

Demand For POW Labor Increases Here

Demands for prisoner of war labor are increasing in this county as the harvest season gets on the big move, County Agent Lee McElroy reported today, stating that he was receiving daily requests at his office, where all applications must be filed.

Prisoners to be used in the fields come from the internment camp near Hereford, and applications for their hire must be filed here and approved by the state office, all of which takes about six days. In view of this fact, McElroy today urged that farmers who planned to ask for such workmen make their requests "at least a week" in advance of the time they actually need the men in the fields.

Employers are planning to use the men in potato fields, at grain shocking and cotton pulling. The wage scale, as approved for this county, is 25c per hour for all work other than cotton pulling, which draws \$1 per hundredweight, with the farmer furnishing sacks and gloves.

All transportation must be furnished by the farmer who is using the prisoners. The men may be taken from camp between 6 and 7 in the morning and returned by 6 in the evening. Groups must be of 15 prisoners, McElroy said, adding that the majority of applications listed here asked for only one group, "although one or two have asked for two groups of 15".

Prisoner of war labor was used to some extent in the far eastern side of the county last year, but demands from all over the area to which prisoners are available have increased this year.

Mrs. Minnie Berry Is Buried Sunday, Oct. 29

Mrs. Minnie Bell Berry, 66, was buried in the Texico cemetery on Sunday, October 29, following funeral services conducted at the local church of Christ by Minister J. E. Randol. Death came on Friday following several months of ill health.

Born at English, Indiana, she moved with her parents to Missouri at the age of 16 and was married to James Allen Berry in 1901, with six children born to the union. In 1920 the family moved to Curry County, and she and Mr. Berry have resided in Parmer and Curry county since that time.

She is survived by her husband, and all her children: Mrs. Jack Anderson, Friona; Cecil Berry, Farwell; Mrs. Lewie Paul, Texico; Mrs. Ernest Woelfel, Bovina; Chester Berry, Muleshoe, and Mrs. Wesley Osborn, Lynwood, California. Other survivors are four sisters and one brother, C. A. Roberson, Mrs. Etta Fenimore, Mrs. Iva Riggins, Mrs. Catherine Thompson of Los Angeles and Mrs. Betty Clark, of Detroit, and 13 grandchildren.

Deer Hunters Get Set For N. M. Trip

Present indications are that a fairly good number of Parmer county hunters and several Texico men will be camped high in the mountains of New Mexico when the deer season opens on Nov. 10th.

One hunting party is known to be making up at Friona, and reports indicate that several from the Lazbuddy section are not to be left behind. And there are strong indications that a few Farwellites will be found stalking the hills in quest of the elusive buck deer.

About the "same old bunch" will pull out of Texico the first of next week, it was indicated early this week. Most of the hunters seem to be headed for the Black Range country southwest of Magdalena, while others will pitch their tents along the New Mexico-Arizona line.

Mr. and Mrs. J. T. Carter and family were visitors in Lubbock, Sunday, taking Mrs. Carter's mother, Mrs. W. E. Lovelless, to that city. Mrs. Lovelless had visited here for several days.

Pete Booth, who is attending the University of Texas at Austin, was a weekend visitor in the home of his parents in Farwell.

Mrs. S. C. Smith, mother of Mrs. O. C. Sikes, was here the first of the week en route from El Paso to Wichita, Kansas.

November Arrives—And Still No Frost

Frost—at least of the killing type—is taking its time arriving this year, with November coming in today amid a blaze of flowers and still-producing gardens.

Ordinarily, this section experiences a killing frost during October. Some reports have been made of a light frost last month, but no damage is apparent on growing flowers and shrubs.

Fike Announces As Attorney Candidate

King Fike—citizen of the 69th Judicial District in Stratford and Dalhart since 1931—has become the Democratic nominee for 69th District Attorney as a result of the mid-September resignation of John B. Honts, who became title attorney for an insurance company in Ft. Worth.

Under provisions of Texas law, Governor Coke R. Stevenson appointed Fike to fill out Honts' term, which expires next January 1; the law further providing that Fike's name be printed on the November 7th ballot since Honts had been regularly nominated in the July 22, primary and then had declined to run in the general election for reelection as District Attorney.

In such circumstances, the law provides that the District Executive

Committee shall select a nominee for the general election ballot. Since there is no Judicial District Democratic Committee, the Executive Committee of each of the district's seven counties acted and certified Fike's name to the Secretary of State at Austin for printing on the November 7th ballot. The seven counties are Dallam, Hartley, Sherman, Deaf Smith, Moore, Parmer and Oldham.

"I am grateful for the many congratulatory messages that have come to me since being appointed to this important office," Fike said today, "and for the many persons who have assured me of their support, influence and vote.

"Though Mr. Honts resigned only a little over six weeks before the November 7th election, and time thus has been brief, I have nevertheless made every effort to see as many of you voters as possible and solicit your consideration, influence and vote in the general election.

"The various conservation programs, in support of the war effort, require all of us on the home front to curtail our travel so that there shall be no shortage of vital and strategic materials on the far-flung American battlefronts.

"While I won't get to see all of you personally, I am planning to contact you through personal cards, newspaper advertisements and other means, and I want you all to know that I am deeply grateful for what you have done, are doing and will do between now and the time the polls close November 7th."

With a law degree from the University of Kentucky Law School, Fike has been in active criminal and civil practice since 1931. Many of his cases have involved appearances before the higher courts of Texas.

He resigned near the close of his fourth term as Hartley County attorney to accept the district attorneyship. He has also served in the war bond sales program, and has been active in other civic affairs.

Tribune job printing is best.

Spotlight Centers On General Election

Parmer Sixth Bond Quota Is \$245,000

THREE REGISTER IN OCT.

Three new registrants were listed at the Parmer County Selective Service Board during the month of October, it was announced today by Mrs. Bessie Lee Henneman, clerk of the local board. They were: Andrew James Jesko, W. B. Norwood, Herman Kenneth Johnson.

Home People Back Judge John Aldridge

The candidacy of Judge John Aldridge for the office of district judge has the endorsement of his home people—those who have known him since he was a mere lad.

Coming as an unsolicited testimonial of their faith in him, every businessman in Farwell has publicly endorsed Judge Aldridge. He also has the unanimous endorsement of the Parmer County Bar Association, the Deaf Smith County Bar Association, and a large group of Friona and Bovina business men.

Judge Aldridge enjoys the distinction of being the youngest county judge ever to be elected in Texas, an office he held for two terms, going in at the age of 23 years. He is now 39 and fully capable and mature enough to handle the duties of the important office he seeks.

No Relief in Sight On Car Shortages

"It's bad, awful bad," was the way W. W. Vinyard, local Santa Fe agent, sized up the situation early today when asked about the railroad cars for moving the fall grain crops out of Parmer County.

"We've had four cars during the past week, and there is little prospect that the situation will improve soon," he added.

Both elevators at Lariat have been full for the past several days, and local grain men predicted all the storage in Texico-Farwell would be filled by the latter part of this week.

Boone Allison, manager of the Lariat Elevator, said Monday that he had not been able to receive any grain for the past three days. In Farwell the situation was not quite so bad early this week, but indications were that the storage problem would become acute before the close of the week.

Buyers generally have discounted the practice of buying the grain and piling it out in the open, with the explanation, as Allison put it, "we'd never know when we could get it picked up, with labor as scarce as it is."

