Bowen's a good choice

Odds and ends, today, folks:

I saw in the Lubbock paper that Otis R. Bowen, a former governor of Indiana, was selected by President Reagan to be the next secretary of Health and Human Services, replacing Margaret Heckler.

As you know, I lived in Indiana for a decade, during which time Bowen served as the state's chief executive. So I can personally tell you folks that he is an outstanding man.

Bowen, a physician, was the type of politician you admire. Above all, he used common sense. He ignored what was "politically expedient" and instead did what he thought was best for his constituents, the people of Indiana.

He stepped down as governor due to his wife's serious illness. She came first; a philosophy I heartily agree with. At the time, he was being touted in the Midwest as a possible vice presidential candidate, but he declined to seek that post. Instead, he tended to his wife.

I expect the Senate to speedily approve Doc Bowen's nomination. He's a good man.

This darned football contest we run is a toughie. I ought to know, since I pick the teams.

Obviously, I cannot officially participate. However, I like to join in the fun so I do fill out a card most weeks just to see how I do. Frankly, quite poorly. Two weeks ago, I only had 5 right, and missed all four pro games.

The worst part is that I can't gripe about the fella picking the games for the contest - since it's me. Unfair.

Here comes the U.S.-USSR summit. As I've written, please don't expect any big results. If we rush to sign some type of agreement just because it looks good, you know we're in trouble.

Let's just hope that Reagan outlines our stance, listens to what the Russians have to say, then explains that any disarmament actions can only be taken after safeguards are assured, etc.

Please, Mr. Reagan: Since the Constitution doesn't allow you to run for another term as President, you don't have to do anything for "political reasons." And try not to think of your "place in history." Instead, be cautious.

Cautious.

As many of you were, I was glad to see that Texas water plan be approved by state voters by a huge margin. I say "many of you," because 111 Parmer County residents voted against it.

It always makes me feel good to see public officials working to head off a problem before it becomes too big to solve. The state is to be commended for pushing this plan.

As I write this column, the games between Nazareth and Farwell, and Texico and Reserve, have yet to occur.

Win or lose, our local teams have had really fine seasons. Both teams improved during the year and brought credit to their communities.

Small cities like ours are symbolized by their gridiron squads. To have a winning team and a winning tradition are definite pluses. They're part of the good feelings we have about our home here.

Thanks, teams, for a lot of excitement, fun and joy. (P.S. And that goes for Texico's Lady Spikers, too!)

This was a good week because it included Veterans Day, one of my favorite holidays.

Having served in the Armed Forces during our nation's last conflict, I like to reflect back on those days and of the buddies I had at that time.

I hope you took time last Monday to think of what Veterans Day means to all of us. As Jerry Johnson, of Farwell Junior High, wrote in his theme published in last week's newspaper: "Veterans Day to me means a time to be thankful for our

(Continued on Page 2)

JEAN AND GIL PATSCHKE

Patschkes plan Christian TV station

Gil and Jean Patschke of Farwell bought their AM radio station, KZOL, from Gabe Anderson in 1978.

At that time the radio was country and western with a touch of gospel one hour a day.

On March 1, 1978 it became a Christian radio station.

They changed the call letters to KIJN and moved it to 1060 AM on the dial. KIJN stands for Koinonia Lifting up the Name of Jesus. Koinonia is a Greek word for communicate. It took two years for the new call letters to be approved.

This is the only Christian radio station in the area, the Patschkes said. In the last three months the station has gone FM.

"The format of the FM station is contemporary Christian. It is light, bright and upbeat," said Patschke. "The format of the AM station is to build up the body of Christ. It is a teaching program with personalities such as Dr. Dodson, Dr. Swindell and Dr. Charles Stanley. Also Hispanic gospel and Black gospel jazz are displayed."

In the future, Patschke will host a show inviting local people to give testimony to what God is doing in their lives. A date has not been set.

In the next six months translators will be set up for getting Christian programs to people who are unable to receive broadcasts now. They will be in a radius of 70 to 100 miles in Texas and New Mexico. The translator is an outgrowth of the FM station. "It will be an extension of what we are doing right here," said Patschke.

Also, Patschke has acquired a TV construction permit with Channel 18. According to Patschke, "It will be added on the present building.

Construction will start in the spring. We will get satellite pickup from CBN, PTL, TBN and ACTS. The antenna will be added to the FM tower."

Patschke got interested in radio during World War II. He was involved in engineering.

After the war he lived in Abilene where he met Jean. He worked for a radio station which broadcast from the churches on Sunday mornings. One Sunday he went to the First Christian Church and saw Jean singing in the choir. They have been married for 35 years.

In 1953 he went to work for another radio station in Levelland. He eventually took over the engineering department and did some sales and management.

The Patschkes have two daughters, Nancy and Susan. Nancy is married to Steve Blair and lives in White Rose, Colo. Susan is married to Rex McCloy of Stinnett.

They have three grandchildren, Mike, 6; Craig, 4, and Jennifer, 2. Jean taught school for 20 years, the last ten years in Farwell. She has retired.

Jean feels that the purpose of the station is to minister locally and to the poor. She was actively involved in getting Meals on Wheels started. Also, she is an active member of the Christian Women's Club of Clovis.

Gil is active in the Full Gospel Businessmen Fellowship International. He has served as mayor of Farwell.

Asked about goals, he said, "I have a deep desire to be obedient to the Lord. Also, to be an instrument or a tool to reach dying souls. I also see us being involved in Christian TV."

Dosher resigns from council

Truck stop planned for Texico

Plans were announced for a truck stop, restaurant and, perhaps, other shops in Texico at Tuesday night's City Council meeting.

However, questions over easements remain and must be worked out. A special meeting will be called between the council and representatives of Giese Development, of

Clovis, proposed project developer, to discuss the easements in specifics.

Giese has purchased six lots at the old hotel site, just west of Playorama. The developer is seeking closing the street just east of the former hotel, which deadends at the railroad tracks, and the alley next

to the former furniture store.

Texico Realtor Charlotte Pierce was present at the council meeting to discuss the easements on behalf of Giese.

Mayor John R. Hadley told Mrs. Pierce that the council favored the project if the easement questions, involving water, sewer, telephone

and gas lines, can be worked out.

In other business, Vane Dosher, longtime Texico councilman, presented his resignation.

Dosher, who has served on the council since November 1972, recently sold his house and has moved just outside the city limits, thus necessitating his resignation.

Dosher's term was to end in March 1986. Since that election is only a few months away, it's likely the council will leave the post unfilled until election time.

Dosher also had served as mayor pro-tem. Councilman Lewis Cooper was elected to that post.

Farwell Council rejects Chamber plan, offers alternative

The Farwell City Council took action Monday on a request made in May by the Farwell Chamber of Commerce to hire a person to seek more housing and businesses for the community.

The council, with all its members present, unanimously voted to reject the idea and instead voted to see if the Chamber would still be willing to spend funds toward a committee set up by the council to serve the same purposes that has been suggested for a hired employee.

The Chamber is expected to discuss the Council proposal at its Nov. 19 meeting at noon at Luce's Spur Restaurant.

In May, three Chamber officials appeared before the council, suggesting that planning was needed to protect Farwell's future. John Getz, Chamber president, said more medium income housing is needed; something needs to be done about empty buildings along the highway,

and more small businesses are needed to help expand the tax base and keep taxes down.

The Chamber offered to spend \$2,400 over 24 months for a two-year project whereby a person would be hired part-time to work on the ideas suggested by Getz. The total cost would be between \$13,500 and \$14,500 - or between \$6,500 and \$7,250 a year. This would be for salary and expenses for the person hired.

In Monday's discussion preceding the council vote, councilmen indicated that persons they have spoken with in the community opposed the Chamber plan. "No one spoke favorably of the idea," said Liz Phillips, Martin Kube and Curtis Smith.

In other business, the council also discussed the Chamber's plans for a more improved tourist area in back of Farwell United Drug. City Clerk Janie Bowery will check with the district highway engineer on the possibility of moving the Texas

marker from its current site next to City Cleaners to the proposed area. She is expected to report back at the council's December meeting.

The council also:

--Decided to review and revise the

city's personnel policies manual which has had virtually no changes since it was introduced in 1979.

--Agreed to sell the old police car, a 1975 Chevrolet, for \$600 to Floyd Robinson.

--Heard Liz Phillips ask Janie Bowery about the two seminars Mrs. Bowery attended last month. Mrs. Bowery said she got a lot of information from them and planned to discuss it with the Chamber,

Discipline process to be reviewed

The Farwell Schools are undergoing a Discipline Management Process, Supt. John Grigsby explained to the School Board Monday night.

This process is required by the state and a report must be forwarded by Feb. 1.

Three committees will be organized, one for each school - elementary, junior high and senior high. Each committee will have 10 persons on it, selected by the respective principals. The 10 will include an administrator, school board member, two students, two

professional staffers and four citizens.

Persons interested in serving on these committees should contact the principals.

These committees would meet this fall and study the discipline process. There are state guidelines, of course, but there is some flexibility within them.

Then the three committee plans would be discussed by a school district committee (two members of each committee) which would propose a district-wide policy to the School Board.

In other business, the board: --Cast its 806 votes for Mark Williams for re-election to the board of directors of the Parmer County Tax Appraisal District.

--Approved a refund of \$1,205 to a citizen, caused by an error in the tax appraisal district's computations, Grigsby said.

--Approved a resolution honoring Liz Phillips for her work as leader of the Farwell Sesquicentennial Committee. She was in charge of the Oct. 28 program in which Farwell was certified as a Sesquicentennial com-

(Continued on Page 2)

Wanda Walker, left, receives her first place cash prize for winning last week's football contest, from Mona Hardage, of Farwell Fertilizer, one of the contest's sponsors.

Mrs. Walker, who has been participating in the football contest for more than 20 years, said it was the first time she has won it.

Meier, Cheryl Scott and Robbie White.

Nazareth defeated Farwell, Levelland defeated Canyon, Hart defeated Olton, Arkansas defeated Baylor, Texas Tech defeated TCU, Texas defeated Houston, Dallas defeated Washington, NY Giants defeated LA Rams and Miami defeated NY Jets.

