"OFFICIAL PUBLICATION OF FARMER COUNTY"

FIFTY-SEVENTH YEAR

10 CENTS

Nowadays it doesn't take much of an excuse to have a holiday. In fact, most people jump at the chance for a day off to rest and relax. This national mania for idleness has taken our various State Legislatures by storm. Beginning January 1, 1971, we will have a new schedule of national holidays.

Four of the old familiar days of rest will be shifted around to fall on a Monday; and one holiday, Veterans Day, will be shifted from November to October. This seems to us to play very liberal with the original Armistice Day which was November 11, the armistice day of World War I. George Washington will also have his birthday changed to conform to "Monday-itis"; Memorial Day will be changed to follow the "New Speak"; Labor Day already falls on Monday.

In addition, a brand new national holiday will be created. Columbus Day will be celebrated on the second Monday of October. This doesn't grab us as a holiday. We have always considered ourselves as patriotic as the next citizen, but Christopher Columbus just does not cause our head to bow or our eyes to moisten with patriotic fervor. Maybe our filial ties do not go back to Italy or the Mafia hasn't spoken lately.

Chris' alleged feat of discovering America first has been challenged by the Vikings descendants and even some historians seriously question the date of new world landing. It has been said that Columbus did not know where he was going when he started out, did not know where he was when he got there, and couldn't tell where he had been when he got back. To us, this looks like a loose peg on which to hang a national holiday.

As a transplanted but true son of the Great Southwest, we would look with greater favor on Coronado Day or perhaps Adobe Walls Day as likely candidates for holidays. At least we would be on historically firmer ground.

Over in the far reaches of New Mexico a group of dedicated citizens are sitting as a convention in an attempt to bring to the voters of that state a new state constitution. This is a good thing and has our whole-hearted support. We think that many of our state constitutions are a horrible hodge-podge of special interest laws and archaic legal deadwood. A periodic revision is also in order for Texans. We in Texas are the victims of a terrible mess for a State Constitution, not to mention a legislature.

One of the things New Mexico is considering is a long or short ballot. That is, to have many officials elected by the people and thereby produce a long ballot or to let a few elected officials appoint many of the other public servants. This would cut down on the number of elected officials and hence produce a short ballot.

We are completely in agreement with those who favor the long ballot. We think that it is not asking too much of the citizen to vote for ALL the people who will control his very life and future. There is no more crying need in America today than that of returning local government to the people by making it easier for the citizen to participate, and more difficult for the politician to control.

With the addition of the Texico Wolverines to the fall football scene in the Twin Cities, we are truly the Football Capitol of the High Plains. We have been anxious for some pictures of the new team, but they

Steers Meet Chieftains

The Farwell Steers will collide with the Friona Chieftains, their cross-county rivals, tonight at Chieftain Stadium. Game time is 8 p.m. This will be the first regular season game for both of the teams this year; however the Steers have played scrimmage games with Portales and Hereford Juniors. The Chiefs have met Boys Ranch and Springlake in scrimmage games.

Coach Booth stated early this week, "We'll be ready for the Chiefs Friday night." He went on to say, "We will use a wideopen attack, with a throwing and running offense." He states that the two teams will be about the same size in the backfield; however the Friona line will outweigh the Steer line by several pounds per man. As a whole the Steer squad will weigh an average of 165 lbs. per man. The Chieftains weigh about 180 lbs. on the average.

While Coach Booth states that he knows little about the personnel of the Chieftain team he says they will have a strong running game with the same type offense as that used last year. The Chiefs move well and are lauded as a strong defensive club; however, "We will be ready for them," he reiterates.

In the scrimmage with Hereford on Thursday, the Steers looked good overall, according to Coach Booth. He stated that the offense was erratic, with the running game lacking a little, but the passing was good. Defense was "pretty good," and Coach Booth expresses himself as "well pleased" with the team effort. The boys looked better than they had the week before in the scrimmage with Portales, he stated. He invites all Steer fans to be on hand for the opening game.

Football Contest Begins This Week

This is the week, and today is the day for all of you "would be" football players to sharpen up the old wits and also your pencil and get into the annual game of outguessing the experts. This can be done by entering the 11th annual Merchant's Football Contest which begins today in the pages of the State Line Tribune.

The contest will run each week for the next 12 weeks. Grand prize at end of the contest will be two tickets and \$50 expense money to attend the Cotton Bowl football game on New Year's Day. Second place winner will receive two tickets to the Sun Bowl game and \$25 expense money.

