They are at it again -- the do gooders, that is. This time their efforts are directed at that great Southwest tradition, the rodeo.

They have been at odds with rodeoing in the past and have prevailed to the extent that the Rodeo Cowboys Association (RCA) now follows 19 rules set down by the HSUS.

Space does not permit a detailed analysis of the current rhuabub, but we can say that the present attack is centered around a piece of pending legislation that would make holding a rodeo impossible.

We, in the Southwest particularly, feel strongly about this wholesome activity and it behooves everybody to register a view with their Congressman.

Let's not let inertia rob us of a great sports spectacle as well as an excellent activity for our young people.

We recently read two news articles published several days apart in different publications. The first one dealt with the decline in Church membership and the dwindling Sunday church attendance around the country.

In the war report, the Rev. Dr. Robert Bilheimer says the failure of protests to stop the war has undermined the confidence in democracy.

How is this for our response? Bull Corn Brother Bilheimer! Again, we have an administration that took office with over 550,000 men in Vietnam.

The United States was withdrawing as rapidly as possible, without just actually running up the white flag, when North Vietnam launched a full scale land invasion of South Vietnam.

The Northern forces were equipped with the latest arms and equipment for land warfare and mercilessly shelled and slew thousands of defenseless South Vietnamese.

We wonder if Dr. Bilheimer would sacrifice uncounted thousands of innocent lives just to let the Red Masters of North Vietnam have their bloody way?

This added thinking by many prominent Church leaders propounded in the first article we read. Who wants to be a party to such clerical antics as that demonstrated by this spokesman for the Nation Council of Churches?

Several years ago the ravages of advancing years forced us into the use of eyeglasses. We have at various times patronized different emporiums of eye aids with only slight variations in their methods of operations and chargings for their services.

Last week we received a new pair from one of the more plush Clovis optical centers, as they are now known. This was different, at least to the extent of presenting what is crassly known as "the bill".

We find we were assessed fees, another euphemism, for (1) preliminary diagnosis, (2) analysis and complete diagnosis, (3) prescription and treatment, (4) ophthalmic services and (5) laboratory services.

We did enter the office and say that we did want new glasses. We did expect to have to give our name, address and

Fireworks And Barbecue In Texico July Fourth

Plans are being made for the fifth annual Fourth of July celebration in Texico sponsored by Texico Chamber of Commerce, Texico Volunteer Fire Department and Texico Women's Club.

Early in the afternoon on the Fourth, two baseball games are to be played at Texico-Farwell Lions Club Ballpark. According to Bill Thigpen, who is helping with plans, arrangements should be completed sometime this week for the games.

Texico Women's Club members will serve a barbecue meal that evening at the ballpark. Cost of the meal is \$1.25 for adults and 75 cents for children.

Bill Christian, president of Texico Chamber of Commerce, is in charge of the concession stand which will be open during the ballgames and probably after the barbecue.

Don Caillouet, Texico fire

chief, is in charge of coordinating activities of the day. Mrs. Murray White, Texico Women's Club president, is in charge of the barbecue.

Thigpen commented that the celebration is the only place he

knows of that gives \$5 worth of fun for \$1.25. He added that an invitation is extended to all families in the Texico-Farwell area to participate in the day's activities and to help celebrate the holiday.

Highlight of the evening's events will be a \$275 fireworks display. An aerial array of beautiful colors will be shot off immediately after dark (around 10 p.m.) by members of the fire department.

Fun And Food On 4th Program

The annual July 4th celebration for Oklahoma Lane community will start early in the afternoon with a series of baseball games scheduled, according to Donald Phelps, chairman of the planning committee for this year's activities.

Immediately following the ballgames, a basket supper will be served with each family attending bringing their own picnic meal.

A patriotic program will be presented after the supper. New directors of Oklahoma Lane Community Center will be elected and a chairman for the Christmas and 1973 July 4th celebrations appointed at a short business meeting. The day will be topped off with a

fireworks display shortly after dark.

All residents and former residents of the Oklahoma Lane community are invited to attend the annual celebration. According to residents of the community, the celebration allows them to visit with each other as well as visit with ex-Oklahoma Lane residents who return for the event.

Frequent Rains Blessing For Texico-Farwell Area

Frequent rains this past week have aided most farmers in the Texico-Farwell area, although some hail damage occurred in an area 10 miles northeast of Farwell.

Good rains Wednesday through Saturday nights last week gave many farmers something to smile about, but the Herman Gerles family who lives 10 miles northeast of Farwell was none too happy about Wednesday night's storm.

They received a little better than an inch of rain Wednesday night, but it was accompanied by a lot of hail. Gerles estimated that his cotton crop was completely ruined along with 30 percent of his wheat. He reported that the Don Gerles farm was in much the same condition. Other farms in the area received hail damage, according to Gerles.

On the John Lorenz farm, nine miles north and two and a half miles east of Texico, there was some wheat damage by hail. Tommy Williams, to the east of them one and a half miles, received a lot of hail on his corn crop.

Friday night on the Herman Gerles place, .75 inch was recorded, with 1.25 inches recorded five miles south of their farm. On the Lorenz

place, 1.25 inches of moisture was recorded Friday.

B. A. Rogers in Texico reported a half inch Thursday night and an inch of moisture Friday night. At Texico Feed Lots, .2 inch was reported Wednesday, a half inch Thursday and an inch Friday.

John Hadley, south of Texico, received one-third inch Thursday night with 2.4 inches being recorded for Friday and Saturday nights. Elmer Langford, north of Texico, recorded .3 inches Wednesday night with a little hail. He recorded .4

inches Thursday night and 1.3 inch Friday.

Mrs. R. B. Grissom in Farwell reported a half inch of rain Thursday night. KZOL reported .6 inches for the same night. Mrs. Grissom said she received 1.1 inches after midnight Friday night.

At the Sherley-Anderson-Pitman elevator in Farwell, Fred Chandler reported .6 inches Thursday night. Friday night 1.2 inches was recorded with a trace on Saturday night.

