

Lt. Forrest W. Bell Is Presented Navy Cross

Lt. (jg) Forrest William Bell, son of Mr. and Mrs. Joe W. Bell of near Texico, was recently presented the Navy Cross by Secretary of the Navy James Forrester, for extraordinary heroism as skipper of the LCI (G) 441 during close-in fire support operations against Iwo Jima on Feb. 17, 1945, it is revealed here.

His and other vessels in the flotilla, operating two days before invasion, provided fire support for the hazardous mission of the Underwater Demolition team off the shores of the "Hot Rock".

The presentation of the Navy honor was made to Lt. Bell in Washington, D. C.

The citation, signed by Vice Admiral R. K. Turner, reads as follows: "For extraordinary heroism in the line of his profession as commanding officer of a U. S. ship on Feb. 17, 1945, during the close-in fire support operations against Iwo Jima Island. Although his ship had been hit by enemy gunfire, setting off a blaze in the ready ammunition and causing personnel casualties, he closed to within one thousand yards of the beach. When subsequent hits from enemy shore batteries disabled many of his guns and caused severe damage and personnel casualties, he displayed outstanding skill and courage by keeping his remaining guns firing for more than one hour. With meritorious leadership and conspicuous devotion to duty in the face of heavy enemy fire, he contributed immeasurably to the success of this hazardous mission. His conduct throughout was in keeping with the highest traditions of the naval services."

Arrives Home Tuesday

Lt. and Mrs. Bell and son arrived here Tuesday morning from California, where he received his discharge a few days ago at an officer's separation center in Los Angeles.

During his 18 months on an LCI, Lt. Bell was in practically all campaigns of the Central Pacific, winding up the war with the rough Iwo battle, for which action he received the Navy's top honor.

Asked as to his plans, the local boy grinned and replied that he hoped to get a job, which would pay good "and not make me work any harder than I did in the Navy."

City Observes Change From War Time, 1st

Texico-Farwell residents will run their clocks back an hour, either Sunday night before they retire or Monday morning when they arise, with the ending of War Time at midnight, Sunday night. On Monday, Central Standard Time will be in effect.

The Security State Bank advised that their hours would be 9 to 12, and 1 to 3 as of Monday. Supt. H. A. Clift, of the Farwell school, also advised that classes would begin at the school at 9 a. m., with dismissal at 4 p. m., instead of the 10 to 5 schedule now being used.

Actually, there is no change as far as "sun time" is concerned. During the emergency period when time was pushed ahead, most local business houses and both schools just opened an hour later, at 10 instead of 9, for example, and now they will step onto slow time and push opening time to 9 or thereabouts.

Rhea District Votes School Tax Hike

By a vote of 32 to 1, the voters of the Rhea school district agreed to an increase in taxes in a special election held last Saturday.

The increase authorizes a tax of not to exceed \$1.50 on the one hundred dollars valuation for school purposes in the district. Such increase, however, will not become effective until next year, since the tax rolls for the current year have already been compiled.

TO OUT-OF-TOWN SUBSCRIBERS

Under new policy, a charge of 10c is made for change of address. Please include this when you notify us of such change. Otherwise, The Tribune will not be forwarded to new addresses.

MRS. ARNOLD OUT

Mrs. H. Arnold, Texico English and commercial teacher, has been off duty for several days due to illness, and plans to resign her position if another teacher can be found to replace her, it was announced at the school the first of the week. Rev. Charles Walker has been doing substitute teaching during her absence.

Carl Schlenker Home From ETO Service

Sgt. Carl Schlenker, son of Mr. and Mrs. Floyd Schlenker of the Rhea community, returned to his home last week after 14 months overseas, during which time he saw service in France, Belgium and Germany.

Sgt. Schlenker was with the 35th Infantry, and says their hottest engagement was on the morning of Nov. 9th, when his division lost two-thirds of its men to the enemy. "We had been ordered to move out of the forest to the open plains country on that morning and everything we had was mired down in the mud, and the Krauts really pounded us with everything they had," he said. "Again on the Belgian Bulge, he reported they lost lots of men from the division, although the losses of his particular battalion were light. "We reached the Bulge at the turning point of the battle and came within sight of the retreating German columns, but never actually contacted them," he added.

Schlenker went through all engagements without receiving a scratch. After a trip to California to visit relatives, he is to report to Camp Breckenridge, Ky.

Veterans Continue To List Discharges Here

And still they come, the clerk's office reported today, listing the following discharges from Parmer County service men as filed during the past week:

Master Sergeant Lesley D. Barnes, of the Lazbuddy community, received his official release from the 486th Bombardment Group on September 10 at Camp Shelby, Mississippi.

Barnes had served for two years, spending one year overseas. He has campaign stars denoting the anti-submarine work early in the war, air combat of Europe, Normandy, Northern France, Rhineland Ardennes, and Central Europe. While in service he was with the intelligence squad.

On September 7, T-Sgt. Mason M. Sherley, of Friona, was discharged from Fort Logan, Colorado. He holds the EAME ribbon, air medal with one oak leaf cluster, and the good conduct medal, in addition to campaign stars of Rome-Arno, Normandy, air combat Europe, air combat Balkans, and Naples-Foggia.

In uniform for two years, Sherley served five months overseas with the air force.

New Bovina Station Nears Completion

The new service station at Bovina being erected by Buck McCuan is nearing completion this week, and McCuan has announced that he expects to be open for business in the near future.

The new building is being erected on the north side of Highway 60, across the Santa Fe tracks from the town proper, and is one of the nicest stations to be found in this section. In addition to carrying a complete line of Gulf products, McCuan said he would also handle automobile accessories and tourist supplies.

MILLS TO PLAINVIEW

A note from Ellis M. Mills, former AAA supervisor in Parmer County who left here several months ago to accept a job with Commodity Credit in Washington, D. C., reveals that he has returned to AAA work, in charge of the Hale County office at Plainview. Mrs. Mills and the children, who has continued to make their home here, have now joined him in Plainview.

Mrs. Ozalene Green, niece of Judge A. D. Smith, arrived here on Monday from Pomona, Calif., for an indefinite visit in the Smith home.

