

## Cost In Blood, Treasure Too Much, Britain Tells UN

NEW YORK, April 29. (AP)—Britain won initial approval for setting up a Palestine fact-finding committee today after declaring she could not be expected to "expend blood and treasure single-handed" to carry out United Nations recommendations on the future of the Holy Land.

The 14-nation steering committee of the UN assembly's Palestine session agreed without a formal vote to place the British proposal on the agenda.

Action was deferred until this afternoon on an Arab proposal to add an item calling for immediate Palestine independence.

The delegates recessed until 3 p. m. (EDT) after an hour and one-half session highlighted by the British-Indian wrangle which was

joined by several other delegates including Russia.

The exchange took place shortly after the assembly's steering committee met to decide whether the extraordinary session should be broadened to include consideration of Arab demands for immediate Palestine independence.

Indian delegate Asaf Ali, taking the floor as the 14-nation steering committee began debating the assembly's agenda, challenged British delegate Sir Alexander Cadogan to clarify Britain's position before any action was taken.

The Indian demand was backed by Andrei A. Gromyko of Russia and Mahmud Hassan Pasha of Egypt despite a ruling by assembly president Oswaldo Aranha of Brazil holding that the issue should not be brought up in the committee but in the assembly itself.

Cadogan read a statement by Lord Hall in the House of Lords last week which said, "I shouldn't imagine Britain carrying out a policy which they thought wrong."

Cadogan said he would amplify the British position in the next day or two in the assembly.

All said, however, that "the question asked has not been answered satisfactorily." He added: "It appears, if Lord Hall's statement is taken as Cadogan says, it does not mean that Britain will not accept the United Nations decision, but there seems a distinction. It would be a sheer waste of time to consider the British proposal if they are not going to abide by the UN decision. We should know the British answer before we place the item on the agenda."

## Resolution To End Legislature Meet Introduced

### Bill To Appropriate Funds For Hospital Survey On State

AUSTIN, April 29. (AP)—Another effort to set a final adjournment date for the 50th legislature for noon May 13 was introduced in the Senate today, while the House continued grinding out appropriations.

Sen. A. B. Crawford of Granbury offered the adjournment resolution and it was sent to the committee on rules on motion of Sen. Jim Taylor of Kerens, chairman of the finance committee.

Taylor told the Senate he was as eager as anyone to finish the session, but that he was not sure the legislature could wind up its essential business by that date.

Passed by the House and sent to the Senate was a bill appropriating \$90,000 for the next two years, for establishment of a West Texas tree nursery similar to one now operating in East Texas.

The vote on final passage was 89 to 26.

The House also set for special order Thursday a bill to appropriate \$100,000 for a Texas hospital survey.

The Senate also passed an appropriation bill—an emergency allocation of \$349,000 for the Texas prison system.

# House Votes Slash For Foreign Relief

## 150 Million Cut In Funds Asked

WASHINGTON, April 29. (AP)—The House voted tentatively today to slash a proposed \$350,000,000 foreign relief fund to \$200,000,000.

The action—first major test of the measure—came on a teller's tally of 156 to 138. It will be subject to a roll call vote later.

The money is intended for use in six European areas and China in 1947 and 1948.

The House accepted an amendment by Rep. Jonkman (R-Mich) to trim the total by \$150,000,000 and limit its use to 1947.

Shortly before the House vote, the Senate Foreign Relations Committee unanimously approved the measure. Chairman Vandenberg (R-Mich) said that group declined to specify where the funds would be spent but would include in a formal report a state department outline indicating relief will be given for Italy, Trieste, Hungary, Austria, Poland, Greece and China.

The bill was merely to authorize the fund. The cash will have to be appropriated separately later.

Only a few minutes before the House vote, Rep. Judd (R-Minn), of the foreign affairs committee, asserted a wholesale slash in the fund "would be disastrous and a betrayal" of Secretary of State Marshall.

Judd said "millions of people in Europe, who hate communism," were given hope by Marshall's firm stand at the Moscow conference of foreign ministers.

"What will be their reaction if the House makes the cut 'as its first action after Marshall's return'?" Judd asked.

From both Democratic and Republican ranks a clamor has arisen for denying any cash to communist-dominated nations. A test was coming up on that issue, too.

But the first one, held over from yesterday, was on a proposal by Rep. Vorys (R-Ohio) to create a commission of five senators and five representatives with the right to approve or veto any relief spending above \$200,000,000.

Washington, April 29. (AP)—President Truman and members of the cabinet form the reception committee for President Miguel Aleman of Mexico on his first official visit to the United States today.

The 43-year-old chief of state of the neighbor republic is scheduled to arrive at National Airport at 3 p. m. Central Standard Time, aboard President Truman's personal plane, "The Sacred Cow."

The national capital was set for an all-out greeting for the Mexican president, replying in kind to the big reception given Mr. Truman in Mexico last month.

The Washington board of trade estimated that a crowd of 250,000 persons would participate in ceremonies welcoming "Don Miguel" to the airport.

The airforces ordered an escort of B-29 bombers and P-80 jet propelled fighter planes for the gala arrival.

The weatherman predicted "clear and warmer."

Historic Constitution Avenue has been decorated with US and Mexican flags and pennants since yesterday.

A 30 by 40 foot Mexican flag was stretched across the memorial bridge over the Potomac river connecting Washington and Virginia, where it could be seen from the air.

Each inquirer is given the same answer: Texas has not authorized the payment of a bonus to veterans of World War II or any other war.

All this letter-answering, Col. Brown pointed out, involves a great deal of stenographic work and runs up the postage bill.

The Secretary of State believes that the letters, which come in at the rate of one to 50 a day, are prompted by misunderstanding of newspaper stories concerning proposed constitutional amendments offered in the legislature. None of the bonus proposals has passed. If one does, it will have to be approved by the people before becoming effective.

Pravda Optimistic On Ministers Meet

MOSCOW, April 29. (AP)—Pravda declared in a front page editorial today that "it should be boldy set forth that the council of foreign ministers session has laid the foundation for solution of the German problem."

It was the second front page editorial on the council in Russian papers since the conference adjourned last week. Izvestia published the first on Sunday, taking an optimistic view for future negotiations.

## Texas Vets Don't Get State Bonus

AUSTIN, April 29. (AP)—Texas veterans do not receive a state bonus—and it's costing a pretty penny in postage stamps to tell them so.

Secretary of State Paul H. Brown said that his office has received hundreds of letters from veterans of World War II asking how to get the bonus.

Each inquirer is given the same answer: Texas has not authorized the payment of a bonus to veterans of World War II or any other war.

All this letter-answering, Col. Brown pointed out, involves a great deal of stenographic work and runs up the postage bill.

## 'Aggie System' Foments Trouble

AUSTIN, April 29. (AP)—The joint legislative committee investigating Texas A&M college met in secret session early today to discuss the future course of the probe and adjourned without setting a date for the next session.

Sen. George Moffett of Chillicothe said members of the group were in disagreement as to what witnesses should be called next. "I think there will be at least two more meetings of the investigation committee," Moffett said, "and I believe we'll go to A&M before it is all over."

Moffett said he did not think there would be another session this week.

Several members of the group had predicted off the record that the investigation might be

## Punishment Eased At State School

AUSTIN, Tex., April 29. (AP)—The Senate today voted to abolish corporal punishment in approximately 30 forms at the Gatesville State School for Boys and the Gainesville State School for Girls.

Vote vote gave final passage to the bill by Sen. Fred Harris of Dallas just one day after a House committee reported that it had found that Texas facilities for caring for the state's unfortunates are far below the standards required of a subdivision of a civilized nation.

The committee report also had related a specific instance at Gatesville where two boys had been struck in the face with bare fists of employees, lashed with a leather strap across their bare skin, then hidden away from investigating legislators.

