

Shortage of Wheat Storage Looms With Harvest Near

Fabricated Grain Bins Available to Farmers

Tom Adkins Is Missing

Tom Adkins, former local mechanic, is reported as "missing in action" by the War Department, it was learned here this week by his sister, Miss Myrtle Adkins, housekeeper at the Jess Newton home.

The information was relayed to Miss Adkins here through her father, who lives down state.

Adkins was well and favorably known in Texico-Farwell. For many years he worked here as an automobile mechanic, and more recently he had been in the employ of the Meadors Chevrolet Company of Clovis. While working here he was employed by Ray Gurley, former garage operator.

The information from the War Department merely stated that he was "missing in action". It could mean that he was either killed or taken prisoner by the Japs, relatives here pointed out. He was stationed on the Philippine Islands and was believed to have been on Batan Peninsula when the fortress was taken by the invading Japanese forces.

Tom is a brother of H. C. (Red) Adkins of this city, and Mrs. Will Hardage of the Lariat community.

Relatives here said the last letter received from him was written in November and received here about the first of the year. He is known to have been with a number of Clovis lads who composed a Coast Guard company.

No Concerted Move On Grasshoppers Yet

No concerted move has been launched in Parmer county to rid the fields of the grasshopper plague that threatens to destroy young crops, it appeared here early this week.

Farmers from all over the county are bringing in reports that literally millions of the young pests are found in the fence rows and along the turnrows—but all of them report that no steps are being taken to kill the 'hoppers.

Most farmers are taking the position that it would be useless for him to go to the trouble and expense of eliminating the grasshoppers unless his neighbor will do likewise, and since he does not know the attitude of his neighbors, he is doing nothing.

County Judge Lee Thompson today suggested that community meetings be held immediately, and some concerted program agreed upon. He said that the county stood ready to transport the poison bait here to kill the pests "when we know what the people want". He added that since the county is without the services of a county agent, there is no one in authority who could have a carload of poisoned bran shipped to this county to be used in the eradication program.

The more things a loafer should be doing, the happier he is loafing.

Announce Registrars For Fifth Call

The Parmer County Selective Service Board, in session here Friday, named the chief registrars who will be in charge of the fifth registration of the nation's men, to be held on Tuesday, June 30th.

It was agreed that only four registration booths would be opened in the county for the accommodation of the 18-19 year old group which will be required to register on that date.

Chief registrars were named as follows: Friona: Rev. Joe Wilson. Bovina: Aubrey Brock. Lazbuddy: Glenn Durn. Farwell: J. T. Carter.

In a telegram received here on Tuesday by Keltz Garrison, administrative officer of the Parmer county AAA, announcement was made that the Commodity Credit Corporation, to relieve the shortage of wheat storage space, was offering pre-fabricated wheat bins to farmers.

The wire stated that the Corporation was ready to purchase for resale to farmers 2,000 1592-bushel capacity, and 500 1843-bushel capacity pre-fabricated bins, at \$225 and \$270 respectively, delivered prepaid by rail to county points in carload lots of five each.

Garrison stated that since farmers of this area would be among the first to start harvesting, they are in a good position to grab the opportunity offered, and suggested that they contact him immediately placing their orders.

Naturally, it will be necessary to have five orders on hand before the first order can be sent to the Corporation can be sent, as the telegram specified that bins would be shipped in carload lots of five, and Garrison urged that "we move fast to get our share".

It was not known here whether or not terms would be available for payment, but the telegram indicates that such orders will be "cash on the barrelhead", the administrator noted.

Applications should be made immediately at the local office of the AAA.

Canning Sugar Cards At Bovina and Friona

Miss Irene Sachs, clerk at the Parmer County Rationing Board, this week announced that application for canning sugar may now be made at Friona and Bovina by the people living in those areas, eliminating the necessity of their coming to the office of the local board for application blanks.

Applications at Friona are being received at the residence of F. W. Reeve, and Bovina residents may apply at the C. F. Hastings home, she said.

Miss Sachs said that a number of applications for canning sugar had been held up recently for the reason that persons applying did not have all the necessary information regarding last year's canning. She stressed the importance of two questions that must be answered on the application blanks: (1) How much fruit was canned by the family unit in 1941, and (2) How much of the 1941 canning still remained on hand.

She also said that several home canners had reported the allowance of one pound of sugar for four quarts of fruit was proving insufficient. Emphasizing the importance of "stretching" the sugar allowance, she advised using just enough sugar to keep the products canned instead of using the usual amount to render the fruit ready for table use.

"Every housewife should remember that the ratio of one pound of sugar for each four quarts of fruit is all that they can expect under the rationing program," she added.

There are two sides to every question but like fly paper, one side may be sticky.

With Parmer county's wheat crop, the best in recent years, rapidly nearing the harvesting stage, local grain dealers were thrown into a state of confusion the first of the week by the announcement that storage facilities at the large grain terminals would not be available as had been expected.

It was made known some time ago that storage would be limited, but local grain dealers had been led to believe that on the first-come-first-served basis most of the wheat in this area could be accommodated. But it now develops that this information was in error, and no storage space will be available in Fort Worth, largest grain terminal in the South-west.

"Take No Wheat For Storage" Mansell Cranfill, manager of the Farwell Elevator, said that his Fort Worth office had advised him to "take no wheat that is intended for storage". Cranfill said that meant the only way he could receive wheat from the farmers was to buy it outright, explaining that it could be sold to millers.

On the other hand, another grain dealer, who declined to be quoted, expressed the opinion that the "no storage" cry was a frame-up on the part of the large grain dealers. It is this man's opinion that the large dealers are attempting to use this cry to force the farmer to sell his wheat at prevailing prices with the view of making a large profit represented in the difference between the market price and the loan value.

In the meantime, farmers over this section were bending every effort to erect storage facilities on their farms to take care of their crop. Building materials, which were formerly frozen by government order, have been released for use in providing grain storage, local lumber dealers report.

Harvest To Start While all this is going on, the wheat fields of Parmer and Curry counties are rapidly ripening, with predictions that some fields will be entered by the combines early next week. Harvesting operations are not expected to be in full swing for at least another two weeks, however, observers agree.

To add further to the wheat growers problems is the expected shortage of harvest hands and machinery in this area. Some optimism however, is expressed on this score by farmers who point out that a large portion of the wheat crop below the caprock has been destroyed by greenbugs, with the result that more hands and combines will likely pull into the fields of this county from the crop failure regions.

Goes To Santa Fe For Woman's Army Tests

Mrs. Florence Wallace departed on Tuesday for Santa Fe, where she will take the physical and mental examinations for acceptance in the new Woman's Army Auxiliary Corps.

