

**RECORD FAMILY AT CHILD CITY** . . . Here is the all-time record of children in the history of Mooseheart, the "child city," 35 miles from Chicago, operated by the Loyal Order of Moose. With Mrs. Esther Wuchts, 33, Joliet, Ill., are left to right: Mary, 14; Delores, 13; James, 11; Shirley, 10; Albert, 9; Kenneth, 7; Patricia, 6; Rose Marie, 5; Robert, 4, and Esther, 22 months. The baby held by Mrs. Wuchts was born at the Mooseheart hospital.

## College Wardrobes Get Final Checking

Armed with the essential clothes and necessary sports equipment, and, they hope, sufficient intelligence to get by, Texico-Farwell young people are leaving within the next few days for the various colleges of their choice.

Fresh from the service will be the majority of college enrollees, and according to a check-up around town, the male students will outnumber the girls from this city during 1946-47.

Jess Herbert Pipkin and Arlon Lovelace are both off to West Texas State at Canyon, both entering as freshmen. Donald Watkins, Lee McDaniel, Glen Phillips and Bob Sudderth will be Texas Tech freshmen, while Jim Dixon is returning to his sophomore year at Tech after interrupting his education to serve in the Navy.

Marilyn Anderson and Joan Booth will be sophomores at Tech, while Jean Anne Hart and Peggy Williams will be in the junior class. Norma Jean Thomas, who attended ACC last year, has not definitely announced her place of schooling for the current term, but Tommie Randol will head for Abilene to start work at ACC this weekend.

Two students are registered for Texas A. & M. Bobby Anderson is resuming interrupted study as a junior, and Duane Sprawls will enter his second year there. Pete Booth will continue his work at the University of Texas, in his third year.

Francis Smotherman will start his college career at State College, at Las Cruces, N. M., while Calvin Blain, Evelyn and Beryl Brown and Belvin Freeman will be freshmen at Eastern New Mexico College, in Portales.

Three former Texico students, all of whom have been in uniform, are listed for their first year at the University of New Mexico in Albuquerque—Bill White, James Box and Frank Thompson; and two girls, Peggy Flye and Peggy Caulouett, are enrolling at King's Daughters Hospital, at Greenville, Miss., for nurses' training.

## Hospital Building To Be Moved To Friona

Foundations were run last week for the Friona community hospital, when definite word was received of approval of the association's request for the old hospital building at the closed PW camp, near Hereford.

Information was to the effect that Friona would receive only the building, with equipment having been previously consigned.

The hospital—only one in Parmer County—will be located a block west of the Friona school, on the north side of the Amarillo highway.

### GOING TO GERMANY

Mrs. J. G. Kuntz, nee Nina Jo Brock of Bovina, is awaiting the passport that will permit her to join her husband, Capt. Kuntz, who is in the American Army of Occupation and is stationed at Weisbaden, Germany.

### Church Realizes \$600 From Auction Sale

The building fund of the Bovina Methodist Church realized "about \$600" from the community auction sale held in that city last Saturday.

Miscellaneous contributions from merchants of Bovina and individuals made up a large list of goods which were auctioned off, and a percent of the proceeds went to the building fund. Col. Dick Doshier of this city, and Col. Bill Flippin, of Friona, assisted in conducting the sale.

Officials of the church said that plans for starting work on the new building were making progress and that actual construction work would be started in a short time.

### Given 5-Year Term For Burglary Job

On his plea of guilty, District Judge John Aldridge gave Elmer Andrews five years in the penitentiary, in District Court last Wednesday afternoon.

Andrews plead guilty to entering the farm home of W. P. Shelly, eight miles east of this city, only a few weeks ago. Court officials said that Andrews also admitted being implicated in burglarizing the Gene Lovelace home, north of here in New Mexico, the same day the Shelly home was entered.

Billy Lee Nelson, who is alleged to have been Andrews' confederate, has been arrested in Fort Worth and is being held in jail at Lubbock. Judge Aldridge did not know when he might be brought here for trial.

### KILLS LARGE RATTLER

Barney Hardage, who lives southwest of town, killed a large rattlesnake while enroute to town, Monday. The snake was quite large and had ten rattlers.

### SPURLIN HOME

J. J. Spurlin, long-time resident of Texico, who has been receiving treatment in a Lubbock hospital following a recent operation, was returned to his home here last Friday. He is reported to be getting along very well.

Tribune job printing is best.

# Wheat Sowing Follows Good Rains

## Schools Open With Good Enrollments

With good enrollment in both the grades and high school, the Texico and Farwell public schools officially opened the current term on Monday, following registration on Friday of last week.

Students were dismissed at both schools at noon on Monday, after class periods were established, books issued and assignments made, Supt. H. A. Clift and Supt. B. A. Rogers reported today.

For the Farwell school, Supt. Clift reported a total of 247 students enrolled on Monday, with 91 of that number in the high school grades. This is a rise over 228 shown the first week of school during 1945, and is accounted for principally by the transfer of all students from the West Camp school to Farwell. For the past several years the West Camp high school students have been attending here, and this year the grades have made the move.

Although vague concerning the number of students actually enrolled at Texico, Supt. Rogers opined that "it is about as usual," adding that normal enrollment ran between 225 and 240.

Arrangements for the Texico ag department are still somewhat up in the air, with ag and science classes being currently held in the gymnasium of the school. The Texico ag building was destroyed by fire several weeks ago, and efforts are being made to secure a surplus army building, but thus far, Supt. Rogers said, nothing definite can be reported. Officials contacted a week ago were encouraging as to the possibility of the school securing a building, probably from the PW camp at Hereford, but no later report is on hand.

As for the prospect of a school lunch room at Texico, Supt. Rogers said that nothing could be done along this line until a building is secured and the equipment destroyed by fire is replaced, which is no simple matter in itself.

The school head added that a board meeting is slated for Thursday night of this week, at which time members will discuss plans for the ag department and lunch room.

Mrs. A. Milstead, who was in charge of the Farwell school cafeteria last year, will again serve as chief cook and supervisor, Mrs. Claude Rose, head of the cafeteria committee, reported today. She will be assisted by Mrs. Floyd Milstead and Mrs. Evans, of West Camp, who has previously had charge of the West Camp cafeteria. The lunch room had its initial opening of the year on Tuesday of this week.

### Lazbuddy Students Register Friday

Supt. J. M. Baker of the Lazbuddy schools, was in town the first of the week and announced that plans to open the fall term of the school were complete, with actual classroom work to begin on Monday, September 9th. Registration of all students is scheduled for Friday, September 6th.

This will be the first year of operation of the consolidated Lazbuddy-Midway school district, and Supt. Baker said that he was expecting an enrollment of "around 200" students in the school.

Plans are being worked out for the initial effort in the operation of a hot lunch room on the school grounds, and the cafeteria will occupy one of the buildings moved from the Midway district, which formerly served as a teacherage.

Likewise, plans are being formulated to restore home economics and agriculture to the curriculum, both of which were discontinued during the war because of the teacher shortage, Supt. Baker said.

He added that one teacher is still needed in the high school, but expressed the opinion that the vacancy would be filled before school actually begins. Two new buses are expected to be in operation at the opening of school, and two more new ones are to be added, making a total of five buses to be used in transporting the students.

