Weekly Contest Brings Unusually High Scores

If you thought the October 6 Merchants Football Contest resulted in some high scoring with 10 persons calling all 10 games correctly, hang onto your hat! In last week's contest (Oct. 13) no less than 28 persons called all 10 games right and three persons tied for first place by being off six points on the tie-breaker. All contest money was divided three ways by the top winners.

This was the first time in the 14-year history of the contest that three persons have tied for the top position by being off an identical number on the tie-breaker. There have been instances of dividing first and second place money, dividing second and third place money, or even dividing the third place lot because of ties, but never before have three persons tied for the top notch win.

Winding up with \$3 each for their efforts last week were Kevin Hardage, Sarah Marsh and Earlene Porter who were all six points off on the tie-breaker. They just barely squeaked by a host of other

contest participants to win the weekly prize money.

Judy Earl, Frances Norton, Carl Kirkland and Glenn Marsh also chalked up 10 correct games, but they were seven points off on the tie-breaker. The one-point difference in tie-breaker score went even further as Fern Christian, Dorothy Quickel and Kie Watkins were all eight points off on the tie-breaker.

Don't stop reading now! There were 18 more heartbroken individuals who, by Sunday afternoon, were certain they had come up with some of the weekly prize money by guessing correctly on all of the games.

They were Billy Brigham, Paul Brigham, William Brigham, Carl Davis, Carl Glenn Davis, Carolyn Davis, B. V. Hughes, Carlton Newell, Terry Newell, Gene Hardage, Larry Wardlaw, Beulah Williams, Gene Beavers, Weldon Embry, Lou Nuttall, Bernice Norton, Elaine Wardlaw, and W. M. Roberts.

To those contestants who

aren't doing so well each week: don't despair. There's still time to collect some of that prize money. The contest is only half over with six more weeks to try your luck and accumulate enough points to win the Grand Prize.

Some lucky person is going to win two tickets to the Cotton Bowl on New Year's Day plus \$50 expense money. The second-highest ranking individual at the end of the contest will be awarded two tickets to the Sun Bowl in El Paso plus \$25 expense money.

At this point Kevin Hardage and W. M. Roberts are battling it out for the lead with 48 points. Gene Hardage, Elaine Wardlaw and Paul Brigham are fighting for second with 47 points.

Third place contenders are Judy Earl and William Brigham with 46 points. Doris Herington, Melborn Jones and Ty Phillips are hanging in with 45 points for fourth place.

Merchants who are sponsoring the contest this year include Farwell Equipment,

Security State Bank, Piggly Wiggly, Worley Grain, Sherley-Anderson-Pitman of Texico and Farwell, Sherley Anderson Grain of Lariat, Oklahoma Lane Farm Supply and Gin, Farwell Builders Supply, Nance Construction Co., Farwell Fertilizer, Williams Fertilizer, Watts Oil and Tire Co., Texico Feed Lots, Castor Farms, Far-Tex Feed Yards, West Texas Pump Co., Rose Drug and Gift Shop, Nickels Gin, Bobbie's, Capitol Foods, Hughes Insurance Agency, Texaco Inc., Kelly Green Seeds, Clara's Spur Restaurant, Watts Machine and Pump Co., Farwell Hardware, Holiday Store and Allsup's 7-11.

No School For Farwell Monday

Farwell students will get a rest Monday, Oct. 23, while their teachers attend an in-service workday. After a general faculty meeting Monday, teachers will go to their respective schools and work with their principals.

Picked Texico FFA Sweetheart

Tammy Christesson was recently chosen by Texico Future Farmers of America Chapter as their Sweetheart. She is 14 years old and is the daughter of Mrs. Ellen Christesson of Clovis. Miss Christesson is a freshman at Texico High School.

Other contestants were Freda Leavell, sophomore; Linda Ann Autrey, junior; and Kim Pearce, senior. They had to take a written test on livestock, and were also required to identify 25 tools. They had to hammer and clinch three nails and square and saw a one-by-six-inch board.

CONTEST WINNERS - Sarah Marsh and Kevin Hardage accept \$3 checks from T. J. Hammonds of Farwell Equipment Co. for their successful prognosticating in last week's Merchants Football Contest. Mrs. Marsh, Hardage and Mrs. Earlene Porter of Clovis all tied for first place by picking all 10 games correctly and by being off only six points on the tiebreaker. The three contestants split first, second and third place prize money - the first time this type tie has occurred in the 14-year history of the contest.

Homecoming King, Queen To Be Crowned Tonight

The coronation of a Homecoming King and Queen will highlight Texico High School's football homecoming activities tonight (Friday) during halftime of the Wolverine-Tatum Coyotes clash.

The Class of 1937 will be honored at Homecoming by the journalism department. That class was the last to play football until the game was resumed four years ago in 1969.

A pep rally, to which all Wolverine fans are invited, will get Homecoming off to a good start Friday (today) at 3:10 p.m. in the gym. A car

caravan will drive through town after the pep rally to generate spirit for tonight's game at 8:30 p.m. CDT in Wolverine Stadium.

After the game, Texico High School varsity cheerleaders will be selling pie and coffee and Coke in the high school cafeteria. Pie and coffee will be 35 cents. Pie and Coke will be 45 cents.

Six candidates for the honors were chosen Thursday by the Pep Club and Wolverine football squad. Candidates were voted on Monday by the student body, but will not be announced until the coronation.

Homecoming Queen candidates are Kim Pearce, senior, daughter of Mr. and Mrs. Buddy Pearce; Linda Wilson, senior, daughter of Mr. and Mrs. Loren Wilson; and Beverly Duncan, sophomore, daughter of Mr. and Mrs. Howard Duncan.

King candidates are Kent Armstrong, junior, son of Mr. and Mrs. D. M. Armstrong; Curtis Lindley, junior, son of Mrs. Ruthie Lindley; and Gerald Whitener, senior, son of Mr. and Mrs. Howard Whitener.

The homecoming royalty will be crowned at halftime with Texico High School band, under the direction of Rudy Walla, providing musical selections.

Ministers Hosted Here On Tuesday

Several area Methodist ministers were hosted Tuesday at Hamlin Memorial United Methodist Church by Rev. and Mrs. W. T. Perry. The area district ministers' meeting began with a fellowship time, followed by lunch and meetings of the ministers and the ministers' wives.

Attending were Rev. and Mrs. Clyde Stanfield, Trinity United Methodist Church, and Rev. and Mrs. Douglas Wofford, Kingswood United Methodist Church, Clovis; Rev. and Mrs. David Shaw, First United Methodist Church; and Rev. and Mrs. R. O. Tomlinson, retired, Portales.

