SIXTIETH YEAR

10 CENTS

Whew, the new year started with a bang Monday. Our ubiquitous friend, the well digger, must have a tough day along with the rest of the citizens of the Twin Cities. This cold spell might just go all the way to Galveston as it comes in this city's 30-day period of probable freezes.

According to our new 1972-73 Texas Almanac published by the Dallas Morning News, Galveston can expect its first freeze in the fall on December 25 and its last freeze about January 24. This 99-year average apparently gives the city the longest growing season in Texas. We envy the residents right now, but when July rolls around, give us the good Old High Plains every time.

This tidbit on Texas weather is only one of literally a jillion bits of information contained in this 704-page chronicle of the Lone Star State. If you do not have a Texas Almanac, you are just uninformed on things big and little in our state. We are sure that the folks in Big D would sell you a copy by writing to the Dallas Morning News, Zip Code 75222.

In case it looks dark and dreary to you getting up these mornings, let us inform you that according to said almanac, we in Farwell are going into the period of the latest sunrise of the year. From January 6-15 our sunrise is given as 7:55 a.m. Our earliest sunsets are already behind us as they occurred at 5:46 p.m. November 29-December 7. So cheer up, soon our days will be getting longer on both ends; and then we can look forward to the people planners chopping us off again in April.

This week we received another letter from Charlie Bowery who is in the Armed Forces stationed overseas. We have received letters from Charlie in the past and appreciate hearing from the local boys in the services. Charlie's letter contains some very worthwhile thoughts and we will pass some of them on for your consideration.

Charlie says in part, "War is a way of protecting freedom. But the people of the United States persecute those who fight-----." He continues, "It destroys the will to win, and without winning, freedom will just go out the window-----."

We can only add an "Amen" to Charlie's observations and hope that in this coming election year, the American eagle will not turn out to be a chicken. We will be bombarded by a tremendous amount of left wing dovish propaganda for the next 10 months, but here we think is the ultimate answer: "Without winning, freedom will go out the window."

As the year progresses, remember Charlie Bowery's unadorned words of wisdom because freedom that goes out the window will be your freedom.

We sat in on part of Coach Vernon Scott's Holiday Basketball Tournament and came away with several observations. It looks as if the Steers will be strong in the district again this year. But we are glad our district doesn't extend into New Mexico. Dora came up out of the short grass country and won the tournament handsily by humiliating Kress, Olton and Farwell in that order.

New Mexico basketball is something else again. For a taste of their fast-paced exciting game, we suggest you watch the Texico Wolverines in action. They play it too.

Guy Cox Seeks Re-Election

Cold Front Brings Gusting Wind, Snow

A cold front which pushed into this area at approximately 8 a.m. Monday caused near-zero temperatures, gusting winds and blowing snow during the night Monday and on into Tuesday morning.

The front kept temperatures near the freezing mark Monday dipping to five degrees above zero during the night. At that

temperature, with winds gusting to 15-20 miles per hour, the chill factor ranged from 30-35 degrees below zero Monday to 20-25 degrees below zero up until 9 o'clock Tuesday morning.

Weathermen expected a warming trend later on in the week, but temperatures were expected to stay in the 'teens for a while. Approximately one inch of snow fell during the night Monday, but no accurate measurement could be taken since it was blowing and drifting.

Although the extreme drop in temperatures hampered motorists going to work Tuesday morning, there seemed to be enough jumper cables and neighbors to help start most of the cars or at least provide a ride to work.

Farmers working on the cotton harvest were not as lucky

in finding a way to get to work. They will have to wait from two to five days before they can again return to the fields, it was estimated by area ginners. Ginners were calculating that approximately one-half to three-fourths of the cotton had

been ginned before the cold front. Prices on the area cotton, which is of a poor grade, are very high. Farmers have been getting 31 cents per pound recently, although prices Tuesday were slightly lower at 30 to 30 1/2 cents per pound.

Near Farwell --

One-Car Crash Sends Three To Hospital

A one-car crash which occurred at approximately 5:15 p.m. Tuesday afternoon three and one-half miles east of Farwell on Highway 60 sent three persons to Clovis Memorial Hospital.

Bill R. Weston of Spearman, driver of the car, received only minor injuries. Passengers in the car, his parents, Dan and Doris Frye of Amarillo, received serious injuries. The Weston car skidded off

the road and ran into a tree after meeting a car coming head on in the wrong lane. The other vehicle, believed to have been an Oldsmobile, has not been found.

Investigating the accident were Glenn Fant and Terry Hodges, highway patrolmen. Hodges was transferred to Farwell in October after working as a patrolman in Livingston, Tex.

NOTICE

Farwell Schools will be closed Monday, Jan. 10, so that faculty members may attend a teacher's workshop. High school students planning to change their schedules should be at the high school at 10 a.m. Monday.

NATIVE SIDE of Ocho Rios shows the crowded wares on one side of the street which were being sold by the native peoples of Jamaica. The Dwan Nances visited Ocho Rios on a shopping trip and were amazed at the way the natives sold their goods on one side of the street while an ordered, well-kept import-export house stood on the opposite side of the street.

Nances Fascinated By Jamaican Trip

Mr. and Mrs. Dwan Nance returned recently from a week's trip to Jamaica sponsored by Shell Oil Company. Nance received the trips manager of Custom Farm Services in Bovina.