Stalin told him at their secret Kremlin meeting two weeks ago, Marshall said, that the Big Four powers might be able to compromise, all their major difficulties "after they had exhausted themselves in dispute."

In his delayed report, the cabinet officer put the blame squarely on Russia for the failure of the foreign ministers to agree on a peace treaty for Austria and the rough outlines of one for Germany, and declared:

"The patient is sinking while the doctors deliberate."

"I believe that action cannot await compromise through exhaustion," Marshall went on. "Whatever action is possible to meet these pressing problems must be taken without delay."

## Oklahoma High Court Upholds Negro Ban

OKLAHOMA CITY, April 29. (AP)—The State Supreme court today refused to issue a writ of mandamus to compel the University of Oklahoma to admit Ada Lois Sipuel, Chickasha negro, as a student in its law school.

The ruling affirmed a lower court decision.

The high court held it is the duty of the state to provide equal educational opportunities for negroes, but that under long prevailing state policy, requiring segregation of the races, negroes may be excluded from white schools and required to attend separate schools.

## Plane With 15 Aboard Believed Down In River

VANCOUVER, B. C., April 29. (AP)—A large oil-slick, a quarter of a mile southwest of Stevenson, B. C., at the mouth of the Fraser River in the straits of Georgia, has been spotted by searchers for the missing Trans-Canada Airlines plane which vanished last night with 15 persons aboard.

"We have spotted an oil slick southwest of Stevenson," said Geo. Williamson, an executive of the TCA.

It is a short distance from the Fraser River buoy, and extends over an area of one to two acres, searchers reported.

Land and sea rescue squads have been dispatched to the scene, 10 miles south of the Sea Island airport.

## Renegade Red Wolf Trapped

SAN ANTONIO, April 29. (AP)—A renegade red wolf of Menard county, charged with killing sheep and goats valued at \$10,000, finally put his foot into a trap set by government hunter Beechley late in March, the federal fish and wildlife service reported today.

C. R. Landon, district agent, reported that the wolf which had been operating in the Menard county vicinity for four or five years had become wise to the coyote—getter or booby trap, and was finally caught through use of a live coyote decoy named Oscar.

Oscar was a pet coyote raised by government hunter O'Bannon, Landon related in his quarterly report. Oscar was staked out in a pasture when the wily renegade was known to run, the steel traps set around him.

The trick worked and the red wolf was caught.

## MEET WILL PLAN 'BRONC DAY' HERE

All store managers and owners and any other interested persons are being urged to attend a special meeting at 9 a. m. Wednesday at the Settles, Lewis H. Price, chairman of the chamber of commerce retail merchant's committee, announced at noon today.

Price said the group will discuss a proposal to designate Thursday as "Big Spring Bronc Day" and the merchants will be asked to decide whether to close establishments at 4 p. m. for the formal opening of the Bronc baseball team's home season.

## 'WE CANNOT WAIT TOO LONG'

# Vandenberg Supports Stand Of Marshall On Treaty Need

WASHINGTON, April 29. (AP)—Senator Vandenberg (R-Mich) declared today that the United States "cannot wait too long" for a final European peace program if it finds agreement is "beyond reasonable reach."

Vandenberg, chairman of the Senate Foreign Relations Committee, said in a statement he agrees with Secretary of State Marshall's declaration in his radio report to the nation last night that this country cannot "surrender" basic principles in payment for compromise and expediency.

"Secretary Marshall has honestly faced realities," Vandenberg declared.

"Peace lags because the Soviets insist upon demands which America and her other Allies cannot accept. It is worth a supreme effort to seek agreement during the coming months."

## Victim Of Tavern Shooting Critical

Bernardino Salgado lay near death in a local hospital this morning, victim of a shooting which occurred near the front door of a beer tavern in the north part of town at approximately 11:15 o'clock last night.

Louis P. Gonzales, co-owner of the establishment, surrendered to members of the city police force at the city hall immediately after the fracas and produced a .25 caliber pistol he said he had used on

Charged with attempt to murder after he had signed a statement in the sheriff's office early today, Gonzales was released on \$1,000 bond.

In the signed statement, Gonzales claimed the shooting occurred after a series of disputes between the two men during the past several weeks. He insisted Salgado had insulted and cursed him on numerous occasions.

Eladio Zubiate, picked up as a witness in connection with the shooting, claimed Gonzales had fired upon Salgado without provocation. He stated he had been struck in the neck by Gonzales' fist immediately before Salgado was killed.

Zubiate revealed he had hurried on home and gone to bed after Salgado had been shot and had no knowledge of who summoned the ambulance which took the victim to the hospital.

At the time of the incident, both Salgado and Zubiate were at liberty on bond on the charge of burglarizing Gonzales' place of business.

Salgado was struck in the side by a single bullet.

## Psychopathic Ward Escapee Is Hunted

SAN FRANCISCO, April 29. (AP) Frank R. Wallrath, former paratrooper from Long Island City, N. Y., who escaped Sunday from the psychopathic ward of the army's Letterman hospital here, was still at large today.

Three others who escaped with Wallrath were captured Sunday night, all within 100 miles of San Francisco. Search for Wallrath broadened to Southern California.

Authorities expressed fears for Medical Corpsman Wallace Williams of Ft. Fort, Tex., abducted as a hostage by the escapees, and still missing. Army officials, however, believed that Wallrath was not armed.

## Winston Churchill Mystery Painter

LONDON, April 29. (AP)—A mysterious landscape painter who turned out to be Winston Churchill had London's art world agog today.

Under the name of "Mr. Winter"—of whom no art judge ever had heard—the cigar-smoking amateur submitted two canvases to the Royal Academy, Britain's foremost gallery, and hoped, probably half-heartedly that they'd be good enough for a spot in its annual exhibition.

Only art's elite ever make the grade, but both of "Mr. Winter's" entries were accepted. One was ordered hung "on the line," or at eye level. Professional painters have doubted for years without achieving that distinction.

## BLAST INVESTIGATED

BORGER, April 29. (AP)—An investigation continued today into the explosion at the Phillips Petroleum Company's sulphur compounds plant yesterday that killed two employees.

Supporting Marshall's stand for basic principles, the Michigan Senator continued:

"He also is right in frankly stating that we and the world cannot indefinitely permit disintegrating forces to threaten sound results. We must still strive for a united program."

"But if it is beyond reasonable reach we cannot wait too long for a peace program, which at least unites those who can agree."

The United States served notice on Russia that this country will drive ahead with steps to help speed Europe's recovery without awaiting the big-power "compromise of exhaustion" foreseen by Premier Stalin.

Secretary of State Marshall disclosed the Soviet leader's suggestion and the American reply in a plain spoken report to the nation last night on the disension-torn Moscow Foreign Ministers conference.

Stalin told him at their secret Kremlin meeting two weeks ago, Marshall said, that the Big Four powers might be able to compromise, all their major difficulties "after they had exhausted themselves in dispute."

## Bank Robber Suspect Ordered To Hospital

HOUSTON, April 29. (AP)—County Judge Glenn Perry yesterday ordered Robert C. Horton, 23-year-old war veteran charged with attempted robbery by firearms of \$50,000 from Houston's National Bank of Commerce, committed to a Veterans Administration hospital at Waco.

The order was made after a criminal district court sanity hearing jury found that Horton is "mentally incapable of sustaining a defense against a criminal charge."

Davis S. Schlom, the youth's step-father, told the jury that Horton's mind had been impaired by his Army service.

The attempted robbery of the bank was made last week.

PLENTY OF BANANAS—NEW ORLEANS (U.P.)—New Orleans is still the nation's No. 1 banana port, a spokesman for United Fruit Co. said. Five banana boats come in each week with approximately 50,000 stems each, or more than 1,000,000 stems per month, he reported.