According to information sent Mrs. Wallace, she will remain in Santa Fe for three days, but she was not told as to whether she would be sent to another point for induction or return home to await call, should she pass the required tests.

As far as is known here, Mrs. Wallace is the only woman in Parmer county who has made application for the new Army unit.

Restrictions on the operation of automobiles in the Canary Islands has created a demand for bicycles, the Department of Commerce says.

Auto Crash Is Fatal For Guy Kyker

No death in recent years has caused more genuine grief on the part of the local citizenship than that of Guy (Pete) Kyker, who was almost instantly killed last Wednesday night in an auto-truck collision two and one-half miles west of this city on the Texico-Clovis highway.

Kyker, the son of Mr. and Mrs. Bob Kyker, pioneer residents of this city, was traveling alone at the time of the accident, returning home from Clovis, where he had been attending a welding school class session. His car, according to witnesses, was being driven near the center of the pavement, when it sideswiped a large cattle truck approaching from the opposite direction. The projecting body of the large truck struck the Kyker machine, killing the driver and demolishing the auto.

Funeral services were conducted at the C. V. Steed Memorial chapel in Clovis Sunday afternoon by Minister L. C. Cox of the Church of Christ, assisted by Ebb Randol, and burial took place in the Clovis cemetery.

One of the largest crowds ever to attend a local funeral was present to pay respects to the young man who had grown to manhood in Texico-Farwell, and was held in high esteem by all who knew him.

Kyker was known to have suffered an impairment of vision in one eye during recent months, following an operation on the head some few years ago. The strain on his remaining good eye, caused by the flare of welding torches, is believed to have affected his vision to such an extent that momentary blindness led to the accident.

He is survived by his father and mother; three brothers, Robert Kyker of Carlsbad, N. M., Clifford Kyker, Los Angeles; Rex Kyker, Farwell; and three sisters, Mrs. Violet Thomas of Los Angeles; Mrs. Curtis Danner, Portland, Oregon; Mrs. Lee Bradshaw of this city. All members of the family were present for the funeral except Mrs. Thomas, who could not attend on account of illness.

Coach McDonald's Teams Win 27 Trophies for Texico School

13 Proved Not So Unlucky

John Engram, Texico pioneer farmer, says he has always contended that 13 was his lucky number. Last week he had further proof of that belief. While plowing in the field, his bill fold, containing an even 13 one-dollar bills, jostled from his hip pocket. Even though the bill fold and its contents were plowed under the sod, a week later it was returned to him.

His grandson, Benny Wade Wade, collected the \$1 reward.

Valuations Lowered On Three Properties

The Parmer County Commissioners Court, sitting as a Board of Equalization on Monday, granted slight reductions on the valuations of three properties in Parmer county, and denied reductions on a like number of applications.

The Santa Fe Railway made application for a hearing before the board, but failed to have a representative on hand to present its claim.

Other business to come before the Commissioners included the payment of current bills and the transfer of \$8,000 from the Road and Bridge Auto Fund to the Road and Bridge Fund.

The resignation of R. E. Maddux as constable of the Farwell precinct was accepted by the Court.

June Tire Quota Hiked Slightly For Harvest

Parmer county has been granted a slight hike in the truck tire and retread quota for the month of June as an emergency measure to help in the pending wheat harvest, it was revealed at the county Rationing Board office here today.

Since county quotas are not made public any more, it could not be revealed just what the increase amounted to. "But you can tell your readers one thing," an attache at the office said, "The increase will not amount to very much in the face of 214 applications we have on file in the office."

Of Interest to Farmers

By Keltz Garrison, Sec'y. Parmer County AAA

A number of farmers have been inquiring about volunteer wheat which they intend to harvest and about the number of bushels which would be stored on the farm. In order that there will be no misunderstanding concerning the harvesting of excess volunteer wheat, the following explanation is given:

The amount of excess volunteer wheat which must be stored in order to avoid the penalty will be the average yield of wheat on the entire farm, including all seeded wheat and volunteer wheat together. A farmer cannot take his average yield on the excess volunteer wheat alone; all wheat on the farm must be averaged. Regardless of whether the volunteer wheat makes less than the seeded wheat, it will be necessary to store an average from the entire farm or the five-year average yield, whichever is smaller. In no case will a man have to store more than his five-year average yield times his excess volunteer acreage regardless of how much he produces. If excess vol-

unteer wheat does not average as much as the average for all the wheat on the farm, naturally the producer would have to take wheat off his allotted acreage to store in order that he would have his average yield stored.

There are a number of farmers in the county who intend to destroy volunteer wheat down to their allotment and do not expect to harvest any wheat in excess of their allotment. In order for a person to be sure that they do not have over their allotment in cases of this nature, I would suggest that they contact this office in order that we could re-measure the destroyed volunteer wheat and issue an official acreage before wheat harvest in order for a farmer to destroy additional wheat in case he still has more than his allotment. To give an example: A farmer has a 100 acre allotment, he has 90 acres seeded, he has 25 acres of volunteer wheat and desires to destroy all but 10 acres of his volunteer (Continued on Back Page)

A record of victories in all branches of sport is pictured in the display of 27 trophies, above, all of which were contributed to the trophy case of the Texico school by boy and girl athletes under the direction of Coach A. D. McDonald.

McDonald recently tendered his resignation locally, after having spent six years as a faculty member and coach. He began his successful work with the grade basketball teams of the school, designated as the "juniors".

From that group of youngsters came the boys who—in all probability—contributed the most treasured award of all, when the 1939-40 basketball team took second in the district meet at Clovis and were entered in the state meet at Raton, the only time in the history of the school that representatives from Texico were eligible to a state basketball tournament.

Prior to their victory of 1940, the boys as juniors had carried off honors in the county and invitation mid-get meets for several years. The second year that the majority of the group took on senior play, McDonald advanced as senior coach, continuing this work until his resignation here.

Girls Have Good Record

The girls under McDonald have an excellent record, also, it is revealed, by noting that ten of the 27 trophies were won by the girls, in grade and senior softball, volleyball, track and basketball competition.

Taking public opinion as judge the most outstanding athlete ever turned out by McDonald was versatile Frank Thompson, now in the Army, who burned up the track in meets over this section, was a distinct aid to a basketball team, and came in handy in the weight division of track meets.

The trophy list above includes: Extreme front: First, senior boys relay, 1940.

First row, left to right: Second, senior girls basketball, 1941; First, grade girls volleyball, 1942; Second, junior boys basketball, 1939; First, junior girls track, 1937; First, junior boys track, 1937; Second, grade boys invitation basketball, 1941; Second, grade boys basketball, 1940.