In order to participate in the game one must be 12 years of age or older. Entries must be brought to the Tribune office by 5 p.m. each Friday during the contest. If mailed, the entries must bear a Friday postmark. There are no other rules. Everyone not only "can", but is urged to get into the game early. Plan now to enter each week.

Each week, beginning today, ten high school, college or professional football games will be published on the contest entry blank. Pick a winner in each of the ten games. In addition, the Farwell game will also appear on the contest, but will be used only as a tiebreaker in case two or more persons pick the same number of games correctly. Be sure to pick a score in the Steer game, as it will not matter if it is picked right or wrong . . . remember it is used only as a tiebreaker. Points are what counts.

Weekly winners of the contest - first, second and third places, will receive prizes of \$5.00, \$3.00, and \$1.00, respectively.

Winners of the contest in previous years include, Mrs. Maxine Williams, Bunk Phillips, Mrs. Dodie Actkinson, Dargin Klrk, C. L. Mahaney, Dee Owen, Jerry Dee Owen, Mrs. L. C. Horington, Thelma Alexander and Mrs. Roy Everett. This might be your year to WIN . . . so get out the pencil and limber up the old writing arm. Remember to be in the final winners column.

Softball Team Take Wins From Grady

The Texico girls' softball team got off to a good start Tuesday when both the junior high and varsity teams defeated teams from Grady. Last year the junior high school team completed the season with a near perfect record, losing only one game in the tournament. The varsity team won 50 per cent of its games during the 1968 season.

Final score in the varsity game Tuesday was 15-13 with the Whirlwinds on the long end of the score, Vickie Richardson was winning pitcher and LaWana Yell was the catcher. Jan Chumley scored a home run in the third inning for the victors.

In the junior high school game final score was 14-3. Kim Pearce was winning pitcher and Betty Steward was catcher.

Coach C. B. Stockton stated following the games, "Our girls looked great in the games. Next games for the team will be played in Melrose, Sept. 18, 3 p.m. (CDT).

Entries must be in the Tribune office each Friday by 5 p.m.

Football Team --

Outlook Brightens For Wolverines

Coach Jimmy Wynne of Texico School has a brighter outlook for his Wolverine football team this week following two scrimmage games. Coach Wynne states, "In the Lazbuddie-Texico scrimmage the offense was poor but the defense was fair; however, by time of the scrimmage with Clovis Tuesday the boys had improved much. I believe by time the first regular game is played Sept. 19 the squad will not be embarrassed by anyone."

"The Wolverine squad is showing much progress, having learned much from the two scrimmages against experienced players," he continued. "In the second scrimmage they played much smoother and looked much sharper and seemed to know more what the game is all about," he concluded.

The coach stated that the desire of the squad is great and they look remarkably well for

a group of boys who only a few weeks ago had not handled a football. Only one boy, Ken Farmer, has had any experience playing the game.

Average weight of team members is 162. Backs for the team are a small, agile, and quick group of boys, says Wynne, and they are learning to handle the ball well. At this time the line is having some difficulty in blocking properly; however, with another week's practice before the first game is scheduled, they should have cleared up some of this weakness.

Coach Wynne said, "The backs can move the ball if they have the proper blocking. We are looking forward to our first regular game."

All area residents are invited to be in attendance at the game at Vaughn next Friday, Sept. 19, when the Wolverines kick off their season.

Explain Counseling Program

People of our local communities have expressed a desire to know of the services available through the public schools in regard to counseling and guidance, says Charles Turner, counselor for Farwell, Bovina and Lazbuddie Schools.

