

## Pacific Fleet's Cincus With Jap Sword

Adm. C. W. Nimitz, commander in chief of the Pacific fleet, holds the samura, sword of the Japanese commander at Makin islands, after the recent successful raid by U. S. marines, in which Maj. James Roosevelt was second in command. Others to Admiral Nimitz' left are, Commander J. M. Haines, USN; Lieut. Col. E. F. Carlson, U. S. marine corps; and Lieut. Gen. D. C. Emmons, USA.

## Lunch Room to Open At Texico School

The hot lunch project of the Texico school will be in full swing within the next few days, Supt. B. A. Rogers indicated on Tuesday, stating that it was hoped to begin feeding the students by the last of the current week.

Mrs. Sleta Hall, who had charge of the lunch room during the past year, will again act as supervisor according to Supt. Rogers, with Mrs. Mouser and Mrs. Borden as assistants.

The school lunch room is sponsored cooperatively by the Texico Community Club, the WPA, and the Surplus Commodities Corporation. From the latter come supplies of various kinds, while the small price charged for meals takes care of the buying of other necessary commodities.

Supt. Rogers went on to say that as yet no surplus commodities had been received, "but", he added, "we have a nice little bank account on hand and may start operations on our own until the foods are received here."

At the present, renovation of the room used for eating is being carried out and a number of improvements made, the school head said.

**Meeting Tonight**  
Mrs. Odas Murphy, one of the officials of the Community Club, has requested that all persons in the community interested in the program be on hand at the school building tonight (Wednesday), for consideration of various problems. The meeting will begin around 9 o'clock, Texas war time.

During the terms the lunch room has been in operation, it has been one of the most successful and well-managed in this area, according to reports turned in by visiting supervisors, and all indications point to a good patronage this year.

## Nobody Home—And Nobody Hurt!

This WAS a house! And that WAS a plane sticking out of the shattered timbers. Spectacular picture, taken just after the plane ripped into the side of a cottage near Glenview, Ill., shows graphically the aftermath of the crash. Four passengers were only jarred when the plane, en route to Mexico, hurtled down to earth after the motor suddenly failed.

## V-8 Rams Freight, Two Cars Derailed

Two freight cars of a west-bound train were derailed in the local yards at an early hour Tuesday morning after having been runned by a Ford V-8 at the main railroad crossing in Texico-Farwell.

Two men were taken to a Clovis hospital, suffering with only slight bruises and cuts after the accident. They were J. C. Walden and Hubert Purcell, both of whom gave their address as Lubbock, Route 2.

Walden, who was driving the car, said the only reason he could assign to the accident was "I guess I got a little drowsy and didn't see the train", which was in motion across the highway crossing. The train was traveling west and the car was going east at the time of the accident.

Purcell claims that he was asleep in the back seat of the car when he was rudely awakened by the crash. The car was badly damaged and had to be removed from the scene by a wrecker.

The train proceeded westward for approximately 200 yards before it broke in two, causing the air brakes to be automatically applied. Considerable damage was done to trackage in the local yards by the derailed cars.

## Board Orders 36 Men For First Physicals

The Farmer County Selective Service Board was in session Sunday afternoon, considering classification of local registrants.

Sunday's session completed the reconsideration of all men who filed in the first registration, and who had been previously placed in class 3-A. Thirty-six of the 3-A registrants were removed from that classification and ordered up for their first physical examination.

Mrs. Bessie Lee Henneman, clerk of the Local Board, announced the following classifications from Sunday's session: 1-A, 18; 1-C, 7; 2-A, 5; 2-B, 2; 3-A, 1; 3-B, 1; 4-F, 2; 1-A, pending physical examinations, 36.

Those ordered to take their first physicals include:

John L. Martin, J. Sterling Donelson, James E. Dodson, Horace W. Coffman, Lester O. Kelly, Cordie V. Potts, Blufford H. Dorsey, Ronald L. Berggren, Bernise E. Roberts, Hubert S. Talley, T. Wesley Osborne, Arnold R. Hromas, Jack Wolton, Harrison F. Gee, Stephen J. Jesko, Ralph A. Smith, Virgil E. Widmer, Raymond L. Adams, Bill L. Gibson, James D. Robards, Jake R. Calhoun, Earl W. Drake, Ralph E. Price, Oliver B. Sumner, Jack D. Julian, Joe L. McWilliams, Merle Barnhouse, Nathaniel E. Taylor, John L. Eubanks, Roslie E. Farmer, Claude W. Potts, Ellis R. Barry, John A. Wines, Robert D. Blalock, Clyde F. Knight.

## Fireboys Plan Free Melon Feed Tuesday

The Texico Volunteer Fire Department has announced a free watermelon feed and demonstration of its equipment at the water tower park in Farwell, on Tuesday evening of next week, says Chief Ira Selman.

Selman said the feed was being staged in order to interest more local men in becoming members of the firefighting crew. "It won't be but a few weeks till we won't have an experienced man in our crew," he said, and went on to emphasize the importance of recruiting a new crew to take over the equipment.

If we can't get the people here interested in learning how to operate this equipment, it will be a matter of only a few weeks until you will be without fire protection," he added.

Selman explained that all of his present crew would soon be moved out to defense jobs or drafted in the Army.

## Scrap Movements Are On Upgrade in County

Junk dealers of the county today reported the movement for the accumulation of scrap metal on the upgrade during the past two weeks.

A vigorous campaign to get this scrap metal off the farms to the concentration centers was launched at Bovina two weeks ago, with the schools, the Extension offices and various other organizations being urged to take part.

## Achievement Days

Friday and Saturday of this week have been designated as "achievement days" in Farmer County, and a determined effort is being launched to get every piece of scrap metal into the concentration centers at Bovina, Friona and Texico on these days. However, the committees explain, this does not mean no metal will be taken after that time. "It is wanted and badly needed at any time," it was emphasized.

In Texico, the FFA class of the school is this week conducting a house-to-house canvass of the district, and Victor Stout, instructor, said they expected to complete this task by Thursday.

Local junk dealers said this week that many tons of scrap metal could be found on the farms, and plans were underway to pick it up there. However, no special trip will be made for a mere handful of scrap. "Where there is enough to justify the trip, we will drive a reasonable distance and gather it up," Frank Jones, local dealer said.

## Clearing Way For Double Trackage

Crews are at work in Texico-Farwell this week making preparations for the additional main line of the Santa Fe Railroad to be laid between here and Clovis.

Water and gas lines are being moved, as well as telegraph and electric lines relocated in order to make room for the double-tracking program. Grading and culvert building along the route has been in progress for the past few weeks.

It is understood the double-track will extend from a point near the Oklahoma Lane underpass east of this city to Clovis.

## Breaks Leg In Fall From School Swing

Little Billie Marie Utsman, daughter of Mr. and Mrs. L. T. Utsman, sustained a broken leg in a fall from a swing on the Farwell school grounds, last Thursday.

The break occurred just above the ankle of the right leg. She is a student in the seventh grade. Reports state that she is recovering nicely at her home south of this city.

The Democrats of New Mexico went to the polls last Saturday and nominated a list of candidates who will appear on the ballots in the general election in November.

Chief interest was centered in the governor's race, which resulted in the nomination of J. J. Dempsey over Bryan G. Johnson by heavy odds.

Senator Carl Hatch, who was "too busy in Washington" to return to the state to conduct a campaign in the interest of himself, led the field of state candidates for the party's choice.

## Sheriff's Race To Whitley

The only Curry county job at stake in Saturday's primary was that of sheriff, in which Bob Whitley outdistanced a field of three opponents with safe margins. Whitley received 1425 votes, with Val Baumgart coming in for second rank with 898 ballots. "Pop" Jennings and Bill Wolf dropped to third and fourth places in the voting, with Jennings received 422 and Wolf 377.

