

Outdoors Their Dining Room in Aleutians

Alaskan scouts dine outdoors in season in the Aleutian Islands. "In season" means when it isn't raining there. For a warm current in the Pacific (we used to call it the Japan current) keeps snow and frost from the bleak islands, but it encourages rain—and how! Here one of the scouts passes a piece of cherry pie to his pal.

Mercury Hits Sub-Zero; Light Snow

Survivor Northampton Here On Leave

Bearing the scars of conflict and announcing his desire to get back in the fight, "for we can't whip 'em on this side", James Bruce, 23-year-old brother of Mrs. Mose Glasscock, is here spending part of his 30-day leave in the Glasscock home.

Bruce was a seaman second-class and gunner's mate on the ill-fated U. S. S. Northampton which was sunk in a battle when heavily outnumbered American forces contacted the Japs off Guadalcanal, on the night of Nov. 30-Dec. 1.

An exceedingly quiet and non-committal youngster, Bruce talked freely of his experiences from the time the Japs raided Pearl Harbor till his return to the States. He responded easily to questioning, but stuck to his usual habit of saying nothing except in response to direct questioning.

In All Major Battles

He revealed in his conversation that he had participated in all major sea engagements since war was declared, including the battles of Midway, the Coral Sea and Guadalcanal. "We were only a short distance off Pearl Harbor, on our way into that port, when the Japs struck," he said.

Asked specifically about the engagement at Guadalcanal, Bruce said that American forces suffered the loss of only one ship—the Northampton—while sending 16 enemy vessels to the bottom, including eight transports, six destroyers and two cruisers. "Our ship had been hit in previous battles, but when two torpedoes struck her almost in the same place, slightly fore midship, she went down."

Although Bruce could not reveal the number of casualties suffered when the Northampton sank, his captain, Captain Kitts III, in an interview in San Francisco upon his arrival there, said they were slight.

Two days after the sinking of the Northampton had been announced by the Navy department, Bruce walked in on his sister, Mrs. Glasscock, unannounced. "I believe it was the happiest moment of my life," Mrs. Glasscock said in a choked voice as she talked of the reunion. Bruce will remain here for a few days before going to Kansas, to visit his mother, and will then proceed to an east coast port to resume his duties.

Slicker Saves Life

Displaying scarred hands, Bruce explained that they were caused from burns he received when flaming oil was splashed over members of the crew as his ship received its mortal blow. "I don't know why I

(Continued on Back Page)

Only 36 Cloudy Days Registered In 1942

Parmer County is now threatening the claim of "sunny California", it was revealed this week by local weather observer J. C. Temple, who turned in his report showing that out of the entire twelve months of 1942, there were 36 totally cloudy days recorded here.

According to tabulations, March had less sunshine than any of the other months, with a total of seven cloudy days. November, on the other hand, had 30 sunny days.

Figured down to a fine point, each cloudy day brought .52 on an inch of moisture, a total of 18.74 being received in Farwell, Temple reveals.

August hit the high mark in precipitation received, with 5.94 inches, while October came a close second with 5.32 inches. January, February and November drew total blanks so far as rainfall was concerned.

Rainfall received here was a decided drop from the 1941 precipitation, when an all-time record was set at 45.67 inches.

Moisture received each month in Farwell was recorded as follows:

Month	Moisture (inches)
January	.00
February	.00
March	.22
April	3.95
May	.38
June	.96
July	.49
August	5.94
September	.74
October	5.32
November	.00
December	.74
Total	18.74

Committees Named by Demonstration Group

At the regular council meeting of the Parmer County Home Demonstration women, held the past Saturday in Friona, committees for the year 1943 were elected. In the absence of Mrs. Will Nittler, Mrs. A. H. Boatman presided.

Special guest of the day was Miss Kate Adele Hill, district agent, who spoke to the ladies on problems of home life arising out of the war and offered a number of pointers to the club women in "carrying on at home".

One change of particular interest was made in the council rules. In the future the group will meet on the third Saturday of each month at 3:30.

Reports from the various club presidents were heard, with the Lakeview club reporting the purchase of two \$25 war bonds and the Bovina group announcing the baking of 450 cookies for the USO center in Clovis. Other clubs participated in Christmas parties in their respective communities.

The council committees are: Education—Mrs. Will Jones, chairman; Mrs. Leo McLellan, Mrs. V. E. Adams.

Finance—Mrs. E. L. Fairchild, chairman; Mrs. C. A. Guinn, Mrs. Joe Pitman.

Expansion—Mrs. Floyd Schlenker, chairman; Mrs. C. L. Calaway, Mrs. H. T. Reynolds.

Yearbook—Mrs. N. E. Bonds, chairman; Mrs. Russel Harrington, Mrs. Roy Karr.

Recreation—Mrs. David Moseley, chairman; Mrs. Eugene Boggess, Mrs. C. L. Vestal.

Sponsors—Mrs. Giles Williams, Mrs. Effie Johnson, Mrs. Joe Jesko, Mrs. Glenn Dunn.

Council Reporter, Mrs. J. E. Harper; assistant, Mrs. Fred Henry.

14 Called For First Physical Examinations

Fourteen Parmer County registrants, practically all of them among the 18-year-old group, have been called to appear before Dr. V. Scott Johnson, local examining physician for their first physical examinations, it was announced today through the local draft board.

Those listed to take their first exams within the next few days are Walter Quentin Gwyn, John David Lovelace, Carol Glee Swackhammer, Carl John Hoffman, Billie Joe Brown, Raymond Lee Magness, Jess Herbert Pipkin, Charles Fred Holland, Everett Louis Gee, Walter William Schueler, Tracy Eldon Page, Ambrose Junior Hamm, Everett Arlander Piland, Carl Enoch Deaton.