Second row left to right: First, senior girls basketball, McAlister tourney, 1942; First, senior girls county volleyball, 1942; Second, senior girls basketball, 1936; First, grade boys track, 1941; Second, senior boys basketball, district, 1940; First, senior girls invitation volleyball, 1942; First, grade boys basketball, 1941; First, midget tournament, 1937.

Third row, left to right: First, senior girls softball, 1940; First, senior boys county track, 1940; First, senior boys district track, 1940; First, junior boys basketball, 1938; First, senior girls softball, 1939.

In extreme back, plaques: First, junior boys track, 1938; First, junior boys track, 1935; First, senior girls track, 1938.

One trophy not in the picture is the first-place award taken by the 1942 grade softball boys team at the county meet.

KAYS GRANDSON MISSING

Mr. and Mrs. W. P. Kays, of the Pleasant Hill community, received word Saturday that their grandson, Carmore Rogers of Wichita Falls, had gone down in action or been taken captive when Java fell to the Japanese. The local people had understood that young Rogers was safe in Australia before receiving the news.

News from Our Boys in Camp

STILL IN OKLAHOMA
Contrary to reports circulated here a week ago, Pvt. D. D. (Bud) Miffett formerly of this city, is still stationed at Will Rogers Field in Oklahoma City. He writes that he is company gunsmith and telephone instructor. Maffett was formerly signal maintainer on the local Santa Fe line.

SEALE TRANSFERRED TO MIDSHIPMAN RESERVE

Announcement was received this week that Frank Seale, after spending the past several weeks in naval training on the West Coast, has been accepted for enrollment in Class V-7 of the Navy, and is being transferred to Notre Dame to take a special course for the Midshipman Reserve. Seale left California on Friday of last week enroute to Indiana, and planned to leave the transfer train at Denver, to continue to Lubbock and Farwell, where he will visit relatives and friends. He will begin his new training on July 7th.

WHITE JOINS NAVY

Tulon White, former Farmer draft board clerk but now of Muleshoe, has been accepted as carpenter's mate in the Navy. White stated this week that he did not know when he would be called to duty, and during his wait is continuing his work at Muleshoe.

HOLMES IN COAST GUARD

C. D. Holmes, of Friona, was a visitor in Farwell Saturday and told friends that he had been accepted for duty in the Coast Guard, to leave soon for New Orleans, La. For the past several years, Holmes has been a member of the Friona faculty.

JOHN GRAHAM OPERATED

Pvt. John Graham, who is stationed at Brooks Field in San Antonio, underwent a successful operation for appendicitis on Friday of last week, his parents, Mr. and Mrs. B. N. Graham, were advised the first of this week.

CALLED TO KELLY

Bill Roberts of this city, who left last Wednesday for Dallas, writes his mother, Mrs. M. C. Roberts, that

As China Entered Lend-Lease Fold

Dr. T. V. Soong, foreign minister of China, is shown (left) with U. S. Secretary of State Cordell Hull at Washington as they signed the agreement that brings China into the master lend-lease setup. The agreement is the same as that which exists between the United States and Great Britain.

he has been called to report to Kelly Field on June 15 to begin his training for a cadet pilot.

Tom Caldwell, son of Mr. and Mrs. J. R. Caldwell of near Bovina, received his call to report to Kelly Field last week.

FOLKS TOO SLOW WITH MAIL

Mr. and Mrs. G. D. Anderson are in receipt of a cablegram from their son Lt. Gabe (Penny) Anderson, who is located in England, berating the family for not writing. According to Penny, England is a swell place, but he craves mail from home and fast.

MADE TECH SERGEANT

Information was received here this week that C. W. Bigham, son of Mr. and Mrs. W. W. Bigham of Farwell, had received his Tech. Sergeant rating, and has been transferred from a camp at Augusta, Georgia, to Fort Bragg, North Carolina.

PLEASANT HILL

The trustee election was held last Tuesday. Elected were Buck Ellison, Elmer Langford, Clarence Jones and Floyd Bocox and Mr. Winkles (retained). A board meeting will be held on Thursday night, to turn the business over to the new members. Forrest Bell arrived from Tech last Monday.

Mrs. Hopper, who has been on the sick list again, is some better.

The next Ladies Club meeting will be held with Mrs. Elmer Langford. It will be the final meeting until after harvest.

Mr. and Mrs. Fred Kays arrived Thursday to visit his parents, Mr. and Mrs. W. P. Kays.

Gordon Smith and three of the children have been confined to their home with mumps.

Mr. and Mrs. Anderson have moved from Clovis into this community.

Rev. R. A. Lang returned from the hospital, Saturday.

Miss Bernice McCormick visited in this community, Sunday.

Mr. and Mrs. Floyd Martin spent Sunday with Miles Thomas.

Horace Horton has been seriously ill, and was rushed to Amarillo last week for examination and treatment. He was returned home Sunday, being some relieved.

Elvis Bell returned from his defense job in Roswell, Sunday, with his mother, brother and wife, who had visited him over the weekend.

Miss Laveda McCormick and Betty Jo Hightower entertained three of the soldier boys who are stationed at Clovis, Sunday, in the Hightower home.

Plant Some Hot Weather Vegetables

COLLEGE STATION — Sharpen the hoe and plant some hot weather vegetables to come along after the spring garden has burned up or gone to seed, J. F. Rosborough, horticulturist of the A. & M. College Extension Service, advises home gardeners.

Summer leaf lettuce of the Grand Rapids variety will produce young, tender leaves in three or four weeks, he says. Other vegetables which should be planted at this time for a late crop of the best quality are tendergreen mustard and squash. If a larger assortment of summer time eating is desired, plant butter beans, okra, green pepper, eggplant, cream peas and cantaloupes along with them.

If certain spring plantings are not to be repeated, use those spaces for planting hot weather vegetables. For example, English peas may be followed with cream peas, and after white potatoes are dug, use that ground for cream peas also while the soil is well worked up. If plants of green pepper and eggplant are available, use them and thereby hasten production three or four weeks.

Cantaloup for breakfast, the horticulturist says, has the same place in the diet as tomatoes or oranges, or other fruit juices. The Perfecto variety, which has a tender, highly flavored, salmon colored flesh, is recommended.

Rosborough reminds that it is good garden practice to give plants which grow into the summer months an extra meal of plant food. For tomato plants apply about a half teacup fertilizer, like 6-12-6, in a circle 12 or 18 inches away from the plant and mix into the soil about six inches with a hoe.

