Frank Avery Kills Himself With Pistol

Santa Fe Trip Won by Bailey Club Boy

Announcement of another award taken by a 4-H club boy in this vicinity has been made, with the statement that Bill Dotson, 4-H clubber of Bailey county and former Farwell high school student and athlete, has been named as one of the Santa Fe winners.

This award is made annually to 19 4-H club boys in Texas, and constitutes a trip to the National Club Congress, Chicago, with all expenses paid, according to the Bailey county agent, Sam Logan.

Information reveals that Bill is to join the other Texas winners in Fort Worth on November 27 and continue from there to Chicago.

"This is the first time such an award has been taken by a Bailey county club boy," Logan said, "and naturally we are very proud of Bill." Dotson recently turned in his record books showing completed projects for six years of club work.

He is the son of Mr. and Mrs. C. E. Dotson of the West Camp community.

Roberts Closing Out To Enter Army Life

Paul Roberts, operator of the Roberts Food Store in Texico, is this week closing out his stock of groceries in preparation to be ready when his "number is called".

He closed his meat market last week and since that time has been moving out his stock of groceries. Some weeks ago he ceased to operate his zero locker plant, turning all his customers to the State Line plant in Farwell.

Mr. and Mrs. Roberts entered business in Texico only a few years ago and have built up a very nice trade since that time. Starting with a small stock in one of the Cranfill buildings in West Texico, they moved into new quarters a few months later and added a zero locker plant.

Mr. Roberts gave it as his opinion he would be called either in December or January. He has had about seven years of military service, he said, adding, "All I want is for them to give me some action after I get in."

The closing of the Roberts store marks the passing of the last stock of groceries in Texico.

Soy Bean Oil Content Is Being Determined

A co-mingled sample of soy beans, taken from some 20 farms in Farmer county and all of the yellow variety, is now being tested at the Plains Laboratory in Lubbock to determine the oil content, John Martin, local Triple A supervisor, said today.

The mill at Littlefield is now in the market for soybeans Martin said, and this analysis is being made to determine whether or not Farmer beans will rate in the "high-grade" class and draw top market price of \$1.60.

It was Martin's belief that the local crop would qualify for No. 1 and 2 grades, since, he explained a composite sample representing eight farms was recently analyzed and made an excellent showing.

To rate top price, the beans must show 17½% or more oil content, with not more than 10% moisture content, and if the Farmer sample comes up to these specifications, all beans in the county will be declared high quality and draw a market price 10 cents per bushel higher than those of lower grading.

"In other words," Martin urged farmers today, "if you have beans sacked and ready to sell, don't jump the gun until this report from Lubbock is received here—it may mean a good deal of cash lost on your crop."

Sacks may be obtained at local dealers he went on, and farmers having beans in storage may have them sacked at the elevators. The mill at Littlefield will buy the sacks when the beans are shipped or taken there.

Tribune Job Printing Is Best

Tribune Has Birthday

With this issue of The State Line Tribune, we begin our 32nd year of publication, which is believed to place this firm as one of the oldest established businesses in Farmer county, and certainly one of the oldest in Texico-Farwell.

The publication has been under the present management for more than 16 years, the present publisher having succeeded Stanley Seigler early in 1926.

Little is known of the past history of the paper, since files prior to 1926 have not been preserved.

Questionnaires Out For 18-19-Year Olds

Military questionnaires for the 16-19-year-old group of Farmer county registrants are being mailed from the office of the local board today, it is announced by Mrs. Bessie Lee Henneman, clerk of the board.

She said that some 85 registrants in this county would receive their questionnaires before the close of the present week, and they are returnable within ten days from date of mailing.

Mrs. Henneman stressed the importance of the registrant answering EVERY question on the 8-page document. She said that any of the following members of the advisory council would assist registrants in filling out the forms: John Aldridge, Farwell; W. E. Williams, Aubrey Brock, Bovina; Frank Spring, J. R. Roden, Friona.

Child Receives Bad Cut While Playing

Glenna Ruth, 4-year-old daughter of Mr. and Mrs. Carl Davis, was quite seriously injured early Monday morning while at play with other children at the rear of the Fox Drug Store.

The child fell on an old broken bottle and inflicted a large gash above the ankle on her right leg. She was taken to a Clovis hospital where it was revealed that "her tendons had been severed."

She was returned to her home here Tuesday, where she is reported to be resting well. Her physician says it will be many days before she will be able to be out again.

Schools Resume Again After Vacation Period

Both the Texico and Farwell schools resumed Monday after a forced vacation period, brought about by the acute shortage of manpower needed in gathering cotton and feed crops in this area.

The Farwell school was out for two weeks, while the Texico school was dismissed for only one week.

Attendance in both schools was below normal when studies were resumed on Monday, with many of the children remaining in the fields.

Cotton farmers have been greatly benefitted by the vacation period and many of them have expressed their appreciation to school officials in calling the holiday. School officials themselves reported a hearty response on the part of the student body in assisting farmers with the harvest.

Many children in the grades took to the cotton patches for their initial experience and surprised even themselves by the amount of fleecy staple they gathered.

School officials said there would be no more dismissals during the term and that holiday periods would be cut short in order that the lost time might be made up without the necessity of continuing beyond the normal closing period next spring.

J. D. Stevens of Bovina, attended to business matters in Farwell, Monday morning.

Funeral services for Frank Avery, familiarly known here as "Pancho", were held at the Methodist Church Sunday afternoon, conducted by Rev. Paul H. Tripp, and burial was made in the Texico cemetery in charge of Johnson-Bayless.

Avery took his own life late Friday afternoon as he sat in a rocking chair in his one-room home in Texico, by firing a .38 pistol bullet into the right temple. He died shortly after being removed to a Clovis hospital.

Heard Shots

Avery, who had lived alone here for more than 30 years, is believed to have become despondent over his health.

