

WRECKAGE SHOWN—The above picture, taken by photographers aboard a French Navy plane, shows the wreckage of the David Caldwell, a merchant vessel, wrecked when it was caught in a storm off the shores of France, in the Bay of Biscay, on Sept. 4th. Chief Steward R. L. Douglas, Jr., of near here, was one of the members of the crew to be rescued by the French Navy, after 32 hours of clinging to the wreckage. In the foreground, the midsection and stern of the ship are shown, the 22-inch shaft from the engine room to the propeller holding the two sections together. In the back-ground is the fore part of the ship, ripped off in the storm.

Local Boy Tells of Rescue From Wreck

Making his last trip aboard a Merchant Marine vessel, the David Caldwell, a 10,500-ton vessel, before he would become eligible for a discharge, R. L. Douglas, Jr., son of Mr. and Mrs. R. L. Douglas of northeast of this city, almost made his final trip of all time.

Douglas told his story to a Tribune reporter this week when he came in to report to his draft board and to file his final discharge papers.

Aboard the David Caldwell, with a crew of 43, Douglas was serving as Chief Steward when the vessel ran aground in a storm in the Bay of Biscay, only six miles from the shores of France, last September 4. The ship was ripped into three equal parts by a 30-foot swell which also swept most of the crew overboard.

Driven by a heavy storm that the ship had been riding for two days and nights, the David Caldwell was making an effort to reach the channel that led to the harbor in Bordeaux France. "The Bay of Biscay had been mined during the war and had never been cleared, and we had no business being in there," Douglas related.

Ship Hits Reef

He explained that the water depth in the region of the shipwreck was only about 30 feet and the ship ran aground on a reef, where it was held fast. A large swell hit the vessel broadside, breaking it into three parts.

Many of the crew were swept overboard when the swell hit; how many, Douglas did not know. "Everything was confusion, and even the captain could not give orders; everybody had to look out for himself," he added.

Douglas told of five men who took to a lifeboat, only to be enveloped and lost when the next swell came in.

Asked how many men were lost, the local man said that all he knew was that of an original crew of 43, only 21 were registered at the hospital where he was taken, but explained that others may have been transferred to other points.

"All the men left on deck ran for the midsection of the ship when it broke up," he recounted, "for it was there that we kept our lifejackets." He went on to add that the jackets were of little or no use during the time the survivors spent in waiting. "When one of those swells came in, it covered everything and the undertow seemed to suck you under," he explained.

SOS Goes Out

"Our radio operator had only three minutes in which to get out an SOS message, and he only sent one before the generators went out," the local farm boy recalled. Fortunately, that solitary cry for help was picked up by the French Navy and planes from that Navy were sent out to get the location of the wreckage. It was some 32 hours after the scene was

Counterfeiter Gets Christmas Sugar

Just about the time the clerks at Hall's grocery began to think they were tops in detecting altered sugar stamps, some counterfeiter came along, slipped them defaced stamps, and carried off 20 pounds of extra Christmas sugar.

The faulty stamps were uncovered Tuesday, and clerks are at a loss to know who passed them. "It was one of our regular customers, as we have not sold any sugar to strangers," Mrs. S. E. Morris observed.

The phoney stamps were made from the 40 spare stamps by penciling over the left of the figure 4, making it appear as 10 spare, a valid stamp.

Hereafter, no stamps will be honored at Hall's unless the clerks remove them from the books as the sugar is delivered, it was stated.

Water Shortage On Ranges Of County

It's not unusual that stockmen of this area are forced to rig up gasoline pumps during part of the summer months in order to provide their stock with water, but herdmen have been experiencing the unusual task of pumping water during the winter season, the past few weeks.

As a general rule, there is ample high wind during the fall and winter months to pump abundance of stock water, but that rule has not prevailed the past few weeks, with the result that stockmen have been forced to rig up mechanical pumps to raise the water to stock tanks.

This is particularly true where cattle are being grazed on wheat fields of this section. All stock is being fed a mineral-salt supplement, which tends to increase desire for water.

Some losses from wheat poisoning are being reported over the county, but so far these losses are not heavy.

School Buildings Go At Public Auction

All the buildings and other property of the Midway school will be offered at public auction sale on Monday, December 16, at the location 14 miles east of Farwell.

The sale is scheduled for 2 o'clock p. m. and will be conducted by Col. Dick Doshier, local auctioneer, who is donating his services. Terms will be cash.

A complete list of the buildings and other materials to be offered will be found in this issue of The Tribune.

Amarillo Boosters Accorded Welcome

The Amarillo boosters, 100 strong, accompanied by a 40-piece band of the West Texas State College of Canyon, received a grand welcome when they made their scheduled 20-minute stop in Texico-Farwell last Wednesday afternoon.

