

No Draft Call For Parmer in March

LT. TOM M. CALDWELL, son of Mr. and Mrs. J. R. Caldwell, who was recently commissioned as a pilot in the Army Air Forces. Caldwell is the second boy in the family to receive the coveted wings. He has been assigned to Boise, Idaho.

Parmer County will not be required to furnish a quota of selectees to the draft program in March, it was revealed here today through the office of the local board. At the same time, board members began to "brace themselves" for the April call, yet to be received.

Board members pointed out that as a general rule when a bye is drawn for a monthly quota the succeeding month's call is hiked. It was predicted by officials that the April call would be filled by single boys, "unless it is considerably higher than we expect," one member added.

Classifications Determined

The local board was in session here Sunday afternoon, during which time classifications were determined on 139 registrants.

Many of the registrants whose classification was considered last Sunday were retained in class 3-A, pending more specific information from national headquarters with reference to the essential or non-essential activities in which many of the local registrants are now engaged.

"The occupations of a number of our registrants are neither listed in the essential nor non-essential classification list," one board member pointed out, adding, "We simply left such registrants who have families in class 3-A, hoping that their classification will be clarified by national headquarters before April 1, the date set on which all men in the military age limits must get into essential activity or face induction."

Going a bit further, this board member said that it appeared likely that many married men in this county now engaged in various non-essential activities faced the probability of being inducted unless Congress changes the present regulations.

Mrs. Bessie Lee Henneman, clerk of the board, announced the following classifications as a result of Sunday's session: 1-A, 3; 2-C, 1; 3-A, 1; 3-B, 28; 3-C, 97; 4-H, 4; 4-A, 1; 1-A, pending physical examinations, 5. Those ordered to take their first physical exams were James W. Guinn, Ross M. Glaze, Jr., Wm. Junior Palmer, Eugene Francis Southall.

Former Farwell Man To Manage Kemp Yard

Walter Harrison, auditor of the Kemp Lumber company, was here from Roswell the first of the week, inspecting the records at the office of the local yard and making ready for a permanent manager.

While here Mr. Harrison announced that Joe Crume, son of C. E. Crume of this city, had been selected as manager to take over the local yard, succeeding Roy W. Bobst, deceased.

Crume has been associated with the Kemp company for a number of years and for the past year has been located in Roswell. Harrison said that Crume would take over the local yard "within the next week or so," depending upon when a relief man could be secured in his stead at Roswell.

Wartime planting is going to mean almost as much as wartime plants.

Luncheon Sets Again Offered Subscribers

By popular request, The Tribune is this week offering its special sub-ideal in which new or renewal subscriptions will bring an attractive 32-piece crystal luncheon set.

This offer was staged by this paper last January and proved extremely popular. Women who received the luncheon sets were so enthusiastic about them that the offer has been re-opened.

After much correspondence, a limited supply of these luncheon sets has been located and the offer is open for the month of March only.

In addition to the crystal dishes, the offer includes The State Line Tribune for one year and The Progressive Farmer for five years, all for only \$3.98.

Ask any lady who got one of the sets during January what she thinks about them, or come to The Tribune office and see a set now on display. The dishes are full size and would retail at not less than six dollars at any dealer's.

Roberts Closes Cube Plant For Duration

M. C. Roberts, operator of the Roberts Seed Company in Texico, the largest single industry of the Twin Cities, announced today that he had closed his cubing plant for the duration.

He gave as reasons for closing his inability to obtain materials to be used in the manufacture of the cubes, principally cottonseed meal and molasses. "We have orders for many carloads of cubes that we are unable to fill," Mr. Roberts said, "but when we are not able to get materials there is nothing left for us to do but to shut down."

He added that his crew of men would be shifted to other duties in his elevator and seed plant, and that no men would be forced out of employment by the shut-down.

New License Tags On Sale Monday

"An awful lot of money for such a little piece of tin" was the reaction at the sheriff's office this week as Parmer residents began laying cash on the barrelhead for 1943 license tags.

Actually the plates are better than might have been expected, complete with county serial numbers, the date and state name, and the size of the tabs—one inch wide and four inches long—drew comment.

License plates for 1942 will be retained on the car, with the new tabs bolted on over the old ones, it was said. Despite the size, price levels remain at the 1942 figure.

Plates were put on sale Monday, March 1, but it is not required that Texas operators display the new tags until April 1.

D. E. Habbinga was the first to be issued a passenger tag, the plate

number being EJ9-470. Commercial tags for Parmer bear the MU38 serial, while farm plates are tagged RL3. All are black with yellow lettering.

