

## Allies Work Side by Side in No. Africa

Anti-aircraft gunners of three United Nations are seen working side by side as they protect an Allied-held North African port from Axis air attacks. In the foreground an American unit mans a Bofors gun, while just behind them is a French crew servicing their Oerlikon gun. In the far background is a British crew with another Bofors.

## Funeral Services for Fire Victim Sunday

Funeral services for Charley Young, burned to death in a camp cabin fire early Thursday morning of last week, were held at the Church of Christ in this city Sunday afternoon, with Minister L. C. Cox officiating.

Burial took place in the Texico cemetery with Johnson-Bayless Funeral Home in charge.

Young, who was 42 years old, died of burns and suffocation in a single-room camp cabin at the State Line Camp Ground early Thursday morning. He was dead when removed from the cabin, and it will never be known just exactly what happened between the time he retired about 3 a. m. and the time he was dragged from his bed, about 7:30 the same morning.

The bedding, including the mattress, was afire when rescuers reached the scene, and the room was filled with a dense cloud of smoke. "Smelled Cotton Burning"

Frank Jones, nephew of the victim, explained he was attracted to the cabin when he "smelled cotton burning". He said that when he opened the cabin door the room was dense with smoke and Young lay across the bed with all his clothing on except his shoes. His feet were on the floor, as though he had either made a struggle to get up or had been up and had fallen back across the bed.

A coroner's investigation was held and the belief expressed that Young's death was probably caused by suffocation from smoke, rather than burns, although his body, from the waist up, was pretty badly burned.

### Had "Dizzy" Spells

Family members said that Young had been subject to "dizzy spells" and some expressed the opinion that he suffered an attack during the night. He had been to a party the evening before, and Frank Jones said the last time he saw his uncle alive was as he was entering the cabin door to retire. "Just as he went in the door, he lighted a cigarette," Jones recalled.

Young came here from Olney, Texas, and has been employed as a mechanic in various jobs about town. Of his immediate family he is survived by two sons, Gordon, 17, and Sam, 15. Other survivors include his father, F. M. Young, Texico; and four sisters, Mrs. Laura Wilson, Delhi, Calif.; Mrs. J. A. Jones, Texico; Mrs. Melinda Golloway, Santee, Calif.; Mrs. Vernie Goldsmith, Olney, Texas.

His wife died here 15 years ago and was buried in the Texico cemetery.

### TO RECRUIT SEABEES

Lt. Commander H. C. Duncaq will be in Amarillo May 8-9 to certify men for the Navy Seabees. Men between 18 and 50 are urgently needed to fill vacancies. Duty is overseas in construction regiments. All duty is on land outside the United States. Applicants should have two letters of recommendation and those between 18 and 38 must have 1-A or 3-A draft classification.

### BUYS BUILDING

Ollie Williams, operator of Ollie's Garage and Salvage, has purchased the business building of Fay Maxey, located on east main street, and announced today that he plans to move his garage to the new quarters as soon as planned improvements are made.

Williams stated that he would continue the use of his present quarters as a salvage room.

### Fire Destroys Feed At Sudderth Farm

A large stack of feed was destroyed and many thousands of bundles seriously threatened with loss by fire last Saturday afternoon when sparks from a tractor being used in grinding feed, started the blaze.

Fire trucks from both Clovis and Texico responded to the call and both crews were doing a good job of putting out the fire until the storage water at the farm became exhausted.

Huge piles of feed about the premises were endangered by flying sparks that were carried off by the high wind from the southwest. Mr. Sudderth did not make an estimate of his loss, which would have been quite heavy had all the feed about his place been consumed.

### Married Men Must Be Called In May

Childless married men will make up the greater part of the May call for army inductees from Farmer County, it was revealed today by members of the draft board.

Selectees used in filling the April call, whose induction was completed early this week, took all the single boys in class 1-A in Farmer County, and any future calls will have to come from the married group, except those lads who attain their 18th birthday and are not given essential classification.

To date the local board has not been instructed to begin induction of non-essential-work men with children born prior to Sept. 14, 1942.

### ATTEND FUNERAL

Rev. and Mrs. Paul H. Tripp were in El Paso, Thursday, attending the funeral services of G. A. Schleuter, who died of a sudden heart attack. The deceased was well known here, having been for many years a worker in the New Mexico Conference of Methodist churches, and only recently conducted a special series of classes for church school workers at the Texico-Farwell church.

### HILLHOUSE HOME

Stanley Hillhouse, who has been employed in Amarillo since last August, returned to Farwell the first of the week and will be employed at the Farwell Bonded Warehouse. The Hillhouses recently bought the Florence Wallace residence in Farwell and are occupying it this week.

# School Programs To Highlight Season

## Elliott of Bovina, New Head Red Cross

## Bond Sales Mount With All Reports

### INVESTIGATOR AT FRIONA

Mrs. Marzelle Miller, old age assistance investigator, has announced that on her next regular appearance in Farmer county on May 11, she will be at Friona for the day. She explained that since most of her work was to be confined to that area, she decided to spend the day there instead of coming to Farwell. Persons in this part of the county desiring to contact Mrs. Miller may meet her there on the specified date, it has been announced.

### Budget Set-up Gives Texico Ten Teachers

Following a budget meeting held in Clovis the past week, Supt. B. A. Rogers stated today that the Texico high school would reopen its home economics department at the beginning of the next school term.

Due to a drop in scholastics, size of the local faculty was cut the past year, but increases during the 1942-43 term has been sufficient to justify ten teachers. One teacher was added during the current term.

Providing present plans go ahead a decided rise in high school enrollment will be noted at the beginning of the 1943-44 year, Rogers said, as it is planned to transfer Pleasant Hill high school students here.

This was decided at the Clovis meeting, as loss of a teacher at Pleasant Hill constituted subsequent discontinuance of the high school. Complete plans for transfer of students will be worked out during the summer months.