(Continued on Page 2)

City, County, School Tax Boards To Meet

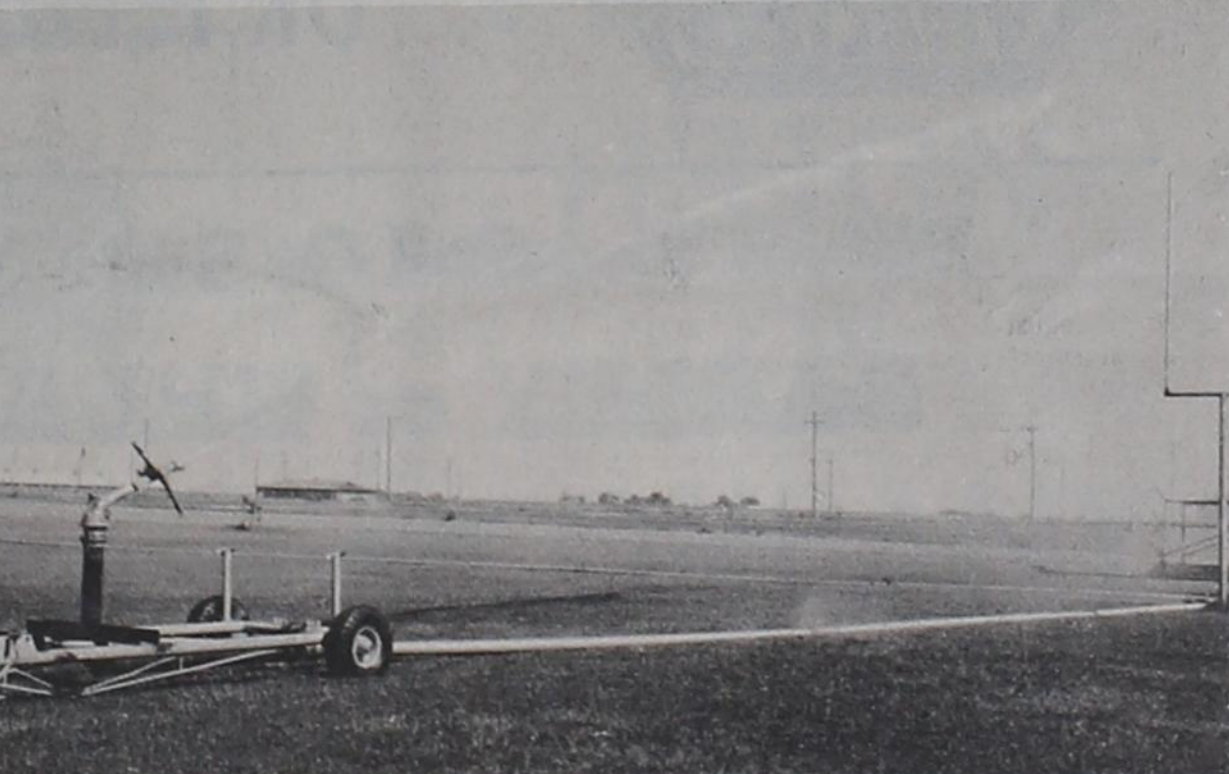

Farwell city tax board of equalization has scheduled a meeting at City Hall July 11 from 1 to 5 p.m. All persons having business with the board are asked to come by during these hours.

The Board of Equalization of Farwell Independent School District will meet July 10 from 9 a.m. to 5 p.m. in the office of W. M. Roberts, school superintendent. All interested persons are invited to attend.

