

Congressman Worley Speaks at Bovina Rally

Congressman Eugene Worley will be the principal speaker at a county-wide rally to be held in the Bovina school auditorium on Tuesday evening, Aug. 17.

The American Legion Post of Friona will sponsor the rally, scheduled to begin at 9 p. m.

Congressman Worley has been in his district the past several weeks, filling speaking engagements over the area and "meeting the folks". He plans to visit in Friona and Farwell in the afternoon before filling his speaking date at Bovina Tuesday night.

C. R. Elliott of Bovina, said that plans were being made for the reception of Congressman Worley, but that details had not as yet been completed.

The rally promises to draw a large attendance from over the county.

Board Approves 108 Transfers Thursday

The County School Board, in session at the courthouse in Farwell last Thursday, approved the transfer of 108 school students in the county from one school to another.

Most of the transfers were granted students who were transferring from a rural district to independent districts where they might have high school advantages. Others were granted for convenience to the students, who might reside closer to one school than to the one maintained in their district.

County Superintendent Lee Thompson today released the figures of the approved transfers as follows:

From Black to Friona, 1; Rhea to Friona, 4; Bovina to Friona, 1; Midway to Lazbuddy, 3; Midway to Oklahoma Lane, 5; Farwell to Oklahoma Lane, 5; Oklahoma Lane to Farwell, 3; Lakeview to Friona, (the entire enrollment), 48; Texas-New Mexico to Bovina, 18; Texas-New Mexico to Farwell, 1.

THREE NEW MEMBERS

Three new members—all on profession—were added to the Baptist Church in this city as a result of the revival meeting, which came to a close Sunday night with baptismal services.

Rev. W. C. Wright, the pastor, said that one candidate for services to the ministry manifest that desire during the meeting. Rev. Rock, who did the preaching, departed for his home in Hot Springs, N. M., on Monday.

Rules and Prize List for Dairy Show Given

Rules, regulations and prizes, as well as the complete program for the first Paramer County Dairy Show, which is to be held in Bovina on August 28, were announced this week.

Two breeds of dairy stock—Jerseys and Shorthorns—will be featured in the show, according to the official catalog, with classes set up for competition in each breed.

Specific exhibitors rules include the following:

Entries may be made with the superintendent at any time prior to 9:00 a. m. August 28. All animals must be in place by that time.

Eligibility is not restricted to area of registration of animal.

Exhibitors must present certificate showing each animal entered to be free from Bang's disease, by test conducted not more than 30 days prior to the show. Vaccination of calves will be accepted.

Exhibitors are permitted and encouraged to display signs over entries advertising their herds.

Miscellaneous rulings: exhibitors must keep animals and stalls clean; no liability is accepted by the show; bedding and feed shall be furnished by exhibitor; and all cows in milk must be milked out clean not earlier than 6 p. m. August 27.

Program Schedule Given
With the barn being open on August 26 and 27 to receive entries, the actual program of the show will begin Saturday, August 28, at 9 p. m., when all entries will be in place.

At 10 o'clock the Shorthorn judge

Last Day For Sugar Stamp This Week

Sugar stamp No. 13 will expire on Sunday, August 15, ration officials reminded today. It is valid through that day for the purchase of five pounds of the staple.

Although hints have been rife that the ration allotment would be increased, information at the local office was to the effect that the No. 14 stamp would be valid for a period of 11 weeks, drawing 5 pounds, the usual allotment of one-half pound per person per week.

Texico School To Open Term Aug. 30

At a meeting of the Texico school board, held Thursday evening of last week, it was decided to open the Fall term on August 30, J. P. Macon, secretary, announced today.

Supt. B. A. Rogers has previously announced that a complete corps of teachers has been secured and that he looks forward to a very successful session of school.

Texico is one of the few schools in this entire section that can boast a complete faculty for the ensuing term.

Rogers said that registration of pupils would be conducted in the afternoon only of Friday, Aug. 27. The buses will make the routes, arriving at the school at 1:30 and the return trips will be made when registration is completed about two hours later.

New Radiators

Three new gas-steam radiators are being installed in the north rooms this week, and workmen are busy getting the interior of the buildings redecorated for the opening. Repairs on the furniture and fixtures are also being made, he said.

CHURCH OF CHRIST IS EXPANDING PLANT

An expansion program is under way at the Church of Christ in this city, which calls for a 14x27 addition to the front of the building, as well as other improvements about the church property.

The addition will provide space for two small Sunday school rooms and an entrance vestibule. The interior is being redecorated and the outside of the building will be given a fresh coat of white stucco. Plans for the rearrangement of the rostrum are also being considered, church officials announced.

Drafting of Fathers Begins in October

Foretells Much Activity for Red Cross

Veterinarian Coming to County Aug. 17

SARAH E. BARNES, formerly of Lazbuddy, has completed her special training at the N. S. Naval Training School, Cedar Falls, Ia., and has reported for duty at Great Lakes, Ill., as a yeoman, third class. Yeoman Barnes has been assigned to clerical duties in the district educational office.

After graduating from the Lazbuddy high school, Miss Barnes was employed in the transportation department of the Pantex Ordnance Plant, prior to enlistment in the WAVES.

Pleasant Hill High School To Continue

The Tribune is in receipt of a letter from A. D. McDonald, superintendent of the Pleasant Hill high school, to the effect that a high school will be maintained at Pleasant Hill for the ensuing school term.

