

Earthquake Shakes Seattle, One Dead Of Heart Attack

Hillside 'Walks'; Vibrations Felt Only A Minute

SEATTLE, June 24 (AP) Walls fell and a hillside walked yesterday morning in the Pacific northwest when a strong earth shock jarred a wedge-shaped piece of the coastal area from Vancouver Island to Kilowna in central British Columbia and south to Olympia, Wash.

One man died, Jacob L. Kingston, 69, succumbing to heart failure when Seattle's downtown buildings swayed above him as he walked toward church. There were no other reports of deaths or injuries.

The quake knocked the needle from the recorder at the University of Washington's seismograph at 9:14.30 a. m. (PST) and was recorded at 9:14 by the Dominion Astrophysical Observatory in Victoria, B. C. It was noticeable for a full minute to Seattleites, but the university reported its equipment continued to record vibrations for an hour.

"It was the most severe in several years," said Dr. J. A. Pearce, director of the dominion station, estimating its epicenter as near Victoria, probably 25 miles distant.

From the villages along the east coast of Vancouver Island, north of Victoria, came reports of extensive damage to buildings and roads. A 300-foot high hill "walked" 35 feet closer to the sea at Campbell river and a house moved five feet off its foundations.

At Port Alberni the top of a brick-fronted building crashed to the street.

Across the Strait of Georgia at Vancouver, B. C., tall buildings swayed crazily and a piece of masonry crashed to the pavement from the Canadian National railway station, narrowly missing a group of people. A low-pressure gas line snapped and there were several power interruptions.

There were several chimney fires and a swing-span bridge was pushed open by the quake. Five hundred families of war veterans fled from the old Hotel Vancouver.

Council Rejects Austria Demand For Tyrol

PARIS, June 24 (AP)—An American informant said the council of foreign ministers rejected today Austria's demand to take part of the southern Tyrol from Italy but was unable to agree on the Italian-French frontier issue.

The Austrian demand would have given the new republic control of the strategic Pusterthal railroad.

The ministers met for an hour and a half during the morning. The United States, Russian, British and French foreign ministers planned to continue discussions of the French-Italian border late today. The French have demanded and received tacit approval at previous conferences for minor adjustments in the Alpine region.

Disposition of surplus Italian naval units also was on the afternoon agenda.

Foreign Minister V. M. Molotov of Russia was declared to have sought a postponement of the French-Italian frontier issue while the American and British conferees insisted on an immediate decision.

Hot Weather Comes Again For Texans

By The Associated Press

The US weather bureau has predicted high temperatures of near 90 for today and tomorrow with a low of 74 for tonight. East Texas should receive scattered showers this afternoon, tonight and tomorrow. Showers are also predicted for West Texas areas from the Pecos valley eastward.

Yesterday's high and low temperatures were recorded at Guadalupe Pass with 85 yesterday afternoon and 64 last night.

Amarillo and Quannah reported rains of over a half-inch, while Houston, Port Arthur, Abilene, Austin, Brady, Fort Worth, Dallas and Waco reported falls of less than one-tenth of an inch.

PROMINENT LAREDOAN DIES

LAREDO, June 24 (AP)—Mrs. Ida Mussett House, 78, resident of Laredo for 35 years, died here last night after a long illness. Mrs. House was the daughter of the late Mr. and Mrs. W. S. K. Mussett of Corpus Christi, her former home.

BURIED TREASURE—D. A. Bryce, Federal Bureau of Investigation agent-in-charge in Oklahoma City, dumps out a nail keg full of silver which two Shawnee, Okla., boys found buried behind a garage, when they dug a hole to hide firecrackers they had been forbidden by their parents to buy. Bryce identified the money from a coin wrapper as part of the loot taken in the \$19,883 robbery of the First State Bank at Morton, Tex., Sept. 5, 1945. (AP Wirephoto.)

Manion Suffers Fatal Attack After Bringing Passenger Into Trent

J. R. (Russell) Manion, 54, veteran T&P engineer, died about 10:15 o'clock this morning of an attack shortly after he brought the east-bound Sunshine Special (No. 2) into Trent.

Complaining of sudden illness at Sweetwater, Manion rode the cab as far as Trent where he was removed and placed in a Merkel ambulance. He died while enroute to a hospital.

When he left home today on the

Purcell Resigns SEC Position

WASHINGTON, June 24 (AP)—President Truman today accepted the resignation of Ganson Purcell as chairman of the Securities and Exchange Commission.

The resignation, an exchange of letters showed, will be effective June 30.

The President also accepted the resignation today, effective June 15, of R. Randall Irwin as an industrial member of the National Wage Stabilization Board.

The White House said A. Coleman Barrett, now an alternate industry member was replacing Randall who resigned because of what he said was his inability to devote the necessary time to the post.

Atomic Test Rehearsal "Success"; Captain Killed By Plane Propeller

ABOARD B-29 CIRCLING BIKINI, June 24 (AP)—The B-29 crew scheduled to drop the atomic bomb in a few days outgassed the weather today and scored "good" results with a practice bomb—after their plane's propeller killed an army air force captain just before the take off.

Maj. Gen. Roger Ramey of Denton, Tex., who rode the B-29 that dropped the practice bomb today, said:

"The Operations Day mission from an air operations point of view was apparently satisfactory. Final judgment depends on photographs and reports."

(From the USS Mt. McKinley, Associated Press correspondent Elton C. Fay quoted the atomic bomb task force commander, Vice Adm. W. H. P. Blandy, as saying that the experiment was "swell, I hope the real show is as good as the rehearsal.")

Clouds obliterated the target ship in Bikini lagoon when the B-29, piloted by Maj. Woodrow Swancutt of Wisconsin Rapids, Wis., made its first run. But by the time the big plane came around

Eisenhower Kept In Dark About Soviet Strategy

Final Report Tells Three Mistakes Germans Made

WASHINGTON, June 24 (AP)—Gen. Dwight D. Eisenhower recorded in his final report today as supreme allied commander in Europe that he was kept in the dark about Russia's grand strategy until four months before V-E day.

Then Marshall Stalin came through with full plans for the Red army's final offensive, which became one jaw of a vise that crushed the German war machine "to a degree never before experienced in the history of modern armies."

Eisenhower's belatedly published 123-page detailed report to the combined chiefs of staff covered the fateful 11 months from D-Day in Normandy to the German surrender. It was released by the war department, which said only minor details were deleted for security reasons.

In it the present army chief of staff recorded briefly his difficulties of coordination with the Red army while lauding the teamwork of the western allies. The United States and Great Britain, he said, fought as "one nation."

Aside from teamwork, Eisenhower concluded that the victory was due to allied might and "invincibility of spirit" and to miscalculations by Hitler and Field Marshal Von Rundstedt, the Nazi commander in the west.

In Eisenhower's judgment, three battles were decisive in liberating Europe:

1. The battle of the Normandy beaches, where the foe was revealed as a stubborn fighter but beset by difficulties of supply and communications resulting largely from the allied hammering from the air.

2. The battle of the Falaise pocket, where the enemy "showed that fatal tendency, to stand and fight."

3. Battles west of the Rhine during February and March, 1945, where "the armies which had been intended to defend Germany were shattered beyond recovery."

Jerry Sadler Makes Election Speech Here

LONDON, June 24 (AP)—British security police held Earl Browder, former head of the Communist party in the United States, incommunicado today pending his departure for New York after a visit to Moscow.

The home office did not comment immediately. A spokesman for the American embassy earlier today said he had been advised Browder had been granted a transit visa authorizing him to stop in Britain while en route.

Security police said Browder had been in their custody since his arrival last night.

An officer said, "to quote Browder's own words" he was comfortable and satisfied with his treatment.

A United States embassy spokesman, asked under what authority Browder was being detained incommunicado, replied that the United States often resorted to similar procedure at Ellis Island.

Explaining Browder's transit visa merely authorized him "to touch down" in England, he added: "Apparently Browder is perfectly happy. He has made no effort to get in touch with us."

Eighth Polio Death In San Antonio

SAN ANTONIO, June 24 (AP)—A death in a local hospital from polio and one new case reported today brought the epidemic's toll here for the season to 68 cases with eight deaths.

