

## Military Chiefs Confer in S. Pacific

A great deal of military authority was represented in this post in the South Pacific as Gen. George C. Marshall, U. S. chief of staff, visited Gen. Douglas MacArthur. Left to right are: Lieut. Gen. George C. Kenney, Maj. Gen. S. J. Chamberlain (holding coat), Lieut. Gen. Walter Krueger, Marshall, and MacArthur.

## Farm Tanks and Dams Built Free of Charge

Announcement that earthen tanks and dams, as well as terraces, can be built this year without cost to farmers under the AAA program, was made today by Ellis M. Mills, local secretary.

Mills explained it this way: The AAA will pay all cost of construction work on tanks, dams and terraces, providing that a proper survey is run and work conforms to AAA specifications. The farmer will be out no cash for construction, but, on the contrary, will actually receive payment himself under the AAA for participating in this type of conservation work.

**Commissioners to Cooperate**

County commissioners who have been contacted inform Mills that the county machinery will be available for the work, to the extent that it does not interfere with road maintenance. As a result, the money coming in through such building would benefit the county, at the same time the terraces, dams and tanks were aiding the farmer in soil and water saving.

Farmers who have the equipment and wish to do the work themselves will receive the same pay from the AAA that a contractor would get.

Building of a dam to supply an earthen tank with water when the rains come, is required to have location approval of the AAA, and Mills stated that Harold Carpenter, at the local office was available at any time to run proper survey lines.

Changes have been made in terrace specifications, allowing the construction of broader terraces which can be used in this county, he said, and urged that all farmers interested contact him at once.

## Old Landmark Goes Into Better Usage

One of Texico's old landmarks is being razed this week and the lumber will be converted into a dwelling.

The building being torn down is the S. H. Withers frame structure, which has been unoccupied for many years. It is located just south of the Freeman barber shop in Texico. The salvaged lumber will be used by M. R. Smith in the construction of a small residence.

When the late Mr. Withers lived here many years ago, he operated a real estate business in the building and those familiar with the history of Texico report that many large deals were made within its walls.

**CAFE OPENS AGAIN**

The Farwell Cafe, which has been closed for the past few months, reopened Tuesday with Mrs. Percy Tipton and Mrs. Janey Huber in charge. Mrs. Huber announced that they would feature home cooking, including lunches and short orders, as well as homemade pies. Free coffee was served all customers on opening day.

# Parmer Bond Quota Appears Certain

## Big Production of Needed Crops Urged

The greatest possible production of the most needed crops is the goal of the 1944 AAA farm program. To that end the Parmer County and community ACA committees are laying plans intended to secure the planting of the allotted county crop goals, and the performance of sufficient soil and water conservation practices to earn in full the limited allowance to Parmer County.

Crop goals for 1944 as suggested by the state office and approved by local committees call for 170,000 acres of wheat and 180,000 acres of other feeds, including grain sorghum, small grains, corn and cane. The deficiency in wheat acreage due to lack of planting season may be made up by an equal acreage of spring-seeded small grains. The two goals combined aggregate 350,000 of the 392,000 acres of cropland in Parmer County.

Other goals include 5,500 acres of soybeans, 11,100 acres cotton, and 50 acres each of Irish potatoes and dry edible beans. The soybean goal represents about half the acreage planted in 1943; and the cotton goal, although larger than the acreage of 1943 is less than half the sum of county cotton grower allotments. The committee believes that nothing short of extremely dry weather at planting time will prevent farmers from meeting or exceeding all goals.

**Parity, Benefit Payments Out**

Since parity and other benefit payments have been dropped, payment to producers will be made solely to compensate them for the trouble and expense of carrying out approved soil building practices. Rates of pay for most practices have been substantially increased to enable a farmer to earn the maximum limited allowance for his farm by planning well ahead of planting time.

A farmer may figure his allowance by multiplying the number of cultivated acres on the farm by 75c and the acres of pasture land by 6c.

On this basis, the limited allowance for all farms in the county is \$303,105.42, which will be added to farm incomes, provided sufficient practices are carried out to earn it. In addition, a number of unlimited practices, as terracing and construction of dams and reservoirs will, if carried out on the scale contemplated, add many thousands of dollars in permanent farm and range improvements to the amount earned under the current program.

**Pay for Terracing**

The AAA will pay at the rate of 1 1/2c per linear foot for building approved terraces on any farm, and each farm needing a dam or damless tank is allowed up to \$300 for one such improvement. Cost of these practices will not be charged to the soil building allowance, which may be earned by carrying out other practices at the following rates:

Contour listing cropland 30 days prior to planting, 30c per acre; contour planting and tilling row crops, 50c per acre; contour seeding drilled crops, 35c per acre; contour furrowing pastures, 79c per mile; strip cropping on contour, \$1.50 per acre; leaving stalks or 8 in. stubble on land, 35c per acre; drilling wells for livestock water, \$2 per linear foot; and several other approved farming practices.

**Conservation Means Increase**

It has been conclusively demonstrated that five farms upon which conservation practices are observed will produce as much per acre as six similar farms tilled in the ordinary manner. This 20% increase in yields represents a direct contribution to winning the war. Moreover, the practice of such farming methods will help preserve soil for future generations.

