Health Notes

By Texas Department of Health

AUSTIN—Several recent deaths in the State, resulting from asphyxiation by gas fumes, has brought a warning from Dr. Geo. W. Cox, State Health Officer, of the importance of proper ventilation.

It is never safe, the doctor stated, to sleep in a tightly closed room with a gas fire burning. Even if there are no gas leaks, the air soon becomes vitiated and harmful fumes will be inhaled into the lungs.

"When occupying a room in which gas is burning, be sure always to have at least one window or door open to admit fresh air," Dr. Cox said. "If the weather is too cold to permit leaving, an open window in the room occupied, then play safe by opening a door into an adjoining room which is properly ventilated."

Dr. Cox said that he was prompted to issue this warning by the fact that thousands of new residents in the state have formerly lived where wood and coal are burned, and they do not know the actual danger of burning gas, and failing to provide good ventilation.

"Occupying a room heated by an open gas flame, and keeping the room tightly closed may prove disastrous the first time tried," Dr. Cox said. "It's better to take no chances. Always be sure your room has plenty of fresh air."

TRUCK BUYERS SHOULD CONTACT ODT FIRST

All persons planning to purchase used trucks of any kind, have been advised by the ODT to consult district ODT offices before purchasing such equipment.

Several cases have occurred where persons have purchased trucks and then found the proposed services were of a nature that did not qualify them for allotments of gasoline and mileage.

Such purchases should not be made until the prospective buyer makes certain that a certificate of war necessity will be issued by ODT for the type of service in which a truck is to be used. The ODT warning also applies to purchases of Army trucks.

By checking with ODT, prospective purchasers can avoid possible financial loss from buying vehicles for which they will be unable to obtain gasoline allocations.

The ODT also warned that persons contemplating setting up new business enterprises, or enlarging present businesses, where the use of trucks would be involved, should likewise consult ODT district offices, for the same reasons.

Under an amendment, ODT will not issue gas for new or enlarged truck operations, unless they are adjudged necessary to the war, or to essential civilian economy.

WTCC OPENS SECOND WAR-PRESERVATION CONTEST, WEST TEXAS

The West Texas Chamber of Commerce, which last November closed its inter-community War and Preservation contest with award of \$1,000 in cash prizes, this week has launched another. Entries have been invited from all West Texas counties.

The new inter-county agricultural and livestock production and improvement contest will be conducted by two of the regional chamber's commission. They are the Postwar Economy and Planning commission, C. W. Meadows of San Angelo chairman, and the Agricultural and Livestock Commission headed by Winfield Holbrook of Plainview.

WTCC President M. C. Ulmer describes the contest as "a plan, both war and postwar, both urban and rural, starting at the seat of our wealth and economy—the land."

Overall objectives, Ulmer said, are "conservation, protection, perpetuation and fullest possible utilization of our West Texas land resources, with increased, balanced and higher quality production from our farms and ranches—all to promote the doing of that which we are most capable of doing with our resources, facilities, skill and experience."

To Aid Junior Work
The contest will run initially

through two crop years. The \$1,000 prize fund will be split four ways and awarded at the WTCC's 1945 convention to be impounded, however, by winning counties for use in junior agricultural work only. Then, with termination of the two years of competition, additional credit will be given for the development of a continuing, five-year plan with the regional chamber setting up another fund for award at the 1948 convention.

Under the county unit plan entries will be made by Chambers of Commerce within a county, through agricultural planning boards created by the chambers. The boards will be made up of active farmers and stockmen, county agents, AAA directors, vocational teachers and chamber of commerce officials. The town groups will act in an advisory and research capacity. The WTCC commission will provide staff and technical services in organizing a county's entry and start into competition. When the planning boards are organized and a preliminary survey completed in contest section 2—that on production activities—the commissions will issue certificates of award to entered Chambers of Commerce reciting that these requirements have been met.

Has Three Divisions
The contest will be conducted under three divisions, each consisting of a county survey, a plan, and a program of activities.

Among the competitive activities and objectives will be increased farm units and farm ownership; improved farm-to-market roads; extension of rural electrification; terracing and erosion control campaigns; insect and parasitic plant growth extermination; working for increased crop allotments with reinstatement of federal control; planting campaigns to stimulate balance and leadership of crops best suited to county; formation of cotton and livestock improvement associations; and carrying on the West Texas campaign for freight rate parity with other territories in movement of crops and livestock.