In addition to the polio cases there have been five cases of encephalitis with two deaths.

JFT PILOT DELIVERS MAIL—Capt. Robert A. Baird of Clarksville, Miss., pilot of an Army P-51 jet plane, hands a bag of mail to Postmaster Vincent C. Burke of Washington after a 49-minute flight from Schenectady, N. Y. Burke holds in his hand a letter addressed to President Truman from W. Stuart Symington, assistant secretary of war for air. (AP Wirephoto.)

One Person Killed, Several Hurt In 3 Accidents During Weekend

Fate Of OPA Will Be Known Before Night

WASHINGTON, June 24 (AP)—OPA reaches its night of decision tonight. Rep. Wolcott predicted the final form of price control extension legislation should be determined by 8 p. m. (CST).

Wolcott is a member of the joint congressional committee harmonizing differences between house and senate OPA bills. The conferees meet at 7 p. m. in a session which Wolcott said probably will be conclusive.

If a deadlock develops on any of the four provisions which remain in dispute, the lawmaker said the decision may be checked directly to the house and senate, by reporting disagreement and asking for instructions.

Two reasons lay behind the unusual night session. Some of the conferees wanted time to consult with colleagues who are not members of the committee. In addition, the banking committee from which the house conferees were picked had a date to confer with the rules committee on procedure for calling up the British loan bill in the House.

Although four major disagreements remain, the key to the dispute is whether to accept senate amendments lifting price ceilings on meat, poultry and dairy products, petroleum and tobacco at the end of June.

House members take the attitude there is no need to single out specific commodities for special treatment, in view of the decontrol policy already agreed upon. In general, this policy calls for removal of ceilings as soon as the supply of a commodity exceeds or balances the demand for it.

Browder Held Incommunicado

LONDON, June 24 (AP)—British security police held Earl Browder, former head of the Communist party in the United States, incommunicado today pending his departure for New York after a visit to Moscow.

The home office did not comment immediately. A spokesman for the American embassy earlier today said he had been advised Browder had been granted a transit visa authorizing him to stop in Britain while en route.

Security police said Browder had been in their custody since his arrival last night.

An officer said, "to quote Browder's own words" he was comfortable and satisfied with his treatment.

A United States embassy spokesman, asked under what authority Browder was being detained incommunicado, replied that the United States often resorted to similar procedure at Ellis Island.

Explaining Browder's transit visa merely authorized him "to touch down" in England, he added: "Apparently Browder is perfectly happy. He has made no effort to get in touch with us."

Indian Congress To Reject Plan

NEW DELHI, June 24 (AP)—Faced by the virtual certainty that the all-India congress party would reject its plan for an interim government for India, the British cabinet mission was reported today to have made new last-minute proposals to avert a breakdown in negotiations.

The new proposals reportedly were discussed at an hour-long meeting between Pethick Lawrence and Sir Stafford Cripps of the British delegation and Mohandas K. Gandhi and Sardar Patel, representing the congress party.

In Madura, meanwhile, five persons were slain and 13 injured when police opened fire on armed crowds attacking pedestrians in a continuation of demonstrations protesting the arrest of Jawaharlal Nehru, president-elect of the congress party, in Kashmir state last week.

Nehru returned to New Delhi yesterday to attend the working committee sessions and for discussions with the cabinet mission and Viceroy Lord Wavell.

Pleasure Steamer Stranded In Bay

BALTIMORE, June 24 (AP)—The Chesapeake Bay pleasure steamer Bear Mountain was being towed into Baltimore by tugs today with almost 1,000 tired and hungry passengers after probably the longest "moonlight excursion" on record.

The Bear Mountain, with 983 men, women and children aboard, became disabled about 10 o'clock last night when a paddle on the port sidewheel apparently was broken by striking an object in the water, the coast guard reported.

TO FOOD POST—Dr. Dennis A. Fitzgerald (above) was named secretary general of the International Emergency Food Council at a session of the new organization in Washington, D. C. (AP Wirephoto.)

Vinson Takes Oath As Chief Court Justice

WASHINGTON, June 24 (AP)—Fred M. Vinson became the nation's 13th chief justice today at a colorful ceremony on the south portico of the White House.

Thousands watched the ceremony from the sun-bathed lawn to the rear of the mansion.

In solemn tones, Vinson declared "I do, so help me God," in taking each of the customary two oaths.

President Truman declared that Vinson's appointment as the 13th chief justice was "lucky for the United States and lucky for Mr. Vinson," and added, "I hope it is."

The entire ceremony lasted nine minutes. Before Vinson, attired in a dark blue suit, stepped out on the portico to be sworn in, a Navy band played "Pomp and Circumstance."

This set the pattern for the unusual ceremony, which was planned by Mr. Truman to rival in color a presidential inauguration.

The chief justice, a native Kentuckian, took one oath to support and defend the Constitution and another to provide equal justice to rich and poor.

Speaker Rayburn, who presided, declared that President Truman had appointed a chief justice "capable of doing whatever job he is assigned to do."

Threat Against Life Of Mayor's Wife Results In Arrests

MCKEESPORT, Pa., June 24 (AP)—A telephone threat against the life of Mrs. Charles A. Kinkaid, wife of McKeesport's crusading mayor, "business executive" mayor, was backfiring today on racketeering elements in this thriving steel city near Pittsburgh.

Friday night a male telephone caller with a foreign accent warned Mrs. Kinkaid that "we'll blow your head off" if her husband didn't call off his crusade.

Kinkaid promptly ordered the city's 65-man police force to bring in every known racketeer. Saturday and Sunday the drive yielded only three arrests of "small fry"—men held on gambling charges—but police are still tightening their surveillance of the city of 55,000.

Lost Child Recovers From Her Adventure

FAYETTEVILLE, Ark., June 24 (AP)—Eight-year-old Katherine Van Alst of Kansas City was "getting along swell" today after being the object of a six-day search in the wild terrain of Devil's Den state park.

The child, who became lost a week ago today when she sought to return to her parents' cabin after playing on a dam on Falls Creek in the mountains north-west section of Arkansas, was found Saturday afternoon, about five miles from the spot where she had disappeared.

Before being brought to a Fayetteville hospital, the child, her body covered with insect bites, was reunited with her mother, Mrs. John Van Alst, at the park cabin where the family was

Juan Vega Jr. Fatally Injured In Head-On Collision On West 80

An epidemic of weekend automobile mishaps occurring in widely separated sections brought death to at least one local person and injured several others.

Most serious of the accidents occurred at approximately 1:30 o'clock Sunday afternoon on Highway 80 three-tenths of a mile west of the city limits when a car driven by Arvis H. Bryant, 37, of Odessa, ran head-on into a west-bound vehicle filled with members of the Big Spring Tiger baseball team, which was headed to fill a commitment in Midland.

The collision brought death to Juan Vega Jr., driver, and sent five of the six other riders to local hospitals.

Vega, 35, a World War II veteran who saw service in Germany, died shortly after arrival at the Cowper clinic.

Most seriously injured of the riders was Juan Garcia, 45, a veteran employe of the T&P railroad, who suffered a broken leg and numerous cuts on the forehead.

Elias Gamboa, 32, manager of the team, Jose Maria Ruiz, 30, Pat Martinez, 23, and Manuel Vega, 9, a nephew of the deceased, suffered minor injuries but were confined to hospitals. Enrique Deanda, who was also in the Vega machine, escaped uninjured.

Bryant, employed by the Lee Drilling company at Odessa, suffered a broken leg and internal injuries.

State highway patrolmen who made an investigation of the accident, said Bryant's machine was on the wrong side of the road at the time it struck the Vega car. Spectators said he was traveling at a great rate of speed when he apparently lost control of his automobile trying to negotiate the curve immediately in front of the lakeview grocery.

Charges of negligent homicide were filed against Bryant in county court this morning.

Patrolmen were also investigating the collision of a truck-auto crash which happened two miles north of Sterling City sometime Saturday night.

The vehicle, which belonged to J. E. McIlreath, was badly damaged. Onlookers said the McIlreath car plowed into the truck, which was filled with watermelons and headed for market.

Authorities were not able to locate McIlreath today but said no one was hurt in the mishap.