### Funeral Rites Are Being Held Today

Funeral services for Mrs. E. L. Donelson, age 62, are to be held in the Chas. V. Steed Memorial Chapel in Clovis this (Wednesday) afternoon at 3 o'clock, with Rev. Paul H. Tripp, local Methodist minister, in charge.

Death came to Mrs. Donelson Sunday, while she was in the home of her daughter, Mrs. Barry Atwood in Houston, Texas. She lived in Clovis until about a year ago and was well known here, being the mother of Walter Donelson and sister of Mrs. Roy Thornton.

Survivors are four sons: Elmer of Fort Worth, Ray of Oklahoma City, Walter of Farwell, and Ed, in the armed forces; and three daughters, Mrs. Atwood and Martha Donelson of Houston, and Sue Donelson of Washington, D. C.

Interment will be made in the Clovis cemetery.

### Fifteen Leave For Service With U. S.

A total of fifteen Farmer County boys left here the first of the week in two groups to report to induction centers for training in the armed forces.

Six of the lads left Sunday afternoon, to report to the Navy center in Lubbock at 8 a. m. Monday. In the group were Neil Eugene Talkington, Joel Preston White, Jerry Warren King, Calvin Eddie Young, Carl Enoch Deaton and Floyd Kenneth DeLaughter, transfer from Oklahoma.

Departing on Tuesday morning for Fort Sill, Okla., to begin training in the Army were Jess Herbert Pipkin, John Peter Andries Drager, Leon Jefferson Bell, Roy Birchfield, Henry Warren Finley, Howard Isaac Harmon, Raymond Lee Magness, Carol Glee Swackhammer, John Edward Hall.

In addition to the above inductees for the month, E. J. Sloan, Jr., has been transferred to Alamogordo, N. M. and Chester Morris Ryan has been transferred to Maud, Okla.

### NEW SECRETARY

Miss Neelie Reed of Friona, has been named as the new secretary in the office of Agent Garlon A. Harper and Demonstrator Elsie Cunningham beginning her work on Monday.

With all reports in from the various agencies of the county the Farmer County War Bond drive swept up to \$180,961.00, it was revealed today by G. D. Anderson, chairman of the War Bond Committee.

Chairman Anderson made the announcement last week that Farmer County had exceeded its quota of \$107,000.00 by heavy odds and predicted that the total sales would reach at least \$175,000.00 when all reports were in hand. Final tabulations even exceeded his early predictions of the success of the drive.

Actually, Chairman Anderson revealed, War Bond sales in this county amounted to \$380,961.00 during the month of April. He explained that the two banks of the county made purchases of \$100,000.00 each, which was not included in the county quota nor the tabulations previously announced.

He said that the banks of the county were given a quota of \$83,000.00 during the month of April, which they exceeded by \$117,000.

## Hike Salary of Teachers

With two newly-appointed members, Joe Magness and Lester Norton, present, the Farwell school board in session Monday night decided on a substantial increase in pay for teachers during the next term.

Under the new set-up, teachers in the local school will be offered a uniform salary of \$125.00 per month on the basis of a nine-months term. In addition to the raise in pay, a bonus of \$10.00 per month was authorized to all teachers who complete the term as members of the faculty. No bonus will be allowed to teachers who sever their connections for any reason before the term for which they were employed has expired, it was decided.

Thus, a teacher who completes the entire term of nine months will be handed a check for \$90.00 in addition to the regular monthly salary check of \$125.00. This new order will not apply to the superintendent, the home economics teacher and the vocational agricultural director, whose salaries were deemed sufficient under present conditions.

### Elect Teachers

Supt. J. T. Carter submitted the names of three present members of the faculty for reelection and they were promptly accepted. These include Miss Dorothy Shaw as home economics instructor; T. A. McCuisition, vocational agriculture; and Mrs. Harry Whitley, 4th and 5th grades.

In submitting these members of the faculty for reelection, Supt. Carter explained that they were the only members who had expressed a desire to return next year. He added that six vacancies remain.

Carter expressed the belief that he would have less difficulty in finding and keeping teachers under the new salary schedule.

### Complete Faculty At Oklahoma Lane School

Supt. H. D. Bentley today announced the election of two new teachers to the Oklahoma school faculty for the ensuing term, which completes the list of teachers for the school.

In session Monday night, the school board elected Miss Eunice Brown to teach high school English, and Miss Wright to instruct the 5th and 6th graders.

Previously elected: Mrs. Dee Brown, 3-4; Mrs. Sterling Donelson, 1-2; Miss Verna Gennings, math.; and Miss Irene Gennings, science.

Supt. Bentley was reelected as superintendent in March.

At a meeting of the Farmer County Chapter American Red Cross, held Wednesday evening of last week in the Chamber of Commerce building at Bovina, C. R. Elliott, Bovina business man, was elected as chairman of the organization for the ensuing year.

Other officers elected included Rev. Paxton Smith of Friona, vice chairman; Mrs. Loyce Votaw, Bovina, secretary; Mrs. R. J. McReynolds, Friona, treasurer.

Mr. Elliott succeeds W. O. Cherry, who asked to be relieved of the duties since he did not have time to give the office proper attention. He further explained he would be out of the county during the summer months attending school.

### Long-Time Treasurer Resigns

Rev. Smith will succeed Rev. Joe Wilson, who has moved from the county, as vice chairman. Mrs. Votaw was elected to succeed Mrs. Lady Gaines, who had asked to be relieved of the duties as secretary. Mrs. McReynolds takes the place of Mrs. Minnie O. Aldridge, who has been treasurer of the organization since 1916, and has insisted for the past several years that she be relieved.

In connection with the election of officers it was deemed advisable to elect an executive committee, composed of at least one representative from each community, whose business it will be to act as a board of directors to handle the operations of the chapter.

Chairman Elliott announced that a meeting of the executive committee would be called in the near future to work out some details with reference to operations of the chapter. The date will be arranged to coincide with a visit of Mr. Durkee of Plainview, field representative of the American Red Cross, so that Durkee can go over details of Red Cross regulations and policies.