Vinyard said that government freight shipments were taxing the railroads to capacity, adding that some of the largest war material plants are located in the Texas Panhandle and in Eastern New Mexico.

Farmers were advised not to bring in their grain unless they had contacted their elevators previously to ascertain if it could be unloaded.

THANKS FOR THE ELK

The editor's family enjoyed its first taste of elk roast this week, the compliments of A. C. Green, who killed a large bull elk in Colorado last week. Thanks, Arch, for the remembrance.

Buy a War Bond every payday!

PROMOTED—First Lieutenant Charlie P. Thompson, Farwell, transport pilot in China, has been promoted from Second Lieutenant. Lt. Thompson has been in China seven months, flying in Gen. C. L. Chennault's 14th Air Force "Flying Tigers".

Local Boy Now Flying With Chennault's 14th

A FOURTEENTH AIR FORCE BASE IN CHINA—Promotion of Charlie P. Thompson from 2nd Lt. to 1st Lt. has been announced recently by Lt. Col. John H. Williamson, Commanding Officer of the 14th Air Force Transport Section.

Lt. Thompson, 24-year-old son of Judge and Mrs. Lee Thompson of Farwell, is a transport pilot in Gen. C. L. Chennault's 14th Air Force "Flying Tigers" in China. He came to China seven months ago to fly P-38 fighter planes and recently was transferred to the transport section to fly badly needed supplies and personnel to forward air bases.

Lt. Thompson attended Oklahoma Lane High School before entering the service three years ago. He graduated from army flying school at Williams Field, Arizona, as a fighter pilot.

Heart Attack Claims Mrs. McGill, Age 76

A sudden heart attack claimed Mrs. Martha McGill, age 76, at the home of her daughter, Mrs. Ed McGuire, last Saturday morning.

Funeral services were held at the Oklahoma Lane Baptist Church Sunday afternoon, with Rev. W. C. Wright conducting the services, assisted by Rev. Roscoe Trostle, pastor of the Oklahoma Lane Methodist church. Burial was made in the Texico cemetery.

Mrs. McGill was born on Oct. 23, 1866, and lacked only two days of attaining her 76th birthday. She came to Texas from Alabama when a child, and settled in Wood county. She was married Oct. 11, 1885. Her husband passed away at Seymour, Texas, on Jan. 4th, 1897, when their oldest child was only ten years of age, and she reared her five children alone.

For the past 20 years she has lived in this community, making her home since 1937 with her daughter, Mrs. McGuire.

She is survived by two sons, Clarence McGill, Mancos, Colo., and Homer, Chandler, Ariz.; and two daughters, Mrs. J. H. Neill, Thalia, Texas, and Mrs. Ed McGuire, Farwell. Other survivors include four brothers and two sisters, nine grandchildren and 7 great grandchildren.

MORE GRAIN BINS

Another carload—six—of the large grain bins offered for home storage by the CCC has been ordered through the local AAA office, Ellis M. Mills said today. He added that several of the bins were already consigned to purchasers, and urged that those wishing the bins make application for them at once.

H. H. Petree is assisting with the mechanical work at the City Service Garage.

Mrs. Wesley Osborn and baby, of Lynwood, Calif., are visiting relatives here, being called by the death of her mother, Mrs. J. A. Berry.

Last minute preparations were being worked out by Count Clerk D. K. Roberts early this week for holding the general election on next Tuesday, Nov. 6, when the voters go to the polls to express their preference for elective officers—from the president down.

Clerk Roberts was busy getting the election boxes in shape, including the repair of some of the locks, which have been damaged, and locating misplaced keys.

All election supplies are on hand and will be distributed to the various voting boxes, probably the latter part of this week.

So far as could be learned here, the polls will be open from 8 a. m. to 7 p. m. and the usual voting places throughout the county will be used in Tuesday's balloting.

High Interest Here

While most of the country is concerned about the presidential race, Parmer county will be attracted to the polls primarily to cast their vote in the district judge's balloting.

With two avowed candidates in the field for this important office the voters will be required to write in the name of their favorite—John Aldridge of this city, or B. N. Richards of Dalhart.

Aldridge now holds the office by virtue of his appointment by Governor Coke R. Stevenson, when James W. Witherspoon of Hereford resigned. Richards, after announcing he would not be a candidate, entered the race last week and has the backing of a strong Richards-for-Judge Committee at Dalhart.

Casting a write-in ballot is a procedure with which few voters are familiar, and in this connection it has been pointed out by officials that the election judges were authorized by law to assist any one needing advice along this score.

The Texas Regulars, a new political party in Texas, is making a strong bid for the presidential electors in Tuesday's voting. They are seeking the defeat of President Roosevelt in Texas.

Two Amendments

In addition to the office-seekers appearing on the ballot, the voters are being asked to cast their vote on two proposed amendments to the state constitution. Both amendments seem to be worthy of adoption.

Murphy Sale Billed For Monday, Nov. 6th

Another big farm sale has been billed, to be held by Odas Murphy at his farm one mile west, one south and three quarters of a mile west of Texico on Monday, November 6, starting at 10 a. m., New Mexico time.

Murphy is staging a general farm clean-up sale, which includes several head of livestock, a good collection of household goods, and a large assortment of extra good farm machinery, as well as many other miscellaneous items.

This unusually large farm sale, which will attract buyers from far and near, will be in charge of Dick Doshier, Farwell auctioneer, and O. W. Francis will act as clerk.

The ladies of the Fairfield community will be in charge of the lunch. Free coffee will be served. A complete list of the offerings will be found in this issue of The Tribune.

LOCAL BOARD MEETS

Mrs. Bessie Lee Henneman, clerk, has called a meeting of the Parmer County local board to meet Saturday afternoon, Nov. 4th.

Parmer County's share in the Sixth War Loan will be \$245,000, it was announced here today by G. D. Anderson, chairman of the War Finance Committee.

The official dates for the extensive drive that will be staged to raise the quota will be from Nov. 20th to Dec. 16, both inclusive.

The Parmer county quota is divided as follows: E bonds, \$125,000; all others, \$120,000, for a total of \$245,000. This quota is \$22,000 less than the asking in the Fifth War Loan drive.

Chairman Anderson said that the emphasis in the forthcoming drive would have to be on the small investor. He pointed out that practically all of the large investors of the county have already purchased their limit for the year during the Fifth drive. He furthermore said, that so far as he knew, no county funds would be available for war bond purchases in the coming campaign.

In previous drives, monies derived from county school lands have been invested in bonds, but no money from this source can be expected in this drive, due to the fact that there has been no turn-over in this particular field recently.

Anderson expressed the opinion the quota would be met, basing his prediction on the fact that there is far more money on deposit in the county now than there was when the Fifth War Loan quota was met in the county.

The purchase of \$5000 in War Bonds during any calendar year is the maximum, Anderson said, adding that each member of any one family would be allowed to buy up to the limit.

While Parmer County is being called upon to raise a total of \$245,000, the overall quota for the State of Texas has been placed at \$414 million, with \$105 million of this amount on E bond purchases.

Stressing the importance of continuing the purchase of War Bonds, the County Chairman said: "The war news is not nearly so optimistic as 30 days ago. Germany may last all winter—Japan several years."

