

### Breaks Two World Records

Speed flyer Jacqueline Cochran stands in front of the Canadian-built P-86 Sabre jet in which she has broken two world records at Edwards Air Force Base, near Los Angeles, Calif., by flying around a 12 pylon course at an average speed of 552.37 miles per hour, the Air Force announced. She shattered the women's jet speed record of 535 mph held by Mme. Jacqueline Aurion of France and the all-time jet record for the 100-kilometer course of 635 mph, made by Col. Fred Ascani of the U.S. Air Force. (AP Wirephoto).

## Demos Planning Battle To Halt Foreign Aid Cut

By JOE HALL  
WASHINGTON (AP)—Two Democratic senators said today they would fight vigorously any attempts to cut the Eisenhower administration's \$3,500,000,000 foreign aid program for next year.

The senators, Humphrey of Minnesota and Sparkman of Alabama, both serve on the Foreign Relations Committee, which has virtually completed its hearings on the measure to authorize the mutual assistance program for the new fiscal year starting July 1.

Humphrey predicted in an interview that all seven Democrats on the committee would support the bill.

The group's chairman, Sen. Wiley (R-Wis.), also has indicated he will back the full sum sought by President Eisenhower although he would not predict what his committee finally will decide.

Wiley said he thought the administration had made out a good case for the bill.

Sparkman said the administration has been emphasizing it already has cut the program to the bone in lopping off \$1,800,000,000 of the \$7,000,000,000 asked by former President Truman.

"I am afraid they may have to cut into the bone," the senator said.

Humphrey said the proposed program is "the minimum needed for the nation's security" and that "I will support it to the full extent of my ability."

Both senators agreed that the final action on the bill, Gen. Matthew B. Ridgway, Allied commander in Europe, had strongly bolstered the case for the approximately \$3 billion dollars of aid to Europe contained in the measure.

Ridgway told the Senate committee yesterday a "go-it-alone" policy would "invite definite national disaster" for the U. S. in Europe. "I relax our efforts now," he said, "would best to lose the momentum we have so laboriously gained."

UN Infantrymen Beat Back Reds  
SEUL (AP)—U. N. Infantrymen fighting with knives, bayonets, grenades and rifle bullets today chopped down more than 200 of 300 Red soldiers who battered their way into an Allied outpost in Western Korea.

An Eighth Army briefing officer said 45 Chinese were killed, 33 probably were killed and about 130 were wounded in the bitter 25-minute battle for Dupont Yoke at the base of Y-Bone Hill.

U.-S. Sabre jets scored Northwest Korea without finding a Communist MIG.

Allied fighter-bombers struck at Communist supply areas across the narrow waist of North Korea, destroying buildings, supply dumps and trucks and crating roads and railroads.

Marine fighter-bombers from the escort carrier Bairoko dumped bombs and blazing napalm on Red positions southwest of Haeju on Korea's west coast.

Fourteen Okinawa-based B29 Superfortresses dumped 140 tons of bombs on a sprawling supply area nine miles west of Sinaju in Western Korea. An Air Force spokesman said the center contained at least 365 buildings and 500 supply stacks. Darkness made an accurate damage assessment impossible, he said.

Carrier-based planes flattened 202 buildings on the east and west coasts of Korea Tuesday, the Navy announced.

Planes from the carriers Boxer and Philippine Sea hit the Pukchon, Songjin and Wonsan areas on the east coast. Marine planes from the Bairoko struck the Haeju Peninsula in the west.

Gen. Matthew B. Ridgway, SHAPE commander, appears on the witness stand in Washington before the Senate Foreign Relations Committee to plead for continuation of the Mutual Security Act and further extensive aid to Europe. (AP Wirephoto).

Testifies  
GIFTS, to help victims of the San Angelo and Waco disasters continued to come in Wednesday, and the local fund had reached \$2,254.76.

Contributions will be accepted for only a few more days, since funds should be sent on to proper authorities in the two cities. Checks should be made to DISASTER RELIEF FUND and sent either to the Herald, the Red Cross, or the First National Bank for acknowledgment. Funds will be sent to Waco or San Angelo as the donor specifies.

People who have not given will have an opportunity to help boost the fund by attending a midnight show at the Ritz theatre Saturday at 11:30 p.m. The Ritz and members of its staff are donating all costs and services, so that entire proceeds will be turned over to the relief fund.

The fund standing today:

Mr. and Mrs. H.O. Brown	\$20.00
Loyd Branon	50.00
Mrs. R.V. Guthrie	10.00
A.K. Lebkowsky & Son	100.00

## LANDS IN DENMARK

### Newer Type MIG Is Flown To West

RQENNE, Bornholm, Denmark (AP)—Another Polish pilot crashed through the Iron Curtain today to land a Soviet-built MIG-15 jet fighter on this Danish island 100 miles southwest of Copenhagen.

Roenne police, who immediately took the young pilot into custody, said he had asked for political asylum. The plane was surrounded immediately by military guards with strict orders to keep reporters and press photographers away.

An unconfirmed report said the plane was of a newer type than the one landed on this Baltic island in March by Lt. Franciszek Jarecki, the first Polish Air Force escapee to Bornholm.

Jarecki's plane was later returned to Poland after a thorough examination by Western air experts. Jarecki was granted asylum and since has gone to the United States.

An official announcement said the pilot today told police he broke away from a formation of MIG fighters flying over Polish territory.

Bornholm is 60 miles north—a few minutes jet time—from the Baltic Sea coast of Poland.

According to eyewitnesses, the plane circled over Roenne for 75 minutes before landing on a training field at Almegaard army camp, a few miles north of the city.

The camp has no airfield and military personnel there held their breath as the plane roared down on the rough field. It swayed and bucked across the grass, then halted in a small group of trees in one corner of the training ground.

One of its wings collided with a tree branch but the damage was reported slight.

The young pilot, apparently unharmed, climbed out of the cockpit

and greeted the camp commander with a smile.

The commander immediately notified Danish defense and Air Force headquarters in Copenhagen. Air Force jet fighter experts rushed immediately from the capital to examine the plane.

Western military experts generally consider a MIG-15 a prize catch. About three weeks ago, the U. N. Command in the Far East offered \$100,000 to any Communist pilot in Korea who brought his MIG-15 undamaged to the Allied side. Thus far, there has been no announcement of any takers.

Proposal Considered  
NEW YORK (AP)—The Bethlehem Steel Company has taken under advisement a union move for a guaranteed annual wage for 120,000 workers starting in 1954.

The proposal was made yesterday as wage talks opened here. There was no company statement.

THE WEATHER  
BIG SPRING AND VICINITY: Partly cloudy; sun in afternoon; blowing S at 5 to 10 mph; clearing in evening; high 92; low 62; in morning 62.

Highest temperature this date 100 in 1927; lowest 25; date 19 in 1931; maximum rainfall this date 2.43 in 1950.

## Deweyville In A Battle To Hold Up River Levee

### 15,000 Forced From Homes In Louisiana Flood

By JAMES MCLEAN  
BATON ROUGE, La. (AP)—Louisiana's coastal lowlands faced a new flood crisis from the Gulf of Mexico today as rising streams to the north forced 15,000 persons from their homes in a 100 million dollar flood.

While swollen bayous and rivers poured tons of water toward the Gulf, the coastal residents braced against the possibility of inundation from wind-whipped tides.

Streams were higher at some points than in 1940, when high tides blew into already flooded sections and covered several coastal communities with six feet of water.

Observers believed the crisis would come today. If tides remain moderate another 24 hours, they think there is a chance that streams and backwater areas can handle tides.

The threat centers around Crowley, in southwest Louisiana. Overflowing bayous have forced evacuations at Mermentau, Evangeline, Midland and Esterwood and sent the flood lapping into the outskirts of Crowley.

The Weather Bureau predicted winds from the south, putting the area in extreme danger if tides are high.

The stricken area was a broad belt arching from the southwest corner of the state, near the Texas border, through Central Louisiana, to the east-central boundary with Mississippi. The belt is more than 200 miles long and 100 miles wide at points.

Four big Air Force cargo planes flew to the quartermaster depot at Carswell AFB near Ft. Worth, Tex. to airlift 27,000 pounds of tents and cots to flood victims.

Agriculture Commissioner Dave Pearce placed crop damage alone at 100 million dollars. Damage to highways and private property would run into more millions.

Ousted

Associated Press correspondent Marc Purdue (above) is being expelled from Iran, the government announced. The Iranians said the expulsion was for sending abroad what it called "false and provocative news" against the interests of Iran. (AP Wirephoto).

## Change Opposed For Driver Law

AUSTIN (AP)—A majority of the Senate apparently wants to leave the drivers' financial responsibility law on the books as it is now.

They refused 17-11 today to take up a bill amending the law to require an account to fix responsibility for an accident before the state police can suspend auto and drivers' licenses.

Licenses are now suspended automatically for both parties involved in accidents causing damage of more than \$100. The financial responsibility act requires operators of cars involved in such accidents to show ability to pay damages up to \$15,000.

This negative action on amending the financial responsibility act in the Senate dims possibility this late in the session that the law will be changed. The bill modifying it was passed originally in the House.

Other pending major legislation made some progress as the session began its last seven-day whirl.

The Legislature adjourns finally at noon exactly a week from today and a final frenzied push to get bills through was shaping up.

A much-modified Auto Inspection Bill and another making major changes in the election code advanced yesterday.

The Election Code Bill, eliminating cross-filing and the necessity for holding a Republican primary next year, was approved by a Senate committee and took its place on the crowded calendar.

If the Senators want to, they can put on steam to take up the election bill and get it back to the House for final approval.

After off-and-on debate for three weeks, the Senate passed the auto inspection law on second reading. This brings it up to final reading, which could come soon.

The bill would require inspections only of lights, horns, windshield and brakes. It would not apply to 1935 or older models not

## Change Opposed For Driver Law

Bills authorizing the governor to accept federal aid for tornado-torn San Angelo and Waco were passed by both Houses.

A bill to establish a state commission to fight alcoholism passed the Senate. Minor amendments sent it back to the House.

A Senate-passed amendment to the Constitution prohibiting pledging of the state's credit to support toll roads was approved by the House, 116-17. It will be submitted at the 1954 election.

The House passed two more amendments and sent them to the Senate. One would allow cities to place all employees under federal social security. The other provides for the office of tax assessor-collector in counties under 10,000.

Also in the House, the last of eight bills recommended by the Governor's Water Committee was finally passed. It awaits Senate attention. It would allow the State Board of Water Engineers to cancel water permits not put to use for 10 years.

Passed on second reading in the Senate was a bill to permit firemen and policemen to appeal to district courts from demotions.

Elimination of the necessity of holding a Republican primary came in a Senate committee amendment to the House-passed Election Code Bill. It would require a political party to hold a primary only if that party cast more than 500,000 votes for governor in the last general election.

## Commentator Quits, Says VOA Crippled

NEW YORK (AP)—Radio commentator Raymond Swing, resigning his job as political analyst for the Voice of America, says the agency is crippled by slanderous attacks on its integrity.

He adds that the State Department is guilty of "spineless failure... to stand by its own staff."

The Voice is part of the State Department.

Swing, in his letter of resignation released yesterday, also wrote that budget cuts for the Voice have reduced it to relative impotence.

## One Red POW Killed In Camp Incident

PUSAN, Korea (AP)—The U. N. Prisoner of War Command today reported incidents in which one POW was killed and two civilian prisoners were wounded.

At Koje island, south of Pusan, two North Koreans failed to halt as ordered by a guard. One was fatally shot.

At Pongnam Island, an eight-man warning party of anti-Communist civilians was stoned Sunday by another work detail of civilians.

The Korean rock-throwers failed to stop on orders, and ignored two warning shots fired over their heads. Guards then fired on them and two were wounded, one seriously.

## City Way Behind On Blood Donors; C-City Tops Goal

Big Spring was nearing the zero hour today on its assignment to help save lives on the warfront.

On Monday and Tuesday, the Bloodmobile comes to town, with the mission of collecting 300 pints of blood for men in the armed forces.

Blood commitments today had totaled no more than one-sixth of the required amount.

Red Cross officials charged with the blood program took a look at the record made Tuesday by a neighbor, Colorado City, and wondered if Big Spring could do as well. C-City was asked for 150 pints in the one day, and contributed 151.

More than 200 donor pledges were received there.

Red Cross Chapter Chairman Douglas Orme observed: "We compliment the good people of Colorado City, and want to tell them that we will be as patriotic in fulfilling our own assignment. We know the Howard County folks have good intentions, but we urge them to prompt action. The blood donor cards should be filled out immediately."

Persons who will donate a pint of blood may arrange to do so simply by calling the Red Cross office, Phone 254. Or they may fill in the coupon below and mail it to the Red Cross.

## Crest Is Expected Sometime Thursday

By The Associated Press  
The leader of forces waging a frantic fight to save little Deweyville from the muddy Sabine River said Wednesday they would win again.

This view wasn't shared by some others on the scene. One resident predicted that the levee would give way before sundown.

Supt. C. C. Chisum reported at mid-morning the situation "is pretty well in hand." Chisum, who spent the night fighting the rising Sabine for the second time in many weeks, said he expected the dike to hold when the flood crest passes sometime Thursday.

"The levee is in good shape and some of the Army Engineers here also think it will hold," Chisum said.

Sand-bagging has raised the levee to 16 inches above the swirling flood waters and work still is going on. Chisum reported there were plenty of workers and an adequate supply of sand bags.

Two weeks ago the tiny Southeast Texas community whipped the angry Sabine in a similar battle. That time the waters rose only to 17.3 feet. Wednesday at 7 a.m. the water stood at 47.3 and was rising an inch an hour. The Weather Bureau predicted a crest of 18.5.

Down on the levee, which is keeping the water out of 100 to 150 homes, scores of men and boys were making a desperate, last-minute fight to raise the dike.

The battle began late Tuesday night after the community, which had been unconcerned over the food despite repeated warnings, awoke suddenly to the danger. Then Sheriff Curtis Humphreys of Newton County sent out an emergency call for volunteers. By Wednesday morning, scores from nearby areas were rushing to join the levee fight.

A fishing camp operator at Deweyville, Claud Villemez, said "if the river comes any higher, and there is no question that it is going to, all the men and machinery in this part of the country won't save the levee. It'll be gone before sundown."

Mrs. C. C. Chisum, wife of the Deweyville school superintendent, said her husband had been out on the levee all night and still was there.

"People here just couldn't believe this river would do anything disastrous," Mrs. Chisum said.

Only Tuesday Chisum said the residents of the town were "just rocking along" in the face of flood warnings.

A warning to evacuate went out from Army Engineers and the Highway Patrol to some lowland families.

One bed-ridden resident Charles Keyask, 78, was taken to an Orange hospital.

Deweyville is a town of about 800 about 12 miles north of Orange. Some of its residents work at Port Arthur, Beaumont and Orange plants. Others are employed by a sawmill. Filling Stations and cafe line the Transcontinental-Evangeline Highway through the town.

A reporter for the Orange Leader, Ralph Ramos, said "the situation is looking bad and they're still calling for help—all they can get" at Deweyville.

Ramos agreed with predictions that the levee probably would not stand through the day.

Upstream at Bon Wier, in Central Newton County, the river stood at its highest level in history. Humphreys said a number of families were being evacuated by boat.

"We're evacuating all we can find," he said.

Bon Wier is a small community with only a few stores and filling stations. All these were flooded.

At Ruliff downstream from Deweyville, Humphreys said a crew of men were moving families out of the way of the river. "About 40 or 50 families in the area, must get out," the sheriff said.

The river had reached a flood stage exceeding 18 feet. The sheriff quoted Army Engineers as saying a crest two feet higher was on the way. Before Tuesday night's sudden rise of the muddy, swirling stream, the Weather Bureau had forecast a record 18.5 feet at Deweyville by Friday.

The Weather Bureau reported fair, calm weather across Texas before dawn. Showers were forecast for all of the state.

reou predicted a crest of 18.5.

The Weather Bureau reported fair, calm weather across Texas before dawn. Showers were forecast for all of the state.

## County Included In Seal-Coating

Three segments in Howard County are included in a list of West Texas Highways due for seal-coating work specified in bids opened Tuesday by the State Highway Department.

Low bidder on the project, which embraces highways in Mitchell, Jones, Stonewall, Taylor, Borden, Nolan and Haskell counties, as well as Howard, was Ned B. Hightman of Fort Worth. He submitted a figure of \$176,834.