Mr. McDonald also adds that some of the high school students on the Texas side of the line plan to attend the Pleasant Hill school.

The story printed in The Tribune last week to the effect that 31 students on the Texas side would be transferred to Bovina, Farwell or Texico was misleading, McDonald says. The Tribune is happy to make the correction.

It is gratifying to learn that the Pleasant Hill high school is to be maintained. It has always ranked as one of the best rural schools in Curry County and The Tribune is glad to see it continue.

Infantile Paralysis Claims Bovina Child

Jimmie Charles Free, nine-year-old son of Mrs. Annie Belle Free of Bovina, died Sunday afternoon in the Memorial hospital in Clovis of infantile paralysis.

The child was taken to Clovis the afternoon after last week for treatment after being stricken, and was placed in an iron lung several hours before passing away.

The body was carried back to Bovina by the Steed Funeral Home of Clovis, for burial.

He is survived by his mother, his grandparents, Mr. and Mrs. Chas. Gray, and an uncle, Lawrence Gray.

MRS. THOMPSON HOME

Mrs. Lee Thompson, wife of the county judge, was returned to her home in the Oklahoma Lane community Sunday from Lubbock, where she received hospitalization for a few days. She is showing constant improvement, it is announced.

NEW DISPLAY CASE

The Davis Mercantile company has added a new refrigerator display case (formerly called a "meat" case) at their place of business. The new case gives better display to their products and is a decided addition to the business.

About a hundred kinds of carrion flowers grow in Africa; they smell like spoiled meat.

Tests of cattle for Bang's disease will be conducted in Paramer county on Tuesday, August 17, by Dr. E. E. Kraus, Clovis veterinarian, County Agent Garlon A. Harper announced today.

Harper stated that the very nominal charge of 50c per head would be charged by the veterinarian, who will make the tests at the farm where the cattle are located.

"In order that we may map out a method of procedure over the county," Harper said further, "we are very anxious that all persons desirous of the test report to this office by Saturday of this week—certainly not later than Monday morning—as to the number of stock they wish tested."

Dr. Karus is making the trip to the county principally at the instigation of dairy herd owners, who are having their stock tested before the Paramer county dairy show, August 28, but Harper stressed the fact that "Any person wishing to have cattle tested may do so."

Cards which were mailed out to dairy herd owners the past weekend were bringing quick replies, the county agent said today. On Tuesday more than 100 cattle had been consigned for testing.

Miss Cunningham to Leave Paramer County

Announcement was made on Monday of the resignation of Miss Elsie Cunningham as home demonstration agent for Paramer County.

She is transferring to Carson County, at Panhandle, scheduled to begin her work there Aug. 23, and plans to leave Farwell around Aug. 19.

Miss Cunningham has served as local demonstration agent for a period of almost three years, coming here in December, 1940. During her administration in this county the women have accomplished many notable projects, most recent of which was the equipping of a recreation room for soldiers stationed at Clovis.

In an interview to a local reporter Wednesday, Miss Cunningham stated, "I have certainly enjoyed my work in Paramer county, the cooperation received, and the nearer the time comes for me to leave, the more I regret the change."

No Successor Named

Miss Kate Adele Hill, district agent, met with the commissioners court on Monday and presented recommendation for a new agent to be appointed. However, since a full court was not in attendance, a decision was postponed until August 23 or at a called meeting during the first week in September.

Miss Cunningham added that she would be out of the office the remainder of the current week, making a trip to Panhandle and attending a district meeting in Amarillo.

Make Application at Office for Book No. 3

Those persons who for one reason or another have not previously filed application for Ration Book No. 3, or who have been "short" when new books were received, may file application for such books.

Some people who have received ration books for their families have failed to get the proper amount of ration books, Mrs. Bobst added, stating that in this case they should immediately contact the office and fill out the proper forms.

Other individuals, who might have been moving at the time the initial application blanks were issued, and therefore did not file for new books, are likewise listed in the group to make applications for Book No. 3 now.

A special announcement the first of the week was to the effect that today (Wednesday) was the final day to file such applications.

U. S. soldiers traveling on furlough, get a reduced railway fare of one cent a mile on a round trip basis.

Officials of the Paramer County Chapter of the American Red Cross heard of trying tasks for the organization during the coming months when they met at Bovina Monday night.

Mrs. Kenneth W. Jameson, general field representative of the American National Red Cross, with headquarters in Big Spring, warned that the duties of the Red Cross were to be expanded manifold as the war progresses, and she urged that the local chapter be prepared to meet the emergency with which it is faced.

"The induction of fathers," she said, "will in itself alone bring many demands to the Red Cross—and we must be in readiness to meet the situation."

Mrs. Jameson, whose personality and familiarity with Red Cross procedure was an inspiration to the meeting, dealt at length with the tasks yet ahead for the organization, and urged that every chapter be guided for the problems to be faced.

Monies to be Consolidated

C. R. Elliott, chairman of the County Chapter, presided at the meeting. It was voted to consolidate all monies belonging to the County Chapter, now held in various funds in the two banks of the county, into one general fund and turn it over to Mrs. R. J. McReynolds, newly elected treasurer of the chapter.

A set of by-laws, as suggested by the National Headquarters of the Red Cross, was adopted.

Chairman Elliott announced the resignation of Mrs. Jack Dunn as production chairman and said that this office would be filled by appointment at an early date.

The meeting was attended by 11 county members.

