

## BOND SALES SLOW HERE

### Second Beck Boy Home From Jap Prison Camp

"It's wonderful to be home, and I hardly believe it," Sgt. Edgar R. (Rooster) Beck told friends here the first of the week. He arrived home last Tuesday, after having spent nearly 3½ years as prisoner of the Japanese.

The son of Mr. and Mrs. J. W. Beck, of Clovis, formerly of Texico, Sgt. Beck was a member of New Mexico's famous 200th, and was captured April 9, 1942, on Bataan. His brother, S-Sgt. James Beck, who beat "Rooster" in home by 10 days, was captured at the same time, but the boys were put in separate prison camps in November 1943.

Speaking of the opening days of the war, Sgt. Beck reported that he was at Clark Field the day it was attacked, and added that that was the only time the Nips ever did any accurate bombing, at which point his brother interrupted, "And you can't tell me they didn't have German commanders. We shot down some of their planes . . . did you ever see a six-foot blonde Jap?"

From then on, the two boys said, things went from bad to worse for the American forces in the Philippines. "We put out their Tiger army, though," Sgt. Beck retailed, "it took the armies from Shanghai and Singapore to capture us." He went on to say that he missed the "March of Death", explaining, "I was in the hospital with malaria."

While on the Philippines, "Rooster" was confined in Cabanatuan No. 1. He told of the American shelling of the hospital there, explaining, "We were between the Jap guns and the Americans on Corregidor, and some of the American shells hit there," saying, "I believe that if we hadn't been in the line of fire Corregidor would have stood longer."

Speaking of bombing "your own men", the two brothers grinned at each other as they recalled a time when the Japs bombed and strafed their own men. "We just sat back and took it in," S-Sgt. Beck said, "that's really some feeling," and then "Rooster" came in, "but it isn't so good when you shoot down your own planes, or they are after you . . . that happened to us, too."

**Moves To Japan**  
Although "we were jammed in like sardines and the convoy zig-zigged till everybody was sick," Rooster reported that his ship experienced no difficulties on the way to Japan proper. Landing in Japan they were assigned to Herohata, in the Osaka district, after having first touched at Formosa.

"We had 480 men moved into that camp, 80 of them Marines and sailors who were taken at Guam, and the rest Army from Bataan," he said, going on, "we only lost 17 men in the camp there. Most of our casualties came on Bataan; the men that weren't killed were so run down with dysentery and malaria and lack of food that they died after surrender. Two of our officers in Herohata died of Beri-beri."

Abuse of American prisoners in the camp was about the same as elsewhere. "They'd beat men with clubs, ropes, for the slightest thing—whether you had disobeyed or not. For (Continued on last page)

### Tribune Changes Appearance

Through no choice of our own, The Tribune has a different face this week—and may have for several weeks. Our regular "reading" type is on the blink, and replacements cannot be guaranteed for some time. So, we're using larger type, in order to have a paper. We hope that the change won't last long, but materials are scarce and deliveries slow.

### War Fund Behind As Reports Lag

"It looks like we're bogged down," H. Y. Overstreet commented Tuesday on his return from a business trip to Chicago, when asked about the progress of the National War Fund Drive in this county. Overstreet said that half of the county's quota of \$3,037.00 was sent in before he left the city a week ago, and that the remainder of the quota was in an "uncertain stage" because of the fact that three of the workers had made no report at all.

"I still believe we'll raise our quota when all reports are in hand, but right now we are at least \$500.00 behind," he said.

### Enlarging Office At Henderson Grain

Work of enlarging the office quarters at Henderson Grain & Seed Company is progressing satisfactorily, and is expected to be completed at an early date.

A large extension has been added to the west side of the office, giving the clerical force ample room to handle the record and bookkeeping work.

A new 45-foot scale was added to the office some few weeks ago and Mr. Henderson says it is to be converted into an automatic scale just as soon as change-over parts can be obtained.

### New Kelvinator Goes On Display Here

Mr. and Mrs. Carl Davis of the Davis Mercantile Company, went to Amarillo last Thursday, where they attended a meeting of Kelvinator dealers of this region.

They brought home one of the new Kelvinator models and placed it on exhibit at the store in Farwell this week. They are accepting future orders on the new models, as well as other electrical home appliances.

### Many Inspect New Ford At Sikes

"Everybody seems to be interested in the new Ford," O. C. Sikes of the Sides Motor Company, commented today in speaking of the first public showing of the 1946 model in Farwell.

The new model went on display in the local showrooms last Friday, and will remain until shipments of the cars begin coming through. Sikes said that already a number of orders were being taken for the new Fords, but he was unable to give any idea as to when deliveries might be expected, due to the labor situations in the industrial centers.

"We have made a very slow start and there is nothing encouraging to report," G. D. Anderson said bluntly Tuesday, concerning the progress of the Victory Loan Drive, which opened officially on Oct. 29 and will continue until Dec. 8th.

Anderson said that people were buying "about the usual amount of bonds," adding that there seems to be little enthusiasm for the drive. He said that he expected no difficulty in placing the F and G series, but added that series E which constitutes almost half of the county quota, is going to be the real problem.

Parmer County has been assigned an overall quota of \$185,000 and of this amount \$65,000 is set out for E bond sales. The county has been divided into five sections, and each has been assigned a definite goal in the sale of E bonds.

In this assignment, Farwell and Friona have each been asked to be responsible for the sale of \$28,000; Bovina, \$15,000; Lazbuddy, \$11,000; and Rhea, \$3,000.

The War Finance Chairman issued a plea that bond buyers contact their solicitors early, adding, "Most of our people already have their minds made up to buy bonds, and the amount they intend to buy. Why do they wait for a solicitor to approach them? After all, the workers might be just as busy as the purchaser."

### Bill Moss Takes Over Panhandle Station

Bill Moss, who until recently operated the Gulf Station in Farwell, has leased the old Panhandle station and took charge the first of the week.

He said that he expected to have the business ready for operation before the close of the present week, and added that the wholesale business would be taken over by another party, yet unnamed.

Moss said that he expected to add a wash and grease rack as soon as possible.