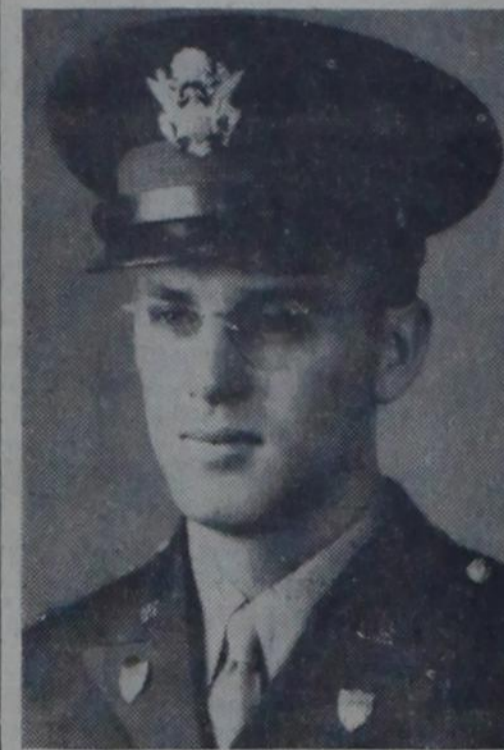

Must Have Titles

Mrs. Bess Mansfield, deputy, stated positively this week that "no plates will be issued to anyone who cannot produce a certificate of title showing ownership of the vehicle."

In the past, she pointed out, tags have been issued when the registrant had only his license receipts of the year before as evidence of ownership, but officials have turned thumbs down on the practice. In other words, it's certificates of title or no tags.

The sheriff's office asks that 1942 license receipts be presented with certificates, as the old numbers must be listed on the 1943 license receipt.

County Red Cross Workers Named

SON OF MR. AND MRS. J. L. Landrum is Lt. Jesse Landrum, pictured above, who was commissioned from officer's candidate school.

Lt. Landrum graduated from the Farwell high school and was inducted April 3, 1941. Within a year he moved up to Staff-Sergeant, as secretary to the Post Commander at Ft. Bliss. Shortly after he was selected to attend the Adjutant General's Officer Candidate School at Fort Washington, Md., being commissioned last Sept. 19.

He was retained as instructor in Army Administration at Fort Washington and later made Assistant Adjutant of the Post, which position he now holds. He is eligible for promotion to First Lieutenant March 13.

Committee Named To Select School Ticket

The Farwell school board, in session Monday night, named a committee of eight men to meet and select nominees for the forthcoming school board election of the district, at which time five vacancies are to be filled.

With the suggestion that this committee meet at the office of the county judge on the afternoon of March 13, the following were named: J. O. Ford, G. D. Anderson, John Aldridge, John Armstrong, J. C. Temple, Jack Dunn, J. P. Tate, and Frank Phillips, present member of the board.

Terms of three members of the board will expire this year and there are two additional vacancies, making a total of five new members to be selected. Expiring members include E. M. Deaton, president of the board, W. H. Graham and Olen Schleuter. The other two vacancies, caused by removal and death are Ray Ford and Roy W. Bobst, respectively.

Stockmen To Purchase Proven Sires, Heifers

Parmer County milk production is expected to take an upward turn in the future as the result of the importation of proven herd sires and tested heifer stock, County Agent Garlon A. Harper believed today.

At a meeting held the past Friday in Farwell, attended by some 25 county farmers, the group made definite plans to visit Jersey dairy herds on which production records have been kept, and purchase bulls and heifers.

Purchase of the stock will be on an individual basis, but private agreements are being made over the county whereby herd sires will be exchanged among various herds, in order that the majority may be benefited through the project.

Several of the group plan to visit dairy farms in the near future and make arrangements for securing the new stock. Farmers who are interested are asked to contact the agent. Visitors at the meeting were Bill Tenny and Mr. Hoppood, FSA men from Amarillo, and Raleigh C. Middleton, Parmer FSA supervisor.

RAILROAD CROSSING OPEN

The State Line railroad crossing, which has been closed for the past three weeks, was open to traffic last Saturday. The crossing was closed while two lines of new track were being laid across the highway, during which time motor traffic was forced to detour.

The Red Cross Motor Corps transported eight blind women to and from Red Cross home nursing classes in Omaha.

School Trustees to Be Named in April

MRS. LINTHICUM ILL

Mrs. Lucy B. Linthicum, 84, a resident of this section for more than 40 years, is reported to be gravely ill at her home some 12 miles south of here. No report had been received as to her condition Wednesday morning, but prior to that time it was feared that her passing was only a matter of a few hours.

Ask \$650 Of Texico In Red Cross Drive

Mrs. LeRoy Faville, who is assisting other Texico workers in the Red Cross War Fund drive, stated today that Texico had been given a quota of \$650 in the campaign.

She said that an intensified effort was being made to raise the Texico allotment. Persons desiring to make contributions to the Texico quota should contact Mrs. Faville.

The Curry County quota has been set at \$13,000.00, and efforts are being made to reach this goal by March 13.

Mercury Tumbles When Blizzard Sweeps Area

Hopes for an early Spring with plenty of fresh garden vegetables to meet the point-rationing program were banished over this area Monday when a blizzard swept in from the north, bringing a light covering of snow and mercury readings that ranged from 8 degrees only slightly upward.

The blizzard followed on the heels of balmy weather that had prevailed throughout most of the month of February, causing fruit tree buds to swell to the near-blooming point and bringing visions of early gardens.

Orchardists expressed the belief that as yet the prospects of a fruit crop had not been lost, however. Pears and plums are in the most dangerous stage, with cherries and peaches still considered safe.

Period Extended On No. 12 Sugar Stamp

Although the actual ration allotment is not affected, Sugar Stamp No. 12 will be valid for a period of 11 weeks, it was stated today at the local ration office. The stamp may be used after March 15.