All other county candidates breezed through the primary without opposition.

Republican candidates for state offices were unopposed, and there was no Republican ticket in the Curry county contest.

Republican leaders are laying plans for a vigorous campaign in the November general election, and New Mexico politics will likely warm up considerably during the next few weeks.

## Pie Supper Boosts Sale of War Bonds

The pie supper staged at the Oklahoma Lane school last Friday, under the auspices of the Friona Post American Legion, as a means of stimulating the sale of war bonds and stamps proved highly successful with the sale of \$1957.50 in bonds and stamps.

This is the third of a series of such gatherings to be staged in Farmer County by the Legion boys. Similar events have already been held at Friona and Lazbuddy.

Harrison Bean of Friona, a Legionnaire, boosted the total sales at the Oklahoma Lane sale, with \$700 in bonds. Thad Watkins and Luther Grissom of the Oklahoma Lane community proved to be the largest local purchasers.

E. H. Young acted as chairman of the meeting and introduced Post Commander Ray Smith and Past Commander Foster Rector. County Judge Lee Thompson made a brief talk to the crowd.

Musical numbers were furnished by the primary department and the high school group Dick Doshier acted as auctioneer.

County Judge Lee Thompson has been assigned a part on the program of the West Texas Judges and County Commissioners annual meeting at Big Spring. The convention will be in session in that city on Friday and Saturday of this week.

With harvesting of the Fall feed crop only "around the corner", farmers of this section are seriously pondering the question of the serious labor shortage that seems to be inevitable just at this time.

The combined influence of the Army draft and high-priced jobs in defense projects of this section has stripped the farms of practically every available man, and there seems to be little chance for much relief in sight.

The movement to import laborers from Mexico to assist in the harvest here is viewed with considerable skepticism on the part of local farmers, who point out that most of the harvesting in this area is done by machinery with which the imported laborers would be unfamiliar.

Cotton picking and feed shocking will be about the only kinds of work that can be handled by the average inexperienced laborer, farmers declare. Practically all farmers are making plans to gather their feed crops by use of combines, thus eliminating as far as possible the use of laborers.

## Feed Crop Looking Good

The feed crop promises to be one of the largest in recent years and many farm hands could be used, but farmers declare that prices offered for their products will not allow them to meet the high salaries offered in the war industries. Another bottleneck threatening the farmer is lack of tires to facilitate the movement of his crop to the markets.

On the whole, however, farmers are taking the view that "something will turn up" and are facing the problem of labor shortage with optimism as they move toward one of the biggest harvest seasons in recent years. Most of them have already sowed Fall wheat and are getting ready to tackle the harvest problem with stern determination.

## Enrollment Climbs, Need Extra Teacher

"If this keeps up we are going to have to have another teacher—providing we can find one," Supt. B. A. Rogers of the Texico school said flatly on Tuesday, pointing out that at present the enrollment was presenting difficulty for the faculty.

A drop in scholastic enrollment the past year caused Texico the loss of faculty members, according to the state set-up, but Supt. Rogers said early this term that if enrollment merited the action, another teacher would probably be approved for the local school.

Operating on the "six-six" plan of division of grades, the enrollment this week stood at 130 in the lower six grades and 93 in the upper six, making a total of 223.

Rogers was of the opinion that the current standing of 59 in the four high school classes would be boosted within the next few weeks, as students now engaged in farm work make application for entrance.

After Governor Elisha M. Pease resigned on September 30, 1869, Texas remained for several months without a head of its civil government.

# Recreation Drive Proves Successful

By Elsie Cunningham  
Home Demo. Agent

This past Thursday afternoon the members of the Bovina Home Demonstration club met at the McCuan building in Bovina and spent a very profitable afternoon renovating furniture which people of Farmer County, Texico, and Pleasant Hill have contributed toward fitting up a recreation room for soldiers of the Quartermaster Corps at Clovis.

Profitable? Yes. We had an afternoon of fellowship, of sharing, of planning and working together. I believe many good things will come from the plans we made and the ideas shared. Each of us learned "something new and worthwhile" about renovation of old furniture. We wish all of you could have a "before and after" picture of the furniture, then you would understand the glow of pride we have.

The home demonstration club women have asked me to extend to all of you their thanks for your cooperation and assistance and have asked me to explain what has been done.

The room which is being decorated and equipped as a recreation

center for the Quartermaster Corps is located in east Clovis in the building formerly used for the women's exhibits at the Curry County Fair. The space set aside for a recreation center is 24x48 feet. It has adobe walls, a cement floor and 10 small windows which are 8 1/2 ft. from the floor. Rather drab sounding, you say. Right you are, and that is why the clubs are sponsoring this drive for money and furnishings. The officers feel that the boys would not spend so much of their time down town if an attractive and interesting recreation center were made available.

The officers asked us to furnish a radio, comfortable chairs, three divans, writing desk, card tables, book racks, reading lamps, colorful curtains, games, books, magazines and anything else that would add comfort and a home-like atmosphere to the room. Many of these have been donated by you people, while some of the other things can be purchased with the money you gave.

A part of the money contributed has already been used for upholstery material, paint, varnish, etc. The balance will be spent for furniture. We still need comfortable chairs,

games, book racks, a writing desk and a pool table if a second-hand one can be located. If you have any of these things and want to take part in this project, leave them at any of these places: Friona, Reeve Chevrolet; Bovina, Mrs. Will Nittler's home; Farwell, Aldridge law office.

The project is a fine example of what a group can do thru cooperation. We could never have carried this project to completion without the assistance of all. Many people have been interested in this undertaking and have given generously of their time and money.

Money has been given by the following: Friona Lions' Club, \$10; Bovina Chamber of Commerce, \$10; Friona Jr. Woman's Club, \$5; Woman's Society of Christian Service, Bovina M. E. Church, \$5; Olds Lane Home Demo. Club, \$5; Live-at-Home club, \$2.50; Mrs. Fred Kelsey, \$4; M. C. Roberts Co., \$2; and \$1 each from Mrs. Buck Ellison, Mrs. Wilbur Charles, Fred Barber, Mrs. A. D. Smith, Mrs. Hershel Arnold, Mrs. J. White, Mrs. J. P. Macon, and 50c each from Clarence Jones, Andy Moorman, Mrs. (Continued on last page)

**OUR PLEDGE**

We pledge allegiance to the Flag of the United States, and to the Republic for which it stands; One Nation, indivisible, with Liberty and Justice for all.

**PLEASANT HILL**

(Too Late For Last Week)  
Mr. and Mrs. Arthur Moorman have returned from Ralls, Texas, where they have been visiting her people.

Mr. and Mrs. Gordon Smith plan to leave soon for an extended trip to Georgia to see his father.

Rev. and Mrs. Graham moved into the community last week.

The school children took part in a scrap iron drive Monday.

Mr. and Mrs. Floyd Martin visited near mother, Mrs. Maggie Bell, Sunday.

Mrs. Paul Spearman is in Carlsbad visiting her husband.

Mr. Winkles underwent a major operation, Saturday.

Mr. and Mrs. Jess Chadwick are leaving the last of this week for Oklahoma.

Mrs. Stovall and Jeanine Singletary spent Friday night with the Moorman family and Mrs. Stovall prepared a Spanish supper for the party.

Billie Glenn Parker was taken to Amarillo last week to have a watermelon seed removed from his lung. The attending doctor stated that an abscess was forming and pneumonia would soon have set in.

Arthon Moorman is out measuring land this week for the AAA.

Rev. and Mrs. Arthur Bell and family of Wyoming spent several days with his cousin, Clarence McBride, last week.

E. M. Bocock was taken to the Memorial hospital with blood poisoning Friday, and is still there at this writing.

Mr. and Mrs. Gordon Smith and children left last Tuesday for a six-week stay in Georgia. Mrs. Smith's mother accompanied them to Arkansas to visit her people.

