Editorial
By Mike Getz

Health By Federal Fiat

On Friday, June 2, the Federal Communications Commission issued an order that is a classic example of the growing tendency of the federal government to exert utter control over the lives of the citizenry of this country.

The order in effect states that radio and television stations which accept cigarette advertising must provide air time to opponents of smoking. The ridiculous part of the whole thing is that while stations may try to sell antismoking programs to a sponsor, they must provide FREE time if no sponsor can be found, and why should anybody pay for air time when they can get it for free? What this order does is to require television and radio stations to advertise against their sponsors, a move not designed to improve relations with advertisers, to say the least.

The issue here is not whether smoking is bad for your health, for much evidence indicates that it is. The issue is whether or not a federal agency should have the power to arbitrarily determine what is, or is not, in the public interest. The alarming thing about it is that the FCC did not issue a recommendation; they issued an order, an order that is repugnant to the basic concepts of free enterprise and an order that must be obeyed under penalty of law.

Consider for a moment the possibilities that could arise when some fat-headed bureaucrat decides that something is not in the public interest. Surely no one can deny that driving an automobile is a hazardous undertaking at times. Should free broadcasting time then be provided to proponents of the horse and buggy? What about travel advertising. Surely one could drown while vacationing at Miami Beach. Why not give free advertising to the Chamber of Commerce of Dry Gulch, Kansas? On the other hand, the Chamber of Commerce of Miami Beach could demand free time on the grounds that one could die of heat stroke while visiting Dry Gulch, Kansas. Why not make it a law that any station or newspaper that accepts peanut butter advertising must provide free advertising to the Metracral people because peanut butter is fattening and being overweight is not very healthy.

Ridiculous you say? Surely you can't deny that you may be killed while driving your car, or that you face the possibility of drowning at Miami Beach. You can't deny that heat stroke or that arteriosclerosis is not a major cause of death. What's so ridiculous about it? The answer, of course, is that while all of these activities do indeed constitute a possible health hazard, one must make an individual decision regarding participation in the activities and not have it dictated to him by the federal government. Besides, who's to say that the federal government will always be right in such matters?

LEGAL NOTICES

The Lazbuddie Board of Education is accepting bids for materials and labor for the construction of dressing room facilities to be added to the west end of the existing gymnasium.

Specifications and drawings may be inspected at the superintendent's office beginning Tuesday, June 20, 1967 through Friday, June 23, 1967. Bids are to be submitted on or before 4 p.m., Monday, June 26, 1967.

The board reserves the right to either accept or reject any or all bids.

At Home In Parmer County

By CRICKET B. TAYLOR
County HD Agent

Cricket

Program emphasis this month is on CLOTHING. 4-H girls and leaders are very busy this week working in groups, learning to develop skills in construction of garments, developing skill in relating fabric, size and design to fit individual needs - in other words, getting ready for the big event of the season - the COUNTY 4 - H DRESS REVUE, to be held Thursday, June 29, at 8:00 p.m. in the Oklahoma Lane Community Center.

A special class - Spanish homemakers are also working as a group, learning some of the basic skills in construction of clothing.

SPEAKING OF CLOTHING -
The right accessories for the hour and occasion can complement your total look. Daytime and play handbags and shoes are usually made of durable fabric or leather. For church, teas and city shopping, accessories are simple, smart, and city looking. Select finer leathers, suedes, or patent or silver handbags and shoes. Use simple gold or silver jewelry or pearls, but no glitter jewelry.

PERMANENT PRESS GARMENTS
Permanent press garments look their best when dried in a dryer and should be removed immediately at the end of the drying cycle. If they remain in the dryer and become wrinkled, simply reset it for 10 or 15 minutes longer. Remove from the dryer, place on hangers, and don't worry about ironing.

4-H Members Will Have 'Focus On Charm' Study

The second meeting, "Focus on Charm," for 4-H members in Clothing Project work will be held Monday, June 26, at 2:00 p.m. in the Hub Community Center.

Subjects that will be discussed are: "What You Can Do for Your Clothes," Carleen Schlenker, 4-H member; "Shopping for Undergarments," Mrs. Marge Pittman, Pa-Dor Dress Shop, Clovis; "The Avoidable Dilemma," skit by Jan Jameson and Karene Hart, 4-H members; and "Be a Model Everyday" by Mrs. Ralph Robinson, Friona.

All parents, leaders, 4-H members, and others who wish to attend are invited.

4-H County Dress Revue To Be Held Thursday

County 4-H Formal Dress Revue will be held Thursday, June 29, at 8:00 p.m. in the Oklahoma Lane Community Center. More than 35 girls enrolled in 4-H clothing project work will compete for county awards, according to Cricket B. Taylor, county extension agent.

Judging of the garments will be held in the District court room at the Parmer County Courthouse Wednesday, June 28, beginning at 9:30 a.m. Records will be judged at the same time.

The public is invited to attend the formal dress revue on the 29th.

Mrs. Irene Riggins from Rule, Tex., is spending a few days this week visiting with Mrs. D.O. Rolland.

Shirts wear out not so much from steady wear as from heavy starching, over-bleaching, set stains, and being allowed to whip on a clothesline. One method of removing bad soil from collars and cuffs is to dampen the area, then rub it well with a solution of one tablespoon of sal soda per cup of water.

CARD OF THANKS

Our hearts are filled with a sense of humility and sincere gratitude to our many friends who expressed their sympathy in so many beautiful and thoughtful ways during our recent sadness. Special thanks for each prayer, flowers, food, cards, letters and other acts of love and kindness so graciously given. May God Bless each of you.

RED PRATHER
481-3662 - Farwell

DON'T ROB YOURSELF - DON'T BURN STUBBLE

A 40 Bu. Wheat Crop Will Produce About 3 1/2 Tons Of Straw. This Straw Contains About 47 lbs. Nitrogen--12 lbs. Phos. And 82 lbs. Potash. This Is Money For You And Life For Your Soil. Shread And Plow This Valuable Residue Under.

GYRO 60" & 72" Servis

The Gyro side skirts are 12" deep, thus providing for the (4) dual rotating and (2) single stationary blades - when specified - as shredding attachments. The deeper frame will also admit larger brush for proper cutting, without the finer shredding feature. Gyro cutters are ideal for shredding corn and maize stalks, cotton stalks, and rough pasture, including brush up to 4" in diameter. The automatic hay windrowing attachment is available, along with the standard "hay-side" feature for flat cutting.

CYCLONE 60" & 72"

Recommended especially for highway right-of-ways, parks, pastures and brush cutting up to 3" in diameter. Left side skirt which is 9" high may be removed for the flat cutting of hay. This is sometimes called a "hay-side," and is available at no extra cost. The round (dishpan shaped) blade carrier is provided for jumping over rocks and stumps on rough ground, and includes a special heavy inner plate for extra momentum, and to which the free-swinging blades are attached.

