

DISPOSSESS PIGS FOR HOME . . . George A. Holman, Davison, Mich., with two of his three children, Evelyn, 11, and Edith, 14, feeding the pigs they had to dispossess in order to have a home. The mother left them several months ago. The father, being out of work, had no place to go, so he moved the two girls into the hen house and he and his son, Kenneth, 12, live in the pig pen. Neighborhood farmers are offering to help the destitute family.

Sears Pig Show Will Be Held Sept. 24th

The annual judging of Chester White gilts, issued to 4-H boys in this county under the Sears Foundation feeding contest, will be held at the court house in Farwell next Tuesday afternoon, around 3 o'clock, it has been reported by County Agent Lee McElroy.

Participating in the contest will be Lloyd Kriegel, Oren Glen Hromas, Jerry Jones, Bobby Englant, James McKinney, Kenneth Bridges, James Welch and Ross Jefferson. Early in the spring, each of the boys received a registered gilt, with Kriegel also getting a registered boar, to be used for service. The boys will exhibit their gilts Tuesday, and the top-ranking animal will represent the county at the district show in Amarillo, with Kriegel also exhibiting the Mar in district competition.

Fred Hale, of the Experiment Farm at Texas A. & M., will be here to do the judging.

At Amarillo, the highest 50 percent of the boys showing gilts will each receive a registered dairy heifer, with the remaining half receiving \$50 worth of merchandise from Sears, to be selected by the boy and approved by the county agent. Merchandise must be chosen to further work in feeding projects.

The boys showing boars at Amarillo are also listed for good prizes. Exhibitors of the two top animals will receive registered heifers, and the other prizes will be 100 baby chicks or the equivalent.

The contest has been promoted among 4-H club boys in this county for the past three years. McElroy reported. To date, some 24 pigs and two heifers have been received here. Each boy donates the best gilt of his litter next spring to the contest, to carry on the contest.

Gee Funeral Services Held Monday, Bovina

Funeral services for Harry Gee, of Bovina, who died Saturday afternoon in a Clovis hospital, were conducted at the Bovina Baptist Church on Monday afternoon at 2:30, with Rev. Fred Stummpp in charge. Interment was made in the Bovina cemetery.

Gee sustained an injured spinal cord and a displaced vertebrae at the back of his neck last Wednesday afternoon, when baled alfalfa toppled from a stack and fell on his back. It is understood that he was stacking bales of alfalfa on a wagon when one or more became displaced and fell, knocking him to the ground from the wagon.

A resident of Bovina for the past 20 years, Gee was 58 years of age. He is survived by three sons, Cleo, Harrison and Leonard, all of Bovina; one daughter, Mrs. Evelyn Jasper, of Dalhart; and seven grandchildren.

LITTLEFIELD RODEO BOOSTERS VISIT

A large group of Littlefield boosters, both men and women, paid Texico-Farwell a visit Monday morning, on a tour over this section advertising the rodeo to be held in that city on Sept. 19-21. After rendering a few musical numbers, to the accompaniment of a string band, they headed west.

HOME FROM REUNION

Mr. and Mrs. Dick Doshier and Mr. and Mrs. Frank Doshier and their children returned home Sunday from Tipton, Okla., where they were in attendance at a family reunion of the R. M. Doshier family. All nine of the children and 33 grandchildren were present. Three of the grandchildren, now in the service, were unable to attend. The get-together culminated with a big feed spread on tables in the yard at the Doshier home in Tipton.

Range Conditions Are Reported Excellent

Hugo Kleeman, who ranches 13 miles southwest of Texico, was in town, Tuesday, with the report that range conditions were never better at this season of the year.

Rains of the past six weeks have turned brown pastures into waving meadows of lush black gramma grass that has already headed. The gramma grass is considered "tops" for range cattle, and stockmen say their herds will fatten without feed supplements.

Kleeman said the range conditions on the K. K. Rannels ranch and others of that section were excellent, and stockmen are facing the winter with a great deal of enthusiasm.

Subsidies On Beef To Be Continued

There will continue to be a subsidy program on beef so long as OPA controls the price of beef, Harold Carpenter, Parmer County AAA supervisor, stated today.

He added that the present indications were that there would be no more subsidy payments made on cream.

Carpenter also called attention to the deadline on the issuance of cotton insurance, which is Jan. 1st, 1947. He explained that farmers who had taken out cotton insurance before that date, and it later developed that the farmer planted no cotton, the producer would be out no money and the contract voided.

Registered Gilts Are Bought For Project

Two registered Duroc gilts, each costing \$50, were purchased from Leon Madole, of Rosedale, by the Texico FFA department recently, and will be used in demonstrations by chapter members, it was reported by Tom Hudson, head of the group.

The gilts will be fed out and bred and when farrowing time comes, the chapter and Hudson will pick one gilt from each litter, if less than seven, or two from each litter of more than seven. These gilts, in turn, will be used as projects by other members of the chapter.

The two gilts purchased recently will be under the care of Delmar May and Mansel Doolittle, Hudson added. Later on, FFA members plan to develop their feeding work into the dairy cattle angle.

Tribune job, printing is best.

DRILLING RIG ON LOCATION

Heavy Rains Drench Parmer Again

Farwell Opens Grid Season Here Friday

The football season for the Farwell six-man team will get underway on the home gridiron on Friday of this week, September 20, at 2 o'clock. Coach Jack Williams announced today, with Price College of Amarillo slated as opposition for the Steers.

The locals have a score to settle with the Price players, as the Amarillo team was the only one to hand the Steers a loss last season, in the locals first year of football for some four years.

Consequently, members of the Steer squad are taking their assignments seriously this week, despite a soft field, and are gunning for a hard close game, particularly since they will be displaying their 1946 wares before a home-town crowd.

"We'll probably get our ears knocked off" was the way Coach Williams summed up the situation the first of the week, but went on to add that only in games could weak spots be detected—and ironed out before the locals go into conference play.

Farwell will be minus the services of Max Ford, who last year did heavy work in the tailback position. Ford is under medical care, and it was not known this week whether or not he would be able to return to the lineup this year. In the meantime, Coach Williams is grooming young Don Ford for work in the backfield, and has also shifted end Thomas to halfback position.

The locals were not greatly crippled by graduation last spring, with the majority of lettermen returning to the squad this year. Much of Farwell's attack in 1945 was via the speed zone, and it is believed that the same will be true this year, consequently, fans are hoping for at least a fairly dry field on Friday.

Coach Williams listed the following tentative line-up, but warned that fans might expect changes during the game: Herrington, center; Hart, left end; Sheets, right end; Williams, quarterback; D. Ford, right half; and Thomas, left half.

Admission will be either by season ticket or cash at the gate.

Chamber of Commerce Plans Big Feed Friday

Reservations are being made this week for the Chamber of Commerce feed, which will be held in the Farwell school homemaker department on Friday evening of this week.

The Farwell Parent-Teacher Association will serve the luncheon, and the attendance figure has been set at 75 couples.

