

Steers Toss Cowboys; Idle This Weekend

Playing with second-string men for the majority of the game, the Farwell Steers tossed the Oklahoma Lane Cowboys, 18-6, last Friday, as the six-man football season goes into the home stretch so far as the 1946 season is concerned.

In the first quarter, with Farwell receiving the kickoff, the two teams appeared about evenly matched, neither squad being able to score, but in the second canto, the local "B's" showed signs of weakening and allowed Grissom to heave a long pass to Dollar who scored from the 5-yard line and Oklahoma Lane, for the first time this year, went out ahead in a grid game.

Coach Jack Williams put in his Steer first-stringers at the beginning of the second half and the smoothly clicking local offense swung into action to run up three touchdowns before they returned to the bench early in the final stanza, when the subs again took over and held the count at 18-6 for the remainder of the scramble.

Opening their first scoring drive, the Steers marched to the 8-yard line where two line plunges by beefy Herington pushed the ball over for the touchdown. The try for conversion was blocked and the count tied up at 6-all. The second touchdown proved almost a peppitition of the first, with Herington again carrying the mail for a score, but again the kick for extra point was no good.

The early minutes of the last quarter showed the final touchdown of the day, when Robertson zipped around end and walked the boundary marker for 35 yards, culminating in the end zone. The placement kick was wide.

No Game Friday

With Bovina slated to play Oklahoma Lane this weekend, the Steers will have an idle Friday but will start heavy practice in preparation for their final game against Bovina, on Friday, November 8th.

Local Problems Are Aired At Meeting

Purely local problems furnished the subjects for discussion at the monthly meeting of the local Men's Club last Thursday evening, with only a fair representation present. In the absence of Chief A. C. Green, Odus Huggins reported that he had received a telegram from the W. S. Darley Company in Chicago, advising that it would be "60 to 90 days" before the new Texico fire truck would be ready for delivery. The delay has been occasioned by critical shortages of materials, Huggins added.

The V-8 chassis has been delivered to the Darley Company, and delivery of the completed fire truck had been expected this month. "If we get the truck by the first of January, I feel we'll be lucky," Huggins reported.

Chairman C. M. Henderson urged the club to "get behind the Scouting program", adding that Scouting is one of the main projects of the Club. "We can't neglect these kiddies, they are the backbone of our community," Henderson added. At the conclusion of the meeting a purse of \$25 was donated and turned over to the Girl Scout program.

Explaining that he was in no way trying to influence the voters either for or against any of the proposed constitutional amendments, Judge John Aldridge gave a brief summary and explanation of the three amendments to be submitted to the Texas voters next Tuesday.

O. B. Pipkin was named to see about getting the Christmas lights up in Farwell, and Raymond Mears will look after that matter in Texico. No decision was reached as to when the lights were to go up, except that it should be early in December.

FIRE DAMAGES CAR

Fire of unknown origin did considerable damage to the upholstery, glass and paint of a small coupe belonging to Frank Smith, last Saturday afternoon, while the machine was parked at the rear of the George Magness residence. A handy garden hose and a bucket brigade had the fire under control when the fire department arrived. The motor and ignition system of the car escaped damage.

Need letterheads? Dial 2131.

ALL BRING IN DEER

Another party of Parmer County hunters returned home last week with their full allotment of deer, taken from the hills of Colorado. The party went a week early, expecting to get in some fishing before the big game season opened, only to find the lakes closed due to low water. Those in the party were Aubrey Brock and Reagan Looney, of Bovina, Glenn Dunn of Lazbuddy and Casey Dunn, Friona.

Six Take Degrees In Advanced Masonry

Six members of the Farwell Lodge, A. F. & A. M., went to El Paso last week, where they took the "work" for 32° Masonry. The group was accompanied by W. E. Williams, representative for the Scottish Rite bodies of the El Paso district, and E. M. Ross of Bovina.

Williams said on his return that the local lodge had the largest number of candidates, considering the size of the local membership, of any lodge in the district. Those elevated to the Scottish Rite were Troy Fuller, Joe Wilson, Earl Derrick, Elmer Lowrin, Dan Ethridge and S. V. Chitwood.

44 Head Registered Shorthorns In Sale

Forty-four head of registered Shorthorn cattle will go under the auction hammer at the Clovis Cattle Commission pavilion in Clovis on Wednesday, Nov. 13, with Loyd Otten of Amarillo, acting as auctioneer.

The cattle are the property of John R. Hadley, John M. Taylor and J. R. Hadley, all ranching south-west of Texico. The Hadley consignments are all Milking Shorthorns, while the Taylor stock is the beef type of the same breed.

J. R. Hadley is cleaning out his entire herd and will devote his time to steers in the future. The other two consignees are merely reducing their herds.

This will be the biggest offering of registered Shorthorns to be offered at public sale in this section in recent years. All the stock is of exceptionally good breeding, and registration papers will be furnished with each sale.

All stock will be inspected and approved for shipment to any state when the sale is completed. A complete list of the offerings will be found in this issue of The Tribune.

Thompson Urges County Voters To Favor Good Roads Amendment

Lee Thompson, who is acting as Parmer County's representative of the Texas Good Roads committee, this week urged that all voters of the county take cognizance of the importance of amendment No. 3 on the ballot which they will take in hand on election day, next Tuesday, November 5th.

The amendment specifically outlines the use to which monies derived from gasoline and car license tax may be put, actually providing a constitutional act which sends the money into the available school fund and into the highway department treasury.

"It is not an amendment which will allow the legislature or other official bodies to increase taxes," Thompson stressed today, "but only provides that the gasoline tax and car registration fees that we already pay be used exclusively for the purposes for which it was originally levied. By passing this amendment, we insure that such money will not be diverted to other uses."

In closing his appeal to the voters, Thompson said, "I firmly believe that with the passage of this good roads amendment we stand a good chance to have several of our main county roads put in all-weather condition within a reasonable time."

ON PHEASANT HUNT

C. M. Henderson left here Saturday for Amarillo, where he joined a party of nimrods taking off for South Dakota on their annual pheasant hunt.

Tribune job printing is best.

General Election Comes Up Tuesday

Nightwatchman Foils Bovina Burglary

No New Applications For Loans Accepted

The local Farm Security Administration office, soon to be taken over by the Farmers Home Administration, has ceased processing new applications for loans, it was announced today by Frank Seale, local supervisor.

Applications which were forwarded from the county office by last Friday, October 25, are to be completed, but other applications now on hand will be held up for consideration by the new agency which is to take over the functions of both the FSA and the Emergency crop loan program.

In speaking of the forthcoming change, Seale said, "I have been advised that the Farmers Home Administration is to take over this work on November 1. Feed and seed loan records will be fixed in the present office occupied by FSA and Mr. Anderson, local emergency crop loan supervisor, will continue to service these accounts."

A meeting of all FSA supervisors of the Panhandle districts began at noon today (Wednesday) in Mineral Wells, and will continue through Friday, with the purpose being to study instructions for the new setup.

"I want to encourage prospective borrowers for rehabilitation or irrigation loans to come in and file applications," Seale said, adding, "it is my opinion that these applications will be processed without undue delay."

Rehabilitation Limit \$3700

The new loan limit for rehabilitation loans will be \$3700, which, the supervisor said, will be a definite advantage to new applicants who need to buy a complete setup. The old limit of \$2500, he explained, was not sufficient to enable a borrower to purchase both livestock and machinery needed to start farming.

The local office has no word of any change in farm ownership loans other than that the interest rate on loans made after this date will bear 3½% interest, an increase of ½%. Loans already closed will continue to bear 3% interest.

Seale added that he hoped to be able to give definite information regarding the new program upon his return from the conference at Mineral Wells.

785 View New Car On Opening Day Display

A total of 785 persons viewed the new Frazer automobile last Thursday when it went on public display in the showrooms of the Texico-Farwell Motor Company, A. C. Green, proprietor, said today.

Green estimated that at least 125 visitors each day had taken a peak at the new model since opening day. He added that the machine would likely be kept on exhibit here for two or three weeks, after which time it would be sold to the first customer on his list wanting delivery.

Milstead Produce Is Leased By White

The Milstead Produce in Farwell, which has been operated by A. Milstead and son, Floyd, was leased the first of the week to Raymond White, who assumed charge of the business on Monday.

White announced that he would continue to conduct the business in the same location, handling the same line of feeds as in the past.

Milstead said that he had no plans for the immediate future. The junior member of the firm has been critically ill in a Clovis hospital the past week.

COMMISSIONERS MEET

The Parmer County Commissioners Court was in session here Monday. The minutes reveal that only routine business, included the payment of current bills, was attended to at the meeting.

BEAUTY SHOP TO OPEN

Azleet Roberts and Eileen Cantrell announced today that they will open their Powder Puff Beauty Shop in Texico on Nov. 11, and will remain open until Christmas. They are closing out their retail stock at a 25% reduction, and also reducing prices on all work except franchise cold waves.

Lot Sale Scheduled For Tuesday P. M.

