JOHN H. ALDRIDGE  
(Re-election)

HARRY SCHULTZ

**For Sheriff-Assessor-Collector:**  
EARL BOOTH  
(Re-election)

**For County Commissioner, Pct. 4:**  
W. S. MENEFFEE  
(Re-election)

**For County Commissioner, Pct. 3:**  
FRANK DOSHER

T. E. LEVY  
(Re-election)

JOHN ARMSTRONG

**For State Representative:**  
J. W. JENNINGS

TOM W. DEEN  
(Re-Election)

**For County Judge and Ex-Officio Superintendent:**  
A. D. SMITH  
(Re-election)

W. O. CHERRY

**For County Treasurer:**  
ROY B. EZELL  
(Re-election)

**For County Commissioner, Pct. 2:**  
W. E. (BUCK) McCUAN

F. T. SCHLENKER  
(Re-election)

**For County and District Clerk:**  
C. B. (CHARLIE) LOVELACE

**CURRY COUNTY, NEW MEXICO**

The State Line Tribune is authorized to announce the following candidates for office in Curry County, subject to the action of the Democratic primary election on June 4th, 1946:

**For County School Superintendent:**  
JOHN V. GREGORY.

**GROWS HIS PROTEIN SUPPLY**

COLLEGE STATION—While many of his neighbors have been worried over short supplies of protein supplement, Jack Martin of Cooke County has grown it a plenty in the form of green oats and clover.

Martin grazed 12 pigs, farrowed by two sows in May last year, on Hubam clover until last August. He gave them ground oats and wheat, both grown on the farm, and by October 1 there was a good growth of oats on the land which had been planted to clover. The rapid growth of the oats, due to soil improvement, furnished the necessary protein to finish the hogs on a grain ration of home-grown milo-maize.

The 12 hogs were marketed in 210 days, and they averaged 268 pounds each according to county agricultural agent B. T. Haws. Martin is a farm unit demonstrator in the soil improvement program sponsored cooperatively by the Texas A. and M. College Extension Service and the Tennessee Valley Authority.

The use of 80 per cent flour instead of the usual 72 per cent is expected to make 27 million bushels of wheat available for export.

IF YOU have farm land or residence property for sale, list it with me. I have the buyers, S. C. Hunter, Texico, N. M. 9-tfc.

FOR SALE—A few registered cows, bulls and heifers. See F. L. Wenner, 3 mi. east and 7 north Muleshoe, or 14 east Lariat. 23-3tp

LOST—Between Texico school house and Sikes Motor Co., two log chains, length about 12 and 16 feet. Reward for return to I. P. Jaquess, Texico. 25-1tp

FOR SALE—Registered Duroc pig, eight weeks old, papers furnished. G. C. Meeks, Farwell school. 25-3tc

**PLANE SCARES SHARKS**

LOS ANGELES—A Catalina flying boat crew saved the lives of 23 American merchant seamen whose vessel had been torpedoed by a Japanese submarine. Unable to land on the ocean because of heavy seas, the crew of the flying boat circled over the helpless seamen, who were drifting in lifeboats, throughout the night, dropping life preservers, rafts and food, and scaring off a school of man-eating sharks. In the morning two other Catalinas appeared and kept diving almost into the water to frighten the sharks until a Naval sloop arrived and rescued the seamen.

TEL. 2-1111

**Question of Plant Food Discussed**

COLLEGE STATION—Since the problem of what commercial fertilizer to use on which vegetables often arises, J. F. Rosborough, horticulturist for the Texas A. and M. College Extension Service, offers the following suggestions on the subject.

Commercial fertilizers that are available from most seed stores are 4-12-4, 5-10-5, and 6-8-4. For leafy vegetables such as lettuce, mustard, kale and spinach, Mr. Rosborough advises 6-8-4 because the higher percentage of nitrogen will stimulate rapid growth of the foliage. For root crops such as beets, carrots, radishes, and turnips, a 4-12-4 mixture is probably best. For tomatoes and peppers, as well as eggplant, a 5-10-5 mixture is probably best. If one fertilizer is to be used for all vegetables, a 5-10-5 would be the best choice.

In applying fertilizer, the proper rate is five pounds per 100 feet of row space. The fertilizer should be thoroughly mixed with the soil before the seed are planted. Where vegetables already have been planted, fertilizer may be used as a side dressing. In side dressing, take the corner of the hoe and open the furrow three to four inches deep on either side of the young growing vegetables. Sprinkle the fertilizer in the furrow, then mix it with the soil and refill the furrow. To make cucumbers "grow like magic," a side dressing of 5-10-5 will do the job.

After the plants have begun to grow and have reached the height of 12 to 18 inches, a second furrow toward the ends of the runners with an application of three to four pounds additional fertilizer will keep them coming.

**ASSISTANT PROFESSOR**

LUBBOCK—Major John M. Goodman, veteran of the European theater of operations, has been appointed assistant professor of military science and tactics at Texas Technological College. He replaces Capt. Lewis E. Wunderlick, who has been assigned to temporary duty at North Texas Agricultural College in Arlington.

**HEIFER DEMAND INCREASES**

LUBBOCK—Shortages in dairy products have caused an increase in demand for Holstein-Friesian heifers, according to W. L. Stangel, dean of agriculture at Texas Tech. At present the demand far exceeds the available supply of animals for sale. Most dairymen are trying to stock their herds with Holstein-Friesians since they can keep up cream content in their milk supply with a ratio of 10 Holstein-Friesian heifers to one Jersey.

*Stumped by Hushed Power!*

Could that be Superman—puzzled? Well, you'll see the same baffled look on most anybody, as your car breezes past, using new Conoco N-tane gasoline. . . Super-quiet! . . . Super-powered!

You get a glow of confidence out of high-octane Conoco N-tane. It gives you the feeling that you can always spur your car some more, instead of being forced to "ease off" by too much ping.

Test new Conoco N-tane for mileage, too. When has so much mileage come from so little gasoline? Try Your Conoco Mileage Merchant and high-octane Conoco N-tane. Give it a "hearing." Continental Oil Company

Don't say octane . . . say N-tane!

**SET-ASIDE REMOVED ON BEEF**

The 20 percent set aside on choice and good grades of beef has been removed, according to E. A. McBryde, district director.

Set-aside meat of the top grades has been purchased primarily by the Army but military services estimate they now have sufficient supplies to safeguard stocks, making current set asides unnecessary. Since choice and good beef makes up a large proportion of meat slaughtered at this time of year, somewhat greater supplies of both grades now should be available on the market, he said.

**Health Notes**

By Texas Department of Health

AUSTIN.—Dr. Geo. W. Cox, State Health Officer, today issued a warning against the danger of malaria following the heavy rainfall in Texas, which usually occurs during the spring and summer months.

"Malaria will remain a major public health problem as long as breeding places are accessible to the female Anopheles mosquito," Dr. Cox said. "Every householder should make sure that there are no tin cans, broken bottles, or other types of rubbish on his premises that will hold water and offer breeding places to this enemy of good health."

Dr. Cox pointed out that in our practice of mosquito control, we are sometimes like the man who locked the stable door after the horse was already stolen: we are content to wait until all our premises are swarming with mosquitoes before we bring ourselves into active warfare against these recognized agents of malaria transmission.

Dr. Cox further stressed the importance of conveying the public health and preventing the spread of disease in our present crowded conditions, and he also emphasized the fact that malaria is one of the more

debilitating diseases, often causing its victims to lose weeks or even months from regular employment or from school attendance.

Said Dr. Cox: "The best cure for malaria is prevention. Make sure your premises are free from any stagnant waters, in which may breed the female Anopheles mosquito that transmits the disease."