Jan Nowell And John Adams United In Marriage

Vickie Jan Nowell of Lazbuddie and John Carlisle Adams II of Houston were united in marriage at 3:00 p.m. June 10 in the parsonage of the Lazbuddie Baptist Church with Reverend Calvin Beach officiating at the double ring ceremony.

Parents of the bride are Mr. and Mrs. Ernest Nowell of Lazbuddie and parents of the groom are Mr. and Mrs. John C. Adams of Panhandle.

The bride, who was given in marriage by her father, wore a street length dress of white lace and a veil of illusion net. She carried a bouquet of two white orchids clustered in stephanotis and lily of the valley

and accented with English ivy. For something old and borrowed she wore her grandmother's necklace; for something blue, a garter; and for something new, her dress.

Matron of honor was Mrs. Johnnie Battey, of Friona, sister of the bride. Best man was the groom's father, John C. Adams.

The couple will reside in Houston where the bride will attend the University of Houston this fall. Previously she was a junior at Texas Tech. The groom is employed as a draftsman at Thermal Engineering Corporation in Houston.

Kirby Burch, son of Mr. and Mrs. Fred Burch, is attending the summer session at Texas Tech in Lubbock majoring in engineering. Also attending summer school at Tech is Marquita Seaton, daughter of Mr. and Mrs. R.B. Seaton. She is majoring in home economics. Both were 1967 graduates of Lazbuddie High School.

A bridal shower honoring Sherry Robinson, daughter of Mr. and Mrs. James Robinson, and bride-elect of Buddy Embry, was held Thursday, June 15, in the Fellowship Hall of the Lazbuddie Methodist Church.

Guests of honor included the bride; her mother, Mrs. James Robinson; mother of the groom, Mrs. Calvin Embry; and the grandmothers of the groom, Mrs. Marvin Wilterding, Muleshoe, and Mrs. J.E. Embry.

Vicki Robinson, sister of the bride, registered the guests and the gifts. Serving at the table were Terry Sue Carthel and Carolyn Morris.

The table was laid with a white net cloth over blue and centered with an artificial arrangement of shaded blue flowers. Crystal and silver appointments completed the decor.

Hostesses for the occasion were Messdames Jimmie Seaton, J.H. Clay, C.W. Bradshaw, Ben Foster, Jr., Helen Carthel, Malcolm Carthel, James Mabry, Junior Matthews, R.B. Seaton Alton Morris, John Aduddell, E.A. Parham, Bobby Blackburn, and Alfred Steinbock.

The couple plans to marry June 23 in the First Methodist Church of Muleshoe and will reside in the Birdsong Apartments in Muleshoe.

Visiting in the home of Mr. and Mrs. Frank Hinkson over the weekend were Mr. and Mrs. Dean Hinkson and Sally from Wilcox, Ariz. Dean Hinkson is Frank's brother and Mrs. Dean Hinkson is Lavon Hinkson's sister.

Visiting in the home of Mr. and Mrs. Riley Goodnough for a week is Mr. and Mrs. Bud Stenson from Kermit. Mrs. Stenson is Mrs. Goodnough's sister.

Attending the Subdistrict MYF banquet held in Muleshoe Saturday night from the Lazbuddie MYF were Robert Gallman, Tamra Jennings and Mike Hinkson; also Mr. and Mrs. Ronald Elliott Mrs. J.B. Jennings, and Mrs. Frank Hinkson. Installed as subdistrict president was Tamra Jennings, daughter of Mr. and Mrs. J.B. Jennings.

Mr. and Mrs. Jerry McKenzie and children from Plainview visited in the home of Mr. and Mrs. Jack Smith along with Mrs. Beverly Adkins of Fairfax, Okla. who is attending Texas Tech during the summer session working toward a masters degree in home economics education.

Mr. and Mrs. Gary Albertson from Kirksville, Mo., visited a week in the homes of Mr. and Mrs. Roger Albertson of Muleshoe and Mrs. Loraine Gallman. Gary Albertson is attending medical school in Kirksville, and Mrs. Albertson will attend school this fall.

When the children and grandchildren become too demanding, remember: one of the best education toys is still a pencil.