It is therefore in the interest of the general welfare to promote soil conservation and defray part of the cost. Farmers need feel no hesitancy in accepting a check for payment earned in increasing production and safeguarding the most valuable resource in carrying out beneficial practices.

County and community ACA committees, who will be in charge of 1944 program details, will meet jointly Feb. 15 to lay further plans for securing maximum cooperation to make this a successful year. One of the first tasks confronting them will be a campaign to prepare a plan sheet for each farm unit in the county.

## Red Cross Quota for Parmer County Hiked

### LEAVE FOR ARMY

Two selectees of Parmer County left here Monday for Fort Sill, Okla., to report for service in the armed forces. They were Ernest E. Woelfel and Harold V. York.

Five other selectees were found acceptable for military service at Lubbock last week. They are: Carl R. Schlenker and Buddy Harmon, for the Army; and Paul G. Hastings, Robert E. Moore and Webster T. Johnson, for the Navy.

## Texico Bond Rally Is Disappointment

The war bond rally staged at the Texico high school on Tuesday night proved a disappointment to officials and left the local precinct dragging far behind in its \$20,000 quota.

Tabulations completed following Tuesday night's sales showed that only \$9,043.75 (cash value) in bonds have been purchased in the Texico precinct in the Fourth War Loan Drive. Officials expressed disappointment over the progress being made in Texico, while most of the other Curry county precincts are going over the top in their purchases. Melrose, it was pointed out, has subscribed \$60,000—which is \$20,000 above their quota.

Entertainers from the Clovis Air Base put on a splendid program and Cpl. "Kelly" Glazer took over the task of auctioneering off the cakes, pies and merchandise.

The program was opened with several numbers from the rhythm band, which were well received.

## Smith Comes Out As Attorney Candidate

A. D. Smith, present incumbent, has authorized The Tribune to announce his candidacy for re-election to the office of county attorney of Parmer County.

"I like my job and want to continue to serve the people," Mr. Smith said in authorizing his announcement.

He has been a resident of Parmer County for the past several years, most of which time he has served as county attorney, rendering a very satisfactory service. He is making his announcement subject to the Democratic primary election in July and will appreciate any consideration shown his candidacy.

## Oklahoma Lane Holds Bond Rally, Feb. 9th

Getting set to make a big contribution to the county's Fourth War Loan drive, the Oklahoma Lane community announces a bond rally to be held at that school building, on Wednesday evening of next week, February 9th.

The program will begin at 8:30, it was announced. J. D. Thomas, of Farwell, has been invited as a guest speaker and music will be furnished by girls of the Oklahoma Lane school.

Boxes used to promote the rally will be auctioned off by Dick Doshier, and sponsors of the affair urge that all participants bring well filled boxes for sale.

## Body Returned From California To Texco

The body of Carl G. Plaster, 49, who died in a veterans' hospital in Los Angeles, Cal., was buried in the Texico cemetery Tuesday afternoon. Funeral services were conducted at the Chas. V. Steed Memorial Chapel by Minister W. L. Wharton of the Church of Christ.

Plaster was a veteran of World War I and lived in Texico for a number of years. During recent years he had lived in Phoenix, Ariz.

### ATTENDS FORD MEETING

O. C. Sikes, of the Sikes Motor Company, was in Roswell last Wednesday attending a meeting of Ford dealers in this area.

"The American Red Cross is faced with the biggest task in its entire history," said Mrs. Waunita M. Hutcherson, field representative, who was here from the St. Louis office the past Thursday laying plans for the Red Cross War Fund that will be conducted on a nation-wide scale during the month of March.

She announced that the Parmer county quota in line with all quotas of the nation, had been hiked this year to meet the growing demands of the Red Cross work throughout the world including the 57 fronts now being maintained by the American forces.

The quota for this county has been set at \$3100.00, which is a considerable increase over last year's askings. The national figure has been set at 200 million, Mrs. Hutcherson stated.

H. Y. Overstreet, who has headed up the campaigns during the past few years has been reassigned to the same task again this year. Overstreet expressed no doubt but that the county quota would be met without difficulty.

Overstreet was called out of the city the first of the week on business. Before departing, however, he said that steps would be taken immediately to organize the workers over the county for the campaign. "So far as I know now, we'll use about the same workers we used last year; they did a marvelous job and I don't believe we could beat them," he added.

## Ezell Announces As Treasurer Candidate

The Tribune is authorized to announce the candidacy of Roy B. Ezell as a candidate to succeed himself as county treasurer of Parmer County, a position he has filled so efficiently the past few years.

In presenting himself as a candidate for re-election, Mr. Ezell said that he had no formal announcement to make. "Just tell the voters I am in the race again, and I'll be seeing them before the primary in July," he stated.

Mr. Ezell has been a resident of Parmer County since 1917, coming here from Crosby County, where he was numbered as among the early settlers of that county. He is now serving his fifth term as county treasurer, and in presenting himself for reelection Mr. Ezell promises the same faithful and efficient service that has characterized his past administrations.

### SNOW LIGHT IN COLORADO

Clarence McGill, long-time resident of Texico, who has been living near Mancos, Colo., the past few years, was here the first of the week renewing acquaintance with old friends. McGill reported that the snows during the winter had been extremely light in southwestern Colorado, and farmers were already beginning to worry about irrigation water during the coming spring and summer. He was en route home after visiting his mother at Vernon, Texas.

