PURELY PERSONAL
by John

It is almost an axiom in the advertising trade that when you "bust up" on an ad, the mistakes carry on until the whole thing is a total loss. We recently came across a tongue in cheek article concerning the woes of advertising and type setting. It is as follows:
Monday's ad: "The Rev. A. J. Jones has one color TV set for sale. Telephone 626-1313 after 7 p.m. and ask for Mrs. Donnelley who lives with him, cheap."
This disaster was followed on Tuesday with: WE REGRET an embarrassment caused to Rev. Jones by a typographical error in yesterday's paper. It should have read: "The Rev. A.J. Jones has one color TV set for sale, cheap; telephone 626-1313 and ask for Mrs. Donnelley, who lives with him after 7 p.m."

Wednesday's paper tried in vain to straighten things out with: THE REV. A.J. Jones reports he has received several annoying telephone calls because of an incorrect ad in yesterday's paper; it should have read: "The Rev. A.J. Jones has one color TV set for sale. Cheap. Telephone 626-1313 after 7 p.m. and ask for Mrs. Donnelley who loves with him."

In the Thursday paper appeared: "Please take notice that I, the Rev. A.J. Jones, have no color TV set for sale. I have smashed it. Don't call 626-1313 any more. I have not been carrying on with Mrs. Donnelley. Mrs. Donnelley was until yesterday my housekeeper."

But alas! On Friday appeared "Wanted - a housekeeper. Usual housekeeping duties. Good pay; love in; Rev. A.J. Jones, Telephone 626-1313."

The Tribune hasn't gotten quite that far in the puddle of disaster but we do make occasional mistakes.

The weather this year seems to be one constant round of drizzles and rains. At the times when we would like it to be dry, old mother nature is busy giving us some form of moisture.

But in keeping with the traditions of the Panhandle, the Amarillo weather station reports that we are almost five inches of moisture behind our normal fall at this time of the year. This just doesn't seem to be right - but there it is.

We already have had one Tremendous Turnip weighed and logged in the contest. If you have a turnip you wish to have weighed and recorded before the contest deadline morning, you can go by Farwell Hardware and Richard Deel will weigh and measure your specimen early for you.

Tournament Winners Named

Farwell Country Club's Turkey Tournament had a light turnout Sunday afternoon. Play was delayed until Sunday because of inclement weather.

Buster Herington had low gross and won a turkey and gift certificate. Harry Sheets also won a turkey and gift certificate for low net.

Second low gross was Sharon Hughes. She received a gift certificate. Doris Herington also received a gift certificate for second low net.

We had a small turnout. The weather halted the tournament Saturday. Next year will be better, we hope," said golf pro Martin Reeves.

TOO HEAVY TO BEAR - This pampas grass finds the weekend snow a little too heavy as it bends closer and closer to the ground under the weight of the icy moisture.

On New Law

Local Men Attend Big Spring Meeting

Jim Berry and Gil Patschke represented Parmer County and the City of Farwell Tuesday, Nov. 14, at a meeting in Big Spring on the campus of Howard County Junior College. The meetings are set up as a sounding board by the government to hear opinions from representatives over the state concerning funding of a new state law which would provide money to help certain designated locations obtain new industry.

The new state law says that counties and municipalities which are considered to have a population outgo as defined by the law may be able to borrow up to \$1 million to help attract industry.

The law, as yet, is not funded and meetings have been set up to determine how the people of Texas want the funding done. Funding of the law is subject to the meetings, said Berry. "We heard oral reports from several communities on the subject," he added.

Stovall Enrolled At Waco TSTI

Dean Stovall, son of Mr. and Mrs. Harold Stovall of Farwell, is a student for the fall trimester at the Texas State Technical Institute in Waco. Stovall has enrolled in Laser Electro-Optics Technology at State Tech, the state's first technical-vocational training center.

Martin Reeves

Local Country Club Gets New Golf Pro

Farwell Country Club got a new golf pro this month. Martin Reeves comes to Farwell after a five-year stay at Pampa Country Club.

He and his wife, Kathy, their daughter, Lissa, age three, and Reeves' brother, J. D., arrived in Farwell Nov. 10 ready to meet the people and "get activity jumping at the Country Club."

Reeves started as golf pro at Pampa in January, 1967. He stayed with the Pampa club until December, 1971, when he started traveling on the professional golfer's tour.

He began his career as a professional golfer after a short time at Eastern New Mexico University. He was raised in Hobbs, N. M. After he turned pro in September, 1965, Reeves was a teaching pro in Los Angeles for about seven months.

After a short while in a non-athletic occupation, Reeves went to work in Pampa. He represented Pampa on the tour until July, 1972.

Again there was a short interlude before Reeves decided to come to Farwell. "I wouldn't trade the experience I got on the tour for anything. I saw new faces and places," he said. He added that it was good to be back working at a country club and enjoying the people who participate.

"On tour we lived from Monday to Monday. Every Monday we had to qualify again. There were tournaments in different cities each week. Sometimes they might be in cities 200 miles away or 800 miles away," he said.

"I've driven 46,000 miles, traveling from Los Angeles on the west coast to the southern coast and east coast while on tour," he added.

While Reeves was on tour, his best finish was 16th in the Shreveport Classic.