John Charles Smith, Lamesa, showed up in Justice court this morning to enter a plea of guilty to the charge of driving on the wrong side of the road after he had been involved in a crash with a car driven by Ruel B. Hayes, Cap Town, N. M., three miles north of town. The accident happened about 12:30 Sunday morning.

Neither party was injured, according to reports.

Smith was fined \$5 and costs. Justice of Peace Walter Grice said the fine would have been much heavier had Smith not been recently discharged from the US Army.

Bidault Forms Third Coalition For France

PARIS, June 24 (AP)—France's third post-liberation coalition government was organized today by President Georges Bidault with eight ministers of his own party, the popular Republican movement (MRP), seven Communists and six Socialists.

Bidault—who kept the foreign affairs portfolio handed him by Gen. Charles de Gaulle a year and a half ago—staked his future and that of his party on a cabinet formed only after sizeable concessions by the Communists, who retreated from their insistent demand that trade union demands for 25 per cent wage increase be met.

They agreed to Bidault's ceiling of 15 per cent salary boosts for low-wage brackets and a suggestion for a worker-employer-government conference to study the whole problem of wages and prices.

The Communists also abstained from demanding one of the three key ministries in the government—interior, foreign affairs and national defense—which they had sought in vain to enforce upon Gen. de Gaulle and threatened to ask of Bidault. Socialist Edouard Depierre got the interior post and the other two key portfolios went to MRP men.

Bidault's party also took over the finance, national economy, justice and information ministries. The French people will have an opportunity, at elections in October, to give their verdict on how they think the new government has run the country.

Labor Congress Asks Democratic Probe

By The Associated Press The Tarrant County Labor Congress, in a letter signed by Frank Ganthier as president and C. N. Andrews as secretary, has asked the Un-American Activities Committee, Washington, D. C., to investigate the Jefferson Democratic League and the Southern Democratic Club.

The letter, addressed to the Hon. John S. Wood, chairman of the Un-American Activities Committee, said the Tarrant County Labor Congress believes "that any organization that participates in or endeavors to influence the solution of important elective offices should be submitted to competent official investigation."

Flaming Phils Give Warning Signal To Clear Tracks In National League

Quakers Advance Within Game And Half Of Fifth Place By Sinking Cincinnati

Baseball fans ever ready to cheer for the underdog, have switched their allegiance from Tom Yawkey's millionaire Boston Red Sox to Bob Carpenter's from-rags-to-riches Philadelphia Phillies, who threatened today to bolt the National League's second division where they've held an ironclad lease for 13 years.

All over the nation fans who are watching the amazing Phillies' gallant bid for at least fourth place, are saying "it's about time." For the Blue-Jays, only once a pennant winner, have ventured out of the darkness of the second division only once since 1917.

Less than a month ago, the Phils — futile Phils then — were languishing in their familiar cellar abode with eight victories and 24 defeats. Philly fans were resigned to another eighth place club, which looked as if it might set a new record for games lost, something it came close to doing last year.

Since that date, May 29, the Phils — flaming Phils now — have won 17 of 23 and have climbed to sixth place, only one and a half notches away from fourth place — and the first division.

Not since the halcyon days of the Athletics of 1931 have Philadelphia fans shown so much enthusiasm. They have flocked to Shibe park in such large numbers that already the attendance in 25 home games has topped last year's season total by more than 125,000. Following an all-time Philadelphia record crowd of 22,663 Saturday spectators, a standing-room-only crowd of 33,946 paid admissions watched their favorites earn a victory and a tie in their double header with the Cincinnati Reds yesterday.

Both contests were overtime duels, with the Phils winning the first game 5-4 on Jim Tabor's 12th-inning home run for their fourth in a row, and the second halted by Pennsylvania's Sunday curfew law with the score tied at 3-3 at the end of 11 frames.

The American league leading Red Sox appear to be back in their winning stride after their double drubbing of the Cleveland Indians 5-1 and 6-0. Jolted by

LOOKING 'EM OVER

WITH TOMMY HART

Frank Barton and Jim Tidwell, one-time representatives of Big Spring high school on the gridiron who at present are members of the Cosden Oiler softball team, are headed for Sul Ross college where they'll don the moleskins next fall.

Barton was originally ticketed for Hardin Simmons university and Coach Warren Woodson has still not given up on getting him enrolled in the Abilene school. However, "Fat Boy" has made up his mind, he says.

Tidwell, who, incidentally, is a brother-in-law to Bobby "Pepper" Martin, Lamesa's baseballer, had planned on returning to Texas A & M before talking to a Sul Ross scout.

Both Barton and Tidwell were members of one of Big Spring's better football clubs in 1940. Both were linemen. They're big enough to do the Alpine school's football team some good.

Gene McCollum, the former Midlander who goes from Hardin Simmons to Port Neches high school as head coach, will be missed by the Baptist bus.

He has been kept busy since taking the Abilene job scouting for gridiron talent. It was he who got Barton down to spring training earlier in the year.

McCollum will make a minimum of \$13,200 on his three-year contract with Port Neches.

Cliff "Pat" Patton, the one-time Big Spring who played Southwest conference (TCU) football before going into the service, tried to talk Bill Cox, his new employer, into letting him finish his schooling before reporting to the Brooklyn grid Dodgers but Cox wouldn't hear of it.

Patton suggested they tear up the contract and that he return to Hardin-Simmons, where he went through spring training with the Cowboys, but the straw boss shook his head. So it looks like Cliff heads toward Brooklyn.

Pat and his father, "Big Pat," visited here last week and both took in the softball game between Cosden and the Odessa All-Stars. "Big Pat," who used to be a whale of a baseball catcher, was called down out of the stands to umpire the contest.

The Brooklyn grid club, by the way, will be party to the biggest football weekend New York City or any other village has ever seen Nov. 9-10, when the total gate of three professional and three collegiate games in the metropolitan area is expected to register close to \$1,000,000.

The schedule runs thusly: Nov. 9—Army vs. Notre Dame, at Yankee Stadium; Columbia vs. Pennsylvania, at Baker Field; Brooklyn college vs. King's Point, at Brooklyn.

Nov. 10—New York Yankees vs. Los Angeles Dons, at Yankee stadium; Brooklyn Dodgers vs. Buffalo Bisons, at Ebbetts field; New York Giants vs. Philadelphia Eagles at Polo Grounds.

The Army-Notre Dame game always attracts a capacity house. The Yankees and Dons are almost certain to. The Giants and Eagles will undoubtedly play to turn-away business, even though the Polo grounds is but a quarter of a mile from the stadium and both games will be going on at the same time.

With such players as Steve Jurek (Notre Dame), Bill Dado (Pitt), Steve Beneshwick (Alabama), Ronny Cahill (Holy Cross), Harry Hopp (Nebraska) and Chuck Cherrundolo (Penn State) in the Buffalo lineup and matched against Glenn Dobbs and the Brooklyn club, Ebbetts Field should be packed to capacity (38,000), for that All-American league game.

The women's elimination begins tomorrow but there is no worry for the Americans there. The victorious Wightman cup team is more dead than the US males. Pauline Betz and Margaret Osborne are favored to fight it out for the ladies' singles title in an all-California tangle. US champions Osborne and Louise Brough are considered certain to win the doubles title.

Tyler Moves Nearer Lead In East Texas

By the Associated Press Tyler moved a notch closer to the lead of the East Texas league last night with a doubleheader victory, 6-3 and 6-3, over Texarkana.

Henderson, circuit leader, split a doubleheader with third-place Paris, 0-1 and 10-1. Sherman almost pulled out of the cellar with 9-1 and 2-0 victories over Jacksonville. Greenville split a series with Lufkin 12-2 and 0-3. Sherman now boasts .383 to Greenville's .386 for the title of low man.

Results—Standings

Oilers, Forsan Lead With Aces This Evening

Forsan's Cosden Pipeliners, a rawhide outfit capable of springing an upset when the chips are down, go out against Morey Morrison's Coahoma Stanolind Oilers in an 8:15 o'clock bout this evening at the city park diamond that will set the stage for Thursday's Mury softball league "main event" between Coahoma and the Cosden Oilers.