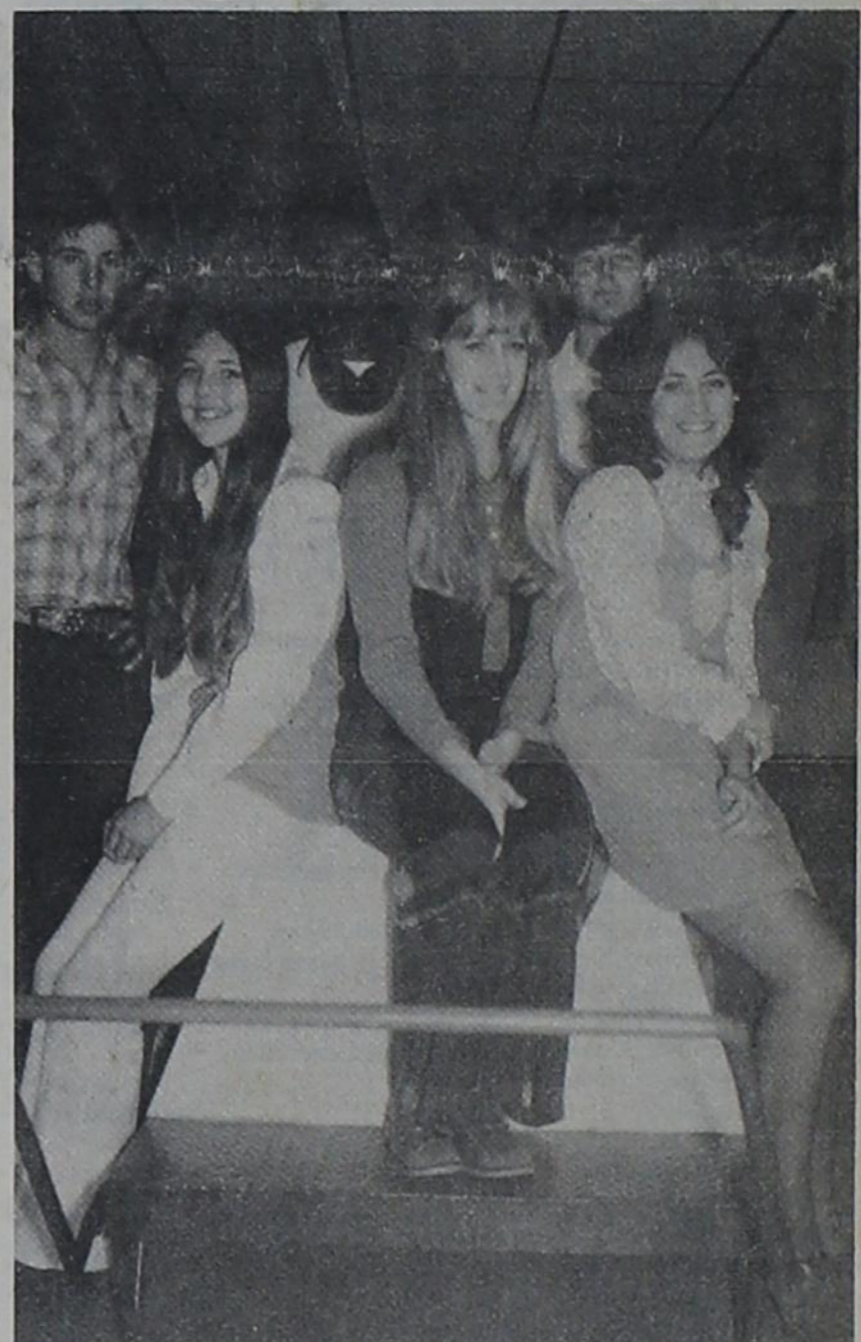

Also, Rev. Bob Peek, Elida; Rev. and Mrs. Joe Wood, Melrose; Rev. and Mrs. Hugh Sorrow, Ft. Sumner; Rev. and Mrs. Carl Treat, Santa Rosa; Rev. and Mrs. Gene Richardson, Tucumcari; and Rev. and Mrs. Levi Louderback, San Jon. Special guest was Dr. Rufus Walker of Albuquerque, Executive Director of New Mexico Methodist Foundation.

Attending State SWCD Meeting

Leroy Johnson and Dick Rocky, Parmer County Soil and Water Conservation District Directors, and Herb Evans, Soil Conservation Service, are attending the state association meeting of Soil and Water Conservation Districts in Houston this week.

Theme of the meeting is "Natural Resources - Meeting the Needs of People."

The directors not only present programs of action on natural resources and environmental concerns, but study and propose legislation affecting conservation.

TEXICO'S CANDIDATES for Homecoming King and Queen were voted on Monday by the student body of Texico High School. The results will be announced tonight (Friday) during halftime at the Wolverine-Tatum Coyotes game. Queen candidates are, left to right, Beverly Duncan, Kim Pearce and Linda Wilson. King candidates are, left to right, Gerald Whitener, Curtis Lindley and Kent Armstrong.

Texico Hosts Tatum Tonight At 8:30

Texico Wolverines will battle the Tatum Coyotes tonight (Friday) at 8:30 p.m. in Wolverine Stadium in a homecoming game for the Green and White.

Texico Coach Bucky Walters says that Tatum will be a tough team to face, saying that they are a really good ball club. "They have a good passing attack and an outstanding back in Craig Dallas," the Wolverine mentor says. Walters also says that the Coyotes running attack is not to be laughed at. Tatum tied the Melrose team earlier this season, a fact the Wolverines won't ignore since Melrose whipped Texico 42-0.

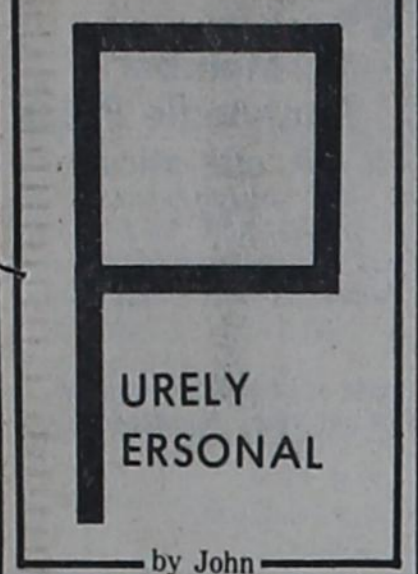

Rich Huckaby, a 160-pound sophomore, is quarterback, and directs an attack with the aid of Dallas at tailback, Randy Posey at fullback and Jerry Cook at wingback. Walters says all of these players are in the 150-175

Grissom Re-Elected

Parmer County Soil, and Water Conservation District had an election Tuesday, October 10, to elect a director in zone 4, Farwell area.

Leon Grissom was re-elected as district director. He is currently serving as chairman of the board of directors. His re-election was for a five-year term.

The Soil Conservation District meets monthly and promotes conservation in Parmer County, reviews conservation plans, and sets conservation priorities.

Last week football contest entrants scored an all-time high in the right answer department. This must mean that the area seers are becoming better in the prognostication department or it could mean that the contest games all ran according to form with no "upsets" for the week. The only game that probably could be called an upset was the Farwell triumph over Springlake-Earth. Only a few of the very loyal Steer fans called for a Farwell victory.

Inasmuch as this is a game to be considered for tie breaking purposes only, the effects of the upset did not affect the standings in the contest. With the Steers meeting the undefeated Hart Longhorns in Farwell, we should see a jam-packed Steer Stadium this week.

Zounds! We had just gotten over the unexpected celebration of Columbus Day when another government fiat holiday comes upon us. For those of you who aren't prepared, be it known that next Monday we will celebrate Veterans Day. Veterans Day? you say, why it's not until sometime in November. Well, it used to be. But thanks to big brother's meddling, it is now officially Oct. 23.

We note that Clovis is planning a big Veterans Day parade Oct. 23, but our American Legion letter from the Clovis post says that they are ignoring the Oct. 23 date and will have a ceremony on Nov. 11 as usual. This might not be entirely unusual as we see that in one of our national advertising services there is a series of ads and headings on "Remembrance Day" for November 11.

This changing of Veterans Day might turn out to be another "turkey" like FDR's attempt to change the date of the traditional Thanksgiving Day celebration. Whatever transpires on Oct. 23 you can bet your sweet bippie that there will be plenty of government offices closed that day. So a word to the wise: get your government business done early.

Speaking of holidays, good old Halloween will be celebrated as usual and will probably entail the covering of the town by the small fry "tricking or treating." Every year we have been getting reports that in some city or another a child has been given treats containing lethal objects.

Most of these reports, it turns out, are so much bunkum. We have a release from the Confectionery Industry Education Council that has made a study of these reports and in a careful investigation, they almost invariably turn out to be either hoaxes or publicity stunts by the ones involved. We are sure that the Confectionery Industry would like to see the vast amount of candies and goodies consumed by the Halloween tradition continue. However, it is good to know that our citizens are not the ogres these reports would indicate.

October, beautiful month. If you don't enjoy this for weather, you've got to be looney. Last weekend, business took us to Santa Fe, New Mexico, and while their altitude scrapes the 7,000 foot level, the weather was very mild and similar to that of the Plains, an agreeable surprise for the publisher and his spouse.

Altogether, Santa Fe is a beautiful sight, excepting for the hairy fuzzle wuzzies almost everywhere. It reminded us of a bumper sticker that read, "Keep America Beautiful - Shave a Hippie." Apparently, these creeps have plenty of money to spend so probably are taking the place of regular tourists who would want to avoid this high altitude hippie haven. For those going to Santa Fe and planning on being in any place smaller than an auditorium, our advice is to take your room spray and hope that everyone has used Dial.

Lazbuddie Selects Date For Halloween Carnival

Lazbuddie Schools will have their Halloween Carnival and Coronation at 7:30 p.m. Saturday, Oct. 28. A Halloween King and Queen will be crowned during the festivities in the auditorium and gym.