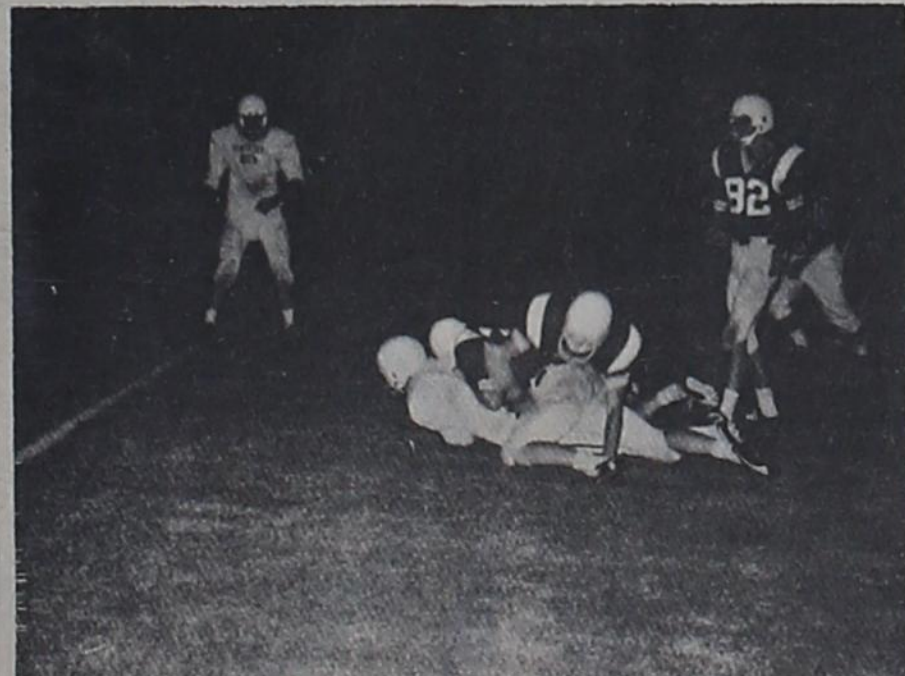

In order to bring about a better understanding of what services are available, Turner offers the following program outline:

1. THE INDIVIDUAL INVENTORY: Commonly known as the testing program, this is a comprehensive evaluative program (grades 6-12) designed to help administrators, teachers and parents understand the strength and weaknesses of the individual students. Each parent is encouraged to visit the school and confer with the principal, teacher or counselor in connection with his child's achievement and ability to do school work. In addition, group and individual interpretation sessions (grades 6-12) are held after each testing period for the benefit of the students so that they may understand their academic potential.

2. OCCUPATIONAL GUIDANCE: An organized program of occupational information is presented to the high school students to acquaint them with as many occupational areas as possible in order that they may be able to make realistic choices concerning potential careers.

3. EDUCATIONAL AND VOCATIONAL PLACEMENT: The counselor confers periodically during the course of the student's high school career, assisting the student in exploring career ideas, in making a possible choice, and in obtaining placement in a training institution after high school graduation.

4. LIFE ADJUSTMENT COUNSELING: Personal-social adjustment counseling is available at the student's request or by teacher referral. In addition to the above mentioned services, the counselor aids in the followup of graduates, placement of dropouts, in training institutions or a job situation, homogenous grouping, and acts as a resource person in conferring with the administration and teachers concerning the evaluation of the curriculum.

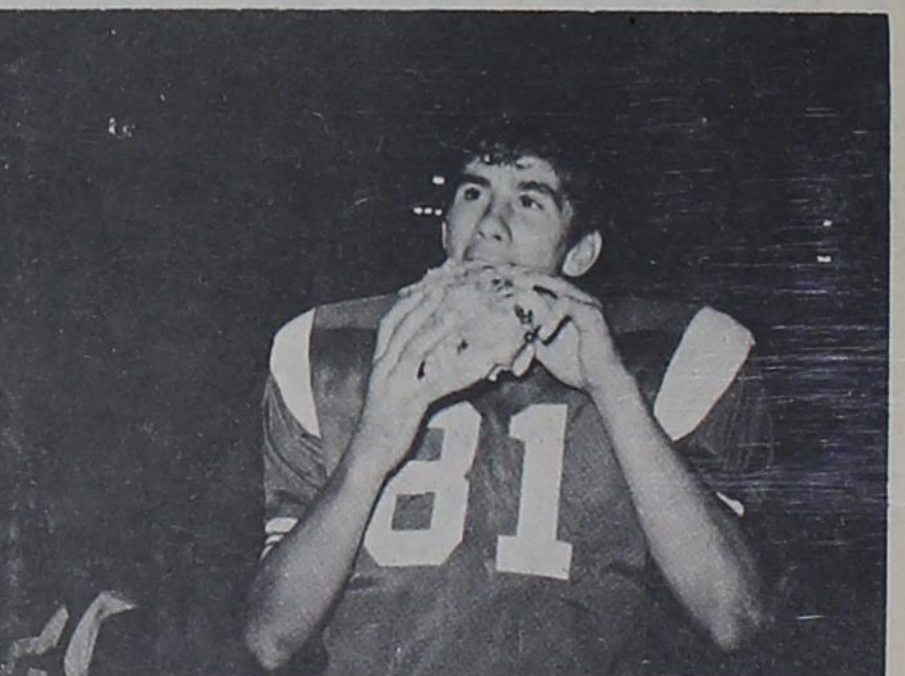

DEFENSE LOOKS GOOD THIS YEAR -- One of Coach Booth's bright spots in pre-season scrimmage games has been the rather stingy Farwell defense as witnessed in last week's game with the Hereford Junior Varsity.

