

## Reinforcements for General MacArthur

In this soundphoto U. S. troops are shown arriving by transport at an unnamed port somewhere in Australia, to reinforce the large contingent of American troops that has already arrived in the land "down under." The boys all seem to be in the very best of spirits. This photo was passed for publication by U. S. censors.

## Bovina Soldier Listed as Jap Prisoner

### 18-19 Year Olds to Register on June 30

Members of the Farmer County Selective Service Board today announced the registration of all young men in the county in the 18 and 19 year old group to be held on June 30.

Details of the registration have not as yet been completed for this county, but board members indicated that at least four registration booths would be set up in the county, with Friona, Farwell, Bovina and Lazbuddy being named as the registration points.

Draft officials predicted that between 150 and 200 registrants would be recorded in this forthcoming sign-up.

Under the present Selective Service law, registrants in these age groups are not subject to military service, but board members pointed out that there was a possibility they would be subject to bear arms, depending on what Congress does with amended legislation now pending.

Neil Day, Eastland county business man, has formally entered the race for Land Commissioner opposing the incumbent who is asking a third term.

Day, a native Texan who has never run for office, has a wide acquaintance throughout the state. He attended public schools, Texas Military College, business college and Hardin-Simmons University.

Day is 36, married and has four daughters and a four-month-old son. He is a member of the Christian Church.

Mr. and Mrs. D. H. Wilkerson, living five miles southeast of Bovina, have been advised by the War Department that their son, John Thomas, is being held captive by the Japanese forces.

Where he is being held and when he was taken prisoner were details that were not given in the communication.

Johr. Thomas, or Teetum, as he was familiarly known, was a private first class, and had been stationed in the Philippine Islands the past two years. He enlisted at Hobbs, N. M., in September of 1939. Family members expressed the belief that the young man was taken prisoner with the fall of Corregidor. He belonged to an anti-aircraft division and those who followed closely the news of the siege of Corregidor are made to feel that he played an important part in the defense of the island fortress.

The Wilkersons also have another son in the Army, Leroy, who is stationed at Edgewood, Md. He volunteered about six months ago.

## Mrs. Norton, 80, Dies At Home of Daughter

Mrs. Sarah Alice Norton, 80, died at the home of her daughter, Mrs. Roy Hawkins, 3 1/2 miles west of Bovina at 6 a. m. Tuesday. She had been in failing health for several months.

Her condition took a sudden turn for the worse two weeks before her passing, followed by a stroke last Sunday, from which she never fully rallied.

Funeral services are being held at the Methodist church in Bovina this (Wednesday) afternoon at three o'clock, with the Rev. E. J. Speegle, pastor of the Bovina Baptist church, officiating. Burial will take place in the Bovina cemetery by the side of her husband, C. C. Norton, who passed away in April of last year.

She is survived by three sons, W. N. Norton, Bovina; C. A. Norton, Bovina; and Lester Norton, Clovis; and three daughters, Mrs. Monta Clinton, San Fernando, Calif.; Mrs. Ruth Hawkins, Bovina, and Mrs. Frank A. Smith, Farwell.

## Candidate Deadline Passes On June 13th

Saturday, June 13, will be the final date on which candidates for county and precinct office may file for a place on the ballot, it was announced this week by election officials.

During the past week one candidate, Glenn Dunn, entered the Farmer county race, and rumors indicate that additional office seekers will cast their hats in the ring before the deadline date.

Up to this time, none of the county-wide office holders are being contested for their seats, with County Judge Lee Thompson, Sheriff Earl Booth, Clerk D. K. Roberts, Attorney A. D. Smith and Treasurer Roy B. Ezell being unopposed for reelection.

Opposition has developed in the commissioner races, however, with Commissioners O. N. Jennings and Dave Moseley drawing two opponents each where hot contests are reported to be in prospect.

To date Ed McGuire and Floyd Schlenker have a clear field in their race for reelection as county commissioners.

**Share in Prize Money**  
A law passed in 1776 gave the U. S. Marines the right to share in prize money captured by U. S. vessels on which they were serving.

County Judge Lee Thompson stated today that arrangements had been made with officials of Deaf Smith and Bailey counties for poison to be used in fighting a serious grasshopper plague that is threatening the crops of this county.

J. C. Temple, agricultural director of the Capitol Freehold Land Trust, returned from an extensive tour of the county last weekend to report "millions of small grasshoppers" throughout the county, and gave it as his opinion "there will not be a blade of grass left in the county" if immediate action is not taken to destroy the pests.

Judge Thompson said that farmers living on the east side of the county may obtain poisoned bran by going to Hereford, while those in this section and the southern part of the county can get a supply at Needmore in Bailey county. He suggested that farmers of the community pool their orders and a truck would be sent by the county to bring the poison back for distribution.

Farmers who go to Hereford will be required to mix their own poison at the mixing plant, due to labor shortage there, in addition to paying 5 cents per hundred pounds for the deadly mash. At Needmore a charge of 20 cents per hundred will be made for poison already mixed, he said.

In either case, he emphasized, farmers will be required to bring along their own sacks.

Farmers over the county are becoming alarmed by the appearance of the swarms of small hoppers. Graver fears were expressed this week with the report that already hundreds of acres of crops below the caprock had been eaten up by the pests.

Judge Thompson said that as yet no action had been taken to get a county agent here to assist farmers in combating the insect invasion, "but we may call a special meeting any day to take action on this matter," he added.

## Dunn Announces For Commissioner's Job

Glenn Dunn, well known citizen of the Lazbuddy community, this week authorized the announcement of his candidacy for the office of county commissioner of precinct No. 4, Farmer county.

Mr. Dunn has been a resident of Farmer county for the past ten years, during which time he has taken quite an active part in the civic and agricultural affairs of the county, serving as a member of the county agricultural committee for a number of years.

This is the first time he has ever sought public office. In presenting himself as a candidate, Mr. Dunn expressed his confidence in his qualifications and will appreciate any consideration shown his candidacy in the forthcoming July primary election.

## Firemen To Leave For State Meeting

Fire Chief Ira Selman announced today that he and a small number of his crew would leave here Sunday for Las Vegas, where they will attend the annual meeting of the State Fireman's Convention.

Selman said that he would take only three of his fireboys with him on the trip—Claude Selman, Frank Jones and Pete Haynes. "The other boys are tied up and can't get away," he explained.

Chief Selman will don his new suit, presented to him by members of his crew, and his new cap, the gift of Carl McGuire, while attending the convention.

# Recreational Grounds Planned for Farwell

Realizing the fact that shortages of tires and gas will make "hometown" entertainment a necessity this summer, a number of local people met last week to establish a club which has as its purpose the creation of recreation grounds for young people of the city.

First on the list was the organization of the group, with Miss Elsie Cunningham being elected chairman, Miss Irene Sachs named treasurer, and Mrs. W. A. Kessie appointed secretary-reporter.

Under consideration was the reconstruction work necessary to put the tennis court, erected by Dr. V. Scott Johnson and Aubrey Sprawls, into playing condition, with a number of volunteer workers cleaning off weeds and doing other work last weekend.

Belief was expressed that a good topping of asphalt would put the court in condition for lining. Backstops will also have to be repaired, having been badly broken down by the ice storms of several months ago. The club is asking donations of labor, material, etc., from local people in order that the court may be put in top-notch condition.

It was further planned to clear off and establish a softball court just north of the tennis court, and any resident having old or spare posts is asked to donate such. The posts will be used around the softball court, with a single strand guard wire, to restrain children from running into the street, it was stated.

Another consideration was the repair and repainting of some playground equipment which is on hand at the courthouse park, but this was left for later discussion.

## Rain Falls In Some Sections of County

Accompanied by a severe electrical storm and heavy winds, light rains fell over scattered areas of the county Sunday night.

A heavy deluge fell southwest of this city, centering in the Sam Randal and J. R. Hadley neighborhood. Young crops will have to be replanted in that section, it is said.

Other areas report lighter rains, with the West Camp community receiving a half inch. A good rain fell in the F. E. Booth neighborhood, tapering off to a mere trace in all directions.

Little more than a quarter of an inch was recorded in Farwell. Beginning at the Oklahoma Lane school and extending eastward, the rain was of sufficient measurement to be beneficial to crops until it reached the Midway section, where it dwindled away with only a sprinkle at Lazbuddy.

Reasonably good showers are reported between Bovina and Friona.

**First Shot**  
Sgt. Phillip Guaghman of the Marines fired the first American shot in the Spanish-American in 1898.

## TRAIN DERAILED SUNDAY

Derailment of a freight train in the local yards Sunday morning did considerable damage to several hundred feet of trackage.

One car of a west bound freight left the rails near the passenger depot, to be followed by six other box cars. The derailment happened on a siding and traffic was not held up by the wreck. None of the cars overturned, and a wrecker crew had the tracks cleared by noon Monday.

## Mrs. Wallace First Woman Volunteer

Mrs. Florence Wallace of the Local City Cleaners, is the first Farmer county woman to make application for acceptance in the new Woman's Army Auxiliary Corps, it was believed here this week.

Papers for application into the new Army division were filed by Mrs. Wallace at Clovis, last week. She is soon to be called to Santa Fe, to receive a mental and physical examination, and if eligible, will then go to Fort Sam Houston in Texas for induction. Training will be given the women volunteers at Des Moines, it was announced.

Authorized only recently, this corps will train women in vital work for the war effort, its purpose principally being to relieve Army men of non-combat duty for front line work, Mrs. Wallace said.

Women volunteers will receive six weeks' training at \$50 per month, after which commissions will be given in the same manner officers are commissioned from the men's training schools. These officers will then "break in" new volunteers or go on to various duties for which they are specifically trained.

Enlistment in the Woman's Auxiliary Corps is for one year, but time may be extended by the War Department, not to exceed 6 months after the close of the war.