Projects in Howard County scheduled in the group include US 87 from the Glascock County line to Big Spring, the Snyder road from 12.8 miles northeast of Big Spring to the Mitchell County line, and the farm road extending from Coahoma north to the Snyder road.

Highway 80 will get seal-coating in this area from a point six miles east of the Howard County line to Westbrook and from Westbrook to a point near Colorado City. The farm road from Colorado City to Spade also is included.

## Possible Major Expansion Of Business District To Be Talked

Major expansion of Big Spring's principal business district will be discussed next Monday evening at a meeting of the City Commission with the Zoning and Planning Commission.

City commissioners called for the joint meeting Tuesday, after hearing request for a change in zoning of a half block of property between 11th Street and 11th Place on Johnson.

They said there is a limit to the amount of "up-zoning" that can be done. Enlargement of the present business district was suggested as alternative to the policy of creating additional small "E" business districts in various parts of Big Spring.

Commissioners said they don't know what area the proposed business district expansion should take in, but they discussed extending it southward to 11th Place from Greig to Nolan or Gollard.

At present, the "downtown" business district extends to Seventh Street. Zoning on any portion of the city added would be charged to "E" for general retail business purposes, making more sites available for businesses, professional offices, etc.

Commissioner Cecil McDonald said he knows of several businesses which would have been located in Big Spring previously if sites for buildings had been available. J.T. Allen, who requested the zoning change at 11th Place and Johnson, said he knows of four firms seeking locations here.

The public is invited to the Monday night meeting, held primarily for an exchange of ideas, commissioners said. The session will start at 7 p.m. in the Corporation Courtroom at City Hall.

Commissioners said they wouldn't look favorably on a proposal for paving half of Settles Street along the west side of Standford Park Addition.

They accepted an engineer's opinion that paving on only half the street's width would be worse than no paving at all because of

the heavy volume of water the traffic-way must carry when it rains. Pavement would be washed out unless it covered the entire street, they agreed.

Rejected was a request to lease the city's lot on 11th Place near the Washington Place entrance L.G. Harrall, Knott, wanted to lease the property as site for a drive-in refreshment stand.

Payment of \$4,900 to contractor for construction of the sewage lift station in northwest Big Spring was authorized. City engineer had inspected and approved the work. The commission also okayed the release of \$3,000 in securities held by the State National Bank to cover city deposits. City Manager H.W. Whitney said the securities no longer are needed.

Attorney Is Named  
AUSTIN (AP)—The appointment of Grover Lowe of Woodville as 75th District attorney has been announced by Gov. Shivers.

Quite Happily Surprised

Richard L. Lewis, a Stanton High School senior, was quite happily surprised at the commencement there Tuesday evening when, after the diplomas had been presented, he was suddenly informed he had been selected to receive a Texas A&M College scholarship awarded by the Big Spring Aggie Club. The committee named the Stanton boy after reviewing the records of eligible seniors from 10 high schools in the area. Making the presentation is Louis J. Thompson of Big Spring.

## Richard Lewis, Stanton Grad, Given A&M Club Scholarship

STANTON, (SC)—Richard Lafayette Lewis, a member of the graduating class of the Stanton High School, confessed to being happily surprised at the commencement exercises Tuesday evening when he was presented with a scholarship

at Texas A&M College by the Big Spring A&M Club.

The fact that young Lewis had won the award, for which applications were received by seniors from 10 high schools in this area, was kept secret until after the diploma had been presented. Then Superintendent O.W. Winstead recognized Louis J. Thompson of Big Spring, who made the announcement in the place of W.S. Goodlett, club president, who was unable to be present. Membership in the Club is composed of ex-Aggies in Howard, Martin, Sterling and Glasscock counties. The decision of the committee selecting the high school graduate to receive the award was not even announced to Stanton school officials until shortly before the program opened.

The recipient is the son of Mr. and Mrs. George Lewis, who farm about two miles south of Stanton. He has one brother, Barber G. Lewis, already a student at A&M. The scholarship winner's four-year high school record includes a general average of 92 plus. He has played football on the SHS team and has participated in other athletics. He has attended the Stanton schools from the first grade on through, and during his high school career has been enrolled in the Future Farmers of America Chapter.

Last summer he was employed by the Stanton Electric Co. and plans on making electrical engineering his profession.

In making the presentation Thompson said the factors taken into consideration were the applicant's character, his scholastic and extra-curricular records, his need for some assistance, and whether or not in the opinion of the committee he would make an acceptable Aggie. Thompson said the scholarship is not a gift, and not to be considered as such, but that it is an assistance given with the understanding that the boy receiving it will, upon his graduation from A&M, become active in Aggie Club work and will, in his turn, render similar assistance to some other deserving boy.

Thompson was accompanied to

Stanton by John Taylor and Don Newsom, also members of the Big Spring Aggie Club.

Lewis was the second member of the 1953 graduating class to receive an A&M scholarship. Maxie Davis had previously been presented with one on the basis of having made the best FFA record in the state.

Thirty-one seniors were graduated here this year with the class being presented by M.B. Byrd, high school principal. Assisting with the program were Mrs. Edmund Tom at the piano and Mrs. Glen Brown, who sang a solo.

Class members participating in the program included Eldon Hopkins, Barbara White, Patsy Pollock, Charlene Anderson, Maxie Davis and Homer Henson. The graduates were Duane Connel, Ray Huffman, Billy Farnum, Leroy Poek, Joe Puga, Gary Shoemaker, Eldon Hopkins, Maxie Davis, Sammy Foreman, Ronnie Gilbreath, Hubert Gregg, Leonard Hedrick, Homer Henson, Homer Lee Hull, Norman Koonce, Richard Lewis, Charlene Anderson, Duris Bryant, Graces Geurin, Jo Jon Hall, Eisle Lomax, Patsy Pollock, Freda Standifer, Barbara White, Mary Jo Wilhite, Jessie Ree Williams, Tom Angel, Bobby Bryan, Shirley Chesser, Glen Cross and James Rhodes.

The commencement was held at the First Baptist Church.

## Arguments Still Rage Over Teachers' Pay

AUSTIN (U)—Teachers pay was apparently a "dead issue" for the Legislature, but the backwash of arguing went on.

Two representatives of teacher organizations answered yesterday Speaker Senterfitt's statement that it was "unfortunate the school lobby" was able to block the compromise teachers pay raise plan.

The teachers wanted a \$600 raise and rejected anything less. Administration leaders proposed a \$300 a year raise, provided the gas pipeline tax lawsuit was settled in favor of the state.

H. W. Stillwell of Texarkana, chairman of the Texas State Teachers Association Legislative Committee, said Gov. Shivers and Senterfitt were "afraid to let the Legislature vote on any kind of a tax bill to finance any real teachers pay raise."

Stillwell asserted the Legislature

considered the \$600 raise "fair and reasonable."

"But the governor and the administration forces headed by Speaker Senterfitt blocked consideration of any tax bill, refusing to allow the Legislature the opportunity to raise the necessary money, and must accept the responsibility for having done so," Stillwell said.

Mrs. Elsie Parnell of Mineral Wells, president of the Classroom Teachers Assn., said they wanted no raise that would "jeopardize

gains education has made under the Gilmer-Aikin Laws." Senterfitt said Monday the school lobby "gave us their excuse for the continuance of the \$600 or nothing position that the compromise bill would put the burden of the pay increase on the local taxpayers."

"This is not true," Senterfitt said. "The House leaders of the \$600 pay raise propose another form of taxation which is subject to a legal attack on constitutionality, insuring the teachers money of being involved in two lawsuits instead of one and further postponing any pay increase."

Mrs. Parnell replied that putting finance of the school program on a state-local percentage basis would force local property owners to bear the brunt of tax increases.

## Garden City Folks Aid Twister Victims

GARDEN CITY — The women's class of the Garden City Union Sunday School started the ball rolling Sunday for relief for tornado victims in both San Angelo and Waco by donating \$20. The Sunday School then made a donation of \$100.

Clyde Reynolds and V. L. McWhirter were appointed to have charge of raising other money over the county for the cause. B. A. Harris, Sunday school superintendent will also be working with them. Boxes have been placed in all places of business in Garden City and anyone desiring to make a donation may make use of the boxes in the stores or may hand it directly to one of the three men.

Boxes will be collected Saturday and turned over to the proper relief committees in each of the towns.

# NOTICE TO THE PEOPLE OF BIG SPRING & VICINITY

\$45,889.25 has been paid to Hospitals, Doctors, and citizens of this area by the Great American Health and Life Insurance Company through their Local Endorsement Plans.

The management of Great American Health and Life Insurance Company has been engaged in the Health and Life Insurance business for over a quarter of a century, and well know that the loyalty of their policy owners and their recommendation is their greatest advertisement.

Below is a partial listing of those who have received benefits from the Local Endorsement Plans — an insurance plan endorsed by Hospitals, Doctors, Business Firms, and many of the residents of the Big Spring area.

## Canadian River Measure Goes To Gov. Shivers

AUSTIN (U)—The Canadian River Municipal Water Bill has gone to Gov. Shivers after final legislative action.

Both houses agreed yesterday on a conference version of the measure to build an \$5 million dollar dam on the Canadian River near Sanford.

It would furnish water for Amarillo, Lubbock, Plainview, Pampa, Borger, Littlefield, Brownfield, Tahoka, O'Donnell, Slaton, Lamesa and Levelland.

This in the Canadian dam would revert to the district when its debt is cleared. The district would not deal with underground water. The State Board of Water Engineers would handle water appropriations from the reservoir.

Considerable activity came yesterday on other water bills.

Four House-approved measures were recommended for passage by a Senate committee.

These bills would create a water pollution advisory council, create a committee to invoice Texas' water resources, let the water board issue temporary water permits, and define the purpose for which public water may be appropriated.

Two House-approved water-bills were set for public hearing at 3 p.m. Thursday by the Senate's Water Committee. They would broaden rules of procedure and powers of the board.

The House passed and sent to the Senate another bill in the water program urged by the governor. It would require all agencies of government, including the federal, to apply to the state water board for permits to appropriate public waters.

## Mitchell Tops Goal For Blood Donors

COLORADO CITY — Mitchell County topped a goal of 150 pints for the Red Cross bloodmobile unit, Tuesday, as 151 persons donated blood for Red Cross uses.

The American Legion, headed by Commander L.B. Elliott, sponsored the unit in Colorado City and the blood donations were given at the American Legion Hut.

The Mitchell County Federation of Women's Clubs provided Registered nurses, typists and antenatal workers to assist the Red Cross personnel. Local physicians were in attendance all day.

More than 200 donor pledges were secured by Colorado City civic clubs and veteran's organizations.

## Fort Worth Luxury Hotel Has Heliport

FORT WORTH (U)—Aviation took a look at things to come today, the hotel heliport of the future.

A suburban hotel, the Western Hills, dedicated what it described as the world's first officially-designated heliport to be established by a hotel for use by the flying public.

The dedication included 25-mile helicopter flights from the new Fort Worth airport to the \$100,000 landing area on the grounds of the 200-room luxury hotel.

**CARD OF THANKS**  
We sincerely thank all our kind friends and neighbors for their kindness and the beautiful floral offerings extended us during our time of sorrow. May God bless each of you.

Mrs. Josefina Hernandez and family.

Lone Star Beer is **GOIN' PLACES!**

You'll go for it, too!

Painting your boat for summer fun? Or sorting fishing tackle for the good days ahead? Whatever you're doing to get ready for the outdoors, enjoy it more with the Double Mellow flavor of Lone Star Beer. And when you go places in the Lone Star State, take along Lone Star, the beer that goes with the folks in Texas!

# Riding THE GRUB LINE

With Franklin Reynolds

L. H. Batton of the Lomax Community has been carrying on a splendid program and he has been doing it almost entirely without assistance.

Batton's commendable crusade is to require more in the text books used in Texas schools about conservation from all standpoints. The letters he has written and the conversations he has had with people who can help in this program have been almost numberless. Batton is convinced that if the dangers of wind and water erosion are impressed upon today's boys and girls that we need have no fear of the future, if we can just hold things together until these youngsters are grown and take over.

Too much time has been wasted in the past trying to sell the adult population on progressive agricultural methods. The best place to plant the seeds of conservation is in the mind of youth, Batton believes. The boys and girls are more receptive to new ideas, and after all the future belongs to them.

Batton deserves more support in his campaign.

Twelve cows with calves, and two bulls, have grazed on 40 acres of dryland oats since January on the Herb Midkiff farm southeast of Midland. The oats were planted after a rain in September and have received about four inches of rain since then.

This crop, according to the owner and Ben Osborn of the Midland

unit of the SCS, gave excellent protection against the high winds the latter part of April. These cattle, still grazing the oats, have been given only a small amount of bundle feed and are in good condition.

Midkiff is a former member of the board of supervisors of the Martin-Howard Soil Conservation District.

Another 40-acre field of oats, this one on D. W. McDonald's farm east of Midland, also went through the recent sand storms without any evidence of soil movement. Besides the protection to the land, McDonald has had considerable grazing for his cows. At one time he was pasturing 27 head on the 40 acres.

The Martin-Howard SCD supervisors have approved six new agreements covering a total of 1,150 acres in the Midland area, according to Morris Patterson of Big Spring, chairman of the board. These include Roy Stockard, 15 acres of seeding range grasses; the City of Midland and Joe Heideberg on the Rosedale Farm, the Cloverdale Farm and the Sewage Plant Farm, a total of 800 acres of stubble mulching and contour farming; A. P. Jordan, 320 acres of seeding range grasses, and Roy Kelly, 15 acres of Blue Panic grass.

Among the area ranchers setting up improved conservation plans is John Schafer, four miles south of Lee's Store in Glasscock County.

He plans to limit his grazing to a fair carrying capacity for his native pastures, and to utilize some outside water by diverting it from some of his cultivated land where it is now causing trouble. With this diversion program he will spread it on range land where it will do some good. He is also planning on some King Ranch Bluestem to be grazed while resting up his native pastures and giving them a chance to make gains and new grass growths.

J. F. Winans has completed new terraces on his farm in the Vestal Community. These were engineered by Lefty Bethell and Blackie Morris of the Big Spring unit of the SCS.

Walter J. Miller, formerly master mechanic with the Studebaker Corporation at South Bend, Ind., who spent several months in Big Spring last year, has been engaged this spring continuing his efforts to improve the mechanics of farming.

Miller is the inventor of the "cowbell grass seeder" which is made of aluminum. It is the shape and size of an old-fashioned cowbell and is loaded with grass seed. Each time a grazing cow wearing one of these "cowbell seeders" drops her nose to the ground the seeder releases as many of the seed as it is adjusted to drop. It will handle both the largest and smallest of grass seeds, including the Love grasses.

On his present trip to Big Spring Miller has completed a full scale working model (in wood) of a seeder that will be immediately built in Phoenix, Ariz., and used on the SCS Grass Nursery at Tucson in experimental plantings. This seeder, which operates on a principle of vibration can be attached to a car, Jeep, tractor or any other vehicle. Miller expects to be in operation to see this new seeder in operation for the first time.

The "Hens-in-Cages" plan of egg production which is catching on so well in this area, isn't something entirely new as many may suspect.

Dr. J. H. Quisenberry, director of the Poultry Husbandry Department at Texas A&M College has been experimenting with laying cages since 1947. While the first investment in the program may be a little higher than that involved in establishing a "flock on the ground" it has much to recommend it, such as increased efficiency, continuous and accurate culling of flocks, and small space requirements.

One Big Spring resident with only six hens in "laying batteries" is getting more eggs than his family of three can usually consume.

Wayne Deats, who has been watching the markets on such things, informs us that generally the country over, present egg prices are 10 to 12 cents higher on the dozen than they were last year, and that feed prices generally are at a new two-year low, nearly 10 per cent below what they were last year.

He also reports that surveys show there are nine million fewer hens on farms this year than at the same time last year and that egg storage stocks are much lower. All of which indicates a better future for the egg producing farm, particularly for the farmer who is looking for a way to replace the income lost to the drought. The Big Spring area consumes many more eggs annually than are produced here, according to reports from the Big Spring Chamber of Commerce.

## Going To Movie With M'Carthy Also Confusing

By ED CREAGH

WASHINGTON (AP)—When you go to the movies with Sen. Joseph R. McCarthy you're in for a confusing afternoon.

The Wisconsin Republican was impressive yesterday at a double feature shown in the Capitol's old Supreme Court chamber with the screen dangling from a gilded American eagle.

McCarthy, as chairman of the Senate Investigations Subcommittee, arranged the production to give fellow senators and newsmen a look at movies made by one Julien Bryan, who makes films for the State Department, among other people.

