

Mahailovic Told To Destroy Tito During Fighting

Testifies British. Desired Partisan Forces Out Of Way

BELGRADE, Yugoslavia, June 12 (AP) — Gen. Draza Mihailovic testified in his trial for his life today that a British mission to Yugoslavia instructed him to destroy the partisan forces of Marshal Tito.

The Chetnik leader, accused of treason and collaboration with the Germans was on trial before a three-man court established by the regime which Tito now heads as premier. Tito returned on the opening day of the trial from two weeks of conferences in Moscow.

Mihailovic, on the stand for the second day, described the relations of his underground troops with the Germans during the occupation of Yugoslavia in 1943 as "no cooperation but haphazard mutual battle."

Mihailovic asked for a secret session of the court to bring out testimony on directives he said he received from a British liaison mission attached to his headquarters. The court refused and told him to "speak out here."

The defendant said British Col. William Bailey, now attached to the British mission in Bulgaria, was at his headquarters. The prosecutor asked one question as to what Bailey said.

"Col. Bailey said to liquidate the communists," Mihailovic declared.

Cub Scout Day Camp Slated June 18-19-20

Dates for the Big Spring district Cub day camp have been fixed for June 18-19-20, D. M. McKinney, cubbing commissioner, announced Wednesday.

Activities will consist of camping, advancement, swimming, handicraft, softball, track, ball throwing, washer and horseshoe pitching.

Transportation will be furnished with a truck leaving North Ward school daily at 8:30 a. m. and proceeding to 3rd, thence south to Scurry, picking up cubs on the way.

Activities start at 9 a. m. and continue to 5 p. m. Only overnight camping will be on Thursday, and then only for cubs accompanied by their father or another adult.

C. V. Warren and Tommy Farquhar will be in charge, said McKinney, assisted by Bill Sheppard, cubmaster. Bobo Hardy and Eddie Houser will supervise swimming. Elton Taylor food preparation. Arnold Seydler and W. D. Berry, tentage, and Sheppard, transportation.

Meals will be prepared at a field kitchen and cubs will bring only a mess kit and swimming suit, plus a sack to keep them in. No hatches will be allowed, said McKinney. Boy Scouts will be on hand to serve as junior leaders.

Tourist Courtesy Class Endorsed

Members of the public relations and tourist development departments of the chamber of commerce and employers representing several types of businesses in Big Spring endorsed a proposed course in courtesy for employees at a meeting Tuesday afternoon in the Settles hotel.

Classes, with Thelma Boone, representative of the University of Texas and the state board of vocational education, as instructor, are scheduled to begin on June 24. Sessions will be held each day from 2:30 to 4 p. m., with a minimum of 10 hours to be required for the complete course.

The course is open to employees of any type business which requires dealing directly with the public. J. H. Greene, chamber of commerce manager, said. It is thought that the instruction will be the first of its kind ever offered by the University of Texas extension.

Crop Insurance Adjustor In Town

J. B. Hammock, Howard county cotton crop insurance adjuster, will attend a meeting of District Six adjusters in Lamesa Thursday at which time the procedure for surveying 1946 crops will be discussed.

Hammock is expected to launch the task of making loss estimates on Howard county crops by Monday. He will be assisted by two experienced adjusters.

Joe Matthews, Aspermont, district insurance representative, will lead the discussions at Lamesa.

City Dads Approve Establishing Guard, Developing Airport

City commissioners worked through a heavy docket Tuesday afternoon with dispatch and came up with two major decisions.

One action cleared the way for establishment of two National Guard companies in Big Spring.

The other was a decision for the municipality to operate and develop the airport.

Commissioners also took action on officially changing Moss Creek lake regulations; adopted a resolution which would effect a land swap to straighten N. Runnels street; discussed auditorium rates; heard reports from paving projects; and were informed of progress on the city budget and city audit.

In contrast to meetings since beginning of the fiscal year, the board lost little time in conferring with delegations. Only half a dozen persons were on hand, giving commissioners a respite.

The board recessed until 2 p. m. Wednesday, when bids on a 50-block paving project were to be opened. Actual awarding must take place at a regular meeting.

On motion of Commissioner Iva Huneycutt, seconded by J. L. LeBlou, the commission voted to offer the State of Texas a deed on 20 acres of the bombardier school tract as a site for a National Guard armory.

This was subject to a clause which would cause the property to revert to the city in event it ceased to be used for the intended purpose. Commissioners discussed the possibilities of Guard units and a desire to take the lead in making it possible for two companies, tentatively designated for Big Spring, to be activated.

Although they discussed the matter in detail and expressed a desire to confer with Civil Aeronautics Board airport representatives with the view of obtaining more information, all board members stressed their desire to capitalize on air transport opportunities locally.

It was with this in mind that they took action for municipal operation as a means of clearing the way to developing better terminal facilities and to be in a position to maintain the key position the city's port now enjoys.

Commissioner Hack Wright pointed out that "our port is one of the best in the nation." He and other board members favored bids for fueling contracts so that all companies would have equal chance. In this connection, the city would be free to amortize terminal expense rather than committing itself to a similar program with any one fuel company, it was pointed out.

Commissioner George Mims and others expressed a desire for

Vet Arrested In Jewel Theft

WASHINGTON, June 12 (AP) — The War Department today announced the arrest of Roy C. Carlton, a former enlisted man, for investigation in connection with the Kronberg Castle jewel theft.

An army officer said that Carlton, the fourth person seized in the fabulous case, had been arrested by Federal Customs agents at his home in Kilgore, Tex.

The officer, who cannot be quoted directly, said that "the extent of his (Carlton's) participation is believed to be minor."

Carlton, the officer said, is the previously unidentified former Technician 5th Grade who was mentioned by army investigators as being involved in the inquiry.

Employees Identify Victim Of Blast As Visitor In Slain Man's Office

BOSTON, June 12 (AP) — Two employees of the far-flung Great Northern Paper company today identified positively a newspaper picture of a man killed in a New Jersey apartment-wrecking explosion as a visitor in the office of President William A. Whitcomb immediately before he was shot to death Monday.

Detective Matthew Egan said that Lester Smith, traffic manager of the firm, and Elizabeth Shannon, 23-year-old receptionist, identified the photograph of George E. Hardy, 48, of Westfield, N. J., as the man who walked calmly as the man who walked calmly after employees heard a muffled sound. Police believe the killer used a silencer on the death weapon.

Smith said the man had a pistol in his hand, Miss Shannon, who greeted the stranger when he appeared at the office, said she was "sure" that Hardy was the man.

Details Of Bids For Paving Plan Discussed

Bids were to be opened at 2 p. m. today on a 50-block paving contract, and prospects were that there would be at least three bids. Details of the contract were discussed by commissioners at their regular meeting Tuesday, which was recessed officially until time for opening of bids.

C. C. Balch and Willard Real asked the commission if it were possible to withdraw the block 6, 10th between Main and Scurry from the contract group and if the city pave the street. Mayor Dabney pointed out that this probably would not be practical since it would disrupt the legal aspects of the project.

Balch ventured the contract price might run higher, but Dabney and Commissioners Wright and Mims pointed out that this was a point to be established and that if bids were considered excessive they would be rejected.

Wright questioned the propriety of the contract requirement to move excavated dirt to designated points, contending it might make bids run higher since the point of longest haul would be figured. City Manager McDaniel recommended that it was expedient to utilize the dirt on needed fills, but added that the commission could make whatever contract provision it wished on the dirt.

He did not anticipate many bids due to lack of widespread advertising among contractors, the amount of work and necessity of contractor handling paper, but said subsequently that the paper could be negotiated easily.

Price Of Bread Upped Cent A Loaf

WASHINGTON, June 12 (AP) — The price of that elusive loaf of bread advanced a penny today with OPA approval.

The increase is effective immediately, along with a price boost of one cent a dozen for bread rolls.

The higher prices apply to all kinds of bread except rye, which went up two cents a loaf April 30. Prices are being raised, OPA said, because bakers' production costs have climbed as a result of a 25 per cent cut in the amount of flour they may use. The reduction was ordered to help meet famine relief requirements.

Amendment Sets Up Raw Cotton Ceiling

WASHINGTON, June 12 (AP) — An amendment to the proposed OPA extension legislation prohibits a price ceiling on raw cotton, members of the Senate were told yesterday.

Senator Maybank (D-SC), Majority Leader Barkley (D-KY), and Senator McFarland (D-ARIZ) all touched on the cotton price ceiling situation during Senate debate. Barkley and McFarland agreed the legislation as amended by the Senate banking committee prohibits ceilings on raw cotton.

Butler Elected GOP Nominee For Senate Seat

Nebraska, Idaho Hold Primaries For Both Parties

By The Associated Press Senator Hugh A. Butler won renomination handily over Governor Dwight Griswold in Nebraska yesterday to cloud Harold E. Stassen's prospects for the state's republican convention votes in 1948.

In another primary contest Senator Charles C. Gossett (D-Idaho) was unseated by State Senator George E. Donat, supported by Gossett's democratic colleague, Senator Glen Taylor.

Stassen, who helped write the San Francisco charter, backed Griswold because he liked the three-term governor's demand that America play a strong international role, and what he called Griswold's "progressive" views on domestic issues.

Butler is a first term who voted against lend-lease, the British loan, draft act extension, UNRRA and the Bretton Woods financial agreements. Griswold said Butler wanted to "sidetrack" internationalism.

On the democratic senatorial ticket State Senator John Mekota, endorsed by his party's state convention, won over George Olsen, former bus boy who was nominated for governor in 1942.

The Idaho democratic senatorial contest was enlivened by the raising of a "self-appointment" issue against incumbent Gossett, who resigned the governorship last November and took the appointment to succeed the late Senator John Thomas, a republican.

