

Snow Is Forcing Evacuation Of Flattened City

Snow, rain and chilling winds piled more misery on tornado-smitten areas of the Panhandle and Northwestern Oklahoma last night. And residents of Higgins began to evacuate the town as the new storm made the few remaining buildings uninhabitable.

Lewis Asks Miners To Return To Work

WASHINGTON, April 12. (AP)—John L. Lewis, in a sudden change of course, today authorized his United Mine Workers District President to reopen coal mines immediately "where there is reasonable ground to believe" they are safe.

Air Crash Fatal To Texas Pair

SAN ANTONIO, April 12. (AP)—Roy Alfred, 44, manager of the Llano Municipal Airport and Mrs. Pat Marshall, wife of his business partner in the Llano Automobile Co., were killed at 9:40 a.m. Saturday when their light single-engine plane crashed into dense undergrowth 15 miles northeast of Hondo.

Heavy fog and rain hampered the efforts of rescue workers in their search for the wreckage. A. G. Hallway, Hondo pilot, spotted the wreckage from the air and informed the searchers on the ground the location of the wrecked plane.

According to W. W. Hazelwood of Llano, Alfred and Mrs. Marshall left the Llano Airport at 8:15 a. m. Saturday en route to Uvalde to attend an auction. Marshall had preceded her husband and business partner to Uvalde by automobile.

Big Spring -Week-

City trucks are still engaged in picking up trash gathered in the city-wide clean-up campaign, and as usual, residents really get the fever when they see the trucks go by. As a consequence, the city plans to double back with the trucks for a second free haul. So if you missed out on the first one, get ready early this week.

A lot of folks may be deluded into thinking that the \$55 per capita state scholastic aid bill will solve financial (teacher pay) difficulties of the Big Spring district. It won't; but it will avert a crisis. The reason is that salaries were raised this year by using an accumulated surplus of some \$80,000. Thus, \$60,000 out of an estimated \$76,000 additional from the state must be used to take the place of the surplus in maintaining salaries. The balance could be used to help give a little more relief, plus anything the district can dig up.

HIS CABINET QUILTS — The government of Premier Mauno Pekkinen (above) of Finland, has resigned. Pekkinen became Premier March 24, 1946, succeeding Juho K. Paasikivi, who resigned to become president of Finland. (AP Wirephoto).

Janitor Burned In City Hall Gas Explosion

Pete Wiley, 52-year-old Negro janitor, suffered a painful body burn as a result of a gas explosion in the city hall boiler room at about 11 a.m. Saturday.

Purge Order To Cost 50 Million

WASHINGTON, April 12. (AP)—President Truman's sweeping order to purge communists and "disloyal" employees from the executive branch of the government and screen all new job applicants may cost close to \$50,000,000.

Coates Awarded \$1,045 For Land

A county court jury Friday afternoon awarded Morgan Coates a total of \$1,045.30 for damages and 2.65 acres of land involved in road right-of-way.

Area Due To Escape Freezing Temperature

A surprise cold snap, which left the Panhandle blanketed with snow, drove temperatures down here Saturday but weather bureau forecasts indicated that Big Spring would escape, slipping frost.

Police Acting To Stop Series Of Thefts Here

Six Held In City Jail Following Burglary Reports

Big Spring police moved in Saturday with extensive investigations in an effort to quell an apparent epidemic of burglaries which has developed during the past few days.

Strike Threat Spurs Labor Curbing Bill

DAY-OLD TWINS POSE—Marilyn Lou and Carolyn Sue Pearson, day-old twins, pose for their first photograph at Liberty, Mo., with their mother, Mrs. Theda Pearson, 24, who delivered her two daughters in her farm home. Marilyn Lou (left), three and one-half pounds, was born at 4:10 p. m.; Carolyn Sue, five pounds, at 4:22 p. m. When the father, Walter Pearson, 46, arrived home from work at 6 p. m. he found his wife sitting up in bed holding potatoes for the evening meal. Brother Charles, 3, inspects his new sisters. (AP Wirephoto).

Unions Mobilizing To Battle Congress

WASHINGTON, April 12. (AP)—Congressmen today pushed along labor legislation bitterly opposed by unions as the threat of an auto strike was added to the cross-country telephone walkout.

General Motors Offers 10 Cent Boost In Wages

DETROIT, April 12. (AP)—General Motors Corp. today offered the CIO United Auto Workers a 10-cent hourly wage increase to tide 285,000 production workers over until August.

French Madagascar Garrison Surrounded

PARIS, April 12. (AP)—A French garrison at Andapa in northern Madagascar has been surrounded and is being attacked by insurgents. French dispatches reported on the 13th day of a rebellion which has cost scores of lives.

Roosevelt Is Honored; Truman Visits Mother

GRANDVIEW, Mo., April 12. (AP)—A troubled President found respite from domestic and international crises today — the second anniversary of his succession to the presidency — in a visit with his mother and the friends of his boyhood.

Plane Lags In Try For World Record

NEW YORK, April 12. (AP)—Milton Reynolds, Chicago pen manufacturer, left Gander, Nfld., at 8:31 a. m. (CST) tonight for Shannon, Eire, on the second leg of his projected round-the-world flight, Trans World Airline announced here.

40-Year Four Power Pact Set

MOSCOW, April 12. (AP)—The Foreign Ministers agreed tonight to take up on Monday the American proposal for a 40-year four-power pact against Germany, thus approaching what may be the final deadlock of the Moscow conference.

Clean Up Drive Work Is Praised

D. M. McKinney, chairman of the chamber of commerce civic and beautification department, Saturday expressed satisfaction at progress made in the spring clean-up campaign, and called on residents to continue cooperation in the program until final pickup work is completed.

Lamesa Woman Wins C-C Post

Mrs. Matt McCall, manager of the Lamesa Chamber of Commerce, was elected Saturday at Pampa as president of the Chamber of Commerce Managers Association in West Texas.

Retail Grocers Group Calls On Members To Bring Prices Down

CHICAGO, April 12. (AP)—The National Association of Retail Grocers advised President Truman today it had called on its nearly 70,000 members to work with suppliers to bring food prices down to "reasonable levels."

Area Due To Escape Freezing Temperature

A surprise cold snap, which left the Panhandle blanketed with snow, drove temperatures down here Saturday but weather bureau forecasts indicated that Big Spring would escape, slipping frost.

Senator Asks Truman To Answer Wallace Attacks

WASHINGTON, April 12. (AP)—Senator Vandenberg (R-Mich.) called Henry A. Wallace's attacks in England on American foreign policy "a shocking thing" and reportedly urged President Truman tonight to answer them personally.

Circle Cinched On Greek Guerrillas

ATHENS, April 12. (AP)—The Greek general staff said today that the Pindus mountain guerrilla areas encircled by government forces had been reduced from about 1,550 square miles to about 375 square miles.

Some 15,000 troops were closing in on about 2,500 surrounded guerrillas in the Thessaly area, government reports said, while police

moved against similar fighters in Macedonia.

The general staff communique said the main bridges on the Akheios river, to the west of the encircled zone, were guarded to prevent escape of the Leftist bands. The guerrillas, it added, have been showing only sporadic resistance and have run into government forces whenever they have tried to flee the trap.

Annual US coal production tonnage is normally 20 times that of wheat and seven times that of corn.

Proper Range Management Is Shown At Calverley Ranch

GARDEN CITY, April 11.—Evidences of what range management can accomplish were seen Friday at the J. B. Calverley ranch five miles northwest of here.

Several men and the Garden City FFA class, in charge of M. T. Jenkins, instructor, and C. G. Parsons, superintendent, were on hand for a tour to five places on the ranch.

"At Jordan, unit leader for the Soil Conservation Service at Big Spring, and E. J. Hughes, district SCS conservationist, identified palatable grasses as well as less or

undesirable grasses and weeds which were classed as "invader" plants. Under proper management, said Jordan, desirable vegetation tended to choke out the invaders.

He and Calverley also demonstrated the comparative absorbent qualities of range land with good trash mulch and that which was barren. Within a space of a few feet, there was a remarkable difference in moisture in favor of the soil covered by trash mulch. Top soil readings on the spot showed that soil temperature under good cover ran six to eight degrees un-

der atmospheric readings, whereas, those in barren areas were 20 degrees and more over the atmosphere temperature. Particularly in summer months, said Jordan, moisture is all but "boiled" out of barren areas.

Further demonstrations showed that desirable grasses seeded readily in the trash mulch, not at all in barren areas.

As between poor fair range and good range, the amount of forage clipped was almost three times as much in the better class. The best spot in a fair range area yielded 1,398 pounds of forage in a good, almost bordering on excellent area it was 4,038 pounds per acre. As the forage supply went up, trash litter also gained, leaving the soil in better condition, Calverley said he became interested in management practices when bitterweed began to present a serious problem. Now he is running one thing as many sheep per section. As a result, his lamb crop has mounted substantially. One pasture averaged better than 100% per cent. Weight of lambs at market also jumped by about 12 pounds per head. At the same time, there are evidences the pastures are steadily on the mend. In a half section pasture where deferred grazing is practiced, the cover rated as almost excellent.

Among those attending the demonstration were J. W. Cox, Lester Ratliff, Steve Calverley, Cecil Wilkerson, J. B. Ratliff, A. T. Bratton, Sterling City SCS work unit leader, Calverley and Hughes.

Blue Cross Set For Enrollment Campaign Here

Fresh from a highly successful campaign in Colorado, City and Mitchell county, Blue Cross hospital service launches a two-week enrollment invitation here Monday. Eligible for participation in the non-profit hospital service plan are all persons under 65 years of age, whether employed or not.

There will be a staff of six persons, under direction of W. R. Deer, Abilene, regional director for Blue Cross, to take applications and explain the benefits available under the system of hospitalization pre-payment.

The service may be obtained on a family or individual basis, although experience has been that the family protection predominates. An entire family may be covered for \$2.10 per month. The size of the family makes no difference.

Blue Cross is a hospitalization plan, providing for a generous scale of payments on hospital serv-

ice, but it does not include professional (doctor) fees. Contracts written during the campaign, which continues through April 25, will become effective on May 1. Maternity benefits do not become operative until one year after institution of a contract.

While staff workers will contact all business and industrial concerns with five or more employees to explain benefits of the program and as a payroll deduction plan, individuals who could not thus be covered may obtain information at the headquarters in Empire Gas company.

Blue Cross is a non-profit national institution, which originated a score years ago in Dallas.

Balsa wood, similar to that used to construct model airplanes, is now being adapted to crates for air freight shipments.

Wholesale Meat Prices Decline

CHICAGO, April 12. (AP)—The American meat institute said today that a check of wholesale prices of all kinds of meat indicated an average decline of about 20 percent from the peak reached after the removal of OPA prices and a drop of 10 percent from prices a month ago.

In a statement the institute said "pork loins, wieners, some chops and roasts, now are down at wholesale about 11 cents a pound from a month ago at Chicago. Picanias (pork shoulders) have declined about 15 percent from the peak in early March and approximately the same decline has occurred in wholesale cured ham prices. Smoked hams in Chicago and elsewhere have declined approximately 10 percent.

Allies To Divide Japanese Navy

WASHINGTON, April 12. (AP)—Nearly twenty months after V-J Day the remnants of Japan's shattered Navy are ready for equal division among four Allied war victors.

The United States has informed Britain, Russia and China that 239 destroyers and smaller ships are in sound enough condition to warrant distribution, the State Department announced today.

Gen. Douglas MacArthur reported that 140 are ready for immediate delivery. They will be distributed by lot at a drawing to be held in Tokyo at some future date, and delivered to designated Pacific ports by Japanese crews. The other craft are being used for the time being at various occupation tasks.

Those of Japan's battleships, cruisers and other larger craft which remained seaworthy after their war time pounding already have been scrapped or are in the process of destruction.

This disposal of the Japanese Navy, which before Pearl Harbor was rated as the world's third most powerful, was decreed by an Allied declaration at Moscow on October 30, 1943.

The remnants of Germany's Navy were divided by a similar agreement which gave the United States the cruiser Prinz Eugen and a flotilla of late model submarines.

Russia's delay in carrying out the destruction of some of the larger German ships assigned her for the purpose has figured in the foreign ministers conference at Moscow.

Plans for the final disposition of Italy's fleet have not been disclosed.

Proof that PLYMOUTH is the LOW-PRICED CAR MOST LIKE HIGH-PRICED CARS

Look at this chart and count the "yesses." They prove how far Plymouth leads the low-priced field in high-priced car quality features. You see these features listed across the top of the chart. They naturally make you think of the most expensive cars. Now read down the chart. You find Plymouth has all but one of these quality features—and more than twice as many as either of the other leading low-priced cars!

Then, too, only Plymouth in the low-priced field gives you the added protection of Safety-Rim Wheels—the 32% greater effectiveness of Safe-Guard Hydraulic Brakes—the longer wear and greater economy of Superfinished Engine Parts. These are just some of the Extra Values you get when you get a Plymouth.

Bumper Fruit Crop Due In West Texas

KNAPP, April 11. — Only a devastating hail or severe drought stands in the way of another bumper fruit crop for West Texas, and unless all signs fail, the Von Roeder Farms orchard will set the pace for production.

The reason is simple, for the Von Roeder brothers — Nolan and C. N. — have more than 3,000 trees in their orchard. The way it stocks up now, the yield on peaches alone will reach 10,000 bushels and could easily hit the 15,000 plus mark. Ideal conditions could boost the potential outlay to 20,000 bushels of fruit, including plums, pears, apples, nectarines, etc.

ings as low as 18 degrees and occasionally the crop pulls through minimums of 22, depending, of course, on other factors.

Trees actually are more sensitive in the bud stage than while in bloom, and the period when blossoms have shed until danger of freeze is past is also highly hazardous. Year in and out the grape crop, because of late blossoms, is sure-fire, but it is not too profitable because the market is not too strong.

With an abnormally late spring, the trees in the 74-acre orchard (it is in two plots) are loaded as the blossoming season passes on. With the hazard of killing frost removed, the problem now is one of thinning the crop to prevent undue strain on the trees. This they do with a "whip" fashioned out of a broom handle and bicycle tire.

The Von Roeders apparently never heard that it's impossible to produce fruit in this section, or if they did, they took a look at their records and were unconvinced.

While there have been years when the Von Roeders drew blanks, other seasons have brought opposite extremes. On one occasion, peach trees averaged \$4.50 per tree, or on a 30-foot spacing, \$215 per acre. Even on the 40-foot spacing that meant \$112 per acre.

So big has been the demand for fruit in this area that on two occasions the Von Roeder's held peach trees averaged \$4.50 per estimated 4,000 people were jammed against the fences at sunrise when the signal was sounded. They rolled through the orchard in a mighty wave to gather fruit.

"We felt that if we hit a crop one-third of the time," said Nolan Von Roeder, "we could break even. But surprisingly, we have done much better than that, for we have a record of 60 per cent of normal production."

This record is significant for it represents an experimentation over a period of 30 years. It was in 1917 that C. N. Von Roeder, put out his first fruit trees in the sandy, loam of the southeastern Border and southwest Scurry county plateau.

"Sure, it damaged the trees some," said Nolan Von Roeder, "but we have to cut out a certain amount of wood each year so really our pruning took care of almost all harm."