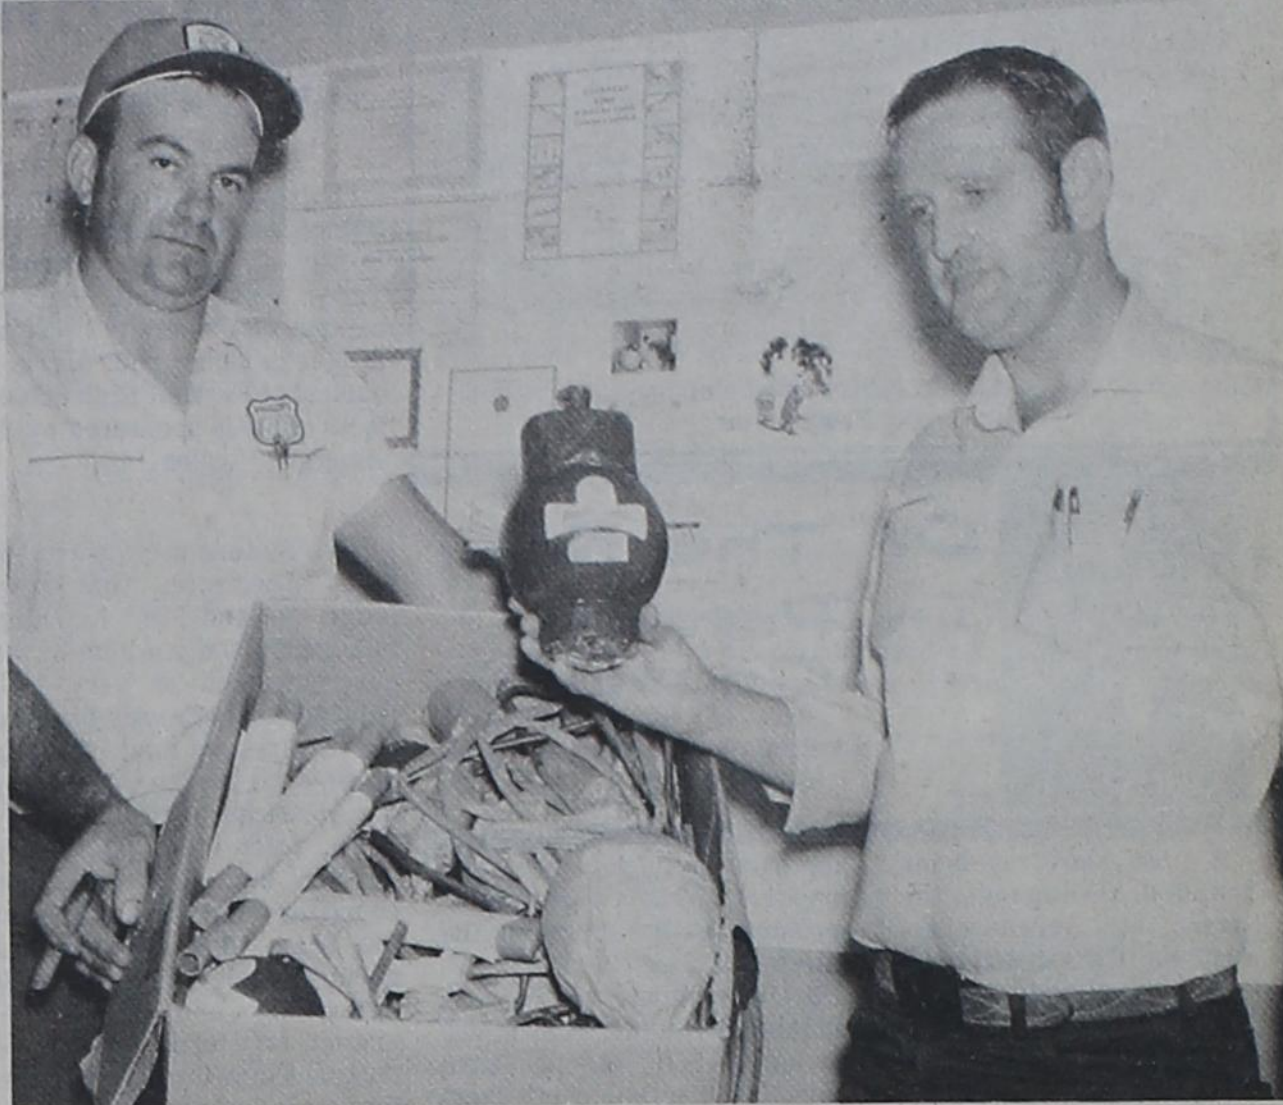

Parker County Commissioners Court will convene as a

County Board of Equalization July 10 at 1:30 p.m. in the County Courtroom in Farwell. All persons who wish to meet with the Board at that time and discuss their tax matters will be welcome.

Lazbuddie Independent School District Tax Board of Equalization will meet July 3 from 6 p.m. to 9 p.m. in the Board Room of Lazbuddie Public Schools. Persons having business before said Board may appear at this time.

NEW SPRINKLER IN OPERATION--A new sprinker is in operation at Farwell High School football field these days, thanks to Jess Coburn of Farwell and to James Craig, junior high school principal, and Foster Watkins, school custodian. After Coburn donated the sprinker head to the school, Craig and Watkins built a trailer for the apparatus from an old maintenance stand. The sprinker can be pulled to any location by hand or hooked to a pickup and hauled. According to Craig, the new sprinker should be a labor-saver.

PREPARING FOR FOURTH--Lewis Cooper, left, and Bill Thigpen, both Texico volunteer firemen, have uncrated the fireworks for Texico's big July 4th celebration at Texico-Farwell Lions Club Ballpark. They will be helping several other firemen shoot off a \$275 display of aerial fireworks immediately after dark (around 10 p.m.) that night.

Susan Murrell Named Miss Clovis In Pageant

Susan Murrell, daughter of Mr. and Mrs. R. L. Murrell of Clovis, was named Miss Clovis Saturday night at Marshall Auditorium in the Jaycee-sponsored Miss Clovis Pageant. She is a 1970 graduate of Texico High School and has attended Eastern New Mexico University for two years.

The 19-year-old Miss Murrell swept the contest categories by also winning the talent competition and the Miss Congeniality award. She performed a flamenco dance for her talent presentation. At ENMU, she is majoring in

Special Education and minoring in Spanish. She is vice-president of Student National Education Association, member of Council for Exceptional Children, member of Little Sisters of Minerva and member of BSU. Her summer plans include working as a counselor at the YMCA and also as a volunteer at the Community Mental Retardation Center. She is pledging Alpha Delta Pi Sorority and is vice-president of her pledge class.

As a Texico High School student, Miss Murrell was salutatorian of her senior class, served as a cheerleader six years and was a Girls' State delegate, as well as recipient of many other honors.

Miss Murrell will represent Clovis in the 1972 Miss New Mexico Pageant July 8 in Hobbs. She received a \$300 scholarship and a wardrobe and \$100 scholarships for being named Miss Congeniality and talent contest winner.

MISS CLOVIS--Susan Murrell, daughter of Mr. and Mrs. R. L. Murrell of Clovis, was crowned Miss Clovis Saturday night at the Pageant in Marshall Auditorium in Clovis. She was also named winner of the talent competition and received the Miss Congeniality award. A 1970 graduate of Texico High School, Miss Murrell has attended Eastern New Mexico University for two years. She was crowned and presented a bouquet of roses by Mary Wallace, the previous Miss Clovis. Miss Murrell will represent Clovis in the 1972 Miss New Mexico Pageant July 8 in Hobbs. (Photo by The Silver Image.)

Chamber Meeting Slated Tuesday

An important Farwell Chamber of Commerce meeting is slated for Tuesday at noon at Clara's Spur Restaurant. President Charles Aycock will appoint committees for the year. Everyone is urged to attend.

Junior Tour To Play In Farwell

West Texas Chapter Junior Golf Tour, which is being played in cities throughout West Texas, will play in Farwell June 30 at Farwell Country Club. The tour is for boys ages 12-13, 14-15 and 16-17.

Old School Building Being Torn Down

Farwell School Board members voted Monday night to contract with two men from Clovis to tear down the old three-story building on the northwest corner of the school block.

According to Superintendent W. M. Roberts, the job should be completed by August 9. The building, which formerly housed the entire school system, is believed to have been built in 1910. It was last used as a junior high.

Enrolled In Summer School

Lewis Eugene Bradshaw, son of Mrs. Onie Bradshaw of Farwell, is enrolled for the first summer semester at McMurry College in Abilene. Bradshaw is one of 641 students enrolled for 100 courses offered in the opening warm weather term, says Dr. Joe Humphrey, summer school director.

First term final examinations will be given July 7. Registration for the second McMurry summer semester will be July 6-7 and finals August 11. Bradshaw, a physical education major and history minor, is entering the University of Oklahoma to become a therapist. He is a 1968 graduate of Farwell High School.

EYES ON CLASSIC--Both Harry Sheets and Don Owens of Farwell are looking forward to the Cattle Capitol Classic Golf Tourney which is to take place this weekend. The third annual golf tournament will be played on the four area golf courses. Host club is Colonial Park in Clovis and flights will also be played at Clovis Municipal golf course, Cannon Air Force Base course and Farwell Country Club course. A special Ladies' Partnership Tourney will also be played during the weekend.