Rep. Henry Dworshak, veteran of four terms in the house, won the republican senatorial nomination easily. Richard H. Wells, Pocatello merchant, was second. Gov. Arnold Williams, Gossett's democratic successor in the state house, and Dr. C. A. Robins, republican, won the gubernatorial nominations.

Three Cattle Groups To Be Used In Tests Of Insecticides

Three or more separate groups of cattle are due to be sprayed Friday at the E. W. Lomax ranch in demonstrations arranged by County Agent Durward Lewter.

Lewter has planned the affair to test effectiveness of various solutions derived from popular insecticides, and to permit farmers and stockmen in this area to determine for themselves whether spraying is a profitable method of controlling lice, ticks, flies, etc.

A machine, operated with pressure, will be brought here from Coke county for the demonstration. All farmers, stockmen and other interested persons are urged to attend, Lewter said. Activities will begin at 9:30 a. m.

Three Jet Planes Head For Washington

OKLAHOMA CITY, June 12 (AP) — Three of four jet-propelled P-80 army planes on a one-day round-trip flight to Washington from March Field, Calif., refueled here and took off for the Capital at 9:23 a. m. today.

The fourth plane, piloted by Lt. Dean D. Cox of Manhattan Beach, Calif., was left behind after Lt. Cox inadvertently released his auxiliary fuel tanks while landing and there was no time to get them re-set and still keep up with the schedule.

Lt. Cox, saddened "because I never had been east of the Mississippi" and wanted to make the trip, will return to March Field after the tanks are put back and refilled.

Violator Picked Up After 20-Mile Chase

Inspectors of the Texas Liquor Control succeeded in handing Anderson Davis, Jr., a summons to appear in Borden county court Monday but not until he led them a merry chase of 20 miles.

The authorities awaited him just inside the Borden county line around midnight Monday. Davis made no pretense at stopping and with reason.

When the investigators caught him they found a quantity of beer in his car. He was charged with transporting beer in a dry area without a license and fined \$200 and court costs Tuesday.

Senator Bankhead's Condition "Grave"

WASHINGTON, June 12 (AP) — Senator John Bankhead (D-ALA) has "developed further complications and his condition is considered to be grave," Capt. R. E. Duncan, commanding officer of the Bethesda naval hospital, reported today.

Maritime Unions Reject Latest Compromise On Work Week

"IKE" GIVES A SONG—Gen. Dwight D. "Ike" Eisenhower, Army chief of staff, sings at Norwich University commencement exercises (V.L.) during which he received an honorary degree of Doctor of Military Science. (APWirephoto).

"Long Bitter Strike" To Begin Friday Night Unless Demand Granted

WASHINGTON, June 12 (AP) — Frank J. Taylor, a spokesman for the ship operators in the threatened maritime strike, reported today that the unions involved have rejected a new compromise offer on the work week for seamen.

Almost simultaneously, Joseph Curran, president of the CIO National Maritime Union, said "a long and bitter strike" will begin Friday midnight, as scheduled, unless the seamen's work-week is cut or their pay boosted.

Both appeared before a House labor subcommittee. Taylor, chairman of the negotiating committee for the Atlantic and Gulf Coast shippers, said the operators proposed to give the seamen a day off with pay for each week worked at sea. "Yet this new offer was turned down by the NMU," Taylor testified.

It is thus quite apparent that the union's plea that the present work-week (of 56 hours generally) is "inhumanly" long and should be shortened lacks sincerity, he continued. "The union is perfectly willing for its men to continue working these hours if they receive extra compensation."

Taylor added that "perhaps Uncle Sam may be able to afford these new costs (proposed by the union), but private industry finds them prohibitive."

He also declared that the operators still are willing to submit the entire controversy to arbitration, but the unions won't agree.

Bevin May Reject Jewish Admission Into Palestine

BOURNEMOUTH, Eng., June 12 (AP) — Foreign Secretary Ernest Bevin declared in an address today that he would reject the immediate immigration of 100,000 Jews to Palestine.

He declared, moreover, that he would refuse to apply economic sanctions to Spain.

Bevin's stand was taken in an appearance before the dominant Labor party's annual conference.

Bevin Indicates Britain May Sign Separate Treaty

BOURNEMOUTH, Eng., June 12 (AP) — Foreign Minister Ernest Bevin indicated today he would sign separate peace treaties with the former axis powers and their satellites in Europe if pending foreign minister negotiations remain bogged down in disagreement.

"I was asked would I sign a separate peace treaty contrary to the decisions arrived at during the war," Bevin told the annual conference of Britain's Labor party. "I don't know what steps we may take to get these treaties. But I say no one nation is going to keep me in a state of war forever with other countries."

"While I do not commit myself to any method," he continued, "the way will have to be found. We cannot go on in this way. It is indefensible."

Firing Protested

VIENNA, June 12 (AP) — Gen. Mark W. Clark, US member of Allied Control Council for Austria, protested twice today to the Russian command against target practice which Russian fighter planes held over the American airfield at Tullin, during which a burst was fired at a red flag atop the American radio tower.

Drive For Labor Laws Stalled Pending Clamor

WASHINGTON, June 12 (AP) — The drive for a broad new labor law ran out of gas today.

"Advocates parked themselves to await either (1) public clamor or (2) another major strike crisis before renewing their efforts to get a long-range bill" on the statute books.

Leaders of the campaign reported they are hopeful that a "wave of public reaction" may develop against President Truman's veto of the Case bill and the House's refusal to override him.

They said that apparently only if such a demand develops, or if a new big tie-up occurs, can they muster the votes to guarantee enactment of a permanent regulatory measure this year.

These views were expressed to newsmen by both Democrat and Republican spokesmen for the bi-partisan bloc which supported the Case bill and wants it or some similar legislation enacted soon. They asked that their name not be used.

Some of these legislators still favor trying the Case proposal with Mr. Truman's emergency strike control measure, which is awaiting House rules committee action after passing both chambers in varying forms. It provides for government seizure of essential strike-bound plants and would require union leaders to take the affirmative action to get their members back to work.

Key Republicans are opposed to this rider strategy at present, however. They told reporters it would give the President a chance to veto both plans, and thus win favor of labor generally.

Many influential GOP lawmakers said they would just as soon do nothing more this session, and then blame the President for any future labor discord which may develop.

Shooting Survivor In Grave Condition

DENISON, June 12 (AP) — George Cuchener, 24, remained in a critical condition at a hospital here today from gunshot wounds suffered yesterday in a shooting in which three members of a prominent Denison family were killed.

Miss Cuchener was shot through the head. Hospital attendants said her wounds were critical.

She had recently returned from Texas State College for Women, Denton, where she received her masters degree on June 4.

The shooting took place at the Cuchener home here yesterday afternoon.

Mrs. Lena Cuchener was killed instantly. George Cuchener, her son, died in the hospital several hours later. His wife was fatally injured and died shortly after being taken to the hospital.

Justice of Peace E. A. Wright returned a verdict in the death of Mrs. Lena Cuchener. He said she "came to her death through a gun shot, the evidence of which indicates was fired by her son, George Cuchener."

Murder, Suicide Verdict Returned

HOUSTON, June 12 (AP) — A verdict of murder and suicide has been returned in the fatal shooting of Mrs. Essie Rice, 30, and her estranged husband, William Van Rice, 36, in a Houston coffee shop last night.

Homicide Detectives Hugh Graham and W. C. Doss said Rice walked into the coffee shop, pulled out a pistol and fired at Mrs. Rice, head cashier in the cafe. They said he shot himself in the neck three times, then fired another shot at Mrs. Rice.

Rice died in the coffee shop. Mrs. Rice died enroute to the hospital.

BROOKLYN CELEBRATES ITS 300TH BOITHDAY WITH FLAGS, SPEECHES

NEW YORK, June 12 (AP) — From Greenpernt to the Gowanus, from Gravesend Bay to Ebets Field, and along all points on the BMT subway through Flatbush to Coney Island, Brooklyn was in festive mood today.

No—"the Bums" had not clinched the National league pennant. (A mere formality, Bub. We're leading the pack, ain't we?) But today's the day when Mollie and Joe put on the glad rags to celebrate the borough's tercentenary—parr me, 300th boithday, that is.

No fireworks or parades, mind you, but a nice dignified observance, with buildings decked out in flags and bunting — and plenty of speech making.

It all started back in 1636 with a half barrel of beer and three containers of brady. For with these spirits a group of Dutch settlers bought the village of Flatbush from the Rockaway Indians and planted stakes along Gowanus Bay.

Ten years later, June 12, 1646, Breuckelen (meaning broken or marshy land) was recognized by the Dutch as a self-governing city. From then on the settlement grew and grew until now it is the largest of New York's boroughs with 2,783,000 citizens—only a few of them Giant rooters.

Mrs. W. B. Hardy Jr., Complimented At Morning Coffee In Settles Hotel

Honoring Mrs. W. B. Hardy Jr., a coffee was held at the Settles hotel Tuesday morning, with Mrs. Ed Hatch, Mrs. Hilo Hatch and Mrs. Wofford Hardy as hostesses. Approximately 150 guests called and were registered by Mrs. R. V. Middleton.

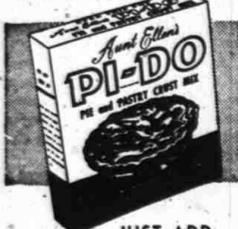

Post Employes To Organize Club

Honoring Mrs. Allen Baker of San Antonio, the former Marjorie Pinkerton, ex-employes of sub-dept supply at the post met Tuesday evening at the Crawford for dinner.

Plans were made to establish a permanent organization and during the brief business session, at which Dorothy Driver presided as temporary chairman, it was decided that the group will meet July 9 in the home of Mrs. R. E. Blount. At that time election of officers will be held and the organization established.