Claude Rose, member of the program committee, stated today that as yet the detailed program had not been mapped out, but it was understood that an interesting evening was being planned. A report on the accomplishments of the local Chamber since its organization last spring will be made.

Those expecting to attend were urged to be on time at 8 p. m.

Cherry Is Elected As Head Of Teachers

Supt. W. O. Cherry, of the Bovina schools, was named president of the Parmer County teachers unit of the Texas State Teachers Association, last Wednesday night, when representative from the Parmer county schools met in Bovina.

Other officers named were Supt. C. D. Holmes of Friona, as vice president; Mrs. W. E. Williams, Bovina, secretary; Mrs. Earl Booth, Farwell, treasurer; and Mrs. A. B. Wilkinson, Oklahoma Lane, reporter.

The next meeting will be held in Friona, with the organization voting to meet every six weeks. Members will be notified as to the date.

If world production prospects continue favorable, an increased total output this year should more than make up for reduction in reserves.

Farwell Farmer Has Reason To Worry

Clyde Perkins, farming east of town, had real reason to be worried last week after reading his State Line Tribune.

Two bad errors crept onto the front page last week, listing the price of maize at 27c per hundred, and predicting that a killing frost could be expected on Sept. 13.

The price of maize should have been \$2.27 per hundred, and the frost forecast should have read a month later, or October 13.

Clyde said that with his crop only half matured, and with the price at 27c, it began to look as if he had wasted the year in his farming operations.

Oklahoma Lane Plays First Football Friday

The first football team ever put out by the Oklahoma Lane high school will take the new field of the school on Friday of this week, Sept. 20th, at which time the Bovina Mustangs and the Oklahoma Lane Cowboys will tangle in the opening of the six-man conference year.

Early dope gives the visitors the edge, due to experienced team members, but old-time rivalry between the two schools, plus enthusiasm, is liable to give the Cowboys a fair chance of upsetting the favorites when the squads meet at 2 o'clock.

Probable starting lineup for the Cowboys will include Gober at left end, Rundell at center, Dollar at right end, Grissom at quarterback, Christian at half and Donaldson at fullback. Subs will likely be Sudderth, Kriegel, Gulley, Petree, Bobby Dollar, Jones and Foster.

The running attack will be led by Donaldson and Christian, with Grissom handling the ball from center and doing most of the passing. In a scrimmage game with Farwell last Friday, Donaldson, Grissom and Dollar showed up favorably in blocking assignments, giving promise of good interference for the ball carriers. The Cowboys looked a bit weak on defense, but heavy workouts this week are expected to improve this part of their game.

All residents of the Oklahoma Lane community are urged to be on hand at 2 o'clock to support the new gridders.

Bovina Player Hurt In First Scrimmage

Stacey Queen, Jr., son of Mr. and Mrs. Stacey Queen of Bovina, sustained a broken collar bone in the initial scrimmage of the Bovina football team last Friday, when the school lads went against a bunch of outsiders.

Queen was slated for the center position on the Bovina Mustangs this year, but now he predicts that he will be out of the game for the entire season.

OFFICERS NAMED FOR FFA

Marvin Doolittle was re-elected as president of the Texico FFA chapter, on Monday, when selection of officers was made at the school. Other officers named at that time were Gerald Baldock, vice president, and Buddy Pearce, treasurer. The remaining members of the official body will be named later. Tom Hudson, head of the department, stated that some 27 boys were enrolled in the ag classes this year, almost double the number of last year.

TO PAINT CARS

Pace Brothers, who operate the State Line Garage in Texico, announced this week that they had installed a complete painting system for automobiles, and would be able to handle that class of work in the future.

Rain and more rain.

After seven of the driest months ever experienced in this area, the Weatherman finally got on the job early in August and has been fulfilling all desires with an abundance of moisture since that time.

The result is that local weather records show that a total of 6.24 inches of moisture has been deposited here during the month of August and the first half of September.

Heavy rains fell over most of Parmer County last Thursday night, to be followed by additional moisture Friday night and Sunday night, bringing the total local moisture to 2.88 during this month. Reports from other sections of the county say that the rain of Thursday night was considerably heavier than that recorded in Farwell, with some farmers bringing in reports of four-inch downpours.

Clyde Hays, who lives just southeast of Black, estimates that at least four inches fell at his place. Alfred Petty, of the Hub community, brought in a similar report. Likewise, heavy rains were reported from the Lakeview and Lazbuddy sections. Joe Jesko said that the rains had insured plenty of grass in his section, and many farmers, who have been feeding alfalfa hay to tide their stock over, have discontinued feeding operations.

For the first time in several years, Frio Draw, just out of Friona, had water running in it on Friday morning, following a downpour in that town Thursday night, and Running Water, west of Bovina, rose for the second time this year. Thus far, no rise has been shown at Catfish Draw, east of Bovina.

All That Glitters . . .

The rain, with all its beneficial results to the late fall grain crops, has not been without its ill effects. Many farmers, who took advantage of the early moisture to get their fields seeded to wheat, are now having to replant. Most of the re-seeding has been occasioned by the heavy grass and weed growth, while other fields were flooded, causing a crust to form on the topsoil.

All farmers agreed that the wheat will have the most favorable underground season known here in recent years, and consequently, Parmer County can be expected to have the biggest acreage of wheat ever known here. Many of the early plantings, not damaged by heavy rains of last week, are up to good stands.

Records kept at the local office of the Capitol Freehold Land Trust show that the Twin City rainfall for the month of August was 3.36, and during September thus far, 2.88 has been recorded.

Dairy Specialist In County On Tuesday

J. W. Davis, assistant extension dairy husbandman, of College Station, was here on Tuesday to meet with Billie Joe Foster, official tester for the Parmer County Dairy Herd Improvement Association.

The visitor went over various points of dairy testing before Foster and directors of the county DHIA group, County Agent Lee McElroy reported.

HENDERSONS TO CHICAGO

Mr. and Mrs. C. M. Henderson left the first of the week for Chicago, where they will visit a few days with their daughter and family. The daughter and baby is expected to return home with them for an extended stay.

Revival Meeting At Friona Announced

Revival services to be held at the Sixth Street Church of Christ in Friona have been announced here, with the series beginning on Sept. 20th and concluding on the 29th.

Services will be held nightly at 8:15, with Roy H. Lanaier, of Abilene, doing the preaching. Elvin Bost, also of Abilene, will direct the song services. The public is invited to attend.

The mocking bird is officially recognized as the state bird of Texas.

Machinery for sinking Farwell's oil test was being moved on the location, 5 1/2 miles northeast of this city, the first of the week, and officials said that the test would get underway at an early date.

The legal description of the test location is given as the center of the section in Survey 40, Block A, Capitol Syndicate Subdivision, and is on land now owned by N. L. Tharp, formerly belonging to Jack Dunn. Tharp leased six sections to the Oil Well Drilling Company for the test.

