

## U. S. Troops Survey New Post in Cairo

U. S. soldiers look over the Cairo rooftops from their new billet in the Middle East. Since this picture was taken the battle of Egypt has been raging furiously, with Field Marshal Erwin Rommel directing the Axis thrust toward Alexandria and Suez, while huge U. S. Liberator bombers struck heavily at the enemy in and behind the battle area.

## War Bond Quota for July Is Increased

## Harvest Over Peak; Storage Still Lacking

Parmer county's wheat harvest continued at full stride this week after brief let-ups due to widely scattered showers over this section during the past week.

Grain men and wheat growers gave it as their opinion today that harvesting operations were "over the hump" with an estimated two-thirds of the crop cut. Another week of favorable weather conditions should see the harvest nearing the final stages, they believe.

### Storage Still Short

Meanwhile, the storage situation, which has seriously bottlenecked the harvest throughout this area, continued to remain acute here with no promised relief in sight. Elevator operators are still unable to find any available storage at the large grain terminals, and all of the wheat that was being unloaded here was being sold on the open market.

The large warehouse in Farwell, formerly used for cotton storage, was shut down Tuesday night until better unloading facilities can be installed to handle the grain. E. M. Deaton, manager of the warehouse, said he planned to open up again before the close of the present week. An estimated 100,000 bushels is now on storage in this one warehouse.

It is understood that another warehouse, with a capacity of about 80,000 bushels is contemplated here, but definite announcement of this project was still lacking this week.

### Yield Is Good

Reports gathered this week continued to verify the early estimates that the wheat yield this year would be one of the heaviest in recent years. Estimates this week placed the total output from Parmer county alone at two million bushels, with many fields producing as much as 30 bushels or better to the acre. Few fields that have not been damaged by hail or other unfavorable conditions are yielding lower than 20 bushels, with a few having a reported yield of 40 bushels.

### BRING POLL TAX RECEIPT

County Clerk D. K. Roberts today advised all persons applying for absentee ballots that a poll tax receipt must accompany such application.

Persons now temporarily out of the county will be required to submit their poll tax receipts when applying by mail for absentee ballots, he said, explaining that the receipt would be returned with the ballot.

There is little accounting for taste but we would not like to make our money as a snake dancer.

## Nazi Star Witness

Wearing full uniform of the Nazi Luftwaffe, Lieut. Hans Peter Krug is shown (right) leaving federal court in Detroit after testifying against Max Stephan, the Detroit restaurant keeper accused of aiding the German flier when he escaped from a Canadian prison camp last April. Accompanying Lieutenant Krug is a Canadian officer of equal rank.

## Keep In Touch With Draft Board

The oft-repeated admonition to registrants to "keep in touch with your draft board" was re-emphasized here this week by members of the Parmer county draft board.

A large number of local registrants, it was pointed out, have allowed themselves to become delinquent through their failure to comply with this regulation.

Citing a case as an example of what might happen through this failure, one board member today said a man now located in this county was required to report to his board in Missouri, at his own expense, simply because he had not kept his board informed as to his whereabouts.

## Grand Jurors Named For July Court Term

Names of grand jurors for the July term of district court, which convenes in the Farwell courthouse next Monday morning, July 13, at 10 o'clock, were released for publication this week by Clerk D. K. Roberts.

Roberts stated that no petit jury would be called for the opening week of court, and names will be released next week of those asked to serve as second-week petit jurors.

The grand jurors, who are to be on hand at the court room on or before 10 a. m. next Monday are:

Wilbur Charles	G. D. Anderson
W. O. Cherry	P. D. Barron
C. C. Christian	R. H. Belew
Glenn Dunn	Jim Black
J. I. Gober	A. H. Boatman
Bill Massie	Aubrey Brock
W. Rhinehart	M. B. Buchanan
Clyde Seamounts	L. D. Cannon

## Bovina Resident Has Paralytic Stroke

J. W. Rose, 75, of Bovina, suffered a paralytic stroke late Saturday afternoon and was removed to the Clovis Memorial Hospital the following day.

He is reported to be in a very serious condition, with his entire left side being affected by the stroke.

He is the father of Claude Rose of this city. Two other sons, Charles and Ted, have been summoned to his bedside.

### CLASSIFICATION ON 43 MEN DETERMINED

The Parmer County Selective Service Board, in session here last Thursday afternoon, classified a total of 43 registrants during the meeting.

Mrs. Bessie Lee Hennehan, clerk of the Local Board, announced the following tabulations on classifications:

Tentatively in 1-A and ordered up for first physical examination, 3; 1-A, 11; 1-B, 4; 1-C, 13; 2-A, 3; 3-A, 6; and 4-F, 3.

G. D. Anderson, chairman of the War Bond Committee in Parmer County today announced receipt of a telegram announcing a new quota for the county in the sale of War Bonds and Stamps for the month of July.

The new quota represents quite a decided hike over the allotment previously assigned this county, Anderson said. The first quota was only \$7,700, while the new figure has been set at more than twice that amount, \$18,900.

Chairman Anderson said that the county had met all previous quotas, but was rather pessimistic about meeting the new assignment against the county. He said that the quota would not be difficult if the government wheat loans could begin to flow into the county, but up to early this week none of this money had found its way into local channels.

He gave it as his opinion the hiked quota would not be too difficult "after the wheat money begins to get in circulation", and went on to explain that up to the present, all the wheat in this county has represented an outgo in expense of harvesting and handling operations.

Meanwhile, he issued a plea to every man, woman and child in the county to do their utmost in raising the quota in the shortest time possible.

The county chairman frowned on the practice of some persons buying bonds and then "cashing them" in 60 days. That only causes additional clerical expense and accomplishes nothing," he pointed out. Persons buying bonds should do so with the expectation of holding them for at least five years "unless some emergency arises," Anderson advised.

## Watertower To Get Needed Repairs Soon

Officials of the Texico-Farwell Waterworks today announced that a contract had been let to the New Mexico Roofing Company of Clovis for badly-needed repairs on the water tank at the local plant.

The repairs will consist of a new roof and a new sub-floor to the tank, and new metal covering for the riser pipe. Work is expected to start at an early date.