Attending were Beatrice Corvill, Dorothy Driver, Mrs. Art Kern, Ruby McCleskey, Midge Olive, Laurel Grandstaff, Norma Burrell, Elizabeth Burrell, Frances Glenn, Mrs. Blount.

FOR TENDER FLAKY PASTRY CRUST

JUST ADD WATER OR MILK

Aunt Ellen's PI-DO

white lace trim, with which she wore a corsage of gardenias. The table was laid with a cloth of ecru linen cutwork and the centerpiece comprised a white satin basket filled with flame-colored gladioli and white stock. A silver service was placed at each end of the table and all appointments were silver. Baskets of peonies, gladioli, carnations, shaggy asters and daisies were placed about the entertaining room.

Presiding at the coffee services were Mrs. R. T. Piner, Mrs. Nell Hatch, Mrs. Harry Hurt, Mrs. Omar Pittman, Mrs. M. H. Bennett and Mrs. Ova Mae Edwards. In the house party were Mrs. Piner, Mrs. Patterson, Robble Piner, Mrs. Ova Mae Edwards, Mrs. Tobis Mansfield, Mrs. Dan Taylor, Mrs. Harry Hurt, Mrs. Omar Pittman, Mrs. Thurman, Miss Hatch, Mrs. Robb, Mrs. Parks, Mrs. Fritz Weiner, Janet Robb, Camille Inkman, Mrs. J. C. Carner of Midland, Mrs. S. M. Smith, Mrs. Worth Peeler, Mrs. Monroe Johnson, Martha Ann Johnson, Mrs. Nina Carter, Mrs. Pete Johnson, Mrs. Charles Kee, Mrs. Jay Johnson and Mrs. Bennett.

Coahomans Have Guests, Make Trips

COAHOMA, June 12 (Sp)—Mr. and Mrs. L. H. Stamps and daughter, Margaret Ann, made a trip to Lubbock Sunday.

Ortis Wolf and son, Jerrell, of Carlisad, N. M., are visiting his mother, Mrs. Kate Wolf, and other relatives here this week.

Frank Lovelless was admitted to a Big Spring hospital Saturday night following an acute attack of food poisoning.

Mr. and Mrs. M. H. O'Daniel returned home Sunday following a month's visit in San Antonio with a sister, Mrs. H. L. Bear, and a son, Ray Hendricks. They also visited a daughter, Mrs. Tom Hockaday, of Houston.

Mrs. Alice McGregor of Roscoe is visiting with friends and relatives here this week.

BEAUTICIANS RETURN

Dora Jones, Odessa Crenshaw and Ina McGowan have returned from Amarillo where they attended the Tri-States Beauty show and convention of the Texas Association of Accredited Beauty Culturists. Mrs. McGowan attended the convention as a delegate from the local organization.

George II (1727-80) was the last King of England to participate personally in battle.

Complete Meals Frozen On Plastic Plates Give Speed

By VIRGINIA VAN DER VEEK

WASHINGTON, June 12. (AP)—The postwar dinner-ready-made from plate to gravy—is on the way.

The meal of the future looks like a boon to brides, bachelors and the little woman whose husband calls up with "just three extra" for supper.

The harried housewife, it seems, can simply drop by the grocery, toss some steak dinners in the car (when steak comes back that is) and make for home. In 15 minutes or half an hour, it's on the table.

They're frozen dinners, latest thing on the trans-Atlantic air-line and now being perfected for plain ordinary people. They were first served aboard naval transports during the war.

Dinner—meat, vegetable and potato—will come in a pulpwood plate made along blue plate special lines and sporting a plastic finish.

It's been cooked and frozen to a chilly 20 degrees below zero. All it needs now is just 30 minutes in the oven.

A trick, which had experimenters puzzled for six years, was how to make all three ingredients come out even. Sometimes, it seems, the string beans would frizzle while the steak was just beginning to thaw.

With the kinks smoothed out, frozen meals are now being served to passengers on transoceanic flights of Pan-American Airways. They will soon be shipped up to flying travellers on domestic routes of Pennsylvania Central airlines.

On planes, special "whirlwind ovens," blowing a 30-mile an hour gale on the plates, bring the food from below-zero to piping hot in 15 minutes.

Steak-haters please note: "Pan-American spokesmen" say the dinners also come in chicken, ham and roast turkey.

Visits - Visitors

Patay Sue McDaniel left Tuesday to visit her grandmother in Coleman.

Mrs. Cliff Wiley and Mrs. James Wilcox are attending camp at Buffalo Gap.

Joyce Croft and Carolyn Smith returned Monday from Chihuahua, Mexico, where they spent the weekend.

Mr. and Mrs. I. B. Boren of Belton are visiting in the home of Mr. and Mrs. Brown Rogers. They are Mrs. Rogers' parents.

John McIntosh has had as his guest, Tommy Hyatt, with whom he served in the navy. Hyatt left by plane Tuesday for his home in Seattle, Wash.

Mrs. Clarence Reagan, Gall and Wayne were guests in the home of Mr. and Mrs. D. F. Bigony Monday enroute to Commerce. She is Mr. Bigony's sister.

Mr. and Mrs. M. Cressler, Ann and Billy, of Stark, Fla., were guests of Mr. and Mrs. Herliert Whitney this week. The Whitneys and Cresslers were formerly neighbors.

Today's Pattern

No shoulder seams, no collar, side-buttoned wraparound, Pattern 9237, is ideal hot weather sewing. Slips on and off easily. Alphabet transfer for initials also included.

Pattern 9237 comes in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 2 7/8 yards 39-inch fabric. Send twenty cents in coins for this pattern to Big Spring Herald, Inc., Pattern Dept., 232 West 18th St., New York 11, N. Y. Print plainly size, name, address, style number.

Now ready—the Marian Martin new summer 1946 Pattern Book! Fifteen Cents more brings you cool, new, easy-to-make fashion for all. . . . And, printed right in the book: Free pattern for ballet slippers for home and beach wear!

Cows arrived at the Jamestown Colony in America in 1611, and reached the Plymouth Colony, in 1624.

Ruth Griffin Marries John Bennett In Double Ring Ceremony Tuesday

Couple Leaves After Vows On Wedding Trip To Arizona

In a double ring ceremony read in the home of her parents, Ruth Griffin, daughter of Mr. and Mrs. C. G. Griffin, was married to John Harmon Bennett Tuesday evening at six o'clock.

The marriage vows were exchanged before a mantel banked with lemon foliage, plumose, daisies and feverfew. The scene was lighted with white tapers. The ceremony was read by Rev. W. C. Bennett of Coshatta, La., brother of the bridegroom.

For the ceremony the bride wore a suit of dusty rose summer wool, designed in dressmaker fashion with button trim. Her hat was a half hat of straw in the same color of her suit, and her accessories were of cherry cote. She wore a corsage of white carnations.

For something old the bride wore a pin belonging to Mrs. B. F. Sims, something borrowed was a handkerchief, and something blue was a ring, gift of the bridegroom.

Mrs. Griffin, mother of the bride, wore a frock of navy blue with a corsage of gardenias.

Following the ceremony the decorated wedding cake was cut and served with punch. Serving were Mrs. Tom Cantrell, Mrs. Billie Lewis, Mrs. A. M. Sessions and Mrs. C. H. Josey. Robble Elder was at the guest book.

The bride was graduated from Big Spring high school and attended Draughton's business college in Abilene. She was employed

MRS. JOHN HARMON BENNETT

at the local office of the Veteran's Administration prior to her marriage.

Bennett was born and reared in Spur and served as a lieutenant in

the Air Corps. He was stationed for some time at the Big Spring bombardier school.

The couple left following the reception on a wedding trip taking them through Colorado and Utah. Mr. and Mrs. Bennett will make their home in Casa Grande, Ariz., where he is associated with the South Pacific railway.

Pamper Father On His Day By Giving Scented Toiletries - Strictly Non-Sissy

JUNIOR COMMANDOS TAKE OVER: Dad gets a set of handsome toiletries packaged in he-man stoneware jugs.

By BETTY CLARKE

AP Newsfeatures Beauty Editor

Whatever you get dad for Father's Day, make sure it's something he can use. Don't get him a box of candy just because you'd like to have some yourself. Give him something for his personal pleasure.

You're not going to make a sissy out of dad by getting him some scented toiletries. If he's a veteran, he has no doubt learned to appreciate pomades, shaving lotions and bath powder. He'll need them to make up for the toll that wartime life has taken of skin, hair and fingernails.

In purchasing toiletries, you won't have to worry about the packaging. Fortunately, manufacturers leave off the hearts and flowers when they design a package for dad. New items of the sweet-smelling stuff come in handsome he-man bottles, jars and jugs.

You can find good looking stoneware jugs packaged in sets that make an attractive gift item. Jugs

can also be purchased separately. You can have your choice of cologne, shaving mug, shaving lotion, deodorant, hair dressing and men's soap scented to a man's taste.

Newton To Instruct YMCA Group Guides

Don Newton, associate secretary of Southwest area council of the YMCA, will be in Big Spring Thursday through the remainder of the week to instruct group leaders of the local Y chapter in techniques of group leadership. He will probably conduct several group classes at night, Bill Dawes, local executive secretary, said.

Newton's coming here is a service the Southwest council maintains for individual chapters.

The first regular shipment of milk by rail in America was from Orange county to New York City in 1841.

Two simple steps in Improving the LOOKS ...boosting VITALITY!

