

# Many Prizes Offered In BTM Merchants Giveaway

Some 40 Twin Cities and area businesses are participating in the second annual Border Town Days Merchants giveaway program held in conjunction with the annual BTM celebration's park activities.

This year's giveaway will be during the Saturday observation of BTM at Farwell City Park.

Each participating business has a box in which customers may register for the prize to be

given away by that merchant. A person may sign up as many times as he wishes from now through July 29 when the boxes will be taken to the park for the drawings during the afternoon activities.

Drawings will be held from each individual merchant's box and the person whose name is drawn will be allowed ample time to claim the prize; however, in the event that the person does not show up in the

specified amount of time, another name will be drawn so that all prizes will be awarded that afternoon. It is essential that a winner be at the park to hear when his name is called.

Benny Haney and Neil Stewart, organizers of the Merchants Giveaway, were busy last week placing boxes in the area businesses and also posting signs announcing that registration for the giveaways is now underway.

A partial list of participating businesses and the prizes they plan to give away include The Trade Center, one free lawn mower tune-up; Otis McMillan, Farwell Postmaster, set of birds and flowers of the 50 states; Lunsford Auto Parts, set of wrenches; Crossroads Motel and Gift Shop, man or woman's belt buckle; Red's Barber Shop, three free haircuts; Also, Haney's Swap Shop, 1/2" socket set and 1/4" socket set;

All local and area residents are urged to visit the participating merchants and sign up for the many prizes to be given.

Whither goest the economy? Well we aren't sure do not know and apparently many folks with money to loan do not know either. An indication of this is the gradual escalation of mortgage interest rates in the last several months. This indicates that those with money to loan on a long term basis are not satisfied that over the period of the years of a home mortgage that inflation will continue to be minimal.

The Reagan administration was responsible in 1981 for passing the Economic Recovery Act. This is loosely referred to as "Reagonomics." The intent of the legislation has worked; in the spring of 1983 inflation was practically non-existent. This led to public confidence and a lowering of long-term interest rates.

The House of Representatives, under the tutelage of Tip O'Neill, has managed to very neatly shoot that confidence to hell in a basket. Congress, with heavy emphasis on the House of Representatives, has continued to spend, spend, and spend money that the Government doesn't have and cannot have without massive increases in taxes and virtual repeal of the 1981 tax act.

This attitude can only spell one thing, resumption of galloping inflation. To compensate for this dismal prospect, mortgage rates have begun to climb and the basic housing industry will soon be in depressed circumstances.

With this unhappy prospect of renewed inflation it is almost beyond belief that the vast majority of the American people profess ignorance of one of the most important provisions of Reagan's 1981 tax act. This is the indexing of income tax rates.

Indexing of income tax rates for inflation is a broad, sweeping tax principle which will affect millions of U.S. taxpayers. It is scheduled to go into effect on January 1, 1985. Indexing will prevent bracket creep, which pushes taxpayers into higher tax brackets although their real income stays the same or actually falls off.

## FEW TAX LAWS OR REGULATIONS WOULD DIRECTLY AFFECT A LARGER PORTION OF THE NATION'S WORKFORCE.

Yet, here we have 66 percent of the public saying in a recent public opinion poll, that either they had not read or heard of tax indexing or didn't know if they had, and, once they were informed, 31 percent still were unable to express an opinion.

Congress now wants to repeal this indexing provision. You see, they are willing to index welfare payments to the rise in the Consumer Price Index. This gives them more money to buy votes with. They are now unwilling to allow the taxpayer to hold his income steady through tax indexing. This will deprive politicians of money to buy votes with.

It is not too much to say that our economic recovery and the continuation of our free enterprise system depends on whether or not we keep the tax indexing provision now on the books. But then two thirds of the public is in ignorance of what it means.

Maybe we ought not worry why little Johnny can't read and begin to wonder why his mom and dad won't read.

## Advertising Giveaways

Organizers of the Border Town Days Merchants giveaways, Benny Haney of Capitol Foods, left, and Neil Stewart of Farwell Hardware, show one of the posters advertising the big event which will take place at Farwell City Park Saturday afternoon, July 30. Some 40

Twin Cities merchants are participating in the event which is in its second year. Participating merchants have boxes in their businesses where customers may register for the prize to be given by that merchant during the BTM activities. A drawing

will be held from each box and persons are reminded that they must be at the park to be eligible to claim their prize. Area residents are urged to visit all local businesses to sign up for the merchandise to be given away.

## Spaces Still Available For Concessions, Games

Interest is running high in the planning of activities and concessions for the upcoming Border Town Days celebration with numerous booths already signed up for the sale of various items during the park activities on Saturday, July 30.

Lots of tasty items to eat will be offered along with cool drinks and a variety of other things to tempt those taking part in the day's festivities. Handling the assignment of booths for the concession area in Farwell City Park are Theta Rho chapter of ESA sorority and Alpha Rho Lambda chapter of Beta Sigma Phi.

All civic and non-profit organizations are welcome to sign up for a park booth to sell their

wares; however, no booths will be allowed for resale items.

Booths are still available and are \$5 each. Each application for a booth must be approved by the assigning committee to prevent too much duplication of items to be sold.

Anyone wishing to reserve a booth space may call the State Line Tribune at 481-3681 or may contact or call Cynthia Thigpen at the County Extension office at 481-3619.

Among those organizations and groups signed up and the items they are planning to offer for sale include Texico 4-H Club, watermelons; Beta Sigma Phi, soft drinks and snow cones; Farwell Study Club, brownies and cookies; Senior Citizens,

baked goods; Texico Drill Team, water polo; Texico Band Boosters, homemade ice cream.