**HAVE COLLEGE RED CROSS**

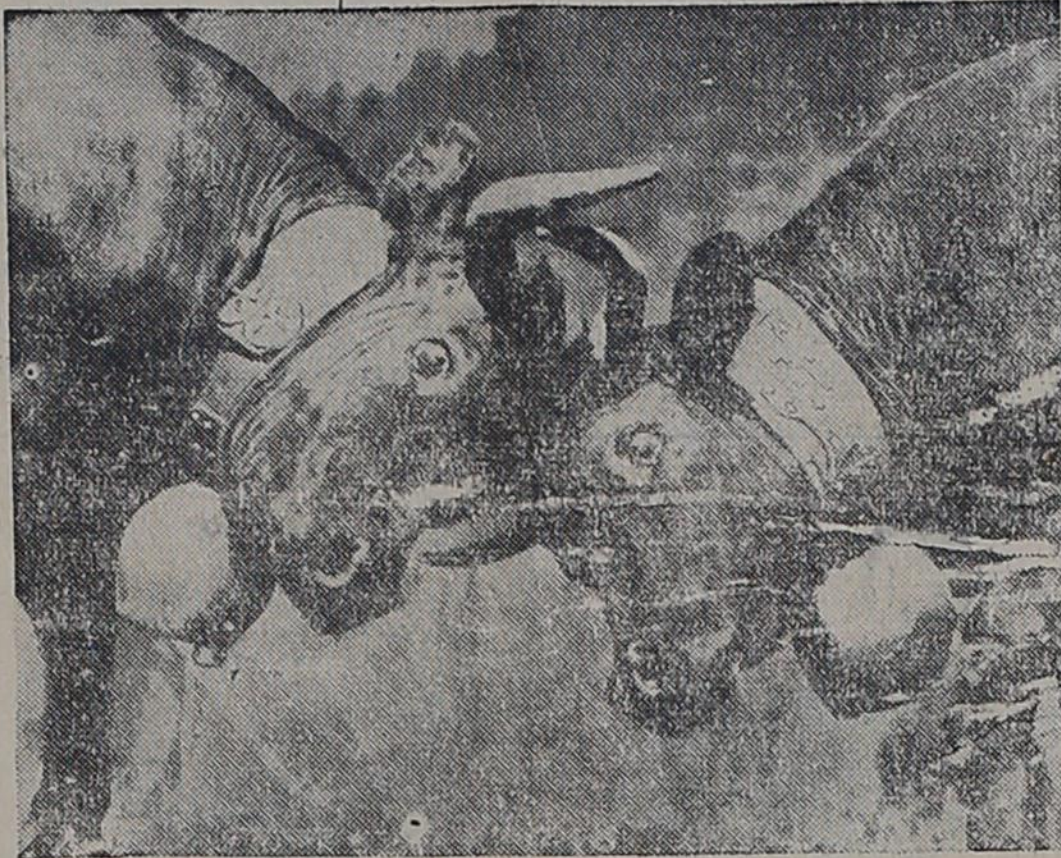

LUBBOCK—Students at Texas Tech have organized a college branch of the Red Cross to give greater assistance to work done by the relief organization. Plans call for participation in preparing materials and for holding classes in water safety, home nursing, first aid and nutrition. The branch will also sponsor classes to aid persons preparing for recreation work, teaching or business.

**COW SETS RECORD**

ALBUQUERQUE—What may be a record in registered Hereford calf production by a single cow is reported in story and picture in the April issue of The New Mexico Stockman. "Victory", an 8-year-old cow owned by H. Merrill, Ima, Quay county, has delivered five calves within eleven months. In May, 1943, Victory dropped twin heifer calves. The following April her owner found her with triplet bull calves at side. All the calves have flourished. They were sired by a registered bull purchased from C. J. Mapes, Dimmitt, Texas.

Cayenne pepper comes from the West Indies.

Only Rand and McNally could have a map like ours.

SPRING 'QUEEN OF BOVINES' . . . As a feature of the unique spring celebration held in the canton of Valais, Switzerland, cow fights are held to determine which one will be supreme and be crowned the "queen of bovine queens." Properly organized battle takes place yearly to mark the beginning of spring in Switzerland.

I Solicit Your Business

For what your car needs...

It Pays to see your **Ford** Dealer

**Battery Perking?**

Maybe a little pale and limp around the edges? That's easy to fix. Our tester will tell the story, and there's a new Guaranteed Ford Battery for your car if you need it. A big powerful heavy-duty type battery that starts your car quicker and outlasts ordinary batteries. A new Ford battery is a good investment in trouble-free car performance.

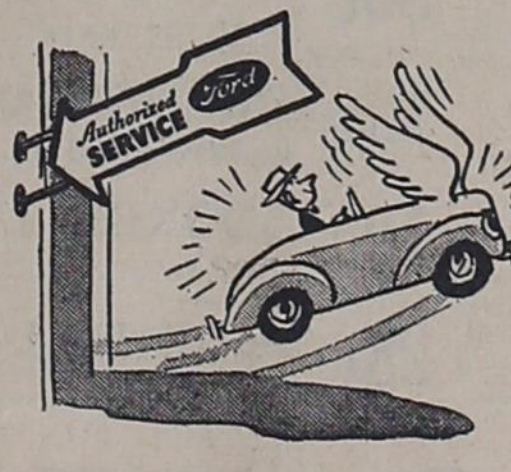

**Brakes uneven?**

Bad brakes and wheels that track like a snake in the snow are two of the world's worst rubber thieves. And bad brakes also are an invitation to an accident. Let us fix you up so your tires will last longer. A wheel alignment will do part of the job . . . a brake checkup completes it. Come in and see us. You'll drive more safely.

**Dimples? We fix 'em**

Yessir, we smooth out those unsightly fender dimples, touch them up where needed with matching paint . . . and send your car out sleek and perky as a gal with a new summer bonnet. Factory-trained Ford mechanics with plenty of know-how can iron out even the worst dimples as nicely as your tailor presses your best trousers.

**Genuine Ford Parts**

We now have a good stock of Genuine Ford Parts—the kind specially built for Ford cars. And because they fit right and are made of better materials, they last longer, save money on maintenance costs. To be sure of getting Genuine Ford Parts and Ford-trained men to install them, bring your car to us. Our work is guaranteed.

### Connally Files For Place on Ballot

Senator Tom Connally has filed with Honorable Harry L. Seay, chairman, Democratic State Executive Committee of Texas, his application for a place on the primary ballot as a candidate for United States Senator. In connection with the matter, Senator Connally made the following statement:

"The rumor that I might not be a candidate for re-election, but would accept a high position with the United Nations Organization is wholly without foundation. I would not accept any position with the United Nations Organization or in the foreign service if tendered me.

"My preference is to remain in the United States Senate where I can be of the greatest service to the people of Texas.

"I am grateful for the support of the people of Texas and have undertaken to give my best efforts to representing their interests in the Senate."

### CROP VARIETY

More than 100 different kinds of crops are produced in Texas.

U. S. aircraft carriers customarily are named after famous old ships and battles in American history.

King Gustavus III of Sweden was assassinated at a masked ball in 1792.

### PARMER METHODISTS WILL OBSERVE McMURRY DAY

Six Methodist churches in Parmer county—at Texico-Farwell, Bovina, Oklahoma Lane, Friona, Lazbuddy and YL, will observe McMurry College day on Sunday, along with over 300 Methodist Churches in Northwest Texas.

A total of \$20,000 has been asked from this conference, the money to go to the College maintenance fund. An annual observance, each church has a quota in proportion to its total membership.