## Facts Gained In Probe Of Blast May Help Shippers In The Future

**GALVESTON, April 29. (AP)**— Facts gained during the Coast Guard investigation of the Texas City disaster may be important to shippers in the future, Rear Adm. Gordon T. Finlay of New Orleans, said here today.

"We are assembling a mass of material not only to determine what happened at Texas City but to give shippers and others the benefit of experience gained. From our record, for instance, a ship captain may be helped to decide what he should do with his vessel if an explosion occurs on another ship in the same harbor."

The board hopes to finish the hearing with its ninth session today. Members will then examine facts, arrive at conclusions and make recommendations which will be sent to J. F. Farley, Coast Guard commandant at Washington. Any announcement will come from there.

The board will not punish any person in connection with the disaster but has power to revoke licenses "and will do so," Admiral Finlay said. "If the evidence jus-

ties such action."

Three French seamen from the freighter Grandcamp told the board yesterday that they had no warning their burning vessel was about to explode. The men, Roger L'Abbe de Le Havre, Albert Du-Long of Fe Camp, and Guy Saucy of Lisieux, all testified they were ordered to abandon the ship but that nothing was said about an impending explosion.

The three owe their lives to the cigarette habit. Moments before the explosion they left the ship to go to a nearby cafe for cigarettes. Saucy said he went down into the Grandcamp's hold when fire was discovered.

"Smoke was coming from sacks (of ammonium nitrate) and from between the sacks," he asserted. "Five or six fire extinguishers were trained on the blaze."

"I went back up on deck and was getting one of the ship's hoses ready to shoot water into the hold. The captain came up and told me 'no water.' I do not know why he did not want water used. He did not say. I dropped the hose to the deck."

## Two More Restrictive Labor Bills Placed On Legislature's Calendar

**AUSTIN, April 29. (AP)**—Two more pieces of restrictive labor legislation were on the House calendar today following approval by the House Labor Committee, 13 to 4. The measures would make labor unions subject to conspiracy-in-restraint-of-trade provisions of

state anti-trust laws.

By Sen. Ben Ramsey of San Augustine, the bills have already been passed by the senate.

Union members found guilty of entering conspiracies in restraint of trade would be subject to fines ranging from \$500 to \$1,500 a day for each day of violation and penitentiary sentence of two to ten years.

Boycotts and secondary strikes would fall within the definition of conspiracies in restraint of trade, according to terms of the bills.

The House committee on revenue and taxation unanimously approved a resolution by Rep. John L. Wallace of Fort Worth calling for an interim committee to investigate state finances and report to the governor and next legislature in December, 1948.

A nine-man committee composed of three representatives, three senators and three persons appointed by the governor would make the study, which would include a survey of the state's present tax structure and possible new sources of revenue which could be taxed to an equitable basis.

The resolution, which now goes to the House floor, must gain approval of both the House and Senate to become effective.

Committee approval was given to a proposed constitutional amendment to maintain a state university for negroes by appropriating from the general fund a sum bearing the same proportion to the net income of the University of Texas permanent fund as the negro population bears to the total state population.

The resolution is sponsored by Rep. J. M. Heflin of Houston.

Reported favorably by the House Criminal Jurisprudence Committee was a bill providing for a \$500 fine or two-year penitentiary sentence on persons convicted of entering automobiles and taking anything of value.

## Connally, Langer In Verbal Clash On Dooley Vote

**WASHINGTON, April 29. (AP)**— Senators Tom Connally (D-Tex) and William Langer (R-ND) clashed verbally yesterday over the latter's vote in the judiciary committee's action on Joe B. Dooley, Amarillo, to be federal judge for northern Texas.

The committee voted 12-4 to send Dooley's nomination to the Senate floor for confirmation.

The rift between Connally and Langer followed the committee vote when the Texan learned that Langer had simply voted for Dooley's nomination to be sent to the Senate floor without recommendation.

Connally heard Chairman Wiley tell of Langer's vote when he came into the committee room after the closed hearing.

"Why, Langer told me he would vote aye. Where is he? I want him to change that vote and be recorded like he said he was going to vote," he said.

The senior Texas Senator went onto the Senate floor and later came out with Langer, exchanging angry words.

Connally hurled the charge "liar" at Langer, who was heard to reply:

"You may be a big shot in Texas, but you can't bluff me."

Connally had nominated Dooley for the post and Sen. W. Lee O'Daniel (D-Tex) had objected to Dooley as being "personally objectionable" to him.

Langer said:

"As far as I know, Mr. Dooley is an honest man. Since coming here I never have voted for any man a senator said was objectionable. I don't believe a nomination should be kept indefinitely in a committee."

"I'm going to vote against him (Dooley) on the floor on the grounds that Senator O'Daniel says he is personally objectionable to him."

Connally expressed satisfaction at the committee action and said: "The committee is convinced of the ability, standing and character of Mr. Dooley after long and deliberate hearings."

O'Daniel said that he intended to review all of his complaints against Dooley on the floor of the Senate.

## Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles, else the food may ferment. Sour food, acid, indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalis to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

### Curb Building Due To Start In Few Days

The Big Spring street department expects to begin installation of curbs and gutters this week on the first block of the new volunteer paving program, City Manager Herbert Whitney said today. Workers were pouring concrete this morning for a retaining wall along the south edge of the West Side park, and equipment will be moved to the new street project as soon as the park work is completed.

The block already signed for paving is on 18th street between Main and Scurry. Several more petitions for new paving are being circulated, Whitney said, but no more had been completed this morning. The petitions are being circulated on the basis of cash payments in advance. However, Whitney said some property owners might be able to arrange payment by installment by offering mechanic's liens on their respective property. Such procedure could be followed, only if individual instruments are acceptable at local banks.

### Colored Civic League To Give Benefit Program

The Colored Civic League of Big Spring will present a benefit program for Texas City relief at 8 p.m. May 7 in the Municipal auditorium, Frank Miller announced this morning. The program was tentatively arranged at a general meeting of the League Sunday afternoon. Talent for the program will be furnished by negro churches in the city. Another meeting has been scheduled for 7 p.m. Thursday at the Lakeview school, at which time the churches have been asked to have their representatives present. No admission fees will be charged for the program, but an offering will be taken, with all proceeds scheduled to go for Texas City relief.

### Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drug store and ask for four ounces of liquid Barentrate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonfuls twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

### Forrestal Asks 'Substantial' Maintenance Of Military Power

WASHINGTON, April 29. (AP)—Secretary of the Navy Forrestal declared today the best present contribution this country can make to world peace is the maintenance of substantial military power. Until the United Nations has a chance to reach "maturity," Forrestal said, US armed force is the main hope for the world stability necessary to international commerce, "the greatest and most practical agent of civilization." Forrestal's address was prepared for the 35th annual convention of the US Chamber of Commerce, which invited presidential aide John R. Steelman to follow the cabinet officer with a message from President Truman.

Truman an opportunity to press home his campaign to head off a depression by cutting prices. The chamber's policy committee planned to vote during the day on a price policy resolution of its own. Forrestal, too, touched on the national economy with a promise to cut expenses of the navy as far as possible "without dangerously impairing the efficiency of our operating forces." Even before hearing Mr. Truman's message, Vice President Earl O. Shreve of the chamber of commerce indicated his belief that prices will find their own level through the workings of supply and demand, possibly involving a "recessing" in business. He also hailed the Republican victory in the last congressional elections and took issue with the administration stand against tax cuts this year.