Ed Blain, residing next door to the Avery house, said that he heard two pistol reports and decided to investigate. When he peered through the front door, he saw the old gentleman seated in a chair, "with blood spurting from the top of his head".

Examination revealed that there were four empty cartridges in the pistol that lay on the floor, and that three bullets had taken effect on the body of the aged resident. One bullet had grazed across his forehead from the right temple, one had gone entirely through his body below the heart, while the shot that ended his life went in at the right temple and emerged at the top of his head.

Although Avery had been a resident of Texico for many years, very little was known of his past and nothing about his family history nor relatives. W. J. Matthews, who gave the obituary at the funeral services, said that he was born at Ann Arbor, Mich., about 70 years ago.

He came to Texico in about 1908 when the Santa Fe railroad company was building the Coleman branch line out of here. His first job was attending a commissary for the railroad company. Later he lived out a claim north of Pleasant Hill. After proving on his homestead he came to Texico, where he has been engaged in various enterprises since.

Until recent years, he had operated a service station in Texico. Failing health had forced him to relinquish his active business duties some three years ago.

He is often quoted as having stated that he had no living relatives of which he knew. Reports that he had a niece with whom he corresponded occasionally could not be verified.

Planned The Act

Those closest to Avery revealed after the tragedy that he had evidently planned to take his life far in advance of his rash act. Some months ago he loaned his only gun to Blackie Williams, who is employed as a guard at an Amarillo defense plant. Recently he insisted that the gun be returned, because, he said, "I need it". Further evidence reveals that he had selected Friday, the 13th, to commit the act.

After visiting the Blain home to determine definitely that last Friday was the 13th, he went back home and was found in a dying condition a few minutes later. The only calendar in the Avery home, it was found later, was obsolete.

And so passes one of the familiar figures from the stage of action. Avery suffered the loss of his left arm above the elbow before coming here, and his closest associates never knew the details surrounding this accident. The only comment he has even been quoted as making regarding the loss of the arm was "I done it railroadin'".

College Professor To Discuss War Program

Dr. C. B. Wivel, professor of education of the Eastern New Mexico College of Portales, will be the main speaker at the regular meeting of the Men's Club to be held Thursday evening in the basement of the Methodist Church.

Dr. Wivel is recognized as one of the foremost speakers of this section and has made many appearances before local audiences. He will discuss the Allies' progress in the present war and the future outlook of the conflict, dealing principally with economic conditions to be expected after the peace has been won by the United Nations.

The program is scheduled to get underway at 8 o'clock, with a light lunch served preceding the program.

This, Farmer county ration board officials say, is final:

Gasoline rationing will definitely begin for operators of all vehicles on December 1, with registration for the initial A-books on Thursday, Friday and Saturday, Nov. 19-20-21.

On the other hand, Curry county officials state that registration in that county begins today, Wednesday the 18th, and continues through the 19th and 20th, however, both boards agree that rationing will begin on Dec. 1.

Consequently, residence will determine whether operators of vehicles can begin registration today (Wednesday) or tomorrow (Thursday).

John R. Armstrong, chairman of the Farmer county office, stated that all supplies were on hand at the local board, and added that he was of the opinion that no further postponement of rationing would be made.

As has been stated repeatedly, operators making application for their first books must show license receipts or appear before the board to explain why they cannot produce them. "In case you have lost your receipts," officials said, "please try to obtain duplicates by registration day."

Register At Schools

Since registration is to be conducted by teachers, Supt. J. T. Carter says arrangements have been made to have a teacher ready to handle applications Thursday and Friday, but requests that, where it is at all possible, applicants come in on Saturday, when a full crew will be available.

At Texico, Supt. B. A. Rogers admitted "I don't know how we'll work it out, not getting Saturday to register, but Curry applicants may be sure that we will take care of them in some way". He added, however, that those who could be asked to appear for registration after school hours.

Tire Inspectors to be Named

Chairman Armstrong stated that no authorized tire inspectors had been appointed in Farmer County to date, but went on to state that T. E. Hendrick, district OPA inspector, was here the past Friday conducting a school for filling station operators in the county who will act as inspectors when the ration program gets underway.

Such inspectors will be named by December 1, Armstrong said, adding that each applicant must take an OPA examination and make not less than 80 to be qualified for the duty of inspector.

Final deadline for disposing of excess tires is November 21, officials point out, stating that an applicant will not be issued a ration book if he shows on his application form that he has more than five tires per car.

Gas Panel Named

T. J. Crawford of Friona, Frank Phillips of Farwell and T. E. Rhodes of Bovina comprise the Farmer county official "gas panel", Chairman Armstrong reports.

These men will work in conjunction with the regular ration board in making decisions on applications for supplemental gasoline allowances, he added.

Men 45 Years Old Exempt From Draft

Men who have attained their 45th birthday since registration and who have not already been inducted into the Army, are not to be drafted through Selective Service, it was announced here this week through the office of the local board, following receipt of a telegram from the State office.

This new regulation will apply to several registrants in this county, it was revealed here, some of whom were facing induction in the near future. The regulation does not stop 45-year-olds from volunteering for military service, but they cannot be drafted.

Official information was lacking here as to when the 18- and 19-year-old groups will become subject to the draft regulations. Board members predicted that it would be after the first of the year before the younger groups would be called from this county.

The easiest and most effective way to combat weeds in a lawn is to prevent their entrance by clean cultivation before seeding, by the use of pure seed, by clean top dressing and by ample fertilizing.

AAA Committeemen Are Named in Parmer

Polls were established at nine places in the county the past Friday night, where farmers cast their ballots electing community committeemen, as well as naming delegates to the county convention, held Saturday night.

Only one community failed completely to elect committeemen, according to John Martin, head of the local office, that being Lazbuddy, while at Black only a regular member and a first alternate were named.