GETTING VALUE out of the food you eat is YOUR No. 1 HEALTH PROBLEM whether you eat 500 or 2,000 pounds yearly. To do this, medical science says, you must have an adequate supply of natural stomach DIGESTIVE JUICES, and RICH, RED-BLOOD must be present. SSS Tonic may help you get both if this is your trouble, without organic complication or focal infection, as these two important results enable you to make use of the food as Nature intended. Thus you get fresh vitality... pep... do your work better... become animated... more attractive! SSS Tonic has helped millions... you can start today... at drug stores in 10 and 20 oz. sizes, S.S.S. Co.

Lady's Stomach Was Like A Gas Factory; Meals Turned To Gas

One lady said recently that her stomach used to be like a "gas factory." That is, when she ate a meal it seemed to turn right into gas. She was always bloated, had awful stomach gas pains, daily headaches and constant irregular bowel action. Now, however, this lady says she is FREE of STOMACH GAS and she says the change is due to taking INNER-AID. Her meals agree with her. No gas or bloating after eating. Headaches and constipation are gone. "Oh! what relief!" states this lady. "What sufferer of STOMACH GAS and constipation doesn't want INNER-AID?" INNER-AID contains 12 Great Herbs that cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring.

Hold That Line
Here's what you need for that bathing beauty look! A sleek, smooth rayon satin bra that points up your bustline with a dashing curve. Lace trimmed for a luxury look. Elastic back for freedom in action. And the rayon satin latex step-in girdle whittles down your waist and your hips so trimly.

UNITED STORES, Inc.

BIG SPRING RAPIDLY BECOMING CENTER OF AIR TRANSPORTATION

Big Spring's status as an air transportation center of this section is being maintained at a steady rate, reports of activities from the two airports for the month of May indicate, and further increases are in prospect. Although exact figures were not available in all cases, reliable estimates placed the total number of plane departures for the month at 1,350. These include commercial, private and charter flights. Traffic was particularly heavy at the municipal port, with approximately 1200 landings recorded by the CAA control tower. The two major commercial lines, American and Continental, accounted for 409. A total of 62 Continental planes, all regularly scheduled passenger and mail runs, landed and departed during the month. American recorded 347, of which 124 were regularly scheduled flights, 124 crew changes and 99 fuel stops. Private and charter trips originating from the U.S. Flying Service port numbered approximately 160 during the month, officials estimated. Commercial traffic at the municipal port is slated to increase during June. Continental added two regular passenger and mail runs to their schedules, and beginning Saturday, American will make two additional crew changes here. The new daily total will be four regularly scheduled passenger stops by both American and Continental and six crew changes for American.

In Hollywood

John Garfield Takes Vacation Behind Lights

By BOB THOMAS
HOLLYWOOD, June 12. (AP) —The British monopoly of topnotch repertory companies may yet be broken by Hollywood.

The phenomenal success of the Old Vic has aroused talk of an American counterpart and the discussion is centered around the town's only first-rate theater company, the Actor's Laboratory. I dropped by to see rehearsals of "Awake and Sing," which will be presented June 25 with most of the original group theater cast, and one of them, John Garfield, told me of a visionary scheme which might materialize. "Sure," he said, "if 'Awake and Sing' turns out as well as we hope, we might take it to New York along with some other plays."

John said now that he is freed from his Warner contract, he could take part in such a project. I asked why he was donating his two-month vacation to the lab, and for a secondary role at that. "Well, the lab is trying to raise money for a permanent theater," he said, "and I wanted to help them out. And I think 'Awake and Sing' is a terrific play. Besides, I'm taking a busman's holiday because — let's face it — I'm a ham."

Tojo To Assume Responsibility For War's Start

TOKYO, June 12. (AP) —Hideko Tojo will assume full responsibility for starting the Pacific war, his attorney said yesterday.

Tojo, Japan's Pearl Harbor premier, also will argue that international custom grants Emperor Hirohito and Tojo's war cabinet full immunity, added Dr. Ichiro Kiyose, who will defend him at the major war crimes trial starting Thursday. The Allies can neither indict the emperor nor call him as a witness, Kiyose said Tojo believes, citing: "No sovereign in history ever has been indicted. As for moves against the Kaiser after the first world war, remember that he had fled and no longer was a sovereign. Emperor Hirohito still is a sovereign."

He asserted that such immunity comes from custom; it is not granted by written law. Kiyose said Tojo and the 25 others who will be tried with him will contend that they are exempt from that portion of the Potsdam Declaration against those who misled their people into embarking "on world conquest."

"Tojo always has said that the war was one of defense and not one of conquest," the attorney explained. "Of course, the Japanese government has acknowledged that it was an aggressive war. The opinion of the defense is different from that of the government."

House Unit Endorses Cancer Fight Funds

WASHINGTON, June 12. (AP) —An intensified government attack on cancer, which kills more than 170,000 persons annually in the United States, was endorsed late yesterday by a House committee. The group recommended a budget more than double current funds. A request by the public health service for \$1,772,000 to finance cancer research, was granted without comment. This year's appropriation for the work is \$548,700.

Cancer ranks second as a cause of death in this country, the committee was told by Dr. Warren F. Draper, deputy US surgeon general, and between Pearl Harbor and V-J Day it killed over 600,000 Americans — more than twice the number listed as dead or missing in action by the armed services during the war.

The so-called horns on a giraffe's head are really soft tufts of skin and fat.

Salvation Army, Breakfast Club Institute Relief For Hungry People

The Salvation Army and the Breakfast Club of the American Broadcasting company are joining hands in a major relief program to obtain food for the starving people of war-torn countries, Capt. Olvy Sheppard, commander of the local Salvation Army unit, has announced.

Under the "share-a-meal" slogan, appeals will be made on the radio program every day for two months or longer for 11-pound packages of food, which are to be sent to the Salvation Army in New York. From there the packages are to be shipped to France, Holland, Norway, Italy, Finland and the Philippines in cooperation with the emergency food collection in behalf of UNRRA.

The actual distribution in those countries will be handled by Salvation Army officers who are registered with the respective governments. It will be the job of these officers to see that the parcels reach families most in need, Capt. Sheppard said.

The Salvation Army has designated part of its men's social center in New York City as the receiving center.

Seven Anti-Franco Conspirators Tried

MADRID, June 12. (AP) — Sentences ranging from four to 12 years in prison were imposed today by an army court on seven defendants convicted of conspiring against the Franco regime. Six others were acquitted.

Among those convicted were Maj. Salvador Pomata Orsi and Col. Eduardo Saez Aranaz, who the prosecution charged, were ringleaders in an attempt to form a "patriotic military junta" aimed at re-establishing a Spanish republic. The officers, said to have acted under instructions from Hernandez Sarabia, war minister in the Spanish republican regime in Paris, received sentences of 12 and eight years respectively.

It is estimated there are 250,000 workers employed in the United States processing and delivering dairy products.

VET STARTS OUT ON PRINCE'S BACK

SAN ANTONIO, June 12. (AP) —While stationed at Brooks Field, near here, Ralph Chamberlain of New Jersey, grew fond of a horse named "Prince". When Chamberlain was discharged from the Army, he decided to take "Prince" home with him. Yesterday, Chamberlain climbed on "Prince" and the two started home — all 1,355 miles via horseback. "Anyway, I want to see what the country really looks like," Chamberlain said.

When warm weather upsets baby with stinging burn of heat rash, sprinkle on Mexsana, the medicated powder, that cools and soothes heat tortured skin. A family favorite for 40 years. Ease itch and sting of minor skin rashes. Always ask for Mexsana.

BIG SPRING

Redistricting Plan Not Helped

A decision handed down by the supreme court in an Illinois case may have direct bearing on redistricting in Texas.

In effect, the court ruled that residents of Illinois had recourse to the ballot box and not the courts in forcing redistricting for legislative representation.

The decision is significant in Texas because not a few residents, smarting under flagrant disregard of a constitutional mandate by the legislature since 1920, have considered a resort to the courts to compel redistricting.

In Texas the most popularly advanced

theory of legal action was to enjoin the state treasurer from payment of legislators' salaries until they comply with constitutional provisions of redistricting each 10 years.

The issue here may be basically the same, but there is this difference: the Texas constitution requires decennial redistricting and the case in point is purely intrastate and has no bearing at present on congressional redistricting.

However, the decision of the supreme court (which seems to reflect futility in perpetuating a dilemma certainly has not helped hopes of judicial relief on the matter of redistricting.

We Make Progress--In Reverse

A few weeks back when the chamber of commerce was asking for suggestions for development and improvement of the city and area, beautification was a popular subject. One of the principal ideas in this field was to beautify highway entrances.

The need remains great. There have been some isolated instances of improvement, but in general no progress is noted. Unfortunately, there has been some retrogression.

A case in point is a block at the extreme west end of W. 3rd street. During the city-wide clean-up week, the Lions club, anxious to give substance to appeals for participation, turned out and cleaned a space about

100 feet deep for the length of most of a block.

Old car bodies were pulled back to get them right off the street line and other refuse was stacked in piles. Through some misunderstanding, these piles were never removed because the property is in proximity to the corporate limits.

But the worst thing is that immediately after the club had cleared the area, its handiwork was embellished by an unsightly horse lot and a conglomeration of other clap-trap. Instead of accomplishing the objective of brushing up at least one spot, the organization (and the community) was rewarded with a condition worse than existed previously.

That's making progress—in reverse.

The Nation Today—James Marlow

Maritime Dispute In Present Stage

WASHINGTON, (AP)—Here's a quick look at the threatened maritime strike.

Two groups of unions are involved and their demands are not the same.

1. Five unions—four CIO and one independent—are banded together in the committee for Maritime Unity (CMU). They threaten to strike Saturday if their demands are not settled.
2. AFL seamen came into the rumpus after the other five. They're making their own demands. They're still vague about the strike date.

Take the CMU first: Four of the five CMU unions are unions of seamen. The fifth is a longshoremen's union.