Reeves said he and his wife enjoy playing all kinds of cards and love sports. "I like all types of athletics. One of my favorite games in billiards," he says.

Reeves belonged to the Jaycees (Junior Chamber of Commerce) when the family lived in Pampa.

ACABIN IN THE PINEY WOODS? - No, just Farwell. Saturday morning this area was a picture postcard of winter beauty as its best with powdery snow covering everything in sight.

Eubanks Sacks Up Weekly Top Money

Zzzzip. The sound heard in the Twin Cities last weekend was Willie Roberts skidding for a two-point loss in the Merchants Football Contest, or it could have been Elaine Wardlaw zooming up two points. Either way the action resulted in another tie for first place with only one week remaining to decide the big prize winner.

Their totals of 75 correct game guesses placed them on a plateau two points over the next best duo sitting on 73 correct calls. In the second place slot are Carl Glenn Davis and Judy Earl. The two point gap is the widest that the number one callers have opened up the entire season, and one that promises to place them in line for either the Cotton Bowl ducats or the consolation Sun Bowl tickets.

So far this year, the weekly scramble has produced a point variation of up to five games between the various leaders from week to week. This makes the group at 72 points still a force to be reckoned with in the final tabulation. This contingent includes Everette Christian, Kevin Hardage, Champ Porter and Mike Travis.

This is Hardage's furthest step from leadership since the race began in September. Champ Porter, a winner several years ago, is noted for his late inning surges and also looks with favor on winning a prize.

Should fortune smile in the form of a ten-game card, the 71 pointers could make a recount of the tie breaking scores a necessity to reveal the eventual winners. Those at 71 points for the year are Paul Brigham, William Brigham, Ralph Frane, Linda Geries, Gene Hardage, Mona Hardage, Buster Herington, Leon London and Earlene Porter.

In fifth place with 70 points are Carolyn Sue Davis, Gerald Hardage, Frances Norton and Albert Smith.

Horace Eubank, a consistent entrant, cracked the weekly winner's circle again with a nine-point output that gave him a comfortable two-game bulge over the five persons who garnered seven for the week.

This is the second consecutive week for Eubank to win a weekly prize, having tied for second and third place in last week's contest. Also, the final week will feature the usual \$5 for first, \$3 for second and a lone buck for third. Whether you are a top contender or only out for the fun of the guess, it will pay you to study the weekly slate and get your entry into the Tribune office by 5 p.m. Friday or make sure it is postmarked and in the mail by that time.

Don't miss out on this last week of football guessing. It will be another year until this annual family fun game begins anew.

Rex Kyker To Speak At Clovis

Dr. Rex Kyker of Abilene, a native son of Farwell, will address the Clovis Chamber of Commerce annual meeting and banquet Saturday, Nov. 25, at 7 p.m. at the Holiday Inn in Clovis.

Kyker graduated from Farwell High School and is well-known in this area. He is an educator, minister and after-dinner speaker who has been billed as a "Mountain of Myrth" for his wit as well as his wisdom.

The former resident spoke at the Farwell Ex-Student get-together in 1969. Dr. Kyker is chairman of the Department of Communication at Abilene Christian College. He is a Church of Christ minister and is active in civic organizations, having served as president of the Key City Kiwanis Club.

Tickets for the annual meeting and banquet are \$6 per person. They may be purchased at the Clovis Chamber of Commerce office. Everyone is invited to attend.

ANOTHER WEEKLY WINNER - Horace Eubank of Farwell accepts a \$5 check from Jo Dell Goldsmith of Rose Drug and Gift Shop after winning first place this week in the Merchants Football Contest. Eubank was the only person to get nine correct games. He missed only the Rice vs. A&M clash. Second and third place weekly prize winners were Maggie Beavers and Elaine Wardlaw. They each guessed seven correct games, but Mrs. Beavers won second with a lower point spread on the tiebreaker game score. This is the second consecutive week Eubank has gotten into the winner's circle, having tied for second and third place in last week's contest.

26 Years - - Lewis Recognized For Service

Former City Magistrate Sam Lewis was recognized Wednesday night at the regular meeting of Texico Fire Department for his outstanding service to the City of Texico.

Lewis, who served Texico as Justice of the Peace for 23 years and as City Magistrate until last month, was presented a certificate from Mayor Manford Turnbough on behalf of New Mexico Municipal League.

The certificate reads in part: "in recognition for more than a quarter century of service."

"It was a happy surprise. I feel like it was a good job, well done and complete," Lewis said. "I did something I enjoyed and I don't feel like any of my 26 years were wasted. I always respected things told to me in confidence. People sometimes need a shoulder to cry on," he added.

Lewis remembers that one of the most interesting tickets he's ever given was to a girl for riding her horse on the sidewalk.

"I've lived a fruitful life and I've done what I think is right," he says. Lewis may not be giving any more citations to Texico residents or those passing through, but he is still in charge of fire calls for Texico Fire Department. That is enough to keep any man busy.

Mrs. Bush Wins Lions Shotgun

Mrs. Paul Bush of Lariat was winner of a 12-gauge shotgun given away Sunday during the Texico-Farwell Lions Club Turkey Shoot. A light turnout enjoyed the turkey shoot.