The Von Roeders do not use sprays for tree diseases are practically unknown. In abnormally wet seasons, brown root has caused some loss, but these conditions are few and far between in West Texas. Cultivation of the area under the trees is a Von Roeder trademark, and the entire orchard area has been converted into a recreation set-up with picnic units, arbors and a swimming pool.

Today there are trees which have a record of 20 years service behind them, although the bulk of these were uprooted this year to make way for new plantings.

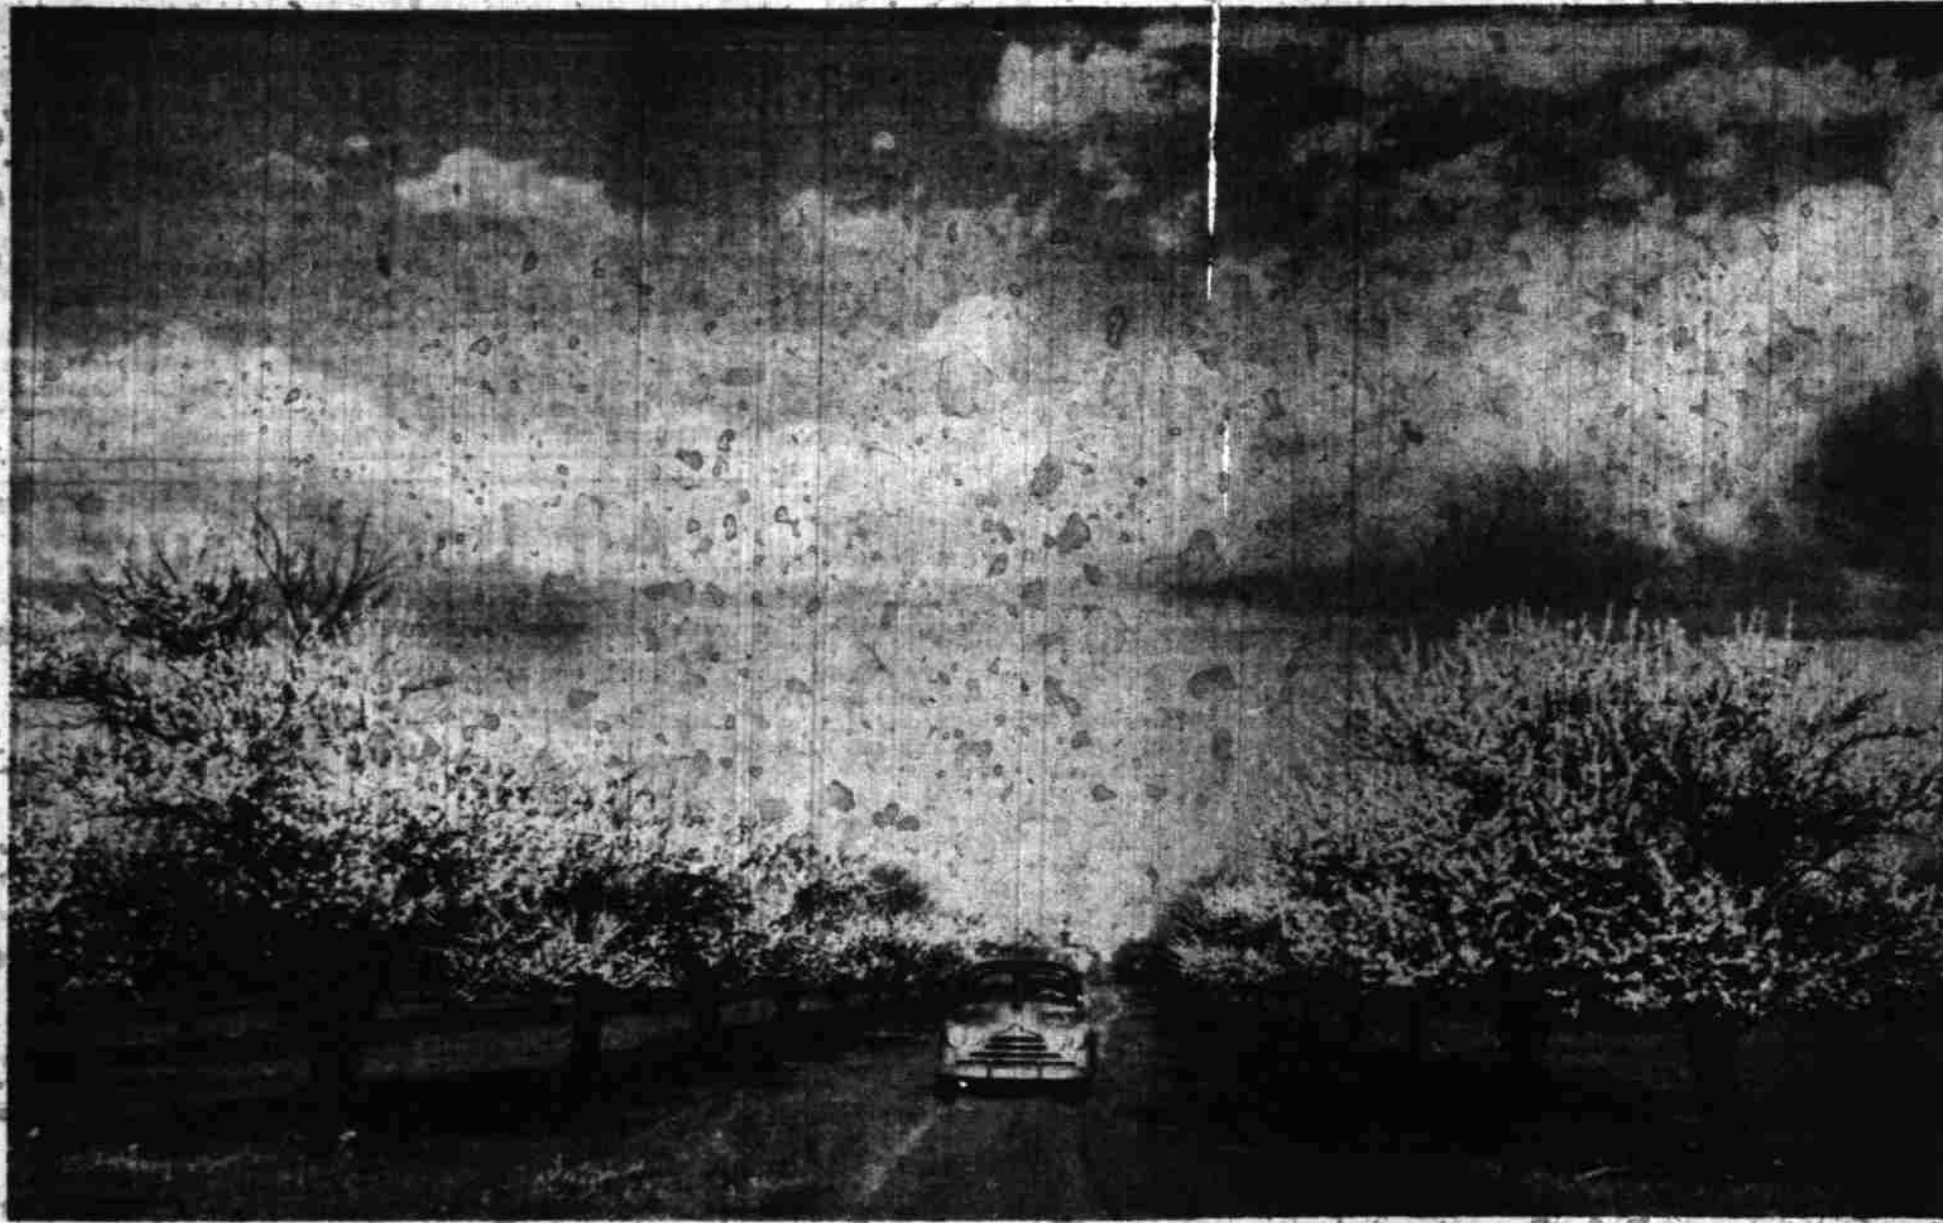

As a general rule, the Von Roeders make some sort of a crop, for they have approximately 70 varieties of peach, plum, pear, apple, nectarine and apricot. Some peaches have got safely through reed-

ing and tax filing to "Mail-Me-Monday," the independent merchant's modern, complete and economical method of record keeping and tax recording, you can concentrate on other vital business problems with complete freedom of mind. You'll know that tax authorities will not be breathing down your back at almost any moment. "Mail-Me-Monday" does the entire job!

It will pay you to investigate "MAIL-ME-MONDAY" BOOKKEEPING and TAX METHOD

Write or Call Box 1241, Phone 2182 Odessa, Texas

There are more than 40 "Mail-Me-Monday" stores in the United States and in Canada.

BLOSSOM TIME — A fragrant profusion of blossoms billow from the branches of plum trees lining one of the key drives in the Von Roeder orchard, 38 miles north and slightly east of Big Spring. These are but a few of approximately 3,000 trees in the 74-acre orchard which has prospects of producing 15,000 or more bushels of fruit this season. To the left Mrs. Nolan Von Roeder, wife of one of the brothers who established the orchard and, cotton breeding farm more than two decades ago, examines blossoms of something like 2,400 peach trees. (Jack M. Hayes Photos).

Martin County Rancher Dies

A. J. Howard, 42, prominent Martin county rancher, dropped dead at the home of his parents, Mr. and Mrs. W. A. Howard, in Stanton at approximately 4:45 p. m. Friday.

At the time of his death, Howard lived in the Lenora vicinity. He had been a Martin county resident for the past 20 years. Last rites will be said at the Church of Christ in Stanton at 3 p. m. today with Rev. Johnson in charge. Burial will take place in the Evergreen cemetery.

Survivors include his wife and his children, Patsy Ruth, Annette, Richard, Onda, Jimmy and Keith; four brothers, Casey Howard of Courtney; Homer Howard of Tatum; L. J. Howard of Midland; and Pat of Bellville; a sister, Mrs. Hattie Bergman of Glendale, Calif., and his parents.

New Crosley Is Shown Here

Newest presentation of the line of cars which pioneered in the small-car field—Crosley—is being shown in Big Spring by the new Crosley dealer, Childress Motor company, 815 West Third street.

Developed by Powell Crosley, Jr., the new model features a power plant that, while developing 33.5 horsepower, weighs less than 150 pounds. The entire car weighs less than 1,200 pounds, and its manufacturer claims from 35 to 50 miles per gallon of gasoline.

The Crosley also is presented as a completely all-steel car, in engine as well as body.

A two-door sedan is being displayed by the Childress company, and Crosley is making also a pickup and a station wagon type. Standard performance in power, speed and general utility is claimed for the small car, in addition to exceptional economy of operation.

The giant redwoods of California are no longer cut commercially although closely related Sequoias growing nearer the coast are made into timber.

"A woman, a dog and a walnut tree—the more you beat them the better they be." It's really true that an English walnut tree, beaten, produces more nuts.

Contrary to popular impression, platinum and associated metals are widely distributed, although they are found in commercial quantities in only a few localities.

LOCAL MEN IN COLORADO CITY PRESENTATION—Lt. George M. Kesselring (extreme left) represented the War Department in presenting several posthumous awards to Mrs. Ruth M. Hart, wife of T-3 Burnard K. Hart, in a ceremony at Colorado City Saturday, April 5. Hart was killed in action in Italy in May, 1944. Mrs. Hart accepted the Bronze Star medal, Combat Infantry badge, Good Conduct medal and Purple Heart for her husband. Music for the ceremony was furnished by the Colorado City high school band. The American Legion post took part in the pre-ceremony parade. Pictured above, left to right after Kesselring, are M-Sgt. David C. Lillard and T-Sgt. William E. Bee of the local recruiting station; Lt. Col. R. Y. Bradford, chaplain of the Colorado City American Legion post; Mayor Charles Brasel; Dr. Oscar Rhodes, Commander of the Colorado City A.L. post; Miss Bonnie Burt, Red Cross director; and Mrs. Ruth Hart, guest of honor. In the foreground are Mr. and Mrs. Bell, parents of Mrs. Hart.

B. S. High School Will Be Analyzed

Most of the personnel who will next week make a deliberate analysis of the Big Spring high school have been selected. W. C. Blankenship, superintendent, announced Saturday.

They will conduct the evaluation criteria, "checking local plants, staffs, curriculum, needs, and doing of other things pertaining to the schools and their place in the community."

Dr. Doyle D. Jackson, in the department of education at Texas Tech, will be co-ordinator of the evaluation. Others from the college level who will assist are Dr. R. E. Garland, head of the Texas Tech department of education; V. H. Gunn and A. C. White, of the San Angelo Junior College, and E. C. Dood, president, and M. J. Fields, dean, of the Howard County Junior College.

In addition there will be administrators and teachers selected from Lubbock, Midland, Odessa, San Angelo and perhaps other schools in this area. In each instance, these have been selected by administrators in their own school.

For three days starting April 23 they will apply a maze of yardsticks against local high school teachers, the plant programs, etc.

On the afternoon of April 26 there will be a general summation in which Dr. Jackson will discuss general results of the study.

Among the things (and their ramifications) to be evaluated are: Philosophy and objectives. Big Spring teachers have been working long hours ever since the beginning of the school year to shape this basic principle for Big Spring schools.

Curriculum and course of study. Again, teachers have been working long, extra hours in an attempt to write a co-ordinated course of study for the entire system, as well as the high school.

Pupil population and school community (checking census rolls against attendance, etc.); pupil activity program; library (service, availability, adequacy, usefulness); guidance; results (pertaining to subject matter, attitudes, appreciation, general, etc.); school staff (in relation to needs of community, also training); school plant (health and safety, adequacy, relation to community); administration (superintendent, supervisors, business management, school and relations with community).

Already each high school teacher has made a personal evaluation of himself or herself. During the evaluation, five other teachers will rate the teacher and furnish a composite rating from observation. Teachers also will be evaluated on their record systems.

While the evaluation will apply only to the high school at this time, Blankenship hoped that as soon as possible that the entire system will be checked. Under the evaluation criteria, which was some eight years in the making because 200 of the recognized standard and better schools of the nation were used to arrive at yardsticks, the Big Spring high school will not be compared with some particular high school but with the standards for many of the better schools of the nation.

WINGS OVER BIG SPRING

Visitors Flocking To Local Airport

J. D. Jackson made his first solo flight at the Hamilton Flying Service airport last week. Jackson is taking student pilot training at the Hamilton school.

Among visitors at the Hamilton Flying Service port last week were D. A. Hutchins of Sanderson, flying a Taylor Craft David Hood, Monahans, in a Taylor Craft; J. C. Jones, en route from Sanderson to Roaring Springs in an Escouper; C. R. Bishop of Ballis, flying an Escouper; Herach Hinson, Lubbock, in a Fairchild; a Mr. Jackson and a Mr. Hicks, en route from Mineola to El Paso in an Aerona; Cliff Edwards, en route from San Angelo to Odessa in a Luscombe; Tobe Foster, en route to El Paso.

J. E. Underwood took his seventh months old daughter, Shirley June, on her first plane ride in his new Super-Cruiser last week.