The first training school is scheduled to begin on July 25th. Out of applications all over the nation, 450 women will be selected to make up the initial group, of which a chosen 270 will be given special officers training, according to the plan.

## Transfer of School Children Now Open

County Judge Lee Thompson said today that he had received the necessary forms from the Department of Education for making application for transfer of school children from one district to another.

He said that such application must be filed with his office not later than July 30. Transfers will not be recognized after that date, he added.

Some people are like taxi drivers, going through life just missing everything.

## Recovering From Tragic Accident

Jimmie Reanau, 24-year-old farm lad, is recovering satisfactorily from a tragic accident in which he lost his right forearm, at the Wilbur Charles farm northwest of Bovina, more than two weeks ago.

The young man was assisting in grinding feed at the Charles farm when he became entangled in a belt that ran from a tractor to the feed mill, and his right arm was literally twisted off at the elbow. He has been receiving treatment here and plans to return to his home in Mountainair, N. M., when he is discharged by his physician.

He is married and has a small family.

## LT. ANDERSON NOW IN GREAT BRITAIN

Mr. and Mrs. G. D. Anderson of this city received a cablegram from their son, Lt. G. B. Anderson, Jr., Saturday, announcing his safe arrival "somewhere in Great Britain".

Lt. Anderson advised his folks he was very cheerful, "seeing a beautiful country and nothing to worry about". He is believed to have been a member of a large company of American expeditionary forces sailing from the east coast early in May.

## AAA Offices Move to Downtown Location

The offices of the Agricultural Adjustment Administration, which have occupied quarters in the county courthouse since the program was launched, are being moved to a downtown location this week.

Keltz Garrison, county administrator, stated today that he expected to be in the new location by the close of the present week. The Hill building, east of the Fox Drug store, is being redecorated this week and put in readiness for the offices.

Mr. Garrison said that the crowded condition of the offices in the courthouse and the inaccessibility of one department with another made the move necessary. The new quarters will be partitioned off and departmentalized to render the greatest efficiency, Garrison said.

# Small Farm Operators Contribute To Victory

Small farm and ranch operators in West Texas are proving that they contribute very materially to winning the war and at the same time help themselves to gain a permanently useful place in the nation's economy.

This was the point of a report on the war effort made this week by Earl L. Fine, county supervisor for the Farm Security Administration. He said this is particularly true of the low-income farm and ranch operators in Farmer County.

Citing records compiled in Washington, the county supervisor said that of all the increases of principal foods required by the Department of Agriculture, low-income operators

participating in the Farm Security program in the South and Southwest will produce from one-fourth to one-half of the total.

In Farmer county, Mr. Fine said, the 1942 plans for FSA borrowers show that there has been an increase of approximately thirty per cent in the production of gardens, eggs, milk, milk products, hogs, and other meat supplies.

"The Food for Freedom program," he said, "presents an opportunity for low-income farm families to participate in the war-winning program, and the FSA's special Food for Freedom loan program enabled them to increase their operations to help

feed this and the other United Nations during the war.

"FSA's Food for Freedom loans, in addition to the regular rehabilitation loans," Fine continued, "also enabled many farm families to make adjustments in accordance with feed resources, housing and equipment for handling of increased enterprises and increased poultry, livestock and garden enterprises.

Mr. Fine said his agency is warning its borrower-families against selling the products they may need at home for proper nutrition. This might be a temptation, he explained, because prices for these products may be higher than in the past se-

veral years.

"With sufficient financial and supervisory help, low-income farmers in Farmer county and over the nation are proving that they can contribute an important share of the increased food production needed to win the war and write the peace. However, the FSA encourages its borrower-families to protect their own diets and health before marketing any of the produce they raise this year.

"This precaution is being taken," Fine concluded, "because each individual must safeguard his own health if we are to make this a nation of strong people."

Tid-Bits »

Tendering her regrets for a bridal shower complimenting Lovilla Kessie, Hazel Anglin was extremely truthful. According to Hazel, there was a cat on hand, "and with men as scarce as they are now," she pointed out, "I think it would be kinda silly to congratulate somebody else on getting their man, while I let mine get away."

Mrs. Roy Bobst is determined to use her first aid training—even if it's only on the family puppy. After completing her course Mrs. Bobst waited eagerly for some of her children to get bunged up, but nary a scratch developed—until one day one of the youngsters let the screen door slam on the puppy's tail. Summoning all she had learned, Mrs. Bobst leaped to the rescue and had the tail nicely in splints, when the pup walked off, leaving her holding the bandage. Needless to say, the pup was finally caught and doctored, whether he liked it or not.

Discussing her application for enlistment in the Woman's Auxiliary Corps of the Army, Florence Wallace pointed out that there would be a male officer over the training group—"and he's the one I feel sorry for," she added emphatically.

One of the best laughs of the week: Bill Hall, storekeeper, trudging home with his two pounds of sugar, and announcing that "we haven't had a mouthful of sugar in the house since Saturday!"

All but three of Texas' 254 counties now have oil or gas production or exploration.

Of Interest to Farmers

By Keltz Garrison, Sec'y. Farmer County AAA

I have just received official announcement for 1942 Wheat Loans, which are as follows:

Number 1 wheat, \$1.10 per bushel; Number 2 wheat, \$1.09 per bushel; Number 3 wheat, \$1.07 per bushel; Number 4 wheat, \$1.04 per bushel; Number 5 wheat, \$1.01 per bushel.

The above rates are net loan values to the farmer. There will also be an increase of 1c per bushel for wheat with a protein content of 14% to 15%, 2c per bushel for protein content of 15% to 17%, 3c per bushel for all wheat having a protein content of 16% or above. For light smutty wheat, the loan value is 3c per bushel less and for smutty wheat, 6c per bushel less for all grades.

After the loan value has been computed in accordance with the above, there will be an increase of 7c per bushel for all wheat stored on the farm with the exception that no storage advance will be made on excess volunteer wheat loans. A producer who harvests excess volunteer wheat may obtain a loan equal to 50% of the loan value for other wheat, provided, of course, that his storage structure meets the provisions required for regular farm stored loans. The excess volunteer wheat must be stored separately from any other wheat and must be stored on the farm. This does not mean that it must necessarily be stored on the farm on which it was produced or that it cannot be stored on adjoining farms or in store buildings or privately owned granaries; however, it cannot be stored in public warehouses and warehouse receipts obtained for the purpose of securing a volunteer excess wheat loan.

There still seems to be some confusion in the county regarding the disposition of wheat harvested from excess volunteer wheat acreage.

The only provision whereby a man may harvest volunteer wheat and still not be penalized is by storing the wheat on the farm and keeping it. In case a producer feeds excess volunteer wheat the penalty is due and he forfeits all his 1942 payments. He also becomes ineligible to obtain a wheat loan on any of his other wheat. It is very doubtful that the regulations will be changed whereby we will be permitted to feed excess volunteer wheat, therefore, I would advise all producers who expect to harvest volunteer wheat, to do so

Admiral Honored

Admiral Thomas C. Hart receives from President Roosevelt the gold star in lieu of a second Distinguished Service medal, for his "exceptionally meritorious service as commander-in-chief of the American Asiatic fleet." The citation paid high tribute to Hart's conduct of operations in the Southwest Pacific during the early phases of the war. L. to R., the President, Admiral Ernest King and Admiral Thomas C. Hart.

with the idea in mind of storing his wheat for at least 12 months. Further questions regarding this should be directed to this office.

GRASSHOPPERS GALORE

Bob Kyker returned home Monday from an overland trip to Abilene, and reports thousands of acres of crops already ruined by grasshoppers along the route. The heaviest devastation, he says, was around Sweetwater. Kyker took his son, Rex, to Abilene, where he has entered ACC for the summer.

Savory Creole Sauce for Grilled Chopped Steak

by Dorothy Greig

THIS is the type of dish that always delights me because it shows how a Cinderella food, like meat patties, can be transformed into a Princess dish.

In this case, the sauce works the magic. It's a very special sauce.

made of condensed tomato soup, leaved with onion, garlic, pimiento and tasty pieces of ham.

Make one big meat patty, set it on a platter, surround it with this sauce and serve proudly:

Delicious Creole Sauce:

- 1 medium onion, diced
- 2 cloves garlic, chopped very finely
- 1 pimiento, diced
- 1/2 cup uncooked ham (cut in small dice)
- 2 tablespoons cooking oil or fat
- 1 can condensed tomato soup
- 1/4 cup water
- 2 teaspoons sugar

Sauté the very finely chopped garlic, diced onions, diced ham, and diced pimiento in the cooking oil or fat 10-12 minutes until onions are soft and transparent. Then add tomato soup and water, cover and simmer 1/4 hour. Add sugar just before removing from fire. Makes 1 1/2 cups sauce.

Grilled Chopped Steak

- 1/2 pound ground beef
- 1 tablespoon parsley, chopped
- 1 tablespoon onion, chopped
- 1/2 teaspoon salt
- Pinch of pepper

Shape into large steak or flat cakes about 1 inch thick and broil. If meat is dry turn as soon as seared and spread with butter. When finished serve with "Delicious Creole Sauce."

Serves two ravenous souls or four reducers.

We are now located in our new and permanent location just across the street from the Farwell postoffice, where we are better prepared to serve you.

Keep bringing us your eggs, cream and chickens for the best prices and service.

GOLDSMITH PRODUCE

LONG MAY HER PERMANENT WAVE!

HE: Hello... that you, Helen? Listen, I forgot to tell you to send the car over for greasing and an oil change.

SHE: Oh, all right Bob, but what about the tires and the battery and all the other things it might need?

HE: Right... everything should be attended to. Gosh!... can't you take some responsibility for the car?

SHE: All right, smarty... I have taken the responsibility. I joined the Once-a-Week Club today.