Consider Resources - -

Families Should Take Thanksgiving Inventory

Thanksgiving is just what its name says it is - or is it? A home management authority viewed resources in Texas homes and asked families to share her findings by taking a hard look at their own homes -- a "Thanksgiving inventory."

Lynn Bourland, home management specialist with the Texas Agricultural Extension Service, Texas A&M University, took issue with today's "gloom-makers" and directed more attention to five resources.

"Thanksgiving is a time when families pause a few hours in their busy lives to offer thanks for their many blessings.

"As you offer thanks this year, consider all the resources you have been granted - human resources, material possessions, space, time and natural resources."

Human Resources - "The greatest resource your family has is each family member and his or her potential.

"Recall the many times each family member has given of himself to help the family reach its goals. What have the

children done for the family that saved others time, energy and money? Likewise, how have the parents offered their time, energy and talents to enable the children to have and do things that might have been impossible otherwise?

"Your family may recall other family members and friends who offered their human resources - motivation, determination, joy, comfort, knowledge, or energy - to help your family make life in your home more satisfying."

Turning to material possessions, the specialist called for another inventory.

"Material possessions are the more obvious resources the family can see come and go as they're used.

"Everything the family owns, including money and all it can buy, are material resources. Make a list of all the material resources your family has received and used this year - you'll be surprised at the number."

Another resource, space, gained attention as Miss Bourland continued her report.

"Space on earth is limited, but every family has space in their home, some space around it, and some types of community or public space available for their use.

"As your family offers thanks, express what it means to have a place to sleep, play, work and share with others."

Time is the fourth resource - "one we all have in equal amounts - 24 hours a day.

"Without time, other resources would be useless. Satisfaction your family receives from time depends on how you choose to use it.

"Be grateful for time to enjoy your family, time to share with others, time to work to reach family goals, and time to make your contribution to the world," she said.

Thanksgiving takes a slightly different turn with the fifth item - natural resources.

"Today we've been alerted to the scarcity of our natural resources. We'll need to ask for wisdom in seeking ways to use them more wisely in order to conserve them and develop substitutes for them.

"With the scientific and technological efforts being exerted today, natural resources unnoticed by man may be vital to our survival in the future."

Miss Bourland termed management of resources the key factor in reaching family goals once the inventory is made.

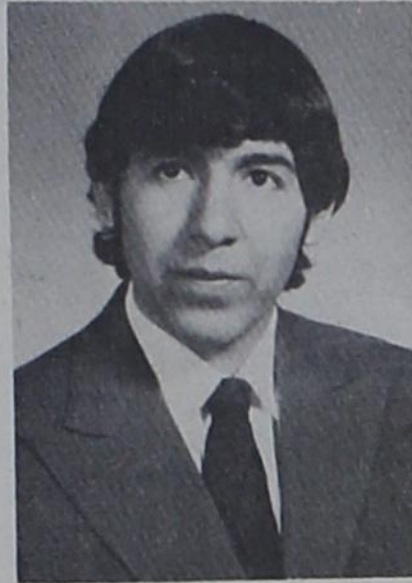

"Resources give the greatest returns when they're managed and spent - not merely used."

Should Reflect Personality - -

Room Accessories May Be Functional & Decorative

A room without accessories is like a book page without capital letters and punctuation -- uninteresting and somewhat confusing.

Housing and Home Furnishings Specialist Patricia A. Bradshaw of the Texas Agricultural Extension Service, Texas A&M University, classified accessories into two categories - functional and decorative.

"The functional group might include ashtrays, clocks and lamps," she explained. "But in

order to be functional, the item must be useful.

"This means that the lamps should provide adequate light where it's needed, and clocks should keep good time and have easy-to-read faces.

"In all cases, line, shape, color and texture of the accessory should harmonize with the spirit of the room," Miss Bradshaw continued.

Examples of the nonfunctional or purely decorative group are pictures, sculptures, mir-

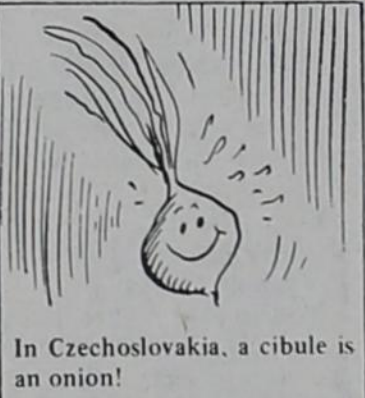

rors, flower arrangements and bric-a-brac.

"When selecting these accessories, care should be taken to choose those reflecting personality and interests of the owners. Otherwise, the effect can appear false, forced and perhaps contrived.

"Use accessories in keeping with the use and mood of the room. For example, choose accessories that display well as a group - rather than a conglomeration of objects placed here and there.

WHAT A PRIZE! - Mark Owen, left, holds up a four-point buck he and his father, Jerry Dee Owen of Farwell, shot about 7:30 a.m. Saturday on the River of the Wandering Cow on the Kohler Ranch near Boise City in the Oklahoma Panhandle. Brother Kevin seems to be as proud of the prize as his brother. With the help of grandfather, Dee Owen, who will dress the buck, the Owens will have venison for Thanksgiving.