Meanwhile, the overall contest leader, Charles Dannheim, maintained his position by getting 8 right last week. His two closest competitors, Ysleta Kittrell and Carolla Smith had 8 and 7 answers correct, respectively.

Here are the overall totals with two weeks left in the contest:

- 89 points - Charles Dannheim.
- 87 points - Ysleta Kittrell.
- 86 points - Carolla Smith and T.J. Kittrell.
- 84 points - Mark Liethen.
- 83 points - Lisa Gerles.
- 82 points - Brent Green, Bill Howard and Jody Ketcherside.
- 81 points - Teresa King, Vicky Lynn, Donnie McDonald, Tim

Obituaries

Mildred Vincent

Mildred (Sal) Vincent, 74, of Farwell, died at home Nov. 12. Funeral services will be at 10 a.m. Friday (today) at Hamlin Memorial United Methodist Church. Officiating will be Rev. H.E. Stephens. Burial will be in Sunset Terrace under the direction of Steed-Todd Funeral Home.

She was born March 21, 1911, in Childress, Texas. She was a member of Hamlin Memorial. Survivors are two sisters, Neva Rothwell, of Childress, and Francis Anderson, of Spokane, Wash.; two nieces and six nephews. She was preceded in death by her husband, L.R. (Jelly) Vincent in 1977.

School

(Continued from Page 1)

munty. --Approved the annual textbook committees, with 24 members. --Discussed the 10-day extra-curricular rule, whereby students can be excused from classes for that total during a given school year. The 10 days must be broken down between the two semesters. The board voted to go 1-9; 1 approved day for an extra-curricular absence during the first semester, and 9 approved days for the second. This was done because the greatest number of extra-curricular activities are in the spring semester. --Approved the annual performance report for the 1984-85 academic year. --Discussed the state's opinion on whether school trust funds could be divided up among schools from the county commissioners (see story elsewhere in today's newspaper). The board decided it would not join with the other county schools and seek the funds at this time. --Tentatively approved buying a computer system for the administrative office from CSI, of Dallas. CSI's bid of \$21,704 (including a year of maintenance) was higher than IBM's bid of about \$16,000. Grigsby explained that IBM's bid didn't include all the software needed and

that CSI's system was more capable of handling the educational budgeting needs. Grigsby will check out a CSI system before final approval is given. --Received nine bids on a house on Eighth Street that the school district had owned. The house was awarded to the high bidders, Ron Byrd and James Chadwick, for \$8,552.01. The second highest bid was 64 cents lower. --Accepted the resignation of special education aide Rita Sanamiego. Phyllis Coburn has already taken over the part-time post. --Approved creating a fulltime post for a first grade aide. Applicants are being sought.

Santa to arrive

The Texico-Farwell Lions Club decided Monday night to stage its annual visit by "Santa Claus" on Dec. 20. Like last year, arrangements will be made with Eastern New Mexico Rural Telephone to use a helicopter to bring Santa to the Twin Cities. Arrival destination will be Capitol Foods on Ave. A in Farwell. In other business, the club voted to have its annual Christmas dinner with wives and children Dec. 9 at Luce's Spur Restaurant.

Parmer receives state legal opinion

Parmer County Commissioners have received a legal opinion from the state on how they could divide up about \$875,000 among the four county schools. The opinion is expected to be discussed at the commissioners' Nov. 25 meeting. In February, the commissioners had voted (on a split decision) to distribute the money from the school trust fund to the county schools after they requested it. But after legal questions were raised, the commissioners voted to rescind its decision. When school officials made their request for the funds, officials at Farwell, Bovina and Lazbuddie schools indicated that if they got their share of the funds, they would

be put into a savings account until needed. Only Friona officials said they had an immediate use for the money -- to build new classrooms (which have since been started). According to state law, the schools can only use money from the trust fund, which is under county jurisdiction, for either reducing bonded indebtedness and-or making permanent improvements. The opinion received last week from the state points out this law. Also, when the school officials had requested the funds, they wanted them divided up by using the past five years' daily attendance for each school as the yardstick. State law says that if the trust funds are divided up, it must be

done on a scholastic basis -- i.e., based on the number of children ages 6 through 18 in a school district, whether or not they attend public schools. Also, in the state's opinion, it notes that "a need must be shown" for the funds to be given a school by the commissioners. Based on the state's citations, it appears that the funds will remain in the county hands since the chief reason the school officials used in

requesting the money was their fear that the state might try to take back the money if the time came when the state sought more revenue. The fund consists of monies gained from partial mineral rights in Gaines and Andrews counties. This system was set up by the state years ago. The amount of funds Parmer has gained from these minerals -- including an oil-producing well -- has declined over the years.

Lubbock newspaper reports on Muleshoe hospital rates

Sunday's Lubbock Avalanche-Journal presented a Page 1 article on the new rate structure at West Plains Medical Center in Muleshoe. The hospital's new pricing policies, according to the newspaper, includes a \$1,100 minimum daily rate. The hospital, which has had some financial problems, signed a lease with Westworld last year. The corporation took control of the Muleshoe facility in May. Westworld is a California-based corporation that operates 36 rural health-care facilities nationwide, the report said. The article quoted hospital officials as saying the new rate structure is necessary because the hospital is currently just breaking even, financially. It also was noted that new patients are told about the rate structure. Also, West Plains no longer has a contract with Blue Cross/Blue Shield.

Lazbuddie approves report

The Lazbuddie School Board Tuesday approved the audit report for the fiscal year 1985. A presentation was given by a CPA Randy Fields of Muleshoe. The board approved the 1984-85 performance report and the job description for teachers. Larry Jesko received 540 votes for the board of directors for the Parmer County Tax Appraisal District. The School Boards next meeting will be Dec. 10.

Veterans

freedom." That's a good way to say it all, Jerry.

By the time this column comes out, I don't know what the weather will be like outside. But last week was glorious. How can anyone work on days when there is a light crispness in the air, the sky is azure, the sun is gleaming and the thermometer hits 70? It's hard. I don't know what heaven is like, but I have a feeling it might be something like our early November this year. Those darned Yankees just don't know what they're missing.

FFA fifth

The Farwell FFA freshmen attended a parliamentary procedure contest at Lubbock on the Texas Tech campus. Farwell placed fifth. Front row, from left, are Donald Rubio, secretary; Scott Childers, president and Paul Longley, vice-president;

back row, from left, Isi Ortega, advisor; Tommy Hammit, Ruben Ortega, sentinel; David Price, reporter; Abel Lopez; Todd Thigpen, treasurer. The Farwell FFA sponsor is Richard Montgomery.

Judge Porter Roberts displays the certificate of appreciation which was presented to him by Louise Young of the Panhandle Community

Services for participation in "Project Self-Sufficiency," a program to help single parents.

Parmer County participates in 'Project Self-Sufficient'

Parmer County has been chosen as part of a 26-county region of the Texas Panhandle to participate in "Project Self-Sufficiency."

More than 2,000 applications were submitted for this grant; from that number, just 108 sites were selected for participation across the nation. Eight million dollars have been allocated to help single parent families in this area.

"I'm really hopeful that this project will help some of those people in Parmer County who need it the most," said Judge Porter Roberts. "Funds have been budgeted for

the Panhandle of Texas to help single parents with dependent children," said Roberts. "This money can be used to help provide housing, education, career counseling, child care, transportation, or other necessities to help people stand on their own feet."

One aspect of the program will ask for public/private partnerships to help provide job training and career counseling for single parents.

Single parents in Parmer County may apply for assistance through Roberts' office.

'Down to Earth' to be presented

Texico's senior class will present "Down to Earth" Nov. 22 at 7 p.m. MST at the Educational Complex.

Admission is \$2 for adults; \$1 for students. Funds raised will go as contributions to the Neil Snipes and W.B. "Bucky" Walters scholarship funds.

The play is about three angels coming to earth to take two souls to heaven. But when you deal with mortals, things don't always turn

out as planned.

The cast includes Marlon Carpenter, Eric Harding, Jim Thornton, Kelly Lynn, Leah Kelley, Loretta Gonzales, Coy Jo Burk, Lucia Jesko, Brenda Morris, Cynthia Ortiz, Jesse Garcia, Tim Meier, Melissa Singleterry.

Stage crew members are Kyle Snipes, Eldonna Francis, Stan Cross, Larry Taylor, Wayne Wolfe and Petra Breyne.

Farwell sales tax receipts up

Each month, Bob Bullock, the Texas comptroller of public accounts, releases statistics for the city sales and use taxes collected.

In the first 10 months of 1985, Farwell's total is up 7.14 percent, from \$23,886.21 in 1984 to \$25,590.96 for the same period in 1985.

Recipe of Week

BISHOPS' BREAD

- 1½ c. sifted flour
- 1½ t. baking powder
- ½ t. salt
- 2 T butter or margarine
- 1 c. sugar
- 3 eggs, well beaten
- 1 c. marachino cherries, chopped
- 4 ozs. semi-sweet chocolate, finely chopped
- 2 c. chopped pecans.

Sift together first three ingred-

ients and set aside. Cream together butter or margarine and sugar. Add well beaten eggs, mixing well. Add sifted dry ingredients to creamed mixture, mixing well. Fold in remaining ingredients. Spoon mixture into 3 greased #303 cans or one #303 can and one 9x5x3 inch loaf pan. Bake at 325° for 1 hour for cans or 1 hour and ten minutes for loaf pan. Remove from oven. Let cool 5 minutes before removing from pan. Remove from pan and finish cooling on cake rack.

Farwell Junior High wins District Championship

Farwell Junior High's football team won a district championship after blanking Nazareth last week, 28-0.

Farwell ended the year with a 5-2 record.

Here's what Coach Gary Cates had to say:

"We looked like a different football team at the end of the season when compared to our first game. The kids improved tremendously both offensively and defensively. During the last three games, a lot of the kids who hadn't played much received some valuable playing time, which will help them going into next year.

"The kids worked real hard this year and it paid off in the title. We received good leadership from Bruce White, to help carry along the underclassmen. Greg Atkinson

came on very strong for us defensively. He was the most improved defensive player.

"Shawn Stewart and Bruce White both ran the ball well all year. Clint Kelley's passing improved throughout the year. Darren Haseloff, Jimmy Singer and Michael Arce caught the ball well for us. Also, the offensive line improved considerably. I'm proud of each lineman for the job they did."