The water tower has been in a bad state of repair since the roof was partly lifted by a windstorm some several weeks ago. Officials said that plans for repainting the tower and tank were being considered, but that was not a part of the present contract.

## 200 New Chairs For Texico Auditorium

J. P. Macon, secretary of the Texico Board of Education, today announced the delivery of 200 new chairs to be used in the school auditorium. The purchase was made recently but no announcement had been made, pending possible non-delivery.

The chairs are of all-steel construction and are of the folding type. They will replace the home-made benches that have been in use for the past several years.

Results count—Try a Tribune as

This little community was suddenly thrown into a genuine state of horror and grief late Tuesday afternoon with the announcement that R. C. (Dick) Hunter had ended his own life with a pistol, while in his office at the Texas Company wholesale station in north Farwell.

He was alone at the time of committing the rash act and was first found by Joe T. Singleterry, Pleasant Hill farmer, who had come to the station to make a small purchase. Singleterry discovered the body slumped in an office chair and went to the business section to spread the news.

Immediately following him, Mr. and Mrs. J. L. Nally came to the station and found the prostrate form of the young man with a bullet hole in his right temple. Mr. and Mrs. S. C. Hunter, parents of the young businessman, were next to arrive on the scene of the tragedy.

An inquest was begun by Coroner B. E. Nobles and the body was turned over to the Steed Mortuary, by whom it was taken to Clovis and prepared for burial. The inquest was continued until 10 a. m. Wednesday.

### Heard Shots

Mr. Singleterry, in giving his version of the discovery of the body, said that he had driven up to the station to get some grease. While seated in his car after it had been brought to a standstill, he heard a shot. "I thought nothing of it, just supposed it was a firecracker," he recalled. Leaving his car and approaching the station platform, Singleterry said that he heard another shot some 10 or 15 seconds later.

He then recounted how he went to the office door and called out, "Anybody here?" When no reply came, he said, he peered through the screen door to see the young man sitting in a chair, "leaned over as though he was peering over the desk, and I concluded he was trying to shoot a rat". But when he saw blood streaming from the head of the prostrate form, "I knew something had happened and I went to town to tell the news".

Mr. and Mrs. Nally came to the station in like manner and found the young man. They stayed with the body until the parents of the young Texaco agent arrived, which was only a few minutes later.

### Was Troubled

Mr. and Mrs. Hunter, stricken with grief, said that they had been away from the station only a few minutes when the act was committed. "We knew Dick was troubled and we wanted to stay with him, but he insisted that he wanted to be alone for a while," Mr. Hunter revealed.

Funeral arrangements had not been completed early Wednesday morning. The body is being held by the Steed Mortuary pending completion of burial plans.

Dick is survived by his wife, Mrs. Creta Hunter; his parents, Mr. and Mrs. S. C. Hunter; and one brother, Vernon C. Hunter of Santa Fe, N. M. Deceased was 35 years old, and had been a resident of this community for the greater part of his life, coming here with his parents from Illinois when only a mere lad. For the past several years he had been the local agent of the Texas Company, and had been quite successful in his business operations.

The entire community joins The Tribune in extending the most profound sympathy to the bereaved relatives, who are left to mourn the untimely end of this young businessman.

# Light Docket Faces July Term of Court

Judge James W. Witherspoon of Hereford will take the bench at the opening of the annual July term of district court of this county next Monday morning, July 13, with the lightest docket in history facing the court.

According to the docket compiled this week by District Clerk D. K. Roberts, only fifteen cases are listed for action during the coming term with two of those being tax suits.

Trespass to try title suits are in the majority on the docket, with five being listed, while other cases include three for damages, one on debt, two on foreclosure, one on divorce, one on adoption and change of name, and the two tax suits.

The grand jury has been summoned for July 13th, but a petit jury will not be called until the second week of court, Clerk Roberts said. The complete court docket includes:

- Oscar Pope vs. Homer McKenzie, damages.
- C. C. Jennings vs. E. J. Reiser, damages.
- The Shamrock Oil & Gas Corp. vs. G. Obie Sheets et al, debt.
- C. C. Burgess vs. Ben Reisinger, foreclosure.
- Marion Doud Rumsey, et vir vs. Clarence Churchman, et al, trespass to try title.
- Roy Birchfield vs. Lucille Birchfield, divorce.
- Pitt K. Babcock vs. Clyde Seamounts, damages.
- Agnes Hart Pickart, et al vs. Geo. W. Hart, et al, trespass to try title.
- W. J. Thompson vs. C. E. Waddell, et al, trespass to try title.
- J. D. Hanalin vs. J. F. Foster, foreclosure.
- J. J. Williams vs. James Evans, et al, trespass to try title.
- In re Rosamond Bacaus, adoption and change of name.
- Geo. W. Hart, et al vs. Agnes Hart Pickart, et al, trespass to try title.
- Tax Suits: Friona Ind. Schol Dist. vs. O. E. Stevick.
- Bovina Ind. School Dist. vs. Pedro Vigil.

### FOURTH PASSES QUIETLY

With the exception of a few firecrackers and the Fireman's Ball staged Saturday night by the Texico Fire Department, the Fourth of July passed off very quietly here. Most farmers were too busy with wheat harvest to take time out for any celebration, while others not so engrossed retreated to lake shores and streams for a fling at the fish.

The Fireman's Ball drew a good crowd, and dancing continued until the wee hours of the morning.

### NEW AIR CONDITIONER

The Farwell Cafe, operated by Mr. and Mrs. Frank Smith, has just completed the installation of an air-conditioner. Frank is so proud of his ingenuity that he advises customers to hold their hats when entering the place of business.

## Fisherman's Luck

Lee (Brad) Bradshaw, who is in government employ in Alaska, is undergoing a typical fisherman's nightmare. Loving fishing above all other sports, and located right in the middle in a fisherman's paradise, Brad sends word home that he doesn't "have time to fish".

## '41 Wheat Will Be Moved To Relieve Storage Facilities

Announcement that around 80,000 bushels of 1941 loan wheat which is crowding elevators at Friona and Black would be put into Commodity Credit Corporation bins and thus provide storage space in elevators for the huge 1942 crop now being harvested, brought a ray of hope to farmers in this area today.

With the storage situation becoming exceedingly acute as each field is cut, John Martin, AAA administrator in Parmer county, stated that he believed this would help in some measure to take care of the 1942 crop.