Farwell Roundballers Kick Off Season Play

Farwell A and B boys and girls basketball teams got their season started Friday against Adrian, there. The Steers lost to Adrian 51-44. Doug Johnston was high scorer with 15 points to his credit.

The Steers made 19 field goals out of 62 attempts, six were completed for 33 percent. Thirty-six rebounds were made during the game by Farwell. Team members adding scores to the board, other than the high point man, were David Dannheim, Johnny Boling, Kevin Hardage, Kevin Hargrove, Lesley Curtis and Mike Woods. The Steerettes lost to Adrian 68-62. LaShawn Sheets and Joyce White were top scorers, with 20 points each. Marilyn Winegeart scored 12 and Sharon Booth scored 11.

Boys B team trounced Adrian 37-16. Gene Christian was high point man with 16 points. Farwell girls B team beat Adrian 27-21. Bonnie Foster was top scorer with 22 points.

Saturday night the Steers were defeated by Tulia in their home court tingle, 61-60. David Dannheim was high point man for Farwell with 22 points. Doug Johnston scored 17 points and Kevin Hargrove scored 15 points.

Team total for rebounds was 30. Out of 65 field goals attempted, the Steers completed 26 for 40 per cent. They made 50 percent of their free throws, completing eight out of 16.

Farwell Steerettes took on Lazbuddie Saturday night at home and beat them 73-44. LaShawn Sheets was top scorer with 24 points. Sharon Booth made 22 points, Joyce White, 18 and Marilyn Winegeart, nine.

Score of the boys B game was Tulia 60, Farwell 36. Gene Christian was again high scorer with 14 points.

Farwell B girls overwhelmed Lazbuddie 72-22. Tami Haseloff was top scorer with 24 points. Kathy White made 14 points and Lee Ann Williams made 10. Sheryl Woods had six points.

Monday night, Farwell lost to Dora 39-37 in a low-scoring clash in Dora's new gymnasium. Doug Johnston made 13 points and Kevin Hargrove and David Dannheim made 10 points each. Kevin Hardage and Lesley Curtis also contributed to the scoring. The Steers completed only 29

percent of their field goals, but made 70 percent of their free throws. Out of 45 field goal attempts, only 13 were successful. Eleven out of 16 free throws were good.

In discussing Farwell's 0-3 record at the beginning of basketball play, Coach Vernon Scott said, "We're inconsistent on offense. That's one of our problems."

"We're pretty good on individual defense, but there isn't any team defense. It's hurting us. Also we've got to be

able to rebound to fast break. That's slowing us down, too," he added.

"We're not playing anywhere near our potential. I have seen individual efforts and I'm pleased with them. I'm not discouraged; we've just got to be patient," he said.

Scott mentioned that Johnny Boling and Kevin Hardage, who were injured during football season, have been seeing some action on the court, although it is limited. The B boys lost to Dora

58-18. Gene Christian made high point man for the third time with 13 points.

Farwell A and B boys and girls teams were to play Friona Tuesday night in Friona. They will play Adrian in Farwell Tuesday, Nov. 28, with B games beginning at 4 o'clock and varsity games at 7 o'clock. Thursday, Nov. 30, A boys and girls teams will participate in the Friona Basketball Tournament. The tournament ends Saturday, Dec. 2.

Longhorns Fall Before Sundown

Lazbuddie Longhorns were overcome Friday by a mighty offensive attack coming from Sundown. The Longhorns traveled to Sundown for their final district game and last game of the season. They returned with a 14-0 defeat.

Sundown began their scoring binge in the first quarter with a touchdown followed by a point-after try which was no good. They ended their scoring in the fourth quarter with another TD followed by a two-point conversion attempt which was successful.

The Longhorns finished their season with a 4-1-5 record. They won the tie on penetrations. They finished district play with

a 4-1-4 record. A roster of Lazbuddie boys and girls basketball teams and their schedules will be printed in the Tribune in the next few weeks.

Hospital Notes

Mrs. Joyce Haseloff of Farwell underwent minor surgery Monday morning at Lubbock Methodist Hospital. She is reported to be in satisfactory condition.

Mazie Benifel of Farwell was released Saturday from Clovis Memorial Hospital. She had been in the hospital several days undergoing medical treatment. She is reported to be feeling very well.

Rev. Cliff Ennen of Farwell was released Monday afternoon from Lubbock Methodist Hospital where he underwent knee surgery Tuesday, Nov. 14. He is reported to be doing well.

Doyle Green of Farwell is showing some improvement after suffering a heart attack in his home Thursday, Nov. 16. He is in Clovis Memorial Hospital and is expected to be there about 10 days. He can now have visitors.

Mrs. Vane Doshier of Texico is listed in fair condition in a Hereford hospital after undergoing major surgery Monday. She is expected to be hospitalized several days.

Mrs. Mark Liethen of Farwell is doing better in Lubbock Medical Center. According to reports, if she continues to improve, doctors will be releasing her in a day or two. She has been in the hospital since Nov. 6.

Texico Teams Slate Games

Texico A and B boys teams were to open their basketball season Tuesday night against Springlake. Texico will be playing in their new gymnasium.

Texico Junior and Senior High girls teams played San Jon Monday night on their home court but no game scores were available at presstime.