HE: Great Caesar's ghost! Another club! Didn't we just agree last night to cut out unnecessary expenses?

SHE: That's exactly what we are doing. This is a club without any dues, fees or anything.

HE: I'm listening... proceed with caution!

SHE: Well, you know that nice Conoco station over on Myrtle Street? I went in there this morning and Mr. Blevins, the Mileage Merchant, told me he would go over our car every Thursday morning; check the tires, the battery, water... in fact, everything... and if he saw anything needed, he would write it down for me.

HE: Atta girl! This war will make a business woman out of you yet!

SHE: Oh, yeah? Well, I may be a business woman, my dear, but I'm going to get a permanent this afternoon just to prove I'm still a female... and the price will be charged up to the extra life of our car and the savings we're going to have because of that Conoco Once-a-Week Club.

Pick up your phone or drive by and tell Your Conoco Mileage Merchant to let you in on his Once-a-Week Club. Ask him about changing to his Conoco Nth motor oil, to give your engine the great big change to OIL-PLATING. Continental Oil Company

FOR THE DURATION of your car

Don't depend on spasmodic and hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will check and properly inflate your tires, check oil, radiator, and battery. I will look for and report anything beyond this that appears to need attention. I will keep a careful record of greasing and oil change and remind you when these services are needed. I am here to help you get the maximum service and life from your car at the least possible cost and trouble to you.

Your Mileage Merchant

TIRE QUOTA INCREASED

Chairman John Armstrong of the Farmer County Rationing Board, announced today that the June quota for allowable tires and tubes in this county had been slightly increased over the May quota.

The new regulations do not permit the publication of the quota for June, but Armstrong said that the increase was very slight. While the tire and tube quota was being increased for the month, Armstrong stated that sharp reductions had been made in the retard allotment for the county.

stressed the importance of citizens dumping their garbage clear of the driveways in the future.

The practice of dumping in the bar pits has been the source of much grief in the past, and officials announced this week that fines would be assessed violators in the future.

WAR RESTRICTIONS — on — TELEPHONE SERVICE

The War Production Board recently issued an order further restricting the use by telephone companies of materials essential to the war effort.

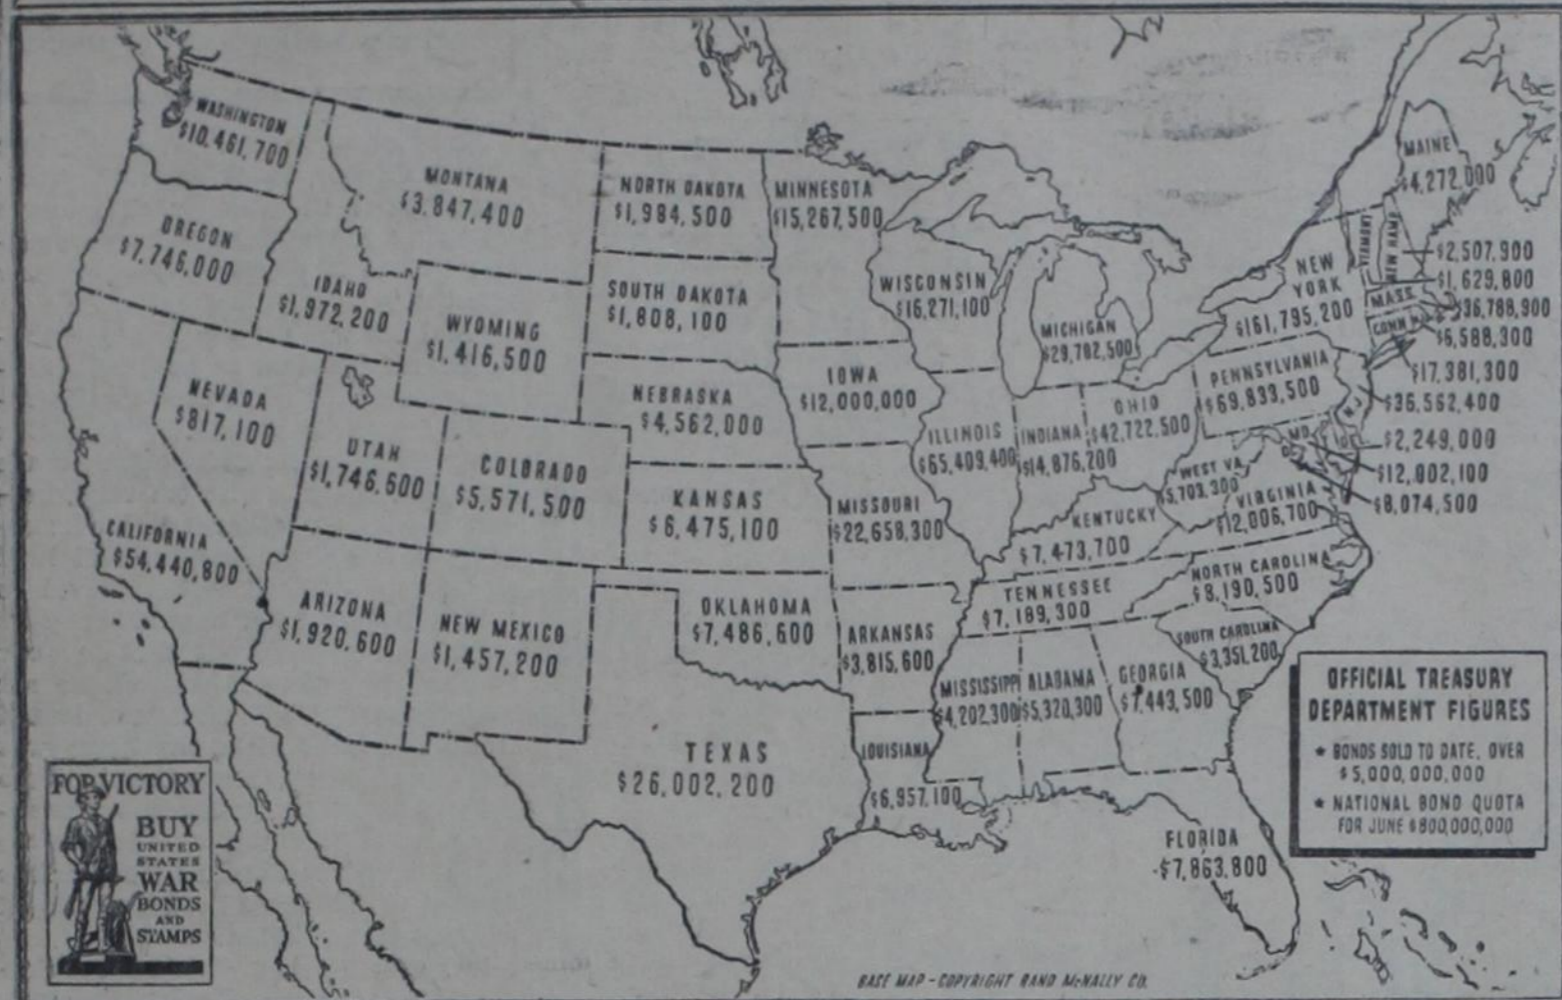

The order generally forbids additions to our plant, except for service required in the war effort or for public health and safety. It directs that only a minimum of materials may be used in connecting new telephones with facilities now in place. It orders much wider use of party line service. Also restricted are new installations of residence extensions, and the order forbids the replacement of any equipment except when required for the efficient operation of the service.

The application of these restrictions will undoubtedly mean inconvenience for some people—part of the price of protecting our liberty—but we ask your fullest cooperation, for the restrictions will mean that more lead, iron, steel, zinc, copper and rubber used in telephone equipment will now go into arms.

We pledge our continuing effort to keep our service up to the highest possible standard.

The Mountain States Telephone & Telegraph Company

Official U. S. Treasury War Bond Quotas for June

The above map of the country shows the War Bond Quota by states for the month of June totalling \$800,000,000. Everybody every pay day is expected to invest at least ten per cent of his income in War Bonds to aid in financing America's offensive against the Axis powers.

The ultimate quota for the nation will be on a basis of one billion dollars per month effective in July. This sum is necessary to provide for all-out production of planes, guns, ships and munitions adequate to arm our fighting men with the tools necessary to win the war.

**Bovina Happenings**

Grady Mitchell visited his sister, Mrs. R. Edwards in Hereford, over the weekend.

Mrs. John Dial left Saturday for Belen, N. M. Mr. Dial is employed by the Santa Fe Railroad and they will make their home in Belen for the summer.

Vivian Earl Davison returned to Canyon to enter summer school, after spending a few days at home.

Mr. and Mrs. Floyd Englant and daughter arrived from California, Sunday, to visit his parents, Mr. and Mrs. Ezra Englant.

Byron Dial made a business trip to White Deer, Monday.

A very high wind storm Sunday evening demolished Mr. Spits barn, north of Bovina.

Mrs. John Byler, of Amarillo, is visiting her mother, Mrs. N. Wilson.

Lester Rhinehart and Jewel Tate are now employed in Amarillo.

Mrs. Jacob Williams of Clovis visited her parents, Mr. and Mrs. O. W. Rhinehart, Sunday.

Junior Barbee is spending a few days with his father at Mineral Wells.

Mr. and Mrs. Buck Richardson and children of Hereford spent Sunday with Mr. and Mrs. Byron Dial.

Albert McGee was a business visitor in Amarillo, Friday.

Miss Oleta Harrison visited her parents in Happy, Texas, Sunday.

Rex Norton, who is in Army camp at Wichita Falls, spent Sunday with his parents and relatives here.

Mr. and Mrs. Ezra Englant and family spent Sunday in Lubbock visiting his brother, Elmer Englant.

Mr. and Mrs. Spits and daughter spent Sunday in Fort Sumner.