Acting to satisfy judgments in delinquent taxes, returned in District Court, Sheriff Earl Booth will offer a number of Farwell and Friona town lots for sale to the highest bidder on next Tuesday.

Booth said today that the hours of the sale would be "between two and four o'clock p. m." adding that he had set no specific hour.

Most of the lots to be offered for sale are located in Friona, while a good list is shown for Farwell. All lots are choice property and the purchaser will be furnished with a tax title to the property.

Baptist Brotherhood Plans Meeting Here

Rev. Virgil E. Hunton, pastor of the Texico-Farwell Baptist Church, today announced that the Elains Baptist Association Brotherhood would meet with the local Brotherhood on Thursday evening, Nov. 7, at the local church.

The meeting is scheduled to get underway at 7 p. m. (Mountain time) and at least 150 men of the Association are expected to be in attendance. A barbecue supper will be prepared and served by the men of the local organization.

Rev. Hunton said that he was not prepared to announce the program for the evening at this time.

Bovina Legion Hall Nears Completion

The Bovina American Legion Hall, which has been under construction the past few weeks, was nearing completion this week and plans are being laid for the formal opening in the near future.

The only major item lacking, it was reported, was the electrical wiring and fixtures, yet to be installed.

The building was raised by popular subscription and one of the Legion members reported this week that less than \$400 remained to be subscribed.

Committeemen Meet Friday At Triple A

An all-day meeting of all county and community committeemen who administer the AAA program in Parmer County has been called for Friday of this week, November 1, to be held in the Triple A offices in Farwell, supervisor Harold Carpenter announced today.

At this time, committeemen will begin work on laying out the 1947 ACP setup, with practices to be selected by committeemen, Carpenter said.

Of particular interest, however, is the announcement that the Friday meeting will open action on approval of applications for 1946 ACP payment, this being the earliest date in years that applications have been considered. Carpenter stressed the fact that some farmers did not have complete information regarding compliance performances on file in the local office, and urged that they make necessary listing immediately, in order that applications will not be delayed.

An electric coop organization at Tahoka, Tex., has received a loan of over \$400,000 for system improvements and for 431 miles of line serving 751 rural consumers.

Three would-be burglars misused somewhat, early last Sunday morning, when they were in the act of burglarizing the McCuan Station at Bovina, and, according to officers, are being held by Potter County to answer charges there.

Bill Moore, Bovina nightwatchman, flushed the intruders out of the station, one of them plunging into an open cess pool, one snagging himself on a clothes line and the third managed a "clean" getaway. All of them finally escaped Moore, only to be picked up that same afternoon by the sheriff's department in Amarillo, where they are said to be facing charges of car theft.

According to officers, the boys—all of them under 20 years of age—left a 1940 Mercury sedan at the scene of the Bovina job and fled on foot. The car, it was stated, had been stolen in Amarillo.

Nightwatchman Moore disturbed the would-be burglars at 3:30 a. m., but was unable to pursue them in the dark. They are said to have given their names as Bob Smith, Guy Smith and Horace Tolar, all of Amarillo.

First reports were that the open cess pool into which one of the lads plunged in his effort to escape had only been used to drain water from a car washrack, but officer's said the fugitive's pants gave off an entirely different odor, while the boy who bounded into the clothes line bore evidence of the impact.

Forger Gets 2 Years On Plea Of Guilty

Wm. Joe Cook, transient, entered a plea of guilty before District Judge John Aldridge last Wednesday morning and was given two years in the penitentiary.

Cook, who, according to officers is wanted in four other counties for brushes with the law, was charged here with forgery. He is understood to be in jail at Amarillo, where Potter County officers have charges against him for "checking".

Twelve Additions To Bovina ME Church

The revival meeting which had been in progress for two weeks at the Bovina Methodist church came to a close last Sunday evening with twelve additions to the church. Ten of the additions were by profession of faith and two of the number came by letter.

Rev. P. E. Yarbrough, conference missionary, did the preaching, and was proclaimed as one of the most forceful speakers ever to conduct a service in Bovina.

SIGN-UP PROGRESSING

Les Means, of the Home Grocery & Market, stated today that he was receiving a good response on the part of local people who wish to secure lockers in the new zero locker plant he plans to build in Texico. Means said he had not as yet let the contract, adding, "I want to find the firm who can give me a definite promise as to when the plant will be put in operation."

CARNIVAL AT OKLA. LANE

Residents of the Oklahoma Lane community, as well as others interested, are reminded that the annual carnival of that school will be held Friday night at the Oklahoma Lane auditorium. A varied list of entertainment features has been arranged, and the public is cordially invited.

HUNTER TO HOSPITAL

S. C. Hunter, pioneer Texico resident, was stricken suddenly Tuesday afternoon and was rushed to a Clovis hospital, where he is reported to be in a rather serious condition. He was reported to be only semi-rational early Wednesday morning.

MILSTEAD IMPROVING

Floyd Milstead, who was taken to a Clovis hospital last week, suffering with an ulcerated stomach, is reported to be showing some improvement, although his condition is still serious.

With the general election set for Tuesday, November 5, voters of New Mexico are girding themselves for a real battle at the polls, while Texas voters seem to regard it as just another day on the calendar.

One of the hottest political campaigns in recent years is being waged in New Mexico, with former Secretary of War Pat Hurley leading the fight to unseat Senator Dennis Chavez. Other state races are also drawing interest in the Sunshine State and Republicans are waging a vigorous campaign over the entire State.

In Texas, and in Parmer County in particular, the voter will concern himself primarily with three pro-

posed constitutional amendments. The Democrats have put out a complete state and county ticket, but the Republicans have submitted only candidates for State offices.

In addition to the selection of state and county officials, and the three constitutional amendments, Parmer County voters also will be called upon to decide a local issue, which the County Commissioners are submitting.

Amendment No. 1 would authorize the State Legislature to pay for a building constructed several years ago for the John Tarleton college. Amendment No. 2 would authorize the Legislature to provide a retirement, disability and death compensation for employees of the State, and provide further that counties may adopt the plan by the vote of the people in the counties. The benefits would not apply to elected officers.

Amendment No. 3 would simply freeze the gasoline tax and car license money so that it would be protected for use in building and maintaining roads and highways in the state, with the exception of the portion of this tax money now allotted to the available school fund.

Purely a Parmer County matter in this year's voting is being submitted, which would authorize the County Commissioners to allocate county funds according to the actual needs in the county's finances.

Voters of Texico will cast their ballots at the City Hall while the Parmer County residents will journey to the various school houses in their respective precincts, except in Farwell, where the balloting will take place in the county court room.

Calves Purchased For FFA Project Work

Fifteen Hereford and three Angus calves, all purebred stock, have been purchased by the Texico FFA chapter, and will be farmed out to various class members for feeder work during the winter, supervisor Tom Hudson reported today.

The Herefords come from the C. T. Guseman herd, being moved in from Guseman's ranch near Midland, Texas. N. L. Tharp sold the Angus calves to the chapter.

In addition to these animals, one of the FFA boys has made an outstanding individual purchase, with James Harding buying a registered Jersey heifer from the Wayne Smith herd, in Portales, at a cost of \$200.

Calves which were fed out as projects during the past year proved themselves in shows held this fall, and Hudson has hopes that the current batch of feeder animals will do even better next year.

CHURCH CLOSSES YEAR

Rev. Roscoe Trostle, pastor of the Bovina Methodist Church, announced today that he and Mrs. Trostle, together with other members of the congregation, would be in attendance at the meeting of the Annual Conference at Pampa on Nov. 6-10.

This completes three years of ministry for Rev. Trostle at Bovina and Oklahoma Lane. The time has seen substantial increases in membership of the two churches, and quite a commendable increase has been noted also in the interest of the young people during his ministry.

Mr. and Mrs. Lawrence Ham were visitors in Amarillo, the past Saturday.

Health Notes

By Texas Department of Health

AUSTIN.—Inasmuch as the incidence of whooping cough in Texas is expected to show an increase during the coming months, Dr. Geo. W. Cox, State Health Officer, released a statement today urging that strenuous efforts be made to control the spread of this debilitating childhood disease.

"Whooping cough can only be contracted by direct exposure to the disease, and isolation of cases must be universally practiced if the incidence is to be controlled," Dr. Cox stated. "The infectious agent or germ of whooping cough is transmitted by droplets expelled in coughing, sneezing, or speaking," Dr. Cox said. "The discharges from the nose and throat are dangerous to susceptible persons; the need for early recognition and careful isolation of whooping cough is obvious."

The first sign of this disease is usually a dry cough, which persists day and night and tends to become increasingly severe. The disease is fully developed when vomiting of food and whooping accompany the paroxysm of cough. Dr. Cox stressed the fact that children who have whooping cough should not attend school or come in contact with other children until three weeks after the appearance of typical signs of the disease.

"Prevention and control of whoop-

ing cough, especially among infants and small children, may be accomplished through use of approved vaccine and convalescent serum," Dr. Cox asserted, "and it is important that such measures be taken to protect them. Neglecting to do so, and allowing the young child to suffer an attack of this disease, may seriously impair his future health."