No definite date has been set for actual spudding in of the well, but the contract calls for the hole to be sunk by September 30 of this year. It is understood that the slush pit has already been opened and a water well is to be drilled on the site.

Officials of the drilling company have said that a three-shift crew will be employed, and that operations will continue on a 24-hour schedule once actual drilling gets started. It is estimated that the contracted depth of 7,500 feet will be reached in "about 60 to 90 days". A steel derrick of 129 feet will be set over the hole.

About 14,000 acres of land was blocked for the test, most of which was given free in order to get a test made on the lease.

Building Request Is Still Pending OK

Officials of the Texico school were notified last Friday, by telegram, that their application for a surplus army building from the abandoned Hereford Prisoner of War Camp had been accepted, and was now being processed at the Dallas offices of the War Assets Administration.

Just what this may mean is not exactly clear here, Supt. B. A. Rogers reported ruefully the first of the week, adding that he talked to officials in the WAA office on Monday and was informed that it would likely be a month before any final action on the school's application would be taken.

The school made application for a surplus Army building following a disastrous fire, just before school opened, when the building housing the Texico ag department and lunch room was completely burned to the ground. Currently, ag classes are being held in the gymnasium.

However, Supt. Rogers added, "it will not be long before the gym will be in use for other activities, and then I don't know what we will do".

Texico Ag Boys Will Show At State Fair

Representatives of the Texico ag department are working this week toward completion of their booth, which will be shown at the New Mexico State Fair, beginning in Albuquerque on September 29th, supervisor Tom Hudson reported today.

The booth will stress the importance and means of increasing dairy profits, Hudson added.

In addition, three calves which have been cared for as a feeding project by FFA members since last October will be entered in State competition, Clifton McDonald, Clarence Fought and Delmar May are expected to be the individual exhibitors of the animals, having supervised feed lot work.

As many FFA boys as wish to attend the Fair for three or four days are scheduled to make the trip to Albuquerque, leaving here on Friday, Sept. 27th, to set up the booth and enter animals in the show.

Calves Will Be Shown In Clovis, Saturday

Four calves, three of them listed in the heavy class, will be shown for judging by Texico FFA feeders, Saturday, when boys from over Curry county line up their stock at Clovis.

Tom Hudson, director of the Texico ag department, reported today that he expected the three heavy Herefords, weighing 1,000 lbs. or better, to place among the top six entries at the county exhibit.

The calves were bought last November by the FFA chapter, issued to members, and have been in feed lots since that time. Showing at Clovis will be Clifton McDonald, Delmar May and Clarence Fought.

Red Raiders To Play SMU At State Fair

LUBBOCK.—Special trains from Lubbock to Dallas, a parade through the Dallas business area with a band, excused absences for Texas Tech students who wish to attend the affair, and a bang-up football game between Tech and SMU are being planned by Lubbock and Tech as contributions to West Texas Day October 5 at the State Fair of Texas. The chamber of commerce and civic groups are cooperating in sponsoring the special trains, with reduced fares agreed on by railroads. Coaches, and tourist and standard pullmans will be included.

The Texas Tech band, directed by Prof. D. O. Wiley, will lead the parade the morning of Saturday, Oct. 5. A concert is planned near the Adolphus hotel in Dallas.

Tech officials are working on a program to cooperate with students wishing to attend the Tech-SMU game. A section of seats in the Cotton Bowl is being set aside for the Tech rooters.

Coach Dell Morgan expects to have his Red Raider football team in top shape for the SMU clash, which may become an annual feature of the State Fair opening day. Tech has met SMU five times, winning in 1932 and 1943, and losing in 1933 and 1944.

Tech and Lubbock officials also are urging all livestock raisers of West Texas to visit the State Fair opening day and to visit exhibits prior to the football game. They also are urging young exhibitors to take advantage of the special students tickets on sale to them at reduced rates for the football game.

MORE COTTON SEED

AUSTIN.—Cottonseed received at mills in Texas during July was more than 40 times as much as the June figure, the Bureau of Business Research at the University of Texas reports. This figure was 25 per cent more than the corresponding figure for July 1945.

Stocks at the end of July 1946 were 392.9 per cent above the June 1946 figure; however they were 31.9 per cent less than in July 1945.

CONSUMPTION GROWING

AUSTIN—The consumption of both cotton and linters at Texas mills during July was considerably above the levels of June 1946 and July 1945, the University of Texas

Bureau of Business Research reports.

July cotton consumption of 17,567 running bales represented a 6.1 per cent gain over June, whereas the consumption of linters (2,502 bales) jumped 32.4 per cent from the previous

month's figure. Compared with July, 1945, cotton consumption was up 9.4 per cent this July, and consumption of linters was up 43.6 per cent.

BREAKING TRAIL.....

WE'VE BEEN AT IT FOR 22 YEARS

Twenty-two years ago your Public Service Company started breaking trail—trails of progress.

A pioneer in building ahead for the future, the Southwestern Public Service Company has anticipated future demands for electric service by spreading its network of lines and building new power plants.

Today, in a 12 million dollar expansion program, new power lines are going up throughout our area; there'll be more reliable, low cost electricity for homes, farms and factories.

Now you too, can plan on building ahead for the future—a future of better living, better farming, better working conditions—electrically.

Another in a series of advertisements designed to help build this fast growing territory in which we serve.

July Farm Income In Texas Hits High

AUSTIN—Texas farmers received 29 per cent more money from sale of their products during July than they did during June, the University of Texas Bureau of Business Research reports. According to estimates by the Bureau, the income for July was greater than any month since November, 1945.

The \$127,447,000 received by Texas farmers during July brought their income for the year thus far to within 1.3 per cent of the total income for the first seven months of 1945. By July 31 farmers had received \$555,114,000 for their 1946 crops, as compared with \$562,655,000 at the same time last year.

The index of farm cash income, based on the 1935-39 period, stood at 333.7 in July, as compared with 285.4 in June 1946 and 235.0 in July 1945.

Largely accounting for the exceptionally large income during July were the increase in prices of the more important farm commodities and the exceptionally large wheat crop harvested in West Texas. Overshadowing the second smallest crop of cotton in over five decades was the sharp (16.5%) rise in the price of cotton, which was particularly significant in increasing the cash income of the Rio Grande and the coastal bend areas.

With a bumper crop of wheat threshed in the Panhandle and a 5.2 per cent rise in wheat prices in Texas, cash income in West Texas was considerably higher than in June and was well above the July 1945 level. Livestock price increases ranged from 10 to 13% and were significant in adding to the money income of Texas farmers.

With the exception of the income from wheat marketings, the high cash receipts during June resulted primarily from rapidly rising prices during the first month of uncontrolled markets.

Fair Boosters Will Visit Here Sept. 26

LUBBOCK.—A large group of Lubbock businessmen, accompanied by good speakers and entertainers, will bring the latest available information about the 29th annual Panhandle South Plains Fair to Farwell at 12:35 o'clock, Thursday afternoon, September 26, 1946. They will give a short program at the school, giving the highlights of the first renewal of the "Show Window of the South Plains" since 1941.