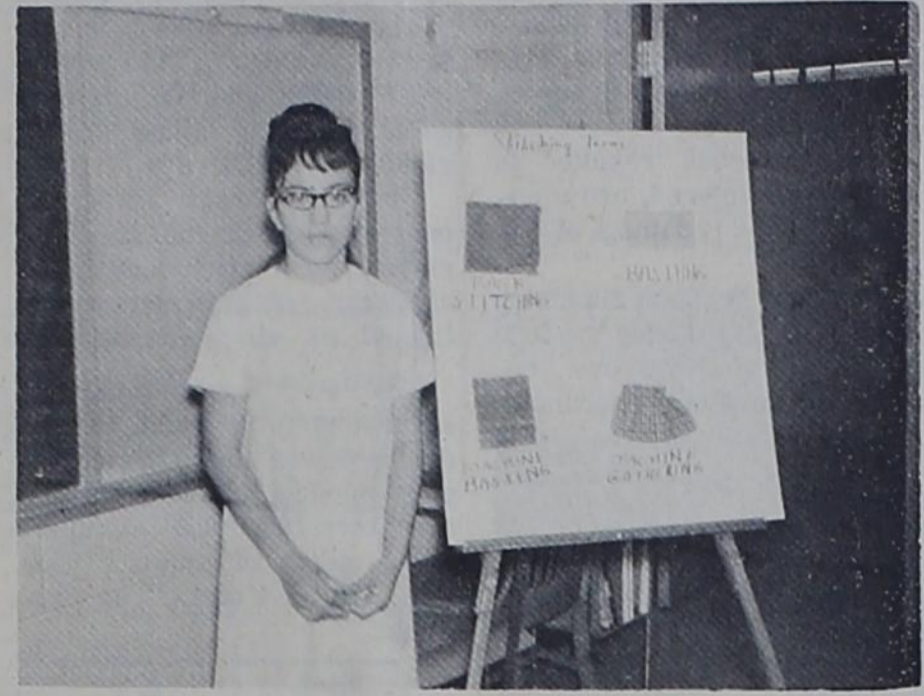

Sturdy Variety Wheat Available

By Ronny F. McNutt
Parmer County Agricultural Agent

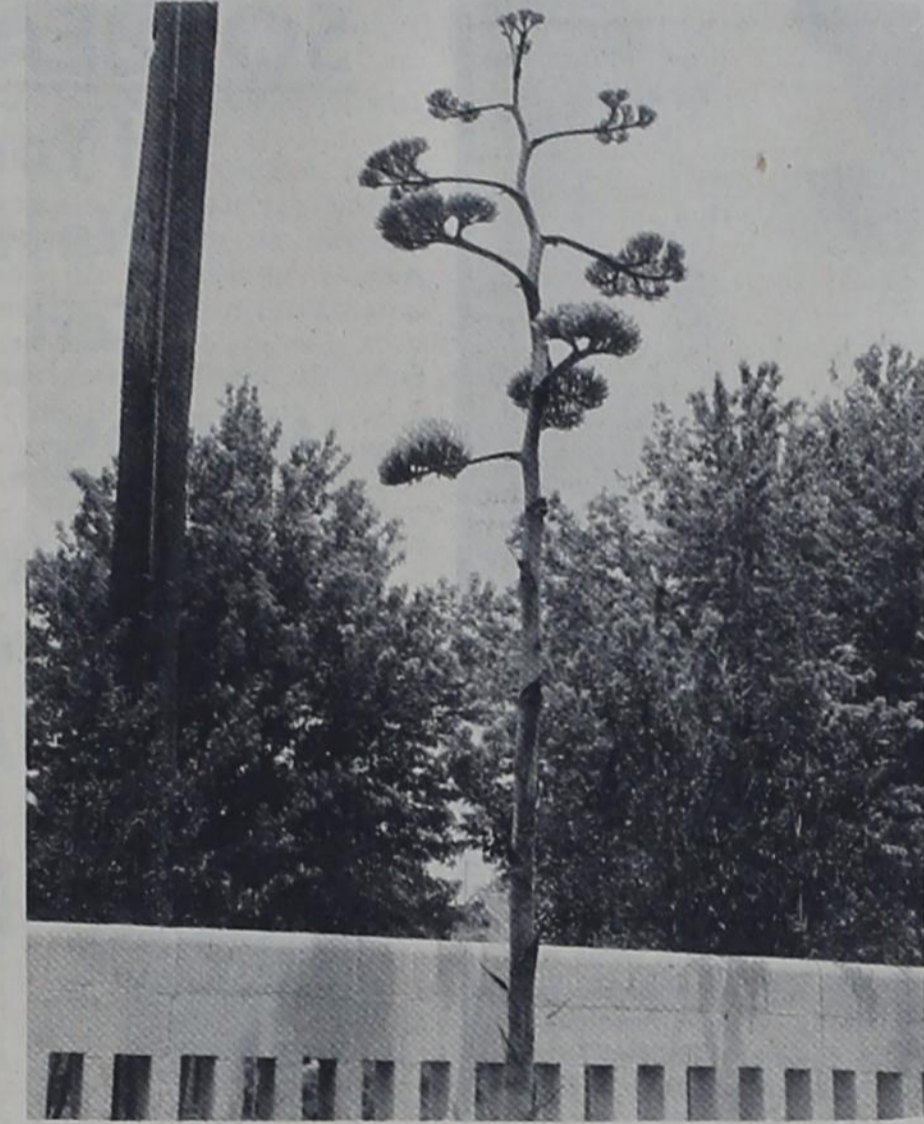

Fifteen years of breeding work have provided Texas growers with a "shorty" wheat for irrigation and other high production areas.

The new variety, named Sturdy for its ability to stand up in storms and with heavy loads of grain, will be available after the 1967 harvest from certified seed growers and seedsmen in Texas.

Sturdy was developed cooper-

ILLUSTRATED SEWING TERMS was the demonstration given Wednesday morning by Patsy Urioste, daughter of Mr. and Mrs. James Urioste of Texico. She showed, through the use of an illustrated talk, the various terms most often used while making clothing. Patsy will represent Curry County at district competition in Junior Clothing Demonstrations.

ONCE IN A LIFETIME -- Attention of the Tribune staff has been called to the Century plant blooming in the backyard at the home of Mrs. Anne Overstreet. The rare display of blossoms is something one rarely sees since rumor has it "that only once in 100 years does this happen." The expert care of Earl Roberts, Texico-Farwell's ace gardener, is responsible for the unusual and beautiful display of blossoms on the plant - for rarely does a plant have such profuse blossoms.

Accident Victim --

(Continued from Page 1)

In addition to the parents, other survivors include a brother, Gary, a sister, Linda; grandparents, Mrs. Opal Cain, Clovis, and Mr. and Mrs. Ver-

non Symcox of Farwell; a great-grandfather, W.I. Rundell, Walnut Springs, and numerous aunts and uncles.

Pallbearers were Weldon Rundell, Myron Hillock, Bert House and Horace Neeley.

Water, Inc. --

(Continued from Page 1)

as, Eastern New Mexico or the Oklahoma Panhandle," Kendrick said, "and we want to give all an opportunity to become a Charter member."

He pointed out that the Lubbock City Board of Development has voted an initial contribution of \$10,000 to Water, Inc., thus becoming its first "leadership" member. He said this was an excellent testimonial to the importance of the association's work and said he hoped it would serve as an example to others who seek to further the economic growth of this area.

Dr. Atkins said the variety came from a complex cross made in 1951 involving several hard, red winter wheat experimental strains and a short stature type from Japan.

"While not related to the famous Gaines wheat, developed in the Pacific Northwest, it is similar in that it produces a short, sturdy plant that will resist lodging by storms," he said.

Although Sturdy is a hard red winter wheat, Dr. Atkins points out that its adaptation is more limited than most varieties. Regional and state tests have shown that it probably is not winter hardy enough in areas north of Texas.

"Furthermore, without irrigation it may not grow sufficiently tall for normal combine harvesting in very dry seasons," the agronomist added. Plants of sturdy wheat are six to 10 inches shorter than present commercial varieties when irrigated or grown under high fertility levels. The trait boosts grain yields and avoids excessive straw production.

"Heavy straw growth is difficult to combine and decays slowly during the summer, sometimes being detrimental to a fall seed crop that follows," Atkins explained. "Sturdy frequently sets three and sometimes four seed per spikelet, and this contributes to high yields."

The new variety is early maturing, only two or three days later than Triumph Wheat. Plants are resistant to present races of leaf rust but not to stem rust.