Rogers Reports Good Meeting For Teachers

Supt. B. A. Rogers, back at work at the Texico school the first of the week, reported an excellent meeting of the New Mexico Educational Association, held in Albuquerque the past Thursday and Friday.

Some 1700 persons were registered, Supt. Rogers reported, which is smaller than the usual registration, but was lower due to travel restrictions.

One unusual feature of the meeting, the school head said, was that all visiting speakers were high school superintendents rather than college men, and those in attendance felt that the topics were unusually helpful.

CHANGE OF PERSONNEL

Effective today, November 1, Miss Lorene Hodges, who for the past several years has served as secretary in the Parmer County AAA office, is resigning, and will be employed in Clovis. Her successor will be Mrs. Herbert McDaniel formerly of this city, who has spent the past year in California.

Many Red Cross Bandages Completed

Winding up Monday night in a record set thus far for one evening's work—900 bandages—the October Red Cross quota assigned Texico-Farwell by the Curry county chapter was completed, and turned over to officials in Clovis on Tuesday.

Around 1600 bandages were made on Monday, with Farwell home-making girls assisting the two classes of volunteer workers. Eleven ladies were present in the afternoon and 18 in the evening.

Due to the fact that no November quota has been received in Clovis, the Red Cross room will not be open Friday. "As soon as we have bandages on hand, we will notify the public," one lady said today, urging that volunteer

workers come back when such bandages do arrive.

Although no complete count of the bandages made locally was on hand, the count definitely ran into several thousand. Workers registered at the Red Cross room last month were:

Mesdames Clyde Magness, S. C. Hunter, E. E. Booth, W. H. Graham, Ellis Mills, Earl Booth, Bess Mansfield, Frances King, Abie Crume, Ophelia Billington, S. G. Billington, Latha Barnes, Pruitt, Evelyn Bradshaw, Noma Lokey, E. M. Deaton, C. C. Quisenberry, Bess Henneman, Lewis Pierce, Olan Schleuter, W. W. Hall, O. B. Pipkin, J. I. Gober, F. E. Kepley, Lee Thompson, J. R. Caldwell, S. H. Sides, Scotty Barry,

N. E. Bonds, W. E. McCuan, W. P. Nittler, H. H. Petree, Roy B. Ezell, H. D. Bradshaw, Aubrey Sprawls, Chester Magness, Effie Johnson, Garlon Harper, Rip Snodgrass, Ann Hamilton, A. G. Smith, J. A. Kaltwasser, M. Kriegel, M. C. Roberts, Ruby Dixon, Willis Magness, Effie Whitley, Jess Newton, Evelyn Ford, Myrtle Atchley, Fern Hargade, Modine Allison; Misses Jane Lokey, Betty Deaton, Mary Quisenberry, Marjorie Moore, Marie Barnes, Peggy Schleuter, Tommie Meeks, Levetta Meeks, Marie Barnes, Frankie Tipton; and the homemaking classes of the Farwell school and their sponsor, Mrs. Vivian Doose, whose names are not on the register.

Two Little Known Proposals for Voters

When Texas voters go to the polls on Nov. 7, they will be confronted with one ballot of whose subject matter most of them will be serenely foggy if not blissfully ignorant—unless a good deal of educating is done during the next few weeks.

That ballot will present two proposed constitutional amendments. Neither of them has much general interest, but both are important. In fact, all alterations of the State's organic law are important. Therefore, it is the voter's solemn duty to understand them in order that he may pass intelligently upon them.

One of these amendments would empower the commissioners' court of each county (subject to property taxpayers' approval by vote) to re-allocate county tax levies in such ways as will enable the county to make better use of its tax funds.

Away back in 1906 a constitutional provision was adopted, authorizing property taxes not to exceed 80 cents on the \$100 valuation, and limiting the levies as follows: 25 cents on each \$100 valuation for general county purposes, 15 cents for roads and bridges, 15 cents to pay jurors, and 25 cents for permanent improvements.

Conditions have so changed during the past 38 years that these allocation restrictions do not fit present needs. And the proposed amendment merely permits the commissioners' court to reallocate and change various rates for the specific purposes—without changing the over-all tax limit of 80 cents for all purposes. And before a commissioners' court might change the allocations, the qualified property taxpayers would have to give their approval by majority vote at a special or general election. Under the proposed amendment such changes, if thus approved by the taxpaying voters and made by the commissioners' court, would remain in force and effect for only six years, unless again approved by the taxpaying voters.

This proposal was submitted by unanimous vote of both houses of the Legislature. Its desirability is so obvious to anyone who understands it that there should not be a single vote against it.—Houston Post, Oct. 16.

TO STUDY RICE GROWING

COLLEGE STATION—Mario Villela Teixeira of San Luiz, Maranhao State, Brazil, will study rice production and management in Texas under the guidance of the A. & M. Extension Service, according to Acting Director James D. Prewitt. He is one of several young Latin-Americans brought to the United States under the training program of the Institute of Inter-American Affairs, Washington, to study phases of agriculture. Mr. Teixeira spent several days at College Station before locating on a farm in the rice growing area.

He is 28 years old and was born and reared on a farm near Lavras, Mina Gerais state, and holds a B. S. degree in agriculture from Lavras college. After graduation he spent two years in Extension work and five years as head of a government seed production farm. He plans to stay in this country one year.

The leopard doesn't change its spots, but the leopard frog does.

New Corporations are Founded in September

AUSTIN—Forty-eight new corporations, with \$1,135,000 capital stock, started operations in Texas during September, the University of Texas Bureau of Business Research has announced.

Although fewer in number than in August, when 71 new firms were incorporated, the September beginners represented a larger investment. Capitalization of the 71 firms chartered during August amounted to \$1,042,000.

A total of 441 Texas corporations were chartered during the first nine months of 1944, with total capitalization of \$7,209,000, compared to 279 capitalized at \$6,143,000 during the first nine months of 1943.

The wolverine is a three-letter animal. It is triply dangerous because it can swim, climb trees and run.

NO COMMERCIAL FAILURES

AUSTIN—Not a single commercial failure marred the Texas business scene during September. As a matter of fact, only one Texas firm has gone into bankruptcy since January 1, as compared with nine during the first nine months of 1943.

A Write-In Vote ...for...

B. N. RICHARDS

On November 7th

is a vote for experience, qualification and mature judgment, essential in a jurist who must decide questions of life and death, liberty or imprisonment, and vital issues of property rights.

The ballot for Nov. 7 contains eight columns—one for each political party. If the voter wishes to vote a straight ticket, he should first select the column he wishes to use, then run the pencil up and down through all the other columns. Coming back to the column he has selected, follow down to the heading "Judge 69th Judicial District", and just under this heading, write in the name: B. N. RICHARDS.