A total of 1,405,000 air express shipments was made within the United States last year.

EXTENDED COVERAGE IN SOCIAL SECURITY

Changes in the present Social Security Act urged in the board's eighth annual report would particularly benefit the three states of Region X—Texas, Louisiana, and New Mexico—James B. Marley, Regional Director said today. This is especially true, Marley said, of the board's proposals to extend old-age and survivors insurance program to people working in occupations not now covered by it.

The board recommends that some 20 million workers now excluded be given the same right to earn social insurance protection as industrial and commercial workers.

Since the act now insures only wage and salary earners in industry and commerce, and since southern states are predominantly agricultural, Marley pointed out that the board's proposals would bring proportionately large numbers of southern workers under the contributory insurance system. "Coverage and benefit payments under the federal old-age and survivors insurance law are least in agricultural areas due to exclusion of farm operators and workers," he said. The report, covering the fiscal year ended June 30, 1943, recommends that the act be changed to allow practically the entire working population to earn social insurance protection.

Regarding proposals for expansion of the program, as distinguished from the proposal for extension of old-age and survivors insurance to farmers and other self-employed persons, the report calls attention to the burden of sickness and its cost borne by American families, particularly those with low incomes. People who are ordinarily self-supporting can pay, without hardship, the small average amount which, like fire insurance, provides protection for the whole group and prevents economic disaster for those who actually meet with misfortune.

Insurance covering part of the cost of hospital and medical care, the board insists, must "preserve free choice of doctor and hospital, or personal relationship between physicians and their patients, to maintain professional leadership, to insure adequate remuneration—very probably more nearly adequate than that in customary circumstances—to all practitioners and institutions furnishing medical and health services, and to guarantee the continual independence of nongovernmental hospitals."

ARMY ENTRIES MADE IN GOLDEN GLOVES TOURNAMENT

SPAAF, LUBBOCK — Prospects for winning honors in the annual District Golden Gloves tournament at Tech gym the nights of Feb. 3, 4 and 5 are definitely bright for SPAAF. Staff Sgt. Bob Rings, once ninth ranking middleweight of the world, is coaching the boxers. Probably the best prospect on the team is Sgt. Clyde Jones of Perryton, Tex., who won the State TAAF light heavyweight title in 1938 in Abilene and the All Service Southwestern championship in 1941. He is a graduate of Perryton high school and was a student at McMurry College and Texas A&M. He will be a heavyweight contender.

Coach Nathan B. Eubank, athletic officer at SPAAF, said that the field's boxers had issued a challenge to surrounding teams who will participate in the tournament to meet SPAAF contenders in pre-tournament matches in the post recreation hall.

—get that extra War Bond NOW!

You can buy extra Bonds!

Paul Baker had a big decision to make. It took him about two seconds.

We, at home, also have a decision to make. We are asked to buy extra War Bonds at once. Our boys at the front are depending on us in this Fourth War Loan. Our patriotic impulse is to say "yes" first and look around for the money afterwards. Let us obey that impulse! It will do us good in more ways than one!

Paul Baker sized his situation up in two seconds... and acted. We, whose duty is so trifling by comparison, need scarcely more time in which to do ours!

Think! We are asked to make an investment, not a sacrifice! We are asked to invest the money we would normally use to replace automobiles or farm machinery or repair buildings and fences. We are

asked to establish a depreciation reserve which will be available for replacements after the war; to build up a financial reserve for unfavorable years that may come later, or for the education of the children, unexpected hospital bills, or the payment of taxes and debts.

War Bonds are the best form of financial reserve ever offered you. Your money helps finance the war. By postponing unnecessary spending you speed production of planes and munitions to win the war. The gradual expenditure of your reserve after the war will provide jobs for returning soldiers and help stabilize the nation's finances in the postwar adjustment period.

Ask yourself: Have I a single valid reason why I should not buy extra War Bonds? Then, like Paul Baker, make your decision and act!

Get ready for the day when Johnny comes marching home

If you have a boy in the service, think what it will mean to have him come back and share with you the joy of equipping the farm with the best in tractors and other machinery. Think what it can mean for you to have the cash to put the children through college. Think what it can mean, a few years hence, to have new farm buildings or a new home or complete modern conveniences about the place.