Glider Bomb Added To Navy's Power

A radar-guided glider bomb which was used successfully in combat during the war will become an important permanent part of the peacetime Navy. Having perfected the "Bat" as a full-fledged service weapon, the Navy has launched a program to train fleet aircraft personnel the technical and operational use of the weapon.

The bat was operated entirely by specially trained Bureau of Ordnance teams in the war, and its use is being taught to pilots and aircrewmembers at the Naval Aviation Ordnance Test Station, Chincoteague, Va. Two privateer patrol bomber squadrons are being organized for service use of the missile.

Used against Japanese combatant and merchant shipping during the last year of World War II, the Bat proved to be the first successful fully automatic guided missile.

A low angle of flight, self-controlled airborne missile, the Bat is capable of carrying a 1,000-pound bomb load and has a range of 10 miles. The bomb is mounted in a glider type airframe and equipped with a gyroscopic stabilizing unit and a servo system. The airframe was a radar transmitter and receiver to provide directional correction. The servo system moves the control surfaces of the air stabilizer.

Suspended under a wing or below the fuselage of an airplane, the Bat is about 12 feet long and has a 10-foot wing span. Its speed is comparable to that of high-speed aircraft, and its range is great enough to allow the mother plane to operate well out of the enemy's longest range antiaircraft fire.

An important feature is that of its homing powers. After it is re-

leased from the Navy's Privateer bomber, it becomes completely automatic. Any evasive maneuvers of the target ship are followed promptly by the weapon, which is directed by its radar transmitter and receiver.

Forces of Attraction Make the Tide "Come In"...

and OIL-PLATE Your Engine!

EVERYONE knows that tides are caused by the strange force of attraction exerted on the sea by the moon.

Utilizing molecular attraction (basic force that holds things together) Conoco scientists bring America's motorists new and better oils. In fact, a special ingredient of Conoco Nth motor oil is bonded to working surfaces of your engine by an attraction so strong that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs . . . prevents it from all draining down to the crankcase, even overnight . . . you get these benefits:

added protection when your engine starts up

added protection from corrosive action

added protection from wear that leads to fouling sludge and carbon

added smooth, silent miles

That's why to OIL-PLATE now . . . at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

Funds Received For Research Dept.

AUSTIN—Research in pharmaceutical chemistry, geology, and engineering will be furthered at the University of Texas with gift and grants totaling \$3,891.93 received this fall. The board of regents accepted the funds at their recent meeting.

Largest of the grants was \$1800 from Parke Davis and Company, for the research work in anti-convulsants which is being done by Dr. H. R. Henze, professor of pharmaceutical chemistry.

A gift of \$1000 was made by the Trinity Improvement Association, and the Dallas and Fort Worth Chambers of Commerce, to pay in part for publication of an inventory of mineral resources of the Trinity River Basin made by the University's Bureau of Economic Geology and the U. S. Geological Survey. The fund was an addition to the Udden Publication and Research Fund of the Bureau of Economic Geology.

The American Society of Refrigerating Engineers presented \$500 to continue investigation of enthalpy studies on food products above and below freezing points. This study is being made by the Bureau of Engineering Research.

The Austin branch of the American Association of University Women added \$591.93 to their fellowship endowment established in 1934.

Accepted as a gift were law books and other books from Miss Gene Spencer, professor of home economics, from her father's estate. These will be added to the law library and Rare Books Collection.

Scurry, pellagra, and beriberi are three of the recognized diseases that are directly traceable to a lack of sufficient vitamins in food.

TRIBUNE ADS BRING HOME THE BACON

Why Lose The Golden Eggs?

COLLEGE STATION.—A lot of Texas dairymen are killing the goose that lays the golden eggs by cross-breeding their dairy cows with beef sires.

The dairymen, who makes a steady practice of cross-breeding will end up with no replacements for his herd and just like the man who killed the gold-producing goose, he will kill the chances for more profit from a better dairy herd in the future, explains G. G. Gibson, dairy husbandman of the Texas A. and M. College Extension Service.

Dairymen cross-breed their stock because a cross-bred calf is worth more for beef than a straight-bred calf at the same age, says Gibson. But, he warns, the deal isn't as good as it sounds on the surface. It takes plenty of feed to make a cross-bred calf weigh 400 or 500 pounds at six months of age, and whole milk makes up a good share of the feed that the calf gets. Suppose it gets a gallon of milk a day, for five months says Gibson—and a lot of them get twice that much). At present milk prices, that amount of milk is worth about \$45. If the calf gets two gallons, the cost of course is \$90, which doesn't leave much profit from the selling price of the calf.

But the real loss, emphasizes Gibson, is to the future dairy herd. Continuous cross-breeding cuts out herd replacements. The dairymen goes out to buy replacements, but can't find them. He ends up milking a herd of scrub cows—the result of breeding a good milk cow to a good beef bull.

Fresh milk, butter, fresh fruit juices, yolks of eggs, meat juices, and cereals are foods particularly rich in vitamins.

Santa Fe ..that's the System!

One shipper tells another: the way to get better on-time delivery of freight shipments to and from the West and Southwest is to ship Santa Fe.

Here are some of the reasons Santa Fe keeps freight service "on the advertised" (which is railroad language for "on-time performance"):