Revival at Methodist Church Opens 12th

A ten-day revival meeting, led by Rev. C. A. Calhoun of the Wesleyan Methodist Church of Clovis, will open at the Methodist Church in this city Thursday evening.

Services will be held twice daily, the exact hours to be announced later. Rev. Paul H. Tripp, pastor, stated this week that the hours probably would be 10:30 a. m. and 9 p. m., but definite decision on that matter has not as yet been reached.

Pre-revival prayer services have been in progress at the church each evening during the week and will conclude this (Wednesday) evening. The public is cordially invited to attend all revival services. The meeting will conclude on Sunday night, August 22.

Commercial Teacher Secured For Farwell

Miss Bertha Mae Thomas of Clarendon has been secured as commercial teacher for the Farwell school, Supt. J. T. Carter announces.

Miss Thomas has done college work at West Texas State, in Canyon, and taught the past year at the Lakeview school in Hall County.

The school head also announced that Mrs. J. T. Carter would handle high school English for the ensuing term.

"This leaves us only one down," Carter said, the remaining vacancy being in the ag department. Officials have little hope that a teacher will be secured for this department, due to the admitted scarcity of such teachers.

MEETING AT WEST CAMP

Rev. W. C. Wright of this city, will do the preaching at a revival meeting at the West Camp Baptist Church, beginning this (Wednesday) evening and continuing through Sunday, August 22nd.

Services will be held twice daily, at 11 a. m. and 9 p. m. Rev. Agee, the pastor at West Camp, has extended a cordial invitation to the public to attend.

NO MEN'S MEETING

C. M. Henderson today announced that the regular monthly meeting of the local Men's Club would not be held this week. "We will let the rally being given next Tuesday in honor of Congressman Eugene Worley take the place of our meeting," he said.

First steps in the reclassification of Paramer County registrants from class 3-A to 1-A were taken here last Saturday when the local board held an afternoon session for classification purposes.

Of the first 200 3-A registrants who were reconsidered during the afternoon session, 34 of that number were listed to take their first physical examination as the initial move toward consideration as 1-A men.

Local boards throughout the nation have received official instructions from Washington to begin reconsideration of fathers, who have been carried as 3-A men, with the view of swelling the inductions to the armed forces. However, no men now classified as 3-A will actually be called into training before Oct. 1 of this year.

May Get Deferments

Of the 34 Paramer County men who will be ordered to take their screening test within the next few weeks, many of them will likely be able to qualify for deferred classifications, a local board member pointed out here today.

"If a man can submit written conclusive proof that he is entitled to a deferred classification under Selective Service regulations, he will be given the classification to which he is entitled," it was announced by this board member, who went on to add that aside from farming, very few registrants under the jurisdiction of the Paramer board would have grounds for deferred classifications.

It was also explained that the mere fact that a registrant had been ordered to take his first physical examination did not necessarily mean that he would wind up with a 1-A classification. "The registrant will still be given the opportunity to ask for a deferred classification even after he has been given his physical test by the local examining physician," the board representative stated.

The meeting was attended by 11 county members.

Must Submit Application

Registrants are warned, however, that failure to submit written applications for lower classifications could mean that they will be carried on through the process of classification and placed in 1-A.

Any classification given by the local board may be carried to the appeal board if the registrant is not satisfied, providing the motion for appeal is filed within 10 days after classification by the local board. Board members have always invited registrants to use their appeal privilege if they are not satisfied with classifications.

Mrs. Bessie Lee Henneman, clerk of the local board, stated today that registrants now in class 3-A who were being considered for 1-A, would likely be called for their screening test the latter part of this month or early in September. It is considered likely that the October call will have to be filled with men coming from the 3-A group, since every single man now in 1-A will probably be used to fill the September quota.

Classifications Announced
Following is the list of classifications handled by the local board at the Saturday meeting:

Pending Physicals

William H. Herod, Earl B. Blish, George H. Dickson, Wilburn B. Carlton, Ross E. Ward, Pat Sullivan, Howard R. Looney, Yancy Stowers, Roy L. Johnson, J. T. Hammonds, Elmer C. Hall, Walter D. Hardage, Sidney B. Dial, Oliver K. Melton, Robert R. Percival, Frank A. Spring, Ray S. Ford, George W. Whittenburg, Ernest E. Woefel, Maynard D. Stucker, John L. Collier, Alfred H. Lee, J. W. Green, Wilburn L. Edelman, Charles F. Tucker, Roy Q. Whatley, Everett E. Deaton, George B. Baker, Lester L. Rhinehart, Clifford O. Thompson, Lewis D. Chitwood, Olin J. Clark, Howard O. Morris, Percy M. Eubanks, Garlon A. Harper, Earl Richards, Thomas G. Moore, Jesse M. Doshier, John A. Potts, Archie Hall, Charles Lovelace, Claude Rose, Melvin R. G. Wiley, Henry J. Morgan.

1-A
Cecil W. McGowen, Leslie H. Weis, Carl Hadley, Carl V. Lovelless, Harold B. Brown, Reafof Shirley, John M. Finley, Kenneth F. Newman, Abraham L. Thiesson, Edward L. Lang, Albert J. Jones, Leslie R. A. Corbies.

2-A
William A. Calhoun, Henry L. Reynolds, Dan Lewis, Glenn I. Riley, Boone Allison.

Health Notes

by Texas Department of Health

According to morbidity reports compiled by the State Health Department a sharp increase in the incidence of dengue and malaria fever has been noted in Texas in the past few weeks.