Watering the more tender vegetables such as lettuce, mustard, etc., during hot weather will hasten their growth and improve quality.

PENTECOSTAL REVIVAL

A great deal of interest is being shown in the revival that began in the Texico Pentecostal Church last Friday night. Bro. Joseph Moore, young evangelist from El Paso, is in charge, reports Mrs. E. R. Stewart, pastor. The young singers and helpers are also doing their part, she adds. Mrs. Stewart urges everyone to come and enjoy the meeting. Services begin at 9:30 p. m.

GIVES TO RED CROSS

The local chapter of the American Red Cross this week acknowledged an unsolicited gift of \$10 from F. T. Schlenker, of the Rhea community.

CUSTOMER: Both these cars appeal to me, but...

SALESMAN: You won't find a better second-hand car anywhere than either of these. Wonderful buys!

CUSTOMER: If I only knew how the engines had been treated... what oil the ex-owners used.

SALESMAN: This one, I don't know. But this red job I happen to know had nothing but Conoco Nth motor oil from its first mile!

CUSTOMER: Well, why didn't you say so! Conoco Nth! I'll take the red job, of course! First of all, whoever owned that car knew what was best for a car when they used Conoco Nth. With Conoco Nth in the crankcase, I'm sure the cylinders and moving parts were protected by OIL-PLATING—lubricant that doesn't all drain down at every chance, but stays on the job.

SALESMAN: Well, that'd sell me the red one.

CUSTOMER: Why, man, Conoco Nth can help keep an engine so clean of sludge and carbon that it easily ought to mean good long life. I'm going to cash in on this car's value—and keep on using Conoco Nth.

You can cash in, too. Cash in by getting all the engine life and good oil mileage that are winning sensational sales success for Conoco Nth oil. See Your Conoco Mileage Merchant today! Continental Oil Company

FOR THE DURATION of your car

Don't depend on spasmodic and hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will check and properly inflate your tires, check oil, radiator, and battery. I will look for and report anything beyond this that appears to need attention. I will keep a careful record of greasing and oil change and remind you whenever these services are needed. I'm here to help you get the maximum service and life from your car at the least possible cost and trouble to you.

SUGAR FOR WAR-TIME HOME FOOD CANNING

COLLEGE STATION—Homemakers canning fruit this year will save themselves time and trouble if they do some advance preparation before applying to their local rationing board for certificates.

"Be prepared to answer these three questions when you go," advised Winifred Jones, specialist in food preservation for the A. & M. Extension Service: How many quarts of fruit did you can last year? How many quarts of fruit do you plan to can this year? How many quarts of last year's fruit do you still have on hand? Another word of advice is: "Keep a record of the fruit you can with your rationed sugar because your rationing board will ask for it when you apply for more sugar."

Answering these questions will be

relatively simple for the thousands of rural homemakers who have kept records and filled food preservation budgets as recommended by county home demonstration agents of the Extension Service.

Rural homemakers may stretch their sugar allowances by using thinner syrups for canning fruits and fruit juices and by using corn syrup or honey as substitutes in canning recipes, Miss Jones says. Information on these methods can be obtained from county home demonstration agents. She warns that saccharine, a coal tar product with an extremely sweet taste, cannot be used in canning because it becomes bitter when heated.

Here is the specialist's summary of the rationing regulations as they apply to sugar for canning:

"You will get one pound of sugar for every four quarts of finished

fruit you are putting up, and you may can as much fruit as your family needs. You may have an additional pound of sugar for each person in your family to make a small supply of jams, jellies, and fruit butters."

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending June 6, 1942, were 22,359 compared with 22,313 for the same week in 1941. Received from connections were 10,231 compared with 7,219 for the same week in 1941. The total cars moved were 32,590 compared with 29,532 for the same week in 1941. The Santa Fe handled a total of 32,208 cars during the preceding week of this year.

The Floating Gardens of Xochimilco are located in Mexico.

GAS APPLIANCE

Government Restrictions Relaxed

The War Production Board has relaxed restrictions on sales of GAS APPLIANCES, including the following:

- ★ YOU MAY PURCHASE NEW GAS APPLIANCES . . . if you do not already have those particular kinds of appliances in your possession.
- ★ ORDERS PLACED FOR GAS APPLIANCES PRIOR TO APRIL 17, 1942 . . . may now be filled. In other words, if you ordered a Gas-Fired Water Heater prior to April 17, 1942, but your order was never filled, you may now get IMMEDIATE delivery.
- ★ SECONDHAND GAS APPLIANCES . . . may be purchased without restrictions.

It has always been our policy to help our customers make the best and most economical use of their GAS SERVICE and we plan to continue this policy to the fullest extent possible. Latest model Gas Appliances are in our warehouse NOW ready for delivery to customers who qualify under the above classifications.

We invite you to consult our office for information about your Gas Appliance Problems. We'll help in every way we can.

All Kinds of PRINTING

DONE BY EXPERTS AT LOW PRICES

GOOD PRINTING is an essential to most business men and to many private individuals. The State Line Tribune, equipped with modern printing machinery manned by experienced printers, is in a position to offer good printing at unusually low prices. You'll find printing done to the most exacting standards when it's done in our job department . . . and you'll find also that it's done economically!

State Line Tribune

Health Notes

By Texas Department of Health

AUSTIN—Some timely advice to vacationists concerning the proper precautions to be used in water sports was revealed from the State Health Department today by Dr. Geo. W. Cox, State Health Officer. It was pointed out that, in view

of wartime restrictions, vacation pleasures are apt to be limited to excursions and picnics at nearby lakes, rivers and ponds of unfamiliar depths and currents, and without the usual lifeguard supervision associated with bathing beaches and commercial swimming pools.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted; "nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

The State Health Officer outlined the following simple rules for bathing and swimming in safety:

1. At least one hour should elapse after a meal before entering the water.
2. Upon the first indication of fatigue, come ashore and call it a day. Don't re-enter the water.
3. If becoming chilled, leave the water immediately.
4. Do not enter the water when overheated.
5. Learn to float. This is most im-

portant.

6. Never attempt to rock a boat in a spirit of fun.

7. Never swim in water that may be polluted. Swimming close to or even a few miles below sewage outlets is inviting the possibility of acquiring disease.

Excursions, picnics and swimming parties contribute much to a healthy, happy, normal life, which is especially desirable at this particular time when the whole nation is tense and under a strain," Dr. Cox said. "It is by no means advisable to eliminate

these excursions from our summer program, but it is important that they prove beneficial and not disastrous."