Also, Texico Varsity Cheerleaders, ice cream and candy; ESA, lemonade and tea; Farwell Band Boosters, cookbooks and spices; Trinity Lutheran Church of Clovis, Pepsi; Farwell Young Homemakers, ice cream; St. Ann's of Bovina; hamburgers and burritos; and the Gymnastics Elite will be giving demonstrations.

On the courthouse lawn, the annual arts and crafts show will be set up. Approximately 12 booths have already been signed up with such handmade items as ceramics, woodcarv-

## Deadline Extended For BTM Queen Candidates

Border Town Days Queen contestants have until Friday, July 22, to register for the contest says Joann Getz, contest chairman, who announced the extension of the registration deadline.

"We urgently need entrants for the BTM Queen contest, and I encourage all Texico and Farwell girls who will be attending either Texico or Farwell high school next year to enter the contest right away," Mrs. Getz said.

Sponsors are available for any girl who might wish to enter, so queen candidates need not worry about obtaining a sponsor, the chairman said.

Those eligible to enter are girls who will attend either of the local high schools next year, are not over 18 years of age, and who have never been married.

Contestants should bring their entry blanks to the Tribune office or come to the office and fill out a blank. (The entry blank is printed elsewhere in this week's issue.)

Each is asked to bring a photograph of herself as the Tribune will publish the pictures of all candidates in the BTM special issue. The photos may be any size, although billfold size is preferred, and may either be a school, studio or Polaroid photograph.

Arrangements can be made to have a picture made by the Tribune if none is available.

BTM Queen contestants are judged on personality and talent, and out-of-town judges are used. "We always use judges from out-of-town so that in no way will partiality be shown to any girl or either town in the selection of the BTM Queen," stresses Mrs. Getz.

Entrants may perform any talent, including such acts as singing, playing any musical instrument, dancing, skits, twirling or pompon routines, poetry, readings, or other.

The coronation of the new queen will take place at the Farwell City Park Gazebo

during the afternoon park activities on Saturday, July 30.

Queen candidates and the judges will be guests at a luncheon hosted by the Border Town Days Committee on Friday prior to the queen contest, and the girls will also be honorees at a Coke party when they meet with the contest chairman to go over the rules and plans for the contest.

"We host the luncheon so that the judges and the candidates may get better acquainted," says Mrs. Getz.

Girls interested in representing the Twin Cities at various functions locally and throughout the region during the coming year should enter the contest.

"It should be an honor for a girl to represent the Twin Cities as Border Town Days Queen," the chairman said.

More information about the contest may be had by calling Mrs. Getz at 481-3681 days or 481-9123 nights.

# 195 Kids Participate In Summer Baseball

A record number of Texico-Farwell youngsters, an estimated 195 boys and girls, participated in this year's summer baseball program which recently came to a close. The number of participants was divided between three divisions, T-Ball League, Pee Wee League, and Little League.

Of the 13 teams playing, five were Pee Wee, four were Little League, and four were T-Ball teams.

"I'm really happy with the way the season went this year. It worked well," said Johnny Atkinson, player agent.

Only members of the Little League teams continue to play past the local season. Seventeen Little Leaguers from the Texico-Farwell teams have been chosen as All-Stars to represent the Twin Cities in the Little League All-Star tournament this month in Clovis. Their first game will be played Monday, July 18, against the Western All-Stars of Clovis.

The T-Ball League was headed by Joyce Armstrong of Texico this year as she and her husband, Kent, organized the teams and also coached a team.

"This was the first year that T-Ball has been a part of the Little League program. Last year the teams were organized independently," says Mrs. Armstrong. As part of the Little League program, the T-Ball teams had sponsors rather than the way they were run last year. Some 60 players participated in the T-Ball program this year.

Mrs. Armstrong explained the purpose of T-Ball as giving the younger children a chance to learn the rules and regulations of the game before entering the Pee Wee League.

"A child can play T-Ball from the age of 6 to 10 if he wants to. We had a bunch of kids who could have played on the Pee Wee teams by the end of the season. They could catch really well, hit, run, and throw. Some of the kids could catch fly balls, which is an accomplishment for someone that young, and they learned such fine points as not to leave the base on a fly ball," said Mrs. Armstrong.

In the season's final win-loss standings for the T-Ball teams, Lariat Gin took first place with a 10-1 record. They were coached by Mr. and Mrs. Barry Williams.

Oklahoma Lane Farm Supply came in second with a 6-5-1 record. This team was coached by Kent and Joyce Armstrong. Other teams in the T-Ball league were Security State Bank coached by Mark Williams, and Border Town Service, coached by Rhonda Foreman. Statistics for these two teams were not available.

"It was fun, they did really well, and everyone got along well this year. We had a great time," reports Mrs. Armstrong.

In the Little League division, the Tide team, coached by Randy Kelley and Vester Joiner, won first place with a 9-3 record. Farwell Insurance, coached by Donald Jones and Don Malone, won second with a 7-5 count; Worley Mills, coached by Ridley Lonsdale and Craig Kaltwasser, came in third with a 4-8 record; and Kelly Green, coached by Chacho Arce assisted by Joel Ware, placed fourth with a 3-9 tally.

In talking about the Little League play, Atkinson said, "This was the first year in the

past two or three that a home-run has been hit over the fence."