### Executive Board Named

Those elected as members of the executive committee include the following:

- Lakeview, Mrs. E. R. Fairchild.
- Black, C. F. Hayes.
- Rhea, Mrs. F. T. Schlenker.
- Bovina, Mrs. Frank P. Wilson.
- Lariat, Mrs. E. M. Deaton.
- Hub, Mrs. A. H. Boatman.
- Live-at-Home, Mrs. L. F. Lillard.
- Lazbuddy, Mrs. Glen Dunn.
- Oklahoma Lane, Mrs. E. W. McGuire.
- Midway, Mrs. Joe Jesko.
- Friona, Mrs. O. F. Lange.
- Farwell, Mrs. W. H. Graham.

It was decided to retain the heads of the various groups in the county with Supt. O. B. Ginn of Friona continuing as chairman of the Junior Red Cross; J. D. Thomas as chairman of the home service division; Mrs. Jack Dunn as head of the production committee; and H. Y. Overstreet as chairman of the finance division.

### Canning Sugar Will Again Be Available

Sugar for canning purposes will be set this year at the same ratio as that allowed during 1942—one pound for every four quarts—according to announcement from the ration office.

This year, however, a maximum limit of 25 pounds has been established, and in the majority of instances, a 10-pound limit will be observed.

The flexible rule is left up to the discretion of the ration boards, in order that no foods may be allowed to waste if sugar is needed for canning, local officials said.

One hike is noticeable. Last year only one pound of sugar was allowed for jams, jellies, etc., this year the quota is five pounds, information from OPA reveals.

Although some news releases have given specific dates for sugar registration, no such information has been received at the local office, and Mrs. Nelle Bobst, in charge, stated that until the office had such information, canning sugar would be issued as needed.

### TRASH FIRE

A trash fire at the rear of the Malone Produce company in Farwell brought out the Texico Fire Department Monday afternoon. The fire was so close to the building that boards on the walls were scorched, and caused the removal of many sacks of feed stored inside.

Inauguration of close-of-school programs locally will come on Friday night of this week, other activities following in close sequence through Thursday, May 20.

Complete baccalaureate and commencement plans have been made by classes at both Texico and Farwell schools. The former will hold baccalaureate services on Sunday May 9, and commencement on the following Thursday, May 13.

The Farwell students, a week later to wind up their affairs, will observe baccalaureate services on Sunday, May 16, and graduation exercises on Tuesday night, May 18.

All-school programs have been arranged on both sides of the line. The Texico group will hold its program of this type on Friday evening, May 7., and Farwell on Thursday evening, May 20.

### Programs For Texico

The complete baccalaureate program for Texico, which will feature Minister L. C. Cox, of the Church of Christ, is as follows:

Processional—Mrs. W. W. Vinyard. Song—"Holy, Holy, Holy", Audience.

Invocation—Rev. W. C. Wright, Baptist pastor.

Scripture—Rev. Paul H. Tripp, Methodist pastor.

Songs by chorus—"Glory Chorus" and "Mother's Prayer". Directed by Mrs. H. Arnold.

Sermon—Minister Cox.

Trio—Betty Fyfe, Pearl Martin, Helen Katherine Blair.

Benediction—Rev. Tripp.

Recessional—Mrs. Vinyard.

Services will be held in the school auditorium, beginning at 12 o'clock (Texas War Time).

On Thursday evening, May 13, at the auditorium, both seniors and grade school graduates will hold commencement exercises. This arrangement was made due to the unusually small classes, officials said.

The program is as follows:

Processional—Mrs. Vinyard.

Invocation—Rev. Tripp.

Salutatory address—Bettie Williams Mouser.

Chorus—"Sundown", "Land of Hope and Glory", directed by Mrs. Arnold.

Valedictory address—Pearl Martin.

Address—Dean H. C. Gossard, Eastern New Mexico College, Portales.

Presentation of diplomas—R. H. Paul.

Presentation of awards—Supt. R. A. Rogers.

Benediction—Rev. Wright.

Recessional—Mrs. Vinyard.

Members of the classes are: seniors, Pearl Martin, Betty Mouser, Floyd Park; eighth graders, James and Jerry Paul, Quinton Jacks, Herman Hall, Marvin Doolittle, Noble Glover, Claudean Curry, Rada Morgan, Ina V. Haynes, Minnie Smotherman, Mildred Murphy, Delores Green, Virginia Lee and Darlene Sullivan.

**Farwell Baccalaureate**

Rev. Paul H. Tripp has been asked to deliver the Farwell baccalaureate address on Sunday evening, May 16, at 9 o'clock, to be held in the school auditorium. The program:

Processional—Peggy Schlueter.

Invocation—Rev. Wright.

"Onward, Christian Soldiers"—Audience.

"Dream of Paradise"—Mrs. Carl McGuire.

Sermon—Rev. Tripp.

"Day is Dying in the West"—Audience.

Benediction—Minister J. E. Randol.

Recessional—Miss Schleuter.

The audience is asked to stand during processional and recessional.

Final appearance of the seniors in caps and gowns will be Tuesday evening at 9 o'clock, May 18, when they gather in the auditorium for graduation exercises. The following program has been arranged:

Processional—Miss Schleuter.

Invocation—Minister Randol.

Song—Audience.

Salutatory Address—Paul Robertson.

Valedictory Address—Billie Louise Sharpe.

Commencement Address—Supt. J. T. Carter.

Presentation of diplomas and awards—E. M. Deaton.

"America"—Audience.

Benediction—Rev. Wright.

Recessional—Miss Schleuter.

Class members include: Dorothy and Jewell Cassidy, Dorothea Deaton, Smokey Gast, Betty Jo Gilson, Archie De Hamm, Guyn Harcock, Virginia Hines Drager, Maxine Justice, Jane Key, Champ Landrum.

ISSUED EVERY THURSDAY

Per Year \$1.50

**OUR PLEDGE**

We pledge allegiance to the Flag of the United States, and to the Republic for which it stands; One Nation, indivisible, with Liberty and Justice for all.