Kriegel, Matthews Win At Pig Show

Dry Dusters Feared Over This Region

Great Reunion Planned At Shorty Beck Home

Our Flag Over Japan

Proud G.I.s of the 11th airborne watch the American flag flapping in the breeze, soon after their arrival at Aitangi airstrip on Okinawa, as planes in the background wing over the field. The raising of the flag marked complete surrender of Japs.

There will be a great reunion at the J. W. (Shorty) Beck home, 1100 Calhoun in Clovis, in the near future when three of their boys—two of them just liberated from Jap prison camps—return home.

Cpl. Edgar (Rooster) Beck and S-Sgt. James (Jimmie) Beck, both of whom had been held prisoners by the Japs since the fall of Bataan, are due to arrive home at an early date, possibly this week.

Sgt. Henry Lee Brisbin, a half-brother of the Beck boys, and a son of Mrs. Beck by a former marriage, is enroute home from France, after twice being wounded in action.

The Beck family formerly lived in Texico-Farwell, and are well known to local residents.

Calls From Manila

Mr. and Mrs. Beck received two messages from the War Department last Thursday, announcing the liberation of the two sons, and on the following day James called his father by telephone from Manila to report that his physical condition was good and he was on his way home. It was in this telephone conversation that James learned the first time the fate of his brother, Edgar, who was held in a separate camp.

"He cried with joy when I told him I had been advised by the War Department that 'Rooster' had been released from prison," the father told a Tribune reporter Sunday afternoon.

"Our spirits ran mighty low during those long years of waiting, but we never gave up," the mother added, as she sat in the living room of her home, the walls of which were covered with various pictures of the three boys.

The Beck boys were with the 200th, which made the historic stand on the Philippines before being overrun by the Japs and taken prisoner in the fall of Bataan.

New Bus Schedules Go Into Effect Oct. 1st

Claude Rose, of the local bus station, announced the first of the week that new bus schedules for both the Lubbock and Amarillo cars that run through here would go into effect on Monday, October 1.

At first glance, the changes appear drastic, but when the time change is considered, the actual change is almost negligible. Standard time goes into effect at midnight, Sunday, September 30, which will make clocks an hour slower on the following day.

Following is the complete schedule:

To Lubbock	
12:55 a. m.	
8:35 a. m.	
4:05 p. m.	
From Lubbock	
7:45 a. m.	
11:15 p. m.	
3:15 p. m.	
To Amarillo	
7:30 p. m.	
10:57 p. m.	
1:00 p. m.	
8:45 a. m.	
12:55 a. m.	
2:44 p. m.	
From Amarillo	
8:28 a. m.	
8:58 p. m.	
12:28 p. m.	
5:58 p. m.	
8:13 a. m.	

COMMISSIONERS MEET

The Parmer County Commissioners Court was in session here Monday. The only business transacted, cording to the minutes, was the approval of the results of the special school tax election of the Rhea district, held last Saturday, and payment of current bills.

CEMETERY WORKING

A public working is being held at the Texico Cemetery, Thursday, Sept. 27. Everyone in the community is asked to bring working tools and lunch, prepared to spend the day.

Another series of dry dusters, such as visited this region back in 1934-35, is being feared by resident farmers of this area, unless moisture in some form comes soon.

Thousands of acres of tilled land in Parmer county are as "bare as a floor", following extensive cultivation during the past few months in preparation for planting. The land was made ready on the limited moisture that fell during the summer, which proved insufficient to justify planting.

Many row crop growers turned to wheat as a means of providing their valuable topsoil with coverage to withstand the onslaughts of high winds during the winter months. A large part of such wheat has already been whipped out by the winds of two weeks ago—leaving the tilled soil unprotected.

Farmers and observers agree that Parmer County will either have its biggest wheat crop next year, or a series of dusters during the winter months, with the weatherman holding the decision. Rain must come soon—and in abundance—if the dusters are to be avoided, they agree.

Going into the fall months after the driest year in history, Parmer faces a definitely unpleasant seige of "topsoil movement". No general rain has been received over the area in months—some sections of the county have been favored with repeated scattered showers, and appear to be in good condition, while other areas seem to have been completely forgotten by the weatherman.

Cicero Smith To Build New Yard at Bovina

Aubrey Brock, manager of the Cicero Smith Lumber Co., at Bovina, announced this week that arrangements were being completed for the erection of a new lumber yard at Bovina just as soon as all details could be worked out.

He gave it as his opinion that it would be after the first of the year before actual construction on the new yard could get underway. The location selected for the new buildings is north of the Santa Fe tracks in west Bovina, on a plot of ground between the tracks and Highway 60, at the intersection of the farm-to-market road leading north out of Bovina.

Brock said the new building would have a north frontage on Highway 60, and an east frontage on the farm-to-market road. Only a portion of the buildings and sheds now in use will be moved to the new location, Brock said, and they will all be placed under one roof.

Sixteen Additions To Church In Revival

The visible results of the revival meeting conducted last week at the Methodist Church, were sixteen additions to the church, Rev. Charles Walker, pastor, announced today.

Nine of the new members came in on profession of faith, and seven were added to the rolls by letter.

Rev. F. Lee Willshire, pastor of the First Methodist Church at Hobbs, did the preaching and led the singing during the services. He and his wife and son, James, who remained with him during the week, returned to their home in Hobbs on Monday.

ENLARGING STORE

The Magness Implement Company, local agent for Allis-Chalmers, has been enlarging their store space the past week by enclosing the driveway at the old Zip service station and converting it into a showroom.

IN AMARILLO HOSPITAL

Mrs. Minnie O. Aldridge, who has not been well for several weeks, was taken to a hospital in Amarillo the latter part of last week, where she is confined for treatment. She was seriously ill on Friday, but her condition has shown slight improvement since that time.

NEW MECHANIC

The Sikes Motor company announces the addition of Bill Harden to its mechanical force. Harden comes here from Morton.

Arylin Kriegel and Junior Matthews walked off with honors at the Parmer County Sears Foundation 4-H pig show, held last Saturday in Bovina, with Kriegel exhibiting the top-ranking gilt and Matthews listed by the judges as the boy who had done the most outstanding work with his project during the year.