### TAKEN TO LUBBOCK

Ed Eason was taken to Lubbock, Tuesday, for medical treatment. Eason has been suffering with a severe heart ailment for the past few weeks.

### TO MOVE BACK

Mr. and Mrs. Buck Bradshaw, who have been living in Amarillo the past several months, plan to return to Farwell next week. Bradshaw has been employed at the Pantex plant in Amarillo.

### BACK FROM ALBUQUERQUE

Mr. and Mrs. Felix Monroe have returned to Farwell after spending the past few months in Albuquerque, where he was employed at Kirkland Field.

Victory is Everybody's Job.

Sparked by a bond rally held at the Farwell high school last Thursday night that netted bond sales in the amount of \$50,300 (cash value) the Parmer County quota in the Fourth War Loan was well within striking distance, officials announced here today.

Actual sales (cash value) up to noon Tuesday had reached \$154,673.00 it was announced by G. D. Anderson, chairman of the War Bond Committee, who added the prediction that Parmer County would raise its full quota of \$247,000.00 before the campaign closes.

Officials predicted that the rally to be held at Lazbuddy this week would net sales in the amount of at least \$40,000, with a substantial hike in sales to be expected from rallies to be held at Oklahoma Lane and Bovina during the coming week.

The Bovina rally is scheduled for Thursday night of this week, and the program at Oklahoma Lane will follow on Wednesday night of next week, Feb. 9.

Figures released today by Chairman Anderson revealed that Parmer County is within \$92,327.00 of its goal. He pointed out that "If the rest of the county does as well as Farwell, we'll go over the top". He offered the prediction that the county would be near the goal when rallies to be held during the next few days are pulled off.

### Local Drive Highly Successful

The rally staged at the high school in Farwell last Thursday night exceeded all expectations in the sale of bonds, with many sales of \$2000 bonds and upwards going to the bidders.

The program of the evening was furnished by musical talent from the Clovis Air Base under the direction of Lt. Yates featuring Cpl. "Kelley" who kept the audience in high spirits throughout the evening. Col. Dick Doshier donated his service in auctioning off the items of merchandise, lunch boxes, cakes and pies.

One of the high points of the affair came when a local young lady agreed to donate a kiss to the highest bidder. The prize was sold for \$2500, with Cpl. "Kelley" administering the kiss in true Clark Gable fashion even though he did have to mount a chair to reach the tall redhead.

Lt. Yates pronounced the Farwell rally the most successful he and his entertainers had ever attended and praised the "wonderful spirit of you people".

## WAC Recruiters To Be Here on March 4

Young ladies of this area interested in joining the WAC will have an opportunity to consult a recruiting party in Farwell on Monday, March 4, it was announced here today.

Lt. Jane Ritter, Sgt. Henley and Pvt. L. M. Walsh of the Lubbock Army Air Field, were here today laying plans for the drive for recruits to be conducted in this region, and announced that they would be here on the above date.

Recruiting offices will be opened in the office at Karl's Auto Clinic for the one day only and parties interested are asked to report there during the day. "Primarily, we are interested in WACS for the air forces," Lt. Ritter stated.

## Call To Navy Forces Rundell To Sell Out

Cecil Rundell, who has been accepted for service in the U. S. Navy, this week announces a public farm sale to be conducted at the W. I. Rundell farm, 8 miles southeast of Farwell, on Thursday, Feb. 3.

Featured in the auction will be 17 head of good cattle, and a good collection of farm machinery and household goods. A complete list will be found in this issue of The Tribune.

Col. Dick Doshier will cry the sale and O. W. Francis will act as clerk. The ladies of Oklahoma Lane will serve lunch at noon.

### TO CHICAGO MEETING

M. C. Roberts, local grain man, and a strong anti-New Dealer, left here Tuesday for Chicago, where he will attend a meeting whose purpose it will be "to form an organization to separate us so-called Solid South from the New Deal".

For a better class of job-printing, dial 2131.

**Farming Talk**

By **GARLON A. HARPER**

County Agricultural Agent

Texas A. & M. Extension Service

This year cotton production is more important than most of our farmers have realized. This is especially true when you consider the need for cottonseed meal as a high protein livestock feed. Our livestock industry in the Southwest has depended, for many years, on the use of cottonseed meal as a livestock feed to furnish the supplemental protein needed for livestock as well as a large part of the phosphorus needed by livestock.

There is no need to repeat the history of what has happened to cotton production during the past few years. The lack of labor to harvest the crop has caused many farmers to turn from cotton production. Now, however, it is up to almost every farmer to at least attempt to produce enough cotton on his farm to furnish the cottonseed meal that will be needed by his livestock.

All of us will admit that the labor situation facing the cotton farmer during the coming year is serious. However, to me, there appear to be

at least two solutions to this problem. First, on the family farm a sizeable acreage of cotton can be cared for with the regular family labor. Second, there is the possibility of obtaining war prisoner labor with which the cotton can be harvested. And perhaps there is a third solution, in the use of cotton pullers or sleds.

