

Nazi Prisoners in France

German prisoners of war, 10,000 strong, are herded into their new enclosure as they prepare for a visit as guests of the Allies. They were taken in Allied pincers drive in France. The total number of prisoners taken, it is believed, will exceed by far any previously captured by American and British units.

Farwell Private Wins Bronze Star, Bravery

WITH THE FIFTH ARMY, IN ITALY—Private William R. Brand of Farwell, has been awarded the Bronze Star for heroic achievement in action on the Fifth-Army front in Italy.

With German shells falling about him and killing five other men, Brand, medical aid man in the 88th Infantry Division, gave aid to and removed five wounded comrades to safety.

Brand's "magnificent valor was an inspiration to all who saw his deed and upholds the heroic traditions of the infantry soldier," the citation reads.

Brand, a graduate of the Farwell high school, where he starred in football, is the son of Mr. and Mrs. N. G. Brand, formerly of Farwell, who have recently moved to California.

Les Means To Open Auction Ring Soon

Les Means, owner of the Home Grocery & Market in Texico, is making preparations to open an auction ring in connection with his business in the near future.

An auction stand, equipped with a public address system, is being installed and pens are being erected to accommodate livestock consigned to the sale.

Means said today that as yet all details of the sale ring are incomplete but added "we will sell anything" when the business is put in operation. Weekly sale days, yet to be determined will be announced later.

James Ford Believed On Road to Recovery

A letter received by Mrs. Evelyn Ford the past weekend from her husband, Pfc. James R. Ford, who was reported "seriously wounded" by the War Department a few weeks ago, gives information that Ford is apparently on the way to recovery.

Mrs. Ford stated that her husband wrote, "I cannot tell you about my injuries yet," but closed his letter with "hope you can read this, it's chow time and I'm in a hurry," which led to the belief that he is convalescing rapidly.

Pfc. Ford is believed confined in an English hospital, following his injury in France early in August.

TO OUT-OF-TOWN SUBSCRIBERS

Under new policy, a charge of 10c is made for change of address. Please include this when you notify us of such change. Otherwise, The Tribune will not be forwarded to new addresses.

Friona-Lakeview Consolidation Wins

Cotton Harvesters to Appear in Fields

At least five newly-constructed cotton harvesters will be in operation in Parmer County this fall in gathering the cotton crop, it was announced today by E. M. Deaton, local gin operator.

At the same time, Deaton said that present indications pointed to only one gin in the entire county being in operation during the ginning season. He assigned two reasons for this. In the first place, the cotton acreage in the county hardly justifies the operation of all four gins and secondly, sufficient crews are not available to man the machinery.

Oliver Co. Manufactures

The new cotton harvesters are being manufactured by the Oliver company and are being sent here on an initial try-out basis. Only a limited number of the machines are to be put on the market this fall, and Parmer County was issued the five machines as a part of a contract by N. L. Tharp, large operator in this county, who perfected the machine last year in his machine shops in Clovis. He used his model very successfully in his cotton acreage north of Bovina last fall.

The Oliver Company became interested in Mr. Tharp's machine and agreed to manufacture a limited number of them and place them at various points to prove them to cotton producers.

"There is no question in my mind of their success if the fields are kept clean of heavy weeds and the cotton is allowed to become well opened before attempting harvesting," Deaton said in speaking of the new machines. Furthermore, he added that cotton gathered by the Tharp machine gins as well as hand-pulled cotton.

Deaton said that he did not expect cotton pulling to get underway in this county before Oct. 15. Meanwhile, the only gin to be operated this year, at Lariat, has been undergoing repairs the past few weeks and four bales of old cotton were ginned the first of the week to test the machinery.

BINGHAM SALE SUCCESS

Perhaps the biggest and best farm sale to be conducted in this region in recent years was staged at the J. E. Bingham farm, northwest of this city on Tuesday of last week.

Col. Dick Doshier, who conducted the sale, said there was a large crowd present, and that the proceeds from the sale amounted to near the \$5000 mark. "There is a good demand for good livestock and good implements," Doshier said, adding that Bingham had an exceptionally fine list of offerings.

Only One Week Left To Renew Gas Books

Attaches at the local ration board cautioned today that individuals who had not made applications for renewal of their "A" gas ration books must do so within the next few days if they expect to have them on hand when the new stamps become valid, September 22.

Mrs. Mose Glasscock, questioned as to the amount of applications received at the office in Farwell, stated that the office force had handled approximately 500, and added "about 1100 should be issued in the county", which leaves a good number to be received at the office.

Application forms are available at practically all service stations in the county, and are to be mailed in to the local office. They will be returned to applicants by mail, with the first batch expected to hit post-offices on September 18.

The No. 12 stamps in the current books expire at midnight, Sept. 21, and the backs of the old books must be attached to application forms.

SALE NEAR MULESHOE

Attention is called to the public farm sale of J. L. Lindsey, two miles northwest of Muleshoe, in this issue of The Tribune. The sale will be conducted on Monday, Sept. 18 by Col. W. D. Wanzor, Muleshoe auctioneer with Jack Williams acting as clerk. Selling will begin at 1 p. m., Texas time.

SCHOOL FULLY STAFFED

Supt. H. D. Bentley, of the Oklahoma Lane school, was in the first of the week and announced that his school was operating with a full staff of teachers and a large attendance.

Faculty members are Mrs. Ernestine Lovell, English; Miss Marjorie Bracken, social science; Miss Georgiana Cagle, science; Mrs. W. W. Cagle, 5 and 6; Mrs. Roy Williams, 3 and 4, Miss Rosalee Wilhoit, primary.

Ellis M. Mills was in Lubbock, on Monday, attending a meeting of Triple A supervisors.

Judge Aldridge Will Seek Election to Post

District Judge John Aldridge of this city, has announced that he will be a candidate for the office he now holds in the general election in November.

He was appointed to his present post by Governor Coke Stevenson to fill out the unexpired term of Judge James W. Witherspoon, when he resigned in July. The appointment was announced by the Governor on August 1st.

In order to continue to hold the office after Jan. 1st, 1945, it becomes necessary that Judge Aldridge be the choice of the voters in the general election.

Judge Aldridge received his BA degree from the University of Texas and was admitted to the bar some years ago. He has been a resident of Parmer county since early childhood, coming here with his parents from Missouri. He is 39 years old, married and has two young daughters.

At the age of 23 he was elected county judge of Parmer county, holding the distinction of being the youngest county judge to be elected in Texas up to that time. He served three terms in that office, and since his retirement from office has engaged in law practice with his brother, Sam, operating under the firm name of Aldridge & Aldridge. In conjunction with their law plant, they have operated an abstract plant with the assistance of their mother, Mrs. Minnie O. Aldridge.

Judge Aldridge will appreciate any consideration shown his candidacy in the forthcoming general election.