About 35 people showed up, not counting a few touring school children who dropped in later. Promptly at the appointed hour the projector began whirring and on the screen flashed the title:

"Peoples of the Soviet Union—Revised Version."

Seven minutes later, McCarthy came in.

"Show the original version first," McCarthy directed.

So Bryan did and the point of the proceedings began to emerge. As originally made in 1945-46, when the U. S. and the USSR were pretty friendly, "Peoples of the Soviet Union" gave a homey version of the Communists—lots of churches, flowers, cultural goings on. No secret police, no slave labor camps, not a single weapon being made.

But, said Bryan, 18 months ago he revised the film—kept the original pictures but wrote a whole new sound track giving a different focus on the Russians. If the senator would wait and see the revised version—

McCarthy wouldn't. Said he had business elsewhere.

"It's taken 33 minutes to show the original version," Bryan objected. "Can I have three minutes to tell about the changes that were made?"

"Sure," grinned McCarthy. "Take four minutes."

So Bryan read rapidly from the script, featuring new references to "a huge standing army," to "diffusions run by the government," to "religious activities closely supervised."

"Yes, that's an improvement," McCarthy said.

He lingered long enough to see the start of a second film, a color cartoon called "Boundary Lines," then took his departure.

A few minutes later he was back. "I'd like to see the end of that second film—just the last five minutes of it," he said.

On went the projector again. McCarthy stayed four minutes, then left "Boundary Lines" for good. "There wasn't any Communist propaganda that I could see," he commented, "and I'm no critic but frankly, I thought it was a bore."

Somewhere along the line it developed that the movie about the Russians hasn't been shown by the State Department's overseas information program, which McCarthy is investigating, at all. But McCarthy said the original version was shown in U. S. Army indoctrination centers as late as last January.

## Cecil Reids Parents Of Five-Pound Son

A five-pound son, yet unnamed, was born to Mr. and Mrs. Cecil (Cy) Reid, formerly of Big Spring, in Rockport at 3 a.m. Sunday. It was their first born. Mrs. Reid formerly was Lillian Crawford.

Reid, one-time basketball and track star at the local high school, is now Chief Marine Biologist for the Texas Game and Fish Commission.

The paternal grandmother is Mrs. Mayme Reid of Big Spring.

THE C.R. ANTHONY CO.

Your Friendly Store In Big Spring

Politicians promise a golden age, yet their performance sometimes threatens civilization itself. A French king said, "After me the deluge." He was a good prophet. We should use caution in believing all false prophets. Beware of false prophets, which come to you in sheep's clothing, but inwardly are ravening wolves. — Matt. 7:15.

It's Time More Energies Were Turned To Soil Conservation

The complete page of pictures which appeared in The Herald Monday told a devastatingly impressive story of losses wrought in this area from wind erosion. That's just another way of saying that the top soil has blown away, never to return.

Interests just as much as with the rural people. When our agricultural economy collapses, everybody goes down with it, including the merchant, the banker, the professional man and all others.

One Step Being Taking Toward Uniformity Of Divorce Laws

The country does not now have, and probably never will have, uniform marriage and divorce laws. Nor do we have uniform traffic laws. We do not have uniform medical practice laws, or burial laws—or indeed very much of uniformity in statutes relating to civil and criminal matters of all kinds.

In another state. In one state the divorced person may not be entitled to alimony, property and support rights enjoyed in another state.

These Days—George Sokolosky

There Are No Real Impediments To Achievement In This Country

To move away from a confused world to an hour or two with God's gift of genius may be what the sophisticated call escapism. And perhaps we need to escape from this frightful task of seeking truth and understanding in the complexities of modern life.

ward it. The obstacles of poverty and prejudice disappear before the courageous and the competent. In the arts and sciences, there are no hurdles that cannot be overcome, if one is willing to win his way.

Ike Made Sure Russians Knew U. S. Forces For Defense, Not Aggression

WASHINGTON (AP)—President Eisenhower seemed clearly to be talking to the Russians as well as the American people last night in his radio talk explaining the reductions, he wants to make in defense spending.

Since Eisenhower frankly said his defense program is a "calculated risk"—that is, he hopes it will be able to protect this country adequately if war comes—only time will show his wisdom or lack of it.

run into real trouble within his own party. A number of Republicans are bent on trimming taxes in 1953.

Notebook — Hal Boyle

Ladies, The American Man Is A Mighty Good Lover!

NEW YORK (AP)—American men are getting a name for being the world's best husbands—and among the world's poorest lovers.

This ugly rumor is based on a theory that the average European male understands a woman's heart, and an American doesn't.

Cesana left the impression he believes the women of all countries will feel frustrated—if they can find a reason.

This Day In Texas

On this day in 1825 the governor of Coahuila-Texas approved a contract with Stephen F. Austin for the establishment of 500 families in Texas, the empresario's second such contract.

Austin's first colony, the historic "three hundred," had been founded under his father's agreement with Spanish authorities, which was ratified by the Mexican government when Spanish rule was overthrown.

Austin was by far the most ambitious of any early colonizer; though several others completed their contracts and received bounty lands.

Don't Panic, Folks, That 'Buzz Bomb' You See Is City 'Fogger'

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald—Editor's Note.

There'll be a "buzz bomb" down your alley before the summer's well under way. But don't worry about it. They've taken the explosive out and thrown it away.

Washington Calling — Marquis Childs

Pall Of Suspicion Grows Thicker And Ike Regime Is Put On Spot

WASHINGTON — "We must not have another Bohlen case." Those words are engraved on the hearts of practically everybody in the Eisenhower administration concerned with foreign policy.

The report is that the top security officer, R. W. Scott McLeod, intervened to hold it up. It was McLeod who in the Bohlen case let it be known that he did not approve the nomination. He was overruled by Secretary of State John Foster Dulles.

## Banquet, Dance Fete School Band Members

Motion pictures of the Big Spring High School Band made at the Tri-State meeting in Enid, Okla., were shown at the band banquet given by the parents Tuesday night at the Settles Hotel. Mrs. Clifford Byrd showed the pictures. The local band, one of 60 represented at the meeting, won three first places at Enid. J. W. King, band director, announced that Kim Milling will be band captain for the coming year. Billy Evans and Glenn Rogers presented piano solos for the program. The High School Stage Band played three selections. Dr. Lee C. Rogers was master of ceremonies. The band presented a gift to King in recognition of his work. A musical theme was used in decorations. The tables were decorated with a miniature grand piano, a major scale doll and figurines holding musical instruments. Black quarter and eighth notes and treble clefs were also used. Place cards were gold-colored lyrics. Miniature horns were plate favors. A dance followed the banquet and program. There were 120 present.

### THIS IS GOOD EATING

#### LIVER DUMPLINGS

Ingredients: 1/2 pound beef liver, 1 teaspoon salt, 1/2 teaspoon marjoram, 1/4 cup finely chopped onion, 1/4 cup soft bread crumbs, 1/4 cup flour, 1 egg (lightly beaten), 4 ounces wide egg noodles, 3 cups beef bouillon. Method: Cook liver in lightly salted water 10 minutes. Grind liver and mix well with salt, marjoram, onion, crumbs, flour, and eggs. Boil noodles in beef broth 8 minutes. Shape liver mixture into 1-inch balls. Drop onto noodles. Cover and cook 10 minutes. Makes 4 servings. These are good with the following: Liver Dumplings, Salad Bowl, Bread and Butter, Cookies, Beverage. (Clip this for future use. It may conveniently be pasted on a recipe file card.)

## Sorority Has Meeting; Mrs. Stewart Gives Report

STANTON (Sp1)—LaVelle Reid was in charge of the program. "The Art of Thinking," at the recent meeting of the Mu Lambda Chapter of Beta Sigma Phi. The session was held in the home of Mrs. Doris Stephenson. Bernice Cason of Big Spring gave a discussion of art during the meeting. Mrs. Joe Stewart gave a report on the district meeting held recently in Monahan at the meeting of the Martin County Home Demonstration Club Council. Mrs. Lewis Carille presided during the meeting, held in the agent's office. Mr. and Mrs. Walter Graves and Granville spent a recent afternoon in San Angelo. Mr. and Mrs. Granville Clanton and children of Midland were recent guests of Mr. and Mrs. J. D. Shoemaker. Henry "Bridges of Lamesa was a recent business visitor here.

## 'National Security' Is B&PW Topic

James B. Frazier, agriculture professor at Howard County Junior College, spoke on "National Security" at the B&PW dinner meeting Tuesday at the Settles Hotel. Frazier approached the subject with a discussion of Communism. To avoid Communism, it is necessary to be always on the alert, he said, because "Communism does not parade as Communism but always under the banner of patriotism." Decorations at the dinner were miniature airplanes. The centerpiece was an arrangement of white gladioli with small American flags. Wilrena Richbourg was program chairman.

## Lodge Sends Quilts To IOOF Homes

Quilts made by members of the John A. Kee Rebekah Lodge 153 have been sent to philanthropic homes sponsored by the IOOF, it was announced at the IOOF Hall. One quilt was mailed to the IOOF Children's Home in Corsicana and another to the IOOF Home for the Aged at Ennis. Mrs. Estalene Montgomery and Keith G. Henderson will be initiated Tuesday, May 26. Mrs. Mary Cole and Mrs. Alma Pye received certificates of perfection during the meeting. Mrs. Hazel Lamar, team captain, directed team practice. Thirty members attended. Mrs. Tim Jarrett of Baird Rebekah Lodge was a visitor. She is the mother of H. F. Jarrett.

## Mrs. Dodd Is In Charge Of Program

The Vincent Baptist WMS met Monday for a Royal Service program with Mrs. Alton Dodd in charge. Theme for the program was "The Excellent Way for Excellent Youth." Mrs. Dodd gave the devotional scripture from Psalms and Proverbs. Giving discussion topics were Mrs. Claud Hodnett, "Young People and Prayer"; "Young People and Reading"; Mrs. Henry Ernst, "Young People and Community Missions"; "Stewardship"; Mrs. Orland Merriman, "Cosily Business"; Mrs. Vernie Barr, "Investments and Dividends"; and "Examples of Three Families." Mrs. Dodd gave highlights from the Girls' Auxiliary banquet held in Big Spring recently. Prayers were offered by Mrs. Russell Kennedy and Mrs. J. C. Shepherd. An offering and clothing were collected for the tornado victims. Attending were 13 regular members, one new member, Mrs. Jack Jann, and one visitor, Mrs. J. L. McNeil.

## Fort Worth Guests

Mr. and Mrs. B. E. Haston of Fort Worth are visiting their son and daughter-in-law, Mr. and Mrs. Gene Haston, and son and daughter and son-in-law, Mr. and Mrs. O. H. Daily, and children.

551  
Roses In Color

Two colors in these transfers—rose-pink and moss-green—and you need only iron them onto materials to transfer the color; no embroidery is needed. Full-blown roses in a French-wicker basket measure 6 by 6 1/2 inches for each of the two motifs, four single roses are 2 1/2 by 3 1/2 inches. Use on ends of a buffet runner, on the corners of a buffet runner, on the corners of a bridge or tea cloth, on the big pockets of "cobbler" hostess aprons, on handsome guest towels of pale pink or pale green. Send 25 cents for the BASKETS OF ROSES (Pattern No. 551) all transferring and laundering instructions. YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS, Big Spring Herald, Box 229, Madison Square Station, New York 10, N. Y. Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

## Training Session For Leaders Held

Girl Scout leaders and counselors, who will assist with Day Camp, met Tuesday at the Little House for the first of two training sessions. Mrs. Clyde Thomas Jr., who will serve as Day Camp director, discussed the first aid precautionary measures that each leader would have to take. Mrs. Wilburn Elliott, who will serve as the camp's business manager, told the women of the reports and procedures for camp. The group learned some songs and discussed program material. Before adjourning, the women toured the camp site, at the Boy Scout's Jambooree Grounds. The second session will take the form of a cook-out Friday at noon at the camp site. Day Camp will be held May 27-30. Attending were 15.

## Church Women Set Luncheon Meeting

The United Church Women of Big Spring will meet in the home of Mrs. J. S. Bryant, 1602 Tucson Rd., Thursday at 12:30 p.m. for a covered dish luncheon. Co-hostesses will be Mrs. Arthur Pickle and Mrs. Raymond Hamby. Executive board members and auxiliary presidents are urged to attend. The Gold Star Mothers will meet May 28 instead of May 21, as originally scheduled. The meeting will be in the home of Mrs. S. R. Nobles, 405 Washington Blvd. at 2:30 p.m. A memorial service will be held.

## New Liquid Kills Roaches and Ants

Scientists Discover Easy Way to Kill Crawling Insects. ROACHES and ants are the most difficult household pests to control and they can be brought into the home at any time. Science has recently discovered a colorless, brush-on insecticide that not only kills, but controls crawling pests. It is called Johnston's NO-ROACH. Developed after years of research, NO-ROACH is an invisible, odorless, stainless liquid, so powerful that one application remains effective for months. Best of all, NO-ROACH may be brushed on, without having to move your pots and pans. It is not a contaminating spray or messy powder. SAFEWAY FURR'S FOOD STORES FIGGLY WIGGLY RED & WHITE CUNNINGHAM & PHILIPS COLLINS BROS. BIG SPRING HARDWARE. ALSO AT YOUR NEIGHBORHOOD GROCERY STORE. Dist. by Striping Supply Co., H. O. Wooten Groc. Co. INSIST ON GENUINE JOHNSTON'S NO-ROACH.

## Barbara Ann Eye Installed ESA President At Dinner

Barbara Ann Eye was installed as president of Alpha Chi chapter, Epistol Sigma Alpha sorority, at a dinner-dance Tuesday at the Skyline Supper Club. Other officers installed were Kay Ming, vice president; Mrs. Herbie Smith, recording secretary; Mrs. Morris Robertson, corresponding secretary; Mrs. Lynn Thomas, treasurer; and Mrs. Johnny Nobles, program chairman. Immediately preceding the dinner a jewel pin ceremony was conducted by Bo Bowen, retiring president, and Mrs. Earl Bryant, Jr., retiring vice president. Receiving jewel pins were Mrs. Thomas, Mrs. Nobles, and Mrs. B. E. Reagan. New pledges receiving pins in a special ceremony were Mrs. A. K. Turner, Mrs. Bobby Hill, Mrs. Bill Ealey, Mrs. J. H. Dement, Mrs. Mary Ann Ellison, Mrs. Elizabeth Vossel and Evelyn Arnold. Guests included Mr. and Mrs. W. B. Hardy, Mr. and Mrs. Harry Weeg, Mr. and Mrs. Paschel Brown, Mrs. Helen Jolly, Mike Ling, Dave Dando, Paul Mansfield, Roger Mansfield, Earl Bryant Jr., Johnny Nobles, B. E. Reagan, Herbie Smith, Darrell Webb, Commodore Ryan, Wendal Parks, Dean Forrest, Lynn Thomas, Marlin Hayworth, Joe Williamson, Bill Bell, Morris Robertson, Bobby Hill, Bill Estes, J. H. Dement, Fred Stitzel, Max Goldberg and John McCloskey.

## Virgil James Has Charge Of Study

The Rev. Virgil James, pastor, had charge of the Bible study from the book, "Consider Thy Stewardship," at the meeting of the Hillcrest Baptist WMU Tuesday at the church. The Rev. James' topic was "Stewardship of Time." Mrs. J. W. Arnett led the opening prayer, "Christian Living," the devotional topic, was given by Mrs. Don Duke. She told the group that the way Christians live every day is the greatest witness for Jesus. Mrs. D. W. Overman presided during the meeting and Mrs. S. D. Vinson offered the benediction. Mrs. Overman thanked the women for the cupcakes they baked for the recent Girls' Auxiliary banquet.

## Bettye Bobo Will Wed C. R. Parrish

WESTBROOK (Sp1) — Mr. and Mrs. J. F. Bobo of Westbrook are announcing the engagement and approaching marriage of their daughter, Bettye Lou, to Charles Ray Parrish, son of Mr. and Mrs. Charley Parrish, also of Westbrook. The bride-elect attended Westbrook High School and the prospective bridegroom is a graduate of the school. He served over three years in the Air Force and is now employed at Webb Air Force Base, Big Spring. The wedding will be held June 12 at the Westbrook Baptist Church.