The girls teams will play Tatum here Tuesday night, Nov. 28, at 7 p.m. CST. They will travel to Melrose Thursday, Nov. 30, for games.

On The Farm In Palmer County

By R. MACK HEALD
County Agent

A new mildew and leaf rust-resistant, semi-winter barley, Tambar 401, has been developed by the Texas Agricultural Experiment Station Small Grains Section.

Tambar is a six-rowed, rough-awned barley with leaves that are wider and more upright and twisted than those of Cordova.

The new variety produced the highest average yield of all varieties grown in Central and North Texas tests from 1965 to 1971. It was particularly outstanding in the Rolling and High Plains areas.

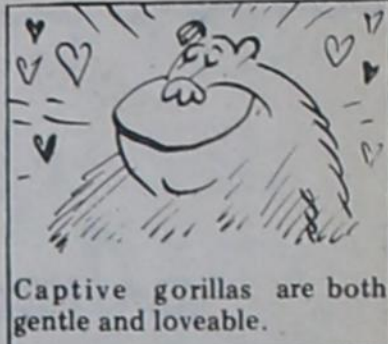

Under irrigation near Bushland, Tambar averaged 103.9 bushels, compared to 88.2 bushels for Will, the best yielding commercial variety. It was equal to Cordova in average

test weight for all locations but had a lower average test weight than did Rogers.

Tambar appears to equal Cordova in early fall and winter forage but may produce less forage in the spring.

A late maturing variety, 401 heads about the same time as Rogers and Will, and approximately five days later than Cordova. Straw is large and fairly stiff. It lodges more than Cordova but less than Will and Rogers under normal growing conditions. Winter survival tests at Bushland indicate that 401 is less winter-hardy than Will but equal to Cordova.

Foundation seed of Tambar 401 can be obtained from the Foundation Seed Section, Texas A&M University, College Station.

Captive gorillas are both gentle and loveable.

Portraying Area Homemakers

by Janie Crane

"Everything we do, we try to do as a family. Things just work out better," says Mrs. Don (Lynn) Heddins of Farwell, our area homemaker for the week.

Mrs. Heddins, who underwent surgery recently, says she's not the only homemaker in the family. Since she came home from the hospital her girls have been keeping the house clean and cooking for the family.

Don and Lynn have five children, Donna, 14; Rhonda, 13; James, nine; Tim, seven; and Kristi, three. Their favorite activity as a family is camping. "We try to go camping every summer and we have a 'ball' when we go," says Lynn.

Family members are involved in baseball during the summer. Don is head umpire of the Girls Softball League and both he and Lynn were involved in forming the organization for the girls teams this past summer. Lynn is a member of the protest committee of Girls Softball Leagues.

Both Donna and Rhonda played on teams during the past summer, while their brother, James, participated on a Little League team. Lynn says she attended the games and lent support to her group.

The Heddins family moved to Farwell from Clovis a year ago this month. About seven years ago, the family moved to Clovis from Hereford.

During farm harvest, Heddins is involved in custom combining. During the off season, he works at Farwell Motor Co.

Lynn is on a leave of absence from her work at Reiser Florist in Clovis. She started working there in February and is looking forward to returning.

When she has some spare time, Lynn enjoys decorating cakes, working with plaster crafts and sewing. She says she sews for all the girls in the family.

She also tries to keep up with her children and their activities. Both James and Rhonda will be involved with basketball soon and that will mean that mother will be there to watch.

The family attends Farwell First Baptist Church.

Since they are such a busy brood, they are always ready for something to eat. "We're busier now than when we lived in the country. I don't have as much time to cook, but I like to bake yeast breads," Lynn says.

That activity makes one think of a farm family and that is exactly what Lynn's family was before they moved to Farwell. They lived on farms both in Hereford and in Clovis.

The farm life is second nature to the family since Lynn was from Hereford and met Don while he was in Hereford on wheat harvest. He is from Illinois originally. Ever since they were married 15 years ago, the agriculture-

oriented way of life has been important.

Lynn's favorite recipe is for yeast biscuits. "They're real good because you don't have to let them rise," she says. Another family favorite is pumpkin bread. It is a good recipe to use with the holidays coming up.

YEAST BISCUITS

- 1 pkg. yeast dissolved in 1/4 c. warm water
- Warm in saucepan.
- 1 c. milk (buttermilk or sweet milk)
- 5 T. shortening
- 3 T. sugar
- 1 1/2 t. salt
- 1 t. soda (needed if use buttermilk)
- 3 c. flour (or more)

Add flour to warm mixture; add yeast last. Knead five minutes, roll out, cut and place in greased pans. Bake in 350 degree oven until golden brown on top or about 20 minutes.

PUMPKIN BREAD

Grease and flour three one-pound coffee cans. Heat oven to 350 degrees.

- Mix together in bowl:
- 3 c. sugar
- 1 c. oil
- 1 t. nutmeg
- 1 t. cinnamon
- 1 1/2 t. salt
- 4 eggs
- Mix well and add:
- 1 c. pumpkin
- 2 1/2 c. water
- 2 t. soda
- 3 c. flour

Bake one hour. Cool in can 10 minutes. Remove from can to finish cooling. Return to can and replace plastic top. Freeze or store in refrigerator.