C. M. Henderson, president of the Farwell Chamber of Commerce, acting as spokesman for the Twin Cities, delivered a short welcome address, and George Hamon of the Amarillo delegation, made the response.

Henderson emphasized the recognized industrial importance that Amarillo held in the great Southwest and stressed the idea of getting away from the war-established policy of the necessity of "having to do business through a friend", in order to obtain critical materials from the jobbing center of Amarillo. "The war is over now, and we want you Amarilloans to get away from the practice of having to do business through a friend in order to get what we want from you," he said bluntly.

The boosters mingled with the crowd while the band rendered a short concert, handing out souvenirs and advertising matter to the assembled crowd.

Water Conservation Meeting Scheduled

Plans were laid at Muleshoe, on Tuesday night, for a district-wide water conservation meeting, to be held in that city on Saturday, Dec. 14, at 2 p. m., in the Bailey County courthouse.

Farmers who are now irrigating, or who plan to irrigate their farms from underground water, are urged to be present to discuss plans for water conservation in this area. It is a well known fact that water levels have been lowered during the past few years, and plans are under consideration to ask for legislation to control use of the water supply.

Irrigation farmers of Parmer and Bailey County are urged to attend the meeting at Muleshoe, Saturday.

GENTLE RAIN FALLS

A slow, gentle rain, which began Tuesday night, was falling here at the time The Tribune was preparing to go to press. The forecast was for continued showers throughout Wednesday, and possibly Thursday. The moisture will mean much to wheat fields of this region.

Christmas Birds Not Available Locally

Continuing a pattern set in November, local produce dealers reported the first of this week that they had no turkeys for Christmas feast tables.

Andy Marcus, local dealer, said Monday that there are not many of the birds around here, and blamed the scarcity on the high price of feed. "I would buy some for local sale if I had a chance," Marcus added, but went on to say that thus far he had not been offered a single turkey.

Along with everything else in the meat line, turkeys are high, many having sold from 40 to 60 cents "on the hoof" during the Thanksgiving season.

Discontinue Issuance Of Vets' Priorities

Harold Carpenter, of the local AAA office, announced today that no more veteran's priority certificates for purchase of new farm machinery would be issued.

He added, however, that those priorities which are now outstanding would continue to be in effect until February 8th.

These priority certificates have been issued to eligible veterans by the AAA the past several years, Carpenter said.

TOURNAMENT CHAMPIONS are the Farwell Steers, pictured above, who defeated Morton in an exciting game here Saturday night to take the invitation tournament crown. Back row, left to right, Coach Jack Williams, Max Ford, Harry Sheets, Bobby Hart, L. C. Herington, Toby Booth, and Duane Curtis; Front row, left to right, Sonny Graham, Warlick Thomas, Dwight Rose, Junior Robertson, Don Williams. Mgr. A. C. Henneman is absent.

Coming from behind with inspired ball playing during the third quarter, the Farwell Steers won the boys' title in their own invitation tournament, held in the local gymnasium the past weekend. The Steers met a grimly-determined Morton quint in the last round Saturday night, and came out ahead by a scant one-point margin, 30-29.

Starting off hot, McAlister banged in the baskets to put the Morton team in the lead, with the count standing 8-4 at the end of the first eight minutes. During the second period Morton continued to hold an edge, with the tally 15-20, Morton, when the teams took a half-time breather. Farwell's winning period fell in the third canto, when they pushed up ahead 30-27, and only one basket was scored in the last eight minutes of the game, with McAlister hitting the bucket to put Morton only one point behind.

Had Williams, Farwell forward, failed to get his basket eye working during the crucial third period, it might have been a different tale for the Steers, as McAlister and diminutive J. Willis were definitely "on". Williams edged out ahead for high-score honors, however, taking 14, while McAlister had a total of 12 and J. Willis was third with 8.

Superb guard work by Robertson, toward the center of the court, and Ford, under the basket, turned the tide for the Steers.

Morton defeated a strong Oklahoma Lane team in their opening round and then bounced Spade in the semi-finals, while Farwell took an easy game over Lazbuddy and followed up by downing Friona to get into final play.

The Friona Squaws, on the other hand, had a comparatively easy time in their final game against Bovina, with L. Robason starting at guard and M. Taylor prominent in the forward slot.

Final score was 52-18, the highest count of the entire tournament, with the Friona defense effectively smothering both Moorman and Trimble, who had high-pointed the Bovina team in its march to the final round.

Friona had advanced into final play by virtue of wins over Bula, Oklahoma Lane and Lazbuddy, while Bovina won the right to play for the championship by ousting Ranchvale and Pleasant Hill in hard games.

Tournament Teams Named

The Morton boys and the Friona girls were predominant in the mythical all-tournament teams, named at the close of play, with Friona placing three girls while Morton spotted a similar number of boys.