Just what is done about the use of war prisoners in helping to relieve the farm labor shortage is more or less up to farmers as a group in the county. If they decide they will want to use these war prisoners and let me know early, it is very likely that we can arrange an adequate supply of this type of labor. Many farmers in the north part of the county used these war prisoners with varying degrees of satisfaction during the past year. Farmers in the south part of the county were unable to use them because their farms were too far from the camp. There is a very good chance that this year we will be able to secure a temporary camp in the south half of the county which would take care of that problem. If you are interested in this matter, please keep this in mind I CANNOT GET THE CAMP LOCATED DOWN HERE ALL BY MYSELF. We must have a demand for the camp and we must have cooperation in arranging for the camp.

If you are interested in securing a small temporary camp for Parmer County, LET ME HEAR FROM YOU. If you are not interested then just keep quiet and this idea will die a natural death just like every other idea which does not receive the cooperation of those who should be interested. In other words, I am ready to go to work on the problem if you want a camp, but if you are not interested, then I have other things to work on.

**POLITICAL ANNOUNCEMENTS**

The State Line Tribune is authorized to make the following political announcements, subject to the action of the Democratic primary:

For County Judge: LEE THOMPSON (Re-election)

Let's All Back The Attack

**Truck Operators Face Worse Tire Shortage**

Danger of large numbers of Texas trucks being laid up on account of lack of tires is being stressed by W. W. Leign, assistant to the rubber director, Washington.

Unless truck and bus operators of this state pay more attention to proper loading and speeds and especially to recapping tires, many will find themselves without tires in the next few months, he said.

**Recap Average Low**

At a meeting of truck operators and representatives of the ODT and OPA, the Washington official called attention to the fact that only 33 tires have been recapped in recent months in Texas for every 100 new tires issued. The national average is 65.4, he said. New York's average is approximately 88 and Minnesota's more than 100.

Truck operators blamed lack of manpower for failure to take tires to recappers when worn smooth.

"You people of Texas must practice conservation as you never have before," the Washington official said. "Used tires have been shipped into Texas to keep cars going, but I tell you now the supply is vanishing."

"If Texans would bring their recapping up to the national average, it would effect a saving of 25,000 tires a month in the Dallas region," Leigh said. He pointed out that even the army does not get all the tires it wants.

"There are more than 20 million truck tires on the road," he said. "It's up to the users of those tires

to conserve them if we keep rolling."

District Maintenance Advisory Committees, organized among representatives of the transportation industry and working without pay in cooperation with ODT, are conducting drives to get truck operators to send tires to recappers at the proper time to obtain mileage that would be lost in continued use of smooth tires.

Columbia is the world's principal source for emeralds and in the production of platinum is surpassed only by Russia.

President Thomas Jefferson bought the Louisiana territory from France for \$15,000,000 without authorization from Congress.

**Public Sale**

Having been accepted for service in the U. S. Navy, and ordered to report at once, I will sell at public auction at the W. I. Rundell farm, located 1/2 mile west of Lariat, or 8 miles southeast of Farwell on the Lubbock highway, on—

**Thursday, Feb. 3**

SALE BEGINS AT 11-A. M. WAR TIME

**17 HEAD OF CATTLE**

- 1—Spotted Jersey cow, 5 years old.
- 1—Jersey cow, 8 years old.
- 1—Black Jersey heifer, coming 3 years old.
- 2—Jersey bulls, 5 and 6 months old.
- 1—Red heifer, coming 2 years old.
- 1—Durham bull calf.
- 1—Durham bull, 15 months old, extra good.
- 1—Black cow, 8 years old, fresh day of sale, gives 4 gallons when fresh.
- 1—Fawn Jersey, 7 years old, heavy springer, 3 gallons when fresh.
- 1—Gurnsey cow, 5 years old, fresh now, 4 gallons, heifer calf by side.
- 1—White Jersey cow, 5 years old, fresh in two weeks, 4 gallons, bull calf by side.
- 1—Red Jersey cow, 6 years old, fresh in one week, 4 gallons, heifer calf by side.
- 1—Red heifer yearling.
- 1—Gurnsey cow, 4 years old, 4 gallons, fresh on date of sale.
- 1—Jersey heifer, fresh soon.
- 1—Jersey cow, 6 years old, 4 gallons, heifer calf by side.

**FARM MACHINERY**

- 1—2-row slide go-devil.
- 1—Good wagon with grain bed.
- 1—2-wheel trailer.
- 1—Hog feeder, 1000 pound capacity.
- 2—Hog troughs.
- 3—Gas barrels.
- 1—10-gallon cream can.
- 4—5-gallon oil cans
- 1—5-gallon cream can.
- 1—Box carpenter tools.
- 1—1-row cultivator, horse drawn.
- 1—2-row sod planter.
- 1—McCormick-Deering 2-row binder, 1941 model on good rubber and good mechanical condition.
- 1—Good iron wheel wagon with 14-ft. bundle rack.
- 1—Burr feed mill with belt.
- 1—Allis Chalmers 2-row cultivator, a good one.
- 1—Good wind charger and steel tower.
- Lots of good lister beams, scrap iron and other small items too numerous to mention.
- 1—Steel rim, 2 feet deep and 17 1/2 ft. across, ideal for making stock tank.
- 1—Four wheel trailer, good rubber.
- Several big rolls of barbed wire, good shape.

**FORD AUTOMOBILE**

- 1—GOOD MODEL A FORD 4-DOOR, GOOD RUBBER, MECHANICALLY FIRST CLASS!