Forty-six Navy planes refused in a 24-hour period Sunday afternoon and Monday morning at the Municipal airport. The activity set a new refueling record at the local port.

Jack Cook, manager of the Municipal port, is expecting a heavy private plane traffic this summer. Cook said the number of private pilots' stops at the port had been on a steady month-to-month increase since the first of the year.

Ben Funk, Shell Pipeline patrolman, has returned to duty in this area. Funk spent about two weeks patrolling by plane in the Tulsa, Okla., area. Shell bases a plane at the Muni port here for patrol work.

"One Every Two Seconds"

Some individual is admitted to an American Hospital as a patient every two seconds . . . many of these people are not prepared to pay their hospital bills . . . others can pay part of their hospital bill, but it places them in a financial strain . . . still others have used good judgment and foresight in providing themselves and their families prepaid hospital bills through Blue Cross.

The Blue Cross plan of Hospital Service is now providing protection for more than 26,000,000 American people. The plan is under-written and guaranteed by more than 280 Texas Hospitals and more than 3,500 American Hospitals. It is a nation wide program at a cost within the reach of any wage-earner . . . non-profit . . . voluntary . . . dignified . . . not charity. We recommend Blue Cross and guarantee its benefits to our fellow citizens.

We trust that the people of Howard County will take advantage of this special opportunity and enroll themselves and their families during this special enrollment period.

Get Welcome Relief From Stomach Gas, Sour Food Taste

Do you feel bloated and miserable after every meal? If so, here is how you may find relief from this distressing condition. Thousands have found the way to be well, cheerful and happy again.

Sometimes food doesn't digest properly. A vital gastric juice must flow normally to break up certain food particles; else the food fails to ferment. Sour food, acid indigestion and gas frequently cause a morbid, lousy, fretful, peevish, nervous condition. Loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent stimulating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional ailments, so with a good flow of this gastric digestive juice, plus rich red blood, you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of other stimulants, to counteract gas and bloating when you so dearly need SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps build sturdy health.

Dallas Sheriff Testifies At Bribe Trial Of Dealings With Gamblers

DALLAS, April 12. (AP)—Dallas County Sheriff Steve Guthrie testified before a criminal court jury today that Paul Rowland Jones, representing a Chicago gambling syndicate, had attempted to bribe him to obtain protection for all-inclusive gambling and black market monopoly in Dallas.

The sheriff's testimony in the trial of Jones climaxed the "gambling fix" case that came to light with the arrest last December of Jones and Romeo Jack Nappl, also under indictment in a companion bribery case.

Radio Program To Boost 'Y' Youth Campaign

A quarter-hour program, fourth in a series of dramatizations of the YMCA World Youth fund campaign, will be heard over KBST at 2:15 p. m. today.

This will be on the eve of the formal opening of the drive to raise approximately eight million dollars as a fund to help YMCA movements in devastated counties of the world help themselves.

The fifth in the series of 15-minute programs on the fund will be aired from KBST at 7:15 p. m. and the sixth and concluding will be at the same hour Tuesday.

Warsaw, April 12. (AP)—Officials said today that Poland was speeding its expulsion from the western territories, particularly lower Silesia, of Germans remaining there, estimated at 400,000.

On one occasion after leaving a Dallas residence where the two had conferred, Guthrie said Jones suddenly returned and sought to give him a large sum of money.

Guthrie said Jones "thrust a roll of money into my hands."

The sheriff added "I wanted to take the money as evidence but we were not in the wired room and I knew Texas Ranger Dub Naylor didn't have his recorder in operation."

Naylor, Guthrie said, had been hidden during the conference and made wax transcriptions of the conversations.

On one occasion, the sheriff testified, he was informed that the syndicate would deal also in black market sugar and that he should furnish an escort of deputies to protect the almost legal operation.

Yesterday, City Detective George Butler testified that a thick roll of bills was offered to Guthrie last November 1 by Jones but that Guthrie did not accept the money.

Rich Diminishing

LONDON, April 12. (AP)—The British Treasury disclosed today that the nation's wealthiest group—those with net incomes after deduction of taxes, of more than \$24,000 a year—dropped from 7,000 individuals in 1939 to an exclusive 45 in the fiscal year of 1945-1946.

Industrialists On Trial

NUERNBERG, Germany, April 12. (AP)—The first of the war crimes trials involving German industrialists will begin here April 19 with steel man Friedrich Flick as the chief defendant. Officials here announced today.

It is estimated 300 million people are stricken with malaria every year and of these three million die.

Deafened Now Hear With Tiny Single Unit

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music, and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association, this device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 7057, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today. (adv.)

NEW 1947 SERVEL SAVES MARKETING TIME

A big bushel-size Frozen Food Locker is combined with the finest modern refrigeration for fresh foods in the new 1947 silent Servel Gas Refrigerator. With it, the homemaker can expect to save hours of marketing time, make every meal more exciting.

For fresh foods, Servel's moist-cold and dry-cold protection maintains crispness in salad greens and garden vegetables, tenderness in meats. Big clear-across shelves give extra roominess—adjust to eleven different positions.

Most important, the Servel Gas Refrigerator is permanently silent. It has no moving parts in its freezing system. Instead, a tiny gas flame does the work. As 2,000,000 owners know, Servel stays silent, lasts longer. New 1947 Servels are now on display.

EMPIRE SOUTHERN GAS CO.
Champ Rainwater, Mgr.

Stanolind Stakes Number 1 Gaskins

Stanolind Oil & Gas company has staked location for No. 1 T. H. Gaskins as a 12,300-foot rotary exploration six miles southwest of Big Spring.

The deep wildcat, in the Moore (Harding) pool area, will seek the Ellenburger. It is located on a block of approximately 10,000 acres held by Stanolind. In all, the operators have around 30,000 acres under lease in southwestern Howard county.

Location is 660 feet from the north and 1,980 feet from the east lines of the south half of section 7-33-1s, T&P, and is a virtual south offset to the John B. Hawley, Jr. Northern Ordinance, No. 147 T. Frazier, one of 18 light production developed in the Northern Ordinance operations. The pool, as a 3,000-foot horizon light production area, was first tapped nearly 20 years ago by the old Texon-Marlard company in its No. 1 Harding in the southeast quarter of section 19-33-1s, T&P, and was later developed by John L. and P. D. Moore.

Prospects in northwest Coke county grew still warmer Saturday as the Sun No. 1 H. H. Jameson, quarter of a mile west extension from the discovery Sun No. 1 Allen Jameson, showed an estimated 3,000,000 cubic feet of gas daily on a drillstem test from 8,940-6,110 feet. The test also returned 10 gallons of distillate and 470 feet of gas-cut drilling mud. Thus far it is 180 feet into the erinoidal reef, topped at 5,941 feet, or 271 feet higher than in the discovery.

The Duncan Drilling Co. No. 1 L. M. Newton, shallow wildcat nine miles northwest of Big Spring, was plugged and abandoned at 3,168 feet. Location was 330 feet out of the southwest corner of section 5-33-2n, T&P.

Saturday, the Ray Albaugh and

R. Jones Wins Humble Contest

Referee Jones, dealer at Fourth and Seurry, has been named the outstanding Humble station manager in a good housekeeping and clean restroom drive recently completed by company dealers in Big Spring and Stanton.

M. O. Hamby, 701 West 3rd, and E. D. Stephens, Lamesa highway, finished within nine points of Jones, who has been in the service station business for 20 years, 10 in Big Spring.

C. L. Rowe, local Humble agent, and Sam McComb, who graded the stations, expressed gratification at the interest and participation of station managers in the contest. Rowe said that they have done an outstanding job in reaching a high level in good housekeeping and restroom cleanliness.

There are six metals in the platinum group: platinum, iridium, osmium, palladium, rhodium and tungsten.

Deacons, Elders To Be Installed

Farm And Ranch News

By WACIL McNAIR

Sweet sudan probably has gained more popularity in Howard county than any other crop during the past few years in the opinion of some local seed dealers. Although the county's farmers are expected to go in exceptionally heavy for cotton this year, a number of them are planting some sudan seed early. In fact, sudan seed has amounted for a large part of the total early seed sales in Big Spring.

Planting operations now are under way on many of the larger farms in northwest part of Howard county and the southern part of Dawson county. Vast acreages are being devoted to cotton on land, much of which was not planted to any crop during 1946. Most of the farms in that area also are dotted with spots of green, where wheat fields have been left to mature, and a few farmers already have sudan growing. The wheat looks especially promising.

Under the new operating system of the extension service, Howard county is located in district No. 7.

Headquarters for the district still are maintained in San Angelo, however, with W. I. Marshall and Thelma Casey as district agents. Howard county was in district No. 3 under the former system, but under the new plan, two new districts have been added in the state, making a total of 14 districts in the state. The new operating system has cut down the number of counties in each district, and according to Dr. Ide P. Trotter, extensions service director, it will enable the organization to give better service to the farmers.

Dairy husbandmen of the extension service say the benefits of dairy herd improvement organizations in Texas are being proved over and over again. Virtually all statistics in dairying, they say, smaller herds of good cows is greater than from large unimproved herds. The fact that poor cows consume feed just as good cows do is pointed to as the key to the statistics.

The cotton products demonstrations to be held Friday night in the district court room probably will be of as much interest to many business men as to cotton farmers, officials of the Howard county farm bureau believe. Most of the featured demonstrations will embrace new and improved cotton products that have been developed through research.

According to the Soil Conservation Service, Texas leads the nation in the number of organized SCS districts, as well as in the amount of acreage and number of farms involved in the organizations.

WAA Delays Conference On Local Airport

The War Assets Administration's Dallas office has requested a change from Monday to Tuesday for its conference with city officials here, K. W. Whitney, city manager, reported Saturday.

The WAA asked for the conference immediately after the agency assumed custody of the Big Spring Army Air Field properties. The first communication indicated that 10 WAA representatives would be here in time for a conference with local officials at 2 p.m. Monday, but a 24-hour postponement was requested Saturday.

The conference is expected to include a discussion on final settlement of the Air Field property lease between the city and the Federal government.

King Christian X Steadily Improving

COPENHAGEN, April 12 (AP)—Physicians attending King Christian X of Denmark, who had a heart attack Easter Sunday, issued a bulletin this morning saying:

"Improvement in his Majesty the King's condition is continuing. His fatigue is somewhat lessened. The next bulletin will be issued Monday."

Cotton Council Official To Head Meeting Here

Sam Hayes, Lubbock, a field representative for the National Cotton Council, will be in charge of a special public meeting scheduled here Friday night for all persons in this area interested in the cotton industry. H. T. Hale, chairman of the Howard County Farm Bureau, announced Saturday.

The meeting is slated for 7:30 p.m. in the district court room. Hayes will conduct demonstrations and exhibit a number of new products which recent research has developed from cotton. The general topics to be discussed should be of particular interest to farmers, bankers and a number of business men, Hale asserted. The meeting is open to the public, and the Farm Bureau is encouraging all interested persons to attend.

Hoess Hanging Scheduled Soon

WARSAW, April 12 (AP)—Rudolf Hoess, convicted of killing 4,000,000 prisoners while he was German commandant at Oswiecim concentration camp, went back to Oswiecim today — to be hanged. Under heavy guard, he was turned over to the district prosecutor of the town. The time of the hanging was not announced.

The 47-year-old ex-colonel was convicted of the "mass murders at Oswiecim (Auschwitz) by the nine-judge Polish supreme national tribunal April 2 after the prosecution had charged him with responsibility for 4,000,000 murders by gassing. Hoess disputed the figure, saying he could count only 2,500,000. He declined to appeal for presidential clemency.

Paraguay Due For Long Civil War

BUENOS AIRES, April 12 (AP)—An informant who has just reached here from Asuncion said today that diplomats in the Paraguayan capital believe Paraguay is in for a long civil war. He said the country was sharply and fiercely divided and that the month-old rebellion already had caused sharp recession in the Paraguayan economic position.

A government communique broadcast from Asuncion said there had been "no operations worthy of mention on any front" yesterday, but a correspondent at the Buenos Aires newspaper "Crisis" quoted an insurgent communique as claiming that the rebel forces had driven government troops from a bridgehead at Pasos, about 24 miles north of Concepcion, the rebel capital.

Dallas Holds Army Week Parade

DALLAS, April 12 (AP)—A downtown parade today celebrated Dallas' observance of Army Week. More than 1,000 ROTC students from Dallas high schools, a regular army unit from Camp Hood, civic and patriotic organizations and bands from each of Dallas six high schools participated in the parade.

French Lop 20,000 Off National Payroll

PARIS, April 12 (AP)—A committee today lopped 20,000 jobs off government payrolls and brought to 36,000 the number of government posts abolished since it began its task two weeks ago. Included in the elimination were 8,200 employees in the Ministry of War, 4,500 in the Air Ministry, and 2,740 in the Navy.

NEGROES TO VOTE
MACON, Ga., April 12 (AP)—All Negroes who are properly registered will be permitted to vote in the municipal primary here which was set for June 20 by the city executive committee yesterday.

Wish you were here?

— so does your wife!

JUST look at yourself standing there, that come-to-Poppa gleam brightening in your eye with every passing second.

Look at you — taking in those long, sleek, all-the-way-through fender lines — and falling harder for them every minute.

Honestly now — aren't you just itching to get hands on that wheel and touch off the surging Fireball power packing that big bonnet?

Aren't you picturing yourself giving the scornful laugh to the cobbles and the bumps, the jars and the jolts, in this steady, road-wise, coil-spring-cushioned husky?

Haven't you spotted a new light-of-your-life that you'd love to call your one-and-only — if you only dared confess it?

Well, go ahead — your wife won't mind.

She's probably way ahead of you in spotting the spanking fresh new styling of this brawny Buick. She has decided she wants the smart and roomy interiors — the featherweight handling — the gorgeous glamorous bigness of it.

She's probably saying to herself, "Well, don't just stand there — do something! Let's get one of these for our own!"

So go ahead. Make up your mind.

And take the first step toward having a Buick of your own — which is simply to get your order in.

Lobos To Play Carlsbad Club

LAMESA, April 12.—Lamesa's Lobos, victorious in two of three exhibition games played to date, cross bats with the Carlsbad semipro at the Lobo baseball orchard this afternoon. Game time is 2:30 o'clock.

Manager George Sturdivant will probably get a good look at several of the rookie hurlers who recently reached camp. Walter Condon, hold-over from last year's pitching staff, should also see some action. Troy Clark is the Carlsbad skipper.

Texas Manpower Too Much For Owls

HOUSTON, Tex., April 12. (AP)—The Texas Longhorns had too much manpower for the Rice Owls here this afternoon and eased off with an 85 to 37 victory in a dual track meet. The Steers and Owls split even in the field events but the Texas team almost blanketed their Houston rivals in the track events. Only victories by Augie Erfurth in the two hurdles races saved the Owls.

EVERY 20 SECONDS

ANOTHER CAR GOES TO THE SCRAP PILE

All over America, cars are going out of business... leaving their owners "high and dry"... with little chance of getting a new car for probably quite some time to come.

Don't let your car join this hard-luck parade. Keep it in action... running smoothly, dependably, and safely... by bringing it "back home" to us for regular servicing and inspection.