Computing on the one-half pound per person weekly allotment, the stamp will be good for the purchase of 5 pounds of sugar, board members said.

In the past, sugar rations were made for a period of six weeks, with three pounds set as the limit.

ELECT NEW TEACHER

Mrs. Elizabeth Sewell, sister of Nelson C. Smith, has been elected as a member of the Farwell school faculty. She will take over in place of Mrs. J. T. Carter, substitute teacher, and Mr. Smith, who has been "pinch-hitting" as a school teacher for the past month.

Rationing Means Menu Planning

Hightower To Stage Farm Sale March 8

A general farm sale, including livestock, implements and household goods, will be held at the R. L. Hightower farm 5 miles southeast of Farwell on Monday, March 8, beginning at 11 a. m.

The list of items to be offered by Mr. Hightower and others that have been consigned to the sale will be found in this issue of The Tribune. Mr. Hightower said that due to his advanced years and the inability to secure sufficient farm labor he was retiring from the farm. He has been farming at his present location for more than 20 years.

GREAT FALLS, Mont.—Five women from Choteau made a round-trip drive of 55 miles, five nights a week for seven weeks to take a Red Cross Nurse's Aide course here.

County Judge Lee Thompson today called attention to the first Saturday in April, as the date on which a number of school trustees are to be elected in the various school districts over Parmer County.

He listed eighteen present members of school boards whose terms will expire this year and also three members of the county school board who will complete their tenure of office this spring.

Judge Thompson said that in a number of instances the person named in the records of his office are not now actual members of school boards, having been succeeded by appointments in some of the independent districts.

He listed the following trustees whose terms will expire on April 3 of this year:

Frank Lookingbill, Black; Roy Bearden, Rhea; D. O. Robason, Lakeview; J. R. Harris, Luther Hollis, J. R. Wilson, Midway; John Gammon, Bill Sherley, W. H. Gammon, Lazbuddy; E. A. Berry, Jack Roach, Oklahoma Lane; E. M. Deaton, Olen Schleuter, W. H. Graham, Farwell; Lonnie Baxter, R. H. Bellew, Friona; Alfred Berggren, W. V. Cunningham, Bovina.

County trustees whose terms will expire are F. W. Reeve, Friona; H. T. Reynolds, Bovina; F. E. Kepley, Farwell.

Restaurants, Cafes Register For Goods

Beginning on Monday, March 1, all commercial eating places and other institutional users are being registered for allotments of canned, dried and frozen foods, Chairman John Armstrong of the Parmer county board said today, adding that such registration closes March 10.

All institutional users, as boarding houses, hospitals, jails, canteens, restaurants, drug stores and hotels, must register—as they will not be allowed to use rationed foodstuffs after March 10 (even if they have them on hand), unless they are registered, the chairman pointed out. Furthermore, all foods on hand which are affected by point rationing must be declared, although how a deduction would be made for excess was not announced.

Extra Rations May Be Made Through increased flexibility of rationing rules, supplementary rations may be issued for restaurants whose trade has increased to a point where patrons cannot be served under the initial set-up. Likewise, hospitals may obtain special allotments to meet the dietary needs of patients.

Allotments will be made for a period of two months, and will also affect sugar and coffee rationing, it is stated, with a new base to be used in computing allowances of the last two named.

Chairman Armstrong stated that registration of such institutional users will be conducted in the office of the board in Farwell.

H. Y. Overstreet, chairman of the American Red Cross War Fund Drive, today announced the names of seventeen workers who have been named to assist with the drive in raising the Parmer County quota of \$1,700.00.

Simultaneously, the War Fund Chairman stated that raising of the county's quota was well underway and expressed confidence that Parmer would be able to report "over the top" within the next few days. He was unable to give complete reports of contributions already received for the reason that he had no report from the various county workers since early this week, but he went on to express his opinion that "we will have half of our quota by the last of this week."

Urging his co-workers to make a determined effort to raise the quota in the shortest time possible, Overstreet emphasized the importance of "not allowing the drive to drag. We should be able to raise this amount within the next week or ten days". In this connection, he also urged all persons of the county to make it a point to contact their community workers rather than waiting for the workers to be forced to call on them.

"Voluntary contributors should feel a sense of obligation in looking up their community worker, rather than the reverse order," he said.

Workers Are Listed

The seventeen county workers named by Chairman Overstreet are: Farwell—Mr. and Mrs. H. Y. Overstreet.

Lazbuddy—Bill Sherley, Oklahoma Lane—Mrs. E. W. McGuire.

Lariat—Mrs. E. M. Deaton, Midway—Mrs. J. W. Crim.

Friona—Frank Spring, J. R. Roden, Rev. Joe Wilson.

Bovina—W. E. Williams, Mrs. Lady Barbee.

Rhea—Mrs. Floyd Schlenker, Parmerton—Mrs. Chas. Turner.

Black—Mrs. Clyde Hays, Live-at-Home—Mrs. L. F. Lillard, Lakeview—Mrs. E. L. Fairchild.

Hub—Mrs. Will Jones, Mrs. A. H. Boatman.