Ching Green and Dean Bates visited friends in Amarillo, Sunday.

Mr. and Mrs. Earl Richards and children, accompanied by Frank and Lola Richards of Abilene, made a vacation trip to Indo, Calif., to visit Junior Richards, who is stationed at Desert Center Camp. They spent one week at Los Angeles and returned Sunday, reporting an interesting trip.

Mr. and Mrs. Will Parker were in Amarillo Sunday, to meet their son, Billie, who is spending a 10-day leave with his parents. He is stationed at Fort Lauderdale, Fla. While in Amarillo they visited their sons, L. D. and Oscar Parker and families.

**PLEASANT HILL**

Mrs. Minnie Curtis returned last week from a trip to Chicago. She reported a wonderful time while vacationing there.

Mr. and Mrs. Joe Bell and son, Durward, attended graduation exercises at Lubbock, where Forrest Bell received his degree from Tech.

Mr. and Mrs. Buchanan and children plan to make a business trip to Oklahoma this week.

Mike Brown lost all his feed last week by a fire which was caused by children playing with matches.

Rev. E. N. Long, pastor of the First Baptist church, was rushed to the hospital Saturday night in a serious condition. No report on his condition was available the first of the week.

Jack Parker lost a milk cow and yearling heifer and a 3-months-old calf, Friday, the animals being poisoned from eating weeds. Three others recovered after receiving treatment.

Mrs. Maggie Bell and Mr. and Mrs. Alvis Bell will spend the weekend in Roswell with Elvis Bell.

**WHEAT FARMERS BUY INSURANCE ON THE INSTALLMENT PLAN**

COLLEGE STATION—Take out all-risk crop insurance and pay for it on the installment plan.

That's the new feature of three-year crop insurance contracts being offered Texas wheat growers for the first time this year. Previously, contracts were written on a year-to-year basis, however, no one-year contracts will be written on the 1943 crop.

Premiums may be paid for in annual installments or growers may make one payment covering installments for the first two of the three years covered in the contract. Under existing law, Federal Crop Insurance Corporation is not permitted to accept payments for more than one year in advance, according to E. R. Duke, state wheat crop insurance supervisor.

Each installment on the premium will be payable in wheat or its equivalent on or before the date each installment is due. Dates on which payments are due vary from state to state but generally are at approximate harvest time.

If installments are not paid when due, the insured grower, under terms of the contract, allows the Corporation to deduct the amount of installment from indemnity payments, if made; from payments due him for cooperating under the AAA program, or from any commodity loan he might obtain under loan programs administered by the Secretary of Agriculture.

Although the contract specifies insurance, protection against all unavoidable hazards such as drought, wind, flood, insects, and other similar hazards for three years, growers may cancel the last year of the insurance provided local AAA committees are advised in writing on or before final date for accepting con-

tracts during the second year of the contract period.

**GATHER EGGS OFTEN AND KEEP 'EM CLEAN**

COLLEGE STATION—Produce infertile eggs, keep 'em clean, gather them at least three times daily, and more Texas eggs will reach the consumer, says George P. McCarthy, Poultry Husbandman of A. & M. College Extension Service. After gathering, cool them promptly in an open wire mesh, or wicker basket which allows the air to circulate between the eggs. Placing the basket in a cool, slightly moist room helps the eggs to keep their quality.

As fertile eggs tend to spoil rapidly, McCarthy suggests removing all roosters from the flock when the hatching season is over. He also warns that overcrowding in a flock will do as much harm as the outbreak of a disease, and often is a contributing cause to coccidiosis. Shortage of housing space can be relieved by building a range shelter or brush arbor, which permits pullets to roost in the open beneath a roof to protect them from rain or hail.

"If you are feeding a good mash and they have a good green range, you won't recognize them as the same pullets after a couple of weeks."

Management is a highly important factor in obtaining satisfactory production from a poultry flock. If the hens are not eating as they should, are pale and losing weight, and feathers are rather dry and brittle, they should be treated for intestinal parasites, McCarthy says.

Floor line ventilators in summer are one of the best things to have in a poultry house. It makes the house cooler, "and a flock of chickens which are comfortable can be expected to produce". (A copy of the poultry house bulletin may be obtained from county agricultural agents.)

As careless handling and packing are responsible for most breakage, McCarthy suggests packing all eggs in standard cases, with the small end pointing downward. Cover the top of the case with a pad of excelsior because it is the top layer that most often gets crushed.

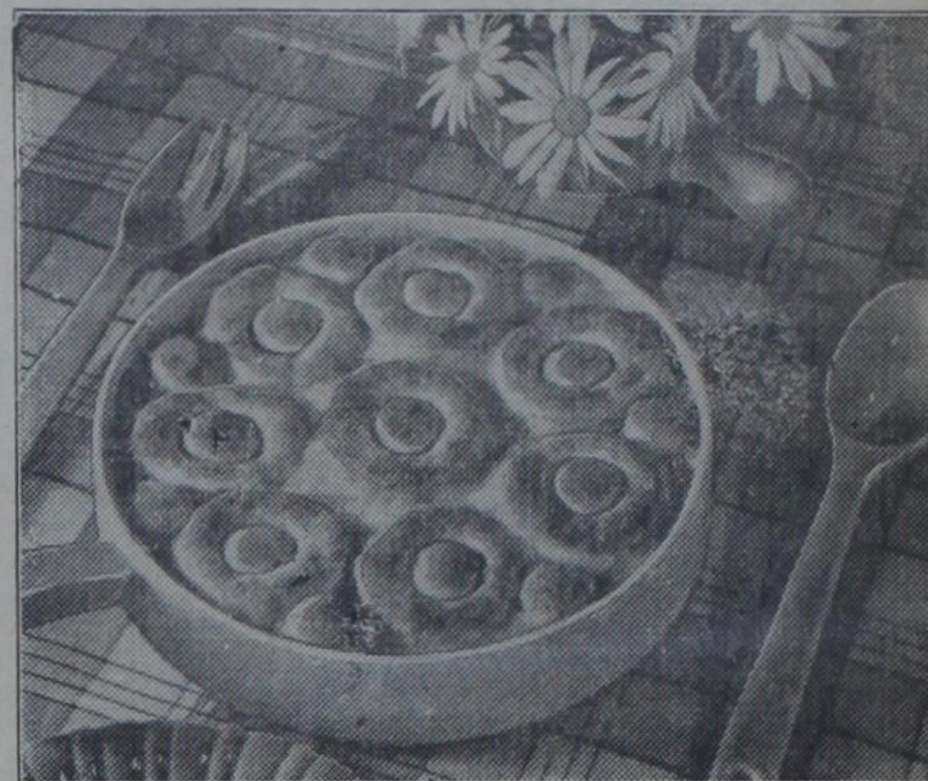

Tribune Job Printing Is Best

**Work Saving Dishes**

that fit into crowded days

by Dorothy Greig

An easy dish for a busy day is Savory Ham with Cheese Biscuit Top.

THESE are busy days for all of us, and among the things being discarded with great cheerfulness are elaborate dishes. Nowadays we want honest foods, simply prepared. But that doesn't mean dull foods. No, indeed! Quite the contrary. Consider these two War-time Easies, for example. Zestful, of keen relishing flavor, they are easy to prepare and they deliver a full quota of nourishment:

- Savory Ham with Cheese Biscuit Top**
- 3 tablespoons onion, chopped
  - 4 tablespoons green pepper, chopped
  - 4 tablespoons butter
  - 6 tablespoons flour
  - 1 can condensed chicken soup
  - 1 1/2 cups milk
  - 1 1/2 cups ham, diced
  - 1 tablespoon lemon juice
- Cook onion and green pepper in butter until soft, but not browned, add flour and heat and stir until frothy. Then add the chicken soup and milk and cook until thick and smooth. Add diced ham and lemon juice. Pour into a buttered casserole and arrange cheese biscuits on top. Bake in hot oven (450°) 15 minutes. Then reduce oven heat to 425° and bake until biscuits are golden brown or about 10 minutes longer. Serves 6.
- Cheese Biscuit Top:**
- Mix together 1 1/2 cups prepared biscuit flour and 1/2 cup grated cheese. Add 6 tablespoons of milk and mix until a medium soft dough is formed. Roll out on a floured board and cut with biscuit or doughnut cutter. Arrange biscuits on top of "Savory Ham Pie" and bake in the oven.
- Just two ingredients in these meat loaves—and they're delicious:
- Individual Beef and Vegetable Loaves**
- 1 pound ground beef
  - 1 can condensed vegetable soup
- Combine the ground beef and soup and mix well. Pack into large size muffin pans and bake in a moderate oven (350°) for 45 minutes to one hour. Serves 6-8.

The average American will consume 8,000 lbs. of meat during a reasonable life expectancy. Assuming that appetites also are average, this poundage will include six steers, five sheep, three calves and 39 hogs.

**Called for Marines**

When Gen. George Washington found himself hard-pressed at the Battle of Assanpink in 1777, he called for a battalion of U. S. Marines.

Members of the Canadian Senate are nominated for life by summons of the governor-general. United States Marines served in the Republic of Nacaragua continuously from 1926 to 1933.

**\*\*\* YOUR GAS APPLIANCES ARE INVALUABLE \*\*\***

*Protect Them!*

IF YOU WERE ONE of those persons who equipped your home with late model GAS APPLIANCES just prior to the War, this message applies to you in only one way—KEEP YOUR APPLIANCES IN GOOD CONDITION BY GIVING THEM PROPER CARE AND ATTENTION. Continue to use them for essential purposes, but avoid wasteful and unnecessary use that causes needless wear.

IF YOUR APPLIANCES are several years old and need repairs, have them repaired immediately by a trained service man. Perhaps a small minor adjustment will make an old appliance as good as new.