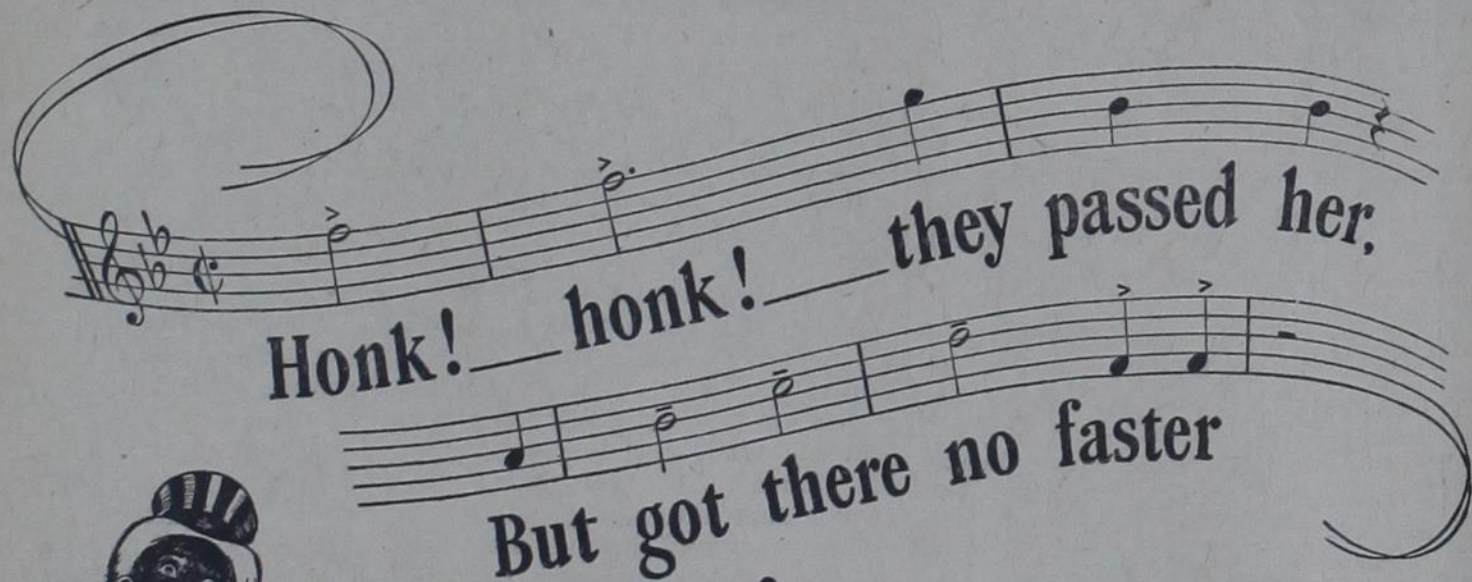

There is no name on the Nov. 7 ballot for this vitally important office of 69th Judicial District Judge, since the mid-term resignation of James W. Witherspoon, of Hereford, came after the Democratic nominating primary of July 22. This is the ruling of state officials in Austin.

Therefore, if the citizens of the 69th Judicial District elect a Judge Nov. 7, they must write in a name under the title: "Judge 69th Judicial District", in any one of the eight columns.

Write in the name of B. N. Richards, a Veteran of the Legal Profession, with many years actual practice, a life-long Democrat, a man who served with distinction as district attorney, and who is qualified in every way for the high office of District Judge.

Richards-for-Judge Committee
69th Judicial District

(Pol. Adv.)

Erratic driving proves so inefficient in Wartime that it's no longer favored any of the time.

Deftness is the style in motoring. Tactics like swooping in and out of line seem wasted, when the little coupe—from miles behind—presently shows up anyway in the "thrill-driver's" mirror.

That's skill—making a steady good average; not leaping and bounding to make it up. You'll show still greater regard for dutiful mechanism by having your engine OIL-PLATED—internally surfaced to resist corrosion by the unavoidable acids of combustion.

Changing to Conoco Nth motor oil will automatically give you an OIL-PLATED engine. Costly pioneer research created the special Conoco Nth ingredient that gives this popular-priced oil its magnet-like action. And that's what joins OIL-PLATING to inner engine surfaces, as if to stay.

Acids stay too, these days—infesting every cylinder in unreasonable quantities. Former chances of ousting corrosive acids are decreased these days by low engine temperatures—longer stretches of standing cold—mileage limitations of any kind. But you can keep your engine's fine inner finish under cover of protective OIL-PLATING—resisting corrosion! Just change to Conoco Nth motor oil at Your Mileage Merchant's. Continental Oil Co.

Cold Preparations as directed

Yams From Garden Into Home Storage

COLLEGE STATION—Some of Texas' million victory gardeners will have the new responsibility this year of handling and storing a few bushels of sweet potatoes. J. F. Rosborough, horticulturist for the Extension Service, who says they should be dug and handled carefully to avoid cutting and bruising, offers these suggestions as helpful in doing the job.

Potatoes are mature enough to dig and store when cut surfaces dry quickly. The grower should go over the patch and take a half dozen samples at random for testing. In case frost beats maturity, cut off all vines immediately to prevent the injury entering the potatoes. Dig within the next two or three days, or sooner if conditions are favorable.

Sweet potatoes should be dug when the soil is relatively dry so that little or no dirt will cling to them. After digging they should not be allowed to lie in the hot sun as this induces decay. Place them in crates and store in such a way as to permit complete air circulation on all sides.

Rosborough says that the temperature in storage should be between 48 and 60 degrees. Slightly below 48 will cause chilling and poor keeping quality and above 60 likely will

induce sprouting and reduce the quality of the potatoes. Temperature up to 85 degrees for the first 10 days or two weeks in storage is excellent for driving out excess moisture.

Electric Consumption Continues to Mount

AUSTIN—Industrial requirements for electrical power in Texas continued to mount as consumption by industry during September shot 20.4 per cent above September, 1943.

Total consumption by all classes of users during September was 6.4 per cent above that of September a year ago. Commercial users required an additional 9 per cent; residential users, 7.5 per cent more than in the corresponding period, while "all others" showed a decline in consumption of 27.6 per cent.

COTTON PURCHASE PROGRAM

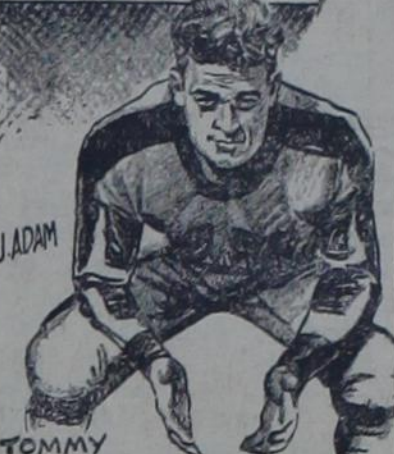

COLLEGE STATION—Texas cotton farmers may use their Smith-Doxey classification as evidence of grade and staple under the 1944 cotton purchase program. This information was received by the A. & M. College Extension Service from the Dallas office of distribution of the WFA's cotton and fiber branch. Classification must be based upon a representative cut sample drawn from both sides of the bale and delivered or forwarded to a board of

To use a Butane Mixture in a bottle in cold weather . . . That's why we say KEEP SAFE and economize with Propane.

examiners by either the warehouseman executing the storage agreement, or by bonded sampler, according to this information. In the latter case the notation "bonded sampler" must be marked on the cotton form.

Information on bonding of samplers will be available soon in the office of distribution's area cotton offices at Austin, Dallas, Galveston, Lubbock and El Paso. Last year, 1,147 improvement groups in Texas representing 107,164 farmers had 1,147,779 bales classed under the Smith-Doxey program.

Scholarships for Nurse Graduates at Texas U.

AUSTIN—Scholarships for graduate registered nurses have been made available to the University of Texas by the United States Public Health Service, Dr. D. K. Brace, professor of physical and health education, has announced.