Their stay, a yearly pre-Fair feature, also includes a brief period for visiting and renewing old acquaintances on the downtown streets.

The delegation will travel by chartered bus and will have all the latest available information on what will be doing at this year's Fair. Judging by the interest shown by South Plains residents the past two weeks, Fair officials said they expected attendance and exhibits to be greater than ever before in the history of the event.

Recent rains have greatly improved the outlook for good agricultural and livestock displays. In several

divisions, notably the Milking Short-horn cattle and the Chester White swine, considerable increases in premiums have been made. Total premiums to be awarded to exhibitors amount to nearly \$7000 with extra prize money being awarded participants in the rodeo and midget auto races.

The two tours for the week beginning September 22 include stops at Slaton, Southland, Post, Tahoka, O'Donnell, Lamesa, Seminole, Seagraves, Brownfield, Meadow, Ropesville, Shallowater, Anton, Littlefield, Amherst, Sudan, Muleshoe, Farwell, Clovis and Portales.

BUILDING PERMITS DROP

AUSTIN.—The value of building permits issued in 49 Texas cities fell back 17.5 per cent in July from June; however the July amount was more than twice the size of the July 1945 figure for permits issued.

This information was released from the Bureau of Business Research at the University of Texas. Dallas led the state, with total permits of \$2,889,377, followed by Austin, Fort Worth, San Antonio, and Houston—all of which issued permits in excess of \$1,000,000 during July.

Almost 90% of the world's nickel is produced in Canada.

The Force that Holds Up the Rainbow Natural Bridge..

OIL PLATES Your Engine!

ONE of America's wonders is the tremendous Rainbow Natural Bridge in Utah. Weighing millions of tons, it's held up by the mighty forces of attraction that exist between molecules of stone.

By ceaseless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring motorists new and better oils. For example, under laws of molecular attraction, a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

Because molecular attraction holds Conoco OIL-PLATING up where it belongs

... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Co.

CONOCO Nth MOTOR OIL

JUST RECEIVED—Some Graham-Hoeme sweeps. C. R. Elliott Co., Bovina. 37-tfc

We do custom wheat sowing with two new 16-10 Oliver drills and good tractors. Call Earl Splawn, At Friona Hotel, Friona, Texas. 44-3tp.

FOR SALE—1941 Ford coach, good condition. See Roy Hawkins, Bovina. 45-3tp

Texas Oil Taxes Have Reached High Figure

DALLAS.—Nearly half a million Texas school children had the entire cost of their schooling paid last year by taxes from oil and gas industry, a survey by the Texas Mid-Continent Oil and Gas Association shows.

Virtually one out of every three Texas school children was educated in 1945 by oil and gas taxes, the survey reveals. In addition, the petroleum industry paid more than \$8,500,000 last year in lease and royalty payments to the State Permanent School and Permanent University Funds, such payments having totaled \$100,000,000 to date.

"Texas school children have an important stake in the State's petroleum industry since over 30 per cent of them have their schooling paid for by oil and gas taxes", Fred W. Shield, Texas Mid-Continent president, said. "Last year taxes collected from the petroleum industry which went directly to the support of Texas public schools aggregated \$34,205,291, against \$78,478,814 from all other sources combined. The petroleum industry total does not include the schools one-fourth, or \$10,000,000, of the gasoline tax paid by Texas motorists on our industry's principal product.

"Using the average per capita schooling cost of \$75.62, petroleum industry taxes alone paid for the education of 452,331 Texas boys and girls. They represent 30.4 per cent, or almost one-third, of the 1,490,059 scholastics last year. In many independent school districts of the State, taxes collected from the petroleum industry and its properties make up most of the revenue from all sources."

Besides taxes, Texas oil and gas operators pay large sums annually in lease bonuses and rentals and royalties to the Permanent School and Permanent University Funds. Figures from the State Comptroller of Public Accounts show that from 1932 through July, 1946, petroleum payments to the Permanent School Fund totalled \$42,278,123, while from 1925 on, such payments to the Permanent University Fund aggregated \$57,539,362. Petroleum payments to both funds totalled \$99,817,485.

EAR FOR MUSIC

A seal with no ear for music is up 30 per cent and one that can only toot three notes of "My Country 'Tis of Thee" sells higher than used to be asked for a seal that knew Irving Berlin's repertoire.

Earl Roberts and Ruth Estes, of the Clovis USO spent Monday in Amarillo and Pantex Village, transacting business and renewing old acquaintances.

Auto Enamel Will Outwear Steel

DEARBORN.—Ford Motor Company automobile enamels have reached the point in durability where it can be said they will outwear the steel bodies upon which they are applied.

Years of patient trial and error with synthetic resin formulas resulted in this smooth, durable perfection.

When peak production is reached at the Ford Company's Highland Park paint plant, more than 20,000 gallons of automobile body enamel will be manufactured each day.

Four electrically-heated cooking kettles operate day and night. These modern "cookers" are used to process the synthetic resins which form the base of Ford enamels. Largest of the cookers has a capacity of 1,500 gallons. There are two which hold 1,000 gallons each, and one carries 500 gallons. Electric heat is used to insure accurate temperature control.

Resins of the glyceryl phthalate type—soybean oil modified—are cooked at temperatures ranging from 425 to 450 degrees. Depending on the type, the cooking process continues from six to 12 hours. When all the properties are right and the correct viscosity has been reached, the "batch" is poured from the cookers into thinning tanks where it is mixed with high solvency naphthas.

The next step is through filter presses where small particles of gummed oil and impurities are removed. The resin, now thinned and filtered, next is pumped into large ball mills where concentrated color (dry pigment) is added.

It is in the ball that the actual color paste is made.

At Ford's Highland Park paint plant there are 59 water-cooled ball mills each six feet in diameter and six feet long. These mills hold from 12,000 to 20,000 pounds of three-quarter-inch steel ball bearings.

The mills rotate and it is the tumbling of the ball bearings, inside, that "grinds-out" the color. The mills turn and the balls tumble in the color paste from 24 to 100 hours, depending on the pigment that is being used.

Each ball mill is capable of holding 1,000 gallons of paste.

When the grinding process is completed, the color paste is ready for the paint mixers. Now the color paste is pumped into turbine blade mixers (deep steel tanks with rotating blades) where additional resin is added and mixed until the right color balance and consistency is reached.

It is while the enamel is in the mixers, in the final stages, that the color matchers use their art. It is here that the new batch of enamel must be matched with the original or master color. This is the so-called "tinting stage."

Skilled color matchers, who have spent years in the business, use their unerring eye for color to match the new with the master color.

Be it the new Greenfield green or the Ford standard black, the color matchers take samples as the mix goes on. These samplings of the batch are sprayed on small steel panels. The panel is baked one hour at 240 degrees, just as it would be on a Ford or Mercury automobile.