Gilts shown at the show were presented the eight clubbers last spring by the contest sponsors, the Sears Foundation, in the annual Cow-Sow-Hen contest. The boys fed out the gilts and then joined ranks for a county-wide comparison, to determine who would represent Parmer at the district show, at the Tri-State Fair Grounds, Amarillo, on September 29th.

At the district, Kriegel will show his gilt, while Nick Foster lists for competition the boar he was assigned last spring by the sponsors. Each county champion is given a registered dairy heifer by Sears, with the animals presented at Amarillo.

C. L. Calaway, of the Rhea community, will deliver a registered gilt to Matthews, as a special county award, Agent Lee McElroy said.

Scotty Gober, who won the registered heifer in the show last year, will accompany the 1945 winners to Amarillo, and boys and their parents will be entertained at a noon spread in Amarillo, Saturday.

County placements were as follows:

First, Arylin Kriegel; second, C. W. Grissom; third, Nick Foster; fourth, Lee Sudderth, Jr.; fifth, Junior Matthews; sixth, Albert Clark; seventh, Neal Walls; eighth, George Young.

Prizes for other than first place will be various amounts of turkey poult and baby chicks, delivered next spring.

Judges were County Agent Todd, and Vocational Director Stacey, both of Clovis.

Sudan on Loan Must Be Redeemed, Delivered

All 1944 sudan which is on government loan in the Commodity credit Corporation program must be redeemed or delivered to CCC by September 30th.

Under the setup, producers put the last-year crop in storage under government loan, but the program terminates as of the last of this month and some disposal of the grain must be made by that time, Mrs. Eva McDaniel, of the AAA office, said today.

If the producer wishes to redeem his crop, he repays the loan and 3% interest as of the time of disbursement, Mrs. McDaniel said, while if he chooses to deliver the sudan to CCC, he draws the price offered by the agency, \$5 per cwt., plus a 10c storage payment from the time the grain went into storage, plus an extra 2c per cwt. if the grain is held in storage through July, August and September, 1945.

A good deal of the sudan has been moving lately, Mrs. McDaniel said, with a number of farmers electing to redeem their crop from loan. Belief that the market will rise is indicated by the fact that practically no sudan was produced this year, in this area, and it is expected that supplies will begin to shrink shortly, sending the price upward.

Men's Club Resumes Monthly Meetings

C. M. Henderson, president of the local Men's Club, announced today that the Club was resuming its monthly meetings after a vacation period of three months, and plans are being laid for the regular gathering each third Thursday evening.

The September meet will be held in the basement of the Methodist Church, with attendants bringing the usual contributions of sandwiches, beans and pie. Henderson said a number of items of local interest would be taken up Thursday evening, and the visitors will be treated to an outstanding film on the subject of dairy cattle and their care.

"It is a picture everybody should see," Henderson added. Other items to be discussed will be the progress of the committee designated to buy new fire equipment for the local department, and the selection of a treasurer to succeed David Harrison, who is soon to leave Farwell.

Paul Revere practiced dentistry along with other trades.

The State Line Tribune

Entered as a second class mail matter at Farwell, Texas, under the Act of March 3, 1879.

W. H. GRAHAM, Editor and Owner

PLEASANT HILL

Jack Jarrell, son of Mr. and Mrs. Aria Jarrell, is home from overseas. He was on the Marshall during the typhoon but was not injured, and was in Tokyo Bay while the peace treaty was being signed. His ship is docked for repairs.

John Spearman left Saturday for San Diego, to go to his new assignment after finishing boot camp.

Charles Shomake is visiting the Jestlers. His home is in California.

Mr. and Mrs. Walter Westfall, of Ranchvale, visited Mr. and Mrs. Hopper Sunday.

Mrs. Hubert Pipkin is spending a few days in Clovis with Mrs. Pipkin.

Mrs. Ray Donahey received word from her husband that he would be home soon. He is in New York.

Norma Jean Jarrell was in Austin, Texas, last week.

Lt. Col. J. M. Hightower is doing fine. He is able to be up and thinks his leg is healing rapidly.

Mr. and Mrs. H. M. Hopper and Jolin Spearman spent several days in Carlsbad last week.

The Community Club met in the home of Mrs. Joe Jarrell, last Thursday, for an all-day meeting. Quilting was the pastime. Twelve members and one guest, Mrs. H. E. McCarty, of Taos, and one new member, Mrs. Pearl Sigleterry, were present.

Mrs. Carothers Whitener was on the sick list last week.

A. J. Kemp, Jr., has been discharged from the Army. He was overseas several months with the Air Corps.

A woman's face is her fortune only when it draws a lot of interest.

FOR SALE—Farm land and resident's property in Texico and Farwell. List your's with me, I have the buyers.

RECENT RULING EXPLAINED

COLLEGE STATION—A new government ruling requires that a farmer grade his home-produced meat, or have it graded, when it is stored in his freezer locker.

Roy W. Snyder, Extension Service meat specialist who also operates a freezer locker for the College, explains that currently all meats must be graded in order to be sold under the proper ceiling prices. And since some of the meat might get into commercial channels, the locker plant operator must grade the meat as he breaks the carcass. Once meat has been divided into retail cuts, grading becomes most difficult.

If a farmer cuts up and packages his own meat to be sharp frozen and stored in his own locker for his own use, he need not grade it or surrender any ration points. But if he takes any meat from his locker and sells it, he must collect ration points according to point value and turn these in to the ration board.

Stenotype

(Machine Shorthand)

The Fastest System of Recording Speech Known To Man

You cannot obtain this training elsewhere in New Mexico or West Texas.

MODERN EFFICIENCY

The little Stenotype machine not only records dictation faster and more accurately than other shorthand systems, but requires far less effort. That's because it is a MACHINE. And like the typewriter and other machines that have revolutionized almost every other office job, the Stenotype naturally makes hand methods seem old-fashioned and slow, and sadly out of step with this modern machine age.

BETTER SERVICE TO EXECUTIVES

Executives like Stenotype because its greater speed allows them to talk naturally when dictating. They like having conferences and meetings recorded word for word. They like the faster, more accurate transcription of notes—and particularly the secretary's ability to turn notes over to others for transcription, leaving more time for important "executive assistant" work.

MEET POST-WAR STANDARDS

You may obtain this training as a part of your Secretarial Course. The competent Secretary, with Stenotype training, will have preference.