### DIES AT WHEELER

Mr. and Mrs. Ed McGuire were called to Wheeler, Texas, last Thursday by the death of Mrs. McGuire's uncle, W. O. Turlington, 69, of that city. He had been in ill health some time and his passing was not unexpected. J. R. Turlington, of Clovis, a brother of the deceased, accompanied the McGuires to Wheeler.

### MOVING TO OKLAHOMA

Mr. and Mrs. Herbert McDaniel and son expect to depart Saturday for Muskogee, Okla., where he will take over the management of an Allis-Chalmers parts store, owned by Warren Kelley, formerly of this city.

### HAD GOOD LUCK

C. M. Henderson, local grain dealer, returned home Sunday from a pheasant hunt in South Dakota. He made the trip with two Amarillo men and all three of the party reported bagging their limit.

### JUST TOO MUCH!

"I don't know whether I can take it or not," sighed Dorothy Lovelace, Monday. "Getting a box of Drefl and word that my husband is coming home at the same time is just too much."

Mrs. J. D. Thomas returned Tuesday night from Temple, where she received a medical checkup.

THE VICTORIOUS FARWELL STEERS, who wound up an undefeated season last Friday. Front row, kneeling, Don Williams, O. L. Thompson, Billy James Moore, Donald Ray Summers, Sonny Graham; Second row, kneeling, Toby Booth, Junior Robertson, L. C. Herington; Back row, standing: Bob Loe, Bobby Hart, Hollis Hughes, Harry Sneets, Coach Jack Williams, Warlick Thomas and Max Ford.

## Steers Come From Behind In Last Half To Defeat Bovina 14 to 34

It was Donald Ray Summers who led the Farwell Steers to their final win of the 1945 football season, the past Friday, after the locals had stumbled drearily through a slow first half to trail Bovina 14-0 as the third period began. A 120-pound sub, Summers went into the game and on the first play after Farwell received the kickoff, came sprinting through the middle of the line and didn't stop running till he crossed the end zone marker, some 70 yards away, while most of Bovina and Farwell players strung out behind him in his dash for glory.

The first half belonged indisputably to Bovina, with the visiting Mustangs literally running the heels off the Farwell players. Stopped cold on line advances and run to death by Bovina's clicking pass attack, Farwell definitely took a beating in the first two quarters.

A pass combination, Brock to Kelly, racked up the first score for Bovina in the first play of the second quarter, and Brock booted the ball between the uprights to add another two points.

Again in the same period a pass clicked for Bovina. Ross heaved a long one to Brock, who was standing on the Farwell 5, and as Williams dashed in front of Brock, trying for an interception, he missed the ball and left the receiver wide open for a short dash into the end zone. The try for placement was blocked by Sheets, Farwell center, who took the pigskin squarely in the chest.

But the last two periods told the story, and they belonged to Farwell. Suddenly galvanized into action by Summers' brilliant run, the Steers proved that they could come from behind, and did so with gusto. After Summers' initial touchdown, Ford, who had been hurt earlier in the game, went in and put a placement kick true for two points, to put the score at 14-8, Bovina.

Farwell got off a weak kick but held Bovina shortly on downs, shaking Summers loose again for a 40-yard run. On

the next play, he fell into the end zone as the ball suited from his hands and Bovina recovered, to take over on their own 20.

Thomas and Queen did nice work in the third period, with Thomas stopping a touchdown drive by intercepting a Bovina pass, while Queen did the same thing to the Steers just a few plays later. Bovina then managed to drive to the 13, where Farwell dug in and held them for downs, but the Steers were unable to get going, and Booth kicked out. Bovina was stymied, and again the ball went over to Farwell.

A quick dash by Summers rushed the ball to the 25, and the next play saw the Steers "whizzeroo" pass work beautifully, as Robertson heaved to Williams, who stepped off down the field with not a man near him. Ford tried for conversion, but the pass came high from center, and his attempted dropkick went outside. The game was then tied, 14-14.

And then the Steers broke loose as they went into the last stanza, scoring three touchdowns in quick succession, and banging Bovina back on their heels when the Mustangs tried to head goal-ward.

The identical play that scored Williams in the third put him over again in a 50-yard gallop, with no extra point. A few minutes later, Robertson broke out and scampered past end for 35 yards, winding up in pay dirt, and the last touchdown of the year came after Thomas intercepted another Bovina pass and put Farwell in possession on the 40, from where Summers took over to score and Ford added two more points on placement.

Brock and Looney did most of the ball carrying for Bovina, but Ross played a heads-up game in the backfield. The Farwell team split up honors, with all backfield men doing ball carrying, Summers starring, and Booth, Thomas, Sheets and Hart showed up defensively.

**Miss Ford Is Sweetheart**  
Coronation ceremonies for the football sweetheart were held during the half, with Miss Maxine Ford, of the sophomore class, being crowned by Co-Captains Bobby Hart and Don Williams, in a colorful setting of Pep Squad girls clad in the blue and white colors of the school.

### GETS HAND MANGLED IN POWER SAW

J. C. (Jim) Hughes is in a Clovis hospital, receiving care for a badly mangled right hand. The accident occurred last Thursday afternoon while he was operating a power buzz saw at the Houston Bros. Lumber Co. in Texico.

He is reported to have lost his thumb and the first two fingers of the right hand when he was caught in the saw. E. M. Roop, manager of the yard, said he was standing near when the accident happened, but neither he nor the victim could explain how it occurred.

Hughes pulled the switch of the motor and turned to Roop before notifying him of the accident. He was reported to be suffering considerably the first of the week, otherwise his condition was described as good.

### Funeral Rites For J. E. Vaughan Held

Funeral services for J. E. Vaughan, who died on October 24, were held last weekend at Lazbuddy, with Rev. C. A. Lorts, of Clovis, in charge.

Vaughan was born at Cleaville, Mo., on February 8, 1878 and was 67 years of age at his death. At the age of 21 he joined the Church of Christ and was an active member for many years.

He was married on Nov. 1, 1900 to Annie Beckham, and to the union nine children were born, all surviving Mr. Vaughan.