**On The Farm In Palmer County**

By R. MACK HEALD  
 County Agent

A "red alert" is being sounded throughout the state as screwworms continue to assault livestock and other animals.

Weather conditions were favorable for heavy screw-worm buildups last winter in northern Mexico as well as in parts of the Southwest. Some infestations were also spread by transporting infested livestock last fall, and the insect pest spent the mild winter in new quarters. This spring overall conditions were "ripe" for a massive screwworm invasion.

More than 5,000 cases have been confirmed in Texas this spring, the earliest and heaviest outbreak in the history of the Screwworm Eradication Program.

Although sterile fly production at the Mission Lab is running at its peak -- 200 million a week -- treatment with these flies is not enough to stop the destructive, flesh-eating livestock pest. All livestock producers and owners of other animals (dogs, cats) are urged to follow certain precautions:

1. Carry out all approved preventive practices to help eliminate screwworms.
2. Inspect animals regularly and carefully and treat all wounds whether they are wormy or not.
3. Delay all surgery until cool weather this fall. Shearing, docking, castrating and dehorning only provide additional wounds for worm infestations. Studies show that almost 90 percent of all worm samples come from calf navels and man-made wounds.
4. Spray animals with an

**Purely Personal . . .**

(Continued from Page 1)

approximate age. This was apparently an \$8.00 conversation, short but expensive.

Next we did sit in a seat generally resembling the dentist's chair. Here we divulged the fact that we had not had any grave medical problems with our vision.

This information led directly into a "binocular analysis" meaning, we suppose, that they examined both eyes. This we had expected because we had not mentioned a monocle for which we may have received a "monocular analysis". Well anyway with our departmentalized statement we at least know where the \$78.00 plus tax went.

This must be an improvement over the last time when the office girl merely said this will be \$29.50, and we would like for you to pay now. Our mind and our pocketbook are both clear.

approved product before shipping them. This is a preventive measure against spreading the infestation.

5. Be cautious of livestock shipments coming from infested areas. If buying such animals, be sure to check them thoroughly for wormy wounds.
6. Care should be taken not to move infested livestock across state lines. Infestations resulting from this practice may bring about a quarantine and the regulated movement of livestock.
7. As soon as a wormy wound is found, send a worm sample to the Screwworm Laboratory, Box 969, Mission, Texas 78572. If the case is positive, sterile flies will be dropped as soon as possible to further protect animals in the area.

Everyone must cooperate if the screwworm eradication program is to be effective. This means farmers, ranchers, pet owners, auction managers and others who work with or own animals.

**Area Rains . . .**

(Continued from Page 1)

Light showers were recorded throughout the area Wednesday night, but only a few had measurable amounts. Most of the rain came down Thursday and Friday with sprinkles recorded Saturday.

Sherley-Anderson elevator personnel in Lariat recorded only a sprinkle Thursday night, but an inch of rain was reported Friday night and a sprinkle Saturday night.

Ted Magness, south of Farwell, received a light shower Wednesday night, a half inch Thursday night, an inch Friday night and .3 inches late Saturday.

## Texas Session Boys' State Experience Valuable To Farwell Boy

by Johnny Boling

(Editor's Note--Johnny Boling, son of Mr. and Mrs. Bill Boling of Farwell, attended Texas Boys' State on the campus of University of Texas in Austin June 7-13. He is a student at Farwell High School. Boys' State is sponsored by the American Legion.)

**THAT'S THE PLACE!**--Johnny Boling, son of Mr. and Mrs. Bill Boling of Farwell, points to Austin where he spent a week attending Texas Boys' State on the campus of University of Texas along with 839 other boys from all parts of Texas. Boling, a student at Farwell High School, was elected County Commissioner during elections at the 32nd annual session. Boys' State is sponsored by the American Legion.

Boys' State to me was truly a great experience. The knowledge gained in learning functioning and working of the government is of very high value to me. I am very thankful to everyone who made this trip possible for me and especially the American Legion.

We left from Amarillo Tuesday at 2 p.m. on a bus bound for Austin. We arrived at the Texas University campus about 2:30 a.m. Wednesday. It was very hot and humid there, and we registered in a small, dinky building that made things that much worse because it wasn't air conditioned.

When, after waiting for what seemed like hours, we were registered, they gave us either a blue or yellow tag. If you got a blue tag you'd be a Nationalist; if you got a yellow tag, you'd be a Federalist. I was a Federalist, and the Federalist party put Lieutenant Governor and Governor in office.

I was in the city of Forman, Hunt County and Young District. To run for an office you had to buy a petition and get so many signatures to be a candidate for that office.

There were 44 boys in my city. We had one day to get all the signatures on our petition and turn it in. Our county was made up of three cities. Our district was made up of six cities.

The next four days were full of conventions and meetings. I was elected a voting delegate from my city to the county convention. Then at the county convention we elected a voting delegate to the state convention. I also ran for County Commissioner and was elected.

Every morning at 6 a.m. we were dragged down to the football field to do calisthenics. The second day we elected our city officials and had our first state party convention. Our party elected a State Party Chairman, Secretary and Whip. The delegates made a few speeches.

We didn't have very much spare time at all except for our recreation period. Then there was a tournament scheduled for each sport. We bombed out

in softball and volleyball. But our city won our first couple of games in football and almost made the finals in basketball. For the ones who didn't play sports they had tours and a band.

Every night we would have some outstanding speakers. Some of these were Gil Moody, the Department Commander; Jim Carlen, Texas Tech football coach; Jerry Mays of the Kansas City Chiefs; Chief Justice Robert W. Calvert; and the most outstanding one was Dr. H. Roe Bartle, former mayor of Kansas City, Mo.

Dr. Bartle was one of the proudest crippled men you could ever meet. He was a very dynamic speaker and is very dedicated to God, our flag and country.

We had our party primaries and election Saturday night. Then Sunday night we had a general election.

Most of the state conventions were started out in a pep rally. Our Party Whip was great and made up all kinds of yells. Even the cities would make up their own yells and go against other cities. And some of the yells got a little raunchy. But no city got very mad or anything like that.