IF SOME of your appliances are beyond repair . . . have given every ounce of service in them, don't be discouraged—they may be replaced with new ones under certain conditions. Latest model GAS APPLIANCES are in our warehouse right at this moment to replace equipment that is beyond repair. Contact our office for information about your GAS APPLIANCE PROBLEMS. We are here to help you.

*All Kinds of PRINTING*

**DONE BY EXPERTS AT LOW PRICES**

GOOD PRINTING is an essential to most business men and to many private individuals. The State Line Tribune, equipped with modern printing machinery manned by experienced printers, is in a position to offer good printing at unusually low prices. You'll find printing done to the most exacting standards when it's done in our job department . . . and you'll find also that it's done economically!

**State Line Tribune**

**BEANS WITHOUT CANS**

**COLLEGE STATION**—Because of tin shortages, there won't be any more canned pork and beans or baked beans when present supplies are gone.

This curtailment shouldn't bother homemakers, because there are plenty of dried beans available. These keep well and taste good if they are prepared right, says Hazel Phipps, food preparation specialist for the A. & M. College Extension Service.

rule is to give them plenty of time to soak—overnight in cold water or five or six hours in lukewarm water. Be sure to wash the beans before soaking them, and cook them in the water in which they are soaked, for this will save minerals and vitamins, she says. Beans are rich in iron and vitamin B1 and these food values "soak out into the water".

The specialist says use soft water if it is available, for hard water toughens the beans. Cook them at a moderate temperature. In other words, simmer them—don't let them

bubble and boil, for hard boiling cracks the skins, toughens the protein and makes the beans mushy. Miss Phipps give this caution: Never use soda to cook beans. This destroys the Vitamin B1. Bake beans in a slow oven, about 250 degrees F.

As far as cooking is concerned, dry beans may be treated pretty much alike. That is, although a recipe may call for one type of bean, usually almost any other variety can be substituted. Season beans with something salty, sour, fresh, crisp, or bright and spicy. Beans are bland

and they combine well with crisp bacon, ham knuckle, salt pork, chili, a dash of lemon juice, onion or tomatoes.

**SANTA FE CARLOADINGS**

The Santa Fe System carloadings for the week ending May 30, 1932, were 21,660 compared with 21,799 for the same week in 1941. Received from connections were 10,548 compared with 7,470 for the same week in 1941. The total cars moved were 32,208 compared with 29,249 for the

same week in 1941. The Santa Fe handled a total of 32,761 cars during the preceding week of this year.

The oldest American college Greek Letter Fraternity is Phi Beta Kappa, organized in 1775.

Gums that itch or burn can become mighty trying. Druggists will return your money if the first bottle of "LETO'S" fails to satisfy.

**FOX DRUG STORE**

**Health Notes**

By Texas Department of Health

**AUSTIN**—Dr. Geo. W. Cox, State Health Officer, today issued a warning against the danger of malaria following the unusually heavy rainfall in Texas during the past few months.

"Malaria will remain a major public health problem as long as breeding places are accessible to the female Anopheles mosquito," Dr. Cox said. "Every householder should make sure that there are no tin cans, broken bottles, or other types of rubbish on his premises that will hold water and offer breeding places to this enemy of good health."

Dr. Cox pointed out that in our practice of mosquito control, we are sometimes like the man who locked the stable door after the horse was already stolen: We are content to wait until all our premises are swarming with mosquitoes before we bring ourselves into active warfare against these recognized agents of malaria transmission.

Dr. Cox further stressed the importance of conserving the nation's manpower in our present national emergency and emphasized the fact that malaria is one of the more debilitating diseases, often causing the victim to lose weeks or even months from his regular employment.

"The good health of our people is our first line of civilian defense," Dr. Cox asserted, "and it is the patriotic duty of every citizen to assist in keeping down malaria and thus aid in keeping our civilian population at its maximum state of productivity."

**SAVE GOOD LARD**

**COLLEGE STATION**—Many Texas farm families have large quantities of sweet, high quality lard on hand, and with a little extra work and ingenuity they can save it for use during the fall and summer.

Hot weather causes lard stored in big containers, such as five or 10 gallon vats, to become rancid. Grace I. Neely, extension specialist in food preservation, says the solution is to pack the lard tight in small containers, so full they will be airtight when sealed.

For example, lard may be stored in syrup buckets, and the friction lids may be completely sealed with paraffin or sealing wax. No larger than gallon buckets are recommended, and No. 3 cans or quart jars are even better, the specialist says. Lard packed in jars should be kept in a dark place.

Since lard containers do not have to be processed in pressure cookers, it is possible to reflatten tin containers for this purpose. In fact, it is safer to put lard in used tin than fruits, vegetables, meats and other products which must be processed to keep well, Miss Neely says.

Families who have on hand large quantities of oil or beer cans may use these as lard containers if they are of a size which can be sealed with their home-owned equipment. Their salvage can be valuable to the family, since oil or beer cans cannot be used for preserving foods which must be processed.

**Baggett Leaves WT For Army Air Corps**

**CANYON**—Al Baggett, athletic director at West Texas State College, left Monday for duty in the U. S. Army Air Corps. His first destination will be Knollwood Field, North Carolina, site of the Air Corps Technical Training Command.

Baggett will be assistant to Dr. C. L. Brownell, special consultant in the Air Corps physical education program. Baggett and all civilian instructors in physical education are expected to be commissioned in the Air Corps and sent to the Officers Candidate School at Miami Beach, Fla., before being assigned to field duty.