When this is done, the sample panel is matched with the master panel, and if the color matcher's eye tells him it is "right on," the mix is done. If the color match is not perfect, necessary color is added, the mix goes on, another sample is taken, and the process is repeated until the sample and the master are identical.

You'll find brilliantly written true stories by the world's best writers every Sunday in The American Weekly. This week, read the "Romance of Irving Berlin and Ellin Mackay", plus Peter Levin's True crime mystery, "The Eighth Bullet", plus "Fong Wong's Last Bet", by Dan Parker, plus "Killers in The Kitchen", by Dr. Fishbein. All these and many other features in The American Weekly, with your copy of next Sunday's Los Angeles Examiner.

Domestic natural gas consumers in Texas number 700,000. There are about 85,000 commercial consumers. Much the largest volume of gas is consumed by the industries of Texas.

Crippled Children's Program, Amarillo, September 26th

A one day conference on the Crippled Children's Program will be held in the North Room of the Amarillo Hotel, Amarillo, Texas on Thursday, September 26th. The program will begin at 9:00 A. M. and close at 4:00 P. M. This conference is being sponsored by the Crippled Children's Division of the State Department of Health in cooperation with other public agencies of the State interested in the care and well-being of crippled children.

Dr. John M. Hoper, City Health Officer of Amarillo, will preside at the morning session and Charles M. Rogers, Superintendent of Amarillo Public Schools, will have charge of the afternoon session. Representatives of civic clubs, women's clubs, health departments, Red Cross, public schools, city and county officials, the members of the Texas Society for Crippled Children and other individuals interested in child welfare are expected to attend this conference.

An interesting program has been arranged and it is hoped that this city will be well represented at the conference.

LIKELY TO SUCCEED

LUBBOCK.—Sure to be voted the class most likely to succeed if a student opinion poll were taken on the campus of Texas Technological College would be the institutional management class of the home economics division.

This group is running a cafeteria for students and faculty on the campus, as its laboratory work, marking the first time cafeteria service has been offered at Tech for 15 years.

The Texas Forest Service in 1940 established a division of forest products research and erected a laboratory at Lufkin.

ON LEAVE OF ABSENCE

LUBBOCK.—Miss Geraldine Clewell, associate professor of home economics education at Texas Technological College, has been granted a year leave of absence from the college and is working on a fellowship at Iowa State College, Iowa.

Need letterheads? Dial 2131.

LUBBOCK.—Seventy-five new faculty members have been named at Texas Technological College this fall to take care of the tremendously increased enrollment, it has been announced by W. M. Whyburn, president. While some of the newcomers are replacing resigned persons, the majority of them are needed for Tech's current expansion program, he said.

Wise farmers take advantage of our thorough, precise, economical farm machinery repair service. Wise farmers know that well-functioned tractors and implements mean lower costs per acre—in work—in time—and in money. More work for your machinery means less effort per acre for you. Church Ceremony Held On Saturday Evening

Mr. and Mrs. A. F. Phillips, Sr., announce the marriage of their daughter, Elaine, to Carter E. Lawson, of Hamilton, Texas, on Saturday, September 14, in the Hamlin Memorial Methodist Church in Texico.

The lovely single-ring ceremony was performed by candlelight, before an altar of beautiful fall flowers and palms. Rev. Harvey E. Carrell, pastor, was in charge.

Preceding the ceremony, Mrs. W. W. Vinyard played appropriate music. Miss Joan Booth sang "Because", accompanied by Mrs. Vinyard. Glenn Phillips, brother of the bride, lighted the candles.

Mrs. Lawson was lovely in a powder-blue suit with black accessories. She carried a white Bible topped with six pink rose buds. For "something old" she wore a pink cameo lavalier belonging to her mother and worn by Mrs. Phillips on her wedding day; "something new and blue" was her suit, and the Bible, belonging to Mrs. A. F. Phillips, Jr., was "something borrowed".

Matron of honor was Mrs. A. F. Phillips, Jr., who was dressed in a soldier blue suit with black accessories and a corsage of white carnations. A. F. Phillips, Jr., served as best man. The bride was given in marriage by her father.

Mrs. Phillips, mother of the bride, was attractively dressed in a blue suit with black accessories, and had a corsage of pink carnations.

Several close friends of Mrs. Lawson's, from Clovis, attended the wedding. Other local guests included Charles Phillips, Miss Iris Thornton, Mrs. Alvenia Sharpe, W. W. Vinyard and I. E. Hanna.

Immediately following the ceremony, a reception was given in the home of Mrs. Sharpe, with Miss Thornton and Mrs. A. F. Phillips, Jr., acting as hostesses. The first slice of cake was cut by the bride and groom.

The couple left immediately on a short honeymoon, which they spent in Colorado.

Guild Opens Year At Meeting Wednesday

Renewing work after a summer vacation period, the Wesleyan Guild of the Methodist Church started a new year last Wednesday evening, when the members met in the home of Mrs. W. W. Vinyard.

The program was titled "Green Pastures", and dealt with missionary work among the rural sections. Mrs. V. Scott Johnson was study director, being assisted by Mrs. Bess Henneman and Mrs. Frances King.

Two visitors were present, Mrs. Elizabeth J. Bruce and Miss Jean Giles. Members attending were Mrs. V. Scott Johnson, Mrs. M. C. Roberts, Mrs. Bess Henneman, Mrs. Frances King, Mrs. R. E. Walker and the hostess. Lovely refreshment were served at the conclusion of a social hour.

The Guild regularly meets on the second Tuesday night of each month, and all young women of the city who are interested are invited to join.

Mr. and Mrs. W. W. Hall visited in Amarillo with relatives, Sunday.

FOR THAT PAINT JOB

We now have a spray gun with all the attachments. We specialize in both inside and outside painting. See us before you contract that paint job.

CORTEZ BILLINGTON

Bill the Butcher Says

Present prospects are that we will continue to have a limited amount of beef for our customers. By that we mean that we are going to try to serve you. The packers are now limiting us to a half beef on each delivery.

Fresh pork is completely out of the picture for the present, and a shortage of lard and shortening seems to be in prospect. Also, butter appears to be moving into the critical list and a shortage in this line seems imminent.

Come around, and we'll moan together.

Hall's Grocery & Market

Surprise Farewell Party Is Given

George Paul, who left last Wednesday for Army induction, was surprised on Tuesday night with a farewell party, when Bill Johnson, Robert May and Jerry Paul acted as hosts in the Rupert Paul home.

Games were played and music enjoyed, after which refreshments were served to Aileen May, Delphine Johnson, Dolores Green, Jean and Peggy Rogers, Grace McDaniel, Wynelle Kaemper, Joyce Hazzard, Treva Spurlin, Margaret Allred, Minnie Smotherman, Patsy Engram, Bonnie Torbet, Claudean Curry, Eva Ann, Nita Nell and Dorothy Paul, Buddy Pearce, Fred Curtis, Troy Morgan, Jim Billington, Glen Kaemper, Mark Leavell, John White, Delmar and Robert May, Mervin Doolittle, Melvin Curry, Bill Johnson, Vernon Blain, Gerald Spies, Jerry and George Paul, Mr. and Mrs. Paul Skaggs, Mr. and Mrs. Denver May, Mr. and Mrs. Russell Johnson, Gloria, Jerry and Don; and Mr. and Mrs. Rupert Paul.