Forsan can put the Cosdomans squarely behind the "eight-ball" by slapping them down. The Stanolind troupe is currently half a game up on the Cosdens in the league standings.

The Refiners, however, pick up a game automatically tonight without taking the trouble to field a team. Howard County Implement company, committed to field a club against them, has already folded up and forfeited to Pete Womack's gang.

With the rivalry at fever pitch the two clubs are due to lead with their aces tonight. Forsan sends Gordon Lowe to the hill while the Cosdomans counter with Roy Weeks.

A huge throng, including every man-jack of the Cosden Oiler club, is expected to be on the sidelines.

Lamesa Lobos, Pampa Oilers Split, 3-2, 2-7

LAMESA, June 24—A Sunday afternoon crowd of 1224 watched Lamesa's rejuvenated Lobos split a double header with the Pampa Oilers and cop the series, two games to one.

Wee Walter Condon, Lobo southpaw, held the Oilers to 7 hits in the first game as Lamesa came from behind to beat Pampa, ace Foster White, 3 to 2, in the 10th frame.

Pampa left hander Bill Garland throttled the home club with 5 bingles in the 7-inning nightcap as the Oilers ambled to victory on the wildness of three Lobo pitchers and two costly infield bobbles, 7 to 2.

The Lobos tallied twice in the eighth to knot the count in the first fray after Pampa had scored a pair of runs in the second on an error by Jack Wilcox and doubles by Seitz and Otey. Rags Ragone beat out a bunt, moved to second on Warren's wild throw, and scored on Wilcox's single to left.

Baron Cook sacrificed Wilcox to second, and the Lobo third sacker tallied the tying run on Bill Scopetone's single to right.

In the tenth the Lobos pushed across the winning tally after two outs. Cook singled to right, moved to third on Scopetone's high fly that fell just out of Fulerwider's reach for a double, and came home when big Joe Fortin drubbed a roller down the third base line and lumbered safely to first for an infield bingle.

Bill Scopetone led the Lobos for the day with 4 safeties. Seitz and Richardson got 3 hits apiece, the Oiler manager polling two doubles in the opener.

Second game: Pampa 000 003 00-7 8 1. Lamesa 000 110 0-2 5 2. Garland and Warren: Curran, McPike, Hauptert and Cook.

Linnie Matheny Weds D. L. Herring Sunday Evening

In a single ring ceremony performed Sunday evening by Dr. P. D. O'Brien in the parlor of the First Baptist church, Linnie Matheny of Waco was married to Douglas Lowery Herring, formerly of Hillsboro, now of Eufelice, N. M.

The bride wore a street-length frock of pink linen, and her hat was a halo of white flowers with black veiling. She wore a corsage of white carnations, and all accessories were black. She wore a strand of pearls, a gift from the bridegroom.

Mrs. Chester Matheny attended the bride as matron of honor, and Chester Matheny was best man. Others present for the ceremony were Mr. and Mrs. Joe Pickle.

The couple will spend several days in Big Spring, after which Mr. and Mrs. Herring will make their home in Eunice, N. M.

Social Calendar For The Week

TUESDAY BETA SIGMA PHI meets at 8 p. m. at the Settles hotel. REBEKAH LODGE will meet at 8 p. m. at the WOW hall.

WEDNESDAY SEW AND CHATTER CLUB will meet in the home of Mrs. C. M. Weaver at 3 p. m. with Mrs. G. L. James as hostess. HIGH HEEL SLIPPER CLUB meets with Lindell Gross at 6 p. m.

FRIDAY NATIONAL SECRETARIES ASSOCIATION will have luncheon at the Crawford. DORCAS CLASS of the First Baptist church will have party in the church parlor at 3 p. m. with Mrs. Mary Ehlman, Mrs. Lina Lewellen and Mrs. Bennett Story as hostesses. WOODMAN CIRCLE will meet at the WOW hall at 8 p. m.

In Pro - Amateur

J. T. Hammett Lloyd Watkins Co-favorites

J. T. Hammett, Colorado City, and Lloyd Watkins, Odessa, ruled as co-favorites to sack top money in the West Texas Pro-Amateur golf tournament, which will be unreeled at the Big Spring country club starting a high noon Tuesday.

Both Hammett and Watkins know the local course well and both have been shooting creditable golf of late. Hammett renewed acquaintances with the course last Friday and was on his game, according to reports. Too, he's overdue in the tournament, which is passed around every month among member clubs of the West Texas Golf association.

Watkins won the marbles in the April version of the meeting at Sweetwater. Such gentry of the moneyed ranks as Shorty Hornbuckle, Odessa; Warren Cantrell, Abilene; Jimmy Gamewell, Hobbs, N. M.; and both of the local pros, Shirley Robbins and Foy Fanning, are expected to be front runners.

Amateurs from all over West Texas will flock in here for a shot at the merchandise premiums that will go on the line. In fact, something like 150 linkmen are slated to "camp" around the nine-hole layout before darkness calls a halt to the proceedings.

Hindu, High School Student Marry

PALO ALTO, Calif., June 24. (AP) Ved Vrat, 25-year-old Hindu graduate student at Stanford University, and Evelyn Corriveau, 17, a high school student, were man and wife today.

They were married yesterday in the University chapel in a ceremony which was a mixture of the Christian and Vedantic religions. The double ring ritual was performed by the Rev. E. W. Mimby, former missionary to India.

After Vrat, an ichthyologist (zoologist student of fishes), completes his studies in another two years they will go to India, the bride said.

Her father, Arthur Corriveau of Palo Alto, who gave her in marriage, said the union was a significant gesture toward breaking down barriers of race prejudice. Vrat, sent to the United States by the British Indian government, is studying for his doctor's degree.

The chocolate candy bar was first produced in the United States in 1831, and the first milk chocolate in 1870.

Mrs. M. Mayfield Entertains Out Of Town Guests

Mrs. Mamie Mayfield entertained with a buffet dinner party Saturday evening at her home honoring several out of town guests.

The table was laid with a lace cloth, with a centerpiece of peach colored dahlias and fern. Each of the small tables was laid with a white linen cloth and was centered with an arrangement of crimson verbena. The entertaining rooms were decorated with spring flowers.

Rummy was entertainment. Out of town guests were Mrs. H. M. Hovis of Beaumont and Mrs. J. K. Ayfired, Mr. and Mrs. J. H. Reese, Mr. and Mrs. W. H. Shedley and Mr. and Mrs. F. E. Estes of Colorado City. Others attending were Mr. and Mrs. C. W. Smith and Mr. and Mrs. Tro; Gifford.

Visits And Visitors

Mrs. Bill Adams has returned from a two weeks visit with her sister, Mrs. Joe Vandiver, in Monahans.

Mr. and Mrs. W. W. Rix and Mrs. Carl Svenson of Lubbock were in Big Spring Sunday where they visited with relatives and friends. They are former residents.

Mr. and Mrs. Jimmy Jennings have returned from their vacation in Christoval. Mr. and Mrs. Truman Townsend were visitors in Midland Sunday. Mr. and Mrs. John Knox are moving to Monahans where they will make their home.

ACTS ON THE KIDNEYS

To increase flow of urine and relieve irritation of the bladder from excess acidity in the urine

Are you suffering unnecessary distress, backache, run-down feeling and discomfort from excess acidity in the urine? Are you disturbed nights by a frequent desire to pass water? Then you should know about that famous doctor's discovery—DR. KILMER'S SWAMP ROOT—that thousands say gives blessed relief. Swamp Root is a carefully blended combination of 18 herbs, roots, vegetables, balsams. Dr. Kilmer's is not harsh or habit-forming any way. Many say it's marvelous effect is amazing. All druggists sell Swamp Root.

RUG CLEANING

Our truck will be in Big Spring Tuesday, June 25th.

Your rugs cleaned in a modern Plant in San Angelo.

For better rug service call the Barrow Furniture Co.

An Inexcusable, Illogical Habit

Dallas people and the Dallas News have had something to say about a "sense of outrage among thinking citizens" over defacing of walls at the Hall of State.