Hosses Take On Sweetwater Sports At 3 P. M. Today

Rodriguez May Twirl

Joe Rodriguez and Jose Cindan, two flashy Havana righthanders, are scheduled to take the hill for Big Spring in today's exhibition baseball game between the Bronco and the Sweetwater Sports, which will be played in Sweetwater starting at 3 p.m.

Rodriguez made his debut against Bellinger's Cats last Tuesday and acquitted himself well. Cindan was banged around somewhat by the Abilene Blue Sox two days later but gives promise of developing into Manager Pat Stasey's best twirler.

Chester Zera, Sweetwater's classiest flinger, is expected to try his slants against the Big Springers.

The two clubs are members of the infant Class D circuit, the Longhorn league and will officially begin its season Tuesday, April 23.

Stasey, who may or may not be in condition to play center field, will have to depend on a patched up lineup to see him through. He'll use the reliable Tony Traspurto behind the dish, Horace Bostick at first, Humberto Baez at second, Andy Viamonte at short and Orle Moreno at the hot corner.

In the pastures, it's apt to be Pat Patterson in left and Jose Traspurto in right. Traspurto hit a triple against Abilene Tuesday and bobbed up with three singles in the Lamesa game.

Baylor Faces Herd Thursday

AUSTIN, April 12. (AP)—The two Southwest Conference baseball favorites, Baylor and the University of Texas, meet in Waco Thursday and Friday for what will probably be the lip-off on the Southwest Conference championship.

Bobby Layne will go against the Baylor Bears for one game while Jim Godfrey, Murray Wall or Charlie Tankersley will get the call for the second game.

MacMitchell Wins Boardwalk Mile

ATLANTIC CITY, N.J., April 12. (AP)—Leslie MacMitchell of the New York A.C. won the first running of the boardwalk mile today in 4:14.8, breaking the tape on the straightaway course 20 yards ahead of Tommy Quinn of Elizabeth, N.J.

A crowd of 25,000 persons lined the route. Hoping to see a four-minute mile, but wind, a faulty stop watch and the hardness of the boards worked against the runner.

LOOKING 'EM OVER

Pat Stasey, field pilot of the Big Spring baseball Bronco, is having to soft pedal it these days because of an ankle injury... Odd part about the mishap was that Patrick suffered it while working about his father's-in-law farm and not on a diamond... Incidentally, the affable Irishman was proffered \$500 a month by the Lamesa club to take over the managerial reins after Skipper George Sturdivant suffered that gosh-awful head injury... That came not long after Fort Worth had dangled a contract calling for \$400 a month before his eyes... One thing the Cuban boys with the local club seem to have in common is a good throwing arm... Stasey is not the only member of the club favoring an injury... Humberto Baez, the brilliant little pitcher, was cut about the ankle in Thursday night's debate with Abilene... Jose Traspurto, who is shaping up as the best hitter among the imported players, was hit on the shoulder by a batted ball Thursday evening... Olen Wise, an official of the Lamesa club, arranged for the cushioned cap Manager George Sturdivant wears on the field through Eddie Stevens, the former Lobo and Big Spring first sacker who is now with Brooklyn... Emmett Feltenwider, Lamesa's hard hitting outfit leader of the 1945 season, hasn't yet made up his mind about playing ball this year... At the present time he's living in Tampa... In any case, he won't return to Lamesa.

Lobos Overstocked With Veterans

Sturdivant must release at least one player only if he had to raid with machine-gun quickness... Eddie is an East St. Louis, Mo., boy, has a buddy on the team named Stanley Graywac, of all things... The Lamesa club, which has improved its layout at considerable expense, will have to add more power to its lineup if it hopes to equal its gate draw last season when the Lobos played to 37,000 fans... The night, as it stands now, is not a first division contender... Of the boys in the present lineup, only Sturdivant will hit 300 or better... Martin probably would but the Lamesa park is not built for him... High school baseball coach Conn Isaacs had to threaten a cancellation of the order for playing suits before the sporting goods company which accepted the business would get them in the mail.

Wilson Climbing Fistic Ladder

Les Cranfill, coach of the Derison football team that will tangle with the Big Spring Steers next fall, is having to rebuild his tutoring staff... He lost both Thomas L. Tipps and Hunter Kirkpatrick within two days' time... Tipps takes over as head mentor.

Sam Chapman Stars

PHILADELPHIA, April 12. (AP)—Sam Chapman and Eddie Joost hit home runs, the former with two on base in the second inning to lead a 13 hit attack on Charles Schanz, Dick Mauney and Lou Possel in the Philadelphia Athletics took a 12 to 2 victory over the Phillies in the first of a two-game series today.

Sens Slam Orioles

WASHINGTON, April 12. (AP)—The Washington Senators unloaded 23 hits against three Baltimore pitchers here today to embarrass the International League team, 20-0, in an exhibition baseball game.

Tigers Win, 8-1

LOUISVILLE, April 12. (AP)—Runching across three runs—enough to win—before a min was retired in the first inning, the Detroit Tigers plastered the Louisville Colonels of the American association, 8 to 1, here today in an exhibition baseball game.

Bucs Clip Columbus

COLUMBUS, O., April 12. (AP)—Ralph Kiner and Elbie Fletcher hit home runs here today to give the Pittsburgh Pirates a 5-3 victory over the Columbus Red Birds. The circuit blows came with the bases empty.

Dodgers Sign Texas Tackle

BROOKLYN, April 12. (AP)—The Brooklyn Dodgers of the All-American Football Conference announced the signing of three new tackles today. They are Jim Plyler, 230-pounder from the University of Texas; Mike McKillop, 225 pounds, a pre-war star at Ithaca College; and Leroy Schneider, 225, a three-season veteran at Tulane.

Bucs Clip Columbus

COLUMBUS, O., April 12. (AP)—Ralph Kiner and Elbie Fletcher hit home runs here today to give the Pittsburgh Pirates a 5-3 victory over the Columbus Red Birds. The circuit blows came with the bases empty.

Locals Beaten In 11th, 6-5

LAMESA, April 12.—Eddie Skrabacz, who had kept his team mates in the game all the way with a tremendous performance afield and at bat, set off the 11th inning rally that enabled the Lamesa Lobos to defeat the Big Spring Bronco, 6-5, in a baseball exhibition here Friday afternoon.

Local Tennis Are Decided

MIDLAND, April 12.—Big Spring netters were beaten in the finals of two events of the Area tennis tournament here Saturday. B. B. Lees and Culin Grigsby of John Malaise's Steer troupe dropped a 9-7, 6-4, 6-4 decision to Barnes Hightower and Goss Yeager of Midland in boys' doubles play.

Red Birds Upset

ST. LOUIS, April 12. (AP)—The St. Louis Browns, who finished seventh in the American league last year, upset the World Champion Cardinals in the first of their two-game spring series today, 2 to 0.

Eagles Swarm Over Midland Bulldogs

ABILENE, April 12.—Abilene's high school Eagles slaughtered the Midland Bulldogs, 27-3, in a District 10AAA baseball game here Friday afternoon.

Missions Win Again

BEAUMONT, Tex., April 12. (AP)—The Beaumont Exporters dropped their third game in a row here today to the San Antonio Missions, 4-0, behind steady pitching on the part of Ned Garver.

Texas League Baseball

San Antonio 000 201 010—4 Beaumont 000 000 000—0 "Battlies" Carrola and Garver; Anke and Mackinson.

FAVORED NAGS TAKE BEATING

NEW YORK, April 12. (AP)—The Canadian refugee from the claiming ranks, Cornish Knight, produced a rude shock for some of the fancier Kentucky Derby favorites today by taking the experimental handicap, while the hopes of such glamor-boy gallopers as Stepfather and Better Value were blowing up all over the place.

Eight candidates for the run for the roses—among them five of the top 20 winter book favorites—took a crack at the mile-and-a-half meander at Jamaica. And the Chestnut Bargain Toronto Brewer, Edward P. Taylor picked up for \$2,500, a 100 to 1 shot in the derby winter books, was the surprise best of the lot. The triumph was worth \$16,400.

Stepfather, Movie Man Harry Warner's \$200,000 buy who was an impressive fourth in the abbreviated six-furlong experimental last Tuesday, and Better Value, the Texas hope who was knocked down to 12-1 in the derby futures after a victory Monday, showed neither desire nor intention of running a lick and wound up next to last and last in the nine horse field. Stepfather's dismal doings dismayed the 55,488 assembled contributors who had backed him down to a \$2.90-to-\$1 betting favorite.

Martinson Equals Southwest Record

COLLEGE STATION, Tex., April 12. (AP)—The Texas A&M track team won a triangular meet with Baylor and Louisiana State here today by scoring 96 1-3 points to 48 for LSU and 25 2-3 for Baylor.

Although Baylor was low in points, the Bears' Billy Martinson was not slow, for he equaled the Southwest Conference record time of 9.5 in the 100-yard dash, a feat he accomplished here in the conference preliminaries last year to become a co-holder of that record.

Martinson also ran the anchor leg on the Bear 440-yard relay team which won in a time of 42.5 seconds.

Luke Appling has hit .300 in 13 of his 16 seasons with the Chicago White Sox.

The Week

(Continued From Page One)
part, the not-so-new gas.
"Just call me up."
Final figures are in on last
year's cotton crop—10,464 bales.
This is about twice the amount
indicated in early August. With
favorable weather this year, the
total will be three times this
much, for the acreage is going to
zoom.

After a serious set-back early in
the year, a city paving program
again is taking shape. While the
program likely will be based on
voluntary signing for block areas
connecting with existing paving,
a substantial volume may develop.
Meantime, the annoying gap on
Benton from Third to the viaduct is
in the process of being closed.

As an attraction for tourists,
the chamber of commerce will of-
fer to buy two buffaloes provided
the city can maintain them in
the park area. Another tourist at-
traction (and for homefolks, too)
is apt to take shape during the
year when a movement forms for
some sort of restoration of the
"big springs" for which the city is
named.

On the basis of early planting,
the grain outlook here is not too
promising. The swing definitely is
back to cotton, which may mean
one of the smallest milo volumes
in several seasons (the drought of
last year excepted). Dry weather
until June, however, could change
the picture considerably.

War Assets Administration of-
ficials are due to here Monday
to negotiate with the city concern-
ing the bombardier school prop-
erty. The WAA got control of the
field Thursday, and the early meet-
ing with local officials may por-
tend quick action. At least the sit-
uation is more hopeful than in a
long time.

City commissioners held the last
public hearing on the zoning pro-
gram Thursday evening. No de-
cision will be reached before April
22, if finally then, for the com-
mission may elect to make modifi-
cations in the proposed plan. It is
concluded that a zoning program
will be adopted.

Local Students Second
In Debating Contests

Students representing the Big
Spring high school in literary
events of the District Four Inter-
scholastic League meeting in Mid-
land Friday night and Saturday
came home with second place hon-
ors. In most contests, although
Elwyn Bass led the field in junior
boys declamation and Barbara Ol-
son won first place honors in typ-
ing.

Midland was victor of district
competition with a total of 253
points in literary events. Big
Spring was second and Odessa
third.

In extemporaneous speaking con-
tests Bobo Handy won second place,
and Eddie Hickson and Jean Ol-
son took second honors in de-
clamation. Bass won over Midland
and Odessa in junior boys' declam-
ation, and Big Spring entries took
second place in the girls' debate
and third place in the boys' con-
test. Girl debaters are Betty Jo
Burns and Edna Sigphenson, and
representing the local school in
the boys' division were Athel At-
kins and Ronald Johnston.

Students presenting "The Height
of Wimpole Street" in the dra-
matic division of the meeting Fri-
day night, lost to Midland and
Odessa.

Midland introduced a new con-
test, "the slide rule," and won by
virtue of no opposition as other
towns did not have entries.

Debaters, declaimers and ex-
temporaneous speakers were ac-
companied to Midland by Elouise
Haley, coach.

Big Spring students captured
three out of the first five places
which qualify for regional competi-
tion in typing at the district meet
in Midland Saturday.

Barbara Olson, daughter of Mr.
and Mrs. J. B. Olson, led the typ-
ing contestants with a score of
132.09, based on accuracy and
speed, or nearly a point ahead of
the second place. Beverly King
took fourth place in the event.

Directors Luncheon Monday Will
Honor Past Presidents Of C-C

A special directors luncheon to
honor past presidents of the or-
ganization will be conducted by
the Big Spring Chamber of Com-
merce Monday to launch local ob-
servance to Chamber of Com-
merce week in Texas.

Chamber officials hope to have
a number of former presidents
here for the occasion, although
several have moved to other cities
and a few are deceased.

During the entire week, local
citizens will be encouraged to give
special attention to chamber of
commerce accomplishments and
current tasks of the organization.

Mayor G. W. Dabney has issued
a formal proclamation setting
aside April 13-19 as chamber of
commerce week in Big Spring. The
Mayor's proclamation concurs with
another issued several days ago
by Governor Beauford Jester, who
set aside the corresponding period
as Chamber of Commerce Week in
Texas.

The Mayor's proclamation fol-
lows: Whereas the Governor of the
State of Texas has set aside the
week of April 13-19 as Chamber
of Commerce Week in Texas; and
Whereas, Big Spring has long

had an active chamber of com-
merce, dedicated to the develop-
ment of the community in all of
its many worthy phases of life;
and Whereas, it is axiomatic that un-
selfish and co-operative effort of
a citizenry avails much in the
building of a city and area.

I, G. W. Dabney, by virtue of the
authority vested in me as may-
or of the City of Big Spring, do
proclaim the week of April 13-19,
1947 as Chamber of Commerce
week in Big Spring and do call
upon the citizens of this city to
renew their efforts toward de-
veloping our community through
the Chamber of Commerce as our
agency devoted exclusively toward
the building of a better Big
Spring.

Given under my hand and seal
this 10th day of April, A. D., 1947.
George W. Dabney, Mayor.

Sale Of Easter
Seals Lagging

The Easter Seal sale drive, for
crippled children has been extend-
ed through April, Mrs. James T.
Brooks, in charge of the local ac-
tivity, announced Saturday.

While response has been en-
couraging, receipts from Big
Spring donors have lagged about
\$100 behind the comparable date
for last year.

Sixty per cent of the gross stays
in Big Spring to be used in aid-
ing crippled children cases, and
40 per cent goes to the Texas So-
ciety for Crippled Children to be
used on a state level.

During the past year aid was
extended in several cases here, in-
cluding one young victim of spastic
paralysis (cerebral palsy). Mrs.
Brooks and others associated with
the local chapter of the society
are hopeful that final receipts will
be sufficient for expanding aid
in this new phase of the work.
Checks may be sent to Mrs. Brooks.

THE UNION STILL REFUSES
Union leaders still refuse the company's offer to submit their wage demands to impartial arbitrators appointed by governors of the five states we serve.
Union leaders still insist on national arbitration. They still demand that umpires judge the "game" from outside the "ball park."
And the public continues to be needlessly deprived of telephone service.
Why not let impartial citizens familiar with local conditions settle telephone wages?
The company has repeatedly offered to abide by such settlement.
The offer is fair to the union, fair to the company, and fair to the public.
The offer still stands.
SOUTHWESTERN BELL TELEPHONE COMPANY

"Can Chiropractic Cure Me?"