Farm Machine Repair Shop Open at Farwell

T. A. McCuiston, Farwell vocational agriculture director, announces today that beginning this week a special repair clinic for farm machinery will be conducted at the Farwell school, under the supervision of the Rural War Production training program.

Three nights each week will be set aside for a period of ten weeks, during which time farmers will be given an opportunity to construct and repair their farm machinery, with J. W. Thompson, local blacksmith and welder, on hand to assist in the work.

Opening night of the repair school is Monday, March 8, and subsequent dates will be announced at that time.

"With materials and labor becoming more scarce all the time, farmers are urged to take advantage of this opportunity to secure the use of equipment and guidance in repairing all types of machinery," McCuiston stated.

A half-filled stamp book is like a half-equipped soldier.

Casual cookery practiced by so many American working housewives—the kind where you dashed to the kitchen at ten minutes before mealtime, opened a can of soup, a can of beans and a can of spaghetti, finishing up with a can of pineapple—is now a thing of the past.

In fact, if the family is to finish up the ration period on meals consisting of something besides fresh vegetables and fruits, some bread and perhaps scrambled eggs, the cook must know definitely what she is going to prepare each day of the month.

Reason for this is simple—in a breath, point rationing. Furthermore, the wise housewife will look ahead to the time when meats will also be rationed and begin figuring out ways and means of stretching such allowances.

Comprehensive planning of what to buy with the 48 ration points issued each person in the family is

essential and wise buyers will make meal plans, list the points which may be expended each day, and buy strictly according to schedule.

List Points in Advance Storekeepers are asking that their patrons have on hand a list of groceries they wish to buy and a like list of points required, in order that sales may be handled as rapidly as possible. Figuring out how to spend points while wandering around gazing at the grocer's shelves, they add, will likely lead to confusion for all.

Furthermore, grocers are not allowed to make point "change" and exact point numbers must be given. Officials of the ration plan advise that housewives use larger stamps first, saving the one- and two-point stamps for the last part of the ration period.

Complete charts on all foods affected by point rationing have been posted in all stores, along with point information on shelves of goods to aid the harried housewife as much as possible.

Health Notes

by Texas Department of Health

AUSTIN—The careless or uninformed use of medicines cause much serious illness and even many deaths in Texas every year, Dr. Geo. W. Cox, State Health Officer, said today in a statement urging the public to use caution in self-medication.

"It is never safe to take medicine in the dark," Dr. Cox said. "Always read the label carefully to make sure the aspirin you expect to take is not a bichloride of mercury tablet. As a matter of fact, poisons and medicines containing poison should be kept together, well out of the reach of children and marked in some distinctive manner. Another thing to remember," Dr. Cox said, "is that medicines should always be taken exactly as directed by a physician because many beneficial medicines can do untold harm if taken too frequently or in too large quantities. It is well to stop and think that you may be taking your own life in your hands when you take medicines casually."

The State Health Officer also warned of the danger in the inclination of many persons untrained to diagnose and treat their own ills. Such persons are likely to guess wrong, he asserted, and while they may not take medicine that is actually harmful, they are nevertheless postponing accurate diagnosis and the resulting proper treatment that could help their illness.

"The safest rule is never to use medicine, internally or externally, that has not been prescribed by your doctor and for that particular illness with which you are suffering," Dr. Cox concluded.

in Friona, is much improved. Children are ill with measles.

A number of the lower grade pupils. Mr. and Mrs. Tom Horton are announcing the birth of a 7½ lb. grandson, Kenneth Gaines, born to Mr. and Mrs. Alvin Gaines, Feb. 25.

Mrs. Mary Waltman of Spur, Tex., is visiting relatives here this week.

Willie Williams moved his family to the Ross home west of town, Friday.

While chasing his hogs, Doc Camp fell and fractured his right knee. He received first aid treatment in Friona and was moved to a Lubbock hospital for further treatment.

Mr. and Mrs. Johanie Glover and son spent the weekend with his parents.

Mr. and Mrs. Earl Richards are the parents of a baby girl, born Feb. 28.

W. O. Cherry and Bass Elliott attended the physical fitness training program in Lubbock, last weekend. Both report a good time and some profitable experience.

SANTA FE CARLOADINGS

Santa Fe System carloadings for the week ending Feb. 27 were 21,081 compared with 20,923 for the same week in 1942. Cars received from connections totaled 12,745 compared with 8,028 for the same week in 1942. Total cars moved were 34,546 compared with 28,951 for the same week in 1942. Santa Fe handled a total of 33,153 cars in the preceding week of this year

NEWS from FOOD
YOUR COUNTY EXTENSION AGENTS FOR VICTORY
TEXAS EXTENSION SERVICE

By Garlon A. Harper
County Agricultural Agent

Texas A. & M. Extension Service
Indications now are that there will be approximately 12,000 to 15,000 acres of soybeans in Parmer County in 1943. The primary purpose of growing soybeans now is for use as a war crop, but while we are growing them for that purpose we might as well make use of them as a soil builder.

Soybeans grown as a crop without inoculation with the proper nitrogen bacteria are just like any other crop, in that they take soil and plant food from the soil and do not return as much as they took out, even if the hay or stalks are left on the ground. When they are inoculated with the proper nitrogen fixing bacteria they are able to take free nitrogen from the air and store it in the roots of the plant and in the soil. When properly inoculated the beans produce more and the soil is left in a better condition, so far as plant food is concerned, than before the soybeans were grown.