Against Nazareth, here's how Farwell scored: Stewart, 60 and 13 yard TD runs; White, 50 and 20 yard TD runs; and two extra-point passes from Kelley, one to Haseloff, the other to Sammy Herrera.

Stress clinic scheduled

Dr. Charles Lowery will conduct a Stress Clinic at First Baptist Church of Texico Nov. 17-20.

Services will begin Nov. 17 at 6:30 p.m., and Monday through Wednesday sessions will begin at 7 p.m.

Dr. Lowery is Director of the Counseling Center at First Baptist Church, Dallas, Texas. He holds a Ph.D. degree in psychology from the University of South Carolina. He also has completed post doctoral work at Columbia Bible College.

The Rev. Joel Horne invites everyone to attend. There will be a nursery provided each evening. There is no admission charge.

Teams announced

The Texico Junior High and Varsity basketball boys teams have been announced.

It's still real early in the season, but I feel we will be competitive by district play," said Coach Borde Williams.

Floyd and Tatum seem to be the strongest teams in the District.

"We have some good kids with limited experience, but hopefully pre-district can help them gain confidence," he said. "We have good size up front, but we need some take-charge players to control the ball. Keys to success are: kids gain confidence, experience at varsity level, and development of strong guard play."

The players for the junior high are: Lance Akers, Terry Allen, Michael Day, Carl Gonzales, Keith Harrison, Jason Johnson, Spicer Lewis, Mike Williams, Eloy Anaya, Bill Daniel, Wesley Farmer, Julian Garcia, Mark Holmes, Preston Hubby, Jimmy King, Jason Longo, Joe Pierce, Larry Powell, Brian Rogers.

Also playing are Chad Barnes, Jaime Estrada, Pete Fuentes, Calixto Nieto, Dwayne Hamilton, Benjy McDaniel, Jory McIntosh, Hector Orozco, Luis Ortiz, Lilo Perea, Tony Vega, and Rusty Foreman.

The varsity basketball boys are: Bret Taylor, Kevin Spears, Urban Orozco, Mark Hernandez, Larry Dudley, Brette Southard, Jubal Pierce, David Loera, Steve Lara, Mario Lara, Richard Hernandez.

Returning lettermen are Jim Thornton, Stan Cross, Charlie

Bibbs, Eric Harding, Kyle Snipes and Mark Meeks. Other seniors are Jesse Garcia, John Thomas and Marlin Carpenter.

The coaches will be Michael Littlejohn for junior high and junior varsity and Borde Williams for varsity.

The junior varsity and varsity will play Portales at Portales at 5:30 p.m. MST, Nov. 26.

On Nov. 18 the junior high boys will play at Farwell at 4 p.m. there.

The newest members of Alpha Rho Lambda Chapter of Beta Sigma Phi are pledges, from left, Colleen Stover, Leesa Stephens, Lynne Mahaney, and Jennifer Bears.

Progressive dinner set

Members of Alpha Rho Lambda Chapter of Beta Sigma Phi met at the home of Kendale Burch Tuesday.

Items of business included plans for the Pheasant Hunter's Breakfast, and the service project of assisting Parmer County Commissioner Robert White distribute cheese on Nov. 14.

A progressive dinner is planned for Nov. 16 to be held at three members' homes. Members will each bring part of the meal.

A short program, "The Me I See is the Me I'll Be" was presented by Judy Pomper.

A solemn ritual was held to welcome four new pledges, Colleen Stover, Leesa Stephens, Lynne Mahaney and Jennifer Bears.

Following the meeting, members, enjoyed cake, crackers and cheese spread, party mix, spiced cider, and

Pierce to be on TV

Jeanette Pierce, Parmer County Extension agent, will be on Channel 3 KENM, out of Portales, Dec. 7 at 2:30 p.m.

The program, "Creative Living," is hosted by Sheryl Borden.

Ms. Pierce will give tips on Christmas gift giving.

Marriage Licenses

There were three marriage licenses issued during the past week by the Parmer County Clerk's Office.

Marriage licenses were issued to Charles L. Rose, II and Brenda K. Brooks, Phillip A. Veevers and Kendra Anne Slandley, and Ruben Orozco and Maria Anna Gutierrez.

Turkeys, hams to be delivered

For the last three weeks Farwell FFA boys have been selling turkeys and hams for a fundraiser.

According to Richard Montgomery, the hams and turkeys will be delivered by Nov. 22.

Reunion set

The annual Hollene family reunion will be at 6:30 p.m. MST Nov. 30 at Kingswood Methodist Church, Clovis. Please bring cookies or cake, said Wilma Hughes.

Farwell loses finale to Nazareth

By DeAnn Curtis

Farwell's Steers lost their chance for a state playoff berth by losing at home last Friday to Nazareth, 20-0.

If Farwell had won, they would have been involved in a coin flip for a state playoff spot. As it were, the Steers finished the year with a 3-2 district record and 6-4 mark overall.

Against Nazareth, Farwell's Blake Kelley returned the opening kickoff to the 27. Farwell was stopped, Nazareth then lost a fumble to Farwell, which was unable to move the ball.

Meanwhile, the Steer defense was holding Nazareth scoreless. Key tackles were made by Eric Williams, Leonard Hillock, Jason Schilling, Joe Jaime, Bobby Ford, Kevin Owen, Ladd Brown and Jesse Anzaldua. Hillock made an exceptional tackle singlehandedly.

Nazareth missed a field goal in the first quarter, which ended scoreless.

The second quarter began with Bobby Ford intercepting a Swift pass. Blake Kelley, Eric Williams and Bobby Ford had good carries, and David Woods ran for 40 yards on a quarterback keeper.

Farwell then tried a field goal, which missed. Tackles were made on Nazareth runners by Damon George, Schilling, Owen, Jaime, Kelley and David Rubio. Owen recovered a Nazareth fumble but Nazareth intercepted a Steer pass. With 1:16 left in the second quarter, Nazareth hit a field goal to move ahead, 3-0. Then Nazareth recovered a Steer fumble and hit another field goal - 6-0.

The third quarter started slowly as both teams were stopped quickly. Then with 6:18 left, Nazareth scored a TD. The kick was good and the score was 13-0. The quarter ended

with the Steers having the ball.

Early in the fourth quarter, Nazareth scored another TD and extra-point kick. The Steers kept moving the ball, as Woods, Owen, Kelley and Ford carried the ball. But they were unable to get into scoring territory against the tough Nazareth team, rated seventh in the state in its class.

Individual statistics against Nazareth:

Rushing - Kelley, 13 carries for 105 yards; Ford, 9 for 34; Owen, 10 for 33, and Woods, 13 for 23.

Receiving - Williams, 3 catches for 27 yards, and Danny Rubio, 1 for 10.

Farwell had 23 first downs to Nazareth's 14. Farwell gained 191 yards on the ground and 39 in the air; Nazareth had 160 rushing yards and 74 through the air.

Farwell completed 4 of 8 passes; Nazareth, 4 of 11. Farwell had four turnovers to Nazareth's two. Farwell was penalized 4 times for 35 yards; Nazareth once for 5 yards.

Here are some season statistics from Coach Monte Barnes:

Leading team rushers: David Woods, 84 rushes for 411 yards, 2 extra points and 4 TDs; Blake Kelley, 120 rushes for 838 yards, 2 extra points and 6 TDs; Kevin Owen, 122 rushes for 714 yards, 1 extra point and 8 TDs, and Bobby Ford, 100 rushes for 424 yards, 1 extra point and 2 TDs.

Leading receivers: Eric Williams, 24 catches for 423 yards and 3 TDs; Kevin Owen, 3 catches for 25 yards; Roy Perales, 1 catch for 24 yards; and Danny Rubio, 3 catches for 21 yards and 1 extra point conversion.

Passing: David Woods hit 29 of 67 passes for 493 yards, 3 TDs and 1 extra point conversion.

Blake Kelley eludes a Nazareth tackler.

The Steer defense smothers a Nazareth run.

Students cited

Farwell High School has announced the outstanding students for this week.

They are: Darla Armstrong, home economics I; Corey Jones, computer science; Bobby Ford, English IV; Amy Gulley, English I; Donna Armstrong, English II and Teresa Rose, debate.

Leaders trained

Three Cub Scout Leaders from Pack 213 of Texico-Farwell traveled to Hobbs, on Nov. 9, for a leadership training meeting called a Pow Wow.

Ricky Bennett, Lynne Mahaney, and Judy Pomper attended sessions on songs, games, arts, crafts, camping, and leadership.

Bennett and Mrs. Mahaney also attended leadership training in Clovis on Nov. 4 and 5.

Steers of the Week

Named as Steers of the Week by Coach Monte Barnes for their all-around good play during the season were Homer Anzaldua, left, and

Ladd Brown. Anzaldua came along real well on the offensive line, said Barnes, and Brown started at defensive end.