It is pointed out that the hall is a million dollar gift of citizens of Texas during the centennial year as a shrine dedicated to the heroism and sacrifice of those who created modern Texas. Thus, the offense is not one alone against Dallas, but the state as well.

This is one of those types of crimes which we have never been able to understand. It happens to us right here at home. On many occasions young hoodlums have broken into wings of the amphitheatre and damaged

property and created nuisances. They have torn tile off the roof.

This could be said of other public buildings. On one occasion, a youngster broke into a church and did great damage by throwing a quantity of eggs on the walls.

On the walls of many public buildings will be found the names and silly sayings of people, young and old. It matters not that the act constitutes a defacement, or that the scribbles are not infrequently in bad taste. There seems to be some illogical lure for some people to deface walls.

There is no excuse for it. Surely, it is a case of "fools names . . . in public places."

Give The Patrol More Pay, Men

Just the other day we talked with a man who had worked for the department of public safety as a member of the highway patrol.

He was fascinated by the work, he said, but in time, with family expenses mounting, he had to abandon the service because he couldn't make financial ends meet.

That might be said to be typical of hundreds of others who have been with the patrol, and may be one of the reasons why the organization today is undermanned.

It is not fair to the men who are doing such a splendid job at pay less than they could command in other pursuits. Not only

is the pay level itself unfair, but it keeps others from being attracted into the field and thus heaps more work upon the patrolmen. It is not fair to the people of Texas, either, who are compelled to suffer for lack of adequate manpower in the patrol.

Fines that these patrolmen are responsible for are in excess of the cost of the service. Yet most of this goes to the smaller political subdivision in which these patrolmen are served and they are obliged to get along on appropriations. One of two things should be done—appropriations increased or some provisions made for sharing in the fruits of the work of patrolmen.

The Nation Today—James Marlow

Research Nears Era Of Buck Rogers

WASHINGTON, (AP)—The Army is talking of the possibility of an atomic missile which, fired from the United States, can hit any part of the world within an hour.

This information was given Congress when the Army went before the House appropriations committee to ask for money to carry on its work, including research, for the next year.

Then there is another kind of weapon the Army has in mind: A missile which, fired from the American coasts at approaching ships, can hit them hundreds of miles at sea.

feet a second in air), capable of streaking into space and then, controlled by complicated robot "brains," dive with uncanny accuracy on a target thousands of miles away.

Early this week the Army announced it is doing research on a weapon—a jet of molten metal—which might be used against atomic rockets or planes loaded with atom bombs.

Major Gen. Everett S. Hughes, chief of ordnance, thinks the high explosive bullets and projectiles used by fighter planes against enemy aircraft in World War II may be replaced in a few years by the metallic jet, traveling perhaps 25,000 feet a second.

Hal Boyle's Notebook

German National Habit

By DON DOANE (For Hal Boyle)

FRANKFURT, Germany—(AP)—The American army is undertaking to teach German pedestrians how to cross streets safely—with the twin objective of saving lives of American soldiers, as well as German jaywalkers.

Officers in the provost marshal's office say jaywalking seems to be a national habit in this country. Germans are not accustomed to such fast and heavy traffic as the highly mechanized American army has brought to their narrow, winding streets.

wrong time, then leap the wrong way. Some ignore the sidewalk and walk along vehicular traffic lanes.

"Even the city-bred German acts as confused as the proverbial country bumpkin when he enters a busy street," one army safety officer commented.

Largely as a result of these habits, the number of Germans struck down by military vehicles and of soldiers injured in collisions is alarmingly high, army officials admit.

"So a campaign of education was begun, with a possibility sterner measures may be employed if that fails. In Berlin military police cars equipped with loudspeakers tour the streets, cautioning, warning and reprimanding jaywalkers, instructing them when to cross and where. In Frankfurt, signs are placed at intersections indicating the proper crossing points and times." Police are instructed to enforce crossing regulations strictly.

Army safety officers suggest Germans' inexperience with fast-moving heavy traffic as the chief reason for their careless pedestrian habits. Traffic now is heavier even before the war and much heavier than during combat when few private vehicles were permitted.

They suggest, too, that Germans' alertness has been dulled and their reactions slowed by years of war bombardment and hardships and by the enervating effect of slim food rations.

But people long familiar with Germany say they always have crossed streets this way. "The figure it's the driver's job to miss them," said one prewar resident.

Others injured are improving, hospital attendants said.

FIRST CHANCE AT LUMBER
DALLAS, June 24—(AP)—Joseph P. Tufts, regional housing expeditor, has announced that builders of big veterans housing projects will get first chance at lumber and other critical building items from dismantled army camps.

THE HARDER HE TUGS

Broadway—Jack O'Brian

"Park Avenue Hillbilly"

NEW YORK—The description of Dorothy Shay as a "Park Ave. Hillbilly" has come true: This pretty little gal from Jacksonville, Fla., wears the finest and most furiously fashionable creations of the best couturiers while chanting songs about the modes and manners of the southern hills in one of the major cafe delights of the present saloon society scene.

Dorothy has just started an engagement at the Starlight Roof of the Waldorf-Astoria on Park Avenue, her most resplendent engagement to date. Her opening was a glamorous success. Hundreds of Manhattan's saloon society were present, and she was accorded the sort of reception usually reserved for income tax employees come to announce you don't owe as much as you'd expected.

Pasadena Playhouse and chanted the usual torch songs in local restaurants. New York being the expected next stop, she headed for Broadway and had a go at radio, on a sustaining NBC program.

Then she went overseas. There she discovered the GIs, while certainly interested in hearing the latest, and oldest, popular songs, and seeing the pretty face and whistleable Shay figure, also had more than a slight interest in comedy.

Dorothy knew very few comedy tunes. She did, however, have a small collection, all in her head, of hillbilly tunes which she taught as well and as quickly as she could to her accompanist. She sang them in a low-cut evening gown. Somehow, the idea of such bucolic song content from a young lady so exquisitely upholstered gave her just the added comedy touch her act needed. She continued the overseas circuit to great success and while intent on USO duties, polished up her material and added as much more as she could find which suited both her style and the eager rural appetites of the service guys.

Back home after her extensive wanderings, she had to start all over again, practically from the bottom. She auditioned with some 200 others for a network program and came out on top. At that point her own name of Sims was changed to Shay so that no possibility remained of confusing Dorothy with Ginny. After several radio engagements, she hit her stride with successful engagements at the St. Regis Hotel, the Belmont Plaza, Glass Hat and La Martinique, later working in the more fashionable hotel dancing rooms and supper clubs in the hinterlands. She definitely arrived today and is making records and radio appearances and taking screen tests. All because a bunch of soldiers in Europe liked the way she sang about hillbillies.

This little Shay gal credits her recent wide success to the boys in uniform. Until she was exposed to the GI audience, she was just another, although more than moderate, successful singer of popular songs. She had left Jacksonville to start her singing career in Pittsburgh with Paul Pendarvis' orchestra. When the future of such band vocalizing seemed to offer very little to gratify an expanding ambition, Dorothy went to California, studied a bit at the

Washington Merry-Go-Round—Draw Pearson

Russians Learn New US "Anthem"

WASHINGTON—General Joseph T. McNarney, who is doing a better job as commander of occupied Germany than most people think, likes to sing. And when he comes up to Berlin for his regular visits with the other Allied commanders, he always engages in a song fest with the Russians.

As a result, the Russians have adopted a new song which they virtually regard as the American national anthem. They sing it on any and all occasions. They think it brings pride and pleasure to the hearts of Americans; and the Red Army in Berlin, at least, is anxious to please Americans.

Actually, the song may bring great pride and pleasure to General McNarney, but other Americans privately are getting a bit weary of it. The Russians have learned the English words, and to the tune of "The Stars and Stripes Forever," here is what they sing as the new American national anthem:

Division which tried to storm the swift-flowing Italian river.

When committee chairman Elbert Thomas of Utah promised a full report on the incident from the war department before a vote was taken on Clark's promotion, Senator Connally objected.

"You know what you'll get from the war department. A white-wash!" He sneered. "Why don't you call some eyeball witnesses?"