Outside Help

Thought of the month: Old Southern darkey soliloquizing: "When ah asks de Lawd to send me a chicken, ah hardly evah gets a chicken. But when ah asks de Lawd to send me after a chicken, ah always gets me a chicken."—Santa Fe Magazine.

UNCLE SAM ISN'T THE OAF YOU MIGHT THINK

By Samuel Grafton
(In the Philadelphia Record)
POPULAR FALLACIES: (1) That there is something very, very funny about the American policy of paying farmers not to produce, while urging them to produce more and more and more!

This is always good for a loud laugh from a commentator in a hurry to get his work done and go home. If everything else fails, he drags out the one about our amusing government, which gives lots of money to farmers not to grow things, while at the same time it spends lots more money buying food, to encourage farmers to grow more. The government of the United States has replaced Simple Simon in our folk-lore, and has become the creature about whose winning stupidity and amiable dumbness we love to tell tall stories.

Now, actually, except for a few administrative lapses, our government does not pay farmers not to produce the same things which it urges them to produce more of. It pays them not to produce wheat, because we have so much wheat we actually can't find room to store it. It is being jammed, in some rural sections, into empty houses and old schools; every grain elevator is overflowing. We have as much surplus wheat in sight (625,000,000 bushels) as we normally consume in an entire year. What's funny about not wanting more wheat? I have thought it over and can't get a giggle out of it.

We encourage farmers to raise more meat and dairy products, and certain vegetables. These are not wheat. But to most commentators (mostly city clickers) all farm products are the same and we, ha ha, pay farmers not to produce, while, help, I'm busting, we ask them to produce more.

POPULAR FALLACIES: (2) That England is sitting tight, receiving huge supplies of United States munitions, and contributing little to the war:

This is becoming part of our folk-lore, to, and is used to produce another quota of sour chuckles. I would like to hit those people who peddle this story on the head with the fact that England exported 978 airplanes last year to fighting fronts, while importing (mostly from us) only 2134 airplanes. According to a Wall Street Journal compilation, she shipped 15 tanks for each tank she imported, and made good on all her promises of aid to Russia, which is rather more than we did. Just as the legend of an amiable booby in Washington suits the purposes of some, so the legend of a selfish oaf in London suits the purposes of others.

POPULAR FALLACIES: (3) That the cost of the war program must rise as wages rise; that every \$1.35 spent in overtime pay, for example, means at flat \$1.35 increase in the government's cost of fighting this war.

This notion conceives of American industry as a great big cobbler's shop, in which all work is done by hand, and the more hours, the more work; the more pay per hour, the higher cost of shoes. Simple, see? Like running a restaurant, see; if you pay the waitresses more, diners cost more.

Only, see, it isn't completely true. It's true in part only. North American Aviation, Inc., paying time and one-half for overtime above 40 hours, has cut the cost of airplanes one-third in a year and has voluntarily returned \$14,000,000 in unexpected profits to the government. And this is exactly what American industry has been blowing its bugle about for many years: "We pay high wages. We cut costs by efficiency, scientific planning and capacity operation. Thus our workers make good livings and our customers receive bargains. That's us. Wheeeeeee!"

Wheee, indeed. Only to a few doleful souls, who conceive of American industry as a simple extension of the barber shop in which they learned their economics, this whole magnificent process of technological improvement and economy (often inspired by high wages) breaks down the moment we get into war and business is at least sure of capacity operation.

An argument might even be made that if France had stuck to the 40-hour week (she didn't) she might have forced her industry to go to three shifts and become efficient enough to beat the Germans. And what fun, to be alive these days, and watch mushy minds tangling with hard facts and being so satisfactorily run over by them.

France, once a great world power, was brought to her knees with lightning quickness by a Nazi war machine that was years in the making. France's lack of preparedness as well as Germany's readiness, caused her downfall.

France, re-assured by what she thought was a bulwark of defense . . . (the Maginot Line) . . . was lulled into complacency, thinking that "IT CANNOT HAPPEN HERE!"

France, once proud, today is humbled. Her people are suffering untold misery because she was whipped by a ruthless dictator. The people of France were asleep! They did not do their part to preserve their nation.

France's sad plight should awaken every liberty-loving American to the dangers that now threaten our nation. No one believes that the Axis powers can whip us . . . that IT CAN HAPPEN HERE, and rightly so, if we all do our part

You have a clear-cut duty as an American citizen. Uncle Sam needs everything to amass huge stocks of supplies of every kind for use in the fight against those whose aim is to destroy our nation and enslave us.

How can you help? The answer to that is clear-cut! . . . by working harder at your job, whatever it is, to produce more . . . to increase the collective total of our national production. It is also your duty to buy War Bonds and Stamps . . . all you can as soon as you can!

Remember, that it is patriotic to carry on as normally as possible, considering that we are at war. Remember, that those who serve you—your retail and wholesale merchants, your service institutions and your professional men—are doing all they can to accommodate you the best they can. If, in some instances, they are unable to help you with the same completeness and thoroughness as before the war, bear with them with cheerful understanding, knowing that they are doing their level best. Keep in mind "It Can't Happen Here" if we all do our part.

Work hard for Uncle Sam today that you will be free to work for yourself tomorrow

Local Happenings

Post-Nuptial Shower Given On Thursday

A post-nuptial shower complimenting Mrs. Walter C. Baldock Jr., of Portales, the former Miss Dorothy Dixon of Texico, was given in the home of Mrs. Jack White the past Thursday afternoon from 4 to 6, with Mrs. Leroy Hutton of Portales, and Miss Mary Margaret Martin of Texico as hostesses.

A beautiful tea table was laid for serving, featuring a centerpiece of lilies floating in a low bowl which was surrounded by sprays of greenery. Bouquets of roses were also used for decoration, and Miss Doris Doolittle presided over the table.

Signing the guest book were Mrs. Lenna Williams and Mrs. Juanita Roberts, both of Clovis; Mesdames Mattie Purselley, Alma Boss, P. M. Owens, W. C. Baldock Sr., Wesley Engram, W. W. Engram, J. R. Hadley Sr., E. R. Boddy, J. M. Riley, T. J. Randol, Ebb Randol, Leora Osborne, J. P. Macon, E. G. Blair, Sam Randol, Leon Cantrell, Rupert H. Paul, and Jack White.

Misses Lila Boss, Pearl Martin, Doris Doolittle, Frieda Martin, Wanda Boss, Dorothy Paul, Opal Baldock, Vivian Hadley, Helen Blair, Tommie Randol; the honoree, Mrs. W. C. Baldock Jr., and the hostesses, Mrs. Leroy Hutton and Miss Mary Margaret Martin.