Inasmuch as both of these diseases are disabling and sometimes fatal, Dr. Geo. W. Cox, State Health Officer, is urging every citizen of Texas to cooperate in eliminating the mosquito which is responsible for transmitting both dengue and malaria.

"Malaria will continue to be one of our major public health problems just as long as breeding places

are accessible to the female Anopheles," Dr. Cox stated. "It is vitally important to public health in this state that every home and business house cooperate in controlling this menace to good health by freeing their premises from tin cans or broken bottles, or any type of rubbish in which water may stand, so that the propagation of the Anopheles mosquito can be checked."

Dengue is characterized by its sudden onset and accompanying headache and pain in the back and limbs which has caused the disease to be commonly known as "break-bone" fever. The fever is usually of short duration, but inasmuch as convalescence is extremely slow, the loss of time in recovery would constitute a hindrance to our total war effort.

Malaria, like dengue, is a very debilitating disease and one from which recovery may require weeks or even months of time.

Dr. Cox stressed the importance of conserving the nation's manpower and urged that every Texan cooperate in an effort to destroy the mosquito which is responsible for the transmission of malaria and dengue fever.

GOOD SALES TALK

The new salesman was looking very depressed on his second day in his new job.

"Come, come," said the sales manager. "Don't look so down in the mouth. I know it's difficult at first, but you'll soon get on to it. When you've had a little more experience you'll get along all right."

"Isn't that," said the young man. "When I got home last night I practised that sales talk on my wife and now I've got to buy her a new vacuum cleaner."

owners of the herein described land for the aggregate sum of 168.46 Dollars for delinquent taxes, interest, penalties and accrued costs on the same, with interest on said sum at the rate of 6% per annum from date of judgment together with all costs of suit. Said judgment directs that a foreclosure of plaintiff's lien together with lien of the taxing units which were parties to this suit and established their claims thereto for the amount of said taxes, interest, penalties and accrued costs as appportioned to each tract and/or lots of land as described in said order of sale.

By virtue of an order of sale, issued by the Clerk of the District Court of Parmer County, Texas, on the 10 day of August 1943, as directed by the terms of said judgment.

As Sheriff of said Parmer County, I have seized, levied upon and will, on the first Tuesday in September, 1943, at the courthouse door of said Parmer County between the hours of 2 o'clock P. M. and 4 o'clock P. M. of said day, proceed to sell for cash to the highest bidder all the right, title and interest of H. Hildebrandt, and unknown owner or owners, and the unknown heirs of the said H. Hildebrandt and of the said unknown owner or owners of the herein described land in and to the following described real estate levied upon the 10 day of August, 1943, as the heirs of the said H. Hildebrandt and unknown owner or owners, and the heirs of the said H. Hildebrandt and of the said unknown owner or owners of the herein described land:

Amount appportioned against said tract: \$168.46. Subject, however, to the right of redemption the defendant, or any one interested therein, may have, and subject to any other and further rights the defendant, or any one interested therein, may be entitled to under the provisions of law. Said sale to be made by me to satisfy the above described judgment and foreclosing the lien provided by law for the taxes, interest, penalty and costs. The proceeds of said sale to be applied to the satisfaction thereof. Said sale will be made subject to the defendant's right to redeem the said property by complying with the provisions of law in such cases made and provided.

EARL BOOTH, Sheriff. Parmer County, Texas. Farwell, Parmer County, Texas, August 10, 1943.

NO. 1137 NOTICE OF SHERIFF'S SALE DELINQUENT TAXES THE STATE OF TEXAS COUNTY OF PARMER

WHEREAS on the 19 day of July A. D. 1943, THE STATE OF TEXAS and THE FARWELL INDEPENDENT SCHOOL DISTRICT, plaintiff and defendant, judgment in the District Court of Parmer County (for the 69 Judicial District of Texas) No. 1137 on the docket of said Court, against C. Said sale will be made subject to the defendants' right to redeem the said property by complying with the provisions of law in such cases made and provided.

EARL BOOTH, Sheriff. Parmer County, Texas. Farwell, Parmer County, Texas, August 9, 1943.

CITATION BY PUBLICATION THE STATE OF TEXAS. To E. H. Robinson, Lula Jones, Mrs. Mary Jackson and her husband, Jerome Jackson, R. H. Young, Charles T. Dycus, A. F. Hamm, Maude Wisdora, Amanda Jane Way,

There'll always be a U.S.A. and places you long to drive to!

Just as sure as Victory comes you'll long to ease this war strain by going places... wondrous Yellowstone again... sea-swept Cape Cod... the vivid Southwest... even Alaska perhaps. Your boy... your hero out of Africa or Iceland... or cloudland... can take spells at the wheel with you. The mileage your car is kept from making now, it can make then—but not if today's restricted mileage and speed sacrifice your engine to acid!

Acid that's greedy for metal is left over after combustion ceases in any engine. When you used to start often, and make long runs, thoroughly heating the engine, the acid mostly took leave. It wasn't the steady danger that it is today, with car usage restricted. But you can tame rampant acid by OIL-PLATING your little-used engine with Conoco Nth motor oil. Patented Conoco Nth brings your engine this oil's "magnet-like" effect—created synthetically. And that's how OIL-PLATING is held close against steepest inner engine surfaces, much like any good anti-corrosive plating... not all promptly draining down to the crankcase... not leaving fine surfaces all unfortified... hence not allowing free play to acid.