Masonic Lodge Buys Building For Home

The Farwell Masonic Lodge, meeting Tuesday night at the hall in Bovina, voted to purchase the Jack Carr building in Bovina and convert it into a lodge hall.

From the small group, present at Tuesday night's meeting a total of \$1800 was subscribed to the building fund and officials expressed the opinion today that the remainder of the purchase price of \$2500 would be raised shortly.

Plans call for adding another story to the brick structure, and the upper floor will be used as a lodge hall. The lodge has been meeting in rented quarters for the past several years.

MULESHOE EDITOR BURIED

Clyde Holland, 50, editor of the Muleshoe Journal, died in a Muleshoe hospital last Tuesday night and his body was taken to his old home at Alvarado, Texas, for burial. Holland had been ill for the past month.

Tribune job printing is best.

VETERAN WORKER COMING

Fred T. Haddock, first representative of the Veterans State Service, will be in Farwell on Wednesday, Sept. 20, between the hours of 9 to 11 a. m., in the interest of war veterans work.

He will be glad to talk with any veteran or dependents with any claims growing out of military service and would like to contact all veterans' widows who have not filed claims for death compensation. Mr. Haddock may be contacted at the office of the county clerk on the above date.

Mrs. Coburn Buried At Quanah, Sept. 5

Mrs. J. T. Coburn, 45, was buried at Quanah, Tex., on Tuesday, Sept. 5, at 5 o'clock p. m., following services conducted at the First Methodist Church by Rev. Hubert Thompson of Wellington.

Mrs. Coburn died in All Saints hospital in Fort Worth at an early hour on Monday, Sept. 4, after a lingering illness. Death was due to Bright's disease.

Mr. and Mrs. Coburn and their 10-year-old son, Jesse Thomas, Jr., came to Parmer county six years ago from Vernon, and located on the Withers farm at Wilsey Switch, where they have lived since that time. Mr. Coburn stated early this week that he would continue to operate the farm.

Mrs. Coburn is survived by her husband and one son, Jesse Thomas, Jr.; her mother and father, Mr. and Mrs. Tom Cadle of Quanah; three sisters, Mrs. J. R. Jones, Bellview, Texas; Mrs. W. J. Burch of Vernon, Mrs. Grady Maywell of Vernon; and one brother, T. V. Cadle, Goodlet, Texas. Other survivors include a number of nieces and nephews.

Seven Found Acceptable For Military Induction

Out of a total of 13 selectees sent to the induction center at Oklahoma City the first of last week by the Parmer county local board for pre-induction physical examinations, only seven were found acceptable for military service, it was announced here from the office of the local board.

Some of the selectees were rejected only temporarily and will be re-examined at a later date, while others of the group (Selective Service regulations forbid the publication of their names) were definitely rejected.

Those found acceptable were: Paul Helmeke, Carlton Bailis Howard, Harva Ray White, Graham Gillian Thornton, Alva J. Hudson, Joe Wesley Hromas and Wm. Lewis Hancock.

By a vote of 52 to 14 the voters of the Friona independent school district and the Lakeview common school district consolidated the two districts in a special election, held last Saturday.

As a result of the special election the Lakeview district will cease to exist and is merged with the Friona district, the largest in the county.

In the Friona district, the vote was exceedingly light, the voters of that district apparently leaving the matter of consolidation in the hands of the Lakeview voters. Only 15 votes were cast in the Friona district, all of which favored the consolidation.

In the Lakeview district, however, there was some opposition to the merger, with the voters in that district balloting 37 for consolidation and 14 against. The combined vote of the two districts favored consolidation by a tally of 52 to 14.

The results of the special election were canvassed by the county commissioners in session here Monday and the consolidation was declared in effect.

For the past several years, the Lakeview school has been transporting its high school students to Friona, while the children in the lower grades have been taught at the Lakeview school.

Ration Office Case Continued By Order

The cast of the State of Texas vs. L. A. and Debbs Crawford and E. G. Brookshire, charged with burglarizing the local ration office on the night of Feb. 16, was continued by order of District Judge John Aldridge, Monday, after a jury had been selected to try the case.

Defense Attorney Carpenter of Lubbock, had announced early in the forenoon that he was ready for trial, but sprung a surprise in the afternoon when he presented affidavits claiming the absence of at least two witnesses, and asked for a continuance. The continuance was granted and the jury dismissed.

This is the second time the case has been continued. The other continuance occurred last month when Judge Aldridge was too ill to preside over the hearing.

School Buses Won't Run In Bad Weather

Taking cognizance of the extreme difficulty in keeping school buses in repair, coupled with the fact that experienced drivers are not always available, officials of the Farwell school this week notified patrons in the rural sections that school buses would not run on unpaved roads in extremely wet weather.

Bus routes that parallel the pavement will operate to the extreme end of the routes and all children living close to the pavement will be picked up anywhere along the paved routes, but the buses will not attempt to make routes when weather conditions are decidedly unfavorable.

It will be the responsibility of the parents to see that the children who cannot be picked up on paved routes are brought to school, the announcement said.

Victory is Everybody's Job.

Overseas Mailing Begins Sept. 15

Post office officials in both Texico and Farwell reminded today that the first mailing for Christmas packages to go to servicemen overseas opens on Friday of this week, Sept. 15, and continues through Oct. 15.

They cautioned, however, that packages be mailed as soon as possible, to insure delivery by Christmas. "If we have a big rush during the last few mailing days, there is a probability that the packages will not get to the boys for the holidays," one worker said.

Packages must not exceed 5 lbs. in weight and be no longer than 15 inches in length or 36 inches in length and girth combined. They must be wrapped securely with heavy paper and reinforced with twine. The box should be heavy corrugated cardboard or solid fiber board or a similarly strong material. Wooden boxes are good, but take up much of the precious allotted weight—and officials warned that while a shoe box is approximately a size to

judge packages, it definitely is not to be used for mailing packages.

A good tip: Put an extra address on the inside of the box, in case the one on the outside becomes marred and unreadable.

What To Send

Many are the boys who write: "Send us something to eat", and in answer to these pleas, here are a few hints of foods that will be accepted.

Vienna sausages, as American as home, are loved by nearly every boy and as they come in cans and have keys to open, they are a sure hit. Tuna and sardines are still in cans and might be a snack treat.

Candy? Recommended are hard candies, individually wrapped to prevent their becoming a gooey mess and ruining parcels. Fruit bars and fruit cakes, properly wrapped (canned if possible when cooked), and date loaf candy, which, like fruit cake, retains its freshness, is also okayed.

Soap, razor blades, shaving cream and toothpaste in tubes, hankies and sox, a new toothbrush, pocket comb, all these are acceptable. Special items might include a billfold, folder filled with pictures (pocket-size preferred), a small collapsible can opener to be carried in the pocket—and more precious than gold, if you can beg, borrow or steal 'em, there's none on the market—nail clips to take care of ragged cuticle.