**OKLAHOMA LANE**

Mr. and Mrs. L. M. Grissom visited in Portales Sunday.

Little Joan Hubbell is ill with a sore throat this week.

Misses Vernie and Irene Gennings spent the weekend in Portales with their parents.

J. W. Hromas has returned after taking a physical in Dallas for Naval Aviation Corps. He will undergo an operation on his nose before he is accepted.

Mr. and Mrs. Tom Lindop and Mr. and Mrs. Turner Paine were among those from this community that attended the opening of Buffalo Lake Sunday.

**BOVINA NEWS**

The Consumers Fuel Ass'n. held a good meeting with some speakers from Amarillo present, Thursday night. The talk by Mr. Crowden was particularly enjoyed. The group reports a good annual meeting and expressed thanks to the school for the use of the auditorium and to Mr. Williford for his help.

Mr. and Mrs. H. Blalock spent the weekend in Dumas with their daughter, Mrs. Dick Free.

Mr. and Mrs. Dick Free are the proud parents of a baby girl, born last week.

Mr. and Mrs. Vester Venable and family of Texico spent Sunday with O. W. Venable.

Miss Dottie Dell Quicquel of Amarillo visited here over the weekend.

Sam Stites sold his stock of groceries to the Consumers, closing his business due to ill health.

Sgt. Elton R. Venable is here from Camp Berkeley on a furlough. He is to report at Fort Benning, Ga., May 14, to enter paratrooper school.

A high wind which struck Bovina Monday night did considerable damage to buildings. Stacy Queen's chicken coop was completely demolished; Sam Stites' garage had an end and corner torn away; Ernest England's chicken coop was overturned and several roofs were swept away. The cotton gin was damaged badly, also the storage building near the gin. A light rain fell during the blow.

**Former Resident Passes**

J. L. Richardson, former resident and businessman of Bovina, passed away Saturday. He had been ill for

a month, and died a week after a major operation. He had been residing in Rochester, Tex. Survivors include his wife and twelve children: Riley, of Wheeler; Mrs. W. B. Carey, of White Deer; Mrs. W. A. Robenson of Rochester; Mrs. O. E. Stevick of Friona; Mrs. Raymond McDonald of Santa Fe; Pfc. Eugene Richardson, Camp Blanding, Fla.; Mrs. Ben Zimmerly, Las Vegas; Mrs. J. L. Richardson Jr., Hereford; Mrs. Byron Dial, Bovina; Pfc. Buford Richardson Seattle, Wash.; Mrs. Davis Jones, Stamford; Pvt. Ronald Richardson, Camp McCall, N. C. Funeral services were held at the Rochester Baptist Church.

**LETTERS from Our Readers**

Dear Sir:

In regards to the article printed in last week's Tribune concerning raising the wind-mill tower at the Bovina cemetery, I wish to explain to you there was a terrible mistake about O. W. Rhinehart being sponsor. It was sponsored by Lady Gaines and Bill Venable. The statement about the tower being dropped and having to be repaired was also a big mistake.

I wish you would print an article telling of this mistake. It isn't fair to those that did sponsor it and also to Mr. Rhinehart, who didn't.

Would deeply appreciate if you would correct this mistake.

Thanking you,

Reader of The Tribune.

Referring to the above letter, which, the reader will note, was unsigned, we wish to state that we receive many unsigned letters that we do not publish. But since the writer of the foregoing letter seems to believe that an injustice has been done, we are deviating from our rule of printing unsigned letters in this particular instance.

We wish to add, however, that a search of the files of recent issues of this newspaper fails to reveal where it has been previously stated that Mr. Rhinehart sponsored the erection of the windmill at the cemetery. What we did say in this particular regard was: "O. W. Rhinehart reported that the well and windmill at the town cemetery had been completed and was in operation".

A further search of the files fails to disclose where this newspaper has ever stated, "the tower being dropped and having to be repaired".

If we have done anyone an injustice, we are deeply sorry and offer our apologies. We are willing to go our full length in correcting any unjust statement that may appear in this newspaper. But, frankly, we have not yet been convinced that such an error on our part has been committed.—Editor.

In these times you have to move pretty fast to keep up with running expenses.

**Cowboy Reunion Is Cancelled For 1943**

STAMFORD—In cooperation with the nation's all-out war effort, directors have voted not to hold the Texas Cowboy Reunion this year, according to W. G. Swenson, president. "There is no doubt," Swenson stated, "that a good show could have been held. Indications were that the usual number of contestants would have been present, but after a thorough survey of gasoline, tire and food rationing, and keeping in mind the urgent appeal being made for each person to devote his energy to the war effort, the decision was made not to hold this year's show. We assure all rodeo lovers that as soon as conditions permit we will return with the reunion, with all the thrills and entertainment features that have become part of the show."

**Protect Your Dairy Cows From Flies!**

COLLEGE STATION—Dairy cows cannot be expected to give maximum production when they are annoyed by bloodsucking flies. According to Dr. H. G. Johnston entomologist for the A. & M. College Extension Service, the horn fly and stable fly are chief tormentors of cattle in summer. These species also are capable of transmitting certain diseases of both cattle and humans.

The most effective means of controlling horn flies is a trap so placed that cows will be compelled to pass through it daily going to and from water, pasture or barn. A series of

**It's Patriotic . . . and it's plain common sense . . . to keep your driving at minimum until victory comes.**

Rubber, which can be used against the enemy in every battle area, is too precious to be used for anything but essential driving . . . for going to work . . . for necessary shopping . . . for travel to and from places without other transportation facilities.

Remember, the rubber-saving, gasoline-saving, legal speed-limit is 35 miles an hour. Remember, too, that a tire worn beyond the danger point cannot be re-capped.

So be sure to get the help of the Phillips 66 Service Man.

See him at least once a week. He will check the air pressure in your tires, inspect them for cuts and bruises, criss-cross them with the spare every 3000 miles, tell you when re-capping is advisable. He will check your radiator, battery, and air filter. Will lubricate your car from fan-drive to stop-light. Then, with Phillips 66 Poly Gas and Phillips 66 Motor Oil . . . your money, your car, and your tires will all go farther.