Citizens Bank won first in the Pee Wee division. This team was coached by Richard Deel and Lewis Foster. Capitol Foods, coached by Gary Foster and Randy Johnson, won second; third place went to Sherley-Anderson-Pitman coached by Carl and Rhonda Kirkland; Farwell Hardware, coached by Milton Lee Walling assisted by Ricky Stewart and Joe Stanton, placed fourth; and Hughes True Value, coached by Bruce Bil-

lingsley assisted by Robert White, came in fifth.

Randy Kelley and Atkinson will coach the Texico-Farwell All-Stars this year.

Members of the 1983 All-Star team include Abel Lopez, Todd Thigpen, Keith Harrison, Brian Roberts, Byron Martin, and Jason Longo, all from Worley Mills team;

Also, from the Tide team: Larry Powell, Dusty Joiner, Bruce White, and Clint Kelley; Jeff Atkinson, Tony Nicolas, Ruben Ortega, Jeremy Jones (Continued on Page 2)

There will be three categories in the judging this year, including best decorated bike with a costumed rider; ages six and under, best decorated bike; and

ages 7-12, best decorated bike. Each category will have a first, second, and third prize awarded. The prizes will be \$8 for first, \$5 for second, and \$4 for third.

Bikes will be judged on neatness, originality, and use of color.

All bikes must be registered to be judged and all riders must have their bikes at the KKR Park in Texico at 10 a.m. CDT for the judging. "We will meet at the equipment in the park and begin the judging," says Mrs. Cooper.

## Miller New Director Parmer County SWCD

Mike Miller of Lazbuddie was recently appointed to the Parmer County Soil and Water Conservation District Board of Directors. Mike will be representing Zone V for the remainder of the term of Dan Smith of Lazbuddie. Dan resigned after ten years on the board.

The purpose of the Parmer County SWCD, its headquarters in Friona, is to promote sound soil and water conservation programs on farm and ranch lands within the district, and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The board of directors coor-

dinates the conservation efforts of various local, state, and federal agencies and other organizations, and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As one of five individuals serving on the district board of directors, Miller will be responsible for district policies and procedures for carrying out the district program within the framework of the Texas soil conservation district law.

Mike and his wife, Pamela, have four children, Kurt, Kristine, Scott, and Jon Colby. The Millers belong to the First

Baptist Church of Muleshoe.

Mike graduated from Muleshoe High School in 1964 and from West Texas State University in 1969. Although he started farming after graduation in 1969, he did teach science one year at Sudan.

The Millers live and farm in the Lazbuddie area.

In Texas there are 201 soil and water conservation districts. Each is a legal subdivision of state government, organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board.

Unlike most other legal subdivisions of state government, SWCDs do not have the power of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator.

Organized in April 1948, the Parmer County SWCD has worked jointly with the Soil Conservation Service to serve all landowners and operators equally.

reportedly began in the rear of the apartment type building.

The ambulance was called to the Dub Hays residence Sunday, July 10, to transport a patient to Clovis High Plains Hospital.

Another ambulance call was received Tuesday, July 12, to the Burger Barn where firemen transported an injured employee to the Clovis hospital.

Later Tuesday, firemen were called to the station to render aid to a woman who had been injured when a baby bottle exploded. She was taken to the Clovis hospital where she was treated for eye injuries and was then released.

# Rodeo Entries Due Tuesday, July 19

Rodeo contestants planning to enter the High Plains Junior Rodeo Association rodeo scheduled for Friday and Saturday nights, July 29-30 at the Farwell Arena are reminded that the cutoff date for entries for this year's event is Tuesday, July 19.

Entry forms may be obtained at Rip's Western Wear in Texico or from Mike Camp in Farwell, telephone 481-9491.

The local HPJRA rodeo, annually scheduled to coincide with the Border Town Days celebration, has been cut from three performances to a two-day show this year due to the decrease in membership in the HPJRA and an increase in costs of putting on the rodeo, says Sam Drager, president of the JCCAs, sponsoring organization of the rodeo.

Tickets are now on sale for the two-night performances and are available from any JCCA member. Prices are \$1.50 for children six to 11 years of age, and \$2.50 for persons 12 years of age and older. Children under the age of six will be admitted free, and there will be no discount tickets.

Entry fees are up \$2.50 each from last year's fees, and a list of age group categories and events follows:

Boys 16-19 may enter bareback bronc riding, tie down calf roping, bull riding, team roping, and ribbon roping at a \$17.50 entry fee per event.

Boys ages 13-15 may enter bareback bronc riding, tie down calf roping, bull riding, team roping, and ribbon roping at \$12.50 entry fee per event.

Boys ages 12 and under may enter calf touching, steer riding, breakaway roping, and steer stopping at a \$10.00 entry fee per event.

Girls ages 16-19 may enter

barrel race, pole bending, goat tying, breakaway roping, and ribbon roping, at a \$17.50 entry fee per event.

Girls ages 13-15 may enter barrel race, pole bending, goat tying, breakaway roping, and ribbon roping at a \$12.50 entry fee per event.

Girls ages 12 and under may enter barrel race, pole bending, goat tying, and flag race at a \$10.00 entry fee per event.

Girls and boys ages 8 and under may enter barrel race, flag race, and goat tying at a \$7.50 entry fee.

Each contender may enter all events in his or her age group, explained Janice Moore, HPJRA secretary. "Money will not be refunded if a contestant drops out," she said.

Payoffs will be made by check the week following the rodeo and winners are requested to cash their winnings promptly.

"Remember, the contestants must be a student in good standing or have graduated, but must not be over 19 years old as of January 1. No high school dropout will be allowed to enter, the secretary said.