Mrs. Sprawls and mother, Mrs. Lambert, visited old friends in the neighborhood Sunday.

The club ladies will serve dinner at the Atwell sale next Thursday.

Mrs. Webb took her son, Odell, to Amarillo Tuesday to have his eyes examined.

Bobby Finley was taken to the Memorial hospital Friday evening with a ruptured appendix, and is in a serious condition.

Buck Ellison reports that some one stole 10 or 15 bushels of peaches from his place Saturday night or Sunday.

**OKLAHOMA LANE**

Malcolm ("Pete") Hanna, of El Paso, is visiting his parents, Mr. and Mrs. Joe Hanna. Pete enlisted in the Army last Monday.

Mr. and Mrs. Joe McWilliams are visiting relatives in California.

Those visiting Mrs. Joe Donaldson Sunday were Mr. and Mrs. J. C. Ebone of Clovis, Mr. and Mrs. Hugh Tucker of Lariat, Mr. and Mrs. Jack Roach, Mr. and Mrs. Harold Carpenter and Mr. and Mrs. Bill Hubbell.

Members of the Thursday Club entertained their husbands with a coney island supper in the Billy Sudderth home, Saturday night. Enjoying the occasion were Mr. and Mrs. R. B. Summers, Mr. and Mrs. Mose Glasscock, Mr. and Mrs. Buddy Jones, Mr. and Mrs. Tom Lindop, Mr. and Mrs. Turner Paine, Mr. and Mrs. Bill Hubbell and Mr. and Mrs. Billy Sudderth.

Mrs. E. M. Reed of Elk City, Okla., and Mr. and Mrs. Ernest Foster spent Sunday with Mr. and Mrs. J. F. Foster.

Mr. and Mrs. Ray Hubbell spent Sunday in the Truman Kent home.

Mr. and Mrs. Clifford McGuire and children spent Sunday with Mr. and Mrs. Oscar Hubbell and daughter.

Mr. and Mrs. Charles Caldwell and son of Kansas are visiting in the J. R. Caldwell home.

Miss Louise Donaldson visited Miss Glenna Roberson Sunday.

Lloyd Gober and Rita Wilkinson left Monday to enroll in Texas Tech as did James Bentley.

Miss Francis Roach made a business trip to Lubbock Tuesday, to make preparation to enter nurse's training.

Austin Young, who has been visiting in Mississippi for the past few weeks, has returned to his home.

The Texas' public school permanent fund was established during the administration of Elisha M. Pease, 1853-1857.

**How to Plan SCHOOL DAY LUNCHES**

by Dorothy Greig

Cream of Chicken and Pea Soup is both substantial and delicious for a school day lunch.

ONE way to insure good marks for Johnny this term is to feed him well at noon. Set him down to a substantial, well balanced lunch—and Johnny is alert and keen for the afternoon's work.

Fruits, vegetables, milk, eggs, meat and wholewheat bread provide the makings for the kind of lunches school children need. They're the foods on which they grow handsome and sturdy—and bright.

It's wise to serve some hot food. This can be a big bowl of soup—one way of adding vegetables or milk to the meal. A hot casserole, hot chocolate, meat cakes, creamed vegetables are other possibilities.

**Well Balanced School Lunches**

**Cream of Tomato Soup with Toasted Crackers**  
**Mixed Vegetable Salad**  
**Cheese Sandwiches** Milk

**Macaroni Casserole with Bacon and Tomato Sauce**  
**Shredded Cabbage Salad**  
**Cookies** Milk

**Cream of Chicken and Pea Soup**  
**Wholewheat Bread and Butter**  
**Pear and Cream Cheese Salad**  
**Hot Chocolate**

**Grilled Hamburgers on Toasted Buns with Spicy Tomato Sauce**  
**New Apple Sauce** Milk

**Cream of Asparagus Soup**  
**Egg Salad Sandwiches with Lettuce**  
**Fresh Peaches** Milk

**Macaroni Casserole with Bacon and Tomato Sauce**

1 package (9 ounces) macaroni  
6 slices bacon, diced  
1/2 cup onion, chopped  
1/4 pound sharp cheese, grated  
1 can condensed tomato soup  
1 cup milk  
1/2 cup buttered crumbs

Cook macaroni in boiling salted water until tender, rinse with cold water and drain. Brown the diced bacon, remove from pan, and cook the onions in the bacon fat, until soft and yellow. Arrange macaroni, onions, bacon and grated cheese in layers in a buttered casserole. Stir the tomato soup into the milk, and pour this sauce over the macaroni. Sprinkle buttered crumbs over the top and bake in a moderate oven (350° F.) for 20 to 30 minutes. Makes approximately 6 servings.

**Cream of Chicken and Pea Soup**

4 teaspoons butter  
4 teaspoons flour  
1 can milk (using soup can for measure)  
1 can condensed chicken soup  
1/2 cup cooked green peas

Melt butter, add flour and cook until frothy, then add milk and cook until thickened. Add the chicken soup and cooked green peas, then heat thoroughly. Serves 3 to 4.

**TIRE BOARD REPORT**

The following tire, tube and retread certificates were issued at the meeting of the Farmer County Tire board, on Sept. 9:

L. E. McKillip, two obsolete pickup tires.

Andris Drager, one retread passenger tire.

W. I. Rundell, two retread passenger tires.

Glenn E. Taylor, two retread passenger tires.

Will W. Jones, two retread passenger tires.

J. E. Davis, two obsolete passenger tires, two tubes.

Leroy Berggren, two obsolete trailer tires, two tubes.

J. P. Miller, two obsolete trailer tires.

Henderson Grain & Seed, four retread truck tires.

F. M. Eason, one retread truck tire.

Gaines & Elliott, one retread pickup tire.

J. M. Payne, one pickup tube.

W. F. Cogdill, four obsolete pickup tires.

J. G. McFarland, two truck tires.

O. W. Rhinehart, two truck tires, two tubes.

Robert Vise, two tractor tubes.

T. F. Taylor, one pickup tire one

tube.

Friena Consumers Co., one truck tire, one tube.

Parmer Co., Pct. 2, two pickup tires, two tubes.

Lakeview school district, one truck tire, one tube.

C. W. Barber, one tractor tire.

**PATROLMAN CHANGES DATES**

Effective at once, the State Highway Patrolman who has been visiting Farwell every Wednesday will be here only twice a month, it was announced at the sheriff's office today. Hereafter his appearances will be on the second and fourth Tuesdays, between the hours of 2 and 5 p. m.

Those desiring to renew their driver's licenses need not wait for the appearance of the patrolman, however, as application blanks may be obtained at the sheriff's office.

**REMOVED FROM FT. STANTON**

Eldon Belew, 7-year-old son of Mr. and Mrs. R. H. Belew, was removed from a hospital at Fort Stanton, N. M., the first of the week to a Clovis hospital, where he will continue under treatment.

The little fellow was badly burned about the legs last July while

the family was enjoying a vacation at Ruidoso, N. M., and was removed to Ft. Stanton where he has remained since that time.

**PLAN TO BUILD CHURCH**

Rev. W. C. Wright, pastor of the Baptist Church here, has returned from Causey, in Roosevelt County, New Mexico, where he was engaged in a revival meeting for a week. Rev. Wright says the meeting resulted in a move being launched to build a new Baptist church at that place in the near future, and considerable money has been pledged to that end.

He states that he will be back in his pulpit at the local church next Sunday.