Regrets were received from Mesdames Paul Huber, J. Frank Potts, Ralph Humble, Doris Bilbrey, Russel Johnson, Carl Davis, J. R. Hadley Jr., J. E. Bigham, W. B. Hill, Anne H. Overstreet, R. A. Boddy, Paul Roberts, Roger Grissom, W. E. Martin, David Harrison, Helen Bowers, W. F. Martin, Virgie Harding, Jess Lewis, H. Arnold, L. A. McCasland and F. A. McCasland.

Misses Geraldine Thomas, Wanda Huber, Twila Strickland, Madeline Randol, Flodel Harris and Alice Poole.

Rex Kyker returned to summer school at Abilene Christian College on Tuesday, after a few days' visit in the family home.

Vacation School Will Have Program, 12th

Demonstrating the work done during a vacation Bible school, a program by members of the school now being held by the local Baptists will be given in the church auditorium, Friday evening of this week at 8:45.

Exhibitions of the various hand-craft articles made by the children in attendance will be one feature of the evening, with a general program also planned, Rev. W. C. Wright, pastor and superintendent of the school, said today.

Since a number of young children will participate, the program is being held a little earlier than customary, officials pointed out, and asked that local people cooperate by arriving on time.

Beginning on Monday of last week the school has enjoyed an average daily attendance of over seventy, the superintendent stated, and all children have been enthusiastic in classes arranged for them.

Children of the school along with their sponsors, will hold a picnic at the park in Farwell Thursday noon.

Family Reunion Held In Hamilton Home

Mr. and Mrs. Monte Hamilton, of near Texico, entertained members of his family the past Tuesday and Wednesday, when a family reunion was held in their home.

Here for the occasion were Rev. Chester Hamilton and family, of Snyder, Okla.; Rev. Foster Hamilton and family, of San Jon, N. M.; Mrs. George Smith and daughters, of Hereford; Mrs. Guy Hamilton, of Albuquerque; Mrs. Grace Bullock, of North Avondale, Colorado; Mrs. Allen Johnson, of Houston; Corp. E. J. Hamilton, of Ft. Leonard Wood, Mo.; Miss Stella Hamilton, of Fort Sumner; and the father and mother, Mr. and Mrs. S. D. Hamilton of Fort Sumner.

Only one member of the family was not able to attend, Guy Hamilton, who is in Arabia.

Joint Shower Held In Chas. Summers Home

A group of relatives entertained Mrs. Oscar Hubbell and Mrs. Clifford McGuire with a stork shower at the home of Mrs. Chas. Summers, Friday afternoon.

The house was beautifully decorated with pink and white spring flowers. Gifts were arranged on a table, guarded by a large imitation stork. The color scheme was carried out in the refreshment plates.

Those present were: Mesdames Ray Hubbell, H. H. Henson, R. L. Henson, Alice Morris, E. W. McGuire, J. T. Hanna, Altz Roberson, Billy Billingsley, Clifford McGuire and children, Oscar Hubbell and children, Milton Henson and children, Bill Hanna and daughter, Chas. Summers and children; Misses Sue and Glenna Roberson.

To Special Course

Miss Elsie Cunningham, county home demonstration agent, and Mrs. Edna P. Elms, home supervisor of the local Farm Security Administration, are attending a three-day "refresher course" for agents, which opened in Portales on Monday.

On Short Trip

Mrs. William Kube left Thursday afternoon for Copperas Cove, Texas, to visit her son, Walter, and wife, the latter being confined in a hospital at Temple, Texas. Mrs. Kube plans to return home some time this week.

Jack Wallace took Mrs. Wallace and baby son to Pampa, Thursday, where they will spend several days visiting relatives and friends.

M. C. Denins, of Friona, was a Farwell business visitor on Monday morning.

Creole Beef and Potato Puff

by Dorothy Greig

GRANNIE used to dote on serving dishes that had fragrance and aroma. "There's nothing like a good savory whiff to arouse appetite," she'd say. I thought of that the other evening as I carried this Creole Beef to the dining table. For the aroma its hot depths gave forth told of the goodness of rich gravy and onion, of well cooked meat, of tomato and feather-light potatoes!

2 tablespoons butter
1 medium size onion, chopped
1 pound beef, ground
1 can condensed tomato soup
1/2 cup condensed consommé
1/2 teaspoon salt
1/4 teaspoon pepper

Cook the onions in butter until soft, then add the ground beef and

brown. To this add the tomato soup, consommé and seasoning. Cook together 5 minutes to blend flavor, and while mixture is still hot pour into a casserole, then cover with Potato Puff and bake in a hot oven, 425° for 20-30 minutes, until potatoes are puffed and browned.

Potato Puff: Cook 6 medium-size peeled potatoes in boiling salted water, drain and shake over dry heat. Then mash and beat well. Add 1/2 cup hot milk, 1 teaspoon salt, pinch of pepper, 1 tablespoon butter and 2 egg yolks and continue beating until thoroughly mixed. Fold in the 2 beaten egg whites, drop by spoonfuls on top of meat mixture.

To Convention

Mrs. James V. Rogers, assistant cashier at the Security State Bank, was in Amarillo last Wednesday and Thursday, attending the bankers' convention.

Picnic Held Thursday

A large number of Farwell home-making girls enjoyed a treasure hunt following their regular meeting last Thursday afternoon, which was climaxed with a picnic at the park in Farwell.

Mansell Cranfill and JeDon Porter, returned home Sunday night from a trip to San Diego, where they visited with Carl Bullock, stationed at an Army post there.

Chas. Dotson, who is employed on a bomber base at Alamogordo, N. M., was here visiting home folks over the weekend.

J. D. Peters, formerly of this city and who is now engaged in the lumber business at Dora, N. M., was a visitor here Monday.

Mr. and Mrs. Troy Scarbrough announce the birth of a baby boy on Friday of last week. Mrs. Scarbrough is the former Dorothy Peters, who is well known here.

Dick Hunter, local Texaco agent, has returned home from a trip to Hot Springs, N. M., where he spent two weeks taking the baths.

E. M. Deaton made a business trip to Fort Sumner, Monday, using train, bus and hitch-hiking as his mode of transportation.

Mrs. V. Scott Johnson and daughter, Marcia Anne, and Mrs. W. H. Graham and daughter, Sammy, attended to business in Amarillo and visited in Hereford, Saturday.

Jimmie Rogers and W. H. Graham and son enjoyed a fishing trip to Alamogordo Lake, near Fort Sumner, over the weekend.

Miss Irene Sachs spent the weekend with relatives in the Rhea community.

Miss Ruth Ayres, of Bovina, was a weekend guest of Mrs. W. A. Kessie.