His sons include Walter, of Frederick, Okla.; Charles, U. S. Navy, San Diego; Cecil, U. S. Navy, New York; Edgar of Frederick, Okla., and Theron, of Dallas. His daughters are Mrs. J. L. Shuping, Sunray, Tex.; Mrs. Willie Steinbock of Muleshoe, Miss Tomalene of Muleshoe; and Mrs. Raymond Treider, Friona. His wife survives, as do 11 grandchildren and three sisters, Mrs. T. F. Spurgeon, Frederick, Okla.; Mrs. Emma Hume, Muskogee, Okla.; and Mrs. Walter Hussman, St. Louis, Mo.

The Steed Mortuary was in charge of burial rites.

### JOINS AIR CORPS

Erwin W. Schwede, son of Mr. and Mrs. Walter Schwede, left Clovis, Tuesday, for El Paso for his assignment after enlisting in the Army Air Corps.

### TO OUT-OF-TOWN SUBSCRIBERS

Under new policy, a charge of 10c is made for change of address. Please include this when you notify us of such change. Otherwise, The Tribune will not be forwarded to new addresses.

**DISCHARGES LISTED DURING WEEK**

The following discharges have been filed at the office of the county clerk since Wednesday of last week:

T-Sgt. Raymond D. Jasper was released at Camp Fannin, Texas, on October 16th. He has campaign stars denoting action in Tunisia, Naples-Foggia, the Rhineland, Northern Apennines, Sicily, Rome-Arno, Southern France, and Central Europe. His medals include the American defense, good conduct, distinguished unit badge with one oak leaf cluster; the EAME ribbon, and an unusual distinction, the Croix de Guerre, presented by France, and the first to be recorded locally by a veteran of World War II. Jasper was in service 3½ years, and spent 2½ overseas.

Sgt. Wm. J. Banks was discharged on October 20th from Ellington Field, at Houston. He served in the Central Pacific for 2½ years; has the A-P ribbon and good conduct badge.

A member of the 274th infantry and a light machine gunner, Pfc. Lee R. Mason was discharged at Fort Sam Houston on October 19. He has the EAME ribbon with two stars, the Rhineland and Central Europe, and the Asiatic-Pacific ribbon with one star, Aleutians; in addition to the good conduct medal. He was in service in the States for one year, out of the States for 2½ years.

S-Sgt. Onis H. Whitefield received his discharge at Fort Bliss on October 25th, holding the A-P ribbon with one campaign star (Eastern Mandates) and the good conduct ribbon. He wears service bars for 2 years overseas, and was in the army for three years. Discharged from Camp

Claiborne, La., on October 12, S-Sgt. Sidney T. Erwin was a member of the 349th Infantry while in service. His EAME ribbon has three stars, the Po Valley, Rome-Arno and Northern Apennines campaigns; he also has the good conduct medal. He served 1½ years overseas and one year in the States.

Marine Platoon Sergeant Sam J. Justice was a busy man during his tenure overseas, taking in the campaigns at Iwo Jima, Bougainville, Guam and the Marianas. He was injured at Iwo on last Feb. 28th, his records show. Justice was released at Bremerton, Wash., October 5th. He enlisted in February 1942.

Seaman 1-c Leroy Smith has his discharge from the Coast Guard, being separated at St. Louis, Mo., on October 27. Other than duty in the States, he served with "Navy 103" and on the USS Abilene. He entered the Coast Guard in October 1942.

Pfc. Melvin R. G. Wiley was discharged on October 21, at Fort Sam Houston. As a member of the 393rd Infantry, he served in the Ardennes, and Rhineland. He wears the combat infantryman's badge and the EAME ribbon. In the States 2 years, he spent 9 months out.

S2-c S. E. Vaughn, of the Navy, was released on October 23rd from the separation center at Norman, Okla.

**Texas Plains May Have Vital Information**

AUSTIN—The Plains of Texas may be the source of highly important information on fossil bison and contemporary Indian hunters, Dr. E. H. Sellards, director of the Texas Memorial Museum on the University of Texas campus, believes.

Dr. Sellards announced to Hale countyans recently that one of the most important of extinct species of bison has been found near Plainview, and that further excavations will be made as soon as adequate funds accrue.

A distinctive spear, termed by the geologists as the "Plainview" spear, was found with the fossil bones, and other man-made objects, such as flint spears and flint scrapers were found in the fossil bed.

"The new locality in Hale county is of outstanding importance as compared to others heretofore known," Dr. Sellards said. "Such discoveries are rare, and it is of the greatest importance that this one be fully investigated."

Working with the Bureau of Economic Geology of the University, Dr. Sellards and his associate found the fossil bone bed at the bottom of an old stream valley, under about 12 feet of valley fill. It was unearthed when a pit was opened to secure road materials.

"The bone bed consists of bison skeleton on bison skeleton to a thickness of one to one and a half feet," he said. "Above all, the find is the priceless and unique record of the hunting habits and equipment of early big game hunters in Texas."

He pointed out that it is important from the scientific viewpoint to study the fossil bison that was being hunted, in order to determine the range in size and variation in specific characters, and to recognize this species when found elsewhere.

"We need also to determine the place of the fossil bison and the human relics in the geologic time scale. This will require observation of other localities to determine their geological relationship to the new industry."

**REA EXTENSIONS ARE PLANNED FOR FUTURE**

Electric service will be extended to many additional farms in five counties during the next year, Glenn M. Ezell, manager of the Bailey County Electric Cooperative Association, announced as the co-op entered its seventh year of operations. These families getting service for the first time, as well as many now served, will be in the market for all kinds of electrical household appliances and farm equipment.

Relaxation of wartime regulations since the end of the war in Europe has made it possible for the cooperative to proceed with its delayed construction projects, according to Ezell. About 80 consumers have received service on lines completed since V-E day, and

REA loan funds have already been allotted will be rushed to completion as rapidly as materials can be obtained.

"In addition to construction now underway or approved," he continued, "we are making surveys for projects which, upon completion, would put almost every rural family in our area within easy reach of our lines. We expect, within the next three years, to extend service to approximately 350 consumers who are not now served, if the required funds can be obtained."

The cooperative put its first 187 miles of power lines into operation in Bailey County on November 10, 1939. The first lines served only 127 consumers. In six years, the power system has grown to 486 miles to Ezell. About 80 consumers have received service on lines completed since V-E day, and

Ezell anticipates a great demand for water pumps, bathroom installations, new refrigerators, or quick-freeze units and other farm equipment, as well as for radios, washers, vacuum cleaners, and toasters, fans, irons, and other small appliances.