**FOR RENT**—6-room farm house, newly decorated, with outbuildings, good well and 10 acres garden, hog and native pasture. See J. T. Coburn near Wilsey Switch. 39-4tp

**WANTED**: 100,000 rats to kill with Ray's Rat Killer. Sells for 35 and 50 cents. Harmless to anything but rats and mice. Guaranteed. At Fox Drug Store, Farwell. 40-4tp

**WANTED**—To contract for feed shocking. Joe Dubiel at Magnolia service station, 1st & Prince, Clovis. 41-3tp

**FOR SALE**—640 acres land 14 miles north Friena, 450 acres in cultivation, price \$10 per acre. See us for cheap farm and ranch lands, M. A. Crum, Friena. 41-3tp

**FOR SALE**—One power take-off International binder, on rubber; one ensilage cutter; one Oliver row crop tractor and lister; one Superior wheat drill, 5 h. p. See Lee Scauderth, Farwell.

**FOR SALE OR TRADE**—9-foot one-way plow. J. T. Coburn at Wilsey Switch. 42-3tc

**FOR SALE OR TRADE**—1937 model Ford Tudor, fair tires. Ebb Randol, Farwell. 42-3tp

Surplus canned food preserved by Navarro county home demonstration women will be given this year to school lunch rooms, needy families of men in the armed forces, other needy families, and orphans' home. This project is part of the county's "Good Neighbor Home Food Supply Program."

Promptness and a better class of work is our motto. Dial 2131.

**LOST**—1 Guernsey yearling, branded Bar-O on left shoulder, and 1 Black yearling, bearing same brand, both steers and having straight slit in right ear. Contact Conrad Nelson, 15 miles east Farwell. 43-3tp

**FOR RENT**—6-room farm house, newly decorated, with outbuildings, good well and 10 acres garden, hog and native pasture. See J. T. Coburn near Wilsey Switch. 43-4tp

**FOR SALE**—10 foot John Deere broadcast binder, in good condition and ready for service. Reagan Looney. 43-3tp

**FOR SALE**—John Deere broadcast binder, 10-foot, with power take-off, new canvas and in good condition. B. B. Bates, Bovina, Tex. 44-3tp

**FOR SALE**—Complete blacksmith and welding shop, will sell or lease to responsible party I. F. Selman, Texico, N. M. 44-3tc

**FOR SALE**—Superior oil burner, with jacket. See at my home, Mrs. Harry Whitley, Farwell. 44-3tc

**FOR SALE**—My home place in Bovina, well improved. Cash or terms. Mrs. Nellie Isham. 43-3tp

**FOR SALE**—Irrigated farm, 320 acres, 2 miles north, 1 mile west of Hreford. C. M. Henderson, Farwell. 43-3tc

**FOR SALE**—Rye seed, suitable for planting, \$1.25 at my farm. Bring your sacks. E. E. Booth, Farwell. 44-3tc

**Help Your Hens Through Moulting Season**

Eggs are too expensive to have a flock of loafing hens around the place during moulting season. You can help your hens keep their egg production up through this natural season by feeding them plenty of MOULTING MASH, a scientific formula that has given satisfactory results for many seasons.

The best investment you can make at this time for the year for your laying hens.

## PLANTING FALL GARDENS

**COLLEGE STATION**—Wherever possible take a day out and prepare the soil for a fall garden, urges J. F. Rosborough, horticulturist for the A. & M. College Extension Service. A home garden pays dividends. Rosborough says that English peas, radishes and stringless green pod beans may be planted as late as September 15 for maturity before frost.

In preparing for planting, all weeds should be removed from the plot—not plowed under. Next, apply barnlot manure, plowing it into the soil four or five inches. Break up any clods as small as possible so that everything will be ready for planting when the first rain comes.

Carrots, cabbage, turnips, brocoli and beets are vegetables which will withstand light frost and may be planted as late as September 15. Collards, kale, onions, rape and rutabagas will withstand heavy frost and may also be planted up to September 15.

Spinach will not tolerate the heat of late summer nor can it stand "wet feet". Wait until the weather cools—from October 1 to 15—then sow the seed on top of a ridge or bed which is well drained. Where rainfall is heavy in East Texas and the Gulf coastal area, the Noble variety should be used.

Cabbage and lettuce planted from seed in September should be thinned in October or early November when the plants are about three inches high, and a spacing of 12 inches allowed.

With the coming of freezes in West Texas prepare a frame garden about 6 by 20 feet in which greens, lettuce, beets, onions and carrots can be grown.

See your county agricultural agents for details.

## GROWING FALL POTATOES

**COLLEGE STATION**—Soil mixed thoroughly with rotted manure is the first step in preparing for a fall crop of potatoes, says J. F. Rosborough, horticulturist for the Texas A. & M. College Extension Service. For sandy soil, about three pounds per hundred row feet of 4-

12-4 commercial fertilizer should be added.

Small potatoes from the spring crop, which have been kept in a cool place, may be used as seed for fall planting, provided a rest period of six weeks is allowed between harvesting and planting. As the fall crop requires 75 to 80 days to mature, planting should be made early enough so that the potatoes will be ready to harvest before heavy frost.

Where it is not possible to irrigate, seed potatoes should not be allowed to sprout before planting. Sprouts may dry up for lack of moisture and retard the crop. "Dry" planting may be done in August by thoroughly preparing the soil and planting the seed pieces four to five inches deep where there is a better chance for soil moisture.

With facilities for irrigation, sprouted seed may be planted to hasten growth. Sprouting is obtained this way: Spread out the seed potatoes in a shady place and cover with pine straw, oats or wheat straw, or wet sacks. Keep the covering wet until the potatoes begin to sprout. This may require several days. Then irrigate the soil in the planting area sufficiently to keep the sprouted potatoes growing. Drop the seed 14 inches apart, three inches deep. If the seed potatoes are smaller than a 50 cent piece they should be planted whole. Those of larger size should be cut into pieces about half the size of a hen's egg.

The only thing that distinguishes a sleep-walker from his fellows is that he should be asleep but not walking and the others should be walking but not asleep.

## Rural Women Enlarge Current War Program

**COLLEGE STATION**—while they work to help win the war, Texas 46,000 home demonstration club women will study the Atlantic Charter to prepare for a just and lasting peace. This war-time study program was adopted by nearly 500 delegates attending a recent meeting of the Texas Home Demonstration Association at Fort Worth.

The Association also gave considerable attention to nutrition. Members will make eating by the Texas Food Standard "a patriotic duty in war-time and will demonstrate for families the benefits of proper nutrition."

To promote maximum cooperation in the war program, the association is asking all members and families to live by the victory demonstrator's pledge. Another objective is to provide wholesome recreation and "a home-like atmosphere" for men training in Texas' military camps. Local home demonstration clubs were asked to cooperate with Army officers and others in attaining this objective.

In addition, the rural club women expressed an interest in shouldering civic responsibilities. They will ask county judges to consider home demonstration club women in the appointment of rationing boards.

For the first time, home demonstration club members may soon wear official pins. Mrs. W. G. Kennedy of Bailey County, Association president, has appointed a committee to plan the insignia.

The recreation committee recommended a "back yard boom" to meet war-time recreational needs at home.

## RUSH ORDER! COOKED BY GAS!

The little blue flame that cooks your meals, that warms your house... is a roaring giant in war time. It is helping turn steel into weapons of war... at a rate that is smashing all records for speed. It is "cooking" whole battleship turrets at one time in ovens as big as a five-room house. It is helping make 155 mm. shells three times as fast as formerly.

Tanks and guns and bombs and bullets... torpedos and planes and gas-masks and ships... Gas is used to make them all!

And for the very same reasons 85,000,000 Americans prefer Gas for cooking. Because it's fast, saves time. Because it's economical and clean. Because it's flexible, instantly adjustable to exact temperatures. Because it's famous for greater dependability!

**GAS IS SAVING** time, money and food in every cooking operation. It is helping preserve food safely in silent Gas refrigerators. But don't forget that it is vital to war production. Use what you need for cooking, refrigeration, water heating and house heating—but use it wisely, don't waste it.