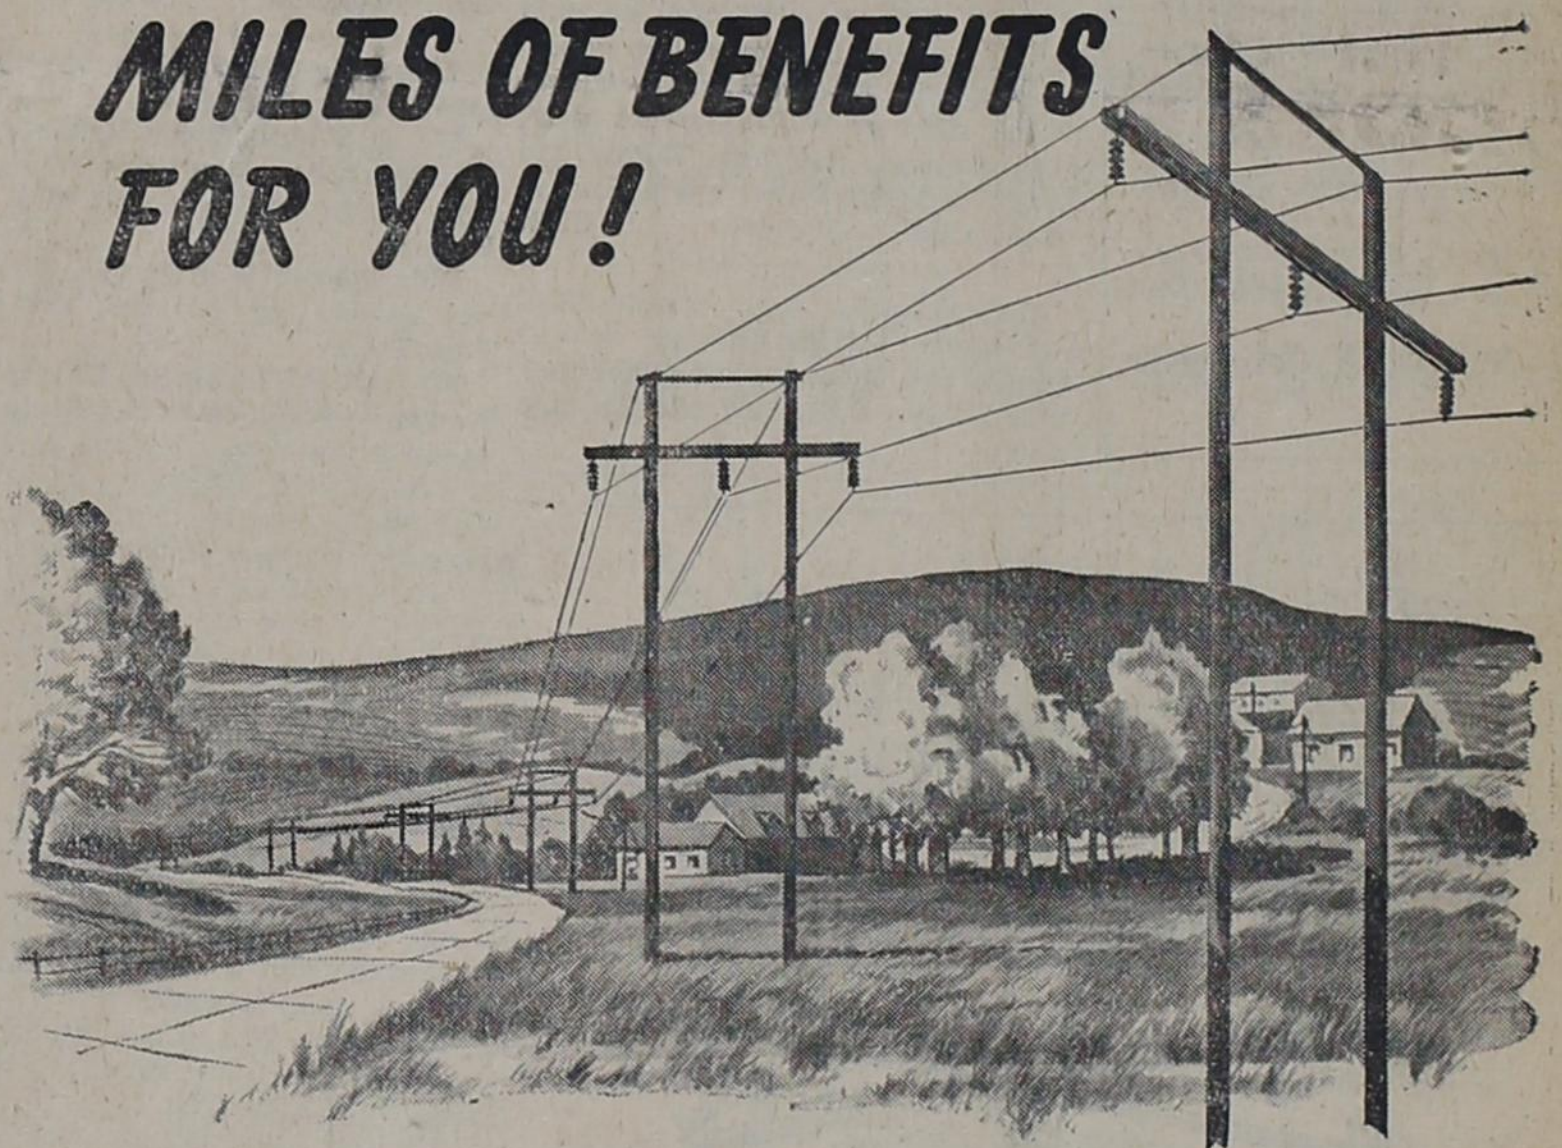

- ... world's largest fleet of freight diesel locomotives.
- ... more miles of double track than any other western road.
- ... more miles of Centralized Traffic Control, which enables freight trains to meet and pass non-stop.
- ... world's largest private telephone system, to keep shipments moving more swiftly.
- ... increased yard capacity, and improvements along the line, such as curve straightening, new bridges, longer sidings.

It all adds up to getting what you want where and when you want it, when you ship Santa Fe.

Ship Santa Fe all the way

For freight and passenger information see your local Santa Fe Agent

MILES OF BENEFITS FOR YOU!

Every mile of new transmission line that goes up in your area brings you added benefits.

If you already have electric power in your home, you'll find that new industries are bringing more prosperity to your area. You'll find your stores and shops better lighted.

If one of the many new lines in our 12 million dollar expansion program brings electricity to you we won't have to tell you of its advantages, you'll soon be singing its praises yourself.

In our 22nd year, we're a pioneer in building ahead for the future. We're bringing electric power, man's greatest servant, to more and more people at a lower cost than ever before.

CARD OF THANKS

We take this means of expressing our sincere appreciation to our many friends who were so considerate of us during the black hours of our bereavement, in the death of W. M. Donaldson. The many words of consolation, as well as the beautiful floral offerings, will be treasured as extended in memory of him.
Mrs. Joe Donaldson and family.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 19,938 miles of Flex. Base and Dbl. Asph. Surf. Treat. from 2 miles East of Bovina to Castro County line on Highway No. 86, covered by FAS 7 (7), in Parmer County, will be received at the Highway Department, Austin, until 9:00 A. M., Nov. 13, 1946.

and then publicly opened and read. This is a "Public Works" project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts.

In accordance with provisions of said House Bills, the State Highway Commission has ascertained the wage rates prevailing in the locality in which this work is to be done. The Contractor shall pay not less than the prevailing wage rates shown in the proposal for Group 3 for each craft or type of "Laborer," "Workman," or "Mechanic" employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Plans and specifications available at the office of W. H. Garrett, Resident Engineer Dimmit, Texas, and Texas Highway Department, Austin. Usual rights reserved. 51-2t

Modern autos carry a minimum of five control gauges on the instrument panel. There is a gauge for fuel, oil pressure, heat, electricity, and speed.

Bovina Happenings

SEW AND CHATTER CLUB MEETS ON THURSDAY

The ladies of the Sew and Chatter Club met in the home of Mrs. Nettie Lee Wilson on Thursday. A delicious covered dish luncheon was served at noon and the day spent in doing fancy work.

Officers were elected recently, with Mable Ellison as president, Alma Vassey, vice president; Jack Berggren, reporter, and Ola Lee Jones, secretary-treasurer.

Attending Thursday were Alma Vassey, Jack Berggren, Ola Lee Jones, Emogene Calaway, Velva Turner, Mable Ellison, Johnese Means and the hostess.

MRS. FRANK PESCH GIVEN BIRTHDAY DINNER, 26TH

Mrs. R. L. Green entertained in her home Saturday with a lovely luncheon, honoring Mrs. Frank Pesch on her birthday. Enjoying the affair were Mrs. E. H. Moody, Mary Sue and Alfred Lee, Alma Vassey, the honoree and hostess.

YOU DON'T HAVE TO VOTE FOR THE DEMOCRATIC NOMINEE

Article Six, Section Two, of the Texas State Constitution guarantees the right of qualified Texas electors to vote as they choose—and expressly provides that "this provision of the Constitution shall be self-enacting without the necessity of further legislation."

The Supreme Court of Texas has ruled, in the case of Koy vs. Schneider (218 S. W. Reporter, page 479):

"EVEN AFTER PARTICIPATING IN THE PRIMARY, THE QUALIFIED VOTER IS LEGALLY FREE TO VOTE AS HE CHOOSES IN THE GENERAL ELECTION."

You owe no legal obligation to someone who's picking your pocket.

You owe no moral obligation to a party that has been stolen from you by the Northern radicals and big city machines.

HAVEN'T YOU HAD ENOUGH?

Local Happenings

Interesting Program Is Given, Zone Meeting

Some 75 women from the various churches of the Clovis district assembled in the local Methodist Church Tuesday, for the zone meeting of the Women's Society for Christian Service.

Mrs. Carl DeGraftenreid, of Melrose, as president of the zone, was in charge, with the morning being spent in meditation and business, followed by a sermon from Rev. J. Foster Hamilton, of Grady.

The parlors of the church were beautifully decorated for the noon luncheon, with centerpiece of yellow flowers in black vases and yellow tapers carrying out the Halloween motif. The main auditorium was also decorated with beautiful bouquets in the chosen colors.

The afternoon program was based on "Stewardship" with Mrs. L. L. Rose, of Melrose, Mrs. C. D. Hamilton, of Rosedale, and Mrs. Williams, of Clovis, taking part. Report on the annual conference was given by Mmes. Frank Greathouse and J. C. English, and Peggy and Jean Rogers sang, accompanied by Mrs. C. M. Henderson.

The Melrose society carried off the banner for attendance and mileage traveled.

Business Meeting Held For Ruth SS Group

The Ruth Sunday School Class of the Baptist church met Monday night, October 28, in a regular business meeting in the home of Mrs. Ruth Middleton. Mrs. Clytie Dial president was in charge.

After the business meeting a social hour was enjoyed. Refreshments were served to the following: Mesdames: Susie Schleuter, Inez North, Jenoyce Ford, Florine Rogers, Alvina Sharpe, Trossie Blewett, Onie Bradshaw, Juanita Huggins, Fern Hardage, Carrie Hardage, Lucy Brown, Julia Hillock, Ruby Stone, Clytie Dial, Beulah McWilliams, Dickie Magness, and Hostess, Ruth Middleton.

Home From Wisconsin

Mrs. E. G. Blair has returned to her home near Texico after spending several days visiting with her daughter, Mrs. Verne Wellman, and family who reside near Madison, Wisconsin.

Stork Shower Given Wednesday Evening

Mrs. Seth Rollins was honored the past Wednesday evening with a stork shower, when Mrs. Lee Bradshaw and Mrs. Sterlyn Billington entertained in the home of Mrs. Lewis C. Cox, in Farwell.

The lovely serving table, which featured colors of pink and white, was centered with a bouquet of dainty pink and white chrysanthemums, and Mrs. Loyde Brewer, of Friona, presided. Individual white cakes, iced in pink, were served with coffee.

Guests included Mesdames G. W. Magness, Effie Johnson, C. L. Vestal, Loyde Brewer, Perry Crawley, Ima Moore, T. E. Levy, Lee H. McElroy, Modena Hardeberger, Clyde Magness, V. C. Venable, Harold Hillock, Ted Sheets, Leon Cantrell, W. J. Goldsmith, John Holland, Oleta DeLong, Grayson Roberts and Lewis C. Cox; Misses Hettye Nan and Talma Randol, Lee and Lynn McElroy, and Janie Cox.

Regrets were received from Mesdames W. T. North, W. W. Hall, W. H. Graham, John Porter, Leona Moss, S. E. Morris, Lewie Paul, Mary Whitley, Charlie Thompson, Bert Reynolds, Ebb Randol, A. J. Bagley, E. E. Booth, Bob Hammonds, Claude Rose, C. M. Henderson, John Aldridge, Gabe Anderson, Sam Aldridge, J. H. Stone, Carl G. Davis, Noble Goldsmith, Lawrence Ham, Buchanan, Thelma Snodgrass and Miss Helen McDaniel.