Dr. Harold G. Cooke, president of the college, reports that tuition paid by students in any college represents about 40 percent of the total needed to maintain the school, and added, "The remainder must come, in the case of church schools, from friends and believers in the church-related type of education."

McMurry's present student enrollment comes from 66 Texas counties and nine other states, including a registrar of 110 ex-servicemen.

### Progress Reported On Veterans' Programs

DALLAS—Encouraging progress in processing Texas, Louisiana and Mississippi vets' disability claims and providing adequate hospitalization is reported by Gen. Omar N. Bradley, administrator of veterans affairs, who came here on a trip of inspection.

The four-star general, making his second visit to the Southwest since his appointment by President Truman, said the claims pattern in this area is the same as elsewhere. The VA is able to handle all disability claims on a current basis except where it cannot get medical records. The Army, he announced, has promised speedier help in this respect.

A shortage of space for administrative purposes and lack of sufficient doctors are still plaguing the administration, Gen. Bradley said. He said the taking over of the Ashburn and McCloskey Army Hospitals at McKinney and Temple, and LaGarde Hospital at New Orleans would alleviate the shortage of beds for veteran patients. "However," he went on, "our biggest trouble is staffing these institutions. The situation is improving and we are getting some fine doctors."

Bradley said that last December the VA was down to 2,100 physicians and surgeons and that 700 of these were on loan from the army. The

administration was faced with the loss of 700 of these on points. Only 200 have left, he said, and recruitment has built the number up to 2,912.

In hospitals near cities, where ample recreation facilities are afforded, the VA is having no trouble in getting nurses. It is experiencing some difficulty in hospitals located outside city areas.

Gen. Bradley and his party of inspectors will make similar visits to branch offices in Denver, San Francisco, and Seattle before returning to Washington.

### Veterans May Secure Farm Advice at Home

COLLEGE STATION—Veterans who wish to catch up on wartime farming activity will find local representatives of the U. S. D. A. and cooperating state agencies ready to help them, according to J. L. Matthews, assistant in agricultural planning for the A. and M. College Extension Service.

First stop for the farm-bound veteran should be the county agricultural agent. His job is to help all farmers and he has been designated to work with returning servicemen. The county agent, whose office is generally at the court house, can answer almost any question relating to agriculture or will refer the veteran to farm agencies working in special

fields.

In most agricultural counties, eternals can obtain the practical and valuable assistance of working farmers serving on the county veterans advisory committee. This committee may be approached through the county agent.

County AAA committees are ready to give assistance available under the AAA conservation program, either in the form of cash payments or in conservation of materials and services.

Farm Security administration long term loans can be arranged through county FSA personnel. The National Farm Loan Association or the Production Credit Association also provide assistance in obtaining loans.

Information about the extension of rural electrical services can be obtained from REA, and Soil Conservation Service will provide technical assistance.

### CHINESE INSTRUCTOR

COLLEGE STATION—Hsai Sheng Ku, engineering instructor at Utopia University, Shanghai, China, will come to Texas A. & M. next September to work toward a master's degree in sanitary engineering, it was announced today by S. R. Wright, head of the municipal and sanitary engineering department.

Ku will serve as a graduate research assistant during his year's residence at the college.

### TO HAVE SHORT COURSE

COLLEGE STATION — Pampa will be the site of a short course for water and sewage works operators in that area beginning May 20, it was announced today by the A. & M. Industrial Extension Service. W. E. Cuzick, IES itinerant instructor, will be in charge of the Pampa school.

**Top American Saddle Horse Group Given Texas A. & M.**

Edgar W. Brown, Jr., Orange, Texas, capitalist, rancher, shipbuilder, presents to the Animal Husbandry Department of the Agricultural and Mechanical College of Texas a group of the finest American saddle horses in the South. Included in his gift were six famous mares from the Pinehurst Stables, among which were "American Model," a winner of championships at the Kentucky State Fair, Chicago Charter Jubilee Show and other top shows; and "Jingle Bells," shown in the fine harness and five-gaited classes, and possessor of an outstanding record of winnings. Also given to the College was the stallion, "Proctor's Red Light," an outstanding show horse who has sired a long string of winners, including "Man of Destiny," one of the outstanding champions of the breed. Shown as the gift is presented are, left to right, F. I. Dahlberg, acting head of the Animal Husbandry Department; Owen Garrigan, college horseman; Brown, and Lt. Col. D. W. Williams, head of the Animal Husbandry Department, who has just returned to the campus.

**Practical Pockets Are Urged By Specialist**

COLLEGE STATION — Pockets may be practical as well as decorative, Mrs. Dora Barnes, clothing specialist of the Extension Service, reminds homemakers. House dresses, aprons, play suits and garden or work clothes will be more convenient and satisfactory if pockets are made fully useful.

On the skirt, pockets should be placed where the hands slip in naturally, says Mrs. Barnes. Pockets on readymade dresses and patterns are often too high. Because arms differ in length, the location of the pocket needs to be tried out before final stitching is done. Pockets slanted slightly toward the side are more convenient and also safer, because they are less likely to catch on handles and door knobs.

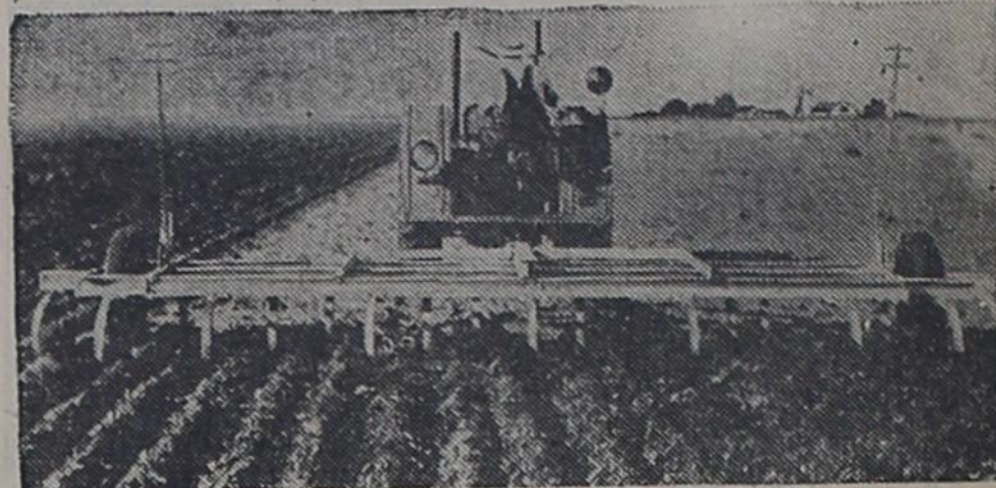

Since the primary purpose of a pocket is to hold things, Mrs. Barnes suggests that skirt pockets be roomy enough for a clenched fist to go in and out easily. This requires cutting the pocket large enough and then placing it on a loose part of the garment.

To make pockets durable, rein-

force top corners where the greatest strain comes. A strip of tape, based across the top of the pocket itself on the underside of the dress across the top pocket line, can be stitched with the pocket to give corner strength. A double row of stitching gives added strength against pull.

Enoc Arden was a sailor.

**LEGAL NOTICES**

**CITATION BY PUBLICATION THE STATE OF TEXAS**

To the unknown heirs, assigns and legal representatives of Charles C. Hudson and Charles Wiseman, deceased, Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the

first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 3rd day of June A. D. 1946, then and there to answer Plaintiff's Petition filed in said Court, on the 20th day of April A. D. 1946, in this cause, numbered 1350 on the docket of said court and styled Josephus Hudson et al, Plaintiffs, vs. Thirza Hudson, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiffs allege that they and the defendants are the joint owners of the

Northeast one quarter (NE 1/4) of Section thirty four (34), Doud and Keefer Subdivision, in Parmer County, Texas, and pray for a partition of said property and in the alternative pray that if said land is not capable of partition in kind that a receiver should be appointed and said land sold for cash, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 20th day of April A. D. 1946.