The following committeemen were elected:

Rhea—Chairman, Vernon Estes; vice chairman, Herman Schueler; regular member, Melvin Sachs; first alternate, Robert Leach; second alternate, William E. McGlothlin.

Friona—Chairman, L. R. Baxter; vice chairman, John G. McFarland; regular member, Elmer S. Euler; first alternate, C. A. Turner; second alternate, C. R. Wickard.

Black—Regular member, Chas. T. Noland; first alternate, Jim Black.

Lakeview—Chairman, Eugene L. Fairchild; vice chairman, Dudley O. Robason; regular member, George A. Jones; first alternate, J. R. Southward; second alternate, Russel O'Brian.

Midway—Chairman, Roy L. Karr; vice chairman, Joe Jesko; regular member, J. R. Harris; first alternate, Matt G. Jesko; second alternate, J. W. Crim.

Farwell—Chairman, Joe W. Magness; vice chairman, Albert H. Smith; regular member, Edd J. Eason; first alternate, J. O. Ford; second alternate, A. F. Phillips.

Bovina—Chairman, Henry T. Reynolds; vice chairman, J. C. Denney, Jr.; regular member, Wilbur Charles; first alternate, T. E. Rhodes; second alternate, A. E. Steelman.

Oklahoma Lane—Chairman, Clyde L. Perkins; vice chairman, Asberry B. Wilkinson; regular member, Lee A. Jones; first alternate, Sam H. Sides; second alternate, Levi Johnson.

County Committee Named
Delegates of the various communities met at the Triple A office Saturday night and elected the county committee.

W. S. Menefee was named chairman, John G. McFarland reelected to the vice chairman's job, Albert H. Smith, regular member; Keith Pigg, first alternate; Otho Whitefield, second alternate; and John Martin was appointed secretary-treasurer.

GOES TO CAMP

Doyle Eugene Chapin left here Monday for Magnolia, Ark., where he has entered a camp for conscientious objectors for the duration. Chapin is the third young man to be sent from this county by Selective Service as a conscientious objector.

You can't blame kids for wondering why they have to go to bed when they're not sleepy and have to get up when they are.

SIKES MOTOR COMPANY OPENS FOR BUSINESS

The Sikes Motor company, local Ford dealers, opened for business again Tuesday after being closed for more than three months, during which time Mr. and Mrs. O. C. Sikes were on a cross-continent vacation.

Mr. Sikes announced that for the present he would be compelled to confine his business to auto service and parts. He said that as yet he had not been able to employ a mechanic to operate the shop, but hoped to do so soon.

County Sends Thirteen To Army in December

Thirteen men, 11 whites and two colored, have been called to fill the December quota from Parmer county, it was announced here today through Selective Service officials.

The call for the colored men is set for Dec. 2, and the white boys will depart on Dec. 22. All will be sent to Lubbock for their final type examination before being inducted into the Army. The two Negroes to be inducted are Willie York and John Henry Daniel.

The white boys include Norman Ivan McLaughlin, Norman Mack Baker, Elmer J. Little, Marvin Elbert Key, Francis Joseph Huber, Ben Babitzke, James Wm. Loving, Corbin Ruby Hart, Wm. Bruce Whitley, John Douglas Terry, and Earl Robert Washburn, the latter being a transfer into this board.

Under the regulations now in effect men accepted at Lubbock will be allowed a 7-day furlough instead of two weeks as in the past, to return home and get their affairs in shape before Army training.

Judging Committee Is To Name Gold Star Girl

According to Miss Elsie Cunningham, county home demonstration agent, the judging committee for the Gold Star Girl contest has been appointed.

She went on to state that this committee will be charged with the responsibility of naming the county Gold Star winner for 1942 and is composed of Miss Lillie Gentry, Bailey county agent, Mrs. Joe Jesko, chairman of 4-H club sponsors, Miss Cumilla McSpadden, president of the Bovina 4-H club, Miss Inell Elliott, Bovina, and Miss Barbara Ann Bobst, president of the Farwell 4-H club.

BITTEN BY DOG

Claude Rose, Jr., 5-year-old son of Mr. and Mrs. Claude Rose, was bitten by a dog late Tuesday afternoon. The animal snapped the little fellow in the face, inflicting a wound in the right corner of his mouth. The injury is not regarded as serious.

Bovina Happenings

Mr and Mrs. Lester Rhinehart and daughter, Sandra, of Amarillo, visited relatives here last weekend.

Miss Oleta Harrison visited her parents in Happy, Tex., the past weekend.

Miss Bettie Jane Kimbrow returned Sunday from a few days' visit with John Robert Kimbrow in Tarleton.

Lawrence Starr of Amarillo visited his family here Tuesday.

Mr. and Mrs. Vester Venable and sons of Texico visited in the O. V. Venable home the past weekend.

Mrs. George Trimble and children visited relatives in Wheeler, Tex., Thursday and Friday.

Mr. and Mrs. Bob Blalock and daughter of Dumas are visiting relatives here this week.

Mr. and Mrs. Stacey Queen and son, Stacey Jr., moved to Clovis the past week, where Mr. Queen will be employed. We regret very much to lose the Queens from Bovina.

Mrs. Maud Wines and daughters, Blanche and Mildred, of Oklahoma, visited in the Dave Wines home the past weekend.

Mr. and Mrs. Frank Smith and family are now living in the Stacey Queen home, moving in Saturday.

Mrs. Tommie Horton and daughter, Mrs. Alvin Gaines returned Sunday from Portales, where Mrs. Horton had been receiving dental care the past week.

Working to forget is much better than forgetting to work.

OKLAHOMA LANE

George Patton and Ernest Jayner of Chillicothe, Tex., are visiting in the Jack Roach home.