Save space by planning your box completely, and making caker of loaf candy to fit the size allowed, and save weight by wrapping only the packages that need wrapping—Christmas wrappings are all right, but they might push out some little item that would be greatly appreciated.

Use good boxes, tie securely, address properly, and mail your packages early!

WSCS Meets Wednesday

The Woman's Society of Christian Service met at the Methodist church on Wednesday afternoon at 5 o'clock.

The subject was "The Fellowship of Suffering". The study was conducted by Rev. Trostle, followed by the entire group singing "Something for Jesus".

Refreshments of sandwiches, cookies and punch were served to Mesdames Ware, Smith, White, Andrews Williams, and Rev. and Mrs. Trostle and Rita Caldwell.

George Harold Trimble left the last of the week for Roswell to enter NMMI.

Mrs. Gossett of Shamrock, is visiting her daughter, Mrs. Roscoe Trostle.

Mrs. Vernon Ward and daughter, Billy, arrived the first of the week from Dalhart. Billy entered school and Mrs. Ward is assisting at the post office. Vernon will come after the 15th of the month, and they will make their home here.

Mrs. Alverson has had her grandmother, Mrs. Hargroves, of Childress, as her guest the past week.

Mr and Mrs. Harold Turner and son, Don, have recently moved here from Santa Rosa N. M. to make their home.

Mr. and Mrs. R. N. Wilford had as their guest over the weekend, Mrs. Martin from Central, Texas.

Aubrey Brock returned Saturday from a business trip to Matagorda, N. M.

Willie Ellen Williams and Jean Hart left Sunday for Abilene, where they will enter McMurry College. They were accompanied by their fathers, W. E. Williams and A. M. Hart.

Mrs. J. W. Parker, Jr., left Sunday for her home in Memphis, Tenn., after spending a month in the J. W. Parker home.

Mrs. M. L. Means is visiting her husband in Cheyenne, Wyo., where he is at an Army camp.

Joe Wilson, Norma Lee Clements and Katherine Byler were business visitors in Amarillo, Wednesday.

Dorothy Airhart left Sunday for Plainview to attend Wayland College.

As ye sew, so shall ye rip.

Mr. and Mrs. Roy Melugin, from Lordsburg, N. M., visited here over the weekend.

Rev. A. L. Peters, of Ft. Worth, preached Sunday at the Fundamental Baptist Church, and will occupy the pulpit again on Sept. 17 at both morning and evening services.

A number of friends helped Spencer Greathouse celebrate his birthday, Sunday.

The ladies of the community canned peaches on Monday for the school.

Mr. and Mrs. Armstrong visited with Mr. and Mrs. W. P. Kays, Sunday.

Must File Certificates On Used Car Purchases

On and after September 12, dealers as well as all other sellers, must file a certificate of transfer with local ration boards reporting their purchases of used cars, OPA has announced. Dealers, and other sellers generally engaged in the business of selling used cars, will also be required to file with local boards, no later than September 21, an inventory report of all used cars in their stocks on September 11.

In completing the certificate of transfer for their sales, on an after September 12, they are required to indicate on the reverse side of the certificate whether the car was purchased before, on, or after September 21.

Dealers may secure inventory filing forms from the local board.

Cooperative Buying of Grain Sorghums Urged

COLLEGE STATION—Cooperative buying by farmers throughout the state of grain sorghums grown in the South Plains will benefit both the growers and buyers, Acting Director J. D. Prewit of the A & M Extension Service, said today. Already he has urged the state's approximately 250 county agricultural agents to acquaint farm leaders of the possibilities of this program.

Prewit points out that drought has reduced feed supplies in many Texas counties and cooperative purchase should mean savings for farmers in those areas. Success of the feed wheat program during the past year should aid in selling the idea, he believes.

Storage of grain, which primarily consists of combine-type milos, is the big problem in the South Plains. Terminal markets already are bulging with a bumper wheat crop, and although there are many new and enlarged elevators in the region, county agents predict that much of the grain may be piled on the ground in September and October.

Likely it would be necessary for groups pooling their orders to send a truck to the fields, but shipment by rail might also be possible. As in the coastal Bend harvest, cars may not be loaded until it is evident that unloading will be prompt when the grain reaches its destination.

Deaf Smith County reports 200,000 acres in row crops, and County Agent A. R. Bateman is urging farmers to allow the stalks to mature sufficiently before harvesting.

PURCHASES CLIMBING

AUSTIN—Purchases of non-durable goods in 914 Texas independent retail stores sent July sales up some 10% above last year's figures, the University of Texas Bureau of Business Research reports.

Gains in the non-durable goods trade were led by shoe store with an increase of 41% and florists were second with 24% rise. Family clothing store sales were up 17%, filling stations 10%, drug stores 9%, restaurants, cafeterias and lunch-rooms, 6%.

Dollar sales of furniture stores were approximately the same as a year ago, while jewelry stores dropped 10%.

Overall figures indicated a 9% gain for the first seven months of 1944 although July sales fell 4% below June level.

EAT SMALL POTATOES

COLLEGE STATION — Home-makers throughout the nation are being asked to use small-size Irish potatoes, rather than large ones, during the next few weeks. The A & M Extension Service explains this appeal is based on the fact that small potatoes deteriorate more rapidly in storage than the jumbos. Small potatoes are just as nutritious as large ones.

Mascot of Seabees

Lewis J. (Jimmy) Carrick of Pittsburgh, Pa., is the mascot of all Uncle Sam's Seabees. He has been confined to a wheel-chair for five years with spinal meningitis. Naval surgeons are to operate and hope he will be able to play ball soon.

University Prepares for Return of Veterans

AUSTIN—With the Army urging every discharged serviceman under 25 years of age to return to school or college, the University of Texas is getting ready for an avalanche of veterans before long.

To make sure the path of these veterans is cleared of unnecessary hurdles, the University is setting up a simple but well-balanced and effective program to aid them in what ever problems—personal or curricular, that may arise.

Two University of Texas faculty members—Walter T. Rolfe, professor of architecture, and Hubert B. Jones, assistant professor of business administration—have been assigned to act as counselors for veterans.

A faculty committee, headed by W. R. Woolrich, dean of the College of Engineering, is to remain in action continuously, to study any matters affecting the veterans and to make recommendations to the University faculty or administration as needed to take care of any situation or emergency.

One change already in effect is that veterans who have seen six months' active service may enroll under individual approval—without having completed the high school work customarily required for admission—at the age of 18. Previous-

ly, a student must have attained the age of 21 to be eligible for admission under individual approval. "We are attempting to develop a workable program here at the University that will be of real advantage to returning servicemen," Vice President J. Alton Burdine said. "It will not involve a meaningless, elaborate organization but a coordinated program that will seek to be of service to the veterans in finding the course of service which will meet their individual needs most adequately and in making their adjustment to civilian, student environment easier."