Nurses who are preparing for teaching and supervising positions in nursing schools, and who fulfill requirements, are eligible to apply for the scholarships. Ten will be offered during the winter semester which began November 1. Miss Emma Pope, assistant professor of nursing education, is taking applications.

There's a Shortage of Copies of The Dallas Morning News—But NOT of Our Desire to Serve!

The crucial shortage of newsprint paper has forced a curtailment of the supply of copies of The Dallas Morning News to our dealers in this county. Only a small part of regular shipments is possible until we are permitted by Government Authority to increase our consumption of newsprint.

Distribution for the present will be made from drug stores and newsstands, unless your agent can arrange otherwise.

We realize, with deep regret, that some of our old-time readers are not able to get copies of The News. We trust they will understand and bear with us while we're making every effort to restore service.

In the meantime, although many patrons will not have The News delivered to them temporarily, their names are still on The Dallas News' Big Book and we look forward to serving them again.

Thank you.

REAL DEMOCRATS...GOOD REPUBLICANS... LET'S FIGHT THE NEW DEAL TOGETHER!

Here's the way to do it! Cross out the New Deal electors on the Democratic ticket. Cross out the other parties. But leave the Texas Regulars!

Loyal Democrats—here's the way to stay Democrats—and vote the New Deal OUT! Good Southern Republicans, and all you loyal Texans who have no party flag—we invite you to rally under the banner of the Texas Regulars—rally to the ticket that will win!

It's time for a change! Time to forget you're a Republican or a Democrat. Time only to remember that you are a Texan. An American. That you love your country and want it to stay just like it is.

Can it be free Texans believe one man is indispensable to the

future of our country? Can it be free Texans believe one man should stay in power for 16 years? Can Texans, Democrats, believe our great Party should be run by alien-born Sidney Hillman, by Communist ex-convict Browder, by the big city political bosses who would sell out the South for the Harlem negro vote?

But we must stick together! Remember, we vote by states—unless we WIN in Texas—every last vote we cast is LOST!

Join with us, you good Republicans! Join with us, you Independents—join a great crusade! We'll march to the polls together. We'll strike down the New Deal Communism that raises its terrible shadow over America. Vote with us—we'll lick the New Deal in Texas—and we'll keep America FREE!

Local Happenings

Miss McGuire Bride Of Lt. Moorehead

Wedding vows for Miss Adabud McGuire, daughter of Mrs. Carl McGuire of Texico, and Lt. Lucky Moorehead of Liberal, Kansas, were read in the Baptist parsonage in Texico, Monday evening, October 30 at 7 o'clock.

Rev. W. C. Wright, pastor of the local church, performed the lovely double-ring ceremony.

The bride was charmingly attired in a fall costume of black, accented by contrasting accessories. Her matron of honor, Mrs. Elmer Coffee of Clovis, sister of the bride, wore a blue suit with tan accessories.

Ring bearers were young Dicky and Gloria Coffee, and Mr. Coffee served as attendant to the groom.

A graduate of the Texico school, Mrs. Moorehead has been a resident of this city a number of years. For some time she was employed at the Security State Bank in Farwell, and has recently been working in Clovis.

Lieutenant Moorehead formerly lived in the Fairfield community near Texico and also graduated from the local school. He has seen service overseas and is now taking an instructor's course at the Liberal Army Air Field.

The couple will make their home in Liberal.

Honored With Shower

Mrs. Moorehead was honored with a surprise shower by members of the local Baptist church last Thursday evening, when Mrs. Verney Towns and Mrs. John Lockhart acted as hostesses at the church.

Lovely bouquets of chrysanthemums and roses were placed about the rooms, and the serving table was beautifully appointed. Mrs. Clyde Magness and Mrs. Garlon A. Harper presided.

During the evening, a Tom Thumb wedding was presented by youngsters of the church, and Peggy Schleuter played appropriate music on the organ. A duet was sung by Mrs. Magness and Mrs. Harper. Some 60 people attended the social.

Clifford Crume, former local resident, was here the first of the week visiting friends and relatives. He was called to Clovis last week by the death of a brother-in-law, Beaman Temple, who previously lived in Farwell.

Tommie Randol Is Carnival Queen

In a beautiful setting of an arch of colorful fall flowers, Miss Tommie Randol, nominee of the junior class, was crowned as Queen of the Hallowe'en Carnival, held at the Farwell auditorium the past Friday night.

The Queen ascended to the throne on the arm of King Donald Ray Summers, with the attendants from the junior class being Princess Wynelle Brown and Prince T. A. Gilson.

Other members of the royal court were Miss Peggy Schleuter, Sam Hines, Princess Natoma Hodges and Bill Martin, of the senior class; Misses Maxine Ford, and Jo Ann Williams, Junior Robertson and Robertson, freshmen nominees; Miss Dorothy Hurst, Max Ford, Miss Laveta Meeks and Don Williams, representing the sophomores.

Glenn Williams served as master of ceremonies for the coronation, introducing members of the court, with Miss Norma Jean Thomas as pianist. Misses Jeatonne Morris and Hettie Nann Randol were trumpeters. Little Misses Betty Ann Harrison and Ann Walker were train bearers for the queen, while "Bug" Johnson carried the royal crown. Court jesters were Marjie Lee Moore and Tommie Meeks and the messenger who delivered the queen's bouquet was Warlick Thomas.

Full of hot dogs, coffee and pie, and covered with confetti, some two to three thousand people packed the auditorium during the evening, with everything but the bingo booth reporting sell-outs early in the evening.

Cub Scouts Invite Parents to School

Local Cub Scouts are inviting their parents to a special Pack meeting, on Thursday night of this week at 8:30, to be held in the Farwell auditorium.

An Indian pantomime is being prepared by the youngsters for entertainment, and in addition awards for completion of Cub Scout work will be made, it is announced by Mrs. Lenton Pool, who urges that all parents accompany the Cubs to the school for the evening.

Pfc. Daniel Mann Is Honored at Dinner

A surprise dinner, honoring Pfc. Daniel Mann, was given in the home of his parents, Mr. and Mrs. D. P. Mann of Bovina, on October 22nd.

Pfc. Mann has recently returned from the Southwest Pacific, where he had been in service for several months.

Present at the dinner were the honoree, Pfc. Mann, Mr. and Mrs. D. P. Mann, Mr. and Mrs. H. S. Mann and grandson, Charles Wolff, of Apache, Okla.; Mrs. Jesse Mann, Mr. and Mrs. A. R. McCutchen and son; Mrs. D. W. Birdwell of Odessa; Mrs. Earnest Wright and daughters, Dovie and Dixie, of Muleshoe; Mr. and Mrs. J. M. Smith and Mr. and Mrs. Jim Richey, Friona; Mr. and Mrs. J. W. Laney, Mr. and Mrs. J. E. Owens and son and daughter, Dan and Bertha Lou; W. C. Dalton, M. K. Smith, Misses Lula and Carrie Smith; Mrs. J. A. Haynie, of Bryan and Mr. and Mrs. C. R. Owens and son, Dale, of Friona.

Week of Prayer Is Observed, 25th

Observance of the annual Week of Prayer was held in the Methodist Church the past Wednesday.

Mrs. B. N. Graham was leader of the afternoon program, which was directed by the Woman's Society of Christian Service. Mrs. Roy B. Ezell presented a talk on the "Friendship Home" in Cincinnati, Mrs. O. B. Pipkin discussed the "Mother's Memorial Center" in Cincinnati, and Mrs. W. H. Graham spoke on the "Wesley Home for Mexicans" in Houston.