**Assistant BTB Marshal**

Ralph Gates, left, 1983 Border Town Days Marshal, passes his "official" badge of office to Pat Riley who has been formally deputized to act in Gates' absence on the final day of the upcoming celebration, Saturday, July 30.

Riley, a newcomer to the BTB law enforcement department, will assist Gates in the duties of the office from now until the BTB celebration and will be in full charge on the 30th. The two fearless lawmen will be

issuing citations to all those clean-shaven fellows who aren't sporting an official BTB Shave Permit, and on BTB Saturday, Riley will be collecting fines or hauling offenders off to the BTB Jail.

# Parade Registration Set; Barbecue Tickets On Sale

With Border Town Days fast approaching, local and area persons are reminded of some of the activities that will be taking place on Saturday, July 30, and the advance preparations needed to be taken for some of these events.

Persons or organizations wishing to enter a float or some item in the Border Town Days parade are asked to note that the deadline for registration for a place in the parade lineup is Monday, July 25. Members of the BTB Committee must make up a parade schedule to include all the entrants and it is imperative that persons planning to enter the parade register.

Floats and other parade entries must be registered to be eligible for one of the prizes. Farwell Chamber of Commerce and the BTB Committee sponsor prizes for the floats which include \$75 for first place, \$50 for second place, and \$30 for third place. The Farwell C of C is also sponsoring the riding club trophies.

Texico Chamber of Commerce will sponsor the old car trophies and Tedson Trailers will award the prizes in the kids' decorated bike contest.

Persons wishing to have a parade entry should call Weldon

Smith at the Texico Post Office 482-3839, or call the State Line Tribune, 481-3681.

In other BTB activities, tickets for the barbecue meal to be served at Farwell City Park following the parade are on sale now from any Rotary Club member, sponsor of the barbecue meal.

Tickets are \$3 for adults and \$1.50 for children. The meal will

include barbecued beef, potato salad, beans, bread, and a drink.

The meal will be served in the area between the courthouse and the park and will begin immediately following the parade.

Persons are urged to get their parade entries in, and to start buying their tickets for the big barbecue lunch.

# Texico C of C Discusses Border Town Days Plans

Texico Chamber of Commerce is asking all residents of the Twin Cities to fly their American flags at their homes and businesses on the day of the Border Town Days Parade, Saturday, July 30.

Chamber members decided to use the residents' help in this way to decorate for the occasion rather than putting up pennants in Texico this year.

During the Chamber meeting Tuesday, July 12, members received a report stating that the trophies for the antique car contest in the BTB parade have been received.

It was decided that a work day should be planned to build concrete forms and pour concrete to permanently anchor the tables in the KKR

Park. This decision came after a report that some of the tables had been moved and, in fact, borrowed during the last holiday. All the tables have been returned to the park at this time.

It was also reported that Mickey Fenn is repairing the fence surrounding the pond at the park.

Ann Cooper volunteered to make signs for use on the car which is to carry Miss New Mexico in the Border Town Days Parade.

The Chamber will be sponsoring Kelly Lynn, daughter of Mr. and Mrs. David Lynn, in the BTB Queen contest.

The Chamber membership drive is reported to be going well.

# BTB Collectors Caps Go On Sale

Texico-Farwell JCCA members will start the sale of the 1983 Border Town Days commemorative caps this weekend and urge all area residents to purchase one of the baseball type caps to help promote the celebration as well as to begin a collection of the headgear for future years.

Caps may be purchased from any JCCA member for \$5 each.

"We ordered 200 caps this year. They're brown with a gold

front and brown lettering," says David Kube, JCCA treasurer. The cap emblems include "Border Town Days" in an arch with the numerals 83 under the arch.

JCCA members say they hope to have the majority of the caps sold before the BTB celebration begins, but plan to have a few for sale Saturday, July 30, for

those who are visiting or were unable to get one earlier.

Sale of the commemorative caps will begin what the JCCAs hope will become a tradition for the annual celebration with each year's caps being different so that persons may add them to their collections.

"Also, those students planning to sign up for band next

year and participate in the Albuquerque State Fair Parade in September will need to attend the summer session," said Sadberry.

Tryouts for the position of assistant drum major will be conducted sometime during the week of the practice sessions, and the week is also scheduled to be a practice time for members of the flag and drill teams, as they will also be marching in the parade.

### Summer Is A Fruit Pie

It's called Cantaloupe Lime Pie and it tastes as luscious as it looks. Though it appears it took hours to prepare, it is in fact an easy make-it-early, serve-it-later dessert that is sure to please everyone.

As so many homemakers have discovered, a container of Birds Eye Cool Whip non-dairy whipped topping is the quick-and-easy way to add magic to

all kinds of desserts. Here, it provides the perfect setting for summer's fresh fruits.

The whipped topping is folded into a mixture of thawed limeade concentrate and sweetened condensed milk. Add diced melon and spoon part of the filling into a graham cracker crust; add a layer of blueberries, the remaining topping mixture, additional fruit and chill. That's all there is to it!

This pie is an easy winner. Juicy melon and blueberries complement a creamy lime filling made with thawed frozen whipped topping.

### Cut Home Utility Bills

#### While Away This Summer

Getting a home ready for a summer vacation usually involves stopping mail and paper delivery and locking the windows and doors. In addition to these, why not take a few measures to cut utility bills, suggests JoAnn Less Emmel, Extension housing specialist at New Mexico State University.