Well, Monday morning election results came out, and we

### Suggestions Made For Environmental Problem

Burning straw off stubble land hurts our land as well as burning residues. The burned residues increase the amount of our environment, according to Leon Grissom, Chairman of Parmer County Soil and Water Conservation District. The land becomes vulnerable to the blowing wind and the washing rains when its protective cover is burned off. Fertility goes up in smoke and has to be artificially replaced when stubble is burned. These are the obviously harmful effects on the land, explains Grissom.

A few of the not-so-obvious effects act slower, but do as much harm. These affect our environment. Nobody can deny a sandstorm is unpleasant. This unpleasantness is increased by

**CHILDREN'S OFFERING**--Clarence Kube, Sunday School superintendent of St. John Lutheran Church in Lariat, presented Mrs. Walter Kaltwasser with a children's offering, which will be sent for the use of Braille Work for the Blind in Korea. The offering was a mission project for the children and it was presented Sunday at a barbecue supper culminating a week of Vacation Bible School in which 39 children, ages three through 14, participated. Approximately 110 men, women and children were present for the meal prepared by Adolph Haseloff and helpers. Following a closing program, parents viewed handicraft done by the children.

**Attends ACC**

Vickie Lynn Hobbs, daughter of Mrs. Beulah K. Hobbs of Farwell, is among those students attending Summer Session I at Abilene Christian College.

She is a freshman enrolled in Speech and English.

**NUTRITION NOTES**

Most nutritionists agree that four or more servings of fruits and/or vegetables are needed daily and these are some of the appetizing ways to include fruit in the daily menu. Fruit sherbet is a welcome coldness when eating hot entrees. It's made with fruit juices and milk and so adds not only the tart taste of fruit but also the nutrients in the milk. Baked bananas (baked in or out of their skins) when sprinkled with zippy lemon juice also go well with most any entree; banana fritters are fine with ham or sausage. Baked or fried apple slices or quarters, seasoned with spices and lemon juice, can be served with all entrees. Apples baked with mincemeat are a surprise with turkey and apples stuffed with sauerkraut are good pork companions! Most any kind of fruit can be paired hand-in-hand with almost any meat entree--nutritious and eye-catching, too!

**Consumers Want to Know**  
 by MARGARET SPADER  
 Director of Consumer Affairs  
 National Association of Manufacturers

Which type coffee maker makes the best coffee?

According to coffee experts, the most important factors for a cup of good coffee are proper grind, accurate measurements of coffee and water, correct timing and a clean coffee maker. Respect these factors and you can make good coffee in any type of coffee maker.

Why haven't manufacturers of coffee makers standardized brewing time for coffee?

There are three distinctly different ways to make coffee and each method has its own best brewing time. For percolated coffee 6-8 minutes is considered adequate. For drip coffee 4-6 minutes and for vacuum type coffee makers 1-4 minutes.

All Persons Having Business With The Board Are Asked To Come By During These Hours.

# Adventure To Alaska . . . With Troop 200

by Gene Bitner

With the recording "North to Alaska" playing on the troop bus stereo, Troop 200 waved goodbye to parents and friends and began an adventure which followed two years of extensive work. Scout Jack Rose even had a recorder with a tape his mother had made, "chewing him out" about his hair, clothes, and other subjects, recorded "just in case I get homesick," said Jack.

**SATURDAY, JUNE 10**  
Troop 200 wound through the narrow streets of Santa Fe to the state capitol building. On Ghost Ranch Museum, between Santa Fe and Chama, the boys were treated to an extensive wildlife exhibit and conservation display.

After crossing into Colorado, the troop traveled in darkness to the Rex Sparks ranch, south of Bayfield. The troop slept "under the stars" and enjoyed refreshing temperatures down to 38 degrees that night.

**SUNDAY, JUNE 11**  
Sunday morning, before dawn, and after breakfast, there was time for "just one more" ride on the horses. Scouts wore their full uniforms for the first time during the expedition, when they attended worship services at Calvary Baptist Church in Durango.

After eating lunch on the banks of a river which flows through Durango, Troop 200 traveled through Mesa Verde National Park, viewing the ancient Indian dwellings. The

bus then headed toward the Four Corners region, and camped for the night on the San Juan River.

**MONDAY, JUNE 12**  
Boys posed each other for pictures while standing in the states of Utah, Colorado, Arizona, and New Mexico at the same time. Following this visit to "Four Corners" the group headed north again through Blanding and Monticello, Utah, to Arches National Monument. There was a quick stop on the way at Devils Canyon for lunch; then the tour of the famous arches and rock formations.

Camp for the night was made at the Lions Club Park on the Colorado River in Moab. Boys watched steep cliffs being illuminated by river boats as they slept on the river banks.

**TUESDAY, JUNE 13**  
Leaving from Moab today, the troop headed deeper into the mountains of Utah, crossing Soldier Summit at 7,477 feet. It was then through Provo and into Salt Lake City. The group went first to the lake and tried the unusual feeling of swimming in water which is eight times more salty than the ocean.

Several of the Scouts also tried their luck with travel by canoe on the salty water. Only casualty at the lake was one Scout dropping his glasses into the drink. Troop 200 later crossed the city to the home of George Peppin, where they spent their fourth night sleeping out under the stars.

**WEDNESDAY, JUNE 14**  
Wednesday morning the troop had breakfast with their hosts and then drove in the bus to Temple Square. They were taken on an extended tour of the Mormon shrines and buildings. There were color panel and automatic projector presentations, and also a 15-minute movie.

The Scouts were given an especially friendly welcome, since Latter Day Saints sponsor several thousand Scouting units around the world. After Salt Lake City, Troop 200 traveled through Logan Canyon into Idaho, viewing Ricks Spring where water appeared to gush out of a roadside cave.

It was then into Wyoming and the Texico-Farwell visitors came to rest for the night at a roadside park ten miles north of Afton.

**THURSDAY, JUNE 15**  
Today was Troop 200's day for Yellowstone. The troop first visited the Grant Village Geyser Basin; then sat with other visitors while waiting for "Old Faithful" to erupt. After watching the eruption, the troop toured the Black Sand Basin geysers and Gibbon Falls.

Leaving the park through Mammoth Hot Springs, camp for the night was established on the Yellowstone River, just over the border into Montana. Troop mileage from home now totaled well over 1,500 miles.

**FRIDAY, JUNE 16**  
The push was on today to make mileage toward Canada. Breakfast was prepared in temperatures around 40 degrees before the troop again headed northward.