Mrs. R. A. Hawkins, of Childress, former Farwell resident, visited the early part of the week with friends here. On Monday her daughter, Mrs. Otis Thomas and daughter, Sandra, of Clovis, also spent the day here.

Mr. and Mrs. Clifford Kyker will leave this weekend for their home in California, after spending several days with relatives and friends, being called by the death of his brother, Guy.

Mrs. W. W. Hall was called to Amarillo the first of the week to be with her grandson, Sonny Ott, son of Mr. and Mrs. R. H. Ott, who underwent an operation for a leg infection.

Mr. and Mrs. Arthur Wade of Carlsbad, and Mr. and Mrs. G. O. Jennings of Muleshoe, visited at the John Engram home, southwest of town, on Sunday.

Mr. and Mrs. Carl McGuire and daughter, Miss Adabud, returned home Monday from Eldorado, Okla., where they spent the weekend visiting relatives.

Tid-Bits »

You can bet your life that Irene Sachs is keeping up with sugar coupon dates now. Irene fiddled around and forgot to redeem her first coupon, and if that wasn't embarrassing enough, friends pointed out that she is clerk of the local Ration Board.

There was only one thing that Lola Hodges was sure of this week, that her husband troubles would be over by next Monday, when better-half Bud leaves for Army inaction.

Considerable speculation was going around this week about the young woman who didn't appear at the Wesleyan Guild meeting last week, and to make it noticeable, forgot to unlock the church so that the other members could get in.

Dot Shaw was jumping with glee this week. Her Army love, stationed at Camp Wolters, was due to be transferred to Maryland, but at the last minute was retained as instructor at the Texas post, adding up to a swell surprise for all concerned.

Customers at the Red Cross Pharmacy the first of the week were going into ecstasies over the beautiful bouquet of double dephinium—nearly three feet tall—which were grown in the yard of Mrs. B. O. Paville. The flowers were in three colors, pink, white and blue, with the white ones being the largest clusters ever seen around here.

Helen Fine carried off honors at a bridal linen shower last week, with her gift of an apron, done in patriotic colors and bearing the honoree's monogram. The pattern is not too complicated for amateurs, and might serve as a good beginning for future Red Cross work.

Rex Kyker has always been willing to admit that he was a little "more than plump", but imagine his embarrassment last week when entering a crowded bus he was forced to take one of the "jump seats" in the narrow aisle—and couldn't get down far enough between the chairs on each side of the aisle to reach the seat.

Bess Henneman has been undergoing considerable kidding about the mode of transportation she is employing to get to her business class in Clovis each night. A local lady dropped in a store Tuesday evening and asked for Bess, to which the bossman replied, "Oh, she hitchhiked her way out of here over an hour ago."

According to Lee McElroy, the Army is "plenty hot"—and with his location, that is understandable. McElroy is stationed at Camp Shelby, Miss.

Bill Hall. The Mrs. has been gone for several days, and W. W. was doing fine 'til Tuesday when a series of calamities befell his dinner preparation. First off, he spilled tea and had to start over. Then a dish in which he was "warming beans" near an open flame cracked, and finally, he grabbed up another dish from the stove, burned his fingers and dashed both dish and contents to the floor. In all probability, he is due for more grief when the lady of the house returns.

Insisting that it was accidental when she bopped a stout oxford against sister Kathryn Danner's silk-clad shin, Evelyn Bradshaw was apologizing profusely, but became even more excited when she discovered that it was her own pair of stockings she had nearly ruined.

Old Maids Convention To Be Held June 26th

The first annual meeting of the "Old Maids Convention", at which time members will take up ways and means of discovering susceptible men who may be snared for husbands will be held at the Farwell school building on Friday evening, June 26th.

Invited as guest for the evening will be the renowned Professor Pinkerton, discoverer of the Y-ray and Z-ray, which when combined with Elixir No. 1 and No. 2 will turn the homeliest woman into the type beauty she desires, it was revealed.

Mrs. Marty Ezell, who is directing members of the Wesleyan Guild in the side-splitting play, states that the cast will be complete by next week and will be announced in The Tribune.

Demonstration Club Notes

By Special Staff Reporters

Lakeview Club

Club met May 25 at 2 p. m. with Mrs. Russell O'Brian for a demonstration by the agent on foot care and selection of comfortable shoes, Miss Cunningham giving four commandments on care of feet; posture, standing, keeping straight, toes turned out and a good fit in comfortable shoes. She said 90 percent of our people have foot trouble, and illustrated the foot as a machine with muscles, ligaments, etc., working in unison normally. Rest the feet by sitting awhile every few hours, bathe the feet, changing hose and shoes, which is very restful to tired and aching feet. She stressed the importance of having well fitted shoes, taking care to fit the arch of the foot and having hose and shoes long enough. She ended her talk by giving exercises for foot health.

There were 12 members present. Our next meeting will be June 23, at the home of Mrs. C. A. Guinn. Visitors are always welcome and you are invited to join our club.

Selectees To Leave Here Monday on Call

Draft Board officials today announced the names of those who would make up the list of the call for June 15, to report to the Army induction station at Lubbock.

Those listed to go on that date are Wm. Clinton Hastings, Hilton (Pat) Terry, Herman Malachi (Bill) Moss, Hugh L. (Buster) Crume, Car Hadley, Wm. Thomas Fleming, Christo Charley Hughes, John Roland Silvertooth, Troy Alton Page, Edwin Franklin Williams, Jesse Wayne (Bud) Hodges, Nicolas Martinez, Robert Alton Farr and Arnold Henry Nelson, a transfer.

In addition to the above quota for June 15, another quota for the month will be filled on June 30 by Curtis L. Evans and Richard Edward Drager. Evans, former superintendent of the Oklahoma Lane schools, will enter officer training, and Drager goes as a regular selectee.

Youngest Stamp Buyer Here

What is believed to be the youngest stamp buyer to come to light locally was announced this week by workers in the Texico postoffice.

They announced the sale of \$15.25 in war stamps to Reginald Ken Selman, 12-hour-old son of Mr. and Mrs. Clark Selman.

41 Complete First Aid Courses in 2 Classes In County

An additional 41 holders of Red Cross first aid certificates are being contributed to the already large list of first aiders in the county as the result of two classes recently completed in this county.

A class of 33, believed to be the largest ever conducted in the county, has been recommended to receive certificates by Clarence O. Smith, instructor. This class was conducted at Lakeview. Another class of eight, taught by Mrs. Verba E. Smith at Rhea, has been recommended to receive the standard course certificates.

All certificates, with the exception of three juniors, will be issued for completion of the Red Cross standard course.