- Unplug all appliances including the TV set and radios.
- Turn off the hot water heater and be sure all faucets are shut off.
- Reset the automatic cooling system to a higher temperature or shut it off completely.
- Turn off gas valves to pilot light on gas appliances.
- If you are taking an extended vacation, empty your refrigerator; store frozen

items with a neighbor; unplug it; and leave the door open.

- Don't forget your waterbed heater.

It's best to wash fresh vegetables just before cooking, and eat them as soon as possible after cooking.

This Sangria-type beverage makes the perfect party toast and another way of enjoying lemonade flavor drink mix.

### Drink A Toast To Summer Time

Plenty of thirst-quenching beverages have top priority for warm weather gatherings, and for sheer convenience and good taste, a handy canister of Country Time lemonade flavor drink mix is the answer to on-the-spot liquid refreshment.

With its own taste reminiscent of old-fashioned lemonade, it is a great mixer with other juices -- apricot nectar, cranberry juice cocktail, grape juice or instant tea. Add ice and carbonated soda to bring out the brisk, fruity flavors.

#### GRAPE-APPLE COOLER

- 6 scoops (1 1/2 cups minus 2 tablespoons) lemonade flavor drink mix
- 6 cups white grape juice
- 2 1/4 cups apple juice
- 1 bottle (12 fl. oz.) club soda, chilled lemon, lime and oranges slices

Combine drink mix, grape juice and apple juice in a large pitcher. Stir to dissolve drink mix and chill well. Just before serving, add soda and fruit. Serve over ice. Makes 2 1/4 quarts or 18 servings.

## A Garden Variety OF SALAD IDEAS

When it comes to salads, no two are alike. They are versatile in that salads make use of different ingredients and easily take on many forms. It can be easy to transform ordinary salads into something special by using a wide variety of fruits and vegetables.

Alternating dressings can play a big part in expanding the salad repertoire, too. Try a different combination of ingredients every day of the week, to prevent the family from getting the "salad blahs."

Start out the week with this interesting recipe from the Kraft Kitchens for Chunky Garden Salad. It combines cherry tomato halves, cucumber chunks, celery and radish slices, and pitted ripe olives. Top it with an inventive dressing that mixes Kraft Italian dressing with plain yogurt.

There's a "garden variety" of salad ideas... there may never be a need to make the same one twice!

### CHUNKY GARDEN SALAD

- 2 cups cherry tomato halves
  - 1½ cups cucumber chunks
  - 1 cup thick celery slices
  - ½ cup radish slices
  - ½ cup pitted ripe olives
  - 1 8-oz. carton plain yogurt
  - ½ cup Kraft Italian dressing
- Combine vegetables; toss lightly. Chill. Serve with combined yogurt and dressing.

## Let a Fruit Salad be the Star

In movies, "Paradise" is pictured as a spectacular place filled to the brim with luscious fruits. Why not move a little paradise into your own home with tropical fruit salads made from original recipes by the Kraft Kitchens.

Start with Strawberry Banana Marble, a molded salad that tastes as good as it looks. Since you can make it hours before serving, there's extra time to spend on last minute preparations for other dishes. As an accompaniment or dessert, choose this marble mold for an inviting salad addition to your next menu plan.

Florentine Citrus Salad is another dish that's as pretty as a picture. To blend the novel combination of citrus fruits and greens try a mixture of Kraft French Dressing, chopped blue cheese crumbles and celery seeds. It's a juicy salad with a tropical tang.

Recreate the aura of the Islands with a Polynesian Shrimp

Salad worthy of gourmet gastronomy. Use a grapefruit knife or knife with a long, thin, serrated blade to carve the fruit away from the pineapple shell with ease. Cut the melon into chunks or spoon into balls with a melon baller, similar to an ice cream scoop. Combine the ingredients and serve from hollowed pineapples for a tasty South Sea type treat.

A light and creamy Avocado Honey Soufflé is just the salad to debut in tropical weather. It's certain to bring a ray of sunshine to a meal in cooler climates, too. Begin by making an avocado puree. Slice two, ripe, medium-sized avocados into chunks and mix with lemon juice, honey and sugar in a blender or with a hand mixer until smooth and creamy. Then complete the directions. The extra preparation time is a fair trade for an extra special dessert. Paradise should have it so good!

# Elementary P.E. Teacher

## To Be Hired At Farwell

Among the items of business at the Monday night meeting of Farwell School Board was the passing of a motion to hire a physical education teacher for the elementary school. The board will instruct elementary principal James Craig to make recommendations for a person to fill this position.

The resignations of Debbie Janezich, migrant teacher, and Julie Stickrod, early childhood aide in the Plan "A" program, were accepted, and Cynthia Landers was hired as a secondary Special Education teacher.

The Board voted to advertise for bids on a van to be used by the school, and a committee of Edward Corn, Steve Pierson, and Wilbert Kalbas are to set specifications for said vehicle.

The school will also advertise for bids for roof repair on the administration building and the dressing room additions at the old gym.

Plan 40 of the Heritage Insurance Managers will be offered to students for the Student Accident Insurance Program.

Coaches at the school are to study and discuss the feasibility of either the Student Accident

Insurance or parents' personal insurance be required for junior high athletes. After looking into the matter, coaches are to report their recommendations to the board at the August meeting.

In other business the board approved the Annual Evaluation Report of the Five-Year Priorities Plan, and also gave approval to the inservice plans as presented by Superintendent W.M. Roberts.

It was also voted that the penalty and interest on the delinquent taxes owed by Hopkins and Craig, on cattle, not be waived.