Read What B. J. Palmer, D.C., Ph. C.,
The Developer of Chiropractic
Has to Say—

All elements of health are within your body, at all times
struggling for expression. Nerve interference is the usual bar-
to this expression, and results in disease. The work of the
Chiropractor is to find and adjust this cause. When that is
accomplished, normal health may be expected.
Patients are frequently asked: "Can Chiropractic cure me?"
and "How long will it take to get well?"
In trying to reach a justifiable and sincere prognosis, five
things must be considered:
1. Age of patient
2. Degree to which dis-ease has progressed
3. Vitality in reserve in patient which does "healing" or
"curing"
4. Ability of Chiropractor
(a) to correctly analyze the case
(b) to pick major for adjustment
(c) to determine correct malposition
(d) to deliver correct adjustment
5. Time patient will allow for recovery
LET US WEIGH EACH POINT CAREFULLY

First: As a general rule, the younger the patient, the greater
the opportunity for recovery—other things being equal.
Second: If condition is mild, taken in its earlier stages, re-
covery is more nearly assured than it would be in its later
stages.
Third: If person has been sick a long time and his reserve
force does not come back readily, or at all, it can be seen that
possibility for recovery is less. If person has a strong reserve
force and it "comes back" quickly and strongly, then odds are
much in his favor.
Fourth: Suppose Chiropractor correctly analyzed case, but
gave a wrong adjustment—the prognosis would be grave. On
reverse, grant that he could give an excellent adjustment—
suppose place for adjustment was wrong. Results would be nil.
If everything on Chiropractor's part is done just right, other
things being favorable, prognosis would be favorable.
Fifth: Take it for granted that everything in four preceding
points had been done exactly right—if patient had a stubborn
case which had been standing for years, and allowed but one
week to make recovery in, it would be impossible.
It takes time to get sick. Dis-ease grows, health must re-
grow. It takes time for dis-ease or health to grow.
Be progressive. Consult a Chiropractor and learn how eas-
ily you may have health more abundantly.

Crane Test Shows Ellenburger Pay

SAN ANGELO, April 12.—Virtual assurance of Ellenburger discovery production by Gulf No. 1-HH University in north central Crane county after indicating five higher pay zones topped West Texas oil developments this week.

Stanolind No. 1 H. M. LaFont, diagonal southeast offset to Stanolind No. 1 E. L. Fisher, opener of the Petersburg (Oisco) pool in southeastern Hale county, proved a failure but Stanolind staked location for a wildcat five miles southeast. Other wildcat locations included one each in Ector, Garza, Concho, Crockett and Pecos counties.

Gulf No. 1-HH University, in Crane, near the C SW NE 3-31-U, recovered 7,100 feet of clean, 45.9 gravity oil and 150 feet of oil and gas-cut mud on a 100-minute drillstem test from 10,624-649 feet in Ellenburger entered at 10,596 feet, 7,937 feet below sea level. It recovered 500 feet of clean oil and 345 feet of oil and gas-cut mud from 10,649-674 feet and 6,289 feet of slightly oil and gas-cut mud from 10,674-700 feet, and drilled ahead.

Production possibilities had been shown in the Devonian and Silurian and in three zones in the Simpson; the McKee, upper Waddell and lower Waddell. No. 1-HH University is 3 1/2 miles north and slightly east of the Block 31 (Devonian and Ellenburger) field but separated from it by a deep syncline.

B. A. Duffy No. 1 Robt. Wilson, southwestern Concho county wildcat, flowed again from the crinoidal at 3,682-3,850 feet while cleaning out following treatment with 1,000 gallons of acid. It was testing for a suspected leak in casing before reading with 2,000 gallons. Location is the C NW NW 76-8H&TC, one mile north and a quarter mile west of Floyd Dodson No. 1 Wilson, a small crinoidal strike drilled in 1940 and pumped intermittently.

Duffy plans to start soon a slatted, 4,300-foot wildcat, No. 1 Arthur R. Henderson C SW NW 62-8H&TC, two miles west and 1 1/4 miles north of his No. 1 Robt. Wilson.

Sun No. 1 Fred Jameson, second well in the Jameson (Strawn) pool in northwestern Coke county, flowed naturally 328 barrels of oil in 28 hours through a quarter inch tubing choke and casing perforations at 6,165-6,230, at 6,242-86 and at 6,306-45 feet. Completion from these zones was scheduled. The well plugged back to the Strawn after falling in the Ellenburger. It is in the C NE NW 315-1A-H&TC, quarter mile south of the Sun No. 1 Allen Jameson, the discovery.

No. 1 Mabel M. Floyd, eastern Midland county wildcat C NW NE 16-37-3s-T&P, was testing the Devonian at 11,210-301 feet, from

Warranty Deeds Soar Past The Million Mark

Howard county's 1947 warranty deed recordings soared past the million-dollar mark Thursday, when J. C. Douglass, Jr., purchased the Douglass hotel from his father, J. C. Douglass, Sr. The transaction, which is the largest recorded here this year, combined \$266,000. This figure, combined with other transactions pushed the 1947 warranty deed total up to \$1,000,001.

There were 18 other warranty deeds filed during the week in the county clerk's office. Total records for the week amounted to \$296,049. Four new trucks and 16 new automobiles were registered in the county tax assessor-collector's office.

The city issued 24 building permits last week. However, most of the permits gave authority only for repairs or moving houses and buildings. Three new residences were included in the list. Total construction costs for the week's permits was \$17,655, increasing the year's total to \$298,085.

Gun Battle Fatal To One In Roswell

ROSWELL, N.M., April 12. (AP) One man was killed and a city policeman was gravely wounded early today in a gun battle which Police Chief Lloyd Blakeney said was the outgrowth of the burglary of a downtown store.

Blakeney said officers Charles Daugherty and L. G. Hall surprised a man coming out of the Montgomery Ward department store in an alley. The shooting started as the man was being questioned.

The police chief identified the dead man as Rex E. Williams, 30. He army discharge papers indicated his residence was Hot Spring, N.M. Daugherty 32 was shot five times in the jaw, neck, stomach and both arms. Hospital attendants said several hours later that he was resting well.

Two men escaped in an automobile, leaving behind three suitcases filled with merchandise which Blakeney valued at \$650.

Trustee Ballots To Be Canvassed

Votes of the county's trustee elections will be canvassed at the regular meeting of the county commissioner's court Monday morning. The elections were conducted last Saturday in all common school districts.

Run-Away Held Here

Maria Robles, 14-year-old Latin-American girl, was picked up here Saturday and held for San Angelo authorities. Maria reportedly ran away from home.

SAN ANGELO COPS SLOW IN FINDING A STOLEN AUTO

San Angelo police officers are a bit red-faced these days. An automobile belonging to Walter Lons, county commissioner of Howard county, has been recovered on a San Angelo street. The vehicles reportedly was abandoned there more than three months ago but the Tom Green county authorities failed to investigate the matter until a hotel operator called their attention to it.

Outside of a couple of deflated tires, the machine was in good condition.

Betrothal Announced In Abilene

ABILENE, April 12.—Mr. and Mrs. Howard Williams are announcing the engagement and approaching marriage of their daughter, Lamoyne, to William Patton Fulgin, Jr., son of Mr. and Mrs. W. P. Fulgin of Pecos.

The betrothal will be revealed at an announcement tea given in Williams' home this afternoon. Miss Williams, who resides in Big Spring, and Fulgin will be married at the Fairmont Methodist church April 26.

For the tea Miss Williams will wear a dawn pink afternoon dress with a corsage of white carnations. Tea hours will be from 3 to 5 o'clock and for the first hour, Betsy Clark and Velma Everage will preside at the refreshment table. Miss Clark will ladle punch from the frozen bowl and Miss Everage will serve individual white cakes iced with "Pat and Lamoyne, April 26." Favors will be miniature, silver wedding rings.

Mrs. R. D. Strong and Mrs. Carolton NeSmith will preside at the tea table from 4 to 5 p.m. Spring flowers will be used throughout the house and Miss Rosa Pollard will be at the guest book.

The bride-elect will leave for Pecos Tuesday where she will be complimented with a series of parties. She has been employed by the Texas Electric Service company here for the past year as a stenographer.

Year Books Graded For P-TA Meeting

Forty-four year books were graded Thursday when a committee met with Mrs. J. C. Lane, district year book and publicity chairman, for the Parent-Teachers association.

Books from units in 24 counties were judged, and awards for the best collections will be made at the district six conference Wednesday in Del Rio.

Luncheon was served, and those attending were Mrs. W. K. Scud-day of Garden City, Mrs. Grissom of Forsan and Mrs. J. E. Brigham.

Rainbow Girls To Attend Church Services Today

In connection with the national observance of the founding of the Rainbow for Girls, the local organization will attend services at the First Christian church this morning at 10:40 o'clock. Officials have announced that Rainbow girls out-of-town and those who are ill will be excused.

BIG SPRING DAILY HERALD

SOCIETY Sunday, April 13, 1947 EDITORIAL

MID-DAY WEDDING VOWS were read at the First Christian church last Sunday for Miss Marjorie Lowbeck and Otto E. Havins, and the pastor, the Rev. Lloyd Thompson officiated. The bride, pictured above, is the daughter of Mr. and Mrs. C. E. Bell, and Havins is the son of Mr. and Mrs. Fern Havins of Robert Lee.

Young People In Dallas For Annual Conference

The Young People's Council of the Salvation Army church were to return today from Dallas where they represented the local post at the annual youth conference at Army headquarters.

The conference opened at 3:30 o'clock Friday afternoon in the Dallas Citadel with a speakers' elimination contest. Friday evening continued the declaration events by divisional prospective candidates.

Saturday, Young People's councils from over the state registered at a Dallas church, and at 10 o'clock the first council session got underway. A luncheon in the YMCA building feted members of the Honor Club, organization exclusive to Bible students with a 90 or above grade average for a given period of time. Max Winn of the local Army is a member of the club.

Saturday afternoon, Capt. Olvey Sheppard with other members of the Salvation Army brass ensemble gave a concert over radio station KRLD. The second council meeting as well as a session for council presidents were scheduled for Saturday. The day's activities were concluded with a youth Evangelistic service in the evening.

High point of the convention was to be this morning when dedication and consecration services were scheduled.

Attending the conference from Big Spring were Max Winn, Lloyd Davidson, Virginia Davidson, Roxie Benton, Betty Roberts, Kenneth Sheppard, Capt. and Mrs. Olvey Sheppard.

Eager Beaver Club Meets For Sewing

The Eager Beaver sewing club met in the home of Mrs. B. G. Burnett Thursday for an afternoon of handwork.

A refreshment plate was served, and it was announced that Mrs. W. L. Claxton would entertain the club next week.

Those attending were Mrs. Marvin Daugherty, Mrs. Royce Johnson, Mrs. R. I. Findley, Mrs. R. E. Hillburn, Mrs. Ben Jernigan, Mrs. LeRoy Findley, Mrs. Lucian Underwood, Mrs. W. L. Claxton, Mrs. A. F. Johnson, Mrs. Roy Spivey, Mrs. J. D. Kendrick, Mrs. H. D. Bruton and a visitor, Mrs. J. A. Magee.

Young People Entertain With Hayride To Park

The Intermediate Youth Fellowship of the First Methodist church entertained with a hayride to the city park Friday evening.

Around 27 members attended with sponsors, Mr. and Mrs. Howard Sallisbury, Mrs. Tracy Roberts and Mr. and Mrs. Ballard.

Class Entertained In J. H. Stiff Home

The Homemakers class of the First Christian church met with Mrs. J. H. Stiff Thursday afternoon, and Mrs. R. A. Elder was co-hostess.

Opening prayer was uttered by Mrs. J. D. Benson, and Mrs. Stiff presided over the business session.

Refreshments were served, and those attending were Mrs. F. C. Johnson, Mrs. Shelby Hall, Mrs. Lloyd Thompson, Mrs. George W. Hall, Mrs. Gene Crenshaw, Mrs. G. W. Dabney, Mrs. Benson, Mrs. C. M. Shaw, Mrs. E. L. Rice, and Mrs. Harry Lees.

Mrs. Jackson Feted At Informal Shower

Mrs. N. L. Jockson was honored with an informal shower in the home of Mrs. Arch Allington recently and Mrs. W. D. Abbe was co-hostess.

Those attending were Mrs. C. L. Bringer, Mrs. L. B. Kinman, Mrs. W. E. Abbe, Mrs. Leo Abbe, Mrs. Earl Coates, Mrs. Joe W. Scott, Jr., Mrs. Joe W. Scott, Sr., Mrs. Dick Hooper, Mrs. Ray Myers and Mrs. H. E. Merworth.

P-TA Meeting Wednesday

Members of the Central Ward Parent-Teacher association are reminded of a regular meeting which will be held at the school next Wednesday.

An executive session will be held at 8 p.m. with the regular meeting at 9:30 o'clock.

Dates Fixed For School Activities

Busy days are ahead for students of the Big Spring high school and Howard County Junior college who are checking calendars for a series of activities that mark the end of the spring school term.

The annual junior-senior banquet and prom will be staged at the Settles hotel Tuesday evening with the program and general theme kept secret as a surprise to the honored guests.

Program committee for the dinner is headed by Louise Haley and Charles Romine, and includes B. B. Lee, Donnie Roberts and Frances Wilson. Mrs. Erma Nee Steward and Agnes Currie will be in charge of place cards and programs, and Lillian Shick and Joe Hestand are supervising decorations.

Seniors will make their annual trip to Christoval May 19, and members of the Press club will be entertained with a chicken barbecue during the week. Approximately 43 students who work on the school paper, The Corral, and the school class book, The El Rodeo, will attend the entertainment at the city park.

Annuals, which are scheduled to arrive the first week in May, will feature a western style with miscellaneous motives throughout the 128 pages. The book will contain a 24-page sport section, largest ever to be included, and will feature a special pictorial section.

Miss Betty Jean Underwood will represent the local school at a spring festival to be held in Sweetwater April 21. The celebration will be staged at the high school football stadium with queens attending from approximately 20 towns in West Texas.

The sophomore "Corral" will be published April 18 with the junior publication on April 25. A Spanish edition will be printed May under sponsorship of the Spanish department. The final issue on May 9 will be designated as the senior souvenir edition.

The high school's annual stage production will be given at the city auditorium Tuesday evening, May 8, under the direction of Eloise Haley.

The play, "Come Over to My House," by Marianne and Joseph Hayes, was written for a cast of 10 girls and eight boys. Seniors who will appear in the performance are Lex James, Marvin Wright, Don Wood, Bobo Hardy, Athol Adkins, Henry Thames, Murph Thorp, Jr., Pete Fuglar, Barbara Lytle, Frances Bigony, Beverly Stulting, Jocelyn Clark, Geneva Ray and Meador, Edna Faye Stevens, Bonnie Dempsey, Jeanette Kidman and Mamie Jean Meador.

Initiating what will probably become a precedent at Howard County Junior college, "Ranch Week" has been scheduled for the first full week in May, beginning May 13.

Tentative plans thus far include a barbecue and all-school dance at the conclusion of the week's activities. In carrying out the western theme, joggery and probably suitable awards will be given for the most typical attire.