### The Chiropractor and You

No. 9 of a series of articles published in the public interest to explain and illustrate the practice of Chiropractic specialist without sign of improvement. The parents were advised to place him in an institution but decided to try Chiropractic first. A Chiropractor took charge of the case in February. By July the fits had entirely ceased and ever since the boy has developed normally in every respect. CASE HISTORY No. 1589. Five days after birth this infant developed a rash over his entire body. It failed to respond to treatment and he was under the care of specialists until he was 10 months old. The case was variously diagnosed; the final conclusion being that it was eczema. He was sent home from the hospital as incurable and in desperation the parents decided to give Chiropractic a chance. Spinal adjustments to relieve nerve pressure were begun in May and in October the skin was free from lesions and hair had commenced to grow. ## Mother Slays One Child And Injures Four

BELLAIRE, Kas., April 29. (AP)—The coroner's office today listed the deaths of a 34-year-old mother and her baby daughter as murder and suicide and Sheriff Clarence Duntz said the woman also had attempted to slay her five other children.

Four of the children were hospitalized, one in critical condition. The mother, Mrs. Mabel Robinson, was found drowned in a creek near her home.

Thirteen-year-old Lewis Leroy Robinson, the eldest child, was credited with saving the lives of four of his sisters. Duntz said the youth awakened yesterday and found his mother beating his 10-year-old sister Shirley with a poker.

"The boy tried to stop her and she hit him twice. He pushed her against the stove and he and Shirley ran to a neighbor's house for aid," the sheriff said.

Tom Robinson, the father, was working at Abilene, Kas., at the time. He is a truck driver.

Mrs. Robinson apparently had attempted to kill the children, the sheriff said, by beating and choking them and forcing carbon monoxide into the house by means of a hose attached to a power washer.

The dead child was 3-year-old Patty Jean. The condition of Rosa Lee, 4, was reported as critical. Also in a hospital were Betty, 8, Fredricka, 6, and Shirley.

## Causes Of Death Fast Changing, Physicians Told

CHICAGO April 29. (AP)—Medicine in the near future is going to change its teachings and include economic and sociology so that doctors can better keep people from getting sick.

This prediction was made to the American College of Surgeons, today by Dr. Wilson G. Smillie, professor of public health and preventive medicine, Cornell university medical college, New York City.

He explained that the causes of death are rapidly changing. And he declared that medicine, pills and drugs are now substituting for tuberculosis, pneumonia and the great infections which for thousands of years were man's worst enemies.

The new diseases, he said, are degenerative, those of aging, like hearts and arteries; and also the chronic diseases which do not kill, but which for no apparent good reason keep millions of people constantly ailing. This latter class of disease he said affects mostly men and women in their thirties and forties. He said the amount of chronic disease is astonishing.

The doctor of the future he said will consider his patient's home life, his job and his attitude toward life. He will be as much concerned with well people as the sick. For the degenerative diseases there is at present no adequate remedy.

There is not likely to be, Dr. Smillie argued, until doctors begin preventive measures that involve man's social and economic condition as a probable starting place for bad hearts and the like.

**O'Brien Services Set Wednesday**

Funeral for William Pat O'Brien, 32, Texas Electric Service transmission lineman, will be held at 2 p. m. Wednesday at the First Baptist church with Dr. P. D. O'Brien, pastor, officiating.

Pat O'Brien was electrocuted Monday morning when he came in contact with a high voltage line while working on a pole in Sweetwater. Efforts to revive him were unsuccessful.

Survivors include his mother, Mrs. Irene O'Brien, 500 E. 12th, and father, T. A. O'Brien; six brothers, Emmitt O'Brien of Midland, Ted O'Brien of Big Spring; Frank O'Brien of San Angelo; Jack O'Brien of Copenhagen, Denmark; George L. O'Brien and Bledsoe O'Brien of Big Spring; three sisters, Mrs. J. M. Simmons, and Mrs. F. B. Timmons of Big Spring, and Mrs. R. E. King, Jackson, Miss.

O'Brien, who had been with TES for the past two years, was born in Alabama but had resided here most of his life. He will be buried in the city cemetery.

A former serviceman, O'Brien was in the army from July 5, 1940 to July 22, 1945, having served in the Rhineland, Sicily, Central Europe, Ardennes, North Africa, France, Normandy, Algeria, French Morocco campaigns. He was awarded the Silver Star on July 18, 1944.

**Title Football Game On Screen At Gym Tonight**

A movie of the Thomas Jefferson-Odessa state championship football game of 1946 will be shown to sports fans at the high school gymnasium starting at 7:30 o'clock tonight, Coach Pat Murphy has announced.

The film, which covers the game in its entirety, will be free to the public. It is distributed by the Texas High School Coaches association.

If enough interest is manifested, a movie short, "Football Thrills of '1946," showing among others, Charley Trippi in action, will also be screened.

## Harvester Union Accepts Increase

CHICAGO April 29. (AP)—The largest of the 11 unions in International Harvester Company plants has accepted the offer of a wage increase equivalent to 15 cents an hour.

A federal conciliator said last night the CIO United Farm Equipment Workers Union had agreed to the new terms for its more than 30,000 members in 10 cities.

The new terms, offered by the company yesterday morning to 62,000 employes in 21 plants, follow the pattern adopted thus far in new contracts by automobile, steel and other industry workers. They provide for a basic 11 1-2 cent hourly increase plus pay for six holidays a year which equal an additional 3 1-2 cents an hour.

In announcing the offer, the company said the wage boost would not affect present consumer prices of its goods.

## Mrs. Newton Rites Scheduled Today

Last rites were to be said at 4 p. m. today at the First Baptist church for Mrs. Zora Bell Newton, 58, wife of E. M. Newton. Mrs. Newton succumbed Monday morning following a long illness. She had been a resident of Howard county since 1902.

Services were to be in charge of Dr. P. D. O'Brien, pastor, and Rev. W. C. Williamson, pastor of the Prairie View Baptist church. Burial was to be in the city cemetery.

Besides her husband, Mrs. Newton is survived by one daughter, Mrs. Harvey Wooten, Big Spring; two sons, Floyd White and Elmer White, Big Spring; two stepdaughters Mrs. G. C. Broughton and Mrs. Charles Warren; and six stepsons, B. M. Newton, M. R. Newton, Lester Newton, H. M. Newton, Marion Newton, Troy Newton.

Pallbearers were to be Walker Bailey, Wilbur Forrest, Clarence Fryar, W. L. Townsend, W. J. Rogers and Dewey Martin.

## Officers Restrained From Seizing Boats

BROWNSVILLE, April 29. (AP)—Three officers of the game, fish and oyster commission of Texas were restrained from seizing shrimp boats operated by the Brownsville Shrimp Company, Inc., in a temporary order issued yesterday by Judge Arthur A. Klein.

Named in the injunction were H. D. Dodgen, both individually and as executive secretary of the commission; F. M. Cowsett, chief enforcement officer; and M. L. Pulli, local game warden.

Judge Klein set a hearing for May 8 to determine whether the injunction should be made permanent.

# Showdown Coming On Cleavage

A showdown is approaching rapidly in Congress on labor legislation, and it may be laden with explosives.

Chief reason for this is that it may be the first fundamental manifestation of a cleavage between a Democratic executive and a Republican Congress. At the moment there is strong evidence that both are looking toward 1948 elections more than to a fair and honest solution of a vital problem.

The developments, briefly, are these: Congress appears bent on writing a tough labor bill. The President has indicated that he will not accept a tough bill. Even on the basis of the House's severe swing to the right in adopting a labor bill which would render impotent many of the features of the Wagner bill which contributed to strong labor, it is doubtful that a labor bill could be passed over the President's veto.

That would mean no labor bill at all. The Republicans would claim they had offered a labor control measure, that the President would have to accept responsibility for no change in the laws. On the other hand, the President could say he

wanted a moderate bill, but that he had protected organized labor from annihilation. Neither would have the slightest effect on the real issue.

Senator Taft indicated a while back that he would confer with the President concerning labor legislation in order to reach the widest possible area of agreement, but now there is no indication that he or any member of the Republican party will discuss the matter with the chief executive. On the other hand, the President, answering a direct question on willingness to confer with Republican leadership on labor measures, side-stepped the issue with a reply that anyone had the right to confer with him. Thus, it appears neither has any intention at the moment of engaging in a frank and fair discussion of the issues.