The girls listed by the judges were M. Taylor, Friona, Moorman of Bovina and Welch of Lazbuddy as forwards; L. Robason and Horner, both of Friona, and Roberts of Pleasant Hill, as guards.

For the boys, the team actually included six players, as K. Willis of Morton and Womack of Friona, received an equal number of votes. Others were Robertson and Williams, both of Farwell; McAlister and Morton, both of Morton.

Trophies were presented by Coach Jack Williams of Farwell to the captains of the first and second place teams in each bracket, and individual gold basketballs went to the players named on the all-tournament teams.

500 Attend Opening Of Legion Hall

By actual count, 426 persons signed the guest register last Saturday evening at the formal opening and dedication of the newly-constructed American Legion Hall at Bovina.

Legion officials said this number did not include children and those who failed to sign the register.

The main feature of the occasion was an elaborate barbecue supper, which was served on the well-lighted Legion campus. Through the generosity of Tripiett & Pringle, an 800-pound steer was killed for the feed. This was supplemented by a 100-pound pot of beans, 100 loaves of bread, pickles and onions, coffee and soda pop—all free.

The beef was cooked by Crowley's Bakers in Texico, and was pronounced par excellent.

Following the feed, the main auditorium of the Legion Hall was packed to overflowing to hear the program that had been arranged.

Odus White was in charge of the program, presenting Ray Stallings of Clovis, Legionnaire, who talked briefly, followed by some musical numbers by the Pickering family, also of Clovis. Bass Elliott told of the high points of a recent district meeting of Legionnaires in Amarillo, and was followed by Attorney Ray Conzer of Hereford, who referred to Bovina as the "town that gives you a bellyful".

Conzer was the main speaker of the evening and praised the work and aspirations of the American Legion.

Of interest to the visitors was a large exhibit of trophies of various kinds brought home from the four corners of the world by Parmer county veterans. Enemy guns, articles of clothing worn by the natives, money, pictures and trinkets gathered all the way from the Aleutians to Australia, as well as all over Europe, were on display.

Prof. Thomas G. Masaryk was still the grand and vigorous leader of his country at 87 years of age.

Records Show Decline In Dairy Products

The manufacture of dairy products in Texas during October decreased 4 per cent from September, and represents about the usual seasonal decline, according to reports compiled by the Bureau of Business Research of the University of Texas.

In spite of the decrease in the total amount of dairy products manufactured, the production of creamery butter increased 22 per cent. This increase in butter production was at the expense of ice cream and cheese production, each of which decreased 19 per cent. The decrease in ice cream production, however, was seasonal in nature.

Mill receipts and crushings of cottonseed doubled and stocks rose 50 per cent between September and October. For October receipts totaled 185,877 tons, crushings 103,705 tons, and stocks at the end of the month 223,209 tons. This rise followed the usual seasonal pattern, but crushings in comparison with October of last year were off 15 per cent.

September wheat grindings in Texas consumed 3,658,000 bushels of wheat as compared with 3,634,000 bushels in August. In comparison with September 1945 wheat grindings were down 3 per cent.

Cotton mill activity in Texas increased in October, with the average spindle hours showing a rise of 9 per cent over September. At the same time the consumption of cotton in Texas mills increased 16 per cent. In comparison with October of last year average spindle hours increased 22 per cent, with an accompanying increase in cotton consumption of 38 per cent. The total number of active

spindles in Texas in October was 245,310.

"Cowtown Columnist" New B. Hoyce Book

Adventure, sentiment, history, humor and legend are combined in a truly remarkable book, "Cowtown Columnist", human interest stories about Texas, Boyce House's newest volume, of which the Naylor Co., San Antonio, is publisher.

House gives the cream of eight years of writing a Texas column and five years on the air with a Texas program. Varied and colorful are the contents and House, author of the best-selling joke volumes, "I Give You Texas", and "Tall Talk From Texas", amazes with his versatility. "Cowtown Columnist" will interest nearly everyone, and no school library or Texas shelf will be complete without it.

When the Santa Claus bank robbery, most spectacular crime in the history of the Southwest, took place at Cisco, House was editor of the county seat daily in Eastland. In the bank holdup and battle, two officers and one bandit were fatally shot, 10 citizens were wounded, and two little girls kidnapped. House took part in the pursuit and narrowly escaped being killed. The robbers were rounded up; one given a life term, another electrocuted, and the third, after killing a jailer, was lynched.

"Cowtown Columnist" tells about Capt. Bill McDonald, Roy Bean, Sam Bass, and Big-Foot Wallace; "ghost" towns, such as Indianola, New Birmingham, Tascosa and Old Spanish Fort, which actually was an Indian fort and the scene of a big battle when Spain held Texas.

"Cowtown Columnist" runs the gamut; there is fare for every taste.