Board members discussed attendance at the Texas Association of School Boards Convention in San Antonio September 16-19. Most members indicated that they planned to attend and voted to send in the convention housing form to make reservations.

Attending the meeting were school board members Joe Hughes, Edward Corn, Richard Haseloff, Steve Pierson, Floyd Coates, Maxine Williams, and Wilbert Kalbas. Also present was W.M. Robert, superintendent.

### Upward Bound

Brad Steward, left, and Joe Steward of Texico were among the 45 students participating in the Upward Bound program at

Eastern New Mexico University in Portales. The federally funded program is designed to gen-

erate the skills and motivation necessary for success in education beyond high school.

# Texico Students Attend 'Upward Bound' Program

Two Texico students participated in the Upward Bound program this summer at Eastern New Mexico University in Portales. Joe Steward and Brad Steward are among the 45 high school students participating in the pre-college preparatory program.

According to Alan Dodd, director of Upward Bound, the federally funded program is designed to generate the skills and motivation necessary for success in education beyond high school.

"The selected students in Upward Bound are sophomores, juniors, and seniors who may have the potential to pursue an academic, technical, or vocational career at a post-secondary school of their choice," Dodd said. "The six-week program includes the Special Project Day, cultural enrichment trips, regular daily classes, and special workshops."

Saturday, June 25, the students participated in the Special Project Day. The students divided into teams, and spent the day doing yard work for senior citizens.

"This was one of the suggestions made by one of the students when they were asked what they wanted to do for the Special Project Day," Dodd

said. "It was arranged in conjunction with the Community Service Center in Portales."

Their first weekend at Eastern, the students took a cultural enrichment trip. The trip included a visit to the United World College in Montezuma, N.M., and a trip through historic Santa Fe.

This month, the group spent a

weekend at Six Flags over Texas.

The students' day to day routine at Eastern included daily classes, similar to those taken by college students at ENMU. The subjects covered included math, English, history, and communication.

The Upward Bound program was to end July 15.

# State Senator Pete Laney Reappointed To Council

AUSTIN - House Speaker Gib Lewis recently announced the reappointment of State Rep. Pete Laney, D-Hale Center, to the Texas Legislative Council.

Lewis who, in his capacity as Speaker, automatically serves as Council vice-chairman, appointed Laney to serve for the duration of the 68th Legislature.

Laney, a six-term House member and chairman of the State Affairs Committee this session, was first appointed to the Council in 1981. He also serves on the House Administration Committee.

Lt. Governor Bill Hobby, who is chairman of the Legislative Council, has five appointments

to the governing body.

The Legislative Council was first established in 1949 as a state agency to assist lawmakers in drafting proposed legislation as well as in obtaining information on specific issues affecting state government and the general welfare of the state.

Headed by Robert I. Kelly as executive director, the Council handled 7,212 requests from individual House and Senate members for assistance in drafting legislation during the regular session of the 68th Legislature from January 11 to May 30 of this year.

# Insurance Coverage Changed By County

Members of the Parmer County Commissioners Court voted to change the insurance coverage for County employees during their meeting Monday, June 27.

A representative from the Texas Association of Counties met with the commissioners to explain the workers compensation and employees liability fund through the state association. Following a comparison of the two coverages, members of the court voted to accept the insurance coverage of the Texas Association of Counties at a very large saving to the County, according to Porter Roberts, county judge.

In other discussions, County Commissioners voted to have the courthouse cleaned at the cost of \$560.

A decision was made to have the phone numbers of the county offices listed in the Friona section of the phone book at a cost of \$140.

C. L. Abernathie and Seth

Halbert of the Central Plains Mentally Handicapped/Mental Retardation Center appeared before the court to give the annual reports from the Center.

Bills approved for payment included one to the Texas Department of Human Resources for a physical examination of a child for possible child abuse, in the amount of \$17, and a bill received from Richard Collard in the amount of \$140 for serving as attorney ad litem for a mental hearing.

County Extension Agents Seth Ralston and Laura Jacobs gave reports of a busy summer in their areas.

The following soil conservation work was approved and ratified and the work will be performed when the machines are in that area and not demanded for use on the roads: Precinct 2, Charlie Gilbreath; Precinct 3, Don Gerles, Ronny Dyer, James Haseloff, and Gene Hardage.

### Gulf of Mexico sites studied for sanctuary program

COLLEGE STATION - Seven sites in the Gulf of Mexico are currently being evaluated for possible designation as National Marine Sanctuaries, says Dr. Thomas Bright, a Texas A&M University oceanographer who leads the selection team.

The Marine Sanctuary Program is intended to establish a system of national marine sanctuaries for the long-term benefit and enjoyment of the public.

Bright said he expects about two sanctuaries to eventually be established in the Gulf region. He said the "sanctuary" designation would not preclude uses of the sanctuary and its resources by the public as long as the basic ecological integrity of the area is maintained.

# Keep Grass Clippings For Compost

Instead of throwing away grass clippings when you mow your lawn, put them to use in a compost pile, suggests a landscape horticulturist.

Dr. William C. Welch, who is with the Texas Agricultural Extension Service, Texas A&M University System, says compost is a good source of organic matter for gardens and flower beds. Furthermore, composting is an excellent way to dispose of garden debris, leaves and similar plant material.

Make the compost pile 4 to 6 feet wide and any length, depending on material and space available.

The simplest composting method is to alternate 4 to 6-inch layers of plant matter, such as leaves or grass, with 2 to 4 inches of good soil, says Welch. Add manure to the soil layer if it's available, and

sprinkle commercial fertilizer on each layer of plant matter to hasten decomposition. Use a cupful of fertilizer with a 1-1-1 ratio per 10 square feet.