## Visits Make Most Of News From Luther

LUTHER (Sp1) — It looks like Spring is visiting time for residents of the Luther community as out-of-county visitors make the bulk of the news from the community this week. Mr. and Mrs. N. M. Smith Jr. and Randy of Lubbock visited Mr. and Mrs. W. D. Anderson and Mr. and Mrs. N. M. Smith Sr. last week. Mr. and Mrs. T. H. Alexander and grandson of Emporado visited Mr. and Mrs. R. J. Alexander during the week end. Jim Young of Dallas visited Mr. and Mrs. Charles Sweeney during the week end. Mr. and Mrs. N. H. Stanley and children visited the T. L. Sawyers in Lamesa Sunday. Mr. and Mrs. A. J. Andrus and children of San Angelo visited Mr. and Mrs. W. H. Coleman, Sunday. Mr. and Mrs. E. O. Burgett and children and Rose Rice made a trip to San Angelo recently. Mr. and Mrs. W. H. Coleman made a recent business trip to Odessa. Joe Beard, who has been living in Ranger, is visiting his mother, Mrs. Ben Robinson. Visits Parents Gilbert Pachall, son of Mr. and Mrs. W. F. Pachall, is spending a few days here with his parents before going to Seattle, Wash. He has been stationed at the Naval Air Auxiliary unit at Milton, Fla. for the past 27 months.

# Graduation Time

calls for Zale gifts like these

Graduation day will live long in their memory if you choose a treasured gift from Zale's. A fine watch to mark their progress in the world; a beautiful ring to be a talisman of this happy day; a pen and pencil set, a portable radio, or handsome luggage... all college or career-wise gifts. Come in today and let us show you our big collection of just-right gifts for your graduate!

# Unprecedented Flights Noted By Air Force

FT. WORTH, Tex. (AP)—The Air Force today disclosed:

1. The first jet airplane flight over the North Pole.
2. The first nonstop flight of six B-47 bombers across the Atlantic. Two B-47s flew to Fairford, England, from Limestone, Me., in five hours and 38 minutes April 7. They returned to the United States two weeks later.
3. The breaking of all distance and endurance records for jet airplanes—by a B-47 which, refueled in mid-air, last year flew nonstop slightly more than 12,000 miles.

The latter flight was over the southern and western parts of the United States. The airplane operated out of, and returned to, Edwards Air Force Base, Calif.

The unprecedented flights were made public at a convention of aviation writers.

The Air Force said the first crossing of the polar region by jet was accomplished by a Boeing B-47 Stratofortress more than a year ago.

The swept-wing bomber took off from Eielson Air Force Base near Fairbanks, Alaska, headed over the Arctic Ocean, circled the top of the world and returned.

The exact length of the flight was not disclosed. The B-47 is in the 600-miles-an-hour class and has a range of more than 3,000 miles without refueling.

The plane was piloted by Col. Richard C. Neely, Salt Lake City; Col. J. G. Foster, New York City; was co-pilot, and Capt. D. J. Haney, Copperhill, Tenn., was radar operator-navigator.

The transatlantic flight involved two B-47s from the Strategic Air Command 306th Medium Bombardment Wing at MacDill Air Force Base, Tampa, Fla. Their average speed for the 3,120-mile eastward crossing was 355 miles an hour. The flight was accomplished without aerial refueling.

**Ike Gives Resume Of Speech On TV**

WASHINGTON (AP)—Listeners who wanted a bit of explanation of the speech they heard President Eisenhower deliver by radio last night had only to flip a television switch and get it from Dwight D. Eisenhower.

Immediately after he finished his radio speech the President was on the air over TV, quoting from it and discussing it somewhat less formally than the issues raised.

Actually, the TV program—which was for newscast use also—was filmed some seven hours earlier.

White House Press Secretary James C. Hagerty said it was the first time a President had ever given the public a resume of his own speech.

# Good Scare Is Said Help In TB Cases

By RENNIE TAYLOR  
Associated Press Science Reporter

LOS ANGELES (AP)—Fright apparently is good medicine for some tubercular people.

Several cases in which a good scare favorably turned the course of treatment for sanitarium patients were reported to the National Tuberculosis Association today by a group of Seattle physicians.

The frightening episodes were brought on accidentally, but the results were so striking that the doctors now plan to use it scientifically as an experimental means of treatment.

This strange finding was the result of experiments to determine what part the adrenal gland plays in the role of the disease. The work was done by Dr. Edmund R. Clarke, Dr. Daniel W. Zahn and Dr. Thomas H. Holmes of Firland Sanitarium, Seattle.

The adrenal glands, which are

# No More Cats For This Man

WICHITA FALLS (AP)—Sgt. Clinton Lovell gazed at holes in his living room and dining room ceilings last night and hoped he never sees another cat.

His troubles started Sunday when a neighbor's cat left her three six-week-old kittens in his attic.

Firemen were called to retrieve the cats. One fireman stepped through the ceiling of Lovell's dining room.

Last night the owner of the cats was found on Lovell's rooftop still looking for her cats. She couldn't get down so firemen were called again. After she was rescued she insisted that the fireman take another look in the attic for her missing cats. They did. This time a fireman stepped through the ceiling of the living room.

"I don't know how I got involved in this and I don't know how it is going to end," the sergeant said after the firemen departed.

"My landlord is never going to believe me when I tell him how it happened."

# Wants U.S. Out Of UN If Red China Okayed

WASHINGTON (AP)—The United States should cease to be a member of the United Nations if Communist China becomes one, Sen. Knowland (R-Calif.) says.

He introduced resolutions to that effect in the Senate yesterday.

# NO PROBLEM WITH NEW YORK Political Considerations Were Involved In 'Truman Doctrine'

By PRICE DANIEL  
U. S. Senator from Texas

(Third of a Series)

WASHINGTON (AP)—The greatest danger of the "paramount rights" doctrine—under which the marginal lands of Texas were claimed by the Federal Government—was the fact that the executive agencies of the Federal Government could pick and choose the spots where this power would be exercised.

There are 21 coastal States. All of them have offshore submerged lands. Yet, even after the Supreme Court said the Federal Government had "paramount rights" in these lands, the Truman Administration filed suits against other States except Texas, Louisiana, and California.

Why this discrimination?

The Truman "doctrine" apparently was that the rights of title should be determined by drilling rigs, not by law. If oil was found under the land, already developed under State management and private exploration, then the Federal Government would take it. In States where the land was just as valuable for other purposes, the Federal Government would let the States keep it and continue to enjoy the revenues.

Actually, political considerations entered this, too. The central Administration could afford to gamble on taking the lands of States which, by tradition, remained in the same party column each election and which had relatively small power in the electoral college.

That is why the Truman appointees did not dare attempt to seize the valuable submerged lands of New York, for example, although the Supreme Court's ruling gave them the power. The Port of New York, built almost entirely on submerged lands, is worth many tens of millions more than Texas' submerged lands, but from a political view New York's votes were too rich a prize to jeopardize.

Thus, the Federal Government had the power to impoverish some States and bestow the confiscated wealth upon States which either were more important or more friendly in political terms.

To acquire this authority, the Truman Administration by-passed Congress—where the people are represented. The Supreme Court's decision opened the door to a new policy, and Truman appointees proceeded to make their own policy, without asking Congress.

Those who fought this doctrine insisted that only Congress had the right to make policy. The Supreme Court itself said specifically that this was true, at least for the future. In the recent debate, the State ownership legislation specifically provided that all 48 States

should be treated equally, each of them being restored in the ownership and protection of the submerged lands within their historic boundaries.

That equality of treatment for all 48 States was the key to the overwhelming support which the legislation won. Texas had a better title—but could not have won the fight alone.

It is interesting to note that while opponents of the bill said nothing should be done to "override the Supreme Court," they themselves refused to endorse the Supreme Court doctrine of "paramount rights." No Senator dared propose that the "paramount right" doctrine be applied to every State.

The legislation of the Federal ownership proponents actually contained a guarantee that the "paramount rights" doctrine should not apply to inland States—only to the coastal States. This, while those opposed to it condemned our 10 1/2 mile limit in the Gulf of Mexico they defended the 7 1/2 mile limits which some States have in the Great Lakes.

In the final settlement of the tidelands debate, not only was the new application of "paramount rights" laid to rest, but Congress also clearly and effectively ended discrimination against the coastal States by saying they shall not be abused or subjected to punitive treatment by political partisans in Washington. This is, in itself, a great and enduring victory for our concept of a Union of sovereign States.

# Here Is The Tax Program Ike Proposes

WASHINGTON (AP)—This is the tax program which President Eisenhower outlined in his nationwide radio address last night:

1. No action by Congress to advance the personal income tax out of 10 per cent due to take effect Jan. 1. Some veteran House members want to advance the date to July 1.
2. Retention of the excess profits tax on business, expiring July 1, for another six months.
3. Indefinite postponement of a drop of five percentage points in the tax on corporation incomes, now due to take effect next April.
4. Indefinite postponement of reductions in excise (sales) taxes also due to take effect automatically next April 1. Among others, these include taxes on autos (due to drop from 10 to 7 per cent), gasoline (from 2 to 1 1/2 cents a gallon), cigarettes (from 8 to 7 cents a

pack), beer (from 33 to 28 a barrel) and whisky (from \$10.30 to \$9 a proof gallon).

5. Indefinite postponement of a hike from 1 1/2 to 2 per cent of the social security payroll tax paid by both employees and employers on the first \$3,600 of a worker's annual income. Under present law, the increase is due to take effect Jan. 1.

# Unidentified Plane Kills 9 UN Soldiers

SEOUL (AP)—Four planes dropped bombs and strafed a bridge behind Allied lines today, the Eighth Army said.

Nine U. N. soldiers were killed or wounded.

The brief announcement did not give the nationality of the casualties. It said:

"Four unidentified aircraft dropped an undetermined number of bombs of undetermined size and strafed a bridge on a principal traffic route on the Western Front, causing nine casualties and damage to materiel. An investigation has been initiated."

Big Spring (Texas) Herald, Wed., May 20, 1953

# Controls Power For President Is Killed

WASHINGTON (AP)—The Senate has killed a proposal to allow the President to clamp on economic controls for 90 days in the event of a grave national emergency.

It passed yesterday, 45-41, and sent to the House a stripped-down version of the present Defense Production Act which any real

controls power for the President. The President had specifically not asked for the freeze power. He simply said he would accept it.

# 16 Rural School Students Given Diplomas At JC

Sixteen students from the rural schools received diplomas last night in a short but impressive ceremony at Howard County Junior College.

Attorney Gil Jones spoke to the group of graduates on the subject, "Are You Growing Up?" He told the boys and girls that achievement of various goals marks growth.

"Life is one succession of achievements after another," he said. "This commencement exercise marks the completion of one achievement and the beginning of another."

Jones said that the students had to meet quite a few hurdles in obtaining their goals. He pointed out that high school was the place to start working toward future plans and to do the things necessary for growth.

"You can do anything you want to if that thing is good and if you want it enough," he said. "But if you are waiting for someone to give you what you want, you will just be left waiting. You must do it yourself."

County Superintendent of Schools Walker Bailey presented achievement awards to Henry Suggs and Joyce Dedeaux. They were the boy and girl making highest scores on standard achievement tests during the year.

Bailey gave diplomas to Edmund McMurray, Don Lockhart, Jimmy Torrence, Jimmy Griffith, Floyd Klaus, Johnny Young, Sammie Joe Merrick, Joyce Dedeaux, Peggy Francis, Patsy Francis, Ruby Gilmore, Jane McElroy, Henry Suggs, Dalton Gill, Dell Ray Long, and Lola Mae Smith.

The ceremony lasted about 45 minutes, and there were about 100 people in the audience. M. B. McFall, principal at Midway, delivered the invocation.

Mrs. Wilma Robinson, music teacher at Midway and Coahoma, played the processional march on the piano when the 16 graduates marched into the auditorium. The boys and girls filed across the stage one at a time to receive their diplomas.

# LeMay Once Destined For Top USAF Post

FORT WORTH (AP)—Here in the hallmarks of the Strategic Air Command (SAC), it's believed that SAC's boss, Gen. Curtis LeMay, missed becoming Air Force Chief of Staff for three main reasons.

1. He's too valuable in his present job.

2. He's too blunt for the liking of some of his critics in Washington.

3. He's young enough to be considered for the top post later.

More than a year ago LeMay seemed destined to become the big gun in the Air Force. The White House had announced he would trade jobs with Gen. Nathan Twining, then vice chief of staff.

The assumption was that he would be groomed there to take over when Gen. Hoyt Vandenberg retired as chief of staff. Vandenberg's retirement was scheduled for April 30, 1952.

Then Vandenberg became critically ill, and the LeMay-Twining exchange was called off. The administration decided this was not the time to make a change.

Surprising his friends and doctors, Vandenberg recovered from a serious operation and returned to work. Now he has been granted permission to retire June 30, and Twining, 55, has been named to succeed him.

# House Would Give Back \$500 Bond To A Jilted Vet

WASHINGTON (AP)—Another fellow got the girl but Congress may see to it that John Lampropoulos gets back the \$500 bond he put up so she could enter this country from Greece.

The House approved and sent to the Senate yesterday a bill to return the money to Lampropoulos a Chicago shoe repair man and World War II veteran.

He posted the bond so Tassia Papadopoulos could come to the U. S. to marry him. A 1946 law authorized the admission of an alien intending to marry a veteran. If the marriage took place within three months, the bond was required to guarantee that the marriage took place.

But on the last day of the three-month period, a House Judiciary Committee report said, Tassia married J. Kyriazis, described as an American citizen but not a veteran.

The committee said: "It does not appear that the government has lost anything and that Lampropoulos has lost his prospective wife and his money."

# Five People Injured In A Head-On Crash

CORSICANA (AP)—Five persons were injured near here yesterday when an auto and a wheat truck crashed head-on.

# POOL MAY OPEN ON A SATURDAY

The city may depart from tradition and put its swimming pool into operation on a Saturday this year.

City Manager H. W. Whitney and W. O. Maxwell Jr. are to arrange for opening of the pool for the summer months, probably on Saturday, May 30.

Maxwell had pointed out that May 30 is a holiday (Memorial Day) and suggested that the pool be put in operation on that date instead of Sunday, May 31.

The city traditionally opens the pool on the first Sunday after schools close. This year the spring school semester ends on Tuesday, May 28.

# Residents View New Greyhound 'Traveler' Bus

Quite a few Big Spring residents made inspection tours through one of the new 1953 Greyhound Highway Traveler bus Tuesday afternoon.

One of the new coaches was parked in front of the local Greyhound bus station between 4:30 and 6 p.m. The driver was busy explaining features of the bus to various groups during the complete period.

Air suspension, picture windows, power steering, and new comfort were the four main points being stressed by the driver.

The air suspension system eliminates metal leaf springs. Compressed air is held captive in flexible air bellows over each wheel, and this air absorbs road shock.

The driver said the new system will keep the coach body constantly level on curves.

Extremely large windows are in the bus—only four on each side. Each of the windows is six feet in length. They are lifted green to halt the glare of sunlight.

An improved type of individual-controlled reclining seat is also a feature of the new bus. Seat area is wider and the backs are "dished" to give each passenger more comfort.

The new bus will accommodate 39 passengers. Some 50 of the buses will be used in this area, the driver said.

# San Angelo, Thanks Local People For Aid In Disaster

A letter of appreciation has come from San Angelo to the people of Big Spring who contributed clothing for tornado victims in that city. It reads as follows:

"Following the tornadic disaster May 11 here in San Angelo, boxes of clothing were received as being from the people of Big Spring, and on behalf of the citizens of San Angelo, the disaster victims and the American Red Cross, I wish to thank these people for their most generous help toward taking care of the many victims of this disaster."

"The sympathetic response of people everywhere has helped greatly in alleviating the sufferings of the many people so suddenly deprived of everything which they possessed, and in the rehabilitation of a whole community."

The letter came from Mrs. J. Willis Johnson, chairman of the Concho Valley chapter of the Red Cross.

# C-City Man Named

COLORADO CITY — Lewis Elliott, Colorado abstract and insurance man, was elected vice president of the Texas Title Association in a recent meeting of title and abstract companies over the state.

More than 200 attended the convention, held at El Paso.

# President Insists Air Power To Get Bulk Of All Defense Dollars

By JACK BELL  
WASHINGTON (AP)—President Eisenhower told the nation last night that, far from skimping on the Air Force, his administration will put 60 cents of every defense dollar into offensive and defensive air power.

"These investments in air power represent and will continue to represent the heaviest single annual outlay of our government," the President said in a national radio broadcast from the White House describing what he termed his "middle way" military program.

"It is my conviction that our developing program—under constant review and study—will result in a steady growth in the size and efficiency of the air defense, until we have attained an adequate level of security," he declared.