TO TEACH AT FIELD  
Mart Payne has been employed to teach in the schools at Field, N. M., this coming year, and has gone there to assume his duties.

## Athletic Ticket Sale Starts On Monday

Backed by the Farwell Chamber of Commerce, which earnestly urges every local resident to take part, a drive will open here on Monday, September 9, to sell 150 adult tickets for athletic contests to be played at Farwell during the year.

Coach Jack Williams, in making the announcement, stressed the fact that the tickets would give admission to both football and basketball games, entitling the purchaser to witness 14 athletic contests for the price of \$5. Season tickets will also be planned for school students, he indicated, with prices announced later.

In view of the fact that complete new equipment has had to be purchased for all teams of the schools, the athletic fund is in a condition where it must receive substantial cash from sports events, in order to be self-supporting, officials emphasized.

Not only have new football suits been purchased for the boys, but both girls and boys teams will take the basketball courts later in the season, clad in new outfits from head to toe, Coach Williams reported. All money taken in from the sale of tickets will go into the athletic fund proper, and be used as is required, for either girls or boys, he stressed.

Tickets will be available at any of the Farwell business houses, and sponsors are urging rapid purchase of "at least 150 of these \$5 tickets, so Coach Williams and his teams can feel that they will have the necessary money and backing to give them a successful year."

### Former Local Man Dies With Broken Neck

Word was received here last Wednesday of the death of Warnie Hurst, 50, who resided in the Oklahoma Lane community for a number of years and who, about four months ago, took his family and moved to Yakima, Wash.

No details of the accident that took his life had been received here at the time The Tribune went to press, except that Hurst had sustained a broken neck in a fall and died from the injury.

Relatives here presume that he lost his balance while picking apples, and fell.

Burial was made at Yakima. His daughter, Mrs. Travis Kundell, and her husband, accompanied by Robert Rundell, left immediately for Washington after learning of the accident, but did not arrive until after his demise.

Hurst is survived by his wife and several children, including Walter and Charley, both of Yakima, Leon, in the armed forces and stationed at Fort Sam Houston, Texas, and Mrs. Travis Rundell. Other survivors include four brothers and three sisters.

### Two Auction Sales Booked This Week

Two public sales are listed for the coming week by Col. Dick Doshier, local auctioneer, the first to be held on Saturday afternoon of this week.

Chas. Lunsford, acting as administrator for the estate of Mrs. Mary Hiner, is offering the Hiner home and all the personal effects at public auction Saturday afternoon, beginning at one o'clock at the Hiner home in south Farwell.

On Tuesday, Sept. 10, Walter E. Bolton is staging a general farm clean-up sale at his farm 5 1/2 miles east of Farwell. Lists of the offerings in both sales will be found in this issue of The Tribune.

### RECEIVING TREATMENT

Mrs. Alice Clarey, who makes her home in the R. B. Ezell home here, became ill last Tuesday. Her son, James Clarey, took her to Clovis, where she is receiving medical treatment.

### BUYS BARBER SHOP

T. M. Templeman has bought the Fred Henry barber shop in Farwell and will take possession at once. Templeman has lived in Texico the past several months, while operating a shop in Clovis.

Mr. and Mrs. Henry are making arrangements to leave for an extended vacation at an early date, and will likely locate in Denver, Colo. Mr. Henry's health is forcing him to give up the barber business.

### Funeral Services For Albert Thomas Held

Funeral services for one of Texico's oldest merchants, Albert Thomas, were conducted at the local Methodist Church, on Tuesday afternoon by Rev. Harvey Carrell, assisted by Rev. Virgil Hunton and Minister Ebb Randol.

With the Steed Funeral Home in charge, burial took place in the Clovis cemetery.

Thomas passed away at a Clovis hospital about midnight Sunday, after a lingering illness. He was in his 70th year at the time of his death.

With his family, Thomas came to New Mexico from Kansas in 1908 and homesteaded on a farm southwest of Clovis. At the close of World War I, he moved his family to Farwell and operated a co-op business for some years. In 1923 he opened a hardware store in Texico, which was operated by Thomas and his son, Claude, until early in 1942, when the business was closed and the two began devoting their time to wheat farming.

He is survived by his wife; two daughters, Mrs. Paul Wurster, Farwell and Mrs. Edgar Campbell, Hollene; and one son, Claude, of Field, N. M. Other survivors include three brothers, James M. Thomas, St. Joseph, Kansas; Joseph K. Thomas, Beattie, Kansas; and George W. Thomas, Whiting, Kansas; three sisters, Mrs. Nellie Thornton, Mrs. Florence Post, both of Ann Arbor, Michigan, and Mrs. Jane Eichelberger, Union Bridge, Maryland.

### Restrictions Eased On Domestic Grain Use

Clinton P. Anderson, secretary of agriculture, announced last week that the supply-and-demand situation for grains has improved enough to allow these modifications of restrictions on domestic use of grain:

After Sept. 1, millers may return to normal 72 percent extraction rate for wheat flour. Emergency rate required 80 percent extraction.

In September, October and November, brewers may use grain and by-products up to 85 percent of a base period, compared with 70 percent allowed as an emergency measure. Use of wheat and products is still prohibited and use of rice further limited.

Distillers may use grain other than wheat at a level of around 3 million bushels during September, compared with 2 1/2 million bushels during recent months.

Five percent more corn and grain sorghums may be used by feed mixers, processors and manufacturers after September 1.

All restrictions on the purchase of grains by farmers are removed.

In addition, the Secretary announced that the 1946-47 export goal has been boosted from 250 million bushels of wheat and products to a probable 400 million bushels of all grains and grain products.

### TO HOSPITAL

Chas. F. Bieler, rural route carrier out of Texico, was admitted to a Clovis hospital Sunday night for treatment. It is understood he was suffering with a kidney stone attack and was much improved two days later.

Need letterheads? Dial 2131.

Following the general rains of early last week, which have been supplemented by heavy local showers that have brought moisture ranging from two to five full inches over practically all of Parmer County, wheat farmers are busy this week putting in Fall wheat, where fields are sufficiently dry to work.

So far as could be learned, all of Parmer County, with the exception of a small section northeast of Lazbuddy, came in for the thorough drenching of last Tuesday night, when an all-night rain brought the first general moisture to this county this year. Since that time, exceedingly heavy local showers have been falling over the county, with the result that most farmers feel that sufficient underground season has been deposited to justify wheat plantings.

J. R. Southworth, who lives two miles south and ten miles east of Friona, reports that the rains have been good over on the Parmer-Castro county line. Matt Jesko says that not less than five inches has fallen in a large part of the southeast corner of the county during the past week. A heavy shower on Sunday afternoon left 1 1/2 inches of moisture in the extreme southwestern corner of the county, and extended well over into New Mexico to thoroughly drench farm lands in the southeast portion of Curry County.

Heavy rains are also reported in most of the Rhea section Sunday afternoon.

E. L. Clark, who lives northeast of Lazbuddy, estimates that the moisture there amounted to less than an inch over about a five-mile circle in that vicinity.