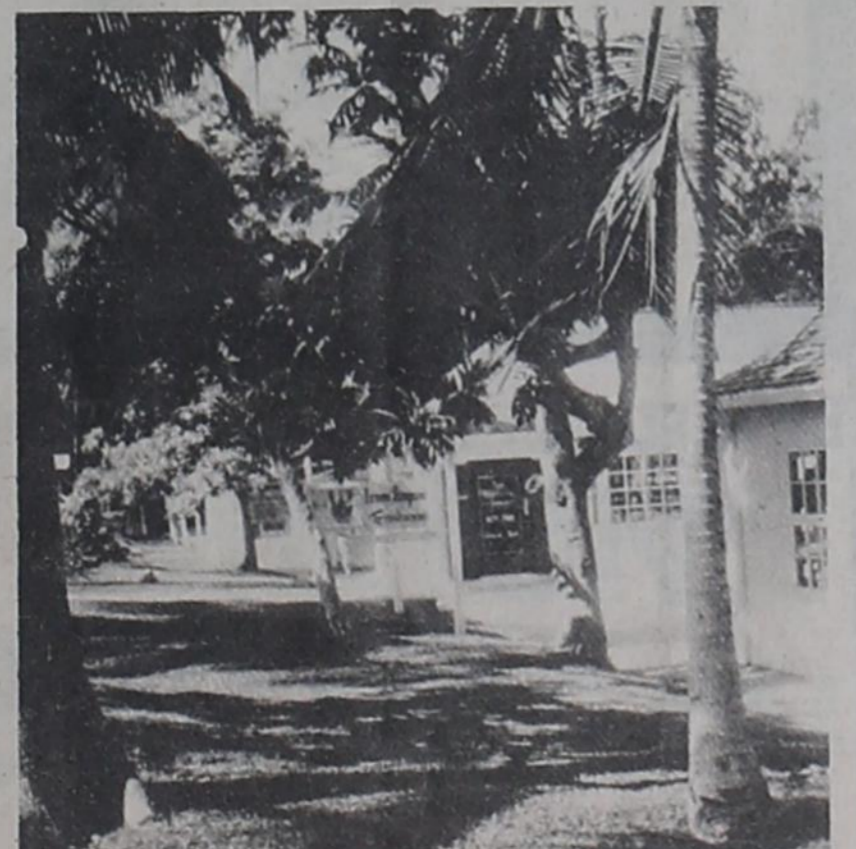

The Nances boarded a plane from Lubbock and landed on Montego Bay before taking a bus to Jamaica. On their return trip, the Nances took a bus to Montego Bay where they boarded a plane for Dallas before returning to Lubbock.

Mrs. Nance reported that they received the royal treat-

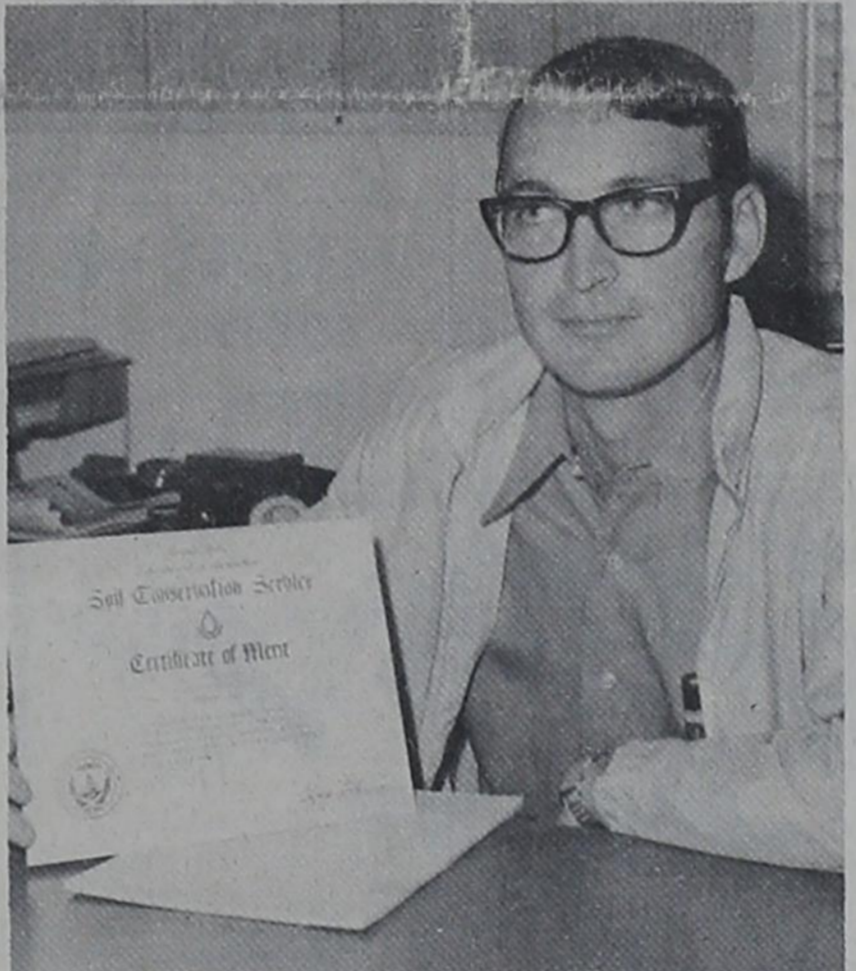

ment on their arrival and throughout their stay. This particular incident gives a description of the hospitality they received.

"One night we were asked if we wanted cocktails before dinner. They had available almost every type of drink imaginable, but Dwan kiddingly asked one of the waiters to get him some coconut milk from a coconut hanging high up in one of the trees which surrounded the hotel. To his amazement and mine, the man crawled up the

AN IMPORT-EXPORT HOUSE on the opposite side of the street from the natives' wares in Ocho Rios on the island of Jamaica is a striking contrast, says Mrs. Dwan Nance. She reported that a policeman stood in the center of the street to keep the native Jamaicans from going across the street to the import-export company housed in a beautiful building.

CERTIFICATE OF MERIT -- Bill Owen, Soil Conservationist at Hubbard, Tex., was recently awarded a Certificate of Merit from the Department of Agriculture. He is the son of Mr. and Mrs. Dee Owen of Farwell. His wife, Carolyn, is the daughter of Mr. and Mrs. E. E. Routon of Farwell. Clyde W. Graham, State Conservationist from Temple, sent Owen the certificate in recognition of his being assigned an outstanding performance rating for fiscal year 1971.

RECYCLING BEER CAN -- Farwell city water tower is undergoing a routine inspection for repairs and a new paint job. About every five years the tower is inspected so that repairs may be made if necessary. So far, Pittsburgh Tank and Tower Co. of Pittsburgh, Kans., the company contracted for the inspection job, has not found anything which would require repairs, according to Mrs. Janie Bowery, city clerk. City residents may have wondered why the water pressure was so low Thursday, Dec. 30. The cause was drainage of the tank so that it could be inspected.