The bins, which are being offered to individual purchasers also, will be known as "committee" bins, Martin said, belonging to the Commodity Credit Corporation. Wheat to be put in the bins will be that of the 1941 crop on which a loan was made by the Corporation, he added.

Thirty-six of the bins are to be placed for use at the Santa Fe Grain company in Friona, while fifteen are to be used at the Black elevator. No bins will be placed in Farwell, as most local elevators have already shipped out their 1941 crop, and are filled with new wheat.

At present, some 120 bins have been ordered for this county, including those to be used by the Corporation, Martin went on, and around 20 have been unloaded at Friona and are now in service. The local office is still accepting application for such pre-fabricated storage bins.

### MRS. JERSIG ILL

Mrs. Anne S. Jersig, long time resident of Parmer county and operator of one of the outstanding stock farms of the county, has been taken from her home to an Amarillo hospital, where her condition is reported to be quite serious. Friends here revealed today that an operation had been advised.

### ROSE GETS CALL

Claude Rose, owner and operator of the Fox Drug store in Farwell, has been ordered to report for induction on July 25th. Rose volunteered some weeks ago for the OVT and has been accepted.

He had previously been advised that he likely would not be called before November.

**OUR PLEDGE**

We pledge allegiance to the Flag of the United States, and to the Republic for which it stands; One Nation, indivisible, with Liberty and Justice for all.

**Bovina Happenings**

Miss Oleta Harrison spent the past weekend visiting her parents, Mr and Mrs. C. G. Harrison in Dimmitt. Buck McCuan of Amarillo came in Tuesday to visit his family.

Mrs. W. E. Williams' son of Canyon visited here Sunday.

Pvt. Elton R. Venable of Camp Barkeley, Texas, visited Mr. and Mrs. Oscar Venable the past weekend.

Mrs. John Kimbrow and Betty Jane were business visitors in Amarillo, Monday.

Mr. and Mrs. Harold Jones and family, of Denver, Colo., visited his parents, Mr. and Mrs. Jackie Jones, the past week. Mrs. Haskell Sudderth returned home with them to visit.

Mr. and Mrs. Jackie Jones left last week for a vacation trip to Denver, and Los Angeles.

Congratulations to Mr. and Mrs. J. T. Hammonds on the birth of a 7-pound girl, on Tuesday, July 7.

We still have plenty of yellow pine or fir for use in building granaries, as well as a good supply of nails. Panhandle Lbr. Co., Texico. 34-1tc

**PLEASANT HILL**

Farmers have been delayed with their harvesting on account of the showers in this locality, but are getting caught up these last few hot days.

Miss Betty Jo Hightower came home for the weekend from her school work at Portales. Marjorie Bocox was also here for the holiday.

Miss Billie Jean Jarrell has been suffering from rheumatism lately.

Mrs. Floyd Bocox spent Monday with her mother, Mrs. Maggie Bell.

C. Webb lost 50 acres of wheat by fire Saturday. His wheat was making 40 bushels per acre.

Oral Palmetteer almost lost his field of wheat by fire Friday, the crop being saved by quick action on the part of tractor drivers following the combine. Furrows circled the fire, which burned itself out and destroyed only 15 acres of wheat and the stubble.

Mr. and Mrs. Alvis Bell, Misses Billie Jarrell and Wanda Tate and Hershel Horton went to the midnight preview at Clovis to celebrate the Fourth.

Charline and Marie Buchanan helped Lineota Parker celebrate her third birthday, Sunday.

C. H. Whitener is on the sick list again.

Mr and Mrs Erick Pierce are the proud parents of a baby girl, born June 28

Mrs Dale Ham of Lubbock, is spending the week with Mrs. Spencer Greathouse.

Come to us for your granary needs. Plenty of yellow pine and fir, plenty of nails. Panhandle Lbr. Co., Texico. 34-1tc

**A FALL VICTORY GARDEN**

many families to lean heavily upon the home supply of fresh vegetables. But this gardening year is not over "by any means", he adds.

The south half of the state usually grows its best gardens in the winter months.

For fall gardens, prepare the soil by (1) removing all weeds before plowing—don't plow them under; (2) applying summer manure, or barnlot fertilizer, broadcast over the area to be planted; (3) plowing three to four inches deep, pulverizing the soil thoroughly, and (4) applying three to four pounds of commercial fertilizer per hundred feet of row, in addition to the manure. Inoculate, or treat, such seeds as beans, peas and cabbage before planting.

A simple method of eliminating cabbage blackleg disease (drying up of the roots) is to immerse the seed in water of 122 degrees F. for 25 minutes, Rosborough suggests. Hard-coated seed, such as spinach, should be soaked in warm water overnight before planting. It is helpful also to press the soil around the seed by tamping with a hoe or walking on the row after the seeds are covered.

As spinach will not tolerate the heat of late summer don't plant it until October or early November. The home gardener can well afford to use the Noble variety, which is more upright in growth and less likely to be crowded out.

Rosborough suggests these vegetables to mature before frost: beans, stringless green pod; mustard, New York or Los Angeles; potatoes, Bliss triumph; English peas Thomas Laxton; radishes scarlet globe. These

**Health Notes**

By Texas Department of Health

AUSTIN—Thousands of children and adults die every year from diseases carried by the fly. Typhoid fever, tuberculosis, summer complaint, cholera, intestinal diseases, and frequently death follow closely in the trail of the common house fly. "The control of the fly menace

comes at the top of the list of necessary public health measures which should be applied by every city and community in the state," urged Dr. Geo. W. Cox, State Health Officer.

"The most effective measure for control is to prevent breeding," Dr. Cox said. "Flies breed in filth, and about eight days are required to complete a life cycle. During her lifetime of several months, one house fly lays from 600 to 1000 eggs. Thus it can easily be seen that in a season which usually begins in the spring

of the year, the descendants from one fly number countless thousands. "To eliminate flies, the breeding places must be destroyed. Manure piles, garbage, and other organic filth furnish the requirements of warmth, moisture, and food necessary for the propagation of the fly. Flies should be kept from contact with food or drink or utensils in which such food and drink are prepared and served. Likewise, they should be kept from access to privy vaults where they pick up the infections which they later spread to humans by contact

with the food and drink, and by unwashed hands and utensils.