The seamen are working 56 hours a week at sea, drawing overtime for any hour over 56.

They want their work week reduced from 56 to 44 hours.

The CMU argues that a 44-hour week at sea would make more work for seamen now idle because the ships, due to shorter working hours would need larger crews.

The ship owners have a couple of things to say about this proposal:

1. A 44-hour week would mean a lot more overtime for the men who worked over 44 hours, since overtime would start there instead of at 56.
2. But if the crewmen insisted on working only 44 hours and no more, the cost of the 44-hour week would make cost of operating the ships so high—in comparison with foreign ships—that American vessels couldn't compete.

Right now the companies own only about 20 percent of the ships. The government owns the other 80 percent of the ships and is paying the companies a fee for operating them.

At present time the government will have to pay for whatever new benefits the seamen get. Later when the government gets out of the shipping business, the

THERE ARE TWO SIDES TO EVERY QUESTION

Hal Boyle's Notebook

Emil Ludwig Slows Up

MOSCIA, Switzerland, (AP)—At 86, Emil Ludwig, soul painter of people and places, is still one of the busiest delvers in the literary vineyard.

But he thinks he is slowing up—even if he does have two books coming out simultaneously and a third one in the making.

"I used to work 14 hours a day," he said, "but not any more. I am an old man."

Ludwig, biographer of Bismarck, Napoleon, Roosevelt, Stalin and the Nile river, has enjoyed for 40 years a workshop that any writer might envy.

In 1906 he and his young English bride settled on a hill site on beautiful Lake Maggiore, overlooking the Swiss Italian border. For six years they lived in a small 300-year-old stone cottage. Then they began building a lovely villa and filled it with art treasures collected in their travels.

"My friends say every time I sell another book, I build another room," Ludwig smiled. They picked a secluded location so he would be free from intrusion.

"We like people, but don't like neighbors," he said.

The household includes his 80-year-old mother-in-law, some Italian-Swiss servants, one golden tailed pheasant—he says it is the only one left in Switzerland—three cats, two dogs and a dozen brightly-colored love birds and white doves in a terrace aviary. The dogs and cats live together in perfect peace.

He writes in German shorthand in cheap black paper notebooks, using a typewriter only for letters.

His secretary transcribes his shorthand. His wife assists him in research marking any material which will interest him. He has reference books he needs sent to him from a Zurich library.

He has just completed a book on

Cuba and another "in which I debunk Freud. I think Freud is more of a menace to America than to Europe."

Ludwig is an energetic conversationalist. He tosses his thinning black hair and mimics with animated hands and features as he talks of famous people. He believes Thomas Edison was the greatest man he ever met and likes Henry Wallace above any other leading American political figure.

Since turning out his first novel in verse at the age of 14 he has written millions of words. He isn't sure of the exact number of his books, except that they are "too many." Altogether he has written 112 works. They have gone through 452 editions in 28 languages.

BLACK CONJURE FINDS THE BODY

LUBBOCK, June 12. (AP)—It took some black conjure and a white sailor hat to find the body of a drowning victim here yesterday.

Lubbock firemen searched for 24 hours for the body of Roosevelt Bailey, 21, negro, who drowned Monday in Buffalo Lake.

"Let me conjure the body up," offered a negro spectator.

The negro took a white sailor hat that had belonged to Bailey and tossed it upon the waters of the lake.

The hat drifted about 50 feet then suddenly sank.

The firemen dropped a grappling hook at the spot. There was the body.

SEASON TO END
McALLEN, June 12. (AP)—Rio Grande Valley growers and shippers estimate the 1945-46 citrus fruit season will end the latter part of June.

Washington Merry-Go-Round—Drew Pearson

Truman's Weakness--Old Friends

WASHINGTON — Those who have studied Harry Truman over the years can't decide whether it is blind personal loyalty or some other bond which makes him go through hell and high water for the Tom Pendergasts, the James Vardamans, and the John Snyder.

Obviously, it isn't just because they hail from Missouri. Truman loyally goes deeper than that. It almost takes the form of a petty vindictiveness — a tendency to wreak vengeance on anyone who has opposed an old Missouri crony.

Truman takes out his vengeance on the public by putting that crony in a position of trust where the public must suffer without means of retaliation — until next election.

Thus, one of the first things Harry Truman did when he became President of the United States was to fire Maurice Milligan, the US attorney who had jailed his friend Tom Pendergast. Milligan had only done his duty. But within a week after Truman stepped into the White House, Milligan began looking for another job.

Next, Truman fired the Attorney General, Francis Biddle, who had stood up for Milligan and tried to keep him as US attorney.

More recently, some advisers proposed the appointment of Justice Frank Murphy to be chief justice. Murphy is one of the outstanding members of the Supreme Court, but not for one minute did he have a chance to be chief justice. For he was the Attorney General of the United States who ordered the prosecution of Pendergast.

It makes no difference that Boss Pendergast operated one of the most crooked machines in the country. The gulfier he was, the more Harry Truman defended him, and the more vindictive he was toward Pendergast's enemies.

Secretary of Labor "Laundry Law" Schwellenbach is a patient man. He learned the virtue of patience as a Spokane laundryman when he had to handle customers' complaints about frayed collars and lost shirts. Patient as he is, he has had a tough time with his boss in the White House during the maritime strike negotiations.

Shortly after the talks began, Schwellenbach called on the unions, the shipping people, and government officials to say nothing which would arouse feelings and imperil the negotiations. The very next morning, however, Lew's boss in the White House did exactly the opposite by announcing plans to use the Navy to break the strike. This, of course, put the ship owners in a favored position. They were no longer under any compulsion to settle before the strike deadline. When patient Laundry Law heard this, even he hit the ceiling.

Then the Navy announced, with White House backing, that it was calling on its reserves and volunteers to break the strike. Again this played into the ship owners' hands; again the Secretary of Labor was upset.

Finally, he sent Assistant Secretary of Labor John Gibson to the White House with a personal appeal to the President to refrain from prejudicing the negotiations. Truman agreed, issued a statement saying the government hoped for settlement, did not want to be put in the position of breaking the strike.

Meanwhile, Laundry Law has the sympathy of Secretary of State Byrnes and retiring Secretary of the Treasury Vinson. Vinson even told the President he doesn't want to be called in to help settle any more strikes at the last minute, after John Snyder had bungled things up. Secretary Byrnes was so fed up with White House handling of the railroad strike that he told railroad union chiefs he had "washed his hands of the whole mess."

trouble appointing David Henshaw as Secretary of the Navy. James M. Porter as Secretary of War, and James S. Green as Secretary of the Treasury. In each case, the Senate turned down confirmation by a conclusive majority.

The next Senate fight over cabinet confirmation occurred in the administration of Andrew Johnson, when he attempted to appoint Henry Stanbery as Attorney General, but was defeated.

Calvin Coolidge also lost a fight to appoint Charles B. Warren as Attorney General. Two votes were taken in this battle, one on March 10, 1925, when Coolidge lost by a vote of 39 to 41; the second on March 16, 1925, when he attempted to put across Warren's name once again, but was defeated by a larger majority — 39 to 46.

The first vote on Warren was the famous occasion when Vice President Charles Dawes failed to be present. His excuse was that he was napping and his alarm failed to go off. However, Coolidge, who never got along with Dawes, always suspected that his Vice President wanted to avoid being put on the spot by a tie vote, which he, as president officer, would have had to break.

Few Bidders Respond For Paving Contract

Indications Tuesday were that there would be few bidders on the city's projected 50-block paving program to be let by contract.

Monday evening only one company, Gaylord Construction company, had taken out plans on the project.

An Abilene firm had indicated it would check out plans Tuesday with the possibility of submitting a bid for the opening on Wednesday. Others have been contacted but have not said whether they would ask for plans or bid, said B. J. McDaniel, city manager.

The city commission, in advertising for bids, reserved the right to reject any or all bids. The contract unit is separate from paving being done by the city on a cash basis.

Now Gravy Won't Drip

By JACK RUTLEDGE Associated Press Staff

Does your wife scold you when you accidentally drip gravy on the clean tablecloth?

Robert Huttash of Jacksonville has come to the aid of the gravy-spilling males with a little invention which may eliminate the drip, and thus the scoldings.

Huttash is city commissioner of Jacksonville.

His invention is a simple thing, and he hopes to manufacture it and place it on sale for a time in most stores.

It's a virtually automatic wiper-off-the-bottom-of-the-gravy spoon. It is little more than a continuous piece of wire shaped in such a fashion that the gravy bowl can be set in it. A loop is provided for wiping the gravy from the bottom of the spoon before it begins its trip to your plate.

"Thus," says the Jacksonville Progress, "a lot of dinner table spots will be eliminated and another product will be added to Jacksonville's growing list of manufactured articles."

With dazzling change of pace we move from bowls to balls, and ask another question: Do you know how the term "Texas Leaguer" got its name?

A Texas Leaguer, of course, is a liner hit over second base. Some believe it also means a similar hit over first or third, but J. Lawrence of Tyler says no.

The term originated at Texarkana, he says. Texarkana was in the Texas league back in the early part of the century.

The park, like the city itself, was half in Texas and half in Arkansas. Home plate, first and third were in Arkansas, and second base was in Texas.

Thus, anytime a batter hit a line over second base, he hit into Texas and fans said he "hit a Texas Leaguer."

Lawrence, incidentally, played bush league baseball in Hill country with Tris Speaker, the immortal outfielder.

Redcaps Engage Dub's Garage At 9 O'Clock

Doc's Redcaps and the Veterans of Foreign Wars seek to protect hard won stations in the Mundy softball league standings in tests at the city park this evening.

Of the two, the Vets probably have the harder row to hoe. They are at present in sixth place in the 12-club circuit with a record of five victories in nine starts. They meet American Business Club in the 7:30 game, and ABC needs the victory to leapfrog into the first division.