First it was through Gallatin National Forest and Livingston, Mont. Then through White Sulphur Springs and Great Falls, country famous as that traveled through by Lewis and Clark on their original trails exploring the West.

Camp was established Friday night on a creek just outside of Dupuyer, Mont. Scouts hiked into the little community to make calls home and purchase samples of their first Canadian money.

**Return Home**  
Mrs. Ted Magness and children spent 10 days visiting with Mrs. Magness' parents, Mr. and Mrs. L. B. Hensley, in Walnut Springs, Tex. They returned last Thursday.

**To Fort Stockton**  
Mr. and Mrs. W. M. Roberts of Farwell visited over the weekend with their son and daughter-in-law, Mr. and Mrs. Charles Roberts of Ft. Stockton. The four of them went to Odessa Sunday to attend church services at West Park Baptist Church where Rev. J. L. Bass, former Farwell resident, preaches.

The Bass family and the Roberts couples went out to eat and then went to the Bass home for a short visit.

Dutch farmers wear wooden shoes because leather does not last long in Holland's damp fields.

**MORRIS SEES CAPITOL**-Timothy Morris of Farwell and Jennifer Davis of Muleshoe were in Washington, D. C., June 12-18, as members of rural electric's Government-In-Action Youth Tour. As part of the tour, they visited a number of government buildings and cultural and historic sites, including Washington and Lincoln memorials, Mount Vernon and The White House. They were greeted at The White House by President Nixon with some 1,000 other rural electric youth from across the nation. Bailey County Electric Cooperative sponsored their trip. The Texas group of 66 young people and nine chaperones returned from the 12-day trip Tuesday, June 20.

Girls, Boys Leagues

## This Week's Results

JUNIOR GIRLS

Friday night Prather's 66 won over KZOL 26 to 18 in junior girls softball play. Farwell Builders and Rose Drug didn't play because one of the coaches was out of town.

Tuesday night Rose Drug strangled KZOL by winning 39 to 21. Geraldine Steward hit a home run for Rose Drug. Prather's 66 won over Farwell Builders 22 to 18. Schedules for these two night games were changed.

SENIOR GIRLS

Thursday night Aero Farm overwhelmed Clara's Spur 29 to 13 in senior girls softball play. Capitol Food was defeated by Golden West 31 to 29.

Monday night Aero Farm flattened Clara's Spur 34 to 7. Judy Yell made a home run for Aero Farm. Capitol Food beat Golden West 28 to 18 in their first win of the season. Sue Hall and Debbie Meeks were winning pitchers.

MINOR DIVISION

In minor league play Friday night Gifford-Hill edged Piggly

Wiggly 6 to 5. Citizens Bank won over Sherley-Anderson-Pitman 14 to 12. Citizens and S-A-P were tied 10-10 at the end of regulation four innings. They were tied 12-12 at the end of five, but Citizens won out in the sixth.

Tuesday night Gifford-Hill stopped Sherley-Anderson-Pitman 14 to 8. Citizens Bank beat Piggly Wiggly 6 to 3. Javier Esparza made a home run for Gifford-Hill.

MAJOR DIVISION

Thursday night in major league play Worley Grain was stomped by Aldridge 19 to 9. Tide slipped past Kelly Green 5 to 4. Monday night Worley Grain handed Tide a 7-3 defeat. Kelly Green was victorious over Aldridge 5 to 4.

SENIOR DIVISION

In senior division play Thursday night the Bankers topped Charles Oil 10-5. Sherley Grain beat Helton Oil 17 to 12. Tommy Galvan hit a home run for Helton Oil. Tuesday night the Bankers slapped Sherley Grain 16 to 13. Helton Oil sneaked by Charles Oil 10 to 8.

A weekly public service feature from the Texas State Department of Health

## Accent on Health

J.E. PEAVY, M.D., Commissioner of Health

Rabies in man doesn't happen too often, but the disease still is one to be reckoned with because of its presence in wild life and the increase in the number of pets owned by Texans.

Those who believe that an ounce of prevention is worth a pound of cure should guard their pets against rabies by having them vaccinated, says the Texas State Department of Health. It is a good way of protecting your pets--and yourself--against the threat of rabies.

Rabies last year was on the increase after a record low number of cases in 1970. Following a low of only 226 cases, laboratory confirmed animal rabies rose to 322 cases in 1971.

Surprisingly, cat rabies cases outnumbered the number of dog cases last year. This can be interpreted two ways. First, it could be interpreted to mean that the vaccination of dogs is showing results. Or, it could mean that cat exposure to rabies is increasing and that cat vaccinations aren't on par with those of dogs.

Whichever reason you choose, you'd be correct. Of the 39 pets which came down with rabies, the cats outnumbered the dogs 21 to 18. Dog rabies cases showed a decline by one case, but the number of rabid cats increased from 16 to 21 in one year.

The Veterinary Public Health Division of the State Health Department instituted a bite surveillance program during

**HIGHWAY ACCIDENT**--The situation wasn't exactly the result of falling cross ties as it appears here. Saturday afternoon, a pickup driven by Wayne McCain of Clovis collided with the rear of a two-ton truck loaded with railroad ties while the larger truck was parked alongside the Clovis highway a half mile west of the port of entry at Texico. McCain, who was pinned in the wreckage for a time, was taken to Memorial Hospital by a Clovis ambulance. He received severe lacerations on his forehead and right leg. Texico City Marshall Willie Ronquillo and two New Mexico State Policemen investigated the accident.

**Fire Calls**

Farwell Fire Department answered a call Wednesday, June 14, concerning a fire two miles from Cooper Gin. The fire was not extinguished because it had been set on purpose.

The Farwell emergency vehicle was called at 7:30 a.m. Tuesday morning to Far-Tex Feed Yards. A boy involved in a minor accident was taken to Clovis hospital.

Texico Fire Department was summoned Saturday to hose down gasoline from the Clovis highway and a pickup which was involved in an accident.

**JOHNNY WATFORD**

Upon returning to her classroom the teacher found the children sitting quietly at their desks. Since this was unusual, she asked them for an explanation.

Rather hesitantly, little Johnny said, "Well, you once told us that if you ever left the room and came back and found us sitting perfectly still, you'd drop dead."