Millions of drivers know from experience that Phillips 66 Poly Gas is famous for pep and mileage. So next time you are ready to use a coupon or two, stop at the Orange and Black 66 Shield, and find out just how good Phillips 66 Poly Gas is.

CARE FOR YOUR CAR FOR YOUR COUNTRY

**FOR VICTORY . . . Buy U.S. War Savings Bonds and Stamps**

curtains within the trap framework brush the flies from the animals and they are caught in screen wire traps along the side. Plans for constructing the trap may be obtained from the county agricultural agent.

These flies also may be killed by using a spray containing pyrethrum extract and kerosene. It is not necessary to direct the spray into the animal's body, Dr. Johnston says. Better results are obtained by developing a fine mist with a good hand or power sprayer around the animal, especially the legs and under body.

Production of dairy herds may be lowered as much as 50 per cent when the stable, or biting housefly, becomes abundant. The most practical means of control is elimination of breeding places. Straw and peanut litter to be used for bedding should be baled or otherwise stored in a dry place. If dry storage space is not available proper stacking in the field at threshing time and keep-

ing the base of the stack free from loose straw or litter will greatly reduce stable fly breeding. Manure and soiled bedding should be spread on the field at least once weekly or stored in dry bins.

Dr. Johnston recommends pyrethrum oil sprays also as effective for stable flies.

The prison system of Texas consists of a central plant at Huntsville and ten farms.

**SANTA FE CARLOADINGS**

Santa Fe System carloadings for the week ending May 1, were 23,043 compared with 20,707 for the same week in 1942. Cars received from connections totaled 12,951 compared with 10,922 for the same week in 1942. Total cars moved were 35,99 compared with 31,629 for the same week in 1942. Santa Fe handled a total of 36,624 cars in the preceding week of this year.

**A Full Carload of No. 1 Lumber . . .**

During these days of wartime priorities it has been extremely difficult for us to obtain any No. 1 lumber. But we are pleased to announce that we have just unloaded a carload of—  
**No. Dimension Material**

You'll be wanting some of this good lumber to make those improvements about the place you have been putting off so long. Come in tomorrow and load out what you'll be needing for these repair jobs.

You'll never have a better time to redecorate the interior of your home than now . . . and you won't find a better place to buy your supplies—everything you need for the job!

# Local Happenings

## National Music Week Programs Planned

Programs commemorating the annual observance of National Music Week have been announced both by Mrs. Florence M. Vinyard, local piano instructor, and Miss Mattie Mae Swisher of Hereford, who conducts a vocal class in Bovina.

Two of the programs are arranged for Thursday evening. A general class recital will be held in the Farwell auditorium that night, featuring piano students of Mrs. Vinyard ranging in age from five years through high school.

Principally, two-piano ensembles will be presented. The students will be assisted by a trio from the Texico school, directed by Mrs. H. Arnold, and Louise and Marrill Rundell, expression students of Mrs. A. D. Smith.

In Bovina on Thursday night, the "Voco" Club will present a concert in the Methodist church. Singers to participate are Pattie Wilson, Macie Kathryn Watson, Willie Ellen and Martha Williams, Rosa Lee Denney, Betty Jo Nichols, Charlene King and Mrs. John Wilson, pianist.

### Single Recitals Planned

Miss Swisher also announces that Miss Betty Jo Nichols will be presented in a senior recital, Wednesday evening May 12, this program to be held at the Bovina high school.

Friday evening of this week, Miss Tommie Randol will give her intermediate piano recital at the Farwell school, concluding her work for recognition by the Musical Arts Conservatory of Amarillo and the State Department of Music.

Miss Twila Strickland will assist as vocalist, and Miss Peggy Schlueter will appear as reader.

Both local programs begin at 9 o'clock in the school auditorium, Mrs. Vinyard-stated. The public is invited to all music week observances.

## Prayer Program Is Held by G. A.

The Girls Auxiliary of the Baptist Church held a regular meeting last Thursday, using "Prayer" as a program theme.

The group regrets the loss of Juanita Hall, her resignation being accepted.

A special Mother's Day program and initiation service will be held on Thursday of this week and all mothers and WMS members are invited.

Attending last week were the sponsor, Mrs. John Lockhart; and Juanita Hall, Rada Morgan, Virginia and Darlene Sullivan, Dolores Green, Minnie Smotherman, Harriet Baker, Margery Baker, Bobbie Jean Breeze.

## Guild To Meet

The Wesleyan Guild of the Methodist Church will meet tonight (Wednesday) at the Church basement at 8:30. At this time the mission study will be launched, with Mrs. J. T. Carter in charge. All members and visitors are urged to attend.

## Attends Meeting

Miss Elsie Cunningham, demonstration agent, left on Monday for College Station, Texas, where she is attending a special called meeting. She expects to be back in the local office the last of the week.

## Post-Nuptial Shower Given Last Monday

A post-nuptial shower honoring S-Sgt. and Mrs. Eugene Hromas was given last Monday night when neighbors gathered in the home of Mr. and Mrs. Joe Hromas.

Among those attending were Mr. and Mrs. D. W. Carpenter, Mr. and Mrs. Frank Hromas, Mr. and Mrs. Jack Roach, Mr. and Mrs. Cecil Rundell and son, Mr. and Mrs. H. D. Adkins and daughter, Mr. and Mrs. Clifford Leake and daughters, Mr. and Mrs. W. M. Foster and granddaughter, Mr. and Mrs. L. C. Moore and Joe, Mr. and Mrs. Frank Pesch.