Candidates are Sharon Glover and Dewayne Ivy, Kindergarten and Grade 1; Jana Rogers and Sean Mason, Grade 1; Triesta Moore and Jeff Jesko, Grade 2; Lisa Kimbrough and Kerry Winders, Grade 2; Ray

Ann Hicks and Wayne Precure, Grade 3; Kathy Menefee and Stefan Moore, Grade 4.

Also, Lisa Menefee and Johnny McDonald, Grade 5; Pam McDonald and Linda Wilson, Grade 6; Elaine Cargile and Wade Wilson, Grade 7; and Pat Dale and Wade Cargile, Grade 8.

And, Janet Johns and Ricki Wall, Freshman class; Kim McDonald and Ronnie Bullock, Sophomore class; Cindy Mas-

kew and Jack Findley Smith, Junior class; and Debbie Engelking and Doyle Weir, Senior class.

Carnival activities will include Spook House and Football throw, seventh grade; Coin Toss and Bingo, eighth grade; Marriage Booth and Jail, Freshmen; Dart throw and Ring the Bottle, Sophomores; Concession Stand and Basketball throw, Juniors; and Rope Ladder and Cake Walk, Seniors.

Open House Sunday - -

Credit Union Moves To New Location

Friona Texas Federal Credit Union is now in a new location in Friona at the corner of Sixth and Euclid streets. Open house will be from 2 to 5 p.m. Sunday, Oct. 22.

At that time, a 2001 portable 8-track stereo tape player with AM-FM radio will be given away. A coupon for registration may be clipped from a copy of the October 16 newsletter or registration slips are available at the office. You do not have to be present to win.

The four staff members at Friona Texas Federal Credit Union are Mesdames Sam Williams, Ray White and Jimmy Maynard and new member, Don Segovia. Segovia, who joined the staff in recent weeks, is a graduate of Texas Tech University in Lubbock.

Officers of the organization are M. Ray Landrum, president; Bill Teel, vice-president; Mrs. Sam Williams, treasurer; Charles Scales, Edward White, Dale Houlette and Jerry Brown. Ralph Roden, Alvin Gaines and Leonard Coffey are serving on the loan committee.

"We cordially invite everyone in Parmer County and the surrounding area to attend. We would especially like for the members to be present to see our new facilities," says Mrs. Williams.

She further states, "This progress has been made possible by full cooperation of our membership. Our Credit Union is a valuable asset to Parmer County, and we encourage all residents of the county to attend the Open

House and learn more about Credit Union work."

October 15-22 is International Credit Union Week, marking the 123rd anniversary of the credit union with credit unions for safe investments, financial counseling and equitable loans.

Beginning October 1 prime time on a television network was contracted for and spot ads for credit unions will be heard during the World Series and later during National Football Games.

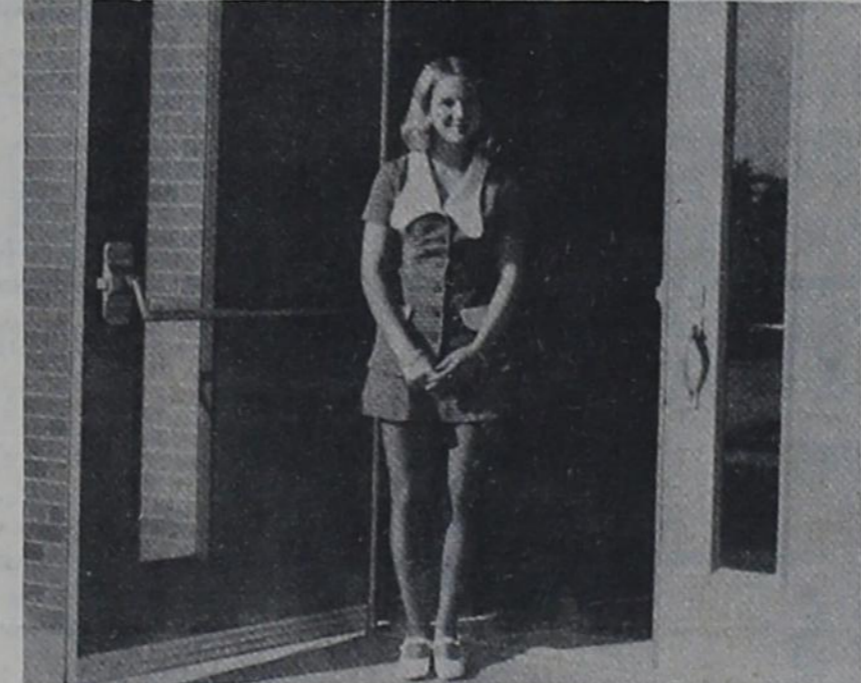

Steers Seek 2nd Win - -

Hart Ventures Into Farwell Territory

Farwell Steers will meet the undefeated, untied Hart Longhorns in a District 3-A contest tonight (Friday) at 8 o'clock in Steer Stadium. Steer coach Toby Booth says that the Blue and White will have to play "great football" to upset the highly touted Longhorns.

The Steers suffered no new injuries in the game with Springlake-Earth and Mack McFarland, who suffered a knee injury early in the season, was able to play in that encounter. Booth says that the other injured players will likely remain sidelined for the remainder of the season.

"Hart is loaded," says Booth. "They're the best offensive team we will see. They have an outstanding line, their passer is adequate and a receiver, Castillo, is always

TEXICO FFA SWEETHEART - Tammy Christesson, daughter of Mrs. Ellen Christesson of Clovis, was chosen recently as Texico Future Farmers of America Sweetheart. She is a 14-year-old freshman at Texico High School.

Absentee Voting Began Wed.

Bonnie Warren, Parmer County Clerk, says absentee balloting for the November 7 general election began Wednesday and ends November 3. She urges everyone who needs to obtain an absentee ballot to do so before the last day.

Youth Night At Church

Young people at Pleasant Hill Baptist Church conducted Special Youth Night services Sunday evening. Billy Wilson, 19-year-old son of Mr. and Mrs. Loren Wilson of Texico, preached his first sermon during the service.

A 1971 Texico High School graduate, Wilson is a second year student at Eastern New Mexico University in Portales. Ninety-one persons were in attendance Sunday evening.

Friday The 13th Loss - -

Panthers Claw Texico, Claim 28-0 Victory

by Steve Osborn

A typical Friday the 13th brought a bag full of black cats and defeat for the Texico Wolverines by the Jal Panthers with the score of 28-0.

The first quarter was plainly dominated by the Panthers, Class AA New Mexico state champions, as they made a roaring 145 yards to the Wolverines' 11 yards.

On the opening kickoff, Jal's Randy O'Neal took the ball and ran 20 yards before being tackled by Texico's Jeff Brown.

The Panthers failed to gain sufficient yardage for a first down during their possession of the ball resulting in a necessary punt by Jal's Dyrnon Powell.

The punt was received by Texico's Curtis Lindley. Lindley went only three yards before he was tackled by Panthers Terry Roach and Warren Hunt.

On the third down, Fulgencio Ortiz of Texico ran the ball for seven yards, falling a yard short of a first down.

The Panthers regained possession of the ball after a long punt by Randy Harrison to Jal's Richard Martin. On the Panther's second down, Steven Kinnard ran 16 yards for a first down before being chopped down by Eugene Wallace of Texico.

On the next play Kinnard again ran the ball 12 yards for another first down. This time Kinnard was stopped by Alan Haile.

Determined to mark up his third first down in a row, Kinnard took the ball and ran only four yards before being disappointed by Wolverine Raymond Cantu.

On the second down with six yards to go, Roach ran the ball for Jal and made the third first down getting to the 20-yard line. On another second down play, Doug Wright ran 12 more yards for another first but was stopped cold by Haile of Texico.

Starting on the 8-yard line with 5:12 left in the first quarter, Roach was held to only four yards by Sammy West of Texico.

The next play resulted in a touchdown for Jal by Wright and an additional two points after touchdown by Kinnard, making the score 8-0.

The Wolverines were unsuccessful in gaining yardage in the series of plays after the kickoff so Harrison punted again.

Jal's first play was a 22-yard run by Wright with Domingo Rojas making the tackle. Jal made one more first down, but the score remained 8-0 at the end of the first quarter.

The second quarter brought renewed enthusiasm for Texico after James Steward ran 25 yards for a first down, the first of the night, but the enthusiasm slackened after a touchdown by Roach when he ran three yards not long after a Texico fumble.

Texico's possession after the kickoff brought only nine yards and the ball was punted again.

