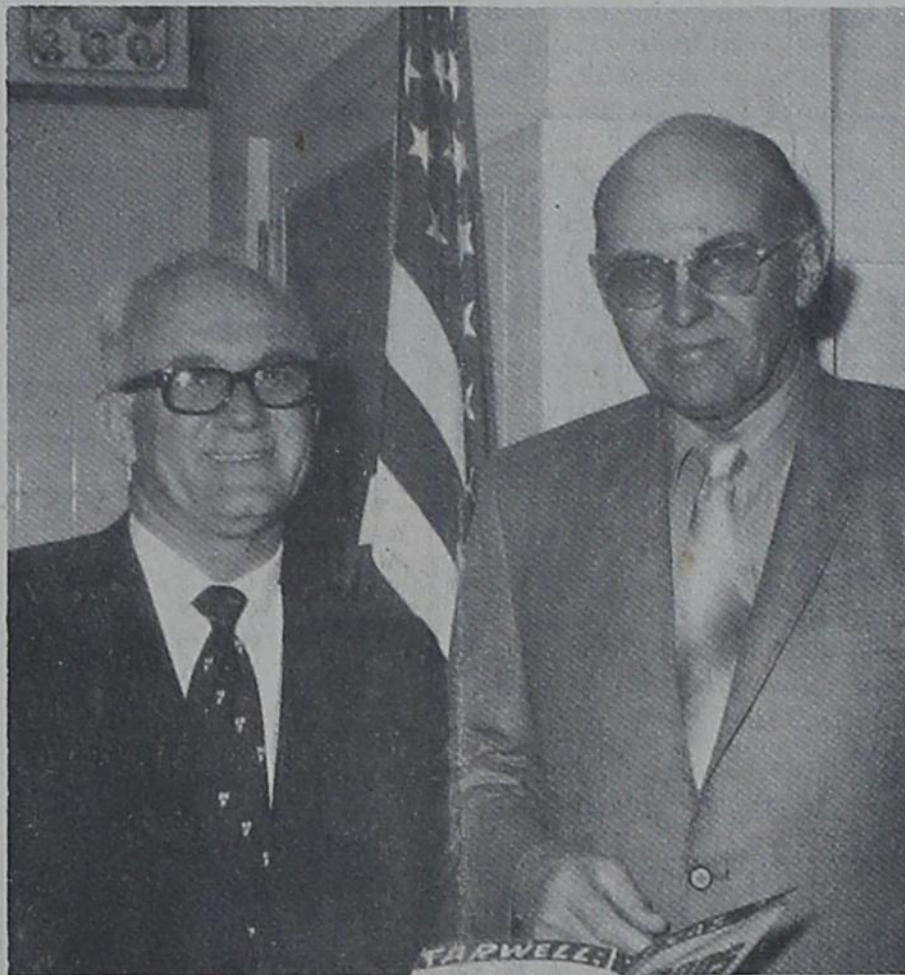

Although Dr. Jarvis' talk was filled with wit and humor he also brought a timely message on public relations. . . brought out by his quotation of the golden rule "Love one Another." In commenting on various things going on in America at the present time (riots, strikes, etc.) Dr. Jarvis noted that they can only be solved if we as citizens of the greatest country on earth are willing to live the way we talk. He said, "Go forth and do the thing you advocate to make America great and it will be a better place for your having done so!"

The speaker was introduced by Charles Aycock, who enumerated only a few of the speaker's fine qualifications in his introduction.

Rev. Herbert F. Pelman, pastor of St. John Lutheran Church, gave the invocation and benediction, and Gil Patschke led the pledge of allegiance to the American flag. Dinner music was provided by Edd Hardage and Juanita Smith at the organ.

John Getz introduced guests from Lazbuddie, Friona, Clovis, Texico and Hereford and also read telegrams from several dignitaries including Jack Hightower and Bill Clayton, state representatives, and Bob Price, congressman from the 18th District of Texas. The officials expressed their regrets at not being able to attend the banquet. Getz also presented the past president's plaque to Wiman.

The meal, featuring broiled club of beef, was prepared and served by the ladies of the Farwell School cafeteria staff.

SPEAKER for the Farwell Chamber of Commerce and Agriculture banquet, Dr. Charles Jarvis, left, and Jim Wiman, outgoing president of the Chamber, look over the program for the evening prior to the beginning of the Thursday festivities.