Attest:  
D. K. ROBERTS, Clerk,  
District Court, Parmer  
County, Texas.

(SEAL)

**CITATION BY PUBLICATION THE STATE OF TEXAS**

TO R. Connelly and the unknown heirs and legal representatives of R. Connelly, deceased; H. R. Mosnot and the unknown heirs and legal representatives of H. R. Mosnot, deceased, Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 3rd day of June, A. D., 1946, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 15 day of April, 1946. The file number of said suit being No. 1349. The names of the parties in said suit are Mack M. Bainum, as Plaintiff, and R. Connelly and the unknown heirs and legal representatives of R. Connelly, deceased; H. R. Mosnot and the unknown heirs and legal representatives of H. R. Mosnot, deceased, as Defendants.

The nature of said suit being substantially as follows, to-wit:

For the title to and possession of all of Lots Nos. Eleven and Twelve in Block 51, Town of Friona, Parmer County, Texas, upon the continuous peaceable possession of said land under deed and by virtue of the five and ten year statute of limitation and adverse possession of the State of Texas.

Issued this the 15 day of April, 1946.

Given under my hand and seal of said court, at office in Farwell, Texas, this the 15 day of April, A. D., 1946.

D. K. ROBERTS, Clerk,  
District Court, Parmer  
County, Texas.

(SEAL)

**NOTICE OF SALE OF COUNTY LANDS:**

Notice is hereby given that on the 2nd Monday in May, A. D. 1946, at 2:00 o'clock P. M., the same being the 13th day of May, A. D. 1946, I shall sell in front of the Court House Door in Farwell, Texas, all of the following described lands:

Lots 13, 14, and 15, of Block 33 of the original town of Bovina, Parmer County, Texas.

Said sale will be made pursuant to an order duly passed by the Commissioners' Court of Parmer County, December 22, 1945, appointing me Commissioner to sell said lands. The sale will be to the highest bidder for cash.

An abstract will be furnished with the lands and if any person is interested in inquiring into the title,

**Clear Accident Hazards Around Farm Homes**

COLLEGE STATION—Spring is clean-up time and time to clean out the hazards around the farmstead which might cause injury. With farm labor shortages and continued demands for high food production, the farmer cannot afford to lose the services of farm workers through accidents. The National Safety Council has listed several wise precautions for prevention of accidents.

Other than the personal factor of poor judgment, the largest single cause of injuries was disorder, according to a study made by the Council a few years ago. "A place for everything and everything in its place" is the prime safety rule.

Broken steps can be responsible for accidents of serious consequences. Floors should be solid, smooth and in good repair. They should be free from obstructions which would cause inconvenience or falls.

At this season of the year many barns have become cluttered with the accumulation of items used during the winter. Suitable places should be found for locating or storing such items. Avoid storing loose materials overhead on rafters or between floor joints, and make sure that forks, scrappers, brooms, and rakes are kept in racks or places where they will not fall and injure people.

A well-arranged and well equipped farm repair shop brings tools and work together in a suitable location and reduces loss and damage. It is a wise precaution to check the handles of hammers and axes to see that they are secure and in good condition. Ample light and a place for keeping tools are important in a good shop.

Proper lighting and suitable receptacles for knives and other sharp kitchen tools are other important safety considerations.

Verdi composed Otello at 74 and his beautiful Te Deum at 85 years of age.

**VEGETABLES IN GOOD SUPPLY**

COLLEGE STATION—A good way to help save food for shipment overseas is to eat more of the foods now in abundance. Edith Lawrence, specialist in food preparation for the A. and M. College Extension Service, offers a few suggestions on preparation of the many vegetables on the market.

One of the vegetables in good supply in spinach that green noted for its vitamin A. For spinach preparation Miss Lawrence advises cutting off the root before washing. Then using two pans of clear water, lift the spinach from one to the other until the leaves are free of all grit. Cook the spinach in very little boiling water in a covered pan over a low fire for 5 to 10 minutes until the leaves are tender. Some of the more tender leaves may be used raw in a salad.

Cauliflower, also on the plentiful vegetable list, is noted for its vitamin C content—especially if eaten raw. The flowerlets add a color contrast to green salads or, served with carrot strips and radishes, make a good relish dish. As to cooking cauliflower, 10 to 15 minutes is sufficient. The shorter the cooking time the whiter the vegetable will be and the more food value saved.

Still another vegetable plentiful at present is celery. Two varieties now on the market, are Golden Heart, the blanched type, and Pascal which is green in color. Pascal has gained popularity of late because it is more tender and less stringy.

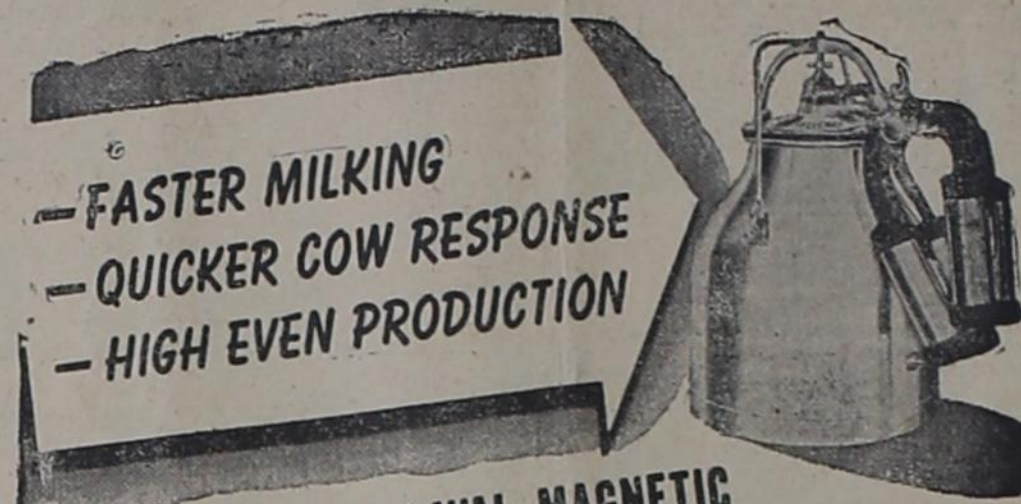

The inner branches of the stalk are good for out of hand eating or in salads. The slightly coarser outer branches are excellent in soup or in bread dressings with meat, or in combination with other cooked vegetables.

Some root vegetables in good supply are beets, turnips and rutabagas.

Avoirdupois weight has 16 ounces to the pound; Troy weight, 12 ounces

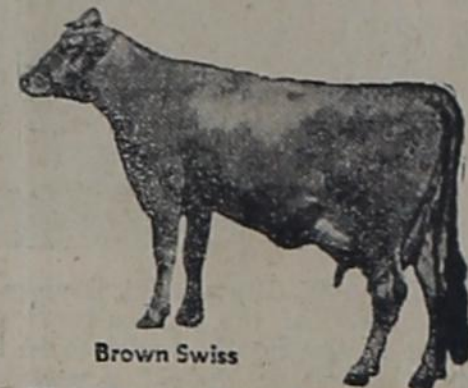

Goethe completed what is judged by some to be the greatest single work of philosophical literature, Faust, when he was 82.

Research reveals that mill hands over 60 years of age experience only half as many accidents as those in their early twenties.