1973 Spelling Bee Details Announced

Jim Noyes, Principal of Bovina Junior High School, has been named to direct the activities of the 1973 Spelling Bee for Parmer County, according to an Amarillo Globe-News release.

The 1973 Regional Bee - the Silver Anniversary Bee - co-sponsored by the Amarillo Globe-News and West Texas State University - will climax in Amarillo on April 28, 1973, with the naming of the Golden Spread Champion.

More than 11,000 students in the eighth and lower grades are expected to participate, and the area includes 46 counties in the Panhandle. There are 26 Texas counties, 10 in Oklahoma, four in New Mexico and three in Kansas.

The rules of the National Spelling Bee stipulate that any boy or girl who has not reached his 16th birthday or passed beyond the eighth grade by June 1, 1973, is eligible to enter.

Each county director has complete control over the respective county and may conduct the contests as a verbal "battle of the words," or it may be by a written test. However, the regional bee in Amarillo will be conducted verbally.

The study book, compiled by the National Spelling Bee, New York City, contains more than 3,000 words, many of which have been used in the annual national contests. New in design and content, the booklet is available from the Amarillo Globe-News, P. O. Box 2091, Amarillo, Texas 79105. The price is 25 cents.

The 1972 champion from Parmer County was Denise Shipp. Her parents are Mr. and Mrs. Dean Shipp of Friona. A student in the eighth grade of Friona Junior High School, she placed 13th in the 1972

regional competition. The only secondary contest conducted within the areas of the National Spelling Bee is also sponsored by the Amarillo newspapers and the University.

To acquaint boys and girls in the sixth and lower grades, a junior division contest is conducted. These county winners are special guests of the sponsors on Bee Day in Amarillo. Unless they hold a dual title, they do not spell.

The 1972 junior division champion was Marsha Carlan and her parents are Mr. and Mrs. T. H. Carlan of Friona.

The deadline for ALL county contests is March 31, 1973.

The grand winner will receive an all-expense paid trip to Washington, D. C. June 4-8. In the nation's capital the lucky youngster will compete in the 45th National Spelling Bee

Shoplifting - or "rip off", as it is termed by some recently - costs each American family about \$30 every year and totals some \$8 billion each day, but the real victim is the shoplifter himself.

This crime won't put the merchant out of business, but it may cheat the shoplifter out of a future.

A person with a shoplifting "record" frequently will have trouble getting a job that requires a license or the public trust - even that of a bonded stock boy.

A person with a "record" has trouble getting loans to buy things like a car, house or other major purchases. These people often become victims of unscrupulous lenders. College scholarships may be denied -

one boy was refused military academy admission because he stole three cases of soda pop.

If someone is convicted of shoplifting goods worth \$50 or more, the law says he has committed a felony. Thefts of \$50 or less are misdemeanors, subject to lesser penalties.

Jobs which a convicted felon will have difficulty getting are many; some are beauty operator, school teacher, real estate salesman or barber. Others are insurance agents, architect, certified public accountant, optometrist and undertaker.

A broad range of occupations are closed to people with criminal records. They include police officer, stock broker, lawyer, security guard, fireman, private investigator and

School Lunch Schedule

At Texico

MONDAY - Hamburgers, pickles, onions, lettuce, Tater Tots, peach cobbler, milk.

TUESDAY - Meat loaf with catsup, buttered potatoes, celery stick, hot rolls, fruit gelatin, milk.

WEDNESDAY - Chili beans, mixed greens, pineapple and cottage cheese, cornbread, chocolate cake, milk.

THURSDAY - Fried chicken, cream gravy, whipped potatoes, tossed salad, hot rolls with butter, apricot preserves, milk.

FRIDAY - Fish sticks, macaroni and cheese, black-eyed peas, cornbread, fruit cup and chocolate milk.

It is impossible for a convicted felon to get into the National Guard and some branches of military service.

However tempting it may be, before you act, compare the value of an item with your future.

Pre-Nuptial Courtesies Honor Beverly Tims

Beverly Tims, bride-elect of Buddy Foster, has been honored with several pre-nuptial courtesies during the past two weeks.

On November 4 at Oklahoma Lane Methodist Church, she was honored at a miscellaneous shower hosted by Mesdames Virginia Blankenship, Frances Kube, Lois Billingsley, Lillis Garner, Louise Christian and Doris Sides.

The honoree's chosen colors of dark pink and light pink were featured in the decorations. The

serving table was covered with white net over pink and held an arrangement of dark pink and light pink roses and white wedding bells. Other decor included a dark pink candle on white pedestal holder encircled with small flowers. The candle arrangement and steam iron were gifts from the hostesses.

Special guests at the affair were the prospective bridegroom's grandmothers, Mrs. Violet Foster of Muleshoe and Mrs. Zula Rundell of Oklahoma Lane. The bride, her mother, Mrs. Weldon Tims, and the bridegroom's mother, Mrs. Wayne Foster, were presented corsages of miniature kitchen utensils tied with white ribbons.

Refreshments of hot tea and cake were served to the 40 guests attending.