Mr. and Mrs. Sterling Donaldson visited Mr. and Mrs. Hubbell and daughter, Thursday evening.

Mrs. Harold Carpenter has been ill for the past week.

Mr. and Mrs. Joe McWilliams visited Mrs. Joe Donaldson Sunday.

Mrs. Truman Kent received a broken arm and other injuries when she was thrown from a tractor the past Wednesday.

Mr. and Mrs. Henry Finley arrived Saturday from Elk City, Okla. The couple recently married there.

Mr. and Mrs. J. I. Gober and daughter, Mr. and Mrs. James Roach and Miss Billy Jean Roach visited in the Ernest Foster home Saturday night.

Mr. and Mrs. Tom Foster entertained in their home Sunday with a reunion for the Magness family. All members were present.

PLEASANT HILL

Mrs. A. J. Moorman suffered a heart attack last Tuesday and was rushed to Clovis, but has now been returned to her home.

Rev. Victor Pierce and family who recently moved to Carlsbad, visited here over the weekend.

Rev. Long, who resigned as pastor of the First Baptist Church, has moved from here.

Mr. and Mrs. Harry Donahey and children visited her father, Sunday.

Mrs. R. Snodderly and Mr. and Mrs. J. A. Parker and children visited Mother Melugin Sunday. Other visitors were Mr. and Mrs. Felix Monroe and Mr. and Mrs. Beckman.

Mr. and Mrs. Pearl Singletary and daughter made a trip to Hereford Friday.

Mrs. Maggie Bell visited with Mrs. Melugin Friday.

There will be a box and pie supper at the gym, Friday night.

Mrs. Lucy Barnes went back to Clovis last week.

A PATRIOTIC THANKSGIVING DINNER

By Mrs. J. T. Gee
Member Parmer County Nutrition Committee

Uncle Sam is depending on each homemaker to do her part toward winning the war and later, win-

ning the peace. He considers one of her most important duties the planning and preparing of well-balanced, nutritious meals for her family, so as the Thanksgiving holiday approaches, it is timely that a typical menu for Thanksgiving Day be planned.

Following is a menu which meets the requirements of a well planned meal:

Tomato juice, roast turkey, dressing, gravy, baked potatoes, Harvard beets, buttered English peas, apple sauce, pickles, olives, celery curls, carrot slices, whole wheat muffins, butter, ambrosia, ice box cookies, milk or coffee.

Concerning the food value of the above, consider first the body-building foodstuffs—namely protein and minerals. As excellent sources of complete protein there are turkey, eggs (used in dressing, gravy, muffins), and milk. Some of the other foods contain some protein but are not considered excellent sources.

The minerals, calcium and phosphorus such important needs of the teeth and bones, and iron, so essential to the blood, are also necessary for the proper regulation of the body processes. In this menu, the milk is an unexcelled source of both calcium and phosphorus. The egg folks furnish all three minerals mentioned. The whole wheat flour and lean meat are good sources of iron and phosphorus. The vegetables will furnish these three minerals and others not mentioned in varying amounts.

Fats, carbohydrates and proteins are the foodstuffs which are measured in terms of calories or energy. In the Thanksgiving dinner the meat, dressing, gravy, bread, butter, cookies, potatoes and milk furnish sufficient calories for all members of the family.

Foods for regulating the body processes include those which are good sources of vitamins, minerals, and cellulose (roughage). The vegetables and applesauce furnish necessary roughage. The mineral sources have been named above. Tomato juice yields Vitamins A, B, C, E, and G. Baked potatoes furnish Vitamin B and some C if cooked in a very short time. Beets and peas furnish Vitamins A, B, E, and some G. Celery, carrots and applesauce are sources of vitamins, too. Whole wheat muffins are good in Vitamins B, E, and

G. Oranges in the ambrosia are an excellent source of Vitamin C. Milk and butter are considered two of the best sources of Vitamin A.

Why not check with your county demonstration agent for reading material on better nutrition and for charts showing the food value of the different foods you serve the family? A knowledge of the food values and a practical everyday use of this knowledge are two of Uncle Sam's requirements for a patriotic homemaker. Will Uncle Sam approve of your Thanksgiving dinner?

TIRE BOARD REPORT

Tires, tubes and retreads authorized by the Parmer County Board on November 11 were as follows:

F. R. Burnett, one pickup tire, one tube.
Eddie Smith, one pickup tire, one tube.

TAKE THE LONG LOOK...

Your present car is going to have to last you for the duration. You'd better take the best of care for it by keeping it in perfect mechanical condition.

Send All Christmas Mail Out Early

An urgent "mail early" appeal is being issued this week by Post Office workers, who are now starting the most gigantic task in history—the movement of a deluge of Christmas parcels, cards and letters, and at the same time maintaining the flow of millions of pieces of regular mail.

Indications are that the volume of Christmas mail will be the largest on record, despite the fact that many thousands of packages and cards were postmarked before Nov. 1 for

delivery to boys overseas.

Lack of workers and the transportation problem is a serious threat to the delivery of Christmas mail, and all local postoffice personnel are urging that patrons do their buying and mailing earlier than ever this year.

Fireplace Bricks

What's worse:
35 miles an hour
or 00 miles an hour?

DON'T flunk an easy one!... This is worth thought... The prize at stake is your car!

... Today's sensible top speed of 35 for patriots is a cinch for your engine, compared to unlubricated cold starting—way down at 00 miles an hour!

People in dead earnest to battle wear from the very start, are having their engines OIL-PLATED. Without using up extra moments or money, they simply change to Conoco Nth motor oil—patented. And this oil's added modern synthetic—with apparent "magnetic attraction"—closely bonds lubricant to inner engine parts. That's called OIL-PLATING because it resembles any good protective plating in not all "going elsewhere" while the car stands cold.