Properly inoculated beans often make as much as several hundred pounds more per acre than those grown on similar soil and not inoculated. During 1941 a Parmer County farmer grew beans which had been inoculated. The following year he planted sudan on this land and on land which was treated or farmed in the same manner, with the exception that cotton was grown on the other land in 1941. With the same treatment in 1942, the soybean land made 300 pounds more sudan per acre than the cotton land. This is proof enough that inoculation of our soybeans will produce more and pay us in more beans produced, as well as leaving the land in better plant food condition.

Inoculation is very simple. Nearly all seed companies in the county keep this material and the cost is not high. The results will more than pay for the added trouble and expense.

STEPS IN MAKING HOMINY

By Elsie Cunningham
Home Demonstration Agent
Extension Service, Texas A. & M.
With Parmer County homemakers carrying point-ration books to market, new ways of managing are in prospect. Judging from many requests for recipes, food has been given their careful attention. Several say they have a lot of corn on hand and want instructions on making hominy. Here are the steps in making hominy:

(1) Let corn soak several hours or overnight in warm water. If corn has been gathered a long time or

CON-D-MENTAL

Doesn't fool you, for healthy baby chicks and growing hogs, hens, too . . . eggs, more eggs; worms, kills insects, roup, sore head and prevents disease. Ask your neighbor. Buy Con-D-Mental from your dealer. Sold and distributed by C. G. Ritchie, 407 Wallace, Clovis. 12-8tp

WANTED—Bids on construction of two blocks of curb and gutter in Farwell. See T. E. Levy or O. C. Sikes. 14-tfc

FOR SALE—Around 100 Chinese elm trees, 3 to 4 ft., 10c each, take them up yourself. Mrs. J. H. Nabors, Farwell. 15-3tc

FOR SALE—One 2-row P. & O. lister, a good one. See J. F. Pesch, 5 miles west from Bovina on 80-foot road. 15-5tp

FOR SALE—Regular Farmall tractor, mechanically A-1, with planter and lister, mounted on rubber. See Oda's Murphy, first house west Texico cemetery. 16-1tc

LOST, STRAYED or STORED—One black horse, black and white spotted, no brand, 15 hands high. Notify Luther Moss, Texico. 15-1tp

OPEN RAWLEIGH ROUTES are scarce but in so vast an organization expansion creates new opportunities. If ambitious, willing to start with good earnings and increase rapidly write for full information. We supply sales, advertising literature, all you need. Rawleigh's, Dept. TXC-254-117, Memphis, Tenn. 16-1tc

LOST—Leather billfold, containing valuable papers, belonging to C. W. Davis. Please return to Fred Henry, Farwell, for suitable reward. 16-1tp

has been grown under dry conditions it might help to loosen the hull by boiling in clear water 20 to 30 minutes, after soaking several hours.

(2) Use iron, enamel or porcelain kettle for lyeing process.

(3) Make lye solution by dissolving 2 full tablespoons of concentrated lye to each gallon boiling water. Usually 2 lbs. of corn may be treated with 1 or 1½ gallons of lye solution.

(4) Add corn to lye solution and boil rapidly 25 to 40 minutes. Stir often and at the end of 25 minutes drop a few grains in cold water to see if the hull and eye slip out easily with a little pressure of the finger. Avoid cooking so long that the grains begin to get soft or the lye begins to burn corn, making it dark.

Mix it with your feeds for great results!

Complete line of starter and growing mash, including turkey starting mash.

MALONE ICE & PRODUCE CO.

Farwell, Texas.

- (5) Drain off lye solution.
- (6) Pour on cold water. Either allow cold water to run over it, or let it soak in cold water for 3 or 4 hours, changing water 6 or 7 times to remove all traces of lye.
- (7) Cook hominy until tender and salt to taste if it is to be eaten fresh. If it is to be canned, boil for about 20 minutes.

CANNING HOMINY: While boiling hot, pack loosely in pint glass jars. The corn should be about 2 inches below jar rim. Add ½ teaspoon salt per jar. Fill with boiling liquid to within 3-4 inch jar top. Seal and process at 17 lbs pressure for 50 minutes. Cool jars as soon as possible; store in a COOL, DARK, DRY place.

Maybe an epidemic of gout wouldn't be so bad. It least it would keep people from kicking.

Approximately one-sixth the population of Texas depends upon the petroleum industry for their entire living.

Earl Booth

Tax Collector, Parmer County

As I am leaving the farm, I will sell at public auction at my place 1 mile south and 4 miles east of Farwell, 1 mile north and 4 west of Lariat, on Highway 70, the following property on

Monday, March 8th

SALE STARTS AT 11 A. M. TEXAS TIME

Livestock

- 1—fat roan calf.
- 1—Reg. Poland China gilt, wt. 225.
- 2—mare mules.
- 1—horse mule.
- 75—Buff Orpington hens.