Following the lovely supper in the evening, the Wesleyan Guild was in charge of the program, with Mrs. Ellis M. Mills directing. The devotional was conducted by Mrs. Charles Walker, following which Mrs. Mills spoke on "Work in Africa," and Mrs. Lenton Pool discussed "Work in India".

Large crowds attended both programs, and a generous offering was made to carry on mission work.

Thanksgiving Dinner Next Thursday

Celebrating Thanksgiving a little in advance, the annual dinner of the Farwell Parent Teacher Association will be held next Thursday evening, November 9th, at the home making room of the school.

All patrons of the school are invited to participate in the Thanksgiving observance, and a short program will be arranged.

Wizard of "Ah's" At Texico, Friday Night

Magic, sleight-of-hand, spooks and spirits will have an inning Friday evening at the Texico school auditorium, when Orville Meyer, known as the "Wizard of 'Ah's'", is to present his program.

Included in this full hour show will be such wonders as the Chinese rings, spirit serpent, Hindu turban, the path of invisibility and many other unusual feats of magic. There will also be a super-chiller—the Japanese torture guillotine.

The magic program will begin at the auditorium at 9 p. m., Central time, and admission charges are 10, 20 and 30 cents. Proceeds will go into the athletic fund of the school.

42 Social Enjoyed

Mr. and Mrs. Olan Schleuter and Mrs. Alvenia Sharpe entertained Saturday night in the Schleuter home near Farwell, honoring Mr. and Mrs. Claude Thomas, of Field, N. M., former local residents.

Games of 42 were arranged for entertainment, and at the conclusion cake topped with whipped cream was served with coffee to Mr. and Mrs. Bill Bradshaw, Mr. and Mrs. Mose Glasscock, Mr. and Mrs. Frank Phillips, Mr. and Mrs. E. M. Deaton, Mr. and Mrs. W. H. Graham, Mrs. Stanley Hillhouse of Clovis, Mr. and Mrs. Thomas, Mr. and Mrs. Schleuter and Mrs. Sharpe.

NEWS FROM OUR BOYS IN CAMPS

KLOEPPER PROMOTED

Cpl. Herman Kloepper, who appears to be stationed in Italy has recently been promoted to the rank of Sergeant, he has advised his parents. Sgt. Kloepper's unit was cited for gallantry in action in the Italian campaign recently when the heavy artillery unit held a strong German counterattack in charge after the enemy had "advanced within 15 yards of the American forces".

LEVY VISITS HERE

Keith Levy son of Mr. and Mrs. T. E. Levy, was home for a very brief leave the first of the week. Keith is now receiving officer training at the University of Texas, after spending some pretty rough months with the Navy in the Pacific theater.

HULSEY VISITS HERE

Sgt. J. W. Hulsey, who has spent 18 months in the Pacific with the coast artillery, is here visiting relatives and friends. Hulsey has been in the States since March, receiving medical attention for malaria and a slight injury. He was visiting in Oklahoma the first of the week.

BILLINGTON TO FRANCE

Cpl. Morgan Billington, who has spent a few weeks in England, has notified his wife that he is now in France, and isn't particularly excited over the country, "too much rain".

BACK TO WORK

Sgt. H. H. Potter, who participated in the invasion of the continent and was hospitalized in England in July, has advised friends here that he is now headed back for active duty. Potter serves with an armored field artillery outfit. Prior to his induction, he was a local utilities linesman.

GETS DISCHARGE

Pvt. T. C. Williams, a brother of the late Perry Williams, was here

renewing his acquaintances the first of the week after spending 22 months in North Africa. Pvt. Williams said he had been discharged and was enroute to Borger, Texas, to go to work in the oil fields. His parents now live at Comanche, Tex.

REPORTS SOON

Staff Sergeant R. L. Barber, who has been here on furlough the past several days, will leave on Nov. 8th for Mountain Home, Idaho, where he is to report for reassignment. He completed 51 missions over Germany from an England base and was sent home for a breather.

FINISHES AT KINGMAN

Recent graduate of the Kingman AAF flexible gunnery school, near Kingman, Ariz., was A-C Billie J. Brown, son of Travis Brown of Texico. As a student gunner, Brown went through a ground school course in which he was taught the principles of ballistics, sighting, turret maintenance, range estimation and aircraft machine guns, at the conclusion of which he had two weeks of air fighting and received his gunnery wings.

DON'T NEGLECT YOUR LETTERS

And your letters to the lads in service should be written on the proper materials.

We carry a complete line of V-mail, air-mail and regular paper and envelopes, as well as plenty of inks.

Vane Petree and son, Ronnie, of Santa Fe, N. M., were here over the weekend, visiting relatives.

Twelve Long Years

The Republicans for twelve long years
Have shed their coats and skins and tears
To tell their comrades how they feel
Regarding Roosevelt's New Deal.

For twelve long years they've plead for votes
But never mentioned nine cent oats
They say this New Deal stuff is rotten
But never mention four-cent cotton.

For twelve long years they've wept aloud
And cursed this money-spending crowd
They say of liberty we are shorn
But not a breath of twelve-cent corn.

For twelve long years they've been at sea
And now the come to you and me
And offer us as bait for votes
More three-cent steers and nine-cent oats.

For twelve long years they fume and fret,
Hammer and slander the New Deal set.
They say to all, "What a cheat,"
But forget to talk of two-bit wheat.

They offer us in days of old,
A crown of thorns—a Cross of gold
More gilded promises. Can you beat 'em?
Well, one thing sure. You can't eat 'em.

At Your Service

With the fastest and most modern grain elevator in this section, we are now ready for your grain at our new plant at Lariat.

For the time being, we are doing our weighing on the Lariat Gin scales through the courtesy of E. M. Deaton. Our new 50-foot scale will be ready by the latter part of this week.

In establishing this new business at Lariat, we are doing so in order that the farmers may have a better service, to which they are entitled. One elevator at this point has been inadequate for the past several years, and we are hoping hereafter the farmers will be served to the fullest of their demands.

We invite a share of your business on the assurance you will be given a fair deal on every transaction.

Health Notes

by Texas Department of Health

AUSTIN—"The common cold is responsible for more lost working hours, with resulting loss in income and production, than any other illness prevalent in the United States," asserts Dr. George W. Cox, State Health Officer, in a statement just released. He stated that the number of victims remains, from year to year, practically the same, and expressed the opinion that the only way this situation can be remedied is by more universal care and thoughtfulness on the part of the general public.

"One of the more common predisposing causes of a cold is the overheated living room, or office, in which much time is spent, especially when insufficient outdoor exercise is

taken and when insufficient ventilation is provided," Dr. Cox said. "Such a living environment, when coupled with careless eating habits and too late hours, tends to lower resistance and invites the appearance of debilitating colds."

Dr. Cox stated that it is wise to avoid direct contact with infected persons; and said that the cold victim himself has a definite duty to perform in 'keeping away from gatherings and in the unflinching use of a handkerchief, or paper tissue, when coughing or sneezing.

"Colds themselves are troublesome enough, but frequently they lead to pneumonia, and even in these days of improved treatment, pneumonia still remains a devastating and dangerous disease," Dr. Cox warned. "If, in spite of precautions, a cold is contracted, it is wise to see your physician at once. If fever is present, bed is the only safe place to be regardless of temporary inconvenience or loss of earning power."