Won't Help Feed Crops  
For the most part, the rains came too late to be of any material benefit to feed crops, with many of the farms of the county going unseeded through the summer. An occasional field of dry land feed, that has been kept alive by showers, shows promise of a good yield. One such field is that of "Shorty" Edwards, east of town, which promises an abundant yield from the 300 acres.

Other good dry-land feed can be found in the Lazbuddy, Lariat and West Camp communities, as well as southwest of Texico in Curry County.

The timely fall rains will assure far better range conditions than could be foreseen two weeks ago, when range conditions were anything but encouraging and many stockmen faced the winter with parched pastures and empty feed ricks.

Many Parmer County farms are being planted in wheat, which in turn will be used for stock grazing, since feed this year promises to be a real problem.

### Consolidation Gets Deputy's Approval

Supt. J. M. Baker, of the Lazbuddy school, has recently received a letter from E. H. Boulter, deputy state superintendent of education, congratulating "you folks regarding the consolidation of Midway and Lazbuddy school districts. I am taking time to write this letter relative to this progressive move."

The letter from Boulter continues, "It is always educationally and economically sound to increase the scholastic population of a school district, as well as the area. This makes it possible for you to operate a better school. . . . Lazbuddy school is fully accredited with the State Department of Education, and I am sure that the voters in the recent election have given you the opportunity to offer a broader course of study and a more enriched general school program than ever before."

### COURTHOUSE IS CLOSED

All offices of the Parmer County courthouse were closed on Monday, as employees enjoyed the Labor Day holiday. Several other places including the bank and postoffice, were closed, but the majority of local firms were operating as usual.

### GRAND JURY CONVENES

The Parmer County Grand Jury, which has been in recess the past several days, is scheduled to reconvene on Friday of this week.

There are more color-blind men than there are color-blind women.

OUR PLEDGE

We pledge allegiance to the Flag of the United States, and to the Republic for which it stands; One Nation, indivisible, with Liberty and Justice for all.

People Are Eating More Meat Now

COLLEGE STATION—Amounts of meat eaten per person reached a high in 1944, despite so-called war time shortages, an analysis of meat consumption in the United States shows. The average American in 1945 ate 10 per cent more meat than he did during the 1935-39 period.

High production and higher incomes explain the paradox—how this country could eat more meat and at the same time ship quantities to its armed services and to its war-time allies, according to Tyrus R. Timm, economist in farm management for the A. and M. College Extension Service, who compiled the report from U. S. D. A. reports.

One trend in the report of importance to Texas farm families is the increase in the amount of poultry products eaten by the average person. Per capita consumption of turkey in 1945 was up 41 per cent above the figure for 1935-39. Consumption of chicken was up 41 per cent and of eggs 31 per cent.

The average person ate about 137 pounds of "red meat", nearly 30 pounds of chicken and turkey, and 390 eggs, last year, the Timm report shows. During the last war year consumption of veal had increased about 45 per cent over the 1935-39 period. Consumption of beef, pork, lamb, and mutton per person went up seven per cent for each of those meat products.

MANY PERSONS GETTING SOCIAL SECURITY PAY

At the end of June, 1479 persons in the 26 Panhandle counties served by the Amarillo Social Security field office were entitled to monthly insurance payments. In this number were 471 retired wage earners, and the remainder was made up of wives and children of retired earners; widows, children or parents of deceased earners. Total monthly payments as of June 30 amounted to \$22,559.63.

Current monthly insurance payments amount to approximately 43 percent more than those in force one year ago, according to a statement of J. R. Sanderson, manager of the Amarillo office.

Despite steady increase in the number qualifying for payments, Sanderson said there is still evidence that many qualified persons have failed to check up on their rights, and thus have lost payments. He urged that each wage earner, who has worked on jobs covered by Social Security, check up on his rights when he becomes 65 years of age, even though still working and planning to continue. It is now possible for such workers to file an application protecting all their rights, even though they expect to continue working.

Employees living outside Amarillo, or survivors, are asked to write the office, giving the name and date of birth of the wage earner. Arrangements can then be made to meet such persons in their home town, saving them the expense of a special trip to the field office.

Typical Texas hospital scene showing student nurses at laboratory work. The Texas League of Nursing Education, in cooperation with other state agencies, has called for the enrollment of 2,000 student nurses in September to help avert a shortage that threatens hospital bed space, which already is 23 per cent below capacity in the nation because of a dearth of nurses. (FYI—Above picture made at Harris Methodist Hospital, Fort Worth).

October Fifteenth Is Deadline For Bids

The War Assets Administration today offered for sale the government's limited interest in seventy-one (71) automotive patents.

The patents, declared surplus by the War Department, will be sold in one unit to the highest qualified bidder, subject to approval by the Dept. of Justice. They relate to motor trucks and other vehicles embodying multi-drive axle units.

WAA will accept sealed bids until October 15, 1946.

In reporting to Congress last June 27 that it proposed to sell the patents, WAA said that it will carefully analyze all bids and that it would not permit any sale to be made detrimental to the public interest. The report, copies of which may be obtained from the government printing office, is entitled "Patents, Processes, Techniques and Inventions" first supplementary report of the War Assets Administration to the Congress.

SWINE BREEDERS WILL HAVE DIRECTORY SOON

COLLEGE STATION—An official Texas Swine Breeders Directory is soon to be available to hog growers, farmers, 4-H and FFA boys over the state.

Put out by the educational committee of the state association, the directory will contain a description and brief history of every breed of hog in Texas, plus a list of breeders with the particular type swine that each raises. In addition, it will have educational articles on breeding, selection and management, written by outstanding authorities.

Forty thousand copies of the directory will be printed. It will be a 100-page publication, 40 pages of which will contain educational information.

The Soviet Government was set up in 1917.

TEXAS RANGE CONDITION

COLLEGE STATION—Range feed is dry and curing over most of Texas, but is still supplying fair to good grazing in most areas.

Only by drawing upon reserve subsoil moisture has much of the state escaped serious drouth, according to a report received by the Texas A. and M. College Extension Service from the Bureau of Agricultural Economics at Austin.

A serious range condition exists in the Southern Plains and Northern Plateau counties where moisture has been short all season, the report indicated, and range feed is critically short. Soaking rains are now urgently needed in the entire western half of the state to revive grass growth.

In upper coastal and some eastern counties, July rainfall was sufficient and ranges in those areas are still supplying good grazing.

For an over-all picture of grazing in the state, the report showed that all range food is at 76 per cent of normal condition.

Due to favorable market prices and dry ranges, marketing of cattle and calves have been unusually heavy during the past month. In dry areas, cattle are losing some flesh. Sheep and goats are holding up well in most areas, except in the very dry Northern Plateau counties. Ranchers may market lambs early unless good rains start new grass soon, the report indicated.

U. S. consumption of margarine reached a new peak in 1945, totaling 436 million pounds, compared with 243 million pounds in 1939, and 407 million in 1944. The USDA also reports that consumption of butter last year was 1,667 million pounds compared with 2,276 million in 1939 and 1,859 million in 1944.

The Force that Holds a Giant Stalactite Up... OIL-PLATES Your Engine!

THE tons-heavy stalactite—the giant "icicle" of stone—is held tight to its cavern roof by the tremendous attractive force of molecules pulling up against gravity. Utilizing the force of molecular attraction (basic force that holds things together) Conoco scientists bring to America's motorists the benefits of new and better oils.