May File Applications

Board members emphasized again today the importance of filing applications for deferment at once on any of the above-listed men, should they be deemed as essential to the war effort in their present occupations.

If the registrant is self-employed, he may file his own application if he is employed by another party, the employer should make the application. However, it was pointed out in the announcement, application for deferment must show that the registrant is engaged in agriculture or industry as recognized by the Selective Service regulations. "We cannot defer a man simply because he is needed in his present job," one member said. "He must qualify under the regulations if his application for deferment is to be given consideration."

COUPONS BEING MAILED

Attaches at the office of the Parmer County Ration Board stated today that coupon books for the purchase of tractor gasoline were being mailed out as rapidly as possible, and asked that persons who had applications in for such gas bear with the board if coupons are not forthcoming immediately.

The last shot of the Civil War was shot in the Texas Lower Valley in May, 1865.

Our Mistake, We're Sorry

In reporting the election of the new officers of the Parmer County Chapter American Red Cross last week, it was erroneously stated that Mrs. R. J. McReynolds of Friona was elected to succeed Mrs. Minnie O. Aldridge as treasurer of the county chapter.

Mrs. Aldridge was reelected to the post she has held since 1916. We regret the mistake, totally our fault, and if any offense has been occasioned by our blunder, we apologize.

Court Recesses Till Monday After Giving Verdict In Two Cases

The Parmer County District Court is in recess again this week after convening Monday to grant a divorce and sentencing one man to two years in the state penitentiary.

In non-jury hearings, Judge Jams Witherspoon granted a divorce in the case of M. O. Sims vs. Addie Sims, and heard a plea of guilty from T. J. Dowdy on a charge of forgery.

Dowdy was sentenced to serve two years in the penitentiary and is being held in the county jail awaiting transfer to the state prison.

No Jury For Term

Clerk D. K. Roberts today stated that no petit jury was being called for the final week of the session, which opens next Monday. He said that this would be the first time in the history of the county that a term of district court had been conducted without the services of a petit jury. Cases that were slated for trial that would have required jury services have been continued.

Clerk Roberts expressed the belief that not more than two days, possibly one, would be necessary the first of next week to dispose of the docket.

Two Trustees Will Be Elected For Texico

Two trustees to the Texico school board of education will be named on February 6, when regular municipal elections are held over Curry county.

Wesley Engram and S. C. Hunter, present members who were appointed last year on the resignations of Sam Randol and F. E. Thompson, are the two whose terms expire. New trustees will be elected for a 6-year term.

Voting boxes will be arranged at the city hall in Texico, according to notices posted by the Town Council.

Tractor, Implement Tires Are Available

A limited number of applications for tractor and implement tires will be accepted now by the Parmer County Ration Board, Chairman John Armstrong said today.

Armstrong asked that all such applications be filed by the morning of January 27, in order that the board may consider them at its meeting of that date.

Tax Assessments May be Rendered at School

Theo Rozzell, tax assessor for Curry County, has recently appointed Mrs. B. A. Rogers of Texico as deputy in the local district, and tax assessments for the year 1942 may be rendered to her.

Mrs. Rogers will maintain headquarters in the office of the superintendent at the Texico school on Friday, January 22, and Friday, Jan-

For the first time in the past seven years, the mercury dropped below zero here, early Tuesday morning, according to records kept by J. C. Temple, local weather observer.

The mercury reached its lowest reading during a rather severe cold snap that swept down over the Plains Sunday night and continued throughout Monday and Tuesday. Previously this winter, the thermometer readings had showed a low of 14 degrees.

Tuesday's reading was the first sub-zero weather this section had felt since Jan. 21, 1935, when the mercury tumbled to 2 below. Temple's records show that the coldest nights of recent years were Feb. 8, 1936, with a reading of even zero, and Jan. 4, 1942, when the reading stood at four degrees above the zero mark.

Coldest In 1933

The records further reveal that the lowest mark ever recorded here was on the morning of Feb. 9, 1933, when the bottom dropped out of the thermometer to record a reading of 8 below. That particular blizzard lasted for a period of three days with maximum readings of 4 below on Feb. 7 and zero on Feb. 8.

Oldtimers recall the phenomena of the '33 blizzard, when thousands of trees were killed to the ground by the extreme cold, and more unusual than this was the fact that thermometer readings 100 to 150 miles south of here were as much as 30 degrees lower than registered here.

The cold spell the first of the week was accompanied by a very light snow. No livestock losses of any consequence have been reported from the cold.

Texico Resident Is Buried On Saturday

Funeral services for Columbus H. Hughes, 77, for the past 15 years a resident of Texico, were held at the Methodist Church here Saturday afternoon, conducted by Rev. Paul H. Tripp, pastor.

With Steed Mortuary in charge, burial was made in the Texico cemetery.

Mr. Hughes had been in failing health for many years and died at the family home in north Texico on last Thursday afternoon, Jan. 14.

He is survived by his wife, Mrs. Cora Hughes, and one son, Jim, who operates the Phillips service station here. Other survivors include two grandsons, both sons of Mr. and Mrs. Jim Hughes.

Among the out-of-town visitors attending the funeral were Mr. and Mrs. Ed Howell of Wellington. Mrs. Howell is Mrs. Hughes' sister.

