Champ Landrum Dies Of Gunshot Wound

Probably the largest crowd ever to assemble at the Methodist Church in this city gathered there Monday aiternoon to pay final respect to one of the Twin City's popular young men, Champ McCuan Landrum, age 22, son of Mr. and Mrs. J. M. Landrum

Champ died in a Clovis hospital at 12:25 Friday morning, some five hours after receiving a self-inflicted bullet wound from a 22, which he fired into his forehead while at the family home in east Farwell.

Under the direction of the Steed Mortuary, burial was made in the Oklahoma Lane cemetery following the funeral rites.

The deceased had been a resident of Parmer County all his life, born on a farm near Lariat. The family came to this county from Hopkins County in 1920 and have been identified as residents of this county since that time.

1943, and soon thereafter was assign- afternoon. ed to duty in the Navy, only to receive a medical discharge after some three months of service. At the time Bovina School Needs of his death, he was taking a com- Home Ec Teacher mercial course at the Benson School

"Food From Home" Still GI's Choice

COLLEGE STATION-The war's end has not solved the problem of sending food to servicemen overseas and "food from home" is the first thought most of the boys have when asked what they would like to find in their Christmas packages.

Mrs. Winifred J. Leverenz, Extension Service Specialist in food preservation says, "Experience last year taught us to use foods canned in tin if at all possible. At least, it is essential to pack the foods in tight metal containers."

Reports from servicemen indicate that food not sealed in cans was usually molded, infested with insects, soaked in oil or water, or it was dried out and old.

Proper canning will be even more important this year, with the bulk of packages going to the Pacific, where the climate and distance of travel will be harder on the con-

"When sending food to the serviceman, it is best to send a variety of things unless he has asked for one specific food," says Mrs. Leverenz. "Some women planned a menu on this order: 1 can turkey, 1 can cranberry sauce, 1 can nuts, 1 can plum pudding. Another sent 1 can cheese, 1 can pickles, and 1 can crackers at one time. A meat, a vegetable, a fruit, a relish and a sweet which will go together well might make a whole meal," recommends the spe-

Fruit cakes were among the most popular items sent last year. It is one of the most desirable products; therefore, Mrs. Leverenz advises that fruit cakes continue to be sent even if sugar substitutes have to be

Other items which have been canned and sent overseas successfully are: cookies, candies, baked or fried fruit pies, breads, preserves and jellies, well-cured meats, fritos, potato chips, pickled boiled eggs and many other types of cake in addition to fruit cake.

JOIN THE MARINE CORPS

Headquarters United States Marine Corps has authorized the Western Recruiting Division, Lubbock, to enlist 80 17-year-old men during the month of September. Men enlisting now can either join the Regular Marine Corps or the Reserves. All men will take boot training in San Diego, Calif. The policy has been, whenever possible, to give the men a boot leave upon completion of boot camp. Those interested may write or call at the Marine Recruiting Office, Lubbock. Be sure to send or bring birth certificate.

NEW MAN IN CHARGE....

Keep On Buying U. S. War Bonds and Stamps

Soldiers Demand More Chicken For Meals

COLLEGE STATION- Victory lieves. has not decreased the demand of Uncle Sam's fighting men for chickens, says U. S. Secretary of Agriculture Clinton P. Anderson, appealing to poultry producers in Texas and other designated states to furnish 125,000,000 pounds of dressed poultry to be held for the preparation of canned poultry for the armed forces. Canning will begin Oct. 1.

A month ago the Secretary issued an order, effective August 13, designed to effect "the equal sharing of the armed forces and civilians of all poultry handled in 'authorized' plants" in Texas and a group of other states. Under the order of the Army Quartermaster Corps, buying poultry for the Army, Navy and Marine Corps, will purchase 50 per cent of poultry killed, bled and plucked in authorized plants in designated areas. The remaining 50 per cent will be made available for civilians immediately after selection by the QMC of the share for the armed

Texico, N. M.

... AND THEN "Mommy" makes a mad dash to put the rubber hose connection back on the stove!

Yes, children and adults alike can trip on a rubber hose connection and pull it loose from the outlet or the stove, creating a setting for tragedy.

Don't take chances in your home. Replace rubber hose connections NOW with metal tubing. Better be safe than sorry.

Your ounce of prevention is the small cost of replacing rubber with metal tubing. Call your Gas Company today for full information. Do it now before the heating season begins. Avoid tragedy to your loved ones.