OIL-PLATING doesn't all quickly go draining off down to the crankcase. Oil down there in the depths is still trying to "get a move on" as the engine starts, while OIL-PLATING is already faithfully fastened clear up to the topmost piston rings. Simply because OIL-PLATING doesn't all go away, it's there ahead of

time, to get ahead of rampant wear in starting cold. It's there the rest of the time, too. And so the strong liquid-type film of Conoco Nth oil is sliding between OIL-PLATED surfaces. Not much look-in for wartime wear. Better change to an OIL-PLATED engine, at Your Mileage Merchant's Conoco station. He knows your correct Winter grade of Conoco Nth oil. Continental Oil Company

Local Happenings

Rogers Guest Speaker At PTA Gathering

Supt. B. A. Rogers of the Texico school was guest speaker on Thursday evening of last week, when the Farwell Parent-Teacher Association held its annual Thanksgiving dinner and social at the school building.

Taking as his theme "Education—Bedrock of Democracy", Rogers made an excellent talk to the large crowd on hand for the occasion. During the evening, Rosamond Booth appeared, giving an appropriate reading. T. A. McCusiston acted as master of ceremonies.

In the business meeting the group voted to skip the scheduled December meeting, but will have their regular gathering in January at which time it will be decided whether or not to continue the program of the year.

A chicken dinner was served at the beginning of the evening and a social hour enjoyed following the program.

Local People Attend Zone Meeting, 17th

Representatives from the Texico-Farwell Methodist Church were on hand in Portales Tuesday, when the regular zone meeting of the Woman's Society of Christian Service was held with the Elida, Kenna and Inez ladies acting as hostesses.

Theme of the day's meeting was "The Highway of God" and the local church was represented by Mrs. W. B. Hill, who spoke on "Road Builders of Reverence".

The eleven o'clock sermon was delivered by Rev. Paul Tripp of this city.

Attending from here were Rev. and Mrs. Paul Tripp, Mrs. Roy B. Ezell, Mrs. Anne Overstreet, Mrs. J. T. Carter and Jim, Mrs. B. A. Rogers, Mrs. W. B. Hill, Mrs. Lena Yoder and Mrs. G. W. Atchley.

Nutrition Committee To Meet Thursday

A special meeting of the Nutrition Committee of the Parmer County Home Economists Association has been called by the chairman, Mrs. Edna P. Elms, for Thursday night of this week, to be held at the school building in Bovina at 8 o'clock.

Mrs. Elms stated that consideration at this time would be given the development of a "Share the Meat" program in the county, and urged that all attend.

To Direct Program

Mrs. John Porter will be in charge of the program when the Wesleyan Guild holds its regular meeting at the Methodist Church tonight (Wednesday). All members are urged to be on hand at 8 o'clock.

Children Gather In W. I. Decker Home

Children of Mr. and Mrs. W. I. Decker were here from numerous points last week, to spend several days visiting their parents and enjoying a reunion with other relatives in this area.

Daughters of the Deckers who were here from a distance included Mrs. Hollis McCoy and Mrs. O. C. Showse, both of Merced, Oklahoma, and Mrs. Warren Kelly of Tulsa, Oklahoma. Mrs. Kelly was accompanied by her husband and two children, all of whom formerly lived in Farwell.

Two granddaughters and their children also enjoyed the get-together, Mrs. Thelma White and children of Texhoma, Oklahoma, and Mrs. Ellen Morgan and children of Hobbs, New Mexico.

Local members of the family include Mrs. T. E. Levy and Mrs. Ima Moore, both daughters of Mr. and Mrs. Decker. Other children unable to attend reside in Phoenix, Ariz., Hobbs County, and Fort Worth.

Bovina C of C Plans Special Program

On Monday evening, Nov. 23, the Bovina Chamber of Commerce is holding a special program, with invitations out this week to representatives from other towns of the county.

Announcement is that a guest speaker will be on hand from Clovis and a special effort is being made to have all business men and their wives on hand.

The meeting will be in the Williams building, with the program to begin at 8 p. m.

Thanksgiving Supper Slated For Friona

Mrs. Foister Rector this week announces that the annual Thanksgiving supper sponsored by the American Legion Auxiliary will be held at the Legion Hut in Friona on the night of November 19th.

Admission for the affair is 45 cents for adults and 35 cents for children with the money to be used for a worthy cause. Sponsors of the affair urge a liberal attendance.

Turkey Dinner Held

Mr. and Mrs. Al Higgins of Amarillo recently entertained with a turkey dinner honoring their parents, Mr. and Mrs. A. L. Tandy. Children of the Tandys present included Mr. and Mrs. Ray Harbert and family, Mr. and Mrs. Ollie Smith and family, Mr. and Mrs. Guy Tandy and family of Dumas and Mr. and Mrs. Jerry Adams of Amarillo.

Mr. and Mrs. Bill Sherley announce the arrival of a son on Monday, November 16.

Tid-Bits »

Johnnie Hillhouse, who had been drawing \$1.50 per day in a local cafe, decided recently that life was just too short to spend it working for "chicken feed" and announced she was going to join local cotton pickers, most of whom have been hitting the \$2 mark and up daily. Long and short of the story is that Johnnie spent a day picking, was practically down in the back as a result, and drew down the handsome sum of 28c.

Puttering around in his back yard with his chickens the past weekend, J. K. Trebble was approached at the back fence by a strange man who identified himself as Rev. Tripp, "the new Methodist preacher." Jake glanced up and remarked drily, "Yeah, I know who you are—that's why I'm out here counting my chickens."

And Bill Hall, local butcher, was honest enough to admit that he was advertising "pure pork sausage" only because he didn't "have a speck of beef in the house".

Add inane remarks of the week. Hazel Anglin's saying about "waiting at the Santa Fe depot for a train".

A sign in a local business house which was attracting quite a bit of attention this week read: "Pups—Come and Get One".