**5 HEAD OF HORSES**

- 1—Paint saddle horse, 5 years old.

# Local Happenings

## Mrs. Branscum Guest Speaker At Guild

With some forty members and visitors in attendance, an enjoyable program and social evening was held Tuesday night at the Methodist Church by the Wesleyan Guild.

A covered dish dinner preceded the program, with Norma Jean Thomas and Joan Booth providing soft music at the piano.

The highlight of the evening was a review of Loyd C. Douglas' new book, "The Robe", which was given by Mrs. Virginia Branscum, of Clovis.

Clovis guests at the affair were Mrs. Charles Winslow, Miss Eleanor Winslow, Mrs. Jane Kennan and Mrs. Alan Williams.

## WSCS Has Meeting On Wednesday

Mrs. W. H. Graham was hostess the past Wednesday afternoon to the Woman's Society of Christian Service of the local Methodist church.

Mrs. Roy B. Ezell was in charge of the brief program, and devoted her remarks to a discussion of "The Bishop's Crusade", being sponsored by the church in an effort to promote lasting peace at the end of the war.

During the business meeting, an invitation was extended to the other societies in the district to hold the regular zone meeting here, on Feb. 29, and Mrs. G. W. Lambert was accepted as a new member.

Refreshments were served by the hostess to Mesdames B. N. Graham, Paul Tripp, Roy B. Ezell, O. B. Pipkin, Ralph Humble, G. W. Atchley, Ruby Dixon and G. W. Lambert, as members; Rev. Paul Tripp and Mrs. Albert Pamlin, guests.

## Dinner Party Held On Monday Evening

Honoring Aviation Cadet Murray White and wife a turkey dinner was held in the home of his parents, Mr. and Mrs. Jack White, Monday evening.

The dinner was served buffet style with the Valentine motif carried out in the decorations.

Enjoying the affair were the honorees; Grady Pierce and children, Lenora and B. J., of Clovis; Rev. and Mrs. W. C. Wright and family, Miss Geraldine Thomas, Miss Edna Mae Caldwell, Mr. and Mrs. Jack White, Bill and Johnny White, and Mrs. Helen Jo Hunton, of Madison, Wis.

Mrs. J. J. Spurlin and children of Grady, are visiting this week in the home of Jerry Spurlin, in north Texico.

## Phillips-Robertson to Be Lyceum Star, 16th

Jesse Phillips-Robertson, who presents a lecture demonstration about ancient musical instruments calculated not to bore but to entertain, will be the guest star at the regular lyceum program of the Farwell school, on the night of Feb. 16.

This program, entitled "Song Hits of 1944 (B. C.)" is actually neither a lecture nor a concert in the talented hands of Phillips-Robertson.

The lecture and exhibit are without doubt, unique. Musical instruments of the past appear crude, but through Mr. Phillips-Robertson's story-telling ability they become alive and impregnated with genius that a master musician can draw from them. The display of museum pieces is significant in itself. In it the audience sees the symphonia, the long-neck flute, the rhababi, the shoulder harp, and dozens of others. To hear the lecturer-musician playing on the silver trumpet of Biblical vintage is to be carried back two thousand years to the hills of Judea. The illusion is complete in that he wears an authentic Palestinian costume.

Sponsors urge that local music lovers of all ages make plans now to attend this unusual program.

## Banquet Date Set For Farwell Classes

Juniors and seniors of the Farwell school were this week pointing toward March 19, the date set for the annual inter-class banquet.

The juniors, who will act as hosts, are already making plans for the affair, with the complete program to be announced later.

## Visitors Here

Mr. and Mrs. Floyd D. Golden and Miss Daisy Daily of Portales; Mrs. J. S. Pool, Miss Winnie Pool and Miss Alma Smith of Tucuman; and Modrel William and Dosal Spruce of Clovis were dinner guests in the Lenton Pool home Sunday.

## Son Is Born

Mr. and Mrs. Auddie J. Barker of Douglas, Ariz., announce the birth of a 9-lb. son, Donald Gene, on Jan. 15. Mrs. Barker's mother, Mrs. R. E. Williams of Texico is with her daughter at this time.

## Most Popular Students

In an election to determine the most popular students held at the Texico school on Monday, Edna Mae Caldwell was named for the girl student, and James Orval Francis for the boy student.

## Ration Calendar Is Given For February

Sugar: Stamp No. 30, in Book 4, good for 5 lbs. through March 31. Meats and fats Book 3, V expires Feb. 2. W valid Jan. 30, good through Feb. 26. X becomes valid Feb. 6, valid through Feb. 26; Y good Feb. 13 through March 20.

## NEWS FROM OUR BOYS IN CAMPS

### CRUME VISITS HERE

Pic. Dick Crume and wife are here to spend a week visiting his father, C. E. Crume, and other relatives and friends. Dick is stationed at Camp Gruber, Oklahoma, with an MP detachment.

### BELIEVED SENT OUT

Belief was expressed here this week that SK2-c Mansel Cranfill, who volunteered into the Navy Seabees some months ago was headed for overseas duty, when a card was received by friends bearing a FPO address out of New York City.

### GOES TO DALLAS

Arlon Lovelace, son of Mrs. T. E. Lovelace, left Sunday for Dallas, where he will take examinations for a naval cadet.