Hostesses for a lingerie shower honoring Miss Tims were Kim Snider, Susan Patschke and Ginger Herington. The affair was held in the home of Mr. and Mrs. M.A. Snider, Jr. in Farwell on Friday afternoon, Nov. 17.

The serving table was decorated with a fresh floral arrangement of dark pink and light pink chrysanthemums and dark pink candles in a crystal candleholder.

About 12 guests were served hot cranberry punch and individual light pink iced cakes decorated with dark pink rosebuds. Silver appointments were used.

Hostess gift was lingerie.

The home of Mrs. Bob Byrd at West Camp was the scene of a shower for the bride-to-be on November 9. Assisting Mrs. Byrd as hostesses were Mesdames Robert Edens, Judy Harlin, Naomi Austin, Gloria Herington, Margaret Wilhite, June Saylor, Sharon Grant, Emma Wilhite and Betty Flowers.

The refreshment table was covered with lace and was centered with an arrangement of light pink carnations and dark pink dried flowers in a crystal

vase. Matching crystal candleholders holding pink candles flanked the floral arrangement. A crystal punch service, silver appointments and pink napkins bearing the names "Beverly and Buddy" completed the table decor. Pink punch was served with individual cake squares iced with white and decorated with pink.

Thirty-seven guests called at the social. Hostess gift to the honoree was stainless steel cookware and they also presented her with a corsage of light pink carnations tied with dark pink ribbons.

ENGAGED COUPLE... Mr. and Mrs. Walter Schueler of the Rhea Community have announced the engagement and approaching marriage of their daughter, Vickie, to Wayne Kube, son of Mr. and Mrs. Martin Kube of Farwell. The couple plan to exchange wedding vows at 7:30 p.m. Tuesday, December 27, at Immanuel Lutheran Church in the Rhea Community. Friends and relatives of the couple are invited to attend the ceremony.

Study Club Members Enjoy Annual Dinner

Farwell Study Club members met Monday in their club house for their annual Thanksgiving meeting and traditional Thanksgiving dinner. The dining hall was decorated in a Thanksgiving motif.

After dinner, a business session was presided over by President Sal Vincent. After the meeting, she asked Rev. W.T. Perry to give a Thanksgiving prayer.

She introduced Rev. Oran Smith, pastor of Oklahoma Lane Methodist Church. Rev. Smith chose as his talk a message of Jesus after He had cleansed the 10 lepers, and only one came back to give thanks to Jesus.

In asking "Where are the nine?" he stressed the point that people should always be grateful and never turn their backs on others who have befriended them.

Friona Shower Fetes Cindy Phillips Sat.

Cindy Phillips, bride-elect of Donny Carthel of Friona, was honored Saturday with a bridal shower at Friona State Bank. Hostesses were Mesdames Lois Weatherly, James Procter, Gene Welch, Johnny Mars, Travis Stone, Glyn Hamilton, George Frye, Charles Kirk, Clarence Martin, Leland Hutson, Roland Smiley, H.K. Kendrick, Troy Young and T.A. Kelley.

Hostess gift was a set of king-size sheets and pillow cases and a king-size blue velvet bedspread.

Decorations on the serving table were in the bride's chosen colors of various shades of purple. The table was covered with a lavender cloth overlaid with white lace. Silver appointments were used in serving punch and coffee.

Other refreshments were white iced Petit Fours decorated with lavender flowers and nuts and mints. A fresh flower arrangement of lavender and orchid mums in a silver compote completed the table decorations.

The bride, her mother, Mrs. Glenn Phillips of Farwell, the groom-elect's mother, Mrs. Bill Carthel of Friona, and the groom-elect's grandmother, Mrs. McCabe of Dawn, Tex., each were presented corsages. The honoree's corsage was lavender gardenias and the special guests' corsages were variegated orchid and white carnations.

Mrs. Phillips and Mrs. Carthel helped the honoree open her gifts. Approximately 40 persons attended the shower.

Approximately 90 At Dinner

St. John's Lutheran Church in Lariat had its annual Thanksgiving Dinner Sunday in Parish Hall. Approximately 90 persons attended the get-together.

Donna Grimsley, daughter of Mr. and Mrs. Mark Grimsley, and Marcus Puentes, son of Mr. and Mrs. Rogue Puentes, both students at Muleshoe High School, spoke to the gathering on citizenship.

The Thanksgiving or harvest motif was used in decorating for the dinner which featured turkey and dressing and all the trimmings. Group singing was a highlight of the evening.

Attends Funeral

Mrs. Martin Reeves of Farwell flew to Indianapolis, Ind., Saturday from Amarillo to attend the funeral of her grandmother, Mrs. Lima Pearce. She returned home Tuesday night.

Return From Colorado Trip

Mr. and Mrs. Mose Glasscock of Farwell returned Monday evening from a trip to Fountain and Colorado Springs, Colo. The Glasscocks made the trip after being notified of the death of Mrs. Glasscock's aunt, Mrs. Myra Woods of Colorado Springs.

Mrs. Woods passed away Wednesday morning, Nov. 15. Funeral services were in Colorado Springs Saturday, Nov. 18. She was also the aunt of James Bruce, who grew up in the Glasscock home. He and Mrs. Glasscock are brother and sister. Also a nephew of Mrs. Woods is Chase Chisman, a former Farwell resident.