Health Notes

By Texas Department of Health

AUSTIN—"Breakfast should supply everyone, young and old alike, with from one-fourth to one-third of the day's needs," says Dr. eo. W. Cox, State Health Officer. "In order for a growing child to get this much of his day's requirements, he needs a hot substantial breakfast consisting of cereals or whole grain bread, fruit or fruit juices, egg or meat, and a milk drink."

Dr. Cox, discussing the dietary needs of school children, says further, "In many homes the line of least resistance is followed. The children when offered food at breakfast time may reply that they are not hungry, they do not have time, or in some instances will even say

that breakfast makes them sick. Older children, especially girls of high school age, sometimes deliberately go without breakfast in order to keep from increasing their weight. This is both foolish and dangerous. They deprive themselves of body building material when they fail to eat nourishing food. Faulty nutrition with its health hazards often results. In the young child this means that resistance to disease is lowered and the processes for developing and maintaining health definitely are handicapped.

"Whether young, middle aged, or older, a good health practice is to break your fast with a good breakfast. The day's first meal is an important one. Parents cannot escape the obligation to see that their children are properly fed at the day's beginning."

Men put off things they ought to do, and women put off things they ought to wear.

CHEESE ICE CREAM OUTPUT IS DOWN

AUSTIN—On the downgrade from peak production in June, manufacture of American cheese and ice cream in Texas during July still totaled high above the mid-summer levels for 1943, the University of Texas Bureau of Business Research reports.

Creamery butter output, however, continued to drop below last year's marks, the Bureau reveals, with production 16.5% below June, 18.2% below July of last year.

On the other hand, cheese production was 16.5% above last year's mark, and ice cream manufacturing climbed 15.2% above figures for July, 1943.

Alcohol will remove the veneer from any person.

Few people can enjoy the scenery along a detour.

DOSHER'S FARM SALE!

Since I have sold my farm and am moving to Oklahoma, I will sell at public auction at my farm, located 12 miles east of Farwell on Oklahoma Lane road and 3 north, or 9 miles southeast of Bovina, or 10 miles north and 5 miles west of Muleshoe.

Tuesday, Sept. 19th

Sale Starts Promptly at 10:30 Texas War Time

FARM MACHINERY

- 1—Brown Jersey, 3 yrs., 3 1/2 gals.
- 1—Roan yearling heifer.
- 1—Yellow Jersey, 5 yrs., fresh by date of sale, 5 gals.
- 1—Brown cow, 7 yrs. fresh by sale, 5 gals.
- 1—Yellow cow, 9 yrs., 4 1/2 gals
- 1—Yellow Jersey, 7 yrs., fresh, 4 gals.
- 1—Black bull calf.

- 1—Guernsey cow, 9 yrs., 4 gals.
- 1—Yellow cow, 8 yrs., giving milk.
- 1—Black Jersey, 9 yrs., 3 gals daily.
- 1—White Jersey, 7 yrs., 3 gals.
- 1—Brown Jersey, 9 yrs., with heifer calf by side, 5 gals.
- 1—Blue cow, fresh soon, 3 gals.
- 1—Fawn Jersey, red bull calf by side.
- 1—Blue Jersey, 8 yrs., heifer calf by side, 3 gals.
- 1—Brown Jersey, 2 yrs., heifer calf by side, 3 1/2 gals.
- 1—Cow, 4 yrs., Half-Durham, 3 1/2 gals.
- 1—Jersey yearling heifer, a good one.
- 1—Brown yearling heifer.
- 1—Half-Durham yearling heifer.
- 1—Yellow heifer, 2 yrs.
- 1—Brown Jersey steer.
- 6—Jersey calves, all weaned.
- 1—Black steer, 1 yr.

HOUSEHOLD GOODS

- 1—Butane gas 3-burner cooking stove, with regulator.
- 1—Good kerosene heating stove.
- 1—Good kitchen cabinet.
- 1—Good bedroom suite with springs. A real suite.
- 1—Good 3-piece living room suite.
- 1—Buffet, a good one.
- 1—Real good A&B battery or electric radio.

- 1—Good rocker.
- 5—Chairs.
- 1—50-lb. ice box.

Lots of canned goods and fruit jars.

55 HOGS

- These pigs are from 2 to 3 weeks old.
- 1—Good white sow, 5 pigs, 3 wks. old.
 - 1—Spotted sow, 5 pigs, 3 wks. old.
 - 1—Black sow, 7 pigs.
 - 1—White sow, 8 pigs.
 - 1—White sow and 8 white pigs.
 - 1—White sow, 6 white pigs.
 - 1—Big white sow, 9 pigs.

HARNESS

- 2—Sets good leather britchen harness. Collars, bridles and lines. Other good harness.

CHICKENS

- 2—dozen Rhode Island red hens.
- 2—dozen Plymouth Rock hens.

HORSES

These mares are bred to No. 238 Percheron stallion, color gray, age 13, height 16-3, wt. 1800, formerly owned by S. L. Williams, of Sudan, now owned by Earl Roberts of Farwell.

- 2—Bay mares, 5 and 6 yrs. wt. 1200 ea. A real team of mares, unbroke.
- 1—Mollie mare mule, 2 yrs., a real one.
- 1—Blue snipnose horse mule, 2 yrs.
- 1—Brown mare, coming 9 yr., wt. 1300, a good one, work anywhere.
- 1—Brown work mare, 9 yrs.
- 1—Bay mare, 6 yrs., wt. 1200, work or ride.
- 1—Brown mare, 7 yrs., work or ride.
- 1—Bay and 1 black geldings, 2 yrs., real saddle stock.
- 1—Sorrel colt, flax mane and tail.
- 1—Bay horse, smooth mouth, wt. 1200.
- 1—Iron gray colt.
- 1—Red mare mule, harness and sled.
- 1—Iron gray horse colt, a good one.
- 1—Black horse colt, a good one.

Build...Repair

Restrictions have been released to such an extent that we can now offer to farmers most any materials they need in making repairs about the farm.

Dimension materials, siding, roofing, cement, metal lathe, netting, siding, sheeting, poultry and rabbit yard fencing. builders' hardware.

Soldiers Want U. S. Food

Gastronomic experiences of our boys fighting and eating in foreign lands won't affect their taste for good old American cooking, in the opinion of D. H. Odell, assistant director of the advertising section of the General Motors Corporation, shown above preparing a tasty beef concoction in the Good Housekeeping Institute. Paramount desire of our fighting men is to sit down at an old-fashioned American meal, he says.

Discharged Navy Men Given Special Booklet

Distribution of a booklet published by the Re-training and Re-employment Administration Office of War Mobilization is being made to all discharged Navy personnel of the Eighth Naval District, according to Lt. Comdr. L. H. Rhudy, District Civil Readjustment Officer New Orleans.

Purpose of the booklet is to give each discharged veteran a quick picture of the rights and benefits available to him and his dependents. The booklet contains 20 pages and is divided into three parts.