COL. DICK DOSHER

The Maverick

FIRST GRADE NEWS

The first grade lost Jerry Malone, but Neva Joann Williams came to fill the vacancy. The young beginners are gradually becoming acquainted with other new pupils and all the usual school routine.

SECOND AND THIRD

The third grade lost a pupil Friday as Gay Malone moved to Hereford. A new pupil, Venita Jane Hobbs, entered the second grade on Monday morning.

FOURTH AND FIFTH

We have 47 students in our room. We have lost one student in the fifth, Robert Bourdman, and gained one in the fourth, Louis Dean McMillan.

The fifth grade has organized a Junior Safety Club, with the motto "Safety First". Officers are: president, Jant Claire Overstreet; vice president, Nancy Ann Aldridge; secretary, Teddy Magness; patrol leader, Jerry Bradshaw; helpers in safety, Robert King, Nelda Martin, Leon Lanford; reporter, Alvenia Blake.

The Fourth grade has been invited to the meetings. Their reporter for class news is Darlene Sprawls.

SOPHOMORE NEWS

The ole bells are ringing and school days are here once again. We've been very busy since school started (talking tests already), but that is school. We really do like our new teachers, and intend to have lots of fun with them the following months.

We have some new pupils this year. Harry Sheets, a very handsome duke; Ray Stone, a blond-headed lad who tried to dye his hair black, but it turned green! and Doris Stovall, a cutie from Friona.

The boys are already up to mischief again. O. L. trying to borrow everyone's lessons; Jr. trying to look pretty; Charles trying to study (no kidding) and Bobby with a new pair of zoot suit pants.

We're proud of them, tho, for a lot of our sophies are coming out for football, and we bet some of them make the team. They have a good many boosters behind them, too, a 30-or-more girl pep squad.

JUNIOR NEWS

The Junior Class has elected the class parents. They are Mr. and Mrs. H. A. Jones and Mr. and Mrs. Willie W. Williams.

MY ACHING BACK . . .

Well, school has started with a bang (and several demerits). Sure is nice seeing most of the old gang

again. Kinda sad, to, cause so many of them aren't around anymore.

We have a number of new teachers. Not much different from the old ones. (Wonder who gave them the idea of bringing the demerit system along with them?)

We have organized a pep squad, and what I mean, it's really getting us old stiff-jointed gals down. If you think it's easy to go s-l-o-w-l-y down to a squatting position, then turn on your toes, and come s-l-o-w-l-y back to standing, just come out and join us!

There's just one consolation. We all hope that it will take some of the excess fat off our calves. No kidding, tho, we are all having a swell time exercising our lungs for the boys.

We hope to have our uniforms soon, and maybe if we aren't heard, we'll at least be seen!

SPORTS NEWS

Some boys certainly like to play football! They must, or you wouldn't see—or rather, hear—them getting their demerits worked off.

Speaking of football, there is going to be ONE GOOD GAME come Friday. We are all looking forward to meeting Bovina on the gridiron again and we would certainly like to see all the Farwell football fans turn out for the game.

As most of you know, the boys and the pep squad journeyed to Amarillo to play Price College last week. The final score wasn't in our favor, but we saw some mighty fine playing and swell sportsmanship from the Farwell lads. We all had a good time and wish to thank Mr. Clift, Mr. Williams, and the school board for permitting us to go.

SENIOR NEWS

The seniors are really walking on air this week. Their class rings came in last Wednesday and everyone was going around in circles trying to scrape up enough money to pay for them.

They also made arrangements with the Marquise Studios in Enid, Okla., to have pictures made later in the year.

It's hard to believe now that once the Senior class was the largest in high school. Several of our boys have dropped out and some have moved away and now we have the smallest class in high school.

SCANDAL!

We noticed a Sr. girl (cute, too) has her cap set for that Hollywood style Romeo from the Soph. class. Not doing so bad either, Jeatonne!

COOL AS A CUCUMBER!

Give your Engine Phillips 66

THE HONEST OIL—FROM DEEP IN THE HEART OF OKLAHOMA!

No sir, a quart of oil won't make your car young again. But the right quart of oil can keep it from running hot, smoky, and expensive.

What's the right oil? Well, we don't like to boast, but we'll bet you all the tea in China that there isn't a better, more natural oil than Phillips 66!

You see, we're just smart enough to know a good thing when we see it—and just wise enough to leave it alone! We

take that wonderful Phillips 66 from deep down in the earth . . . give it that special Phillips refining . . . and bring it to you with all its God-given lubricating qualities unimpaired!

Why not have a smooth, sweet-running "cool-as-a-cucumber" engine? Stop where you see the Orange-and-Black "66" sign and treat your car to a quart. You won't find a more honest, natural lubricating oil in America!

"Fill 'er Full o' Phillips!"

What is it that the Rogers girls have that attracts the Freshmen boys in Farwell so much?

Billie Marie is now sporting the BEST looking diamond! Congrats!

Doesn't Sybil Ham and Ray Stone make a nice looking couple? We think so.

Jerry was doing all right with Max's girl last Friday. Don't you think so, Max?

Chester, what is this we hear about you and a certain Miss Russ at Clovis?

Tommie, Joanne, Wynelle, Maxine and Bertha were certainly thrilled, Friday, when the CUTEST boys showed them the sights at Price College in Amarillo.

Don't we wish we had an uncle in Clovis that had a nice-looking car like Don S. has?

Well, at last! The Farwell kids now have a place to meet and gab, with fire-extinguishers and all. It's the apartment of Ann Nabors and Berthamae Thomas.

ATTENTION!

Everyone be on the look-out for an unidentified character who was last seen sneaking up the wrong stairs Monday morning. His description:

Brow hair; brown eyes; weighs 136 pounds; about 6 feet tall. As a result of investigation I learned that he is a sophomore. Apparently he is from the vicinity of Hollywood, because I noticed an unusual amount of swaggering in his walk and talk.

It is rumored that some of his favorites are: Food: tomatoes; book, "The Fullback"; actor, Humphrey Bogart; actress, Hedy Lamarr; movie, "Dangerous Journey"; sport, basketball; hobby, making model planes.