**GAS**—THE WONDER FUEL FOR COOKING NOW SPEEDS WAR PRODUCTION

# Rail oddities

THE FIRST RAILROAD LOCOMOTIVE TO REACH CHICAGO -- WHICH WAS DESTINED TO BECOME THE WORLD'S GREATEST RAILROAD CENTER -- ARRIVED BY SAILING VESSEL ON OCTOBER 10, 1848. NAMED THE "PIONEER" IT MADE ITS FIRST RUN OUT OF CHICAGO ON NOVEMBER 20.

AMERICAN RAILROADS IN THE FIRST SIX MONTHS OF 1942 HANDLED 99 PER CENT MORE FREIGHT THAN IN THE SAME PERIOD OF 1939 -- AND 57 PER CENT MORE THAN IN THE SAME PERIOD OF 1918, THE PEAK WORLD WAR YEAR.

ONE FARMER'S LABOR-SHORTAGE PROBLEM WAS SOLVED BY ELEVEN RAILROAD SHOPMEN. AFTER FINISHING THEIR RAILROAD WORK ON THE NIGHT SHIFT, THEY SNOOKED HIS 25 ACRES OF OATS BY NOON -- AND REFUSED PAYMENT.

1942 1939 1918

ASSOCIATION OF AMERICAN RAILROADS (AAR)

## Phillips Employees Go On Longer Hour Shifts

Effective September 1, employees of Phillips Petroleum Company, with some exceptions, went on longer working schedules. Every employee now on the pay roll is badly needed. The new working hours were made necessary by the company's increasing demands for manpower to operate new war production plants and to fill jobs left vacant by the departure of a large number of employees entering military services.

All employees subject to the Fair Labor Standards Act and who are non-exempt will receive time and one-half for all hours worked in excess of 40 hours per week. With respect to other employees who may be required to work longer hours, certain adjustment will be made.

In making this announcement, Frank Phillips, chairman, and K. S. Adams, president, point out that only by employees working longer hours can shortages of manpower be overcome. This new working schedule affords every employee of Phillips Petroleum Company a greater opportunity to help win the war.

Query: Is it better to stay up half the night waiting for the boyfriend to go home, or to marry him and stay up half the night waiting for him to come to it?

## Health Notes

By Texas Department of Health

AUSTIN—With the nation facing a loss of more than 6 million man days per month in defense industries alone from accidents and illnesses, Dr. Geo. W. Cox, State Health Officer, is intensifying the Texas State Health Department's effort to cut down the total days lost in this state.

"The number of man days lost from accidents alone each month reaches an alarming total. But when we consider that there are 9 times more absentees from communicable and other diseases it becomes apparent," Dr. Cox asserted, "why it is necessary to urge that each individual protect his own health to the best of his ability."

Communicable disease and even mild epidemics can seriously handicap the nation's war effort by slowing down the production of the necessary ships, planes, guns and tanks. Careful attention to personal cleanliness, proper nutrition, sufficient rest, fresh air and sunshine is the personal responsibility of every individual at this time.

"It is our job," Dr. Cox said, "to fight sickness and accidents. Production can be boosted and lives can be saved by strict adherence to community and industrial hygiene standards and full cooperation in such community projects as mosquito control and rat extermination for preventing the spread of malaria, dengue, and typhus fever. Loss of time renders aid to the enemy and this country must be able to depend on peak production from all of its industrial army."

Dr. Cox pointed out that the armed forces have called a great per cent of our doctors and nurses into active service and the war has made unattainable many of the drugs and chemicals which have heretofore been used as ordinary household remedies. This shortage of doctors and nurses, together with our inability to obtain many needed drugs, make the conservation of good health a definite war project and the patriotic duty of every man, woman and child.

### Courses Now Offered 17-Year-Old Lads In Welding, Mechanics

The vocational education department of the Clovis high school training for war production industry is offering courses to boys who are 17 or over, in machine shop, aircraft sheet metal and riveting, electric arc welding, and upon completion of the course they will be employed by war production industry at a good rate of pay.

The training is absolutely free to the trainee taking the course, and he can be assured of a position upon completion of the work. Boys who are 17 years of age and will be 18 upon completion of the course, are now out of school and meet the other minimum requirements, are eligible.

The machine shop course is set up for 480 hours or approximately 12 weeks; aircraft sheet metal and riveting is set up for 100 hours or approximately three weeks; electric arc welding requires a maximum of 200 hours or approximately six weeks.

Those desiring to take advantage of this opportunity are requested to register at the U. S. Employment Service for referral to Carl A. Miller, local director, Clovis, or contact or write the above director at 720 Pile, Clovis.

### 35 Complete Course, New Trainees Needed

The vocational education department, Clovis High School training for war production industry, placed in employment during August 35 trainees who had completed courses in machine shop, electric welding and aircraft, riveting.

War industry is in dire need of additional skilled workers, and the Clovis high school is in a position to enroll more trainees for industry in electric arc welding, aircraft sheet metal and riveting, machine tool operations. Those available to take this training should register at the U. S. Employment Service in their immediate locality and be referred to the Clovis training center to fill these vacancies.

There is no charge to the trainee, and free bus transportation is furnished from Clovis to the airport until the training equipment has been moved to the new vocational building at the high school. Both men and women will be accepted for training in aircraft sheet metal and riveting.

For further information contact or write Carl A. Miller, local director, Training for War Production Industry, 720 Pile, Clovis.

Bales of cotton served as fortification for the steamers of the Texas forces under General Magruder when they recaptured Galveston during the Civil War.

## Plan Gas Rationing After Rubber Report

The Baruch Rubber Investigating committee has recommended nationwide gasoline rationing as a means of saving tires, and President Roosevelt, in transmitting the report to congress, stated its recommendations "will be put into effect as rapidly as arrangements can be made." The Baruch committee offered a many-sided plan to insure meeting of military and vital civilian rubber needs. Shown, left to right, are Bernard Baruch, Dr. James B. Conant and Dr. Walter Compton, as they left the White House after conferring with the President.

### MAKE MEAT GO FARTHER

COLLEGE STATION—Secretary Wickard's announcement that this country will experience meat rationing within a few months will mean fair sharing of the nation's supply and should not bring hardships to anyone.

"We'll be on shorter meat rations than we have been recently, but we have enough meat and other protein foods to keep American families well nourished," says Louise Bryant, specialist in home management for the A. & M. College Extension Service.

To make meat go farther, she suggests that homemakers use more of foods which are plentiful and less beef and pork. Fortunately, there's an abundant supply of protein foods. Supplies of cheese are at an all-time high, and there are more chickens than ever before. Although beans are not an exact substitute for meat, they make a good nourishing dish, the specialist says. Beans, too, are plentiful.

"If every American family has a cheese dish instead of pork chops more often than usual, or chicken instead of steak, the pressure on beef and pork supplies will not be so great," Miss Bryant suggests.

Other ways of making meat go farther include serving more stews and hashes. It is a good idea, too, to save all trimmings both of fat and well-flavored lean tidbits. Meat bones may be saved for making soup. Here are other helps: Always keep meat clean and cold so none will go to waste from spoilage or poor flavor. Cook meat according to cut and fatness, and with moderate heat. And, finally, use different seasonings in meat dishes for variety.

### GET POULTRY HOUSES READY FOR WINTER

COLLEGE STATION—A large part of the chickens hatched last spring will come into production during September. The eggs these young layers produce during the fall and winter will count heavily in maintaining Texas quota of the 1942 food goals. Accordingly, says H. Weatherby, assistant poultryman of the Texas A & M. College Extension Service, the hens should be provided with the most favorable surroundings in order to assure as nearly maximum output as is possible.