The Bailey County Co-op has been allotted loans of \$336,000 by the REA to finance its lines and other facilities. It has drawn advances of \$327,225.73, leaving a balance of \$8,774.28 of allotted funds to finance construction now underway. It has met all its obligations in making contracted interest and principal payments on REA loans, and in addition has paid \$4,894.58 on principal in advance of due dates, as a cushion of credit in preparation for larger loan amortization and maintenance requirements in the future.

**SELECT CORN CAREFULLY IN HOMINY MAKING**

COLLEGE STATION—Hominy-making time is here again and a few hints on selection of corn for hominy will help the homemaker in getting a better product, says Gwendolyn Jones, specialist in food preservation of the Extension Service. Since hominy is an economical source of carbohydrate, or energy food, and has some protein and a small bit of iron and calcium, it is a popular and valuable addition to the diet.

Corn with large flat kernels is best for hominy because the broad type requires less time for lyeing. White corn makes a whiter and more attractive hominy, but yellow corn may be used. Surecrapper, Chisholm and White Hybrid are suitable Texas varieties, and Stowell's Evergreen is a good sweet corn for making hominy. Tuxpan is especially suitable to the Gulf Coast area, while Hickory King is used by most commercial canneries making hominy, Miss Jones states.

Kernels should be uniform in size. That means that butts and tips of ears which are usually off-shape should be left out. New corn which has dried in the field under normal weather conditions is best. If it is too dry it takes too long to remove hulls, and the starchy portion of the kernel is burned by the long lye treatment.

Detailed instructions on how to make hominy may be obtained by writing to the Extension Service, College Station, for bulletin 360, "The Hows and Whys of Hominy".

**Feather Pillows Can Be Laundered**

COLLEGE STATION—Many families are just getting over fall colds and flu, and that brings up the question of airing the beds and pillows. It will be good news to homemakers to learn that feather pillows may be washed.

Feather pillows may be washed with feathers in them, according to Mrs. Benrice Claytor, specialist in home improvement. Or feathers may be removed from the ticking, put in a large muslin bag, and washed separately.

Whichever way they are washed, the method is the same. Warm water with lots of suds is needed, and washings should be done with a weak washing soda solution. The pillows may need to go through another suds, and then through several lukewarm rinse waters. "When the

washing job is done," says Mrs. Claytor, "squeeze the water out, and let the pillows dry in warm air and in sun, if possible. During the drying process, lightly beat the pillows two or three times so they will be fluffy."

If the feathers and ticking are washed separately, a good stiff starch can be applied to the inside of the ticking with a sponge or soft cloth. This starch will act as a coating so the feathers won't work through, Mrs. Claytor adds.

Today's style trend: She went out for a hat and came back with a sailor.

**Homecoming at WT On November 3rd**

CANYON—November 3 has been designated as Homecoming Day at West Texas State.

It will not be a carnival occasion such as took place at pre-war homecomings. The revival of this tradition awaits the return of a larger number of military service personnel.

The program for November 3 includes a marching contest for 15 or more high school bands, starting at 1 p. m., and a football game between West Texas State and Dalhart Army ion.

Air Field, beginning at 3 p. m. Evening events will include coffees and teas by campus clubs and one or more dances.

Over 200 requests have already been received by the University of Texas Bureau of Business Research for copies of the new Directory of Texas Manufacturers, to be published in the spring of 1946. Over 5,000 manufactured products will be listed, and indexed according to towns and products.

Texas was by far the leading grain sorghum producing state in the Un-

Mr. and Mrs. Johnny Ginnings and son visited in the Lazbuddy community, Sunday.

Mr. and Mrs. Eddie Redden and Joy visited relatives in Clovis over the weekend.

Mrs. Bedford Caldwell was hostess to the Friday club, with Mesdames Turner Paine, Tom Lindop, J. I. Jones, Bill Hubbell and Lester Vincent in attendance.

Visitors in the Ed Meeks home last week were Mrs. Bud L. Maeffe of San Angelo; Walter L. Ray of San Angelo; and Lt. H. E. Little of Hobbs, and Mrs. Little of California.

Buy bonds every pay day!

**Football Receipts Total \$319.95**

Total ticket and gate sales for the just-concluded football season at the Farwell school went to \$319.95 which is quite a boon to the depleted athletic fund of the school.

Coach Jack Williams reported that the majority of the money came from the sale of season tickets, but a good outside gate was on hand the past Friday, for the last game.

In addition to this money, the junior class of the school has advised that all money in excess of \$175, which was taken in on the queen contest last week, will be placed in the athletic fund. This will amount to roughly \$225, since balloting for the queen honor netted over \$400.

Wanted—Wheat pasture for 50 head calves. C. E. Foster, 1100 Prince, Clovis. 51-3tp

**OUT OF SIGHT OUT OF MIND**

OUT OF SIGHT Out of Mind — that's the state of affairs between most gas consumers and the apparatus which brings gas to the home. When you light your gas stove, you have an instant flame. Your gas water heater is always filled with hot water. Your gas refrigerator stays as cold as an Eskimo's nose, so, naturally your thoughts about gas service don't go outside your home.

But unseen, underground, beneath your house, beneath the sidewalks and streets, across the open country — there are miles of pipelines filled with gas, flowing steadily day and night to heat your home, cook your meals, run your refrigerator, and provide hot water. You don't need to think about these pipelines. Your Gas Company does that. Foot by foot and mile by mile the Linewalker follows the lines, watching the ground for signs of trouble every step of the way. And always on the job to take care of any trouble is a competent service crew. All of this and much more is behind the faithful gas service provided by Southern Union Gas Company.

## MISS SYBIL HAM CROWNED GOOD CROWD AT ME CARNIVAL QUEEN, 26TH WEEK OF PRAYER

Miss Sybil Ham, representing the senior class, was crowned queen of the annual Hallowe'en carnival, held the past Friday night at the Farwell school, before an assemblage of several hundred persons.

Queen Sybil ascended to the throne on the arm of King Billy James Moore, with young Misses Elaine Summers and Sonya North as the trainbearers, and young Sam Pool carrying the royal purple pillow on which rested the crown.

