For Riley Boss

Riley Boss, a resident of Texico since 1902, died at a Las Vegas hospital July 10 after an extended illness. He had been hospitalized in Las Vegas since August of last year.

He was 73 years of age. Mr. Boss was born in Trent. Tex., and moved with his family here when he was six years old. The family lived on a farm and he attended Locust Grove

After returning from service in World War I, he was married to Miss Alma Purselley and started trucking for area farmers, an occupation he worked at for 38 years. He had hauled grain for farmers all over the county and watched area towns grow and change from small settlements to the towns they are today.

Mr. Boss and his wife became members of the First Baptist Church, Farwell, in

The ladies have helped in almost all phases of the program, including physical, medical and educational development through work with toys, puzzles, stories, games, music, films and art.

It is apparent how much the children love these workers when one sees how their eyes light up when Mrs. Foster or Mrs. Glasscock walk into the room.

Mothers of students who have Mrs. Glasscock and Mrs. donated several hours to the sessions have been Mesdames Raymond Edwards, Pete Quiroga, Albert Moncado, and Ben Mesmen. Helping with field trips or special events were Mesdames Andrew Castillo, Luciano Daniel, Jesse Cantu, Moises Ancira, and Richard Andrede.

Sisters of students who assisted were Lupe Cantu, Teresa Vidaurre, Vickie Edwards and Rosa Loera.

Home economic girls who volunteered for the entire course were Dianne Rodriguez, Penny Phillips, Gail Meeks, Susan Patschke, Cheryl Kaltwasser and Tina Rundell.

Field trips for the children have included outings to Clovis park and zoo, a candy factory, the county courthouse, Clovis fire station, the Ray Tharp

from those who have no children or grandchildren connected with doing any task or favor that is to were allowed to ride a horse), the Mrs. Lee Jones farm where they enjoyed seeing peacocks, and a visit to the backyard of the Glenn Phillips home to play on a trampoline.

Mrs. James McDorman was head of the nutritional staff and was assisted by Misses Vickie Kaltwasser and Kathryn Gober, who helped her prepare breakfast, lunch and a mid-morning snack for the students who were at school from 7:30 a.m. to 12:30 p.m.

Mr. and Mrs. H. R. Crook were in charge of transporting children to and from school, and Mrs. Katherine Lockhart was in charge of medical supervision.

Mrs. Pool was teacher for the four, five and seven-yearold students and had as her aide, Lucy Jaime. Rose Aguilera was teacher for the sixvear-olds and her aide was Celia Aguilera. So with the number of students enrolled, it is easy to see that the volunteer help of these people has been essential to the success of this year's program. And most of the workers feel that they have gained as much from working with the children as the children have gained from having them help. It might be said that the workers and students

turned into a "mutual admira-

tion society."

An Open Letter to the People of Texas...

The availability of an adequate supply of water has always made the difference between prosperity and want--between plenty and famine. For these reasons, water has played a major role in the Texas story--has been the essential element in placing a State known for wide open spaces in the position of sustaining --

The Nation's third largest population by 1985;

* A high rate of growth in business, industry and finance; * The Nation's third largest agricultural industry.

Our State's growth projections in these areas nearly defies imagination, and yet experts tell us that these projections and future prosperity cannot be realized unless giant steps are taken now to assure Texas' future water resources.

The Texas Water Plan was developed to make maximum use of the available water in our State and to provide for additional out-of-state water as needed. This work has taken place during all of our administrations as Governor of Texas. The Plan comes to its first real public test on August 5, 1969, when you, the voters of Texas, are being asked to approve Constitutional Amendment No. Two, which will authorize the Texas Water Development Board to sell up to \$3.5 billion in additional bonds over a 40-year period, in amounts as needed -- money that will eventually be repaid by water users.

We urge you to vote for Constitutional Amendment No. Two on August 5. It may be the most important vote this generation of Texans will cast.

Sincerely,

Preston Smith

> CHOCOLATE SHEATH CAKE Sift together 2 cups sugar and 2 cups flour, set aside. Bring to boil 2 sticks oleo, 4 tablespoons cocoa and 1 cup water. Remove the latter mixture from heat and stir in flour mixture; add 2 eggs, 1 teaspoon cinnamon, 1 teaspoon vanilla, 1/2 cup buttermilk in which 1/2 teaspoon soda has been dissolved. Pour mixture into greased and floured "bake and take" pan and bake at 350 degrees for 30 minutes.

For the topping bring to boil 1 stick oleo, 4 tablespoons cocoa, 6 tablespoons sweet milk. Remove from heat and add until smooth; add 1 cup chopped pecans and 1 teaspoon vanilla. Spread over cake while cake is still warm. Delicious and easy for a quick dessert.

AVOCADO SALAD Dissolve 1 package either lime or lemon gelatin in 1 cup boiling water. When gelatin begins to set, add 1/2 medium onion- chopped, 2 small packages cream cheese, 1/2 mashed pimento, 1 mashed avocado. Now add to the mixture 1/2 green pepper-diced, and 1 cup chopped celery, which has been mixed with 1/2 cup salad dressing. Chill and serve on lettuce leaf. Children Visit In Lockhart Home

Visitors in the John Lockhart home in Texico this week are their son and daughter-in-law, Lt. Commander and Mrs. Allen Lockhart, who have just returned from a two-year tour of duty in Thailand. They will visit here the remainder of this week before going to Layfayette, Ind., where Lockhart will be stationed for one year.

Visiting with the group during the weekend was another son and family, Mr. and Mrs. Kick Lockhart, Rickey, Kerry and Ellen, of Albuquerque. Lockhart, who works for the FAA, has been transferred to Anchorage, Alaska, where he and his family will be moving to make their home next month.