The President said the arms program had been based on "calculated risks which have been prudently reasoned" to avoid natural bankruptcy but attain "lasting strength."

His speech won speedy praise and backing from Republicans in Congress, although some of them balked at the continued high taxes Eisenhower called for.

But many Democrats remained critical of the GOP administration's decision to cut back Air Force goals from the 143 wings set for mid-1955 under the Democratic Truman administration to 120.

Sen. Humphrey (D-Minn.) voiced the view of this group when he said in an interview that "no amount of rationalizing will gain-say the fact that the Republicans are making a severe cut in the Air Force."

Sen. Symington (D-Mo.), former secretary of the Air Force who has called the proposed cuts "incredible," said he will reply to this week.

Typical of Republican comment was the statement by Chairman Saltonstall (R-Mass.) of the Senate Armed Services Committee:

"On the basis of the facts, as I know them, under this program we will be building as rapidly as we can a more adequate and more effective Air Force than was originally planned by the last administration."

Chairman Short (R-Mo.) of the House Armed Services Committee said he did not believe a five billion dollar slash is requested. Air Force appropriations was dangerous but continued. "We always have the possibility of an atomic Pearl Harbor."

"We do not want to be caught unprepared," Short added, "and the President has agreed that security must come first."

On the controversial cutback of Air Force goals, Short said: "The President stressed that no one can say the country is safe with 143 wings and in danger with 120. The 143-wing goal was more or less a mythical, mysterious figure drawn out of the air."

As he has before at news conferences, Eisenhower outlined in his first direct report to the nation the theory that American defenses must be built to stand a long time, not just to meet a pre-chose "D-day of desperate danger, somewhere in the near future."

"There has been . . . no reason to believe that Soviet policy has changed its frequently announced hope and purpose—the destruction of freedom everywhere," Eisenhower said.

"Our defense establishment has yet to reach the level of performance we want," he said. "Until it has, we shall not rest."

In apparent reply to Air Force advocates, the President said if he would abolish and dangerous "to be hypnotized by magic numbers." He said one military man would argue hotly for a given number of aircraft as an "absolute minimum" while another might say planes of a different kind were "imperative."

"There is no given number of ships—no given number of divisions—no given number of air wings in the Air Force, Navy, and Marine Corps—no given number of billions of dollars—that will automatically guarantee security," Eisenhower declared.

He said his administration had not set "any fixed sum of money to which our defense plans had to be fitted."

"We first determined what is truly vital to our security," he said. "We next planned ways to attain it."

"We next planned ways to attain it."

# \*\*\* THE ASSOCIATED PRESS NEWS IN PICTURES \*\*\*

**UP AND OVER** — Lucius C. Porter, 72, retired Congressional missionary, clears hurdle at Beloit, Wis. A hurdler in college days, he runs two miles daily in good weather.

**STREAKING SENTINELS** — Sabrejets, based on Long Island, patrol over New York City. The F86Fs, in the 600-mile-an-hour class, are part of the "inner defense ring" around the city. Manhattan is in the foreground; Brooklyn and Queens in rear.

**IRAQ'S NEW KING SALUTES** — King Feisal II, left, holds up Field Marshal's baton following enthronement in Baghdad. Prince Abdul Illah, former Regent, is at right.

**MESSAGES FLY** — West Berliners at May Day rally look on as some 3,000 pigeons carry greetings to fellow Germans in Soviet-dominated East Berlin. At right is gutted Reichstag.

**LIBRARY TREASURE** — Ellene Wray, of Huntington Library, San Marino, Cal., holds rare first edition of Shakespeare's "Hamlet," on 350th anniversary of printing of the play.

**AT HOME IN NEW HOME** — One of three seals recently arrived at Copenhagen Zoo from Chicago opens jaws in outside yawn obviously satisfied with comforts of new home.

**MISS LEBANON** — Leyla Saroufin, Miss Lebanon 1952, models new styles in Baghdad, Iraq, benefit for Red Crescent in Middle East. She will compete for Miss World title.

**MASTER OF THE ARTS** — Lionel Barrymore, recently 75 and eldest member of the famed stage family, shows some of the pictures he has painted at his home near Chatsworth, Cal.

**WISE OLD OWL?** — Confused by daylight or city traffic, this barn owl blinks after capture on Indianapolis street. Assistant State Entomologist Paul Ulman holds it in his office.

**BRAID CORONET** — Ballet dancer Ludmilla Tcherina, serving as a model, displays a coronet of wired fiberglass braids, designed by Antonio, Parisian hair stylist.

**'KID OF THE YEAR'** — Jackie Adams, 6, of Clearfield, Pa., named "Kid of the Year" for his heroism in crawling from a crashed plane to get help, receives the Junior Chamber of Commerce award from Vice President Nixon in Washington.

**HEADING FOR TIGHT QUARTERS** — First family into a Newark, N. J., low-rent housing project may feel a squeeze. Heading for seven-room apartment are John and Helen Washington and 15 children. The father plans double-decker bunks.

**SALUTE FROM CYCLE** — Pvt. Kenneth Frost, of Ithaca, N. Y., based in Frankfurt, Germany, with a Fourth Division Signal Company, salutes Capt. Eugene J. Ryskus, of Kenosha, Wis., as he passes the officer in the street on his self-made unicycle.

# Sterling Gets Two Completions; Location Staked In Glasscock

Two pumping completions were reported today in Sterling County, and a location was staked in Glasscock County.

Also oil was being swabbed from Sohio No. 1 Yarbrough, central-east Mitchell County venture, after installation of tanks. Sun No. 3 McCabe in Mitchell was flowing oil on a test, and slight oil shows were made on Brown and Wheeler No. 1 Fowler in Dawson.

Completions were Corden No. 3-B Durham (potential of 11 barrels per day) and Tennessee Production No. 30 Clark (potential of four barrels).

Hanley No. 1-A TXL is the new Glasscock location, about 9 1/2 miles northeast of Midkiff.

**Borden**  
Superior No. 3-18 Jones, C NE NW, 518-97-H&TC survey, got down to 5,182 feet in time.

Texas Company No. 1 Canning, C SW NE, 221-97-H&TC survey, is drilling at 1,633 feet in anhydrite hydrate.

Phillips No. 1-C Schary, 1,320 from south and 700 from west of lease lines, section 34, LaSalle-CSI, is preparing to test Devonian through perforations from 12,190 to 12,250 feet. Plugged back total depth is 12,250 feet.

**Mitchell**  
Sohio No. 1 Yarbrough, C NW SE, 67-25-T&P survey, installed tanks and swabbed 10 1/2 hours today 46.52 barrels of oil and 30 1/2 barrels of water with some drilling mud. The water is decreasing, and operator is continuing to swab.

Sun No. 3 McCabe, C NW SE, 22-1A-H&TC survey, flowed 13 1/2 hours through a 12 1/2 inch choke to make 61 barrels of oil and no water. Tubing pressure is 325 pounds, and casing pressure is 200.

Sun No. 4 McCabe, C SE NE, 22-1A-H&TC survey, is drilling at 1,635 feet in shale and lime.

Sun No. 2 A Anderson, 1,200 from north and 560 from east of line, 230-1A-H&TC survey, hit 5,792 feet in lime and shale today.

Humble No. 1 Trulock, C NW NW, 6-28-15-T&P survey, is installing pump for completion.

Humble No. 1 Cooper, C SE NW, 25-19-LaVaca survey, got down to 7,893 feet in lime and chert.

Humble No. 1 Farher, C NE NE, 14-29-15-T&P survey, is down to 1,120 feet in redbeds.

**Sterling**  
Corden No. 3-B Durham, 330 from north and west of line, section 19, block T, T&P survey, has a pumping potential of 11 barrels of oil per day. Gravity is 31. Total depth is 1,485 feet and oil is lost on perforations at 1,479 to 1,482 feet.

Tennessee Production Company No. 30 L C Clark, 1,020 from south and 3,076 from east of lines, section 6, block 4, BJR, Wade survey, pumped 24 hours to make four barrels of 30 gravity oil. Well was acidized with 3,500 gallons before flow. There was no water, and gas-oil ratio was 10-1. Top of pay is 1,015 feet, total depth is 1,700 feet, and plugged back depth is 1,071. Perforations were from 1,015 to 1,020 feet.

Corden No. 1 Lee Huff, 590 from south and east of line, section 2, block T, T&P survey, spudded to 2,628 feet, set 10 1/2 inch pipe and is now waiting on cement.

**Howard**  
Corden No. 1 Crawford, C SW SW, 47-32-T&P survey, got down to 4,800 feet in lime and shale.

Fason and Lee No. 1-L Brown, 330 from north and west of line, section 22, block 34, top 1-north, T&P survey, is pulling a core at 2,351 feet in dolomite.

**Martin**  
Gulf No. 4-B Glass, C SW NW, 20-28-T&P survey, is now at 11,184 feet in lime and shale.

Ean-American No. 6-B Breedlove, 4,200 from south and 660 from east of line, league 258, Briscoe CSL, is drilling at 1,633 feet in anhydrite hydrate.

Phillips No. 1-C Schary, 1,320 from south and 700 from west of lease lines, section 34, LaSalle-CSI, is preparing to test Devonian through perforations from 12,190 to 12,250 feet. Plugged back total depth is 12,250 feet.

**Mitchell**

## HOSPITAL NOTES

**BIG SPRING HOSPITAL**  
Admission—Mrs. Iva Cobb, City; Dorothy Hyden, Gall. Rt.; Ray Brandon, El Paso; Sylvia Barraza, Gea. Def.; Essie Dally, M01 Sycamore; R. L. McLeod, City; George Ryan, Gall. Rt.; Marie Rice, 309 Yonnie; Margaret Robinson, Stanton; Mary Jane Wilson, City; Jane Hurdage, City.

**Mrs. Johnny Harrington**, Coahoma; Mrs. Robbie Townsend, Rt. 1; Mawlin Fisher, 703 E. 12th; Mrs. Jesse Griffith, Rt. 1.

**AFL is Heading For Open Break With Ike Regime**  
By NORMAN WALKER  
WASHINGTON — The American Federation of Labor seems headed for an open break with the Eisenhower administration and may move in that direction at a strategy meeting opening today.

The AFL's powerful 15-member Executive Council gathered amid considerable guffling over the way things are going under the Republican regime.

Besides considering politics and spending legislation in Congress, including moves to change the Taft-Hartley labor law, the council was expected to decide what to do about its crime-tainted membership, the International Longshoremen's Association (ILA).

Three months ago the AFL council ordered the ILA to purge itself of criminals, as turned up in New York Crime Commission probes, and to end the abuse-laden "shape-up" hiring system, under which dock workers are hired each day.

The ILA has promised to change the hiring method but has balked at ousting leaders.

George Meany, AFL president, delivered a scathing critique of the Republican administration in a speech yesterday in Chicago and wound up with a promise to get the AFL political action program rolling to elect "a liberal Congress" in 1954.

Meany reserved most of his criticism for Congress, rather than President Eisenhower.

He said the President asked Congress to extend social security coverage, but Senate Republican Leader Taft of Ohio "publicly braided the social security system as the greatest advance toward socialism yet made—and called for the substitution of a federal dole to the aged."

Meany also said there was no assurance Congress would withstand "big business" pressure and amend the Taft-Hartley labor law, as the President asked.

**Reserve Officers To Meet Thursday**  
The Big Spring-Webb Air Force Base Chapter of the Reserve Officers Association will meet in the Officers' Dining Hall at Webb at 7:30 p.m. Thursday. It has been announced by Col. E. V. Spence, president of the chapter.

Spence said the program will include the showing of the film "Ramrod at Emden." This is an aerial combat film.

**Lannie Gandy Rites Slated For Today**  
Funeral services for Lannie Gandy, 16-month-old son of Mr. and Mrs. G. W. Gandy, were to be conducted at the Eberley-River Funeral Home at 2 p.m. today. Interment was to take place in the City Cemetery.

Official was Rev. H. E. Gregory, Odessa.

Lannie died in Houston yesterday morning. The Gandys are former residents of Big Spring.

**22-Day-Old Baby Dies In Hospital**  
Juan M. Olivares, 22-day-old baby, died in a local hospital this morning.

Funeral rites will be held at 3:30 p.m. Thursday at the Sacred Heart Catholic Church. Burial takes place in the City Cemetery. Rev. B. M. Wagner will officiate. The Eberley-River Funeral Home received the body.

Juan was the son of Mr. and Mrs. Fred Olivares.

## Court Is Asked To Reconsider Gas Tax Ruling

AUSTIN — Three companies asked the Supreme Court today to reconsider its action which upheld validity of the natural gas pipeline tax.

The motion listed the same points of error the companies previously contended had been made by the 8th Court of Civil Appeals, but no argument was offered.

In view of the skeleton nature of the brief filed today, it appeared likely the firms were merely clearing the way for an ultimate appeal to the U. S. Supreme Court.

The main question they have raised since they first challenged the 1951 tax is whether the levy is a burden on interstate commerce. They say it is and that the tax thus is unconstitutional.

The suit has tied up \$13,680,000 in pipeline taxes paid under protest from September, 1951, through March.

Some \$1,100,000 is being paid under protest each month, and this money cannot be used by the state until and unless validity of the tax is sustained finally by the courts.

The levy is 9-20th of one cent per 1,000 cubic feet of gathered gas.

Gov. Shivers has tried unsuccessfully to get the pipeline companies to drop the suit to help the state's financial situation.

Parties to the suit in the Supreme Court are Panhandle Eastern and Michigan-Wisconsin Pipe Line Companies and Amarillo Oil Co.

**Water Consumption Increases Tuesday**  
Big Springians used nearly four and a quarter million gallons of water Tuesday for one of the biggest daily water consumption totals this year.

Consumption boomed after hanging around two million gallons per day for the past week. Monday's total had been 2,24 million. Residents Sunday withstood 2,22 million gallons. Last Saturday, when showers held, consumption dropped to 1.77 million gallons.

The city has been producing part of its water supply for the past two days while Colorado River Municipal Water District pumps were shut down for installation of valves and other equipment. Water was to start flowing again from the CRMWD about noon today.

**Burglary Suspects Are Being Returned**  
Big Spring Detective Claude Aaron was to return from Fort Worth yesterday afternoon with two men charged here with burglary and felony theft.

Police Chief E. W. York filed the charges Monday against Dan Hayward and Harvey Melfon, Tripp. He said they had a pistol which was stolen here in their possession when arrested last weekend by Dallas authorities.

Thirteen guns were stolen in a burglary of Dibrell's Sporting Goods Store Mar. 18, 1952.

**Worker Injured On Courthouse Project**  
Jesse Garcia, worker on the new Howard County Courthouse, was released from Mahone-Hogan Hospital today after observation for injuries sustained on the job Tuesday.

A ladder fell on him about noon Tuesday and he was taken to the hospital in a Nalley ambulance. He was working on the roof at the time, and a gust of wind blew the ladder from the cooling tower onto Garcia's head and shoulders.

**Radio Dispatcher Joins Police Force**  
An addition to the Big Spring police force is John H. Brunson, radio dispatcher.

Brunson is radio operator and dispatcher for the 4 p.m. to midnight shift. He formerly was radio dispatcher for a taxi company here.

# Bitter Fight Is Expected Over Ike Request For Tax Extension

WASHINGTON — A majority of Republicans on the House Ways and Means Committee reported today to oppose extending the excess profits tax as asked by President Eisenhower.

He spoke strongly against a drive in the House to cut personal income taxes 10 per cent starting July 1. He called instead for letting the 10 per cent rate cut take effect Jan. 1, as scheduled under present law.

The President offered to forego one minor tax increase. He proposed to keep social security taxes at the present rate of 15 per cent of payrolls on both individuals and employers. Present laws call for a step-up to 2 per cent for both groups Jan. 1. Single social security taxes are levied on only the first \$3,600 of income, "this would benefit a worker no more than \$18 a year."

His over-all program would provide an additional billion dollars in revenue for the year starting July 1, but still leave an estimated deficit of about 5 1/2 billion dollars for the first full fiscal year of his administration.

Eisenhower said he would cut at least 4 1/2 billions from the spending plans left by former

# Red Cross Is Presented With Relief Program

An organizational chart which specifically defines duties of various groups in event of a disaster has been prepared by Jake Morgan, disaster relief chairman of the local Red Cross chapter.

This organizational setup was submitted to the Red Cross advisory board at a meeting Tuesday night and was accepted. Wide publicity will be given to the organization, so that proper people may function quickly and efficiently, with a minimum of confusion and duplication, in event of a disaster. The relief program includes assignments for medical, nursing, transportation, communication, housing, food, and such phases.