### WHITE VISITS PARENTS

Aviation Cadet Murray White, who has been stationed in Arizona for the past few months, visited here over the weekend with his wife and his parents, Mr. and Mrs. Jack White. Murray, in training as a bombardier is being moved to Victorville, Cal., and departed for his new base Tuesday morning. His wife accompanied him to spend a few weeks.

### HERE FROM WISCONSIN

Corporal Leroy Hunton arrived Tuesday from Truax Field, Madison, Wis., to visit his wife, the former Helen Jo White. Mrs. Hunton is in Texico at the home of her parents.

### HERE FROM ABILENE

Sgt. Duane Howard, currently located at Camp Berkeley, near Abilene, arrived here the past weekend to visit friends and relatives in Texico. Howard reports that he has been shifted around considerably in the past few months.

### ON FURLOUGH

Pvt. and Mrs. Irby Crane and baby arrived here last Friday from Leesburg, Florida, for a visit with home folks. Mrs. Crane and baby expect to remain here for some time.

### BACK TO CAMP

Sgt. Wayne London departed Tuesday for his camp at Trenton, N. J. after spending a few days here on furlough. Incidentally, Sgt. London reminded us that he was a son of W. T. London, and not of Henry London, as was stated in this column last week.

### IN ALEUTIANS

MM3-c E. J. Foster writes his parents, Mr. and Mrs. C. E. Foster, that he landed in the Aleutian Islands on Christmas Day, adding, "We are getting ready to pay Tojo a front door visit".

### HERE ON FURLOUGH

Pvt. Hollis Lunsford, who is stationed at Maxton, S. C., was here this week on a brief furlough. He is a son of Jim Lunsford, who formerly lived here.

Mrs. Irene Corey of Amarillo, sister of Mrs. Bess Hennehan, visited the past Thursday in the home of her sister.

Misses Edith Neill and Berthamae Thomas spent the weekend at Black.

Mr. and Mrs. Howard Mayfield and daughter, Peggy, of Friona, were business visitors in Farwell, Saturday.

## Use of Red Stamps in Meat Buying Given

Some misunderstanding has come about relative to the validation of the 12 red stamps in Book 4, which are now valid for use in buying pork and other rationed meat from farmers.

"This is a loan—not to be mistaken as a bonus," the OPA says, "to permit purchase now and storage for later use when such meat is not available from farmers."

The advance use of stamps, it was explained, does not give the individual who buys from a farm slaughterer a larger meat ration than anyone else. It merely allows the individual buying from a farmer to follow the normal practice of buying fairly large amounts at one time.

At the same time, it encourages farmers to slaughter on their farm, thus cutting down the number of hogs coming into congested markets.

**No. 8 Good**  
The red stamps in Book 4 which may now be used for buying such meat from farm slaughterers are those numbered 8 and lettered from A through M. These stamps are worth 10 points each, making a total of 120.

Families purchasing farm-slaughtered meat will need to use care that they do not run short on red points later and that they have enough to buy butter, cheese and other fats when the red stamps become valid for use in retail stores.

Such stamps turned to farmers must in turn be handed in to local ration offices, it was added.

## Russian Relief Kits Planned by Baptists

Twenty kits for Russian relief will be packed at the local Baptist Church tonight (Wednesday), the pastor, Rev. W. C. Wright stated today.

Included in the "mercy kits" will be bouillon cubes, sugar and a complete first-aid kit, the pastor said.

After the kits are packed here, they will be sent to a central point in the States for shipment abroad.

## Statement of Wages Not Available From Social Security Board

Don't ask your social security board for a statement of your 1943 earnings for income tax purposes. Dewey Reed, Manager of the Amarillo field office, requested today.

The board cannot help you because the employer's return will not have reached the board in time to permit it to make available a statement of your annual earnings for income tax returns.

Manager Reed said today that each year, "come income tax time", hundreds of people request statements of annual earnings for use in making out returns because they know the board has records of wages paid workers in jobs covered by old-age and survivors insurance system.

Wages paid during the last three months of 1943 will be reported to the Collector of Internal Revenue during January, he said. During February and March these reports will be forwarded to the Baltimore offices of the Bureau of Old-Age and Survivors Insurance. There the wage amounts will be recorded in the account maintained for each individual worker. This will not be completed until the end of June.

"More than 600,000 wage items are received each day in the accounting offices, so it is understandable why it will take until June 30 before wages received during 1943 by the 47,000,000 persons affected are totaled for each individual. We are sorry but when it comes to income tax returns, the Social Security Board cannot be of help," Reed said.

**BOOST YOUR BUYING!**

**EVERYBODY—AN EXTRA \$100 WAR BOND IN THE 4th WAR LOAN DRIVE**

YOUR government is urging you—urging everyone with a job and an income—to buy an extra \$100 War Bond in the Fourth War Loan Drive.

That's the least being asked of every American—over and above your regular purchases.

And it won't be easy for most of us to set it aside! Taxes and living costs are a heavy burden. We'll just have to sacrifice and skimp and save to put this drive across!

Do without everything you don't need for happiness and health. Don't waste one precious penny. And put everything you can raise into War Bonds.

No sacrifice you can make can approach the sacrifices of our marines on the blood-soaked sands of islands in the Pacific, or our soldiers fighting their way mile by mile towards Berlin. No sacrifice you can make can match the selfless heroism of our gallant flyers over Germany or our sailors grappling with the stealthy Japanese fleet!