This is the only basis that labor legislation will come out of the current session, and the only way in which it can be brought about is for public sentiment to prevail upon congressional leaders and the administration to attempt the greatest possible agreement on laws before they are passed and go to the White House.

# The DAs Still Left Out On Limb

Governor Jester has made a gesture toward reminding the legislature he wants no new taxes. He did it by vetoing a bill which would have raised district attorney salaries by \$1,000.

The governor's tenacity must be admired, but outside of the philosophy that little things make big things, he started with peanuts. At one time we applauded former Governor Stevenson for a similar

veto, but we have since concluded that the men who serve as state's attorneys are due some relief. In being left out on a limb in reference to fees and expenses, they are in an unique position. They either need some real relief in this direction or in salary.

In the case of the DA's salary, all is not gold that glitters, and continued penalty on a none-too-big salary may work against quality of men seeking the posts.

The Nation Today—James Marlow—

# Labor Bill Too Tough For Truman

WASHINGTON, (AP)—You've been hearing for months about congress and bills to curb labor unions.

Are you wondering where does it all stand now? What happens?

You won't know the final answer for some weeks. Here's an ABC explanation, up to date and of things to come.

A couple of weeks ago the House, after months of work, passed a bill to restrict labor unions.

This was the toughest labor bill ever passed by a house of congress.

And the Senate this week or next will pass its own bill to restrict unions.

This bill, too, is tough, although less tough than the House bill.

Because the two bills differ in many ways, when the Senate passes its bill this will happen:

A joint committee—made up of members of the House and Senate—will be appointed. The committee member's job will be to agree on one single bill. In short: a compromise bill. Which means:

They'll take big chunks of the House bill and big chunks of the Senate bill and put them in one bill.

This means keeping some of it, keeping some of the House bill, dropping some of it.

When the joint committee has agreed on this single, final bill, it will send it back to the House and Senate, as usual in such cases are pretty certain to

# Fateful Decision Up To Congress

Last night Secretary of State Marshall made a report to the nation on the big four foreign ministers' deadlocked Moscow conference and its implications for world peace and well-being.

This was no ordinary accounting of stewardship by a public servant. Upon the general's report, and the facts which he laid before President Truman and key congressional leaders in private, may hinge the fate of the administration's new world-policy of combating aggressive totalitarianism. Congress still has to deal with that policy — to implement it, or to nullify it by refusing to provide funds — and Marshall's report is bound to have vast weight.

The decision which America has to make is one of the most important in our history. We stand at the cross-roads in our

relations with our war-time ally, Soviet Russia. We have to determine whether we shall resist the continued expansion of communist aggression, which the Washington administration warns is a threat against our own security, or whether we shall condone the expansion.

There are, of course, varying views, and the subject is anxiously debated wherever two or more people meet. Sunday, for instance, I heard the matter discussed from the pulpit by the pastor of one of the country's large churches. He related that he had been immeasurably shocked during a recent meeting of divines when one of the leading speakers advocated pacifism and appeasement in dealing with the Russian problem. The preacher Sunday declared that

# The Evils Of Tipping

NEW YORK, (AP)—Alphus Ronald Thistlethwaite, the seer of Washington square north, was seen scurrying rapidly toward a Fifth avenue bus in one hand he carried a comfortably padded soapbox.

"Whither away, Alphus?" called his friend Pythias Roundelay.

"To Union Square to rouse the masses!" cried Thistlethwaite.

"What is it this time?" sighed Roundelay, the laureate of Park Place, as he daintily placed upon a park bench the copy of Kraftfabeing he was translating into heroic couplets. "Is the park commissioner trying to erect another one of these devilish children's swings in Washington Square?"

"You are less than amusing," said Alphus. "This is a matter that affects all America. It affects even you! Have you read of the Newburyport sales plan?"

"You mean the voluntary proposal to cut retail prices ten per cent?" replied Pythias languidly. "That hardly affects me — the prices are still ninety per cent too high for a genius without money."

"The Newburyport plan does not even touch the fringe of the problem I am attacking," said Thistlethwaite vehemently. "I purpose to remove hands from the consumer's pocket that have no business there at all."

"Such as?"

"Such as the people who get paid for doing nothing or who want extra pay for something they are already paid to do. It is a fiendish custom imported from totalitarian states to weaken the character of our democratic workers."

Lewis Under Handicaps This Time

WASHINGTON, (AP)—Today John L. Lewis and the coal operators tee off to a discussion which will decide whether the nation's industry, just after escaping steel, motor and rubber strikes, will suffer a paralyzing coal shutdown.

Lewis goes into the conference very much on the spot. First, the government is now doing exactly what he has long urged—turning the mines back to private industry—effective June 30.

Second, Lewis is not in good shape with his own men. They have lost a total of around \$900 per man in the past year through three strikes called by him. The miners lost 59 days last spring; 17 days in November and December and about two weeks this spring. In other words, they lost all they could have made by increased wages—and then some.

Lewis, therefore, has to stage a dramatic move to recapture the complete confidence of his men. To that end he is demanding a program the operators will never grant: 1. ten cents royalty on each ton of coal mined (with the 5 cents present royalty); the welfare fund is now \$20,000,000; 2. continued mine safety committees; 3. present pay of \$75 for a 54-hour week to be continued for a 40-hour week.

While the operators will give the same 15 cents an hour raise now granted in steel, motors and other industries, they won't yield on the heavy increase demanded by Lewis.

Yet Lewis's influence is slipping so badly that he is certain to try to stand pat for spectacular new gains. Result may be that the miners, again will lose more while on strike than from increased wages—while the country suffers another deadly paralysis.

ing General Clark about the town pointed to a big building and remarked with pride, "that's the Lenin Library." "Oh, yes," replied Clark. "We have those at home." (You have to say it out loud to appreciate Clark's humor.) Went slumming today. Soviet life in the realistic raw—poverty, slums, crowded unhealthy living. We live in such splendid isolation at Hotel Moscow that we have no idea what the Russian people are really like... Everyone in the Hotel Moscow gripes about the slow dining-room service. However, it took a French Communist to bowl out the waiter. "Bring me some chorb," he said, "and see that I get it some time before the end of the third five-year plan!"... John Foster Dulles, much quoted diplomatic adviser to Tom Dewey, is more on the fringes than in the center. His excuse: "There is little opportunity to be anything but scenery in the Big Four meetings."

Dulles considers General Clay "politically naive" because Clay trusts the Germans to accept Democracy instead of Communism if given a free choice. Such tactics merely lead to a competitive campaign between Russia and the United States, explains Dulles, to see which side can give the greatest favors to Germany.

NO-WEIGHT DULLES — Dulles claims to wield a lot of influence in shaping US policy, but actually doesn't... Last year he pulled a big speech in Philadelphia claiming credit for persuading Jimmie Byrnes to get tough with Russia. Real fact is that during the conferences in which Byrnes changed his policy, Dulles never opened his mouth. It was Averell Harriman who did the persuading... Dulles has dropped word that whether or not he becomes Secretary of State, he expects to be very close to the department. He will be glad to make his advice always available... generous.

Saw a dress rehearsal of "The Russian Problem"—propaganda play attacking the capitalist American press. It is being produced simultaneously by 500 Russian theater companies in 500 Russian cities... Genevieve Tabouis, famous French journalist and onetime biographer of Edouard Herriot, carries on undaunted... She now hates the Reds as much as she hated Hitler... Communist bodies behind every lamppost... The other day some Frenchmen got into Genevieve's hotel room when she was out, mused up her papers, and left a note reading: "Vous etes connue ici" (You are known here)... Now Genevieve sees not only Communists behind every lamppost, but Soviet spies under her bed... The Big Four was left deadlocked as usual last night. General Marshall, who was presiding, asked if the ministers wanted to adjourn or continue the

discussion. "Sufficient unto the day is the evil thereof," quipped Bidault of France. "I suggest we adjourn."... But when the interpreter began translating, Bidault stopped him.