Conoco Nth Motor Oil

and her husband, J. C. Way, and the unknown heirs and legal representatives of E. H. Robinson, Lula Jones, Mrs. Mary Jackson, Jerome Jackson, R. H. Young, Charles T. Dycus, A. F. Hamm, Maude Wisdora, Amanda Jane Way, and J. C. Way. GRETING:

By virtue of an order of sale, issued by the Clerk of the District Court of Parmer County, Texas, on the 9 day of August 1943, as directed by the terms of said judgment. As Sheriff of said Parmer County, I have seized, levied upon and will, on the first Tuesday in September, 1943, same being the 7 day of September 1943, at the courthouse door of said Parmer County, between the hours of 2 o'clock P. M. and 4 o'clock P. M. of said day, proceed to sell for cash to the highest bidder all the right, title and interest of A. Reed, Dr. E. Harley, Dr. A. E. Elliot, in and to the following described real estate levied upon the 9 day of August, 1943, as the property of A. Reed, Dr. E. Harley and Dr. A. F. Elliot.

The South One-half of the northwest one-fourth (1/2 of NW 1/4) of Lot Number 15 in Section Number 32 in Township Number 9 South, of Range One East, of a Capitol Syndicate Subdivision of Parmer County, Texas, containing five acres.

Amount appportioned against said tract, \$115.26. Subject, however, to the right of redemption the defendants or any one interested therein, may have, and subject to any other and further rights the defendants, or any one interested therein, may be entitled to under the provisions of law. Said sale to be made by me to satisfy the above described judgment and foreclosing the lien provided by law for the taxes, interest, penalty and costs. The proceeds of said sale to be applied to the satisfaction thereof. Said sale will be made subject to the defendants' right to redeem the said property by complying with the provisions of law in such cases made and provided.

EARL BOOTH, Sheriff. Parmer County, Texas. Farwell, Parmer County, Texas, August 9, 1943.

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday, the 6th day of September, A. D. 1943, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 21st day of July, 1943. The file number of said suit being No. 1272.

The names of the parties in said suit are: Justine Monroe, joined pro-forma by her husband, Felix Monroe, as Plaintiffs, and E. H. Robinson, Lula Jones, Mrs. Mary Jackson, R. H. Young, Charles T. Dycus, A. F. Hamm, Maude Wisdora, Amanda Jane Way and her husband, J. C. Way, and the unknown heirs and legal representatives of E. H. Robinson, Lula Jones, Mrs. Mary Jackson, Jerome Jackson, R. H. Young, Charles T. Dycus, A. F. Hamm, Maude Wisdora, Amanda Jane Way, and J. C. Way, as Defendants.

The nature of said suit being substantially as follows, to wit: Suit in trespass to try title to all of Blocks 8 and 9, of the E. H. Robinson addition to the town of Farwell, Parmer County, Texas, plaintiff alleging that she was the owner in fee simple of said property and in possession thereof, and that on July 1st, 1943 defendants unlawfully dispossessed her therefrom and withhold possession from her, and prays for judgement for title and possession of said land and for damages, and plaintiffs plead and invoke the ten year statute of limitations.

Issued this the 21st day of July, 1943.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 21st day of July, A. D. 1943. D. K. ROBERTS, Clerk District Court, Parmer County, Texas. By Dorothy Lovelace, Deputy. (SEAL)

Bridal Shower Held On Wednesday, Aug. 4

A miscellaneous bridal shower for Mrs. Claude Coffey, nee Mable Gordon McCuan, was held Wednesday at the home of Mrs. John Porter with Mrs. Jack White and Mrs. Stanley Hillhouse as co-hostess.

Mrs. Linwood McGinniss presided at the lovely punch bowl. Bouquets of gladiola, zinnias and dahlias were used in decorating the entertaining rooms. Mrs. Jack White presided at the bride's book.

During the social hour, Mrs. A. D. Smith read and Mrs. Carl McGuire gave a vocal solo, accompanied by Miss Peggy Schleuter.

Those present were Mesdames A. D. Smith, John Porter, L. H. McGinniss, Jack White, O. N. Schleuter, Carl McGuire, S. G. Billington, Stanley Hillhouse, John Lockhart, J. Dale McCuan, W. T. North, D. B. Lanford, J. H. Birchfield, Garlon A. Harper, Clyde Magness and Alvernia Sharpe;

Misses Peggy Schleuter, Ada Bud McGuire, Billie Sharpe, Lorene Hodges and Loraine Hromas.

Regrets were received from: Mesdames W. W. Hall, Roy B. Ezell, G. C. Danner, Lee Osborne, Carl Davis, Morgan Billington, D. J. Brown, Claude Thomas; Misses Billie Hall and Reba Hillhouse; Claude Rose, Jr., and JeDon Porter.

Wedding Performed In Idaho, Aug. 4

Mrs. Blanche McDaniel, of Pocatello, Idaho, and Cpl. (Raymond Leinen, also of Pocatello, were married the past Wednesday, August 4, at the army air base chapel in that city.

Mrs. Leiner, the daughter of Mr. and Mrs. E. E. Booth, is well known here, having resided in and near Farwell for a number of years. She received special radio training in defense work in Denver, Colo., and for the past year has been engaged as a shop foreman in Pocatello.

Cpl. Leinen is stationed at the Pocatello Air Base, and the couple will make their home there.