By molecular attraction, a special ingredient of Conoco N<sup>th</sup> motor oil is bonded so strongly throughout your engine that cylinder walls and other parts are OIL-PLATED! And because molecular attraction holds Conoco OIL-PLATING up where it belongs ... prevents it from all draining down to the crankcase, even overnight ... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

**PHILLIPS 66 GASOLINE**

for the necessary corrective work," Dr. Cox said. "It is surprising, though, even in these days of comparatively painless dentistry, that so many persons neglect to make good their dental defects, inevitable or otherwise, because they foolishly fear discomfort they might experience in the dentist's chair," said the State Health Officer. "There are others who having lost a tooth or several teeth make no effort to obtain replacements. Apparently they believe they can get along without them. Reduced masticating power, the annoyance and sometimes actual discomfort of chewing hard substances on exposed gums, and crooked teeth are some of the possible consequences of gaps in the teeth."

Dr. Cox advised those who are interested in experiencing the best dental and bodily health possible, to give daily attention to their mouth and visit the dentist twice each year, and promptly seek the dentist's services should decay or other suspicious conditions arise between the periodic visits.

"In short," Dr. Cox declared, successful mouth hygiene means not only intelligent personal daily application of prophylaxis but complete and timely cooperation with the family dentist as well."

**Navy Seeks Veterans To Recruit Reserves**

NEW ORLEANS.—Authorization to recall Navy veterans now in inactive reserve status for duty in Naval Reserve travelling recruiting units in each of the eight states of the Eighth Naval District has been issued by Capt. Arthur A. Ageton USSN, director of Naval Reserve.

The recruiting units, to consist of one officer of the rank of Lt. (jg) or above and four enlisted men, will tour their states to enlist naval reservists for the 46 Naval Reserve units now being activated in the

district. Capt. Ageton said. At least one of the enlisted men in each unit will be a rated yeoman. Full pay and allowances will be paid during their tour of duty, which will not extend beyond June 30, 1947.

Navy veterans who desire the recruiting duty should submit their requests, with full information as to rank, rate, service or file number, age, education, civilian employment, Navy service, three letters of recommendation, and other pertinent information to the District Director of Naval Reserve, Eighth Naval District, Federal Bldg, New Orleans. Local Naval Reserve steering committees and local assistants to the district director are also authorized

to accept applications.

**BLIND CAN BOWL**

Blind veterans who have the grit to try and who get proper aid can get fun and benefit from many sports heretofore believed impossible for sightless people, the VA believes.

In Houston, VA, with the the-operation of a local bowling alley, has inaugurated a class in bowling for blind veterans.

The fundamentals of bowling have been successfully taught to the blind in several cities, VA said. The Houston classes are being directed by R. L. Springfield, advisement officer for blind veterans.

**Health Notes**

by Texas Department of Health

AUSTIN—The fact that dental decay is likely to occur in the mouth of the average person, despite proper home care given the teeth, does not lessen the importance of brushing the teeth and massaging the gums daily, nor does it minimize the need for a cleaning and inspection of the teeth twice a year by the family dentist. Dr. Geo. W. Cox, State Health Officer, says that the lack of these measures gives added power to germs that attack the enamel of teeth and the gum tissues.

"If, despite the proper application of such procedures, decay is suspected or teeth are injured in any way, the thoughtful person will seek the dentist's office promptly

**Prescription Service For Vets 'At Home'**

The Veterans Administration has signed a contract with the Texas State Pharmaceutical association to provide "home town" prescription service to veterans with service-connected disabilities, it said today. Under the contract, authorized druggists will submit their bills to the state association which in turn will be reimbursed by the VA. Dr. Oza P. La Barge, chief medical officer, West Texas VA regional office, Lubbock, said.

Dr. La Barge said that the VA has been furnished, by the state association, with a list of local pharmacists authorized to fill prescriptions for veterans. Designated physicians are, in turn, being sent a list of authorized pharmacists. The service is available only to vets with service-connected disabilities, he emphasized.

The program is designed to reduce reported delays which arose when all prescriptions from fee-basis physicians had to be mailed to the nearest VA office and then sent to the veterans by mail, Dr. La Barge said. Under the new project, eligible vets simply take the prescription to their neighborhood drug store and the VA pays the bill.

**BEAN BAG BIGGER**

The 1946 dry bean crop will total 15,250,000 bags, according to August 1 reports from growers assembled by the BAE. More than half of the total will be made up of standard white varieties. Prospective 1946 production of pea and medium white beans is 4,707,000 bags, 46 per cent more than 1945. Great Northern production is expected to be 3,270,000 bags, 23 percent more than last year. The 1946 Baby Lima crop may be 5 percent larger than in 1945, but the Standard Lima and Pinto crops are not expected to be more than four-fifths as large as last year. The Red Kidney crop in New York may be 60 percent larger than 1945.

More than 1,000 varieties of wheat have been classified in eleven main divisions.

**Simple Repair For Washing Machines**

**COLLEGE STATION**—Many washing machine disorders can be repaired at home if a few basic rules of care and simple repair are observed. Mrs. Bernice Claytor, specialist in home management for the Extension Service, lists some of the most common disorders as follows:

If the motor will not operate, there may be a fuse blown, a loose connection at the wall outlet, or a cord or plug that needs repair. To prevent blowing a fuse, never start the motor while cold or when agitator is at "on" position. Never start the motor and agitator with machine loaded, and remember not to overload.

Stiff oil in a cold machine is another reason why a motor will not operate. Move machine into a warm room one or two hours before using or fill tub with warm water.

One cause of wringer disorder—improper pressure on the wringer roll—can be remedied by adjusting for correct tension.

If agitator does not operate properly, it may be out of place or the cap screw at the top may be loose. The screws on the drive coupling at the motor end and agitator shaft end also should be kept tight.

Loose or worn parts or uneven loading may cause a machine to be noisy. Uneven loading makes the spinner vibrate. A thin piece of food under legs will correct this trouble.

**COUNCIL IS ENLARGED**

The International Wheat Council has enlarged the membership of its executive committee from 5 to 8, with representation of the four principal wheat exporting countries—Argentina, Australia, Canada and the United States—and the four principal wheat importing countries—China, India, the Netherlands and the United Kingdom.

Besides giving thousands of medical consultations over a radio telephone system, Australia's Flying Doctor Service for isolated areas covers more than 130,000 miles annually by plane.

FOR THE ESTATE OF MARY HINER

Col. Dick Dosher, Auct. Dosher & Francis, Clerks

**GREATER CONSUMPTION OF PEACHES URGED**

Peaches are in abundance, and a campaign has been launched in New Mexico asking consumers to buy and served generous amounts of peaches, C. V. Hemphill, State Director of the Production and Marketing Administration, said.

Peach production this year is expected to total 81,065,000 bushels, only one percent less than the all-time high of 81,600,000 bushels sent to market during 1945. Production in New Mexico is estimated at 170,000 bushels.

While peaches may be served in many appetizing ways, either raw or cooked, housewives are urged to take advantage of supplies now on the market and homecan, dry, and freeze them for use later. Commercially canned fruits will not meet consumer demand during the coming year, and peaches preserved now will assure homemakers variety in meals during the winter months, Hemphill explained.