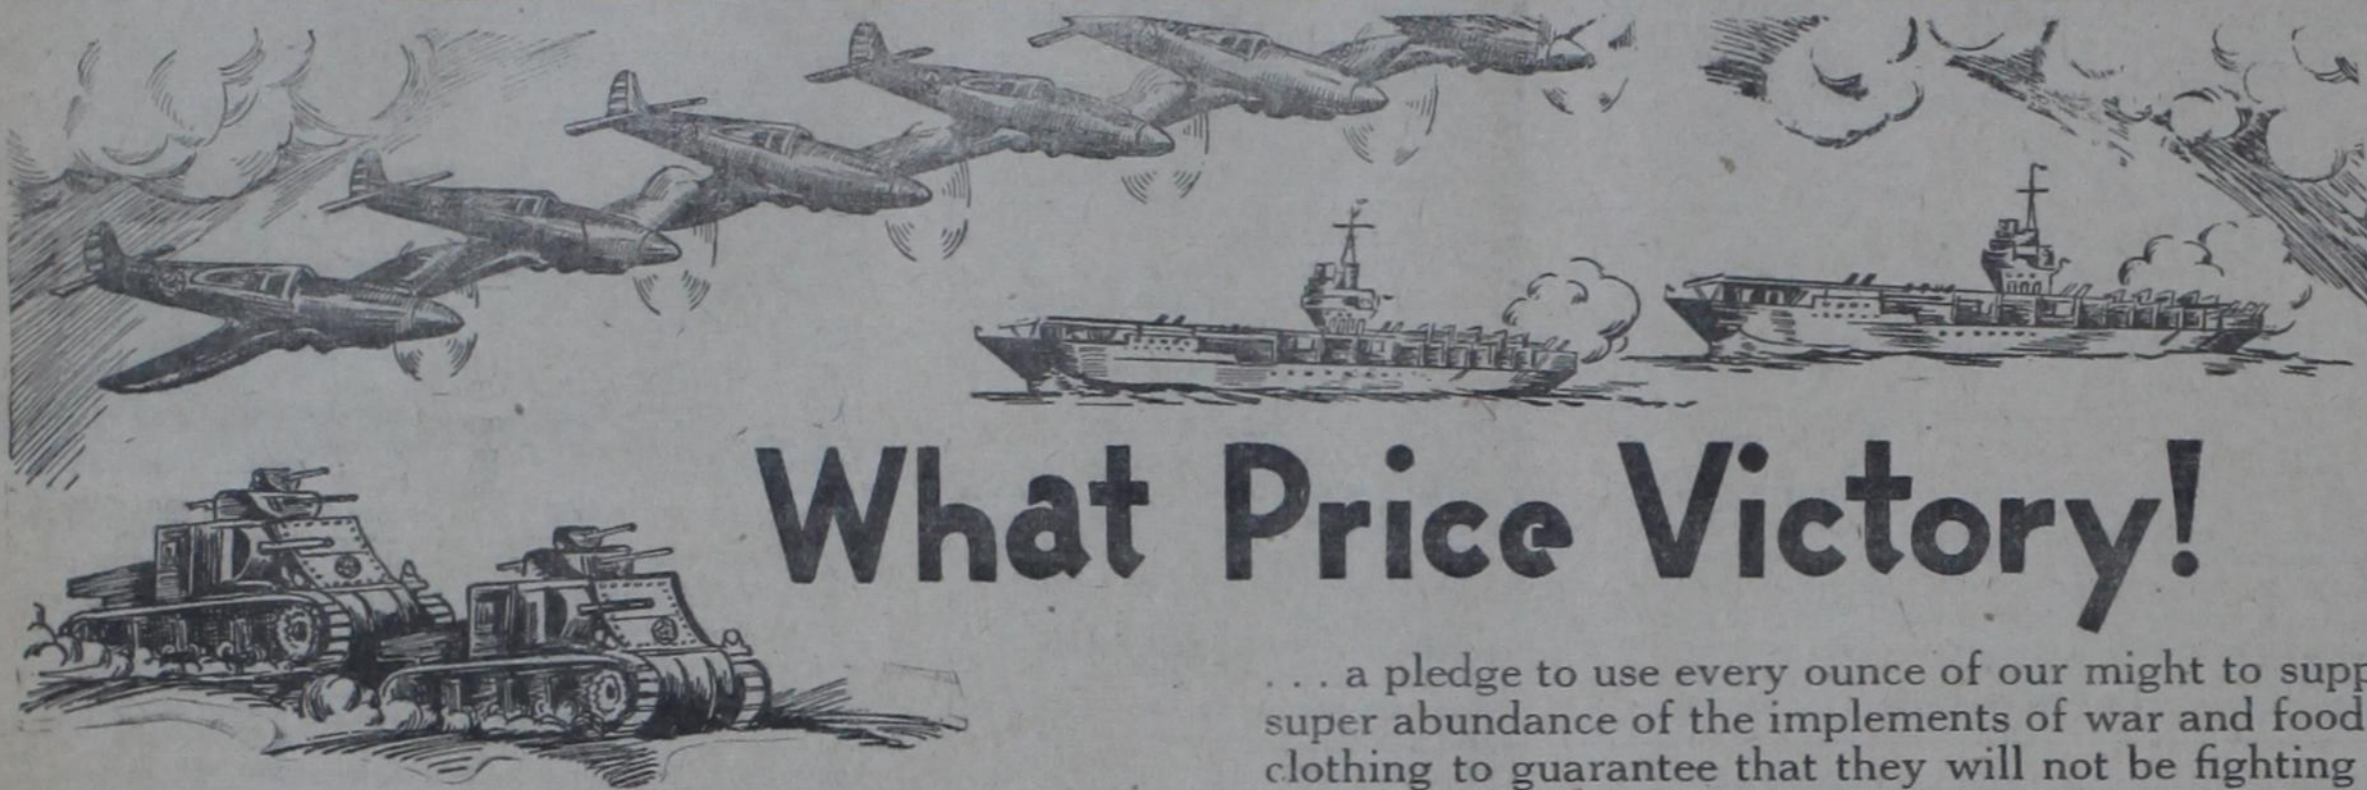

He has been given a leave of absence for the duration of the war by President J. A. Hill of WT, at the request of Gen. W. R. Weaver, chief of the Air Corps Technical Training Command.

Baggett is now a captain in the U. S. Infantry Reserve. He has had experience in more than ten summer training camps at Fort Leavenworth, Kan. For several recent summers he has taught on the staff of Dr. Brownell, who is head of the school of physical education at Columbia University in New York.

Acting Athletic Director in the absence of Baggett is Gus Miller, until recently head coach at Texas Wesleyan College of Fort Worth.

Leslie Van Meter, who gave up his duties as head coach to Miller recently, will be commissioned soon by a military service and will be given a physical education assignment.

**What Price Victory!**

... a pledge to use every ounce of our might to supply a super abundance of the implements of war and food and clothing to guarantee that they will not be fighting half armed... ill clad... empty-stomached.

That takes money, lots of money... Effort, lots of effort. Let's all, who remain behind the battle lines, resolve to buy War Stamps and Bonds with abandon... to use every ounce of our energy to produce everything needed to whip the daylights out of those who struck us.

Granted, that it will require sacrifice, but sacrifice that palls into insignificance when we compare it to the hardships and suffering of the boys in uniform. Isn't it a small price to pay for victory? Yes!... when we contemplate what would happen to us if our enemies should win the war!

**What Consequences Defeat!**

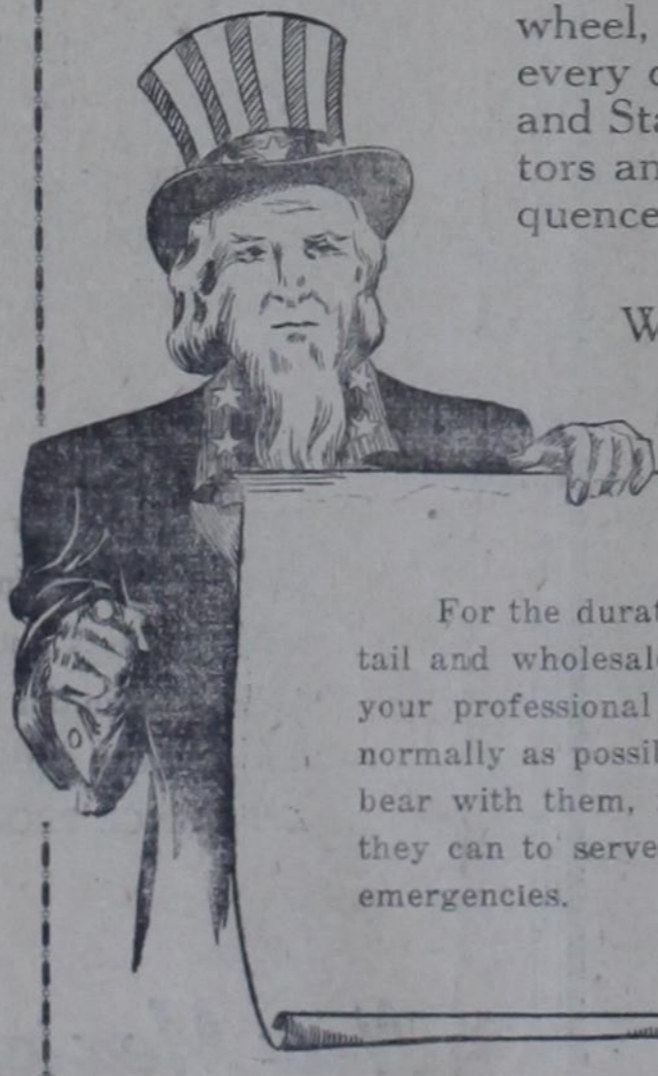

One has only to follow his newspaper, or tune in his radio, to know what has happened to the Poles, the Czechs, the Belgians, the Dutch, the French, the Norwegians, the Serbs, or the Greeks, and whomever the Axis has struck successfully to know our fate if we lost this war!

Free religious worship, free speech, free thought, free action would be denied us if our enemies were victorious. Our homes, our churches, our factories, our farms and the fruits of our toil would be lost. Even life itself would be in the hands of those who regard human life as the cheapest thing on earth. Our dreadful plight would be that of the peoples already brought under the heel of the dictators!

Isn't it about time that we put our collective shoulders to the wheel, worked harder, ... using every dollar and every dime that we can spare to buy War Bonds and Stamps to assure defeat of the ruthless dictators and remove the possibility of the consequences of defeat?

We all know the answer! Let's get busy!

For the duration of the war, keep in mind that your retail and wholesale merchants, your service institutions, and your professional men are doing their best to carry on as normally as possible. But if war has forced certain changes, bear with them, remembering that they are doing all that they can to serve you the best they can under the existing emergencies.

"Blood and sweat and tears" ... and money! Such huge sums of money as to beggar the imagination of a Croesus. That is the price of victory in this war. Blood is the greatest price to pay. No one will dispute that. Those who remain in civilian life have only remote chances of sacrificing it. The boys in uniform are the Americans who will bear the real scars of this conflict. They are the fighters, who with lead and Yankee courage, will keep Old Glory waving... will repluse the unprovoked attack of the Japs and the Nazis.

Then, to these fighting men we owe a solemn pledge

## Lovell-Mayfield Rites Performed In Roswell

The wedding of Miss Dorothy Mayfield of Friona, and Woodrow Lovell of Farwell was announced this week, with the couple taking up residence in Farwell.

The nuptial rites were read in the Methodist parsonage at Roswell, May 16th at 11 o'clock, with Dr. T. W. Bradham, pastor of the church there, as the officiating minister.

Mrs. Lovell is the daughter of Mr. and Mrs. Howard Mayfield of Friona. The groom is well known here, having been a Farwell resident for a number of years. He is the son of Mrs. Willie L. Lovell and a graduate of the Farwell school.

Mr. Lovell has been accepted for Army Air Corps enlistment, and while awaiting his call is employed at the Farwell Elevator.

## Linen Shower Is Given Mrs. W. A. Kessie

Mrs. W. A. Kessie, Jr., recent bride, was honored with a linen shower on Monday evening, when Mrs. Vance Crume acted as hostess in the home of Mrs. W. H. Graham.

Table games were provided for entertainment during the evening, with favors being small individual corsages of roses and honeysuckle. Decorations of roses were used.

At the close of the social hour, the honoree was presented with a number of lovely packages, and a refreshment plate was served to Mrs. John Porter, Mrs. Virgil Elms, Mrs. Earl Fine, Mrs. Jack Wallace, Miss Irene Sachs, Miss Jennie Lee London; the honoree, Mrs. W. A. Kessie; and the hostess, Mrs. Vance Crume.

Regrets were received from Mrs. Hilton Terry and Miss Hazel Anglin.

Mr. and Mrs. Ollie Williams spent Sunday in Amarillo with friends.

## Lariat League Group Places At Rally

Representatives of the Lariat Lutheran Walther League took places in the Talent Quest contest, held the past Sunday at Plainview, in connection with a rally meeting of Lutheran young people.

Prior to the contest, the program was given, with the rally theme being "Hope Thou in God". Rev. E. Lange, of Wilson, based his inspirational address on Romans 8:28.

Entries from the St. John's church included a piano solo by Lilly-mae Kaltwasser; a dramatic reading by Viena Kube, which won second place; an oration by Gilbert Kaltwasser which was ranked fourth; a display in woodcraft—an electric lamp—which won first place for Wilbert Kalbas; a soap sculpturing by Paul Evans, in the form of a replica of the first Lutheran Seminary, which placed fourth; and a one-act play entitled, "Just As I Am", which was ranked second. Thirteen points were given the group, placing them third in the entire contest.

The Plainview society won first place, and by virtue of three years in top ranking, the plaque was given permanently to the church. Rev. Riese of Littlefield made the presentation.

Pastors of the representative organizations served as judges.

In the group from Lariat were eleven Leaguers and fifteen visitors. At 10 p. m., the rally was closed with a devotional address by Rev. C. A. Gaertner, of Plainview.