LIFE - HEALTH - MEDICARE SUPPLEMENT

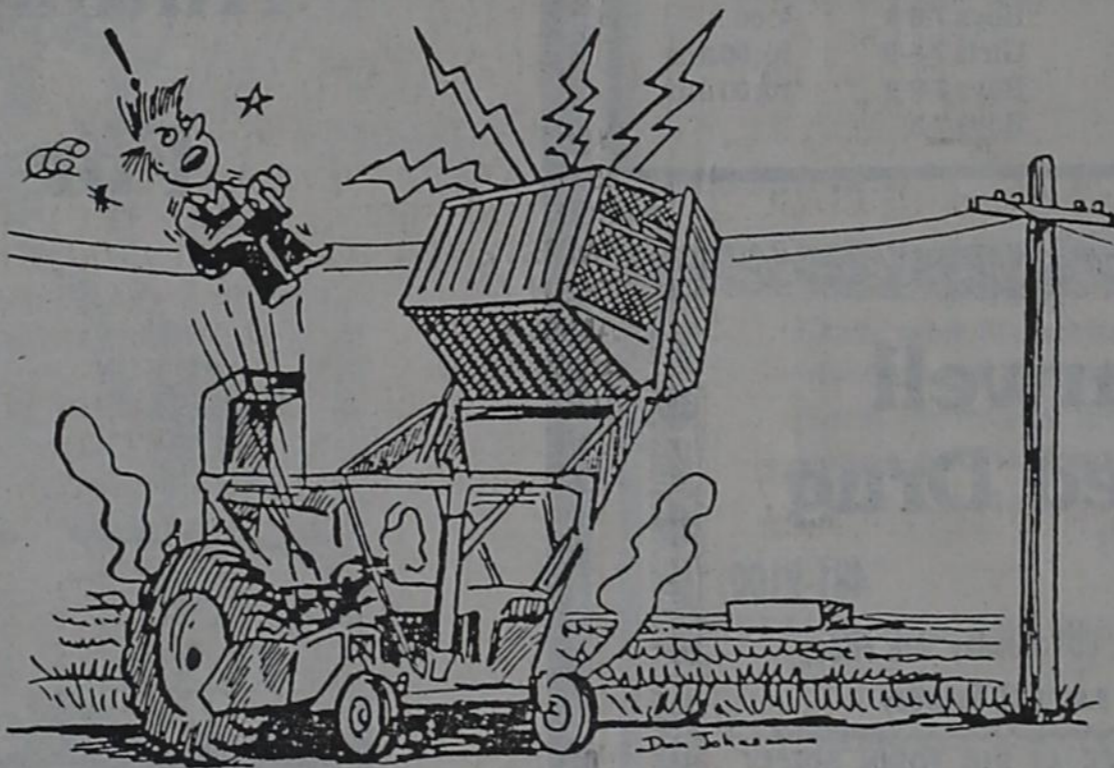

303 Ave. G Farwell 806/481-3474

LOOK UP AND LIVE!

Cotton harvest is here and the Coop urges extreme caution when operating farm equipment near electric lines.

In recent years, many incidents have involved cotton module builders. The extended portion of the cotton module builder can easily come into contact with overhead electric lines if the operator is not careful. The same problem exists with overhead baskets on cotton strippers.

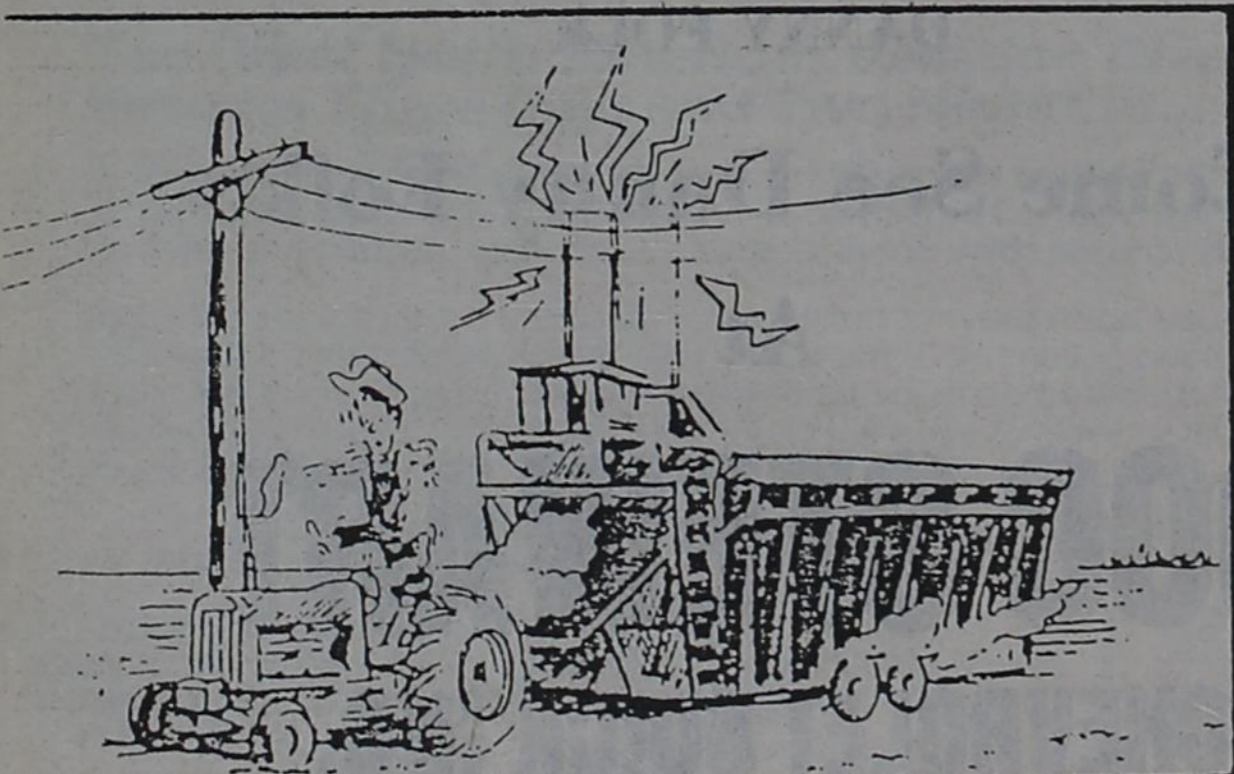

We urge farmers and their employees to be alert to these potential hazards and take every possible precaution to avoid serious injury or death. When moving a module builder, be sure the packer arm is lowered as far as it will go. When using a stripper with an overhead basket, be sure to check for overhead lines before dumping.

If some piece of equipment does contact these 7200 volt overhead lines, it is important that you or the operator not try to simply back away.

The line could break, or if it is already broken it could tangle in the equipment and break again, compounding the problem and increasing the danger.

Jump clear of the machine, being sure not to touch the ground and the machine at the same time. Move quickly away at a right angle to the power line. Then call Bailey County Electric Cooperative at (Area Code 806) 272-4504 whether the line is broken or not.

Lower packer arm as far as it will go before moving module builder.

Longhorns of the Week

This week's Longhorns of the Week award was given to the offensive line. Athletic Director James Bartosh noted that the line gave its passing quarterback, Tim Lust,

good protection all season. Linemen are, from left, Paul Gonzales, Scott Holt, Dustan Jesko, Pat McBroom, Chris Fuqua and Scotty Mitchell.

Gregory: We need to press, run and gun

"In order for Farwell to be competitive this basketball season we are going to have to get the ball up and down the court. This year's team will be very short. We will have a type of team that must play basketball full court. By this I mean press, run and gun," said Coach Larry Gregory, of Farwell's boys varsity team.

At this time, Gregory has 24 kids out for his program: 3 seniors, 6 juniors, 3 sophomores and 12 freshmen.

The returning lettermen are Kevin Owen, senior; Eric Williams, senior; David Woods, junior; Jody Ketcherside, junior; and Roy Perales, junior.

Others listed are Alex Alcalá, Robby White, Danny Rubio, Jacob Lopez, Damon George, Bony Nicolas, Shawn Didyoung, Todd Thigpen, Jeff Atkinson, Donald Rubio,

Brian Haseloff, Dustin Hardage, Paul Longley, Tony Nicolas, Jaime Mendoza, David Price, Ruben Ortega, Isi Ortego and Abel Lopez.

"The style of basketball that we play should be exciting to the crowd and I think the kids will enjoy it," said Gregory. "Our strength should be shooting, so we plan on putting up as many shots as possible."

"Defensively we will mainly be in a man-to-man defense. Our full court defense will be a combination man-to-man and zone-trapping type."

Gary Cates will be helping with the varsity and junior varsity this year. He will also be the head coach for the 7th and 8th grade teams.

"We feel that it is very important to have a philosophy of basketball that encompasses the junior high program as well as junior varsity

and varsity. So we will be doing exactly the same thing in junior high (7th and 8th) grades as well as high school," said Gregory.

"At this time, we have 26 out for basketball in the 7th and 8th grades - 10 seventh and 16 eighth graders. We have a full schedule for our 7th grade as well as 8th grade basketball teams."

Also helping with the high school teams this year will be Bobby Ford and Andy Hughes. They will help during practices and games. "You really appreciate these two guys for volunteering their time and services," said Gregory.

The first game for the junior high boys will be Nov. 18. They will play three games here at Farwell (7th, 8th and 9th) against Texico.

"Our varsity opens up with Grady Nov. 19. They have been practicing since September so we should get a stern test right off the bat," said Gregory.

"As far as District is concerned, Nazareth is, of course, the team we will have to beat in order to win. They have been second in state the last two years. If they wanted to, they could start a lineup of five 6'4" or over."

"Happy will be strong again because of the 6'8" returning center they have. Lazbuddie didn't lose any starters from last year's team and after the success they enjoyed in football we know they'll be strong. Kress will be competitive, losing only two starters from last year's teams."

Lazbuddie wins finale

The Lazbuddie Longhorns finished their football season on a high note with a 7-0 shutout win over Happy at home last Friday.

Lazbuddie ended the season with a 2-3 record in district and 4-6 on the year.

Since only one touchdown was recorded, it was obviously a defensive struggle. Happy threatened three times but Lazbuddie's defense held each time.

Meanwhile, the Longhorns threatened twice themselves. Once they were stopped when they fumbled on the Happy 3 yard line. But on the other occasion they scored on a 10-yard throw from Tim Lust to Guy Brockman in the second quarter. The extra-point kick was good by Omar Sanchez.

Individual statistics were:
Rushing: David Schacher, 45 yards; Kurt Miller, 32 yards; Tim

Lust, 20 yards, and Guy Brockman, 9 yards.

Receiving: Paul Gonzales, 5 catches for 149 yards; Brockman, 1 for 10; Brian Glover, 1 for 25; and Kurt Miller, 1 for 15.

Overall, Lazbuddie rushed for 106 yards and gained 199 through the air. The Longhorns had 16 first downs. Todd Daniel had four punts and a 40-yard average.

One unusual occurrence happened: the TD pass caught by Brockman was also in the possession of the defensive player. But football rules give the catch, in that instance, to the offense; thus, the TD.

Lazbuddie Athletic Director James Bartosh was happy with the team's efforts this year, noting they were in every ball game they played.

Over-65 homeowners may postpone payment of taxes

By simply filing a sworn affidavit with their local appraisal district, homeowners age 65 and over can postpone payment of property taxes on their homesteads.