Singing Held In Roberts Home

A large group of friends and neighbors gathered in the home of Earl Roberts of the Oklahoma Lane community Sunday to enjoy an evening of singing.

The home was beautifully decorated with bouquets of Dahlias and Chrysanthemums.

Those attending were: Mr. and Mrs. Claude Watkins and family, Mr. and Mrs. E. W. McGuire, Mr. and Mrs. Leon Billingsley, Mr. and Mrs. J. R. Turlington, of Clovis, Mr. and Mrs. J. D. McMillian, Rev. McNew and daughter, Alyce, of Bovina, Misses Hazel Dishman and Vashti Fowler and the host.

Mr. and Mrs. Hayden Cason were Saturday business visitors in Amarillo.

Pink And Blue Shower Honors Mrs. Donahey

The lovely home of Mrs. Bryon Burford of Pleasant Hill was the scene of a pink and blue shower honoring Mrs. Roy Donahey, on Thursday, October 24. Mrs. Clarence Jones acted co-hostess.

The rooms were beautifully decorated with bouquets of fall garden flowers.

Refreshments of Punch and cookies were served to the following: Mesdames John Hightower, Sherman Horton, J. D. Hopper, Floyd Bocox, Elton O'Neal, John Lee, Cecil Porter, Frank Donahey, J. J. Armstrong, Bobby Ray, Floyd Martin, Lee Donahey, C. H. Whitner, Dick Harry Donahey, Orris Eshelman, O'Neal, Irwin Ritter, Spencer Jarrell, Larry Winkles, Elmo Donabey, Alvis Bell, Clarence Jones, John Donabey, Orié Gutherie, Bill Pate, Hubert Pipkin, Ribley Boss, Reece Bennett, and Jim Hughes.

Those sending gifts were: Miss Wanda Boss, Mesdames, W. O. Burford, Ed Peterson, R. K. Goar, R. L. Douglas, Monk Horton and Dewey Watson.

Public Is Reminded Of Stunt Nite Program

Local residents who are interested in hilarious entertainment are reminded today by Texico students that the annual stunt night program will be held on Friday night of this week in the school auditorium, beginning at 7:30, Texas time.

All types of stunts have been listed by the various classes and student organizations of the school, with prizes to be awarded the winners. Highlight of the evening will be the announcement of Miss Texico and Miss Grade School, with candidates from all classes competing for the honors.

Representing the different groups are Minnie Smotherman, senior; Mary Harding, junior; Grace McDaniel, sophomore; Joyce Hazzard, freshman; Violet Curry, eighth grade; Margaret Boone, seventh; Jo Sandra Magerus, sixth; Catherine Bell, fifth; Gloria Sanders, fourth; Sue Doolittle, third; Mikala Ann Faville, second; and Patsy Cox, first.

Admission of 10c will be charged at the door.

Reformation Sunday Comes November 3

Next Sunday, November 3, many churches will be celebrating Reformation Day. It was on the night of Halloween, October 31, the eve of All Saint's Day, 1517, that Martin Luther nailed his world-shaking "ninety-five theses" on the door of Wittenberg Church in Germany, and the Protestant Reformation was started.

Today Protestantism is more united in spirit and purpose than it has been in centuries. After the world-shaking events of recent years, Protestantism has all the more reason to declare its faith, defend its principles, and make itself a world force.

Protestantism believes, stated Rev. Harvey E. Carrell, pastor of the local Methodist Church, in the separation of church and state, the freedom of conscience, the right of private judgment, religious liberty of all people, personal experience of a direct communion with God in Christ, and other things that need emphasizing today.

"Attend your church Sunday and so declare your personal commitment to these principles," Rev. Carrell urged.

Special Program Given By Methodist Women

Members of the Women's Society for Christian Service and the Wesleyan Guild of the local Methodist Church joined Friday of last week in observing annual "Week of Prayer" with special programs being held at the church in the afternoon and evening.

Mrs. Roy B. Ezell directed activities in the afternoon program, which was presented by the WSCS ladies. The study took up two Methodist training schools, for Spanish-American girls, in Los Angeles, and for underprivileged girls, in Thomasville, Georgia. Mrs. B. N. Graham, Mrs. Harvey E. Carrell and Mrs. A. D. Smith assisted in presenting the study, and special music was given by Mrs. W. H. Graham, who sang.

Some forty members of the two groups and their guests gathered in the parlors of the church at 7 o'clock, when a chicken pie supper was served. Tables were beautifully decorated with bouquets of dahlias and chrysanthemums.

Following the meal, the group adjourned to the main auditorium, where the Guild had charge of the program, with Mrs. Frances King as chairman. Mrs. Lenton Pool discussed mission work in India as the evening topic.

Mr. and Mrs. J. O. Glover, and son, Allison, and Mansell McNew, plan to return to their homes in Bovina the latter part of this week, from a two weeks fishing trip in various points of New Mexico.

Carnival Features To Be Wide and Varied

With booths open for every sort of sport connected with carnivals, as well as a plentiful supply of home-made ice cream, cake, sandwiches, pies and coffee available, the annual Halloween festival of the Farwell school will entertain the public in the local school auditorium on Thursday night, October, 31st.

Assignment of various booths was made last weekend, the visitors can take their chances on practically any type of amusement from dart throwing to the auction of aluminum ware, which is bound to prove popular in this day of shortages. Word has it that some nylons will also be awarded during the evening, and the ladies are expected to concentrate on this particular contest.

For the strong-willed, one class is offering the customary Hall of Horrors, where one may unexpectedly come across the skeleton that has been hiding in the closet for these many years, and just down the line, the wishful thinkers are invited in to the fortune telling booth, to be guaranteed a successful love affair, an interesting trip, or what-have-you. Games of 42 and bingo are arranged for those with weary legs, and the youngsters will be delighted to learn that a plentiful supply of confetti will be available for them to pester the oldsters, while all through the crowd will be students frantically soliciting votes for their candidates in the race for carnival queen.

Coronation of the queen has proved through the years to be the highlights of the carnival, and the crowd is kept in suspense as members of the court of honors are announced, as the finale of the evening's entertainment.

Four high school girls, Miss Wilda Green of the seniors, Miss Jo Ann Williams of the juniors, Miss Alta Faye Martin of the sophomores and Miss Wanda Sheets of the freshmen, as well as Miss Modelle Hammonds of the eighth grade, the official candidates of the various classes, with escorts being named, also by the classes. All participants in the race will be in the court of honor at the coronation ceremonies.

The doors to the gymnasium will be open at 7:30, and no charge will be made for admittance to the carnival.

Although no definite figures were available the first of the week, authoritative sources stated that the senior nominee, Wilda Green, was leading in the race for queen, with other candidates coming close behind.

Locals Return Here

Mr. and Mrs. Clyde Perkins and Mr. and Mrs. Willis Magness returned the past weekend from Hot Springs, N. M., where they had spent several weeks vacationing and taking the mineral water baths.

Will Visit Son

Mrs. John Porter left Sunday for California, where she will visit her son, JeDon, who has recently completed boot camp training with the Marines, at San Diego. He expects to be assigned to foreign service in the near future.

Marriage Recorded

Records at the county clerk's office reveal the marriage of Miss Ann BrBown to Thomas M. Caldwell, which was performed by Rev. L. L. Hill, Methodist pastor of Amarillo, on Wednesday, October 16th.

Visit In Amarillo

Mrs. Ben Smart and son, Jim Bob, Mrs. R. D. Williams and children, spent Sunday visiting relatives and friends in Amarillo.

Mrs. Williams visited her husband who has been receiving treatment in the Veterans' Hospital the past several weeks. She reported that if his condition continued to improve he would be released the first part of the week.

Need letterheads? Dial 2131.

Girl Scout Week Now Being Commemorated

Girl Scout Week is being observed this week, in commemoration of its founder, Juliette Low, who was born Oct. 10, 1860, in Savannah, Ga. The Texico-Farwell Scouts joined the Clovis troop on Saturday afternoon for a parade up Main Street and witnessed a special ceremony held at the band shell on the Clovis school campus. The girls made a splendid showing with the majority of the group present and in uniform. On Sunday, the troops met in the churches of their choice to attend the morning service as a group.

Each day of the week is set aside to demonstrate a different Girl Scout activity. Sunday was Scout day at church, Monday was home-making day, Tuesday, citizenship day; Wednesday, health and safety day; Thursday will be international friendship day; Friday is arts and crafts day, and Saturday is out-of-doors day. During each day, the girls make a special effort to tell the community what they are doing, and why they ask for help to carry on their program.

Brownie Scouts enjoyed a Halloween party Tuesday afternoon. There will be two troops of Brownies now that more leaders have accepted responsibility. Intermediate troops will meet this (Wednesday) afternoon for a Juliette Low birthday party and troop mothers will serve refreshments after the meeting.