**THAT'S WHAT DE LAVAL MAGNETIC SPEEDWAY UNIFORM MILKING OFFERS YOU**

THAT'S the kind of milking you want for your herd—the kind that gets the best results . . . pays highest profits and saves the most time. There is only one "magnetic" milker—the De Laval Magnetic Speedway—that assures absolutely uniform milking at all times. You must have uniform milking action for best, fastest milking. Ask us for the facts.

Brown Swiss

**DE LAVAL—MILKER OF CHAMPIONS**  
Another De Laval Milked Champion . . . Royal's Patience of Lee's Hill Farm, New Vernon, N. J. Held world's records as a senior 2-year-old and senior 3-year-old. As a 3-year-old produced 21,676 lbs. milk, 933 lbs. fat in 365 days—fourth highest in class for Brown Swiss breed.

DE LAVAL SEPARATORS

. . . first in 1878 and still first today in skinning performance, long service, high quality cream production and lowest cost per year of use. A fine and style for every need and purpose—hand or motor drives and high or low speeds.

**DE LAVAL STERLING MILKER**  
. . . provides De Laval quality milking at lower cost. Simple, rugged and dependable. Sterling Pulsator has only two moving parts. Wonderful milking performance obtains top results.

**Eubank & Son Auto and Home Supply Co.**

Clovis, N. M.

**Tips Are Given On Salvaging Neckties**

COLLEGE STATION—Many limp and soiled neckties now en route to the rag-bag could be salvaged for wear with some skillful home cleaning and pressing, according to Mrs. Dora R. Barnes, clothing specialist for the Texas A. and M. College Extension Service. Since new neckties, like many other items of men's wear, are low in supply and up in price, rejuvenating them is well worth while.

Many men still own prewar ties of fine silk which deserves reconditioning. Fast color silks will wash successfully, but Mrs. Barnes advises first testing a bit of fabric cut from the underside of the tie. If the fabric is not washable, the tie may be dipped in non-inflammable cleaning fluid.

The lining of the tie frequently gives trouble in cleaning and pressing. To prevent it from slipping out of position and becoming lumpy, run basting threads up and down the tie before washing or dipping to hold it in place. Remove basting when the tie is ready for pressing, and slip a piece of cardboard, cut in the shape of the tie, between the lining and outer fabric. Press over the cardboard. This prevents the lining from marking the outer fabric during pressing. If the tie is silk, a pressing cloth or tissue paper should be used

between fabric and iron. Ties that do not need complete cleaning may be freshened with a little sponging. The part most likely to be soiled is where the fold of the fabric comes under the chin in contact with grease or perspiration. Prompt sponging with cleaning fluid and perhaps also with a cloth dampened in water may remove the soil here. At this place also the tie is likely to become worn. If the tie is long enough, the remedy is to take up the seam in the center a half inch so that the worn place will be brought under the collar.

**SURPLUS GOODS RECEIVED**

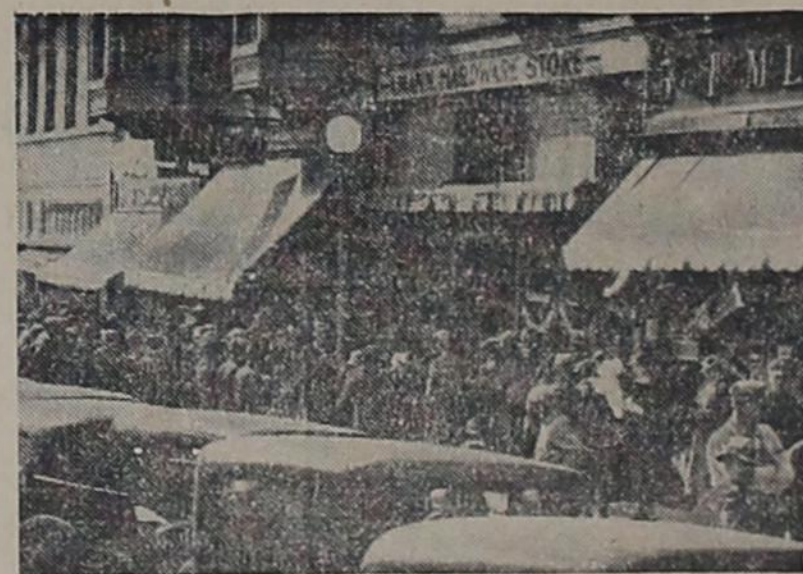

LUBBOCK—Surplus war goods with a declared value of more than \$30,000 have been received by Texas Technological College from the Douglas Aircraft company, Inc., of Tulsa, Okla., according to S. T. Cummings, college purchasing agent. This latest shipment of surplus goods makes a total of over \$100,000 worth of goods that the college has received.

Included in the shipment of over 60 individual pieces of equipment are: heat treating equipment, a large profile or Kellar machine, tensile and hardness testing machines, welding equipment, grinding and sanding machines, sheet metal working equipment, orbit presses, electronic controls and other miscellaneous equipment.

*Farmers are your neighbors - They want you to know that -*

**Cooperatives**

**put the farmers' SAVINGS DOLLARS to work on MAIN STREET**

**A DOLLAR saved is a dollar earned.** True, but truer than ever nowadays.

Your neighbors, the farmers, save money by marketing and purchasing cooperatively. Through cooperative partnership the dollars they save become extra earned dollars. And how they use those dollars!

Those cooperative savings dollars go for medical and dental attention. They go for new clothes, new furniture, new automobiles and many other things the farmers need. Without those savings dollars, the farmers often might have to go without some or all those things. And that would affect you.

Important to you townspeople, those cooperatively earned savings dollars stay at home. They work for you on Main Street. They mean extra buying power for the farmers. They mean an extra market for the goods and services you people in town supply to the farmers.

Last year, farmers cooperatives put millions of savings dollars to work on Main Streets the country over. Single communities, perhaps your own, benefited to the extent of thousands of dollars. Those extra dollars exist for the community only because of the farmers' co-ops.

So, be a booster for farmers' co-ops. Their savings dollars mean prosperity for your community. And that means prosperity for you.

*Cooperatives are the very embodiment of free enterprise. Cooperatives are builders of real democracy.*

**These cooperatives help build your community**

## Flower Garden Banquet Held Friday Evening

Meeting in the "Old Flower Garden", juniors and seniors of the Farwell school, along with special guests, enjoyed their annual spring banquet in the homemaking building, the past Friday evening.

The entertaining rooms were arranged to represent an old-fashioned flower garden, with a lily pond, complete with terrace, at one end. Table flowers were roses and iris, and down a green runner in the center of the tables were miniature lily ponds.

J. W. Herington served as toastmaster and offered the welcome, opening the garden gate to the guests, and Don Summers, representing the seniors, responded. Supt. H. A. Clift spoke briefly on "Our Garden Walls", and Reba Miller reviewed "Seeds We Have Planted".

Musical numbers included a quartet composed of Max Ford, Wynelle Brown, Don Williams and Maxine Ford, who sang "Let Me Call You Sweetheart" and "Sweetheart of the Sigma Chi"; a vocal solo, "In the Garden of Memories" by Doris Stovall, accompanied by LaMoin Jones; and piano selections by Joan Williams.

Serving the meal, which was prepared by the Methodist Wesleyan Guild, were Talma Randol, Billie Marie Utsman, Velma Threet, Nina Loe, Maxine Ford and Doris Stovall.

Table favors were small booklets in the school colors of blue and white, with places for autographs.