Luncheon Held By Church of Christ

Ladies of the local Church of Christ gathered for a one o'clock luncheon the past Wednesday in the home of Mrs. Lewis C. Cox, in Clovis.

Enjoying the affair were Mesdames W. W. Magness, Bart Osborne, Ebb Randol, John Holland, Willie Goldsmith, J. B. Goforth, J. A. Jones, Noble Goldsmith, Monte Hamilton, W. E. Martin, Gilbert Ford, J. D. Thomas, W. I. Case of Hunter, Kansas; Misses Norma Jean Thomas and Evelyn Cox and the hostess, Mrs. Lewis C. Cox.

NEWS FROM OUR BOYS IN CAMPS

IN NEBRASKA

B. J. Brown, son of Mr. and Mrs. Travis Brown of Farwell, is now stationed at Wayne, Nebraska, where he is receiving special preparatory training as a naval cadet.

VISITORS HERE

Eugene Folger, Jimmy Campbell, Lt. William Porterfield and Cpl. Curley Cardinal, all of the Clovis Army Air Base, visited the past weekend with friends and relatives in and near Farwell.

MOVING AGAIN

Andy Marcus, who recently arrived in Seattle, Wash., after being on special M. P. duty that took him practically around the world, drops a card marked "In Transit" from Cheyenne, Wyo., stating that he is doing fine. Marcus formerly operated a poultry business here.

WRITE FROM SAN DIEGO

Raymond Moore, who was recently inducted into the Navy, writes from San Diego to friends here. He states that he likes Navy life much better than Army life. (Raymond served several years in the army some time ago but had recently been living at Houston). He is the son of Mrs. Ima Moore of Farwell.

IN SICILY?

S-Sgt. Carl Bullok writes from his base of operations, presumably in Sicily, to friends here that he is well. His letter leads to the belief that he has been seeing quite a bit of action lately, but no details are revealed.

WHITE IN GAUDALCANAL

Mrs. Tulon G. White, of Dimmitt, writes friends here that her husband, former clerk of the local draft board, is now in Guadalcanal with the Navy Seabees. Mrs. White says in part: "A Jap skull was sent back with 21 of the 14th Batt. of the Seabees names on it. Tulon had signed it and across the top was written '1942-1943 Guadalcanal'... I wrote and asked him about it and he replied that he remembered Charlie (Washing Machine Charlie was the name they had on the skull) but he (Charlie) did not look as well as he did the last time he (Tulon) saw him. Tulon also said he and Charlie had a misunderstanding and Charlie lost his head." White had been overseas one year August 8.

IS FILING CLERK

Pfc. James M. Berry of the United States Marine Corps, is now serving as a filing clerk on New Caledonia, he has written his parents, Mr. and Mrs. E. A. Berry of Farwell.

TAKES PART IN INVASION

Mr. and Mrs. Will Thomas of Friona are in receipt of a letter from their son, Ralph Thomas, who as a member of the Coast Guard took part in the recent invasion of Sicily. Excerpts from the letter follow: "As we have safely returned from the invasion of Sicily I will try to give you all the details possible.

"First thing that was exciting was an air raid the morning we were to leave our base here in North Africa in which I saw three enemy planes shot down, and believe me, it was some sight. Almost all you could see was a solid wall of tracer bullets in the sky, and one by one the planes would start down with a long streak of smoke and hit the grounds or water with a big explosion and a burst of fire. Then they would train the powerful spotlight on the next one. One plane was very clearly outlined against the sky and all of a sudden we could hear the scream of bombs and with a dull thud of the explosion the water would go 30 to 40 feet high but no damage was done that we could tell from the place we were anchored.

"Now for the invasion. Everything went pretty good, I thought, for we never lost a man although it was not the enemy's fault, but due to the very efficient way the army bomber and fighter pilots worked.

"We also saw 2 or 3 enemy planes shot down over Sicily, and due to good luck and the great efficiency with which the other forces worked we are safely back in port and I am eating some fresh 'ughnuts and drinking a cup of very good coffee."

IN JAPAN—MAYBE

Sgt. Tom Adkins, former local mechanic, who was taken prisoner when Bataan fell to the Japs, is believed to be now a prisoner of war in Japan. Tom says he mashed

his finger recently, which leads friends here to the belief that he may be engaged in war production for the Japs.

JENNINGS VISITS HERE

Elvin T. Jennings, son of Mr. and Mrs. O. M. Jennings of the Lazbuddy community, was home last week for a visit with home folks. He is stationed at Helena, Ark., where he is a flying instructor.

TO FINISH AT TAFT

Cadet Charles Thompson, son of Judge and Mrs. Lee Thompson, will finish his course at Taft Field, Calif., the latter part of this month and will be assigned to advance training. He says in a letter to his parents that he has completed his instrument and night flying with the exception of cross-country flying.

HERE ON FURLOUGH

Pvt. Andrew Williams of Camp Howe, Texas, is here spending a 10-day furlough with his mother, Mrs. R. E. Williams, and other relatives and friends.

FLIES IN FOR VISIT

Lt. Alan Rogers flew in unexpected Tuesday afternoon from Corpus Christi, Texas, for a visit with his parents, Mr. and Mrs. B. A. Rogers. Alan is an instructor at the Corpus naval air base.

VISITS PARENTS

Pfc. James Beller, of Lewiston, Wyoming, arrived the past weekend to spend a furlough with his mother, Mrs. Stanley Hillhouse, in Farwell.