Soy Bean Mill Will Be Closed Shortly

John B. Martin, administrative officer of the Parmer County ACA, said today that he had received an announcement from the Littlefield seed mill to the effect that farmers who still had soybeans which they proposed to market for oil at the mill should ship them immediately.

The Littlefield mill will be open, beginning this week, on Fridays and Saturdays only, according to Martin's information, and "in the near future" will be shut down for the season.

HURT BY COMBINE

Albert Kleeman of the Fairfield community suffered rather severe lacerations about the left thigh and leg last Thursday when his clothing became entangled in a combine shaft, pulling him into the operating machine. No bones were broken, but he was "pretty badly cut up", his physician reports.

Many Take Advantage Of Subscription Offer

The number of people taking advantage of The Tribune's special subscription offer, announced last week, has been very gratifying.

During the remaining days of January, The Tribune is making an extraordinary offer whereby new and old subscribers may get this newspaper one year, The Progressive Farmer magazine for five years, and a 32-piece crystal luncheon set, for only \$3.98.

If you have already paid your subscription for the current year, you may take advantage of this unusual offer and your time will be extended for another year.

This offer will positively be withdrawn on Feb. 1. If you intend to get in on this real bargain, you must act at once.

Turn to the second page of this issue, clip the coupon and bring or mail it to The Tribune with your remittance for the best subscription offer we have ever been privileged to make.

Twelve Leave For Fort Sill Thursday

Twelve Parmer county selectees who have previously been accepted at the induction center at Lubbock, will leave here Thursday for the reception center at Fort Sill, Okla., to begin training in the Armed Forces under Selective Service regulation.

Parmer County had a quota of 22 men for the month of January, and the shipment from here Thursday will complete the list of inductees for the month. At Lubbock, two were rejected, five men have been transferred to other boards for induction, and three went direct to the reception center from Lubbock last week.

Those scheduled to leave here Thursday are: Veron Leon Billingsley, Marion William Adams, Claude Jackson Dyer, Bob Allen Knight, Carl McCully, Haskell O. Trigg, Melford Woodrow Stowers, Alfred Fredrick Allison, Hardy Winbourn Hardage, Asa Herman Noack, Olen Lura Brady, Charles Richard Bobst.

The five men transferred to other boards for induction are: John Roy Watkins, Jess Gordon Mooney, Benny William Mann, Franklin Rufus Hartsfield, Barney Floyd Woods.

Those rejected at Lubbock were Bryan Wilson Smith and J. D. Cox.

Sent direct to Fort Sill after passing examinations last week: Ralph Hempton Palmateer, J. Foster Watkins and Earl Roberts Washburn, a transfer to the Parmer county board from Garza County.

Mrs. Bessie Lee Henneman, clerk of the board, today announced classification of 65 registrants, determined when the local board met Sunday afternoon. They include the following: Temporary 1-A, pending first screening test, 14; 1-A, 2; 1-C, 17; 2-A, 1; 2-C, 5; 3-A, 2; 3-B, 4; 3-C, 12; 4-H, 6, and 4-F, 2.

GRASS FIRE THURSDAY

A sudden change of the wind menaced for a time the safety of property interests in south Farwell last Thursday at noon. Loyd Cain was burning the grass from his property when the sudden change and increased velocity carried the fire out across the prairie to endanger the barns and outbuildings at the John Aldridge home. It was brought under control by a crew of volunteers with wet sacks and brooms.

Two False Alarms Ire Chief Of Department

Two false alarms in a period of three days moved Fire Chief Ira Selman to issue a statement today that if the perpetrators could be apprehended prosecution would follow.

False alarms on Tuesday night and Thursday morning of last week sent the department to the J. P. Maccon residence and the Port of Entry, beyond the city limits west of Texico.

Chief Selman said that he was making an investigation and had "a pretty good idea" who was responsible for the alarms. He asked the cooperation of the citizenship in helping to definitely locate the parties responsible.

"Anyone turning in a false alarm unless authorized by the chief of the fire department is liable to prosecution," Selman stated.

Fire Destroys Farm Home With Contents

The farm home of Mr. and Mrs. Clyde Sparks, 9 miles southwest of here in the Fairfield community, with practically all contents was destroyed by fire about mid-afternoon last Sunday.

The house, a large six-room structure known as "the Moorehead place" was "afire all over" when members of the Sparks family, at home at the time, discovered the flames. Mr. Sparks said the only household items saved were a new oil stove, a trunk filled with old clothing and one rocker.

There are five children in the family and all of their clothing, save what they were wearing, went up in smoke.

Mr. Sparks said that he had no idea how the fire started. He explained that two rooms at the rear of the building were filled with corn and threshed grain, and gave it as his opinion the blaze originated in that part of the house. No insurance was carried on the building or the household goods. Sparks estimated the loss of household effects to be about \$800.00.

Milk for Coffee

While coffee is on the ration list, help the war effort and the health of your family by serving more milk.

Ceiling Given On Milk Sale in Parmer County

A revision in the ceiling price of sweet milk, part of a regionwide program designed to restore balance in price of milk, has been ordered for Parmer County in a new regulation issued by the Southwest OPA office, John R. Armstrong, local chairman, announces today.

Ceiling prices established by the regulation for this county are as follows: gallon, wholesale, 40c, retail, 44c; half-gallon, wholesale, 21c, retail, 23c; quart, wholesale, 10 1/2c, retail, 12c; pint, wholesale, 5 1/4c, retail, 6c; 1-3 pint, wholesale, 3 2-3c; 1/2 pint, wholesale, 3.

Armstrong pointed out that freezing of prices at March highest level caused diversion of milk from one area with a low ceiling to an area with a high ceiling and also caused diversion of milk from normal consumption channels to manufacturing channels.