Machinery and Farm Tools

- 1—Allis Chalmers tractor, Model 38 type W. C., ready to go.
- 1—John Deere regular tractor.
- 1—feed grinder and belt, good one.
- 1—4-wheel trailer on rubber.
- 1—6X8 ft. hen house.
- 1—3-section harrow.
- 1—dirt scraper.
- 1—12-hole wheat drill.
- 2—1-row binders.
- 2—1-row cultivators.
- 1—2-row cultivator.
- 2—2-row horse drawn go-devils.
- 2—sleds and knives.
- 1—hay press.
- 1—1-row planter.
- 1—2-row sod planter.
- 1—6-foot disc harrow.
- 3—farm wagons.
- 1—pump jack and chore boy.
- 1—One-way, 9 ft.
- 1—horse power engine.
- 1—well block with rope, lifters, wrenches and snatch block.
- 2—post hole diggers.
- 2—feed troughs.
- 10—cross ties.
- Some tin barrels.
- 1—saddle.
- Some harness and collars.
- 1—de-horn clipper.
- 1—wash pot.
- 42—fruit jars.
- Grain scoops, forks, spades, hoes and wheel barrows.
- 1—14-inch breaking plow.
- 1—1-row turning plow.
- Junk iron and other things too numerous to mention.

Household Goods

Walther Leaguers Have Officer's Conference

The Walther Leaguers, a Lutheran youth organization of Lariat, Clovis and Rhea met last Wednesday in the Immanuel Lutheran Church in Rhea for an officer's conference. A hymn was sung to open the program, followed by the scripture reading and prayer by Rev. R. Weiser of Lariat. The minister then opened the conference with a talk on "A Good Officer", stressing the "knowing" their duties as a necessity for performing them. Rev. Karl Keller of Clovis spoke on the topic, "A Good Leader", in which he emphasized the "doing" and "getting things done" as an officer.

Individual group discussions were held by the three departments of the League, administration, Christian knowledge and Christian science. Rev. Keller led the administrative group, Rev. H. Ries of Rhea supervised the discussion for the Christian knowledge department and Rev. Weiser discussed with the officers of Christian service the great possibilities of their office. The meeting was closed with a vesper service conducted by Rev. Ries, speaking on the theme "Sanctify Yourselves".

Dinner Honors Visiting Soldier on Sunday

Mr. and Mrs. N. J. Brand entertained with a dinner in their home, Sunday, honoring their son, Pvt. Jerry Brand of New Orleans, La.

Many friends called during the afternoon. Guests in the Brand home during the day were Mr. and Mrs. T. H. Richey of Texico, "Grandma" Goldsmith of Farwell, Mr. and Mrs. Buck Lloyd, Mr. and Mrs. Henry Lloyd, Mr. and Mrs. Buddy Lloyd, Mr. and Mrs. Johnny Brand and daughter, all of Friona; Mr. and Mrs. Odom Smith, Mr. and Mrs. Jesse Brand and children; Mr. and Mrs. Frank Eason of Lariat; Miss Frankie Tipton, Ruby and Raymond Brand, Mrs. Max Huber, Pvt. and Mrs. Jerry Brand.

Ensign Bell Weds Miss Jane Eagar

Mr. and Mrs. Joe W. Bell of the Pleasant Hill community, are this week announcing the marriage of their son, Ensign Forrest Bell, to Miss Jane Eagar of Lubbock.

The nuptial vows were read in Dayton, Ohio, on February 17.

Both Ensign and Mrs. Bell attended Texas Tech at Lubbock and hold degrees from that college. He received his naval commission Feb. 16. Mrs. Bell has been employed in Dayton on government work.

Ensign Bell has been assigned to the diesel school at Cornell University, Ithaca, N. Y.

Society Has Regular Meeting, Feb. 24th

Members of the Women's Society for Christian Service of the Methodist Church held at regular meeting the past Wednesday afternoon in the home of Mrs. W. H. Graham.

Mrs. Paul Tripp was in charge of the program, conducting the discussion on "World Peace".

As one of the charter members of the society, Mrs. B. E. Nobles was honored with a surprise birthday shower at the conclusion of the program.

The hostess served refreshments to Mesdames J. H. Barger, Lena Yoder, G. W. Atchley, B. E. Nobles, B. A. Rogers, Ralph Humble, and Paul Tripp. Regrets were received from Mrs. W. W. Vinyard.

Approaching Marriage Announced Here

An approaching marriage of considerable interest has recently been announced in an Arizona paper by Mr. and Mrs. G. A. London of Phoenix revealing the engagement of their daughter, Jennie Lee, to D. K. Roberts of Farwell. A quiet church wedding has been planned to take place sometime in April, although the exact date and place for the occasion has not been named.

Miss London is a niece of Mr. and Mrs. B. N. Graham of Farwell and is employed in the office of The Capitol Freehold Land Trust. She expects to leave about the middle of the present month for Phoenix, where she will visit with relatives and friends prior to being joined there by Mr. Roberts.

Mr. Roberts came to Parmer County from Sherman, Texas, in 1933 and is an established citizen of this community, having recently been re-elected to the office of County and District Clerk. The couple will return to Farwell about the first of May to make their home.

Guild Will Not Meet This Wednesday

Owing to activities at the church, the Methodist Wesleyan Guild will not meet tonight (Wednesday), Miss Jennie Lee London, president, announces.