Part one deals with the things he should do immediately after discharge. These include reporting to the selective service board; applying for his old job within 40 days unless he prefers a new one; how payments should be made if he desires to keep his National Life Insurance in force; and the keeping of all records, such a serial, service or file number, originals or legal copies of necessary papers.

Part three deals with benefits for which he is entitled. These include mustering out pay; continuation of

government insurance; getting a government job; business training; vocational training what to do if unemployed; how to procure loans for homes, farms or business; procedure for resumption or continuation of education; availability of hospital care and medical aid; disability pensions; care in national soldier's homes; legal protection; adjustments of income tax payments; claims for back pay; review of discharge; review of retirement; and assistance with special problems.

Part three deals with benefit for dependents under such headings as jobs, pensions, social security benefits, government insurance, vocational training, disabled dependents, death gratuity, back pay, allotments and allowances, prisoners of war and missing in action, and other special problems.

Tribune job printing is best.

WAR BONDS**

FEEDING AND CARE OF DAIRY CALVES STRESSED

COLLEGE STATION—The high death rate of infant calves in Texas dairy herds can be reduced sharply by proper feeding and care, says O. W. Thompson, dairy husbandman for the Extension Service. At least one fifth of the average dairy herd must be replaced yearly, and prevention of death among calves will reduce the otherwise excessive cost of raising replacements.

For best results safeguarding the calf's life should begin before it arrives. The cow should be isolated from the herd as freshening time nears and housed in a clean, dry place during bad weather. In good weather she may be placed in a maternity pasture convenient for observation because help at calving sometimes is needed. The new-born calf should be placed in dry, clean quarters free from flies and the navel cord clipped with sterile scissors about two inches from the base. Sterilize the wound with a mixture of equal parts of tincture of iodine and glycerin.

Proper feeding being the next step, Thompson lays down these essential rules. The milk fed to the calf must be kept clean and always fed at blood temperature. Feeding should be at regular intervals and overfeeding avoided. Pails used for feeding should be kept clean and sterile. Changes in the amount and kind of milk, calf meal or other feed should be made gradually. He cautions that feeding milk too hot or too cold, and changes in the temperature of the milk from one feeding to the next is the most common cause of digestive upsets.

Jersey calves should be fed two pounds of milk three times daily for the first week and three pounds twice daily for the second week. If these rules are followed strictly and the calf kept in clean, comfortable quarters, Thompson says, a dairyman can raise healthy, thrifty calves. If any of them are broken he is likely to have trouble.

Touching upon other details of feeding, the specialist says a calf should receive its mother's milk for the first three or four days. If allowed to nurse for the first two or three days this should be restricted to about five minutes every six hours and the calf not allowed to run with the cow. Many successful dairymen hand-feed the calf from the beginning because it can be taught to drink from a pail more easily if never permitted to nurse.

Love, we are told is blind... but it has a perfectly marvelous sense of touch.

Victory is Everybody's Job.

POTATOES PAY OFF ON BAILEY COUNTY FARM

COLLEGE STATION—Value of sweet clover as a soil building crop is plain to a Bailey County farmer. He followed the winter legume with potatoes which brought him \$19,872 from 39 acres of irrigated land.

The farmer is W. T. Millen of the Liberty community. He still has 11

acres of potatoes to harvest.

Millen planted the clover upon the recommendation of County Agent J. M. Hancock. He grazed it during the winter months, then turned it under.

Returns in 1944 are considerably larger than in 1943, since production is up about 15%, and the price also is better. Millen received \$2.94 per hundred pound sack and esti-

mates he will clear about \$10,000 on the crop.

About 60% of the crop was sold to the Army and the remainder offered on the market at Muleshoe. Millen does his own washing and grading. Women and teen-age boys and girls from Muleshoe and nearby towns constitute the bulk of his labor supply.

**HAND IN HAND
WITH THE
THREE R'S
GOES A FOURTH--**

School days again remind us that readin', ritin', 'rithmetic could hardly get across so well without another "R" necessary to modern education—Reddy Kilowatt.

From the moment their electric clock gets the youngsters up, Reddy is busy all day for them. The breakfast-table toaster, the corner traffic light, often even the school bell itself, depend on modern electric service. You can think of many more ways Reddy helps.

Lighting is the most important. All study needs it, in school or out. With the coming of shorter days, children will spend more time indoors, more time studying after dark. Here's where Reddy can do his best for students. Good home lighting is inexpensive. It takes little time or effort. It will pay dividends in easier seeing.

Make sure your light is right! Sight is priceless—light is cheap.

PARENTS—Most electrical dealers now have light bulbs in all common home sizes. Fill your empty sockets and follow these few simple rules to secure more light from your bulbs:

Wipe all light bulbs frequently. Keep reflector bowls and shades clean. Dust and dirt rob you of light!

Use the RIGHT SIZE bulb in each lamp or fixture.

A white-lined shade will reflect more light for use. A dark lining absorbs it.

Move lamps closer to points of use, so they shed light directly on the work.

At a meeting held at the church last Wednesday night, the following officers for the Baptist church and Sunday school were elected:

Church clerk, Ada Bud McGuire; treasurer, Olan Schleuter; organist, Peggy Schleuter; choir leader, Edd Eason.

Sunday school superintendent, C. J. White; assistant, Verney Towns; Men's Bible class, Rev. W. C. Wright; senior men's class, Dallas Brown; women's classes, Mrs. D. J. Brown, Mrs. S. G. Billington; Young people's class, Dorothy Eason; intermediate department, Mrs. Clyde Magnes (15 and 16 years), Mrs. John Lockhart (13 and 14 yr. girls), Ben Smart, 13 and 14 yr. boys; junior department, Mrs. G. F. Hicks, Supt., Mrs. Luther Moss, Bob Barton; Primary, Mrs. Bill Bradshaw, Supt., Mrs. Owen Ford, Mrs. Hugh Tucker; Beginner, Mrs. Carl McGuire, Supt., Ada Bud McGuire; Cradle roll, Evelyn Ford, Supt.; Gen. S. S. secretary, Mrs. Olan Schleuter; Extension Dept., Mrs. S. G. Billington; Soldier Dept., Evelyn Ford.

Training Union president, Henry Minter; vice president, Joe McWilliams, pianist, Latrille Hicks; choir-ester, Maxine Ford. Young people's Dept., Miss Mable Davis; intermediates, Mrs. Harry Whitley; juniors, Mrs. Joe McWilliams, assistant, Otis Branscum; Story hour dept., Mrs. Carl McGuire.

Cub Dens Hold Meet Monday Afternoon

Dens One and Two of the Farwell Cubs held a joint meeting on Monday afternoon, in their Den at the home of Mrs. L. S. Pool, and it was agreed that the two Dens would combine for future activities.

At the next meeting, therefore, a Denner and Keeper of the Buckskin will be named, and Mrs. Pool urged that all Cubs attend. The meeting will be Monday afternoon, Sept. 18, at 3:30 at the Den.