The Redcaps go to the mat with Dub's Garage seeking their eighth win in ten starts. Solidly entrenched in third place directly behind the co-leaders, Cosden's Oilers and Coahoma, the Stationmen must scalp Dub's team to retain their chances for the first half crown.

Dub's troupe has won only three of eight contests but is capable of throwing a bomb-shell into most any one's back yard.

Doc Wilkinson, Redcap skipper, will probably start the indefatigable Morris Critendon on the rubber. Morris has won more games than any other hurler in the league.

Game time for the second test is 9 o'clock.

Seeks Record

LONDON, June 12. (AP) — Sir Malcolm Campbell will use a boat powered by a jet engine in an attempt to break his own speedboat record in England sometime in the fall.

He set the record of 141 miles per hour with his famous Blue Bird 2nd in August, 1939.

For a gift he'll value and a smoke he'll enjoy, select a box of Y-B Cigarettes. Fine imported Cuban and Puerto Rican filler tobaccos are blended to give a cool, satisfying smoke. Give him a reason to relax—give him Y-B's. BUY AND BUY Y-B'S.

LOOKING 'EM OVER

With TOMMY HART

We'd like to nominate the great Blondy Cross of San Angelo for the "eight ball" of the week. For a critter who professes to know no more about the games of softball and baseball than he does, and continues to hold both sports in disdain, Cross pops off in pseudo sagaciousness all too often about both.

The Angelo Alibi Ike went into great detail Tuesday to explain how the San Angelo Red Chicks came to lose T. J. Dunlap's American Legion mushball outfit here last Saturday.

In part he wrote: "At one stage of the game (Lefty) Todd (as a base runner) was running from second to third — and was hit by a batted ball. . . . As we all know, Todd was automatically out. "The umpire did not call her out, said she wasn't hit by the batted ball. The umpires were requested to ask Todd. They did and the Big Spring girl told them she WAS hit by the ball. So there wasn't anything else the umpires could do but rule her out."

What actually happened was the batted ball was deflected by the Angelo pitcher and then scampered Todd as she attempted to scamper from second to third.

The rule wherein the base runner is called out applies only where no one in the field touches the ball.

That point was made most clear to Mr. Cross after his attentions were drawn to it. He confessed he did not know the legislation on the play, as earlier he had admitted he knew not whether a batter could be called out for attempting to bunt on a third strike.

The local feds are all very cross with Mr. Cross, not only for his aforementioned beef but for his allegation that the locals employed partisan arbitring to stain the mud, as well.

One of them has gone so far as to suggest that Blondy himself take over one of the positions in the Angelo lineup next time the two clubs meet.

Now comes the fish story of the week.

Back to town from Lake Nasworthy last weekend came George Worrill and Johnny Hamrick with the story that the game wouldn't let them alone when they were trying to bait their hooks. A six-pound bass leaped out of the water and into the boat, where the pair captured it without trouble.

The whole tale would seem incredible but for the fact that Mr. and Mrs. Harry Montgomery are willing to vouch for it.

Eddie O'Shea, the Wild Irishman who was quite the ring eccentric while wrestling here, is paying this area a visit again after a wartime interlude. He grapples Young Sandow in Abilene this weekend.

He's working for the Dory Detton people out of Amarillo.

Bill Conn To Be At Mental Peak In Scrap With Louis

GREENWOOD LAKE, N. J., June 12. (AP) — The Billy Conn who steps out all alone to face Joe Louis a week from tonight at Yankee Stadium will be in vastly better shape mentally, as well as physically than the Conn who went down under a hurricane of fists five years ago.

JOHNNY RAY

It is known now that the 'id from Pittsburgh was in a terrific mental turmoil that other night, and that he had been in such a state for several preceding days that he scarcely had eaten or slept. It had nothing to do with Louis or the fight.

"Billy was in love, more than anyone ever was in the world," recalls his manager, Johnny Ray. "Honest, I thought he was going nuts. He didn't know whether his father-in-law — that is, his present father-in-law, was going to let him marry."

"Talk about mental worry. Billy really had it. He couldn't even think about the fight. The kind of mental worry he had takes all the stretch out of a man — worse than a physical exercise."

"Well, that's all over now. Billy's happily married and has two children and he's got a little dough. He doesn't have a worry in the world, except how to beat Louis. That's what's going to make the big difference this time."

Although Johnny did not expand upon Conn's present financial status, it is understood that the 28-year-old challenger, through sound investments, has gotten himself into such shape in recent years that he doesn't need to worry about money at all.

Unlike Louis, who is on the cuff

to promoter Mike Jacobs for something over \$100,000, the Pittsburgh battler owes Mike only a few odd thousand, which he could settle tomorrow if he wished.

Ray said yesterday that if Billy should lift the crown next Wednesday he would not be interested in giving Louis a return bout this year, because of the income tax angle. The contract for the coming fight provides only that Conn shall give Louis first crack at the title if it changes hands. It doesn't say when.

After 48 solid hours of loafing, Billy was due to resume training today. Neither he nor any of his retinue appear to be perturbed that he has reached fighting pitch a full week ahead of time.

Men with great rolls of bills have begun dropping in to camp from the Pittsburgh country, inquiring after the odds against Conn. One of them spoke casually of investing, say, \$200,000 if he could get 12-to-5 odds for his money.

At last report the official odds were said to be 11-to-5, against Billy, with not a great deal of Conn money in sight.

Legion Manager Needs Age Data On Eligibles

All boys who have designs on playing American Legion baseball under the Big Spring banner this season have been urged by the manager, W. E. "Rat" Ramsey, to register their names with him before Saturday.

Ramsey, who has made tentative plans to launch workouts Monday evening on the North Ward diamond, said a list of the eligibles must be sent to Austin AL headquarters by June 15.

Ramsey can be reached at home by phoning 876-W or through his business by calling 9527. He said a birth certificate would have to accompany the other data forwarded on the entries.

The Legion team will play a localized schedule until the district tournament is run off in late July. The Big Springers will probably compete for that honor along with clubs of San Angelo, Sweetwater and Abilene.

Boys ranging in age from 13 to 17 years are eligible to participate in the program.

W. D. Berry, local youth leader, will assist Ramsey in training the club.

Whitey Warren Paces Gassers To 4-3 Victory

LAMESA, June 12.—Tom West, burly Borger right-hander, bested Walter Condon, young southpaw rookie from Seattle, Washington, making his first start for the Lobos, in a pretty pitching duel as Borger took the series opener 4 to 3 here Tuesday night.

Whitey Warren, veteran Borger first baseman, spelled the difference in the tussle when he drove a homer over the right field corner in the fourth frame with 2 aboard. Then in the sixth doubles by Russ Ross, Borger third sacker, and the same Warren provided the victory margin as Warren drove in all Gasser tallies.

Lamesa scored once in the fourth with the aid of 2 errors by West, and added another counter in the sixth on Joe Fortin's triple and I. B. Palmer's double. Palmer was thrown out trying to make it a triple to nip the rally.

The Lobos threatened in the ninth, scoring one run before pinch-hitter Hauptert struck out with the tying tally on second. A large portion of the crowd ganged around base umpire Sigler's car after the game, irate because he called McClain, Lobo second sacker, out at first on a close play in the last inning. Sigler ejected Fortin in the ninth.

Condon held the Gassers to six hits, fanned 7 and walked only two but Warren's two timely smashes beat him. West scattered 8 hits, struck out 9 and walked 1.

Lamesa made 4 errors but none of them figured vitally in the scoring, and the Lobo infield continued its fast defensive pace with two more double plays.

Right-hander Callen McPike will get the call in the home stand finale Wednesday night. Jack Wilcox is subbing at third base. Sammy Malvica who sprained his ankle Sunday and will be out of the line-up about 10 days.

Hit by pitcher: by West (Martin), by Condon (Nell). Wild pitch: Condon. Passed ball: Clawitter. Umpires: Atkins and Sigler. Attendance 1081. Time of game 1:54.

Guild Sent Reeling By Second Setback

PITTSBURGH, June 12. (AP) — The newly-formed American Baseball Guild reeled under its second major setback today as the National Labor Relations Board ordered charges of unfair labor practices filed against the Pittsburgh Pirates be either withdrawn or dismissed.

There was no immediate comment from Robert Murphy, guild chieftain, who was reported staying with friends in New York City. Murphy's next move, to achieve recognition of his union is doubtful, but it is believed he may appeal to the Pennsylvania Labor Relations Board.

Heuvel Breaks Up Game—Gaugers Triumph Over Continental

Lewis Heuvel's long double in the eighth inning, scoring L. R. Scudder from second base, supplied the margin as the Cosden Gaugers defeated Continental's Oilers, 9-8, in an all-important Forsan Community softball league game played Tuesday evening at Forsan.

The triumph all but sewed up first half honors for the Gaugers. Now boasting four victories in as many starts, the Cosdens play Shell on June 18 in their only first half assignment.

Heuvel could have gone all the way, had the tally been needed. Tilmont, Shults had put the Oilers out front in the initial inning when he drove out a home run with the bases jammed.

The Cosden brigade fought back to deadlock the count in Round Two only to get behind again in the fourth when the Oilers chased three runs across the dish.

A four base play by Jack Keith, coming with a mate aboard in the fourth, put the Gaugers back in the ball game and the ultimate winners again tied the score with a tally in the sixth.

Lee pulverized the High School Buffaloes, 14-6, in the evening's other contest, using big second and third innings to accomplish the trick.

Heavy Montgomery, Lees hurler, kept the Bison tribe corralled, putting Bobby Wash and Bill Dolan.