After Jal took the ball they exhibited their passing ability when Jerry Fowler passed the ball 50 yards to Wright. The next pass play resulted in a touchdown when Fowler completed a 25-yard pass to Buddy Shotton who took the ball and ran 55 yards.

At halftime the score was 22-0.

When play resumed, Harrison ran 58 yards for a touchdown only to be called back because of a clipping penalty.

The Panthers were held back by the Wolverine defense for most of the quarter until Warren Hunt ran the ball four yards for a touchdown making the score 28-0.

In the fourth quarter, Texico's Harrison made three plays totalling 53 yards of frantic charging. Kent Armstrong made one rush of nine yards for a first down. The Wolverines made more yards in this quarter than their total of the three previous quarters.

The Panthers fought out another 33 yards with one first by Hunt but could not score against the Wolverine defense.

The Wolverines will meet Tatum at Texico next week for Texico's Homecoming game at 8:30 (C.D.T.)

Coach Bucky Walters said he felt the team had done a good job. "We played really well the last half, except for the one play where they scored," he said.

"We didn't do too well the first half on pass defense. We couldn't stop them then, but we stopped them well the second half," he added.

"We had two touchdowns called back which hurt us. One of them was called back on a clipping penalty and one on holding," he said. The touchdown called back on a holding penalty occurred in the second half. Randy Harrison was carrying the ball.

Texico Girls Teams End Perfect Season

Texico Junior and Senior High girls softball teams finished their season last Thursday with perfect 5-0 records. Texico Junior High team rocked past Dora 21-4 last Thursday while Texico Senior High girls hurled over Dora 10-4.

Both teams competed in the first games of the Eastern Plains Athletic Conference Tournament Tuesday. Texico Junior High sandwiched Grady 21-5. Cheri Tharp was winning pitcher.

Jr. High Plays Tatum Sat.

Texico Junior High travels to Tatum this week for a game at 10 a.m. CDT Saturday.

Texico lost to Melrose last Saturday morning 18-12. Spencer Turner made the first touchdown for Texico. He received a punt and returned it 35 yards.

Tommy Galvan went around left end for about 15 yards for the second TD.

Turner had a total of 76 yards rushing and Galvan had 91 yards rushing.

Coach Kenneth Shaw said his team has been losing its games in the fourth quarter on mistakes such as fumbles. "I think we have a good team. We have gotten ahead of teams during the game, but lose in the last few minutes," he said. "I think we've got the best

team around. We just can't capitalize on other teams' mistakes, but they capitalize on ours. I expect to see improvement next year," he added.

"Everyone has stuck it out this year, and I am very proud of the team. No one has slaughtered us; most have beaten us by one touchdown or less," he commented.

Shaw said the Texico-Melrose clash was a well-fought contest. He mentioned that the referees said it had been a real good game. He added that the team is working on its fourth quarter mistakes in preparation for their last game of the season Saturday.

Texico Boys Sold At Auction

All boys attending Texico High School were "sold" Monday at an auction sale sponsored by the varsity cheerleaders. The boys were sold to the highest bidders with proceeds of over \$100 going to the cheerleaders.

Dwayne Kelley was the highest priced boy in the school, going for \$13. The boys have to do what their owners wish until Thursday. If they don't, they are assessed a 25 cent penalty for each refusal.

The cheerleaders are sponsoring a pie sale tonight (Friday) and have been working at the concession stand during the girls baseball games at Texico in order to raise money.

TEXICO FIRST DOWN -- James Steward, fleet Texico back, racks up the first Texico first down with a 25-yard run. The action occurred in the second quarter of the Jal-Texico game played on the Texico Wolverine's field last Friday. The Panthers, Class AA state champions, took a 28-0 win back to Jal with them. The loss dropped the Wolverines to a 2-4 mark for the year.

First Season Win - -

Steers Edge Past Springlake - Earth

The hard charging Farwell Steers broke into the win column Friday night on the turf of the Springlake-Earth Wolverines, edging the host team 21-20 in a District 3-A clash. The exciting win was a come-from-behind affair that electrified the Steer fans attending the game.

All the points scored by both teams were put on the board in the first half of play with the Blue and White holding on for the paper-thin win, their first of the 1972 season.

The Wolverines won the toss and elected to kick to Farwell to open play. Ray Norton took the kick and returned to the Steer 44-yard stripe. The Farwell offense was unable to move and Norton's punt sailed out of bounds of Springlake's 39-yard marker.

The Wolverine offense got down to work and ground out a first down then followed it with three plays that netted the first Springlake touchdown of the night. The score came on a

43-yard run by Larry Thomas. The point-after try resulted in a fumble, forcing the Wolverines to attempt a two-point run. The alert Steer defense foiled the play, denying a vital two-point score to the hosts.

On the ensuing Wolverine kickoff, the Steers fumbled the ball and it was recovered by Springlake who set up shop on the Steer 25-yard line. In three plays, Brian Sanderson plunged across from the one-yard line for the second touchdown for the Green and Gold. Hal Wood passed to Sanderson in a successful two-point conversion attempt to give the Wolverines a 14-0 advantage.

On this Wolverine kickoff, Winfred Long, Steer receiver, lugged the ball for nine yards. The next series of plays resulted in two penalties being assessed Farwell before Quarterback Kevin Hargrove hit Doug Johnson with a pass to the Wolverine 35. A rejuvenated Steer offense ground out two first downs with Long

lugging the final four yards to pay dirt. Hargrove then threw a two-point strike to Long and the Steers trailed 14-8 with 1:29 remaining in the first period.

Springlake managed to regain possession of a fumble on the kickoff, but were forced to punt. David Dannheim returned the Wolverine punt 10 yards, but this offensive series was halted by an interception. Farwell was able to move the ball on the next possession with Hargrove hitting Johnston for 20 yards and Long carrying for 15; however, the Steers were unable to score.

Farwell recovered a Springlake fumble on the Green and Gold 26-yard line and three plays later Hargrove carried the ball in for the second Steer tally. Johnston booted the ball between the uprights to put the Steers ahead 15-14.

The Wolverine offense settled down and started to move after the Steer kick, and a Thomas to Angeley pass netted them their final score of the evening. The kick for extra point went wide of the mark and left the score at 20-15, Springlake.

Steve Kaltwasser fielded the Wolverine kick and put the Blue and White in good field position. A Hargrove to Dannheim pass put the Steers on the Springlake 19-yard marker and with only seconds left in the first half, Hargrove threw a perfect touchdown strike to Dannheim to put the Blue and White ahead 21-20. The Steer try for the point after was no good and they went to the dressing room with a precious one-point lead.

The second half was a battle of the defensive teams with neither offense being able to score. The Wolverines' Thomas tried a 30-yard field goal with only 20 seconds left on the clock, but the kick fell short and the Steers ran out the clock to take their first win.

"We won and it's about time." Those jubilant words came from Coach Toby Booth as he discussed the Steers' first win of the season - and a district game at that.

The Steers finally put things together, said Booth. "Our offense and defense were more organized and worked better than they had been. It was the best overall effort the team has made this year," he added. "We moved the football when we needed to. Ray Norton rushed for over 100 yards. Winfred Long rushed

for 90 and Kevin Hargrove rushed for 70. Hargrove had 170 yards passing," Coach Booth commented.

Booth praised receivers Doug Johnston and David Dannheim for their efforts. He also said Steve Kaltwasser, Harold Jones, Ty Phillips, Jesse Cantu and Freddie Dale did good jobs.

"Our defense was ragged at first, but in the second half they did a real good job. Three linebackers, Dannheim, Mack McFarland and Ray Norton, had commendable performances. Our secondary looked good, too. Craig Capps and Kie Watkins, both tackles, were also putting out good efforts," he finished.

Steers Of The Week

FIGHTIN' FARWELL STEERS -- The entire Steer squad was given the honor of being named Steers of the Week by Coach Toby Booth this week following the play of the team in the game with Springlake-Earth last Friday. Coach Booth commented that the 21-20 win by the Blue and White was due

to a concentrated team effort and that each player contributed to the success. "We were able to move the ball when it counted, and the defense was able to hold the Wolverines to preserve our first half lead and capture the win," Booth said in complimenting the play of all the Steers.