Mrs. Joe Donaldson and son, Mr. and Mrs. Sterling Donaldson, Mr. and Mrs. L. H. Pesch, Mr. and Mrs. Ed McGuire, Miss Loraine Hromas, Mrs. Joe Hanna, Mr. and Mrs. Harold Carpenter and son, Mr. and Mrs. E. A. Hromas, Mr. and Mrs. Johnny Ginnings, Mr. and Mrs. Charles Hromas and daughter, Mr. and Mrs. James Roach and Judy, Elvin Hammonds, Mr. and Mrs. Eugene Hromas, Mr. and Mrs. Joe Hromas, J. W. and Glen Hromas, Miss Billy Jean Roach.

Regrets were sent by Mr. and Mrs. Jack Feagan, Mr. and Mrs. Lester Norton, Mr. and Mrs. Rush Looney, Mr. and Mrs. Hugh Tucker, Mr. and Mrs. Edd Meeks, Miss Francis Roach, Mr. and Mrs. C. C. Christian, Mr. and Mrs. J. C. Boone, Mr. and Mrs. Arnold Hromas, Mr. and Mrs. Vinton Bolte.

## Parmer County Praised For Soldier Treatment

High praise regarding the treatment of soldiers stationed recently in Parmer County while repairing a plane that fell in the northeastern part of the county has been noted in a letter received here by Miss Elsie Cunningham from Mrs. Samuel K. Ech, wife of Lieut.-Col. Ech who was in command of the 83rd Service Group that repaired the plane.

In part Mrs. Ech wrote: "For several days I've planned to write to see if you and the women are making post-war plans sufficient to take care of these soldiers when the war is over and they flock to Parmer County."

"About the middle of March 32 officers and enlisted men from the 83rd Service Group, Pueblo, Colorado, Air Base repaired a plane a few miles southeast of Friona. Those people treated the soldiers so royally that they have convinced practically all of that group that they need to go there after the war."

"Seriously the trip to Texas was a bright spot in the lives of the soldiers. The people brought cakes and pies often and served them three or four big dinners. Sam and I were there one weekend and were invited to one of the dinners. We thoroughly enjoyed it all. . . . We are now in Oklahoma City and like it very much and are happy to be near Texas."

"Give my regards to the women. They were all so kind. I especially remember Mrs. Cummings and Mrs. Buchanan."

## Scout Meetings Held

Scoutmaster Victor Stout announced this week that he and Assistant C. E. Sanders were holding regular meetings with the Texico Scouts on Thursday evening of each week at the school building, approximately 20 boys now being enrolled. Other boys interested are invited to attend.

Headline: Arizona Hermit Lives On Onions. One good reason for being a hermit.

## NEWS FROM OUR BOYS IN CAMPS

### WAAC AT CAMP HOOD

Auxiliary Anna L. Akers, formerly of Bovina, has been assigned to Hood and will be a telephone operator. She was trained at the WAAC center at Fort Des Moines after enlisting last December 16.

### AT SAN LIUS OBISPO

Cpl. Lorenz (Shorty) Gast, who recently visited his parents, Mr. and Mrs. Karl Gast of Farwell after having spent the past year in the Hawaiian Islands, has now been assigned to San Luis Obispo, Calif.

### MARCUS WRITES

Pvt. Andy Marcus, former local poultryman, writes a brief note from Camp Sibert, Ala., stating "Army life is not so bad, in fact, if it was not so far from home I would not mind it one bit. They took the 'window' off me almost as bad as Claude Rose, but I feel like a million dollar 'cow'." Andy is assigned to an air corps division loading gas-operated bombs on the planes.

### HEAR FROM SON

Mr. and Mrs. W. I. Rundell are in receipt of a letter from their son, S 2-c L. D. Rundell, whose only address is New York City. Rundell writes that he is on guard "tonight" (April 29) and that it is "warm". He asks for news of home and the local paper.

### IN FLORIDA

Lt. Jimmie Overstreet writes fishermen friends here that "I know now just where the fish hang out. We will get them after this is over." Jimmie, son of Mrs. Anne Overstreet of Farwell, is now located at Leesburg, Fla.

### CHAPLAIN AT SEATTLE

Chaplain John B. Abbott, son of Pres Abbott of Bovina, is now located at Seattle, Washington, with a barrage balloon battalion. He writes: "I like the organization, the officers and men very much. Although we are in the heart of the Scenic Pacific Northwest, I would still rather live in Texas."

### LONDON IN ALGIERS

Cpl. Orville London writes his wife in Farwell that he has arrived safely at his destination with an American Expeditionary Force. He is in Algiers.

## No More Washday Blues for This Yank

When the Aleutian winds blow we may or may not have snow, but at least Pvt. Early Krech of St. Paul, Minn., will have snow white laundry. He rigged up this windmill washing machine in which a chain and sprocket connected to the blades of the windmill delivers power to the wooden paddlewheels in the wash bucket.

## Women May Enlist In Army Signal Corps

AMARILLO—Nine young West Texas women will be chosen for training in the U. S. Army Signal Corps, it was announced today by Lt.-Col. Marvin B. Durette, commander of the West Texas Recruiting and Induction Station.

To be qualified for enlistment, women must be from 21 to 45 years of age, with no dependents, and must be high school graduates. Those who pass the mental alertness test will be given a three month signal corps course as radio mechanics and operators in regular civil service status, receiving \$85 per month. On completion of the basic course, certain succeeding courses will be given, during which time a salary of \$120 a month will be paid, before women are called to active duty with the WAACs.

Col. Durette said that while attending the training school which

may be located in San Antonio, costs of lodging and subsistence must be borne by the women. Upon being called to active duty with the WAAC all expenses will be furnished.

Col. Durette urged that interested women contact the nearest recruiting station at once, as the training school will be opened within the next few days.

### MOTHER'S DAY PROGRAM AT METHODIST CHURCH

Special Mother's Day services will be held in the Methodist Church on Sunday evening, May 9, Rev. Paul Tripp, minister, announces.

The program has been set for the evening hour due to the fact that the Texico baccalaureate will be held in the morning.

Families are urged to attend the special program as groups.

Turning over a new leaf too often may make you lose your place completely.

### BIBLE CLASS MEETS ON TUESDAY

Mrs. Claude White and Mrs. B. E. Nobles were co-hostesses on Tuesday afternoon to the Wesley Bible Class of the Methodist Church, the group meeting in the home of Mrs. White, near Farwell.