FAVORITE ROLE --- Dan Prince again finds the ball and the sideline for another long gain as the Farwell aerial circus lives up to its advance billing in last week's scrimmage game.

TEAM WORK on and off the field seems to be the Steers' goal. Last week the Farwell Booster Club fed the boys watermelons after the scrimmage game. James Ensor was donor of the fresh watermelons.

A BIG MOUTHFUL after some long runs. Dean Stovall's pass receptions netted good yardage in the scrimmage game with Hereford and saved his thirst for the cool watermelons served after the game by Farwell Booster Club.

Band Has Varied Program

The bands at Farwell School, directed by Lynn Burton, have achieved much in the past year and are making plans for a varied program during the coming school year.

Last year the high school band received a first placetrophy in marching for Class C high school bands at the Eastern New Mexico University Homecoming Parade; was named the outstanding concert band at the Lamesa Invitational Band Festival; and received a division II certificate at the University Interscholastic League Contest held in Levelland.

The high school band is composed of 69 members, with Gwen Rundell and Beverly Tims as co-drum majors. Twirlers for the group include Kim Snider, Sharon Williams and Pam Nance.

The high school band was not the only band from the Farwell School bringing home honors last year as the 25-member Junior High School Band brought home a division III rating from the UIL contest in Lubbock (their first time in a state-

wide contest); and also brought home a II division rating certificate in regional UIL concert when they appeared at Friona.

They also brought home a I division trophy for sight-reading from the same contest. The sixth grade band with 27 members received a II division certificate at the UIL concert held at Friona and a I division trophy for sight-reading. This group also had a total of 12 first place medals for solos and ensembles at the UIL contests in Friona.

The 41-member fifth grade

band also brought home II division certificates in sight-reading and concert from the UIL contest in Friona last year.

The high school band, plus the seventh grade members, will kick-off its activities this week (Sept. 12) by appearing in the Malze Days Parade at Friona. Later the same day they will participate in half-time activities at the Steer-Chieftain football game, scheduled for Chieftain Field in Friona. The following Monday the group will participate in the Tri-State Fair Parade in Amarillo. Later this month the band will participate in the South Plains Fair Parade at Lubbock. In addition, the band will stage shows at all football games through the fall and will also participate in a UIL marching contest in November. Final appearance before Christmas will be the annual Christmas Concert, in which all of the bands, including the high school, junior high school, sixth and fifth grades, will participate. Spring activities of the band include solo and ensemble contests, UIL contests, tryouts for the all-regional band, concerts and various other activities, including the annual band banquet. Through the years the Band

Boosters Club has been one of the strongest supporters of the band program in the school. This year they have already bought a new contra-bass horn for the band students' use and have bought dickets for the drum majors' suits. The band also has two new tubas, two bass clarinets and concertbells which are being used for the first time this year. Other instruments which have been purchased through the efforts of the Band Boosters and school officials include an oboe, bassoon, two sousaphones, a baritone, and tympani. Many students have their own instruments and spend many hours each week practicing their music and marching. The band has a place for any student who is interested.

During the past few days band members have been arriving at school at 7 a.m. to practice marching in order to be able to present good programs and a snappy appearance when they appear in the various parades and on football fields throughout the area. Remember, your band is a good advertisement for your town; therefore, we should all boost the band by giving all the moral and financial support possible.

Band Boosters Plan Year's Activities

Farwell Band Boosters planned their activities for the coming year at a meeting of the group last Wednesday. Mrs. Weldon Tims is president of the group. Other officers are Mrs. J. W. Herington, secretary - treasurer; Mrs. R. J. Garner, vice president; and Mrs. M. A. Snider, Jr., reporter.

Any person who is interested in the band is invited to become a member whether they have a child in the band or not. Memberships are \$1.00 each. Regular meetings are held the first Wednesday in each month at 1 p.m. All meetings are held at the band hall.

Band activities include sponsoring and assisting with financing band trips and buying band instruments for use by band members.

Projects planned for this year include selling zippered stadium bags (for use at football games) and the band calendar. Mrs. Jack Williams is chairman of the band calendar committee. Persons who are interested in buying one of the stadium bags should call a member of the Booster Club or Richard Lynn Burton and leave their order.

haven't been quite ready for their public unveiling.

We plan to have some pictures of them in next week's paper, prior to their first game of the season. Texico will start their maiden game against Vaughn, at Vaughn. Texico fans will have to get used to these long trips as there isn't any place near any place out in this country.

Food for Thought

By Mary Lee

Mushrooms are blooming all over the place these days. In fact, there's a regular mushroom mystique going on in smart shops across the country.