The top layer of the compost pile should be soil and the surface should form a basin to hold water. Water each layer of organic matter before adding the soil layer, advises the horticulturist.

Water the pile thoroughly

when completed. Add water as needed to keep the material moist but not soggy. Leaves decompose slowly if too dry, Welch points out.

Turn the compost every three to four months to aerate the material and speed decomposition. Within six months to a year, your compost will be ready to use, says Welch, and you'll be glad you saved those grass clippings.

## Charlie Martinez Is New San Jose Pastor

Officially taking over pastoral duties at San Jose Catholic Church in Texico is Father Charlie Martinez who accepted the duties Sunday, July 10, following the departure of Father Jerry Mueller, who came to Texico several months ago and has since left to become a Navy Chaplain.

Father Martinez was born in Canjilon, N.M., where he lived with his parents, two sisters, and two brothers. He attended a high school seminary, and explained, "It's a private high school that leans toward religion, but otherwise it's just like any other high school." He said that the school has since closed and that high school seminaries are seldom found any more.

Upon graduation from high school, he attended Duns Scotos College in Detroit for four years, and received his bachelor's degree in English from that college.

Following graduation from Duns Scotos, he entered Saint Leonards College in Dayton, Ohio. He received a master's degree in theology and was ordained at Saint Leonards in 1980.

His first assignment after ordination was at the Saint Francis Church in Gallup, N.M., as associate pastor. "I spent three years there and really loved it," says Father Martinez.

When Father Jerry Mueller of the local church announced his decision to join the navy as a chaplain, a pastor had to be assigned to the Texico church as his replacement.

"I was a little apprehensive about the move, but now that I'm here, I really think I'm going to like it. People here made me feel right at home and I am looking forward to getting to know the people of Texico and Farwell as much as I can. This is my first assignment to be in charge of a church, but I really like it here," says Father Martinez.

Father Martinez will be associate pastor at Our Lady of Guadalupe Church in Clovis and will be in charge of the San Jose Church which is a missionary church under the direction of Our Lady of Guadalupe. He

explains that there are no administrative duties or decisions connected with the Texico church, all administrative affairs are conducted by the church in Clovis.

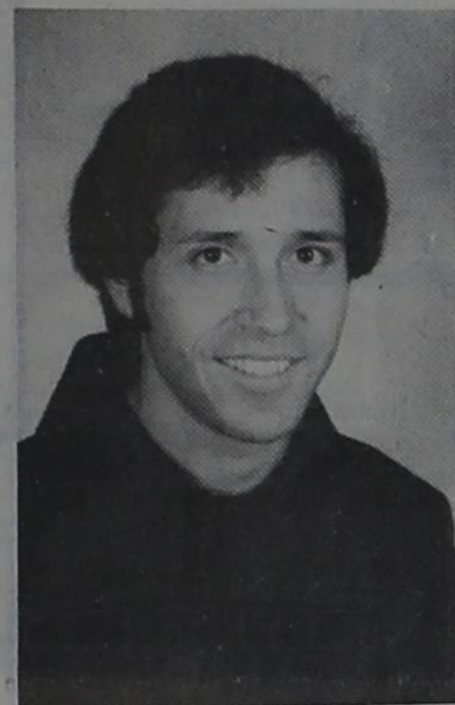

He will be living in Clovis and coming to the Texico church as needed and for services.

The foremost item on his agenda of things to do here is the finishing of the remodeling currently underway at the church. "I spoke with Father Jerry and his suggestion was to work to pay the debt of the remodeling after it's finished," he said.

He also says he hopes to make plans to get the church more active in the city, but has no plans for any major changes. "The bilingual services will continue," says Father Martinez, who explained that on his first Sunday here, he did the entire service in Spanish and was later reminded that he "forgot the English."

He says that he is very pleased with the looks of the San Jose Church, which has been completely remodeled inside and out. Archways have been used outside and inside of the church, and a great deal of work has been done to enlarge the sanctuary.

Father Martinez says Our Lady of Guadalupe Church has plans to remodel that church in the same Hispanic architectural designs as the Texico church.

## Texico Votes To Collect Delinquent Water Accounts

At its July 12 meeting Texico City Council decided to take action on delinquent water accounts in the city.

The city will be sending notices on the delinquent accounts by registered or certified mail, giving those persons 10 days to make arrangements to pay the accounts or lose their water service.

It was decided that since the new police car for City Marshal Mickey Fenn has been received, the old car will be put up for sale.

The new car is a 1983 Ford LTD, which is hoped will get better gas mileage than the older model, Council members say.

EID has notified the city that the final inspection of the water

project has been completed and the water project has been approved.

Final pay estimates for Cooper-Scott, builder of the city's new water tower, were approved.

Billy Hammit, water superintendent, reported that the electrodes in the new KKR water storage are working as were designed.

Street repairs were discussed, and Lewis Cooper was selected to investigate several options on behalf of the council. His findings will be reported to the council at the next regular meeting.

Budget resolution for the fiscal year 1982-83 was approved and the municipal quarterly report was approved and will be

submitted to DFA.

A special meeting was scheduled for Tuesday, July 19, to complete the 1983-84 budget in city hall. The public is invited to attend.

Attending the meeting were Mayor John R. Hadley, and councilmen Vane Doshier and Lewis Cooper, and city employees Marie Christian, Glenda Thigpen, Mickey Fenn, and Billy Hammit.

Also attending was Jim Mil-sap of Southwestern Public Service.