If an elderly taxpayer has already been sued to collect delinquent taxes on his homestead, he can still take advantage of the "over-65 tax deferral" by filing an affidavit with the court in which the suit is pending.

Ron Patterson, executive director of the State Property Tax Board, explained that once an over-65 taxpayer properly files the tax deferral affidavit, state law prevents taxing units from initiating or pursuing delinquent tax suits on the homestead for as long as the applicant owns and lives at that property. "In other words," said Patterson, "an

over-65 homeowner cannot lose his homestead because of delinquent property taxes if he has filed the proper affidavit."

Patterson said that elderly homeowners can obtain forms for the deferral affidavit at the appraisal district office in their county. The homeowner should fill out the form and have his signature witnessed by a notary public or other official authorized to take oaths.

"Elderly homeowners should understand that the tax deferral only postpones tax payments, it does not dismiss them," said Patterson. During the deferral period, the taxes, penalties and interest will continue to add up, he explained. "Once the homeowner no longer qualifies for the deferral—that is, if he no longer owns or resides at that homestead—all those deferred amounts must be paid. At that time taxing units may sue to collect the delinquent taxes, penalties and interest, and foreclose on the property."

Fire Calls

The Farwell Fire Department received two calls last week.

On Nov. 7, the fire department had a fire practice at 7 p.m.

On Nov. 13, the ambulance was called to 905 6th St. and transported a patient to Friona Hospital.

The Clovis Dispatcher reported one call last week.

On Nov. 8, the ambulance was called to 111 Lamar and transported a patient to Clovis High Plains Hospital.

Harding, Geries playing well

Ralph Franse reported this week that he watched former Texico High stars Kent Harding and Todd Geries play for McMurray College against Sul Ross University last weekend.

Also attending the game were Mr. and Mrs. James Harding and Mr. and Mrs. Herman Geries.

Harding a senior, plays defensive end and was named to the All-Conference team last year. Geries, a

junior, is a linebacker. "The boys played well and have had a good year," Franse reported.

Hospital Notes

Carl Davis of Farwell is in the Clovis High Plains Hospital. He has been in the hospital since last week.

Farmers win new finance option

Texas voters last week gave agricultural producers a chance to win a little economic security in the midst of bad times; now, it's up to farmers and ranchers to take advantage of the option.

The security will come from low-interest loans authorized by voters when they approved Proposition 10 on the Nov. 5 ballot. The amendment authorizes the sale of \$500 million in general obligation bonds to pay for the loan program.

Voters apparently recognized the advantages of the program, which will be administered by the General

Land Office. Indeed, these loans will be far different from the innumerable low-interest loan programs offered in recent years by the federal government.

Those loans tended to be quick-fix, save-the-farmers-for-another-election-year loans that had no specific goal in mind. The new state program, which we sponsored in the Senate, instead is geared toward a single goal - convincing a new generation of farmers and ranchers to stick with the business.

Studies have shown younger people do not seem interested in pur-

suage a farming or ranching career. In fact, the average age of the American farmer is about 55. With everyone painting such a bleak picture of our nation's agricultural future, no one can really blame the younger generation for being wary of farming and ranching. Young people need some incentive to stick with agriculture.

We think the loan program created by Proposition 10 will give them that incentive. The loans are to be given only to people who have a net worth of less than \$250,000 and who make their primary living from

Senator Bill Sarpalius Reports

agriculture. The loans can be used only to purchase land for agricultural production.

The program by law can't restrict the age of potential borrowers, but, more than any other group, young people will be able to take advantage of the program and become the primary recipients of the Proposition 10 funds.

For some the funds will mean a chance to avoid a lease arrangement that is strangling any hope of financial security. So often, a farmer could weather an economic crisis if there were some form of equity to act as a shelter.

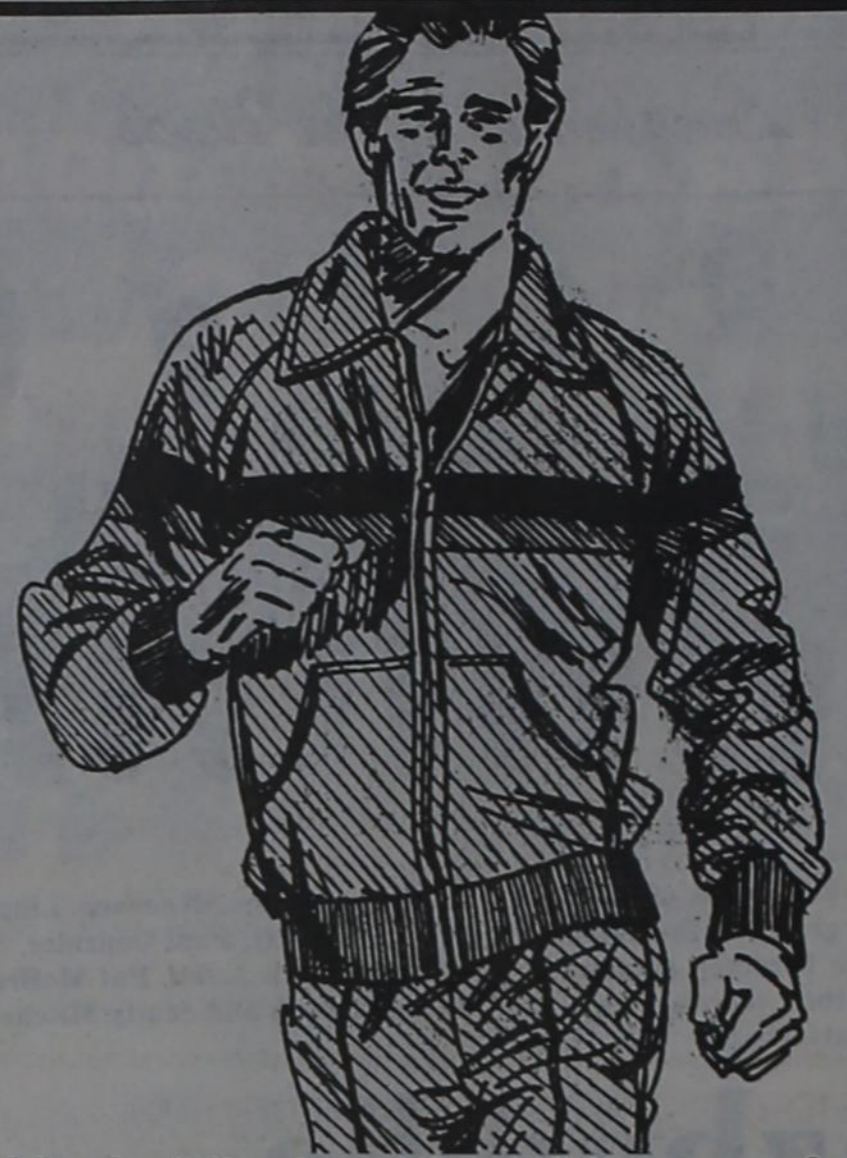

For others, leasing may be a better option than a Proposition 10 loan, but one will never know if one doesn't carefully weigh the options. Only by being aware of every financial tool available can an agricultural producer expect to survive these bad economic times.

If you have any further questions about Proposition 10, please write us at P.O. Box 12068, Austin, TX, 78711.

Texico Chamber meets

At a quiet session Monday night, the Texico Chamber of Commerce noted progress in collecting donations for the Christmas lights it has bought for Main Street in December.

Donations may be turned in at Citizens Bank.

Committee to study colleges

Gov. Mark White, Lt. Gov. Bill Hobby and House Speaker Gib Lewis recently appointed a 23-person select committee to study Texas' college and university system. With those appointments come both hope and apprehension for the future of higher education in Texas.

The newly appointed panel is expected to be similar to the Select Committee on Public Education, the controversial study-group headed by Fort Worth businessman H. Ross Perot. That committee overhauled our public school system with a number of commendable results and a couple of disastrous ones.

Early speculation indicates the higher education committee will draw as many headlines as SCOPE as it seeks to make major changes in our college and university system. The exact nature of those changes won't be known until the 70th Legislature convenes in January 1987 and considers the committee's report.

There is much reason for optimism, though, as the blue-ribbon panel begins its work. Its chairman, Austin attorney Larry Temple, seems well suited for his role. Temple currently serves as chairman of the Coordinating Board of the Texas College and University System and has a vast knowledge of Texas higher education.

The High Plains also is well-represented on the panel. Amarillo attorney Wales Madden, a noted civic and political leader in District 31, was appointed as was Lubbock attorney Bill Parsley, a former state representative and Texas Tech official.

We plan to keep in close contact with committee members, especial-

ly Mr. Madden, as they begin their work. We want to wish them success in their endeavor while also warning them of the potential pitfalls that lie in their path.

Though the basic goal of the study - a streamlining of higher education, consolidation of services and upgrading of all institutions - is laudable, three are inherent dangers in indiscriminately combining institutions and abolishing programs.

We're sure the temptation is going to be great to abolish a program at one university if a superior similar program is being offered at a nearby university. It may also seem attractive to some members of the panel to combine four-year and two-year colleges if they are operating in close geographic quarters.

Indeed, much talk surrounding the select committee has centered on consolidation and elimination. It would be nice to hear phrases like "selective expansion" mentioned every once in a while.

Take the case of West Texas State University and Amarillo College. We can see why some might think the consolidation of the two would appear to be an outstanding idea. Here is a junior college and major university right next to each other, and they in many cases are offering duplicate basic courses. Why not combine them and cut educational and administrative costs?

Because thousands of students would be hurt in the process, that's why. Those who seek junior colleges are looking for either vocational instruction or a transitional home before enrolling in a major university. Amarillo College, which was built initially by Amarillo citi-

zens, has developed an outstanding reputation providing such services. There is no real need to change its structure.

Similarly, some might find it logical to bring WTSU and Texas Tech University, located 100 miles south in Lubbock, together, but that also wouldn't solve any problems. WTSU likely would become a strictly undergraduate institution when what it really needs are more doctoral programs. Such programs would attract more students to Canyon and a larger labor pool to the Panhandle.

Much good can come from the select committee on higher education, if the committee remembers that they have been commissioned to do more than just consolidate and abolish.

If you have questions about the new committee on higher education or any other issue, please write us at P.O. Box 12068, Austin, TX, 78711.