The amusing little umbrellas pop up in fantasy designs or realistic shapes on china, mixing bowls, or chic cookware. And as part of the no-color fashion story, too, there's a whole crop of mushroom patterns sprouting on kitchen towels, terrys, appliances covers, mitts, aprons, and shortie draperies as well as table cloths and napkins.

Almost 2,000 years ago, Martial, a Roman writer of epigrams, said, "You can trust gold and silver and dresses to a messenger, but not a mushroom. He will surely eat it en route." Apparently they were tempting even that far back.

But home furnishing designers are not the only people taking up mushrooms now. The production of 181 million pounds of the classic vegetable this past year indicates a growing popularity with folks who like good eating.

Incidentally, Pennsylvania produced more than 62 percent of the nation's crop in 1967-68 when growers raised some 113 million pounds of mushrooms.

Gourmet cooks have long considered mushrooms an elegant addition to many dishes, but the newest rage is to serve them raw in salads. The spongy, fresh slices absorb a well-seasoned dressing and distribute it throughout the mixed greens. Fresh spinach and scallions or watercress and hard-cooked eggs are two favorite combinations to team with the mushrooms.

Of course you won't want to waste the fine flavor of the mushrooms—or your time—so, don't bother to peel them. Just scrub the little vegetable gently under cold tap water. Trim off some of the bottom stem and slice them from top to bottom to preserve their interesting shape.

Raisins And Chocolate For Dessert

California Raisin Advisory Board Photo

California seedless raisins are the star in this delightful no-cook, no-bake dessert. In minutes you can combine chewy raisins with delicate packaged angel food cake with a creamy chocolate sauce to make this interesting concoction.

It's a great dessert for the busy hostess or homemaker to prepare the night before and refrigerate. Chill it in a serving bowl so it's ready to whisk to the table. If you wish top the elegant offering with whipped cream, walnuts and raisins.

REAL GOOD RAISIN DESSERT

- 1 (5-ounce) angel food cake
- 1 (6-ounce) package semi-sweet chocolate pieces
- 2 eggs
- 1 cup whipping cream
- 1/4 cup chopped walnuts
- 2/3 cup California seedless raisins

Break cake into small pieces (3 to 4 cups). Place in serving bowl. Melt chocolate over low heat or hot water. Separate eggs; beat whites until stiff. With same beater, beat cream until stiff. Portraying Area Homemakers

by Chris Moss

Mrs. True Bell, born True Alley, daughter of the late Mr. and Mrs. W. A. Alley, is no stranger to the Texico-Farwell area since she first moved to this area with her parents at the age of one year. She returned here some seven years ago and has made her home in Farwell since that time.

Mrs. Bell first lived in the area south of Texico and attended the Locust Grove School south of Texico, until she was 12 years of age. Some of her former classmates are Claude Curry and the late Mrs. Gladys Johnson. At the age of 12, Mrs. Bell moved with her parents to South Texas where she lived until her marriage several years later.

Since returning to Farwell, Mrs. Bell has been employed at Aldridge Insurance Agency where she works with Mary Jean Patrick. She is mother of three children; Joe Boutlinghouse, Mrs. Betty June Durham, and Mrs. Sydney Chadwick. She also has six grandchildren.

Church work is one of the first loves of this devoted mother. She is a member of Farwell First Baptist Church, where she serves as superintendent of the Young Junior department (9-10-11 years of age), of the Sunday school. She is also active in the Women's Missionary Union, having served in most of the offices of the group and has also worked with the Intermediate department at various times. She has also been active in the training union at the church, and most Sunday evenings she can be found at the church participating in the Bible studies of the adult department. She is also an associate member of the Ruth Sunday School Class.

Hobbies for this lady include sewing and cooking. She sews for her daughter, Sydney, making all of her clothing including western suits, and also sews for her grandchildren. Mrs. Bell says "I have made a few western shirts but do not claim that as my favorite article." At time of Sydney's marriage, Mrs. Bell made much of the clothing used in the wedding, including dresses for the bridal attendants. In addition to sewing, Mrs. Bell also crochets and at present is busily engaged in making an afghan.

COMPLETES GARMENT --- Mrs. True Bell is busy completing a fall dress for her daughter, Sydney Bell Chadwick, who lives in Amarillo. Mrs. Bell spends many happy hours at her sewing machine sewing for all members of the family.

Most Saturday evenings Mrs. Bell can be found with a group of friends engaged in that favorite hobby, playing "forty-two."

Cooking is another of this lady's assets and one of the foods for which she is famous is Fresh Apple Cake. She has generously agreed to share the recipe for the cake and some of her other favorite recipes with our readers.