"See that your windows, doors, and porches are screened so that the stray fly from some careless neighbor will not molest your family. See that your grocer keeps meat, vegetables and fruit screened from flies.

"Organize health measures to destroy breeding places, control the flies' access to your home and food, and establish standards of cleanliness in your community that will eliminate the fly."

**MOODY PRESENTS**  
"QUESTIONNAIRE FOR O'DANIEL TO ANSWER"

AUSTIN—Former Governor Dan Moody, candidate for the U. S. Senate today challenged his opponent Sen. W. Lee O'Daniel, to fill out a new "questionnaire."

"You can call this an 'occupational' questionnaire," Moody said, because if the junior senator fails to answer these questions on his official record his occupation will be changed from a U. S. Senator back to a flour salesman.

Moody, a veteran prosecuting attorney who is an old hand at digging up potent questions, asked:

"Why did O'Daniel vote to disband our trained army just four months before Pearl Harbor? Is he an isolationist like the Wheelers and Nyes? Is he a would-be obstructionist to

**DAN MOODY**

President Roosevelt's war program? "Why did he claim the alibi diverted strikes in defense industries with his threats against labor when the Congressional Record reveals that he failed to get more than four votes on any proposal?"

"Why did he vote against the waiving of special gasoline rationing privileges for senators? Does he think congressmen are better people than anyone else? Does he think elected officials are a privileged class in this country?"

"Why was he absent from his post of duty when the 'pensions for congressmen' bill was voted upon? Did he favor pensions for himself, and other congressmen but lack the courage to cast his vote?"

"What is his attitude on the war? What are his plans to help win the war and restore world peace?"

"Does he think that our national attitude should become one of isolationism after the war is won? What part does he think this nation should take in making certain that our little children—yours and mine—will not have to fight another war 25 years from now or forever?"

"A few months ago he said there would not be any war. Now he says he is sure it is almost ended. Is this another cunning effort on his part to avoid a fact-finding discussion of his official record as an obstructionist of our war effort?"

"Does he think a man should hold one office and run for another? He once said it should be a felony for an office holder to seek another elective job without resigning, yet he declined to resign as governor when he first ran for the senate."

"O'Daniel says he authored the anti-violence law in Texas, yet the Texas Senate Journal and other records show that his bill was rejected as unconstitutional and that Sen. John Lee Smith's bill was adopted."

"Why does O'Daniel claim credit for the measure really written and sponsored by Sen. Smith? Is this a dishonest attempt to deceive the people and gain credit for another man's achievement?"

"Does Sen. O'Daniel contend that the only reason Texas labor is cooperating in the war effort is because it is forced to do so by his anti-violence bill?"

"Does he deny the patriotism of Texas laboring men?"

"He says he is opposed to strikes and tells you the State of Mississippi has adopted an anti-strike law. Is Senator O'Daniel representing the state, Texas, Kansas, Louisiana or just W. Lee O'Daniel?"

**What Can I Do to Help?**

**BUY UNITED STATES WAR BONDS AND STAMPS**

Every American who loves liberty desires to see our foes' weapons silenced forever. And every American who loves liberty should help crush the menace to our privilege of self-rule that is being projected by the Axis war lords.

To that end, then, all of us must devote our resources, thought and energy with profound earnestness, for the defeat of our enemies is a job which calls for the co-operation of everyone—make no mistake about it! The housewife, the business woman, the farmer, the industrial worker, the business man—all have clear-cut duties.

Whether might alone makes right will be decided on the battlefield in this war. And you, whether you employ, or are employed, hold the answer to whether innocent, peace-loving, God-fearing peoples may be free in generations to come to work and worship as they please. This war has placed great responsibility on you!

You should avoid waste. You should follow

peace-time buying practices, as nearly as you can, refraining from making purchases to store away, keeping in mind the importance of conserving, especially those things vital to the armament program. You should carry on as normally as possible, considering that we are at war, for it takes physically vigorous and mentally balanced men and women on the home front to produce the things required to keep our fighting forces armed, and fed, and clothed adequately.

You should accept war news—the bad with fortitude, the good with reaffirmed resolution not to slacken your efforts in doing your part to see this war through to a victorious end. You should be careful not to disclose news about our armed forces. If you hear that a unit is leaving a camp or a post at a specified time, keep quiet about it. If you see trains bearing troops, divulge no information as to the direction of travel. While traveling, if you pass a convoy, do not spread the news. The safe way to treat news of a military nature is to believe that the enemy has spies everywhere, and act prudently to avoid being the medium through which the slightest harm could come to a single one of our men in uniform.