The coronation ceremonies were held on the stage of the auditorium, in a beautiful fall setting. Miss Tommie Randol was at the piano for the entrance of the royal party. Members of the Court of Honor were Princesses Bertha Gast, La Moin Jones, Athalee Evans, Maxine Ford, Jo Ann Williams, Mary Ruth Petree, Peggy Cummings, Hazel Petree and Joan Allison; and Princes Sam Young, J. W. Herington, L. C. Herington, Harry Sheets, O. L. Thompson, Warlick Thomas, Herman Gerles, Don Ford and Carey Joe Magness.

Bob Loe served as announcer, introducing members of the Court, and Max Ford was the messenger, presenting to Queen Sybil a lovely bouquet of chrysanthemums.

Crowning of the queen climaxed an eventful evening at the school, with all carnival booths doing capacity business during the evening. Practically all types of entertainment typical of Hallowe'en were arranged for visitors, with the hawkers crying their wares amid a bedlam of noise-making and confetti throwing.

All sponsors of booths today extended public appreciation of those who had assisted in making the carnival a success, and the PTA group particularly thanked the school mothers who donated pies.

## COUNTY SCHOOL HEADS HAVE STEAK DINNER

On October 23, superintendents of Parmer County high schools were present at a gathering held in the Farwell homemaking department, at which time a steak dinner was served.

Seated were W. O. Cherry, of Bovina; J. M. Baker of Lazbuddy; C. D. Holmes of Friona; Supt. Roberts of Oklahoma Lane; Judge A. D. Smith, and H. A. Clift of Farwell.

Miss Ann Nabors supervised the meal planning, and it was served by Doris Stovall, Tommie Meeks, Dorothy Evans, Velma Threet, Joan Allison, Alta Norton, Mildred Nettles.

## VISITORS HERE

Capt. and Mrs. Richard C. Rogers, of Washington, Ind., and Lt. and Mrs. Bill Roberts, who have been visiting in other parts of Texas, arrived last week for a visit in the M. C. Roberts home. Lt. Roberts and Capt. Rogers went through Air Corps training together, and both have been discharged. Rogers served in the Pacific, while Roberts was a German prisoner for two years.

Nice crowds were present at both afternoon and evening services held at the local Methodist Church, the past Wednesday, when the ladies of the Church sponsored the annual Week of Prayer program.

The Woman's Society of Christian Service was in charge of the afternoon program, and Mrs. Roy B. Ezell was in charge of quiet meditation at the opening hour.

Mrs. B. N. Graham spoke on the Newark Hospital at El Paso, which is for Spanish-American people and supported by the WSCS, and the life of Deaconess Johnson, who devoted a lifetime of work to Methodist settlement houses, was discussed by Mrs. Chas. Walker. The support program for active and retired deaconesses was reviewed by Mrs. W. H. Graham.

Mrs. Frances King, president of the Wesleyan Guild, directed the evening program, which was held after a fellowship supper, spread in the parlor of the church.

Mrs. C. M. Henderson gave a vocal solo, with Mrs. W. W. Vinyard at the piano, following which Mrs. King presented Rev. Charles Walker as the speaker of the evening.

His subject dealt with the missionary work of the church particularly that sponsored in Africa. B. N. Graham led the group in prayer.

Officials announced that more than \$40 was received in offerings, which is used to carry on the missionary work of the church.

## PIANO RECITAL GIVEN SUNDAY AT CHURCH

Patriotic numbers, classical selections, modern compositions and old favorites made up the program of a piano recital given Sunday afternoon at the Methodist Church by students of Florence Milwee Vinyard.

Appearing at the piano were Nancy Ann and Mary Belle Aldridge, Mariella Dooze, Violet Curry, Claude Rose, Jr., Darlene Kay Sprawls, Ann Whitley, LaVon Jones, Anita Fern Brown, Betty Lewis, Merelyne Morris, Agnes Meissner, Peggy Joan Hardage, Robert Newton King, Celia Dell Frances, Peggy June and Emma Jean Rogers, Nancy Jean Clift, Jeanine Singletery, Marjorie Whitener and Beryl Brown.

Readings were given by Robert Newton King, Claude Rose Jr., Merelyne Morris, Nancy Jean Clift, and Mariella Dooze and Darlene Kay Sprawls sang a vocal solo. The invocation was given by Rev. Charles S. Walker.

## RETURN HOME

Mr. and Mrs. C. F. Kaltwasser departed for their home at Caldwell, Texas, Monday, after spending a few days visiting in the home of his brother, J. A. Kaltwasser and family, of near Lariat.

Rev. and Mrs. Roscoe Trostle, of Bovina, announce the birth of a daughter, Mary Dean.

QUEEN SYBIL HAM and KING BILLY JAMES MOORE, in their triumphal march Friday night at the Hallowe'en carnival. In the background are trainbearers Sonya North and Elaine Summers, crownbearer Sam Pool, announcer Bob Loe.

## SHRINERS HAVE STEAK DINNER ON FRIDAY

The Parmer County Shrine Club entertained members on Friday evening of last week, when a steak fry was held in Friona. Attending from here were County Judge and Mrs. A. D. Smith, Judge and Mrs. John Aldridge, and Nelson C. Smith.

During the evening program, Nelson Smith spoke and a reading was given by Mrs. A. D. Smith.

## BOX SUPPER, LAZBUDDY ON NOVEMBER 2ND

The Community Club of Lazbuddy will have a box and pie supper at the school, Friday night, Nov. 2, at 7:30, in an effort to make money for the lunch room project.

At the same time, a group of Friona people will visit, to acquaint the Lazbuddy area with plans for the Parmer County Community, and the Friona high school band will give a concert at 7:30.

All citizens of the Lazbuddy community are urged to attend.

## SONG SERVICE HERE SUNDAY, NOV. 4TH

The regular first Sunday song service conducted by the Churches of Christ of this and surrounding communities will be held at the local church on Sunday, November 4, at 2:30.

Minster L. C. Cox, in making the announcement, extended a cordial invitation to all local singers to join in the afternoon program.