South American Films Will Be Shown Here

Arrangements have been completed to show pictures featuring South American countries at the Farwell school, according to Supt. J. T. Carter, who states that the series will extend over a period of 20 weeks.

These films will be shown to students during the day, and providing there is no conflict with local affairs, they will be open to the public at night, with no admission being charged.

One of the first public showings was held Tuesday night following the basketball game, when a large saw film entitled "Anchors Aweigh" and "Colombia, Country of South America".

Supt. Carter stated that it was not yet definite just what day of each week the pictures would be available here, but added that he had asked for them on Thursdays of each week. Further announcements will be made.

On Honor Roll

Rex Kyker, son of Mr. and Mrs. Bob Kyker of Farwell, is listed on the honor roll at Abilene Christian College, which has been compiled by the registrar from the first six week's reports. This honor roll is composed of students who are in the upper ten percent of the class in one or more courses.

Bovina Classes Plan Banquet For 20th

A combination Mother-Daughter and Father-Son banquet is being planned by agriculture boys and home economics girls of the Bovina school, it has been announced, the affair to be held on November 20.

Vera Wines, Donald Norton, Ola Faye Crowell and Dean Bates are serving as the program committee. The banquet will be held at the school building, beginning at 8:30 p. m.

Wedding Performed

Miss Margaret Hadley of Friona became the bride of C. B. Hanson last Friday, with Judge Lee Thompson reading the vows at the local courthouse.

She is the daughter of Mr. and Mrs. H. B. Hadley of Friona. Her parents attended the ceremony.

To Preach At Bovina

Orland Rury of Abilene Christian College, son of Chas. Rury of Friona, will conduct services at the Bovina Church of Christ on Sunday morning, Nov. 22nd. The public is invited.

Mr. and Mrs. J. D. Thomas and daughter, Norma Jean, accompanied by Mr. and Mrs. Gene Kistler of Muleshoe, visited Sunday with Mr. and Mrs. Leo Forrest in Farwell. Cherry Anne Forrest, who had been visiting here, returned to her home in Hereford, and Warlick Thomas, who had spent several days in Hereford, returned home with his parents.

Mr. and Mrs. Gene Lovelace, Mrs. T. E. Lovelace and Mrs. Woodrow Lovelace visited over the weekend with A-C Woodrow Lovelace, in training at Chickasha, Okla.

Mr. and Mrs. Buster Gast returned to Willington, Calif., the first of the week after spending a few days here and at Clovis visiting with relatives. Buster is employed as a welder in a ship yard in California.

NEWS FROM OUR BOYS IN CAMPS

GRISSOM ASSIGNED TO DALLAS FOR TRAINING

A release from the Navy Pre-Flight School at Athens, Ga. states that Naval Aviation Cadet Kenneth G. Grissom of Farwell has completed his course at Athens and has been ordered to the Naval Reserve Aviation Base at Dallas for primary flight training.

Grissom, son of L. M. Grissom of Farwell, is a former Texas Tech student, having received his B. S. degree in 1941.

Since entering the Pre-Flight school three months ago, Grissom has had ground school work in military and academic subjects and has undergone a rigorous physical conditioning program which is designed to make Uncle Sam's Naval aviators "the fittest and best trained in the world."

At his new base he will have more ground school instruction and begin flying. From there he will go on to three months of intermediate and advanced flying and, if successful, will be graduated from the Naval Air Station at Pensacola, Fla., or Corpus Christi, to win his commission and Navy wings.

After graduation comes operational training, with carrier-based planes or multi-engine bombers, the final lap of the 12-month training period. Completing this, Grissom will be a full-fledged fighter pilot—ready to join "the fleet."

Kenneth was here on a brief visit the first of the week with his parents.

IN CALIFORNIA

Ivan (Rusty) Jones, former employee of The Tribune, is now stationed at Fresno, Calif., and writes that "things are fine with me". His brother, Willie, is located in Utah, according to Rusty's card.

NOW IN HAWAII

Bill Banks, son of Mr. and Mrs. J. C. Banks Sr., of this city, sends word to home folks that he is in Hawaii. Bill has been in the service for only a few weeks, and is as yet unassigned, it is reported.

TAKING OFFICER'S COURSE

Hugh L. (Buster) Crume of this city has been accepted for officer's training and sent to Fort Belvedere, Virginia, from where he writes his father that he is in the engineer's division and "working from 6:30 in the morning until 9 at night". Buster was first sent to Camp Leonard Wood, Mo., on recent induction.

ON FURLOUGH

Pvt. Earl Magness, stationed with the ground crew of the Air Forces in Roswell, is here on furlough for a visit with home folks.

NEW VISITING HERE

Pfc. P. L. New, formerly employed at the Farwell Elevator, is here from Camp Berkeley on furlough. P. L. is a member of the famous 90th Division of Texas and Oklahoma.

FOURTH SON IN SERVICE

B. B. Bates, Bovina farmer, is proud of the fact that he now has four sons in the service of his country, all members of the Coast Guard. Wayne W. Bates, 20, his youngest son, recently joined the forces and is now in training.

And another Parmer father is well represented in the service. C. E. Crume of this city has three sons now in the Army and one serving in the Navy.

"Meddlesome Maid" Is Title Of Junior Play

"The Meddlesome Maid" is the title of the junior class play which will be presented by Texico students in that auditorium on Friday night of this week, November 20.

A mixup in names regarding a boat called "Dolly", a baby named "Dolly" and a fiancée likewise having the name "Dolly" forms the plot of the play, with all concerned of the opinion that "somebody is keeping something dark".

The "meddlesome maid", Edna Powel, is portrayed by Lenabel Williams, whose chief delight is eavesdropping, and who manages to turn an already odd situation into a hilarious farce by eavesdropping on Charles Winthrop, played by Billy Bob Drace.