Santa Letters

Dear Santa Claus:
 I want a skin doll and a little washing machine, and a box of perfume. I would like to have a lot of other things but give some to the other boys and girls who don't have a mother or daddy.
 Please remember to be good to the other boys and girls. Merry Christmas to all.

Texas Grown Certified Seed To Be Available

LUBBOCK.—Texas grown certified seeds for rice, sweet potatoes and a newly developed variety of rescue grass will be available next planting season for the first time, following recent action by the State Seed and Plant Board when certification standards were set up for Texas, according to Dr. A. W. Young, board chairman, and head of the department of plant industry of Texas Technological College.

A serious need for the state legislature to make additional funds available for seed testing work was voiced at the board's recent session. Producers pointed out the difficulty of apprehending seed law violators because the current state agriculture department budget provides for only one field inspector to take samples throughout the entire state.

Tournament—

(Continued from Page 1)
Semi-Final Games Good
 Going into the semi-finals Saturday morning the Friona girls won their right to enter the finals by

soundly defeating Lazbuddy, 30-22, in a game that started out fairly close and then went into the hands of the Squaws. Quarter score ran 6-17-23-30 for Friona, with Lazbuddy leading only once, at the end of the first canto, when they had 9. From that point they racked it up to 11-15-22. Thorne and Daniels did good work at guard for Lazbuddy, but were unable to stop M. Taylor, who slammed in 20 points. Crain, left-handed hot-shot, took 14 for the losers.

Eliminating one more boys' team, the Morton and Spade players took the court Saturday morning, with Morton taking an easy win, 27-39. McAlister made 10 for the winners, but Greer ousted him for high-point honors when he racked up 12 for the Spade players.

The best girls' game of the tournament came Saturday afternoon, when Bovina and Pleasant Hill fought it down to a split-second one-point win for Bovina, 44-43. Pleasant Hill was ahead at the end of the first period, 11-10, but then Bovina pulled up to lead 24-20 at half. When the last period opened, the score was 34-33, Bovina, and the count see-sawed half a dozen times during the final eight minutes of play. With 50 seconds to go, Betts, of Pleasant Hill, was fouled as she went into shoot and given two tries. The first one hit the bucket, putting Pleasant Hill one point ahead—at which point observers expected Betts to choose to take the ball outside. She tried a free shot, however, which missed the backboard, and Bovina took over. Receiving on a quick pass, Moorman pivoted, lost her guard, and put in the final goal of the day to win for Bovina and run her score up to 24. Trimble had 16, as did Whitner of Pleasant Hill, and Bocox had 17 for the losers.

The Farwell boys won handily over the Friona Chiefs in the closing game of the semi-final series, after being completely blanked out in the first period while Friona ran up four points. Final score was 32-20, with Williams leading the parade

by sinking seven field goals. Hall, of Friona, was second with 12, while Hart had 9 for Farwell for third place. Robertson and Ford were good defensively for the locals.

Following is a brief summary of other games of the tournament:

Friona-Bula Girls

The Friona girls, after getting off to a slow start, pulled away from the Bula sextette in the third quarter to go on to a 27-14 win, in the opening game of the meet. Score by quarters ran 3-13-21-27 for Friona; 2-7-9-14 for Bula. M. Taylor starred at forward for the Squaws, taking top honors under the basket with 16 points, while Auddell was high for the losers with 7. Vandeventer and L. Robason turned in excellent guard games for Bula and Friona, respectively.

Friona-Bula Boys

Making it a clean sweep for the evening, the Friona boys eliminated the Bula team, 25-19, in the second game of the tourney. The game went to Friona in the last four minutes, when Hall racked up six points to give his team a win. He had a total of 14 for the entire match, while Thomas, who played guard and also did most of the forward work for Bula, led his team with 9 points.

Oklahoma Lane-Spade Girls

Playing an excellent defensive game, the Oklahoma Lane girls ousted the Spade players, 18-8, after leading throughout the match. Guley, Atchley and B. Christian guards, were chiefly responsible for the Oklahoma Lane win, while J. Doshier scored 10 points for her team. A. Greenwood was high for the losers, having 7, and Trull starred at guard.

Oklahoma Lane-Spade Boys

A fast rushing game proved effective for the Spade boys in their contest with Oklahoma Lane, and the Spaders won, 16-7, with Long as high point man of the evening, scoring 10. Christian led the Oklahoma Lane scorers with 4. Chiefly responsible for the Oklahoma Lane loss was the inability of the team to sink free shots, 13 of which were missed during the game. Hutchins turned in a nice game for the winners.

Texico-Lazbuddy Girls

The Lazbuddy girls lived up to advance billings Thursday night, when they outscored the Texico quint, 36-17. The quarter score was 7-10-14-17 for Texico, while Lazbud-

dy had totals of 11-23-26-36, running up their large majority in the final period. Welch led the scoring, taking 21 of Lazbuddy's total, while McDaniel had eight for the losers. The game was fast and close, but Texico's defense was marred by bad passing.