Detroit Castoffs Factors In Red Sox's Sensational Winning Streak

By the Associated Press

Pinky Higgins and Rudy York, a couple of Detroit has-beens, are two big reasons why the Boston Red Sox are 10 games out front in the American League and a shoe-in if they can play 500 ball the rest of the way.

Higgins hasn't been around Fenway Park very long but in his latest stay he has added over 100 points to his batting average with a sensational 17 for 30 (.567) clip in a Red Sox uniform. His season average to date is an ample .333.

Cut loose by the world champion Tigers when they purchased George Kell from Philadelphia, the 37-year-old veteran third baseman has plugged the gap after Manager Joe Cronin had experimented with third basemen all spring.

York's average of .308 isn't quite as dazzling as Ted Williams', Dominic DiMaggio's or Johnny Pesky's but it's plenty above his .264 at Detroit last season. His 44 runs batted in gives him third place in the American and boosted his lifetime total to 908.

Higgins and York were in murderous batting moods yesterday as the Red Sox came from behind to trounce Cleveland, 10-5. Higgins knocked in six runs with a homer, triple and two singles and York had a perfect "4 for 4" afternoon, including two doubles and a home run.

Hal Newhouser joined the 10-

circle by hurling the Detroitis to an 8-3 decision over the New York Yankees.

Doubles by Walt Judnic and John Berardino helped Tex Shirley and the St. Louis Browns down Washington, 6-2, beating Sid Hudson. Edgar Smith outdueled Russ Christopher, as Chicago blanked the Athletics, 1-0 in a game marked by a White Sox triple play.

Brooklyn's National league lead shrunk to one game when the Dodgers fell before St. Louis, 9-3. Johnny Vander Meer went the route for the first time this season, scattering eight hits to give the Cincinnati Reds a 3-2 edge over New York.

Those amazing Phillies reeled off their 10th victory in their last 14 starts, drubbing the Chicago Cubs, 4-1.

Catcher Hank Camelli's triple with the bases loaded enabled Pittsburgh to top Boston, 5-3 in another night game.

Cameras without lenses can make excellent pictures.

Barons To Play Odessa Sunday

Frank Miller has made tentative plans to take his Big Spring Black Barons to Odessa Sunday for an exhibition baseball game with a team representing that community.

Harry Dooley, star tosser, rejoins the club for the Odessa expedition.

Whadya mean 'baby face'... just wait till you try PAL HOLLOW GROUND™

There are few subjects men talk about more than shaving—and no blade that's had so much "word-of-mouth" advertising as Pal Hollow Ground.

Ordinary safety razor blades are ground like a pocket knife. Pal Blades are different—they're L-shaped Stripped and Hollow Ground just like a barber's razor.

Result: Pal Blades are flexible in your razor—follow facial contours effortlessly. Your shave is cool, quick, no "beating down." And delicate edges last longer, too. That's why millions call it the Pal Feather Touch shave.

In Business To Serve You

Next to a new CASE machine, you can't find anything better than an old CASE machine kept running like new by proper adjustment and renewal of wearing parts. We always try to have on hand factory parts for any CASE machine used in this locality. We have remodeled our building, making the Parts Room large enough to accommodate a more complete stock of repair parts as they become available; and we have recently added to our stock Machine and Carriage Bolts, Cap Screws, Woodruff Keys, Springs and Cable Terminals. We are now in position to give you better SHOP SERVICE. A portable Welding Machine has been added to our shop equipment, and BYRON CONWAY is here to do both your Electric and Acetylene Welding. If your tractor needs only minor adjustments or a complete overhaul, HOLLIS PUCKETT, our mechanic, can do an expert job for you. Both Puckett and Conway have had several years of experience in mechanical and welding work; and we feel sure they are both well qualified to take care of your shop needs. Come in now and arrange a convenient time for your service work.

Real Estate Business Property The Texas league was about normal last night with the top teams adding figures to their winning percentages and the cellar club coming through with an upset.

Real Estate Business Property Fort Worth squeezed out a 1-0 win off Shreveport to hold the top spot. Second place Dallas defeated Beaumont 4-1.

Real Estate Business Property San Antonio, in third place, split a doubleheader with Tulsa, 3-2 and 4-0.

Real Estate Business Property The Oklahoma City Indians, at the bottom of the standings, took the Houston Buffs 5-2.

Real Estate Business Property Eddie Chandler of the Fort Worth Cats hung up his ninth win of the season, allowing the Shreveport Sports only four hits. The Cats' only tally came in the third.

Real Estate Business Property The Dallas Rebels evened their series with the Beaumont Exporters. Pitcher Walter Wilson allowed the Exporters only three hits in the first seven innings and kept the bottom three hits well scattered.

Real Estate Business Property Outfielder Ken Wood, fresh to the San Antonio Missions from Toledo, rapped out a 390-foot homer in the first game and drove in two runs with a couple of singles in the nightcap.

Real Estate Business Property The Oklahoma City Indians made it two straight over Houston. Joe Karas found himself in trouble in the seventh when the Houston Buffs rammed through two runs with none out. Prescher Dorsett took over the mound to strike out the side and halt the uprising.

Real Estate Business Property Today's schedule: Dallas at Beaumont. Fort Worth at Shreveport. Oklahoma City at Houston. Tulsa at San Antonio. (All night games.)

Real Estate Business Property GOLFERS Think 285 Might Win CLEVELAND, June 12. (AP) - The nation's par-busters think it will take par-busting to win the 46th National Open golf championship - but not by much.

Real Estate Business Property Consensus among the players was that a 285 would be the winner - and that would be only three under par.

Real Estate Business Property For their final practice round the 133 professional and 39 amateur qualifiers for goldfom's No. 1 classic had a soaking wet course over which to whet their blades, due to a heavy overnight downpour.

Real Estate Business Property A driving contest, with a \$500 first prize, was among today's added features, but most of the title aspirants were expected to concentrate on a last-minute polishing of their game instead of the "muscle" event.

Real Estate Business Property Only a small portion of the huge field participated yesterday. In a best - ball attraction, which went to Bruce Collart of Absecon, N. J., and amateur Howard Everett of Philadelphia on a combined effort of 31-33-64, eight under par for the 6,926-yard layout.

Real Estate Business Property Odessa Lassies Here Saturday Impressive winner over the San Angelo Red Checks last time out, the American Legion girls' softball team is set to go up against the Odessa All-Stars at 8:15 o'clock here Saturday night.

Real Estate Business Property There's also a game cooking with Brownfield, though Manager T. J. Dunlap hasn't yet set a definite date for that one.

Real Estate Business Property Brownfield, so the report goes, has six ferns contingents, any one of which is capable of giving the Legionnaires a strong argument.

Real Estate Business Property Odessa and Big Spring engaged in a 24-all argument a couple of weeks ago in Odessa.

Real Estate Business Property Henderson Serves Notice On Paris By The Associated Press Henderson moved up within challenging range of the Paris Red Peppers last night for supremacy in the East Texas league.

Real Estate Business Property Henderson took an 8-5 win off Sherman to give them 27 wins, 18 lost and 600.

Real Estate Business Property Paris lost to Jacksonville, 2-6, and now holds first place in the circuit with 25 won, 17 lost and 600.

Real Estate Business Property Third-place Tyler whipped Greenville by a 9-2 margin. Texarkana beat Lufkin 9-2.

Real Estate Business Property Grid Ace To Enroll At College Station BRENHAM, June 12 (AP) - Floyd Sommers, Texas high school football's top scorer last fall, will go to Texas A. & M.

Real Estate Business Property The Brenham high school star said today he would join the Aggie football squad in September. Sommers, who scored 223 points last season, also is a star basketball, baseball and track performer.

Guatemalan Child Going Home, Cured Of Severe Polio

DALLAS, June 12 (AP) — Six months ago a plane brought a paralyzed, critically-ill little girl stricken with acute poliomyelitis in her native Guatemala City, Central America. Her life hung only by a desperate, fervent gamble on human kindness. Today, 11-year-old Irma Violeta Rivera is preparing to return home — a well and vigorous little girl now, thanks to the efforts and kindness of Scottish Rite hospital for crippled children. Ordinarily, Scottish Rite's facilities are only adequate to care for Texas children but they took her in when no one else would. Now Irma is walking erect, a little stiff perhaps, but she will not be crippled. And arms and fingers that once seemed like stone already have woven two rugs on a loom. They will be presents for her mother when she gets back home. Saturday, Irma will board a plane for home with her father, Arnulfo Rivera, a Guatemalan government clerk.

House Rejects Continuation Of VD Centers

WASHINGTON, June 12 (AP) — Public Health Service plans to continue wartime rapid-treatment centers for venereal diseases with federal aid were given a setback yesterday by a House committee. The committee struck from the 1947 security agency appropriation bill provisions providing money for the centers. A 60 per cent drop in the amount of early syphilis occurring in the country "has been due to the fact that we are getting the early cases quickly under treatment and thereby breaking the chain of infection," R. J. R. Heller, medical director of the service, told a House sub-committee. The PHS program, under which 41 rapid-treatment centers are operating in 24 states and the District of Columbia, was explained in hearings released today as the 1947 federal security agency appropriation bill was reported to the House. The agency asked \$1,833,523 to contribute to the centers, which are operated by local communities with government aid. Dr. Heller told the committee that prior to establishment of the centers, only 25 percent of all venereal patients completed the lengthy treatments necessary for a full cure. New developments of rapid therapy and the accessibility of centers have made it possible to follow through on almost all cases, he said.