Winthrop owns the house where Edna works, and is badly misunderstood by his lovely wife, Margaret, played by Helen Blair. Margaret, with her friend Dolly Darling (Alverda Hall) suspect Charles and Robert White (Eugene Bowers) Dolly's love, of having a deep, dark and somewhat mysterious past.

Just to complicate matters, Edna falls in love with Sam, handsome chauffeur (James Box), who has been married before and to whom the infant named Dolly belongs, and Edna is not too well pleased when her old sweetheart, Carlyle Howard, played by James Orval Francis, appears on the scene as an automobile salesman.

Mrs. Fraser, ably portrayed by Esther Selman, who has been caring for Sam's offspring, leaves him with the baby and he is almost desperate when Margaret Winthrop calls in plainclothes man Richard O'Neil (Calvin Blain), and Mrs. Rita Griffin, a neighbor (Marjorie Selman), to unravel the whole thing.

The play will begin at 8 o'clock, admission being 15 and 20 cents, plus the tax.

training at the Signal Corps Replacement Training Center.

Son of Mr. and Mrs. C. E. Dotson, of West Camp, Dotson came to Camp Kohler from the reception center at Ft. Sill, Okla. He will be assigned upon completion of basic training to more advanced specialist training either at Camp Kohler or another signal corps post before being assigned to a combat unit.

Mr. and Mrs. David Harrison spent Sunday with his mother at Hereford.

Now is a mighty good time to visit our Gift Shop and begin to pick out your Christmas Gift selections. The shoppers who get their gifts picked out early this year will be the fortunate ones.

Council To Meet

The Parmer County Home Demonstration Council will meet November 21 at the Blackwell Hardware store in Friona at 3:00 o'clock. All members are urged to be present.

Bovina Club

The club met in the new club room Nov. 12 with 10 members present. During the business session it was voted to buy dishes for the club room.

A very interesting patriotic program was presented and a report given on the recent trip to Clovis, where a number of interesting places were visited.

The afternoon of Nov. 19 was set as work day at the club house. All members are asked to be present to assist in refinishing the furniture and room.

At the close of the meeting dainty refreshments were served.

**Farwell Takes Match
Over Bovina Tuesday**

In a nip-and-tuck game played on the Farwell court Tuesday night, the local boys forged ahead in the final period to defeat the fighting Bovina squad, 26-31.

Although neither team showed up very well in smooth play, action was plentiful throughout the four quarters, and a fairly large representation was on hand to see the match between the senior boys teams of the two schools.

Bovina drew first blood in the en-

YOUR

COUNTY EXTENSION AGENTS
TEXAS EXTENSION SERVICE

By Garlon A. Harper
County Agricultural Agent
Texas A. & M. Extension Service

Parmer County is a great grain sorghum county. Right now Parmer County is harvesting one of its best grain sorghum crops. The yield is good. The quality is excellent. The price is fair. Today you can go around our farms and hear farmers saying, "If I were getting \$1.50 per hundred for my grain I would make a world of money." The joker in the whole deal is that every farmer in Parmer County can get \$1.50 or more for his grain sorghums if he will put those grain sorghums thru hogs, poultry and dairy cattle. When you figure the thing out it doesn't make sense to sell this excellent grain for 75c when you can get so much for it through livestock and poultry. Let's figure just a minute and see if this is really true.

First, let's take hogs. You can put 200 lbs. of weight on a hog for 1,000 lbs. of feed. Nine hundred pounds of this feed should be grain, 100 lbs. should be protein supplement. You can sell the 200 lbs. of gain on the hog for \$26.40 this morning. The 100 lbs. of protein supplement will cost you \$3.50. This leaves \$22.90 for your 900 lbs. of grain FIGURE IT OUT. That's \$2.50 per hundred for your grain.

Take dairy cattle. Butterfat is selling for 48c per pound. You can sell your grain through dairy cattle for \$2.00 to \$3.00 per hundred. Take poultry. Eggs are selling for 32c per dozen. You can make \$3.00 or more per hundred on your grain by putting it through hens.

When you are producing grain to be fed by someone else you are helping in the war effort, but when you are producing grain which you are feeding to hogs, cattle and poultry, and you are producing these badly needed articles of food you are doing a mighty big job in helping to win this war. The recent announcement by the Selective Service that men who are engaged in dairy, poultry or meat animal production would be deferred, for a time at least, proves the point. We need it badly and these men know it. It is time for us here in Parmer County to wake up to the fact that growing grain sorghums and selling them will never make us rich but that growing grain sorghums and feeding them ourselves in the proper manner to livestock and poultry will give us security.

SHARE THE MEAT

By Elsie Cunningham
Home Demo. Agent
Texas A. & M. Extension Service

Uncle Sam needs meat. Meat to supply the Army, the Navy and our Allies. And that is a big order—six and one-half billion pounds. This is three and one-half billion pounds in excess of the total available supply.

As you probably know, the plan is to begin rationing meat sometime early in 1943. In the meantime, Parmer County citizens can make an important contribution by regulating the amount consumed to 2½ pounds per week per adult. Our government is asking us to do this on a voluntary basis until rationing begins. It is a part of our all-out-for-victory program. It's both patriotic and fair to get into step with the sharing of meat.

We can do our part by using "Meat Stretching Dishes". Dishes which prepared with a small amount of meat, extend the flavor through other ingredients. We can use more eggs, cheese, peas and beans and milk dishes. So let's begin today in doing our part.

Try Something Different
Cheese fondue draws its protein from milk-eggs-cheese, three of the foods on the meat substitute list. Beat 4 eggs well. Mix 2 cups hot milk, 2 cups soft bread crumbs, ¼ lb. cheese sliced thin or grated (about 1 cup), 1 tablespoon fat, and salt to taste. Stir this mixture into the eggs. Pour into a greased shallow pan and bake at moderate heat about 25 minutes or until set and lightly browned.