**OUR DUTY: To fit them to fight!**

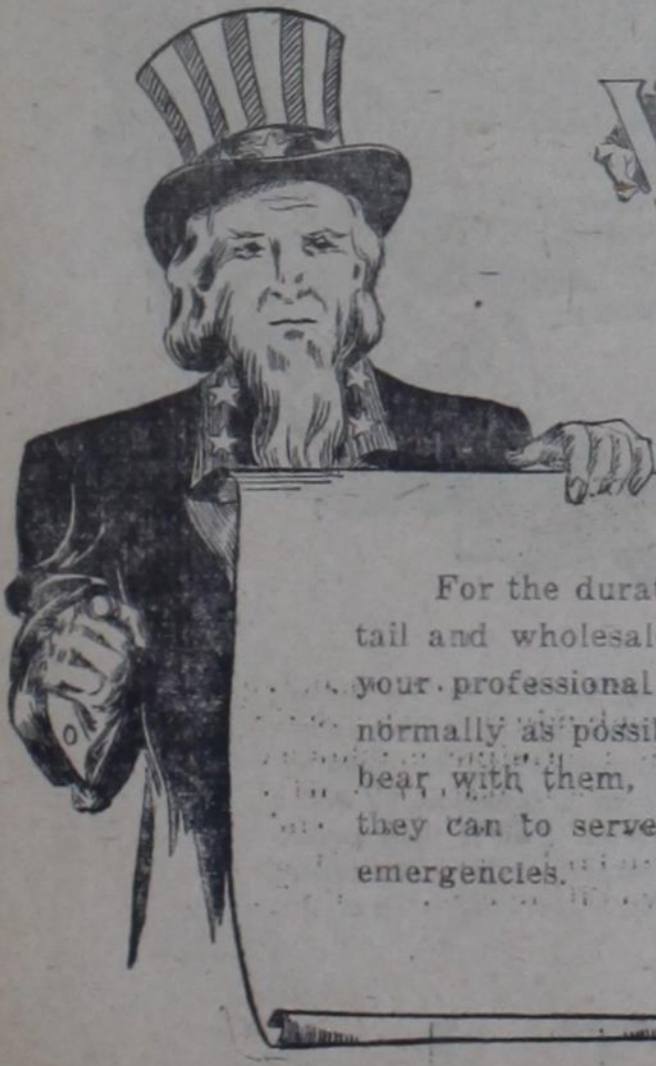

Our boys—your sons, your husbands, your brothers, your grandsons — are going to the front to do your fighting for you. You want them fitted to fight, don't you? We cannot do for them what they will do for us. To them we owe our liberty and all of the fine things that go with living in free America. The least that we can do is to make certain that they are fully armed, well fed, and adequately clothed. It is our duty to bend our efforts and our resources to help supply them in such quantity that they will not want for a single thing. Let's get busy—work harder, buy all the War Stamps and Bonds that we possibly can buy!

For the duration of the war, keep in mind that your retail and wholesale merchants, your service institutions, and your professional men are doing their best to carry on as normally as possible. But if war has forced certain changes, bear with them, remembering that they are doing all that they can to serve you the best they can under the existing emergencies.

*Work hard for Uncle Sam today that you will be free to work for yourself tomorrow*

Are you entitled to wear a target lapel button?  
You can ONLY if you are investing at least ten percent of your income in War Bonds to do your part on the home front toward winning the War.  
The target lapel button is a badge of patriotism, a badge of honor. You should feel proud to display it. The buttons are obtainable at your plant management, at the office of your local War Bond chairman, or at your Payroll Savings Window where you authorize your ten percent payroll deductions.  
Enlist in the ten percent War Bond army and do your part to win the War.  
U. S. Treasury Department

# SAMPLE BALLOT

I am a Democrat and pledge myself to support the nominee of this primary.

**For United States Senator:**

W. Lee O'Daniel, Tarrant County  
 Dan Moody, Travis County  
 James V. Allred, Harris County  
 Floyd E. Ryan, Harris County

**For Governor:**

Coke R. Stevenson, Kimble County  
 Gene S. Porter, Bell County  
 Hope Wheeler, Tarrant County  
 Charles Lavergne Somerville, Dallas County  
 Hal H. Collins, Palo Pinto County  
 Alex M. Ferguson, Grayson County

**State Land Use Group Lays Out Year's Aims**

COLLEGE STATION—Winning the war is the first and immediate objective of the State Land Use Planning Committee, and preparation for successful post war reconstruction is its second, members agreed last week as they concluded a two-day conference on the A. & M. College campus.

H. H. Williamson, director of the A. and M. Extension Service, is the committee chairman.

The group learned that 245 county land use planning committees have agreed to aid all war efforts by serving for the duration of the war as county agricultural victory coun-

cils. This means they will do emergency war work in addition to their long-time planning activities it was explained. Council members—10,037 farm men and women—will serve as community victory leaders. These, aided by 42,008 neighborhood victory leaders, will form a "human chain" of communication for rapid transmission or collection of war information related to agriculture. The communication system will serve all farm and ranch families in the state.

Discussions during the two-day program were devoted to storage of the states' wheat crop, salvage collections, experimental county health and medical programs, post war planning, assistance for rural families evacuated from war project areas and the farmers' battle against in-

flation.

The committee is composed of 24 farm and ranch men and women from all types of farming areas in Texas and representatives of the Federal and State agencies working with agriculture.

The Department of Commerce index of value of manufacturers' new orders jumped from 189 in February 1941 to 314 in February of this year.

## HEARTS and FLOWERS

**TOM:** Good, Ann, I'm glad I could get back in time for our wedding anniversary. Being on the road as much as I am, it seems like I'm never home. Here's something for you.

**TOM:** What all did she tell you, Ann?

**ANN:** Well, Jack Reardon uses Conoco N<sup>th</sup> motor oil. That's the oil that oil-PLATES the engine and saves a lot of wear and tear. And it contains a new synthetic that helps keep the oil from fouling up, too. Mrs. Reardon says Jack has to make his car last two or three years longer now and Conoco N<sup>th</sup> motor oil will help him do it!

**ANN:** You darling! Flowers!

**TOM:** It could have been a new hat if that blamed car of mine hadn't had to have a new set of piston rings.

**TOM:** That settles it, Ann! I'm going to change right now to Conoco N<sup>th</sup>!

**ANN:** I know wives shouldn't interfere in their husband's business, Tom, but Mrs. Reardon was telling me how much money Jack saved on the maintenance of his car. He drives even more than you do.

**ANN:** Good boy! And maybe I can still get that new hat?

You'll agree that it's orchids to Conoco N<sup>th</sup> motor oil, once you prove to yourself how it is so economical, clean-running and wear-saving. See Your Conoco Mileage Merchant today! Continental Oil Company

**FOR THE DURATION of your car...**

Don't depend on hurried stops for gasoline to have your tires and car checked. Join my ONCE-A-WEEK CLUB. Choose one day each week to bring in your car. I will properly check your tires, oil, radiator, and battery. I will report anything that appears to need attention. I will keep a careful record and remind you when greasing and oil change are needed. I help you get maximum service and car life at least possible cost and trouble. *Your Mileage Merchant*

## All kinds of PRINTING

**DONE BY EXPERTS AT LOW PRICES**

**G**OOD PRINTING is an essential to most business men and to many private individuals. The State Line Tribune, equipped with modern printing machinery managed by experienced printers, is in a position to offer good printing at unusually low prices. You'll find printing done to the most exacting standards when it's done in our job department . . . and you'll find also that it's done economically!

## Hughes-Williams Rites Held In Arizona

Announcement has just been made of the marriage of Miss Christine Williams, of Clovis, to LeRoy Hughes formerly of this city but now of Flagstaff, Arizona, which was performed on June 24.