License Is Issued

A marriage license was issued the past Wednesday, October 23rd, to Miss Bobbie Breeze and F. M. Powers, according to records at the office of County Clerk D. K. Roberts.

Mr. and Mrs. C. R. Howard Jr., and infant son, returned to their home in Borger, Monday, after spending several days visiting with Mrs. Howard's parents, Mr. and Mrs. H. D. Ellison, of Bovina.

Mr. and Mrs. W. W. Vinyard left the past weekend for a vacation trip which will include stops at Turkey, Dallas and San Antonio.

Muggins Graham spent the weekend visiting in Lubbock with Lee McDaniel, and is visiting this week with his sister, Mrs. Raymond Ross, in Morton.

Mr. and Mrs. Raymond Sudderth returned home the latter part of last week from a trip to East Texas.

SHOP NOW FOR CHRISTMAS

You may be doing the wise thing by starting now to pick up items that will make suitable Christmas gifts.

Right now we have a fairly good assortment of items, and hope to have more. But with production the way it is, we have no assurance of future deliveries.

New Fleischmann's Fast Rising stays full-strength for weeks on your pantry shelf—always ready for quick action whenever you need it. Get New Fleischmann's Fast Rising Dry Yeast today. At your grocer's.

Bill the Butcher Says

With market receipts on the upgrade, we hope to be able to supply our customers with all the meat—both beef and pork—that they want, in a short time, and at more favorable prices. Beef is plentiful now, but on the average is up 5c per pound, while the limited supply of pork is about 20c per pound higher than previously—when we didn't have any. Some relief in the shortening situation, but it's about 40 percent higher than you have been paying. On this price, too, we're hopeful, and expect that it will begin to drop within a week.

SS Workers May Become Permanently Insured

October, 1946, is the first month in which workers under the old-age and survivors insurance program may become permanently insured," John R. Sanderson, manager of the Social Security field office in Amarillo, announces.

The program of old-age and survivors insurance went into effect on January 1, 1937. The 40th quarter, required by the Social Security Act for permanently insured status, has just been reached. Therefore, workers who have earned as much as \$50 of creditable wages in every calendar year since January 1, 1937, and who have now earned \$50 since October 1, 1946, have passed that milestone and are permanently insured.

"It works like this," Sanderson explained. "As a general rule, to be insured, a worker must have been in covered employment at least half the number of calendar quarters between January 1937 and the time of reaching age 65. Exceptions to the general rule occur in cases of people who were 65 before or soon after the law went into effect, and people who became 21 after January 1937. No one qualifies for payments if he has worked on jobs covered by the law for less than six quarters. After working 40 quarters, this general rule need not be applied.

"The special significance of having 40 quarters of coverage is that the wage earner has at least some permanent insurance for old age—or for his survivors—should he be forced to quit work before 65.

"The law requires, however, that all workers in commerce and industry must continue their one per cent contributions and that employers must contribute one per cent of pay-

roll as long as they earn wages. Continuing to work under the social security program builds the value of the worker's insurance account."

With the passing of each calendar quarter from now on, other workers will be gaining that permanently insured status under the provisions of Social Security as they, too, get that fortieth quarter of coverage.

"But remember," said Sanderson, "if you should quit work before reaching 65, or if your wages should be reduced, the amount of your eventual benefits would be dropped accordingly. It is the average of your monthly earnings, figured since January 1937, or since reaching 21 (whichever is later) and to the time of reaching age 65, that determines your benefits."

Will Present Paper At Society Meeting

LUBBOCK—Dr. W. C. Holden, head of the department of history and anthropology at Texas Technological College, will present a paper on "The Excavation of Arrowhead Ruin" to the Texas Archaeological Society at its annual meeting Nov. 2 in Abilene.

Excavation of the ruin, located near Glorieta, N. M., was accomplished by Tech summer classes in field archaeology during alternate summers from 1933 through 1941. A kiva which was built in 1392 has been restored and 70 rooms excavated.

It was Mark Twain who said "Cauliflower is nothing but cabbage with a college education."

Any Dairy Record Beats Guess Work

COLLEGE STATION—Any kind of record that is kept in feeding dairy cows is better than none, say dairymen of the Extension Service.

The dairyman that keeps no feeding and production records at all will usually feed all his cows the same amount, which means that the high producing cows are underfed and low producers are over-fed. The Dairy Herd Improvement Association will furnish dairymen with the information necessary to do the right job of feeding cows according to production. Extension dairymen say, and this method of feeding means more pounds of milk for each pound of grain fed.

If cows are on pasture and getting all the roughage they can clean up

each day, grain can be used most economically by feeding one pound to Jerseys and Guernseys for each three pounds of milk they produce, and one pound to Holsteins for each four pounds of milk produced.

Accurate milk weight and butterfats tests are the only true measure of a cow's production, the dairymen say. Production and feed records will show the dairyman just what part he has played in his cows' production. Improved feeding practice have made many dairy association herds develop into higher producing and more profitable businesses.

MAHON TO SPEAK

Forces of Attraction Keep a Comet in its Course...

and OIL-PLATE Your Engine!

BASIC forces of attraction and repulsion keep a comet in its course around the sun. By ceaseless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring America's motorists new and better oils.

For example, under the laws of molecular attraction, a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds OIL-PLATING up where

it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

added protection when your engine starts up

added protection from corrosive action

added protection from wear that leads to fouling sludge and carbon

added smooth, silent miles

That's why to OIL-PLATE NOW... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

Subsistence Allowed During School Term

Q. Does the amount of money I make on the job affect the amount of subsistence I receive while attending school under Public Law 346?

A. Yes. While taking a full time course in school, you are entitled to subsistence of \$65 per month if without a dependent or dependents and \$90 per month if you have dependents. If you are also employed, the rate of such allowance plus compensation shall not exceed \$175 per month if you are without dependents or \$200 per month if with dependents.

Q. I sold my home on which I had a GI loan with a VA guarantee of \$1500. Can I get another guaranteed loan to purchase a larger home for myself?

A. Yes, but since you've used up \$1500 of your \$4000 guarantee entitlement on any future real estate loan cannot exceed \$2500.

Q. Does a discharge "under conditions other than dishonorable" mean any kind of discharge except a dishonorable discharge?

A. Yes, An honorable discharge or discharge under honorable conditions qualifies a vet for benefits under the GI Bill; a dishonorable discharge disqualifies him; but a discharge neither honorable or dishonorable may qualify or disqualify him, depending upon the determination of the "conditions" under which he receives it. Veterans Administration determines all such cases.

Q. What is the National Service Life Insurance Fund?

A. NSLI is mutual insurance. All premiums paid on this insurance and all interest earned thereon are deposited and covered into a separate trust fund in the U. S. Treasury

designated as the NSLI fund. The government derives no profit from its administration and acts in the capacity of trustee of the fund for the sole benefit of policyholders and their beneficiaries.

PROTEIN MEAL FREED

Termination of all restrictions on the distribution and use of protein meal and soybeans and the end of the protein meal set-aside was ordered by USDA on Oct. 17. Revived last January to obtain better distribution and prevent shortages in livestock feeding areas, restrictions have been removed as part of the Department's program to end control on farm products at the earliest possible date.

SCIENTISTS TO SPEAK

Three outstanding scientists will speak at the University of Texas during the winter, at the request of the Central Texas section of the American Chemical Society. They are Dr. J. Heyrovsky, professor of chemistry at Prague, Czechoslovakia; Dr. David Rittenberg of the College of Physicians and Surgeons of Columbia University, New York; and Dr. W. Albert Noyes, chairman of the department of chemistry at the University of Rochester.

Bovina Happenings

HILARIOUS CARNIVAL IS STAGED ON SATURDAY

The Bovina High School auditorium was the scene of much hilarity Saturday night, October 26, when students held their annual Halloween carnival. The old Halloween spirit was really running loose with skeetons hanging on the walls and all sorts of gruesomely costumed people cutting capers that would never do in other circumstances!

Many booths offered entertainment to the throngs of people who jammed the building throughout the evening. Among the more popular booths were the bingo table, duck throw, fortune telling, basketball throw, penny-pitch, athletic show, picture show, baby show, fishpond, and domino parlor to say nothing of various sales.

Queen Is Crowned

The eventful evening was climaxed by the crowning of the Carnival Queen, Martha Williams, the senior class candidate. The coronation procession was led by Sondra Rhinehart, crown-bearer; Judy Jersig, Anita Tharp, Sandra Jefferson, Patricia Lloyd, Billy Ward, Carolyn Wilson and Catherine Jefferson, the flower-girls; followed by Queen Martha and her escort, D. C. Looney, then followed by other candidates for queen, June Gay Looney of the grade school, Almada Huif of the freshmen, Nancy Lou Williams of the sophomores, and Rosa Lee Denney of the juniors.

The queen was escorted to the beautiful red and white throne and crowned by D. C. Looney, and presented with flowers by the flower girls, as a fitting climax to the evening.

June Gay Looney won a radio offered by a magazine subscription contest.