FRESH APPLE CAKE

- 1 cup Wesson oil
- 3 eggs - well beaten
- 3 cups diced apples
- 3 cups sifted flour
- 1/4 teaspoon salt
- 1 teaspoon soda
- 2 teaspoons vanilla
- 2 teaspoons cinnamon
- 1 cup pecans

Preheat oven to 300 degrees. Mix ingredients in order listed; batter will be stiff. Pour into greased and floured tube pan and bake from 1 1/2 to 2 hours. Insert toothpick; when it comes away clean the cake is done.

SCALLOPED CABBAGE AND CHEESE

- 1 head of cabbage
- 1 cup grated cheese
- 1 cup white sauce
- salt and pepper to taste
- 1/2 cup bread crumbs
- 4 tablespoons butter

Boil cabbage in salted water until tender; drain. Make alternate layers of cabbage, white sauce, and cheese in a greased baking dish. Top with buttered bread crumbs. Place in pan of water in oven and cook at 350 degrees for 30 minutes.

SPAGHETTI & MEAT BALLS

- Sauce: simmer three hours until thick.
- 1 medium can tomato paste
- 1 large can tomato juice
- 1 large can tomato sauce
- 1 tablespoon chili powder
- 1/4 cup sugar
- 1 cup water
- 1 medium onion (whole)
- 2 tablespoons Parmesan cheese
- 1 clove garlic or garlic salt
- 1 1/2 cup browned hamburger meat

Meat Balls: Mix 1 cup bread crumbs with 1 1/2 lb. lean ground beef, and salt and pepper to taste. Mix with 1/4 cup of sauce and form 2 inch meat balls. Drop in sauce and simmer for 45 minutes. Serve over spaghetti cooked according to directions on box.

The last recipe was borrowed from Mrs. Carolyn Dial and is one which Mrs. Bell and her family find especially enjoyable.

September is better breakfast month. So, here is an idea to make any breakfast better. Orange Nut Biscuits are made quickly with ready-to-bake biscuits, frozen orange juice concentrate and brown sugar. Place the biscuits from an 8-ounce package in an ungreased 8 or 9 inch pan, and bake according to package directions. Then, combine 1/4 cup undiluted orange juice concentrate with 3 tablespoons brown sugar. Spoon this over the biscuits. Bake 4 to 5 minutes longer. Why not try this for breakfast soon?

Pam Blair, John Long United In Home Ceremony

Pamela Joy Blair, daughter of Mr. and Mrs. Bobby Blair of Route 1, Farwell, recently became the bride of Enoch John Long, son of Mr. and Mrs. George Long of Farwell.

Reverend J. L. Bass, pastor of Farwell First Baptist Church, read the single ring service in the home of the bride's parents. Background for the ceremony was a sunburst arrangement of yellow chrysanthemums and white gladioli on the mantel of the fireplace. Traditional wedding music was used.

The bride, given in marriage by her father, wore a formal wedding gown of ivory slipper satin, designed with a round neckline which extended to a V in center back, long fitted sleeves tapering to points at the wrists, and a chapel train accented by Brussel lace. The lace also accented the bodice of the dress. Her shoulder-length veil of white imported illusion was held by a skull cap of Brussel lace accented by seed pearls. She carried a cascade of stephanotis surrounding yellow carnations accented by yellow ribbon streamers.

Following tradition she carried in her shoes for something old, pennies minted in the year of her birth and that of the groom, new was a bracelet belonging to a friend, borrowed was her wedding gown from a close friend, Mrs. Mary Lou Pope, and blue was the traditional garter.

Bridal attendant was Gayle Long, sister of the groom. She was attired in a princess style formal gown of yellow sateen accented by a minute veil of yellow net held by a large satin bow. Her accessories were in matching hue and she carried a long stemmed yellow spider chrysanthemum accented by white ribbon streamers.

Serving as best man was Robbie Blair, brother of the bride. Mrs. Blair wore a two piece suit of pink with matching accessories for her daughter's wedding. Her corsage was of white carnations.

Mrs. Long wore a champagne colored two piece dress with matching accessories complemented by a red carnation corsage.

Immediately following the ceremony, a reception was held in the Blair home. Serving table was laid with a yellow damask tablecloth and centered by the three-tiered wedding cake. The cake, iced in white and decorated with yellow roses and green leaves, was separated by columns and topped by a bride and groom figurine in front of a large heart. After the bride and groom had cut the first slice of cake, it was served by LaWanda and Vonnie Yell, cousins of the bride. Punch, mints, nuts and hors d'oeuvre were also served to the approximately 75 persons attending the wedding and reception.