To provide comfortable housing and safeguard the health of the poultry, Weatherby suggests that poultrymen do the following things during September:

Clean and disinfect laying houses before pullets are moved in.

Repair roofs, walls, windows, ventilators and floors before cold weather.

Check all lighting equipment.

Lay in a supply of good litter.

Provide at least one foot of feeding space for each five hens.

If pullets haven't been vaccinated for pox, do it now.

Provide plenty of ventilation in the house until cold weather.

Cull old hens and pullets closely. September is a good time to start fall chicks.

It takes plenty of good, clean feed to make eggs, Weatherby points out. A hen laying 110 to 120 eggs requires 69.3 pounds of feed and uses 7.06 pounds to make a dozen eggs. A hen laying 260 to 270 eggs needs 84 pounds of feed and uses 3.73 pounds to make a dozen.

# Announcement . . .

We are pleased to announce that we have secured the services of—

## W. BART OSBORNE

as manager of our elevator in Farwell, effective this date. Mr. Osborne succeeds Mansill Cranfill, who has been with many years and who has enlisted in the U. S. Navy and is awaiting his call to service.

Mr. Osborne needs no introduction to the people of Texice-Farwell and surrounding territory. He is one of our established citizens and has been connected with various grain-buying establishments here for many years. He knows the business . . . knows the people, and we feel that we are fortunate in availing ourselves of his services.

Under his supervision, our business will be carried on as usual . . . paying you highest market prices for any and all kinds of grain, and conducting a general elevator business.

## Cranfill-Brown Rites Are Read in Clovis

Nuptial vows for Miss Dorothy Cranfill, daughter of Mr. and Mrs. Martin Cranfill of Texico, and Ralph Brown, of the Quartermaster Corps in Clovis, were read in Clovis the past Friday evening, Sept. 11.

The ceremony was performed in the home of Probate Judge Tom Woods, with Judge Woods officiating.

Dressed in a street dress of blue and white and wearing a corsage of red sweetheart rosebuds, the bride was attended by Miss Naomi Callahan of Clovis, who wore a brown and white ensemble with a corsage of white carnations.

Mrs. Brown is a graduate of the Texico school and has been working in Clovis for the past several months. Mr. Brown expects to remain at the Clovis post for some time and the couple will make their home in that city.

## Waffle Supper Held On Wednesday

Around twenty enjoyed a social given at the Methodist church last Wednesday evening, when the W. S. C. S. entertained the Wesleyan Guild and other guests.

Following the supper, a social hour, featuring games, was arranged for entertainment of the guests.

## Wesleyan Guild Opens Meetings Tonight

The first meeting of the fall season for the Wesleyan Guild, young woman's organization of the Methodist Church, will be held in the church parlor tonight (Wednesday) at 8:30 p. m.

Mrs. Marty Ezell is in charge of arranging a program for the evening and officials urge that all members, as well as those who would like to join the group, make plans to attend.

## Teachers Honored At Reception And Tea

Honoring members of the faculty, the Farwell Parent-Teacher Association held an informal reception and tea in the homemaking building at the school, the past Thursday evening.

Mrs. Johnnie Williams, as president of the association, was at the head of the receiving line, and standing with her were Supt. J. T. Carter, Mrs. Clyde Barton, T. A. McCuiston, Miss Dorothy Shaw, Craig Lynn, Mrs. Loren J. West, Mrs. Fleta Terry, Mrs. A. W. Johnson, Mrs. S. V. Page and Mrs. Harvey Whitley.

Readings were given by Mrs. A. D. Smith and Mrs. Marty Ezell, while musical numbers were furnished by Mrs. C. M. Henderson and Mrs. W. H. Graham, who sang, and Pete Booth, who rendered piano numbers.

Tea was served from a beautiful table featuring appointments of crystal, with Mrs. J. D. Thomas presiding. Centering the table was a bouquet of dahlias, while other bouquets of seasonal flowers were arranged about the room.

## High School Classes Name Officers

Officers of the various advanced classes at the Texico school have been named by classmates during the past few days.

The seniors were among the first to organize their class, with Pearl Martin being named as president, while Bettie Lee Williams takes over the vice presidency. Floyd Park is reporter for the group and Mrs. H. Arnold will act as sponsor. The class also voted on colors of red and white, and picked red roses as class flowers.

For the juniors, Eugene Bowers will serve as president, assisted by Helen K. Blair as vice president. James Orville Francis is secretary-treasurer of the group, Alverda Hall is reporter, and C. E. Sanders is

sponsor.

Mary Frances Selwan heads up the freshman class, other officers being Peggy Flye, vice president; Gerald Spies, secretary; Billy Joe Johnson, reporter, George Paul, treasurer, and Victor Stout, sponsor.

## Class Officers Named At Farwell School

In a group of meetings held during the past week, three high school classes of the Farwell institution selected officers who will direct class affairs during the current year.

Twile Mae Strickland has been named as president for the graduating class with Henry White second in responsibility as vice president. Dorothea Deaton will act as secretary and Billie Sharpe will take charge of the finances. Sponsor is Mrs. Clyde Barton.

For the juniors, Marilyn Claire Anderson will be in the president's chair, assisted by Theda White as vice president, Peggy Williams as secretary-treasurer, Pete Booth as reporter and Miss Dorothy Shaw as sponsor.

President Glenn Phillips heads up the sophomore roster with Bob Sudderth in the vice president's place. Billy Martin will act as secretary-treasurer, while Peggy Schlueter is charged with reportorial work. Mrs. Loren J. West is the sponsor.

At the time The Tribune went to press, officers had not been named for the freshman group.

## To College Station

County Agent Garlon A. Harper and family left the past weekend for College Station, Texas, where he was called to attend a meeting of Extension workers.

Mr. and Mrs. Henry Norris and sons of Lamesa, visited over the weekend with Mr. and Mrs. David Harrison and family.

Miss Timy Dycus arrived the past weekend from Plainview, where she has been attending school, and is now employed at Roberts Feed Co.

Sgt. W. A. Kessie left Tuesday morning for his post at Santa Barbara, Calif., after spending the past twelve days here on furlough.

Jim Bob Dow left Friday for Lawton, Okla., where he will attend Cameron College during the current term.

Simon Lokey cousin of E. F. Lokey of this city, spent the weekend visiting the local people. Mr. Lokey has been living in California, but at present is "visiting around" while awaiting his call to the Army.

Mr. and Mrs. C. B. Jones of Amarillo, were weekend visitors in the home of Mr. and Mrs. J. T. Carter. Mrs. Carter and Mrs. Jones are sisters.

Joe Hromas and sons, J. W. and Oran Glenn, and Elvin Hammonds returned Saturday from a visit to Wichita Falls and Albany, Texas.

Mr. and Mrs. W. B. Hill have gone to Glenrose, Texas, accompanied by C. W. Hill, father of W. B., who had been here from Glenrose on a visit. The Hills plan to attend market in Dallas before returning to their home in Texico.

E. J. Sloan left Saturday for Dallas, where he will begin his sophomore year as a transfer student to Southern Methodist University.

Mack Nobles, of Amarillo visited his parents, Mr. and Mrs. B. E. Nobles in Farwell the past Friday.

Mrs. Anne Overstreet has gone to Oklahoma City, where she will visit her son, Lawrence, and family. She plans to be away for some time.

## NEWS FROM OUR BOYS IN CAMPS

### FIRST FARM VISIT

Pfc. Edwin Leone of Sheppard Field, Texas, spent Labor Day in the home of Joe Hromas, near Bovina. This was Pfc. Leone's first visit to a farm of any sort. His home is in Philadelphia, Pa.

### HE'S ARRIVED, BUT WHERE?

Mrs. Karl Gast was in receipt of a card this week from her son, Lorenz, (Shorty) in the Army, stating that he had arrived safely at his destination, but added no other information.