The proceeds from the carnival were \$799.85 and \$280 from magazine subscription sales, totaling \$1079.85. This money will be used to buy various equipment for the school.

Higher Prices Cut Milk, Cream Use

Reduced consumption of fluid milk and cream appears to have accompanied the higher retail prices charged for these products since price controls and subsidies ended on July 1, according to BAE.

Consumption, however, is still above the prewar average, and increased butter production has taken up most of the butterfat made available by decreased consumption of fluid milk and cream.

For 1946 as a whole, consumption of fluid milk and cream in the United States is expected to be around 430 pounds per person compared with 483 pounds in 1945 and 340 pounds for the 1935-39 average.

Fall Soil Preparation Important For Shrubs

COLLEGE STATION — Poor growth of trees and shrubs is often caused by little or no preparation of the soil before planting time, says Sadie Hatfield, landscape gardening specialist of the Extension Service.

For winter planting of trees and shrubs, the early fall is the most suitable time to get the soil ready. The ground should first be cleared of rubbish, loose stones and sticks. In the case of tight soil, it should be spaded to a depth of 8 to 10 inches. On sandy soils, the spading can be more shallow.

Three or four inches of barnyard fertilizer, leaf mold or decayed hay will enrich the soil and increase its water-holding power, says Miss Hatfield. Hay that is spoiled or feed

left over from emptying a trench silo makes a good soil conditioner when cut up into a fine mixture in the feed grinder. This material, mixed with the soil, will be decayed by January or February when trees and shrubs are ready to be planted. Fallen leaves and grass clippings run through the grinder also make good material to mix with the soil.

In soil preparation, it is often advisable to dig around the spots where the plants are to be located to see that no old concrete foundations or layers of bricks or stones are beneath the surface. These obstructions often dwarf a plant or make it suffer during hot summer months.

USO Camp Shows gave 587 performances before 105,000 veteran-patients in Veterans Administration hospitals and homes during August.

'47 Production Goals Near Wartime Peak

Farmers can look for another year of top production in 1947, close to the wartime peaks, according to C. V. Hemphill, New Mexico director of PMA. At the same time, they will see the beginning of major adjustments in the change-over from a full wartime to a full peacetime economy.

The production job farmers face next year is fourfold. First is to meet the needs of strong domestic demand; second is the necessity of starting to build up reserves of commodities, many of which were depleted during the war, and at the same time to adjust downward the production of some commodities in line with peacetime demand; third is to supply some of the foods and other farm products still badly needed in some war devastated areas; fourth is to work again toward a sound program of proper land use and soil conservation.

Hemphill said that production goals for 1947 are being set up on this basis. Primarily, plans for 1947 goals suggest a total acreage substantially the same as that planted in 1946. However, the acreage in 1947 crops will have to be larger than is desirable from the standpoint of long-range sound management.

Thank You..

In retiring from the produce business in Farwell, we wish to use this means of expressing our appreciation for the patronage we have received from our friends. You have been mighty good to us and we are indeed grateful to every one of you.

**A. Milstead
Floyd Milstead**

Stand Up And Be Counted!

President Truman recently told the nation that his New Deal administration had come within a hair's breadth of confiscating every head of cattle off our Texas ranges. He admitted that public opinion was the only thing that stopped him.

Last May 24, the New Deal Secretary of Agriculture, using war-time powers in peace-time, ordered our farmers to sell half their wheat immediately and at prevailing prices, whether they wanted to or not.—OR ELSE. The order was rescinded only when public opinion forced the New Deal to retract.

Both these decrees were Socialistic in their very nature. They are indistinguishable from similar decrees in Russia. And the only thing that stopped the New Dealers from making them permanent was the fear that it would cost them the national elections on November 5.

But what do you think is going to happen if America elects another New Deal Congress on November 5? What do you think is going to happen if another Democratic majority puts the radicals in the saddle in Washington again with no fear of elections for two more years? State Socialism, such as was fondly contemplated by the Truman administration, will be forced down the public's throat whether it likes it or not.

The only way you can prevent State Socialism from becoming a tragic reality in America is to elect a Republican Congress on November 5. If you want to support the Democrats running for State offices, that's all right, but VOTE FOR THE REPUBLICAN CANDIDATE FOR CONGRESS.

Because this is true as Gospel, the Panhandle today is being swept by the greatest political tidal wave in its history. Hundreds of lifelong Democrats have pledged themselves to vote for Frank T. O'Brien, the Republican candidate for Congress, because they want to have a voice in our Federal Government instead of turning it over lock, stock and barrel to the Communists in Washington. Even if your present Congressman were a Conservative, the very fact that he is a Democrat would help to give the New Dealers enough votes in the House to dominate the nation as it has never been dominated before.

The November 5 election is not a matter of party. It's a matter of America against Russia. It's a matter of YOU, THE PEOPLE, AGAINST FEDERAL DICTATORSHIP.

The time has come for good American citizens to STAND UP AND BE COUNTED. Tell your friends you've had enough. Tell them you're going to vote for Frank T. O'Brien at the November 5th general election because you want to free this great and troubled nation from the dictatorship of Harry Bridges, Dave Dubinsky, Tom Pendergast, Ed Kelly, Walter Reuther, John L. Lewis, Caesar Petrillo, Henry A. Wallace, Mayor Hague and the other unAmerican individuals who have become our lords and masters.

This isn't Nazi Germany or Fascist Italy. It isn't even Soviet Russia, though many of the New Dealers have tried their best to make it so. If an honest American citizen is afraid to stand up and admit that he is on the side of Democracy against the forces of Communism then the future of this great nation is in grave peril.

The only way we can save ourselves from Socialism is to elect a Republican Congress in 1946. And in the Panhandle that means casting your vote for Frank T. O'Brien, of Potter County, and against your present New Deal Congressman.

IT'S TIME TO STAND UP AND BE COUNTED AS A REAL AMERICAN IF AMERICA IS TO BE SAVED FROM STATE SOCIALISM.

(Paid Political Advertisement)

LEGAL NOTICES

THE STATE OF TEXAS
COUNTY OF FARMER
SHERIFF'S SALE
WHEREAS, on the 27 day of August, 1946, in Cause No. 1155 in the District Court of Farmer County, Texas, wherein The State of Texas, County of Farmer and Farwell Independent School District

were Plaintiffs, Impleaded Party Defendants, and Intervenor, recovered judgment against James S. Bryant, and the unknown heirs, assigns and legal representatives of the said James S. Bryant, Defendants, for taxes, penalty, interest, and cost against the hereinafter described property;
WHEREAS, on the 26 day of September, 1946, by virtue of said judgment and the mandates thereof the Clerk of the above mentioned District Court of said county did cause to be issued an Order of Sale commanding me as Sheriff of said county to seize, levy upon, and sell in the manner and form as required by law the hereinafter described property;

WHEREAS, by virtue of said judgment and said Order of Sale and the mandates thereof I did on the 27 day of September, 1946, seize and levy upon as the property of the above defendants the following described property, situated in Farmer County, Texas, to-wit:
FIRST TRACT:
All of lots 10, 11, 12, 15 and 16, Block 42 of the original town of Farwell, Farmer County, Texas.

And I will on the first Tuesday in the month of November, 1946, the same being the 5th day of said month, proceed to sell all the right, title, and interest of the Defendants in and to said property at the Court House door of said county in the city or town of Farwell, between the hours of 2:00 p. m. and 4:00 p. m. to the highest bidder for cash, provided, however, that none of said property shall be sold to the owner of said property directly or indirectly or to anyone having an interest therein or to any party other than a taxing unit which is a party to this suit for less than the amount of the adjudged value of said property or the aggregate amount of judgments against said property in said suit, whichever is lower, subject also to the right of the Defendants to redeem same in the time and manner provided by law and subject also to the right of the Defendants to have said property divided and sold in less divisions than the whole.

DATED at Farwell, Texas, this 1st day of October, 1946.
EARL BOOTH,
Sheriff, Farmer County, Texas
49-3tc

CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: J. Q. Burton, H. W. Scurlock, S. F. Scurlock, Harry C. Good, Emma A. Good, A. C. Kirby, Veta M. Kirby, Guy Gamble, E. E. Nolen, A. E. Elliott, Dr. E. Elliott, Audy L. King, Esther O. King and A. Reed, and the unknown heirs, assigns and legal representatives of said parties, Defendants, Greeting:
You are hereby commanded to appear before the Honorable District Court of Farmer County at the Court House thereof, in Farwell, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of December, A. D. 1946, then and there to answer Plaintiff's Petition filed in said Court, on the 15th day of October, A. D. 1946, in this cause, numbered 1377 on the docket of said court and styled Joseph M. Handy, Plaintiff, vs. J. Q. Burton, et al. Defendants.