Farwell-Pleasant Hill Girls

Losing by only five points, the Farwell girls went out of the running Thursday night before Pleasant Hill, 25-30. With the score at 22-20 in favor of Pleasant Hill when the last quarter opened, Whitner managed to break loose from the Farwell guards in the last period to put the game in the bag. Her total for the contest was 21, while H. Randle led the Farwell team with 11. The Roberts sisters, and Jones and Miller starred as guards for Pleasant Hill and Farwell, respectively.

Farwell-Lazbuddy Boys

Final score for the Farwell-Lazbuddy boys game was 27-6, favoring the Steers, who held a definite lead throughout the contest. Scoring for the locals was fairly well scattered but Williams banged in two during the last canto to take honors at 10. Gosner, playing the entire court for Lazbuddy, had one field goal and two free shots to lead his team.

Friona-Oklahoma Lane Girls

Continuing their march to the finals, the smooth-playing Squaws 7, while McAlister, star Morton, downed a hard-fighting Oklahoma player, was second with 5. Willis-Lane aggregation Friday afternoon, 48-18. The Laners played good ball, but height was the deciding factor

of the game, with Friona's girls standing head and shoulders above their opposition. Star forward M. Taylor hit the bucket for 24 points, and B. Foster paced the losers with a tally of 11.

Grady-Pleasant Hill Girls

The highly touted Grady girls made their only appearance of the meet Friday night, having drawn a bye in the opening round, and were dumped by the strong Pleasant Hill team, featuring Whitner at forward. Final score of the game was 19-23, with the winners holding an edge throughout the contest. Briggs was high for the losers.

Bovina-Ranchvale Girls

In their first tournament play, the Bovina girls turned in a surprise defeat over a favored Ranchvale sextette, winning by a score of 34-38. Moorman and Venable, both of Bovina, tied for high-point honors, each having 15, while Reid, of Ranchvale, was on their heels with 14.

Bovina-Morton Boys

One of the hottest boys' games of the weekend developed Friday night in the quarter-final round, when Bovina met Morton, with the score finally standing 17-20 in favor of the Morton quintet. Scoring was evenly divided, with the high man of the game, Bell, of Bovina, taking only 7, while McAlister, star Morton, was second with 5. Willis-Lane aggregation Friday afternoon, and Ross and Looney turned in nice work for the losers.

For Rocket Starts... Get Phillips 66 Gasoline

Phillips regulates "66" gasoline to your seasonal driving conditions—that's why you get those quick starts on cold mornings! That's why your car will warm up faster than it does with low volatility gasoline.

We draw on our vast reserves of high-test natural gasoline to give you more highly volatile elements in your fuel as the weather gets colder.

Try Phillips 66. See if this "controlled volatility" doesn't give you quicker starts and easier warm-ups in cold weather. Drive in at the next orange-and-black "66" sign!

AS THE SEASONAL TEMPERATURE GOES DOWN... PHILLIPS 66 VOLATILITY GOES UP!

For good service... Phillips 66!

Local Happenings

Patrons Reminded Of PTA Meet, Thursday

Patrons of the Farwell school were reminded today of the regular meeting of the Parent Teacher Association, which will be held on Thursday night, December 12, at the school.

A short business program will be held, and on the evening program Rev. Harvey E. Carrell will speak on "Learning the Ways of Peace". In addition, a one-act play will be presented, directed by Mrs. H. A. Clift. Following the program, a social hour will be enjoyed.

The session will begin at 7:30, and all members are urged to attend.

Local Youths Take Part In Speaking Contest

Young people of the local Methodist Church begin competition Sunday morning at 11 a. m. in the National Public Speaking Contest, Rev. Harvey E. Carrell, pastor, said today. The contest moves from local church groups to district, then to conference, on to area and finally to jurisdictional competition, he added. Seven young people have entered from the local church.

Forty boys and girls in the United States will win \$24,500 in cash and scholarships. To six will go first prizes of \$500 plus a four-year college scholarship. These awards go to those in each jurisdiction who write and deliver the best 10-minute addresses on "The World Service of the Methodist Church".

This contest, Rev. Carrell said, is sponsored by world service agencies of the church, and will help by enlisting the enthusiasm of the young people in this vital work.

Piano Recital Will Be Given, Sunday

A piano recital will be given at the Hamlin Memorial Methodist Church, Sunday afternoon, December 15, at 2 o'clock, presenting pupils of Mrs. Florence M. Vinyard, it was announced today.

Students of various age groups will take part in the musicale, and all people of the community are invited to attend.

Mr. and Mrs. Sterlyn Billington were business visitors in Amarillo on Monday.