### IN HOSPITAL

Bill Moss, recently inducted into the Army, writes home this week that he is in the hospital at Mineral Wells, but "feeling fine". Mrs. Moss stated that Bill did not know the nature of his ailment, but was of the opinion that it was rheumatism fever.

### HODGES IN WASHINGTON

According to a letter received by friends here, "Bud" Hodges is in an Army post in Spokane, Washington. Bud is attending gunner's school, it is understood.

### GET CAMP MOVES

Dee Brown, who is in the army and had been stationed at Camp Roberts, Calif., has been moved to Camp Cooke, Calif.

Bill Johnson, who also was stationed at Camp Roberts, has been transferred to Camp White at Medford, Ore., and his wife, visiting her parents, Mr. and Mrs. George Bolton, plans to go to Medford to be with her husband.

### HERE ON FURLOUGH

Malcolm (Pete) Hanna, son of Mr. and Mrs. J. T. Hanna of the Oklahoma Lane community, was here last week on a brief furlough. He has recently enlisted in the Air Corps, and is stationed at El Paso. This is the third son the Hannas have sent to the service.

### IN IRELAND

S/Sgt. Carl Bullok of this city has arrived in Northern Ireland, according to a letter received here by his sister, Mrs. Monte Hamilton. He has been there for three weeks, and writes his sister to "tell everybody back home to keep their chins up". He says it is quite damp and foggy in their location.

### SHEPPARD HERE

Cpl. S. O. Sheppard and wife visited with home folks in Texico during the past week. He is stationed at Sheppard Field, Tex., and connected with the Air Corps.

### FINISH PRIMARY TRAINING

Bill Roberts, who is stationed at Coleman, Texas, writes that he will finish his primary training as an aviation cadet within the next two weeks, after which time he will be moved to another field for advanced training. Bill says that he is keeping his fingers crossed, since many of the boys are "busting out" almost every day.

### CABLES MOTHER

A cable was received on Sunday, supposedly from Australia, by Mrs. A. D. White from her son, Gwynne

who is in the Army. Gwynne informs homefolks that he is well and has recently been promoted to sergeant.

### NOW MIDSHIPMAN

It's now "Midshipman" Frank Seale, instead of Apprentice Seaman, according to a change of address received by The Tribune. Seale has been in a training unit at Notre Dame University, but has now been moved to Chicago.

### TO COAST GUARD

Gilbert Watkins of the Oklahoma Lane community departed today for New Orleans, La., where he will receive training in the Coast Guard.

### ST. JOHN'S EV. LUTHERAN CHURCH

Lariat, Texas  
Rudolph Weiser, Pastor  
Sixteenth Sunday after Trinity  
Sunday School and Bible Class at 10:45 a. m.  
Divine Service at 11:30 a. m.  
Walther League social at Ernest Kube home.

Instruction class meets, Thursday after school.

Sunday school teachers meeting at home of Mrs. Wm. Kube.

You are cordially invited to worship with us.

Rex Kyker arrived the past Friday from Salt Lake City, Utah, where he had assisted in conducting a revival meeting. He visited with his family and then continued to Abilene, where he goes into his final year at ACC.

Miss Elsie Cunningham, demonstration agent, is out of the office this week, attending a special gathering of agents at College Station.

Mr. and Mrs. R. L. Roberts of Amarillo, spent the weekend in Texico with Mr. and Mrs. M. C. Roberts.

Mr. and Mrs. Dale McCuan this week announce the arrival of Jerry Dale, who checked in at 7 lbs., 10 oz. on September 8.

Judge and Mrs. Lee Thompson were in Lubbock Tuesday, making arrangements for their daughter, Clea, to enter Texas Tech College as a freshman student for the term.

Mr. and Mrs. Jimmie Rogers departed the latter part of last week for points in East Texas where they expect to spend two weeks on their vacation.

# HALL'S GROCERY & MARKET

By Garlon A. Harper  
County Agent

**Texas A. & M. Extension Service**  
During the past weeks the two agents have been holding community training meetings for Victory Council Leaders. These meetings were held at Friona, Bovina, Farwell and Lazbuddy.

At those meetings 59 leaders in the county attended and discussed the ways which the Agricultural Victory Council could assist people of Parmer County in doing their share in winning the war. Although the number in attendance was not exceptionally large the agents were well pleased with the series of meetings and believe that some real good has been accomplished along this line because of the interest and willingness which was shown by the leaders at the training meetings. Those leaders present demonstrated that they were willing to work on any job or problem which might be of assistance in obtaining a quicker and more decisive victory.

Some of the work which the Victory Council plans to do in the county includes: (1) Encouraging a more systematic buying of bonds and stamps, (2) Give information regarding rat and fire control, (3) Conduct a tire survey, (4) Encourage pledges which show and help the people of the county in doing their part in the war—the Victory Demonstration's pledge, and (5) Encourage delivery of scrap materials needed to make war equipment. All of these jobs were approved by the Executive Committee of the Victory Council several weeks ago. The jobs were well accepted by Community and Neighborhood leaders of the Victory Council when explained to them at the training meeting.

During the meetings it was pointed out that any manner of getting the information to the people assigned to each leader was acceptable. This might be by personal contact, postal card, a note carried by a school child, neighborhood and church meetings, or by telephone

**For the Best, Worm With Rota-Caps**

For best worming results give your poultry flock Dr. Salsbury's Rota-Caps. They get those damaging intestinal capillaria worms, round-worms, and the tapeworms heads and all as listed on the label. No toxic aftershock either—no loss in egg production or setback in growth.

where available. The idea is to get emergency war information to the people of the county when it is needed and it makes no difference how that information reaches them just so they get the right information at the right time. From the way that the Victory Council Leaders accepted their jobs we believe that information is going to get there at the right time.

**RECREATION DRIVE—**

(Continued from Front Page)

Singletery, Mr. Clark, H. Donahay, Mrs. Mayme Hightower, Mrs. Monk Horton, Mrs. Zone Jarrell.

Furniture, games and books have been given by Mrs. Joe Jesko, Mrs. Clyde Woltmon, Mrs. Jewell Tate, Mrs. Sam Rundell, Mrs. Jim Black, Mrs. Chas. Schlenker, Kimbrough Drug Co., D. K. Roberts, Bess Mansfield, Bess Henneman, Mrs. LeRoy Faville, Mrs. A. H. Boatman, Mrs. Bill Hall, Lakeview Home Demo. Club.

Services such as welding, hauling, and storage have been contributed by Englant garage, Russell Welding Shop, Texas Highway Dept., Bovina H. D. Club, Reeve Motor Co., Aldridge & Aldridge, and Mr. and Mrs. Will Nittler. Space in news has been contributed by the State Line Tribune and Friona Star.

We wish to express appreciation to those who have made personal contacts and organized the campaign over the county. For this assistance we thank Mesdames O. W. Rhinehart, Jim Black, Glenn Dunn, Buck Elison, Anne H. Overstreet, LeRoy Faville, Alice Bewley, Henry Lewis, Will Nittler, Sam Rundell, Dave Moseley and A. H. Boatman.

Numerous people have contributed magazines, others have left furnishings at collection points and names have not been reported. Contributions that have not been recognized is from oversight or lack of information. For all these things, we thank you.

**GOOD ENROLLMENT**

Supt. H. D. Bentley of the Oklahoma Lane school reports the enrollment of 135 students, who are maintaining a fair daily attendance average, which he considers good.

He says that only 159 scholastics were enumerated in the district, and the high daily attendance is exceptionally good for a rural community. Fifty-one of the number are in high school.

**COMMISSIONERS MEET**

The Parmer County Commissioners Court was in regular session here Monday. The minutes reveal that only routine matters, including the payment of current bills, etc were disposed of during the session.