## Post-Nuptial Shower Honors Mrs. White

Honoring Mrs. Bill White, the former Edna Mae Caldwell, a lovely post-nuptial shower was held in the parlor of the Baptist Church, last Thursday evening, August 29, with Mrs. John Lockhart, Mrs. C. E. Sanders and Mrs. Rita Pierce as co-hostesses.

The entertaining rooms were decorated with bouquets of garden flowers. Mrs. E. L. Bell was in charge of the guest book, Mrs. Helen Jo Hunton presided at the punch bowl, and Miss Peggie Flye assisted the honoree in opening the gifts.

The guest register was signed by Mesdames Jack Greathouse, Olin Schleuter, Alta Faught, John Gant, Henry Jacks, S. C. Hunter, Rupert Paul, B. O. Faville, Murray White, LeRoy Faville, W. T. North, E. L. Bell, C. J. White, Harry Baker, Alvenia Sharpe, Raymond Magness, Lora Martin, Helen Jo Hunton, J. B. Taylor, A. F. Phillips, Jr., John Lockhart, C. E. Sanders; Misses DeLores Green, Ina V. Haynes, Peggie Flye, Margery Baker, Wanda Boss, Jean and Peggy Rogers, Eva Ann and Nita Nell Paul, and Gloria Sanders.

Regrets were received from Mesdames Claude Rose, B. A. Rogers, Edgar Campbell, I. F. Selman and Esther, E. M. Roop, Lenora McDermitt, Gordon Billington, Anson Bowers, Morgan Billington, H. L. Hunton, J. R. Flye, D. W. Bagley, Bill Vaughter and Margaret, Abie Crume, Edgar Blain, Chas. Bieler, Ollie Williams, Grady Pierce and Lenora; and Miss Joan Booth.

## Mrs. Vinyard To Be Hostess To Guild

Meeting for the first time after a vacation of two months, the Wesleyan Guild of the Methodist Church will open its new year next Tuesday night, September 10th, when Mrs. W. W. Vinyard is hostess in her home.

Mrs. Bess Mansfield will have charge of the program, with the evening study topic entitled "In Green Pastures".

The meeting is to begin at 8 o'clock, and all members, as well as newcomers to the community who are interested, are cordially invited to attend.

## To Floydada Monday

Mrs. J. D. Thomas and Norma Jean, Mrs. E. A. Thomas, Mrs. Curtis Danner and Mrs. Lee Bradshaw visited relatives in Floydada, Monday. Norma Jean remained to spend a few days.

Mr. and Mrs. Fred Henry returned home Friday from Denver, Colo., where they had been visiting the past week.

## Lovely Home Ceremony Unites White-Kyker

An impressive double-ring ceremony was held Sunday evening, September 1, at 9:30, in the home of Mr. and Mrs. L. E. White of Abilene, when their daughter, Miss Jewel Christine, became the bride of Rex P. Kyker, son of Mr. and Mrs. Bob Kyker of Farwell. The vows were given before H. W. Wrye, grandfather of the bride, and minister of the Church of Christ at Erick, Okla.

Mrs. Kyker chose a formal wedding gown of white chiffon over taffeta, and her veil of bridal illusion was attached to a handmade lace cap outlined with orange blossoms. She wore a string of pearls, gift of the bridegroom, and carried a bridal bouquet of white rosebuds with showers of tube roses, tied with white satin streamers.

Miss Jerry Warren, of Rotan, was maid of honor, and wore a petal pink net over taffeta, a half-hat of pink taffeta trimmed with white and pink ostrich feathers, and a shoulder-length veil. She carried a floral muff of white pom-poms.

Clifford Kyker, of San Angelo, brother of the groom, acted as best man.

Immediately after the ceremony, a lovely reception was held, featuring house decorations of white chrysanthemums. The table was laid with Irish lace and centered by a three-tiered cake, surrounded with a shirred fluff of petal pink net entwined with white satin ribbon and pink carnations. Mrs. Lee Bradshaw of Farwell, sister of the groom, cut the cake.

Mr. and Mrs. Kyker are honeymooning in Ruidoso and Carlsbad, N. M., after which they will make their home in Abilene, where both will teach at ACC. Mrs. Kyker is a 1946 graduate of ACC, and did graduate study during the summer at the University of Iowa. Kyker, who was also graduated from ACC, did research work at the University of Texas in Austin, and received his MA degree at the University of Iowa this summer.

Farwell people attending the wedding were Mrs. Lee Bradshaw and Mrs. Ethel Thomas and daughter, Norma Jean. Other attendants included Mrs. Curtis Danner of Portland, Oregon, and Mrs. E. A. Thomas of Los Angeles, both sisters of the groom who have been visiting in Farwell for a week; Mr. and Mrs. Clifford Kyker of San Angelo and Mr. and Mrs. Bob Kyker, Jr., of Carlsbad.

Mr. and Mrs. Gabe Anderson and small grandson, "Snuffy" Hancock, Mr. and Mrs. Lee McDaniel, Miss Twila Strickland and Ira Schmidt went through the Carlsbad Caverns the past Friday.

## Singing Held In Roberts Home

An enjoyable evening was spent in the home of Earl Roberts, of the Oklahoma Lane community, Monday, when a number of friends gathered for a few hours of singing. The home was beautifully decorated with bouquets of dahlias, and refreshments were served during the evening.

Those attending were Mr. and Mrs. E. W. McGuire, Mr. and Mrs. Earl Billingsley, Mr. and Mrs. Leon Billingsley and Judy, Mr. and Mrs. J. R. Turlington, Alyce and Mancil McNew, Hazel Dishman, Jim Bob Smart and the host.

## Marriage Licenses Issued Last Week

The following marriage licenses were issued last week at the office of County Clerk D. K. Roberts: Wilbert Ludwig Zack and Miss Velma Kube, on August 27th; Elvin Awbrey Hammonds and Miss Ruby Pearl Johnston, on August 28th; Junior Matthews and Miss Barbara Ivy on August 29th; Charlie Andrew Moore and Miss Billie Joe Witten, on August 31st; and L. C. Burgett, Jr., and Miss Dollie Anderson, August 31st.

## First PTA Meeting Comes Sept. 12th

Meeting on Monday, the executive committee of the Farwell Parent-Teacher Association set Thursday, September 12th, for the opening meeting date of the 1946-47 school year.

At that time, a reception honoring the faculty members will be held in the school building, beginning at 8 o'clock. All patrons of the school are urged to attend.

## Marriage Announced

Mr. and Mrs. Frank P. Wilson, of Bovina, are announcing the marriage of their daughter, Wanda, to Roy Lee Rogers, of Jonesboro, Tenn., the nuptials being performed at the First Methodist Church in San Jose, Calif., on August 17th.

## Enjoy Outing

Mrs. Ben Smart and son, Jim Bob, Miss Hazel Dishman, Mrs. Bessie Williams and daughter, Peggy, and Miss Wanda Sanderson, of Portales, made a trip to Carlsbad, Sunday, where they went through the Cavern. They report a total of 3497 individuals in the 9:30 trip under the earth.

Mr. and Mrs. R. E. Walker and children returned home the first of the week from a vacation trip, visiting Abilene, El Paso, and other Texas points while away.