Connally proved to be absolutely right. Subsequently, Major General Wilton Persons, legislative liaison officer, reported to the military affairs committee on the Rapido crossing, explaining that although a costly operation and not successful in opening the way to a general advance beyond the river, it had actually succeeded in its main purpose—namely, drawing German strength from the Anzio beachhead.

Were it not for the diversion created by the 36th Division, Persons said, there was grave danger that the Anzio landing might have ended in another "Dunkirk" evacuation.

Senator Tommy Hart of Connecticut urged immediate approval on the grounds that it would be a boost to Clark's prestige in his dealings with the Russians in Vienna. Thomas of Utah seconded him.

Ex-Ambassador Hart, who at one time faced a possible naval court-martial for alleged naval unpreparedness at Manila, remarked: "Even though there might be some justice to the charges against him because of the Rapido river disaster—and I'm not saying that I do or do not agree that his judgment was poor—I can certainly defend him and I fully believe that he merits promotion on the basis of his overall war record."

Finally, the entire promotion list was approved without objection.

Many senators, while not believing in penalizing General Clark, do feel, however, that Senator Connally has rendered the country a service in demanding that military mistakes should be subjected to close scrutiny after war is over. Otherwise there is no way to avoid future mistakes. The army, on the other hand, is pulling all sorts of wires to avoid examination of its mistakes. Among other things they don't want to open up the tragic errors of the Battle of the Bulge; in fact, the errors of the last war, and of other wars, even going back to northern errors in the Civil War, never all remain carefully guarded war department secrets.

"Three cheers for the Sam Jones Junior High school. The best Junior High in Toledo." There are a lot more words to the song, and the Russians apparently not realizing that not all American soldiers have had the benefit of an education in Toledo, Ohio, have carefully learned all the words.

The fact that they have done so illustrates a point which some of our top-bracket statesmen don't always realize—namely, despite our difficulties with the Soviet government, we have no quarrel with the Russian people. Not much has been said about it, but relations between the American and Soviet armies in Berlin have been extraordinarily good. At first the Russians were suspicious, didn't want any fraternization of their troops with ours. But that suspicion has largely disappeared. The Red Army is a large, unwieldy, badly disciplined, very humiliated, and seeing the Russian people, and that part of the Red Army which is in Berlin likes Americans.

However, nobody in the higher brackets in Washington or Moscow, is doing much to bring the Russian and American people together.

This column has long maintained that if we had the same US-USSR interchange of students that we have with China and England as a result of the boxer rebellion and Rhodes scholarships, our Russian troubles gradually would go up in smoke.

Senator Hart Defends Clark
Here Chairman Thomas recalled that the Carthaginian General Hannibal, had gone over the Alps in order to conquer Italy from the north, rather than trying to work his way up the peninsula.

General Persons explained that no "eyeball witnesses" were available at this time, urging that the committee reach an early decision on the pending promotions of General Clark and the 35 other generals. Senator Chan Gurney of South Dakota was ready to object to any move to consider the promotion nominations separately rather than in a "slate," so none proposed approving the 35 nominations and delaying the Clark promotion.

Actually, no one had any serious objection to the Clark promotion anyhow. Ex-admiral, now

Chinese Peace Groups Mobbed

NANKING, June 24 (AP) - A howling mob which assaulted and beat "peace delegates" at Nanking's railroad station demonstrated the bitterness amid which US General Marshall is striving to halt China's civil fighting. A delegation from Shanghai peace groups was mobbed as it left the train. Four delegates, one democratic league member and three Chinese reporters, were hospitalized as a result. The general made no arrests. Chinese communists charged that Kuomintang (National Party) "secret police" engineered the attack to prevent a public appeal by the delegation to Marshall. Generalissimo Chiang Kai-shek and Communist Negotiator Chou En-Lai. The government daily news gave a totally different version, asserting that the fight followed efforts of some North Kiangsu province refugees to persuade the delegation to assist them.

Deadline Thursday To Register Stock

Deadline for registration of owners who keep livestock within one city limits has been set for 5 p. m. Thursday, the health department reminded today. The registration is required by a new city ordinance, which also provides rules for livestock and fowl care in the city. Passed as an emergency measure at the city commission meeting on May 28, the livestock control ordinance is designed primarily to eliminate flies and other summer insects which frequent stock and poultry pens. Failure to register, however, automatically makes owners subject to fines provided in the ordinance, not less than \$1, or more than \$100, regardless of steps taken to comply with other clauses in the measure. Lawrence J. Wells, sanitarian, said. There is no fee required for registration.

Makeup Class Set For Food Handlers

Employees of eating and drinking establishments who attended only two or three sessions of the food handlers school June 10-14 will be Park at opportunity Tuesday to complete the course and qualify for a permanent food handlers permit. Lawrence J. Wells, city sanitarian, announced today. A makeup class will begin at 2:15 p. m. Tuesday in the municipal auditorium. If an employee attended as many as two sessions of the regular short course, but did not complete enough class work for a certificate, he can still get the permanent certificate by attending the makeup class, Wells said. In addition persons who were not enrolled in the regular course can qualify for temporary certificates. Anyone working in an eating and drinking establishment now without a permit must attend the Tuesday session in order to comply with the food handlers ordinance, Wells added.

THRILLS COME DIME A DOZEN IN TEXAS LEAGUE CONTESTS

By the Associated Press
The fans got their money's worth in the Texas league yesterday with batting rallies breaking up deadlocks in almost every game of the all-doubleheader schedule.

Fort Worth's league-leading cats won the opener against Shreveport 5-1, with a ninth inning rally, including a two-run homer by Earl York. Shreveport took the encore 4-2.

Second-place San Antonio won both ends of a double header with Tulsa, 2-1 and 7-5. The Missions' first victory came with Pete Kraus' two home runs off Andy Steinback. San Antonio won the night with a two-run uprising after Tulsa tied the score at 3-5 in the sixth.

In the Dallas-Beaumont sched-

ule, PITCHER Hank Oana stepped to the plate as lead-off man in the eighth inning and poled a long home run over the fence to break up the second game and help the Rebels to a 2-1 win. In the opener, Dallas wiped out a six-run deficit in the last two innings to win 11-10.

Houston broke up a scoreless contest in the first game against Oklahoma City with five runs in the fifth inning and a final score of 7-3. In the nightcap, Oklahoma City cut loose with a 13-hit barrage to win 9-6.

Today's schedule:
Houston at Oklahoma City.
San Antonio at Tulsa.
Beaumont at Dallas.
Shreveport at Fort Worth.
(All night games).

Like To Place A Bet On A Widow Marrying?

WASHINGTON, June 24 (AP)—What'll you bet that a widow won't re-marry.

You can take it from "The American Remarriage Table" that it goes like this:

Just about 12 out of 100 women will remarry within six years after their husbands' deaths if they're 16 to 20 years old. That means the odds are better than 1 to 7 that any one widow in that age group will take another spouse.

Almost eight out of 100 who are 21 to 25 will remarry within six years after becoming widows, making the marrying odds on any one of them better than 1 to 11. The odds, as you guessed, climb directly with age.

The novel tabulation was worked up in the pre-war period by the casualty actuarial society after the fashion of insurance companies life expectancy tables, and it may be that post-war widows will bust the odds out of shape one way or the other.

But the 16-man US tax court—with only one member dissenting—has accepted it as the McCoy in its first test as court evidence and given it a boost as today's best index on remarriage probability.

But—ah, yes—what about the ease of widows past 25? Well, here's what the table says:

Of those 26 to 30, six in 100 will remarry within six years after widowhood (the table doesn't predict anything beyond the six-year stage). Translated into odds on any one, that's about 1 to 16.

Among those 31 to 35, almost four in 100 will remarry, making the one-widow odds 1 to 24.

At 36 to 40, the odds lengthen to 1 to 49 as only two in 100 re-

marry. From 40 to 45, the chances are slightly less, but at 45 to 50 they're down to 1 in 100.

Remarriage probabilities of women widowed after 50 are pretty small, and the table says only about three in 100 remarry when widows at 71 to 75—the top age it takes in.

Army Rejoices As Wives Come

YOKOHAMA, June 24 (AP)—The first US Army dependents arrived in Japan today—183 wives, 128 children and one mother—and were given a riotous welcome at the dock.