Seminar Is Held In Clovis Wednesday

A seminar was held at the First Methodist Church in Clovis, last Wednesday, with ladies from the various churches in this area attending the day-long meeting.

Attending from the local Woman's Society for Christian Service were Mrs. B. N. Graham, Mrs. Roy B. Ezell and Mrs. W. H. Graham, and guests from here were Mrs. Lena Bonine and Mrs. Martin, both of whom have been visiting in the home of Mrs. Ezell.

Several close friends of Mrs. Lawson's, from Clovis, attended the wedding. Other local guests included Charles Phillips, Miss Iris Thornton, Mrs. Alvenia Sharpe, W. W. Vinyard and I. E. Hanna.

PTA Reception Held At School, Thursday

A good crowd was on hand for the initial meeting of the Farwell Parent-Teacher Association, last Thursday evening, despite inclement weather. The meeting was held at the school and featured a reception for members of the faculty.

Mrs. Sam Aldridge, as president of the PTA, was in charge. The group joined in various songs, with Rev. Harvey E. Carrell leading in prayer. Afterward, reports of various committees were given and plans for the year discussed. Supt. H. A. Clift introduced the teachers to the assembly.

During the social hour, the group was served light refreshments from a lovely lace covered table, centered with a bouquets of rosebuds. Presiding were Mrs. Claude Rose and Mrs. H. A. Clift.

The PTA will hold its meetings each second Thursday evening of the month at the school building, and all patrons are urged to attend.

Return From Trip

Mr. and Mrs. W. C. Watkins and son, Bill, returned home the latter part of last week from a month's vacation in California. Hershel, another of their sons, who received his discharge from the Navy in August, met them in California and returned home with them. Also accompanying the Watkins here was Miss Winnie Mae Martin, a granddaughter, who will spend a few days before going to Canadian, Texas, to make her home.

Farewell Party Held In Pumroy Home

A farewell party was held in the home of Mr. and Mrs. Clyde Pumroy, of the Midway community, on September 7, honoring Miss Evelyn Crim and Mansel McNew, who plan to leave the first part of October to enroll in school in Oklahoma City, and also honoring Clyde Pumroy on the occasion of his birthday.

Several games were enjoyed, with R. L. Karr and Joy McDonald named as winners of the contest.

Following the games, the group gathered in the back yard to hold a weiner roast. Enjoying the affair were Jay McDonald, R. L. Karr, John Norman Crim, Elton Vaughan, Joy McDonald, Maxine Crim, Alyce McNew, Helen McDaniel, the honorees, Evelyn Crim, Mansel McNew and Clyde Pumroy, and the hostess, Mrs. Clyde Pumroy.

Girls Attend ENMC On Scholarships

Fourteen freshmen and seven upperclassmen have accepted scholarships from Eastern New Mexico College, Portales, and are enrolled for the 1946-47 academic year.

Granted last spring by the college, the scholarships went to valedictorians of high school graduating classes and to those with highest averages in the freshman, sophomore, and junior classes at ENMC.

Included in the group are Beryl and Evelyn Brown, daughters of Mr. and Mrs. D. J. Brown, of Texico. The sisters were valedictorian and salutatorian, respectively, of the 1946 Texico senior class and are enrolled as freshmen.

Twins Are Born

Mr. and Mrs. Lucky Moorehead, of near Elida, announce the arrival of twins, a boy and a girl, on Sept. 11, at a Clovis hospital. Mrs. Moorehead is the former Adabud McGuire.

On the same day and in the same hospital, Mrs. Elmer Coffey, of Clovis, sister of Mrs. Moorehead, gave birth to a son. Both ladies are former residents of Texico.

Visitors Here

Mr. and Mrs. Clyde Corey, of Amarillo, visited in Farwell with Mrs. Bess Henneman on Sunday. On their return they were accompanied by Mrs. L. M. Middick, mother of Mrs. Henneman and Mrs. Corey, who had spent several weeks here.

Wedding Performed

Mrs. Lora Deaton and E. C. Brown were married last Wednesday, September 11th, with Rev. J. J. Terry, Oklahoma Lane Baptist minister, performing the ceremony, according to records at the office of the county clerk.

Home From Tatum

Mr. and Mrs. Roy B. Ezell returned home Thursday from Tatum, N. M., where they went to accompany Mr. and Mrs. Jim Martin, and Mrs. Lena Bonine, who have been visiting in the Ezell home.