Announcement was made at the Red Cross meeting Tuesday night that the chapter has purchased a piano for the hospital at Webb Air Force Base. Chapter Chairman Doug Orme is to confer with county officials concerning space that was set aside for the organization in the new Courthouse.

Announcement was made of a first aid course, to be conducted at Howard County Junior College beginning June 2. Classes will be held each Tuesday and Friday night for four weeks.

The chapter held its election of officers Tuesday night and re-elected the entire slate. These include:

Doug Orme, chairman; Leroy Echols vice chairman; Mrs. B. L. LaFever, secretary; Mrs. Ralph Baker, treasurer; and these service chairmen: Junior Red Cross, Dixie Boyd; home service, Roy Reeder; disaster relief, Jake Morgan; first aid, Leslie Snow; volunteer services, Mrs. Buel Fox; accident prevention, J. C. Morgan; home nursing, Mrs. Clyde E. Thomas Jr.; public information, Joe Pickle; water safety, Glen Puckett; blood procurement, R. W. Whipkey.

Members of the advisory committee include W. C. Blankenship, Truman Jones, R. W. Whipkey, Everett Lomax, Truett Thomas, Dick Simpson, Tolford Durham, Jimmy Beale, C. O. Nalley, Shine Phillips, G. P. Morrison, Jack Lamb, R. B. C. Cowper, Mrs. Ed Swift, A. R. Davenport, Adolph Swartz and Frank Jones of Garden City.

VIRGINIA KIRCHNER

## Webb Has New Red Cross Aide

New Red Cross representative for Webb Air Force Base is Virginia Kirchner.

She already has assumed duties at the base, succeeding Viola Johnston, who resigned.

A native of Kansas, Mo., Miss Kirchner served the Red Cross in the Pacific theatre, working in Hawaii, The Philippines and Japan during and following World War II. The work here will include the coordination of all Red Cross activities with needs of WAFB personnel.

Miss Kirchner emphasized that she is anxious to assist all service personnel at Webb as well as members of their families.

## Man Injured Here In Mishap Transferred To Dallas Hospital

George Coots, critically injured in a traffic mishap here early Saturday, was transferred to a Dallas hospital this morning.

He had not regained consciousness.

Coots, of 103 Donley, suffered a severe head injury shortly after midnight Friday when the pickup in which he was riding struck a utility pole on Marcy Drive in front of the VA Hospital. He remained in a local hospital until 5 a.m. today when he was transferred.

## Forsan Woman Hurt When Car Overturns

Mrs. J. N. Seward of Forsan was in Malone-Hogan Hospital today as a result of injuries received when her car overturned early today.

Hospital attendants reported that she is not in serious condition. Her car turned over on the cut-off road leading from Highway 87 to Forsan.

Officials think she was headed toward Big Spring at the time of accident. The car turned over after a blow-out. Mrs. Seward was alone at the time.

# Governor Signs Bill On Drunken Driving Sentence

AUSTIN (AP)—Gov. Shivers signed many important bills today, including one that will mean minimum three-day jail sentences for drunk driving.

The bill attempting to slow down drunk drivers is by Sen. Carlos Ashley of Llano. The minimum jail sentence of three days will be compulsory on conviction, but the judge may commute it to six months probation.

The maximum sentence would be two years imprisonment, and fines could range from \$50 to \$500. The law will go into effect Aug. 25 or 30 days after adjournment.

The governor signed a bill calling for computation of the economic index for counties by using three-year data, with the index to be calculated each year instead of every four years.

The index determined how much each county must contribute toward the 45 million total in legal support of the state's school program.

A bill exempting radio stations from damages for defamatory statements made over the station by other persons, unless the station failed to use due care to prevent such a broadcast, was signed to take effect 90 days after the Legislature ends. Rep. Jim Paxton of Palestine sponsored the measure.

Another 90-day bill approved by Shivers allows an increase in the length of buses from 35 to 40 feet. Also signed to take effect in 90 days was a bill to require cities to call an election on petition of the voters on increasing salaries of firemen and policemen.

A bill extending to March 31, 1955, the state's land purchase program to veterans in service was signed into immediate effect.

Other bills signed to take immediate effect include those:

By Rep. W. G. Kirkin of Odessa, allowing townships to designate through-city routes for super-heavy and oversize equipment used in transporting such commodities as cannot be reasonably dismantled on highways through the cities.

By Rep. Jack Hightower of Vernon, creating a water conservation district in Wilbarger County.

By Rep. Edgar Berlin, authorizing commissioners' court to join any two or more cities in constructing and maintaining a joint hospital.

By Sen. Kilmer Corbin of Lubbock, authorizing Texas Tech to levy a regular fixed student fee for operation of Student Union Building.

## Oatis To Visit With Men He Worked With

NEW YORK (AP)—William N. Oatis, will visit The Associated Press offices in New York today for a reunion with men with whom he worked before his arrest in Red Czechoslovakia.

The 39-year-old Oatis, who worked for the AP in New York prior to entering the news co-operative's foreign service, was released Saturday from a Prague prison.

He and his wife expect to be here several days before visiting relatives in Indiana, Michigan and Arizona.

# Free Pump Brings Up Oil From The Bottom

By ALTON L. BLAKESLEE  
TULSA (AP)—A pump shaped like a long pencil is floated down wells to bring oil from the earth.

It lies at the bottom, completely unattended, with no lines or pipes connecting it with the surface.

It goes down one of two tubes placed inside the well. The tubes are then filled or primed with crude oil. This pump is dropped into the larger tube from the top. The oil is pumped into the latter tube, from the top, to make the pump go to work to draw more oil from the bottom of the well.

The new oil, and the oil being pumped in, rise up the smaller tube to the surface.

Called a free pump, it is being shown at the International Petroleum Exposition by Kobe Inc.

An advantage is cheapness of servicing. If the pump needs attention, you simply take it back out by pumping oil into the smaller outlet tube. That forces the free pump to rise to the top.

To start operation, a tube two inches in diameter is put down inside the well, to the bottom. A U-turn connects this tube with a one-inch tube, which carries oil back to the surface.

Both tubes are filled with oil from the top.

The pump is eight-feet long, and 1 1/2 inches in diameter. Dropped inside the two-inch tube, it floats down and comes to rest atop a standing valve at the bottom of the well pipe.

A pump at the top of the well forces oil, under pressure, down the bigger tube and through a hole

in the top of the pencil pump. By an ingenious system of valves and passages inside the pencil pump, pistons inside the pump ride up and down, forcing the well valve to open and close. Each opening of this valve lets new oil enter the well.

This new oil, plus the oil being forced down through the pump, make the U-turn rise up the outlet tube.

The pump forces oil up the outlet tube on both the down and up strokes of its pistons. Ordinary pumps bring oil up only on the up strokes.

"The pumps can work at a maximum of 63 strokes per minute, raising many barrels of oil daily. Part of the recovered oil is re-

circulated through the surface of the well with the new oil pump to keep the well flowing. Because of the steady pumping action, sand or other debris entering the well with the new oil are brought up to the top, rather than staying down to foul up the pump mechanism.

## 31 Crewmen From Motorship Which Is Aground Rescued

TOKYO (AP)—A U. S. Navy troop transport today rescued 31 crewmen from the British motorship Lady Wolmer, which ran aground near Cheju Island off the southern tip of Korea. Navy headquarters announced.

The Wolmer, a frequent trader with Communist China, called for help after running aground only 50 yards off Cheju and the Navy transport Henrico steamed to her assistance.

The U. S. landing ship Whetstone stood by during the rescue operation, the Navy said.

Navy officials said the Wolmer is in no danger of breaking up unless a storm hits, and Capt. W. E. Jones sent 13 crewmen back aboard to await a possible salvage attempt. The men were given life rafts to make the beach if the ships starts to break up.

Seventeen other crewmen will remain aboard the Henrico.

The vessel was carrying general cargo, mostly beverages, from Kobe to Pusan and Incheon, Korea.

**IT'S FRIGIDAIRE WEEK!**

MAY 18 THROUGH MAY 22

## France Is Threatened With A New Crisis

PARIS (AP)—Premier Rene Mayer threatened France with another cabinet crisis last night. He said he would resign unless the National Assembly gives his government the right to cut administrative expenses by decree.

The Premier made his demand in the form of a confidence vote and the Assembly recessed immediately after his speech. The vote was set for tomorrow.

# Now Your Blood Donation Also Helps Fight Crippling Polio!

NEW USE FOR GAMMA GLOBULIN HELPS PREVENT CRIPPLING EFFECTS OF POLIO

**GIVE BLOOD NOW! GAMMA GLOBULIN TAKES 3 MONTHS TO MAKE! MUST BE READY IN TIME FOR PEAK POLIO SEASON!**

Controlled medical tests show that Gamma Globulin has often helped prevent the crippling paralyzing effects of Polio. (The major use of Gamma Globulin up to this time has been in the prevention and control of measles and infectious hepatitis.) By injecting children with Gamma Globulin the incidence of paralysis in Polio has been greatly reduced. Gamma Globulin is made from human blood. Blood that only you can give.

**WHAT IS GAMMA GLOBULIN?**

Gamma Globulin is that part of human blood which contains "antibodies" built up in the blood stream as the result of the human body fighting disease. Long after the invading Polio virus is gone, "antibodies" remain in the blood—sometimes for life! By collecting this concentrated substance which contains the "antibodies"—and inoculating persons with it, Gamma Globulin has greatly reduced the crippling effects of Polio in many cases treated.

**YOU MAY HAVE HAD POLIO!**

You may have had mild Polio... but never knew it. (Most of us have been exposed to Polio... and successfully fought it off without developing paralysis.) What happened? Simply this: When Polio virus

entered your body, certain cells produced "antibodies" which are still in your blood. These protective "antibodies" either dissolved the Polio virus... or helped your white blood cells destroy them.

**GAMMA GLOBULIN NOT A "CURE-ALL"**

It must be stressed that Gamma Globulin is not a "cure-all." However, recent field tests scientifically demonstrate that Gamma Globulin does give temporary protection against the paralytic effects of Polio.

**STOCK PILE CRITICALLY LOW**

There is now not nearly enough blood available for Polio use... especially if an epidemic should again strike this summer. Because it takes one pint of blood to make one dose of Gamma Globulin for the average child... and because Gamma Globulin protection lasts only a short time... it is obvious that more and more blood is urgently needed.

**"LATER" WILL BE TOO LATE!**

Since Gamma Globulin must be processed or "fractionated" from pooled blood derivatives, it takes three long months before your blood can be made into Gamma Globulin. That's why it is important that you give blood now! Yes, helping prevent Polio is one more reason—a powerful, compelling reason—why you should give blood NOW! If enough blood can be secured quickly,

America's desperately small stock pile of Gamma Globulin may be built up in time for the peak Polio season ahead.

**ARMED FORCES GET WHOLE BLOOD FIRST**

It should be, our Armed Forces get first call on all blood donated. Because if a badly wounded American soldier doesn't have whole blood immediately, he dies. Blood is needed at home, too—for the hospitalized veteran—for emergencies and disasters on the home front—and to help build up a reserve that is large enough and mobile enough to see us through possible enemy attack. Yes, your blood donation not only helps fight Polio, but serves all America because... the blood you give is used wherever it is needed most—first!

**Roll Up Your Sleeve...**

You can save a life when you give blood

# Roswell Seeks 2nd Straight Tonight

## Oscar Reguera May Take Hill

Perhaps the Big Spring Broncs should wear their road uniforms, if they want to shatter their home park jinx.

The Steeds are playing .750 ball on the road, yet haven't won half their games.

They lost a chance to pick up valuable ground on the first division clubs in the Longhorn League by blowing a decision to Roswell last night.

Tonight, they'll try to get back on the victory path in an 8:15 engagement here with Roswell.

Manager Hack Miller will probably send Oscar Reguera to the mound for Big Spring. Reguera has won three games this year.

Pat Stacey, the Roswell boss, may counter either with Rolando Bacardi, sensational new rookie, or Bob Weaver.

Roswell remains over Thursday for a game, after which Lamesa comes in here for a trio of games.

Manager Miller reasons his mound staff is about to get straightened out now. If his hitters will come around, he figures the club will be in the thick of the fight for a first division berth.

Right now, the team is leaving too many runners stranded on the base paths.

## Pioneers Blast Leaders, 15-1

By The Associated Press

Austin turned Tiger on the league champs from Greenville and blasted out a 15-1 verdict over the Big State League's first-place club, Tuesday night.

Greenville had the good fortune to share their misery with Texarkana for the Bears blew another one in the ninth inning, to Temple, 3-2, and so the Maties kept their one-game margin.

Austin jumped off with eight runs in the first inning and with Dean Franks pitching five-hit ball it was never a contest.

Wichita Falls spotted Waco seven runs and then overtook the Pirates with a climactic six-run eighth inning that was capped by Jim Warner's three-run homer, the Spudders winning, 8-7.

The Tyler club got a good three-hits performance from Alex Patterson and easily stopped Paris, 8-1. Patterson was all over the park, driving in three of his own runs to win his second game of the year.

## Cargo Kings, Devils Win Decisions In Pony Loop

The Cargo Kings used the long ball to founce the Reporters in a Pony League game played Tuesday night. Final tally was 6-3.

Johnny Shuba, on the mound for the Kings, limited the Reporters to six hits and struck out 14 in the seven-inning game. Jackson hurled for the losers, surrendering seven blows and fanning nine.

Glen Whittington and Bill Johnson crashed out four masters for the winners, each with a mate

Hodges Rides The Wood

Gil Hodges, regular first baseman of the Brooklyn Dodgers, sits disconsolately with chin in hand after being benched by Manager Charley Dressen before game at Cincinnati Sunday. "Gil hasn't been hitting and I think a couple of days rest will do him good," Dressen told newsmen. Bottom, center is Dodger center fielder Duke Snider. (AP Wirephotos)

### ROSWELL WINS

## Arencibia Tames Cayuses, 6-4

Wayne Crawford paced the Roswell Rockets to a 6-4 victory over the Big Spring Broncs in the opener of a three-game series here Tuesday night, clubbing home five of the visitors' runs.

Crawford blasted out four hits in four trips, including a first-inning round-tripper with Ossie Alvarez on base. Alvarez had walked.

The Rockets hopped on Andy Alonso, an ex-teammate, for 14 assorted hits. Alonso's record is now no wins and four losses for the season.

Artemis Arencibia, leashed the Broncs with an assortment of "junk," scattering 11 hits effectively.

The Cayuses took a temporary lead in the fifth when Jess Jacinto plated Alonso with a single and Red Cowley counted on a long fly to center by Wally Hanna.

Roswell came right back to count three runs. The big blow was Crawford's two-run double. Pat Stacey then sent Crawford home with a single out over the shortstop's head.

Roswell added another one in the eighth when Al Costa singled.

## Sports' Pilot Hospitalized

By BARD LINDEMAN  
Associated Press Sports Writer

The Shreveport Sports won their ninth game of their last 10 starts stopping San Antonio, 8-7, Tuesday night but lost their player-manager Mickey Livingston immediately after the game.

Livingston suffered an appendicitis attack and was rushed to a hospital.

The playing-pilot who fired his club to the win with a two-run homer in the seventh inning collapsed in the dugout just after the game. In Livingston's absence the club will be managed by veteran Outfielder Mel McGaha.

The second-place Fort Worth Cats fell flat on their faces, losing 7-0 to Oklahoma City as Al Zillian led them down with five hits.

Houston won over Beaumont, 3-2, holding off the Expaters when they threatened in the ninth. Houston rapped out 14 hits but made runs only when they needed them, putting across their winning score on three singles in the seventh.

Tulsa moved over, Dallas and into fourth place, clipping the Eagles, 7-3, on Cliff Ross' three-hitter. Dallas has now lost six out of seven.

## Sun Oil, Cook Tie At 4-All

COLORADO CITY—Sun Oil and Cook's Appliance Store of Big Spring played to a 4-4 standoff in a Jaycee Softball League game here Tuesday night.

Sun Oil was seeking to climb back into a tie for first place in league standings.

The time limit invoked against teams playing the first game of the night double header caught the two clubs. They had played seven innings.

Speck Franklin went all the way on the mound for Cook's.

The Big Springers return to action Thursday night, meeting Col-Tex at 7 p.m.

### Finals Are Set

FORT HOOD—Finals of the Fourth Army Area Track Meet are set here Saturday afternoon. Fort Hood is expected to finish high in the tournament.