May 1 some 10 students of the college music appreciation class will be given leave from classes to attend the four-day opera season in Dallas. The trip has been authorized by the school for purpose of the education in opera which the students will receive from seeing an actual performance.

The group will see "Lakme" with Lily Pons in the title role, "Lohengrin" by Richard Wagner; Go.

Pupils To Present Radio Program Mon.

Students of the third and fourth grades at North Ward school will present a radio program over KBST Monday at 2:45 o'clock, and will be directed by Mrs. Garnett Miller.

The operetta "Obey The Traffic Light" will be presented, and taking part will be Laverne Cooper, Marshall Choate, James Suggs, Ruth Ann Abat, Sidney Butler, Sandra Jennings, Patsy Grant, Patsy Neff, Tommie Peters and Truman Mason.

MARRIED ON EASTER EVE: Pictured below is Mrs. Howard M. Hubbard, Jr., who before her marriage last Saturday was Miss Dorothy Brown, daughter of Mr. and Mrs. R. W. Brown. The candlelight wedding ceremony was read at the Main Street Church of God by the Rev. W. R. Hutchings.

ON WEDDING TRIP: Mr. and Mrs. H. L. Bailey will make their home in Odessa, following a wedding trip to Carlsbad and other points in New Mexico. Mrs. Bailey, pictured above, is the former Clarice Errolene Haley, daughter of Mr. and Mrs. C. E. Haley of Big Spring. The couple was married in a ceremony read Easter Sunday by Dr. C. A. Long, pastor of the First Methodist church.

Mayor G. W. Dabney Guest Speaker At Civic Meeting

Mayor G. W. Dabney was guest speaker at the meeting of the Ridgeway Heights Community club held at the North Ward school Friday evening.

Discussing the various functions of the city government, Dabney listed expenses of various projects and asked members to work with city officials. Explaining that steady growth was permanent, the mayor stated that the town must not try to accomplish too much at one time, but that efforts should be continued to attract people to Big Spring through a cooperative plan of post-war work that includes a beautification project.

Members were urged to attend a city commission meeting which will be held Tuesday, April 22 at 5:30 p.m.

Next meeting of the Ridgeway club will be held at the North Ward School May 9 at 8 p.m.

Mrs. C. R. Fuglaar To Represent P-TA At Convention

Mrs. C. R. Fuglaar was named delegate to the annual Parent-Teacher association convention in Del Rio at the Thursday meeting of West Ward P-TA. Mrs. Robert Hill will act as alternate.

During the business portion of the meeting, it was voted to purchase venetian blinds for the organization club room.

Mrs. C. W. Kesterman was in charge of the program and introduced Joyce Anderson, who played several piano selections. Mrs. Cecil Penick showed health films to the group.

Members present were Mrs. Lawrence Wells, Mrs. Roy Anderson, Mrs. C. R. Fuglaar, Mrs. Robert Hill, Lois Link, Mrs. T. L. South, Mrs. C. R. Moed, Mrs. Curtis Wood, Mrs. J. A. Whisenand, Mrs. B. N. Borroughs.

Mrs. A. E. Bradberry, Mrs. F. H. Hinkley, Mrs. J. W. Eastham, Mrs. W. C. Moore, Mrs. Jack V. Smith, Mr. R. C. Hayes, Mr. R. B. Hood, Mrs. A. B. West, Mrs. Lois Gos-ton, Mrs. L. E. Hutchins, Mrs. Cecil Penick, Mrs. Burke Platt, Mrs. C. W. Kesterman, Mrs. Durwood Dewter, Mrs. C. E. Johnson.

Delegates To Attend District Conference

Members of St. Thomas Catholic church will attend a district council of Catholic Women's conference in Sweetwater Monday at the Bluebonnet hotel.

Delegates will also attend from McCamey, Midland, Stanton, Colorado City and Hermleigh, and the opening session will be held at 10 a.m.

Mrs. G. B. McNaillen will serve as district secretary for the meeting, and Mrs. L. D. Jenkins will function as chairman of the nominating committee. Others attending will be G. B. McNaillen, the Rev. Theo Francis, O.M.I., and the Rev. Joseph De Roche, O.M.I.

Baileys On New Mexico Honeymoon

Mr. and Mrs. Hareal L. Bailey are honeymooning in Carlsbad, N. M., following their marriage here on the afternoon of April 6 in the home of Mr. and Mrs. Joe P. Zant.

The bride is the former Clarice Errolene Haley, daughter of Mr. and Mrs. Clarence Errol Haley, and the bridegroom is the son of Mr. and Mrs. Edd Bailey of Vealmoor.

Dr. C. A. Long officiated for the single ring service which was read before an archway decorated with greenery and marked with tall baskets of pink gladiol and fern.

Given in marriage by her father, the bride wore a powder blue street length suit with sheer white blouse and black and white accessories. Her corsage was of white camellias.

Her wedding accessories included an old rhinestone pin belonging to her grandmother; a gold bracelet borrowed from her maternal grandmother; and a penny in her shoe.

Jessie Pearl Watson, maid of honor, wore a navy and pink dress with black accessories and a corsage of pink roses.

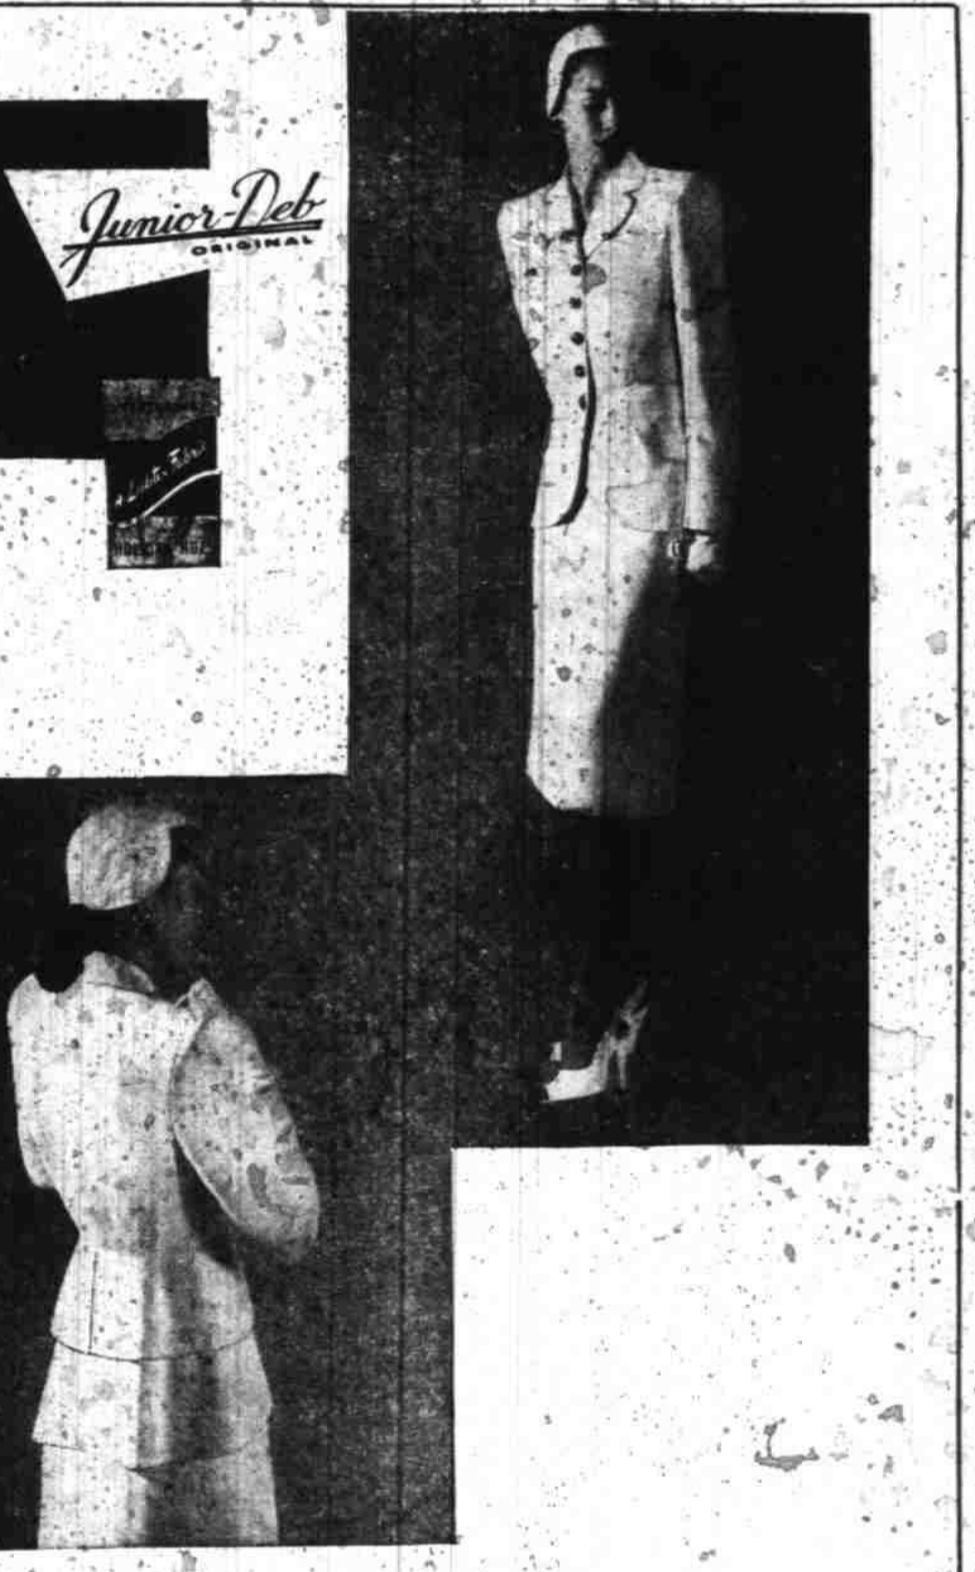

Travis Myrick, brother-in-law of the bridegroom's mother, wore a dove gray dress with an arrangement of red roses.

A reception was held after the ceremony, and refreshments were served from a table covered with lace and centered with an arrangement of orchids and white snapdragons. At one end was a punch bowl and at the other a three tiered wedding cake topped with a miniature bride and bridegroom.

Mrs. Travis Myrick, Mrs. A. A. Smith, Mrs. Sam Field, Mrs. Joe Zant and Mrs. Harrow were in the house party.

The bride was graduated from the Big Spring high school in 1941, and the bridegroom was graduated from the Garner high school in 1941. He served 16 months overseas.

Following a wedding trip, the couple will be at home in Odessa. A number of out-of-town guests attended the wedding.

Mr. and Mrs. T. D. Jeffcoat have had as guests, her sister and family, Mr. and Mrs. Roy Yancy of Dallas.

PACK 'N' GO... Strapless pique dress in pique compass print, with tightly fitted bodice and flared skirt, adds a brief jacket for coverage purposes. Carolyn Shumier designed it in launder-proof fabric.

Miss Nell Brown To Attend Natl. AAUW Convention

Miss Nell Brown was to leave for Dallas early today to attend the national convention of the American Association of University Women which is being held in Dallas and Fort Worth April 14-16.

The Baker and Adolphus hotels are official headquarters for the convention which marks the 50th general meeting to be held. Outstanding speakers, special entertainments with Dallas and Fort Worth playing host to thousands of delegates, sightseeing tours and executive sessions highlight the five day meeting.

Miss Brown represents the local chapter of the AAUW.

In a thousand years the only animals known to have become extinct in highly industrialized England are the wolf, beaver, wild boar, brown bear and reindeer.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an emollient, is useful in all conditions where bland, mild emollient massage medium in skin lubrication is desired. One condition in which women more than 50 years have used it is during pregnancy. It helps keep the skin soft and pliable, thus averting unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the skin. For the tired, back muscles of cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just take this emollient for Mother's Friend—the skin emollient and lubricant. Do try it.

Big Spring To Be Represented At P-TA Conference In Del Rio By 11 Delegates

Big Spring units of the Parent-Teacher Association will be represented by 11 delegates at the sixth district spring P-TA conference to be held in Del Rio April 15-16.

"Laying Firm Foundations," the keynote of the convention which starts with a board dinner Tuesday evening under sponsorship of Del Rio service clubs.

Registration will be held at the First Methodist church Wednesday morning and following a flag service by Boy Scouts, guests will be introduced and the general assembly will get underway.

Platform guests will include state representatives, members of the executive board, and district chairmen.

A presidents' breakfast is scheduled Tuesday morning with general assembly at the First Methodist church.

Mrs. Lane will report on activities throughout the district during a general session that morning when final business of the 1947 meeting is finished.

Delegates from Big Spring include Mrs. Truett Thomas, North Ward; Mrs. Lane, district officer; Mrs. C. R. Fuglar, West Ward; Mrs. A. J. Cain, East Ward; Mrs. C. C. Worrell, high school; Mrs. J. A. Coffey and Mrs. Lee Rogers, South Ward; Mrs. W. N. Norred,

College Heights; Mrs. Buel Fox, high school; Mrs. Jimmy Mason, council president.

Also attending will be a delegation representing the Martin, Glasscock and Howard county council.

CHILDREN LIKE ITS COUNTRY-FRESH FLAVOR

Borden's PASTEURIZED MILK

The best test of milk goodness is how children like it. The country flesh flavor of Borden's Milk makes little milk rebels call for more. Borden's advanced methods of pasteurization safeguard purity and retain the full flavored richness of milk on the farm. Every bottle of Borden's Milk is produced under Borden Quality Control. Quality is a matter of scientific accuracy.

If It's Borden's It's Got to be Good

Son Born To Fuquas

Mr. and Mrs. A. O. Fuquas are the parents of a son born Easter Sunday in Roswell, N.M. The child weighed seven pounds, ten ounces at birth, and was named Clifford Wiley. Grandparents are Mr. and Mrs. Nathan Allen and Mrs. George Fuquas of Kermit. The maternal grandparents spent a week in Roswell returning home by way of Carlsbad Caverns.

Melgoland, former German bastion in the North Sea, has an area of less than a square mile.

Nine Missing After Ship Strikes Mine

AMSTERDAM, April 12. (AP)—Nine persons were missing, feared dead—after the 824-ton British freighter "Viceroy" struck a mine in the Western Scheldt between Antwerp and Vlissingen early today and sank immediately. Four injured crew members arrived at Vlissingen aboard the Swedish steamer "Lungo."

Dairen Control May Shorten Civil War

TSINAN, China, April 12. (AP)—Gen. Wang Yao-Wu, Supreme Commander in Shantung Province, said today that Chinese control of Dairen, Manchuria, would cut off the Chinese Communists main supply route into Shantung and shorten the civil war here by six months.