FHT CLUB ORGANIZED

The Farwell FHT Club met Sept. 18 to organize and elect new officers for the coming year. They are:

President, Jeatonne Morris; vice president, La Moin Jones; secretary, Sybil Ham; treasurer, Tommie Randol; reporter, Jo Ann Williams; program chairman, Mary Ruth Petree; entertainment chairman, Wan-

da Sheets; refreshment chairman, Alta Martin; yearbook committee, La Moin Jones, Tommie Randol, Jeatonne Morris.

The club has 34 members this year.

Purebred Herefords To Compete For \$20,000

DALLAS—The finest purebred Herefords from all over America will compete for a \$20,000 premium fund in what is expected to be the biggest postwar event of its kind at the State Fair Grounds, Nov. 9-18, Fred F. Florence, chairman of the board of directors, announces.

The premium list is the largest offered for any single breed cattle show scheduled in the Western Hemisphere.

The American Hereford Association is offering full cooperation.

Lloyd Wheelock, of Corsicana, president of the Texas Hereford Association, will be superintendent of cattle. In addition to the purebred show, the Junior Cattlemen of Texas will have an exhibition and sale.

Jack B. Storey and Dr. Howard K. Crutcher, co-chairman of the Junior division, are arranging for at least 4,000 boys and girls of the Texas 4-H and FFA clubs to attend the exhibitions as guests. Many of these youngsters will have in the show steers which were given to them as calves at the Exposition last year. With the assistance of the cattlemen, they have raised and fattened these animals by scientific feeding, and they will be offered at auction.

Of the earth's total surface of some 197,000,000 square miles, approximately 139,500,000 are covered with water and the balance, 57,500,000 square miles is dry land.

Texas Livestock And Range Conditions

COLLEGE STATION—All Texas ranges were in better condition at the beginning of September than at the corresponding time one year ago, and also superior to the average for the 1924-1943 period. A condition of 81 per cent of normal reported by the bureau of Agricultural economics, Austin, although four points lower than on August 1, compared with 77 per cent on September 1, 1944, and 78 per cent for the 20-year average. Range feeds were ample for livestock to maintain flesh in all districts, excepting southern counties and parts of the western and northwestern districts, which received little or no rainfall during August, the BAE report said. Currently, prospects are good for winter wheat pasture in the Panhandle, but supple-

mental feeding will be necessary in some areas unless dry weather is broken soon.

Cattle held us remarkably well during August, with the condition dropping only one point below the 86 percent on the first of the month. This compared with 81 per cent a year ago, and 83 per cent for the 20-year average. The report attributes the increasing movement of cattle in some areas to range feed shortages, but elsewhere producers were selling cattle which had reached top condition and were culling cows rather closely. At the same time, many of the best heifers were being kept on for breeding stock. The report predicts that unless supplemental feeds become available in quantity for winter feeding, fall marketings may be heavier than is expected at this time.

Buy bonds every pay day!

Flag Raising on Iwo Shown In Fireworks

One of the most beautiful set-pieces in fireworks ever witnessed will be presented at the New Mexico Victory State Fair, October 7-14, on special evenings. It is a reproduction of the flag raising at Iwo Jima. At the suggestion of Art Briese, internationally known pyrotechnic expert who will be in Albuquerque personally to supervise the fireworks displays, the Fair Board agreed to show this number. Briese presented this special set-piece in Chicago during the Legion July 4th Celebration before an audience of 97,000 people and says he never in his 30 years of fireworks experience, ever heard so much applause when this mammoth set-piece blazed forth in colored lines of fires. This is one of the many feature set-pieces that will be presented nightly during the entire run of the New Mexico Victory State Fair.

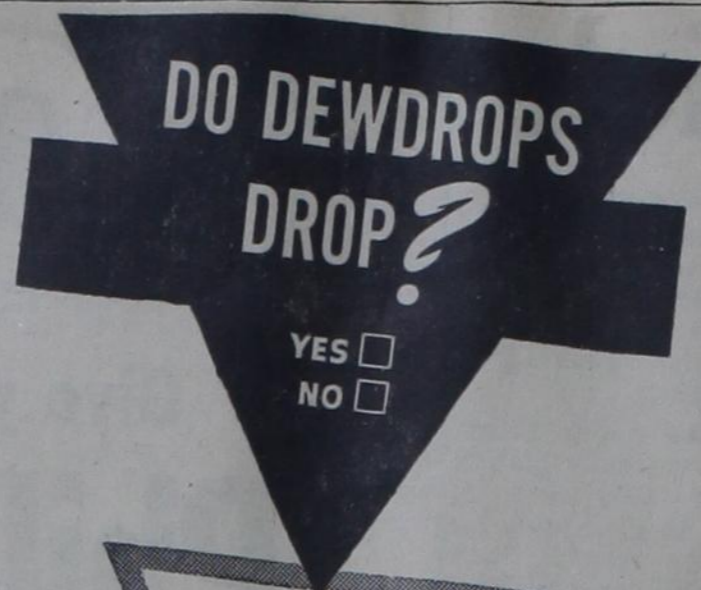

Clovis GI's To Attend Tech Gridiron Games

In order to afford a greater opportunity for the enlisted men of Clovis AAF to obtain more of a variety of entertainment, Colonel Herbert Morgan Jr., base commander, has announced that 400 GI's each week will have the chance to attend home football games of Texas Tech at Lubbock. Arrangements have been made for the men to be transported to and from Lubbock by army conveyance. Each man will pay 60c and his ticket reservation will be made for him. This program will give the GI's, who wouldn't otherwise have a chance to attend college games a great opportunity to see some of the gridiron sport this fall.

The plan went into effect last Saturday. On October 13th the boys will have the chance to see the bowl-minded Tulsa Hurricanes, who have played in post-season games four years in a row. Many of the boys have been overseas for the past two years or more and this program will give them the first real chance to see the great sport with all its college color.