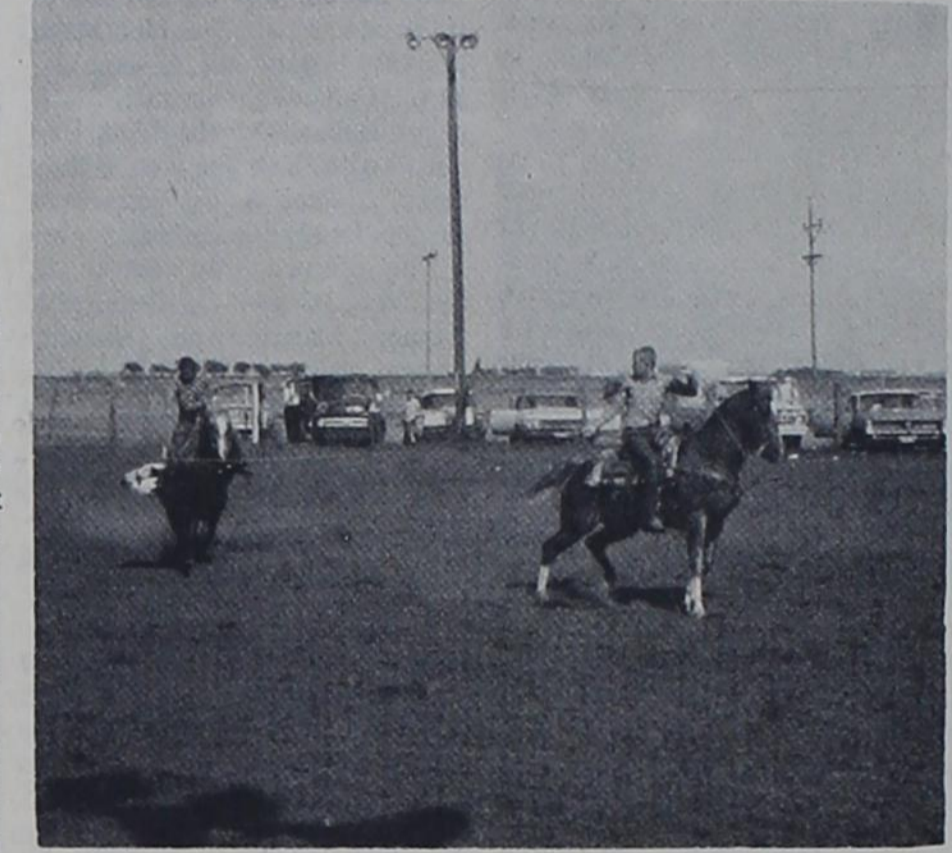

Milling and characteristics of Sturdy, Atkins said, are superior in all respects for commercial bakery flour. The variety's quality has been approved by state and federal agencies and by the Crop Quality Council, an organization of commercial and public agencies.

Initial plans call for the importation of water areas of Northeast Texas, probably within 10 or 12 years, and later from the Mississippi, Missouri or Arkansas rivers where more substantial amounts are available. Studies by government agencies and private engineering firms are already underway on the engineering feasibility and costs of such projects.

The engineering feasibility of transporting water to the West from both in-state and out-of-state sources has been firmly established, and most observers are convinced it is economically feasible as well.

Kendrick, who is president of the First National Bank of Brownfield and was elected President of Water, Inc., at its organizational meeting, said "The benefits to every resident of this region will be almost beyond the limits of imagination once Water, Inc., has achieved its goals. We believe the various levels of membership dues are equitable for all concerned and are such that they will not work a financial hardship on anyone."

He pointed out that a project of this magnitude simply requires a great deal of money to see it through the necessary and the full cooperation of many agencies in Austin and Washington will be indispensable if the job is to be done," he said, and added "Neither State nor the Nation can afford to be without the tremendous productive potential of the West, and I am confident that with proper support and cooperation from the people involved, we will get imported water to realize that potential."

CHAMPS -- Derek and Dexter Garner, sons of Mr. and Mrs. Delbert Garner, get in practice for the matched roping which they participated in on Sunday by tossing a few loops. The Garner brothers won the roping event from Rusty and Mark Waide, sons of Mr. and Mrs. Bob Waide of Earth. In addition, three age groups participated in roping events with their fathers during the day. No results of these events were available.

MRS. LARRY DEAN DONALDSON

Courtney-Donaldson Vows Exchanged In Wellington

First Methodist Church in Wellington was scene for the June 10 wedding of Betty Joyce Courtney and Larry Dean Donaldson.

Parents of the couple are Mr. and Mrs. Lynn J. Courtney of Wellington and Mr. and Mrs. Sterling Donaldson, Farwell.

The Rev. Wade Readnour of Shattuck, Okla., brother-in-law of the bride, read the double-ring service at the church altar. Focal point of altar decorations was a three candelabra holding wedding tapers flanked by smaller tree candelabra and basket arrangements of white gladioli. Background for the entire setting was of Plumosa fern. Lace wedding bells and white gladioli were also used in the setting. Family pews were marked by lighted tapers in tall holders.

Raymond Horton, soloist, and Zelda Donaldson, organist, provided music for the ceremony. Candles were lighted by James Sechrist, Lockney, cousin of the bride, and Doyle Johnson, Farwell, friend of the groom.

Sterling Donaldson, father of the groom, served as best man for his son. Ushers were Doyle Johnson, Farwell, Jerry Childs, Lubbock, and Max Courtney, brother of the bride from Canyon.

Flower girls were Cindy Courtney of Canyon, niece of the bride, and Holly Horn, Plainview. Ringbearers were Richard Carpenter, cousin of the groom from Farwell, and Steve Horn from Plainview.

Matron of honor was Mrs. Wade Readnour of Shattuck, Okla., sister of the bride, Maid of honor as Judy Walluk of Corpus Christi. Honorary bridesmaids, who preceded the wedding party and were seated at the front of the church were Jan Glenn, Lubbock, Susan Sullivan, Lubbock, Jan Cudd, Wel-

lington, Joyce Holton, Wellington, Judy Taylor and Gaye Nicholson, both of Olton.

The attendants were attired in identical street-length dresses of peach colored organza of A-line design and bracelet length bell sleeves. Their headpieces were pillbox hats to which circular veils were attached. Each attendant carried a cascade of picardy gladioli. Completing their attire were short white gloves and shoes in matching hue.

The bride, given in marriage by her father, wore a formal A-line wedding gown designed with an empire waist accented by long bell sleeves. The lace bodice was enhanced by seed pearls. Her floor-length skirt was of embossed peau de sole and the lace train swept to chapel length. The full length veil of French silk illusion fell from a tiara of seed pearls and crystals. She carried a cascade of peach colored roses surrounding a single white orchid atop a white lace and satin covered Bible.

Following tradition for something old, she wore the tiara which had been worn by her sister at her wedding; new was the wedding gown; borrowed was an heirloom coin belonging to her grandmother which she also carried for luck; and blue was the traditional garter.

Mother of the bride wore a pink imported silk two-piece dress with matching accessories.

Mother of the groom was attired in mint colored silk accented by black patent accessories.

Following the wedding, a reception was held in the church parlor. Serving table was laid with white net over peach accented by peach bows at each corner. Bouquets of the brides-

Help Still Needed

The Tribune is still asking that anyone who might have knowledge of the identity of the children pictured in the 1938 first grade class at Farwell school in last week's paper, June 16, please contact us.

Mrs. Sterling (Dorothy) Donaldson, teacher of the group, has called in and was able to identify all but three of the group. Children pictured and identified by Mrs. Donaldson are front row, 1 to r: Alvenia Blake, Rosamond Booth, Calvin Meissner, Joan Allison, Wayne Magness, (not Ella Bradshaw as previously identified) Marcia Ann Johnson, Bobby Fowler, Earl Brand, and Leon London. Back row, 1 to r: Not identified, Modelle Hammonds, Ernest Loke, Bedford Caldwell, Margaret Bobst, Donald Ford, Hazel Petree, Bob Johnson, Bobby Goss, (Not A. C. Henneman as previously identified).

The picture was sent to us by Mrs. Clyde C. Cole, the former Marcia Ann Johnson, whose address is 4915 South Lakewood, Tulsa, Okla.