## Lions Slate Pancake Day

The Texico-Farwell Lions Club has slated its first annual Pancake Day for Saturday, April 4, at Farwell School Cafeteria. The event will begin at 7 a.m. and conclude at 8 p.m. During the day area residents are invited to come to the cafeteria for a meal consisting of pancakes with the trimmings, cooked by members of the Lions Club.

Price of the meal is \$1 for adults and 75¢ for children 12 years of age and under.

Tickets are now on sale by members of the Lions Club; however, they may also be purchased at the door. In previous years the club has conducted a "pancake breakfast," as a fund raising project. Proceeds from the Pancake Day will be used in the various Lions' projects.

LOOK WHAT THE EASTER BUNNY LEFT -- Lesa Langford, five-year-old daughter of Mr. and Mrs. Delvin Langford, searches under every weed and blade of grass for surprises which the Easter Bunny might have left for her to enjoy. Her basket was filled almost to overflowing by the time she discovered these two eggs stashed away under a weed. Lesa is a granddaughter of Mr. and Mrs. Elmer Langford of Texico and Mrs. Tommy Parker of Friona.

OFFICERS AND LADIES --- Farwell Chamber of Commerce president-elect Don Williams, left, and vice-president elect, Glenn Marsh, and their wives, Mrs. Williams, left, and Mrs. Marsh, admire the brochure telling about the advantages of living in Farwell and the surrounding area prior to the Chamber banquet on Thursday evening. The brochures were given to persons attending the banquet and are also available to any one who wishes to have one by calling a member of the Chamber.

## Says Indian John Crim --

# Good Crop Year Indicated

"A bumper crop year," is the way Indian John Crim interpreted the smoke signals from the ceremonial fire which he reads each March 22, at sunrise. The fire on Sunday morning which was lighted at 6:15 a.m. indicated that the coming season should be the best crop year since 1947, according to Crim.

Wind on Sunday morning was from the northeast blowing to the southwest, indicating that the wind will be strong in some areas this coming year, but only when storm clouds are in the vicinity. There will be little or no hail, says Crim, adding, "Wrap up the irrigation motors, boys, and let nature take its course, as this will be a good year for farmers. Probably the best year for dry-land farmers in many a day."

Although Friday had been a typical West Texas day with snow, rain and high winds, Sat-

urday was extremely warm, melting the snow from Friday. Sunday dawned bright and clear, but by 8 o'clock the sky was overcast with winds whipping up. Later in the day the skies cleared and the temperatures rose; however, Crim believes that the rains which were indicated in the ceremonial fire will not begin falling immediately.

This year's forecast was in contrast to that of last year when Indian John indicated that only a "fair to middlin'" crop year was indicated by the smoke signals. At that time he advised farmers to "keep their irrigation motors well oiled and in running condition since they would be needed before the year was over."

Crim has been reading smoke signals in Parmer County since 1923 and has been making a public weather forecast since 1952.

He was taught the art of reading smoke signals by his father, who had been taught the art by the Indians. Legend has it that a tepee-shaped fire burning at sunrise on March 22, will give signals of a "good" or "bad" crop year in wind direction and the direction the smoke carries. If the wind is from the north or northeast, as it was this year, and carries the smoke south or southwest, the crop will be average or above; however, if the wind is from the south, southwest or west, a "poor crop year is indicated."

Approximately 30 people, including family, friends, and news media were on hand Sunday morning to watch as Crim made his annual forecast. Coffee and doughnuts were served by Mrs. Crim, and Crim's daughters and daughters-in-law to those in attendance.

GRANDCHILDREN OF "INDIAN JOHN" CRIM wait anxiously for their grandfather to give his pronouncement on the weather outlook for the coming year as they gather 'round at the annual weather forecast on Sunday, March 22. Left to right are Greg Crim, Kirk Crim, Rod Crim, Terri Johnson, Sandy Crim, Lesley Curtis, Vicki Crim held by Mr. Crim, and Robert Curtis. Crim noted that the northeast wind on Sunday morning indicated a "bumper crop year" for area farmers, adding that it should be the best year since 1947. About 40 persons were on hand for the annual event.

## St. John's Church Slates Pre-Easter Services

First of the pre-Easter services at St. John's Lutheran Church at Larlat is slated for Thursday, March 26, at 8:30 p.m. This will be a Maundy Thursday communion service, according to Pastor Herbert F. Pelman.