Those attending were Joe Threet, Max Ford, Wynelle Brown, Don Williams, Jeatonne Morris, Don Summers, Reba Miller, Athalee Evans, Dorothy Evans, Ray Ford, Sam Young, Chester Thompson, LaMoin Jones, Bob Loe, L. C. and J. W. Herington, Hershel Harding, E. D. Harvey, Don Thompson, Tommie Randol, Earl Deaton, Sybil Ham, Ruth Birchfield, Billie Moore, Mrs. Earl Both, Virgil Kelley, John Lovelace, Miss Berthmae Thomas, Miss Ann Nabors, Mr. and Mrs. Willie Williams, Mr. and Mrs. Robert Morton, Mr. and Mrs. Sam Randol, Mr. and Mrs. Jimmie Reynolds, Mr. and Mrs. S. E. Morris, Mr. and Mrs. H. A. Jones, Mr. and Mrs. Jack Williams, and Supt. and Mrs. H. A. Clift.

The head always starts swelling about the time the mind stops grow-

## Missionary Chapter Has Meeting, Wednesday

Mrs. Harvey E. Carrell was hostess to the Woman's Society of Christian Service, of the local Methodist Church, last Wednesday, when the ladies met in her home in Farwell.

Mrs. A. D. Smith directed the study program for the afternoon, being assisted by Mrs. Paul Schmidt, Mrs. Roy Thornton and Mrs. W. H. Graham.

Two new members, Mrs. Schmidt and Mrs. Clary, were accepted into the circle.

A sandwich plate, with punch and cookies, was served by the hostess to Mesdames A. D. Smith, W. H. Graham, Roy Thornton, Clary, Paul Schmidt, Ralph Humble, Grace Sanders, G. W. Atchley, Anne H. Overstreet and Roy B. Ezell.

## Smiths Entertain School Heads With Dinner

Judge and Mrs. A. D. Smith were host to the school superintendents of Parmer County in their regular monthly meeting on Monday night. A turkey dinner was prepared by Mrs. Smith for the occasion.

Following the dinner, the school heads went to Judge Smith's office for their business session.

Those present were: Supt. W. O. Cherry, Bovina; Supt. C. D. Holmes, Friona; Supt. H. A. Clift, Farwell; Supt. Roberts, Oklahoma Lane; Supt. J. M. Baker, Lazbuddy; and Principals Standefer of Bovina, Williams and Bates of Friona, Kelley of Farwell, and the host, Judge Smith.

## Engagement of Former Local Girl Reported

The engagement of Miss Burdena Barker, of Grand View, Texas, to Stanley Keys, of Omaha, Nebraska, was announced on April 6, at a formal dinner given in their honor in the home of Mr. and Mrs. James Harmon in Canyon, Texas.

Both young people are attending West Texas State College in Canyon.

Miss Barker is the daughter of Mr. and Mrs. Ben Barker, of Grand View, former Texico residents. She attended school in both Texico and Farwell and is well known here.

No definite date has been announced for the nuptials.

## Piano Recital Given Monday Evening

Florence Milwee Vinyard, local piano instructor, presented several of her pupils in spring recital, Monday evening, with a large crowd gathering in the auditorium of the local Methodist Church to hear the young pianists.

Rev. Harvey E. Carrell opened the program by offering the invocation. Piano numbers were given by Peggy Hardage, Merlyne Morris, Ann Whitley, Lavon Jones, Claude Rose, Jr., Mariella Doose, Anita Fern Brown, Agnes Meissner, Joan Spurlin, Wanda Joy Pruitt, Betty Lewis, Bobbie Newton King, Darlene Kay Sprawls, Violet Curry, Nancy Belle Aldridge, Phyllis Mendoza, Jeannine Singletery, Marjory Whitener, Beryl Brown, June and Peggy Rogers. A musical reading was also given by Claude Rose, Jr.

## Returned Veteran Is Honored on Sunday

Celebrating the return of former Army sergeant R. B. Ezell from Germany, where he had served a number of months, relatives and friends gathered in the home of his parents, Mr. and Mrs. Roy B. Ezell, in Farwell, Sunday.

Among those present were Mr. and Mrs. Eugene Ezell and family, Aubrey Ellison and son, all of Bovina; Mr. and Mrs. Marty Ezell and children, of Muleshoe; Mr. and Mrs. L. D. Parker and girls, of Amarillo; Mr. and Mrs. Eugene Parker and family of Roswell; Roy Ezell, III, of Santa Fe; Miss Lorene Hodges, the host and hostess and the honoree.

## Grade School Operetta At Texico, Friday

Some 125 members of the Texico grammar school, students from the first through the fourth grades, will present their annual operetta in the auditorium of the school, Friday evening, May 3, at 8:30, Texas time.

Mrs. B. A. Rogers, Mrs. James White, Mrs. J. E. Neil and Miss Mabel Davis are the teachers in charge of the singing play, which is entitled "Wedding of the Flowers". All the youngsters participating will be in costume.

## Grandparents Are Local Guests

Mr. and Mrs. S. C. Voyles, grandparents of Mrs. S. E. Morris, and their son and wife, Mr. and Mrs. Gene Voyles, all of Chico, California, have been recent visitors in Farwell and other Texas points.

Accompanied by Mrs. Morris and daughter, Merlyne, the California party spent several days last week visiting four of the senior Voyles' children, who live in East Texas. On Sunday, the group was honored with a family reunion at Greenville, Texas, where more than 78 relatives and old friends gathered.

## Attend Zone Meeting

Mesdames G. W. Atchley, Roy B. Ezell, O. B. Pipkin, Lena Bonine, Ruby Dixon, Harvey E. Carrell, B. N. Graham, S. C. Hunter and Paul Schmidt, all of the local WSCS, were in Grady, Tuesday, attending a zone meeting of the group. Mrs. Ezell had charge of the devotional program in the afternoon.

## ARE VISITORS HERE

Mrs. Therese Hancock and Miss Marilyn Anderson, daughters of Mr. and Mrs. G. D. Anderson, were here from Lubbock over the weekend. Marilyn was accompanied by two schoolmates from Tech, Miss Mary King and Miss Barbara Byrd.

## CALLED FROM CALIFORNIA

Jim Curry, of Alhambra, California, is here, having been called to the bedside of his mother, Mrs. C. C. Curry, who sustained an operation for appendicitis last week. She is reported recuperating nicely.

## CLUB TO MEET AT OKLA. LANE

The Oklahoma Lane Variety Club will meet with Mrs. Joe Donaldson on Tuesday evening, May 7. A quilt is to be pieced.

Misses Jean Ann Hart and Joan Booth, both Texas Tech students, were weekend visitors in the home of their respective parents in Farwell.

Mrs. Harvey E. Carrell and children left Sunday morning for Snyder, Texas, where she was called by the death of an uncle.

Mrs. Effie Johnson is in Amarillo this week where she is receiving treatment for her eyes.

Mr. and Mrs. B. N. Graham returned Monday from Morton, Texas, where they had visited over the weekend with their daughter, Mrs. Raymond Ross, and family.

Mrs. Lee McElroy and twins, Lee and Lynn, left Saturday on a two weeks vacation trip, during which time they will visit relatives in Lubbock, Fort Worth, Graham, and other Texas points.

## NEWS FROM OUR BOYS IN UNIFORM

### ON DISCHARGE LIST

Pfc. Auddie J. Barker is sweating out a discharge at Camp Kearns, Utah, and is expected home within the next week. His wife and sons have been making their home here while he was in service.

### DISCHARGES FILED

Pfc. Virgil E. Kelley received his discharge from William Beaumont General Hospital at El Paso on Jan. 15. A member of the 319th Infantry, Kelley was injured in France on Nov. 10, 1944. He holds the combat infantry badge, the EAME ribbon with one campaign star, the Purple Heart, victory and American theatre colors. In service 38 months, he spent 11 months overseas.