EDITORS NOTE:

The following letter was received after the above story was written identifying some of the illustrious 1938 first grade class of Farwell Public School. However, one of the students still remains unidentified at this time.

.....

Dear Editor,

I have perused the photo of the '38 first graders and recognize a few of the bodies -- In the back row; #1 is Bobby Ballard; #8 is Henry Kriegel who had to have the toughest feet in the state; #9 is Bobby Goss and not Arthur Cecil Henneman, who was a grade ahead with those renowned scholars, Toby Booth and Warlick Thomas, No. 10 is Leroy Burnett.

maids formed the centerpiece for the table. Table appointments were crystal and silver. Members of the houseparty were the honorary bridesmaids, and Mrs. Tom Wilkins.

When the young couple left for a wedding trip to New Orleans, La., the bride wore for travel a two-piece mint green suit of silk shantung and white accessories. Complementing her attire was the orchid lifted from her bridal bouquet.

The bride, a graduate of Wellington High School, has attended Clarendon Junior College and Wayland Baptist College and plans to continue her education at Southwestern State College at Weatherford, Okla. At Wayland she was a member of the Hutcherson Flying Queens basketball team and won the 1967 award for having the highest number of points with the highest percentages. She has also been employed at the ASCS office in Wellington.

The groom, a graduate of Farwell High School where he was an outstanding athlete, was a member of the Pioneer Track team at Wayland College. Both of the young people are members of the Athletes for Christ organization.

The groom will also continue his education at Southwestern College in Weatherford, Okla., this year where he will be a junior.

No. 9 in the front row is Earl Brand whose mamma made the good peanutbutter sandwiches --

I thoroughly enjoyed the picture other than the date that went with it.

Best regards,
Don Ford

Present Piano Recital

Piano pupils of Mrs. Lynell Verner presented a recital at the Pleasant Hill Baptist Church Sunday afternoon. Various musical selections were played by the five students, Vicki, Carla and Rex Richardson, and Wanel and Vicki Parvin.

Refreshments of cookies and punch were served at conclusion of the recital.

ANNOUNCE ENGAGEMENT --- Mr. and Mrs. J.T. Mayfield of Lazbuddie announce the engagement and approaching marriage of their daughter, Marsella, to Joe Bryan Jennings, son of Mr. and Mrs. J.B. Jennings, also of Lazbuddie. Vows will be exchanged at the Lazbuddie Baptist Church August 12, 8 p.m., with Rev. Calvin Beach officiating. The bride-elect is a graduate of Lazbuddie High School and has attended Texas Technological College. Her fiancé is also a graduate of Lazbuddie High School and has attended South Plains Junior College. All friends and relatives are invited to attend the wedding and reception. No invitations are being mailed locally.

In County --

Accidents Total 8 During May

The Texas Highway Patrol investigated eight accidents on rural highways in Parmer County during the month of May, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in five persons injured, and an estimated property damage of \$9,510.00.

The rural accident summary for this county during the first five months of 1967 shows a total of 44 accidents resulting in

three persons killed, 20 persons injured, and an estimated property damage of \$33,739. The vacation season is now in full swing. This means more traffic and many drivers going for long hours without sleep, Sgt. Wells says.

"In many areas harvest in progress which means slow-moving farm machinery on the highway, oftentimes poorly lighted at all, he continued.

The Patrol Sergeant cautioned motorists to watch for the dozing driver and to be alert for slow-moving vehicles. "If you are traveling this summer, allow plenty of time for your trip, and rest often," he cautioned.

CITY BEAUTIFICATION -- Members of the Modern Homemakers Extension Club, Mmes. Jim Hughes, T.J. Tipton, T.W. Lowery and Paul Skaggs, plant one of many juniper trees and pyracantha bushes at the Texico High School, as a part of their city beautification project. All Curry County Extension clubs have accepted a beautification project as part of their club work this year.

Marriage Announced

Announcement has been made of the marriage of Mrs. Loyce McCleskey of Farwell and Joe Hall of Montclair, Calif. The couple was married at the home of the groom's brother, Douglas Hall, in Belen Saturday, June 17, at 7:30 p.m.

Only close friends and relatives attended the ceremony which was read by Rev. Miller,

Wayne Watts

Announce Birth

Of First Child

Mr. and Mrs. Wayne Watts, Beeville, Tex., announce the birth of their first child, a girl, June 14. The little girl, who weighed 6 lb. 7 oz. at birth has been named Wendy Rene.

Maternal grandmother is Mrs. Allie Burris of Texico. Paternal grandparents are Mr. and Mrs. Jack Watts of Van Nuys, Calif., formerly of Texico.

Mrs. Burris and her daughter Zadene, have been in Beeville visiting with the Watts family.

Uncle Ray's "Hot Air"

The trouble with people is not that they don't know, but that they know so much that ain't so.

We taxpayers are lucky; we don't have to pass a civil service examination to work for the government.

Uncle Ray has a Big Selection of Summer Picnic Needs.

Ray Mears

Hospital Notes

S.G. Billington who spent some time in the Clovis rest home recently has returned to his home in Texico. His condition is described as satisfactory by family members.

Mrs. Mary Spurlin who was hospitalized last week has returned home and is in satisfactory condition.

Mrs. C.L. Mahaney who was hospitalized for several days last week receiving treatment for strep throat and pneumonia has returned home and is recuperating nicely. However, she must take it easy for some time. She says she would enjoy visitors since she is spending much of the time in bed.

Grayson Roberts is receiving treatment for plebitis in a Littlefield hospital. He may be able to return home by the end of this week. He has been hospitalized since June 12.

Marilyn Edwards was hospitalized last week for a series of tests.

Donna Rundell Is Bride Of Ronnie Thomas

Farwell First Baptist Church was scene for the June 11 wedding of Donna Rundell, daughter of Mr. and Mrs. Robert Rundell of Lockney, Tex., formerly of Farwell and Ronnie Thomas, son of Mrs. Jewell Thomas.

The Rev. J.L. Bass read the double ring ceremony before a fan-shaped arrangement of ice green gladioli surrounded by a large arch candelabra holding 15 lighted tapers flanked by nine-branched candelabra at either side. Interspersed throughout the entire setting were palms of emerald greenery. Focal point of altar decorations was a white wrought iron kneeling bench on which the couple knelt to seal their wedding vows.

Mrs. Donald Watkins, organist, played appropriate wedding music preceding the ceremony and the traditional wedding marches. She also accompanied Mrs. Bill Campbell, soloist when she sang "Whither Thou Goest," "Walk Hand in Hand" and "Wedding Prayer."

Candles were lighted by Linda Thomas, sister of the groom, and Ricky Bob Freeman, cousin of the bride. Robbie Rundell, sister of the bride, was flower-girl. She wore a corsage of minute carnations and carried a basket filled with minute white and mint green carnations. Her attire was similar to that of the other bridal attendants.