JUMPER CABLES and West Texas neighborliness proved necessary for area residents Tuesday morning when blowing snow, gusting winds and freezing temperatures put the hex on many cars. This is just one of several scenes which occurred during the morning. With temperatures only five degrees above zero and a chill factor that dipped to 20-25 degrees below zero, area motorists were taking care going to and from their homes and work. Monday night with much stronger wind gusts, the chill factor dropped to 30-35 degrees below zero.

Farwell Teams Place Second --

Dora Boys, Dimmitt Girls Win Farwell Tournament

Dora, N.M., boys basketball team won the Farwell Invitational Tournament held Dec. 30, 31 and Jan. 1. Farwell Steers placed second in the tournament which included teams from several area schools.

Frenship boys team placed third in the tournament. Springlake-Earth boys captured the consolation trophy.

Named to the all-tournament team were Chuck Bailey, Boys Ranch; Kent Christenson, Frenship; Mike Clevenger, Springlake-Earth; Randy Evans, Dora; and Brett Hargrove, Farwell.

In their first tournament game, Farwell Steers conquered Boys Ranch by a score of 83-54. Brett Hargrove was high scorer with 26 points. He was also credited with 20 rebounds. Kevin Hardage had 16 points and Kevin Hargrove had 10 for Farwell. In the first half of the game Chuck Bailey made 21 points for Boys Ranch. Farwell recovered in the second half to win and advance to the semi-finals.

Farwell's second opponent was Frenship. Leading throughout the game, Farwell stomped Frenship by a score of 80-40. Brett Hargrove was high with 18 points, Kevin Hargrove had 16 points and Larry Erwin had 10 points for Farwell. Brett Hargrove was also credited with 13 rebounds.

In the finals, Dora ousted Farwell from the competition by beating them 57-29. Brett Hargrove made 13 points and had eight rebounds for Farwell.

Coach Vernon Scott said, "We played three games and won two of them with all of our boys contributing to the wins. We also lost one game in which all the boys contributed to the loss."

"We played very poor basketball against Dora. We did everything wrong including not shooting, not rebounding and not defending," he said. "Dora has a good basketball team, and they played basketball against us.

They deserved to win the tournament," the coach added.

Farwell varsity girls played their first tournament game with Nazareth winning 38-30. Jo Dell Goldsmith made 14 points, LaShawn Sheets, 12, and Marylin Winegar, 11, for Farwell.

Farwell was ahead of Nazareth throughout the game. Coach Gayle Nicholas said she wasn't too pleased with the playing in this game, although three people were in double figures. "I felt like we didn't score enough," she said.

The Steerettes romped over Springlake-Earth 56-46 in their second tournament game. LaShawn Sheets scored 28 points, Becky Ritchie made 16 and Jo Dell Goldsmith made 12 for Farwell.

"We really played our best game of the tournament against Springlake. We had a fine defensive effort by Phyllis Jones, Lynne White, Penny Phillips and Debra Flowers," she added. Dimmitt beat Farwell 39-33 in their final tournament game. LaShawn Sheets made 13 points and Becky Ritchie made 11 points for Farwell.

"We played pretty well, but we didn't hit a very good percentage of our shots. Our best defensive effort was given by Phyllis Jones," said Coach Nicholas.

Named to the all-tournament team were Phyllis Jones and LaShawn Sheets, Farwell; Cindy Dyer, Hart; Ann Lust and Nancy Tisdale, Dimmitt; Cheree Meinecke and Rebecca Hodges, Olton; and Jane Britton, Springlake-Earth. Phyllis Jones was named outstanding defensive player and Nancy Tisdale was named outstanding forward.

Coach Gayle Nicholas expressed pleasure with the performance of the team during the tournament. She said the team was without the help of Debra Foster who was ill during the tournament.

Awarded Merit Certificate

Bill Owen, Soil Conservationist at Hubbard, Tex., was recently awarded a Certificate of Merit from the Department of Agriculture. Owen is the son of Mr. and Mrs. Dee Owen of Farwell. His wife, Carolyn, is the daughter of Mr. and Mrs. E. E. Routon of Farwell.

He was presented the certificate in recognition of being assigned an outstanding performance rating for fiscal year 1971 in recognition of the commendable manner in which he per-

formed his duties in the planning and application of a quality conservation program which materially contributed to the accomplishment of the Hubbard Work Unit.

Clyde W. Graham, State Conservationist from Temple, sent the certificate to Owen. Tom Bounds, District Conservationist, said of Owen, "Through the efforts of Bill, the Hubbard work unit continued to give excellent service to the farmers in the area while District Conservationist Jim Green was detailed and later transferred to the Waxahatchie Work Unit. His dedication has been recognized for this and other outstanding work with the presentation of this certificate."

Hereford Lad Wins Roping Contest

Seventeen-year-old Kim Gripp of Hereford walked away with a hand-made saddle Sunday, Jan. 2, after winning the most money in team roping contests held at the roping arena one mile south of Farwell.

The contest included winnings taken in roping contests beginning Oct. 31 and ending Dec. 31. Runner-up in the contest was Benny Fulgham of Clovis.

The saddle was made by Billy Cook of Greenville, Tex. Another hand-made saddle will be offered to the person winning the most money during the next four ropings held at the arena. Roping contests are usually held each Sunday afternoon at 1:30 unless bad weather prevails.

Adair, all of Route 3, Clovis, is stationed at the Naval Air Station, Cubi Point, in the Republic of the Philippines. He is with Patrol Squadron 19, homebased at the Naval Air Station, Moffett Field, Calif.

The airman is a graduate of Texico High School.

TURNIP CAPITOL -- Yes, this area might be labelled the turnip capitol of the world -- that is if local farmers can continue coming up with the huge turnips which have been growing this season. Keith Scott brought two of his largest turnips Monday morning from a 3/4-acre patch four miles southwest of town. The one on the left weighed 6 1/2 pounds with a 22 1/4-inch circumference. The turnip on the right weighed 5 1/4 pounds. Both were grown without fertilizer. Scott reported that Orval Francis, also a local farmer, said in the 40 to 50 years that he has been growing turnips, this is the first time he has seen turnips of this size and weight grown in area fields.