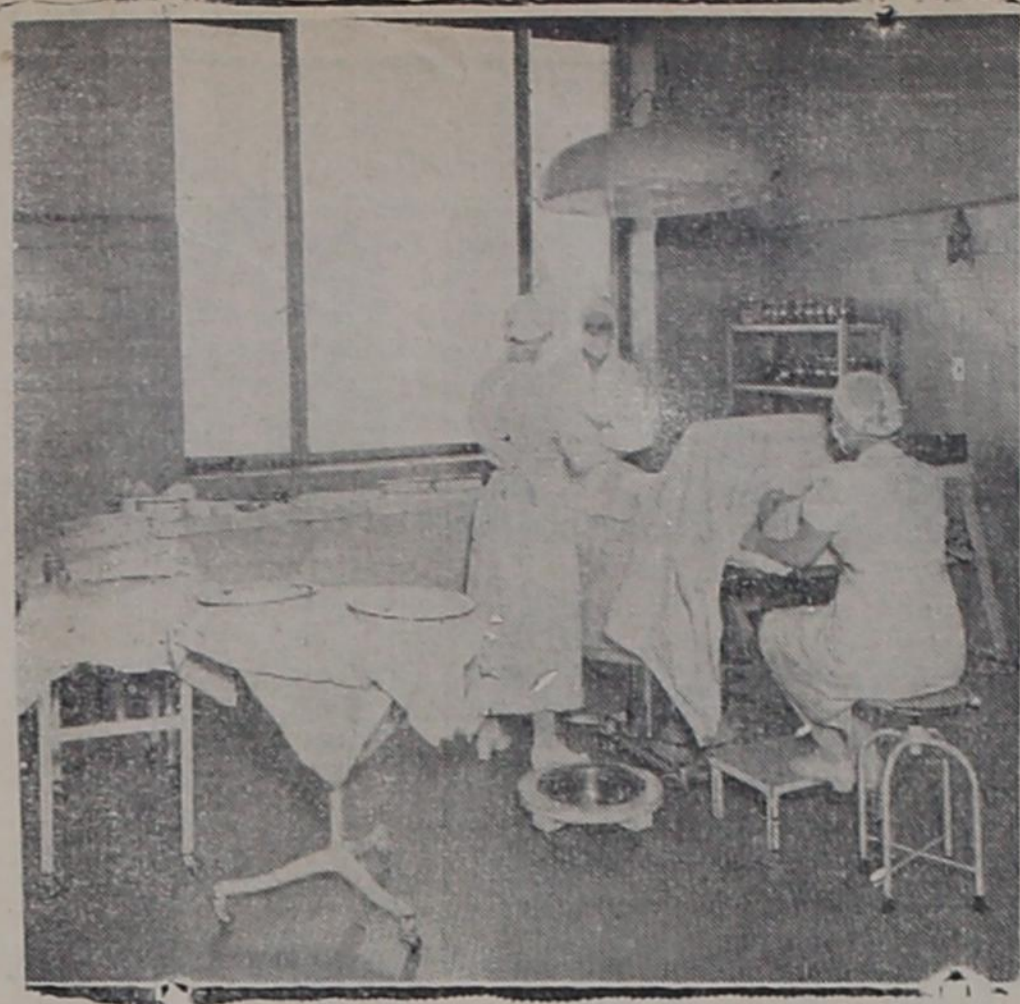

Go To Dallas

Mr. and Mrs. W. H. Graham expect to leave today (Wednesday) for Dallas, where they are called by the illness of Mrs. Graham's sister, Mrs. I. C. Bell, who underwent a major operation early last week.

Mr. and Mrs. Thurman Terrell, of Lubbock, visited over the weekend with her mother, Mrs. T. E. Lovelace, and other relatives here.

Mr. and Mrs. Ray Mears spent Sunday in Amarillo, visiting relatives.

Martell LeVeque, of Plainview, visited friends in Farwell the past weekend. He formerly lived here.

Many student nurses dream of the day they can participate in scenes such as the above, depicting an operating room in a typical Texas hospital. The Texas League of Nursing Education, in cooperation with five other state health organizations, currently is seeking to raise student nurse enrollments in Fall classes from an all-time low of 300 to more than 2,000 by October 1. (Above picture made at Harris Memorial Methodist Hospital, Fort Worth.)

Homecoming Date Set For Portales Alumni

PORTALES—Eastern New Mexico College will have its first homecoming day since 1942 on October 19. Committees have been appointed and plans are rapidly taking form under the direction of Dr. Eunice C. Roberts, director of personnel and general chairman.

ENMC Greyhounds will meet the Highlands University Cowboys, Las Vegas, in a conference football game as highlight of the day's activities. Game time has been set for 2:30 with crowning of the Homecoming Queen between halves.

Plans for the day include reunion breakfasts and coffee hours by various organizations on the campus, to be followed at 10 with a memorial service for alumni who lost their lives in World War II.

The Roosevelt County Chamber of Commerce will serve a free barbecue at noon to all alumni, students and faculty. At 1:30, college organizations and business firms of Portales will form a parade of cars and floats.

Alumni of ENMC will have their banquet at 6:30 to elect officers and at 9 p. m. the Homecoming formal dance will begin at the Portales Woman's Club.

Mrs. Buren Stewart, Clovis, is carry-over president since the last Homecoming in 1942. It is not known whether or not she will be able to be present.

Attorney Sam Aldridge was attending legal business in Dimmitt last Friday.

Miss Maxine Crim spent the past weekend as guest in the home of Miss Helen McDaniel.

Bovina Happenings

Mr. and Mrs. Earl Denny, of Denton, Texas, and Mr. and Mrs. Leonard Denny and son, Jerry, of Krum, Texas, visited in the J. C. Denny home for a week.

Mr. and Mrs. Leo Hoffman, of Friona, formerly of Bovina, are the proud parents of a new 8½ lb. girl.

Mr. and Mrs. French Crook and family have moved to Hedley, Tex. Mr. Ashcraft visited in Bovina this week.

J. G. Nix, of Lubbock, attended to business here last Wednesday.

Students leaving for college this week and next include Jack Barnett, Nolan Rhodes, Sam Johnston, Pat Wilson and Willie Ellen Williams.

Mr. and Mrs. R. C. Massey, of Portales, visited their daughter and family, Mr. and Mrs. H. H. Hagerman, Sunday.

Mrs. Byron Turner and Betty Moorman spent the weekend in Roswell.

Your Bovina reporter will be vacationing in the mountains by the time you read this, we hope. We will spend several days in Denver and see different interesting places, so there will be no Bovina news for the next two or three weeks.

Harry Jackson has a new home under construction.

Mr. and Mrs. Arthur Moorman and children spent the weekend at Levelland.

Little Jackie Standefer was in the hospital last weekend, having his tonsils removed.

TEACHERS MEETING HELD IN BOVINA

Members of the local school faculty were host to Parmer County teachers, Wednesday night, when a Parmer unit of the Texas State Teacher's Association was organized. W. O. Cherry was named president; C. D. Homes, of Friona, vice president; Mrs. W. E. Williams, Bovina, secretary; Mrs. Earl Booth,

Farwell, treasurer; and Mrs. A. B. Wilkison, Oklahoma Lane, reporter.

Entertainment features were violin solo, Rosamond Booth; piano solos, Pete Booth; musical reading, Mrs. Fred Stumpp, with piano accompaniment by Mrs. W. O. Cherry.

Delicious doughnuts and coffee were served by Mrs. Rhodes, Mrs. Ellison and Miss Martha Rogers.

Friona will entertain at the next meeting, some six weeks hence.

MRS. QUICKEL HOSTESS TO WSCS GROUP

Mrs. I. W. Quickel was hostess on Wednesday to the Woman's Society for Christian Service. An all-day meeting was held, with a covered dish luncheon served at noon.

Rev. Roscoe Trostle took charge of the study lesson, which was based on "Prayer".

The president has asked that all ladies who have unfinished work, that is to be used at the bazaar, have this in by the first Saturday in November. The date for the bazaar has not been set, but it will be held some time in November.

Those attending were Rev. and Mrs. Trostle, Mesdames Pesch, Sidenner, Wilson, Wilbur Charles, Harry J. Charles, Newberry, Hopingardner, Battey, Wilfred Quickel, and Grandmother Quickel, of Woodward, Okla.

Conference Football Is Outlined Wednesday

With only Farwell, Bovina and Oklahoma Lane finally in the conference, coaches of these schools met at Bovina last Wednesday night to set up their schedule for six-man football for the 1946 season.

Earlier, Adrian had planned to continue in the conference, and last spring, Lazbuddy had indicated that they might also be in the running, but when the final shake-down came, the conference dwindled to the three Panhandle county teams.

Consequently, the coaches set up a round-robin schedule, giving each the same number of home games. To date the schedule stands:

September 20: Price College, Amarillo, at Farwell, non-conference; Bovina at Oklahoma Lane.

September 27: Farwell at Bovina; Oklahoma Lane, open.

October 4: Bovina, open; Oklahoma Lane at Farwell.

October 11: Farwell, open; Oklahoma Lane at Bovina.