Nuptials were read in the Presbyterian church in Flagstaff, in the presence of a few close friends and relatives. A single ring ceremony was used.

For the service, the bride was attractively dressed in a street length dress of dusty rose, accented by blue accessories.

Mrs. Hughes is the daughter of Mr. and Mrs. H. T. Williams of Clovis. She graduated from that high school and has been employed in Clovis until her marriage.

Son of Mr. and Mrs. Ernest Hughes of this city, the groom is well known here, having attended Farwell high school.

The couple will reside in Flagstaff where Mr. Hughes is employed in dense work.

## Social Held Thursday For Young People

Dick Bobst entertained a number of friends the past Thursday evening, with the young people gathering for an informal social at his home.

Games were enjoyed and refreshments served to Misses Jaquetta and Twila Strickland, Theda White, Norma Jean Thomas, Wanda Lee Boss and Mary Bobst; Muggins Graham, E. J. Sloan, Duane Sprawls and the host, Dick Bobst.

## Visit In McGuire Home

Mr. and Mrs. Richard Anderson, of Three Rivers, Texas, arrived the past Friday for a visit with her parents, Mr. and Mrs. Carl McGuire. Mr. Anderson was obliged to return to his work the first of the week, while his wife will remain here for some time.

## Vacation Bible School To Begin July 22nd

The annual Vacation Bible School of the Methodist Church will begin on July 22nd and conclude on August 2nd, it was announced today.

Chas. F. Bieler has been named to act as general superintendent, while the divisional superintendents are: Mrs. Fay Maxey, primary; Mrs. Nelson Smith and Mrs. Warren Powers, juniors; Mrs. Marty Ezell, intermediate; and T. A. McCuiston, manual training.

Officials are asking that all children in the Twin Cities make plans now to be in attendance at the opening session of the school.

## "Power of God" To Be Presented July 11

Sponsored by St. John's Ev. Lutheran Church, a motion picture "The Power of God" will be presented at the Oklahoma Lane auditorium on the night of July 11, beginning at 9:30 p. m.

Filmed in sound, the picture tells a power-packed story of the might of God at work in the up-and-down lives of modern people. It is 100 per cent Christian entertainment. Lives cross wires, with the resulting sparks of laughter and tears. The story deals with the problem of modern life, unbelief, childless homes, poverty, wealth, youth's inopportunities. How problems are solved makes a story that will not be forgotten.

The film is free from mawkish religious sentimentality. Characters such as Jonathan, as good a neighbor as can be found, and Esther Worne, a true mother if there ever was one, are loved for what they are, honest, real folks.

"The Power of God" is a positive Christian film, not just another religious picture. It furnishes the answer to the common demand voiced by one of the characters, Dr. Braden, to state in two minutes by the clock what Christianity really is.

"Musically, the picture is distinctly Lutheran," officials say, "a name historically synonymous with excellence in Protestant church music."

The film was produced on the R. K. O. Pathe lot by Roland Reed Productions under the supervision of Rev. L. Meyer, and is technically in every respect a feature production.

Preceding the showing of the film, the Lariat Walthers League will present a one-act play based on the hymn "Just As I Am". A free will offering will be taken, the money to go into the "film fund" which makes such pictures possible.

## NEWS FROM OUR BOYS IN CAMPS

### SENT TO WICHITA

Bud Hodges and Bill Moss, local boys who were inducted July 26th, have been stationed in Wichita Falls. Buster Crume, who went into the Army at the same time, had not been assigned to a camp when Hodges and Moss left the induction center, they wrote relatives here.

### NAVY IS TOUGH

Mrs. Tulon White reported this week that the "Navy report" from her volunteer husband, who went in recently as a carpenter, was "plenty tough". Tulon writes from Norfolk, Va., where he is undergoing his initial training period. Following his training he will be "shipped out" for actual work.

### CORPORALS GET "BREAKS"

Cpl. Kirt Crume who is now stationed at Camp Forest, Tenn., writes that it is "plenty funny to see sergeants, etc., running around over the camp doing the dirty work" since the corporals are limited to office work and no privates have been sent to the camp for their first training.

### HERE ON FURLOUGH

Staff Sergeant Wendell Petree arrived here the middle of last week to spend a ten-day furlough with his parents, relatives and friends. Petree, who volunteered into the service over a year ago, is stationed at the U. S. Army Base at Victorville, Calif. This is his first visit home in a number of months.

### POTTER IS CORPORAL

H. H. Potter, former Texas Utilities linesman here and at Muleshoe, is now getting a chance to "give a few orders" himself, and writes that he is really enjoying it. Potter received his corporal's stripes recently. He is stationed at Camp Young, in Indio, Calif.

### ON MANEUVERS

Orville London, who has been stationed at Camp Blanding, Florida, is now on maneuvers in North Carolina. Mrs. London writes relatives here. She is remaining in Florida while he is in the field.

### ROYAL AT SCOTT FIELD

Sam Royal, former Farwell boy and son of Mr. and Mrs. Henry Royal of Albuquerque, is receiving mechanical training at Scott Field, Ill., relatives here report. Sam is well pleased with life in the service. His older brother, Max who has seen service with the Air Corps for several years, is now located in Houston.

### Picnic At Oklahoma On The Fourth

Despite the war, priorities, tire rationing and wheat harvest, a goodly number of Oklahoma Lane citizens gathered at the school house last Saturday and carried out the regularly scheduled Fourth of July picnic.

A basket dinner was spread at the noon hour, field sports, on a modified scale, were engaged in and the gathering heard brief speeches during the afternoon.

Those appearing on the program included County Agent Garlon A. Harper, Rev. Pike of Bovina, and H. D. Bentley, superintendent-elect of the Oklahoma Lane school.

### Leave On Trip

Mrs. Otto Underhill, of Las Vegas Nevada, was a guest in the home of her sister, Mrs. Gabe Anderson, during the past week. On her return home, she was accompanied by Mrs. Anderson and daughter, Marilyn, who will visit in Nevada.

Mrs. Fred Kepley, accompanied by Gloria, left Monday by train for Longview, Washington, to visit her daughter.

Mr. and Mrs. Jimmie Leftwich of Watrous, New Mexico, were visitors here last week and on their return home were accompanied by his mother, Mrs. Minnie Leftwich, who will remain with them for some time.