Famous Events To Be Dramatized

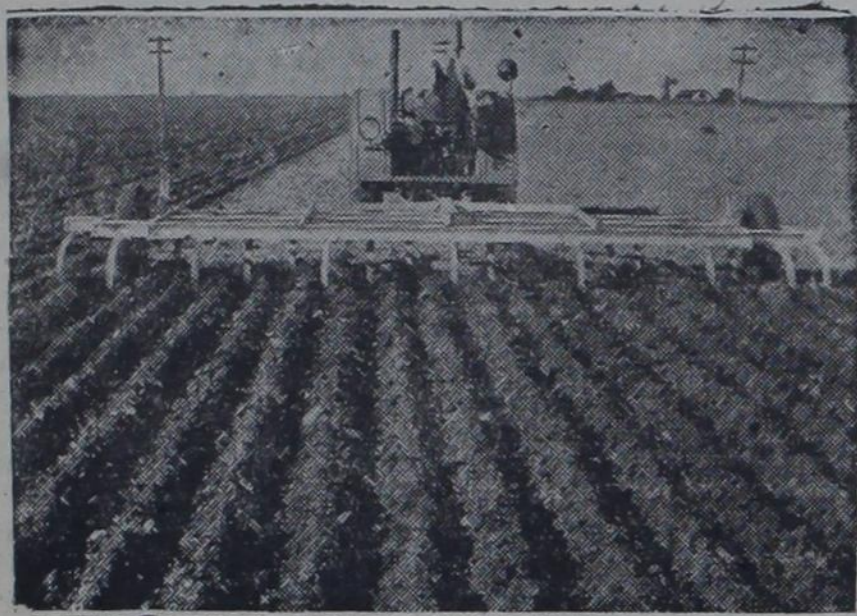

AUSTIN—School children of Texas will hear interesting dramatizations of famous events in Texas and

Ye poet sings of "falling dew." He means warm air kissing cooler grass and flowers—leaving moisture. It didn't drop from heaven. Same process causes frost . . . and another cold-weather truth is this: a Winter change now to Conoco Nth motor oil will fortify your precious car's engine with internal OIL-PLATING.

OIL-PLATED lubricant is closely bonded to working parts by the magnet-like action of Conoco Nth oil's added ingredient. OIL-PLATING resists draining down to the crankcase at every stop! And the OIL-PLATING retained by inner surfaces is ready—faster than instantly—to avert the grinding wear of bone-dry Winter starts. Fighting corrosion along with lots of other wear, OIL-PLATING means protection against carbon—sludge—breakdown! Today get Conoco Nth oil—patented.

SOUTHWESTERN PUBLIC SERVICE COMPANY

20 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Local Happenings

Harriet Baker Second In State 4-H Sewing

Miss Harriet Baker, Texico senior, returned the last of the week from Las Cruces, New Mexico, where she had spent several days, participating in state-wide 4-H club contests. Entered in the fifth year sewing department, Miss Baker was rated second in New Mexico. First place, which won a trip to the Chicago convention, was taken by Miss Fay Rene Butler of Floyd. Diminutive Miss Baker modeled a suit which she had made, while the winning costume was a dress made by Miss Butler.

Previous to entry in the state contest, the local girl had placed first in the Curry County show, held several weeks ago in Clovis. She has been active in club work for five years.

PTA Organized For Midway School

Parents and teachers of the Midway community met the past Friday night, for the purpose of organizing a Parent-Teacher Association. Following the business meeting, refreshments were served and a social hour enjoyed.

The teachers this year include Miss Greta Paul, principal; Mrs. E. L. Chambless, intermediate; and Miss Violet Potts, primary. Sixty-three pupils are enrolled in the school.

Parents Entertained By Youth Group

The Methodist Fellowship of the Oklahoma Lane Church entertained the parents with a chicken fry, last Friday night, at the Bovina roadside park. After games and good eats the young people rendered a very impressive worship program.

Those parents attending were Mrs. Joe Hromas, Mr. and Mrs. E. A. Berry, Mr. and Mrs. C. C. Christian, Mr. and Mrs. L. M. Grissom, Mr. and Mrs. Truman Kent and the pastor, Rev. Roscoe Trostle, and wife.

The visiting young people were Billie Jean Roach, Hazel Henchey, W. M. Donaldson, Billy Christian, Scotty Gobar; Bobbie, Benny and Beverly Gulley.

Off To College

Miss Bettie Jean Kimbrow and Miss Inell Elliott, both of Bovina, departed last Saturday for John Tarelton College at Stephenville, Texas, to resume their college work. Both are seniors.

Mike Jamison, of San Antonio, plans to leave for his home the latter part of the week. He has been visiting for some time in the home of Mr. and Mrs. Claude Rose.

Housewives Rejoice At Return of "Casualties" To Grocer's Shelves

Texico-Farwell housewives were actually beginning to realize the war was over, this week, with the return of a few trickles of "casualties" to the grocery shelves about town.

Gloatingly one shopper opened her parcels to display (1) marshmallows, which most civilians haven't seen for months on end; and (2) jello, which has been as scarce as the proverbial hen's teeth.

Even pineapple was available—frozen instead of canned, and delicious. And butchers are proudly displaying well-stocked cases of beef during recent weeks. As for the tobacco situation, all smokers are definitely relieved with the increase of supplies.

Naturally, the complete outlook is not perfect: Black pepper remains on the "wanted list", as do bacon and ham, but some pork is finding its way here, and the cured meat situation should improve soon.

The laundry soap situation has improved only very slightly, but strawberry preeserves are back on a few shelves, if that helps. Candy and pop continue short, and reports indicate that the supplies will be even shorter, due to sugar scarcity.

"It's looking up, though," both housewives and grocers agree, expecting to find most of the desirable back on the market soon.

Home From California

Mr. and Mrs. Lee Kline returned home Monday from Hollywood, California, where they had visited his daughter, Mrs. George Thelian, and baby daughter, Georgigna Rene.

Here From Illinois

Mrs. Ida Boltz, mother of Mrs. Karl Gast, is here from Earlville, Ill., for an indefinite visit in the Gast home.

Mrs. Vance Crume returned Sunday night from Fort Smith, Arkansas, where she had spent the weekend visiting her husband, who is stationed at Camp Chaffee. She was accompanied by Miss Peggy and Joe Caillouet, of Camden, Ark., who had spent several weeks visiting relatives and friends here.

Mr. and Mrs. Roy Thornton and daughters, Miss Iris and Mrs. Winfred Quifel, spent the weekend in Brownfield, Texas, where they were called by the illness of Mr. Thornton's brother.