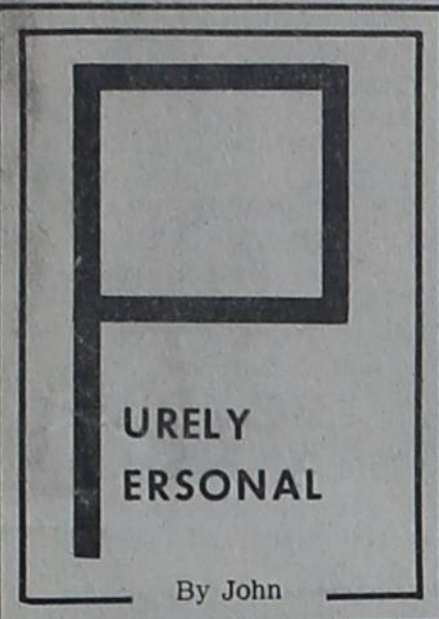

The following day (Good Friday) a service will be conducted at 10 a.m. On Easter morning a communion service will be observed at the regular worship at 10:30 a.m.

On Monday, March 30, Pastor Pelman accompanied by Mr. and Mrs. Willbert Kalbas, voting delegates, and Cheryl Kaltwasser, youth representative, will leave for Houston where they will attend the conference of the Texas District of Lutheran Churches -- Missouri Synod. According to Pastor Pelman, this is the first time the 39 youth groups in the synod have been represented at the conference.

Mrs. Pelman will visit in Vernon with her daughter, Mrs. Ruth Streit, while her husband is attending the conference.

"WRAP UP THE IRRIGATION motors, boys, and let nature take its course," intoned J. W. "Indian John" Crim as he made his annual weather forecast Sunday morning for the 47th consecutive year. Crim stated that direction of the wind from the ceremonial fire indicated that this should be the best crop year since 1947.

Dear East Side Taxpayers: We received your letter of complaint about the dog catcher. You are right--your letter will never be published because someone has to sign each letter. We do not honor anonymous communications. If someone will acknowledge authorship we will print the letter and not print the signer's name if that is his desire.

With each passing week there are more and more signs of the dissolution of our society. Whether this is a planned thing or not we do not know for sure. However, a friend of ours, S. A. Newsom who currently resides in Clovis, brought us a pamphlet entitled "Communist Rules for Revolution." We have seen this in the past, but were even more impressed with the relevancy of its contents today. The pamphlet is reprinted and distributed as a public service by the Belen Scottish Rite Club. These "rules" were supposedly taken from a German Communist document captured by the Allied forces 'way back in 1919. Within the past 50 years to implement them we will ask you if there is any similarity between the rules and today's news as we hear it daily.

### COMMUNIST RULES FOR REVOLUTION:

- A. Corrupt the young; get them away from religion. Get them interested in sex. Make them superficial; destroy their ruggedness.
- B. Get control of all means of publicity, thereby:
  1. Get people's minds off the government by focusing their attention on athletics, sexy books and plays and other trivia.
  2. Divide the people into hostile groups by constantly harping on controversial matters of no importance.
  3. Destroy the people's faith in their leaders by holding them up to contempt, ridicule and obloquy.
  4. Always preach true democracy, but seize power as fast and as ruthlessly as possible.
  5. By encouraging government extravagance, destroy its credit, produce fear of inflation with rising prices and general discontent.
  6. Promote unnecessary strikes in vital industries, encourage civil disorders and foster a lenient attitude on the part of the government toward such disorders.
  7. By specious argument cause the breakdown of the old virtues of honesty and sobriety.
- C. Cause the registration of all firearms on some pretext with a view of confiscating them and leaving the population helpless.

S. A. Newsom winds up by stating "This I believe" and signing his name. Newsom, you know we cannot help but feel that you are right.

Ye olde editor's desk is fast becoming a repository of contemporary pornography. This is not to say we collect "feilthy pectures" or dirty books, but only that we are getting some of the underground newspapers published for our college students' consumption. How odd, we seem to think they are lewd and vulgar. Apparently the courts do not.

## Bovina Publisher Named Man Of The Year

Dolph Moten, editor and publisher of the Bovina Blade and owner of Dolph Moten Publishing in Bovina, was named Man of the Year at the annual Chamber of Commerce banquet last Thursday evening.