Cafe Workers Riot

ROME, April 12. (AP)—A day long rebellion of Rome's 3,000 restaurant, cafe and bar owners against the government's anti-inflation program ended in a truce last night, but Milan merchants today threatened a general shutdown.

nds, "Boris Goudonoff," with bass, Enzo Pinza; and Puccini's "La Boheme."
Students eligible for the trip are Mary Ann Goodson, Janet Robb, Martha Frazer, Leatrice Ross, Paul Crabtree, Oliver Thurman, Bill Hix, J. T. Blount, Charles Davies, Duke Neel, Charles Sherwood, and the instructor, Eddie Lou Haug. Other special activities looked forward to by various groups at the college include the Literary Guild's wiener roast concluding a book drive May 8, and the Prax club's outing the latter part of April.
The college yearbook "The Jayhawk" is due the first week in May. The book, bound in red and gray leather cover, will contain 80 pages with the usual special sections for sports, clubs, favorites and snapshots.

Mrs. R. G. Weaver Is Shower Honoree

Mrs. Fred Wilkerson entertained Friday afternoon with a gift shower honoring Mrs. R. G. Weaver. A pink and blue color scheme was used in table appointments and room decorations. Games were played and refreshments served. Guests present were Mrs. Bob Weaver, Mrs. C. M. Wilkerson, Mrs. P. E. Stroud, Mrs. H. D. Wilkerson, Mrs. Beula Morrison, Mrs. Leonard Wilkerson, Mrs. Hack Hudgins, Dorothy Wilkerson, Mrs. Beula Gasey, Mrs. E. Wilkerson and Mrs. Anna Vastine.

Over 90 per cent of the world's supply of platinum formerly came from the Ural mountains.

Morré, Woody Wood and Janelle Beene.

Awards at the High Heel Slipper club benefit bingo party Thursday night were carried away by Ernie Ache, Dorothy Purser, Ellen McLaughlin. Others gathered in room 4 of the Settles for the event were Charlotte Williams, Jack Ewing, Dickie Cloyd, Sue Nell Vail, Jack Canale, J. T. Irwin, Bud Whitney, Tommie Nail, Mary Gerald Robbins, Patsy Young, Rebecca Rogers, Delores Hull, Nancy Lowlace, Johnny Hooper, Earlyn Wright, Mary Louise Porter. Delbert Shultz insists that he and Bud Hettlinger snared 17 fish, all of them with six inch bodies. Wednesday night from 12-mile lake west of Big Spring. Due to a potent wind they tended the trout line by swimming rather than by working from the boat. Bud slept on the bank most of the time, we are told. Back home Delbert cooked the fish and it is rumored that Letha Holcombe turned up for the finished feast.

WHAT GIVES 'ROUND TOWN

By Leatrice Ross
End-of-school activities are rising to compete with the warm weather's call to fishing, sports, etc.
The high school's annual junior-senior class prom is scheduled for Tuesday evening, 7:30, in the Settles ballroom. General theme for the dinner has not been announced, but by now we understand it is to be one of the most clever any junior class has planned. The Howard County Junior college Monday evening a typical Spanish banquet under sponsorship of the Spanish club will get underway about 7:30. Preston Denton is student master of ceremonies and Latin-American entertainers will provide music and song.
Another activity for the high school got on its way this week when the Senior class play was cast Wednesday. The production is titled "Come Live With Me," and will be given at the city auditorium May 8. The plot centers about the adventures of a boy with a yen toward classic music, with Les James as the addict. Others in the cast are Marvin Wright, Don Wood, Bobo Hardy, Athol Adkins, Henry Thames, Murphy Thorp, Pete Fuglaar, Barbara Lytle, Frances Bigony, Beverly Stulling, Jocelyn Clark, Geneva Ray, Ann Meador, Edna Stephens, Bonnie Dempsey, Jeanette Kinman, Mamie Jean Meador.

Goddard, MacMurray Are Co-Starred In Romantic Comedy

A new romantic comedy, Paramount's "Suddenly It's Spring," is slated as the Sunday and Monday attraction at the Ritz theatre, stars Paulette Goddard and Fred MacMurray, with Macdonald Carey and Arleen Whelan cast in the principal featured roles. "Suddenly It's Spring," deals with the strained marital relations between MacMurray and Miss Goddard. She plays "Captain Lonelyhearts," a WAC expert on domestic affairs, who returns from overseas to find her husband in love with another woman and anxious for Paulette to sign divorce papers. But she embarks upon a campaign to win him back, resisting his every attempt, and all his tricks, to get her to sign. Arleen Whelan, as MacMurray's new love, and Macdonald Carey, who goes for Paulette, serve to complicate the marital mix-up. The film is the third co-starring venture for Miss Goddard and MacMurray, their last picture together having been the comedy, "Standing Room Only."

Macdonald Carey and Arleen Whelan both resume their screen careers in "Suddenly It's Spring," the former returning after three years in the Marines, and Miss Whelan coming back after a long and successful run in the Broadway stage hit, "The Doughgirl." One of the screen's foremost writers of sophisticated comedies, Claude Binyon makes his debut as a producer with "Suddenly It's Spring," and also collaborated with P. J. Wolfson in writing the screen play from the latter's original story. The film was directed by Mitchell Leisen, the thirtieth of his career.

Broadway Comedy Offered Tonight On Guild Program

In an experiment unusual in radio, Oscar Wild's "The Importance of Being Earnest," a play now running on Broadway, will be presented by The Theatre Guild of the Air tonight at 9 over KHST. John Gielgud will be starred in the broadcast and his supporting cast will be drawn from the Broadway production. Clever, adult and consistently amusing, "The Importance of Being Earnest" belongs in the select category of plays that are called distinguished comedy. In it Oscar Wilde made skillful use of his great wit to produce an unflaggingly entertaining comedy of manners. The invention of an imaginary character called "Earnest" provides the play with a sly motivation, and leads to an increasingly complex structure of deception by means of which the playwright creates a number of richly humorous situations. Dyes of almost any color and the bleaches which will remove those dyes can be obtained from coal.

TWO TWOSOMES—Something funny goes on—all about love—in "Suddenly It's Spring," the Ritz theatre's featured offering for today and Monday. Principles in the cast are Paulette Goddard, Fred MacMurray, Arleen Whelan and Macdonald Carey. It's one of those stories where Paulette wants Fred, Fred wants Arleen, Arleen wants Macdonald, and Macdonald wants Paulette.

SONG AND DANCE—Bing Crosby and Fred Astaire combine their respective brilliant talents for super singing and hoofing in "Blue Skies," a merry musical for which all the melodies were provided (and) Olga San Juan are in the supporting cast of the picture, by Irving Berlin. Joan Caulfield, Billy De Wolfe (a new comedy which is at the State today and Monday.

Crosby And Astaire Share Honors In Berlin Musicomedy

The ABC's of American music, Fred Astaire, Irving Berlin and Bing Crosby, have teamed up again to turn out a picture that has more of everything that delighted filmgoers in their initial effort, "Holiday Inn." The new melody masterpiece is Paramount's Technicolor production of Berlin's "Blue Skies," playing today and Monday at the State theater with gorgeous

Joan Caulfield co-starring with Crosby and Astaire, and Billy De Wolfe and Olga San Juan topping the supporting cast.

Lavish is the word for "Blue Skies," for it has more of the music of America's foremost songwriter than any other picture Hollywood has made. Thirty-two of Berlin's biggest hits are utilized as solos for Bing to sing and Fred to dance to, as themes for spectacular production numbers and as background music for the touching love story involving Bing, Fred and Miss Caulfield.

Berlin wrote four new tunes for the film to supplement his repertoire of old favorites which includes "Blue Skies," "White Christmas," "God Bless America," "Always," and so many, many more. The new numbers are "You Keep Comin' Back Like A Song," which Crosby croons, "A Couple of Song and Dance Men," a comedy routine sung and danced by Crosby and Astaire, "Getting Nowhere," a nursery jingle which Bing sings to his little screen daughter, and "Serenade to an Old Fashioned Girl," delightfully sung by the beautiful Miss Caulfield.

Errol Flynn And Alexis Smith In 'San Antonio'

Lush with terse melodrama, bolsterous action and breathtaking scenery, Warner Bros. outdoor drama in Technicolor, "San Antonio," plays today and Monday at the Lyric theatre. Starring Errol Flynn and Alexis Smith and featuring a capable company of supporting players including S. Z. Cuddler, Sakall, Victor Francen, John Lital and Paul Kelly, the film is a page of turbulent Texas history come to life on the screen. Adapted from an original screenplay by Alan LeMay and W. R. Burnett, "San Antonio" traces the stirring adventures of an embittered cowboy who undertakes a one-man range war to save his cattle herds from the ravages of organized gun-bands and rustlers. Directed by David Butler and scored by Max Steiner, "San Antonio" was under the Technicolor camera direction of Natalie Kalmas and was produced by Robert Buckner.

The Texas Poll

Two-Term Limit Is Endorsed Heavily

By The Texas Poll
AUSTIN, April 12.—Public opinion in Texas is about two to one in favor of the proposed constitutional amendment which would limit the president to two full terms. The amendment, proposed by Congress, already has been ratified by eight state legislatures.

But it has not yet been acted upon in this state. The Texas Poll put the issue before a representative cross-section of eligible voters in this form: "An amendment to the Constitution has been proposed to keep a person from serving more than two terms as President of the United States. Do you think this is a good idea, or not such a good idea?"

The vote:
Good idea 61%
Not such a Good idea 31
Undecided 8
Eligible voters of all political leanings endorsed the amendment, Texas Democrats of 1944 vintage approved by vote of 59 per cent to 34 per cent, with seven per cent undecided. Republicans and Texas Regulars favored it by more than ten to one.

Texas opinion is more favorable toward the amendment than public opinion throughout the country. Dr. George Gallup reported nationwide opinion last February to be 57 to 43 in favor of the amendment. On a national basis, Democrats opposed the proposal 59 to 41, while Republicans supported it 74 to 26.

He's A Booster

Yes, sir! He's a Booster! Sometimes smiles accompany the identification of an individual designated as a "Booster", but never frowns.

You hear anybody knocking a booster? No sir! It just doesn't happen that way. But a 'Knocker'—that's different. He may have a small sphere of influence, but most people don't like or listen to "knockers."

The reason? Why it is the Booster who builds a town, an area or a region. They are the individuals with faith and energy and vision. He is the personification of the indomitable faith and confidence which uses failure as a stepping stone to success.

The Chamber of Commerce is an agency into which is inculcated the booster spirit. It is an organization where those with imagination and initiative pool their strength for mass action. It is the handiest institution for building a better Big Spring.

2,000 More Rubber Workers Join Strike

ARKON, O., April 11. (AP)—A strike of 2,000 employes closed the Seiberling Rubber Co. plant today, bringing to approximately 3,400 the number of rubber workers involved in walkouts here. An unauthorized strike yesterday of 1,400 CIO-United Rubber Workers following the suspension of an employee stopped work at the Sun Rubber Co.

Condemned Man Sees Electric Chair Fixed

NASHVILLE, Tenn., April 11. (AP)—Albert Duboise was executed this morning after sitting calmly in the electric chair for 15 minutes while workmen repaired a broken power line. The prison electrician discovered the break after Duboise had been strapped in the 31-year-old chair. He was executed for the slaying of Albert Willis, a Murfreesboro taxicab driver.

Big Spring

Source Of "Magic" For The AA

By FRANK GRIMES
Herald Staff Writer

The sidewalks of many an American city, including our own, occasionally blossom with posters warning the public against the danger of venereal disease, and urging blood tests, and where necessary, quick and effective treatment.

That would have been unthinkable twenty years ago, or even ten. In the good old days such subjects were taboo, and the only "organized" campaign against VD was the work of quacks whose alleged "cures" were posted on washroom walls.

Happily we have a more enlightened attitude toward such public menaces today, and to be forewarned is to be forearmed. The dangers of VD have been brought out into the open, where an intelligent public can combat them.

The problem of the alcoholic and what to do for him or with him has suffered from the same reticence and taboo that once characterized the attitude toward VD. The public, as well as the victim himself, has been slow to recognize alcoholism as a sickness and to treat it as such. While some people can drink socially without apparent harmful effect or danger, a certain percentage can not. They are the compulsive drinkers, the chronic drunkards, the confirmed alcoholics. Their ranks include many who assert stoutly that they can drink it or leave it alone, only they're never quite able to make good on the second half of this claim.

That these people can be reclaimed when all hope seems gone has been demonstrated in several thousand cases by a remarkable organization called Alcoholics Anonymous, made up of men and women who have themselves been regenerated by this movement. AA, of course, can't regenerate anybody; but it makes it possible for the compulsive drinker to regenerate himself. He must wish to be cured or there is no cure. The first three requirements in AA's "Twelve Steps" toward recovery are (1) confession of inability to keep from drinking; (2) acknowledgment that only a higher power can restore him; and (3) surrender to that higher Power—the Lord God Almighty.

While the individual who asks the help and guidance of AA is entirely free to worship, or not to worship, as he pleases, it is considered essential that he reach for God AS HE UNDERSTANDS HIM.

The rest is up to him. Fellow AA members will stay with him through thick and thin, counseling, advising, cheering, arguing if necessary, and encouraging. Each and every member has been over the same rocky road, and understands the weaknesses, the fears, the doubts and the agonies of the alcoholic. AA's triumphs run about 75 per cent. Some fall—once, twice, three times. Some never have a misstep. Members meet, exchange experiences, confess their faults, make amends. This formula is as sound as religion itself—confess your sins, repent, and sin no more. But AA does not consider alcoholism a sin, but as a disease, the drinker who is unable to stop drinking of his own volition is mentally and physically sick, and in need of some power greater than himself to pull him through.

AA has no membership dues. Its members remain anonymous, and that anonymity, of course, includes those it seeks to help. The Big Spring group has been active for many months, and can be contacted by addressing inquiry to P. O. Box 1591. The national address is the Alcoholics Foundation, P. O. Box 459, Grand Central Annex, New York 17, N. Y.

Churchmen, physicians, psychiatrists, hospital authorities and social groups have recognized AA as a vital and effective contribution in the regeneration of compulsive drinkers—the men and women who "can't leave it alone." As its work becomes known and spreads throughout this country and Canada, there is very real hope that a majority of the half million or so true alcoholics in this country may be reclaimed for a happy and useful life free of the terrors and heartaches of alcoholic illness.

No miracle worker, AA yet has wrought magic in the lives of many hopeless men and women. It accepts no outside contributions. It is neither wet nor dry. Its sole objective is the restoration of the drunk to family, friends and society.

"It's All Right—I've Got Him On A Leash"

Hal Boyle's Notebook

Malacolemmys Centrata

BEAUFORT, N. C. (AP)—The Federal government is trying to pass the common map of plate of shimmering malacolemmys centrata.

Let's of people never heard of this obscure government program, but it's been going on since 1912. It has made Malacolemmys Centrata more plentiful, but the average citizen still will have to get by for some years on vegetable soup.

The Malacolemmys Centrata, yes, and the Malacolemmys Centrata, too, for that matter—is the double-jointed pet name scientists have given to the diamond-back terrapin.

This armored frequenter of East Coast tidal marshes looks like a midge blacksnake with a patterned plate stuck on its back. It has a long head, beady eyes, a morbid temper and, by and large, is one of the ugliest things ever to crawl over a cypress bog.

But to epicures of all ages the terrapin or turtle has been a creature of gastronomic beauty. Beneath his shell dwells the fleshy ingredient for stews of surpassing delicacy. Kings served it at state dinners; 19th Century butler and egg men bought it by the bucket for their light-foes. Elderly Chinese spent their whole money on its, believing that terrapin stew was the true fountain of eternal youth.