USELESS GOLD PEN — Chauffeurs of American diplomats in Moscow report to the NKVD on their passengers. Everybody knows this so the passengers say nothing in Russian which the chauffeurs might overhear... Irony is that the chauffeur sometimes acts more anti-Russian than his boss — which, of course, may be a blind to elicit more information... The French don't like General Clay because he opposes unification of Germany. Herve Alphand, quipping on the Quai D'Orsay now calls the general Clay D'Orsay... The Daily Telegraph describing life in the Hotel Moscow said: "The orchestra is much appreciated between pieces." It got by the censor.

Says Foreign Minister Bidault: "I understand General Smith (US ambassador) is going fishing in Normandy when this conference is over. Fishing is like diplomacy. It requires a great deal of patience for a small catch." Also says Bidault: "Here is a gold pen which general Smith gave me. It is the type which writes without ink. He said I was to use it to sign the Trilateral agreement. But, it doesn't write"... The pen won't be needed now... Eddie Gilmore of The Associated Press plays the drums in the American band in Moscow called "The Kremlin Krows." This name was written on the drums—that is, until the Russian chief of protocol saw the band one evening and protested. Now the word "censored" is written across the drums... A ballerina is queen in Russia. She gets good food, good clothes, good pay, and three new pairs of ballet slippers after every performance.

ALEMAN AND "HARRITO" — The exchange of visits between President Truman and Mexico's President Miguel Aleman is the greatest shot in the arm to the good-neighbor policy since Sumner Welles left the State Department.

President Aleman is convinced that Mexico must solve its economic headaches or be swept up in the rising tide of extremism now sweeping much of the world. To keep Mexican employment high, the Mexicans want loan from the United States, but on a partnership basis, not with Wall Street motives behind them. These points were quietly discussed during closed-door talks between Truman and Aleman to talk to top bankers and industrialists as well as to key government economic experts while he is a guest of the United States. Truman wants to make sure the plan gets off to a solid start. (Copyright, 1947, The Bell Syndicate, Inc.)

# Legion Of Decency Raps Narcotics

HOLLYWOOD, (AP)—The legion of decency, which has always been a potent force in establishing movie policy, has its guns trained on pictures dealing with narcotics.

Mgr. John M. McClafferty, executive secretary of the legion, is in town to inform film executives that his group disapproves of any mention of dope in pictures. Two recent films dealt with the subject.

"No matter how narcotics are shown," the churchman said, they will still arouse the curiosity of our youngsters. Curiosity will lead to experimentation, and experimentation with narcotics can only lead to one thing—habit."

Peter Lawford's musical career continues. The English lad, whose sing-and-dance talents were discovered in "It Happened in Brooklyn," goes into the big MGM musical, "Easter Parade." Irving Berlin is writing a couple of songs for him.

Peter's pal, Frank Sinatra, on the other hand, will do no singing in "Miracle of the Bellies."

The crooner is taking his priest role seriously; he has even sought advice from actors who had played clergymen.

Sepia films may return to the screen to combat the unavailability of color film. Doug Fair-

banks, Jr., wanted color for "The Textile," but would have to wait a year for enough prints for a release. Since he needs his return on the film before that, Doug decided to use brown tinted film, as his father did in many times.

James Baskett, who played Uncle Remus in "Song Of The South" and is a mainstay on the Amos 'n' Andy show, is much better after a serious two-month illness with a kidney ailment. He expected to leave the hospital over the weekend.

# Stiff Rocks Indicate Cold Spell

Winter just won't quit. You can't blame it for not wanting to leave Texas, but after all—

Duke Westrich, who travels for a Chicago firm, visited the valley and seemed to enjoy the comparative warmth down there. But, he said, up in the Panhandle "the rocks are standing straight out—like that."

What rocks, asked Mynatt Smith, McAllen Monitor managing editor.

"Why," said Westrich, "they have rocks tied by chains to fence posts. When the wind blows hard and it gets cold, the rocks stand straight out from the fences and then freeze and hang there in mid-air. That's the only way the natives can tell if it's really cold."

That's what the man said.

Up in Texarkana, which is half in Texas and half in Arkansas, Mayor B. R. McCarley blamed Texas winds for a bit of double cross.

He said the Arkansas street cleaner made the rounds and the streets were as clean as your living room.

"Then about 8 o'clock there comes up a big wind out of Texas and a few minutes later our street are littered with papers and dust and the Texas streets looked pretty clean."

But they're hopeful up in Tyler.

Someone reported that he had heard the call of the whippoorwill, and said "when the voice of that elusive and rarely seen nocturnal bird is sounded it means there will be no more cold weather."

Ordinarily it is never heard before the last of May or early June.

And in Marshall they ignore overcast skies and thunderstorms and celebrated straw hat day.

# Broncs Slaughter Odessa, Clash With Cats Tonight

## LOOKING 'EM OVER

Much work remains to be done on the Big Spring baseball park but Larupin' Lou Baker, who has donned a pair of overalls and fallen to the task of completing the project, stoutly maintains the orchard will be ready Thursday night, at which time Pat Stasey's Broncs come home to do battle with the Sweetwater Sports.

Once the plant is completed, Our Town will boast one of the finest layouts in the smaller minor leagues. Architects Olen Puckett and Bill French did a great job of designing the grandstand. Contractor Arlie Suggs went to great pains to hew a permanent structure out of concrete and steel. The playing field, which no doubt will be the best in the Longhorn league, has been tempered and leveled by workmen assigned by the city. It is to be rolled before game time.

The hedge that used to run along the boundary of the track circling the football field is no more. The uneven terrain that bordered the hedge has been cut away. The diamond has been skinned, the pitcher's mound raised. The lights were to be placed either today or Wednesday.

Work will not begin on the fences until the last light has gone into place. It was originally planned to start the uprights last Saturday but the problem of locating the lights arose.

The limited seating capacity of the grandstand (approx. 1,000) is the one drawback of the facility but the stadium is built in such a way that another 2,000 seats can be added in future years. Some thing like 1,000 bleacher seats will be hauled in for use this season. Baseball parks built here, in other years were of temporary structure. Their average life was something like five or six years. Barring

## Murdock, Getz Clear The Way For Collision

Little as each man relishes the prospect, Frankie Murdock and Al Getz cleared the way for a future collision by winning their respective matches at the Big Spring Athletic club Monday night.

Murdock got battered from pillar to post by Buck Lipscomb but twice slipped the Hoosier a Mickey Finn to win going away.

Getz, the jester from Pittsburgh, Pa., had his hands full with Ace Freeman. The Ace had the ropes to blame for his demise. A figure-four head scissors had given him one fall and he had Aloysius in the same position again, bouncing him about the mat like a damp dish rag, when Getz curled one leg about the rope and pinned the New Yorker.

Lipscomb fell victim to Murdock's potent sleep producing hold. The Texan applied leverage to the base of the Lip's skull and the Indian's lights went out.

After Frankie had put his foe in cold storage for the opening fall, some of the spectators expressed doubt that everything was above board.

They were not long in coming around, however. Murdock stopped the show to ask for volunteers who would subject themselves to his experiments. A couple of the more intrepid patrons climbed through the hemp and Frankie proceeded to send them to the Land of Dreams in short order.

Murdock then brought them to by massaging the napes of their necks. They claimed they suffered no after effects.

## Patterson Gets Five Safeties

Joe Langston, veteran right-hander, was due to toe the slab for Big Spring tonight in the Broncs' Longhorn baseball league game with Ballinger in the Cats' hall.

Big Spring captured the league lead by crushing Odessa, 27-10, while Ballinger was subduing Vernon, 7-4.