Moten, who was editor of the State Line Tribune for a short period of time in the 1950's, established the Bovina Blade in 1955. He is a member of the Bovina Lions Club, having served as president of the group last year. He is also active in other civic organizations in Bovina and is active in politics in Parmer County.

He and his wife, Sue, have two children, Matt and Lady Beth.

## Jones Completes Master's Degree

Donald Wayne Jones, husband of the former Judy Billingsley of Farwell, completed work for a master of science degree in plant pathology and physiology at Virginia Tech at the end of the 1969-70 winter term.

His research on "Some Effects of Dimethyl Sulfoxide (DMSO) on Absorption, Translocation and Membrane Permeability in Plants," concerned the ways that DMSO affected the action of weed-killers in corn and soybean leaves and beet roots.

While Jones has completed work on his degree, he will not receive the degree until June graduation exercises in Lane Stadium on the campus of Virginia Tech at Blacksburg. He has already begun work towards a Ph.D. degree from Virginia Tech.

Jones, a graduate of Bovina High School, received the bachelor of science degree in agriculture with a minor in business from West Texas State University in 1966.

He is the son of Mr. and Mrs. O. H. Jones of Bovina. He and his wife, Judy, have one son, Corey JuDon.

## Father Of Local Woman Dies

Funeral services and burial were conducted in Louisville, Ky., March 14 for W. H. Branch, Sr., 83, father of Mrs. Ros Blankenship of Oklahoma Lane. Mr. Branch, who had visited here on numerous occasions, passed away on March 12 following an extended illness.

Survivors in addition to the local daughter include his widow, Emma, of the home; a son, W. H. Branch, Jr., of Albuquerque; and three grandchildren, Ruth Anne and Lynn Blankenship of Oklahoma Lane, and W. H. Branch III of Florida. Mr. and Mrs. Blankenship, who were in Louisville for the funeral, returned home last Wednesday.

**Letters To The Editor**

March 20, 1970

Mr. John Getz, Editor  
State Line Tribune  
Farwell, Texas 79325

Dear John:

The past few weeks your paper has printed letters from disgruntled pet owners. Apparently they either do not know or choose to ignore the fact that several years ago (on December 15, 1963) there was enacted by the City Commission of the City of Farwell an ordinance regulating keeping dogs and/or cats within the city. At the time this ordinance was enacted there had been held several public meetings regarding the fact that there were dogs running in packs, which had killed horses, sheep and other animals in the surrounding area. There were also a number of people having to take a series of painful shots as a result of being bitten or scratched by animals, particularly cats. Property owners were also angry because their yards and valuable shrubs were being destroyed by these animals.

I would call people's attention to particular parts of this ordinance, which can be read in entirety at the City Hall, but briefly provides the following: Requires a license and registration; requires owners to keep animals under leash or control at all times; provides for appointment of a Pound Man and charges him to impound any animal found running at large; provides for a pound charge of \$10.00 plus a charge of \$3.00 per day for each day an animal is kept in the pound, with animals being kept for a period of two days; provides and charges owners to keep any animal suspected of rabies confined under a veterinarian's observation for a period of two weeks; also provides for a fine of up to \$100.00 upon conviction of violation of any of the provisions of the ordinance.

Nearly everytime you drive down a street or highway you see diseased and starving animals that apparently no one cares for or claims and yet when the Pound Man catches them, they are someone's valuable pet.

If people want pets, why are they cruel enough to let them go unattended and cared for; to be left running at large where they fight with each other and even to attack elderly people and small children, to rummage in garbage barrels for what little food they can find and in the process pick up all manner of disease. I don't believe that people are deliberately cruel but I have come to the conclusion that we have to work to keep from being so and anyone who does not control and care for their animals "at home" are not only being cruel to their animals but are disregarding their neighbors' rights by letting their animals become pests.

Laws and ordinances are made for the protection of everyone, not just a select few, and must be treated as such. I am sure that our elected officials feel this very strongly and do not create laws and ordinances just as a pastime, or just to please some one person but for the protection and welfare of the whole community.