5-Year Program --

SWPS Co. Looks To Future Area Growth

A five-year construction and improvement program which envisions an investment of more than \$144-million between now and the end of 1976 to stay ahead of the electric service needs of this area was announced recently by Roy Tolk, president of Southwestern Public Service Company.

"We see nothing but growth in the future of our area. It is not a question of a 'created demand' for electric power, which is the current battle cry of the uninformed critics of our industry, but it is a true growth based on the development of the area's economic potential and customers' need for more electrical power. There really wouldn't be much sense in planning to invest nearly \$150 million if all you were doing was trying to make headlines.

"This region, and the nation as well, needs more electric power not only for growth, but for environmental considerations. Electricity is the cleanest of all energies at the point of consumption, and we will need more and more clean energy for sewage and water treatment, disposal of wastes and the solution of other environmental problems," Tolk said in announcing the construction plans.

Generating station additions scheduled for the five-year period will add more than 600,000 kilowatts to the company's power production capability. At the present time, the 11 major power stations produce a little more than 2,000,000 kilowatts.

Tolk also said, "In June of 1972, we will complete an intertie between our company and the Public Service Company of Oklahoma. This is our first major interconnection with another utility. The tie line offers us the opportunity to exchange power; to sell power in power-deficient areas; to install units with larger capacity; and to locate units where fuel and water resources and load balances are most favorable. These are factors of efficiency and economy which are important to our customers, as these factors will be combined

Portraying Area Homemakers

Selected as Area Homemaker for this week is Mrs. Leon (Oneta) Luce of Texico who is the owner and proprietress of the Mode O Day dress shop in Clovis. Oneta is the former owner and manager of the Burger Barn Drive Inn in Texico which she operated until last year when she sold it to her twin sister, Juanita Wall, and opened the dress shop.

She has always been interested in operating a dress shop such as this one and her dreams materialized. Oneta enjoys working in the store as she has always been interested in people and the shop gives her an opportunity to meet many different personalities. She experienced some bad luck last summer, however, when the store was broken into and over \$2,000 worth of merchandise was stolen, including a new electric typewriter she had just purchased.

Mrs. Luce devotes her time away from the shop to her children, grandchildren, and to her hobbies of antique collecting, sewing, and cooking. The Luces have three children; Vernon who is a relief agent for Texas International Airlines, Mrs. Ronnie (Teresa) Curry who assists her mother in the shop, and Diane, a sophomore at Texico High School.

Oneta's present hobby is following Diane on her rodeo circuit. Diane was recently crowned Border Town Queen during the Border Town Days celebration, and has been named to the list of ten top finalists in pole bending competition for the year in the New Mexico Junior Rodeo Association.

Mr. and Mrs. Luce have two grandchildren, Terry Curry, age seven, and Dana Curry, two years old. Mrs. Luce calls Dana "Grandma's Little Helper" as her mother brings her to work at the shop with her.

One of Oneta's favorite hobbies is collecting antiques. She often goes on field trips in search of abandoned houses where discarded articles of antique status might be found. She has two items which she values highly; a toothpick holder which belonged to her grandmother, Mrs. W. H. Burns, that she estimates to be over 100 years old, and a dough-board-rolling pin set that was used by her grandmother and grandfather Burns when they began housekeeping. The rolling pin was carved by her grandfather and is approximately 150 years old.

Our homemaker enjoys sewing although she says she doesn't get to devote as much time to it as she would like. She does occasional sewing for herself, her daughters, and her granddaughter.

Last but not least of her hobbies is cooking. As she often does not have time to cook during the week, she cooks special dishes over the weekend and freezes them. This way her family can enjoy their favorite dishes even though most of her time is spent at the dress shop. She has consented to share three of her family's favorite recipes with our readers this week.

MRS. LEON LUCE, selected as Area Homemaker for this week, is pictured in her dress shop in Clovis during a day's work. Mrs. Luce owned and operated the Burger Barn Drive Inn in Texico until last year when she sold the drive-in and was selected by Mode O Day to open the Clovis shop. Mr. and Mrs. Luce reside in Texico where he is a driver for a trucking firm.

tree to get the coconut which he presented to Dwain," she said.

The couple rode in glass-bottom boats, took a tour over the island and visited several pineapple plantations and estates. "Some of the large estates are out of this world," she said.

She was especially intrigued by the James Bond estate and the fact that poinsettias grow wild on the island. The Nances also watched calypso and limbo dancers during their stay. At one point, they even took a turn at learning the dances. Also fascinating to watch were the fire blowers and the goat races on the beach, she said.

While staying at the Jamaica Hilton Hotel, the Nances enjoyed going on moonlight strolls along the beach and swimming in the salty sea water.

Mrs. Nance noted the difference in people who populated the island. Either they were very wealthy or very poor, says Mrs. Nance.

"When we visited Ocho Rios on a shopping trip, we were amazed to find on one side of the street the natives with their wares huddled together, and on the other side an import-export company housed in a beautiful building. Policemen stood in the middle of the street

watching to see that the natives stayed on their own side," she said.

Mrs. Nance said that there were lots of blackbirds in Jamaica, and they frequented the restaurants with outdoor eating facilities. "After a table was left with food on it, the blackbirds would swoop down and eat the scraps," she said.

A vacationing family loaded its pet squirrel, cage and all, into the front luggage compartment of the foreign, rear-engine car.

At a remote gas station in the mountains, Robert told the station attendant to "fill 'er up" and the family stepped out to look at the beautiful view.

When they returned, Robert asked how much he owed.

"Don't rightly know," the attendant said, "I gave your engine two bags of peanuts -- but I'll be dang'd if I know how to check its oil!"

Farwell Wins Over Springlake 65-60

Farwell Steers won their fourth district game Tuesday night beating Springlake-Earth by a score of 65-60. Kevin Hargrove made 29 points for Farwell.

"Hargrove and Kevin Hargrove, both sophomores, carried us through the game. We're playing hard, but we're not sharp. We're not as quick as we have been in the past. We're getting a bit complacent," said Coach Vernon Scott.

Scott added that several changes will be made in the team's offensive and defensive formations during the next few weeks. "We need more versatility. The other teams find it easy to scout us because we're beginning to be too stereotyped," he added.