October 18: Oklahoma Lane, open; Bovina at Farwell.

October 25: Bovina, open; Farwell at Oklahoma Lane.

November 1: Farwell, open; Bovina at Oklahoma Lane.

November 8: Oklahoma Lane, open; Farwell at Bovina.

November 15: Oklahoma Lane at Farwell; Bovina, open.

Coach Jack Williams, of the Farwell school, reported that he and the other coaches were hopeful of contacting other six-man teams within a reasonable distance to fill in the open dates, but as the majority of schools in this area are either playing the standard eleven-man game or none at all, nothing definite can be announced now.

In the final game of the season last year, the Farwell Steers emerged as champions of the conference, having lost none of their conference games. The only loss of the season, incidentally, the first the boys had ever played, was to Price College, of Amarillo, in an early-season skirmish.

Locals Split Softball Clashes With Field

Taking one and losing one, the Texico softballers continued their season last Friday on a soft diamond at the local school, when Field played here. The boys took their game handily, 24-9, while the girls were finally edged out by the visitors, 10-8.

With Baldock on the mound, Texico had the upper hand throughout the boys' game, Coach C. E. Sanders reported today, adding that practically all of Field's scores came when the batters managed to connect with a home run.

Swinford, losing pitcher, served up the kind the locals liked, and they retaliated by hitting all over the place. Baldock had a homer and a total of four scores, Fought and Pearce also counted four, Doolittle and May each had three. Swinford led the losers with one home run and two other scores, Sanders said, adding that his homer put three men across home plate.

The Texico and Field girls went at it nip and tuck through most of the innings, according to Coach Tom Hudson, who added that the visitors "just outfielded us".

Most of the scores for both teams came via catcher's errors, the coach reported. Jean Rogers, pitching for Texico, did a good job until she was knocked out in the fourth inning, while Swinford went the whole way for the winners. Not a home run was made in the game.

Play Grady Friday
The schedule calls for the locals to meet the Grady squads on Friday of this week, but it was not definite today whether the games would be held at Texico or Grady. Decision will be made Thursday night.

Grady's girls are reputedly strong, since they lost to Ranchvale who has not been beaten in 35 games—by only one score last week. The Grady boys also are on the rampage, having already downed Pleasant Hill and Ranchvale.

Penquins can catch and swallow fish under water.

NEW CHIEF JUSTICE AND TREASURY HEAD . . . Fred M. Vinson was named chief justice of the U. S. Supreme court by President Truman, and Reconversion Director John W. Snyder was selected to succeed Vinson as head of the treasury department. Left to right: Fred M. Vinson, President Truman and John W. Snyder. The new secretary of treasury was . . . St. Louis banker. Vinson served in congress and on federal bench.

Three Thousand Vets Enrolled At Tech

LUBBOCK.—Almost three thousand veterans, joining with other students from over the state and nation, sent enrollment figures soaring over the five thousand mark during registration last weekend at Texas Technological College, an increase of some 1800 over last spring.

Although school officials, student groups and civic leaders are making every effort to make residences available, hundreds of other prospective students did not enroll because they could not find rooms or apartments.

More than 150 veterans are living temporarily in barracks at Lubbock Army Air field, several miles west of town.

Incomplete registration figures show men students outnumbering women by a ratio of almost three to one.

HOME FROM HOSPITAL

Mrs. Harry Whitley, who has been confined in a Clovis hospital for the past several days for medical observation and treatment, was returned to her home here the first of the week. Her husband reported that she was showing some improvement, but will be confined to her home for several days.

Vehicle Sale Slated At Amarillo Field

Amarillo AAF has been announced as one of six sites at which sales of surplus used motor vehicles will be held by War Assets Administration's Fort Worth regional office during the week starting Monday, September 23. The sales include "set aside" items offered exclusively to veterans of World War II and all veterans holding certificates for the vehicles being offered are eligible to participate in any or all of the sales.

The sale at Amarillo Army Air Field which will also include vehicles of the Pantex Ordnance Plant which have been declared surplus, is scheduled for Tuesday, September 24 from 9 to 5. Inspection of the vehicles may be made both Monday as well as the day of sale from 8:30 a. m. to 4:00 p. m.

Included in the offering are listed command and reconnaissance cars, carryalls, ambulances, weapon carriers, pickup trucks, scooters and a wide variety of various makes and models of trucks.

Other sales listed for the same week include: Sept. 23, Big Spring; Sept. 24, Abilene, and Goodfellow Field, San Angelo; Sept. 26, Shepard Field at Wichita Falls; Sept. 26 and 27, Camp Hood, a two-day sale of some 461 vehicles, largest sale of the six scheduled.

Jester Will Attend South Plains Fair

LUBBOCK.—Beauford H. Jester, governor-elect of the State of Texas, will be principal speaker at the "Welcome Home" day celebration for veterans of World War II on Monday, October 7, the opening night of the 29th Annual Panhandle South Plains Fair, it was disclosed today by Homer D. Grant, president of the Fair Association.

In addition to the talk by Jester, Col. Thomas G. Lanphier, deputy administrator of Veterans Administration branch office 10 in Dallas, will tell veterans of services available to them at the various offices of the Veterans administration.

In accepting the invitation of the Fair association, Jester indicated his happiness at the opportunity to speak to the veterans of the Panhandle and South Plains areas and their families. Jester said he expected to discuss veterans problems and the role of the individual veteran in taking part in the government of the state.

Fair officials have announced that all World War II veterans wearing discharge buttons or in uniform would be admitted to the Fair grounds free of charge during "Welcome Home" day. Veterans of Foreign

Wars, the American Legion and other veterans organizations will cooperate in the days program. Admission to the grandstand for Jester's speech will be free to everyone on the Fair grounds.

DEPUTY SUPT. HERE

E. H. Boulter, deputy state superintendent, was in Farwell, meeting with school superintendents of the county whose schools had made application for state aid for the operation of the schools. Those in conference with Boulter while he was here were, Supt. H. A. Clift, W. M. Roberts, and J. M. Baker of the Farwell, Oklahoma Lane and Lazbuddy schools, respectively.

YEAR WITHOUT SUMMER

A "year without a Summer" occurred in 1816 when killing frost and snow were reported every month of the year in New York, Pennsylvania, New England and even as far south as the Virginia mountains. According to one theory, the cold was caused by great quantities of volcanic dust in the air which prevented sufficient sunlight from reaching the earth.

The most widely distributed fish in Texas is the catfish.

THE TEMPO of business activity is still rising and with it the demand for long distance service continues to increase.

In the face of continuing material shortages, we are pushing the job of adding circuits—using every conceivable substitute for scarce items—and we're making some headway.

Sometimes, however, on certain busy circuits, the overload on telephone facilities still is evident—in delays, in busy circuits.

By and large, we are giving more telephone service than ever before in our history, and in most places and at most times, it's good service, which will grow better as time goes on.

If your call encounters a delay, we hope you understand that we're doing our best to handle it speedily.