Wolverines Of The Week

RANDY HARRISON

DWAYNE KELLEY

ALAN HAILE

Wolverines of the Week named by Coach Bucky Walters are Randy Harrison, quarterback; Dwayne Kelley, guard; and Alan Haile, linebacker. Walters praised Harrison's offensive efforts during the game against the Jal Panthers Friday night. He was also pleased with the defensive games played by Kelley and Haile.

Kaltwasser Elected Class Treasurer

Kevin Kaltwasser of Farwell was recently elected treasurer of the freshman class at Hardin-Simmons University. He is the son of Mr. and Mrs. Walter Kaltwasser and a 1972 graduate of Farwell High School.

Jr. High Seeks Out Hart

Texico Junior High seventh and eighth grade Yearlings will travel to Hart Thursday for games beginning at 5 p.m.

Farwell seventh grade Yearlings slapped Springlake-Earth 8-0 last Thursday. Gustavo Galvan recovered a fumble on the four-yard line and went over the goal line for the six points.

Russ Jones was attempting a quarterback sneak when he fumbled the ball and Galvan recovered it. Richard Yruegas ran for the two extra points.

Coach Larry McDorman said all the seventh graders did a good job. "Our defense is still good, but we can't move the ball on offense. We're having some trouble there," he said.

He named Charlie Castillo, Josh Ensor, Gustavo Galvan and Richard Yruegas Yearlings of the Week. The Year-

lings now have three wins and two ties for the season.

Farwell eighth grade Yearlings have amassed a five and one record for the season. They scalped Springlake-Earth last Thursday night, 16-0.

A good team effort, with everybody doing their job, provided the Farwell team with a good basis for winning. Both the offense and defense were on the ball, although 165 yards in penalties were marked off against Farwell.

Mike Goetsch, Jimmy Malto and Ruben Castillo scored the points for the Yearlings. Travis Bibbs caught a couple of key passes. On defense, Kent Goldsmith, Berwin Howard, Rudy Sanchez and Chip Craft were plugging well.

Junior Varsity Coach Don Alana helped during the game with the telephones.

Hart Next J.V. Foe

Farwell Junior Varsity comes up against Hart Thursday night at 8 p.m. in Hart.

Springlake-Earth gave the Junior Varsity a jolt last Thursday night as they chalked up a 31-6 victory. George Garza intercepted a pass with about 20 seconds to go in the game and ran 80 yards for the only Farwell touchdown evening.

Coach Don Alana said the Springlake team was large and experienced, with some juniors on the team. He said he thought Farwell had done a good job and said everyone had played and the freshmen had pitched in.

"We had two starters ineligible to play and two more players were hurt early in the first quarter," Coach Alana said.

"The two who were hurt, Lesley Curtis and Pablo Lucio, will be back with us this week. All these players were in the starting backfield," he added.

Carnival, Dance Slated In Clovis

A carnival on Halloween night, Tuesday, Oct. 31, and a dance Saturday, Oct. 28, has been planned by the Association for Retarded Children in Clovis.

Proceeds from these two events will go to the Youth Association for Retarded Children in Clovis.

The dance Saturday evening from 7 to 10 p.m. will feature the Cyndrom, a rock band from Clovis. Admission charge is 50 cents per person.

The carnival from 6 to 9 p.m. Halloween night will include five cent booths, a pie throw and spook house. There is no admission charge for the carnival. A contest will be held for the best costume, so attendants are urged to join the masquerade.

Both events will be at the Retardation Center at 10th and Pile Streets in Clovis.

Armstrongs Return From Canada Trip

Mr. and Mrs. John R. Armstrong of Farwell returned the first week in October after spending two months touring through the northwest part of the United States and into Canada.

The Armstrongs left August 1 with their travel trailer hooked up to their car. They spent two weeks in Worland, Wyo., before going to Seattle, Wash.

From Seattle, they went to Victoria, British Columbia, Canada. On their return trip, they went across Washington, Idaho, Montana, North and South Dakota.

Mrs. Armstrong said they enjoyed the variety of countryside they saw. She said the people they met were very friendly. But, she did add that they were glad to be home and appreciated having a safe trip. Among the sites they visited

during the trip were the spectacular Grand Coulee Dam, Mt. Rushmore, which was the highlight; Science Center in Seattle and Buchart Gardens in Victoria. They also enjoyed eating seafood in Seattle.

Another attraction which fascinated Mrs. Armstrong were the shops in Canada. She said they were filled with items from England, Ireland and Scotland.

Warlick Dollar, Patsy Odom Wed In Vernon Baptist Church

Patsy Ruth Odom, daughter of Mr. and Mrs. James D. Odom of Vernon, became the bride of Warlick Odell Dollar, son of Mr. and Mrs. Billy G. Dollar of Farwell, Saturday in the First Baptist Church of Vernon.

Rev. Darrell Robinson, pastor, officiated at the double ring rites which were performed before a background of greenery on a white trellis framed with votive candles. A white kneeling rail centered the area. Palms of greenery covered the choir rail with votive candles nestled in the greens. Votive candles in greenery marked family pews.

Mrs. Jack Hightower, organist, presented traditional wedding selections and accompanied Curtis Odom, cousin of the bride as he sang "Hawaiian Wedding Song", "Twelfth of Never" and "The Lord's Prayer".

Given in marriage by her father, the bride chose a formal gown of sata peau featuring a high-rise waist and stand-up collar. Venise lace formed a V-bib effect on the bodice and made the cuffs on long full sleeves. Bands of lace enhanced the hemline of the bell-shaped skirt. Her mantilla of imported English illusion was edged with the chosen lace. She carried a cascade bouquet of Frenched carnations centered with cymbidium orchids and accented with lace and satin ribbon.

She observed the tradition of something old, new, borrowed and blue with a sixpence in her shoe. She was the 26th bride to use the sixpence belonging to Mrs. Claudene Long, her friend. As the bride approached the altar she paused to present her mother with a flower and a kiss. As she left, the same token of love was given to her mother-in-law.

Miss Jeanine Odom attended her sister as maid of honor. She was attired in a gown of mint green peau with short puffed sleeves, a scooped neckline and empire waistline which was accented with tiny pearls. She wore matching shoes and white gloves with her hair adorned with double bows of velvet and sprigs of gypsophila. She carried a colonial nosegay of yellow pompons with lace and satin.

Also in mint green gowns with identical styling and accessories were bridesmaids Ella Hollenbaugh, Sherry Townson and Polly Dollar of Plainview, the bridegroom's sister. They were escorted to their places at the altar by Robert Wattenbarger of Fort Worth, the bride's brother-in-law; Walter Odom, the bride's brother; and James Symcox of Farwell, the bridegroom's cousin, who served as groomsmen and ushers and wore black tuxedos with ruffled shirts and flared leg pants.

The best man and brother of the bridegroom, Bruce Dollar of Canyon, escorted the maid of honor to the altar. Flower girls Geretta Hutchins of Farwell, cousin of the bridegroom, and Lisa Mote of Wichita Falls in similar attire to the bride's attendants were escorted by Rick and Rob Wattenbarger of Fort Worth, the bride's nephews. Dennis Dollar, the bridegroom's brother, carried the rings as he entered the church with the bridegroom.

For her daughter's wedding Mrs. Odom chose a royal blue dress with a V neck and accented gold buttons on the midriff. Black accessories and a white glabella corsage completed her costume. Mrs. Dollar wore a yellow dress with a high collar. Her corsage was also of white glabella.

A reception in the church parlor honored the couple following the wedding ceremony.

The bride's table was covered with a white peau de soie

satin floor length cloth. The five-tiered wedding cake was decorated with yellow confection roses nestled in mint green leaves enhanced with garlands. An arrangement of mint green and yellow gladioli and carnations in a silver candelabra completed the setting with crystal and silver appointments.

Mrs. Diane Wattenbarger of Fort Worth, the bride's sister; Mrs. Linda Odom, the bride's sister-in-law; Laverne Odom, the bride's cousin; and Brenda Clifton assisted with serving. Also in the house party were Mmes. Frances Hamilton, Lorraine Cocks and Jeri Clifton. Rice bags were distributed by Cayla Davis, daughter of Mr. and Mrs. Don Davis.

For a honeymoon trip to Colorado the bride changed into a low-waisted dress of autumn colored bonded knit with a pleated skirt and matching coat accented with belt, high collar and orange buttons. She wore black accessories and the orchids from her bouquet.