The mission study lesson, which was to have been held tonight will be presented by Mrs. J. T. Carter in her home on April 7.

The next regular meeting of the Guild will be held at the church on Wednesday, March 17.

NEWS FROM OUR BOYS IN CAMPS

STATIONED IN TEXAS

Pvt. Vance Eason and Pvt. Bill Brand, formerly of Farwell, are now stationed at Camp Howze, Tex., near Gainsville. Vance is the son of Mr. and Mrs. Frank Eason and Bill is the son of Mr. and Mrs. N. J. Brand.

EASON IS PROMOTED

Alton Eason, formerly of Texico-Farwell, is now stationed at Camp Wolters, Tex. He has recently been promoted to the rank of Assistant Adjutant General. He writes his parents that he is really glad to be back in "beautiful Texas" and adds "this is the best job I've ever had".

VISITS HERE

Pvt. Jerry Brand, who is now stationed at New Orleans, La., is here for a visit with his wife and parents, Mr. and Mrs. N. J. Brand.

BACK FROM ALASKA

Otto Woelfel, who has been stationed in Alaska the past few months, visited his brother in Bovina last week. He was being transferred to Miami Beach, Fla.

POTTS VISITS HERE

S-Sgt. Garland (Dubbs) Potts, son of Mr. and Mrs. J. S. Potts of Bovina, was visiting his parents on a short furlough last week. He is stationed at Camp White, Oregon.

HERE FROM CALIFORNIA

T-Cpl. Lynn Westbrook, son of Mrs. Bob Hines of this city, who is stationed at Berkley, California, visited here with relatives and friends last week.

To Speak At Lariat

Rev. Paul Kaiser of Iowa Park, Tex., will speak in St. John's Lutheran Church to Walther Leaguers and guests on Thursday evening of this week at 9:30. Rev. Kaiser, who has been in the ministry for 25 years, brings with him great experience on the work of the Walther League. Leaguers from Clovis, Rhea, and Littlefield are making plans to attend.

ST. JOHN'S EV. LUTHERAN CHURCH

Lariat, Texas
Rudolph Weiser, Pastor
"The Church of the Lutheran Hour"
Sunday School and Bible Class at 10:45. The Sunday School lesson will be "Christ's Entry into Jerusalem." Divine Service at 11:30.

Walther League business and topic study at night. Topic, "The Worship of God, Listening to God", led by Lillymae Kaltwasser.

Lenten Service will be held on Wednesday, March 10, at 9:30 p. m. The first of the Lenten sermons will be "The Glory of the Cross" and the entire series will be based on the general theme, "In th Shadow of the Cross".

The Lutheran Hour comes over station KICA every Sunday afternoon, at 4:00 to 4:30 p. m.

You are cordially invited to worship with us.

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends for the many kind deeds favored us in our hours of bereavement. We doubly thank Dr. Johnson, Mr. and Mrs. McGuire, Mr. and Mrs. Kepley, Mr. and Mrs. McMillian, Mr. and Mrs. Doshier, Mrs. Ernest Foster, Mrs. Meeks, Mrs. John Payne, Mrs. Nora and Ruby Billingsley and Mrs. Maudie Primrose. For their untiring service shown Mother in her many days of illness, may God bless each of you.

Services At Church During Entire Week

Special services are being held at the Methodist Church each evening this week in commemorating Dedication Week, an occasion being observed throughout Methodism.

Through the efforts of Rev. and Mrs. Paul H. Tripp, special programs and settings are being arranged each evening and very helpful services are being conducted.

Services begin at 8:00 p. m. and will be held nightly through Friday. During the week, various departments of the church have charge of the programs. The opening program on Monday evening was in charge of the church school. Tuesday evening the Woman's Society of Christian Service was in charge.

This (Wednesday) evening the program will be given by the board of stewards, with the young people being responsible for the program on Thursday. The series of services will conclude Friday evening, with the church school council in charge of arrangements.

The public is cordially invited to any of these helpful services.

IN HOSPITAL

C. A. Cassidy was removed from his home in northeast Farwell to the Clovis Memorial hospital last Friday, suffering with an attack of pneumonia. His physician states that he has shown improvement since the first of the week, but is still "a pretty sick man".

CORRECTION

In the list of survivors of Mrs. Ova Lee Roberts given in the last issue of The Tribune, the names of three of the children were unintentionally omitted. They are Wayne Roberts, of Winnie Wood, Okla.; Lloyd Roberts of Truro, Iowa; and Erskine Roberts of Newton, Kansas.

SCHOOL HAS STAMP DAY

Tuesday has been designated as official war stamp day of the week for the Texico school, Supt. B. A. Rogers reports. On that day each week Mrs. D. J. Brown, Texico postmaster, will visit the school to offer stamps and bonds for sale to students. A good sale was reported on Tuesday of this week.

A pretty girl's face often is a misfortune.

INCOME TAX REPORTS

We will be glad to assist you in making this report.

J. D. Thomas, Atty.
Farwell, Texas.

Baby Chicks

We have several hundred now on hand, and more are expected this week. Better buy your chicks in advance rather than be disappointed with later deliveries. We can give no assurance about future deliveries.