Pfc. Thomas G. Paine was discharged from the 83rd Reconnaissance Group at Fort Dix, N. J., on April 9. He has the EAME ribbon with one star, Central Europe; the American theatre, good conduct and victory colors; spent two years in the States and one overseas.

T-4h J. G. White, of the 376th Section Hospital, was discharged at Fort Bliss on April 19, following 11 months of overseas service, plus 14 months in the States. He has the A-P ribbon with one star, Ryukyus; the American theatre, good conduct and victory ribbons.

Pfc. Albert Frank Phillips, Jr., a member of the 81st Infantry Division, was released at Fort Bliss on April 20th. Phillips spent eight months in the Pacific and six in the States. He has the A-P, Philippine liberation, good conduct and victory ribbons.

Karl Julius Gast, Boatswain's Mate second class, received his discharge at San Pedro on April 14th. Gast enlisted in June, 1943. He holds the A-P, American, Philippine liberation and victory colors.

Harry Jay Charles, Pharmacist's

Mate third class, was released by the Navy at Camp Wallace, Texas, on April 17th. He entered service in April, 1945.

Mr. and Mrs. Mack Nobles and son, Edward, of Amarillo, spent Sunday in the home of his parents, Mr. and Mrs. B. E. Nobles of Farwell.

Mr. and Mrs. Claude Thomas of the Field community, spent Sunday here in the Albert Thomas home.

Mr. and Mrs. R. L. Kimbrough, of Muleshoe, visited last week in the S. E. Morris home in Farwell.

Mrs. Olan Schleuter visited during the middle of last week with her sister, Mrs. Horace Schloss, in Hereford.

Mr. and Mrs. J. W. (Bud) Hodges, of Portales, spent Sunday visiting in the home of Mr. and Mrs. M. C. Roberts in Texico.

Mr. and Mrs. D. K. Roberts are in Flagstaff, Ariz., visiting in the home of Mrs. Roberts' parents. They expect to return home the first of the week.

Mr. and Mrs. Max Wade of Groom, Tex., and Lt. and Mrs. Lou Morot of Chicago, were in Bovina last week visiting in the Reagan Looney and Vassey homes.

Mr. and Mrs. Orville London, of Amarillo, visited last week with relatives and friends in Texico-Farwell.

### IS VICE PRESIDENT

LUBBOCK—L. E. Parsons, head of the textile engineering department at Texas Technological College, was elected vice-president of the National Council of Textile Schools Deans at the groups annual meeting, held in Princeton, N. J., recently.

No baking failures  
BECAUSE YEAST GOT WEAK

New Fleischmann's Fast Rising Dry Yeast keeps for weeks on your pantry shelf

If you bake at home—you can always depend on New Fleischmann's Fast Rising Dry Yeast to give you perfect risings... delicious bread... every time you bake!

Ready for instant action—New Fleischmann's Fast Rising keeps fresh and potent for weeks—lets you bake at a moment's notice! Don't risk baking failures with weak yeast—get New Fleischmann's Fast Rising today. At your grocer's.

## Bill the Butcher Says

You guys that have been going fishing of late and coming back with nothing but sunburns and appetites had better take some advice from Old Bill.

We are now getting a shipment of Louisiana catfish every week. Just drop in on Mondays or Tuesdays and we will sell you better fish than you can catch—and at just a fraction of the cost of a fishing trip.

Course you won't have as much fun, but the saving you realize will give you such a thrill you won't want to go fishing.

Clovis, N. M.

**BUILDING AHEAD**

of a fast growing **TERRITORY**

Mile on mile of new transmission lines, begun even before the war's end, are now bringing low cost electric power to more homes, more farms, more industries, more businesses.

Our active expansion program includes many more miles of transmission lines, under construction right now. We've always had faith in the future and prosperity of the Panhandle, Plains and Pecos Valley area . . . and we're continuing to build ahead of this fast growing territory.

Take a look at this schedule of projects, already under way, or awaiting more materials:

Additions to power plants at Borger's Riverview Station, Carlsbad, Denver City, Clovis and Guymon to produce 100,000 additional horsepower, at a cost of \$6,000,000. New transmission lines, power plant and substation facilities costing \$2,500,000. Another \$3,500,000 will be spent on improvements throughout our entire service area to build miles and miles of additional new power lines which will open new vistas to better living, better farming, new industries, and more profitable business.

Yes, the Panhandle, Plains and Pecos Valley area is growing fast . . . and we're BUILDING AHEAD to the tune of \$12,000,000 to help develop a better, more prosperous territory by bringing more electric power to more people . . . at lower cost than ever before.

No. 15 in a series of advertisements designed to help build this fast growing territory in which we serve.

### Questions and Answers For Discharged GI's

Q. May a wife, widow, child, or other dependant of a veteran be granted hospital care by the Veterans Administration?

A. The person must have served in the armed forces.

Q. If a veteran dies after discharge from service, may a burial allowance be awarded by the Veterans Administration?

A. When a veteran of any war, discharged or released from active service under conditions other than dishonorable, a veteran of any war, in receipt of compensation or pension, or a veteran of other than wartime service discharged for disability incurred in line of duty or in receipt of pension for service-connected disability dies after discharge, the Veterans Administration may pay for burial and funeral expenses and transportation of the body to the place of burial, a sum not exceeding \$100.

Q. What veterans are entitled to special privileges under the homestead laws of the United States?

A. Any veteran who served not less than 90 days, and who was honorably discharged and makes a homestead entry, is entitled to have the term of his service in the armed forces, not exceeding 2 years, deducted from the 3 years residence required under the homestead laws. Further information may be secured from the General Land Office, Department of Interior, Washington 25, D. C.

Q. May a veteran who has no service-connected disability be entitled to a pension?

A. A veteran may be paid a pension for a non-service-connected disease or injury only if the disability resulting therefrom is related as permanent and total, and provided such condition is not due to the veteran's own wilful misconduct. The veteran must have more than 90 days active military service terminated by a discharge under conditions other than dishonorable.

### County To Benefit By Money Spent On Rural Repair Jobs

Expenditures totaling more than \$321,000 will be made in the next few years by home owners on farms and in small communities of Parmer County to improve present electric service and home plumbing.

These outlays will mean additional income to practically every local business and will finance additional wiring, bathroom improvements and new electrical equipment for the county's 969 farm and rural homes already served with electricity, according to a study released by the Title Council of America.

Introduction of running water, installation of tiled bathrooms and replacement of out-moded plumbing fixtures head the list of most wanted farm home features, D. P. Frost, chairman of the Council's residential construction committee, revealed. One in five farm families throughout the nation plan bathroom improvements, he said.

Additional wiring is needed in practically every farm home with electricity, according to the study. A huge market likewise exists for milking machines, quick freezing units, electric motors, baby chick brooders and other equipment.

Expenditures in the county are part of a \$94,617,000 program to be undertaken by Texas farm and rural home owners in the next five years, the study shows. An estimated \$2,294,900,000 on similar improvements to present electric service will be spent in the nation during that time.

### IDEAL MALE

DENTON, TEXAS.—The ideal North Texas College male has been found at last, after campus co-eds have searched for the past month.

By description he is reasonably handsome, quiet, refined, immobile in his moods and characteristics, dresses simply but neatly, never talks back or offers the least suggestion of argument. He is the recipient of the trials and tribulations of thousands who confess to him daily. His name is Rasputin Aloysius, the statue who graces the patio on Chilton dormitory.

### COTTAGE CHEESE POPULAR

Cottage cheese, potcheese, or clabbered milk, is one of the most useful forms of milk. In its sweet, compact, creamy bulk it is a true protein, very digestible. Unlike many proteins, cottage cheese is alkaline-forming, and hence may be eaten without fear of acid reactions. It may be combined with many vegetables and fruits in a light but substantial salad as the main dish for luncheon, or combined with other ingredients in cake, cookies, or pastry.