Mr. and Mrs. Lee Jones and Mr. and Mrs. C. Jones returned home last week from a week's outing trip to Hot Springs, El Paso and Juarez, Mexico.

## NEWS FROM OUR BOYS IN UNIFORM

### DISCHARGES FILED

Jim R. Roden, Jr., aviation cadet, was discharged at the Pampa Air Field separation center, August 3.

T-5 Elvin A. Hammonds received his release from the 358th Infantry at Fort Sam Houston on August 22. He holds the EAME, good conduct and victory colors, as well as the ribbon for Army of Occupation in Germany. Hammonds spent five months in the States, 15 overseas.

Sgt. J. W. Gooch, who spent three years in uniform, was discharged at Camp Fannin on December 9, 1945. He holds the EAME ribbon with one campaign star, Northern France; the American, victory and good conduct colors, and meritorious unit award. Gooch was in foreign service 23 months.

Sgt. Maurice L. Means was discharged at Camp Beale, Calif., on August 20. His colors include the Philippine liberation with one star, Luzon; victory, good conduct and Philippine independence. He had a total of two years service, with 15 months out of the States.

Clarence Lavance Summers, RM 3-c, was discharged in Boston on July 15th, having served since November, 1944. He has the victory, American area and A-P colors.

### Return To Florida

Mr. and Mrs. Everett L. Wilde and son, Bradford, left for their home in Miami, Florida, the past Thursday. They had spent three weeks here in the home of Mrs. Wilde's sister, Mrs. E. F. Lokey, and family.

### Guests Of Relatives

Mr. and Mrs. J. O. Nix are here visiting relatives in the Oklahoma Lane community. They recently disposed of their holdings at Roscoe, Texas, where they have lived the past few years.

### Here For Visit

Mr. and Mrs. Jesse Landrum arrived here Saturday from El Paso for a visit with relatives. He returned to his work the first of the week, but Mrs. Landrum and twins will visit her parents in Amherst for a week.

### Receives Degree

Mrs. Helen Jo Hunton, daughter of Mr. and Mrs. Jack White, of Texico, received her BA degree in education, last Wednesday night, when exercises were held at Texas Tech, in Lubbock. Mrs. Hunton was a member of the Farwell faculty last year.

## Social On Saturday

New members of the Farwell faculty, and their families, were honored the past Saturday night by the returning teachers, when a chicken fry was held in the home of Supt. and Mrs. H. A. Clift. Following the meal, a social hour was enjoyed.

## Catalog and Premium List Will Be Mailed

LUBBOCK—Copies of the catalog and premium list for the 29th Annual Panhandle South Plains Fair will be mailed sometime next week, officials of the Association said.

The catalog goes to all who exhibited in the last Fair in 1941, to newspaper editors, county agents, superintendents and judges for the Fair, vocational ag teachers, home demonstration club presidents and chairmen, and Chamber of Commerce secretaries.

Extra copies are available in the office of the Lubbock Chamber of Commerce. They may be obtained by writing the Chamber at Box 561, or by calling in person at the offices in the Lubbock City Hall.

The Fair will be held at the Fair grounds, as usual, October 7-12.

Mrs. Jim Martin and Mr. and Mrs. Ray Nicewarner and daughter left Friday for their respective homes in Fort Worth and Abilene, after spending a week here with relatives and friends.

Mr. and Mrs. Clyde Magness spent the past weekend visiting in Lubbock.

Mr. and Mrs. W. H. Minter are in South Texas this week, where they were called by the death of his brother.

Mrs. Ivy Basinger is here from Los Angeles, Calif., visiting in the home of her brother, F. J. Park.

Mrs. Lee McElroy and daughters returned Saturday from Lubbock, after a visit with her parents.

Miss Jane Claire Overstreet returned home Wednesday from Mansfield, Texas, where she had spent the summer with her grandparents, Mr. and Mrs. H. D. Nifong.

Buster Gast and family have returned home from a vacation trip to Colorado.

## Dove Season Now Open

Dove season opened in Texas and New Mexico on September 1st.

Again we are able to offer you shotgun shells in favorite loads of 12 and 16 gauge.

Rex Kyker left last Wednesday for Abilene, where he will teach at ACC this winter. He recently received his MA degree at the University of Iowa, and had been here visiting his parents.

Mr. and Mrs. Grayson Roberts are parents of a baby girl, born on Thursday, August 29th.

Mr. and Mrs. Gabe Anderson and family and Miss Jean Ann Hart visited the first of the week with Capt. and Mrs. G. D. Anderson, Jr., in Fort Sill, Okla.

Mrs. O. C. Sikes has returned home from a visit with her sister in Silver City, N. M.

Mr. and Mrs. Bill White, who have been visiting here since Bill was discharged from the Navy, will leave this weekend for Albuquerque, where he will enter the University of New Mexico.

R. B. Ezell, son of Mr. and Mrs. Roy B. Ezell, is now employed in Roswell.

USDA says supplies of grain by-product feeds and oilseed meals for the first 9 months of the 1945-46 season were one million tons below the same months last season, but 3 million tons above the 1934-43 average.

## BACK TO SCHOOL—WITH HEALTH!

For school lunch boxes, for picnics, for tasty, delicious sandwiches any time, use bread that's rich in nourishment—rich in flavor—and rich in healthfulness. Our bread is superbly baked—with the right ingredients. It comes to you fresh—and stays that way!

## CRAWLEY'S BAKERY

## Bill the Butcher Says

You housewives who have been complaining about dark flour don't have to put up with it any longer. Old Bill has the good, pre-emergency white flour again . . . plenty of it! And back on our shelves this week is a good variety of canned fruits . . . those good peaches and apricots in heavy syrup. Indications are that there will be plenty of choice beef, and the price might get a little cheaper soon. But the pork picture don't look so hot. Too many little pigs have already gone to market for the last time.

# Bovina Happenings

Margreat and Glenna Barrow visited their parents over the weekend.

Mr. and Mrs. G. E. Free had a family reunion in their home this week. Those attending were three daughters, namely, Mrs. Albert Stone and family of California, Mr. and Mrs. Elbert Kelly of Childress, Texas, Mr. and Mrs. Rual Barrow of Bovina, and two sons.

Dick Free and family of Dumas, Texas, and Troy Free of Phillips, Texas.

Mrs. F. H. Wilson and daughter, Delores and Carolyn, and Mrs. J. W. Ashcraft went to Seiling, Oklahoma, Wednesday to visit Judge and Mrs. C. R. Duncan. They will stay over the weekend for the race meet to be held there.

Mr. and Mrs. R. S. Johnston were Lubbock visitors Wednesday.

The School Cafeteria will open Monday with Mrs. Moody as manager. Helpers will be Mrs. White, Mrs. Reed and Mrs. Elmer Venable.

Mr. and Mrs. R. N. Williford and Mrs. Nell Gunn spent the last week in Lubbock visiting friends and relatives.

Pearl Johnson, who spent the summer at Hot Springs, is home with her parents, Mr. and Mrs. Luther Johnson.

Sunday dinner guests in the Buck

Ellison home were Mr. and Mrs. Frank Ayres and Wesley, Nolan Rhodes, Mrs. A. G. White, Dana and Betty Turner, Mr. and Mrs. Jim Ellison.