Best man was Roy Hammonds, close friend of the groom, Clovis. Groomsman were Clifford Thomas, brother of the groom, and Errol Johnson, cousin of the groom. Serving as ushers were Jackie Dyer, brother-in-law of the bride, and Joe Davis, a close friend of the couple.

Mrs. Jackie Dyer served as matron of honor for her sister. Bridesmaid was Regina Rundell, sister of the bride. Bridesmaid was Mrs. Joe Davis. Bridal attendants were attired in identical waltz-length dresses of mint green linen designed with bodice of mint green lace, accented by scoop necklines. Their headpieces were large fabric open-roses in matching hue to which minute circular veils were attached. White mid-heel shoes and

Announce Sons Birth

Mr. and Mrs. Lester Lee Harrelson announce the birth of their first child, a son, on June 12.

The little boy, who weighed 8 lb. 12 oz. at birth, has been named Kyle Lee.

Paternal grandparents are Mr. and Mrs. Lester Harrelson, Clovis Rte. 3. Maternal grandparents are Mr. and Mrs. V.A. Stallard of Ft. Sumner.

MR. AND MRS. RONNIE THOMAS

white go-go gloves completed their ensembles. They each carried a single long stemmed white rose surrounded by garlands of ivy accented by streamers of icy green ribbon.

The bride, given in marriage by her father, wore a floor-length wedding sheath gown of white satin overlaid with silk organza. The fitted bodice was accented by a scoop neckline and long sleeves which extended to petal points at the wrist. Appliques of lace accented the front of the dress and also adorned the train which was attached to the dress at the shoulders by minute covered buttons. The tiered veil of white silk illusion was held by a cluster of fabric camille roses. Adding to the headdress was a hair-piece of curls which was visible above the veil and roses. The bride carried a cascade of butterfly roses and stephanotis accented by garlands of ivy.

Following tradition, old was the wedding ring of her maternal grandmother, Mrs. H.K. Freeman; borrowed was the wedding dress from a close friend; new was her veil; and blue was the traditional garter.

The bride's mother chose a two-piece polyester treebark dress of mint green with smoke ring of antique gold and mint green. Accenting her ensemble was a white carnation corsage.

Mother of the groom wore a dacron polyester dress of luggage and Spanish tan accented by beige accessories. Her corsage was also of white carnations.

A reception was held in fellowship hall of First Baptist Church immediately following the ceremony. Serving table was laid with lace over mint green and centered by the attendant's bouquets and the flower girls basket. The three-tiered wedding cake, topped by a bride and groom figurine and adorned with mint green roses, was served with mint green punch.

When the newlyweds left for a wedding trip to Ruidoso, Mrs. Thomas wore a two-piece linen sheath and full-length coat of mint green accented by eyelet embroidery on the bodice in picadilly pink.

The bride, a 1965 graduate of Farwell High School, attended West Texas State University in 1965-66. She is now employed by Clovis News Journal.

The groom, who also attended Farwell schools, served in the U. S. Navy in Hawaii and Vietnam. He is now employed by Swift and Co. in Clovis.

The couple is now at home at Mirador Apartments in Clovis, Apt. 38.

Brownie Scouts

Begin

Sewing Project

Brownie Girl Scouts met at the home of their leader, Mrs. Truitt Hardage, recently for an afternoon of work and play.

The girls began construction of a beach bag, first step in teaching them how to sew by hand. Mrs. Toby Booth directed the study.

During the social hour, Leigh Ann Kirkland celebrated her eighth birthday, by serving cake and punch to the Scouts. Next meeting was set for June 29, 4 p.m. in the home of Mrs. Booth.

Attending the meeting were Kim and Kristi Magness, Leigh Ann Kirkland, Judy Hardage, Sheryl Woods, Karen Head, Kathy Booth, Gaye Coffman, Deana Williams, Cindy Watts, Pam Erwin, Carol Vinton, Kathy Jo Crume, Beth Black, Terry Boling and Mmes. Jack Kirkland, Norman Head, Toby Booth and Truitt Hardage.

Shannon Lynn Pope

Arrives June 16

SP4 and Mrs. James O. Pope announce the arrival of their first child, a daughter, Shannon Lynn, on June 16 at Cannon Air Force Base hospital.

Maternal grandparents are Mr. and Mrs. Robert F. (Bob) Park of Farwell. Paternal grandparents are Mr. and Mrs. Paul Pope of Amarillo.

Mrs. Pope will be remembered as Mary Lou Park.

RA's Camp In

New Mexico

Five members of the Pioneer Royal Ambassador chapter of Texico First Baptist Church spent two days of last week in the Pecos Wilderness of New Mexico. The group traveled by car to Cowles and then backpacked to Stewart Lake. The two days were spent fishing and exploring.

Making the trip along with counselor Bill Boling were Danny and Roddy Pearce, Raymond Fitts, Marty White, and Johnny Boling.

Jana Gary, three, daughter of Mr. and Mrs. Max Gary of Comanche, Tex., is visiting in the home of her grandmother, Mrs. Allie Burris, this week.

Mrs. Allie Burris and Zadene accompanied by Mrs. Laura Littrell have been vacationing in Lake Charles, La., Six Flags Over Texas, points in Oklahoma and Beeville, Tex. They returned home early this week.

TO WED -- Mr. and Mrs. Russell C. Collins, 3804 E. 13th, Amarillo, announce the engagement and approaching marriage of their daughter, Midge, of Houston, Texas., to Robert F. Park, Jr., Houston, son of Mr. and Mrs. Robert F. Park, Farwell. Vows will be exchanged August 1 at the Blessed Sacrament Church in Amarillo. No invitations are being sent locally but friends and relatives are invited to attend the wedding. The bride-elect is a graduate of Caprock High School in Amarillo and is presently employed by Henry Raths in Houston. Her fiancé is a 1967 graduate of Farwell High School and is employed by Kresge in Houston. He plans to attend South Texas Junior College in Houston beginning with the fall term.

A Son For Fred Gaddises

Mr. and Mrs. Fred Gaddis arrival. Other children in the family are two girls and another arrival of their fourth child, a boy, on June 20, in Clovis Memorial Hospital. The little Mr. and Mrs. Ray Gaddis of boys weighed 7 lb. 6 oz. on Tucumcari.