Rubber Shoes Available For Necessary Workers

Employers who need rubber boots

or rubber work shoes for the use of employees doing work essential to the war effort, public health or safety during disaster are eligible for rationing certificates to permit the purchase of such footwear, according to the Parmer County Ration office.

"Employers faced with such an emergency may now apply to the local board," officials said. "The board will report the matter immediately to the State OPA director and obtain permission to issue a certificate for the needed rubber footwear. The employer must retain title to the footwear, however."

Previously, no employer could obtain men's rubber boots or rubber work shoes to furnish to his employees unless he had done so in the past.

Funds To Be Supplied By Farm Security Loan

Parmer County farmers are mobilized for war production and those who can add to their output of needed supplies need not be hampered in doing so for lack of funds, according to the local Farm Security supervisor.

"No American farmer," says Mrs. Edna P. Elms, "should be hindered by lack of operating funds this year. Banks and private credit institutions are expanding their credit facilities to fit food production requirements and the government has ample credit facilities to meet the particular needs of farm and ranch producers."

Assistance can be given by Farm Security to those farmers who lack the required security for other loans but whose family labor and land could be put to fuller use in the war program if the funds were available.

Funds are immediately available to small operators for the purchase of farming equipment, feed, seed,

livestock, household needs, building repairs, for clothing, necessary medical care, sanitation facilities and many other needs.

"Farm Security loans this year," according to Mrs. Elms, "are being directed especially to any small farmers who with such financing can become qualified as essential farm producers under the war-unit rating, by adding to their livestock or poultry, or by increasing production of war-rated crops."

Farm and ranch operators who cannot get adequate financing from any other source are urged to contact the FSA personnel in the office in the court house in Farwell. Until further notice, the FSA office will be open only all day on Monday and Saturday of each week. The supervisor cautions against delay in making application for loans because "this is the year of all years when operators should have their money on hand at the moment it is needed."

WAR PRODUCTION MUST GO ON

War production must go on in spite of the loss of a large number of men to the armed forces, and women will form an increasingly large proportion of the trainees for this vital work. Women must be trained not only as workers but also as leaders, since every woman who moves on into supervisory work releases one more man to higher skills or to the armed forces. Fears of the future and personal prejudices or preferences can have no place in the present emergency.

The Clovis training center has a few vacancies in daytime electric arc welding, eight hour machine shop and five hour aircraft sheet metal and riveting courses. These courses are daily except Saturday and Sunday and are free to the trainee. Upon completion, a Federal Training Card, accepted by industry and armed forces, is issued. Training is carried on in the vocational building of the Clovis high school, at 8th and Pile, Clovis.

For further information, call 878-M and ask for Alice Maddox, or contact Carl A. Miller, director. There are jobs awaiting every trainee completing the course and at present, jobs are available in New Mexico.

CITRUS FOR WINTER MEALS

COLLEGE STATION—Since the last war citrus fruits have changed from rare holiday treats to an everyday "regular" in the American diet. At least four times as many oranges will be available this year as were

produced during the 1920's. And grapefruit became universally available in the late 1930's when many Texas orchards came into production.

This shift to citrus fruits is a fortunate one for consumers, says Hazel Phipps, specialist in food preparation for the A. & M. College Extension Service. She explains that citrus fruit is a "natural" for winter meals when other fresh fruit is scarce. In addition, it tastes good, offers unusual vitamin value and has good keeping qualities.

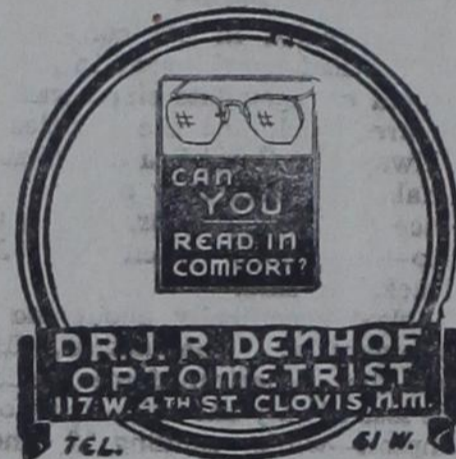

Oranges and grapefruit contain several minerals and vitamins and other food values and are an important source of Vitamin C, the specialist says. Since these two citrus fruits are so rich in Vitamin C, eating a large orange or grapefruit every day will help prevent many common winter ills, studies show.

Though citrus fruits are plentiful this year, homemakers should guard against wasting any food in war time. So Miss Phipps suggests that slicing oranges or grapefruit is a more economical way of serving them than squeezing and straining. A whole orange or a whole grapefruit divided into sections contains much more Vitamin C than the juice, especially the strained juice.

Citrus fruits, the specialist continues, are good for both young and old. Babies start taking orange juice when only a few weeks old for they need a daily supply since Vitamin C cannot be stored in the body. Most old people enjoy and thrive on some citrus every day.

Local Happenings

Nicewarners Observe 50th Anniversary

Mr. and Mrs. G. L. Nicewarner, long-time residents of this area, celebrated their golden wedding anniversary at their home in Texico the past Friday, January 15th, with a number of friends and relatives dropping in to pay their respects during the day.

Due to Mr. Nicewarner's health, no elaborate plans were laid for the anniversary, and informal visiting was enjoyed. The honorees were the recipients of a number of lovely gifts.