Mrs. Woods lived with the Glasscocks from 1947 to 1949.

While in Colorado, the Glasscocks visited in the home of Mr. and Mrs. James Bruce of Fountain and the homes of Mr. and Mrs. Roy Chisman, her aunt's brother; and Charles Chisman. The Roy Chismans live in Hanover community. Also visiting in the Roy Chisman home were his sons, Charles, Robert, Chase and Paul.

Attend Banquet

Several area people were in Amarillo Saturday night to attend the District 14-H Gold Star banquet at the Quality Motel.

Attending were Mack Heald, Farmer County Extension Agent, Jana Pronger, Farmer County Extension Agent, both from Farwell; Mr. and Mrs. Gilbert Gilliam and Scotty of Oklahoma Lane and Mr. and Mrs. Dale Hart and Holly of Friona.

Scotty and Holly were recently chosen as Gold Star Boy and Girl from Farmer County.

Federal Funds - - To Help Texas 4-H Program Expand

COLLEGE STATION - With the help of federal funds recently appropriated by Congress, the Texas 4-H program is expected to make new inroads for reaching more of the state's two-and-a-half million eligible youth.

Texas will receive some \$276,000 for expanding its 4-H program. "Our goal is to boost 4-H enrollments in Texas during the 1970's to 10 percent of the eligible boys and girls, those between the ages of 9 and 19," points out Dr. Don Stormer, state 4-H and youth leader for the Texas Agricultural Extension Service. The Extension Service is the parent organization of 4-H.

"Such an increase would mean a doubling of our present enrollment of 125,000 members," notes Stormer.

Expansion efforts will initially concern the addition of new staff members to give added impetus and direction to 4-H activities. At present the state has three area 4-H and youth specialists located in various regions. This area staff will be increased so that a 4-H specialist will be located in each major area and

serve either one or two Extension districts. There are 13 districts in the state.

To provide for additional leadership at the county level, 4-H program assistants will be added to the county Extension staff in 46 counties, according to Stormer.

"We need to improve the viability of our program and expand our overall efforts to reach more of the state's youngsters. Our youth today must cope with many problems and pressures, and we have a responsibility to provide them with information and guidance so that they will be better able to make intelligent decisions.

"We must especially offer more programs dealing with the social and physical sciences and with the humanities," says Stormer. "4-H today has something to offer to every youngster who is inquisitive, who is interested in doing things, and who wants challenges. Whether living on the farm or in the city, boys and girls can join 4-H and can select projects and activities that are of particular interest to them.

Erosion Control Is Necessary, Says SWCD

Today is the first day of the rest of your life. What are you going to do about the most serious problem you have ever faced in Parmer County - Pollution? By 1975 reliable sources estimate there will be four billion people in the world.

This means more intensified farming to feed these hoards, say Soil and Water Conservation District officials. This also means added exploitation of our natural resources which triggers more hazards for erosion. Erosion pollutes. Whether it effects air, water, or aesthetics,

erosion is pollution, according to SWCD personnel.

This monster - erosion - can be caged and controlled where it can do no harm. Cropland, no matter how heavily used, can be "tied down" by such things as minimum tillage, residue management, waterways and other conservation measures. Grazing lands must be managed for erosion control as well as top production.

Research has proved in most cases that the most efficient conservation programs are the most economical.

'Russian Roulette' Is Feeding Molded Feed

Have you ever heard of "Mycotoxicosis Russian Roulette"? You may not have, but chances are you're playing that deadly game if you feed molded feeds to your pigs.

According to Dr. Gene Cope, extension veterinarian, Texas Agricultural Extension Service, Amarillo, mycotoxicosis is a two-dollar word which means "poisoning of the host following entrance into the body of one or more toxicants produced by a mold." While the condition has been recognized for years, serious research was not initiated until the last decade.

The problem is complex, says Dr. Cope, because the production of toxin is influenced by many factors:

1. The strain of fungus; not all fungus produces toxin.
2. The temperature at which it grows; the best environment for

toxin production seems to be a period of moderately warm weather followed by a period of cool weather and a fairly high moisture content.

3. The length of time it grows.
4. Other bacterial growth associated with it.

5. The species of animal to which it is fed; this may be even more specific, with toxicity varying with sex and age.

RESULTS OF MOLDED FEED POISONING

Research indicates that animals which eat feeds contaminated by mycotoxins suffer from a variety of debilitating and lethal conditions such as hemorrhaging, anemia, cancer, poor growth rate, poor feed conversion and others.

Some molds produce a toxin which elicits similar responses in sows as the hormone estrogen, points out Dr. Cope. In sows this

response to the toxin may be one of swollen mammary glands and prolapse or reproductive organs.

"Apparently, mycotoxins affect the reproductive system in varied ways, from completely stopping milk production, marked decrease in the vitality of new born pigs, numerous stillbirths and lowered ovulation rates to normal pregnancy and lactation. These variable results may be related to the amount of mycotoxin consumed."

Many abortions are reported in swine with no evidence of virus of bacterial infection, Dr. Cope cautions. It is possible that mycotoxins may play a role in some of these undiagnosed cases.

The best way to keep from playing "Mycotoxicosis Russian Roulette" is to avoid feeding molded feeds.