Mrs. Anne Overstreet directed the activities of the afternoon, and during the program Mrs. A. D. Smith read an original poem on "Mother"

A sandwich plate was served to two guests, Mrs. Effie Johnson and Mrs. J. O. Ford, and Mesdames A. D. Smith, Lena Yoder, Anne Overstreet, G. W. Atchley and Minnie Leftwich, members.

### Some Items Up, Some Down on New Charts

New point charts effective for the May period on canned goods, fats, meat, fish and cheese, were released by OPA during the past weekend—some goods going up and some down, a survey of the charts reveals.

No great changes were made in any of the items affected. Complete charts are posted in stores for the convenience of shoppers.

Mr. and Mrs. Roy B. Ezell were visitors in Muleshoe, Sunday, where Mr and Mrs Marty Ezell tendered a birthday dinner honoring the local lady.

## Farming Talk

—With—

GARLON A. HARPER

County Agricultural Agent  
Texas A. & M. Extension Service

The raising of replacement heifers presents something of a problem to most dairy farmers right now. The price of milk and butterfat is high, the labor needed in caring for calves is scarce, and many farmers are wondering about what the price of these heifers will be two years from now when they come into production. I would advise growing those good heifer calves out well. The statement which someone has made regarding this is very true. "It is never economy to stunt the growth of a well bred calf. Neither is it economy to raise a calf that is not well bred."

With the price of milk and butterfat being what they are, it might pay the dairyman to feed a calf meal. There are several on the market which give good results. These should be fed according to directions on the sack. A home made meal may be prepared which will give good

results. I am not sure that you can get the material which goes into this meal but if you can this one will do the job well: 50 parts of finely ground corn, 15 parts of linseed meal, 15 parts of finely ground rolled oats, 10 parts of dried blood flour, 10 parts of dried skim milk, and 1 part of salt. If you are interested in feeding this calf meal in order to save your milk and butterfat you might be able to get your feed dealer to obtain these ingredients for you.

The calf should be on whole milk for at least the first 30 days. Assuming the calf is getting from about 8 to 10 pounds of milk at first, start cutting the milk down at the rate of about 2 pounds each ten days after the calf is 15 days old so that it is just about off whole milk at about 50 days. The calf meal should be given the calf when it is about 20 days old. Give calf all it will eat up to 2 pounds when fed dry, and add about 5% to 10% by weight of whole corn to keep the calf from eating too rapidly. When calf is 2 to 3 weeks old, start feeding small quantities of a grain mixture consisting of whole or coarsely ground grain and a good quality hay. If possible calf should be placed on green pasture just as soon as it will start eating. The calf meal may be discontinued when calf is 3 to 4 months old and well started on grain, hay and pasture. This type of feeding will allow you to raise a good calf on about 300 pounds whole milk.

Skim milk fed to calves after they are 30 days old is very satisfactory. The calves should be gradually changed to the skim from whole milk if this is to be done.

### TEACHER OUT

Mrs. Dickenson, fifth and sixth grade teacher of the Texico school, left the past week for California to visit her husband, in the army. Mrs. B. A. Rogers is substituting.

### LICENSE DATE CHANGED

Attaches in the local sheriff's office said today that in the future, persons desiring to renew drivers' license must appear at the courthouse on the first, third and fifth Wednesdays of each month, between 8 and 4 o'clock. Previously, the highway patrolman has been here for this purpose each Tuesday, from 2 to 5 o'clock.

Tribune Job Printing Is Best

## Locals Take Medals At State Track Meet

Three medals were taken by representatives of the Texico school at the state track and field meet, held the past Saturday in Albuquerque with around 175 boys from over the state participating.

Coach C. E. Sanders said today that due to the large number of entries in practically all events, repeated eliminations were necessary before the finals, which handicapped his local boys to a certain extent.

In the mile, which was run in 4:49.2, Doolittle placed third, coming in close on the heels of the two Albuquerque Indians ranking first and second. Drace, another Texico entry, was fifth in the mile.

Bowers placed fifth in the high hurdle event after pulling a tendon in his leg in the quarter-final, the coach reported.

Sanders commended his boys for their showing during the year, and expressed appreciation to people of the community for contributions which made the Albuquerque trip possible.

### Will Award Letters

As a climax to the sports season, Coach Sanders said that letters for basketball, baseball and track will be awarded within a few days. Boys who will receive letters—some of them in more than one division—are Bowers, Box, Drace, Lewis, White, Doolittle, Baker, Brooks and Francis.

### WHAT TO EXPECT

By ELSIE CUNNINGHAM

Home Demonstration Agent

Extension Service, Texas A. & M.

This week I want to give you a little summary of 1943 prospects for canning equipment and materials. Perhaps a few of these points will be helpful to you in making plans.

**Sugar for canning:** OPA regional office in Dallas has been authorized to permit local rationing boards to grant home canning sugar on 1942 basis of one pound for four quarts canned fruit without surrender of ration stamps. You will call on your local county board to make application, as you did last year.

**Glass Jars:** There are no restrictions on the manufacture of glass jars. From all indications there will be plenty jar rings, lids, screw bands, etc. Many commercial companies are putting products in a jar with an opening slightly smaller than the standard jar—you are all familiar with it as you no doubt have bought coffee packed in this type jar. These "war-jars" may be re-used for canning foods which do not require processing in a pressure cooker. You remove the liner from the original metal cap of this new jar and replace it with a new metal disc now on sale in most grocery stores. The type I have examined is called the Thrif-T-Lid No. 36. Follow instructions on the package.

**Tin can sealers:** I have not received any information as to whether or not tin can sealers are now being manufactured. Some of the well known companies still have a few sealers on hand.

**Pressure Cookers Available:** It is reported that 8 to 10 thousand steel canners will be available this year in Texas. Detailed plans have not been worked out by the USDA War Board for rationing canners yet. Priorities probably will be given to groups who plan to process large amounts of food this year, such as community canning projects, etc., which may leave Parmer County out of the picture. When further information is received I'll report to you in this paper.