In 1893, Miss Sallie Hammonds became the bride of G. L. Nicewarner, the ceremony being performed near Bonham, in Fannin County, Tex. The Nicewarners moved to Clovis in 1919, later moving to a farm three miles west of Texico, in 1921, where they lived for 17 years. The past five years they have been living in Texico.

Seven children were born, five of which are now living. Georgia Lee died at the age of 12 and Guy Nicewarner passed away in 1938. Other children are Ray Nicewarner, of Abilene; Mrs. Jessie Buchanan of Houston; Tom Nicewarner of Graham, Tex.; Mrs. Olan Schleuter of Farwell and Mrs. Horace Schloss of Hereford.

The couple also have three grandchildren, Miss Modena Buchanan, nurse in the Baylor hospital in Dallas, Peggy Ann Schleuter of Farwell and Metta Lee Nicewarner of Abilene.

Guests of the day included Mr. and Mrs. J. O. Ford, Mr. and Mrs. D. B. Landford, Mr. and Mrs. W. H. Graham, Mrs. Alvenia Sharpe, Mrs. E. G. Williams and Opal, Mr. and Mrs. S. C. Hunter, Mr. and Mrs. John Dooze, Mrs. Roy B. Ezell, Mrs. B. E. Nobles, Mrs. Anne Overstreet, Mrs. W. J. Matthews, Mrs. J. P. Maccon, LeRoy Faville, Mr. and Mrs. J. D. Thomas, Mr. and Mrs. Jess Richardson and Bobby Merle, Mrs. Olan Schleuter and Peggy Ann.

Juniors To Sponsor Carnival, 28th

A Mardi Gras carnival will be a feature January attraction, to be held in the Farwell auditorium on the evening of January 28, sponsored by the junior class of the school, Miss Dorothy Shaw states. Through error, the carnival was announced last week for January 22.

With votes being sold at a penny each, high school students are waging a vigorous campaign to elect their candidates for the king and queen thrones at the carnival. Coronation of the winning entries will be one feature of the evening.

A prize will be given for the best costume at the Mardi Gras, Miss Shaw states, although it is not compulsory that participants at the carnival be in costume.

Classes of the school are arranging various entertainment and food booths for the visitors of the evening and the affair is slated to begin at 8 o'clock.

Daughter Is Born

Mr. and Mrs. Ray Nicewarner of Abilene announce the birth of their firstborn, a daughter, Metta Lee, on Saturday night, Jan. 16. The Nicewarners are well known here. For a number of years Mrs. Nicewarner served as deputy tax collector under J. H. Martin and W. W. Hall.

Miscellaneous Shower Given at Bovina

Mrs. C. F. Hastings and daughter, Miss Anna, were hostesses recently at a miscellaneous shower honoring Mrs. Clarence Brown of Texico, the former Miss Sarah Nell McLean of Bovina.

A dainty refreshment plate was served to Mesdames R. N. Williford, Billy Alderson, Troy Fuller, Harry Charles, A. Beckman, Horace McLean and Bessie Loyd; Misses Jimmy Ellison, Millie Holden, Ollie Godsey; the honoree, Mrs. Clarence Brown, and the hostesses, Mrs. C. F. Hastings and Miss Anna Hastings.

Sending regrets were Mesdames Thelma Barron, P. D. Barron, J. H. Floyd, L. N. Gee, W. E. Williams, Julie Leake, Jack Woltmon, Jerry Spurlin, J. C. Denny, O. W. Rhinehart, Gladys Tidenburg, G. E. Fee, Vernon Ward, Chas. Gray, Jack McLean, Frank Ayres;

Mesdames G. C. Danner, Mary A. Richards, Bob Johnson, Kenneth Wise, Don Mason, Polly Venable, Ray Davies, Irene Gee, Bob Kelley, Floyd Schlenker, Clarence Smith, Bill Venable, Aubrey Brock, Lester Kelley, Mel Gunn, C. R. Elliott;

Mesdames L. P. Starr, Vernon Estes, Wilbur Charles, Katie Ellison, E. J. Speegle, John Kimbrow, W. F. Freeman, Tommie Horton, J. S. Gaines, Hugh Womack, Amos Steelman, Ezra Englant, E. T. Caldwell; Misses Oleta Harrison, Jean and Patsy Danner, Marie Brito, Mary E. Charles, Lady Barbee, Della and Mattie Bieler, Mary A. and Barbara Englant, Evelyn Gee and Anna Bell Gray.

Glasscocks Hosts On Monday Evening

Friends gathered in the home of Mr. and Mrs. Mose Glasscock near Farwell, Monday evening, to enjoy games of "42" and to visit with S 2-c James Bruce, brother of Mrs. Glasscock, who is here on leave after spending the past year in service overseas.

Following the games, a sandwich plate was served by the hostess to Mr. and Mrs. Olan Schleuter, Mr. and Mrs. Bill Bradshaw, Mrs. Stanley Hillhouse, Mrs. Alvenia Sharpe, Mrs. J. T. Hulsey, Mr. and Mrs. Roy Bobst, Mr. and Mrs. W. H. Graham, Mr. and Mrs. J. T. Carter, Dick Bobst, James Bruce and Miss Jaquetta Strickland.

Club To Meet

Members of the Texico-Farwell Woman's Club are reminded today that Mrs. A. D. Smith will be hostess to the group on Tuesday, January 26. Miss Lilly Gentry, CDHA of Bailey county, will be the guest speaker, and all members are urged to attend.

Sisters Visit Here

Mr. and Mrs. Clarence Herald of Hooker, Okla., Mrs. Mildred Knapp of Blackwell, Okla., and Mrs. Edna Pappan of Wichita, Kansas, were visiting here Sunday in the home of Mr. and Mrs. Carl McCully. All the ladies are sisters of Mr. McCully.