Mrs. John Armstrong is assisting Mrs. Pool in directing the activities of the Cubs. At the Monday meeting, Mrs. Buck Bradshaw and Mrs. Joe Crume were in charge of serving refreshments.

Attending were Donald Joe Pipkin, Jerry Bradshaw, Bert Tipton, Wallace Hughes, Robert Armstrong, Bobbie Joe Crume and Jerry and Rex Pool, Cubs; Billy James Moore, Ernest Lokey and Carey Joe Magness, Scouts.

Returned Home

G. F. Hicks, of Farwell, who has been confined in a Clovis hospital for the past month sustaining a serious appendectomy, was removed to his home in Farwell on Tuesday, and is believed on the road to recovery.

Mmes. Dixon, Hunter Class Hostesses

Mrs. Ruby Dixon and Mrs. S. C. Hunter were associate hostesses, Tuesday, when the regular meeting of the Wesley Bible Class of the Methodist Church was held in the home of Mrs. Dixon.

Mrs. A. D. Smith had charge of the devotional, conducting a Bible quip, after which Rev. Paul H. Tripp delivered a prayer.

In the business meeting, Mrs. O. B. Pipkin was named as president; Mrs. Albert Thomas as vice president; Mrs. E. G. Blair as secretary-treasurer; and Mrs. B. E. Nobles as reporter.

Refreshments of cake and hot chocolate were served to Mesdames Noble, Pipkin, Ralph Humble, G. W. Atchley, Thomas, Smith, B. N. Graham, Lena Yoder, Blair, Cora Hughes, W. W. Bigham, Roy B. Epell, G. C. Campbell, members; Mrs. Goldsmith, Mrs. Arrington and Rev. Tripp, visitors.

Surprise Birthday Dinner is Given

Joe L. Morgan was honored with a surprise birthday dinner at his home in Texico, Sunday, Sept. 10, when a number of friends and relatives gathered.

Enjoying the occasion were Mr. and Mrs. Hollie Price and children of Floyd, N. M.; Pvt. and Mrs. Dale Leslie of Clovis, Pic. Danny Pessee, of Clovis AAB; only three of Mr. Morgan's children were able to attend including Mrs. Velma Foster of Clovis, Quinlan and Rada, of Texico, and one grandson, Billie Hassenzella, of Clovis.

The honoree was the recipient of many lovely remembrances.

Farwell High School Classes Organized

With the election of officers, high school students at the Farwell school got organized for a year's work, the past weekend.

Elected for the freshmen were: O. L. Thompson, president; Joan Williams, vice president; Velma Threet, secretary-treasurer; and Howard Carlyle, reporter.

Don Williams heads the sophomore class as president, with Bob Byrd in the vice presidency; Esther Hartfield as secretary-treasurer, and Max Ford as reporter.

President of the juniors is Verna Lee Hurst, while L. C. Herington was elected as vice president. Jeanette Morris is secretary-treasurer and Tommy Randol reporter.

The senior president is Billy Martin and he is to be assisted by Duane Sprawls as vice president; Joan Booth, secretary-treasurer, and Norma Jean Thomas, reporter.

Mary Ellen Bradfield Bride of H. W. Petree

Miss Mary Ellen Bradfield, of Bryan, Texas, became the bride of Aviation Student Harold W. Petree, formerly of Farwell, the past Sunday, Sept. 10, it is learned here.

The nuptials were read at 6:30 p. m. in the post chapel of the San Antonio aviation cadet center.

Mrs. Petree is the daughter of Mr. and Mrs. T. W. Bradfield and Mr. Petree is the son of Mr. and Mrs. H. H. Petree of Farwell. He has been in the service a number of years, having worked up to Master Sergeant in the ground branch of the Air Corps, and then transferring to the cadet corps. He is now stationed at the AAB in Brady, Texas.

Watermelon Feast Held

Claudean and Melvin Curry entertained students of the Texico high school the past Friday night, with a watermelon feast and social at their home, near Texico. A large number of young people enjoyed the affair.

NEWS FROM OUR BOYS IN CAMPS

ON ADMIRALTY ISLANDS

Pvt. Freddie Hall, now on the Admiralty Islands, is getting a shade bored of non-combat duty, judging from a letter received here by his parents, Mr. and Mrs. W. W. Hall. He says, in part, "It is just the same old thing day after day and it sure is getting old. Guess we should be glad we are here instead of where they are fighting, but as I just said, it sure is getting old. I think it is better when we were on work detail at least the island was a little bigger."

"It is noon and really hot . . . We have a place to wash our clothes now and a pretty good shower bath so things are a little better. I guess we had better enjoy them while we can because I don't think it will be long before we are gone, but there is no way of knowing what is going to happen—or when."

Freddie has been overseas for some months and saw a good deal of combat before being sent to the rest camp in the Admiralty Islands.

MAY COME HOME

Belief that still another Parmer County serviceman may be home in the near future, is voiced by Mrs. Lee Bradshaw, whose husband, Capt. Bradshaw, has been overseas with the engineers "Brad" wrote recently to his wife to "get all my shirts ironed and round up all the beef you can find", which seems to be a good hint that he may in the States soon.

TO REST CAMP

Mrs. Ruby Dixon on Saturday received word from her son, Jim Cleve, who recently hit the States after more than a year overseas with the Marine medics, that he was being confined to a rest camp and would be home on furlough "in two or three weeks". When Dixon called his mother a week ago, he had hoped to be released immediately.

ROBERTS IN STATES

D. K. Roberts received a wire on Saturday from his son, Pharmacist's Mate First-Class DeVere Roberts, stating that "Bub" was back in the States and expected to be home on furlough in two or three weeks. He has been out of the States for approximately 20 months, and is known to have seen service on Guadalcanal, New Georgia, and Tulagi as a medic with the Marines.

RENEWAL TIME

The Tribune calls attention to the fact that it is renewal time for the following subscriptions:

GORDON E. YOUNG
JACK DUNN
CHARLES ROBERTSON
GLEN LONDON
M. M. GOLDSMITH
Renewals are made for six months at \$1, regardless of where the paper is sent. Make your renewal now so that these boys will not miss a single copy of their "home-town rag".

BOBST SHIPS OUT

Pfc. Dick Bobst, son of Mrs. Nell Bobst formerly of this city, has apparently gone out for overseas duty, as The Tribune is in receipt of a card bearing an APO out of San Francisco. Dick, who serves with the radar crew of the air forces, has been at Delano, Calif., for the past several months.

DIXON IS VISITOR

Cpl. Harold Dixon, who is stationed at Fort Sumner, visited the latter part of the week with his mother, Mrs. Ruby Dixon, in Farwell. Dixon was recently moved from Woodward, Okla., to Fort Sumner.

THERE HE GOES

Where he is now, nobody knows, but at least, Pvt. Andy Marcus was in Cheyenne, Wyo., on Sunday. Marcus, serving with the chemical warfare division of the Army is a fast-moving individual. The information of his recent whereabouts comes from a card received at The Tribune office.