A 1969 honor graduate of Vernon High School, the bride was a member of Pep Club and A Capella Choir. She has been employed as an operator by Southwestern Bell Telephone Company since her graduation. Dollar was graduated from Farwell High School in 1968, and attended West Texas State University for two years before becoming a patrolman with the Texas Department of Public Safety now stationed in Vernon.

The newlyweds will be at home at 2308 14th in Vernon after Oct. 23.

Other out-of-town guests were Mr. and Mrs. Vernon Symcox and girls, Mrs. Myron Hillock, Mrs. Dorothy Eason, Mr. and Mrs. James Symcox and family and Mrs. Lee Hutchins.

A rehearsal dinner was held at the home of the bride's parents for members of the wedding party and families. Gifts were presented to attendants, and the bride and groom exchanged gifts.

The home of the bride's parents was the scene of a rice bag party on Oct. 11. Bridesmaids and Lavern Odom attended. Finger sandwiches, chips, dips and cold drinks were served.

An old-fashioned pounding was given for the bride-elect by employees in the traffic department of Southwestern Bell Telephone Company in the employees lounge on Oct. 6. Cake and punch were served.

A miscellaneous shower honored the bridal couple Sept. 26 in the First Baptist Church of Farwell.

Hostesses for the shower were Mesdames H. R. Crook, Edith Blair, Fred Chandler, Leon London, T. J. Kittrell, Joe McWilliams, Bill Craft, Markum Chadwick, "Cotton" Robertson and Neil Stewart.

Decorations were in the bride's chosen colors of yellow and green. Hostess gifts were an electric mixer and an artificial flower arrangement which was used as a centerpiece on the serving table.

The mothers of the bride-elect and groom-elect were special guests.

Farwell Study Club met Monday night, Oct. 16, at the home of Mrs. Verney Towns. Mrs. Jewel Scott was co-hostess.

After a business meeting, Mrs. Scott introduced the speaker for the evening, Rev. Cliff Edden, pastor of First Baptist Church, Farwell, spoke on "Sustaining American Youth Through Love and Understanding".

He stated that in order to help our youth today we must first build a good foundation. "Real love comes from the home, and our first impressions are the ones that last through life," he said.

He continued, "God first created the family in the Garden of Eden, and the greatest thing we can give our children is a Christian home."

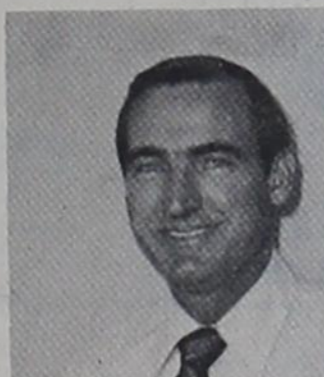

He stressed that women have the greatest job in the world, that of shaping and teaching their children. He added that her greatest contribution is through the children she rears.

He said that since they have been given a chance to invest in the youth of the country, they should set better exam-

More and more people are wising up to the low cost of electric heat

More SPS customers switched to electric heat last year because they found out, through a free estimate, they could operate an electric heating system for little more than they were spending already. Do you think they made a wise decision? Ask any of them. They're our most convincing salesmen. And, ask us for an operating cost estimate. It's free. It's accurate. It's a real eye-opener.

SCREWWORMS STILL SOARING

September's screwworm score set at a new state record, as Texas reported 16,882 outbreaks. Officials at the Mission lab said, "It was the worst September since the eradication program was launched in 1962."

Southwestern states also suffering screwworm setbacks in September were Arizona, New Mexico and Oklahoma. Records were set in the three states as Arizona recorded 656 cases; New Mexico, 480; and Oklahoma, 476.

Kansas, a state traditionally free of the screwworm pest, had two cases confirmed in September. California added two more cases to its 1972 total, and Arkansas had one confirmation.

Outbreaks in the seven southwestern states boosted the national tally for September to 18,499 cases.

August case confirmation for all states totaled 19,147. However, officials at the Mission Center attribute the slightly higher case count for August to "generally better reporting of cases by livestock industry groups" that month than in September.

Cumulative totals for 1972 cases through September are: Texas, 71,651; Arizona, 1,564; New Mexico, 894; Oklahoma, 682; California, nine; and Arkansas and Kansas, two each. The national tally for 1972 now is 74,804 cases.

STERILE FLY DISTRIBUTIONS

A whopping 826 million flies were reared and distributed by the Mission Center in September. Texas, as the hardest-hit screwworm area, received 617 million, and Mexico got 127 million. Air drops over Arizona amounted to almost 55 million, and other areas received lesser amounts.

Most of the Texas drops are presently concentrated in Central and South Texas, generally considered to be the "overwintering" area for the flesh-eating livestock pest. Heaviest concentrations a-

mount to 3,200 per square mile each week. Lighter concentrations include weekly drops of from 1,200 downward to 1,000 per square mile in areas of Southeast Texas.

SAMPLES ARE SOUGHT

It is still important to submit larvae samples to the Mission Center even if cases are quite widespread.

The samples are yardsticks for us to determine where cases are concentrated, and they play a major role in mapping strategic fly drops. Samples are important, too, since they will serve as a guide to help establish fly drop intensity in future years.

The restructuring of cattle feeding from the Corn Belt to the Southern Great Plains has been perhaps the most significant change in agriculture during the last 50 years.

By 1980 the United States will need 25 per cent more beef to take care of increasing consumption rates.

According to figures quoted by the "Farmer-Stockman", about 30 per cent of the cattle on feed are in Texas, Kansas, Oklahoma and New Mexico.

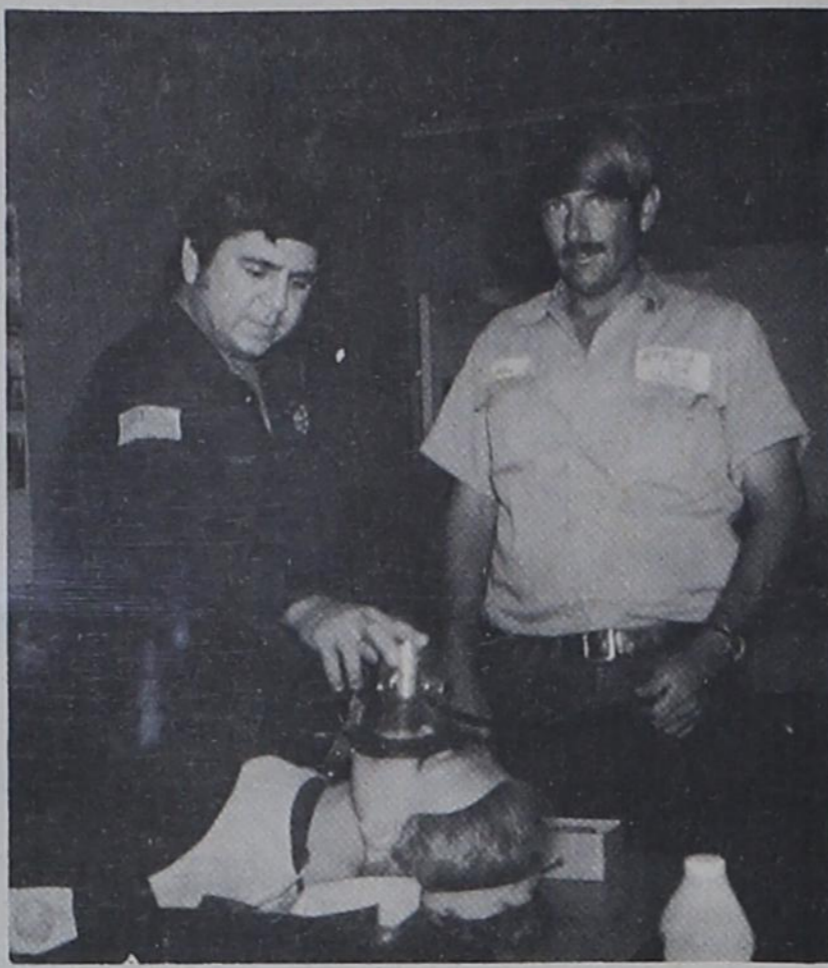

"If we can get the rain to grow grass and feed, the center of the livestock industry will stay here," the Farmer-Stockman reports.

The rise in numbers of feedlot animals being reared for market may eventually have a greater effect on retail beef prices than the lowering of restrictions on imports.