**Bufs In Training For Opening of Schedule**

CANYON—The shortest distance to readiness for their first game is all too long for the sixty men of West Texas State's 1942 football squad. And Coaches W. A. (Gus) Miller and W. W. ("Get Tough") Nicklaus have discarded all thought of complicated shifts in their drive to attain maximum power for the opening game with Texas Tech in Lubbock on September 26.

A veteran line with a few important changes in positions will oppose the Red Raider forwards in this Border Conference contest. Big Leslie Curb of Happy, one of the fastest men on the squad despite his 220 pounds, has been moved from tackle to end. He will attempt to stop the famous Raider sweeps and to go places with a pass or two. At the other end will be Buford Emler of Wheeler, a junior who is so good that understudies to him must be appointed by the coaches.

The line also has been robbed to put Co-Captain Joed Forbus of Happy in the tailback position. Forbus, a rough-house type of bruising back, is showing remarkable aptitude in the new post. He was a stellar guard last season on a team which won eight and lost two in its first year in the Border circuit.

Johnny Thomas of Canadian, the other co-captain, will bolster a small but experienced line. For reserves, the linemen must look toward the squadmen and perhaps to a few of the larger incoming freshmen. The latter, however, appear to be rich in fleet backs and rangy ends, but low in weight and numbers for the line. The frosh can get game experience this year if they are good.

With plenty of experience and poise in the line, the Bufs will try for an ample measure of fighting spirit in the backfield. Mack Winter, veteran blocker, will be in there clearing the way for the eager but green ball carriers. It would be unthoughtful optimism, however, to assume that Wee Ben Collins and Larry Sanders, conference point and yard makers last season, can be replaced at once in results.

**Schedule Is Given**

The Bufs face the following schedule:

- September 26, Tech at Lubbock.
  - October 3, Arizona State of Tempe at Canyon.
  - October 9, Albuquerque Air Base at Canyon.
  - October 17, Texas Mines at Canyon.
  - October 24, Arizona State of Flagstaff at Flagstaff.
  - October 31, New Mexico Aggies at State College.
  - November 7, Hardin Simmons 'J' at Canyon (homecoming).
  - November 14, New Mexico University at Albuquerque.
  - November 21, open date.
- All of these are conference games except the date with the Air Base.
- West Texas State opens the season with a complete change of coaches. Athletic Director Al Baggett is physical training director at the Miami Beach Air Corps technical schools and Coach Leslie Van Meter is a swimming instructor there.
- Head Coach Miller last coached football at Texas Wesleyan of Fort Worth and Coach Nicklaus at Oklahoma Baptist University.

**29 Draftees Depart Tuesday For Lubbock**

A special bus has been chartered by the Parmer County Selective Service Board for the accommodation of a contingent of 29 selectees who will leave here on Tuesday, Sept. 22, at three o'clock p. m., for Lubbock, where they will be given their final type Army examination before being accepted or rejected for service in the U. S. Army.

Those listed to leave here on the above date include: Sunford James Stormes, Rudolph Fredrick Kube, Cecil C. Parsons, John Stanley Jaresh (transferred), Harley Buren Bulls, Asberry Webb Gober, William Howard Tarter, James William Holman, James Wilbert Herod, Joe Frank Pesch, Sam Floyd Williams, Watson Whaley, Everett Lindon Silvertooth, Robert Elee Morris;

Charlie Weldon Cummins, Wilburn Brady Carlton, Otis Glenn Ramsey, Ernest Glenn Williams, Elza Roy Jones, Henry Lewis Ivy, Gilbert Ray Watkins, Jeff Davis Trigg, Otho Samuel Stevick, Herman John Kloepper, James Harvey Chitwood, William Leonard Kelly, Marvis Franklin Southward, Otis Harlon Wilburn, Glen Willard Maxwell (transferred to this board from Lea Co., Lovington, N. M.).

**TEXICO FFA CHAPTER NAMES YEAR'S OFFICERS**

At a meeting held the past week, the Texico chapter of the Future Farmers' of America organized for the 1942-43 year's work.

Billy Bob Drace was elected by the boys as president, while James O'ville Francis will serve as vice president. Parliamentarian is Calvin Blain, Leonard Lewis is secretary, James Box, treasurer, and Hershell Doolittle, watchdog. Victor Stout is advisor to the group.

**Small Farmer Must Be Helped For Production**

The small farmer is ill-equipped and poorly prepared to meet the demands of the war effort, in the opinion of Earl L. Fine, rural rehabilitation supervisor for the Farm Security Administration in Parmer County.

Recognizing this critical situation, the Secretary of Agriculture has directed the FSA to shift its program to the war effort so that the manpower of the small farmer can be utilized to the fullest extent, according to Mr. Fine.

"It is expected that Farm Security's new wartime lending program will release the manpower of 500,000 farmers for the war production," he said. "The Parmer County FSA office is expected to make a great many more loans this year to farmers in this county than ever before because our lending program has been liberalized and our program has been put on a full wartime basis."

The county supervisor said that the lack of equipment and replacements has retarded production and for this reason a share-the-machinery program is to be re-emphasized this year. Loans to groups of farmers to purchase machinery to be used cooperatively will be made to farm operators in addition to many other types of food production loans.

Loan funds are immediately available to eligible borrowers in Parmer County to conserve feed crops for current needs and future use, to increase the production of dairy products, beef and pork, to preserve food, to purchase equipment, tools, shelter for livestock and poultry, and many other purposes.

Anxious to meet the immediate needs of farm families as well as to help them get ready for increased production next year, Mr. Fine invites all interested persons to contact him at his office at the courthouse in Farwell.

**Service Reports Are Coming In Slowly**

John Armstrong, chairman of the Parmer County Ration Board, stated today that reports on maximum prices charged by service businesses during March were very slow in coming in to the local office, although they should have been on file by September 10th.

"Out of 61 firms in the county which should have sent in reports, only 10 were on file the first of the week," Armstrong said today, and urged that all others who are touched by this latest price listing ruling should make their reports within the next five days.

Armstrong gave it as his opinion that the business men themselves were not negligent in filing reports but were notified at such a late date that it had been impossible for them to concur with regulations, or else they "just don't know" that they should file reports.

**No Free Lunches At Farwell Cafeteria**

At a special meeting of PIA sponsors, Tuesday evening, it was agreed that no free meals would be served to students of the Farwell school, in the school cafeteria this term.

Reason for the decision came from two causes. First, word was received that WPA financial aid, which had paid for a helper in the cafeteria had been discontinued, which means that the project itself must pay for an assistant in the lunch room, and the cafeteria is not operated on a very lucrative basis.

Second, sponsors were of the opinion that at present there was sufficient available work in this area to provide any family with enough money to meet the small charge made for lunches.

When started a number of years ago, the cafeteria was primarily opened to provide lunches for child-

ten of low-income families who were not receiving balanced diets, but with improved financial conditions it was believed that this should not be necessary this year.

Mrs. Stone has been re-named as supervisor, and will select her helper in the near future.

**LOCAL HERD IS TOPS IN DAIRY ASSOCIATION**

Information this week was to the effect that the Holstein herd of 11 cows belonging to D. J. Brown of Texico, placed first among the 22 herds tested by Leroy Stewart, official tester, in the Tri-County Dairy Herd Improvement Association, embracing herds from Roosevelt, Curry and Parmer counties.

Stewart reports that the average for the Brown herd was 46.5 pounds

of butterfat for the month. First place for individual cows also went to cows owned by Brown. The prize producer for the month gave 2275 pounds of milk, with butterfat content at 66 pounds. Another gave 1717 pounds of milk during August, butterfat content, 73.9 pounds.

Herds composed of Holstein, Jersey, Shorthorn and Guernsey cows belong to the association.