HAM BUYS BONDS

AN EIGHTH AIR FORCE FIGHTER WING HEADQUARTERS, IN ENGLAND—Cpl. Howard Ham, of Farwell, has "signed the book" which is Eighth Air Force parlance for purchasing a war bond in a drive to raise funds for a "Victory Squadron" of airplanes. The book is a huge one, containing the names of purchasers will be bound and presented to Gen. H. H. Arnold, Commanding the AAF. Only new purchases count in the drive. The pay

deductions which most members of the Army regularly put into war bonds are not considered.

Cpl. Ham is now assigned to this Fighter Wing commanded by Brig. Gen. M. C. Woodbury—a Fighter Wing that has destroyed more than 1000 German planes and unleashed thousands of tons of bombs on the enemy.

HALL ON GUAM

Raymond Hall, Phm2-c, is now on Guam, he has written his parents. Excerpts from a recent letter, on which a dilapidated airmail stamp was stuck with adhesive tape, are as follows: "All the old corpsmen who were here when I came are almost sure of going home soon, I sure wish I could be lucky enough to go along. They were in New Zealand until I came over, which was a good place, but I guess they don't count that."

"I suppose you wonder just what my duties are here. I am attached to a platoon of Marines (45). I go with them wherever they go. If they charge a hill, I charge with them, if they go on patrol I go with them. I am not back in an aid station, however, I could be, and have been offered a relief several times. I chose this and have stuck it out so far through both campaigns. However, if we go again I think I will get a little farther back as I am too tired to go much further. I have been among the last 11 men of the platoon left twice now, pretty lucky, so I think it's about time to back up if I can."

IN PACIFIC THEATRE

Bob Drace, Seaman Second-Class, writes friends that he is now on an island "somewhere in the South Pacific". Bob adds that it's pretty country, "if you don't mind the insect life", and concludes with, "I'd just as soon be back in the States".

MOUSER IN BROOKLYN

Ralph L. Mouser S1-c, has notified his wife in Texico that he is now in a hospital in Brooklyn and hopes to be home within a few weeks. It is understood that Mouser had been hospitalized for several weeks in North Africa before being sent back to the States.

HAS SOUVENIRS

Lt. Alan Rogers, son of Mr. and Mrs. B. A. Rogers of Texico who is flying a Vega Ventura bomber for the Navy from island bases in the Pacific, writes home that he has a number of souvenirs, including a Jap rifle, which he hopes to "get by the censor" and send home.

BILLINGTON HEADS OUT

Mrs. Morgan Billington is in receipt of an APO number out of New York for her husband, Cpl. Cortez Billington, indicating that he is heading for overseas service. Cpl. Billington has been at Fort Meade, Md., for the past several weeks.

Mrs. Hadley Honored With Stork Shower

Mrs. John Hadley was tendered a surprise pink and blue shower, on Monday evening in the home of Mrs. Henry Minter with Mrs. Joe McWilliams as co-hostess.

After the presentation of the gifts refreshments were served to Mesdames Woody McDermott, Hugh Tucker, Olan Schleuter, Bill Bradshaw, Alvena Sharpe, Ruby Stone, W. T. North Jr., and the honoree, Mrs. Hadley.

Sending gifts were Mrs. Ben Smart and Mrs. W. C. Wright.

Teachers Reception On Thursday Evening

The annual fall feature of the Farwell Parent-Teacher Association, a reception for teachers, will be held at the school building, Thursday evening, Sept. 14, at 9 o'clock.

Supt. J. T. Carter, as chairman of the program committee, stated that a social hour would be held during the evening, and urged patrons to attend to greet both new and returning faculty members.

WE OUTDO THE COCK

In crowing about the service and satisfaction we give our customers in the handling of their country produce. May we serve you too.

FORD PRODUCE COMPANY

Open House To Be Held At Barry Home, 17th

"Open house" will be held at the home of Mr. and Mrs. Scotty Barry, of the Oklahoma Lane community, on Sunday afternoon, September 17, the occasion being a celebration of the 49th wedding anniversary of Mr. and Mrs. W. J. Sides, and the 74th birthday of Mr. Sides.

Mrs. Barry, in making the announcement, urged that all friends of Mr. and Mrs. Sides visit the Barry home during the afternoon. Time of the affair, from 2 to 6 o'clock.

Returns to Ft. Worth

Rev. Mart Payne, son of Mr. and Mrs. John Payne of the Oklahoma Lane community, who has been vacationing at the home of his parents the past two weeks, left Monday for Fort Worth, where he will resume his studies at the Baptist Seminary. He is due to receive his BA degree this term.

Back to California

Mrs. Henry Royal departed for her home in elano, Calif., the first of last week after spending several days here in the home of her parents, Mr. and Mrs. Z. W. Petree. She returned home via San Antonio, where she visited her son, Maj. Max Royal, who is stationed at Randolph Field.

To Temple

Mrs. J. D. Thomas left for Temple, Texas, last weekend, accompanying her father, W. H. Kistler, of Muleshoe, who is going through the clinic at Scott and White hospital.

Juniors Elect Officers

The Junior Class of the Oklahoma Lane high school met Sept. 11, and elected the following officers: president, Weldon Rundell; vice president, Joyce Edwards; secretary-treasurer, Billy Bentley. Mrs. Ernestine Lovell was chosen as sponsor, Mrs. W. N. Foster, Mrs. H. D. Bentley and Mrs. H. T. Edwards will serve as home room mothers.

Class members are Billy Christian, Billy Joe Foster, Billy Bentley, Joyce Edwards, Bennie Gulley, Bobbie Gulley, Hazel Hinchey, Weldon Rundell, Alton Pruitt, Frances Sudderth and Ruby Zoch.

Mrs. John Porter left last week for California where she intends to spend some time visiting friends.

WE REPAIR SHOES

Keep your shoes in good repair by bringing them to us regularly.

Fair Prices—Prompt Service

Electric Shoe Shop

Next Door to Texico Postoffice

If you are thinking about having an auction sale any time in the near future, there probably never will be a better time than during the next three months.

"The time to sell is when people want to buy" is an old saying that was never more true than during the next few weeks.

We have had considerable experience in the auction business and have been getting satisfactory results. We will be glad to come and talk over with you your plans for a sale—help you arrange the listings, plan the advertising and offer other helpful suggestions for a successful sale.

We have a number of sales coming up between now and the first of the year. Better check with us for a date early.

Texico Boys Victors; Girls Lose On Friday

The softball teams of the Texico school split games with their visitors, the Ranchvale aggregations the past Friday afternoon, in games staged on the Texico diamond.

Sparked by Knox, who played excellent ball in the floating shortstop position, the Texico boys slammed out a 14-8 decision over Ranchvale, despite the fact that they were 5 down in the opening innings of the game. Grant, third baseman, was the contributing player of the afternoon for Ranchvale.