Farwell and Vega are tied for first and second places in district with 4-0 records. Kress is in third with a 3-1 record. In fourth place is Springlake-Earth with a 2-2 record. Hart, Happy, and Bovina follow with 1-3 records. Sudan is in last place with a 0-4 record.

Farwell varsity girls lost to Springlake-Earth Tuesday night by a score of 39-36. LaShawn Sheets was high scorer for Farwell with 23 points.

"We played very well up until a little over a minute left in the game. At that point, we did everything wrong. We missed two one-and-one free throw situations. We shot when we weren't supposed to, and we had a turnover," said Coach Gayle Nicholas.

"We led throughout most of the game. Our defensive rebounds hurt us. We couldn't get a rebound," she added.

Farwell B boys game score was unavailable at presstime.

Next games for Farwell boys and girls varsity teams are Friday night with Kress there. "Kress could jump into a tie with us if we aren't careful," said Coach Scott.

Texico Girls Win, Lose To Grady

Texico varsity girls team beat Grady Tuesday night by a score of 41-27. Debbie Tharp with 11 points and Judy Yell with 10 points were high scorers for Texico.

Coach Charles Stockton said, "We took the lead from the first and kept it throughout the game. They came within three or four points of us in the second quarter, but we came up with the win." Stockton said his team used fast break and lay-up shots to win the game. He also commented that the team handled the ball well.

Texico B team girls lost to Grady by a score of 24-14. Linda Autrey was high for Texico with eight points. "We didn't do too much playing during this game," Stockton said.

Texico varsity girls and eighth grade girls were to travel to Logan, N.M., Thursday night for games beginning at 6:30 o'clock CST. The varsity team and ninth grade girls will host Ft. Sumner in games Tuesday, Jan. 11, at 7 p.m.

SWCD Booklets Available

The Parmer County Soil and Water Conservation District is now making distribution of its revised Program and Plan of Work booklets.

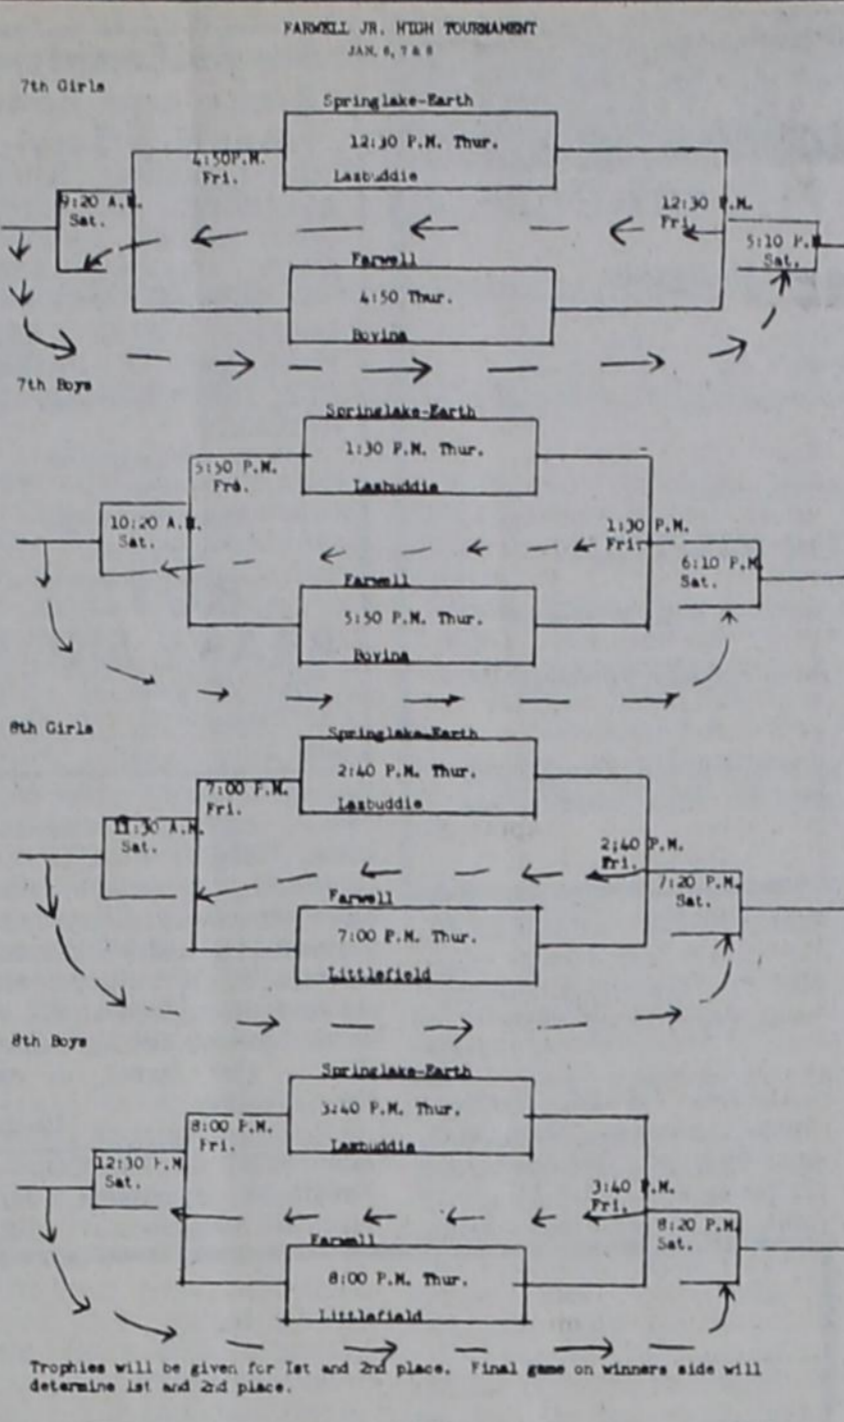

Leon Grissom, chairman, said copies are available to all interested persons. Copies have been placed in the banks in the county, the County Agent's office and the ASCS office in Farwell, PCA office, Friona, and are also available at the Soil Conservation Service office in Friona.

Board members have devoted many hours of their time to developing this Program and Plan. It outlines their objectives as a primary source of motivation in protecting all natural resources.