FORD and MERCURY

FORD TRACTOR

**Ft. Sumner Runs Away With District Track**

The Fort Sumner Foxes, admitted favorites, came through in a big way at the district track meet, held in Portales, Saturday, by grabbing a total of 107 1-3 points and the District 6 championship.

Other team scores were: Melrose, 30 11-12; Floyd, 18; Rogers, 16 1/4; Portales and Rosedale, 15; Texico, 14 3-4; Field 14, Elida 5, and Grady, 3-4 of one point.

West, of Fort Sumner, smashed the district record in the low hurdle race, by breaking the tape in 23.7 seconds, a full second under the former record. Dunn and Hatch, both of Portales, broke the old broad jump record of 20 feet, 6 inches, with Dunn setting a new mark at 20 feet, 11 1/4 inches.

West and Dunning, also of Fort Sumner, were high point men of the day, with 21 each.

Texico placements included: 880-yard run—Freeman, fourth. Mile Run—Freeman, third; Doolittle, fifth.

Low Hurdles—Doolittle, second. Pole Vault—Smotherman, fifth. Javelin—Baker, third.

High Jump—May tied with Davis of Melrose, Tollett of Rogers, and Vandevender of Grady for fourth.

Five hundred million people face famine due to war exhaustion and drought.

World sugar production in 1945 was 18 per cent below pre-war figures.

**Volleyball Title Goes To Local Girls Squad**

The Texico girls, mowing down all opposition, won the Curry county volleyball championship, Thursday night, when Pleasant Hill, Grady, Melrose, Field, Ranchvale and the locals met in Melrose to play it out for the title.

This was the second consecutive year that the girls have brought home the county crown, Coach Tom Hudson announced.

Drawing a bye in the first round, Texico faced the strong Grady squad, who had previously routed Pleasant Hill in the opener. In a brisk battle, the locals came out with a two-point margin, 28-26.

Melrose, advancing over Field and Ranchvale, faced the locals in the final game of the evening, and went down before Texico's strong attack, 33-24, the scorebook reveals.

Members of the team include May, Flye, McDaniels, Green, Huber, E. and B. Brown and Baker, with P. Rogers and Johnson as subs.

**LAND OWNERSHIP SURVEY BEING MADE IN NATION**

County Agent Lee McElroy reported today that he had been advised that the North Central Regional Land Tenure committee, in cooperation with the BAE, is making a nationwide land ownership survey, to begin May 6th in Texas.

Officials from College Station report that a number of questionnaires will be mailed to farm people in Parmer County, and request that they fill them out and return.

**New Football District Organized, 27th**

A new football district, to be known as District 3, was formed in Amarillo, Saturday, Coach Jack Williams, of the local school, reported today. Included in the district, which will play six-man football, are Adrian, Bovina, Lazbuddy, Oklahoma Lane and Farwell.

However, even though the district was formed, there is still some doubt that it will be continued as planned Saturday, Williams said.

Adrian, who definitely will play six-man ball, is more or less on the fence just now, hoping to be able to get into a district nearer home. Happy, Groom, Vega, and Claude, who last year played six-man, have announced that they expect to change over to the standard eleven-man teams this year, and if so, Adrian will remain in District 3. The other four schools are not positive, however, of 11-man teams, and if they decide to retain six-man, Adrian will withdraw from District 3 and join them. Coach Williams added that May 10 had been set as the deadline for Adrian's decision.

Another factor is also to be considered—the scarcity of football equipment—which may hamper, or actually prevent, Oklahoma Lane and Lazbuddy in trying football this year. The sport has never been played at Oklahoma Lane, and it is quite possible that sufficient equipment cannot be secured to put a team on the field. It was believed here that Lazbuddy has some equipment on hand, which gives them a better chance of entering the grid sport this fall.

In spite of all the details yet to be ironed out, however, the coaches elected Supt. Witt, of Adrian, as chairman of the new district, and set up their schedule, which will follow a double round-robin, with the team having the highest percentage of wins acclaimed as district champ.

The schedule is as follows:

September 20—Adrian at Farwell; Bovina at Oklahoma Lane; Lazbuddy, open date.

September 27—Oklahoma Lane at Lazbuddy; Farwell at Bovina, Adrian, open date.

October 4—Bovina at Adrian, Lazbuddy at Farwell; Oklahoma Lane, open date.

October 11—Farwell at Oklahoma Lane; Adrian at Lazbuddy; Bovina, open date.

October 18—Lazbuddy at Bovina; Oklahoma Lane at Adrian; Farwell, open date.

October 25—Farwell at Adrian; Oklahoma Lane at Bovina; Lazbuddy, open date.

November 1—Lazbuddy at Oklahoma Lane; Bovina at Farwell; Adrian, open date.

November 8—Adrian at Bovina; Farwell at Lazbuddy; Oklahoma Lane, open date.

November 15—Oklahoma Lane at Farwell; Lazbuddy at Adrian, Bovina, open date.

November 22—Bovina at Lazbuddy; Adrian at Oklahoma Lane; Farwell, open date.

**Working On Field**

As an extra fillip to their spring training, the Steers, assisted by other members of the high school, plan to sod their new gridiron this weekend, Coach Williams reported. The field has been put in excellent condition

for grass, and indications are that it will be in top shape by fall.

Some 18 boys are coming out daily for practice, the coach continued, and Farwell stands to lose only two players, Moore and Summers, via the graduation route, which makes the line-up for next fall look good.

New playing suits were ordered several weeks ago, and officials this week had confirmation of the order, with the promise that the suits would be on hand by the time the season opens in the fall.

As a finale of their spring workouts, the boys will stage an intramural game on May 10th, the coach added, to which the public is invited.

**Texico Boys Go To State Track Meet**

Four boys from the senior division of the Texico track squad, Belvin Freeman, Mansel Doolittle, Harry Baker and Robert May, will accompany their coach, C. E. Sanders, to Albuquerque on Thursday, where they will participate in state track and field events this weekend.

Coach Sanders reported that Freeman would enter the mile run, Doolittle will run both the low and high hurdles, Baker is slated to hurl the javelin, and May will high jump and vault. All four held places at the district meet, held last week in Portales.

The boys and Coach Sanders expect to return here on Sunday.

**Phillips Co. Shows Highest Return**

Marking its highest first quarter profits in the last eight years, with the single exception of 1945, Phillips Petroleum Company today announced a net profit for the first quarter of 1946 of \$4,244,933, or 86 cents a share, after provisions for all charges reserve and taxes. In the same period last year, the net profit was \$9,145,293 or \$1.86 a share, including 61 cents of non-recurring profit from the sale of stock in another company.

The Company's first quarter sales of motor fuel were 25% greater than for the same period a year ago, and 28% higher than in the last pre-war first quarter of 1941.

The first exploratory well drilled by the Company's Venezuelan subsidiary on its 25,800 acres in the State of Monagas has discovered thick oil bearing sands with indications of prolific production. Additional wells are being started on this block and exploration is progressing on the remainder of the 869,603 acres in Eastern Venezuela.

Additions to domestic oil and gas reserves since the first of 1946 are estimated to have been larger than in any comparable period in the company's history. The most important of these additions were on extensive company acreage holdings in or near the Judkins, South Fullerton, North Embar and Block 31 areas of West Texas, the Chocolate Bayou Field on the Gulf Coast, the Rangely Field in Colorado, and various points in Oklahoma.

World wheat production in 1945 was 8 per cent below pre-war levels.