## IN GRAHAM HOME

Benton Graham is spending this week in the home of his parents, Mr. and Mrs. B. N. Graham, enroute to Cacuta, South America, where he will rejoin the Socony-Vacuum Oil Co. He has been in the States for over a year. Mrs. Graham and daughters will join him in South America in a short time.

## FATHER-SON BANQUET ON NOVEMBER 9TH

The date for the annual Father-Son Banquet of the Farwell FFA chapter has been set for November 9th, Robert Morton, supervisor, reported the first of the week.

Morton added that the boys planned to present the program themselves, with no outside speaker invited.

## CARTERS VISIT HERE

Mr. and Mrs. J. T. Carter and children, of Lubbock, were in Farwell, Friday, attending the football game and carnival and visiting friends. They are former Farwell residents.

Mrs. Jewell Dean Whitehurst, daughter of Mr. and Mrs. Floyd Francis, arrived on Tuesday morning from San Francisco, for a visit with her parents.

## Conference Held At Bovina ME Church

The Bovina and Oklahoma Lane Methodist churches met in their fourth and last quarterly conference for this year, last Sunday. Rev. Roscoe Trostle, pastor, and the lay delegate, E. A. Derrick, will leave for Annual Conference at Abilene on November 7.

It was doubly interesting to have the visitors from Oklahoma Lane with each group and all enjoyed the meeting. Mrs. Tom Foster made several very interesting suggestions as to future plans and the Intermediates are interested in finding "pen pals" among the children at the Home in Waco.

At 7:45 the preaching service opened and after a song and prayer, Dr. Earl G. Hamlett, district superintendent, of Amarillo, brought a very helpful message on "Prayer".

Reports to the Quarterly Conference showed that this has been a fine year in both churches. There have been 16 additions, 12 on profession of faith, and six young people have surrendered for special service. Two young men, Jim Wilson and Ray Hart, were recommended for license to preach.

Reports show that there was over \$4500 handled through the budget this year, besides the new church building fund at Bovina.

Mack Nobles and son, Edward, of Amarillo, spent last Thursday with Mr. and Mrs. E. E. Nobles, in Farwell. Edward, a member of the Air Corps, is home on furlough before overseas assignment.

Mr. and Mrs. W. H. Graham were in Amarillo, Thursday, attending business. Mrs. Graham was present at installation services for new officers at the Grand Chapter of Eastern Star that evening.

## RETURNS TO HOME

Mrs. Augusta Carson, who had spent a week here as guest of Mrs. Anne Overstreet, left Saturday for her home in Kansas City. On Thursday, Mrs. Carson, Mrs. Overstreet, Mrs. H. Y. Overstreet and daughter and J. D. Hamlin visited in Amarillo.

## HERE FROM FIELD

Mr. and Mrs. Claude Thomas and daughter, of Field, N. M., spent the weekend visiting in the Albert Thomas and Buck Bradshaw homes. They formerly made their home in Farwell.

Mrs. Anna Henry was a local representative at Grand Chapter, OES, in Amarillo, on Wednesday.

Miss Marie Barnes spent last weekend visiting her parents, Mr. and Mrs. T. O. Barnes, now living in Roswell.

Mrs. Grace Sanders, of Hereford, was a weekend guest in the home of Mr. and Mrs. A. D. Smith.

ART2-c and Mrs. Lee H. Kimmons announce the arrival of a son, Max Dwayne, on Oct. 24th. Mrs. Kimmons is the former Alta Lou McDaniel and she and baby are now at the home of her mother, Mrs. W. H. McDaniel of west of Texico.

Mrs. Jimmie Leftwich and Mrs. B. O. Faville were visitors in Amarillo, Wednesday.

Karl Gast returned the past weekend from Illinois.

# The Yucca

BOVINA HIGH SCHOOL

## SENIOR NEWS

The clas really worked hard on the carnival, Saturday night. They had charge of the fortune telling booth, bingo stand and duck throw, and made a profit of \$139. They wish to thank each individual or firm that donated gifts, which helped make the carnival a success. The queen race became very close in the last moments between the junior and senior nominees, with the junior candidate winning.

## JUNIOR CHATTER

The Juniors had quite a time with the refreshment stands. Anyway, those hot dogs were delicious, from all reports. We were very happy to have our queen candidate, Loyce Trimble, elected queen.

## HIGH SCHOOL HONOR LIST

Patsy Ellison, Lera Dell Cherry, L. C. Wilkerson, and Clinton Tidenberg, freshmen; Rosa Lee Denney, sophomore; Martha Williams, Mary Alice Englant, Loyce Marie Trimble, juniors; Macie K. Watson, senior.

## GRADE NEWS

We have a new pupile in the 3rd grade, JeDon Bryant, formerly of Oylmpia, Wash.

## GENERAL NEWS

The Intermediate League met last week and Lois Jean read a Bible story. Then we made the books of the Bible.

Jimmy Ware is president, Audrey Boxford is secretary, Yvonne Moody is reporter.

## HALLOWE'EN CARNIVAL HELD ON SATURDAY

Bovina had a very successful Hallowe'en carnival, Saturday night. The classes of the school had charge of the entertainment booths, under the direction of John Sheets, who was greatly responsible for the success of the carnival, as well as the Bovina and Clovis businessmen, who donated gifts.

Among the many booths and attractions were fortune telling, bingo, basketball throw, penny pitch, fish pond, tunnel of love, house of horrors, picture show, house of wonders, amateur prgram, athletic display, dart throw, bean guessing, duck throw, candy walk, agriculture and grocery booths and many refreshments.

In the closing program of the evening the carnival queen Loyce Trimble, was crowned. Other queen candidates were Dorothy Rhodes, senior; Shelby Anne Jersig, sophomore; Nancy Lou Williams, freshman; and Judy Jersig, grade school. The race was very close. Loyce was escorted to the stage and crowned by

Charles Ross, with the other candidates, two flower girls and crown bearer as members of the court.

Everyone reported a wonderful time and the proceeds doubled the amount ever made before at a carnival. This will all be used to redecorate the stage in the auditorium.

## BIR ASKS FOR REGISTER OF SOME FIREARMS

The Bureau of Internal Revenue announces that certain types of firearms must be registered with the Commissioner of Internal Revenue, Washington, D. C.