The world's most sensitive natural gas detection device.

If you have a nose, you have all the equipment you need to detect odorized natural gas leaks. Actually, gas is completely odorless in its natural state; the people at Southern Union Gas add the distinctive smell before it's distributed to customer's homes and businesses. That unique odor tells you when something isn't right - and that makes your nose the ideal device for alerting you to possible gas leaks.

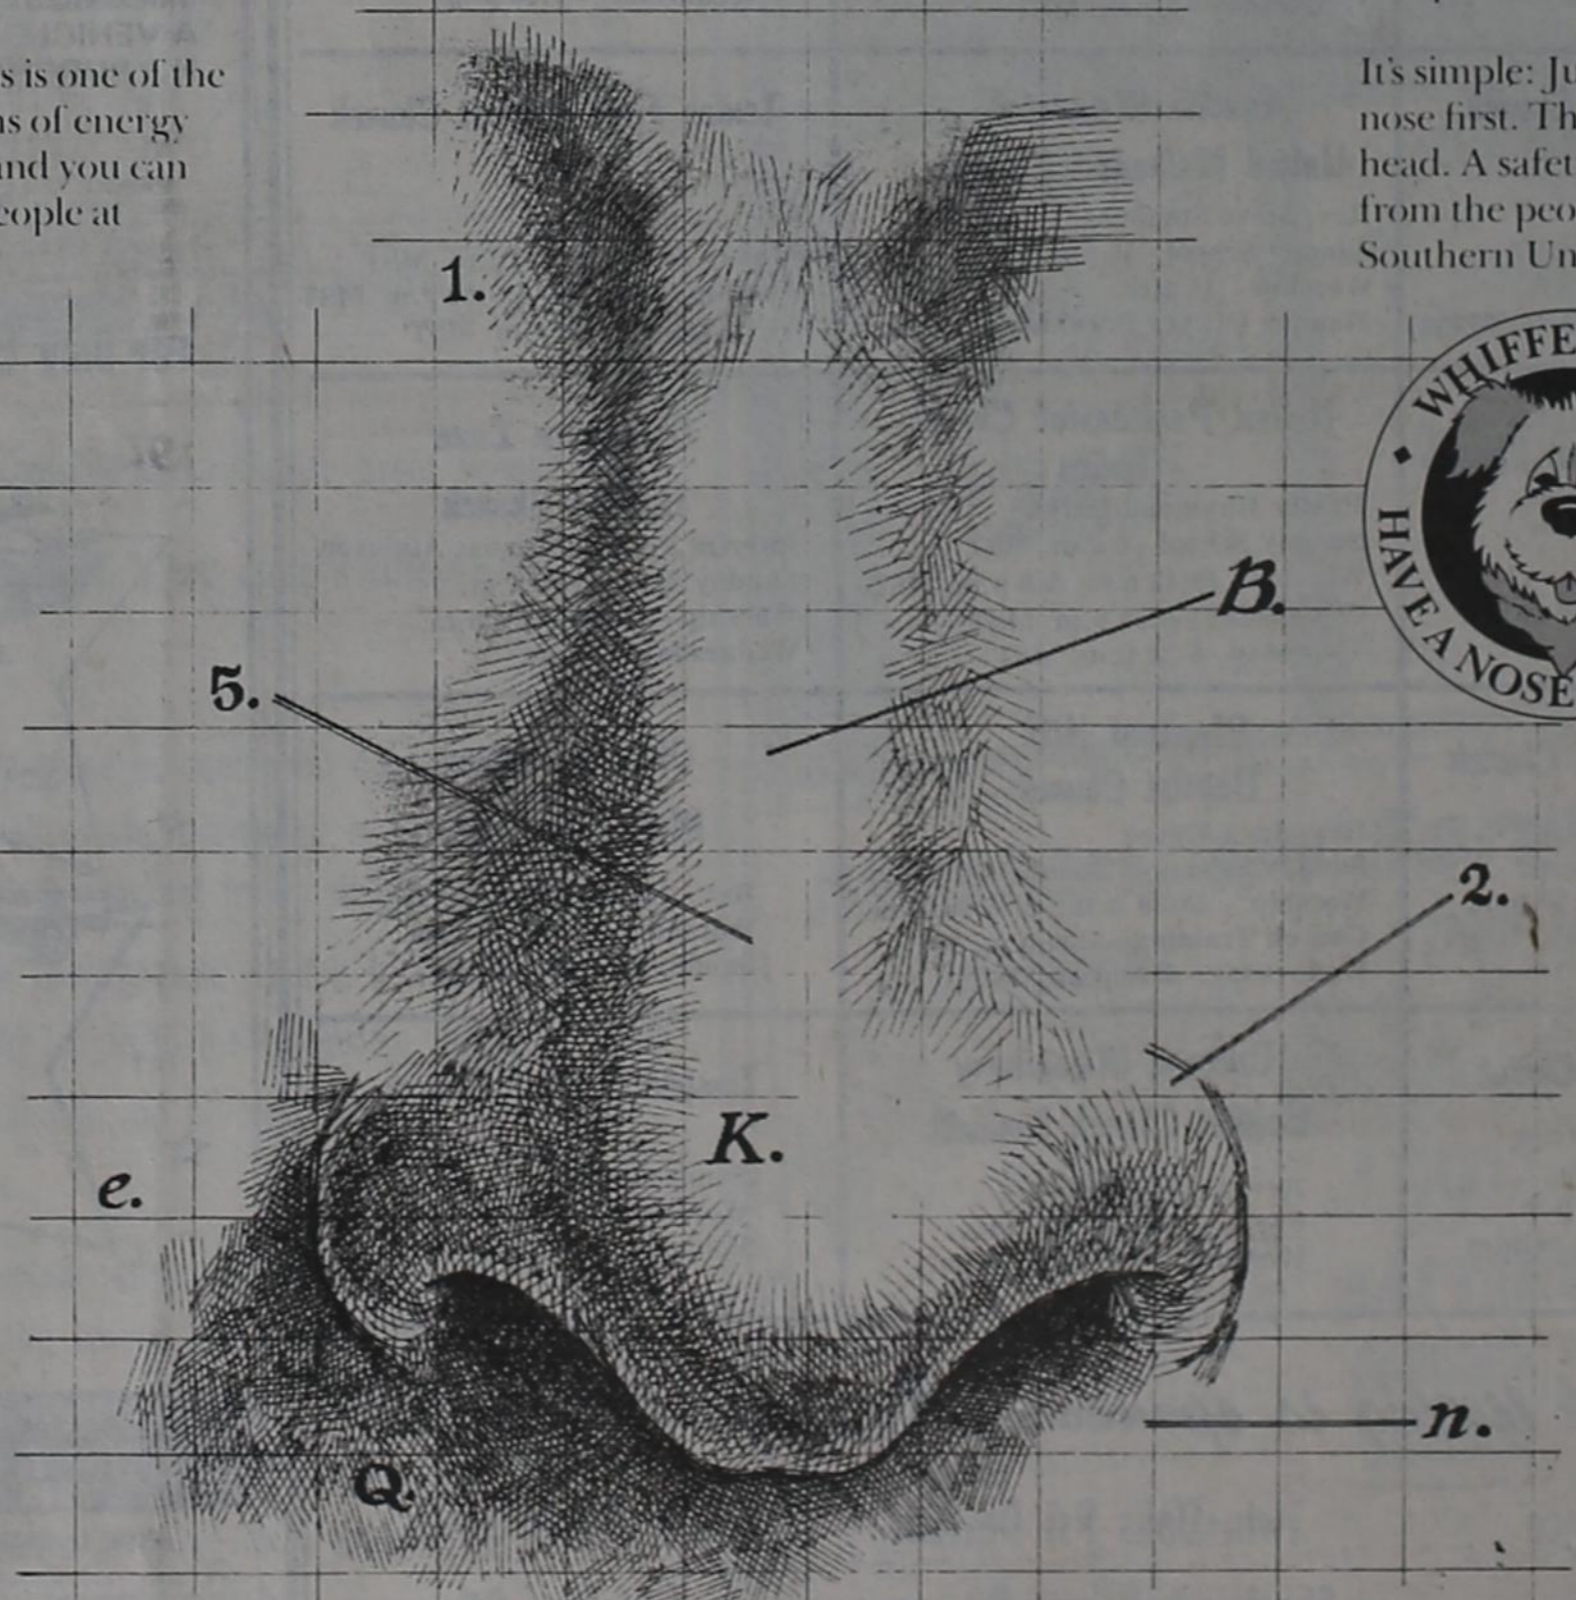

Southern Union Gas keep it that way by having a nose for safety. When you let us know you smell gas, you give us the opportunity to locate and stop the leak right away, helping us to avert any potential danger and to conserve natural gas energy.

Here are some simple, common sense steps to take if you ever smell gas:

- Don't use the phone, flip any electrical switches or strike a match. If there's natural gas in the air, a slight spark could have adverse effects.
- If the odor is faint or subtle, make a quick check of gas appliances. It may simply be that a pilot light was accidentally extinguished or a stove burner left partially open.
- If the odor is strong, open nearby doors or windows and turn off any open flames. Then leave.
- If you happen to smell gas outdoors, keep your distance from the area, don't smoke, and don't start up your car.
- Call Southern Union Gas from a neighbor's phone to report that you smell gas. We're available anytime day or night to check out natural gas leaks and stop them.

It's simple: Just use your nose first. Then use your head. A safety message from the people at Southern Union Gas.

Natural gas is one of the safest forms of energy available, and you can help the people at

Southern Union Gas

Farwell JV girls

The Farwell junior varsity girls basketball team includes, top row from left, Tonya Steel, Kelly Kelm, Amy Johnson, Michele Stover, Gina Ortiz and Kelly Brown; middle row from left, Kelly Foster, Kristy

Tredway, Kristi Stephens, Kelly Anderson and Hollie Salamone, and bottom row from left, Terri Hillock, Kristy Stephens, Dana Haseloff, Robbie Fly and Amanda Perales.

Blocks, meters available

The principal crop grown on the High Plains of Texas during the winter months is winter wheat. Winter wheat requires three to five inches of water in order to produce the roots, stems and leaves. Each additional inch of water normally will yield two to three bushels of wheat. Water is generally the limiting factor in wheat production on the High Plains. Although soil moisture conditions are adequate now, wheat will need additional water before spring to produce a maximum yield.