Goldsmith Produce Company

KEEP YOUR MEDICINE CHEST WELL FILLED

It is the patriotic duty of every householder to see that a complete line of first aid remedies and household necessities are on hand at all times. It is our duty to keep you supplied with those needs. Don't expect the impossible from your doctor in these days of severely overtaxed duties.

RED + PHARMACY

Give us this day our daily scrap.

Are you entitled to wear a target lapel button?

You can ONLY if you are investing at least ten percent of your income in War Bonds to do your part on the home front toward winning the War. The target lapel button is a badge of patriotism, a badge of honor. You should feel proud to display it. The buttons are obtainable at your plant management, at the office of your local War Bond chairman, or at your Payroll Savings Window where you authorize your ten percent payroll deductions.

Enlist in the ten percent War Bond army and do your part to win the War.

U. S. Treasury Department

Mr. and Mrs. Frank Richards of Abilene, Texas, were in Bovina last week visiting in the home of her parents, Mr. and Mrs. J. H. Richards.

Mrs. E. G. Williams and daughter, Opal, and Mrs. O. B. Pipkin and son, Donald Joe, of Amarillo, visited with friends in Texico-Farwell over the weekend.

Pack your scrap metal in your old scrap bag and pile, pile, pile.

Demonstration Club Notes

By Special Staff Reporters

Mrs. LaVerne White Hostess
The Parmerton Home Demonstration Club met last Wednesday in the home of Mrs. LaVerne White.

The agent presented the second lesson in the series on nutrition, which dealt with minerals and their importance. In stressing the importance of milk as a source of calcium, a tomato-milk cocktail, creamed cabbage and scalloped corn were demonstrated. Mrs. C. A. Turner directed several interesting games and the hostess served delicious refreshments.

Next meeting is to be held in the home of Mrs. C. A. Turner, March 24.

Victory Club
The Victory Club met Feb. 12th in the home of Mrs. David Moseley. Mrs. Hyde, president, was in charge of the meeting. Mrs. Moseley was elected candidate to be presented to the election committee, Feb. 20, at council meeting. Dues were paid and it was voted to buy a game for the soldier's day room at Clovis. It was also voted to buy textbooks for club work.

Miss Cunningham gave the second nutrition lesson and demonstrated several dishes employing milk. The club was divided into paired groups, with each cooking and serving a dish. Members who are not attending these meetings are missing some

fine instructions.

All ladies are urged to be present March 12 in the home of Mrs. Hyde. The club is glad to have Mrs. Ed Boggess in attendance again. Delicious refreshments were served by the hostess.

Lakview H. D. Club
The Lakeview Club met at the school house, Feb. 19. The meeting opened with the group singing "The Eyes of Texas".

Mrs. Joe Pitman presided over the program. Mrs. C. A. Guinn gave a council report, and recommended that the group present to council the idea of donating eggs and other projects for promoting the council fund.

It was voted to donate a carom board to the day room at Clovis. At the next meeting, each member is to bring a book or game to give the soldiers at Clovis.

The agent gave a demonstration on the minerals calcium, iron and iodine. "It takes minerals to build the body," she stated, "and milk is our best source of calcium and has no other use than to be a food."

Club will meet at 2 o'clock March 19.

Those attending were two visitors, Mrs. Pearl Hand and Mrs. Loyd; members, Mesdames M. B. Buchanan, Joe Pitman, C. A. Guinn, Everett Parsons, T. A. O'Brian, Buster Honey, E. L. Gairchild and the agent.

It is still not too late to begin the nutrition course and receive a certificate.

Words can be used to express a lot, but around March 15 figures are going to mean a lot more.

Interclass Tourney Being Held, Texico

With long-range ball games definitely out of the picture this year, sports activities at the Texico school were speeded up this week when an interclass cage tournament was inaugurated on Monday.

Boys' and girls' teams are competing for school honors, teams being made up of students from the fifth grade through high school.

A double bracket was drawn up for the tournament, and games are played at the regular athletic period.

Texans Top Nation In Shorthorn Registration

LUBBOCK—McWhorter & Howard, prominent Milking Shorthorn firm near here, has been named the year's highest recorder of Milking Shorthorns in the country, according to records just released by the American Shorthorn Breeders' Association of Chicago.

During the fiscal year, Nov. 1 1941 to Oct. 31, 1942, McWhorter & Howard registered 91 Milking Shorthorns.

Interesting fact is the relatively narrow spread between the ten high recorders. Runner-up, Borg Farms of Delavan, Wis., has 74 pedigrees to its credit, and from there to a three-way tie for tenth position the individual recordings graduate downward to 49.

Among the high ten Milking Shorthorn recorders, allowing for ties, there are breeders representing 10 states—Texas, Wisconsin, Minnesota, Kansas, Nebraska, Illinois, Colorado, Washington, North Dakota and Iowa.

"These figures," said W. J. Hardy national Milking Shorthorn secretary, "back up the breed's reputation for adapting itself to conditions all over the country, wherever diversified farming is practiced."

Westinghouse engineers have devised an electrical "safety valve" to cut off power in war plants in case of a short circuit caused by lightning, bombs or sabotage. The valve is a metal tube containing fiber rings and a thin copper strip which carries the power supply. A short circuit melts the strip and the resultant electric arc is choked by gases