In the group are firearms of the automatic type, such as machine guns, sub-machine guns, or any type from which a number of shots may be discharged by one continuous pull of the trigger.

The Bureau advises that many of these types of firearms have been brought into this country, which are not registered. Persons having such in their possession should immediately contact the Investigator in Charge of the Alcohol Tax Unit, Box 5566, BIR, U. S. Treasury Dept., 583 U. S. Terminal Annex Bldg., Dallas.

Mexico's first aerial contingent to be assigned to overseas combat duty trained at Major Field, Greenville, Texas.

## GIVE THE CHILD A GOOD STUDY PLACE

COLLEGE STATION—With children back in school, it is especially important for mothers to see that the home provides an adequate place to study. There are at least three requirements of a good study place for school children, in the opinion of Mrs. Bernice Claytor, specialist in home improvement of the Extension Service. These are good lighting, a comfortable place to sit, and a certain amount of privacy.

Two main requirements in regard to light are enough light and light of soft quality. Bulbs of at least one hundred watts should be used. These are less expensive than smaller bulbs. To get a light of soft quality a lamp fitted with a diffusing bowl should be used if at all possible. The light should be placed as close to the work as is comfortable for the student.

Wherever the child studies, he will accomplish more if his study materials are within easy reach. A desk with drawers and a bookshelf nearby is ideal but if the child studies at the dining table, for example, he should have a box to hold pencils, papers and other supplies.

It is not necessary to give the child a study place entirely away from the family, but a place which affords some privacy and a reasonable amount of quiet will aid concentration.

Schiapparelli is a Parisian dress designer.

**Health Notes**

By Texas Department of Health

AUSTIN—Because of the economic losses they cause to industry and commerce and the annoyance they create in homes, rats have been considered a serious menace to mankind since long before their role as vendors of disease was understood. Today at least six diseases are known to be transmitted to man from the rat, according to Dr. Geo.

W. Cox, State Health Officer. These diseases include the dread plague, typhus, trichinosis, a form of jaundice, tapeworm, and food poisoning. Typhus fever, in the past few years, has become a major health problem in Texas.

"It is necessary to public health," Dr. Cox said, "that a continuous rat control program be maintained in every urban and rural area throughout Texas. This is of especial importance on farms where rats may flourish by feeding on grain and other farm products."

The Doctor pointed out that rats, like other living things, require food and shelter if they are to propagate and increase in number. Destroying their shelter and breeding places includes the employing of ratproof design in buildings, employing ratproof methods of construction and installation, and providing for periodic inspection of buildings to insure permanent safety. This program will force the rat out into the open where its destruction may be accomplished.

Of equal importance as a control measure is the elimination of all food supplies. This consists of storing all foods in ratproof containers,

the proper storage of garbage in closed containers until disposal, and careful feeding of stock to prevent waste feed from being picked up by the rats.

By observing these control measures, the community will benefit not only in the eradication of a nuisance and economic menace, but in improved health conditions and the certain decrease in the incidence of typhus which, alone, would make the control program worthwhile.

A saddle made in Austin in 1850 has been presented to the Texas Memorial Museum by Tom B. Walling of Austin.

TO Mary Jane Marsh, a widow; George H. Marsh and Ewing Walling, and the Unknown Heirs, assigns and legal representatives of Mary Jane Marsh, George H. Marsh and Ewing Walling, defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of November, A. D. 1945, then and there to answer Plaintiff's Petition filed in said Court, on the 6th day of October, A. D. 1945, in this cause, numbered 1333 on the docket of said court and styled C. F. Loflin, Plaintiff, vs. Mary Jane Marsh, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Plaintiff, C. F. Loflin, alleges he is owner of all of Block 10 of the original town of Friona, Parmer County, Texas, and that he claims said land under the 10-year statute of limitation, and he pleads further that he and his predecessor in title have been in actual, visible, open, notorious, continuous and uninterrupted possession of said land, using and enjoying the same for more than 10 years next preceeding the filing of this petition, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 6 day of October A. D. 1945.

Attest: D. K. ROBERTS, Clerk, Dist. Court, Parmer County, Texas.  
By DOROTHY LOVELACE, Deputy  
(SEAL) 48-4tc

Citation By Publication The State of Texas To: J. R. Meason and Mrs. J.

R. Meason, and the unknown heirs, assigns and legal representatives of J. R. Meason and Mrs. J. R. Meason, defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Parmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 10th day of December A. D. 1945, then and there to answer Plaintiff's Petition filed in said Court, on the 23rd day of October A. D. 1945, in this cause numbered 1337 on the docket of said court and styled James D. Hamlin, plaintiff, vs J. R. Meason, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff alleges that on or about March 1, 1920, J. R. Meason and Mrs. J. R. Meason, being then and there the owners in fee simple of

Lots Seventeen (17) and Eighteen (18), Block forty-two (42), of the original town of Farwell, Parmer County, Texas, made, executed and delivered to James D. Hamlin for a valuable consideration a General Warranty Deed, which General Warranty Deed was signed, acknowledged and delivered and title to said land passed to James D. Hamlin, and that said deed is lost and there is no copy of said deed available and that the purpose of this suit is to recover title and possession of said land and to remove the apparent cloud from the title, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and

PROOF OF THE PUDDING is shown in the shot of Don Williams, as he received the baffling "whizzer" pass from Robertson and headed goalward for the Steers, with not a single Bovina man on his side of the field.

**Brackets Drawn For Softball Tourney**

Brackets for the senior boys and girls softball tournament, to be played at Ranchvale on Saturday of this week, have been received by the Texico coaches.

The boys open their schedule against Grady at 12 o'clock. If winning, they meet the Pleasant Hill-Melrose top team at 3 o'clock. The upper bracket puts Field vs. Rosedale, with the winner to meet Ranchvale, in one bye, and the two bracket winners meet at 4:30 for the final game.

The Texico girls open the tournament by playing Melrose (whom they previously defeated), at 9 o'clock. If they come through, their next clash comes at 1:30, against the Ranchvale-Rosedale winner. Grady and Field play at 12, with the winner playing Pleasant Hill at 3, and the bracket winners staging the finale at 4:30.

All time given above is Central Standard.

**Improvements Slated For Farwell Gym**

Announcement was made today that basketball aspirants at the Farwell school would spend this week doing improvement work about the gym in preparation for the coming cage season.