**Repairs for Cookers:** Some repair parts for cookers are still available. Ask your local dealer to help you get the parts needed in repairing your cooker. Parmer County merchants have always been able to serve you if the item you want can be had. Cracked cookers or cracked covers cannot be satisfactorily repaired and are unsafe to use.

If you do not own a pressure cooker and are unable to find one for sale take it upon yourself to form a partnership with a neighbor. Two people can accomplish a lot more than one person in canning and it's more fun, too.

If you are one of those fortunate people who own a pressure cooker—share it, please!

It is unsafe to can vegetables except tomatoes, by any other method. The hot water bath and oven canning are unsafe for vegetables. Don't take chances.

### DENTON SHERIFF HERE

Mr. and Mrs. Roy Moore and family of Denton, Texas, were visitors in the J. D. (Dick) Moore home east of town over the weekend, attending business matters in connection with the disposition of some property belonging to the family estate. Mr. Moore is sheriff of Denton County and is serving his second term in that office.

Coincidentally, the brother who lives east of here served a number of years as sheriff of Wilbarger County.

## SCHOOL PROGRAMS—

(Continued from Page One)

Joe Lindsey, Arlon Lovelace, Robert Moore, Paul Roberson, Reba Mae Stewart, Twila Mae Strickland, Billie Sharpe and Henry White.

Regarding grade school exercises, Supt. Carter said these pupils would participate in the all-school program. Farwell is starting an 8-grade grammar school, and some students will be "double-promoted" into high school while others will be promoted from the seventh to the eighth grade.

### Bovina Announces Services

Graduation services at Bovina will also begin May 9, when the seniors hear Rev. E. J. Speegle, of the Baptist Church, deliver the baccalaureate sermon. The services will be in the auditorium, beginning at 11 o'clock.

The program includes: Processional—Mrs. W. O. Cherry. Invocation—Bro. Bishop. Sermon—Rev. Speegle. Recessional—Mrs. Cherry. Benediction—Rev. Pike. Songs by the choir will be interspersed.

The students themselves will present their commencement program on Friday evening, May 14, as follows:

Processional—Mrs. Caldwell. Invocation—Wilbur Charles. Address—Mary Agnes Koss. Baritone solo—Dean Bates. Tap dance—Bettie Jo Nichols. Vocal solo—Billie June Douglas. Reading—Vera Wines. Vocal solo—Jimmie Charles. Class poem—Mary Brito. Presentation of diplomas—Supt. W. O. Cherry. Address—Bass Elliott. Vocal duet—Juanita Bishop, Ola Faye Crowell.

Benediction—Bro. Howard. The seniors are Dean Bates, Juanita Bishop, Mary Brito, Jimmie Charles, Ola Faye Crowell, Billie June Douglas, Bass Elliott, Jimmie Ray Glover, Charles Hawkins, Jerry King, Fay Dell McCuan, Betty Jo Nichols, Nolan Rhodes, Mary Agnes Ross and Vera Wines.

The program will be given at 9 p. m. in the auditorium.

### Oklahoma Lane Programs

Rev. R. L. Butler, formerly of the local Methodist church and now of Abilene, will deliver the baccalaureate address at Oklahoma Lane on Sunday morning, May 16, at 12 o'clock, in the school auditorium.

Other numbers on the program: Processional—Mrs. Sterling Donaldson.

Invocation—Rev. Pike. Song—School chorus. Sermon—Rev. R. L. Butler. Song, "Holy, Holy, Holy"—Audience, led by Mrs. Watkins. Benediction—H. D. Bentley. Recessional—Mrs. Donaldson. On May 21, commencement exercises will be held at 9 o'clock in the auditorium.

Processional—Mrs. Donaldson. Invocation—L. M. Grissom. Song—Class. Salutory Address—Alma Lee. Piano solo—Billy Bentley. Valedictory Address—Geraldine Verner. Song—Trio of girls. Address—Supt. H. D. Bentley. Presentation of diplomas and awards.

Benediction—Mr. Brown. Class members are Leon Grissom, Alma Lee, Geraldine Verner, Henry Young, John Doose and Margaret Billingsley.

### VISITS SONS IN SERVICE

B. B. Bates, Bovina farmer, says when the boys in the service cannot get off to visit their parents, the parents might reverse the proceedings and visit the lads. He returned recently from Galveston, where he spent a few days visiting two of his sons, stationed there. Bates has three boys in the Coast Guard. The two at Galveston are J. R. and Robert L., both of whom hold Seaman First-Class ratings. Bates said his trip was the most enjoyable one of his life.

Make every day stamp and bond day.

**FOX FOX**

## Large Granary To Be Erected At Roden's

The largest pre-fabricated granary ever to be set up in Parmer County will be erected this week-end on the J. R. Roden farm near Friona.

The granary, which will provide storage space for 76,000 bushels of grain, is a four-unit affair, being 14 ft. wide on either side of a 14 ft. hallway, and 32 feet in length—all under one roof.

The building is of wood, and will be set on a concrete foundation. It was purchased by Roden through the Commodity Credit Corp. at a cost of \$1100.

John Martin, at the Triple A office, said farmers who had large granaries in mind are invited to inspect this one during construction. He added that with very little change, the building could be "turned into a first-class barn".

Whatever else we may accomplish—we did get "non-partisan" spelled correctly.

### DRAFT BOARD MEETS

The Parmer County Selective Service Board was in session here last Thursday. Classification was the business of the session, and Mrs. Bessie Lee Henneman, clerk, announced the following classifications as a result of the meeting:

1-A, 4; 1-A(H), 1; 1-C, 14; 2-A, 8; 2-A(H), 1; 2-B, 6; 2-C, 3; 2-C(H), 2; 3-A, 42; 3-A(H), 13; 3-C, 17; 3-C(H), 4; 4-F, 4; 4-A, 1; total, 120.