The Lakeview class includes: Fred Barker, Bobbie Jean Barker (junior), Mary Lou Barker, Mrs. M. B. Buchanan, Bill Buchanan, Mrs. Artie Carroll, Mrs. E. H. Cummings, Dorothy Cummings, Mrs. E. L. Fairchild, Mrs. A. O. Ford, A. O. Ford, Ray Ford, Howard Ford (junior), Mrs. C. A. Guinn, Mrs. Geo. A. Jones, Mrs. T. L. Lloyd, Mrs. Kenneth O'Brian, Mrs. Russell O'Brian, Wayne Mandercheid, Mrs. Wayne Mandercheid, Mrs. Joe Pittman, Joe Pittman, Mrs. D. O. Robason, D. O. Robason, Patsy Ruth Robards (junior), Mrs. J. R. Southward, J. R. Southward, Fay Southward, Clarence Veazey, Mrs. Mary Whitley, Otho Whitefield, Mrs. Glenn R. York, Mrs. Norma Lee Clements.

Recommended for certificates at Rhea are: Mrs. Travis Brown, Mrs. Chas. Calaway, Mrs. Russell Harrington, Mrs. Rowena Parker, Mrs. Cordie Potts, Mrs. C. W. Potts, Mrs. Floyd Schlenker, Mrs. Jewell Tate.

REPAIRING ELEVATOR

A crew of workmen, headed by Felix Monroe, is overhauling the elevator at the Henderson Grain & Seed Company this week, putting it in shape for the wheat harvest.

Gas Mask Drill on Pacific Coast

Above is a general view of a gas mask drill which was held in Oakland, Calif., after civilian defense officials began distributing more than 10,000 gas masks to 10 Alameda county communities, as well as parts of three other counties. Masks will go to volunteer defense workers specified by the Office of Civilian Defense.

War Board Urges Farm Tire Saving

The Parmer county USDA War Board this week urged farmers to comply with the spirit of the ODT order restriction transportation by making the best possible use of their trucks.

The board urged pooling of facilities, best possible care of equipment—especially tires—and elimination of all unnecessary driving.

Farm trucks are exempt from the Office of Defense Transportation Order requiring truckers to carry at least a three-quarter load on all return trips, Olan N. Schlueter, chairman of the board explained, but farmers are expected to comply with the order voluntarily insofar as possible.

"There's no reason for several folks living in one vicinity making separate trips to town when all could have gone together," Schlueter declared. "We don't intend to force farmers to save their tires and equipment by pooling facilities, but we feel they will all do their part if they understand the situation."

Transportation tie-ups would cause serious damage to Parmer county agriculture and to the "Food for Freedom" program, Schlueter said, pointing out that trucks and trailers which bring produce to market certainly are one of the most important parts of our transportation system.

"Farmers in this county pledged greatly increased production of milk, eggs, pork, beef and other food products, but producing won't do any good unless we can get the produce to market," the war board official said. "The best way to make sure we'll be able to get them to market is to keep our trucks running just as long as they will go."

HERE FOR FUNERAL

Out-of-town visitors who were in Farwell Sunday for the funeral of Guy Kyker included the following: Mrs. U. S. Bradshaw of Slaton; Vera Rucker and Vernon Neil of Lubbock; and Mrs. R. A. Hawkins of Childress.

MOTOR STAMPS ON SALE

Motor vehicle stamps of the 1943 issue went on sale at all postoffices today (June 10) and will be available at such offices until July 31st, it was announced here this week by postoffice officials.

After July 31st, they will be on sale only in first class postoffices and in postoffices in county seat towns.

These revenue stamps are an issue of the Federal Government, and will sell at \$5.00 each, replacing the \$2.09 stamp issued the first of the year.

No date as to when stamps must be displayed on all cars was given.

DRAFT BOARD MEETS

The Parmer County Selective Service Board was in session here Friday. Routine matters occupied the attention of the Board during the afternoon with classification being determined on 59 registrants. Fourteen registrants were ordered to take their first physical examinations as the first step toward classification. Mrs. Bessie Lee Henneman, clerk of the Board, announced the following definite classifications 1-A, three; 2-A, one; 2-B, one; 3-A, thirty-nine; 4-F, one.

Interest to Farmers—

(Continued From Page One)

wheat in order that he would not have more than his allotment to harvest. If, in destroying this 15 acres of wheat he only destroys 14 acres and harvests 1 acre too much wheat, that is, 90 acres of seeded wheat plus 11 acres of volunteer wheat he would be penalized at ten times the rate of pay or the pay off the 10 acres of wheat would be charged against his parity and conservation check for 1942. He would also be ineligible for any wheat loan and at the present time the loan of \$1.10 per bushel is around ten or fifteen cents over the market price. Therefore, for the above reasons, I believe it advisable for us to recheck farms which come within the above example.

Mexican President and Torpedo Victims

President and Mrs. Avila Camacho are shown (arrow) among the survivors of the S. S. Potrero del Llano, Mexican ship torpedoed off the coast of Florida, during the parade that was staged to welcome the mariners on their return to Mexico City. A big reception was given the sailors at the palace of fine arts while the whole country seethed with indignation over the sinking of the Mexican ship.

Sheet Iron and Granary Lumber

WILL TRADE FOR GRAIN and SEEDS

We have plenty 1 1/4 inch corrugated galvanized sheets for several farmers to build grain bins. We also have Louisiana long leaf yellow pine 1x6 center match, ship-lap and flooring. Plenty yellow pine 2x4, 2x6, 2x8, etc. Have a fair supply of nails, lead-heads, etc. for several bins. We can furnish everything for grain bins.

Rail oddities

A BASIC PRINCIPLE FOR USING RAILROAD FREIGHT CARS EFFICIENTLY WAS RECOGNIZED IN 1862, DURING THE WAR BETWEEN THE STATES, WHEN U.S. MILITARY AUTHORITIES ORDERED THAT "ALL CARS WILL BE UNLOADED AND RETURNED IMMEDIATELY—THEY MUST NOT BE DETAINED FOR USE AS STOREHOUSES."

IF PLACED END TO END THE 1539 RAILWAY TUNNELS IN THE UNITED STATES WOULD HAVE A COMBINED LENGTH OF ABOUT 320 MILES....

AMERICAN RAILROAD TRAINS CARRIED AN AVERAGE OF 915 TONS OF FREIGHT IN 1941—THE HIGHEST ON RECORD AND 41 PER CENT MORE THAN IN 1921.

AVERAGE LOAD PER TRAIN 1921: 631 TONS
AVERAGE LOAD PER TRAIN 1941: 915 TONS