Academy of Science to Have Cancer Panel

AUSTIN—A symposium on cancer will be one of the major topics to be discussed when the annual meeting of the Texas Academy of Science is held in Galveston next month, W. R. Woolrich, Dean of the University of Texas College of Engineering and president of the Academy, announced today.

The meeting will be held Nov. 9-11, for the 500 academy members and others interested. The session on cancer, when eight papers will be given, will be held the morning of Nov. 11.

Other symposiums will deal with health in Texas coastal areas and utilization of Texas natural resources.

Gifts For Veterans Accepted to Nov. 15

SOUTH PLAINS ARMY AIR FIELD—Residents who still want to contribute a gift toward making the Christmas holidays brighter for disabled veterans at McCloskey General Hospital at Temple have until Nov. 15 to make their contributions, it has been announced.

The campaign to collect gifts and donations for gifts for the veterans at McCloskey has been extended to the 15th and those in charge have announced that they hope many additional gifts will pour in as a result.

Already soldiers and civilians have answered the call with numerous gifts and large cash donations but if everyone of the disabled vets at McCloskey is to be remembered at Christmas, many more gifts and donations will be needed from this area.

The gifts will be prepared and wrapped by wives of officers and

enlisted men at SPAAF. Each gift will bear a card from the person who donated it. All gifts contributed in this area will be sent to McCloskey. Central collection point is at Hemphill-Wells Co., in Lubbock.

Airplane Stamp No. 3 Becomes Valid Nov. 1

Airplane Stamp 3 in ration book 3 may be used for buying one pair of rationed shoes beginning November 1, the OPA has announced.

The new stamp, like airplane stamps 1 and 2 now in use, will be valid indefinitely. Announcement was made September 28 that another shoe stamp would become valid on November 1, but the number of the stamp was not made known.

As explained previously, validation of the new shoe stamp November 1 continues the rationing rate established a year ago when Airplane stamp 1 came into use. Since November 1, 1943, shoe stamps have been validated a six-month intervals.

Land Loans

One of the larger Life Insurance Companies of Texas is making approximately 80 per cent of its real estate loans in West Texas. A West Texas man is in charge of the loan and real estate department for West Texas and will make prompt inspections. He will assist you in working out a loan to meet your needs.

Interest rates of this company are as low as the lowest. Terms, five to twenty years, lenient options and reasonable release and subdivision privileges.

This company, besides making loans on real estate, will buy outright or make loans on first vendor lien notes.

If you owe money on your land, check and see if you can't get a better rate of interest and better terms.

Discuss these problems with

R. L. Brown

"The Land Man"
MULESHOE, TEXAS.

Build...Repair

Restrictions have been released to such an extent that we can now offer to farmers most any materials they need in making repairs about the farm.

Dimension materials, siding, roofing, cement, metal lathe, netting, siding, sheeting, poultry and rabbit yard fencing, builders' hardware.

- 4—Good red steers.
- 5—Good red yearling heifers.
- 6—Good mixed steer yearlings.
- 3—Half Guernsey cows, first calves.
- 2—Brindle heifers, yearling past.
- 1—Half Guernsey heifer, yearling past.
- 1—Jersey cow, 7 yrs., giving milk.
- 1—Brown Jersey heifer.
- 1—Spotted bull yearling.
- 1—Brindle cow, calf by side.
- 1—Red Durham bull calf.
- 1—Jersey bull calf.

MACHINERY

- 1—International 2-row binder on rubber, good shape.
- 1—8-foot MM one-way.
- 1—20-ft. cut under 4-wheel trailer, good tires, a real bundle trailer.
- 1—18-ft. 2-wheel trailer, good dual tires.
- 1—4-row John Deere monitor.
- 2—4-section harrows, good ones.
- 2—5-row steel knife sleds with good knives.
- 2—Sets of disc markers, 3 or 4 row.
- 1—25-ft. all steel welded windmill tower, new.
- 1—Deheader for Baldwin combine.
- 1—Almost new Enniss pickup attachment for combine.
- 1—Furrow guide for Farmall tractor.
- 1—New 8-ft. stock trailer, a good one.
- 1—Almost new electric Emery.
- 1—Pipe threader, size 1 to 2 in.

- 1—Good set of pipe cutters.
- 2—24-inch pipe wrenches.
- 1—Fairbanks-Morse electric pump jack with 3-quarter h. p. motor.
- 1—Montgomery feed grinder, big size, complete with sacker.
- 1—50-ft. endless belt.
- 150—Feet good garden hose.
- 1—Garden plow.
- 1—Pair cotton scales.
- 5—Gallons linseed oil.
- 1—Sledge hammer.
- 1—Good vise.
- 1—Hand saw.
- Several hammers.
- 1—Blow torch.
- 1—International cement mixer, a good one.
- 1—4-row set of disc openers for MM tractor.
- 1—Set spring tooth cultivator attachments with sweeps, fits any tool bar.
- 1—13-ft. 2 1/2 inch tool bar.
- 1—2 h. p. International gasoline motor.
- 1—12-inch turning plow.
- 1—4-wheel trailer.
- 1—Set chain harness.

HOUSEHOLD GOODS

- 2—Rocking chairs.
- 5—Cane bottom chairs.
- 1—Duofold.
- 1—Writing desk.
- 1—Medicine cabinet.
- 1—Ice cream freezer.
- 1—Bedstead and springs.
- 1—1941 outboard motor for boat, 5 h. p.
- 1—Ironing board.
- Around 300 ft. electric wire.
- 1—5-gallon cream can.
- 2—10-gallon cream cans.
- 1—800-lb. electric cream separator.
- Lot of good paint, all colors.

SEED

- Several sacks re-cleaned cane.
- Several sacks re-cleaned German millet.
- 6—Sacks cottonseed meal.
- 3—Sacks soy bean meal.

LUMBER

- 6—Good fence panels, 12 ft. long.
- 46—12-ft. fencing plank, new.
- 8—2x10 16-ft., new.
- 12—1x12 12-ft. new.
- Saw horses and 2 good ladders.
- A lot of good scrap lumber and posts.

HOGS

- 9—Good weaning pigs.

CHICKENS

- 150—Year-old AAA English White Leghorn hens, About 50 eggs per day.

Texas Oil Operators Protest World Treaty

AUSTIN—A vigorous campaign to defeat ratification by the United States Senate of an Anglo-American petroleum treaty has been launched by a group of independent Texas oil operators, headed by Grady Vaughn, of Dallas, chairman, and Glenn H. McCarthy, of Houston co-chairman.

The treaty, which would place the American petroleum industry in an international oil cartel, is now pending before the Senate Foreign Relations Committee.

Resolutions opposing ratification of the treaty have been adopted by practically every organization of oil men in the country, by individual members of the Texas Railroad Commission, by the State Board of Education and by numerous civic groups and businessmen.

There are two great dangers lurking in the ratification of the Anglo-American Petroleum Treaty, according to Vaughn and McCarthy. The first danger is that the American oil industry will be made part and parcel of an international oil cartel. The second danger is that the federal government can seize control of the oil industry, taking it out of the hands of the men who have developed it and the states which now regulate and control the production, marketing and use of petroleum products.