E. V. Rushing, former county and district clerk of Parmer County, who now lives north of Portales, N. M., was here the first of the week on business.

NEWS FROM OUR BOYS IN UNIFORM

ON FURLOUGH

Cpl. Bill Banks, who is stationed at Big Spring, Texas, with the Army Air Forces, is home for a 10-day furlough in the home of his parents, Mr. and Mrs. J. C. Banks, in Farwell.

HARTWELL FLYS IN

MIAMI—Flown here from overseas as part of the "Green Project" which calls for the ATC's Caribbean Division to fly 30,000 returnees from Europe to Miami each month, Pfc. Thomas C. Hartwell, of Bovina, recently arrived back in the States.

From Miami, Hartwell started the trek to a separation center, where he will "sweat out" a discharge. He served with the 460th Bombardment Group of the 15th Airforce, in Italy and Brazil. He landed in the States on September 17th, wearing seven battle stars and a unit citation.

BLAIR IN 106TH INFANTRY

A delayed dispatch received by The Tribune this week, filed last July 18, reveals that Pvt. Lee Blair, was a member of the 106th Infantry Division of the 7th Army which participated in major campaigns in both the Pacific and European theaters of war.

The 159th Regiment, to which Pvt. Blair was assigned, was among the units which held a ring of steel around the German forces in the French ports of Lorient and St. Nazaire. The regiment sped to the Rhineland about a month before V-E day, and helped corral and hold tremendous numbers of prisoners in the Sinzig-Andersnack area near the famous Remagen bridge.

CALDWELL AT SAN ANTONIO

SAN ANTONIO—2nd Lieut. Thomas Martin Caldwell, of Farwell, who served 24 months in the European theater of operations as a pilot of "Bom Bogie", a B-17, has arrived at the San Antonio district, AAF personnel distribution command.

He is the son of Mrs. J. R. Caldwell, Oklahoma Lane community. He flew five missions with the 8th Air Force before he was shot down and made a war prisoner. Lt. Caldwell, who wears the Air Medal, was recently released from a PW camp and returned to the States. He will spend approximately two weeks at the redistribution station, undergoing records and physical processing in preparation for a discharge or re-

assignment.

BACK IN STATES

Mrs. Kirt Crume, of Clovis, received a telegram the past Wednesday morning announcing that her husband, S-Sgt. Crume, had arrived at Camp Miles Standish, near Boston, Mass. With the 80th Infantry Division, Crume had been overseas for 15 months, and is now to be discharged. He is the son of C. E. Crume of this city.

FLYE TO BE DISCHARGED

T-Sgt. Leonard Flye, of Texico, is now in Fort Bliss, awaiting his discharge, family members reported the first of the week. Flye was with the 8th Air Force in England for nearly two years, returning to the States last fall. He has been stationed in Texas camps since his return.

ROGERS IN FLORIDA

Lt. Alan Rogers, son of Mr. and Mrs. B. A. Rogers of Texico, is currently stationed in Lake City, Florida, with the Naval Air Force. Lt. Rogers returned from overseas duty a few months ago.

NEPHEW IS LIBERATED

B. A. Rogers received word recently that his nephew, Sgt. Colmore Rogers, who was reported as missing with the fall of Java in the early days of the war, has been liberated from a prison camp in Thailand. He is the son of T. A. Rogers of Wichita Falls, Texas, and the grandson of W. P. Kays, of the Pleasant Hill area.

CRUME STILL IN ETO

Lt. Hugh L. (Buster) Crume, son of C. E. Crume of this city, has advised his father that he is still in the European theater, and expects to see some occupational duty before coming home. Buster, with the engineers, was at Frankfurt, Germany, ready for the Pacific, when the war ended. He adds that another local boy, Major Craig Walling, son of J. L. Walling, is in the same camp with him, in France.

IN PHILIPPINES

S-Sgt. Jack Flye, former Texico basketball star, is now stationed in the Philippine Islands, with the 13th Air Force, it is learned here. A gunner, Jack has been overseas for some time.

SPENCER BEAVERS ON LEAVE

Spencer Beavers, son of Mr. and Mrs. Clay Beavers, who now live at Muleshoe, was here last Saturday meeting a few of his old friends. He

was on a 16-day respite from duty. Enlisting in the Navy, Spencer was sent to Pearl Harbor in June of 1942, and remained there until July of this year. His younger brother, Billy, also a Navy lad, is seeing duty "down around Tokyo", according to Spencer.

ELLIOTT HOME

Pvt. Bass Elliott, son of Mr. and Mrs. C. R. Elliott of Bovina, is enjoying a 12-day furlough with home folks. He has just completed his basic training at Camp Fannin.

PRESUMED IN JAPAN

It is believed here that Pvt. Bunk Phillips, now in the 81st Infantry Division, was with that outfit when it landed recently in Japan. Bunk is the son of Mr. and Mrs. Frank Phillips.

HERE TUESDAY NIGHT

Capt. L. W. Graham, brother of W. H. Graham of this city, spent Tuesday night in the Graham home. He was being moved from Beaumont Hospital, at El Paso, to an Army hospital at Chickasha, Okla. His home is in Oklahoma City.

IS DISCHARGED

Lt. William Thornton has been discharged from the Naval Air Force, in Florida. He and Mrs. Thornton arrived here on Tuesday to visit in the homes of their respective parents.

Mrs. L. S. Simpson, mother of Mrs. Lenton Pool, returned to her home in Tulia on Monday, after a few days in Farwell.

Mrs. James Curry, of Alhambra, California, arrived here last Thursday to spend some time with her parents, Mr. and Mrs. B. E. Nobles.

Mr. and Mrs. John Nobles, of Midland and Mack Nobles, of Amarillo, spent Tuesday night with their parents, Mr. and Mrs. B. E. Nobles.

First Gridiron Tussle Played On Friday

The first actual game for members of the Farwell football team was held in Amarillo the past Friday, when the youngsters met a veteran team representing Price College, and went down before the old hands, 38-6.

Coach Jack Williams, in reporting the game today, said that the scramble was just what his boys needed, to give them poise and game experience, adding, "we have lots of faults and need lots of work, but I believe a good deal of improvement will be shown in the near future."