Boys State Is Great

by Warlick Dollar

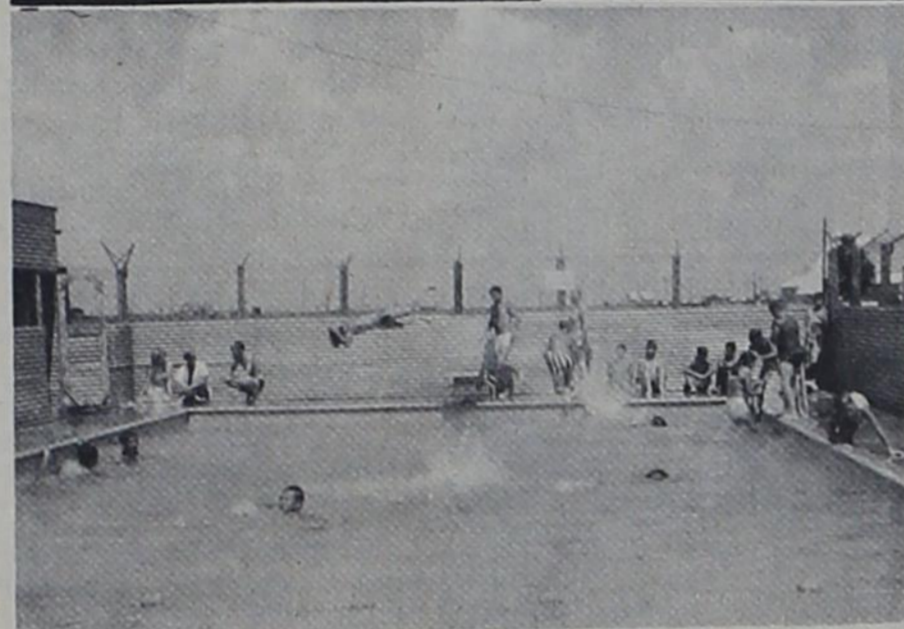

something you can never forget. I learned much about politics and the Texas government by reading and participating in politics. You divide into parties and actually go through the way it really happens.

What really inspired me was having the opportunity to listen to Ros Bartle of Kansas City, Mo. He is the greatest speaker in the world as far as I'm concerned. He brought me to realize what it means to be an American. Most people just don't realize what a privilege it is to be an American. I thank God that I'm an American!

I think it would be wonderful if every boy had the opportunity to attend Boys' State. I'm just truly thankful that I was chosen to go. Besides learning about politics at Boys' State you have the opportunity to participate in athletics and learn how to be a better sportsman.

I think that attending Boys' State is the most wonderful thing that has ever happened to me and I plan to live by what I have learned.

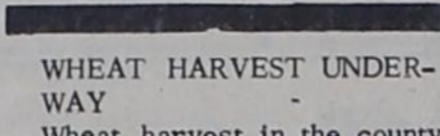

BEAT THE HEAT -- The ideal way to beat the heat has been found by this group of persons who played in the water at the Texico Swimming Pool on a recent afternoon. The pool is open daily Monday through Saturday, 1-5 p.m., and on Sunday, 2-6 p.m. In addition the pool is kept open three evenings each week for the convenience of those who cannot find time for their favorite past time during the day.

The summer camp program at Wehinahpay includes training in second and First Class requirements, Nature Study, Archery, Marksmanship, and Outpost camping. The program also provides instructions in 16 different Merit Badges such as First Aid, Camping, Cooking, Pioneering, Hiking, Soil and Water Conservation, Forestry, and several others.

On The Farm In Palmer County

By RONNY McNUTT
County Agent

WHEAT HARVEST UNDERWAY
Wheat harvest in the county is expected to be going strong by the time this appears in print.

At present per acre yields are not too good. According to the elevator people, yields are running from about 10 to 35 bushels (15-20 bu, average at Farwell, 5 to 40 bushels at Bovina (20-30 bu, average) and between 6 to 35 bu, at Friona. However, all elevators are reporting that the wheat is of good quality.

Here is hoping yields get better as we get further into harvest.

COTTON INSECTS
Moderate, and in some cases heavy, infestations of thrips have been reported in the county.

In some fields of early planted cotton, thrips damage to older leaves is very noticeable. However, in many cases the new growth shows little evidence of damage. This is a good indica-

tion that thrip populations are decreasing in some areas. Producers should still continue to check late planted cotton for thrips injury.

SORGHUM MIDGE REPORT
Johnson grass head samples have been taken in several South Plains counties, according to Don Rummel, area entomologist. To date no midge have emerged from these samples. Adult midge activity has not been observed on wild host plants during the survey.

Reports from Central Texas indicate that damaging midge infestations may occur in several counties in that area.

In the South Plains area, it is still too early to make an estimate as to the probability of midge infestations. However, the percentage of late planted grain sorghum is greater this year than in 1965 and 1966. If other conditions favorable for midge development exist, midge infestations may be more prevalent this season.

Farmers are frequently unaware of the midge until blighted or blasted heads begin to appear. Then it's too late.

The sorghum midge adults are a small orange gnat about one-twelfth of an inch long. Females deposit their eggs in the individual grain florets of young grain sorghum heads during a four to 10 day period following booting. The eggs produce larvae or maggots that feed on and consume the developing seed.

The only economical way to control midge is by destroying the females before they deposit their eggs. This requires precise timing since it must be done during the four to 10 day period following boot.

Where damaging midge popu-

FHA Authorizes Rural Loan Monies

Farmers Home Administration has been authorized to insure an additional \$148 million of rural loans according to word received by Mr. L. J. Cappelman, Farmers Home Administration Texas State Director.

This action, announced in Washington by Secretary of Agriculture Orville Freeman, will enable USDA's Farmers Home Administration to commit an additional \$30 million in Farm Ownership loans and \$118 million in Rural Housing loans to low and moderate income families.

Previous allocations of funds for Farm Ownership loans were exhausted in February. There are some 20,000 applications and unfunded loan dockets currently being held by the Farmers Home Administration.

Funds for Rural Housing

loans to low and moderate income families were exhausted in April. The Farmers Home Administration is now holding some 42,000 applications and unfunded loan dockets for Rural Housing loans.

Both the funds for Farm Ownership and Rural Housing loans are being made available immediately.

Farm Ownership loans are made to buy land, construct or repair buildings, improve land and refinance debts. They are payable over 40 years and bear 5 per cent interest.

Rural Housing loans are made to farmers and other rural residents in open country and small rural communities with populations of not more than 5,500. Loans are made to construct and repair needed homes and essential farm buildings, purchase

home or buy sites on which to build homes. The maximum term is 33 years. The interest rate on loans to families with low and moderate incomes is 5 per cent.

Farmers Home Administration services are made available through more than 1,600 county offices serving the 3,000 rural counties in the United States, Puerto Rico, and the Virgin Islands.

The county office for Farmer County is located at Farwell. The county supervisor is Billy R. Boling. Office hours are from 8 a.m. to 5 p.m. every Tuesday. Boling will be glad to discuss the Farmers Home Administration loan programs with interested individuals.

NEVER TOO BUSY -- Warlick Dollar is never too busy to talk about his experiences at Texas Boys' State from which he recently returned. "It's the most wonderful thing that has ever happened to me," he stated over and over as he related some of the experiences of the week.

Editors Note

The following account of Texas Boys' State has been written by Warlick Dollar, who attended the sessions as a representative from Farwell High School.