"It is inconceivable," McCarthy said, "that the vast oil resources of the United States should be placed at the mercy of foreign nations whose only interest in our oil production is to insure a steady flow of cheaply produced oil across the Atlantic."

The State Board of Education has adopted a resolution opposing ratification of the treaty. The Board feared a sharp drop in school revenues if the Texas oil industry is made part and parcel of an international oil combine, a combine that would set Texas production, the price at which Texas oil could be sold, and the amount of Texas oil which could be sold.

Individual members of the Texas Railroad Commission are opposing the proposed treaty on the grounds that its ratification would drive every independent oil operator out of business and would force the

American petroleum industry to compete with such countries as Arabia, where oil is produced by labor receiving only a few pennies a day.

Texans in every section of the State are joining the campaign and both Vaughn and McCarthy believe that when the time comes to take the battle to the floor of the United States Senate, the entire State of Texas will be behind their efforts to keep the Texas oil industry out of the hands of foreign oil manipulators.

CONSTRUCTION ACTIVITY OFF

AUSTIN—Construction activity in Texas eased off during September, the University of Texas Bureau of Business Research reports, showing total building permits in 41 cities of \$2,512,754, as compared with \$3,291,998 in August, and \$2,704,072 in September, 1943.

WRITE IN the name of B. N. (Ben) Richards for 69 District Judge in the blank space provided on the general election ballot Nov. 7. (Pol. Adv.)

PAMPER Your Car!

JOE CRUME, Mgr.

Home People Endorse John Aldridge For District Judge

Every business man in Farwell asks you to write in the name of JOHN ALDRIDGE for District Judge, November 7. We think that in addition to his being the better qualified candidate, it will be a distinct honor to this county to continue him in office. If you don't understand how to write in his name, the Election Judge will tell you.

VOTE FOR JOHN ALDRIDGE

For Judge, 69th Judicial District

DEMOCRATIC	REPUBLICAN	TEXAS REGULARS	SOCIALIST
<p>Write in his name on the ballot</p> <p>For Judge, 69th Judicial District:</p> <p>Spelled "JOHN ALDRIDGE"</p>			

His friends vouch for him. He is endorsed by those who know him best.

He had made his own campaign—paid his own expenses—is not obligated to any person or group.

He has proved himself to be a good judge. Why change?

He was only recently appointed (August 7, 1944) and he has given up his law practice to devote his full time to the office. In fairness to him, give him the chance and opportunity to serve his unexpired term.

He is capable . . . Honest . . . Energetic . . . Hard-working . . . Qualified . . . Respected and loved by those who know him.

Basketball Schedule Arranged for Texico

Basketball season will get off to an exceptionally early start in Texico this year, it was revealed today when the current schedule was completed, with both boys and girls to make their first appearance on the local court against Pleasant Hill on November 10.

Coach C. E. Sanders reported today that he was of the opinion his squad of boys would develop into a good combination with a little more practice, pointing out that he had Roop, White, Knox, Paul and Freeman, all letter-men of the 1943-44 squad, back for work this year.

The girls also have a number of veteran players and should turn out one of the best teams in the section. Listed among the returning players are Peggy and Betty Flye, Caldwell, Caillouett, Baker and E. Brown, according to Coach Viola Rodewald.

The complete schedule for the year is as follows:

Nov. 10, Pleasant Hill, here*.

Nov. 24, Ranchvale, there*.
Dec. 1, Grady, here*.
Dec. 8, Rosedale, there*.
Dec. 22, Melrose, there.
Jan. 5, Dora, there.
Jan. 6, House, here*.
Jan. 12, Rosedale, here*.
Jan. 19, Pleasant Hill, there*.
Jan. 26, Portales, there.
Jan. 27, Melrose, here.
Feb. 2, Ranchvale, here*.
Feb. 3, Clovis, there.
Feb. 9, Field, there*.

Dates marked * mean that both boys and girls will play.

OKLAHOMA LANE

Mrs. James Roach and Judy and Mr. and Mrs. Bill Hubbell and Beverly Joy visited in Clovis Sunday with their parents, Mr. and Mrs. Ernest Foster. Also visiting the Fosters were their son, Ernest Jr., and their daughter, Opal, of Sundown, Texas, Miss Bernice Hartzog, and Mrs. Perry Roach of Clovis.

Miss Ruth Caldwell, Wendol Christian and Edwin Hughs, of Tech, visited their parents over the weekend.

The Friday Club met with Mrs. Tom Lindop with games of 42 being enjoyed. Mrs. Minnie Jones and Golma Hubbell tied for high, and Mrs. Keith Pigg held low score. Present were Minnie Jones, Jake Pigg, Jimmie Thrash Jean Paine, Mildred Vincent, Paulene Caldwell, Golma Hubbell Effie Kennedy, all members, and one visitor, Mrs. George Atchley of Farwell. The next meeting will be with Mrs. Pigg.

Mr. and Mrs. Joe McWilliams, of Lariat, visited Mrs. Joe Donaldson, Saturday night.

Mr and Mrs. Walter Bolton visited in Clovis, Sunday.

CARNIVAL HELD AT RHEA

A Hallowe'en carnival and program was held at the Rhea school, Saturday night, under the direction of the teachers, Mrs. E. L. Chambers and Miss Violet Potts. The proceeds, \$73.92, will be used for playground equipment and other things needed by the school.

Upset Win Is Taken By Farwell, Friday

Upsetting the prognostications of the so-called experts in the area, the Farwell recruit six-man football team toppled the experienced and unbeaten Bovina squad, last Friday afternoon, in a flashy game that kept spectators howling until the final gun ended the fray at 25-26.

Listed as the underdogs of the match and given little chance by observers to do any more than stay in the game, the Farwell boys uncorked their first surprise on the opening play of the game. Bovina kicked off to Phillips, who followed beautiful blocking down the field from his own 5-yard line for a touchdown, and then drove over the paydirt line again for the extra point.

Set back on their heels by the sudden attack, Bovina rallied in the second quarter and the end of the first half saw the teams even up at 13-13, both having two touchdowns and one conversion to their credit.

In the third quarter, Bovina again got into the end zone twice in a row. With only five minutes left to play, Farwell was trailing by two touchdowns, when the Steers suddenly exploded into life. Phillips on a quick-opening play, drove through the line and galloped 25 yards downfield to the end zone. In the closing minutes, Phillips passed to Sprawls for another tally and the locals pushed over the extra point which secured the game.

Bovina was threatening hard with only seconds left to play when Sudderth stopped the advance by intercepting a Bovina pass, and the fray was in the bag.

The Farwell starting lineup included Ford at center, Sprawls and Sudderth as ends, and Phillips, D. Williams and Hart in the backfield. Interviewed on Monday, Coach J. T. Carter was high in his praise of the local boys, who actually played their first football game the past Friday, reporting that in all respects the newcomers to the grid classic turned in gratifying accounts of themselves.

O. C. Sikes and Frank Smith made a business trip to Brownwood, last weekend.

RUBBER HOSE connections for gas appliances are not only out of style, they are dangerous because—

- 1 Children can loosen rubber hoses
- 2 Anyone can trip over them, causing disconnection
- 3 They deteriorate, permitting gas to leak
- 4 They are inflammable

All rubber hose connections should be replaced with the rigid metal tubing designed especially for your protection.

Call your Gas Company for further information and make an appointment for the installation of these safe connections before the heating season begins.