## Planted Acres - -

### Today Is Last Day To Certify Crops

Today (Friday) is the last day for farmers to report their 1983 planted acres to the Agricultural Stabilization and Conservation Service.

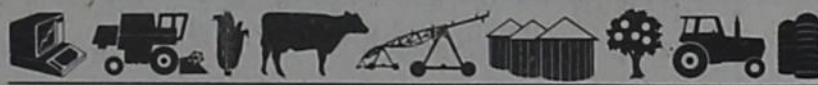

Program participants are required to report crops and acreages planted, the uses to be made of these crops and cropland acres to be devoted to conservation uses. "Nonparticipants need to certify their crops for future programs," said Martin L. Chandler, County Executive Director. In addition to history purposes, the acreage reports are also necessary for proven yields.

ASCS will randomly check farms to verify that acreage reports are accurate and have

aerial photographs available for farmers to identify their fields. To be sure of planted acres, farmers can request measurement service. For a small fee a farmer can request that his planted crops be measured prior to reporting acreages.

"This is a valuable service not only to producers participating in the acreage reduction and payment-in-kind programs, but to any farmer who desires an accurate acreage measurement for any reason," said Chandler.

Crop certification is necessary before the farmer can receive price support and other program benefits.

For further information on all youth activities throughout the camp, you may contact them at phone 355-7218 in Fort Sumner. Camp Pastors for this year are Boyce Evans of Lubbock, and Wayne Stockstill of Upland, Calif. Paul Biggs of Bartlesville, Okla. will be returning to

lead the music for his fifth consecutive year.

The camp is located 11 miles south of Tucumcari on Highway 18, or 14 miles north of Ragland on Highway 18; turn east at the sign and go 2 1/2 miles southeast. The campgrounds are nestled in a beautiful and secluded canyon at the big, majestic Mesa Redondo.

Mesa Redondo is a member of the Ranchmen's Camp Meeting Association in the Southwest. The association has seven camps in four states during the summer circuit, at the present time. It is an interdenominational outreach. Camp manager for the entire circuit is Rick Steele of Aledo, Ill., and his assistant is Scott Richardson of Las Cruces.

The association owns most of the equipment used at the various camps. The camp equipment consists of large tents, chairs, sound equipment, and cooking utensils-which all follow the tradition of the cowboy. All the meals are served chuckwagon style. Mesa Redondo operates on a free-will offering basis, as do the other camps.

For those who are camping, there is ample space; however, everyone is responsible for supplying their own camping equipment. There are no electrical hook-ups. For those who can not camp, you are encouraged to drive out for any or all of the services and activities.

Some camp highlights are: Marie Rogers of Glorieta, with her yodeling and her testimony,

will be at the camp again this year; Kevin Warner of Elida will be assisting with the youth roundup; the Bell Ranch will again furnish their Chuckwagon for a 'watering hole'; a new dining shed has been constructed; and the annual Memorial observance will be held during the 3 p.m. service on Saturday afternoon.

For further information, you may contact any of the following: Darrel Farmer of Tucumcari, phone 461-0205; Chm. C.L. Bowe, Jr. of San Jon, phone 456-8792; V. Chm. Buddy Cortese of Fort Sumner, phone 355-7218; Secretary Wilma Fulgham of Clovis, phone 763-6262; and Treasurer, Abby Hoffman, of Bell Ranch, phone 868-2207.

BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60633

**THE CHRISTIAN HOME**

"As for me and my house, we will serve the Lord" (Josh. 24:15).

There is no place in all this world so wholesome and refreshing as a Christian home, a home where Christ is truly loved and honored.

This writer was brought up in such a home. There were ten of us: Dad, Mother, and eight children. There was lots of love all the time, but a truly happy home it was, for Dad and Mother never let us get so busy with temporal things that we brushed eternal values aside.

On the basis that "man shall not live by bread alone, but by every Word of God" (Luke 4:4), we read some small portion of the Bible before every meal, and had family devotions before retiring at night.

Result: All eight children blessed the dear Dad and Mother who led them aright, morally and spiritually, and best of all taught them the importance of trusting in the Saviour who died for all our sins. More, five of the children and many of the grandchildren gave themselves to full-time Christian service, and became pastors, Christian college deans, Christian writers and missionaries in various parts of the world.

Counting the offspring, there are now more than 100 of us and the divorces and broken homes that have brought sorrow to so many are not even known among us.

This is not because we are one whit better than others, but because we experience the help and grace of God in our lives. But it all began one day when a young American, like Joshua of old, came to a decision and declared: "As for me and my house, we will serve the Lord."

**You're Out!**

This slide into home plate stirred up a cloud of dust and when it had settled, the runner was out. The action took place in a Little League game at Texico-Farwell Lions Park during the

summer baseball program which concluded last week. Some 195 Texico-Farwell youngsters participated in the summer baseball games that included Little League, Pee

Wee, and T-Ball divisions. Texico-Farwell Little League All-Stars have been selected and will see action in a tournament in Clovis July 18 when they face the Western All-Stars.

**Put 'Er Right In There**

This Little League batter takes a swing at the old horsehide while the catcher admonishes the pitcher to "Put 'er right in there," during a recent Little League game at the Twin Cities ball park. Over 195 Twin Cities boys and girls played in the summer baseball program this year in T-Ball, Pee Wee, and Little League. There were five teams in the Pee Wee division, with four teams each in the other two categories. Texico-Farwell Little League All-Stars will square off against the Western All-Stars of Clovis in a tournament game Monday, July 18, in Clovis.