**Leatherwood Advances To Nat'l Rodeo Finals**

Terry Leatherwood, son of Mr. and Mrs. Don Leatherwood of Texico, won the right to compete in the National High School Rodeo Finals in Henderson, Colo., August 1-6, during the recent New Mexico State High School Rodeo Finals in Santa Rosa.

contest in the state finals; which qualified him for the national finals. Diane Luce placed fifth in the first go of poles, Diane Riley placed fourth in poles and Dusty placed fourth in saddle brons, but none of the students

qualified for national. Leatherwood is one of 13 boys and nine girls in New Mexico who will be competing in the nationals for prizes such as saddles given in each event and horse trailers for All-Around Cowboy and Cowgirl.

Diane Luce, Diane Riley and Dusty Leatherwood, all Texico High School students, participated in the state finals. Terry, 17, graduated this year from Texico High School. He plans to attend college in the fall and participate on a college rodeo team. He has been competing in rodeos since he was almost six years old. Leatherwood placed fourth in the first go of tie down calf roping, fourth in the first go of team roping, second in the second go of team roping, second in average of team roping and third in cutting

**TO NATIONAL RODEO FINALS**-Terry Leatherwood, son of Mr. and Mrs. Don Leatherwood of Texico, will be competing in the National High School Rodeo Finals August 1-6 in Henderson, Colo. Leatherwood, a 17-year-old 1972 graduate of Texico High School, recently qualified for national finals at New Mexico State High School Rodeo Finals in Santa Rosa. He has been competing in rodeos since he was almost six years old. He plans to attend college where he wants to participate on a rodeo team.

Raymond McDaniel of San Leandro, Calif., was in Farwell Tuesday to visit with old friends. He was a resident of Farwell many years ago. He is visiting his sister, Mrs. Maureen Reynolds of Clovis.

**TWO MINUTES WITH THE BIBLE**

BY CORNELIUS R. STAM, PRES. BEREAN BIBLE SOCIETY CHICAGO, ILLINOIS 60635

**THE SUPREME CRITIC**

About 1900 years ago St. Paul wrote to Timothy, with regard to the sacred Scriptures: "ALL SCRIPTURE IS GIVEN BY INSPIRATION OF GOD, AND IS PROFITABLE FOR DOCTRINE, FOR REPROOF, FOR CORRECTION, FOR INSTRUCTION IN RIGHTEOUSNESS."

This truth has been confirmed by overwhelming evidence, and those who have tried, through the centuries, to overthrow the Bible have been about as successful as a man trying to overthrow the Rock of Gibraltar with a peashooter.

Furthermore, the Word of God towers above the clergy as well as the laity. The Bereans were called "noble" because they put the words of even the great Apostle Paul to the test of Scripture. That blessed Book is the Supreme Critic. If we teachers of the Word overlook vital truth, true Bereans will use THE BOOK to "teach" us. If, God forbid, we handle the Word deceitfully, they should use THE BOOK to "reprove" us. If we go astray in our conclusions they should use THE BOOK to "correct" us. If they feel we encourage careless living, they should use THE BOOK to "instruct us in righteousness."

Well do we remember when we were first convicted by the Bible as the written Word of God—and we have never ceased to thank God for the blessed results.

This Book condemns men as sinners before a holy God, but presents salvation free and complete through the vicarious death of Christ for us at Calvary. "Christ died for our sins" (1 Cor. 15:3). "Believe on the Lord Jesus Christ, and thou shalt be saved" (Acts 16:31).

For Doug Landrum--

# Odds 25-1 In Worm Venture

by Janie Crane

One thousand African night crawlers have turned into 25,000 worms since Doug Landrum of Farwell acquired them on December 4, 1971. Landrum, who had seen advertisements and articles concerning the worms, decided he would try raising them.

Africa night crawlers, three to six inches long, make good bait for fishing. The worms are especially effective when you're

fishing for catfish, carp and bass. Landrum says, "They make ideal catfish bait."

Landrum keeps most of his worms in bins inside a stone building. The bins are filled with a special bedding of newspaper strips and peat moss. Landrum says you can also mix rolled oats and cornmeal with the mixture.

"Cornmeal is the worms' main diet, although they can live on other things," said Landrum. He sprinkles corn-

meal from a salt shaker on top of the bedding. When it disappears he knows to feed the worms again. If he feeds the worms too much, they get sick and die.

A few of the worms have been put outside in a trough with two feet deep rough wooden sides. The depth of the wood keeps the worms from crawling out because by the time they reach the top, they are no longer covered with the sticky coating which enables them to crawl.

Landrum will keep most of his worms inside because of the weather. Inside, he keeps the temperature from 80 to 90 degrees. The worms can withstand heat of 110 degrees or more, but they won't live at temperatures under 40 degrees.