Miss Eunice Graham had as her guest over the Fourth, Miss Myrtle Teague of Slaton, Texas. Miss Graham returned Miss Teague to her home the first of the week, and will spend several days visiting in Slaton and Lubbock.

Need wheat storage space? See us for materials, yellow pine or fir, and a good stock of nails. Panhandle Lbr. Co., Texico. 34-1tc

Miss Ruby Ezell of Clovis is here visiting with friends and relatives.

## Tid-Bits »

Roy Bobst is firmly convinced that he is doing his share toward conserving. He drove the car over to Tolar, N. M.—just 45 miles—on the Fourth and "saved three cents on a carload of sand".

Commenting on his fast-approaching induction into officer's training, which he hadn't expected until November, Claude Rose admits that there is one thing worrying him—if they were badly in need of a good man, or whether they had completely run out of good men.

LeRoy Faville and Marty Ezell will probably have disturbed dreams for the next few nights. The two, as Utilities employees, were fingerprinted on Tuesday, and were wondering what kind of record would show up against them in the FBI files.

Young Marcia Anne Johnson, who has been learning to cook, got in dutch with the entire family the other day when a helpful neighbor offered to make her a pumpkin pie if she would bring her own sugar. Failure to explain nearly rated her corporal punishment, but the family reported the pie was excellent in spite of the mixup.

Edith Wallace admits that it is a little rough learning to be a "railroad widow" with Jack stationed at Belen, but adds that young fry Gary keeps her hopping enough that she doesn't have time to do much fussing.

Wanda Boss, snatching a free snack at the Red Cross pharmacy the other day, was being kidded by her boss about spoiling her dinner. Wanda defended herself with the explanation that it was a long walk home and she would be hungry by time she got there, but then turned around and spoiled her excuse by admitting that the walk back left her still hungry.

Mr. and Mrs. C. J. Dooze and family enjoyed a weekend fishing trip at Alamogordo Lake, near Fort Sumner.

Mr. and Mrs. W. H. Graham and son spent Saturday evening fishing and picnicking at Alamogordo Lake.

Dick Bobst, student of Texas Tech, was here from Lubbock to spend the holidays with his parents, Mr. and Mrs. Roy Bobst.

Miss Jaquetta Strickland was here from Amarillo over the Fourth, to visit friends and relatives. She is a student at an Amarillo business college.

Dr. J. M. McCuan visited and attended to business matters in Vernon Texas, over the weekend.

Mrs. Virgil Elms visited the past weekend in Claude and Groom, Texas, where Mr. Elms is working during the harvest season.

Yellow pine and fir lumber, nails galore for making that needed granary. Panhandle Lb. Co., Texico. 1tc

Mrs. M. C. Roberts was a business visitor in Amarillo, the past Thursday.

Miss Lila Boss is now working in a government office in Clovis.

Miss Janie Orr, who formerly lived here but is now a Clovis resident, spent Monday in Farwell visiting with friends.

Mr. and Mrs. David Harrison had as their guests the past weekend his mother, Mrs. E. W. Harrison of Hereford, and his brother-in-law, J. M. Simpson, Jr., of Amarillo.

Mr. and Mrs. Jimmie Rogers returned Sunday from a weekend outing which they spent at Tierra Amarilla, near the Colorado line.

Mrs. Donna Fern Cook and sons of Lubbock visited with Mrs. Jack Wallace and son in Farwell, during the holidays, and the entire group spent some time with relatives in Clovis.

Mr. and Mrs. Mathew Hulsey of Lamesa spent the last of the week here visiting in the home of Mrs. J. T. Hulsey.

Miss Hazel Anglin returned Monday morning from Tahoka, Texas, where she had spent the double holiday with her parents.

Rex Kyker was here from Abilene to spend the Fourth with relatives and friends. He departed the first of the week to resume his studies at Abilene Christian College.

Boone Allison, manager of the Lariat elevator, was a business visitor in Farwell Tuesday afternoon.

Mr. and Mrs. H. R. Sprawls of Lubbock returned to their home on Tuesday, after having spent several days visiting their son, Aubrey, and family in Farwell.

## Nutrition Is Theme For Radio Program

Mrs. Edna P. Elms, chairman of the Parmer County Nutrition Committee, announced this week that a special radio program will be given over KICA, Clovis, on Monday morning, July 13th at 8 o'clock, dealing with the function and purpose of the committee.

Miss Elsie Cunningham, home demonstration agent, will assist Mrs. Elms in preparing and giving the broadcast, which will go into detail about the nutrition program.

All members of the committee—and that takes in store keepers, lunch room and cafe operators, school officials, etc.—are asked to tune in for this broadcast.

At the current time, no date has been set for a meeting of the committee, but it was the belief of the chairman that the group would be put "in working order as soon as the harvest rush abates".

### ST. JOHN'S EV. LUTHERAN CHURCH

#### Lariat, Texas

Rudolph Weiser, Pastor  
Sixth Sunday after Trinity  
Sunday School and Bible Class at 10:45 a. m.

Divine Service at 11:30 a. m. Candidate Ralph Temme will conduct the service.

Wednesday: Ladies' aid meets for regular meeting at 2:30 p. m.

On Saturday night at 9:30 the sound film, "The Power of God" will be shown in Oklahoma Lane auditorium. The public is cordially invited. The local Walthers League will give a one-act play based on the hymn "Just As I Am". It will be the preliminary to the showing of the picture. A free-will offering will be taken with the money going into the film fund which makes these feature pictures possible.

"Lord, in trouble have they visited thee, they poured out a prayer when thy chastening was upon them." Isaiah 26:16.

Warlick Thomas has returned from a two-week stay with relatives in Floydada.

Now is the time to build that additional storage space, while we have plenty of yellow pine, fir, and nails. Panhandle Lbr. Co., Texico. 34-1tc

Mrs. W. S. Bradshaw and Earl Lee Bradshaw of Slaton, Texas, visited Sunday with Mrs. Lee Bradshaw, in Farwell.