Area wheat producers may wish to monitor their soil moisture conditions during the winter and spring in order to determine how much water to apply to maximize their yields. With the installation of moisture monitoring blocks, the producer can avoid over-irrigation, which can result in unnecessary fuel and labor expenses.

Ken Carver, assistant manager of the High Plains Water District, said that weekly readings of soil moisture levels obtained from soil moisture gypsum blocks will aid producers in understanding plant root development, moisture extraction patterns, and the rate that moisture is drawn from the plant root zone for crop use.

Carver said that the best time to install the blocks is after the crop's emergence, and with the emergence of winter wheat crops, now is a perfect time to place the blocks into the soil to properly monitor the soil's moisture conditions.

Carver said that there are several advantages to monitoring soil moisture during the winter months.

During spells of warm weather in the winter, the crop uses more water. It is very important to know how much water is being used by the plants during each phase of its growth cycle. This information will help the producer determine when to replace moisture into the soil. He can also measure and determine the penetration of each precipitation event. The blocks not only will indicate to what depth the soil has been wet, but provides the producer with information to calculate how much moisture was actually stored in the soil as a result of a rainfall or snow event.

Additionally, another important aspect is monitoring winter soil moisture in fallow ground. By using the blocks, the producer can determine how much moisture is stored in the soil and at what depths. With this information, the producer can calculate how much moisture he needs to add in order to bring the soil to field capacity before planting the spring crop.

Because monitoring the soil moisture conditions is very advantageous in helping producers make irrigation management decisions, the Water District and the local Soil and Water Conservation Districts have obtained a limited supply of the soil moisture gypsum blocks and con-

ductance meters for the convenience of area farmers. To purchase the monitoring equipment, or obtain additional information, producers should contact their County Water District office or the local Soil and Water Conservation District office.

Farwell varsity girls

The Farwell varsity girls basketball team includes, top row from left, Cheryl Stanton, Lara Wolf, Ursula Dollar, Alma Nicolas and Sheryllyn Thigpen, and bottom row from left, Lynn Grubbs, Dana White, Gracie Ortega, Shonda Foster and Trena George.

Farwell JV

stops Bovina

Kelly Brown burned the nets Tuesday night with 10 points to lead Farwell's JV girls basketball team past Bovina, 28-19.

Kelly Anderson also hit for 10 points while Robbie Fly contributed 7 and Amanda Perales, 1.

"We played good defense and used ball control by our guards to break through their zone," said Coach George Langan.

Farwell wins a pair

Farwell's 7th grade girls basketball team defeated Bovina, 16-2. Amy Murrery led the charge with 10 points. Becky Barnes scored 7 points and Brandy Martin, 2.
"I'm pleased with the team and am looking forward to an exciting year," said Coach George Langan. Meanwhile, the 8th grade girls

came out with a full-court press and went on to beat Bovina, 10-5. Farwell was led by April Haseloff, 3 points; Kara Kamp, 3, and Cindy Jones, 4.
"We had trouble making easy layups and the score really didn't reflect how well we played," said Langan.

Quickels tour the British Isles

Dorothy and Dutch Quickel of Farwell spent Sept. 15 to Oct. 5 in a tour of the British Isles, including Ireland, Scotland and England. They were part of a tour of 40 persons from throughout the United States. They visited many well-known sites such as Stonehenge, Stratford on Avon (William Shakespeare's birthplace), Warrick Castle, Loch Ness and King Arthur's Castle. Shown here are some of the sites they enjoyed.

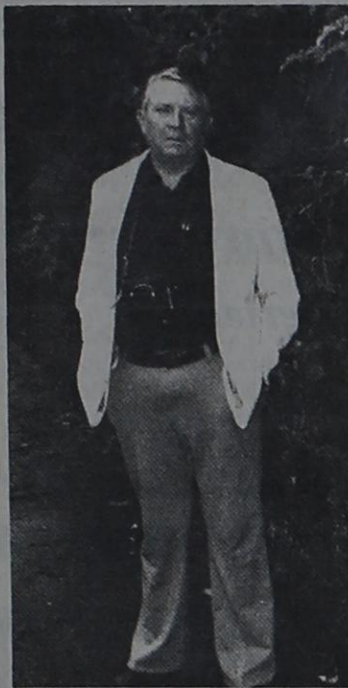

Elsie Windsor, left, chats with Dorothy Quickel, Elsie is the sister of Farwell's Gladys Kaltwasser and lives in Norfolk, near London.

Texico drops playoff game to Reserve

Texico's Wolverines lost their state semifinal Class A football contest last Friday at home to Reserve's Mountaineers, 20-0.

Texico finished the season with a 4-1 district record and 7-4 mark for the year.

Reserve was led by running back Gary Zuniga, who piled up 219 rushing yards on 25 carries.

It was a game marked by penalties and turnovers. Texico was penalized 11 times for 92 yards; Reserve 16 times for 148 yards. Texico lost three fumbles, Reserve one. And Reserve intercepted two Wolverine passes.

Although being blanked, Texico drove the ball well and was deep within Reserve territory twice.

After a scoreless first quarter, Reserve got on the scoreboard in the second period on a one-yard plunge by Zuniga. The point-after kick was blocked.

In the third period, Reserve's Jeff Fisher scored from the 3 yard line. The point-after run failed and the Mountaineers led 12-0. And in the

fourth period, Fisher scored again from the 1, with a point-after run successful, leaving the score at 20-0.

Individual statistics for Texico were:

Passing: John Thomas, 6 for 14 and 74 yards.

Receiving: Eric Harding, 2 for 29 yards; David Loera, 1 for 20; Kyle Snipes, 2 for 24, and Mark Meeks, 1 for 1.

Rushing: Mark Meeks, 16 carries for 89 yards; Larry Dudley, 10 for 31; and John Thomas 8 for 5.

"I thought our team played well during the season," said Coach David Lynn. "We played our best ball game against Reserve. We had a good season."

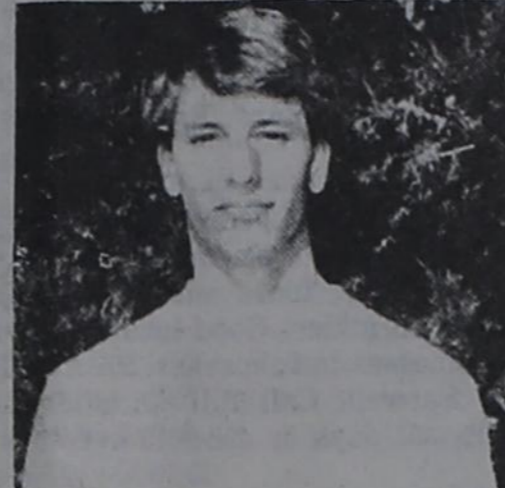

Passes intercepted by 0 2
Number of punts 2 1
Punting average 29 13

Fumbles recovered 1 3
Penalties 11 16
Yards penalized 92 148

Big Lick Award

The recipients of the Big Lick Award for this week are Kyle Snipes, left, and Eric Harding. Snipes plays on the offense. According to Coach David Lynn, "He

played real well last Friday against Reserve." Harding plays on the defense. "He had a good game and played well," said Lynn.

Texico Quarterback John Thomas swings around left against Reserve.

Texico defenders tackle a Reserve running back.

STATISTICS

	Texico	Reserve
First downs	16	20
Net yards rushing	115	238
Net yards passing	74	71
Total yards	189	309
Passes attempted	14	14
Passes completed	6	5

Spikers go to state

Texico's Lady Spikers took a step closer to the State title by winning regional here last weekend.

On Nov. 9, they beat Grady, 15-11, 15-12, 12-15 and 15-4.

"Grady came out fired up and played one of their better matches of the year. I felt like we could have played a little better in a couple of areas, but I always feel that way. We played well in certain areas. I felt like everyone had a good match in at least two areas or more," said Coach Michael Littlejohn.

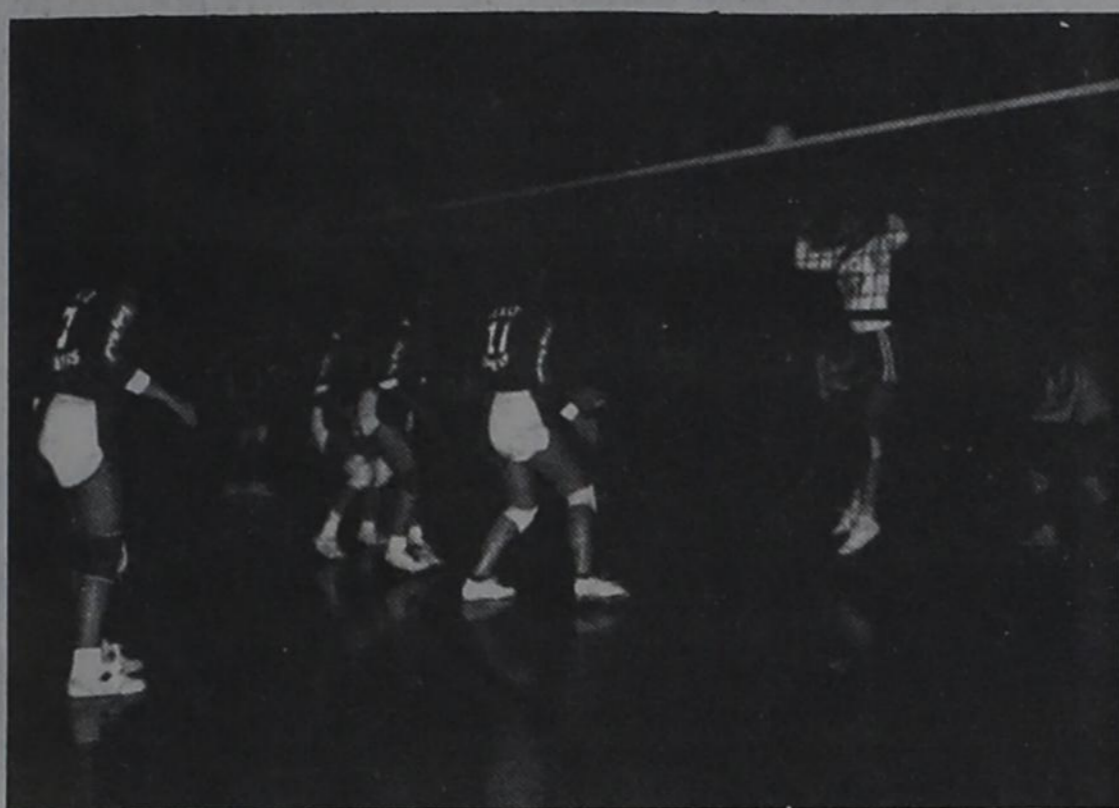

For the Lady Spikers, Kelly Lynn, had 7 aces, 16 kills, one save and two blocks; Loretta Gonzales, 5 aces, 2 saves and 36 assists; Coy Jo Burk, 6 aces, 5 kills, 4 saves and 1 block; Helen Jo Boarman, 6 aces, 14 kills, 2 saves, 1 assist and 3 blocks; Tracey McDonald, 1 ace and 1 kill; Twilla Longo, 2 aces, 5 kills, 1 save and 9 blocks; and Robin Pierce, 1 ace.