To thousands upon thousands of farm and ranch owners who have bought extra War Bonds, these things are assured. For the first time in their lives they are going to be able to have the things they've wanted. Some of them are your neighbors. How about you?

Former Farwell Girl Is December Bride

Mr. and Mrs. E. V. Rushing of Portales have recently announced the December marriage of their daughter, Bonna Lee, to Ensign Lewis P. Holland, son of Mr. and Mrs. J. W. Holland of Houston, Texas.

The date of the wedding was December 18, with the ceremony being read in the Little Church Around The Corner in New York City.

As her wedding costume, the bride wore a powder blue street dress with brown accessories. Her corsage was of gardenias.

A graduate of the Farwell high school, Mrs. Holland later attended Texas Tech in Lubbock, Eastern New Mexico College, Portales, and George Washington University. For the past two years she has been employed in Washington, D. C.

Ensign Holland received his education at Rice Institute, in Houston, and is currently stationed with the Navy in Washington, where the couple will reside at present.

"The Robe" Will Be Reviewed at Guild

"The Robe", written by Lloyd C. Douglas, will be reviewed by Mrs. Virginia Meeks Bronsgrumb, of Clovis, next Tuesday night, when Mrs. Bronsgrumb will be a guest speaker at the meeting of the Wesleyan Guild.

The visitor has been an expression student for years and has particular training in presenting book reviews, according to Mrs. V. Scott Johnson, Guild president, who urged that all young women of the community be on hand to hear Mrs. Bronsgrumb.

The Guild is holding open house preceding the program, with a covered dish luncheon to be served in the parlors of the Methodist Church. The supper will be served at 8 o'clock, Texas time, and a cordial invitation is extended by the Guild to all who wish to attend.

Pink and Blue Shower Given on Thursday

A lovely pink and blue shower honored Mrs. Jerry Brand, the past Thursday evening, when friends gathered in the home of Mrs. Frank Eason.

The evening was spent in visiting after which refreshments were served by the assistant hostesses, Mrs. Bryan Smith and Mrs. Asa Smith.

Attendees included Mesdames W. L. Rundell, Petree, Harold Hillock, Myron Hillock, J. C. Robertson, Murlene Clemons, Smith, Asa Smith, Bryan Smith and Frank Eason.

Gifts were sent by Mesdames Shorty Milstead, Cecil Atchley, Travis Rundell, Prather Shelly, Dick Gerles, Charlene Nix and Don Bruns.

Here From Idaho

Mr. and Mrs. R. P. Leynim, ofocatella, Idaho, left Sunday after a few days with her parents, Mr and Mrs. E. E. Footh. While here they also visited Mrs. Leynim's son, Lee McDaniel, at Sheppard Field, and with relatives in Dallas.

Begin Work on Annual

Sponsored by the seniors of the school, work has begun on an annual for the Texico institution. Mrs. H. Arnold stated today. The publication will include pictures of students and news of various groups and activities.

M. C. Roberts was in Albuquerque last Saturday attending a meeting of the Republican leaders in New Mexico.

Miss Joyce Cain, of Las Angeles, is here visiting her sister, Mrs. LeRoy Faville, in Texico.

A business meeting of the young people's class of the local Church of Christ was held the past Wednesday night in the home of Mrs. Leon Cantrell, near Texico.

At this time complete plans were made for the laying of carpet in the church building. The carpet is already on hand and will probably be put on the floors and around the altar this week, it was stated.

Present at the meeting were Mr. and Mrs. J. D. Thomas, Mrs. Lee Bradshaw, Mrs. Joe Crume and Miss Berthamae Thomas.

Wanda Pearce Named "Pin Up" Girl

Miss Wanda Pearce, daughter of Mr. and Mrs. Luther Pearce of near Texico, has been designated by soldiers in the Aleutians as one of the "Pin Up" girls from New Mexico.

Recently, the former Texico girl, who is a prominent member of the Eastern New Mexico College student body at Portales, received a letter from a soldier in the Aleutians, which read, "I saw your picture in the Chase (ENMC paper) and the fellows in my section have chosen you as a Pin Up Girl from New Mexico. We would appreciate another picture of you to put in our squad room, I am sure our morale will rise immediately."