The gangplank had just touched down when husbands and fathers swarmed aboard, brushing past scores of military police who had thought they were on hand to preserve order.

There were reunions all over the Army transport Ainsworth, in the passageways, in the cabins, and even on ladders between decks as families separated as much as two years got better acquainted.

It was mainly an officers' party, but the families of five enlisted men were aboard. Only 36 enlisted men in the whole US Eighth army of occupation so far have asked transportation for their families. Apparently most of them hope they won't be here too long.

When a semblance of order was restored, families began moving down the gangplank to the music of two bands, which kept playing "Roll Out the Barrel" over and over, as though the needle was stuck.

"Tonight the families were greeting throughout Japan."

German Noble Recites History Of Years Preceding War At Trial

NUERNBERG, June 24 (AP)—Baron Constantin von Neurath, former German foreign minister, testified today that the reoccupation of the Rhineland by Germany in 1936 was accomplished by a "symbolic and defensive" gesture.

The step was motivated, he told the international military tribunal during a lengthy recital of recent German history, by discovery of secret plans of the French general staff to move on Germany with simultaneous attacks from Russia and Czechoslovakia.

The aging noble pictured the Germany of the 1930's as a nation without arms cut up by the Versailles treaty in both east and west, an impossible situation which could not continue.

He said that the framers of that treaty failed, in his opinion, to realize that "such a great people" as the Germans would refuse to

Jap Claims Tojo Roxas Defends Betrayed Togo Record To Ickes

TOKYO, June 24 (AP)—A Japanese newspaperman testified today that former Premier Hideki Tojo "betrayed" his own foreign minister when he plunged Japan into war with the United States.

Prosecution witness Tomizu Suzuki told the international war crimes tribunal that less than two months before Pearl Harbor Tojo promised Foreign Minister Shigenori Togo he would support a policy of peaceful settlement of differences with the United States.

Suzuki said he had been surprised to see Togo, now on trial along with Tojo and 26 other Japanese leaders, enter the militaristic cabinet because "I always believed him to be an exponent of peace."

So Suzuki, who got into trouble with the authorities for opposing Japanese aggression, asserted he went around to see Togo, who told him he became foreign minister only because Tojo had assured him he would be peace.

"I was still doubtful," said the former editorial writer for the prominent newspaper Yomiuri, "and I tried to learn if General Tojo would live up to his promise."

Togo answered me by saying that he had known General Tojo for a long time and believed that even Tojo was aware that to bring a peaceful settlement it was necessary to keep such a promise."

Suzuki added that Togo, former ambassador to Germany and Russia "was thoroughly convinced that General Tojo would not betray him."

Livestock Condemned As Polio Carriers

GALVESTON, June 24 (AP)—Both chicken and cattle raising near the city must be stopped if flies are to be eliminated as a polio hazard, Dr. Chauncey D. Leake, vice president and dean of the University of Texas school of medicine, has advised.

Dr. Leake said that according to the Journal of the American Medical Association definite proof of fly transmission of polio has been obtained by epidemiologists.

He said chickens are also implicated in the transmission of polio through chicken mites which have been demonstrated to carry the virus.

Well Known Man Felt Like Swollen Balloon; Full Of Stomach Gas

Recently, a well known man stated that he used to feel like a swollen balloon after every meal. He would bloat full of gas and spit up acidulous liquids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise INNER-AID. He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bloating, and bowels are regular for the first time in years. He feels like a new man.

INNER-AID contains 12 Great Herbs: they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get INNER-AID. Sold by all drug stores here in Big Spring. (adv.)

Soldier Fatally Shot In Arkansas Affray

MOUNT IDA, Ark., June 24—(AP)—Prosecuting Attorney Curtis Ridgway said a soldier tentatively identified as a Texan was shot to death by Montgomery county Sheriff G. A. Bates near here yesterday.

Ridgway said Bates told him he fired when a man he sought to question jumped from an automobile and ran, disregarding repeated orders to halt.

Another soldier booked as Roy James Cox, 18, of Houston, Tex., had been arrested on a grand larceny charge before the killing occurred, Ridgway said.

Used Autos Offered In Surplus Sale At Pantex Plant

A special offering of used automotive vehicles to veterans of World War II is to be made by War Assets Administration at the Pantex Ordnance Plant, 17 miles east of Amarillo on Thursday and Friday, June 27-28, according to an announcement from the Ft. Worth WAA regional office.

Under the newly inaugurated disposal method, whereby all "set aside" items of surplus property shall be referred to the veterans holding the oldest certificates, a total of 258 veterans of this section of Texas have been sent letters inviting them to inspect the motor vehicles any week day until June 28, from 8:30 a. m. to 4 p. m.

Vehicles offered include 22 passenger cars and 107 trucks. The holders of the 22 oldest dated certificates for passenger cars were sent letters inviting them to inspect and purchase at this sale.

The next 22 oldest dated certificate holders were sent letters designating them as alternates, in the event any of the principals failed to take advantage of the offering. The same method was followed in notifying the holders of truck certificates.

One Big Spring veteran is among the principals notified on the 22 passenger cars.

WAA officials emphasized that since only the holders of the oldest dated certificates who have received letters of invitation to buy will be eligible, no other veterans should plan to attend the sale.

Methodists Open Campaign To Get Funds For Annex

More than two score workers took to the field today to secure cash and pledges toward a building fund for the First Methodist church.

Harley Sadler, Sweetwater, told campaign workers attending a kick-off breakfast, that the hope of the world depended upon its youth—and that the strength of youth depended upon Christian environment, not the least of which the church could contribute.

Methodists are seeking to raise \$100,000 for an educational building addition to the existing structure, which was built in 1925. While the campaign may be spread out over as much as three years, leaders have pointed out the necessity of raising funds as rapidly as possible because actual plans cannot be made until the amount of available money is indicated.

Many of those at the breakfast turned in payments and pledges running from \$100 to \$1,000. Workers were scheduled to report back at the church at 7:30 p. m. today for a check-up.

H. D. Norris presided at the breakfast session, which was arranged by Charles Watson. Guests included Bobby McKissick and E. C. Dodd.

Good and a few choice aged sheep 8.00-50, medium and good grades 7.00-75.

Sadler

(Continued from Page 1)

Sadler, the former state railroad commissioner said, Sadler charged that a "loose language" constitutional amendment setting a \$35,000,000 ceiling on welfare funds, including old age assistance, misled old people. He promised to dedicate his efforts toward seeing that those eligible received the promised \$40 a month.

Sadler said that he also intended to see to it that veterans "get a fair break in housing, in jobs, in establishing a family home, in meeting the needs of life."

"The job of re-districting Texas legislative districts is 26 years overdue," Sadler mentioned, "I intend to get to the bottom of the trouble and get it done. I will have the power to keep the legislature in session until they act on it and I can tell you, that they will remain there until the problem is worked out," he informed the gathering.

An important plank in his platform, he stated, was his insistence that additional "farm-to-market" roads should be constructed throughout Texas. The money could be provided for such an expenditure, he added, by adding a tax of one cent to the gasoline levy.

Sadler was introduced by his cousin and campaign manager, Harley Sadler, a West Texas showman. He is scheduled to speak in Lamesa at 8:30 this evening and from there goes to Tahoka and Lubbock.

McCoslin Infant Rites Scheduled

Services for Lucinda Carol McCoslin, infant daughter of Mr. and Mrs. V. B. McCoslin, were scheduled to be held at 2 p. m. today in the Nalley Chapel. The baby died early Sunday morning after living only a day.

The Rev. Dick O'Brien was to be in charge of the last rites, with Mr. and Mrs. Ernest Hock providing songs. Burial will be in a local cemetery.

Besides the parents, the baby is survived by paternal grandparents, Mr. and Mrs. T. J. McCoslin of Jewett; maternal grandparents, Mr. and Mrs. R. M. Cochran of Big Spring; three uncles, Bill, Hugh and Bob Cochran of Big Spring; four aunts, Mrs. Martha Hardin, Julia, Laverne and Mary Joe Cochran, all of Big Spring; and several aunts and uncles in other cities and states.

Long Ballot Filed For July Primaries

Howard county democrats will face a long ballot when they go to the polls July 27 in the party's primary election, officials announced today after the deadline for posting fees passed.