The Texico girls were not so fortunate in coming from behind, and dropped their game, 8-12. It was pointed out that the Ranchvale girls are considered the top team in the county.

Games for both teams are on the docket again this Friday when the locals will engage the Pleasant Hill teams on that diamond. Hopeful of victories, Coaches C. E. Sanders and

Viola Rodewald were putting their players through brisk workouts today.

COAL, WOOD STOVES TO GO OFF RATION LIST, OCT.

Rationing of coal and wood heating and cooking stoves to consumers will end October 15, the WPA and OPA announces jointly.

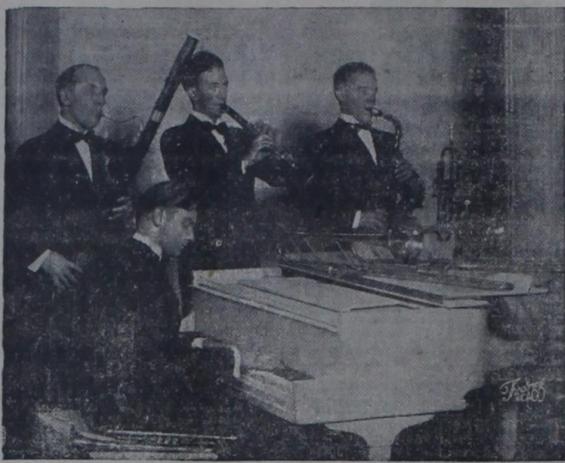

OPA rationing executive Ely Fonville stated that oil and gas stoves will remain rationed.

Current inventories of the coal and wood stoves, plus anticipated production, are expected to be able to keep up with unrationed demand after October 15.

Heads Wolverine Staff

Edna Mae Caldwell has been chosen editor of "The Wolverine", official publication of the Texico school which is sponsored by the senior class. Jim Bob Roop is business manager. The paper is published by the typing department under the direction of Mrs. H. Arnold.

RITZ TRUMPETEERS WILL APPEAR HERE

Pictured above are the Ritz Trumpeteers, who will appear in a musical program next Monday evening, Sept. 18, at the Farwell school, under the auspices of the local Woman's Club.

The Trumpeteers feature brass ensemble numbers, using classics, standard overtures, grand and comic opera selections, and special arrangements of many old familiar classics.

Director of the Trumpeteers is Ben H. Ritzenthaler.

The Woman's Club was this week offering season tickets, which will include three special programs during the year. Adult tickets are \$1, high school 65c and grade students, 40c. Single admissions will be sold at the door, 35c for adults, 20c for children.

The program next Monday evening will begin at 8:30.

WFA Seeks to Levy Ceiling Prices On Cotton Labor Wage

In an effort to obtain information as to whether or not a wage ceiling for cotton field workers was desired and necessary, a special meeting of farm operators and county agents was called in Lubbock the past Friday by the War Food Administration.

Mr. Massey, representative of the WFA, was present to outline the proposed plan for ceilings on wages for cotton pickers and cotton boll pullers.

County Agent Garlon A. Harper, contacted this week, stated that at the Friday meeting it appeared that ceiling wages if established, would likely be \$1.25 per hundredweight in the field, and \$1.50 delivered at the gin. Questioned as to these prices, Harper went on to say that in the majority of cotton counties over the plains the prevailing wage scale last year ranged from \$1 to \$2 in some critical areas.

If a ceiling is established, and workers cannot be secured in areas where they are badly needed at the prevailing, scale an appeal may be made by farmers to WFA to hike the rate of pay.

It is stressed that a majority of farmers in the plains cotton producing areas must "OK" the program before the WFA will take steps, and the approval is made by means of signing request forms for ceilings. These ceilings are available at the office of the county agent.

Asked as to his opinion on the matter, Harper said today, "I'm neither for nor against the move," and added that his only duty was to make the information and forms available to interested farmers.

Only 60 New Cars for District in September

Only 60 new passenger cars will be available for rationing in the Lubbock OPA district during the month of September, the district including Farmer County.

This is the smallest quota since rationing of cars began and is a 40% reduction over the August quota.

"No new cars have been manufactured since February, 1942. The quotas for rationing are getting smaller and smaller. That means eligibility requirements must become more and more strict. Each application sent to the district office will be considered carefully for eligibility, need, and serviceability of present car, before a certificate is granted," Ely Fonville, district rationing executive, says.

This precaution is to insure the few remaining cars will go to the most essential users and those whose need is most urgent.

WAC RECRUITERS HERE
Lt. Muriel Janikula and Cpl. Roberta Waite of the Lubbock WAC recruiting office were in Farwell, Tuesday, interviewing young ladies who might be interested in enlisting in the WACs.

Mrs. Lee Bradshaw visited over the weekend in Slaton, Texas, with her mother-in-law and other relatives.

Son Is Born

Lt. and Mrs. Bert Bernstein announce the arrival of Kenneth Dale, on Wednesday, Sept. 6. Mrs. Bernstein is the former Pat Bagley.

Miss Laura Seaton, of Canyon, is visiting her parents between school terms at West Texas.

Mr. and Mrs. Jim Moss and children spent the weekend with her parents Mr. and Mrs. Fred Barker, Sr. at Friona, and were accompanied home by Miss Mary Lou Barker.

Mrs. Auddie Barker and son returned Monday from Wichita Falls, where they had spent a week with Pvt. Barker, stationed at Sheppard Field. Barker expects to be sent to radio school in the near future.

Mr. and Mrs. H. H. Petree went to Lubbock, Tuesday, taking "Daddy Pete" Petree back to a hospital for a check-up. He is progressing nicely from an operation sustained some weeks ago.

Manpower Needed in Panhandle War Plants

"Need for manpower in the nation's war plants makes it necessary that this community divide its manpower resources among its own essential civilian activities with our war plants that are turning out the ammunition, guns, ships, aircraft, trucks, synthetic rubber and high octane aviation gasoline that are so urgently needed by the fighting forces," said F. A. Wells, area director for the War Manpower Commission in this area today.

In a fast-moving recruitment program designed to secure male workers for Panhandle war plants in and near Borger, hiring representatives of the L. C. Stocker Construction Company, who are engaged in the construction of high octane aviation gasoline refineries, the B. F. Goodrich Company, Phillips High Octane Aviation Gasoline Refinery, and the Phillips Butadiene Plant will be at the county court room in Farwell on Wednesday, Sept. 20, from 9 a. m. until noon. A representative of the United States Employment Service will also be with them to insure employers in the community that no worker already engaged in an essential activity is hired.

Maverick Club Formed

"The Maverick" official publication of the Farwell High School, will be issued again this year, members of the senior class have voted, by electing Peggy Schleuter as editor and Glenn Phillips as editor-in-chief. Other members of the staff will be named later.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to those who rendered such faithful service and loving deeds of kindness and sympathy during the illness and death of our beloved wife and mother. May God's richest blessings rest upon each of you.

J. T. Coburn and Son.