Our boys are giving up their homes and their families, their sweethearts and their jobs, even their lives.

Let's back them up by buying an extra \$100 War Bond in the Fourth War Loan Drive. You'll help to keep Old Glory flying everywhere it belongs!

### Two Wins Chalked Up In Weekend Matches

Hitting their stride again the past weekend, the Texico boys took cage matches from both Pleasant Hill and Portales, with the first game being played on the local court Friday night, and the second held at Portales, Saturday night.

Showing the best defensive play of the year, the locals took the game Friday night by a count of 21-26. Although the count never stood more than five points apart, Texico clung to a slim margin the entire time.

No one player on either team could be picked out as exceptional, due to the fact that teamwork for both winners and losers was the best seen on the local court this season. Ewers and White were tied for Texico scoring honors, having eight each. Kirby led the visitors' scoring with 6 and Crowder came in second with 5.

The Texico girls lost their fast scramble to Pleasant Hill by a 27-16 tally, due principally to their inability to stop the scoring advances of Tucker, who hit the goal for 16 points during the fray.

P. Flye knocked the Texico goal for a total of 9. Winkles turned in a good game for the winners, while Caldwell was in good form at guard for Texico and, Williams showed decided improvement in guarding.

**Portales Score 37-21**  
Final score on the Portales game was 37-21, with the locals holding a decided edge throughout most of the game. Coach C. E. Sanders reports

Johnson turned in his best game of the year for the locals, counting up 6 points and doing good work otherwise, but Bowers racked up top scoring honors with 13. Trout was high for the losers, with 9.

Portales did not participate in basketball during the 1942-43 season, and although they have a large team, the boys on are the recruit side.

### Farwell Eliminated By Sudan in Tourney

Playing a team admittedly superior and already tournament hardened, the Farwell boys were eliminated in the invitation meet semi-finals at Muleshoe, Saturday, when they lost to the Sudan team by a count of 43-15.

Farwell had drawn a bye in the opening round of the meet, and thus had advanced to the semi-finals without playing a game.

Coach J. T. Carter stated today that his boys were nervous and excited in the opening round of the game, allowing Sudan to get a 13-point jump on them, which they were never able to overcome.

The Sudan team took the meet championship Saturday night by defeating Oklahoma Lane some 18 points.

### DAUGHTER IS ILL

Mrs. Everett Buchanan, daughter of Mr. and Mrs. G. L. Nicewarner of Texico, is reported in a serious condition in a Houston hospital, following a major operation.

### SENIOR NEWS

"Mediocrity has no greater consolation than is the thought that genius is not immortal."—Goethe.

"A teacher who can arouse a feeling for one single good action for one single good poem accomplishes more than he who fills our memory with row on row of natural objects, classified with name and number."—Goethe.

The high school classes held meetings last Friday to choose candidates for a forthcoming election of high school favorites. The favorites of the Seniors are: Theda White, most popular girl; Muggins Graham, most popular girl; Bert Williams, most handsome boy; Marilyn Anderson, most beautiful girl, and Peggy Williams, pin-up girl. The Juniors have named: Joan Booth, most popular girl; Norma Jean Thomas, most beautiful girl; Jean Ann Hart, pin-up girl; Halcutt Stone, most handsome boy; Bob Suddert, most popular boy. To date the other classes haven't announced their favorites. The election is to be held Feb. 5.

### FHS

#### WHO'S WHO

One Who's Who this week is a freshman boy. He was born in Farwell in 1930 and after living in Ballinger for four years the family moved back to Farwell.

Some of his favorites are:  
Sport—Basketball.  
Hobby—Stamp collecting.  
Favorite book—"The Adventures of Ellery Queen".  
Song—"Pistol Packin' Mama".  
Actor—Alan Ladd  
Actress—Betty Hutton.  
Food—Fried chicken.

Now we have a dark headed, dark eyed girl, who is 5 ft. 3 and weighs about 105. She's a senior.

Favorites:  
Sport—Skating.  
Food—Pineapple.  
Book—The Robe.  
Actor—Alan Ladd.  
Hobby: Writing news.

### FHS

#### TO HAVE DINNER

Did someone say something about a formal dinner? That's right, we (the seniors) are giving one the night of Saint Valentine's, if we can get reservations at the Hotel Clovis. Every senior is going to invite a guest, and we will go to the show afterward.

### FHS

#### FLUFF AND FEATHERS

Didn't those plaid shirts, that some girls sported Monday, fit well? Or did they?

Jeatonne has the cutest new plaid suit. (She's also adorable in Levis). Maxine's new rings are really something! She seems proud of them too! We wonder why?

### FHS

#### SCANDAL

Well, I guess Tommy Randol is just about settled down from her visit to se Charles.

We wonder just who Lucile R. is going to ask to the senior dinner! Seems as though we have an old married lady in our senior class. What about that, Maxine—or should we say "Mrs. Smith"?

Poor Mr. Carter! Looks like he is going to have to be superintendent AND janitor!

Don tried AWFULLY hard to get Jeatonne's box at the rally. Well, he finally did. Whew Was it that hard, Don?

Boy, wasn't Miss Neil's box pretty? What guy wouldn't like to fly a plane like that—made by her, anyway?