Ray Ford was here from Amarillo on Tuesday attending business matters.

Mrs. M. C. Roberts went to Lubbock Tuesday to visit her son, Bill, who is training in the Air Force flying school there.

NEWS FROM OUR BOYS IN CAMPS

FRIONA MAN PROMOTED

WILLIAMS FIELD, Chandler, Ariz.—Wm. H. Drager, of Friona, a member of the Medical Detachment, has been promoted to the rank of Technician 5th Grade. He works in the hospital day room.

Cpl. Drager, 38 years old, has been in the Army since May 22, and was made a private 1st class on August 1. In civilian life he was a milker in a dairy industry.

ENTERS BOMBARDIER SCHOOL

Colonel Sam L. Ellis, Commandant, Army Air Forces Bombardier School at Big Spring, announces that Claude I. Gober has just begun his training as a bombardier cadet.

He is the son of Mr. and Mrs. J. I. Gober of the Oklahoma Lane community. Cadet Gober was graduated from the Oklahoma Lane school in 1938.

IN CALIFORNIA

Word has been received here from Mrs. Ermon Miller that she and her husband and baby are now at Santa Barbara, Calif., where Lt. Miller is stationed. He was formerly located at Camp Wolters, Tex.

MOVED TO CHICAGO

Cpl. Onis H. Whitefield has recently been moved from Camp Davis, N. C., to Chicago, Ill., it is reported here.

HALL WRITES PARENTS

Raymond Hall, son of Mr. and Mrs. W. W. Hall, who is stationed at a base hospital on the West Coast, has recently been given the rank of Pharmacists Mate, 3rd Class. He reveals that recently a contingent of 465 wounded soldiers from the war zone have been moved to his camp, and adds, "we have been plenty busy".

MEET IN AFRICA

Information received here this week tells of the meeting of two Farwell lads in North Africa. Ernest Justice is said to have contacted Craig Walling, who now bears the rank of major in the Air Forces.

Another meeting of two local lads in faraway Africa is reported to have occurred recently when Lt. G. D. Anderson, Jr., ran into Cpl. Glenn London.

On Vacation

Misses Bernice and Lorene Hodges, secretaries at the county agent's and AAA offices respectively are vacationing this week in the lower part of the state, visiting around Waco and San Antonio. They expect to be back on duty the first of next week.

Community Votes To Carry On Cafeteria

At a special meeting of the Texico Community Club, held the past Wednesday evening at the school, patrons voted to continue to school cafeteria, despite the loss of WPA financial assistance.

Supt. B. A. Rogers, who reported the outcome of the meeting, said, "We decided to try to carry on, at least for the time being, under advanced prices for meals."

Withdrawal of WPA aid naturally was quite a blow to small school cafeterias, since it was by this means that cooks and helpers were paid. However, patrons of the school are hoping that advanced prices will not bring about a drop in the number of children using the cafeteria for hot noon meals.

The current rate for meals as set up at the meeting, is \$1.75 for the first child in a family, and \$1.50 for each additional child, per month.

Mrs. Sleta Hall is supervisor of the lunch room, with Doris Doolittle and Mrs. Ed Blain serving as assistants.

It is presumed that foodstuffs will continue to be received at the cafeteria through the Surplus Commodities Corporation.

Another Teacher To Leave Farwell Job

Headaches of Supt. J. T. Carter continued to mount this week when Mrs. Mildred Page tendered her resignation as teacher of the fourth and fifth grade, effective January 29.

Mrs. Page plans to leave after that time to be with her husband, who is in the Army.

Recently, Craig Lynn, high school principal, and Mrs. Clyde Barton, English teacher, had notified the school board that they were leaving. Lynn departed this week for Abilene, where he plans to operate a canteen at Camp Berkeley and Mrs. Barton has gone to join her husband in Albuquerque.

New Teacher Hired

Mrs. Christine Cooper, of Clovis, has this week been added to the local faculty, taking over the duties formerly handled by Mrs. Barton. Mrs. Cooper is a graduate of Texas State College for Women, Denton, holding both B. S. and B. A. degrees. Until recently she has been teaching in El Paso.

Meanwhile, Nelson C. Smith is pinch-hitting at the school, handling the math classes.

Calls Attention To Important Regulation

Mrs. Bessie Lee Henneman, clerk of the local draft board, today called attention to a very important Selective Service regulation wherein men who have been discharged from the Armed forces are required to keep in touch with their local boards.

Pointing out that a number of men under the Farmer county board have been discharged from the services, Mrs. Henneman stressed, "they are still under obligation to keep their local board informed of their address". Failure to do so will mean that such men will be reported to the United States district at-

torney. "The mere fact that a man has been discharged from the Army for any reason does not necessarily mean that his obligation to keep his draft board informed of his address is to be neglected," she emphasized.

Groans Follow First Physical Ed Classes

Groaning joints and protesting muscles were in evidence at the Farwell school on Tuesday, following the initial all-out physical education classes on Monday.

Beginning Monday, students are required to participate in a 30-minute physical training program each day. Miss Dorothy Shaw and Mrs. Loren J. West are in charge of the girls' classes, while J. T. Carter and T. A. McCuiston are directing activities among the boys.

Recently, at the state meeting of school superintendents, it was recommended that all schools instigate such a program, and the local classes are a follow-up of the recommendation.

One thing the sore-jointed students can look forward to—a few days of exercise will limber up those stiff muscles, providing the participants survive the ordeal of unaccustomed exercise.