New goals were purchased last year by the senior class,

and they will be mounted this week, in addition to improvement of dressing room and locker room facilities. Coach Jack Williams said that he had secured gym shoes for a large majority of boys who will enter the basketball tryouts.

**Boys Win, Girls Lose In Softball Games**

Winding up the season on their home field the past Friday afternoon, the Texico boys tumbled Grady, 10-3, while the local girls were not so fortunate and went down before the visitors, 14-7.

Coach C. E. Sanders reported that his boys were in good shape for the game and went right along, with Pearce banging out the only homer of the afternoon. Freeman did some nice fielding work, and Baker pinned the Grady players so closely that they never managed to steal a base. Pettigrew on third, was the best man for the visitors.

The girls, doped to take their game, dropped behind when May, shortstop, was out of play, and were never able to hit their stride, Coach Tom Hudson said today.

Green, a surprise sub on second, turned in a good game, and is slated for that berth on Saturday when the teams go to Ranchvale for a tourney.

The first German Colony in Texas was established at the present site of industry in Austin County in 1842.

**LOCAL SOLDIER VISITS HITLER'S HIDEOUT**

Revealing that he had the unusual experience of visiting Hitler's hideout while with the 9th Division in the European Theatre, Sgt. Wayne London, son of Mr. and Mrs. W. T. London, arrived home Monday, having been granted his discharge at Fort Bliss, Tex. "We hit the beach at D-Day plus two, and it was plenty rough," London recalled, but added that his toughest engagements came in the Saar Basin country. "We had been in actual combat for 200 days when General Patton sent word he was going to give us a rest and we pulled back, only to be thrown into the Belgium Bulge campaign after a four-day breather," he said.

London spent 18 months overseas and saw service in France, Czechoslovakia, Austria, Luxembourg, Germany and England. He told of being in the liberating army that stormed one of the German concentration camps, located northwest of Nuernberg.

"There I saw shoes oiled in large ricks—any amount you would want to estimate—taken from victims who had been cremated in the camp."

After V-E Day, London was assigned to the Army of Occupation, where he spent three months. It was while he was on that job that he obtained a 7-day pass and went to visit Hitler's hideout. He is firm in his belief that Hitler is still alive "and may be in the United States, but more likely in South America".

London is wearing the good conduct badge, five battle stars on his ETO ribbon, the combat infantryman's medal and the badge of unit meritorious service.

**Deer Hunters Getting Equipment Ready**

Judging from present indications, Texico-Farwell will be well represented in the wilds of New Mexico when the big game season opens in that state on November 10th.

Heretofore, most of the hunters have been business men with only a few farmers being represented. This year, however, many of the farmers who have no crops to gather this fall are beginning to wonder where they might borrow a gun and get hold of some ammo.

A checkup reveals that most of the local hunters are going back to their favorite hunting grounds—the Black Range, while others are planning to pitch their camps along the New Mexico-Arizona line. Still others will head for the Upper Pecos around Santa Fe. But a number of the nimrods will remain at home, and hope their friends have good luck in order that they will be remembered with a mess of venison.

**Interest Evidenced In Conservation Plans**

County Agent Lee McElroy reported today that considerable interest was being evidenced by Farmer farmers in securing a Soil Conservation district for the county, and added that he expected such a district to be formed.

**GRADE BOYS LOSE**

In their first game of the county grade softball meet, the Texico boys went down before Grady, the final score 7-12. Coach B. A. Rogers placed the defeat to inexperience on the part of his players.

Alonzo Garcia, recently of San Antonio, is opening a small Mexican cafe in Texico and will serve Mexican dishes to the public. Garcia says he is an experienced cafe operator and cook.

**SECOND BECK—**

(Continued from Page 1) the first time in their lives they had Americans under them, and were really making the most of it."

While in Japan, the former Texico boy worked in a steel mill, one of the largest on the island and added, "when we were liberated, that steel mill and the hospital were the only things left standing between there and Yokohama . . . and I don't see how they missed the mill."

Here brother James put in a word for the American intelligence, saying, "I don't see how they knew where we were . . . and managed to miss us with the bombings."

Although he can't remember the exact date when he learned the war was over, Rooster said, "That was a great day. The Marine that was in charge of us came in and said he had a 'great responsibility' and while he never did say the war was over, he wanted us to stay in line until the Americans could arrive. We did and it was a wonderful experience when the 6th Army came in. We had an official flag raising of Old Glory, a flag the boys had made there in camp (where they got the materials I don't know) . . . and there were plenty of the men who cried as the flag went up."

As for food, Sgt. Beck said that rations were mostly rice,

and little of that, with occasional servings of fish and some fresh vegetables, principally greens with a rare tomato and some Bell peppers. "We never got much Red Cross rations, the Japs stole them. . . but I was the hungriest for sweets, meat and bread," he said. "It took me about three weeks to fill up on tropical chocolate—and I haven't wanted any of it since," he said ruefully. His weight when released was near 98 pounds, but at the time of his visit he was close to 160, though he has to be very careful of what—and how much—he eats.

William Beaumont hospital, and added, "I'm not making any plans till I get my stomach in line again."

**Another Brother Coming**  
The third of the boys, Sgt. H. L., who is now in Germany with the Acorn Division, has written that he expects to be home in a few weeks, thus completing the family circle.

Probably he will join in the constant argument that goes on between James and Rooster concerning the treatment of the Japs. James believes they should be helped with food and clothing, as well as housing, while to Rooster, the only good Japs are "six feet under the ground".

**COST OF THIS SWITCH - LESS THAN A DOLLAR!**

**But IT TAKES HUNDREDS OF EMPLOYEES TO MAKE IT WORK**

Seems like a little thing—your electric wall switch. It's one of the least expensive permanent fixtures in your home. And it works so easily, you don't give it a thought.

But what is behind that wall switch? First, there is the hard, sincere work of nearly a thousand employees in your Public Service Company who are on the job day and night to furnish you with cheap, dependable electric service. Also, stop to think of the millions of dollars invested in equipment—power plants, transmission lines, sub-stations, poles, insulators.

Yes, your electric wall switch is a small thing but it takes a lot to make it work for you.