The lowering of import restrictions had little effect on prices of better cuts since most imported meat is in the form of hamburger and lower grade cuts. Normally we produce enough choice and good grades but a higher per capita consumption has caused competitive bidding among packers for the available supply.

From an agricultural point of view, the situation is something we have been working on for a long time. There is strong consumer demand for beef and consumers have plenty of buying power.

FIREMEN'S TRAINING SESSION - Texico Fire Chief Don Caillouet, right, listens to Bob Baca, representative from New Mexico Fire Marshal's office, as he explains some life-saving techniques. Baca conducted the final session of a four-week training school for firemen Oct. 12. Texico Volunteer Firemen attended the school sessions at Texico Fire Station with Farwell Fire Department members also attending some sessions. Here Baca is demonstrating the use of an oxygen mask on a life-like dummy.

Seventh Graders Have Scavenger Hunt, Supper

Farwell Junior High seventh grade class had a scavenger hunt and hot dog supper Tuesday, Oct. 10. Groups of 10 students each were given lists for the scavenger hunt and told to report back with the items to Farwell City Park at 5 p.m.

The group enjoyed a hot dog supper at the park, complete with hot dogs, punch and dots. Adults helping with the party were Mesdames Gerald Norton, Mitchell Walls, Richard Deel, Joyce Haseloff, and Jerry Dee Owen and Rick Vaughn, teachers.

Rev. Goff Is New Pastor At Assembly of God Church

Rev. Grady Goff became pastor of the Texico Assembly of God Church September 1 replacing Rev. Claude Walker. He and his family moved here from Bayard, N.M.

They live at the parsonage located at 508 Anderson in Texico. Rev. and Mrs. Goff have three sons, Timothy Wayne, Mark Anthony and Jeffrey Bryan.

Rev. Goff has pastored for 12 years. He ministered in Illinois, Indiana, Arkansas, Kentucky, Missouri and New Mexico before coming here. Most of his ministry has been spent in starting pioneer churches.

Mrs. Goff said most of the churches have been so small they have not been able to support a minister, but Rev. Goff helps them get on their feet before he goes on to another church.

She remembers one church in Rensselaer, Ind., which now has 70 to 100 in Sunday School and is fully supporting a pastor. She also recalls a church in Rolla, Mo., which was only a metal frame structure when they went there. The Goffs completed the sanctuary before the church had a suitable place for worship.

Rev. Goff is employed as an announcer-salesman for KZOL Radio Station in Farwell. He enjoys fishing, hunting and photography. He especially enjoys taking scenic pictures.

THE MOST POPULAR FABRICS OF THE '70'S

Knitted fabrics are the darling of the textile industry and indications are that they will be for many years to come. Knits are so popular, virtually every men's, women's and children's wear store or department carries a wide variety of knitted goods.

What makes knitted goods so desirable? Many good qualities are inherent in them regardless of varying fiber composition. They are wrinkle resistant, requiring little or no ironing, able to stretch for wearing comfort and return to original shape without bagging, and usually machine washable and dryable for real economy of care.

Knits are made from fibers which are interlocked in a series of connecting loops. Basically, there are two types: warp knits and weft knits.

Warp knits are made from hundreds of parallel yarns on one set of needles, each one of which forms loops along the length of the fabric. Unless specifically treated, they stretch mainly in width. Forms of warp knits include tricot, used for lingerie, and raschel, used for ribbed and raised surface fabrics for shirts, slacks, jackets, and dresses.

Weft knits can be doubled, single or flat, and are made from one continuous strand of yarn forming horizontal rows of interlocked loops. Double knits are made using two sets of needles, resulting in two layers of fabric which cannot be separated. They stretch in both width and length and are found in suits, slacks, jackets and dresses. Single knits are a single layer of fabric, lighter in weight than double knits, and often used in T-shirts and golf shirts. Underwear and sport shirts are often made of flat knits which can be shaped during the knitting process by increasing the number and size of loops.

Knitted goods can be made from a variety of fibers including polyester, cotton, acetate, wool, nylon, triacetate

Airman Burns Completes Basic

BRIAN BURNS

Airman Brian W. Burns, son of Melvin D. Burns of Rt. 2, Clovis, has completed Air Force basic training at Lackland AFB, Tex., near San Antonio.

During his six weeks' training, he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman is remaining at the Air Training Command base for specialized training in the security police field. He will begin that training this month as the Air Force is celebrating its 25th anniversary.

Airman Burns is a graduate of Texico High School.

Rev. Cliff Ennen - -

Baptist Preacher Enjoys Flying, Making Airplanes

Rev. Cliff Ennen, pastor of First Baptist Church, Farwell, has been making and flying model airplanes probably since the fourth or fifth grade. "I really can't remember when I started," he says.

Ennen began making the 15- to 20-cent stick models powered by rubber bands, but while he was working a paper route in the eighth grade, he bought an engine powered by compressed air. The CO2 motor paved the way for Ennen's love of building and flying remote control planes.

He then bought a small gasoline engine and began building free flight airplanes. "I remember flying one of these planes one day with my friends and it got away from us. We looked for it but it had flown out of sight," he said. He said he and his friends used to chase them with bikes.

Ennen's model airplane hobby came to an end for several years while he went through high school, college, got married and went to Seminary.

In 1965, when he was living in Artesia, he got the bug again. He came to Clovis one day and went into a hobby shop. He ended up buying a single-channel radio-control model airplane for which he traded a shotgun.

Ennen recalls that the plane was lost one day in Clovis while he was flying it. Although he and another man looked over the area for the orange aircraft, they couldn't find it. They finally decided to go up in a real airplane to hunt for it. They found it sitting on the road that leads to the Clovis Airport.

His next model airplane was built with a multi-control radio. He built the plane and another man built the radio. He said model airplanes usually run from \$300 to \$600 so he usually shared the expense of owning one with another individual.

He has now sold all his interest in these planes and works from time to time on building model airplanes for a man in Clovis. He enjoys flying these planes at the model airplane field at Hillcrest

Park in Clovis. According to Ennen, in the earlier days of model airplane flying, sticks and silk were used in making planes just like the larger aircraft. Some model airplanes now are made of plastic and styrofoam. The styrofoam wings are covered with plastic. The planes he builds are partly wood and partly styrofoam.

He says it can take several hundred hours to build some planes, while others can be built in eight to 10 hours. A model plane can be controlled as far as it can be seen, he remarks. "You can do anything with it that is done in a larger plane, including touch and go landings and rolls," he adds.

Ennen says the model plane is controlled by a stick on a box like the stick which controls a large plane. "Remote control lets you control the ailerons, rudder and elevator," he adds.

Engines run from \$25 to \$75 and will pull an 11-inch propeller 1200 to 1600 r.p.m.s. That's more than twice or three times that of a regular propeller-driven plane," he commented.