T. A. can't really make up his mind whether he likes Tommy or Verna Lee. Aw, come on, T. A.

What is it that has lately attracted so many of the soph girls to a certain junior boy? Could you tell us, Billy M.?

Who is it that Bertha is SO crazy about? Clarence, could you tell us? Who is that most handsome senior boy that Latrille is now looking at so much? (Let's ask her and see if she says "Bert".)

Ruth has lost her heart (to her neckless). If found return to Pinkie Bingham.

### FHS

#### JUNIOR NEWS

Did you ever see a busy class of juniors? Just come to Farwell High and peek in the window. Plans are being made for the annual Junior-Senior banquet. Everybody is on some sort of committee working like little bees. March 10 is the date and everyone is looking forward to it eagerly.

### FHS

#### SOPHOMORE NEWS

The sophomore class plan to give the "Grand Old Opera" for their assembly program which is to be held February 17. There will be plenty of fun and laughter.

We are proud to welcome two new students; Ray and Max Ford.

### FHS

#### FHT NEWS

The FHT Club hopes to give a Valentine party honoring the boys from the FFA department.

The second-year girls plan to do some sewing for the Red Cross, while the first-year girls have started kitchen projects.

### Southern Union Gas Company Is Expanded

Southern Union Gas Company has assumed operations of the El Paso gas distribution system following the approval by the Securities and Exchange Commission of the purchase of these properties from the Lone Star Gas Company, J. R. Cole, vice-president of Southern Union, Santa Fe, announces.

Southern Union's purchase of the El Paso gas distributing system from Lone Star resulted from the agreement made by the latter with the Securities and Exchange Commission for disposal of this portion of its properties as a part of the reorganization of the company effected in January of last year. The contract was signed by both com-

E. M. KELLEY

panies on Nov. 5, 1943 and the sale price was \$2,700,000, including all materials and supplies and accounts receivable.

E. M. Kelley, district manager of the Southern Union properties in the Clovis district since 1938, has been transferred to El Paso as manager. Kelley has been in the employ of the Southern Union Gas Company since January, 1930, and during that time has had a wide and varied experience in all phases of the gas business and has been prominently identified with various civic and public affairs.

J. Harvey Wilson, district manager of the company at Santa Fe, is replacing Kelly at Clovis and will manage the company's Clovis district properties, including Clovis, Portales, Tucumcari and Texico-

FOX DRUG STORE

FOX FOX

service, having been employed in September, 1928, and is no newcomer to Clovis. He was district manager in Clovis until he was transferred by the company to Santa Fe in 1937.

Southern Union Gas Company, with headquarters in Dallas, is among the best and most experienced gas companies in the south. Wofford Cain, Dallas, is president and chairman of the board of directors. Other officers are: C. H. Zachry, executive vice president, Dallas; F. W. Smith, vice president and treasurer, Dallas; James C. Reid, vice president and operating manager, Dallas; J. R. Cole, vice president, Santa Fe; Ross Byron, vice president, Chicago; and H. V. McConkey, secretary and comptroller, Dallas.

In New Mexico, the company serves consumers in the cities of Clovis, Portales, Tucumcari, Texico-Farwell, Carlsbad, Artesia, Lovington, Santa Fe, Bernalillo, Belen, Los Lunas and Farmington and sells gas to the city gates of Albuquerque and Roswell. It also owns and operates gas properties in Texas and Oklahoma.

### Play Friona There On Friday Evening

Friona will play host to Texico boys and girls basketball teams on Friday evening of this week, Coaches C. E. Sanders and Viola Rode-wald of the locals announced today, in return matches.

The Texico boys handed the Friona Chiefs a decided beating when the two teams met on the local court some few weeks ago, but observers are of the opinion that the game Friday night will be far from a "cinch" for the lads in green and white.

The local girls have shown decided improvement since their loss to the Friona quintet, and are expecting to give their hostesses a fast round.

Coach Sanders indicated that a grade boys' team might be taken to Friona, but this was not definite when The Tribune went to press.

### ENTER TOURNAMENT

B. A. Rogers, who serves as coach of the grade boys' basketball team of the Texico school, stated the first of the week that the youngsters were entered in the county grade tournament, to be held next weekend at Ranchvale. The team drew Melrose as its first opponent, he added. Time of play has not yet been announced.

### Texas University To Be New Headquarters

AUSTIN—The University of Texas will be the new headquarters for a large part of the National Cotton Council Laboratory, to be moved from Memphis, Tenn., to concentrate here "a very important part" of the cotton research work done in the nation.

A new weaving laboratory will be added to the University's lab, which includes a chemical engineering and pilot plant unit, a full textile mill, and a plastic division.

In 1938, the first program of cotton fiber research here was inaugurated by Dr. E. P. Schoch, professor of chemical engineering, who has headed the Bureau of Industrial Chemistry for many years. Dr. Schoch expressed his gratification at the selection of the University as the new headquarters.

### SANTA FE CARLOADINGS

The Santa Fe System carloadings for week ending Jan. 29 were 22,128 compared with 19,332 for same week in 1943. Cars received from connections totaled 13,664 compared with 10,903 for same week in 1943. Total cars moved were 35,792 compared with 30,235 for same week in 1943. Santa Fe handled a total of 35,892 cars in the preceding week this year.