Miss Dovie Wright Bride Of Lester Carl Sears

Miss Dovie Wright, daughter of Mr. and Mrs. Ernest Wright of Clovis, and Lester Carl Sears, also of Clovis, were married last Monday evening, December 2nd, it has been announced here.

The ceremony was performed by Rev. J. B. Wharton, pastor of the Assembly of God Church in Muleshoe, in the minister's home, with Miss Maxine Crim as witness.

For the wedding, Mrs. Sears chose a soft blue wool street dress, complimented with black accessories.

Mrs. Sears has been employed in the local Aldridge & Aldridge office for some time and will continue her work here. Sears is employed in Clovis, and the couple are residing in Farwell.

Local Ladies Attend DAR Social, Clovis

Several local ladies were present last Wednesday, when the Clovis DAR chapter met in the home of Mrs. Clyne Smith, in Clovis, for a Christmas social.

The home was beautifully decorated in seasonal colors, and guests were served from a lovely tea table, which also carried out the Christmas motif.

Members of the chapter from this city were Mrs. H. A. Clift and Mrs. F. E. Kepley, while guests from here included Mesdames Anne H. Overstreet, B. N. Graham, Shirley Leach and W. H. Graham.

During the entertainment hour, Mrs. Clift gave a reading and a vocal solo was rendered by Mrs. W. H. Graham.

Texico Alumni Planning January Homecoming

Former students of the Texico school, now scattered to the far winds, are being notified of the Alumni Banquet, which is slated to be held at the local high school on Thursday, January 2nd.

Joe Blair, president of the Alumni Association, urges that all local exes who know addresses of those living out of town contact him or R. H. Paul, secretary, in order that all former students may be invited to attend the homecoming affair.

This is the first get-together in several years, as the gathering was cancelled during the war, and officials are hoping that the 1947 homecoming will be one of the largest of all times.

The banquet will start at 8 o'clock, Central Time, on January 2nd, and the price per plate is \$1.

Bill the Butcher Says

For more than twenty years, Old Bill has been catering to the needs of the people of this community. During that time he has pretty well determined the needs and desires of every customer that comes to his store.

This is especially true with reference to Christmas eats. Through the years he knows pretty well what you will be wanting and he has been busy buying those very items for you. Some he has been unable to obtain, but for the most part, you will find what you want for that Christmas dinner at Old Bill's.

The service has been made possible through the efforts of the Tech War Veterans association, and the policies are honored in 65 per cent of United States hospitals and other hospitals in Canada and Puerto Rico.

Send Out Last Appeal For Campaign Funds

AUSTIN.—A final appeal for support in the 1946 Sister Elizabeth Kenny Infantile Paralysis Foundation fund campaign has been made by George C. Francisco, Jr., of Houston, Chairman of the Texas Executive Committee of the Foundation.

Chairman Francisco said that support to the campaign had been gratifying throughout the state and that practically every county which was organized had reported "over the top." Reports from the county organizations were being received at the State Headquarters in the Driskill Hotel in Austin.

There was no organization in a number of Texas counties and it was to these counties that Chairman Francisco issued the final appeal for support in the campaign to combat polio, which struck Texas worse in 1946 than in many years. He said that campaign contributions, which are deductible from income tax returns, could be mailed direct to the Driskill Hotel headquarters and that all such contributions would be credited to the quota of the county from which they were received.

The campaign came to an official end on last Saturday but contributions are still being made. In several of the larger counties of the state, the campaign has been extended until December 21.

**Tax Reduction Means
Budget Reduction**

A great many of the members of the coming Congress have pledged themselves to early income tax reduction. That, if it is done, will come as an enormous relief to a tax-weary annual national budget in a time of peace and record employment. The inescapable prelude to tax reduction is a very sharp and drastic reduction in Federal spending.

The details of the budget are the function of the budget bureau and Congress. But there are certain directions in which many millions can be pared from the budget which are obvious to any citizen. Further Federal development of power dams is one. At the present time, the managers of such socialistic enterprises as TVA are crying for more funds. Eager advocates of new and immensely costly ventures, such as the Columbia Valley and the Missouri Valley authorities are pelting Senators and Representatives with their demands. And the fact is that none of these tax-exempt proposals would give the nation a single, solitary thing that highly-taxed private enterprise cannot give it if it is permitted to go ahead, free of the fear of destruction through socialization.

Private money, instead of tax money, will give us all the electric resources we can employ now or in the future. And private money would create vast new taxable resources for communities, the states and the Federal government. Socialized plants, on the other hand, remove property from the tax rolls and demand more from all remaining taxpayers.

Congress, if supported by the people, can make an excellent start in the direction of tax reduction through expense reduction by saying a firm "no" to all such schemes.