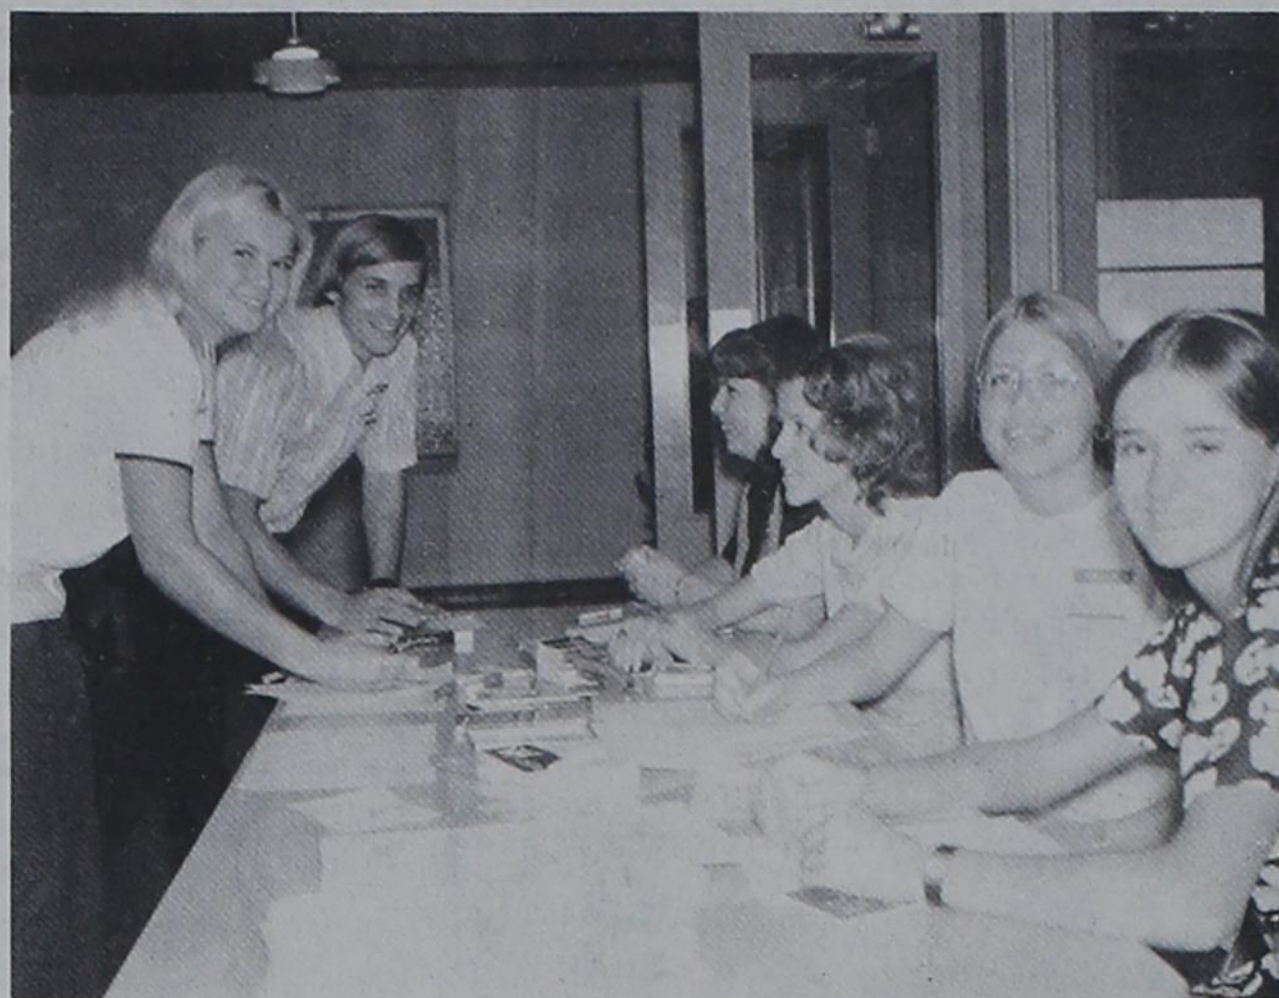

In his outside bed, Landrum uses rabbit fertilizer for the worms' bedding. He also covers

the trough with screen doors to keep out spiders and mice which will eat the worms, and a thick cloth covering to keep in heat.

Since the African night crawler is a tropical worm, it is found only in the United States in the southernmost part of Florida. Other natural habitats outside the United States include the Panama Canal and southern tropical countries.

Landrum keeps a light on the worms at night since they tend to crawl more in dampness which darkness brings. "If they are deprived of moisture, they will die," he says.

Although Landrum's new venture is only a few months old, he seems to be enjoying it and learning more and more all the time about the habits of these interesting worms.

**REGISTRATION BEGINS**—Marva Mott of Clovis and Don Ross of Gruver are assisted in registration at Praise The Lord Fellowship in Farwell Friday evening by, left to right, Polly Dollar and Linda Thomas, Farwell; Mary Hunt, Clovis; and Caroline Anderson, Farwell. Approximately 160 young people from Texico-Farwell, Clovis, Gruver, Lovington, Hermleigh, Lazbuddie, Elida and Hale Center participated in activities sponsored by local Christian youth. Saturday, Danny Pearce, son of Mr. and Mrs. Buddy Pearce of Texico, brought about 20 young people from Sweetwater Baptist Church where he serves as youth director.

## At Home Around The Area

--- by Bobby Ann Dictson

Home Economist  
For  
Southwestern Public Service

Here is a recipe for an uncooked dessert roll. It may be used as party refreshments as well as a dessert for your family. I hope you will like it.

### DATE CRUMB ROLL

- 1/2 lb. graham crackers
- 1 lb. seeded dates
- 1/2 lb. marshmallows
- 3/4 c. chopped nuts
- 1/4 t. salt
- 1 t. vanilla
- 1 c. whipping cream

Roll graham crackers into fine crumbs. Cut dates and marshmallows into small pieces and mix in chopped nuts. Whip cream until stiff. To the whipped cream, add salt, vanilla and about half of the graham cracker crumbs. Combine whipped

cream mixture and date mixture. Blend thoroughly with a fork. Shape this stiff mixture into one or two rolls about two or three inches in diameter.

Sprinkle rolls of dessert with remaining crumbs and roll to coat thoroughly. Chill Date Crumb Roll several hours before serving. Cut into slices and serve. For extra appeal, top each serving with whipped cream and garnish with a maraschino cherry.

If you make this in advance and do not serve it for several days, wrap carefully with metal foil or some freezer packing material to maintain moistness. Instead of buying graham crackers, you may buy the packaged crumbs at your grocery store. When cutting dates and marshmallows, I find it easier to use scissors than a knife. Either butter the blades of the scissors or dip them occasionally in a glass of water to prevent sticking.

You may use the miniature marshmallows, however, I like to cut those in halves in order for them to be more evenly distributed. When making this dessert into a roll, sprinkle crumbs on a bread board and roll and shape with hands.

**A HANDFUL OF WORMS** grew into 25,000 worms for Doug Landrum of Farwell, who began December 4, 1971, raising African night crawlers for fish bait. Landrum keeps most of his worms in specially-bedded bins in a stone house, although with warmer weather here, he has prepared an outdoor bed. Landrum has found that his worms prefer cornmeal as their main food.

**EVERYBODY DUG IN** to the food served Saturday night during Praise The Lord Fellowship in Farwell sponsored by local Christian youth. Left to right, Kim Hammond and Nimra Wheeler, both of Clovis, Melissa McCarter and Pam Erwin, both of Farwell, are helping themselves to a meal at First Baptist Church in Farwell before testimonies, singing and preaching in the sanctuary. Later on Saturday night, the youths participated in a volleyball tournament.