Although some county, district and state offices will bear only one name, voters will have a wider choice in the commissioners races, where a total of 14 candidates are seeking four posts. Commissioner's precinct No. 2 leads in number of aspirants, with six filing fees.

Names on the ticket will include: Congress, George Mahon and Hop Halsey; Chief Justice, court of civil appeals, Clyde Grissom; associate justice, A. S. Mauzay and E. J. Miller; state representative, Cecil H. Barnes, R. E. Taylor and Ralph E. Blount; district judge, Cecil Collins; district attorney, Martelle McDonald.

County Judge, Walton Morrison; county attorney George T. Thomas and H. C. Hooser; county clerk, Lee Porter; district clerk, George C. Choate; county school superintendent, Walker Baurey; sheriff, R. L. (Bob) Wolf and J. B. (Jake) Bruton; tax assessor-collector, John F. Wolcott, R. B. Hood and W. C. (Charles) Stovall; county treasurer, Ida L. Collins, J. F. (Frank) Howard; Justice of the peace, precinct one, Walter Grice; constable precinct one, J. T. Thornton; county surveyor, Ralph W. Baker.

Commissioner, precinct one, J. E. (Ed) Brown, Walter W. Long and E. L. Roman; commissioner, precinct two, Earl Piew, G. E. (Red) Gilliam, H. T. (Thad) Hale, W. W. (Pop) Bennett, L. E. (Snuffy) Smith and Ben L. Lefever; commissioner, precinct three, R. L. (Pancho) Nall, Grover Blissard and Robert F. Blum; commissioner, precinct four, Monroe Johnson, Earl Hull.

Traffic Checking Lane Due To Open

Big Spring police were due to the polls today with opening of a traffic lane in the 500 block of Main street at 2 p. m.

The lane will be open for two hours, from 2 p. m. to 4 p. m., again Tuesday, and motorists have been asked to enter voluntarily for a complete check of mechanical condition of their automobiles.

Members of the police department will assist in the checking, and notations will be made in "Check Your Car" pamphlets. The pamphlets will be given to the drivers, with the request that they notify the police department when any defects found at the traffic lane are corrected.

Officers have been distributing the pamphlets since Wednesday night to motorists who violated traffic ordinances, and others have been distributed through filling stations.

Two Men Arrested In Stolen Automobile

Roy Lowry, 29, and Roy H. Romines, 33, have been arrested in Abilene in a vehicle members of the sheriff's office said was stolen down town here Saturday night.

Romines, who was driving the auto when stopped, will be returned here to face an automobile theft charge while Lowry will be dispatched to Coalgate, Okla., to answer to a jail breaking charge.

The stolen vehicle belonged to B. D. Malone, Midland, and was taken from the Crawford storage garage.

According to information received from Oklahoma authorities, Lowry bolted jail there June 7 of this year. He is also wanted in that vicinity for automobile theft.

Young People Attend Y Party Saturday

Approximately 40 young people attended the YMC party Saturday night, first in the series held since recent repairs and improvements were made at Y headquarters.

On the special program arranged for the affair Helen Duley and Velma Greise played piano duet, and the Melody Maids, accompanied by Mrs. Ann Houser, sang several numbers.

A short sound film of Jose Iturbi playing "Seville" and Chopin's "Fantasi Impromptu" was projected.

Other entertainment included games of ping pong, dominoes, etc.

Local Police Regain Stolen Automobile

Big Spring police recovered an automobile belonging to Jim O'Donnell of Sweetwater at about 4 a. m. today in the 1300 block of West 4th street.

The machine, which was reported stolen late Saturday night, was found abandoned, with a pistol and several articles of clothing missing. A complete set of carpenter's tools remained in the car, however.

Italy To Resist

ROME, June 24 (AP)—Premier Alcide de Gasperi declared today that Italy would "resist with all her strength" any peace settlement which would internationalize Trieste and cede Western Istria to Yugoslavia.

Chick Kostlow is reported improved after undergoing an operation at a local hospital. Kostlow, a former resident who now resides in San Angelo, came here several weeks ago to undergo a medical examination.

Pastor Given Long Vacation, \$1,000

Sunday was a day of surprises for Rev. H. Clyde Smith, pastor of the First Methodist Church.

To start the day, a breakfast in his honor, which was arranged without his knowledge, was held at the Settles hotel by the 21-club of the Young Men's Bible Class. Speeches at the breakfast took an unexpected turn, when various members of the club began a "fault-finding" program. However, as the program made progress, Ira Thurman gained the floor, and after lauding Rev. Smith's work at the church, presented the pastor with a new \$1000 bill with instructions that it be used for an extended vacation.

The 21-club, whose members contributed the money, requests that it be used for a vacation of any length the pastor may desire, and that he arrange best conveniences for any traveling which he may select, Thurman said.

Lt. Carter Phones Wife From Europe

Mrs. Dee P. Carter received a call for her husband in Germany yesterday relative to her plans to join him as soon as her passport is approved in Washington.

Lt. Carter is stationed with the ordnance in Nordenham, where he has been since landing in Europe last Christmas.

Mrs. Carter and her sons, Dee Kent, 7, and Larry, 3, will probably be the first American family to arrive in Nordenham.

Proposed Lake Up For Commission Study

A discussion on the proposed five-city lake is expected to be included on schedule of Big Spring city commissioners when they convene Tuesday afternoon in the city hall.

Also due for further consideration is the 50-block paving project which was voted by ordinance on May 28. New methods for materializing the project are expected to be discussed, since there was no response to the call for bids.

A budget for the city will be submitted by the city manager for action by the commission.

Betty Brown Taken To Huntsville Prison

A. D. Bryan, deputy sheriff, departed this morning for Huntsville to deliver Betty Brown to the state house of correction.

The 23-year-old woman was sentenced in the April session of district court to two year's imprisonment for forgery.

Pleads Guilty

Leslie T. Davis, picked up by members of the city police force Sunday on a charge of driving while intoxicated, entered a plea of guilty in county court this morning and was fined \$50 and costs.

Tourist Courtesy Clinic Initiated

First session of a tourist courtesy school sponsored by the Big Spring chamber of commerce was to be opened at 4 p. m. today by Thelma Boone, representative of the University of Texas extension service and the state board of vocational education.

The course will be conducted mostly in the form of a clinic, Miss Boone said, with employees, managers and owners encouraged to join in actual discussion. Several speakers are being arranged to appear on the schedule during the week.

Why 480 Big Spring People Are Waiting for Telephones

THE REASON IS that it has not been possible to manufacture and install additional equipment fast enough to keep up with the biggest demand for telephones in Big Spring's history—despite the most active construction program we've ever undertaken.

On V-J Day, 300 people in Big Spring were on the telephone waiting list—a backlog equal to more than two years of pre-war growth.

Since then, we have gained 245 telephones in Big Spring. We have installed nearly twice as many telephones since V-J Day as we did in an average year between 1935 and 1940.

Yet today, 480 people here still do not have service. Many of them are people who were waiting on V-J Day.

ONE BIG REASON for this is the vast number of new applications. Many of them are from returning servicemen who, as heads of families, are entitled to preference, as also are people whose service qualifies as essential to the health, welfare, and security of the community. As lines and equipment become available in a central office, all other applications are filled in the order in which they are received.

Why 480 Big Spring People Are Waiting for Telephones

WE ARE HARD AT WORK on an expansion program to enlarge the telephone system here, to put in the switchboards, the cable, the wire, and all the other things needed to make service available to those who want it. The job is so big that it takes time.

In the meantime, we are doing everything possible to stretch the telephone system here to serve the maximum number of people. We are limiting new residence connections to party lines . . . we are loading the system beyond the capacity for which it was engineered . . . and are resorting to emergency, temporary measures, wherever possible, to install additional telephone equipment ahead of schedule.

Much as we'd like to, we can't tell most people waiting for service just when it will be possible to connect their telephones.

But of this you can be sure—

WE ARE HARD AT WORK. We are doing everything we can to furnish telephone service—at the earliest possible moment—to all who are waiting. If there is anything we can do to make our progress faster, we shall do it.