MORE TELEPHONES IN TEXAS

AUSTIN.—There were 15 per cent more telephones in service in Texas at the end of October this year than at the same time a year ago according to figures released by the University of Texas Bureau of Business Research. Gains in installations from month to month have been small but steady, October's installations representing a Statewide gain of 2 per cent. The medium-sized cities of the State reported the biggest monthly increase. The number of telephones in Orange rose 3 per cent, in Temple 4 per cent, in Amarillo 5 per cent, and in Marshall 6 per cent.

The biggest percentage gain in telephones installed during the past 12 months was in Borger where a 48 per cent increase was recorded.

**Livestock Shipments In
Texas Reported Higher**

AUSTIN.—Livestock shipments in Texas soared to 12,388 carloads in October with the end of meat price control, according to reports received by the Bureau of Business Research of the University of Texas. The gain over September was 54 per cent with interstate shipments edging up slightly more than intrastate shipments.

Compared with October 1945 total shipments of livestock last month were still down 9 per cent. Instate shipments, however, were 5 per cent

higher than a year ago while interstate shipments fell 12 per cent.

With the exception of sheep all types of shipments were heavier in October than in September of this year. Cattle shipments rose 86 per cent, shipments of calves 95 per cent, and hog shipments 145 per cent. Shipments of sheep were off 46 per cent for the month.

For the 12-month period from October 1945 to October 1946 total hog shipments showed the only increase, a gain of 8 per cent. Shipments of cattle were down 8 per cent, calves 10 per cent, and sheep 14 per cent.

Interstate cattle shipments declined 14 per cent last month from last

year's total but intrastate shipments of cattle went up 23 per cent.

Teams Leave Town For Basketball Contests

The Farwell teams will be out of town this weekend and next Tuesday night for cage games, a check-up of the local schedule revealed today. Unless the games are changed, and this is a possibility, Coach Jack Williams said today, the squads will make their first trip on Friday night, when they are slated to play at Adrian.

On Saturday night, both boys and girls will go to Pleasant Hill, and on next Tuesday night, the Oklahoma Laners will be hosts to the locals. Little information was available here as to the strength of the Adrian teams, but the Saturday night battles at Pleasant Hill should provide plenty of action.

The Pleasant Hill girls downed Farwell last Thursday night in tournament play here, and still smarting under that loss, the locals are showing improvement this week in an attempt to get on the winning side of the ledger.

In the boys' contests, the favorite's nod goes to Farwell. However, Pleasant Hill usually turns out a fast and determined squad, and things will not be easy for the Steers on Saturday.

Both Oklahoma Lane teams are strong, as evidenced by play here last weekend, and although the teams from the two schools have not met, they have seen each other in action, and will undoubtedly be gunning for weak spots.

Rosedale, Friona On Texico Cage Slate

The Rosedale and Friona teams will furnish competition for the Texico cagers this weekend, Coach C. E. Sanders reported on Tuesday, with the two local teams to visit at Rosedale on Friday night and entertain the Frionaites here on Saturday.

Indications are that the Friday night games will be the best of the weekend, with both Rosedale squads listed as strong contenders for honors in this area. Rosedale is reported a retaining the same boys that played the season for them last year and the girls have been formidable foes for some seasons.

Playing here Saturday night, the Texico girls will have their hands full if they handle the strong Friona Squaws, who have spanked them already this season. However, Green will be back in the local lineup, which may make some difference.

Playing at Friona several weeks ago, the Texico boys easily defeated the Friona Chiefs, and are expecting another laurel this weekend. The first game will be called at 7:30, Texas time, officials added.

Vets Urged To Sign For Certification

Frank Seale, of the local American Legion post, urged today that all veterans of this community who are eligible for vocational training under the Veterans' Administration program contact D. K. Roberts, local service officer, and have themselves certified for such training.

"To date," Seale said, "we have not had much luck in securing an instructor to handle such classes, but if we have the men certified, it will be much easier to get started—and should also facilitate securing an instructor."

This vocational training offered by the VA operates on the same basis as the college training offered vets under the GI bill. A veteran who is certified draws a subsistence allowance of \$90 if married and \$65 if single.

The program has been in operation at Friona for the past two months, and has been approved by the VA for Farwell, if an instructor can be found.

Roberts has the forms on hand at his office in the county courthouse, and veterans who are interested in obtaining this special training are invited to contact him.

CORPORATIONS CHARTERED

AUSTIN.—In October 263 corporations were chartered in Texas according to the University of Texas, Bureau of Business Research, as compared with 263 in September. A year ago only 137 companies were incorporated during October. Of the 263 incorporated in October of this year, 76 were merchandising establishments, 37 manufacturing concerns, and 18 construction companies.