County Nurse Will Administer Vaccine

Vaccinations for immunization against smallpox and diphtheria will be given to students at the Texico school on Friday morning, Jan. 22, by Miss Ramona Hickman, county health nurse.

Miss Hickman, who visited the school on Monday, stated that the vaccine would be administered free of charge to any child whose parents approve the vaccination. Parents are requested to either send a note of approval to the superintendent, or be on hand Friday morning when the nurse is at the school.

A number of smallpox vaccinations have already been administered at the school, Supt. B. A. Rogers states, and expresses the hope that all parents whose children are not immunized will cooperate.

ST. JOHN'S EV. LUTHERAN CHURCH

Lariat, Texas
Rudolph Weiser, Pastor
Third Sunday After Epiphany
Sunday School and Bible Class at 10:45 a. m.

Divine Service at 11:30 a. m.

Demonstration Club Notes

By Special Staff Reporters

Midway Club

The Midway 4-H Club met with the home demonstration agent, Miss Elsie Cunningham and the sponsor, Mrs. Joe Jesko. All members were present. Mariana Wiley resigned as club reporter and was elected secretary, and Juanita Hill was elected reporter. The girls did "tied and dyed" work with the help of Miss Cunningham and Mrs. Jesko. They received yearbooks during the meeting and refreshments were served at the conclusion.

Oklahoma Lane Club

The Junior 4-H Club of Oklahoma Lane met in the club room Jan. 14. The meeting was called to order by the president and the secretary read the minutes. Miss Cunningham then took charge of the meeting and demonstrated how to get cloth even and ready to pull the fringe, which will be done at the next meeting. Each member will bring a scarf or tablecloth and some newspapers and twine. Dying cloth will be the demonstration, Jan. 26. One new member, Neva Marie Finley, and four senior girls, Bonnie Foster, Gloria Kepley, Vernell Berry, Edith Roberts, and all regular members were present.

Victory Club

The Victory Club met Jan. 8 in the home of a new member, Mrs. Clarence Day. The president, Mrs. Hyde, was absent, and vice-president Mrs. Vestal took charge of the meeting. Mrs. Doris Boggess was appointed clothing demonstrator and Mrs. Day was named food demon-

strator. Miss Cunningham gave a very instructive demonstration on nutrition, one of the 1943 jobs of every American housewife. Mrs. Day had charge of recreation and afterward the group inspected her lovely new home. Delicious refreshments were served by the hostess. Two visitors, Mrs. Mingus and daughter, were present. Club will meet Feb. 12 with Mrs. David Moseley.

Bovina Club

The Bovina club met Jan. 14 in an all-day session at the club room, with Mrs. N. E. Bonds and Mrs. W. J. Parker as hostesses. Two quilts were quilted, and at the noon hour a covered dish luncheon was served to 20 ladies.

Mrs. John Stagner of Clovis was a welcome visitor and there were three new members added to the club.

The club will begin a nutrition course soon. On Jan. 28 Mrs. O. W. Rhinehart will be hostess at 2:30.

Lakeview Club

The Lakeview home demonstration club met Jan. 15 at 2:30 p. m. in the school building with Mrs. Joe Pitman, president, in charge.

The secretary reported that the club had purchased two \$25 war bonds, and had a balance of \$24.09 in the bank.

It was voted that the club select the month of March to fill the cookie jar in the USO center in Clovis. Mesdames C. A. Guinn, Jim Southward, Kenneth O'Brian, and E. L. Fairchild were appointed on the committee.

"Nutrition is no more than good food in the right amount," stated the demonstration agent, Miss Elsie Cunningham, in her discussion on "Evidence of Good Nutrition".

Those present were Mrs. B. E. Honey, a new member, and Mesdames C. A. Guinn, Rusesll O'Brian, Joe

NEWS from

YOUR COUNTY EXTENSION AGENTS TEXAS EXTENSION SERVICE

By Garlon A. Harper
County Agricultural Agent
Texas A. & M. Extension Service

Plans for a dairy improvement program are getting under way in our county. Early in December I sent letters to each farmer of the county explaining why I think that a dairy improvement program would help the county as well as the individual farmer. Approximately 125 farmers told me that they were interested in the improvement program and would cooperate. Since that time I have talked to many of these farmers personally and have found that they are really interested.

I have written to some of the outstanding Jersey cattle breeders of the state and have received from them descriptions and prices on bulls and heavy springer heifers which they have for sale. These breeders have some bulls which will increase the production of our herds 100 to 150 pounds of butterfat. A bull which will do this is worth something to our farms. This is an investment which will continue to pay off as long as you are on the farm. Now these bulls will cost from \$100 to \$200. The bulls have production records back of them from 400 to 800 lbs. butterfat. You can compare this with the average of not more than 150 lbs. of butterfat of the average cow in Parmer County now.

Of course, better breeding animals is not the only problem we have in our dairy business in Parmer County. Better feeding and management are just as important. So let's be thinking about what we can do in the line of improvement. If you are interested in obtaining better cows I would like to talk to you personally. Within the next few weeks several farmers are going to make a trip to see some of these herds from which we can buy bulls and heifers. You might want to go along and see these cows yourself.

Tire Quotas Still In Effect, Board Says

In spite of continued releases and articles bearing the blithe statement that "there are plenty of tires for everybody under the mileage-rationing program", Chairman John R. Armstrong, of the Parmer County Ration Board, points out that in strictest truth, this is a little optimistic.

The plain cold fact remains that the county is still restricted by a definite quota—set in Washington—and motorists classified as essential are still given preference when it comes down to approval of applications and issuance of certificates.