Very truly yours,  
Janie Bowery

**At Home In Parmer County**

By Janice Miller  
County HD Agent

This past Saturday Parmer County 4-H members who are enrolled in Food and Nutrition projects had their Food Show. It takes a lot of people to make a contest successful -- 4-H members, junior leaders, adult leaders and judges. Mrs. Mike Potts, Bovina homemaking teacher, and Mrs. Pete Jesko, who has worked as County Home Demonstration Agent, took their time to judge the girls and their entries. This isn't an easy job and I want to "thank you" for taking time from your busy schedule, to spend an afternoon helping 4-H in Parmer County.

Easter 1970 is here. And if you have children young enough to enjoy hunting Easter eggs, here are some tips for you in getting ready for the hunt.

COOKING: Easter eggs will taste and look best if they are hard cooked instead of hard boiled. Cooking eggs at a lower temperature means more tender egg whites, less dark coloring around the yolk and less cracking of shells during cooking. Here's one way to hard cook eggs without boiling: cover eggs with cool water and bring to a boil in a heavy covered saucepan. Set pan off heat and let eggs set for about 20 minutes in hot water. If you must hurry the process simmer (but do not boil) for 10 minutes. Immerse cooked eggs immediately in cold water.

DYEING: Wipe shells thoroughly with a moist cloth, then allow to dry. Eggs that have limey shells will dye with tiny white spots.

Blow eggs out of shells or hard cook eggs before tinting. Eggs dye best when they are hot, and hot water dyes are fastest.

Prepare the dye according to the manufacturer's instructions. Immerse the eggs until

**LOOKING HER BEST FOR Easter**

Easter is a day of conquest... a day of new life... a day of beginnings... This is the day that our Saviour arose in a mighty triumph over the grave. This is a day of joy... a day to remember... a day to attend services in the church that our Lord loved so much, but even though we all want to dress up and look our best for this special day it is not the most important part. For God does not look on outward appearances, but looks on the heart.

**EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

**CUB SCOUT WINNERS --** Volunteer judges (l. to r.) Archie Tarter, Thad Watkins, and Albert Johnson -- reported their findings to Cub Master Harlin Obenshain (right) after Pack 213's Kite Derby. Winners were (l. to r.) Mark Howard of Den 1, first place; Alan Warren of Den 3, second place; and Tim Norton of Den 4, third place.

## Cub Scout Pack 213 Have Successful Kite Derby

Boys of Texico-Farwell Cub Scout Pack 213 braved high winds for an enjoyable Kite Derby Tuesday afternoon on land east of Farwell owned by Hurshel Harding. Over 20 boys were on hand with Cub Master Harlin Obenshain and Den Mothers, Mrs. Bill Whitesides, Mrs. Guy Martin, Mrs. W. D. Howard, and Mrs. Duane Herington.

Although kites were judged on distance flying, flying height, and overall performance, the main challenge was keeping the kite from making a fatal nose-dive, caused by high winds, into the ground. Several boys had to retrieve assorted segments of the kites made individually during den meetings. Among those victorious over the windy conditions were trophy winners Mark Howard (first place), Alan Warren (second), and Tim Norton (third). After their presentation, the trophies, furnished by Rose Drug, were taken to be engraved. They will return to the boys through formal presentation at Pack 213's next meeting.

With 27 Texico and Farwell boys in four dens, Pack 213 is already operating at or near capacity. Additional volunteer den mothers could provide Cub Scouting for even more youngsters in the third grade through ten-year-old group. Ladies who would consider helping with a den may call 481-3624 for additional information.

Den 4 will have an all-day outing March 30 at the National Wildlife Refuge, located south of Muleshoe. Attending will be older Cubs preparing to enter their Webelos training, mothers, and Den Chief Lynn Kittrell.

In addition to the winners, other boys participating included Dusty Casey, Steven Scott, Dwayne Obenshain, Robin Rob-

erts, Jack Rose, Stanley Herington, Guy Whitesides, Steve Doolittle, Clint Sharp, Blake Halle, Ray Zachrei, Jeff Christian, Neal Halle, Richard Kelley, Greg Howard, and Stan Edwards.

Bobby Actkinson, a graduate of Farwell High School and son of Mr. and Mrs. J. T. "Theo" Actkinson has been named to the head coaching slot at Spur, succeeding Dempsey Alexander, under whom Bobby played football in Farwell.

In accepting the assignment, Coach Actkinson said, "I appreciate the opportunity the school board has given me and I will do my best to justify their confidence in me."