This was all very good for the health of the gourmets but unhealthy for the terrapin himself. They were fished out by the millions until diamond-backed terrapins threatened to become as scarce as terrapin-backed diamonds. The wild supply began to give

out. A further slump in the industry came during the prohibition era when wine—ad-essential to the stew—was banned.

The former US Bureau of Fisheries began studying artificial cultivation methods in 1902 and ten years later established the world's largest diamond-backed terrapin hatchery here. It has produced 240,000 young turtles for experimental and breeding purposes and to restock coastal areas.

Uncle Sam adopts the eggs as soon as the females lay them in the warm sand and waddle forgetfully back into the water. The sun hatches them, and the government houses them through their first winter to protect them from minks, rats and seagulls. After they awake from their hibernation they are turned loose to operate under the free enterprise system.

Terrapins are prolific to a ripe old age. Some matronly turtles are still laying eggs at fifty years. The hatchery's brood stock of 572 wild turtles and 2,078 females produced 11,370 young last year, valued at \$5,000 if sold commercially.

Terrapin stew is again increasing in popularity but it is still in the class of high-priced luxury foods.

Gag Boomerangs, Rumor Unbridled
RANGOON, Burma (AP)—Police Commissioner F. F. Wemyss recently issued an order that no information concerning police activity should be released to the press except through his police publicity officer, who would be available for one hour every day from noon to 1 p. m.

Washington Merry-Go-Round—Drew Pearson

Truman's Policy Stiffer Than FDR's

April 11, 1947

Mrs. Lockwood Fogg Jr., Wallinford, Pa. My dear sister: It gave me a big thrill to have the lovely brood of nieces and nephews visit us last week. In fact, I probably enjoyed the sight-seeing tours more than their mother, even including the rides of the Senate subway.

I am sorry that they were disappointed in not being able to ride on the Washington Merry-Go-Round. Some other people I know would give a lot to avoid such a ride. But I hope you can conceal the truth that the Washington Merry-Go-Round is nothing more than their uncle pouncing an old typewriter in a disorderly newspaper office! At least try to conceal it until youth becomes a little more calloused to the disappointments of life.

The sightseeing gave me an excuse to go through the White House again, which I also enjoyed, especially when your three-year-old plunked himself down in the middle of the east room floor and serenely watched the crowds go by. I had not been through the residence part of the White House since Franklin Roosevelt died two years ago this week, and it is a never-ending source of inspiration to me to watch the stream of American history in panoramas on the walls of the stately mansion.

I have been especially thinking about these things, not only because of the anniversary of Roosevelt's death, but because President Truman now faces one of the greatest foreign-policy crossroads in our 170 years as a nation.

Your children, of course, did not realize it, and most of the American public probably doesn't either, but at the very time the kids were viewing the historic rooms of the White House history was being made in another wing of the museum—history which will decide whether three-year-old Woody, who sat serenely on the polished east room floor, will have to fight in another war—against Russia.

FDR'S GREAT MISTAKE
As I look back on the career of Franklin Roosevelt, I believe his greatest mistake was failure to follow through against the world's aggressors at a time when they could be stopped. I voice this criticism with hesitation because I was a great admirer of Roosevelt's and I have not always been an admirer of Truman's. But I am inclined to think that in this one respect,

history may prove Truman greater. Truman has taken a stand—a stand which requires much courage. And with the help of other fair-minded statesmen such as Senator Vandenberg, he is sticking to it.

Back in 1936-37 FDR was urged to take a stand in the Spanish civil war. He was urged by none other than the late Senator Borah of Idaho, hitherto an isolationist, who pointed out that Hitler and Mussolini were the real factors behind Franco, that this was a dress rehearsal for world war, and that if the USA showed where it stood then, world war could be prevented later.

I happened to know something about Borah's talk, because it was Bob Allen who arranged for it with FDR. However, Borah wasn't the only one who made this plea to Roosevelt. Justice Ferdinand Pecora of the N. Y. Supreme Court urged the same thing, and I myself talked with FDR and wrote many columns on the subject.

Although he saw the situation clearly, he would not move. Truman has.

STOPPING JAPAN
Even more important, perhaps, was the situation in regard to Japanese aggression. Back in 1931 when the Japs first moved into Manchuria; Henry L. Stimson, then Secretary of State, tried to mobilize the League of Nations and the peace machinery of the nine-power pact to stop Japanese aggression. But Herbert Hoover was lukewarm, and various of our European friends, especially England, would not support him.

When Roosevelt took office, he was not lukewarm. And in 1937, as the Japs moved into central China, he saw his opportunity to stop one of the world's most aggressive dictators. At that time, Admiral Leahy, then chief of naval operations, advised that the US Navy, with token help from the British, could create an economic blockade of all Japan—cut off oil, scrap iron, copper, cotton—and starve out the Japanese military machine without losing a single US ship.

Such a move, furthermore, would warn the dictators of Europe exactly what they could expect from the USA when it came to war. Roosevelt actually started such a policy. He made his historic "quarantine" speech in Chicago. He sent Norman Davis to Brussels to mobilize the world's peace

machinery against Japan. But then, having started this historic course, he got cold feet.

Cordell Hull didn't like it. A lot of politicians claimed it would lose him votes. The Republican isolationists, led by the Chicago Tribune, screamed to high heaven. The British also were skittish.

Roosevelt should not be judged too harshly; because times were different then. Public opinion had not been aroused. It took Pearl Harbor to arouse it. Today the public is much more alert and unified regarding Russia, so Truman's task is easier.

However, if Roosevelt had stuck to his guns regarding Japan, I am convinced, and so are many military strategists—that he could have staved off World War II. By taking a strong stand in 1937, thousands of lives would have been saved five years later.

Recent history is full of similar examples. If the British had backed the French when Hitler moved into the Ruhr in 1936 there is no question but that the German war machine would have crumbled. Dictators can only live on continued victory. One defeat is the beginning of the end for them.

TRUMAN DOCTRINE
Coming back to Truman: I do not like certain details regarding his aid to Greece and Turkey. I do not like the Fascist Royal Family of Greece. I do not like the highbidding tactics of the Turks. But I am convinced that the present policy of the Soviet government is (1) to stamp out the last vestige of democracy wherever they find it in Europe; and (2) to discourage the American people regarding the European imbroglio that eventually we will retreat to our traditional isolation.

The Truman aid plan, despite some of its imperfections, can probably achieve two things: (1) Reuscitate and protect the last vestiges of democracy in Greece; and (2) Prove to the Russians that the American people, contrary to being isolationist, are determined to work for the principles we fought for in this war. If we prove to the Russians that we are willing to work for peace, we won't have to fight for it later. Otherwise I am afraid we will.

Meanwhile, love to the kids and tell them next time I'll find Merry-Go-Round and take them for a real ride—in addition to the Senate Subway.

Your Brother, Drew.

First Step Toward One World Goal

Arnold Toynbee, the English genius described as "the boldest historian," has projected a novel and even monumental philosophy into the history of mankind. He has undertaken already is well along on an awesome history which has as its base the pattern of civilizations. It is all the more interesting because he thinks in terms far larger than the ordinary man, dismissing national powers, wars, etc., simply as superficial vessels upon the deeper tides of a vastly more powerful force—ideology.

He has evolved a formula or a pattern which he applies to civilizations. Toynbee says that a civilization rises from the decay or ruins of a previous civilization, flourishes as it meets its challenges, wanes as leadership falls to meet challenges and as the masses thus withdraw from response to the leadership. This follows a period, which may cover centuries, in which the impact of a civilization is being felt by all the societies, which, in turn, respond with their answers to the challenge of the dominant civilization. Finally, he says, there emerges one from the ranks of societies with the new answer or the new civilization.

Western Civilization, it may be deduced from Toynbee's pattern of logic, is in the stage of exercising its impact on other societies extent in the world. One of the responses to the challenge of Western Civilization is that of Communism; he says which is disturbing because it has "lifted a leaf out of the book of Christianity, and treated it as if it were the whole gospel," and more particularly because (Russian strength and power being dismissed as of minor consequence) it has the power to convert some Western souls to a non-Western ideology. To this historian, however, this is simply symptomatic of much more important responses which may arise out of Hindujism and the Far East.

With this in mind, he ventures that from the perspective of 100 years hence the impact of Western Civilization upon other societies will be the important thing of the 20th century; 1,000 years that the responses of the "victims" or the impact will be the salient point that our moment in history produced. That 2,000 years hence a "new common life"—springing up out of the wreckage—will be manifest, and that (and this is the significant prophecy) "this unity of mankind will perhaps have come to seem as a fundamental condition of mankind."

Thus, he believes that the important thing about our day is that we are making the first step toward unification of mankind into one society. This is a bold philosophy, but not entirely without foundation. The resurgence of interest within our own nation to correct our initial approach in the Greek and Turkish problem to strengthen rather than undermine the United Nations is symptomatic. The "one world" thesis of the late Wendell Willkie is another. Enunciations of the so-called Atlantic charter are still another. Certainly we will not live to see it, but "one world" may be the inevitable alternative to destruction.

Against a subaltern but not all, have opposed any federal law that insisted such money should be spent equally for whites and Negroes.

Federal Funds For Schools At Issue

WASHINGTON (AP)—An old battle, of vast and deep-reaching interest, is starting in the Senate.

"It's this: Should the federal government give the states money to help them improve education in their grammar and high schools? This fight goes way back. So far Congress has ignored or voted down suggestions that the government help the states this way.

Year after year bills to provide such aid have been offered in Congress.

The Senate education subcommittee started hearings on these bills Wednesday. The hearings will resume April 21 and may last two weeks.

It seems pretty sure the committee will prove some kind of bill and send it up to the full Senate for a vote.

No one can predict the outcome there although this year there's a teacher shortage plus wide demands for higher teacher pay.

The Nation Today—James Marlow

Federal Funds For Schools At Issue

WASHINGTON (AP)—An old battle, of vast and deep-reaching interest, is starting in the Senate.

"It's this: Should the federal government give the states money to help them improve education in their grammar and high schools? This fight goes way back. So far Congress has ignored or voted down suggestions that the government help the states this way.

Year after year bills to provide such aid have been offered in Congress.

The Senate education subcommittee started hearings on these bills Wednesday. The hearings will resume April 21 and may last two weeks.

state wanted the money to go to them.

Against a subaltern but not all, have opposed any federal law that insisted such money should be spent equally for whites and Negroes.

For — Negroes are citizens, just as white men are, and pay taxes and are entitled to an equal share in the benefits from federal money.

Against — all citizens would have to pay for such help through the taxes imposed on them. But come states put more money into education than others. Why should citizens in those states have a pay, taxes do help the children of taxpayers in the states have to pay taxes to help

For — educated citizens everywhere are a benefit to the nation as citizens everywhere should share the tax burden equally.

Against — states are better able to pour money into education than the debt-burdened federal government.

For — Dr. James B. Conant, president of Harvard University, answered this one when he testified Wednesday. He said: Sufficient funds to keep good schools going are not available and "cannot be raised from local and state resources of many areas."

Abilene Canary Will Sing Hymns

Mrs. W. C. Hopkins of Abilene says a certain type of canary can be trained to whistle any tune a human can.

She had made a hobby of canaries for 53 years. She has taught them to whistle such songs as "Nearer My God To Thee," "Yankee Doodle," "Three Blind Mice" and "Sidewalks Of New York."

The only canaries which she has trained are those of the roller variety, she said. Choppers and warblers can not learn.

"A roller's cords are like ours and they can be taught to whistle anything we can, but it takes a lot of patience," Mrs. Hopkins says.

"You have to be careful about it, too, for they will pick up other notes — the tone of a harsh word or an off chord. A radio is terrible around them."

Ranch Starts Irrigating 40-Acre Plot

GARDEN CITY, April 12.—Irrigation of a 40-acre plot on the Joe Calverley ranch near here is in the making.

Calverley has just completed a well rated at 600-gallons per minute. Water was topped at 56 feet but the hole was sunk to 206 with pipe set at 180. He has moved in a heavy Diesel unit to power a turbine pump.

With the aid of Soil Conservation Service technicians, a plot of 33.3 acres has been laid out for irrigation, and little more than six additional acres in the draw are subject to the same system. A slightly elevated ditch will carry the water to the upper reaches and distribute the water along the borders on about a .7 of one per cent slope.

Currently Calverley is considering crop production on the plot, but he also is interested in the possibilities of irrigated pasture.

Coal Operators Say US Slows Mining

WASHINGTON, April 12. (AP)—The National Coal Association protested today that soft coal production, although back to 59 per cent of normal, is being slowed by "arbitrary and unreasonable" government rules for inspecting closed mines.

John D. Battle, the association's executive secretary, said the shafts which can qualify for quick operation should be inspected first.

Cholera Epidemic Sweeps Calcutta

CALCUTTA, April 12. (AP)—Armed trucks carrying doctors and medical equipment began a city-wide canvass today to check a cholera epidemic which has been sweeping Calcutta for almost a week, and has exacted an official toll of 72 deaths.

Police protection has been provided for the vehicles, because of communal disturbances.

Jap Guard Sentenced

YOKOHAMA, April 12. (AP)—Yoshio Ogimoto, wartime prison camp guard, was sentenced to five years at hard labor by an Eighth Army military commission today for mistreating allied prisoners.

South Plains Bankers Association To Hold Convention Here April 21

Some 300 members of the banking fraternity in this portion of West Texas are expected to be in Big Spring April 21, for the one-day annual convention of the South Plains Bankers association. The event falls on San Jacinto Day, a legal holiday in the state.

A morning program, starting at 10 o'clock in the municipal auditorium, will be highlighted by three major addresses. R. L. Thornton, chairman of the board of the Mercantile National Bank, will deliver his famed talk, "Looking Ahead." Joe Clark, vice president of the First National Bank, will discuss "Handling Excess Lines and Participation Through Correspondents and Government Agencies," and T. C. Root, dean of the School of Business Administration of Texas Tech, will talk on "A Dean Examines The Banking System."

Other business will include committee reports, election of officers and selection of the next meeting.

KEYS made at Johnny Griffin's

The meeting will be directed by W. T. Andrews of the Spur Security Bank, president of the association. Visitors will be welcomed by Mayor G. W. Dabney and response will be by Forrest M. Smith of the State National Bank, El Paso, following invocation by the Rev. R. Gage Lloyd.

Visitors will be honor guests at a 12:30 luncheon at the Settles hotel, and this session will be followed by a matinee dance for which Jack Free's orchestra will play. The conventioners also will be accorded courtesy admissions to the Big Spring country club for golf, and to the local motion picture houses. The First National and State National banks of Big Spring are hosts for all entertainment events.

The South Plains association includes a territory extending northward to Plainview, westward to El Paso and eastward to Abilene. Big Spring has entertained the banking group in 1941.

Suit To Outlaw Reds In Brazil Postponed

RIO DE JANEIRO, April 12. (AP)—The Supreme Electoral Tribunal postponed action today on the government's suit to outlaw the Communist party in Brazil.

The postponement was announced to give justices additional time to study evidence.