Return Home

Mr. and Mrs. B. S. Triplett returned home the past Thursday from Mineral Wells, and other Texas points, where they had been visiting and attending business matters for several days.

NEWS FROM OUR BOYS IN CAMPS

SENDS SOUVENIRS

D. K. Roberts is in receipt of some rather unusual war souvenirs, sent by his son, Bub, in service with the medics somewhere in the South Pacific. The souvenirs include a "comb" and a hunting spear made by the natives, hand-carved from wood and decorated with paints and figures. The so-called comb has been carved from a solid piece of wood, has teeth some five inches long, and the handle bears traces of American influence, being elegantly decorated with four silver dimes.

VISITS PARENTS

Sergeant John Graham, who is located at the South Plains Army Air Field, in Lubbock, visited his parents during the past weekend.

Grady Trims Texico In Two Cage Matches

Basketball contests played at Grady the past Friday night proved both a surprise and disappointment to Texico fans, when the girls, rated far weaker than their hostesses, played the Grady team to a two-point difference match, and the local boys, with a win over Grady earlier in the season, took a sound beating.

The girls game was by far the better one of the evening, the score being exceedingly tight throughout. Final count was 22-24, and until the last whistle Grady was putting out all she had to handle the tough Texico opposition.

Caldwell, at guard for Texico, turned in the best game of the evening, while the two Flye sisters, at forward, brought the crowd to its feet with beautiful shots. Stanfield was high for the winners with 13, while her running mate, Daniel, came in with 10.

Boys Game Slow

The boys' game was definitely slow, with the Texico attack marred by bad passes and the inability of the locals to hit the basket. On the other hand, the Grady team was basket-hot, and the final score stood at 36-21.

Bowers, held-down pretty thoroughly by Stout, managed to hit only one basket out of a number of tries, while sinking three free shots. Drace, who usually accounts for a number of Texico's points, also failed to make connection with the basket. White was the only local man who sank his shots, running up 11 points.

The Texico defense, which functioned comparatively well in the first half to keep the score reasonably close, suffered a relapse in the third and final quarters, with the result that D. and R. J. Williams ran up high counts of 18 and 10 respectively.

Farwell Takes Two Basketball Victories

Two wins were added to the season's sport card of the Farwell basketball teams last Friday night, when the locals visited at Oklahoma Lane and defeated boys' first and second string opposition furnished by their hosts.

Both games were close, with the first string taking a 16-12 win—the tally clearly indicating that neither side was able to punch major holes in the offensive team.

Christian, of Oklahoma Lane, and C. Summers, of the Farwell aggregation, were tied for first-string scoring honors with counts of six each for the match.

The second-string tally finally stood at 19-15, after a hot scramble by both teams to outpoint the other and to stop scoring advances.

Foster was tied with Christian for the losers' scoring honors, each having four, while Williams was far out in front on the Farwell side of the ledger, having hit the basket for a total of 9.

Bye Puts Farwell In Tourny Semi-Final

A lucky drawing of a bye in the opening round throws the Farwell senior boys' team into the semi-final round of an invitation basketball tournament, which will be held at Muleshoe on Friday and Saturday of this week.

Coach J. T. Carter stated that the pass leaves Farwell idle on Friday, when the initial matches will be held, and puts them into contact with the winner of the Suda-Bula game at 3:30 Saturday afternoon.

This will be the first tournament for the locals this year. Having taken two games from Oklahoma Lane, Friday night last, the boys are priming to hold their own and hope to advance to the finals of the meet Saturday night.

Pleasant Hill Will Play Here Friday

Games that threaten to be explosive are slated for the Texico boys and girls basketball teams this weekend, when Pleasant Hill will be visitors here, Friday night.

Coach C. E. Sanders, contacted today, stated that his boys were not expecting an easy match from the visitors, due to the high rivalry that has always existed between the schools. And observers added that former Coach A. D. McDonald, now of Pleasant Hill, would undoubtedly have his boys in high gear for the contest.

The Pleasant Hill girls have a good rating in the county, and ordinarily would be given the benefit of the doubt for the Friday game. However, the locals showed a decided improvement last Friday, when they lost by only two points to the touted Grady sextet, and this game may be a hot contest, too.

Game time, 8 o'clock. Admission, 35, 25 and 15 cents.