The 1943 rally will be held in Littlefield.

## Miss Della Turner Is Married, 24th

Miss Della J. Turner, who formerly was connected with the Farm Security Administration in Farwell, was married to Tom B. Royal on May 24th, with Dr. A. D. Foreman, Jr., performing the rites in the First Baptist Church at Amarillo.

The bride was dressed in a blue ensemble with a large off-the-face white hat and black accessories. Mrs. Joe Hite, attending Mrs. Royal, wore a dusty-rose dress with black accessories and a corsage of pastel sweet peas.

Mrs. Royal is known to a number of local people, having been located here for two years with FSA. For the past several years, she has worked in the district office of the agency at Amarillo.

The couple left after an informal reception for a two weeks honeymoon trip to the lower part of the state. They will be a home at 3202 Jackson, in Amarillo.

## Bridge Club Meets On Tuesday Night

Mrs. Bess Mansfield was hostess the past Tuesday evening to the regular meeting of the local bridge club, with Mrs. Baylor Triplett, Mrs. Lee McElroy and Mrs. Anne Overstreet as guests.

Games of contract were enjoyed, at the conclusion of which Mrs. Triplett was awarded the prize for high score. A refreshment plate was served to Mrs. Bess Dow, Mrs. Claude Rose, Mrs. James Rogers, Miss Jennie Lee London, members; the three guests, and the hostess.

## Picnic Held Saturday At Muckelroy Home

Mr. and Mrs. Ed Muckelroy entertained a number of the local younger set the past Saturday evening, holding a lawn picnic at their home and a theatre party to Clovis.

Enjoying the social were Marilyn Claire Anderson, Vernon Symcox, Norma Jean Thomas, Muggins Graham, Peggy Williams, Arlon Lovell, Billie Louise Sharpe, Bunk Phillips, Dorothy Baxum of Clovis, Smokey Gast and the host and hostess.

## Vacation Bible School Started On Monday

Children of all denominations in Texico-Farwell, between the ages of 4 and 17, were enrolled in a vacation Bible school which opened at the local Baptist church on Monday morning of this week.

The school will continue for a period of two weeks, with classes held Monday through Friday from 9 to 12 o'clock. Rev. W. C. Wright, pastor, announced. On the final Friday evening, June 12th, graduation exercises of the school will be observed at the church, with an exhibit of handwork.

Courses include a general worship program, handwork classes and Bible study, Rev. Wright said, with time out for play periods. Rev. Wright is acting as superintendent of the school with Mrs. Wright as secretary.

Supervisors of the various divisions include Mrs. Truman Lloyd and Mrs. L. J. Brown, intermediate; Mrs. S. G. Billington and Mrs. Ed Eason, juniors; Mrs. Jack White and Mrs. Howard primary; Mrs. Carl McGuire and Mrs. W. T. North Jr., beginners.

Special Adult Course

Special Bible classes for adults began at the church on Tuesday, and will be held each morning at 10 o'clock, with Rev. Wright taking up the book of Romans for the study. All persons interested are urged to attend.

In urging all children between the age limits to enroll, Rev. Wright added, "We are not attempting to build up church membership through the school, and children will not be influenced as to church preference. Our purpose is to provide wholesome training and recreation for local children."

Picnic, Treasure Hunt To Be Held Thursday

A picnic and treasure hunt will be enjoyed by members of the Farwell summer homemaking class, following the regular meeting on Thursday of this week, according to Miss Dorothy Shaw, sponsor.

Miss Shaw added that summer project work was now in full swing, with girls beginning work on improvements at the homemaking building. The supervisor said that she was inviting Miss Wilma Louise Snider to speak to the girls on home decoration at the weekly meeting.

## Hamburger Fry Is Planned For 11th

Representatives of the Farmer County Home Economists Association will meet at the highway park near Bovina next Thursday evening, June 11th, at which time they have planned a hamburger fry.

Announcement was made to the effect that husbands and guests will be entertained at this gathering.

## Leaves For Michigan

Jim Bob Dow departed the past Saturday for Lubbock, where he was to join his father and continue to Michigan. His father is connected with the Air Corps, and in Michigan Jim Bob plans to enroll for training or aeronautical work.

## Study Lesson for Guild

Mrs. Fay Maxey will conduct the Bible study at the regular meeting of the Wesleyan Guild tonight, Wednesday. The group will meet at the Methodist church at 8:45.

## Member of Music Group

Rollin Morse, son of Mr. and Mrs. L. B. Morse, is a member of a newly-organized musical group on the Chillicothe Business College campus, where he is a student, named "The Grand River Boys". The group provided entertainment at a recent student assembly program, with violin, guitar, and piano music, and also played at a barn dance given by the Chillicothe Rotary Club.

## To Methodist Meeting

Miss Jaquetta Strickland, daughter of Mr. and Mrs. Ralph Humble, visited here from Amarillo over the weekend. She was enroute to Abilene to attend a Methodist young people's meeting, going as a representative of the Polk Street Methodist Church in Amarillo.

## Here For Visit

Mr. and Mrs. J. C. Banks, Sr., are this week enjoying a visit from their children. In the group are Mrs. Ray Partlow and daughter, Shirley, of Oklahoma City, W. I. McClung, a brother of Mrs. Banks, also of Oklahoma City; Mrs. Garlon Harper and daughter, Sue, of Plainview; and Mrs. Charles Bowman, of Corpus Christi.

## Attend Exercises

Mrs. Wm. Kube and children attended the graduation exercises of Texas Tech. last week, to see Ludwig Kube receive his bachelor's degree in industrial engineering. Ludwig is now working in Phillips, Tex., for the Phillips 66 Co.

F. V. Vincent, of Dallas, arrived here the first of the week to visit in the home of his son, Lester (Jelly) Vincent and family.

## News from Our Boys in Camp

### MAIL TIME LENDS EXCITEMENT TO SAILOR'S LIFE

Everybody enjoys going to the postoffice and finding a letter, but it's the sailor boys that really get a thrill out of it, according to Frank Seale, former FSA supervisor of Parmer county, who enlisted in the Navy a short time ago.

Two men are in a room in charge of mail from the postoffice, Frank writes, with the windows open and the screens off. These men go through the mail calling names as rapidly as they can, with "sailors crowded up against the windows like a herd of scared sheep. . . . When a person's name is called he answers with a loud 'here' and the letter is mailed in his general direction. Sometimes he is fortunate enough to catch it, but frequently it sails the wrong way, making it necessary for him to charge through the crowd like a football player through a line. After he gets to the letter he must shove the boys away a little so that he can pick it up before someone steps on his fingers. The boys can't help each other, for fear they will fail to hear their own names called," he relates.

One of the favorite spots of the sailors is the USO station in a nearby town, Frank writes, which boasts a music box, dance floor, and a collection of games, along with volunteer girl hostesses on hand to dance and participate in the games.

Frank is enrolled in a trade school class at the Naval Air station in Alameda, California.

### BACK TO SERVICE

Devere "Bub" Roberts, who had spent several days here with relatives, departed last weekend for San Diego, to resume his training as a sailor.

### WILL GO TO TENNESSEE

Pvt. Kirt Crume has written that he is to be transferred from Fort Jackson, S. C., to "some place in Tennessee" this month, going out on cadre to form a new division. Kirt became a member of the Army last July.

### SAILOR VISITS HOME FOLKS

J. W. (Billy) Parker, seaman second class, who is stationed at Fort Lauderdale, Fla., arrived in Bovina Monday for a short visit with home folks.

### DIAL AT CIMARRON FIELD

Jack Dial, of Bovina, who is stationed at Cimarron Field, Okla., is now soloing and is scheduled to receive his cherished wings at an early date, it is reported.

### STILL ON FURLOUGH

Bill Roberts and Clark Walling, both local boys who have been accepted for Air Corps duty, this week received extensions of furloughs before they will be called to service.

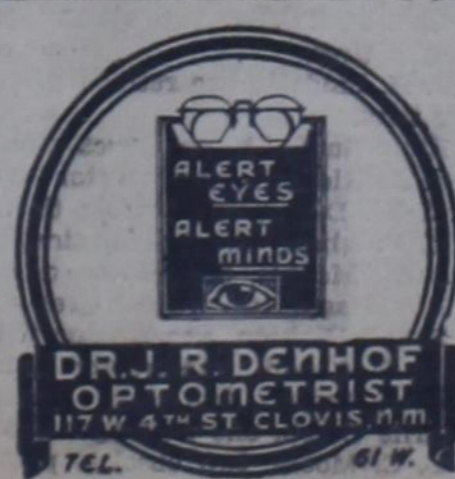

Mr. and Mrs. Jimmie Overstreet of Lubbock, and Mrs. Eva Davis, of Baton Rouge, La., visited with friends in this city on Monday. They were en route to the northern part of New Mexico and Colorado, where they expect to spend several days vacationing.

Miss Euveta Stiles, former Pleasant Hill teacher, who is visiting at Portales, spent Thursday evening in the W. H. Graham home and also visited other friends in Farwell.

Misses Opal Foster and Audie Henon have gone to Dallas. Miss Foster will enter SMU for a 6-weeks summer course, and Miss Henon plans to enter some type of defense work.

Mrs. Olan Schleuter and daughter, Miss Peggy, are expected to return home today from Graham and Dallas, where they have been visiting the past several days. They were accompanied on the trip by Mrs. Horace Schloss of Hereford.

SEE GAINES & ELLIOTT Hardware Co., Bovina, for complete line Baldwin Combine repairs. 28-tfc

Mr. and Mrs. Roy B. Ezell spent the past weekend visiting in Roswell, attending the graduation exercises of that school, where their granddaughter, Inez, was one of the seniors.

Mrs. E. J. Sloan and son, Franklin, made a trip to Abilene the past week, and were accompanied home by E. J. Jr., who had been attending McMurry college there during the past semester.