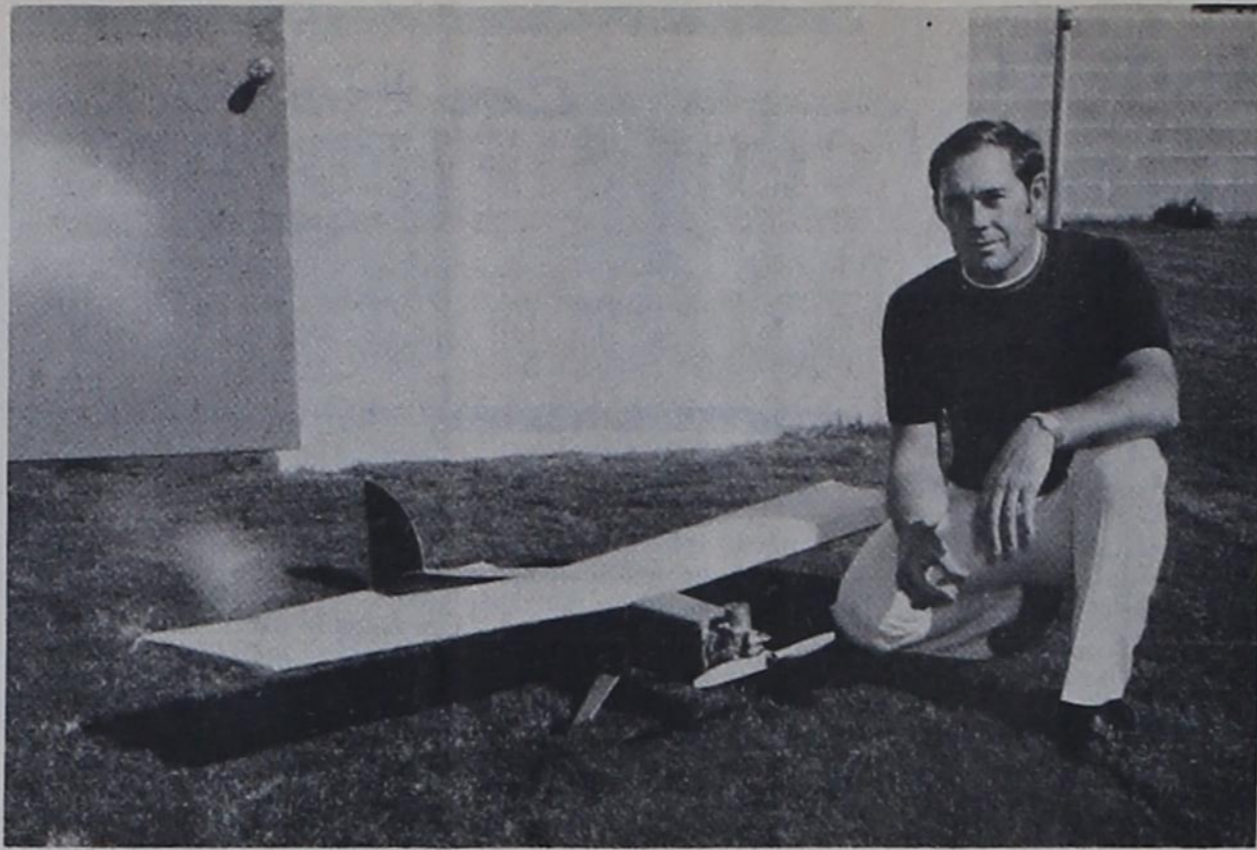

He only flies planes for fun, not competition, and his two girls, Dana, 12, and Robin, nine, enjoy watching him fly.

Besides interest in model airplanes, Ennen has been involved in photography since the ninth grade. At that time, he fixed up his own darkroom out of a coal bin using a cake pan, complete with light, and printing frame as equipment. He even made an enlarger out of

an old camera. Ennen uses his photographic skills in taking pictures of the model airplanes, and also in photographing his congregation during their activities. He enjoys taking pictures of people doing things.

He still develops his own pictures, both black and white and color slides. His girls enjoy helping him do this, too. Dana has already mastered the camera and can develop her own film.

Both of these hobbies provide the people of his congregation and his family with interesting conversation and activity. He admits that many of the pictures he takes are copied and given away to those who were photographed.

"THE UGLY STICK"—Rev. Cliff Ennen built this model airplane which is called "The Ugly Stick" because it is the ugliest remote control aircraft built. Ennen makes the model planes partly from wood and partly from styrofoam. He really can't remember when his interest in flying and building model airplanes began but he thinks it must have been in the fourth or fifth grade. He started with 15- to 20-cent stick models and graduated to model airplanes which run from \$300 to \$600. Right now, Ennen builds model planes for a man in Clovis and flies them at Hillcrest Park in Clovis.

Predicts Blowing Dust

How many dust storms will we have next year? Farmer and city folks alike might wonder why talk about dust storms in the fall of the year. The reason the Soil Conservation Service and the Farmer County Soil Conservation District are concerned is because of new information developed at the Big Spring Experiment Station.

The Big Spring Index, as it is called, is a method of predicting the number of days with blowing dust in West Texas. The method utilizes evaporation, precipitation and average daily wind movement for September through December to predict the number of days with blowing dust in the following calendar year. With this information steps can be taken to reduce potentially

severe dust storms, say SCSO officials.

When severe dust storms are forecasted it will be possible to apply extra effort to get dust preventive conservation practices applied, such as growing cover crops, mulching with cotton burs, and leaving grain sorghum stubble on the soil surface. These are some of the reasons why conservationists are dust storm conscious this time of the year. For more information contact the Soil Conservation Service in Friona.

Nutrition Notes

Snacks which feature meat are appealing, satisfying, and nutritious. Meats provide high quality protein, important B vitamins, iron, and phosphorus. They combine well with many fruits and vegetables and are ideal when served with a satisfying milk drink. Snacks which feature meat make a substantial contribution to nutritive needs.

HOW TO GET 100% DISC
PERFORMANCE

King OKB Series Offset Harrows
fits many needs with 1 1/2" round axle

- ★ Sturdy frame made of 4" x 4" steel tubing. Spring-loaded, self-leveling transport device.
- ★ Front and rear double gang bars mounted on pivot bolt for easy angle. Minimum angle - 15 degrees; maximum angle - 25 degrees.
- ★ Wide-spaced dual wheels for ample trash clearance. Wheels are equipped with tapered bearings; they can be used as depth gauge. Wheels lock down for transport.
- ★ One-and-a-half inch round axle with keyed nuts on both ends of gang shafts. Triple sealed ball bearings and extra heavy duty bearing hangers.
- ★ All tube ends are capped. Caps can be easily removed to insert extra weights, if needed.
- ★ Properly set, a King offset operates with negligible side draft. Hitch adjustable sideways. Hydraulics coupled to wheel shaft; front and rear discs raise and lower uniformly.
- ★ Extra cutting action eliminates necessity to overlap each turn over the field. Eliminates furrow on each side of the harrow and leaves a smooth, level field.

JR. HIGH STUDENT COUNCIL - Members of Farwell Junior High School's Student Council, sponsored by Mrs. Liz Phillips, act as liaisons between the student body and faculty to provide the students with a more active voice in their school system. Chosen this year to represent the students in this capacity were, left to right; first row: sixth graders, Wendy Stancell and Kayle Watts; second row: seventh graders, Rhonda Walls, Josh Ensor and David Deel; back row: eighth graders, Kristi Magness, secretary; Tim Jones, Leigh Ann Kirkland, vice-president; and Robert Vidaurri, president.

Nutrition Notes

Eggs are an easy way to add protein to menus, especially on hot days. Deviled eggs are cool in crisp salad greens. Creamed eggs, with a touch of crisp bacon, offer a good entree for lunch or supper. Chilled custard made with eggs and milk is a refreshing dessert - especially when topped with fresh berries. And a slice of cheesecake is rich not only in eggs, but in cheese as well - all high in protein.

TWO MINUTES WITH THE BIBLE

BY CORNELIUS R. STAM PRES. BERTAM BIBLE SOCIETY CHICAGO, ILLINOIS 60635

THE TIME ELEMENT IN SCRIPTURE

How many problems would be solved, how many seeming contradictions in Scripture explained, if we were more careful to note the time element, emphasized so strongly in the Word of God.

In Romans 5:12 we learn that sin entered the human race by Adam. Then later "the law entered" (Ver. 20). But still later the Apostle Paul arose to say: "But now, the righteousness of God without the law is manifested" (Rom. 3:21).

Early in man's history blood sacrifices were required for acceptance with God (See Gen. 4:4; Heb. 11:4); later circumcision and the law (Gen. 17:14; Ex. 19:5); and still later, repentance and water baptism (Mk. 1:4, Acts 2:38). But not until Paul do we learn of salvation by grace through faith alone, on the basis of Christ's finished, all-sufficient work of redemption.

This is why the apostle refers in Gal. 3:23 to "the faith which should afterward be revealed." This is why he declares that our Lord "gave Himself a ransom for all, to be manifested in due time, and adds: "whereunto I am ordained a preacher and an apostle" (1 Tim. 2:6,7).

It is only as we recognize the time element in Scripture that we see the difference between "the kingdom of heaven" and "the Body of Christ," between "the gospel of the kingdom" and "the gospel of the grace of God," and "the dispensation of law" and "the dispensation of the grace of God."

A comparison of Romans 3:21 and 26 shows how this time element is emphasized in Scripture.

After discussing the function of the law in Verses 19 and 20, the Apostle Paul declares: "BUT NOW the righteousness of God without the law is manifested.... Then, in Ver. 26 he states that it is God's purpose: "To declare, I say, AT THIS TIME, His (Christ's) righteousness; that He (God) might be just and the Justifier of him that believeth in Jesus."

There you have God's terms of salvation for today. The sinner who places his trust in Jesus Christ, who paid the penalty for our sins, is justified before the bar of God. Glorious message! Believe on the Lord Jesus Christ and thou shalt be saved.