Thirty-five young people from Bovina attended the wrestling match at Clovis Friday night.

M. and Mrs. Clarence Jones and son, Jerry have returned from a vacation trip to Colorado.

The Moormans were enjoying relatives from out of town this week.

The Alverson children will attend school in Friona this year.

Edwin and Lester Lee Hill were weekend guests in Mr. and Mrs. W. E. Williams home.

Mr. and Mrs. Clifford Reed of Fort Worth, spent the past week in the Nat Reed home.

Mr. and Mrs. Rush Looney of Hot Springs are visiting friends and relatives in Bovina this week.

We are glad to see Elvin (Giggs) Hammonds in town again. He arrived home the past week. He was in the Army and spent the past year in Germany.

Mr. and Mrs. Bill McDonald and daughters of Clovis were guest in the John Wilson home Wednesday.

Mrs. Ayres, who had the misfortune of breaking her thumb at the laundry several weeks ago, isn't doing so well at this writing. When the cast was removed it had grown crooked and had to be broken over and another cast put on. Her thumb was broken in three places.

Mr. and Mrs. Grey and son from Duncan, Oklahoma, visited in the Chas. Grey home the past week.

Mr. and Mrs. Joe Langer and sons, Fred and Joe Lawrence, Mr. and Mrs. Elton Venable, Mr. and Mrs.

Clyde Blalock spent the past week at Hot Springs, New Mexico.

Miss Grace wells from Odessa, Texas is visiting in the Byron Turner home this week.

Mrs. Walterneil Westmoreland and children of Midland, Texas, are visiting in the home of her parents, Mr. and Mrs. Bill Venable.

Roy Hawkins and son, Charles and Frank H. Wilson left Friday for Detroit, Michigan, to spend a few days.

Clyde Lamar of Pampa visited friends in Bovina Tuesday evening.

Nolan Rhodes is spending a few days at home between terms of College at Tech. He will return to fall term the 12th of September.

Mildred Ruth Bonds will teach in the Oklahoma Lane School this term.

J. I. Rury wants to take this means of thanking the many good people of Bovina and surrounding community for the help and all the nice things they did for him and family while he was in the hospital and since he came home. Mr. Rury is able to sit up some at this time.

Mr. and Mrs. Bill Moore have purchased the Gene Ezell home in Bovina, while the Ezells have purchased the farm belonging to F. H. Barnett.

Mr. and Mrs. Robert Calaway had as their guests, Sunday, her parents from Hereford.

Mr. and Mrs. George Magness, of Farwell, attended church here Sunday.

Floyd Ashcraft, of Denver, was a dinner guest in the A. G. White home Saturday.

FAMILY REUNION HELD FOR LLOYD GROUP

Eighty-six relatives met in the home of Mr. and Mrs. Dennis Roberts in Friona, Sunday, for a real old-time family reunion. Out-of-town guests attending were Mr. and Mrs. Jim Kidd and two granddaughters, of Ft. Worth; John Lloyd of Grandview, Francis Lloyd and two children and Katherine Hill and baby of Childress; Mrs. Albert Stone and son from Bakersfield, Calif.; Mrs. Everett Kelly, from Childress. The rest of the group included Lloyds, Frees, Wilkersons and all the kinspeople.

WEDDING PERFORMED HERE

Benton Niece and Mrs. Esther Knadler were married on August 26, the ceremony being performed by Rev. Fred Stumpp in the Baptist parsonage at Bovina.

Mrs. Niece has been a resident of Clinton, Okla., for the past few years with her children, Robert and

R. Elliott and Inell; and Miss Ruth Bonds.

BACK IN STATES

Burnett Denny arrived in the States this week. He has spent the past seven months in China. He hopes to receive his discharge and be home soon.

DINNER HONORS RECENT NEWLYWEDS, SUNDAY

The N. E. Bonds home was the scene of a get together a dinner, honoring their son, Cpl. John Eddie Bonds, and his bride, on Sunday.

Those attending were Mr. and Mrs. J. G. Bonds and children, Mr. and Mrs. W. F. Bonds and children, Mr. and Mrs. T. J. Bonds and children, Mr. and Mrs. H. P. Bonds, all of Happy, Texas; Mr. and Mrs. Eugen Bonds of Canyon, Mr. and Mrs. Payne Dalton of Plainview, Doris Elrod and Cecil Roark of Wildorado, Texas; Cpl. and Mrs. John Eddie Bonds, the host and hostess and family.

PARKERS ENTERTAIN WITH DINNER

Mr. and Mrs. Will Parker entertained in their home with a dinner at noon, Sunday. Enjoying the affair were their daughter, Jewell, of Roswell, Mr. and Mrs. Billie Parker of Roswell, Mr. and Mrs. L. D. Parker and daughters, of Amarillo, Mr. and Mrs. Oscar Parker and daughter, of Amarillo; Mr. and Mrs. W. W. Hughes of Houston, and Mr. and Mrs. Marvin Hambrick of Farwell.

SHOWER IS GIVEN FOR MRS. JOHN E. BONDS

The beautifully decorated home of Mrs. C. H. Jefferson was the scene of a lovely bridal shower honoring Mrs. John Eddie Bonds, Wednesday afternoon. Lovely bouquets of roses were arranged over the house.

Hostesses were Mrs. Roy Hawkins and Mrs. Chas. Jefferson. Refreshments of punch and cookies were served during the afternoon.

The guest list included Mesdames Grey, Hawkins, A. G. White, Elton Venable, Bonds, Cherry, Odie White, Kimbrow, W. E. Williams, R. S. Johnston, Vernon Estes, Eberling, C. O. Smith, June Rhodes, Bill Moore, O. W. Rhinehart, Alma Lou Vasey, June Watkins, Harry J. Charles, Ruby Wilson, John Wilson, Lester Rhinehart, C. F. Hastings, Troy Armstrong, J. Sam Gaines, Fred Stumpp, Opal Bowen, and C.

Hazel Knadler.

Mr. Niece has lived on the Verbin Isham farm, north of here, with his daughters, Jerry and Betty Jean. Mr. and Mrs. Niece will make their home on the Isham farm.

BAPTIST CHURCH HAS COMMUNITY PICNIC

The members of the Baptist Church met at the park, last Friday evening, for a picnic lunch. They

played games and enjoyed the evening.

**AMENDMENT ENDORSED BY EDUCATION BOARD**

AUSTIN—Endorsement of the good roads constitutional amendment, to be voted upon in the November 5 election was announced at the meeting of the State Board of Education recently. The amendment prohibits the diversion of gasoline taxes and motor vehicle registration fees to non-highway purposes, with the exception of one-

fourth of the gas tax which will continue to be allocated to the available free school fund.

In adopting the resolution supporting the amendment, the board stated that there are 6,000 school buses in operation in Texas, traveling 50,000,000 miles yearly and transporting 300,000 school children at an annual cost of \$7,000,000.

"Operation over unimproved roads adds to the cost of upkeep and reduces the life of a bus," the Board

pointed out. "Construction of hard-surfaced school bus routes, assured by the good roads amendment, will reduce annual cost of school transportation by an estimated \$1,500,000."