Mr. and Mrs. J. T. Carter and family visited in Childress, the past week.

Mr. and Mrs. K. V. Willis and daughter, Pat, of Amarillo, visited with Mrs. Vance Crume in Farwell, Sunday afternoon.

John Nobles, of Midland, Texas, and Mack Nobles, of Amarillo, have returned to their respective homes, after spending a week with Mr. and Mrs. B. E. Nobles.

Mrs. Jim Hughes and sons and Mrs. Ruby Dixon left Monday for Oklahoma City, where they will visit for several days.

Mr. and Mrs. Carl Davis are visiting relatives and enjoying a brief vacation in Albuquerque this week. Ebb Randol is assisting at the store during their absence.

Mr. and Mrs. T. E. Levy have gone to the West Coast to see their son, Keith, in the service.

Mrs. R. E. Williams has recently returned from Douglas, Ariz., where she visited in the home of her daughter, Mrs. Auddie Barker, and family.

Mr. and Mrs. Wayne Wallace visited with Mr. and Mrs. Raymond Haynes last week, in Farwell, departing on Friday for San Diego, Calif., where they will reside.

Mrs. Bart Osborne left Tuesday for Los Angeles to visit her son, Randol (Snooks) Osborne, who has been confined in a military hospital there for some time.

Will Attend State THDA Convention

Mrs. A. H. Boatman, of the Hub community, has been named the official Farmer County delegate and will attend the regular Texas Home Demonstration Convention in Dallas, next week.

The association meeting convenes on August 17th and lasts through the 19th, it was announced. Mrs. Boatman plans to leave here August 16.

Mrs. Walter Moeller and baby son, of Muleshoe, are visiting relatives here this week.

Rev. J. C. English, of Pecos, and Rev. and Mrs. Sims of Clovis visited in Farwell on Monday.

Mr. and Mrs. O. M. Jennings have gone to Hot Springs, N. M., with the announced intention of remaining for three weeks.

Feed is scarce—so help save it by culling now.

You can cull 20% or more of your hens now if they have not already been culled. A reduction of 20% of culls in all flocks in Parmer County would mean a saving of hundreds of pounds of feed during the next two months.

Cull today, so you can feed tomorrow.

Confine hens to the house during the night—next morning use a catching hook and work quietly among them. Take out all that look like this:

1. Shriveled combs.
2. Yellow legs and beaks.
3. Molters.
4. Weak and emaciated.
5. Grey eyes.
6. Saggy abdomens.
7. Coarse, masculine heads.
8. All roosters.

Weed the Culls. Feed the Layers.

When you cull your flocks now you accomplish four important things:

1. Save feed.
2. Meat for the table—saves ration points.
3. Canned chicken—for year-round use.
4. Cash for loafers.

Farming Talk

By GARLON A. HARPER
County Agricultural Agent

Texas A. & M. Extension Service

It has been estimated by the Department of Agriculture that livestock farmers are losing over four hundred billion dollars yearly due to disease and livestock pests. One of the most important of the diseases causing this loss is what is commonly called Bang disease, or contagious abortion.

Bang's disease spreads rapidly through herds and very often every cow on the farm can become infected within a few months. However, Bang's disease CAN be eliminated from the farm very definitely. The elimination of Bang's from an infected herd may prove costly and for this reason farmers are often inclined to pass over the trouble and forget about it so that they won't have the loss they must take on good cows by placing them on the slaughter block. Nevertheless, these men are fooling no one but themselves. In an experiment conducted by the Department of Agriculture on an average sized dairy herd of average production it was found that cows infected with Bang's were bringing in an income of \$100 less per cow than cows not infected, each year. Bang's will reduce milk production, cause other disease troubles, and cause a very definite loss of calves. Then, there is the danger of transmitting the disease to humans who use milk from infected cows.

When you add this up the reasonable and thinking livestock farmer can reach only one conclusion and that is to take immediate steps to control and eliminate the disease from the farm. The first step is to test all cows. If there are very few reactors these should be immediately sold and the herd given a retest within a short time. If the disease appears to be well spread on the farm vaccination of heifers calves at about the age of six months should be made a regular program. This will eventually build up a herd which is immune to Bang's. There is some doubt about the vaccination of mature cows. Most veterinarians are not ready to recommend this practice at the present time, although some veterinarians will.

The cost of testing or vaccinating is very low. The high cost of eradication comes in selling good producing dairy cows or high bred beef cows as slaughter animals. However, the cost isn't too high when we consider what Bang's will do for our cattle industry if allowed to continue and spread. LET'S TEST 'EM OUT NOW.

Our Quota

Wheat Planting Not Restricted for 1943

Final announcement that no farm wheat allotments will be set up for the 1944 crop was received at the local AAA office early this week. This news follows the earlier information that wheat marketing quotas had been lifted. The lifting of allotments has the effect of removing virtually all restrictions on the acreage of wheat a farmer may plant and market. There remains only the stipulation that to be eligible for a wheat loan in 1944 a farmer must observe practices consistent with approved farming methods.

It is felt that there will be enough wheat produced on land now in cultivation and adapted to the production of wheat without the necessity of breaking out sod land, sowing "restoration" land or "blow" land, or failing to practice strip cropping where needed, AAA officials said today.