Actkinson has been in the coaching field for two years since receiving his BS degree from Texas Tech in 1968. ## WATER, WEEDS AND INSECTS TO BE DISCUSSED APRIL 2

Farmers are always concerned with increasing the net profit from crops they grow. The amount of net profit received often depends on three cultural practices performed to produce a particular crop.

A county-wide meeting has been set for April 2 to discuss these three topics, according to Ronny McNutt, Farmer County agricultural agent. The meeting will begin at 7:30 p.m. and will be held in Friona High School Cafeteria.

the cost of long distance calling has gone down

# Again

Back in 1915, a coast-to-coast call cost \$20.70. Ever since, the cost has been a steady progression downward.

Now — for the 26th time — we're initiating the biggest Long Distance reductions in our history. You save money no matter what time of the day or which day of the week when you direct-dial an out-of-state call.

For instance, you can now direct-dial a call anywhere coast-to-coast, three minutes, for just 85 cents or less any week night from 5 till 11. That's 15 cents cheaper and two hours sooner.

You can make that same call for 70 cents on week-ends from 8 am Saturday to 5 Sunday night. That's 30 cents cheaper.

On weekdays, you can make that call from 8 to 5 for \$1.35. That's 35 cents cheaper.

A major reason for these reductions, of course, is improved technology, a job we consider our constant responsibility.

With most other costs going up, it gives us a good deal of pleasure to share with you one that's going down.

The First United Methodist Church in Post, Tex., was scene for the March 21 wedding of Natalie Sharyn Bilberry, daughter of Mr. and Mrs. Luther Bilberry of Post, and Curtis Stephen Birchfield, son of Mr. and Mrs. Curtis Birchfield.

The couple exchanged wedding vows at 7:30 p.m. in a double ring service read by Rev. O. Curtis Lee, pastor of the Post church. Vows were exchanged before a setting of white stock and greenery and two spiral 15-branched candelabra.

Mrs. Ronald J. Babb, organist, played a selection of nuptial music preceding the ceremony and also accompanied soloist, Sue Harrison, when she sang "Because" and "Wedding Prayer." Mrs. Babb also played the traditional wedding marches as processional and recessional.

Serving as best man was Joe Castillo of Lubbock, close friend of the groom. Ushers were Jimmy Birchfield, brother of the groom, Ricky Hines of Post, and Johnny Tom and Larry Bilberry, brothers of the bride.

Maid of honor was Margie Griffith of Bledsoe, Tex. She was attired in a floor length gown of blue flocked organdy, designed on princess lines and featuring a high waistline accented by bias self fabric and bows at the bodice front. The gown also had a scooped neckline and puffed sleeves. Her headpiece was of white carnations and she carried a cascade nosegay of white carnations.

Junior bridesmaids were Virginia Nan and Patricia Ann Bilberry, sisters of the bride. Their attire was identical to that worn by the maid of honor.

The bride, escorted and given in marriage by her father, wore a formal wedding gown of white satin and lace. The gown featured a high waistline, a gathered skirt, a lace bodice over satin and a matching lace panel at center front of the skirt. Her floor length veil of tulle was outlined with a band of imported Venice lace. She carried a cascade bouquet of cymbidium orchids and white carnations.

Mrs. Bilberry wore a two-piece knit suit of blue with black accessories for her daughter's wedding. Her corsage was also of white carnations.

A reception was hosted by the parents of the bride in the fellowship hall of the church. Centering the serving table was an antique candelabra belonging to the bride's maternal great-grandmother. The tiered wedding cake was decorated with blue flowers and topped by a bride and groom figurine. Af-

ter it had been cut by the bride and groom, it was served by Miss Paula Preston and Mrs. Phil Hunt. Guests were registered by Miss Dedra Preston. Crystal table appointments were used.

When the couple left for a wedding trip to Tres Ritos, Mrs. Birchfield wore a light blue knit tunic dress with a pleated skirt, accented by full sleeves gathered to deep cuffs closed with covered buttons. Her accessories were white. Complementing her ensemble was an orchid corsage lifted from her bridal bouquet.

The bride is a 1969 graduate of Post High School and is attending South Plains College where she is an elementary education major.

The groom, a 1969 graduate of Farwell High School, is a student at Commercial College in Lubbock and is also employed by Santa Fe Railroad.

They are making their home at 1006 1/2 N. Ave. R. in Lubbock.