The Farwell team did fairly well for itself in the first half, holding Price to 18-6, but in the last rounds the veterans showed their advantage to hike the score.

Farwell's only touchdown came when the first-string Price team was on the grid, and was set up by a pass from Ford to Thomas, which placed the ball in scoring position. Ford made a line plunge into the end zone for the tally.

Coach Williams paid particular praise today to Robinson, who "did what he was supposed to do when he should", saying that Robinson performed like a seasoned player.

To Attend District Meeting, Plainview

Mrs. Eva McDaniel and Howard Carpenter, of the local AAA office, will spend Thursday and Friday of this week in Plainview, attending a district meeting of Triple A officials and employees.

Mrs. McDaniel stated on Monday that the discussions would take up details of the 1946 program, the 1945 performance records, and the 1946 cotton insurance plan.

State officials of the AAA will be in charge of the various sessions.

New Quarter Open On Subsidy Payments

Beginning October 1 and continuing through November 30, applications for cream and milk production subsidies for the months of July, August and September may be made at the local AAA office.

In making the announcement, Mrs. Eva McDaniel, acting supervisor, stressed that applications, to be acceptable, must be accompanied by accurate stubs of sales, bearing the producer's name.

No applications for the specified period will be accepted after the deadline given above.

Texico Defeats Both Field Teams Friday

Taking decisive wins, the Texico boys' and girls' softball squads got down to business the past Friday when the Field aggregations visited on the local diamond. Final score for the boys was 17-0, while the girls wound up on the long end of a 15-3 count.

Coach C. E. Sanders, in discussing the boys' game, said that every man had his chance for Texico, with only two men from Field ever allowed on base—and first was as far as they advanced. Baker, May and Pearce each had three scores, with Pearce banging out two homers.

The game was called at the opening of the fifth inning.

Sparked by home runs and lively base stealing, the Texico girls also went to town in their game, Coach Tom Hudson reported, adding that they showed considerable improvement from their seasonal opener, played two weeks ago against Melrose.

Johnson and Morgan each had three scores; Flye had two, including a homer; McDaniel also had two, counting her home run; and Brown walloped out a homer. Swinford was the Field star.

Play Grady Friday

Continuing the season, the locals will journey to Grady this week to meet two reputedly lively teams. The Grady boys took a win over Pleasant Hill last weekend, while the Pleasant Hill girls won the match, it is reported here.

To date, the Texico boys are half-and-half, with a win and a loss, while the girls have won both tangles. Coaches are putting their squads through their paces this week, gunning for additional wins.

New Classifications Given Parmer Men

The following classifications are given by Mrs. Bessie Lee Henne-man, clerk of the local Selective Service office:

New Registrants

Horace Ray Ford, Dewey Jackson Porter, William Robert Foster, Marvin Wesley Dudley, Charles Edward Jones, Frank Weir Lillard, Bobbie Lee Roden, Gwynne White.

Farwell-Bovina Grid Teams Meet on 27th

Coaches John Sheets, of Bovina, and Jack Williams, of Farwell, will pit their respective six-man football teams on the Bovina gridiron on Friday of this week, September 27th, in the opening of the season for the host team.

Farwell, to date, has a slight advantage over Bovina so far as 1945 seasonal experience is concerned, having met a squad last Friday, but that is only the beginning.

On the other hand, Bovina has three lettermen—Ross Eberling and Alverson—with the majority of the other players having seen a little football last year, while this is definitely greenhand season at Farwell. Bovina will be hindered by the loss of three men, expected earlier to be in action, officials said on Monday. Brock and Reed are out with injuries sustained recently, and Looney will also be out of pocket when game time comes around. Farwell sustained no injuries in her warmup tussle last weekend with Price College, and Coach Williams is hoping that none of his players drop by the wayside during scrimmage sessions this week.

Game time on Friday is 2 o'clock.

Coach Sheets gave the following tentative lineup for his team:

Alverson, 150, halfback; Ross, 150, quarterback; Queen, 135, fullback; Hopingardner, 180, center; Eberling, 155, end; and Tabor, 150, end.

Other members of the Bovina squad include Bonds, 135 pounder; Bell, 141; Kelley, 130; Shanks, 135; and Horton, 140.

Earl Sellers, Rodeo Daddy, To Attend N. M. State Fair

Albuquerque—The daddy of all southwestern rodeos is coming during the 1945 New Mexico Victory State Fair. That's the word received from Earl Sellers, Del Rio, Texas, who will stage-manage the show for the second consecutive year. Sellers has set up purses totaling \$4,800 for five main contests. Each one has been apportioned \$960 and to this all the entry fees are added. So, if number of entries is as large as Sellers forecasts, these five purses are likely to go over \$1200 each, to total \$6,000 in prize money for the six-nights series, opening before the grand stand Sunday, October 7.

Contests are: Bareback bronc riding, entry fee \$10; Calf roping, entry fee, \$20; Saddle bronc riding, entry fee \$10; Bulldogging, entry fee \$15; Brahma bull riding, entry fee, \$10. The rodeo is open to the world. No

AIRMAID HOSIERY

A shipment of AIRMAID hose, in those popular fall styles. Come see them while the stock is complete. Yes, they're rayon, but cold weather will be here before Nylons, and winter breezes nip bare legs.

HOUSEWIVES ASKED TO SALVAGE USED FATS

More used kitchen fats from every Parmer county housewife are needed to speed up reconversion and change over to peacetime basis, according to E. C. Munro, acting district officer of marketing, PMA.

By-products from used fats are needed for making synthetic rubber, soap, pharmaceuticals, lubricating oils and many other everyday necessities. Every drop of used fats which can be scraped, scooped and skimmed into the fat salvage can will hasten the return of many other household necessities which have been short during the war, he said.

Pressure Washing

Bring your car to us for a real wash job that really cleans up the old buggy.

We have recently installed a steam cleaner and all car washing is done under heavy pressure that knocks the dirt and grime from your car.

Some wait for the Future, but WE PLAN FOR THE FUTURE

and that is what we are doing now, by increasing our grain storage capacity, and tripling our equipment for the rapid, safe, and economical handling of your grain. May our territory be blessed with a bountiful crop and a satisfying price next season.