Adequate transportation is the controlling factor in creation of rural high schools and in consolidation of rural districts, the Board declared, and continued expansion of the rural school program, now reaching maximum development under present road conditions, will be guaranteed by the construction of hard-surfaced school bus routes.

In further explaining its stand, the Board emphasized that it has been generally understood that one-fourth of the gasoline tax was originally allocated to the available school fund because the tax was declared to be an "occupation tax" and one-fourth of all such taxes went to the school fund by the Constitution; however, decisions of the State Courts have held that this is an excise tax, and, therefore, the school fund receives one-fourth at present solely because of statutory direction. "This amendment," the board explained, "will provide for a constitutional guarantee of that one-fourth of the gas tax."

**FERTILIZER SUPPLY TIGHT**

Although the production of superphosphate, nitrogen, and other commercial fertilizers has increased, the world shortage is so severe that the problem of obtaining a fair distribution will be more difficult than during the war years, according to C. V. Hemphill, New Mexico director of PMA. He advises farmers to place orders now for their needs for the coming crop year.

PUBLIC SERVICE  
COMPANY**  
22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

**WARNING!**

It has repeatedly been brought to our attention that persons have been wantonly dumping garbage and dead animals in places other than the public dumping grounds, which are maintained in the county for this specific purpose.

Such practice is in strict violation of the laws of the State of Texas, and is punishable by a fine of not less than \$10.00 nor over \$100.00.

All garbage, refuse and debris that is hauled from any premises in the county (except farmers, who may dispose of such refuse matter on their own premises) must be properly deposited on the public dumping grounds, AND NOT ADJACENT TO THE GROUNDS, leaving all driveways open. Violators will be reported to the County Attorney for due prosecution as the law provides.

### Sweltering Sun Makes Gridders Pant Under Strenuous Workouts

Working out under the relentless voice of Coach Jack Williams, eighteen sweaty Farwell high school students panted their way through their first heavy limbering-up exercises Monday afternoon on the local gridiron, while the sun blazed and a few curious ones ringed the sidelines to take in the fun.

Jubilant over the fact that new suits—and more important, new shoes!—have arrived and will be on hand for their opening game, the veterans and the initiates souated and stretched and kicked and ran with renewed determination to make the 1946 season as successful as 1945, when the Steers took the six-man championship for this district.

For youngsters, most of them fourteen to sixteen-plus, the locals look well filled out, and exercise will probably put additional push into as-yet undeveloped muscles. There is speed, too, in Don Williams and Junior Robertson particularly, and several "kickers" were perfecting their art of booting the pigskin on Monday.

Returnees to the 1946 line-up will include Max Ford, Don Williams, Junior Robertson, Warlick Thomas, Toby Booth, Senry Graham, L. S. Herington, Bob Loe, Bobby Hart, Hollis Hughes and Harry Sheets, while several newcomers are showing early promise of development.

The season will open here on September 20th, when the Oklahoma Lane gridders, complete newcomers to the game, will contact the Farwellites. Coach W. M. Roberts was understood to have put his team out for their first workouts on Monday, and the old-time rivalry

between the schools is expected to have things humming when the teams meet on the Farwell grid.

### Softball Practice Is Started At Texico

Softball practice for both boys and girls opened at the Texico school on Tuesday of this week, with Coaches C. E. Sanders and Tom Hudson directing the activities of the respective teams.

Although no county-wide schedule was on hand today, Coach Sanders reported that ordinarily, the season got underway the second weekend of school, giving the local coaches little time to whip their squads into shape.

The boys will be minus the services of Smotherman, Johnson, Baker, Freeman and May this year, while graduation took Flye, Baker, Evelyn and Beryl Brown from the girls' lineup.

### TO ENTERTAIN VETS

Patients in VA hospitals in Texas, Louisiana and Mississippi will be entertained by one of the best professional billiard players in the world late in November. Erwin Rudolph, trick shot specialist, is making a tour of Southwestern VA hospitals through the courtesy of the Billiard Association of America, VA announced.

### DAIRY COUNCIL TO MEET

CHICAGO—The National Dairy Council will hold its annual meeting-winter conference Jan. 29 to 31 inclusive, at the Hotel Traymore, Atlantic City. Dates were announced at national headquarters by Milton Hult, NDC president. Program details will be given later.

### Subsidy Only Sweet Factor In Sugar Outlook Now

With little prospect for improvement in the over-all supply, distribution of the sweet stuff for America's coffee and canned fruit took a turn for the better last week. The Office of Economic Stabilization authorized an increased subsidy to domestic beet sugar processors "to speed up marketing of sugar which may have been held in the expectation of price increases."

The increase in processors' subsidy, amounting to about 13c per cwt. on the 1945 crop of sugar and about 48c more per cwt. on the 1946 crop, will not increase proceeds received by farmers except by offsetting increased transportation costs to distant areas where supplies have not been received in great enough volume to satisfy valid sugar ration coupons. These transportation costs as a rule are divided between processors and producers in determining proceeds for sugar beets. By encouraging movement of sugar stocks in storage into deficit marketing areas, the measure also can be expected to relieve criticism heard recently that large stores of sugar have been allowed to accumulate while consumers rations are held at an unjustifiably low level.

Meanwhile, the USDA made the fact plain that no great improvement can be expected in the near future in world sugar supplies. Rationing of sugar, it said, can be expected to continue at the present rate at least until April 1, 1947.

when the next beet and cane sugar crop starts reaching the market in volume. The small increase in supplies during the second half of the year are offset by the consumption requirements of demobilized men and women. In spite of a 29 percent increase in prospect for U. S. sugar beet production, 1946 production estimates are reduced by unfavorable crop prospects in some U. S. cane producing areas and in Cuba and Puerto Rico.

### Great Need Responsible For Large Wheat Goal

Announcing a final 1947 wheat goal for the Nation only slightly less than this year's large acreage, Secretary of Agriculture Anderson said another big acreage is sought because of the present low level of world wheat stocks.

"The proposed acreage (71,720,000 acres) is somewhat larger than would normally be desirable for proper conservation and land utilization," the Secretary's statement said.

The 1947 wheat goals set by the State USDA Councils and approved by the Department compared with 71,896,000 acres planted for harvest this year.

Kansas tops the 1947 list with a goal of 13,600,000 acres followed by North Dakota, 10,000,000 acres; Oklahoma, 6,330,000 acres; Texas, 6,000,000 acres; and Nebraska, 4,200,000 acres.

Present USDA estimate on the national wheat crop is 1,132 million bushels, with a 11 million bushel carry-over from last year.

### WATCH YOUR LIVESTOCK

This is the season of the year when you need to be on the watch against screw worms in your stock. We have screw worm ointments, fly sprays and DDT for both household and outside use.

FOX DRUG STORE

### REAL ESTATE UP

Rising at the average rate of one percent per month for the last 12 months, farm real estate values are now 77 percent above 1935-1939 level and within 20 percent of the 1920 inflationary peak. Voluntary sales and speculative activity in farm real estate are both at near-record volume.

## NOTICE To Our Patrons

For the next 60 to 90 days our supply of Stanton Feeds will be limited, until the mill at Lubbock, recently destroyed by fire, can be rebuilt. In the meantime, we are handling El Rancho products.