Tires, tubes and recap services are still governed by quotas, the chairman points out, stating, "Many people have the idea that now all they have to do is make application. Every motorist must remember that essential cars must be kept on the road."

Some motorists are under the impression they must obtain recapping service or replacements, if recommended by a tire inspector, before the inspector's signature will be placed on their tire inspection report. Armstrong called attention to a line on the tire inspection record specifying that inspectors will not sign until the "required service" has been completed, "except for recapping service or replacement."

"We will continue to approve as many applications as our quotas allow," Armstrong said. "Outside of that, it is just up to the motorist to get along on what he has—or do without until he comes up for approval in the eligibility list."

TIRE BOARD REPORT

Fourteen certificates authorizing tires, tubes and retreads were issued last week by the Parmer County Ration Board to the following motorists:

- Roy Truelock, one tractor tire, one tube.
- O. F. Barnett, one grade 3 passenger tire.
- Glenn R. Dunn, one pickup tire, one tube.
- W. R. Scott, one grade 3 passenger tire, one tube.
- Henderson Grain & Seed, two truck tires, two tubes.
- Robert Vise, one grade 3 passenger tire.
- Gene W. Finley, one grade 2 passenger tire.
- E. A. Long, one grade 3 passenger tire.

Pitman, Jim Southward, J. E. Harper, Kenneth O'Brian, M. B. Buchanan, T. A. O'Brian, E. L. Fairchild and the agent, Miss Cunningham.

The next meeting will be Feb. 19 at the school house, with Mrs. Barker as hostess. Roll call will be optional. Everyone is invited to attend all meetings.

Rosedale Falls Before Strong Texico Attack

The visiting Rosedale cagers fell before a strong attack by the Texico senior team, last Friday evening when the teams met on the Texico court, with the locals taking a 33-17 victory.

Texico led the visitors throughout the game, holding a 10-5 lead at the end of the first quarter, and limiting Rosedale to only one basket in the second period while scoring 10 more points for themselves.

Again in the third quarter the locals pushed further out in front, scoring nine points to Rosedale's three.

Blain hit the bucket for 13 of the winner's points, while his running mate, Bowers, was second with eight. Younger and Colton tied for high in the loser's division, each having four points.

Second Team Loses
The local second team fared not so well as their big brothers, losing to Rosedale 28-10. High scorer was Woods of Rosedale, who counted 12, while Francis of Texico came in second with 10.

More Games Scheduled
A return match will be played with Rosedale on Friday evening of this week, with the locals expecting Rosedale to put up a strong fight.

On January 29, Texico first string will meet Clovis, whom they have also previously defeated, on the Clovis court.

Cage Match Will Be Played At Farwell

Boys from the Lazbuddy and Farwell schools will engage in a cage match on the Farwell court Friday evening of this week, Jan. 22, according to an announcement from school officials.

Competition between the two teams is expected to run high, Supt. J. T. Carter reveals, in reviewing the game played at Lazbuddy shortly before Christmas, which the host team won by two points after a tied count at the end of the regular four periods.

This is one of the few games to be staged this season on the local court, as the transportation situation has cut basketball schedules to a minimum, and fans are looking forward to an interesting evening.

The game is called for 8:30.

er tire, one tube.
W. Q. Duggan, one grade 3 passenger tire.

H. G. Hillock, four recap pickup tires.

Claude Blackburn, one grade 3 passenger tire.

C. B. Watkins, one passenger tube.

H. G. Butler, two grade 2 passenger tires, two tubes.

Erosion in Chesapeake Bay
The pounding surf eroding 3,600 miles of shore line of Chesapeake Bay is presenting a costly problem alike to waterfront property owners and breeders of oysters.

Survivor—

(Continued from Page 1)

did it, but as the battle got under way I pulled on my slicker," he said. "When the burning oil spread over me, I slung off the slicker and fire . . . I guess that's what saved me."

"We slid down the side of the ship and clung to rafts, where we waited till daybreak and were picked up and taken to the base at Tulagi."

Bruce recounted that the Northampton was always in the forefront in every engagement and praised his captain and members of the crew for the excellent showing they made against the Japs on every encounter. "We beat them badly every time we got together," he said in referring to the various engagements. As a gunner's mate, Bruce said he quite often had charge of a 20 mm machine gun.

"We shelled Wake Island on the way out, but never had any battle there," he revealed. He declined to state in what battles the Northampton was hit before being sunk.

The action in which his ship went down involved only surface craft and took place during an "inky black" night on a calm sea. Asked if the waters were shark-infested, Bruce replied, "Yes, but they never come out to feed at night."

Aboard a transport, Bruce and an unnamed number of survivors were landed on a west coast port only a few days ago. He proceeded here immediately.

Farmers Income Shows Substantial Increase

The average farmer in Parmer County will be required to pay an income tax of around one thousand dollars for 1942, in the opinion of a local business man who has been assisting farmers with their income tax reports since the first of the year.

In addition, salaried persons will pay into the U. S. Treasury an average of about one hundred dollars, the same informant revealed.

Two factors enter into this increase to be derived from the farmers for the past year. In the first place, income taxes include practically all brackets of earners and are the heaviest in history. Furthermore, farmers of this county have derived more net profit from crops and livestock during the past year than ever before.

Local income tax accountants today urged farmers of the county to complete reports at the earliest possible date, pointing out that to wait until the last minute would certainly mean that many reports would be delinquent. "We simply cannot fill out all income tax reports and get them completed in time if a large number of people wait till the last week," one accountant said.