Creamed eggs are a handy answer to the main dish question. Add sliced hard-cooked eggs to a white sauce and serve over rice, or on toast. Or try creamed eggs as shortcake on biscuit rounds. For tangy flavor add a pickle alongside.

Bean "Sausages" are a cheap and hearty dish. Mash 3 cups cooked beans and mix well with ½ cup bread crumbs, 2 beaten eggs, 1 teaspoon sage, if desired, and salt and pepper to taste. Shape into sausages, dip in raw egg beaten with a little water, moisten with milk. Roll in bread crumbs and brown in a little melted fat.

Bean and peanut croquettes make a main dish that is "different". For

**Few Bins Available
For Grain Storage**

There are still a few Commodity Credit Corporation bins on hand in Farwell and Friona to be sold to farmers wishing to store grain sorghums on the farm, John Martin, head of the county AAA office, said today.

At present there are eight small bins in Farwell which have not been erected, and seven which are complete—that is, set up with foundation, locks, paint, etc., which may be taken by farmers.

The erected bins sell for \$225 plus \$52, which includes the cost of erection, while those on the ground go at a straight \$225, Martin said.

In Friona, 15 large bins are erected, and sell for \$275 plus the \$52 erection cost. There are no bins at Bovina.

Farmers who want the bins in the "knock down" shape should make application for such at the local office before December 1, Martin said, and which time all will be erected.

"A good majority of farmers are taking the position that the loan rate is not sufficiently higher than market price to justify home storage," Martin said, adding, "they fail to see that grain on loan can be disposed of at any time the market price goes up."

**Hunters Bring Back
Full Quota Of Deer**

A party of Texico, Clovis and Melrose hunters returned home the past week with their full quota of deer taken in New Mexico during the brief open season.

There were nine in the party. Each came home proudly with his meat. It remained, however, for the youngest man in the group, a mere lad, to show the older members of the party how it was done. He topped the group with a 10-point buck on his first hunting trip. The lad was a brother of Paul Barnes of Melrose.

Other members of the party and their kill were A. C. Green, 7 pointer Jack White, 5 point; Grady Pierce, 7 point; Lester Norton, 9 point; Albert Thomas, 6 point; Paul Barnes, 6 point; Claude Thomas, 7 point.

The hunters pitched camp on the Gila River south of Beaverhead Ranger Station, 80 miles southwest of Magdalena.

DRAFT BOARD MEETS

The Parmer County Selective Service Board was in session here Sunday afternoon, attending routine matters, principally classifications, and Mrs. Bessie Lee Henne-man, clerk, announced classification of 38 registrants as follows:

1-A, 9; 1-C, 4; 2-A, 6; 2-B, 3; 3-A, 1; 3-B, 11; 4-E, 1; temporary 1-A, pending first physical examinations, 4. Those scheduled to report to Dr. V. Scott Johnson, local examining physician on or before Nov. 20, are James Edward McGuire, Franklin Rufus Hartsfield, J. Foster Watkins, Charley Bennie McDonald.

this, mix mashed beans with chopped peanuts and bind together with a thick white sauce. Roll croquettes in beaten egg and then in bread crumbs, and dry in deep fat, at moderate heat, until crumbs are brown.

We don't have to have meat every meal. We can get our protein, riboflavin, niacin thiamin and iron from other sources. WE WILL SHARE OUR MEAT with the ARMY, the NAVY and OUR NEIGHBORS across the seats. Let's start our "Share the Meat" campaign today.

**Freezing of Farm
Machinery Studied**

With the freeze on farm machinery having become effective on Nov. 1, B. F. Vance, chairman of the Texas USDA War Board this week gave out some pertinent facts.

The freeze order applies to most farm machinery, but some particular types, such as peanut pickers, may be sold by retail dealers out of stock on hand. The dealers, however, may not replenish their stocks during the freeze.

Machinery affected includes various types of planting, seeding, and fertilizing equipment, plows and listers, harrows and pulverizers, cultivators and weeders, grain and rice binders, combines, mowers, rakes, power feed cutters and corn shellers, and hay presses or balers, with inventories being turned in by dealers on November 10.

According to releases quotas of new machinery will be held to 20 percent of 1940 production while repair parts will be allowed at 130 percent of the 1940 production.

Certain types of new machinery, plus attachments, having a retail value of \$25 or less are exempt from the rationing program and may be purchased without certification, Vance stated.

Group A machinery, which includes scarce items, still requires certificates from county machinery rationing committees for purchase, but Group B machinery may be purchased upon certification from the farmer to the dealer; that the equipment is needed for current production. Less essential items fall in Group C and may be purchased without certification, it was explained.

Quotas Will Be Given

Quotas on some types of farm machinery and equipment will be announced within the next few days.

Plows, harrows and planting machinery, and other types of equipment needed during the winter and spring will be covered in initial quotas, Vance states.

When state quotas are received, county quotas will be established immediately, and county rationing boards consequently cannot function until quotas are assigned, since purchase certificates must not exceed the allotment to individual counties.

**Food For Freedom
Goals To Be Given**

COLLEGE STATION—Sign-up of Texas farmers in their second year of wartime production will get underway the latter part of December.

State production goals, which will be announced at Memphis, Tenn., Dec. 7-9, will be allocated to counties and individual farms immediately, B. F. Vance, chairman of Texas USDA war board, said today.

Critical bottlenecks, such as labor, equipment and transportation were cited by the chairman as reasons why goals would be more difficult to reach in 1943 than in 1942 when agricultural production hit an all-time high.

"At the same time we're running into these shortages, demand for food has increased, not only for our boys in the armed forces, but for Lend-Lease requirements as well," he said.

To date only two production goals, winter vegetables and hogs, have been announced under the 1943 program.