## Hogan Is After Fourth Crown At Colonial

FORT WORTH—It's, monotonous and ambiguous, but Ben Hogan is favored to win another golf tournament—the \$25,000 Colonial National Invitational which opens here tomorrow.

"Any tournament the little man plays in finds him picked for top money and especially is this true of Colonial, where Ben is a dues-paying member and has won twice as much money as anybody else in the six years of this star-studded Nike show."

They call the par-70, 7,035-yard course "Hogan's Alley" and the tournament itself "Hogan's Benefit."

And Hogan may not realize it himself, but he could be setting a record even for Hogan. Because the mighty mile of Texas never has won the same tournament four times anywhere. He took the title here in 1946, 1947 and 1952.

Ben moves out with a field of 47 other hotshots as the boys get in final practice licks today. Thus far one-under-par 69, posted by Fred Hawkins of El Paso twice and Fred Wampler of Indianapolis, Ind., once, are the best tune-ups.

But Hogan has done 70 two days and 71 once, knows the course like a book and twice in tournament play he has turned in a 65—the lowest score ever made in competition at Colonial.

There was one change in the field as the linksters readied for the first round of the 72-hole tournament. Jimmy Gaunt of Oklahoma City yesterday was substituted for Bob Hamilton of Evansville, Ind., who withdrew because of a back ailment.

Other than Sam Snead, Lew Worsham and Julius Boros, all of the top stars of the tournament trail are here. Snead didn't come because he just didn't want to. Worsham is busy at Oakmont, Pa., where the National Open will be held, and Boros will be at Oakmont Saturday, testing his round off National Golf Day.

The tournament program starts today with a golf clinic. Cary Middlecott of Memphis, a former Colonial champion, and Earl Stewart Jr. of Dallas, will be masters of ceremonies by virtue of having won the last two tournaments—Stewart at Ardmore, Okla., and Middlecott at Westbury, N. Y. A dozen of the players will appear in the clinic. They are Jerry Barr, Bessie, Chicago; Tommy Boh, Maplewood, N. J.; Jack Burke Jr., Klamath Lake, N. Y.; Doug Ford, Harrison, N. Y.; Chandler Harper, Portsmouth, Va.; Ted Kroll, New Hartford, N. Y.; Byron Nelson, Roanoke, Tex.; Ed Oliver, Lemont, Ill.; Johnny Palmer, Basin, N. C.; Dick Mayer, St. Petersburg, Fla.; and Hogan, who registers out of Palm Springs, Calif.

Even if the wrong team did win, the home folks saw a real good ball game. The Braves broke it open on the sixth, after five scoreless innings, when Andy Paiko singled home Eddie Mathews.

But with the cheers of the 36,439 loyal fans still echoing, George Shuba sent Brooklyn ahead with a home run after Jackie Robinson had walked.

The Braves brought in Max Surkont, with a 5-0 record as a starter, to pitch in the eighth, and the Dodgers greeted him rudely with two more runs on Duke Snider's sixth homer of the season—a blast over the center field fence that scored Pee Wee Reese.

While the Braves went down, the Philadelphia Phillies went up. Robbin Roberts checked the Cincinnati Red Legs, 6-3, for his sixth victory against two defeats and moved the Phils one full game in front of the Braves.

The St. Louis Cardinals edged the Pittsburgh Pirates, 2-1, and the suddenly improved New York Giants won their third in a row, a 6-4 decision over the Chicago Cubs in 10 innings.

Hank Bauer homered in the 11th inning with a man on base to give the New York Yankees a hard-earned 4-2 triumph over the lowly Detroit Tigers while the second-place Chicago White Sox lost their second in a row, a two-hit 2-1 ver-

### Galveston Power Begins To Show

By The Associated Press

The Galveston power is finally beginning to show in the Gulf Coast League standings. After Tuesday night's 11-7 win over Corpus Christi, the Caps stand a game in front.

Second-place Harlingen is dumped by the upsurging Lake Charles Lakers, 8-2, and fell behind.

### Ships Get Hurler

BEAUMONT—Beaumont has acquired John Hoffmah, right-handed pitcher, from Ottawa of the International League. Hoffmah, 29, has spent the last five years in Double-A or Triple-A baseball and had a 1-0 stint with Bert Worth of the Texas League in 1952.

### LITTLE SPORT

## Dodgers Prove Ungracious Guests By Licking Braves

BY BEN PHLEGAR  
Associated Press Sports Writer

Now the folks in Milwaukee know what the rest of the National League fans found out a long time ago—as guests the Brooklyn Dodgers leave a lot to be desired.

In full view of the largest crowd ever to pay its way into a sports event in the Wisconsin metropolis, the pesky Dodgers slapped down the Braves last night, 4-1, and knocked them out of a first-place tie.

The victory was only the second for the Bums in seven Western road games and came on their very first appearance in Milwaukee.

Even if the wrong team did win, the home folks saw a real good ball game. The Braves broke it open on the sixth, after five scoreless innings, when Andy Paiko singled home Eddie Mathews.

But with the cheers of the 36,439 loyal fans still echoing, George Shuba sent Brooklyn ahead with a home run after Jackie Robinson had walked.

The Braves brought in Max Surkont, with a 5-0 record as a starter, to pitch in the eighth, and the Dodgers greeted him rudely with two more runs on Duke Snider's sixth homer of the season—a blast over the center field fence that scored Pee Wee Reese.

While the Braves went down, the Philadelphia Phillies went up. Robbin Roberts checked the Cincinnati Red Legs, 6-3, for his sixth victory against two defeats and moved the Phils one full game in front of the Braves.

The St. Louis Cardinals edged the Pittsburgh Pirates, 2-1, and the suddenly improved New York Giants won their third in a row, a 6-4 decision over the Chicago Cubs in 10 innings.

Hank Bauer homered in the 11th inning with a man on base to give the New York Yankees a hard-earned 4-2 triumph over the lowly Detroit Tigers while the second-place Chicago White Sox lost their second in a row, a two-hit 2-1 ver-

### Oilers Blanked By Potashers

By The Associated Press

Carlsbad protected their Longhorn League lead Tuesday night in the most efficient way possible, by scoring 11 big runs and holding Odessa scoreless.

Southpaw Marshall Epperson pitched a brilliant two-hit, 11-0, shutout. Carlsbad blasted three Odessa hurriers for 17 hits.

San Angelo was dropped another full game off the Carlsbad pace when they ran into Lamesa's Israel, who stopped them, 3-2, on seven hits.

Artesia committed baseball mayhem at Midland, slashing six Midland pitchers for 23 hits, in their 22-12 win.

Midland, with a small baggage of their own, had 18 hits against two Artesia pitchers.

Big Spring lost to Roswell 4-4, maintaining their record of doing poorly at home.

### Reynolds Scores 64 In Tourney

The Big Spring Country Club's first putting tournament of the season Tuesday night brought out 24 entries.

Low among the men was Earl Reynolds, with a sizzling 64. Speedy Nugent won second place with a 70. Tommy Huffo was third with 71 and Frank McCleskey fourth with 72.

Lots Hodges won the women's division with a 70, with Bobby Satterwhite second with a 75 and Jean Cook third with an 85.

In the junior bracket, Bobby Hodges was first with 75. Frank Powell second with 76 and Whitney Reynolds third with 77.

## Truck owners: before you buy any new truck... see what you get with DODGE!

## Features like these... plus new lower prices!

- SHARPER TURNING** than other leading makes to save you time and effort.
- 7 POWERFUL ENGINES** with 100 to 171 h.p.—3 engines brand-new. You can be sure of the right power for your job with Dodge!
- TRUCK-O-MATIC TRANSMISSION** with 600 Fluid Drive, for the best in shift-free driving. Available in 1/2- and 3/4-ton models.
- SUPERSAFE BRAKES** of the advanced dual-primary type in 1- through 4-ton trucks. Of trailing makes, only Dodge offers these up-to-date brakes.
- More power in the 1 1/2- and 2-ton ranges** than other leading makes.
- More pick-up and express bodies** than other leaders, including new 116" wheelbase 3/4-ton pick-up.
- Greatest 3/4-ton-panel payload** and cubic capacity.
- Fluid coupling**, for smoother traction in 1/2-, 3/4- and 1-ton models, offered only by Dodge.
- 2 Fuel filters** on all models to assure cleaner fuel and cleaner engine.
- Floating oil intake** selects clean oil just below top; avoids sediment at bottom of crankcase.
- Water-distributing tube** on all models directly cools valve seats... means longer valve life.
- Exhaust valve seat inserts** on all models for better valve seating, longer engine life.
- 4-ring pistons** on all engines save oil, upkeep.
- Independent parking brake** on all models is simple, efficient, powerful.
- Cyclebond brake linings** last longer... no rivets to score brake drums.
- Oriflow shock absorbers** on 1/2-, 3/4- and 1-ton models give smoother riding.
- Better balanced weight distribution** for extra payload.

1/2-ton through 4-ton!

# LOOKING 'EM OVER

With Tommy Hart

Manny Tames won't be pitching his tent with the Big Spring Bronces, after all.

A disappointed Bill Frank learned that via telegram Tuesday. Seems Tames is being retained by Pampa, which had orally agreed to send him to the Steeds, because another infielder coupled on to play regularly for the Oilers is out with an injury.

Since there was nothing in writing concerning the deal which saw the Bronces send Ray Machado to Pampa, there's no recourse for Frank to take.

Pampa did make a counter cash offer for Machado, which Frank reasoned he'd take, since Machado wasn't helping Big Spring. It would be safe to say the Bronces made money on Machado, although he might turn into a big winner for Pampa.

At any rate, Frank will henceforth make most of his deals in writing. This deal has taught him not to do it any other way.

It is known Pampa offered to deal Tames back to Midland, where he was a fixture last year, for \$2,000. Midland complained that was too much money.

Odessa scribes insist all is not well between the Midland front office and Manager Jay Haney, that Jay wanted to keep Jim Prince but was over-ruled by his superiors.

The Odessa writers say Haney made various threats but the release order was given, anyway.

## HOUSTON SCOUT WAS WORLD WAR II FLIER

The University of Houston football coach who visited here recently to consult Bobby Hayworth and Raymond Gilstrap of the 1952 Big Spring High School grid team is Elmer Simmons, the Cougars' backfield mentor.

Simmons was a standout on Tulsa University's 1942 Sugar Bowl eleven and performed in the 1945 Oil Bowl at Houston. He coached high school ball at Enid, Okla., for a while.

During the war, Simmons pieced together quite a record. He served as a fighter pilot in Burma and won the Distinguished Flying Cross.

Simmons saw movies of some of the Steer games and was particularly impressed with the play of Hayworth. Gilstrap must have given him quite an eye-full in the Exes-Steer game, though, because Gizz was in on virtually every play.

Brownville High School, way down at the other end of the state, is going to get a new \$300,000 stadium seating 10,000.

Wonder when the idea of a bowl will be taken up here? There's a site for it and the old plant has about outlived its usefulness.

Last time I looked, Bill Evans, one-time Big Spring hurler, had won seven mound decisions in the Pacific Coast League, against only one loss. He's with Seattle.

The University of Oklahoma, which could come up with another fine football team this fall, could lose three games before winning one.

The Sooners open with Notre Dame, then play Pittsburgh and Texas in that order.

## Abilene Eagles Lose 6-4 Decision To Coyote Nine

ABILENE — Abilene yielded to Wichita Falls in a bi-district baseball game played here Tuesday night, 6-4.

The Eagles, District 3-AA champions, led, 2-1, in the third inning but the Coyotes scored in each of the last three innings to cop the duke.

A crowd estimated at 1,500, largest ever to see a high school baseball game here, watched the proceedings.

The two teams meet again in Wichita Falls at 2 p.m. Friday. A Coyote win would send the team to the state meet. If Abilene wins, the deciding game will be played in Wichita Falls Saturday.

# Banner Turnout Expected For National Golf Week

W. O. (Junior) Maxwell, Muni pro, said fair weather this week could bring out as many as 100 entries for National Golf Day, proceeds of which go to worthy charities.

Maxwell said he planned to run the tournament, in which players match their scores against that of Julius Boros, the National-Opening, on Friday and Saturday. Each adult pays \$1 plus green fees.

Caddies, however, can play all week. They pay 25 cents for the privilege of playing Boros.

Pros at both local golf courses will handicap players according to past performances. Women entries get their regular handicap, plus seven strokes.

Those who beat Boros will be given a medal signifying same by Life Magazine, which is standing all expense of promoting the nation-wide tournament.

A dozen Muni players won medals in last year's tournament, when they matched scores with Ben Hogan, and Maxwell said he looked for more than that to be given away this year.

On National Golf Day, 1952, more than 200,000 in entry fees were collected. Half was donated to United Service Organizations, an agency of the United Defense Fund; the other half was placed in the National Golf Fund, Inc., for disbursement to worthy causes, for educational or athletic purposes, related to golf.

## Bucs May Remain A Waco Product

WICHITA FALLS — The chance that the Waco Pirates of the Big State League will remain strictly a Waco product loomed strong yesterday.

Buster Chatham, general manager of the tornado-orphaned club, said Waco fans have started a fund drive to provide another playing field in or around Waco.

Chatham said, "Walter Fort, Waco insurance man, told me in a telephone conversation that it looks very encouraging that the Pirates will be able to remain in Waco."

The Waco club was in Wichita Falls, playing all their games, on the road for the time being.

## BOBBY MAXWELL IS REINSTATED BY UNITED STATES GOLF ASSN.

DENTON — All the North Texas State College golfers suspended by the United States Golf Association for teaching golf at the college and having their expenses paid to non-college tournaments now have been reinstated.

Bobby Maxwell of Big Spring was the last returned to the good graces of the USGA. Joe Conrad and Stan Mossel of San Antonio, Don January of Dallas, Ray Ferguson of Breckenridge and Marion Hickey of Pocatello, Idaho, were returned to the amateur rolls earlier.

Maxwell applied for reinstatement at the same time as the others but his case was not acted upon until this week.

## Roland La Starza May Be Next Marciano Opponent

By MURRAY ROSE

NEW YORK — Roland La Starza may have a slight edge on Edward Charles in the maneuvering to get the next crack at Heavyweight Champion Rocky Marciano.

More light may be shed on the matter today or tomorrow when promoter Jim Norris and Al Well, Marciano's manager, resume talks about Rocky's future foe.

The two conferred for an hour yesterday while Jimmy de Angelo, La Starza's pilot, hovered anxiously outside the conference room in the International Boxing Club's offices.

There was nothing concrete for de Angelo to get optimistic about outside of Norris' remarks to newsmen that he would like to stage a middleweight and heavyweight championship fight outdoors in New York this September.

"If it's going to be La Starza against Rocky," said Norris, "the fight should be in New York (La Starza is a New Yorker). If it's Charles, it would not necessarily have to be New York but New York would figure strongly."

Both Well and Norris said nothing definite was decided. Both are agreed Rocky's opponent must be either Charles or La Starza. Norris wants to have it in September but Well said he wants time to think it over.

Norris, who is president of the IBC, said he hoped to put on the middleweight title fight between the American and European champions, Faddy Young of New York and Carl (Bobo) Olson of San Francisco battle, it out for the U. S. title in New York June 19. England's Randy Turpin and France's Charles Humez clash for the European crown in London June 9.

Well, meanwhile, hoped to settle today one way or another a proposed Pacific tour for the heavyweight champ. It calls for stops in Manila, Guam, Honolulu and Tokyo.

"If we go, we'll visit the troops in Korea," said Well. "That's a stipulation we insist on."

ABILENE, Tex. — A ten-game football schedule was announced today by Abilene Christian College.

The schedule: Sept. 12 Southwest Texas, Sept. 19 East Texas at Commerce, Sept. 26 Arkansas State at Jonesboro, Ark., Oct. 3 Midwestern at Wichita Falls, Oct. 17 McMurry, Oct. 24 Lamar Tech at Beaumont, Oct. 31 Texas A&I at Kingsville, Nov. 7 Austin College, Nov. 26 Howard Payne at Brownwood.

## Temple Diamond Corps Wins Way To State Meet

By The Associated Press  
Temple already is in the State Schoolboy Baseball Tournament and 14 other schools are seeking the remaining seven places.

Temple beat Highland Park, 7-4, Tuesday night to take its second straight over the Dallas nine and push into the tournament at Austin, June 3, 4 and 5.

Meanwhile Amarillo, Wichita Falls, Austin and Ray (Corpus Christi) held leads over their opponents in other bi-district series. Other series haven't started yet.