There is a brief history of Parmer County and its soil and water conservation movement. Also included is a general soils map of Parmer County, and pictures of good conservation practices being applied in the county.

In the publication, the district recognizes the need for pollution control in the urban areas, wildlife conservation, and conservation education.

This comprehensive environmental publication gives an up-to-date view of what has been done in Parmer County and outlines realistic goals for the future.

Cotton Center Wins Over Lazbuddie Teams

Cotton Center beat Lazbuddie varsity boys team Tuesday night by a score of 43-32 in Lazbuddie's first district game. Loy Dale Clark had 10 points and Arthur Graves had nine points for Lazbuddie. Thomas Kirven was credited with 26 rebounds. Moring and Barrett each made 10 points for Cotton Center.

"We played good defense, but we did some sorry shooting. We only made 13 out of 66 shots. We've had good defense all year, but we haven't been doing well on shooting," said Coach Bob Evans.

Lazbuddie varsity girls team lost to Cotton Center Tuesday night 59-45. Cotton Center led throughout the game. Debbie Engleking made 32 points for Lazbuddie. Cotton Center's high pointer was Robertson with 31.

Lazbuddie varsity teams will participate in the Amherst tournament this weekend. The varsity girls are scheduled to play at 1:20 p.m. Thursday. Varsity boys were to play at 3 p.m. Both teams are going against Bovina in the first game.

Jr. High Played Monday

Farwell eighth grade boys team lost to Springlake-Earth Monday night by a score of 44-30. High for Farwell were Brad Jones with 14 points, Gerald Hardage and David Cantu, both with four points.

Coach Larry McDorman said, "We're doing better every game. We're still working hard."

Farwell seventh grade team won over Springlake-Earth Monday night by a score of 36-22. Ruben Castillo had 16 points and Jimmy Maltos had 14 points for Farwell.

Coach Larry LeFevre said, "We're really pleased with the boys' playing. We played better than I figured since we were out for Christmas vacation and hadn't been practicing. We hustled real well."

Overweight? That's a sign to use sparingly all kinds of fats and sweets. Say "no" to pies, cakes, other rich desserts and gravies. Drive away the temptations by snacking on celery and carrot sticks or apple wedges.

84 YEARS OLD -- Fred Kepley of the Oklahoma Lane community celebrated his 84th birthday Sunday, Jan. 2, with a surprise birthday party arranged for him by his wife held in their home. Present were Kepley's children and grandchildren. He came to the community in 1920 when he purchased some land. Kepley believes himself to be the oldest resident of Oklahoma Lane community who came as early as 1920.

Surprise Party Honors Kepley

Fred Kepley of the Oklahoma Lane community was honored with a surprise birthday party in his home Sunday, Jan. 2. The party was planned by Kepley's wife. "She sure put one over on me," he said.

Kepley celebrated his 84th birthday with the help of his children and grandchildren, Mr. and Mrs. Turner Paine and daughter, Velda Jolly, of Farwell; Mr. and Mrs. J. W. Herington, Ellen, Jay, Ginger and Karen of West Camp; Mr. and Mrs. C. C. Smith of Clovis; and Mr. and Mrs. Tom Paine of Bovina. They were served coffee and birthday cake.

Kepley came to the Oklahoma Lane community in July, 1920. He bought land then which he still lives on, Kepley says there are five other people still living who were in the area when he came, other than Mrs. E. W. McGuire who still resides in Oklahoma Lane.

He believes himself to be the oldest person still living in the Oklahoma Lane community who was there in 1920. There is only one person who is older than Kepley who owned land in the community in 1920. He is A. L. Tandy who lives in a rest home in Dumas.

Kepley said that he and five other residents of Oklahoma Lane in 1920 were present for this past Oklahoma Lane Christmas celebration. They

were Mrs. E. W. McGuire, Gertrude Fowler Wingo and Vashit and Chester Fowler, all of Oklahoma Lane, and Clarence Christian of Farwell.

Sheriff Charles Lovelace reports that district court will be held Monday, Jan. 17. At that time, a jury will be called. The criminal court will hear pleas of guilty as well as several other cases pending a jury trial.

Officers are helping with an investigation conducted by Bailey County sheriff's officers concerning the theft of an irrigation motor owned by Bob Edens.

The motor, a 427 Ford, was taken from a well on a farm near the West Camp church in Bailey County. Officers believe it was taken Friday night, Dec. 31.

TWO MINUTES WITH THE BIBLE
BY CORNELIUS R. STAM PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60633
"BUYING UP THE TIME"
Nineteen hundred years ago Paul wrote to his fellow-believers in the vicinity of Ephesus: "See then that ye walk circumspectly, not as fools, but as wise, redeeming (Lit., buying up) the time, because the days are evil" (Eph. 5:15).
Those were indeed evil days, when a wicked tyrant ruled the Roman Empire, when Messiah had been rejected, not only in incarnation, but in resurrection and Christ-battle to penetrate the prevailing pagan darkness with the light of God's grace.
Surely Paul never dreamed that the dispensation of grace would continue for nineteen hundred years longer. He expected the Lord to come at any time to recall His ambassadors and bring the day of grace to a close. Hence the urgency of his appeal: "Buy up the time, because the days are evil."
But if Paul had reason to suspect that the day of grace would soon be brought to a close, we today have greater reason to think so. Now that the light of the gospel has been brought to Europe, America and many other parts of the world, men are turning their backs on it. Only a small minority of even Christendom truly believe the Bible and know the Christ it presents -- and how very few know the riches of His grace!
Meanwhile our governments, our educational institutions and our social systems are becoming ever more godless. The result? The newspapers, radio and TV -- even a trip downtown to any fair-sized city will tell us all we need to know.
Once again, "the days are evil" and the Lord's coming for His own seems imminent. There is still much talk about lasting peace and prosperity, but no thoughtful person believes that we are headed in that direction. Rather the world appears to be heading straight toward the prophesied "day of His wrath."
What a comfort, then, it is to the believer, to know that "God hath not appointed us unto wrath, but to obtain salvation by our Lord Jesus Christ, who died for us..." (I Thes. 5:9,10). "For the Scripture saith, Whosoever believeth on Him shall not be ashamed" and "whosoever shall call upon the name of the Lord shall be saved" (Rom. 10:11,13).