Calvert To Speak

DALLAS, June 12 (AP) — R. W. (Bob) Calvert, former speaker of the Texas House of Representatives and a state Democratic leader, announced he will discuss issues and candidates of the 1946 governor's campaign in a radio broadcast over the Texas Quality Network at 8:30 p. m. tomorrow. Hill, Big Spring. Paul Richard Christian, Big Spring, and Betty Jo Allen, Houston. Thomas V. Swafford, Marshall, and Neuma J. Wright, Galveston. Building Permits: W. D. Miller, to build frame addition and reeroof building at 1405 Nolan, \$1,500.

'Rule Or Ruin Policy Blasted By Professor

AUSTIN, June 12 (AP) — Another University of Texas professor has resigned in protest of what he described as a "rule or ruin" policy of the board of regents.

Dr. Francis E. Mineka, assistant professor of English, quit to take a job at Cornell, saying that while other factors were involved in his leaving, controversy at the university played an important part in his decision.

The resignation of Dr. Herschel Baker, assistant professor of English, to go to Harvard, became known Sunday, the same day the council of the American Association of University Professors announced at Chicago that the University of Texas has been placed on its list of censured administrations.

Dr. J. C. Dolley, vice-president of the university, told Dr. Baker that he was to be congratulated on going to Harvard. At the same time the university official regretted what he called "his attempt to sully the reputation" of the university.

These events were the latest in the heated controversy that first came to a head when Dr. Homer P. Rainey was discharged as president in 1944, and which has continued. Dr. Rainey was fired after he disagreed with the board of regents over academic freedom and other administrative matters.

Dr. Mineka, in his letter of resignation, said:

"The events of the past two years, including the recent developments, do not encourage me to want to stay. When I came to the university, I was confident that it had a great future. I still think it has a great future, but the achievement of that future is being indefinitely postponed by the actions of a board of regents and its 'agents' who, despite their lip service to the ideals of a university, seem determined to rule or ruin."

City Dads

(Continued from Page One)

information on airport operation and City Manager B. J. McDaniel said he would contact Ed Travis, regional CAB representative, and C. L. Willis of the CAB for an appointment with the commission.

Swapping of a 60x60 tract at N. Runnels and 10th was approved in a resolution. Object is to remove an offset and to straighten the street at this intersection.

McDaniel said that the budget was being held up pending reports from equalization advisory boards and would be ready for the next meeting. Similarly, Neal Hilliard, who has completed the annual audit, said his report would be in hands of the commission before next meeting.

Regulations for the use of Moss Creek lake will be incorporated in an ordinance, repealing an existing one, and including rules for fishing, boating, use of bait, and sanitation. Wright is to confer with a committee, which he heads, and work with the commission and manager to draft the regulations.

Mayor G. W. Dabney suggested that trees might be planted in the lake area and McDaniel said he would have Johnny Johansen, parks superintendent, plan in that direction. The board authorized \$10 for the Salvation Army playground area but maintained a policy against free water.

High Bids Received On Submerged Lands

AUSTIN, June 12 (AP) — High bids totalling \$516,688 for mineral leases of state school submerged lands in 10 Texas counties were approved yesterday by the state school land board.

A bid of \$51,510 by T. S. Loffland for 90 acres of the Brazos river bed in Fort Bend county was the highest single bid.

DOWN ON THE FARM—Golf champion Byron Nelson relaxes between tournaments by riding a tractor on his 55-acre farm near Denton, Tex., which he operates jointly with his father. They grow sweet potatoes and peanuts.

MONARCHISTS, REPUBLICANS RIOT; UMBERTO WON'T QUIT

ROME, June 12 (AP)—Troops armed with cannon and light machineguns took positions on the streets of tense Naples today ready for expected trouble at 3 p. m. (9 a. m. CT) when republicans demonstrate to demand the cabinet force the reluctant King Umberto II from his throne.

The monarchists had their day yesterday in Naples, one of the strongholds of the House of Savoy which voters rejected in a plebiscite early this month, and in Taranto. For hours, a surging throng of 10,000 to 20,000 monarchists besieged communist headquarters in Naples with gasoline bombs and gun fire in battles which raged over most of the city and left seven dead and more than 50 wounded.

Giornale d'Italia reported from Taranto that monarchists and republicans clashed yesterday in that southern port city and that 28 were wounded and 15 arrested.

The cabinet was unable to persuade Umberto to leave his throne. His queen and children are in Portugal and his bags were packed when the supreme court on Monday ruled that while the republic had been voted, judgment must still be given on petitions charging electoral fraud.

Meanwhile, the Italian cabinet worked on a proposal to convoke immediately the newly elected constituent assembly.

The assembly—which is empowered to draft a new constitution for Italy—is not scheduled to meet until June 24, but the cabinet, unable to agree after five meetings in 30 hours whether the country is a republic or a monarchy, considered convening at once to work on the problem.

Lions Complete District Meet Plans At Lunch

With the joint district-2-T and state Lions convention only four days off, members of the host club Wednesday stood ready for the first postwar gathering of Lions in this area.

Otis Graf, general convention chairman, estimated that 500 and possibly 600 delegates would be registered for the event. Jake Douglass, housing chairman, announced hotels had booked reservations to capacity and appealed to Lions to provide additional rooms in their homes.

The hat of Frank Jordan, Brownfield mayor, a district deputy governor and president of his own club, was tossed informally into the ring Wednesday by Burton Hackney, Brownfield, as a candidate for district governor.

No other candidacies have been announced as yet and no bids for next convention have been advanced formally. However, prospects were that convention politics would live up from the opening Sunday afternoon.

Graf outlined the program, which devotes calls for church services Sunday evening; district sessions and model luncheons Monday; state sessions, a barbecue and International Night Monday at the amphitheatre when Doria y Paz, mayor of Mexico City and director in Lions International, speaks.

Capt. Olyv Sheppard spoke briefly at the meeting on the aims and value of recreation for youth, declaring that Big Spring was taking significant steps in this direction.

Livestock

FORT WORTH, June 12 (AP) — (USDA)—Cattle 300; calves 900; active, steady. Good beef steers and yearlings 16.00-17.50; medium grade lots 14.00-15.50; cutter and common 9.00-13.00; good beef cows 12.75-13.60; sausage bulls 8.50-11.50; good and choice fat calves 15.00-16.50; few to 17.00. Barnett To Confer On Housing Quarters

Ken Barnett, district representative for the Federal Projects Housing Administration, left Wednesday for Fort Worth to confer with regional authorities on reconversion of quarters at the bombardier school.

FPHA previously announced 35 units at the post had been approved for reconversion into dwelling units.

Barnett said that Ellis Homes continued to be occupied to capacity with a sizeable waiting list. Biggest pressure is in the units adaptable for families, he said.

BERKSHIRE NOMINATED

WASHINGTON, June 12 (AP) — President Truman today nominated Stewart Berkshire of Texas to be Assistant Commissioner of International Revenue in place of Paul A. Hankins, resigned.

Food Handlers' Course Grows In Attendance

With prospects that registration would reach the 700 mark today, the food handlers school in Big Spring stood a good chance of establishing two new state records.

Lawrence Wells, sanitarian for the city-county health unit, was hopeful that registration would show wondrous increases and reach the 800 mark before a termination of the course on Friday. As it now stands, he felt that Big Spring could set a record on the number earning certificates.

Those who enrolled as late as today will be given an opportunity for a make-up session, which will entitle them to a permit under terms of the city's new food handlers' ordinance.

One of the encouraging factors to date has been the number of housewives who have attended the sessions, and Wells expressed the hope that many more would attend as many of the sessions, 2:30 p. m. to 4:15 p. m., as possible. Extraordinary cooperation is being manifested by eating and drinking establishments, according to Wells. He estimated that 90 per cent of these places were closing during the hours for the school.

Instructions on washing and sanitizing dishes on the handling of eating and other utensils will be featured Thursday. Films to be

Here 'n There

Among recent discharges from the Army are Pfc. Cenaro G. Salazar and Pfc. J. P. Cauble, Jr., both of Howard county. They were cleared through the Personnel Center at Fort Sam Houston.

Mr. and Mrs. Bob Broadwell stopped over in Big Spring Tuesday to visit her parents, Mr. and Mrs. Willis King, on their way to Denver and Des Moines, Ia. Mrs. Broadwell was the former Myra King, who attended high school here. The couple plans to live in Denver where he will attend school after September.

shown include "Betwixt the Cup and the Lip" and "A Dishwasher Named Red."

"I Lost 52 Lbs.!"

One Divorce Granted; Three Others Apply

Imogene Rudd was granted a divorce from Chester Rudd in a suit completed this morning in district court.

Three others made application for divorce hearings. They involve:

Catherine McFan vs. Albert McFan, Juanita T. Whittington vs. S. M. Whittington and Christine Davis vs. Hugh T. Davis.

HERE'S AN EASY GUIDE TO QUALITY

—use it in choosing aspirin. Millions have found St. Joseph Aspirin dependable through the years for high quality, fast action and real economy. Always demand St. Joseph Aspirin, world's largest seller at 10¢. Save more on 100 tablet size for 35¢; nearly 3 tablets for 1¢.

"Okay, just so the engine's OIL-PLATED!"

"This one is . . . and you're 101% right," the car salesman agrees. He goes on to explain, "We want this car to show you real engine endurance—which means the least carbon, sludge, and upkeep you can have. That's goodwill for us. And all it takes to keep your engine's insides OIL-PLATED is Conoco Nth motor oil . . . Say, this time you're figuring to treat your new car right!" . . .

Many of the oldest cars, too, are being kept in the running by having their engines OIL-PLATED. This internal wear-fighter—OIL-PLATING—is created by magnet-like action. That comes from Conoco Nth oil's added ingredient—surfacing your engine's insides with durable OIL-PLATING. There's your barrier against lots of wear. You can have it in any car—any model or year—by driving around to Your Conoco Mileage Merchant's station. You'll get your correct grade of Conoco Nth oil—and an OIL-PLATED engine.