B. F. Vance of College Station, explained the current policy toward wheat acreage in the following words: "Although there is no limit as to the number of acres of wheat which may be planted on a farm, it is felt that the 68-million acre national goal can be attained by confining wheat plantings to land adapted to the production of wheat and without abandoning farming practices needed to maintain production and prevent wind and water erosion. Good farming practices of proven value in this connection include summer fallowing, contour farming, strip cropping and crop rotation."

The experience of Parmer County farmers with these better farming methods in recent years bears out Vance in setting them up as desirable practices. The better-than-normal wheat yield in Parmer County this year may be attributed largely to acreage that was summer fallowed in 1942.

Increase National Goal
Instead of allotments for 1944, the Department of Agriculture has set up a national goal 13 million acres greater than the 55 million acres allotted for 1943 harvest. This goal of 68 million acres will be broken down into state and county goals to be used as a guide for 1944 production.

In meeting these acreage increases, farmers are reminded that the need for other farm commodities, such as cotton, grain sorghums, soy beans and peanuts is just as great as ever. In seeding the greatest possible acreage to wheat, they should not overlook the advantage of diversification, nor the rich returns to be had from other crops. All can testify to the acute shortage of livestock feed in the area right now.

No Wheat Payments

Present legislation does not provide for wheat payments in 1944. Instead, the emphasis on next year's program will be on soil-building and soil-conserving practices carried out during the crop year. Congress has already approved 300 million dollars for payments to farmers in 1944, all of which will be earned through the performance of approved practices.

If Parmer County is to receive full benefit from this appropriation, AAA officials say, farm operators should plan now to earn their full soil-building allowance in 1944.

FARMERS BLAMELESS FOR FOOD COST RISE

COLLEGE STATION—Recent rises in food costs are due largely to higher handling and marketing margins, and very little to increased prices to farmers.

According to a recent USDA study summarized by C. E. Bowles, these marketing charges now are 12 per cent above the prewar period, 1935-39, and in May, 1943, reached the highest level since 1931. Bowles is the organization and marketing specialist for the A. & M. College Extension Service.

In the period covered by this study (mid-April to mid-May, 1943) Bowles explains, retail food costs to consumers rose three per cent. None of this was passed back to the farmers who produced the food. Fresh fruits, vegetables and meats were among the foods showing retail advances.

In May, for example, sweet potatoes retailed at an average of 17.9 cents a pound. Of this price paid by consumers, farmers got 4.1 cents and marketing costs and profits took 13.8 cents. The government supported price announced for the bumper 1943 sweet potato crop will pay growers about 1.5 cents a pound for number ones delivered at the sheds, Bowles observes.

Beef, pork and lamb prices as a group rose more than one per cent at retail, but prices paid to farmers for their live animals actually declined.

Incomes of all groups in the nation, including salaries, dividends and wages, have risen more rapidly than food costs, Bowles continues. During the five years immediately preceding the war, 22 per cent of the average income was spent for food. But early in 1943, the bill for the same quantities of food could be paid with 16 per cent of the average income.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for the week ending August 7, 1943 were 21,355 compared with 22,855 for the same week in 1942. Cars received from connections totaled 11,804 compared with 11,949 for the same week in 1942. The total cars moved were 33,158 compared with 34,804 for the same week in 1942. Santa Fe handled a total of 33,392 cars in the preceding week of this year.

RANGE PARALYSIS IN POULTRY

COLLEGE STATION—Leukosis, or range paralysis, has been more prevalent during recent months than other poultry diseases, according to Dr. W. A. Boney, poultry veterinarian for the A. & M. College Extension Service.

Its cause, thought to be a virus, has not been isolated. Infection causes an abnormal growth of blood cells. Occasionally it takes the form of what is called the big liver disease, and at other times appears as a tumor. On rarer occasions it takes the form of enlargement of the bones, especially the shanks, which become greatly distorted in size. The disease is transmissible through the egg from adult to offspring, and from infected to non-infected birds by bites of external parasites such as blue bugs, fleas, mites and mosquitoes.

Dr. Boney says the disease manifests itself wherever it strikes. For example, if infection appears in the eye, the grey eye form of range paralysis is present. The pigment of the iris around the pupil fades to a jagged grey, and the pupil also becomes jagged. Dr. Boney cautions, however, care in culling young birds because their eyes normally are of grey color before they come into production.

Although no medicinal treatment has been found for the disease, Dr. Boney recommends as a preventive the control of external parasites through a good program of sanitation and spraying. For the house and roosts he suggests carbolineum one part and kerosene four or five parts. As a further precaution keep young pullets from sharing poultry houses with older birds. If this is not possible, a thorough culling of older birds should be made before the pullets are allowed to house with them. All lightweight, emaciated, crippled and grey-eyed birds should be removed.

Shoulder Arms!

This is an all-out war, in which the lowly farm chicken is playing an important part. Our soldiers must have plenty of meat and eggs—and with the shortage of beef, poultry is being urged as a substitute.

We must have more dressed poultry to meet our needs for our fighting men. Keep your flock well culled and bring us those mature fryers every week to help us meet this demand. This is a patriotic service you can perform for our men in uniform.

The Only Things that Come to Us that are Worth Anything are "THOUGHTS"

TAKING THOUGHT FOR THE FUTURE

In the manner and method of preparing the SEED BED and in PLANTING the SEED, on the part of the FARMER; and the correct GRADING, STORING and MARKETING on the part of the DEALER, ARE THE INITIAL STEPS in securing a good yield for NEXT year... We deem it a pleasure and a privilege to co-operate with OUR PATRONS in all their work.

Farwell Elevator Co.