Susan Park registered the guests.

When the couple left for a

wedding trip to Oklahoma and points east, Mrs. Long wore a yellow double-knit dress and black accessories. Complementing her attire was a corsage of yellow carnations and white stephanotis, lifted from her bridal bouquet.

The couple are presently at home at Route 1, Farwell.

Mrs. Long has attended Farwell Schools.

The groom, a 1969 graduate of Farwell Schools, is presently employed at Castor Feed Lots. He will enroll at Oklahoma Tech later this fall.

Out-of-town guests attending the wedding were Mr. and Mrs. Lee Doshier, grandparents of the bride from Tipton, Okla., Mrs. Elmo Tipton from Amarillo, an aunt of the bride; and Tsgt. and Mrs. Eddy E. Miller from Abilene.

Longhorn Roundup

by Mike Casey

Thursday, Sept. 4, the Lazbuddie Longhorn "B" team played host to the Texico Wolverines. The Longhorns defeated Texico by a score of two touchdowns to none.

Freshman Ricky Seaton and Mark Barnes made the Longhorn touchdowns. Seaton's came on a 10-yard run and Barnes scored on a 50-yard run. Roy Flores was another standout for Lazbuddie; although no statistics were kept, Flores gained an estimated 100 yards.

Marti Mosley, a very alert player, picked off a Wolverine pass and was in on several tackles for the Hons. Other players doing a good job on defense were Loy Dale Clark and Larry Cox.

Saturday, Sept. 6, the varsity team scrimmaged the Anton Bulldogs at Lazbuddie, defeating them by three touchdowns. The Longhorns gained 225 yards rushing and 115 yards passing. Defensively, the Hons held the visitors to 67 yards rushing and 40 yards through the air.

Monte Barnes got things going for the home team when he scored on 15 yards out the first time the Longhorns got the ball. Derrell Mathews got the Hons another TD when he outran the Anton defense for a 55-yard run the second time Lazbuddie had the ball. The third and final time the Longhorns got the ball, Charlie Lee got behind the Anton secondary and caught an

80-yard scoring pass from quarterback Monte Barnes.

On defense the Longhorns were a solid unit, keeping the Bulldogs bottled up most of the night. Charlie Lee and George Wilson did a fine job on defense for the Longhorns. Lee intercepted a pass and did well in tackling. Wilson also stood out as a defensive end for Lazbuddie, getting in on several tackles.

The high school classes at Lazbuddie have selected their various officers. They are as follows: Senior class: president, Leatrice Gallman; vice-president, Terry Scott; secretary-treasurer, Mickie Broyles; and sergeant-at-arms, Kathy Coker.

Junior class: president, Scott Brown; vice-president, Mike Casey; and secretary-treasurer, Delayne Steinbock.

Sophomore class: president, Jimmy Noland; vice-president, Bobby Balderas; secretary, Helen Lucero; and treasurer, Loy Dale Clark.

The freshman class has selected only two officers. They are president, Arella Mosley; and Gwen Barber, vice-president.

The juniors are selling candy now. The candy is produced by Stuckeys and can be purchased by contacting any Lazbuddie Junior.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Man's first reactions to another is based on outward appearances, and only time will help him to know the heart of another. God knows, immediately, every attitude of the heart, whether it is good or bad.

"Blessed are the pure in heart: for they shall see God."

There are many rewards for those that follow the Lord. "Let the heart of them rejoice that seek the Lord."

University Of Arkansas --

Bobby Field Ranked No. 1 Monster Man

FARWELL SEVENTH GRADE FOOTBALL TEAM --- Back row, left to right: George Garza, Lynn Kittrell, Clint Robertson, Paul Brigham, Ernest Pinnlea, Gene Charles Lovelace, Mark Haseloff, Rojillo Arce, Robert Sierra, Gary Green, Tim Meeks, Middle row, L to R: Tommy Maltose, Gerald Tunnell, Kelly Head, Lesley Curtis, Leon Witson, Wade Stancell, Thad Phillips, William Rundell, Front row, L to R: Johnny Moncado, Kent Gast, Barry Goldsmith, Leon Tunnell, Mike Woods, Mike Diel. First game for the team is set for Sept. 18, 5 p.m., in Amherst.