TOURNAMENT ALL STARS—Pictured above are members of the all-tournament teams, named at the Farwell invitation cage meet, last weekend. Back row, left to right, Betty Moorman of Bovina; Mildred Taylor, Jean Horner and Lila Robason, of Friona; and K. Willis, or Morton. Front row, Junior Roberson and Don Williams of Farwell, Jerry Winder and Billy McAlister, of Morton. Also named but not present when the picture was taken were Welch of Lazbuddy, and Roberts of Pleasant Hill, for the girls; and Womack, of Friona, for the boys.

Texico Wins Matches From Field Teams

Swinging along in high gear, the Texico boys and girls made it a clean sweep, Friday night, by downing both visiting field teams, when the squads played at Texico.

Vought was out on a scoring spree for the local boys, running up a total of 23 points during the evening, a large majority of the entire 32 points amassed by the Texico players. Baldock and Doolittle completed the scoring.

The local girls also had an easy time handling their opposition, running up a 29-6 score before the game ended, with McDaniels, Bridges and Engram slamming them in from all angles, and the guards smothering the field forwards.

Poultry, Egg Shipment Receipts Given

Figures on shipments and receipts of Texas poultry and eggs showed varied trends in October. According to Texas Business Review published by The University of Texas Bureau of Business Research, egg shipments in October totaled 143 cars, a drop of 40 cars from September and 39 cars less than shipments in October 1945.

Turkey shipments quintupled in October to hit 34 cars, more than double last year's October shipments. Shipments of chickens dropped from 24 to 9 cars between September and October this year and were 25 per cent under a year ago. These variations in chicken shipments were confined to interstate marketings, intrastate shipments holding steady.

Interstate receipts of eggs by rail at Texas stations amounted to only 49 cars this past month as compared with 93 cars in September and 69 cars in October 1945. Practically all of the interstate receipts are in the shell.

Shipwreck—

(Continued from Page 1) located by the French planes that rescue ships reached the scene.

Douglas said that the ship was wrecked at 7:45 on the morning of September 4, and it was 4 p. m. the following day before the two French destroyers and light submarine craft came to the rescue. Telling of the harrowing hours that dragged by while the men helplessly awaited rescue, Douglas said, "The night was dark and cold. Rain and sleet fell on us most of the night and we just had to cling to whatever we could get hold of. You dared not turn loose for fear a swell would hit and take you under." Despite all this suffering and anxiety, the sailors always found something that would bring at least a smile to the few remaining members of the crew as they clung desperately to the ship in the midst of the storm. One man, the Chief Mate, wanted to know "where was that chapter in the Bible" that told of Jesus walking on the water. "I want to read that chapter", he was quoted as saying.

About the most amusing observation made by the men was on the appearance of two negroes in the group. "They were really black men before the wreck, but actually they looked like egg plants later," Douglas said.

Takes Pictures

Despite his plight, Douglas found time during the raging storm to bring his candid camera into action and shot a full roll of film. These pictures, he said, were used as evidence against the captain of the ship when he was given a court-martial hearing in New York on their return to the States. "What did they do with the captain?" the reporter wanted to know, and Douglas replied that he left New York immediately after giving his testimony and had never heard the outcome of the hearing.

The captain, it was understood, was being tried for criminal negligence, and Douglas added that it was his information that this was the second trip the young captain had made, losing both ships.

The David Caldwell was loaded with UNRRA relief coal and had cleared from Norfolk, Va., heading for France with its cargo. It was common belief among the crew members that the vessel was overloaded, Douglas said.

The local boy recalled that after five men had been seen swept under in a lifeboat, and an additional number of lifeboats ripped off their hangers by the storm, the men decided that their only hope was to await rescue. Relief was hours late in arriving due to the fact that special vessels, capable of sailing in

shallow water, had to be used. It was only a short time until the French Navy planes flew out after receiving the SOS. Photographs were made of the wreckage by the Frenchmen, and the crewmen were signalled to stay with the wreckage until rescue ships could be rushed to the scene.

When the rescue ships arrived, the remaining crewmen were forced to swim to them, while they stood by some 100 yards away. "Some of the boys didn't make it," he added.

The men were taken to a hospital in Bordeaux, where they were treated for some "six or seven days" before being allowed to leave for home, coming in aboard the SS Behrman. They docked at Charleston, S. C. afterwards going to New York by train.

Dream Foretold Wreck

While clinging to the wrecked vessel, a Negro member of the crew recalled a dream he had had three days before the storm struck, in which he had a vision of the storm, resulting in the loss of the ship and members of the crew, including himself. Shortly after telling his dream, a heavy swell snatched the colored man off the wreckage and he was carried beneath the waves, a fulfillment of a grim dream.

Douglas, who is 23 years old, and a 1942 graduate of the Farwell high school, was making his last trip as a member of the Merchant Marine before being eligible for release. During the war he was on a troop transport and made seven trips across the Atlantic in as many months. This was his second trip across on a merchant vessel.