Barnett, Farmer Wed In Minnesota

Dawn Marie Barnett and Kenneth Dale Farmer were united in marriage Wednesday afternoon, Dec. 22, in the First Baptist Church in Garden City, Minn.

The bride is the daughter of Rev. and Mrs. Frank Barnett of Garden City, Minn. The groom's parents are Rev. and Mrs. Tommy Farmer of Pleasant Hill.

Vows were solemnized by the groom's father, Rev. Farmer, before an altar flanked by poinsettia plants and decorated with greenery and white candles. After the wedding, the couple paused to light a memory candle.

Mrs. Russell McCormick, organist, accompanied Kenneth Morlan of Scranton, Iowa, while he sang "Dedication," "The Lord's Prayer" and "I'll Walk With God."

The bride, given in marriage by her father, wore a gown of white antique bridal satin featuring an empire waist complimented with tiny seed pearls. Pearls also complimented the sleeves. Her floor-length veil was of mantilla lace. She carried a cascade of red and white roses.

Maid of honor was Rebecca Barnett, sister of the bride. She wore a floor-length gown of red and white velvet featuring an empire waist and long puffed sleeves.

Marisa Farmer, sister of the groom, was bridesmaid. She wore a dress styled the same as the maid of honor in a pine green and white color combination. Each attendant carried a single long-stemmed red rose. Susan Bidwell of Garden City was flower girl. She wore a floor-length gown of green velvet.

Best man was Oliver St. John of London, England. Groomsman was Stephen Carlson of Lake Crystal, Minn. Ushers and candlelighters were Jonathan Barnett, brother of the bride, and Dale Hudson of Garden City. Ring bearer was David Williams of Lake Crystal, cousin of the bride.

A reception was held in the church fellowship hall immediately following the ceremony. Presiding at the guest book was Shirley Boomquist of Lake Crystal.

Serving a three-tiered wedding cake were Mesdames Raymond Krueger and Donald Krueger, aunts of the bride. Coffee was served by Mesdames Donald Williams and Alfred Barnett, also aunts of the bride. Rose Barnett, sister of the bride, and Ellen Farmer, sister of the groom, presided over the punch bowl.

Attending the wedding were several friends of the bride and groom whose acquaintances were made during the days of their early courtship which began in Kenitra, Morocco, in 1966 while the groom's father and family were on a military assignment with the American Embassy in Rabat, capitol city

of Morocco. At that time, the bride's parents and family were Baptist missionaries living at Kenitra.

Special guests were Oliver St. John, London, England; Carol Fairley, Washington, D.C.; Jan, Anna and Marie Fueller, Caracas, Venezuela; Ken Moran, Scranton, Iowa; and a number of friends from Minneapolis, Minn.

Rev. and Mrs. Tommy Farmer were hosts for a rehearsal dinner at the Happy Chef Smorgasbord Restaurant in Mankato on the eve of the wedding.

After a brief wedding trip to the Minneapolis-St. Paul area, the bride and groom returned to Nacogdoches where they will attend Stephen F. Austin State University.

She received the Outstanding Teenager of America award. Six freshmen and six sophomore girls will begin their duties at the beginning of the next semester. Their duties are: to be available at the College President's request for various appearances and functions; to attend area high schools for college nights and other recruiting events; to serve as college hostesses for open houses, receptions and other special events; and to welcome dignitaries visiting the college campus.

The girls were selected from a group of 54 originally presented for consideration by college departments and Student Senate. These names were turned over to a reviewing committee consisting of SPC faculty members.

A screening board studied and analyzed information presented by the reviewing committee and interviewed each individual applicant. The finalists then attended an informal tea attended by the President and his wife.

The girls' qualifications included personality, poise, appearance; informed concerning all areas of college and community; able to relate to and communicate with people;

maintain a grade point average of 2.75; willing to do some traveling and perhaps remaining on campus some weekends; and to be willing to attend charm sessions.

Farmettes Celebrate 20 Years Of Fellowship

CHRISTMAS, 1955 -- Sixteen Farmerette members gathered in the home of Dot and Sonny Roach for a Christmas party in 1955. They were, left to right, front row: Charlene Grissom, Avis Carpenter and Marjorie Watkins; second row: Joyce Doshier, Jeanne Garner, Gladys Sudderth, Lois Billingsley and Frances Gober; back row: Jerry Meeks, Bonnie Warren, Dot Roach, Joyce McGuire, Bobbie Lou Foster, Louise Christian, Skeet Caldwell and Dot Christian.

Farmerettes Club was organized April 3, 1951, upon the suggestion of Mrs. Wilma Grissom, as an activity in which wives of area farmers or those connected with farming could enjoy themselves while helping others.

Their first activity was a social. From then on, the club enjoyed an annual chicken fry, Christmas parties, Halloween parties, dinners, luncheons, mother-in-law parties, going-away parties, grandparent parties, book reviews and other activities.

During their second year together, the Farmerettes met at the home of Mrs. Avis Carpenter in the oldest clothes they could find. Mrs. Lois Billingsley won the prize that day for the oldest outfit.

On another occasion in 1954, the group donned hobo costumes for a supper which consisted of beans, chili and other hobo chow. They entertained themselves by doing gymnastics.

On their fifth anniversary in 1956, the Farmerettes met in the Wendol Christian home. Tables were arranged in the shape of an F to denote the five years. Also representing the fifth anniversary were five candles in an arrangement on a round mirror base. Green and white was the color scheme used.

At that time, Mrs. Avis Carpenter and Mrs. Joyce McGuire were recognized as having the highest attendance records. Avis missed one meeting out of 40 and Joyce missed only three meetings out of 37 since becoming members.

In 1960, the group got together with their husbands for a beatnik party. Lawrence Cooper made his mark by reciting poetry in the dark.

The Wendol Christian home was the site of the group's tenth anniversary celebration in 1961. Decorations were white and pastel pink with a pink floral arrangement featuring a white rabbit and the numeral 10 in silver glitter at the head table. The white rabbit was representative of "Harvey" the name with which the Farmerettes use to sign their secret pal cards. White candles with a base of pink cream puff decorated each table.