The Lady Spikers became Regional Champs by defeating Tatum Nov. 9, 16-14, 15-11 and 15-7.

"It was the fifth time this year that we have faced Tatum. In the previous matches we had split with them. It is always a tough match when we play Tatum. This was no exception. Both teams came out a little tight and made a few errors but things turned around real quickly with both teams playing very well as the match progressed. We seemed to put our game plan together a little better than Tatum and were able to pull off a three-game sweep. I am real pleased with the girls' effort over the last three or four weeks," said Littlejohn.

The Lady Spikers statistics: Lynn, 2 aces, 16 kills, 3 saves and 4 blocks; Gonzales, 4 aces, 5 saves and 20 assists; Burk, 9 aces, 3 kills, 4 saves and 1 block; Boarman, 4 aces and 1 save; McDonald, 3 aces and 1 save; Longo, 3 kills, 3 saves and 9 blocks, and Pierce, 1 ace.

"We will leave Thursday at about 8:45 a.m. for Albuquerque," said Littlejohn. "The first match vs. Clouderoft will be at Sandia High

Action during Texico-Tatum game.

School at 6:45 p.m.

The New Mexico State Volleyball Tourney will be held at Albuquerque Nov. 14-16.

The Nov. 14 first round games:

Region C champ, Catholic Academy of Farmington plays Cimmaron, Region A runnerup, at 5 p.m. (all times MST); and Region B Champ Texico plays Clouderoft, Region D runnerup, at 6:45 p.m. The

winners will play Nov. 15 at 6 p.m. at Albuquerque Academy.

The region A champ, Springer plays Questa Region C runnerup at 6:45 p.m.; Region D champ, Capitán plays Region B runnerup Tatum at 8:30 p.m. The two winners will play Nov. 15 at 7:45 p.m.

On Nov. 16, at 10:45 a.m., will be third place contest. Then the championship will be held at 12:30 p.m.

NOTICE TO BIDDERS

The Commissioners Court of Par-
 mer County will accept bids until
 10:00 A.M. on November 25, 1985 for
 the purchase of one new wheel
 loader backhoe for Precinct #1 to
 meet the following specifications:

Mechanical four wheel drive en-
 gaged on demand; 62 net fly wheel
 horsepower 4 cylinder wet sleeved
 engine manufactured by the same
 company as the tractor; closed
 center hydraulics with piston
 pump; inboard planetary final
 drives; inboard sealed wet disk
 brakes; 1.3 cu. yard loader bucket;
 backhoe digging depth of 14 ft. 5 in.
 with 36" bucket; cab with heater;
 minimum weight of 14,400 lbs.;
 loader bucket lift capacity mini-
 mum 5,300 lbs.; breakout force
 minimum 7,800 lbs.; loader bucket
 with return to dig feature; single
 dump cylinder on loader bucket;
 boom and swing lock control inside
 of cab; full instrumentation on side
 console visible from either op-
 erating position; one piece main-
 frame (including backhoe); single
 steering cylinder; industrial sized
 torque convertor with 4 speeds for-
 ward and 4 speeds reverse; 2 lever
 backhoe controls; side mounted
 differential; over all tire width 83".

Successful bidder must take in
 trade one John Deere backhoe and
 one Hough front end loader. These
 may be seen by contacting Ernest
 Anthony at (806) 247-3223.

The Commissioners Court of Par-
 mer County reserves the right to
 accept or reject any or all bids.

Bids must be mailed or brought to
 the County Judges office Box 506,
 Farwell, Tx. 79325 and received no
 later than 10:00 A.M. on November
 25, 1985.

By order of the Commissioners
 Court of Parmer County.

THE WEATHER CHANNEL

Cattle outlook improving

In the coming weeks, cattlemen
 may have another reason to feel a
 bit joyous other than the approach-
 ing holiday season.

Based on a variety of reports,
 cattle numbers are down and that
 trend should last into next year. The
 price recovery that began a few
 weeks ago should continue at least
 until the spring, says a Texas Agri-
 cultural Extension Service livestock
 marketing economist.

Dr. Ed Uvacek feels the latest
 cattle-on-feed report (covering 13
 states) gives another "shot in the
 arm" to the cattle industry. "The
 number of cattle on feed has de-
 clined steadily in recent months and
 finally appears to be having an
 impact on market prices," Uvacek
 says.

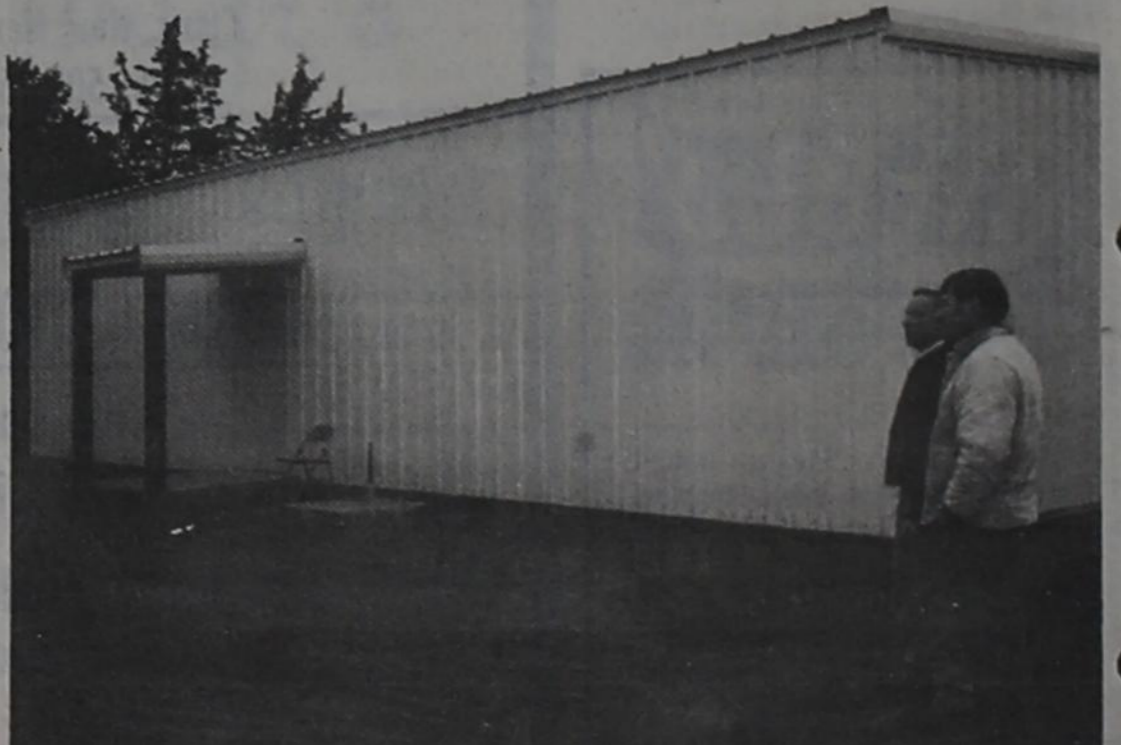

Oct. 1 figures show cattle and
 calves on feed down 12 percent, fed
 cattle marketings for July-Septem-
 ber up 5 percent, cattle and calves
 placed on feed during July-Septem-
 ber down 13 percent, other dis-
 appearance of animals during that

same period down 25 percent, and
 expected fed cattle marketings for
 October-December down 4 percent.

"These figures suggest that the
 oversupply problems of the beef
 industry caused by larger market-
 ings of overweight feedlot cattle are
 about over," Uvacek points out.
 "Even though slaughter weights are
 still running a little above a year
 ago, some feedlots are already
 selling some cattle that are not quite
 ready."

Uvacek feels that the reduction in
 feedlot placements during the July-
 September period is the best news
 for cattlemen. "This 13 percent re-
 duction should assure light supplies
 of fed beef for the last quarter of this
 year and continued lower market-
 ings through the first quarter of
 1986," says the economist.

All in all, the future is starting to
 look a little brighter for the beef
 industry, and it couldn't have come
 at a better time with the Christmas
 season approaching.

Meeting hall

The new meeting hall for the
 Farwell Volunteer Fire Department
 is taking shape. The outside work
 has been done and now the fire-
 fighters will be doing the inside

work themselves. Pictured looking
 at the work done so far are fire-
 fighter Lee Hutchins, right, and
 Fire Chief Joel White.

Commissioners back Jesko

The Parmer County Commis-
 sioners Friday cast their 1,026 votes
 for Larry Jesko, of Lazbuddie, as a
 director of the Parmer County Tax
 Appraisal District.

In other business, the commis-
 sioners:
 -Agreed to advertise for a back-
 hoe for Precinct 1.
 -Voted to buy a new typewriter
 for the adult probation department.

-Officially approved the election
 returns of Nov. 5.

-Agreed unanimously to pay a
 \$264 surgical bill for a county man.

-Agreed (with Tommie Williams
 opposed) to pay for medicine and a
 physician's office visit for a county
 woman.

-Paid the annual dues, of \$820, to
 the Texas Association of Counties.