I think being chosen to go Boys' State is one of the greatest things that can happen to a boy. I would like to thank the Faculty of Farwell High School for choosing me to attend. Attending Boys' State is

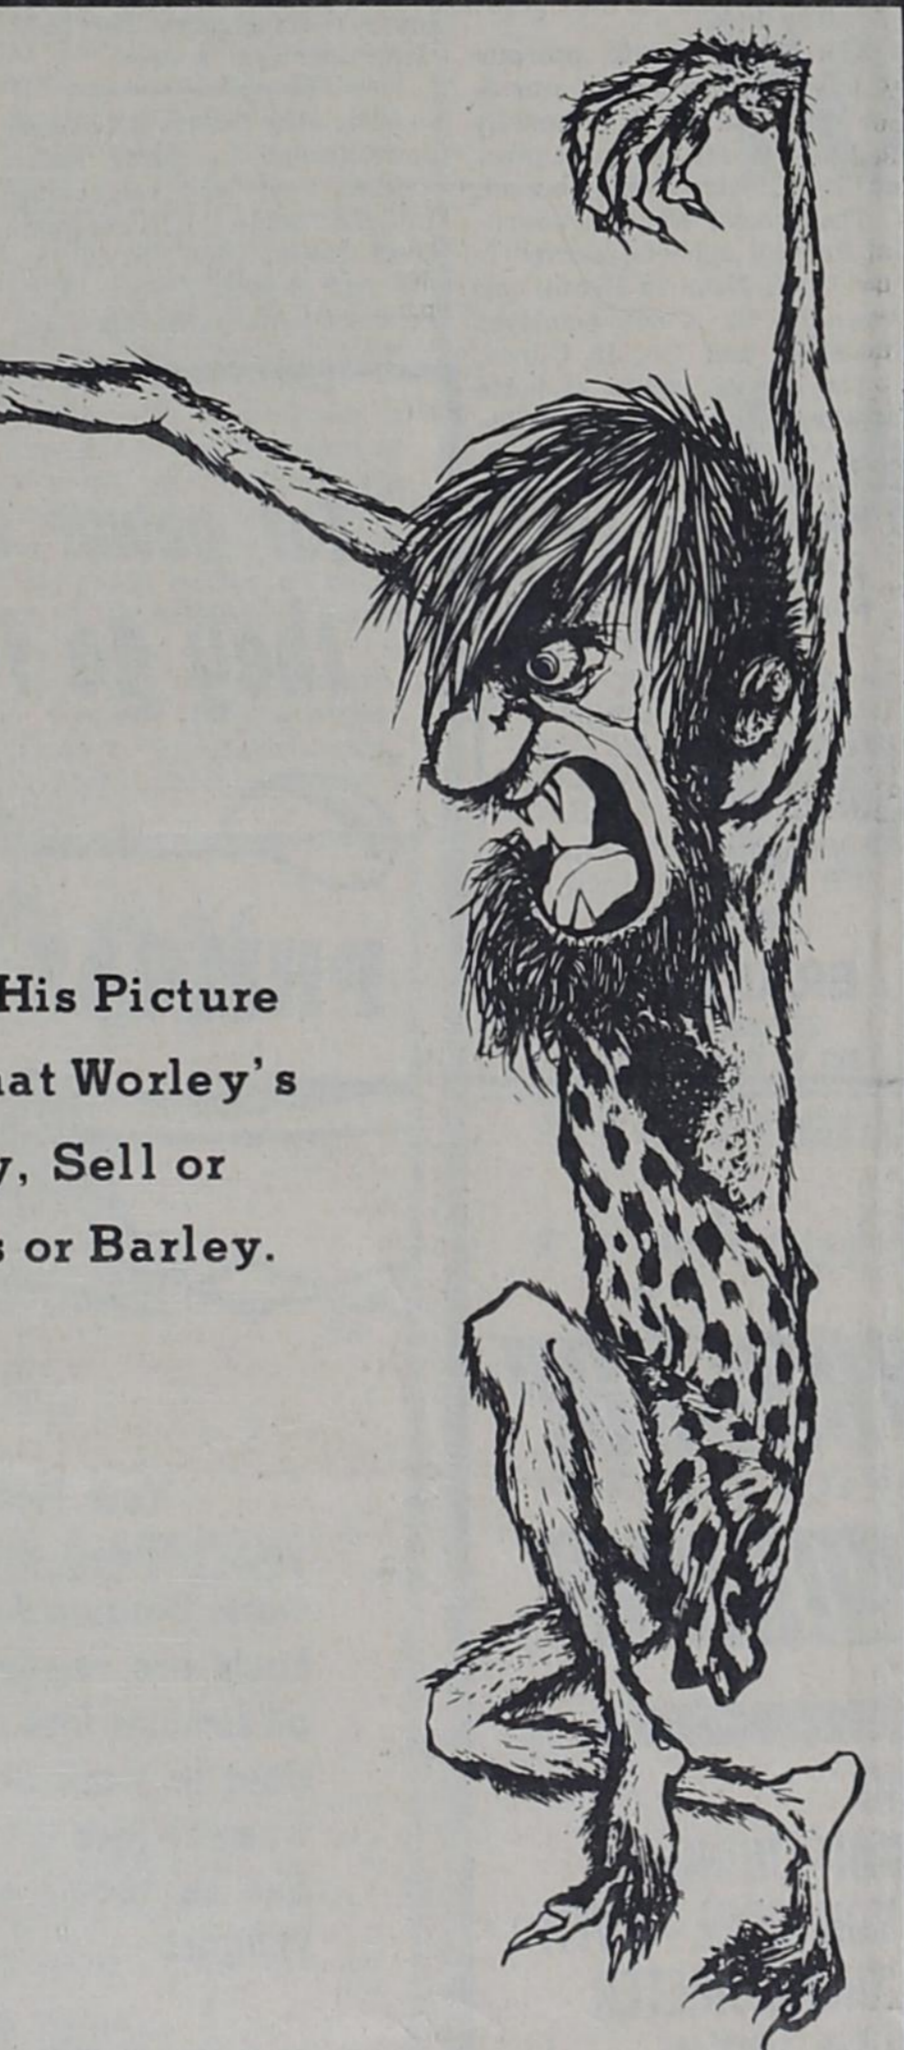

Scout Camp Opens With A Splash

The 1967 summer camp season of the Conquistador Council, Boy Scouts of America opened with a splash last weekend. The Council Aquatic Camp located on the Pecos River at Carlsbad has opened their first week of the Aquatic season.

Fifty-four scouts from all parts of the Council will receive instructions in rowing, swimming, canoeing, life saving and other activities centered around the Aquatic program.

According to Harold DeShurley, Chairman of the Council Camping & Activities Committee.

Camp Wehinahpay, the Mountain Camp of the Conquistador Council located at Sacramento, N.M., will open June 25th. This is two weeks later than originally scheduled. The Council, cooperating with the Forest Service, cancelled the first two weeks of Camp due to the condition of the Forest. Wehinahpay will operate for four weeks with the regular summer camp program, ending July 22. Starting for one week on July 23, the Council will conduct its first "Conservation Training Camp" covering all phases of conversation.