Amarillo whipped Ysleta, 15-6, in the opening game of their series. Wichita Falls beat Abilene, 6-4. Austin downed Reagan (Houston), 6-2, and Ray licked McAllen, 7-4.

Reagan is the defending state champion. Here's how the bi-district series stand:

Amarillo defeated Ysleta in first game; they play at Amarillo Friday in second.

Wichita Falls downed Abilene in first game; they play at Wichita Falls Friday.

Poly (Fort Worth) and Adamson (Dallas) open their series at Dallas Wednesday night. They play at Fort Worth Friday.

Temple defeated Highland Park in two straight games and is in state tournament.

Paris and Tyler open their series at Paris Thursday; they play at Tyler Friday.

Port Arthur and Bryan open their series at Bryan Thursday; they play at Port Arthur Saturday.

Austin defeated Reagan (Houston) in first game; they play at Austin Friday.

Ray (Corpus Christi) defeated McAllen in first game; they play at McAllen Wednesday.

This is the Class AA division. Class B will determine 32 district champions, and then bi-district champions. Class A will determine 31 district champions and eight regional champions. Neither of these classes has a state tournament.

## Pitching Is Poor, Moans Hutchinson

By JOE REICHLER  
NEW YORK — "Our pitching stinks."

Manager Freddy Hutchinson's terse explanation for the sorry showing of his last-place Detroit Tigers was forthright and to the point.

"That has been the biggest disappointment," the blunt-speaking skipper said before last night's game against the New York Yankees.

"Only Billy Hoelt and Ned Garver have been pitching with any degree of consistency."

"Our pitchers are beginning to show signs of peaking up, however," Hutch added quickly. "And I really believe that the worst is past. We should be all right from now on."

Pitching wasn't to blame for last night's 4-2 loss in 11 innings to the Yankees. Southpaw Ted Gray hurled splendidly until he fed Hank Bauer a home-run ball following Mickey Mantle's double in the 11th. He yielded only six hits in 10 innings and fanned nine.

Loose fielding was responsible for the first two New York runs.

Hutchinson admitted he spent many a sleepless night during the first month of the campaign but pointed out the Tigers recently won three straight on the road. He hopes it is a sign of better things to come.

"Baseball is a tough game to figure," he said ruefully. "Before the season began, I thought pitching was going to be sur-fur-rie. I was a little concerned with our hitting and defense. It's worked out exactly the opposite. We've been hitting real well, the defense has held up but the pitching has been awful."

"I'm still confident our pitchers will come through. On paper it's

Officers' Wives Form Golf Club

Twenty-six wives of Webb Air Force officers have formed a golf club and plan to play every Tuesday.

In the first matches, completed yesterday, a foursome composed of Pat Thomas, Dottie Taylor, Lucile Wallace and Charlene came home in front.

Others who registered for first day competition included Verna Pope, Shirley Wilson, Eloise Wall, Aloise Clapham, Hazel Edwards, Penny Alexander, Joe Mallenberg, Ruth Goodwin and Ann Meears.

Going places over Decoration Day?

PLAY SAFE!  
STOP FOR

# CONOCO Safety-First SERVICE

More than just an oil change—

A COMPLETE SAFETY SERVICE FOR YOUR CAR!

Decoration Day weekend coming up—and months of wonderful summer motoring ahead! Time to make sure your car is set—and safe—for heavy summer driving. Get this complete Safety-First Service at your nearby Conoco dealers—and remember to drive carefully—for a care-free Decoration Day weekend!

**FREE tire inspection**  
Your Conoco dealer will check air pressure and inspect all tires for cuts, bruises and wear.

**FREE brake check**  
He'll check your brake system; recommend repairs when needed for safe driving.

**FREE cooling system check**  
He'll examine your entire cooling system... drain it, if you wish... make sure it's set for hot-weather driving.

**FREE lighting system check**  
He'll inspect headlights, tail lights, signal lights—to make sure your car has no defective bulbs.

**FREE battery check**  
He'll test your battery—clean terminals, advise you if you need a battery charge, or new cables.

**Conoco lubrication**  
Using Conoco's special Check-Chart, he'll get to every single lubrication point.

**Drain and refill with CONOCO Super MOTOR OIL**  
He'll drain out your old oil. Then he'll recondition air and oil filters and refill your crankcase with Conoco Super—the motor oil that OIL-PLATES metal surfaces and helps your engine eat less—run better—and live longer!

More than meets the requirements of any car on the road!

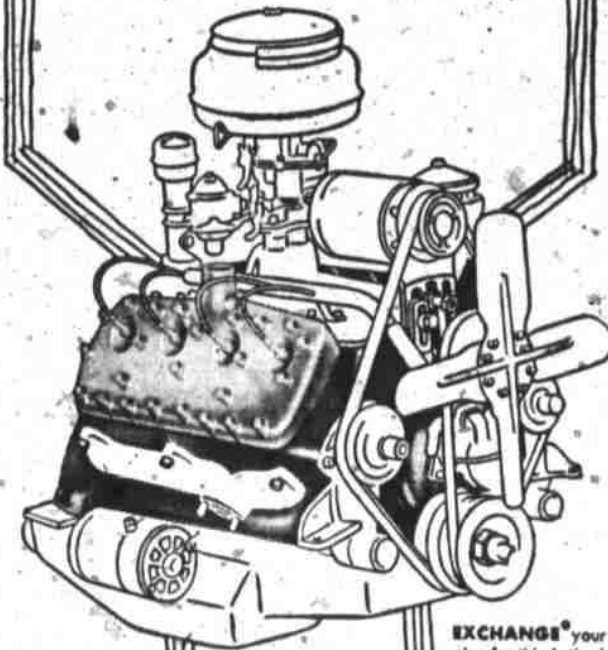

Drive carefully—  
the life you save may be your own!

CONOCO

... the best there is for you and your car!

AND REMEMBER—FILL YOUR TANK WITH CONOCO "SEASON-TAILORED" GASOLINE!

"Same Price To Everyone"

**'52 MERCURY** Mon-  
terey sport coupe.  
Merc-O-Matic drive, radio,  
new premium white wall  
tires. It has the sweep and  
open air spirit of a conver-  
tible, but the comfort of  
a sedan. An immaculate  
car with an inviting leath-  
er interior. **\$2485.**

**'52 LINCOLN** Sport  
Sedan. Lincoln has the  
balance of a race car  
with all the luxury of a  
limousine. A smart two-  
tone paint with matching  
interior. Look it over and  
you'll agree. It's tops. Dual  
drive, hydraulic transmis-  
sion. Written new car  
warranty. **\$3485**

**'52 PONTIAC** Sedan.  
Radio, heater. A  
beautiful blend of blue  
tones inside and out. Not  
a mark or blemish inside  
or out. Here's a handsome  
car that reflects owner  
pride. **\$1985**

**'47 FORD** Sedan. Ra-  
dio and heater.  
One of those, like there  
isn't any more. **\$785**  
It's a honey.

**'48 CADILLAC** Se-  
danette. Here's one  
that will catch your eye.  
With go a plenty. It's  
really nice. **\$1685.**

**'48 BUICK** Sedanette.  
A trim car that  
will take you miles. **\$785.**

**NOW LOOK BOYS!**

There's a stopping place for everything and we've  
reached it NOW. If you want to buy a car at rock  
bottom, NOW is the time. LATER is too late.  
Things are NOW on the upswing. DON'T miss op-  
portunity's KNOCK. It happens just ONCE.

**1952 BUICK** Special Riviera. The reddest red and  
the blackest you ever saw. If you're looking for  
color and class, LOOK no further. Here 'tis.

**1951 NASH** Rambler station wagon. Lots of room in  
a little car. Lots of service for short dough.  
Gas mileage a plenty.

**1950 BUICK** Super Riviera 4-door sedan. NONE bet-  
ter. NOTHING gone from this one. BUT a lot  
of the original PRICE. She's ready.

**1951 HUDSON** Commodore '8. Surely there's some-  
one who wants a nice car at about 1-3 of the  
NEW PRICE. The first owner took the depre-  
ciation, YOU take the gravy.

**2-1950 BUICK** Special sedanettes. One black, one  
white. BOYS here's a pair. Take your  
CHOICE. BOTH will do the JOB.

Probe Told Of British Trades With Red China

WASHINGTON (AP) - Testimony was presented to the Senate Investigations Subcommittee today that 100 British ship ships have engaged in trade with Red China this year.

Robert Kennedy, assistant counsel of the subcommittee, also said two British-owned companies in Hong Kong transported Communist troops along the coast of China last year.

He said a ship owned by one of these firms, the Wheelock-Marden Co., also had been hired by the U. S. Mutual Security Agency (MSA) to haul foreign aid goods.

The ship Kennedy said handled MSA goods in February, 1952, was the Charles Dickens. He said the information of the subcommittee staff was that the transportation of Communist troops by another ship of the Wheelock-Marden Co. occurred at a later date.

Kennedy's testimony brought angry outbursts from Sens. McCarty (R-Wis) and McClellan (D-Ark). McClellan said he wondered if the British shipping "doesn't equal the contribution the British are making as allies" in the United Nations fight against the Communists in Korea.

"Whose war is it?" demanded McClellan. "Is it a U. S. war or a U. N. war?" McCarty, the subcommittee chairman, said trading with British vessels with Red China "more than offsets any military aid they have given us in Korea."

McCarty also exclaimed that it was "unheard of, unbelievable" that a nation whose boys were being killed in Korea would let its ships be used to carry enemy troops.

# Women Chain Selves To Protest Eviction

NEW YORK (AP)—Six women who had chained themselves inside an insurance company's skyscraper office gave up early today their protest action against the eviction of a Negro family from one of the firm's housing projects.

After spending nine hours in chains in an anteroom of the 28th-floor office of a vice president of the Metropolitan Life Insurance Company, one of the women told newsmen:

"It is physically impossible to stay any longer."

The women earlier had said they had thrown away the keys to the padlocks holding the chains that linked all of them and their chairs together.

However, they finally admitted that a seventh woman who had been with them earlier had keys.

At that same moment, a telephone call was made to the office by a reporter who said he was outside the building with the woman with the keys.

The women departed about 2:30

a. m. without obtaining any company commitment on their demands. They indicated no plan to return.

A company attorney, who fetched the keys, received assurance from the women that they would leave, before he gave them the keys to the locks.

Frank Lowe, Metropolitan vice president in charge of housing, remained in his office until the women left the building.

There was no company statement on the matter.

Lowe and the women started their war of endurance before noon yesterday when the six housewives and a seventh woman showed up to protest the eviction scheduled today of the first Negro tenants at the Metropolitan's Parkchester housing development in the Bronx.

The seven women, two Negroes and five white, waited five hours before Lowe agreed to see them. They talked with him for an hour, and then six of the women pinned chains and padlocks from their purses. The seventh woman, who is white, remained free to act as a messenger for the others.

No effort was made to put out the women. However, the messenger was not allowed back inside the building when she left to get food for the others; guards told her no one was permitted to enter after the close of the work day.

One of the six women is Mrs. Sophie Decatur, a Negro, whose family is the one scheduled for eviction today. She and her husband Michael, a railroad dining-car worker, and their two small children got into Parkchester on a subway. The company said it would not renew the lease. It was upheld in court recently in the case of Negro eviction from another Metropolitan housing project.

Metropolitan attorney Alfred B. Carp denied that the firm was discriminating in the eviction.

## Jobs Being Abolished By Interior Dept.

WASHINGTON (AP)—The bad news that their jobs are being abolished has reached 2,096 employees of the Interior Department by today, officials said.

The 30-day dismissal notices went out to headquarters here and to scattered field offices when deep cuts in the department budget appeared certain. Former President Truman recommended \$607,251,400, President Eisenhower \$484,363,000, but the House voted \$486,130,343. The department had 56,178 employees March 31.

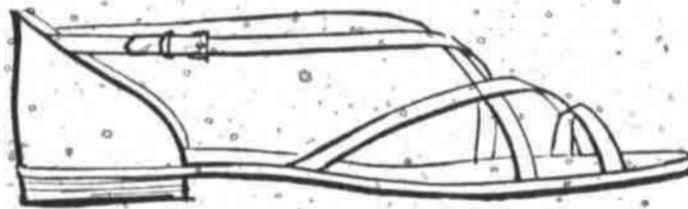

Shirtwaist Dress soft and pretty

Justin McCarty picks cool printed voile for a dress tailored enough for the office on summer days, soft enough for dress-up affairs. A glamorous flower at the shoulder, to set off the finely tucked bodice. In brown, navy, black with white. Sizes 12 to 18.

## Showers Belt Wide Areas Of The Country

By The Associated Press

Showers and thunderstorms hit wide areas of the nation today. Generally mild weather was reported over most of the country.

Flood waters covered hundreds of thousands of acres of land in Louisiana, where some 15,000 persons were forced from their homes. The state's coastal lowlands were threatened with a new flood crisis from the Gulf of Mexico. Damages to the state's rich cotton and rice crops was estimated at 100 million dollars. The floods also caused millions of dollars damage to highways, private property and livestock.

Storms which swept over southern areas over the week end moved northeastward and showers and thundershowers were reported early today along the east coast from Virginia northward to Philadelphia.

Heaviest rainfalls in the last 24 hours were in Tennessee and Virginia, with nearly 2 inches in some areas. Two small tornadoes hit southern sections Tuesday. One twister flattened a house and three barns near Griffin, Ga. A second tornado struck at Pensacola, Fla., damaging a skating rink and a residence.

Other thundershower activity early today was in Eastern South Dakota, Southern Minnesota and Western Wisconsin. Showers continued in the Pacific Northwest and rain fell over the Northern Rockies eastward into western sections of the Dakotas.

## Church Council Selects Group To Watch Actions In Congress

CHICAGO (AP)—The National Council of the Churches of Christ in the U. S. A. today named a 15-member committee to watch developments in Congress and elsewhere which "threaten the freedom of the people and institutions of the United States."

Appointment of the "Committee on the Maintenance of American Freedom" was announced at the bimonthly meeting of the council's General Board, the organization's interim policy-making body, by President William C. Martin of Dallas, Tex.

Bishop Martin, in a statement, expressed his personal hope that the committee "will help the churches to recognize any threat of Communist infiltration into American life."

"No body of people is more concerned to combat communism than the church groups of our country," Bishop Martin said. "If any Com-

munist is carrying on their subversive work under the guise of serving the church, all who have a responsibility for leadership in the church should insist that such deception shall be exposed."

Bishop Martin's appointments were authorized by the council's General Board at a meeting in New York City in March. Heading the committee is the Rt. Rev. Henry Knox Sherrill, presiding bishop of the Episcopal Church. Bishop Sherrill was the first president of the council, a federation of 30 Christian churches, which claims more than 35 million members.

The council's president, who also is the newly elected president of the Council of Bishops of the Methodist church, contended there is a "right way and a wrong way to combat communism."

"The right way," Bishop Martin said, "is to stand without compromise for Christian truth and action

and to point out clearly and concretely every area of conflict.

"The wrong way is to pin a Communist label on social liberals and advocates of reform—a procedure widely resorted to today. Such methods create confusion of mind in which many people no longer distinguish between communism and honest social criticism in the old-fashioned American way. Such confusion plays into the hands of the Communists and aids the enemies of the American way of life."

"Some people are so frightened about Communist infiltration that they pay no attention to the danger of un-American methods of fighting it. Other people are so alarmed by the wrong methods of dealing with communism that they ignore the danger of communism itself. I am sure that the committee will deal effectively with both aspects of the problem."

## Rotarians Given A Test At Meeting

Gil Jones, local lawyer, gave Rotarians a test Tuesday.

The club members were asked 19 questions concerning "the basic principles of life, liberty and the pursuit of happiness" as set forth in the Declaration of Independence and other ideology.

Anyone making a grade of 65 or better "qualified" for participation in democratic government.

Guests at the luncheon included Jim Nelson, Dr. M. W. Talbot Jr., Dr. W. A. Hunt, all of Big Spring; Hilton Kaderli of Midland, Ed Kancher of Amarillo, and Elroy Miller of Snyder.

## Clean-Up Drive Being Concluded This Week

Big Spring's spring clean up is being concluded this week.

R. V. Foresyth, city street department superintendent, says the house cleaning has been the most successful ever conducted here.

A total of 500 loads of trash will have been hauled out of the city when municipal trucks complete their part of the work. Foresyth estimated today about 20 loads of refuse remain to be removed, which will put the total past 500.

In the 1952 campaign, only 250 loads of trash were disposed of during the city's clean-up campaign.