Rev. E. J. Sloan, who has been assisting with a revival at Grady, returned home Sunday evening. Mrs. Sloan and sons visited in Grady, Sunday, for the services.

Bob Kyker and son, Rex, went to Abilene on Monday morning, where Rex enrolled for summer work at Abilene Christian College.

Mr. and Mrs. Jimmie Leftwich, of Watrous, New Mexico, were visitors last week in the home of his mother, Mrs. Minnie Leftwich.

Mrs. W. A. Kessie spent the weekend visiting in Amarillo and Hereford with friends.

Miss Elsie Cunningham, local demonstration agent, departed the past weekend on annual leave. She is expected to return this weekend.

BALDWIN COMBINE repairs for old and new models, at Gaines & Elliott Hdw. Co., Bovina. 28-tfc

Miss Jane Lokey departed this week for Canyon, where she will attend summer school.

Mack Nobles and son, Edward, of Amarillo, visited in the B. E. Nobles home Sunday.

Mr. and Mrs. E. M. Deaton and family returned home the latter part of the week from Tulsa, Okla., where they visited a few days with relatives.

Mr. and Mrs. Charlie Rose and family departed for their home in Hot Springs the past weekend, after visiting several days with friends and relatives in Farwell.

Max Wallace, who had spent several days visiting in Oklahoma, returned here Tuesday morning.

Paul Robinson left on Tuesday for Benjamin, Texas, where he will spend the summer.

Miss Wanda Boss is now employed at the Red Cross Pharmacy as clerk.

Early Dive-Bombing

Early experiments in dive-bombing were conducted by Marines in Haiti in 1920, when the entire Marine aviation group had only 42 pilots.

## Demonstration Club Notes

By Special Staff Reporters

### Rhea Club

The Rhea home demonstration club met at the school house, May 18. A game was played, led by Mrs. Wayne Parker, and Mrs. F. T. Schlenker gave an interesting talk on "Mothers of the Bible".

Miss Cunningham's talk on care of the feet was very profitable. She stressed the importance of wearing shoes to fit, and caring for a child's feet.

The visitors were Mrs. Kenneth Wise and Mrs. Robert Calaway. Members present included Mesdames C. L. Calaway, Elmo Dean, F. T. Schlenker, Chas. Rogers, Pete Hoffman, Herman Schueler and Wayne Parker.

### Bovina Club

Every one should be careful to select properly fitted shoes, said Miss Cunningham at the meeting of the Bovina club, held in the home of Mrs. Reagan Looney on May 28. As ill-fitted shoes cause feet ailments and in turn cause ill health of all kinds, the agent pointed out, we should be careful. "We should do every thing possible to preserve shoes so they will last. Rubbing castor oil in the leather is a help, keeping shoes from cracking and they will last longer," Miss Cunningham reported.

Mrs. Nittler gave a report from the council and Mrs. Reagan Looney read, "My Mother". A vocal solo, "If I Could Hear My Mother Pray Again" was given by Mrs. Vernon Ward and special music was provided by Inell Elliott.

The club will sponsor a pressure cooker clinic on June 13. All women are urged to bring their cookers, with racks, a clean rag for lifting purposes. There were fifteen members and the demonstrator in attendance.

### DRAFT BOARD MEETS

The Farmer County Selective Service Board was in session here last Friday afternoon.

Classification was announced on 154 registrants of the third registration as follows: 27 temporarily in class 1-A, to take first physical examination; 1-A, six; 1-C, five; 2-A, five; 3-A, 109; 4-D, two.

Mrs. Bessie Lee Henneman today announced the names of Wm. Clinton Hastings and Robert Alton Farr, a volunteer, to be added to the list published last week of those making up the June induction quota.

### PREACHES HERE

Rev. S. H. Crockett of Grady occupied the pulpit at the Methodist church last Sunday morning in the absence of the pastor, Rev. E. J. Sloan, who was engaged in a revival meeting at Grady.

### KEEP THEM IN RUNNING ORDER

And the only way to do that is to keep your tractor in good mechanical condition. Bring it to us for minor troubles or a complete overhaul.

## Merchants Sponsor Victory Campaign

Sponsored by the merchants of Texico-Farwell, Lariat, and Bovina, a series of advertisement, entitled "victory campaign" and designed to arouse more interest locally in the war effort, starts in The Tribune today.

Special emphasis is being stressed in the series of advertisements on the purchase of War Bonds and Stamps. The advertisements have been prepared by a foreign war correspondent, who has spent many months gathering data and collecting the illustrations. The series will bring forcibly to our attention what we need to do to help win the war against Hitlerism.

Furthermore, the merchants are reminding their customers to bear with them if their services are not up to normal peace-time standards, remembering that we are now in the midst of a mighty conflict and in order to cooperate in the winning of the war, services heretofore taken for granted will have to be foregone for the duration.

The merchants bringing you these messages are listed as follows:

Security State Bank, Plains Grain & Seed, Kemp Lumber Co., The City Cafe, Sikes Motor Company, C. G. Davis Mercantile, Phillips 66 Station Texico; Roberts Seed Company, Farwell Elevator, Lariat Elevator, Farwell and Lariat Gins, Consumers Fuel Ass'n., Lariat;

Cranfill Store, Williams Mercantile, O. W. Rhinehart, 66 Agent, Gaines & Elliott Hdw., Cicero Smith Lumber Co., Consumers Fuel Ass'n., Kimbrow Drug, Bovina Wheat Growers, S. E. Cone Grain & Seed, Dad's City Cafe, Trimble Barber Shop and Dry Cleaners, Stone Grain & Elevator, all Bovina institutions;

Farwell Cafe, Conoco Oil, Marcus Ice & Produce, Ford Produce, City Cleaners, City Service Garage, Texas Company, Phillips Petroleum Co., Billington's Barber Shop, Estellene's Beauty Shop, Fay Maxey, Shamrock Service Station, Ollie's Garage, Henderson Grain & Seed, The State Line Tribune.

## Occupational Sheets To First Registrants

Occupational questionnaires are being mailed this week from the office of the Selective Service Board in Farwell to those who registered in the first and second sign-ups.

Clerks at the office of the local board expect to have the estimated 800 questionnaires ready for the mail by the close of the present week. They are returnable in ten days from the date of mailing.

Mrs. Bessie Lee Henneman, clerk, stressed the importance of filling out the questionnaires "in complete detail". This is especially true of pages one and two of the four-page folder, she said, explaining that some of the answers to questions listed on pages three and four could be filled out from the records on file at the local office.

"Every question should be answered, however," she stressed. Otherwise it may become necessary that the sheet be returned to the registrant for completion.

To assist in filling out the occupational questionnaires, board members announced the names of Aubrey Brock and Willie Williams at Bovina; J. R. Roden and Frank Spring of Friona; John Aldridge and E. F. Loken in Farwell.

## Postal Regulations Outlined By Officials

Since many people nowadays are interested in sending mail—the fastest way possible—to boys from home who are stationed at various points over the world, local officials this week released the following information on airmail, etc.:

A quote from Postal Bulletin, December 23, 1941, in regard to correct postage for air mail service to members of the armed forces: "The rate of postage on matter carried by airplane to and from the personnel of the armed forces of the United States stationed outside the continental United States, including transportation of mail to and from the air mail routes, shall be 6 cents for each half ounce or fraction thereof. This rate shall apply to all air mail sent to or by such forces when deposited at any place where the United States mail service is in operation, addressed to any other place where the United States mail service is in operation, but this shall not affect the present air mail rate to and from 'Alaska'. (The rate for Alaska is 7 cents per ounce, or fraction thereof.)"

According to Postal Bulletin, May 11, 1942, mail service to the Philippine Islands is suspended. Officials point out that all classes of mail—first, second, third and fourth—may be accepted for Alaska, the Canal Zone, Hawaii, Puerto Rico and United Nations, but restrictions for parcel post are very strict, due to necessity to conserve shipping space for war essentials. Domestic, and not international, rates of postage are charged for mailing all classes of mail with the exception of air mail. No parcels may be accepted to China.

### TIRE BOARD REPORT

Tires, tubes and retread tires authorized by the Farmer County Rationing Board on May 20:

F. W. Ayres, two tractor tires.

## Second Front?

Lieut. Gen. Brehon B. Somervell, head of supply, U. S. army, whose arrival in London to join American military leaders already there caused much speculation as to a "second front." He is shown above returning the salute of a U. S. sailor near the American embassy in London.

tires, one tube.  
T. E. Levy, one trailer tube.  
A. J. Jarrell, one obsolete pickup tire.

### GOES TO ALASKA

Lee Bradshaw, local engineer who has been in the government service the past few years, left here Tuesday for an unnamed destination in Alaska, where he will be employed in the construction of roads and a bomber base.

His wife, the former Evelyn Kyker, will remain here with her parents. Bradshaw said that he planned to return home in November, at which time construction work will be halted by cold weather.

### LOCAL DRUGGIST ENLISTS

Claude H. Rose, local druggist, this week made application through the local draft board for enlistment in the officers' training corps. He will be sent to some nearby Army post for examination before being called into the service.

Draft officials estimated it would be several weeks before Rose's actual induction, and he announced that his business would be carried on as usual if he is accepted.

### SISTER DIES

Mrs. Annie Cadell, 76, sister of Mrs. Z. W. Petree of Farwell, died at her home in Decatur, Texas, on Tuesday morning, following an illness of more than a year. Funeral services will be held in that city, according to Mrs. Petree. The local lady does not plan to make the trip for the rites.

### EQUALIZATION MEET

The Commissioners of Farmer County will sit as a board of equalization on next Monday, June 8, it was announced here today. Parties having tax matters to submit before the body are requested to be present at 9:30 a. m.