A brief statement of the nature of this suit is as follows to-wit:
Plaintiff brings this suit in trespass to try title alleging that he is the owner in fee simple of the South one-half (S½) of the Northwest one-quarter (NW¼) of Section thirty-two (32), Lot Fifteen (15) Township nine (9), South, Range one (1) East, in Farmer County, Texas, and was so the owner on the first day of October A. D. 1946, and that the defendants and all of them unlawfully entered upon said land and withhold from him the possession thereof to his damage in the

sum of \$100.00.
Plaintiff pleads in the alternative that he has fee simple title to said lands by reason of having fulfilled the ten year statute of limitations.
Plaintiff prays for title and possession of the above described lands, as is more fully shown by Plaintiff's Petition on file in this suit.
The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
Issued and given under my hand and the Seal of said Court, at office in Farwell, Texas, this the 15th day of October A. D. 1946.
Attest:
D. K. ROBERTS, Clerk,
District Court, Farmer County, Texas.
By Dorothy Lovelace, Deputy.

Texico Jr. Boys Win Softball Tournament

Winding up their short season in a blaze of glory, the Texico junior high school boys' softball team emerged as Curry county champs, Saturday, when teams from over the county met on the local diamonds to determine the 1946 winners. Taking the girls' crown were the players from Ranchvale, who thus made it a perfect score for that school this year, the senior girls having banged their way through to the title some two weeks ago.

Playing the Pleasant Hill squad in their initial tournament game, the local boys slaughtered their opposition, 17-12, and then went on to a slightly stiffer fight, downing Melrose 13-12. In the finals they took a long decision of 10 to 3 over the Grady team. Highlights of the finale were homeruns slammed out by Doshier and Gant. Tucker was on the mound for the full seige, with Reid working as catcher.

Other boys' games ended with Grady tops over Ranchvale, Meirose leading Field and Rosedale out ahead of Center, to set the stage for the finals.

The highest scoring of the day came in the Rosedale-Texico girls' game, when the final count gave the Rosedalers a close 28-27 win. The Rosedale squad then clipped Center 22-10, but lost to Ranchvale in the finale, 16-2. Ranchvale had entered final play by downing Field.

The local girls' only game was featured by a close score throughout. Caldwell and Boone came through with their share of hits, plus a home run tally for each. Engram, Curry and Allred showed promise of holding their own on the senior team next year.

Trophies were presented to first and second teams in each division, with Roberts Seed, Crawley's Bakery, Henderson Grain and the State Line Cafe, Dyke's Station, Red

Cross Pharmacy, Electric Shoe Shop, Sheets & Blain, Mrs. Allred, City Cafe, Self's Radio Service, Texico Blacksmith Shop and Jim's Cafe cooperating in donating the awards.

Ag Boys Report Good Trip To Chicago

Reporting an interesting, although strenuous, trip, members of the Texico FFA department and their supervisor, Tom Hudson, returned home Saturday morning from Chicago, where they had been attending the national convention of FFA chapters and the American Royal Livestock Show.

Questioned as to the animals shown at the exhibit, Hudson reported that the heavyweight class was exceptionally good, but added that "in the 900-pound class, three of the calves that we fed out this year would have placed in the money, had we taken them to the show."

Laughingly, he went on to say that he and the four local boys got a good look at the Hereford that set a record for sale price—over \$44,000—and added, "we even got to run our hands over him . . . he was a beautiful animal."

Making the trip from here were Clarence Vought, Malvin Curry, Jerry Paul, Buddy Pearce and Hudson. They accompanied a group from Fort Sumner and made the trip in a Fort Sumner school bus.

ATTEND WTCC MEETING

O. C. Sikes, C. M. Henderson, Judge John Aldridge and W. H. Graham were in Lubbock last Friday attending a regional meeting of the West Texas Chamber of Commerce. H. Y. Overstreet, of this city, president of the Chamber, was in charge at the meeting.

Texico Girls To Play Friends Here, Tuesday

Two pre-season basketball games have been announced for the Texico girls, coached by Tom Hudson, with the initial match being held here on Tuesday, November 5th, when Friona visits. A return game with the Friona team has been slated for November 12th.

Asked as to prospects, Coach Hudson reported today that his team is looking very good defensively, adding, "I don't know just yet how they will develop offensively."

Returning players who have previously been regulars include Alene May and Grace McDaniel, while Peggy Rogers and Delores Green, subs who saw considerable action last year, are also out. Hudson stated that he had a good number of recruits on hand.

Boys Limbering Up

Limbering up workouts have been going on among the boys for the past 10 days, with Coach C. E. Sanders reporting that he did not intend to push his group, as he preferred to have them a full strength when the season gets underway later in the year.

Four lettermen are among the returnees, i. e., Vought, Doolittle, Baldock and Pearce, bolstered by several who saw action as subs, and others joining the senior group this year.

No definite pre-season games have been slated, although Sanders considered it likely that the boys might meet an outsider team next Tuesday night. The actual Curry county season will not get underway until the middle of November, and a definite schedule for both boys and girls will be announced later.

Bovina-Okla. Lane To Play On Friday, 1st

Officials from the Oklahoma Lane school announced today that the Cowboy football team would entertain the Bovina Mustangs on the Oklahoma Lane gridiron Friday afternoon of this week at 2:00.

Currently, the Cowboys are at the bottom of the list in the six-man league, having lost two games to Farwell and to Bovina, with Bovina and the Farwell squad tied for first place.

Starting lineups were not available here today.

TO MOVE HERE

Loyde Brewer, county and district clerk-elect, was here the first of the week from Friona, and announced that he and his wife plan to move to Farwell early next week. He will familiarize himself with the work of the office before taking over on Jan. 1. The Brewers purchased the Fred Henry residence in south Farwell several weeks ago and will occupy it.

PLAY REHEARSAL OPENS

Preliminary rehearsal work on the Texico junior class play was started the first of this week, with presentation date being set for November 27. Warren G. Harding is directing the play, a three-act comedy entitled "Please, Mr. Featherway!"

One million five hundred thousand farm people were injured in accidents last year.

Tech Will Contest Rice This Weekend

By Clark Schooley
 LUBBOCK.—Rice will be a decided favorite to win over Texas Tech when the Red Raiders go to Houston November 2 for their fourth encounter with a Southwest conference team this year, but Tech will be keyed to try to keep its record of the year clean in this respect.

Tech has defeated the Texas Aggies, SMU and Baylor by close scores this year and has a score to settle with Rice. The Houston eleven in past meetings has won three games—in 1942, 1943 and 1945—while Tech was victorious only in 1944.

Coaches of both teams predict the November 2 encounter will be hard fought and close all the way, particularly since Rice will be worn somewhat with its game against the Texas Longhorns the previous weekend.

Tech may be minus two of its starters at Houston. Cecil Norris, right halfback, twisted a knee in the Baylor game and may be out for some time, possibly the remainder of the season. Norris insists, however, he will be ready for the Rice invasion, despite statements to the contrary by physicians.

Dick Standefer, starting quarterback in all earlier games except against Denver, also has a battered knee which may keep him on the sidelines.

Coach Dell Morgan plans to take a squad of 35 men to Rice, sending the remainder of his squad to Kermit for a B-squad match between Tech and ACC reserves. It will be the first game for the reserves this season.

Vets Urged To Name Beneficiaries Now

The Veterans Administration this week urged veterans who have National Service Life Insurance to designate beneficiaries for their insurance if they have not already done so.

Don Pray, VA's director of insurance in Texas, Louisiana and Mississippi, explained that the Insurance Act of 1946 completely changed the situation with respect to beneficiaries. The old provision for an automatic order of succession, in event no beneficiary was named, is no longer in effect for insurance maturing after July 31, 1946.

Under the new law, Pray said, if the insured is not survived by a designated beneficiary, the insurance proceeds will be paid in a single sum to the estate at his death.

A vet who does not designate beneficiaries exposes his dependents to the risk of unnecessary expense and delay, Pray pointed out.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending October 26, 1946, were 28,459 compared with 26,061 for same week in 1945. Cars received from connections totaled 13,612 compared with 12,457 for same week in 1945. Total cars moved were 42,071 compared with 38,518 for same week in 1945. Santa Fe handled a total of 40,656 cars in preceding week this year.

EIGHT FOREIGN STUDENTS

LUBBOCK—Eight students from foreign nations, including Switzerland, Peru, Costa Rica and Mexico, are enrolled in Tech this fall. Three of the group are majoring in textile engineering, and major subjects of the other five are civil engineering, architecture, accounting, animal husbandry and clothing.

WISE SHOPPERS ARE BUYING NOW

Shoppers who put off their Christmas buying till the last minute may be in for keen disappointments. Better drop in now and gather up a few of those items. We especially have a good collection of toys and Christmas decorations.

FOX DRUG STORE

NEW AREA PRICING ORDER

A revised Area Pricing Order on hard building materials should be out within the next ten days or two weeks, says Tom Howorth. This revised order will be merely an appendix to the old order with all increases that have been granted within the last two months. The Regional Office will make distribution of the order but if you need extra copies Tom says to let him know and he shall be glad to supply you.

MORE ABOUT STOVE PRICING

Clyde Logan says limited supplies of the detailed instructions on pricing of heating stoves under MPR 64 did not permit him to furnish you with sufficient copies for distribution to the dealers. He suggests you hold those you did receive for specific inquiries and if the requests for them are too great, let him know and he will get additional copies to you.