A total of 39 hits rattled off the boards in the Odessa-Big Spring nightmare, the Hoosies from Big Spring collecting 24 of them.

Lloyd "Pat" Patterson, who toiled eight innings on the hill for Big Spring, paced the Broncs' mace attack with five safeties. Every man in the Cayuse lineup hit safely at least once while Gaspar Del Toro drove in ten runs.

The Big Springers collected three runs in the initial round, added another in the second and two in the third. Then they slammed seven tallies across in a big fourth.

Odessa used four pitchers, including Manager Howard McFarland who finished.

Orlie Moreno continued blistering the ball by collecting three bingles in five trips. Andy Viarmonte had two for five. Del Toro four for five. Mario Varona and Pepper Martin, both two for five. Leamon Bostick one for five and Tony Trasparto four for five.

The victory was the Steeds' third in four league starts. Big Spring . . . 312 734 502-27 Odessa . . . 210 004 120-10

## Sports Roundup

### Berra Wasn't Told Of Gus' Strategy

By HUGH FULLERTON, Jr. (AP) NEW YORK, April 29. (AP)—Larry Doyle, John McGraw's celebrated second baseman who once summarized all baseball aspirations in the words "It's great to be young and a giant," has signed as coach of the Saranac Lake Majestics in a small northern New York league. . . . Returning to baseball after some 20 years, Larry agreed to take on the job at a salary even lower than his big league pay—\$1 a year. . . . And in Vermont's northern league, a famous cradle of big leaguers, Jake Kline won't be back as manager of the champion Bennington team because of the summer session at Notre Dame, but Michigan's Ray Fisher, again will manage Montpelier-Barre. . . . John De Moisey, one of Happy Chandler's assistants and a former U. of Kentucky basketball star, reports his alma mammy is coming up with a good football team, too, this year.

### Yogi! Berra, lapped by the Yanks this spring as the best bad-ball hitter ever saw, played for the New London, Conn., sub base team in the New England service league during the war. . . . In a game against Quonset, Yogi was at bat and Gus Niarhos, who also belongs to the bank as catching. . . . Gus signalled for a pitch-out in an effort to catch a runner of second base and Berra slammed the pitch for a double. . . . Niarhos turned to Umpire John Cawley and remarked: "Goeh, Ump, that was a pitch-out. . . . replied Cawley: "I know, but you didn't tell Yogi."

### Hill County Singers Will Hold Convention

HILLSBORO, April 29. (AP)—The annual spring meeting of the 35-year-old Hill County Singers Convention will be held at Merrets, Hill county, Saturday night and Sunday. President Walter Kemp is expecting 7,000 persons and says the singers will range in age from 6 to 80. An old fashioned dinner on the grounds will be the feature Sunday.

## Feline Brigade Win But Loses, Gardner Rules

Fort Worth took a 6-3 decision from Houston on a ninth-inning rally last night, but had a game cut from its record in the Texas League from office.

President J. Alvin Gardner upheld an Oklahoma City protest over a 2-1 decision last week and ruled that the game must be played over from the point of error.

The error in question was that Andy Anderson should have been ruled out when he stepped out of the batter's box on a pitch-out and fouled the ball. Umpire Sandt held he deserved another swing and he then drove in the winning run. Oklahoma City protested the decision to Gardner.

When the two teams play the game off, according to the ruling the same lineups will be on the field, a runner will be on third base and Fort Worth will be at bat with two out. Jack Phillips will be due at the plate.

In other decisions on the field of play yesterday, San Antonio blanked Dallas, 7-0. Shreveport edged Oklahoma City, 2-1 and Tulsa beat Beaumont, 5-3.

In hand-cuffing Dallas with four hits, Ralph Germano helped the Rebels along to their third consecutive shutout.

Shreveport ran its current winning streak to five games in defeating Oklahoma City, with Rookie Pitcher Cotton Hill taking individual honors with a four-hit performance.

Another five-game streak—again reverse this time—was broken when Tulsa hung up its win over Beaumont.

Six Beaumont errors helped Tulsa and the ladies' night game was highlighted with a brief flase-up between the two teams in the sixth inning.

The flare-up came after an exchange between Babe Glunt, Beaumont, and Bill Rogers, Tulsa. Both teams joined in and Rogers retired from his pitching chores with an injured arm.

Dallas tries again at San Antonio today. Oklahoma City meets Shreveport again, Tulsa plays at Beaumont and Fort Worth is at Houston.

# Phalanx Trainer Fearful Of Jet Pilot, On Trust

## Faultless Gets Fans' Backing

LOUISVILLE, Ky., April 29. (AP) Practically everyone in derbytowntoday was telling you that Phalanx was the "big" horse in Saturday's Kentucky Derby and Faultless was the horse to bet to win the pot.

But Sylvester Veitch, the collegiate-looking young fellow who put the saddle on Phalanx and therefor is only the trainer of the derby favorite, has thrown in his vote "gentleman from Virginia" has to against Faultless as the horse his worry about. He is scared, he admits; of Jet Pilot, the "Cosmetics Kid" from the barn of Lipstick Princess Elizabeth (Arden) Graham, and on trust, the plumber Earl Stice's horse from California, in this 73rd running of the chase after the Roses Saturday at Churchill Downs.

The hardboiled and "hard-heads," who are arriving with every train and bus and plane for Saturday's scramble and its record expected 125,000 crowd, are thinking about what plain Ben Jones might do. Plain Ben is Faultless' trainer and is looking toward his fourth derby triumph with the tall son of bullheads.

Faultless figures to be within shouting distance of even-money choice to come bounding home in front of five other derby eligibles in the derby trial mile today, although Faultless is an uncertain starter in this one.

If Faultless gets to say "howdy" to the starter in the trial mile today, he'll have a man-sized cheer chopped out for him. He's slated to tangle with such certain derby starters as Bill Hellis' Cosmic Bomb, Harry Warner's stepfather, Ridgewood Stable's Double Jay and Charlie Fisher's Star Reward, and with the very doubtful derby starter, John Pride, owned by John A. Kinard, Jr., of Briceys, Ark.

## Lamesa Loboes Win Again, 8-5

Lubbock continued the only undefeated team in the West Texas-Longhorn League today, retaining its perfect record with an easy 16-5 decision over Albuquerque last night.

While the Hubbers were piling up their sixth straight victory, and Albuquerque was losing its sixth in a row, New Mexico's other entry in the League, Clovis, lost again. It dropped an 8-5 game to Lamesa.

Ablene edged Borger 6-5, and Amarillo staged a five-run rally in the ninth inning to defeat Pampa, 14-9, in other games yesterday.

# National League Teams May Bust All Existing Home Run Records

Should the suddenly home run-conscious National League continue anywhere near its present pace, Ford Frick's loop will easily set a major league record for four-baggers in a single season.

Not since the early thirties has the senior circuit been so homer happy. In 41 games, to date, National league players have walloped 69 for the distance, a far better average than their record-breaking season of 1930 when 692 homers were hit. At this rate, the old league should top a thousand

when the campaign shuts its doors Sept. 28. In sharp contrast, the American league, for years regarded as the haven for heavy hitters, owns only 39 round trippers in as many games. Its best home run output was in 1940 when 883 were hammered.

With such a dearth of home runs in the American league, naturally the pitchers have had a holiday. Ten hurlers have held their opponents scoreless in the junior circuit with Cleveland's Bobby Feller and New York's Allie Reynolds boasting two shut outs apiece. National league pitchers, on the other hand, have twirled only five games in which their opponents have failed to cross the plate.

In yesterday's only scheduled games in the big leagues, Detroit's Dizzy Trout joined the rapidly growing list of shutout flingers by blanking the Indians in Cleveland 3-0. The Tiger rightlander retired the side in order in five of the nine innings and drove in two of the three Bengal buns.