When the Farmerettes reached their 15th anniversary, they held a banquet in the Wendol Christian home. Tables were decorated in white and gold and centered with the numeral 15 in gold glitter. Place cards were edged in gold and attached to each card was a 1951 penny, the year the club was organized. "Farmerettes 1951-1966" was inscribed on the napkins.

On March 26, 1971, the Farmerettes celebrated their 20th anniversary with a special party and program in the Leon Billingsley home. "Farmerettes Review" was the theme of the evening. Focal point in the decorations was a wall scene featuring silhouettes to represent each of 12 club members with a letter on each to spell out "Farmerettes."

Below these letters were cut-outs of the word "Review" with each letter depicting some special occasion or activity of the club, such as a turkey for Thanksgiving, a rabbit for Easter, a pumpkin for Halloween

and a Valentine heart for St. Valentine's Day.

On a table beneath the display was a large snifter filled with various colored sherbet balls and an anniversary cake which was made and decorated by Mrs. Bill Meeks.

The cake featured 12 little "Harveys" trailing down "Memory Lane" on a green grassy background. In the meadow were trees, flowering shrubs and a brook of blue water running under a small bridge made of pretzels. The name of each member and the date she joined the club was inscribed on the sides of the cake. Twenty candles represented the club's 20 years of existence.

Each of seven tables was decorated to represent some type of party the club had enjoyed during the years, including Halloween, Christmas, Valentine, Fourth of July, Hawaiian Luau, Hobo and Going Away.

Although the group enjoyed having parties, they also had a serious side when it came time to render help to the less fortunate. In their second year of existence the club placed Bibles in the rooms at Parmer County Community Hospital in Friona.

They also voted to send money to some boy or girl overseas, donated old clothes to a needy family, presented families with Christmas boxes, donated money to the Cancer fund and gave help to various other organizations over the years.

Not only did the group enjoy getting together for a meal, they also enjoyed being entertained by several speakers. The group heard tips on wigs and wiglets, home interior decoration, care of wash-and-wear clothing and a host of other interesting programs.

The Farmerettes presently have 11 members. They are Mesdames Avis Carpenter, president; Mildred Cooper, Lillie Christian, Dot Christian, Louise Christian, Ginny Blankenship, Alta Gerles, Anne Norton, Jerry Meeks, Lois Billingsley, secretary; and Margie Watkins.

Original members of the group included Dot Roach, Wilma Grissom, Frances Gober, Jerry Meeks, Irene Gober, Charlene Grissom, Skeet Caldwell, Avis Carpenter, Bobbie Lou Foster, Louise Christian and Lois Billingsley.

Cooper, Donald Watkins and Donald Christian.

At Home In Parmer County

'Tis the season of the year to conjure up a host of new year's resolutions, and among the many that seem to crop up year after year is losing weight. Make it easy on yourself this year and follow the simple steps to weight reduction.

First you must decide that you really want to lose weight. Doctors and nutritionists may report you need to trim off those extra pounds, but it is up to you--and what you eat--that counts. Or, it's what you don't eat that counts.

Check with your doctor to make sure it is safe for you to lose weight, especially if your goal is 10-20 pounds. Also ask a physician about exercising.

Choose a sensible diet, that is 500-1,000 calories lower than what you normally eat. For women this level is generally around 1,200 calories. Also make sure that the diet is nutritionally balanced.

*DID YOU KNOW that a diet choosing lower-calorie foods from the 4 food groups supplies approximately 1,200 calories and meets the recommended daily requirements of all nutrients.

*DID YOU KNOW that the popular "Weight Watchers" diet now sweeping the nation supplies approximately 1,200 calories, 3 times the protein recommended daily and meets the requirements of all other nutrients.

*DID YOU KNOW that you can lose the same amount of weight (1-2 lbs./week) on both of these diets, but at much less cost using the 4 food group diet. It makes no difference when you eat certain foods (like eggs, bread, or cheese as restricted in Weight Watchers) but rather the total amount you eat.

Here is a diet that supplies all of the needed nutrients for only 1200 calories:

Breakfast -- (a very important meal) -- one eight-ounce class of skim milk, one poached egg, one piece of dry toast and one-half cup tomato juice.

Lunch -- cheese sandwich, carrot and celery sticks and one eight-ounce glass of skim milk.

Dinner -- meat patty, broccoli, tossed salad with oil and vinegar, roll and iced tea or coffee.

Snack -- apple or pear.

According to the Extension Service Foods & Nutrition Specialist, this diet uses lower-calorie foods from the basic four food groups including milk,

meat, bread and cereal, and fruit and vegetable.

A fourth step in proper dieting is to exercise daily. Remember that body weight is governed by two factors -- the calories eaten in food and the calories expended in exercise. Just think how much quicker you will lose weight if you work on both diet and exercise!

Also remember to be patient, she notes. Don't try to achieve your weight goal all at once but follow a safe routine of losing one or two pounds a week. It is harder to gain back lost pounds if you lose weight slowly.

Incorporate these five keys to weight reduction in your daily habits and your new year's resolution will come true.

Just a few interesting facts on dieting:

DID YOU KNOW that Dr. Stillman's "Doctor's Quick Weight-Loss Diet" is a high protein, low carbohydrate diet. It can be very satisfying to the dieter because it offers meat, cheese, and eggs, and eight glasses of water a day.

... That restricting carbohydrates may be dangerous. The National Research Council suggests that healthy persons generally need 100 grams of carbohydrates daily to avoid ketosis--excessive protein breakdown--and other undesirable metabolic responses.

... That the "Air Force Diet" is also dangerously low in carbohydrates. This diet has no connection with the U. S. Air Force.

... That the "Drinking Man's Diet" was also just a gimmick in promoting the idea that the calories in alcohol didn't count. Alcohol is quite high in calories and has very little nutritive value.

... That the "Mayo Clinic Diet" promotes grapefruit and eggs as the basic regimen. Although no such food has such properties, grapefruit was supposed to chew up and dissolve body fat. This diet has nothing to do with the Mayo Clinic in Rochester, Minn.

... That the only successful way to lose weight is restricting calories and changing food habits. You can't live on fad diets the rest of your life. Therefore you must find a sensible way of eating fewer calories. Try the 4 food groups--it works!