## Light Bulbs —AND— Fuses

### RATION BOARD REPORT

The Parmer County Rationing Board, meeting July 1, authorized the issuance of the following tire, tube and retread certificates:

- W. L. Johnson, two retread truck tires.
- Paul L. Jones, one pickup tire, one tube.
- W. C. Barber, one pickup tire, one tube.
- H. P. Bishop, one tractor tire, one tube.
- M. T. Camp, one pickup tire.
- C. C. Christian, two pickup tires.
- John Johnson, two obsolete trailer tires.
- Leonard A. Haws, two obsolete passenger tires.
- Olan Schleuter, one combine tire.
- Rop Williams, one combine tire.

Mr. and Mrs. W. A. Melear of Seymour, Texas, were guests in the Mose Glasscock home over the Fourth. They plan a short trip to the mountainous section of New Mexico before returning home.

Mr. and Mrs. Jimmie Overstreet of Lubbock spent the holidays in Farwell with relatives. Mrs. A. H. Overstreet returned home with them to visit for a few days.

Bob Kyker returned the past Thursday from California, where he had gone on a short business trip.

A King Takes a Ride in a Jeep

Shown in this picture are Edsel Ford, Detroit manufacturer, and King Peter of Yugoslavia, as they take a ride in a "jeep" at the Ford River Rouge plant, in Detroit. This "shot" was taken when the boy king visited the great defense plants in the former automobile manufacturing center. Before stopping at Detroit, Peter visited in Washington.

No Encampments Or Short Course Slated

Miss Elsie Cunningham, home demonstration agent, and County Agent Garlon A. Harper said today that there will be no short course for extension workers, rural men, women and young people this summer, due to the tire situation.

For a number of years the annual July Short Course at College Station has been of much interest to rural people, but it has been cancelled this year, since its continuation would necessitate unnecessary driving and traveling.

In addition, the local sponsors stated that district encampments for 4-H club boys and girls, also a summer feature of club work, have been discontinued. Since this county has no location where a camp might be held "at home" it was believed that no encampment of any kind would be at-

tempted.

Miss Cunningham also said that she was not making regular 4-H club meetings this month, but that the meetings will begin with the opening of school. She is devoting the month of July to making home visits.

CLOVIS TEAM FOLDS UP

Baseball fans of this section will be forced to forego their favorite sport for the duration, with the announcement that the Clovis baseball club, member of the Texas-New Mexico League, played its last game in a twin bill with Borger Sunday afternoon.

Lack of interest and financial difficulties in carrying on the club were assigned as the reason for the fold-up. On the heels of the Clovis announcement came similar announcement from the five remaining clubs of the league, writing fins to its operations.

By GARLON A. HARPER

The one job which is foremost in the mind of every American farmer today is that of winning the war. After that comes the winning of the peace. In these two jobs the farmers of Parmer County have a very definite job to do and a real responsibility without the work of the farmer the war cannot be won. Secretary of Agriculture Claude Wickard has said, "Food will win the war and write the peace". There is no doubt but that when Secretary Wickard made this statement he was thinking of the ability of the American farmer to produce food in abundance and variety to feed our armies, keep our people at home in excellent physical condition, feed our allies during the war, and have a supply of food that will "talk" to the starved people of the invaded countries at the peace table.

In order to make such an idea become a reality it is very important that farmers plan now to produce those foods which are needed and which can be produced on their own farms. Many may wonder just what foods are needed to win this war. Farmers of Parmer county think in terms of wheat, grain sorghums, cotton, and a few other miscellaneous crops.

Wheat, of course, is one of the basic food crops. Even though we do have something of a surplus of wheat now we must remember that with a crop as important as this a surplus is desirable in times like these.

What about our grain crops? Here is a place where farmers of Parmer county can probably make the greatest contribution to the war effort. Grain will produce milk, poultry, and meats. Farmers must not think of grain production for sale alone. High protein and energy producing foods must be produced which will take the least possible space when shipped in our none-too-many ships. Milk may be transported in the form of dried or condensed milk or cheese. Eggs may be shipped as dried or frozen. Pork may be shipped as cured and not require the refrigeration needed for many meat products. These then are the foods which we must concentrate on producing. These are also the food which Parmer county farmers can produce under almost ideal conditions.

Let's plan now not to attempt to sell our grain sorghums at a price which will barely pay the production costs. Let's market them through livestock and poultry which will pay increased dividends—and also help in a material way to win this war. Parmer county has possibilities as a permanent livestock county which can be surpassed by very few areas. Why not make the most of these possibilities now?

Our job as farmers cannot end with food production. We must invest every spare cent in war bonds and stamps; we must conserve vital materials which are needed in the war effort; we must work longer and

WHEAT—GALORE!

We have an abundance of wheat in the county right now. The big problem is where to store it.

Secretary of Agriculture Wickard recently offered this solution and I am passing it on to you: "There's one way in which the women of the family might help the wheat storage situation. DO MORE HOME BAKING or USE MORE BAKER'S PRODUCTS. You homemakers can use all the flour you want because we have plenty of it. Try some of the new enriched flours or some of the whole wheat flours. They are health giving and nourishing, and things made with them taste good, too."

It's a long time since some homemakers have baked bread at home. Remember how good it was? And how the aroma of bread in the oven penetrated the house?

Well, why not help out the wheat growers by using up some of that surplus wheat—and give the family a treat. Homemade rolls are a welcome addition to any meal in any season.

In event you have misplaced your favorite recipe just substitute this one worked out by the Bureau of Home Economics—make the rolls while you have the inspiration and look for your recipe later.

Refrigerator Rolls

1 c. yeast, 1/4 c. lukewarm water, 1/2 c. fat, 1/2 c. sugar, 1 1/2 teaspoon salt, 2 c. scalded milk, about 8 cups "enriched" sifted soft-wheat flour.

Soften the yeast in the lukewarm water. Add fat and sugar to hot milk. Cool to lukewarm, add a beaten egg (if desired) and combine with yeast and water. Stir in the sifted flour and salt until dough is stiff enough to knead. Knead thoroughly; form into a ball, and put in a greased bowl to rise. Cover bowl and set in a pan of warm water to keep it at a temperature of 80 to 85 degrees F.

When the dough is double in bulk, punch the center, pull the sides over

harder to take the place of those who have gone into the armed forces; and we must keep up the spirit at home.

The Parmer county farmer has a big job to do. Let's plan in an intelligent way to do that job now.