Trout rifled a pitch by Red Embree for a home run in the third inning. His eighth inning single scored Pat Mullin with one of the two Tiger runs that frame.

Following yesterday's rest for 14 of the 16 teams, the majors start their first inter-sectional tests today with the eastern teams in the National League host to their western rivals and the eastern nines in the American guests of the western clubs.

## Longhorns Face Midland Club Here At 3:30

Fresh from their uphill 15-14 victory over the Odessa Broncs, the Midland Bulldogs come to town today to do battle with Conn Isaacs' Big Spring Steers in a District 10AA baseball game. Game time was to be at 3:30 p.m.

Dave Hyatt or Frank Robertson will get the pitching assignment for the invaders while Marv Wright or Jackie Barron will hurl for Big Spring.

The Canines slamed across seven runs in the ninth inning of their contest with Odessa to win. Moe Price collected three triples to lead the parade.

The Longhorns will be seeking their third victory in five conference starts. They hold divisions over San Angelo and Lamesa but have lost to Odessa and Abilene.

THE TREE SURGEON RINGS A SENTIMENTAL ANNOUNCEMENT INTENDED FOR POSTERITY

22 Injured In Bus Mishap At Hillsboro

HILLSBORO, April 29. (AP)—Twenty-two persons were injured near here last night when a Southwestern Greyhound bus overturned. Sheriff Ralph Allen of Hill county, quoted L. O. Clayton, the bus driver, as saying the lights of the vehicle went out and that it then left the pavement and went out of control. "About half of those injured had broken bones and the other half had cuts and bruises," Allen said. Passengers were taken to Boyd's Sanitarium in Hillsboro for treatment.

Iowa 13th State To Pass Closed Shop Ban

CHICAGO, April 28. (AP)—Iowa became the thirteenth state to enact a law banning the closed shop when legislation to that effect was signed today by Gov. Robert D. Blue. The other states where similar measures have been approved since 1944 are Texas, Arizona, South Dakota, Nebraska, Arkansas, Florida, North Carolina, Tennessee, North Dakota, New Mexico, Georgia and Virginia.

"Every time I tried to eat I would bulge and bloat with gas until I was in torture," said a lady recently. "I had agonizing gas pains which would shoot up into my chest around my heart. A hot, bitter water brash would rise in my throat. Finally I got INNER-AID and now my sour acid stomach is relieved and all the gas bloating is gone. I feel fine again."  
INNER-AID is the new formula of 12 juices from Nature's Plants. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food, thus eliminating the poisons that foster stomach trouble. It will cleanse, enliven liver and remove old, sickening bile from the system. So don't go on suffering! Get Inner-Aid. Sold by all drug stores. (adv.)

CHICAGO, April 29. (AP)—This hardly will make it any easier to bear, but Dr. Andrew C. Ivy, University of Illinois physiologist, says that sharp pain people sometimes experience in dental chairs is probably nothing but a psychic phenomenon.

The pain, he told Loyola school of dentistry alumni yesterday, probably varies with the degree of tension the patient is under.

**Texas City Mayor To Testify For Congress Funds**

HOUSTON, April 29. (AP)—Texas City Mayor J. C. Trahan and other city officials were to testify today before the House Appropriation committee in Washington on rehabilitation needs of the little industrial city.

Trahan and his assistants were to appear at a hearing on a proposed bill for appropriation of \$15,000,000 to aid in rebuilding the explosion shattered town.

The mayor yesterday said prior to boarding a plane for Washington that he would stress the need for rehabilitation. He indicated his group would tell the committee:

1. Known casualties to date include 433 dead, of whom 94 are unidentified; 302 missing and 3,000 injured.

2. Property damage as a result of the series of explosions and fires has been placed at \$55,000,000 insured and \$24,000,000 uninsured.

3. Many lives may have been saved if Texas City had had more adequate medical and hospital facilities.

4. The public school system alone is estimated to have suffered a loss of \$2,500,000, including damage to its plant and loss of revenue from taxable values.

5. Assistance is needed urgently to restore essential public services, such as repairs to the sewer system, reestablishing garbage collection, replacement of destroyed fire fighting equipment and repairing and improving the city's water system.

**Third Of Westex Development Talks Scheduled**

SWEETWATER, April 29. (Sp)—Third of a series of conferences by West Texas development committees set up by the West Texas Chamber of Commerce to work with rail lines serving the area in probing and nationally advertising its industrial assets and opportunities, will be held this week at Sweetwater, with officials of the Santa Fe system.

E. L. Buelow of San Angelo, chairman of the West Texas-Santa Fe committee, has summoned the 118 members of his group to assemble at Sweetwater's Bluebonnet hotel Friday at 10 o'clock. An all-morning session will follow with the representatives of the three Santa Fe lines traversing West Texas. Two of these cross at Sweetwater.

The discussion is expected to center on the vast production of agricultural and other raw materials in the 55 counties served by the Santa Fe that can be turned to account industrially. Also to be taken up will be a proposal for comprehensive industrialization surveys to be made jointly by the railroad, chambers of commerce in the towns it serves, and the regional chamber. Two of the six industrial groups already have had their kickoff meetings: the West Texas-Texas & Pacific committee at Abilene, February 14; and the West Texas-Southern Pacific Committee at Alpine, April 3. Others are the West Texas-Burlington, West Texas-MK&T and West Texas-Rock Island. They are expected to become active soon.

**Bids For San Angelo Dam Are Received**

GALVESTON, April 29. (AP)—Bids were received yesterday by Col. D. W. Griffiths, district engineer for the army, on initial contract construction for a portion of the San Angelo dam and reservoir embankment in Tom Green county.

Col. Griffiths said that the contract would be awarded and construction begun in the near future. The three apparent low bidders were Fuller Construction Co., Shreveport, La., \$366,750; L. J. Miles Construction Co., Fort Worth, \$388,091; and Dean Word, New Braunfels.

**TROUBLED TIMES IN PITSTON**

PITSTON, Pa., April 29. (AP)—Residents of Pittston are finding this daylight saving time business pretty confusing.

The city is officially on eastern standard time while the business firms, banks and post offices operate on "fast time."

City council agreed to miners' requests that it operate on standard time and public schools followed along — but parochial pupils are going to classes on

**High School Grads Invited To HCJC Fete**

Three committees are due to issue special invitations to members of high school graduating classes to attend a special day on May 9 at the Howard County Junior college.

Tentative plans call for a full day to be set aside for visiting seniors and for a barbecue event in the evening at the HCJC with the five service clubs and chamber of commerce as hosts.

Preliminary plans were shaped at a meeting of a committee under Lloyd Wooten at the chamber of commerce Monday afternoon.

Selected to extend the invitation in Coahoma, Westbrook, Colorado City, Loraine and Roscoe were Edith Gay, E. C. Dodd, and Joe Pickle. This committee is due to make its contacts on May 5.

The following day C. D. McDonough, J. F. Jones, H. W. Whitney, and C. S. Blomshield are due to extend an invitation to Sterling City, Garden City, Midland and Stanton. On May 7 Eddie Lou Haug, Walker Bailey, Roy Reeder and M. J. Fields are to visit Knott, Ackerly, Flower Grove, Sparenburg and Lamesa.

**Relief Headquarters Moved To Galveston**

GALVESTON, April 29. (AP)—State headquarters for relief matters pertaining to Texas City have been removed to Galveston, Col. Paul L. Wakefield, state relief coordinator, said last night.

The offices were moved from Austin to Galveston, Wakefield said, because it was thought receipt and distribution of Texas City relief funds could be most advantageously administered in the stricken area.

**SUITABLE GIFT?**

PORTLAND, Ore., April 29. (AP)—Andrew Timmer has been tossing and worrying about travelers' baggage at Union station for more than 40 years. He's about to retire and friends say they will present him with what he wants most — a set of luggage.