Bobby Field, a junior at the University of Arkansas and a graduate of Farwell High School, is ranked as the No. 1 "monster man" as he begins his junior year as a member of the Razorback football squad. Field, who was an outstanding quarterback for the Farwell Steers, broke into the starting lineup on the freshman team at Arkansas playing defensive halfback in the first three games. He was then moved to monster man. Last year as a sophomore he started the season as the No. 2 safety, but was again moved to monster man. Bobby says, "Dennis Berner was injured in the third game of the season (against TCU) and I played the rest of the game." He was then moved to first sub on four defensive backfield positions. He

states, "I started against Texas A&M and North Texas State." Putt Powell, sports writer for the Amarillo Globe-News writes in his column of Sept. 4, 1969, "Few sophomores ever played on a team that enjoyed such an outstanding season. Arkansas lost only to Texas during the regular season and then whipped Georgia in the Sugar Bowl." Powell quotes Field as having said, "There's such a thin line between winning and losing that it's hard to put your finger on our success. We could have gone 5-5 instead of 10-1. "My eyes were about the size of half dollars that night we played Texas in Austin. Texas had a great team. I've been told that I played by best game of the season the half that I played," says Bobby.

"It was a great experience to play in the Sugar Bowl... I didn't play too much at the start. I was just used in kick-off and punt returns. I went in when Georgia started passing and trying to get back in the game." Arkansas won 16-2. Field says the coming season depends on two things basically, "How good shape we are in mentally and physically." Several of the players are getting over operations and the quarterback, Bill Montgomery, was recovering from a shoulder injury at time of spring training. Bobby was born in Oklahoma and lived at Sundown and Pampa before moving with his parents, Mr. and Mrs. Billy Field, to Farwell. He attended elementary, junior high and high school at Farwell, and at time of his graduation had several offers to play football for several colleges including, Texas Tech, TCU and Texas A&M. As a freshman, Bobby played defensive halfback for the Steer football squad under Dempsey Alexander. The remainder of his high school football career was played under Coach Toby Booth. He was a starting quarterback as a sophomore and also played defensive halfback. In the last game of the season that year, he suffered a knee

separation. A bone tumor developed and it was feared that he might lose the leg for a time. He later had surgery on the leg and in the first game the following season, Bobby broke the leg where it had been operated. He missed the rest of that season, but was able to play in the final five basketball games for the Steers. During his senior year, he played offense at quarterback. Bobby is now 5-11 and weighs 175 pounds. According to Powell, Bobby said "My biggest thrill came when we beat Texas Tech last season, and my biggest disappointment came from losing to Texas. It was also a disappointment that I didn't look good when the season opened last year, but Hootie Ingram (assistant coach) wouldn't let me get discouraged." When he completes college, Bobby plans to return to Texas and start out as an assistant coach in some high school. At this time, according to Powell, Bobby is looking forward to returning to Fayetteville to see about the new Astroturf which is being installed at the Arkansas stadium. "I hear the turf gives an advantage to the pass receivers. They are supposed to be able to cut better and faster," he said.

Feedlot Runoff Meeting Topic

A permit was expected to be granted in Austin Thursday allowing Parmer County Cattle Co. feedlot to control its water into Running Water Draw. The feedlot is located west of Bovina on the Draw. If the permit is granted as expected, the company will construct dikes and lagoons to keep runoff water from entering the draw. Plans call for the facilities to hold run-off from six inches of rainfall in a 24-hour period. There is expected to be no discharge into the Draw except when there is unusually heavy rain. The wastewater will be disposed of by evaporation from the lagoons to be constructed. The subject of feedlot wastewater running into the Draw was the subject of a Monday night meeting with interested citizens from Bovina and Lazbuddie and representatives of the feedlot at Bovina City Hall. Those present favored requesting the Texas Quality Control Board to approve the application so the plan can be put into effect by the feedlot.

Let us rise up and build.— (Neh. 2:18).
God's miracle-working power goes to work for us. When we meet life with the faith that with God all things are possible, we break from the bondage of false ideas, and become free and confident. We then express ourselves freely and easily, for God's love inspires us to know that we can. We appreciate life and its blessing, opportunities and responsibilities. The words, we can, inspire us today.

Car, Pickup Damaged On Highway 1731

Two vehicles were damaged about 4:30 p.m. Monday on Highway 1731 five miles south of Bovina. Involved in an accident was a Falcon pickup, driven by Rev. J. B. Fowler of Bovina, who was turning left from the highway. The second vehicle, a 1965 Valiant driven by Tommy Allen, also of Bovina, hit the left rear of the pickup. Both were traveling south. Allen apparently did not see the turn signal, according to officers. Passengers in the pickup were the driver's son, Douglas, and his father-in-law, Allen was alone in the Valiant. No one received serious injuries in the accident. Estimated damage to the vehicles was not known. The accident was investigated by Highway Patrolman Mike Greer.
